PRESS RELEASE

No. 153/PR110/UH/2002

PT Telkom, SingTel, and CAT Sign MOU to Explore New Cable Network, and PT Telkom Launched Broadband Access Network 2000's

Jakarta, May 13, 2002 – PT Telekomunikasi Indonesia, Tbk. ("PT Telkom"), the Communications Authority of Thailand ("CAT"), and Singapore Telecommunications Limited ("SingTel"), have signed a Memorandum of Understanding ("MOU") today in Bali, to jointly explore the construction of a high capacity fiber optic submarine cable system linking Thailand, Singapore and Indonesia, with a landing party in Malaysia ("cable network") under consideration.

Spanning 1,200 km, the cable network will land in Batam - Indonesia, Changi - Singapore and Songkhla - Thailand, with each landing partner having an equal share in the network. As for the landing in Malaysia, the three parties are under discussions with various Malaysian operators to designate an appropriate landing partner. Simultaneously, the parties are also evaluating various proposals from suppliers for the project. The proposed cable network is estimated to complete by mid 2003.

The project is the first international cable system that PT Telkom is constructing, in view of the company obtaining its international license by 2003.

In addition PT Telkom has completed Broadband Access Network 2000's ("BAN 2000's") in Denpasar, Bali which covers Nusa Dua, Jimbaran, and Sanur areas. The BAN 2000's is a fiber optic transmission network to transfer high-speed internet, video, and voice. The BAN 2000's is also used for providing Cable TV services by TelkomVision.
