British Energy PLC
17 September 2002

British Energy plc announces that it has served notice to cancel cf260m of undrawn bilateral committed facilities due to expiry in January 2003. The decision to cancel these facilities is due, in particular, to the short-term maturities of these facilities.

On 9 September 2002, the Company announced that the UK Government had granted a short-term facility of £410m for a period up to 27 September 2002. It also stated that discussions were taking place with the Government regarding longer-term restructuring but that there could be no certainty as to a successful outcome.
