**INTERNATIONAL VENTURE PARTNERS, LLC**  
**Notes to Financial Statements**  
**As of December 31, 2001**

**NOTE 1 – ORGANIZATION AND NATURE OF BUSINESS**

International Venture Partners, LLC (the “Company”), a New York limited liability company, is a consulting firm promoting its financial and strategic advisory services to individual consumers and business in the United States and internationally.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Pervasiveness of Estimates** – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Revenue Recognition** – The Company recognizes income from the sale of services related to its financial and strategic advisory activity to third party customers.

**Cash and Cash Equivalents (Statement of Cash Flows)** – Cash and Cash Equivalents include cash on hand and demand deposits with banks.

**Accounts Receivable** – The Company provides credit to customers on an unsecured basis after evaluating customer credit worthiness. Since the Company sells to a broad range of third party customers, concentration of credit risk related to such customers is limited. The amount of accounts receivable at the date of these financial statements represents the net open invoices after deduction for bad debts expensed in the statement of operations.

**Property and Equipment** – Property and Equipment are recorded at cost, less accumulated depreciation and amortization. Depreciation and amortization of property and equipment are computed using the straight-line method over the estimated useful lives of the related assets or the related lease terms, whichever is less. Upon sale or retirement of fixed assets, the related costs and accumulated depreciation and amortization are eliminated from the accounts, and gains and losses, if any, are included in operations.

**NOTE 3 – PROPERTY AND EQUIPMENT**

As of December 31, 2001 the property and equipment balance represented the following:

Computers	\$ 4,558	
Accumulated depreciation	<u>(1,146)</u>	5 years straight-line
