INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Midas International Corporation Retirement
Savings Plan for Hourly Employees

We have audited the accompanying statements of net assets available for benefits of MIDAS INTERNATIONAL CORPORATION RETIREMENT SAVINGS PLAN FOR HOURLY EMPLOYEES as of December 31, 2001 and 2000, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Midas International Corporation Retirement Savings Plan For Hourly Employees as of December 31, 2001 and 2000, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules as listed in the accompanying table of contents are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

1. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Midas International Corporation Retirement Savings Plan for Hourly Employees (the “Plan”) have been prepared on the accrual basis of accounting.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Recognition – Interest income is recorded as earned on the accrual basis.

Payment of Benefits – Benefit payments to participants are recorded upon distribution.

Administrative Expenses – Substantially all administrative expenses of the Plan are paid by the Plan.

Reclassifications – Certain reclassifications have been made to December 31, 2000 amounts to conform with December 31, 2001.

2. Description of Plan

The following description of the Midas International Corporation Retirement Savings Plan for Hourly Employees provides only general information. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan, which covers eligible employees of Midas International Corporation (“Midas”) and those of its subsidiary companies, which adopt the Plan, with any company having adopted the Plan along with Midas being considered an employer. Any hourly employee who has met limited employment requirements and has elected to participate in the Plan is considered a participant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Participants may choose to contribute by payroll deduction any whole percentage from 2% to 10% of their covered compensation subject to limitations of the Internal Revenue Code. The employer matches various percentages depending on location.

Vesting and Forfeitures – A participant who was an employee on January 1, 1998 shall be fully vested and have a non-forfeitable right to their accrued benefit in all accounts at all times. A participant who was not an employee on or after January 1, 1998 shall have a vested and non-forfeitable right to their accrued benefit in the manner determined under the Plan.

2. Description of Plan (Cont.)

Plan Termination – Although it has not expressed any intent to do so, Midas has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Participant Accounts – Each participant's account is credited with the participant's contribution, employer contributions, and an allocation of Plan earnings. 3. Interest in Midas International Corporation Defined Contribution Master Trust

Certain assets of the Plan are in the Midas International Corporation Defined Contribution Master Trust (the "Trust"), which was established for the investment of assets of the Plan and another Midas International Corporation-sponsored retirement plan. Each plan has an undivided interest in the Trust. The assets of the Trust are held by the Northern Trust Company (the "Trustee"). The Plan's interest in the net assets of the Trust is based on the individual plan participants' investment balances. Investment income is allocated on a daily basis through a valuation performed by the Trustee. Administrative expenses relating to the Trust are allocated to the individual funds based upon average monthly balances invested by each plan. The Plan's interest in the net assets of the Trust was approximately 4% at December 31, 2001 and 2000.
