Dear Sirs

THUS Group plc (File No. ~~82-5260~~)
Rule 12g3-2b(iii) Submission

On behalf of THUS Group plc (the "Company"), and pursuant to the provisions of Rule 12g-2(b)(iii) of the Securities Exchange Act 1934, please find enclosed herewith:

(1) Copies of all announcements made by the Company to the London Stock Exchange from 10 May 2002 to date, and

(2) A list of U.S. holders of shares in the Company as at 31 October 2002.

(3) A copy of this letter which I request that you date stamp and return in the self-addressed, stamped envelope also enclosed herewith.

It has been brought to my attention that there appears on your website reference to the lodging of a form with yourselves on 21 October 2002 Accession No. 9999999997-02-055130. It would be most useful if you could possibly send us a copy of the aforementioned form by return, as we are puzzled by the information appearing which relates to our company.

If you have any questions regarding the enclosed submission please contact me at the number referred to below. Thank you for your co-operation and attention to this matter.

Yours faithfully

David Macleod

THUS Group plc

Directors dealings in shares

Under the Thus plc Performance Unity Equity Plan established on the company's Admission to Listing in November 1999, William Allan, Chief Executive, and Philip Male, Operations Director, were granted rights to acquire for nil consideration ordinary shares in THUS Group plc amounting in total to 337,309 shares and 178,575 shares respectively.

These rights are exercisable over a period of 42 months from the date of Listing, with 25% of the total rights being exercisable within 6 months of the first anniversary of Listing, a further 25% being exercisable within 6 months of the second anniversary, and the remaining 50%, exercisable after the third anniversary. Each of those Directors exercised his rights which vested after the first anniversary of Listing. On the Scheme of Arrangement of Thus plc becoming effective on 14 March 2002, whereby THUS Group plc became its holding company, the remaining entitlements thereafter related to ordinary shares in THUS Group plc ("the Company").

On 7 May 2002, William Allan exercised his right to acquire 84,327 ordinary shares of the Company and on the same date Philip Male exercised his right to acquire 44,643 ordinary shares in each case representing 25% of his total rights vesting after the second anniversary of Listing. Under the Plan rules, there is a legal obligation on the Company to account for the income tax liability of the Director arising on exercise of those rights, and with each director's authority, to arrange for sufficient of those shares acquired to be sold to satisfy that obligation. The Company on the same day therefore arranged for 33,799 shares out of the total acquired by William Allan and 17,893 shares out of the total acquired by Philip Male to be sold for that purpose all at a price of 19 pence per share.

Following this notification, the holdings of each of those directors in the share capital of the company, all of which are beneficial, are as follows:

	Total Holding (Ordinary Shares)	% of Issued Share Capital
William Allan	110,136	.008

Philip Male	54,199	.004

In addition to the interests shown above, both William Allan and Philip Male (as potential beneficiaries) are to be regarded as interested in the ordinary shares held by the trustee of the Thus plc Employee Share Trust, which now holds 639,896 ordinary shares to satisfy remaining entitlements under the Performance Unit Equity Plan.

Proposed Board Changes

THUS today announces a number of proposed changes to its Board of Directors.

Mr Charles Berry, currently Chairman, and Mr David Nish, a Non-executive Director, have both informed the Board of their intention to stand down from their positions at the conclusion of the Company's next Annual General Meeting, due to take place on 10 July 2002 and not to offer themselves for re-election.

Mr Roy Brown, currently a Non-executive Director, of the Company has agreed to become Chairman, following the AGM.

The Board also announces its intention to appoint a further Non-executive Director to the Board in due course.

Commenting on the announcement, Charles Berry, Chairman, said:

"Now that THUS has successfully completed its demerger from ScottishPower David and I both consider that, as ScottishPower representatives, it is now appropriate that we stand down from the Board.

"We will continue to follow the significant progress that THUS has made with considerable interest with ScottishPower remaining an important customer to the Company. I have every confidence that the Company will grow from strength to strength and that Roy will be an outstanding new Chairman. We wish him and the Company well over the years ahead."

Bill Allan, Chief Executive, added:

"Charles and David have each made a substantial contribution to the development of THUS and they leave with our best wishes for the future. I am delighted that Roy Brown has agreed to become our Chairman. His significant business experience has already been a tremendous asset and I look forward to working with him over the years ahead."

Notes to Editors:

1. Charles Berry and David Nish were appointed to the Board as ScottishPower's representative Non-executive Directors to the Board.

2. Roy Brown jointed the Board of THUS on 4 January 2001. His biographical details are set out below:

> Mr Brown is also a Non Executive Director of GKN Plc, Brambles Industries plc and BUPA. He was previously a main Board Director of Unilever, prior to his retirement in May 2001. He joined Unilever in 1974 and was most recently responsible for a division operating in 15 European countries with a turnover of £5 billion. Prior to this role he was Regional Director of Unilever's Africa, Middle East, Central and Eastern Europe division.
>
> Mr Brown was educated at University College, London and Harvard Business School where he gained an MBA.

Board and senior management changes

THUS Group plc today announces changes to its Board and the responsibilities of some of its senior management.

Phil Male, currently Executive Director, Operations, has been promoted to the position of Chief Operating Officer. Mr Male will take overall operational responsibility for network, service and sales & marketing enabling Bill Allan, Chief Executive, to focus more closely on the Company's direction and strategy.

Two of Bill Allan's direct reports have taken on additional responsibilities - Ken Hills, Director of Business Services, has assumed responsibility for human resources issues across the group as well as maintaining responsibility for the Company's Contact Centre business while Ian Hood, Director of Corporate Communications, has taken on responsibility for regulatory and interconnect issues. David Sherick, Director of Risk Management, reporting to John Maguire, Chief Financial Officer, now leads the Company's in-house legal team.

Jim Reid, Executive Director of Sales & Marketing, has resigned to pursue other business interests.

Commenting on the announcement, Bill Allan, Chief Executive, said:

"We continue to review the structure of our management team to take account of the changing market conditions faced in the telecoms industry. The revised structure creates a smaller but more sharply focussed senior management team and will enable me to concentrate more closely on the future direction and strategy of the Company whilst enabling Phil Male to focus on the day-to-day operational issues.

"Phil's promotion reflects the significant contribution he has made to the Company over several years and I am delighted that Ken, Ian and David have also agreed to take on additional responsibilities. We are sorry to see Jim go and wish him every success for the future."

Summary Results and Trading Update

Quarter ended 30 June 2002

First quarter highlights

- Loss before tax reduced 39%[1] year on year to £13.9 million
- Cash outflow before financing £5.9 million compared with £45.0 million for the first quarter last year
- EBITDA £4.5 million positive compared with negative £4.2 million for the first quarter last year
- Total turnover up 11% year on year to £71.0 million, with sales from ongoing operations[2] up by 17%
- Gross margin before depreciation up 37% year on year to £25.7 million, up from 29% to 36% of sales
- Selling, distribution and administration costs excluding depreciation reduced by 8% year on year to £21.2 million and down from 36% to 30% of sales
- Cash £8.7 million. Net debt £6.2[3] million. £80 million undrawn from banking facility, sufficient to see the business through to cash flow positive

1. 42% year on year improvement after £0.6 million adjustment to the carrying value of own shares held in trust
2. Ongoing operations excludes Interactive Branded and Media Sales sold in October 2001, the residential telephone service ceased in November 2001 and Scotland On-Line Limited sold in January 2002

3 Includes £4.3 million long term finance leases

Commenting on the results Chief Executive, William Allan, said:

'We have maintained our focus on quality customers, margin enhancement and sound cash management across our business. Our results for this quarter demonstrate good year on year sales growth in our target markets of data, telecommunications and Internet business services. In addition, in keeping with recent performance, our earnings and cash flow trends are strongly positive compared to the same period last year and leave us on track to meet our business plan objectives.

'As seen in previous years, we have experienced a seasonal decline in the first quarter compared with quarter four largely as a result of a decline in revenue from the ScottishPower Facilities Management (SP FM) contract to its lowest level since flotation. Nevertheless, the overall seasonal decline this year is slightly less than the year before.

'Our focus remains on winning profitable recurring revenue. In this regard we have maintained our reputation for class leading quality and innovative services, winning additional business from companies and public sector bodies across the UK including

metropolitan area networks for the Scottish education sector together with services for BSkyB, Intelligent Finance, Stiell Networks, Transocean Offshore, Glasgow City Council, Portman Travel and Citylink.

'The well publicised corporate failures and financial restructurings within our sector continue to create uncertainty in our target markets. It is clear that some of our competitors are reacting to these events with unsustainable pricing. The underlying non-financial drivers in our business remain strong but, as we have stated previously, we are not prepared to grow our revenues at the expense of the bottom line and cash flow.

'The strength of our balance sheet allows us to maintain focus on sustainable business delivering solid margin. We expect pricing pressure to remain a factor throughout the year, resulting in slightly lower than expected revenue growth. Nevertheless, while the Board continues to target the business to achieve year on year turnover growth of between 20% and 25%, a continuation of the pricing pressure into the second half would drive growth to the bottom end of this range. We continue to target EBITDA of between 7% and 9% of sales and strong year on year growth in operating profit.'

A telephone conference for analysts and investors will be held this morning at 9.30am. Dial in 020 8401 1043 (Replay 020 8288 4459 Passcode 897372 available until 21 August 2002). A copy of the presentation slides will be available to download from 7.15am at http://www.thus.net/qtr-results.htm

Performance Review

Turnover

First quarter Group turnover grew by 11% year on year to £71.0 million, with ongoing operations[1] up by 17%.

Data and telecoms

Data and telecoms turnover was £38.5 million, rising 16% year on year.

Excluding SP FM, business services sales grew 24% year on year to £34.9 million.

Notwithstanding, first quarter sales were down slightly compared with quarter four as steady growth across core service areas was offset by lower volumes in the BVL account, under which THUS provides relatively low margin network services to support the SkyTalk residential telephone offering. Excluding BVL, total switched minutes rose by 48% year on year to 445 million and by 10% on quarter four.

SP FM first quarter turnover was £3.6 million, down 22% compared with same period last year and down from £7.4 million in quarter four. This is the lowest level of quarterly revenue from the SP FM contract since flotation, representing just 5% of total turnover. ScottishPower remains an important customer but full year revenue is now expected to fall below last year reflecting reduced spend by the customer.

Internet

Internet turnover was £22.5 million, up 22% year on year and up 4% from quarter four.

Business services continued to show strong growth, up 35% year on year to £10.8 million. This was driven by strong growth in ADSL customers, up to 8,142 customers at the end of the first quarter compared with 1,806 at the end of the same quarter last year, as well as increases in leased line and hosting customers. Despite an average 21% reduction in ADSL prices from April 2002, following the reduction in wholesale rates received from BT, business service sales remained stable against quarter four.

Dial-up subscription revenues fell to £4.5 million in line with lower standard dial-up customer numbers, down from £5.4 million in the same period last year and from £5.0 million in quarter four. In contrast, dial up termination revenues were

£7.2 million, up from £5.1 million in quarter one last year and £5.8 million in quarter four, benefiting from greater efficiencies from the migration of traffic onto the THUS network.

Contact centre

Contact centre sales were £6.3 million, up from £6.0 million in quarter four last year. This reverses the pattern of quarterly decline seen last year following the exit from low margin business and the addition of some new business. In keeping with our focus on higher value services, the positive margin trend for this business has been maintained with gross margin at 34% for the quarter.

Interactive

Creative Services turnover was £3.7 million, benefiting from two successful promotions. Turnover was stable compared with the first quarter turnover last year of £3.8 million and up from £2.3 million in quarter four.

Cost control and profits

Cost of goods sold, excluding depreciation, was £45.3 million, resulting in a gross profit before depreciation of £25.7 million, up 37% year on year, and a margin of 36% compared with 29% in quarter one last year.

Selling, distribution and administration costs (S,D & A), excluding depreciation, totalled £21.2 million, down from £23.0 million in the first quarter last year and falling from 36% of sales to 30% of sales.

EBITDA grew to £4.5 million, up from negative £4.2 million in quarter one last year and ahead of the underlying EBITDA recorded in quarter four, delivering a first quarter EBITDA margin of 6%.

After depreciation of some £18.0 million, the operating loss was reduced to £13.5 million, a 27% year on year improvement.

In addition, following the refinancing, interest fell from £4.7 million in the first quarter last year to £0.1 million, with the loss before tax improving 39% year on year to

£13.9 million.

Capital expenditure

Capital expenditure at £8.2 million compared with £10.7 million in quarter one last year and £18.1 million in quarter four. With up front investment in the national network complete, capital expenditure is now much more closely linked to customer demand and is currently expected to be between £60 million and £70 million for the full year.

Cash flow, financing and net debt

The higher EBITDA combined with the lower level of interest and capital investment reduced the first quarter cash outflow before financing to £5.9 million compared with £45.0 million for the first quarter last year and £11.7 million in quarter four.

£10 million was drawn on the new £90 million bank facility and, as at 30 June, THUS had net debt of £6.2 million, including £4.3 million of long term finance leases.

Outlook

The well publicised corporate failures and financial restructurings within our sector continue to create uncertainty in our target markets. It is clear that some of our competitors are reacting to these events with unsustainable pricing. The underlying non-financial drivers in our business remain strong but, as we have stated previously, we are not prepared to grow our revenues at the expense of the bottom line and cash flow.

The strength of our balance sheet allows us to maintain focus on sustainable business delivering solid margin. We expect pricing pressure to remain a factor throughout the year, resulting in slightly lower than expected revenue growth. Nevertheless, while the Board continues to target the business to achieve year on year turnover growth of between 20% and 25%, a continuation of the pricing pressure into the second half would drive growth to

the bottom end of this range. We continue to target EBITDA of between 7% and 9% of sales and strong year on year growth in operating profit.

1. Ongoing operations excludes Interactive Branded and Media Sales sold in October 2001, the residential telephone service ceased in November 2001 and Scotland On-Line Limited sold in January 2002

Ends

THUS Group plc

Pre-Close Period Trading Update

Second Quarter and First Half ended 30 September 2002

THUS BRINGS FORWARD FREE CASH FLOW POSITIVE

THUS Group will shortly be speaking to analysts ahead of its close period. The following is an update of the trading position of the Group ahead of the Interim results for the six months ended 30 September 2002 that will be published on 4 November 2002.

Following an encouraging second quarter performance which shows further consistent improvement in key financial measures, THUS expects to become free cash flow positive on a sustainable basis in quarter four of the financial year ending 31 March 2004, approximately one fiscal year earlier than anticipated.

Expected highlights of the second quarter's financial performance include:

- Cash outflow before financing of approximately £5 million compared to £15.8 million for the same period last year and £5.9 million in quarter one
- EBITDA of at least £5.5 million compared to negative £4.8 million for the same period last year and up from £4.5 million in quarter one
- Second quarter sales of circa £72 million, up approximately 12% year on year and compared to £71.0 million in quarter one; and
- Net debt of approximately £11 million.

Looking ahead to the full year, THUS anticipates:

- Revenue growth in the region of 13% to 18%. Commodity data and telecoms services have continued to be subject to what the Company believes is unsustainable pricing, led by distressed competitors. In contrast, THUS has focused on higher margin business. This decision will affect headline revenue growth for the full year but is expected to contribute to an increase in EBITDA margin to between 7% and 10%
- EBITDA of between £20 million and £30 million, in line with previous expectations. Forward momentum on EBITDA is expected as a result of additional cost of sales benefits from reduced reliance on other operators and improved traffic routing, as well as process improvements and operating cost efficiencies from property rationalisation measures undertaken last year
- Full year capital expenditure of approximately £45 million, in line with customer growth
- Cash outflow before financing of less than £35 million compared to £86.3 million last year; and
- A peak funding requirement of less than £60 million, well within the parameters of the £90 million bank facility.

Commenting on today's announcement, William Allan, Chief Executive said:

'We are encouraged by trading in the second quarter, with positive momentum in all our key sectors. Business services sales have increased over quarter one for both telecommunication and Internet services. Compared to the first quarter our bid pipeline has strengthened with a number of new contracts in data and telecoms, and contact centres.

'As stated at quarter one, we remain cautious on the general economic outlook and the pricing behaviour of some distressed competitors. Nevertheless, our consistent focus on quality revenue coupled with tight control of our cost base provides resilience and ability to scale our resources to meet customer demand to generate positive cash flow faster than originally planned.

'Over the last two years, our focus on quality revenue growth has generated stronger EBITDA and cash flow. In addition, despite the turbulence in the telecommunication market, we have strengthened our balance sheet whilst improving our portfolio of services and service innovation capability. We will maintain our focus on margins and cash flow which together with our steady growth in customers and quality services, we believe, will deliver long term value to our customers and shareholders.'

A telephone conference for analysts and investors will be held this morning at 9.00am. Dial in 020 8240 8242 (Replay 020 8288 4459 Pass code 514900 available until

8 October 2002).

THUS Group plc

Interim Results

Six months ended 30 September 2002

First Half Financial Highlights

- Key measures show strong improvement:
- Turnover up 11% year on year to £143.0 million
- Gross profit up 53% to £29.5 million, with 6% gross margin expansion to 21%
- EBITDA £10.9 million (H1 02 negative £9.0[1] million), with 15% EBITDA margin expansion to 8%
- Operating loss reduced 37%[1] to £25.2 million
- Loss before tax reduced 38% to £30.8 million
- Cash outflow before financing £11.5 million (H1 02 £60.8 million)
- Underlying performance, strong treasury management and continuing financial discipline provide for:
- Acceleration of target for free cash flow breakeven on a sustainable basis by one fiscal year to quarter four of financial year ending 31 March 2004
- Reduction in peak funding requirement to less than £60 million

Commenting on today's results William Allan, Chief Executive, said:

"Our year on year performance has demonstrated the success of our business strategy to focus on quality recurring revenue growth in the UK market. In difficult trading conditions THUS has continued to significantly improve earnings and cash flow.

'Material contracts won in the period include the renewal and expansion of our relationship with BVL; additional services to BSkyB; Orange; and new business from eleven universities under the framework agreement with the National Telecommunications Group. In addition, our new City Ethernet service increased business with Shell, Conoco and the University of the Highlands and Islands.

'As previously announced, we revised our full year sales growth target to between 13% and 18% in our pre close statement to reflect pricing pressures and our caution on general economic conditions. Nevertheless, we maintain our expectation for EBITDA of £20 million to £30 million, with full year capital expenditure of approximately £45 million and cash outflow before financing of less than £35 million.

'Our results today provide further evidence of our ability to flex and scale our Company in accordance with changing market conditions. The reduction in our peak funding requirement reinforces our confidence that we have more than

sufficient headroom on our £90 million bank facility. Our uncompromising focus on bottom line growth and cash flow is what, we believe, will drive long-term shareholder value."

1. **An analysts' conference will be held this morning at 9.00am for 9.30am at City Media Centre, The London Stock Exchange, Old Broad Street, London EC2M 1HP. A simultaneous webcast of the conference will be screened at www.thus.net/investor-information/ Webcast participants are advised to visit the website at least 15 minutes before the start of the conference to ensure they have all the necessary software to take part.**
2. **On Tuesday 5 November 2002 , THUS Group plc will be hosting a visit for analysts and investors to its network and web hosting facility at Park Royal at which it will present the operational capabilities and management of the business.**
3. **Financial Calendar**

Following the Interim Results, THUS will move to a half yearly reporting schedule substituting the third quarter results statement with a shorter trading update commenting on the key trends within the business and future outlook for the Group.

Key dates in the Group's forthcoming financial calendar are listed below:

Trading Update February 2003

Pre-close Period Trading Update

ahead of Preliminary Results March 2003

Preliminary Results May 2003

AGM July 2003

Overview of Financial Statements

First half turnover grew 11% to £143.0 million, driven forward by a strong performance in the data and telecoms and Internet segments of the business.

Gross profit before depreciation rose 35% year on year to £51.7 million, representing a 6% margin expansion, up from 30% to 36% of sales. This improvement resulted from a stronger revenue mix coupled with reduced reliance on other operators and better traffic routing following full implementation of the THUS national network.

Selling, distribution and administration costs before depreciation were reduced by 14% to £40.8 million, falling from 37% of sales in the first half of last year to 29% of sales in the period under review. Cost efficiencies came from both process and property rationalisation.

EBITDA increased to £10.9 million, a margin of 8%, up from negative £9.0[1] million for the same period last year. After depreciation and amortisation of £36.1 million, gross profit rose 53% to £29.5 million, with margins expanding from 15% to 21% of sales and the operating loss was cut by 37% to £25.2 million.

A £0.2 million exceptional gain was made on the sale of fixed assets compared with a £1.1 million exceptional gain last year. This reflects the impact of the sale of Indefeasible Rights of Use (IRUs) of the network to other operators. In addition, £1.9 million was written off investments in own shares held to satisfy employee options as a result of marking the shares to market price at the balance sheet date. This follows the decision made last year to reclassify these shares as current asset investments.

Interest and similar charges fell sharply from £10.0 million last year to £3.9 million, reflecting lower debt levels following the financial restructuring completed last year. Interest and commitment fees on outstanding debt totalled £0.8 million. In addition, £0.6 million of loan cost amortisation, £1.9 million for amounts written off financing costs as a result of the reduction in peak funding requirements and £0.6 million of other charges were recorded.

After interest, the loss before tax improved by 38% to £30.8 million.

First half capital expenditure was £23.7 million compared with £37.6 million for the first half last year. This represented 17% of sales compared with 29% of sales last year and reflects the increasingly direct relationship between incremental sales and capital investment now that the core network is fully deployed.

Both operating cash flow and cash flow before financing showed strong year on year improvement, up from negative £24.3 million to positive £16.8 million and from negative £60.8 million to negative £11.5 million respectively.

As a result, net debt at the end of the period totalled £11.8 million, with £20 million drawn from the bank facility.

Segmental Analysis of Turnover

Data and Telecoms

Data and telecoms delivered the strongest performance, with sales up 19% year on year to £78.2 million.

Excluding the ScottishPower Facilities Management (SP FM) contract and consumer sales from last year, first half data and telecoms turnover grew 27% to £70.2 million, with strong growth in the majority of service areas offset by a decline in the lower margin SkyTalk residential telephone service. A reversal of this trend is expected following the extension and expansion of the original contract to July 2005. Second quarter business services sales were £35.3 million compared with £34.9 million in quarter one.

The SP FM contract contributed £8.0 million to first half turnover, down 18% compared with last year.

Internet

First half Internet turnover grew by 16% to £44.0 million compared to last year.

Within the total, business services sales advanced 27% to £21.8 million, principally reflecting the growth in ADSL

customers, now over 11,500. Second quarter business services sales were £11.0 million, up marginally on quarter one.

First half turnover from the more traditional dial up subscription services fell as expected to £9.2 million as customers migrated on to faster access services. Notwithstanding, first half dial-up termination revenues rose by 27% to £13.0 million as a result of the migration of all dial-up termination traffic on to the THUS network.

Contact Centre

Contact centres sales totalled £12.6 million, spread evenly over the first two quarters. Although first half turnover fell slightly compared to last year as a result of the withdrawal from low margin business, the gross margin before depreciation improved from 24% to 34%.

Interactive

Following the sale of the Branded division in October 2001, first half Interactive turnover fell by 30% year on year to £8.2 million. This masks an 8% increase in the sales of the remaining Creative division, resulting from a stream of successful competition formats. Second quarter sales were £4.5 million compared with £3.7 million in quarter one.

Service Innovation and Contract Wins

During the period, THUS delivered a steady stream of service innovations and contract wins.

In the corporate market, THUS launched City Ethernet providing business with a cost-effective alternative to routers and leased lines traditionally used to link their offices and local area networks within metropolitan areas. To date, customers include Shell, Conoco, and the University of the Highlands and Islands. THUS also launched a transatlantic frame relay service facilitated via an agreement with Sprint.

In addition, THUS extended its business with BVL and Sky, expanded coverage for Orange in the Highlands and Islands and won new business from eleven universities around the country under a framework agreement with the NTG, the universities representative telecoms purchasing body.

In the small and medium size enterprise market, THUS launched Demon Premier Express, a new ATM backed ADSL service, offering customers improved throughput capacity via contention ratios of 5:1 and 1:1 compared to existing 50:1 and 20:1 offerings. Compared to competitor offerings, THUS will intercept the ADSL traffic from BT at an ATM interconnect point and carry a higher proportion of traffic over its own network, enabling better service quality and reliability.

THUS Group plc

Notes to the Accounts

for the six months ended 30 September 2002

1	**Basis of preparation**
	These interim Accounts have been prepared on the basis of accounting policies consistent with those set out in the Annual Report and Accounts for the year ended 31 March 2002.
	The interim Accounts are unaudited but have been formally reviewed by the auditors and their report to the Company is set out on page 13.
	The information shown for the year ended 31 March 2002 does not constitute statutory Accounts within the meaning of Section 240 of the Companies Act 1985 and has been extracted from the full Accounts for the year ended 31 March 2002 filed with the Registrar of Companies. The report of the auditors on those Accounts was unqualified and did not contain a statement under either Section 237 (2) or Section 237 (3) of the Companies Act 1985.
2	**Segmental reporting**
	Turnover has been analysed below between Internet services, interactive services, data and telecom services, and contact centre services. The Directors consider these to be the same class of business and accordingly no segmental analysis of operating loss or net assets has been given.

		2002-03		2001-02		2001-02
		£'000		£'000		£'000
	Included in administration expenses are:					
	Restructuring costs	-		1,020		3,152

4	Prior period adjustments
	Accounting for Indefeasible Rights of Use sales ("IRUs")
	During the year ended 31 March 2002 the Group changed its accounting policy regarding accounting for Indefeasible Rights of Use sales (IRUs).
	As part of its service offering, the Group periodically sells dark fibre to other network operators seeking to extend their own networks under IRU agreements. These agreements extend for all of the assets' expected useful lives and transfer substantially all of the risks and benefits of ownership to the buyer. In a number of cases, the Group has acquired dark fibre under IRU agreements from the same counterparties in order to complete its own network.
	Where the consideration received by the Group for such IRU sales is in cash and there is no separate agreement with the buyer to acquire fibre, the resulting profit is shown in the Accounts as a gain on the disposal of fixed assets.
	Where the sale of fibre has occurred and there is a separate agreement with the buyer, involving the Group acquiring fibre of a similar value at a similar time, the Directors have concluded that it is most appropriate to record the sale and purchase transactions at fair value with the gain arising on the sale treated as unrealised and recorded in the Statement of Total Recognised Gains and Losses.

The Directors consider that the underlying trading performance of the Group is most appropriately presented under this revised policy. The Group's former policy was to record all sales of dark fibre as turnover and to record the cost of the assets sold within cost of sales.

The impact of the change is (i) sales of dark fibre under IRU agreements are no longer recorded within turnover; (ii) the profit on sales settled in cash is recorded below the operating result in the Profit and Loss Account unless the sale involves a separate agreement with the buyer involving the Group acquiring fibre of a similar value at a similar time in which case the profit is recorded in the Statement of Total Recognised Gains and Losses rather than in the Profit and Loss Account.

The effect of applying the new policy on the 30 September 2001 comparative results, in comparison with the amounts previously reported in the Interim Report for the six months ended 30 September 2001, is set out in the table below. The effect of the adjustment was to increase the loss per ordinary share by 1.04p for the six months ended 30 September 2001.

	New policy	Old policy	Impact
	£'000	£'000	£'000
Turnover	128,359	140,790	(12,431)
Operating loss from continuing activities	(40,999)	(32,784)	(8,215)
Loss on ordinary activities before taxation	(49,877)	(42,754)	(7,123)
Net assets	238,854	238,854	-
Net cash outflow from continuing operating activities	(24,355)	(16,140)	(8,215)
Outflow from capital expenditure and financial investment	(40,756)	(48,971)	8,215

THUS Group plc

Notes to the Accounts

for the six months ended 30 September 2002

5 Taxation

	First half	First half	Full year
	2002-03	2001-02	2001-02
Taxation charge on the loss for the period / year:	**£'000**	£'000	£'000
Overseas taxation	**213**	-	416

No taxation charge is required for the period due to the availability of taxation losses. No provision for deferred taxation is considered necessary at 30 September 2002, since accumulated taxation losses are expected to offset any reversal of accelerated capital allowances.

6 Loss per ordinary share

Loss per ordinary share has been calculated in accordance with FRS 14 "Earnings per Share" for all periods by dividing the loss for the period, after non equity appropriations, by the weighted average number of ordinary shares in issue during the period, based on the following information:

	First half	First half	Full year
	2002-03	2001-02	2001-02
		Restated	
		(Note 4)	
	£'000	£'000	£'000
Loss for the period after non equity appropriations	**(30,995)**	(50,528)	(106,181)
Basic weighted average share capital (number of shares, thousands)	**1,329,178**	685,604	719,349
Diluted weighted average share capital (number of shares, thousands)	**1,329,178**	685,604	719,349

The basic weighted average share capital excludes shares held by the Company under Trust in connection with the Employee Share Schemes. The impact of the share options is antidilutive and has therefore been excluded from the calculation of diluted weighted average share capital.

7 Reconciliation of operating loss to net cash inflow / (outflow) from continuing operating activities

Independent Review Report by KPMG Audit plc to THUS Group plc

Introduction

We have been instructed by the Company to review the financial information set out on pages 5 to 12 and we have read the other information contained in the interim report and considered whether it contains any apparent misstatements or material inconsistencies with the financial information.

Directors' responsibilities

The interim report, including the financial information contained therein, is the responsibility of, and has been approved by the Directors. The Directors are responsible for preparing the interim report in accordance with the Listing Rules of the Financial Services Authority which require that the accounting policies and presentation applied to the interim figures should be consistent with those applied in preparing the preceding Annual Accounts except where they are to be changed in the next annual accounts in which case any changes, and the reasons for them, are disclosed.

Review work performed

We conducted our review in accordance with guidance contained in Bulletin 1999/4: Review of interim financial information issued by the Auditing Practices Board for use in the United Kingdom. A review consists principally of making enquiries of group management and applying analytical procedures to the financial information and underlying financial data and, based thereon, assessing whether the accounting policies and presentation have been consistently applied unless otherwise disclosed. A

review is substantially less in scope than an audit performed in accordance with Auditing Standards and therefore provides a lower level of assurance than an audit. Accordingly we do not express an audit opinion on the financial information.

Review conclusion

On the basis of our review we are not aware of any material modifications that should be made to the financial information as presented for the six months ended 30 September 2002.

7 November 2002

THUS APPOINTS MARGARET FORD AS NON-EXECUTIVE DIRECTOR

THUS Group plc, one of the UK's leading communications and internet companies, today announces the appointment of Margaret Ford as a Non-executive Director of the Company.

Margaret was appointed Chairman of English Partnerships, which is responsible for urban regeneration schemes on large-scale brownfield sites, earlier this year. In addition, she is the founder and Chief Executive Officer of Goodpractice.net, an on-line company providing Human Resource focused content management systems and access to best practise material across a range of Human Resource disciplines.

Margaret is also a Non Executive Director of OFGEM (the Gas and Electricity Markets regulator).

From 1993 to 2002 she was Managing Director and then Chairman of Eglinton Management Centre, one of Scotland's largest independent management consultancy practices, which she established. From 1997 until 2001, Margaret was also Chairman of the Lothian Health Board.

She was previously Executive Director of Personnel and Corporate Services for Scottish Homes and spent three years with PriceWaterhouseCoopers in London, specialising in Human Resources and public policy, having previously held the position of Scottish Secretary for the Banking and Insurance Finance Union.

Commenting on her appointment, Roy Brown, Chairman, said:

> "Margaret is a highly successful Scottish businesswoman with a strong and proven track record across a wide variety of commercial and public sector interests. Her unique experience of a range of sectors and business issues from e-commerce, management consultancy, change management to the public sector will be of enormous benefit to THUS.
>
> "We are delighted that she has accepted our offer to join the Board and believe that she will make a valuable contribution over the months ahead."

About THUS

THUS Group plc provides communications solutions to business customers throughout the UK under the THUS and Demon brands. In an industry punctuated by inexperience THUS can draw upon a knowledge base established over more than a decade in the delivery of data, telecoms and Internet services.

THUS delivers both standard and bespoke solutions to address customers' existing business needs and works hand in hand with customers to develop new business opportunities. The Company's record in the creation of innovative new services is complimented by an award winning focus on quality and full accreditation under the ISO9001 standard.

THUS is listed on the London Stock Exchange. For further information visit www.thus.net and www.demon.net.

26 November 2002

THUS Group plc ("THUS")

THUS was today informed that Fidelity International Limited ("FIL") and certain of its direct and indirect subsidiary companies, being non-beneficial holders, have a notifiable interest in 49,819,934 THUS Group plc ordinary shares (representing approximately 3.69% of the THUS Group plc ordinary shares in issue). All such interests arise under section 208(4)(b) of the Companies Act 1985.

Mr. Edward C. Johnson 3d has a notifiable interest in those shares, pursuant to section 203 of the Act, by virtue of being a principal shareholder of FIL.
