Total	288,036	17,769,900	3,481	100.00%

Definition of Arrears

This arrears multiplier is calculated as the arrears amount (which is the difference between the expected monthly repayments and the amount that has actually been paid, i.e. a total of under and/or over payments) divided by the monthly amount repayable. It is recalculated every time the arrears amount changes, i.e. on the date when a payment is due.
