**SYNEX INTERNATIONAL ANNOUNCES
PROGRESS ON OFFER TO PURCHASE ITS SOFTWARE DIVISION**

Synex International Inc. announces that Lasata Software Pty Ltd has now provided written notice that the due diligence process has been completed unconditionally in respect of their Offer to Purchase the shares of its Software Division, Synex Systems Corporation.

The Offer to Purchase, as previously announced on August 8, 2002, is scheduled to close on September 30, 2002.

The terms of the Offer to Purchase have been amended so that Lasata will now make a cash payment on the Closing Date in the amount of \$2,500,000 plus an estimated amount of \$475,000 for working capital, subject to a holdback of \$275,000 in respect of the working capital payment.

Lasata is a privately owned company based in Perth, Australia, which develops and markets financial reporting software for global markets. Synex Systems Corporation is focused on the development and marketing of F9 and F9 Professional, widely used software products for financial reporting that are complementary to the Lasata product line.

Synex International Inc is a public company, trading on the Toronto Stock Exchange, presently with three operating divisions covering: the development and operation of electrical generation facilities; the development and marketing of business intelligence and accounting related software products; and an engineering group providing services for the control and use of water, particularly hydroelectric facilities.
