The accompanying notes are an integral part of this statement.

NELKIN CAPITAL MANAGEMENT, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2002

Note 1- Nature of Business

Nelkin Capital Management, Inc. (the "Company") is a New York State corporation formed on January 27, 1987, beginning operations on August 4, 1987, for the purpose of conducting business as a broker/dealer in securities.

The Company operates under the provisions of Paragraph (k) (2) (ii) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that rule. Essentially, the requirements of Paragraph (k) (2) (ii) provide that the Company clears all transactions on behalf of customers on a fully disclosed basis with a clearing broker/dealer, and promptly transmits all customer funds and securities to the clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer.

Note 2- Summary of Significant Accounting Policies

(a) Revenue Recognition

Securities transactions (and the recognition of related income and expense) are recorded on a trade date basis. Securities owned by the Company are valued at market.

(b) Income Tax

The Company has elected to be treated as an "S" corporation under the provisions of the Internal Revenue Code and New York State Tax regulations. The Company does not pay Federal or State Corporate Income Taxes on its taxable income. Instead, the stockholders are liable for individual income taxes on their respective share of the company's taxable income.

(c) Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company has defined cash equivalents as short-term, highly liquid debt instruments purchased with a maturity of three months or less, other than securities held for sale in the ordinary course of business.

(d) Depreciation

Depreciation is computed by the modified accelerated cost recovery method over the estimated useful lives of the assets, which does not differ materially from generally accepted accounting depreciation methods.

NELKIN CAPITAL MANAGEMENT, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2002

Note 2- Summary of Significant Accounting Policies (continued)

(e) Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported amounts of revenues and expenses.

Note 3- Commitments and Contingencies

Office Lease

The Company leases its premises under a lease expiring April 30, 2003. At December 31, 2002, the minimum rental commitment before escalations under the lease is as follows:

<u>Year</u>	<u>Amount</u>
2003	\$10,395

Note 4- Financial Instruments with Off-Balance-Sheet Credit Risk

As a securities broker, the Company is engaged in buying and selling securities for a diverse group of institutional and individual investors. The Company's transactions are collateralized and are executed with and on behalf of banks, brokers and dealers and other financial institutions. The Company introduces these transactions for clearance to another broker/dealer on a fully disclosed basis.

The Company's exposure to credit risk associated with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair customers' ability to satisfy their obligations to the Company and the company's ability to liquidate the collateral at an amount equal to the original contracted amount. The agreement between the Company and its clearing broker provides that the Company is obligated to assume any exposure related to such non-performance by its customers.

The Company seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the clearing brokers internal guideline. The Company monitors its customer activity by reviewing information it receives from its clearing broker on a daily basis, and requiring customers to deposit additional collateral, or reduce positions when necessary.

NELKIN CAPITAL MANAGEMENT, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2002

Note 5- Net Capital Requirement

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500 %. At December 31, 2002, the Company had net capital of \$594,013, which was \$589,013 in excess of its required net capital of \$5,000. The Company's capital ratio was 1.68%.

A copy of the Company's Statement of Financial Condition as of December 31, 2002, pursuant to the Securities and Exchange Commission Rule 17a-5, is available for examination at the Company's office and at the regional office of the Securities and Exchange Commission.

INDEPENDENT AUDITORS' REPORT

To the Officers and Directors of
Nelkin Capital Management, Inc.
111 Great Neck Road - Suite 304
Great Neck, NY 11021

Gentlemen:

We have audited the accompanying statement of financial condition of Nelkin Capital Management, Inc. as of December 31, 2002. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Nelkin Capital Management, Inc. as of December 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

NELKIN CAPITAL MANAGEMENT, INC.
INTERNAL AUDITORS' COMMENTS

FOR THE YEAR ENDED DECEMBER 31, 2002

LERNER & SIPKIN
CERTIFIED PUBLIC ACCOUNTANTS LLP

132 Nassau Street, New York, NY 10038 Tel 212.571.0064 / Fax 212.571.0074

E-mail: LS@lernersipkin.com

To the Officers and Directors of
Nelkin Capital Management, Inc.
111 Great Neck Road - Suite 304
Great Neck, NY 11021

Gentlemen:

In planning and performing our audit of the financial statements of Nelkin Capital Management, Inc. for the year ended December 31, 2002, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5 (g) (1) and (2) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including test of compliance with such practices and procedures) followed by Nelkin Capital Management, Inc. that we considered relevant to the objectives stated in Rule 17a-5 (g), (1) in making periodic computations of aggregate indebtedness and net capital under Rule 17a-3 (a) (II); (2), in complying with the exemptive provisions of Rule 15c-3-3. We did not review the practices and procedures followed by the Company (1) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13; (2) in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (3) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5 (g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for determining compliance with the exemption provisions of Rule 15c3-3, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2002, to meet the Commission's objectives.

This report recognizes that it is not practicable in an organization the size of Nelkin Capital Management, Inc. to achieve all the divisions of duties and cross checks generally included in a system of internal accounting control and that alternatively greater reliance must be placed on surveillance by management.

Further, that no material differences existed between our computations and your net capital, or determination of the reserve requirements and your corresponding focus report part II A filing, except as noted in Schedule 1.

This report is intended solely for the use of management, the Securities and Exchange Commission, and other regulatory agencies that rely on Rule 17a-5 (g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.

Respectfully submitted,

Lerner & Sipkin CPAs, LLP
