MUZINICH & CO., INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENT

1. ORGANIZATION:

Muzinich & Co., Inc. (the "Company") was incorporated on July 21, 1988 in the state of Delaware. The Company was granted registration as a general securities broker-dealer by the Securities and Exchange Commission ("SEC") and was approved to membership in the National Association of Securities Dealers, Inc. ("NASD") in September 1988. Muzinich & Co., Limited, a wholly-owned subsidiary, was organized by the Company on October 4, 1999 in the United Kingdom and was approved for membership in the Financial Services Authority (FSA).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Principles of Consolidation:

The accompanying consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary, Muzinich & Co., Limited ("Limited"). All material intercompany balances and transactions have been eliminated in consolidation.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Securities Owned:

Securities owned consist of marketable and not readily marketable securities. Marketable securities are carried at quoted market values, and securities not readily marketable are valued at cost, which approximates fair value as determined by management. Unrealized gains and losses are recognized in net investment income.

Management Fees Receivable:

There is no allowance for doubtful accounts, as management has determined that substantially all amounts are fully collectable.

Furniture, Equipment and Leasehold Improvements:

Furniture, equipment and leasehold improvements is stated at cost less accumulated depreciation and amortization. Depreciation of furniture and equipment is computed using straight-line and accelerated methods over the estimated useful lives of the related assets, ranging from 3 to 7 years. Leasehold improvements are amortized over the shorter of the respective lease terms or the estimated useful lives of the improvements.

Cash Equivalents:

The Company considers all highly liquid investments purchased with maturities of three months or less to be cash equivalents.

Revenue Recognition:

Securities transactions and the related revenue and expenses are recorded on a trade-date basis. Other fees are recorded as follows: placement fees at the time the placement is completed and income is reasonably determinable; and management fees are based on a percentage of the net assets under management at the end of each quarter.

Foreign Currency Translation:

The Company accounts for foreign currency translation in accordance with Statement of Financial Accounting Standards No. 52. Asset and liability accounts are translated at the exchange rate in effect at year end, and income accounts are translated at the average rates of exchange prevailing during the year. The United States dollar effect that arises from translating the net assets of Limited is recorded in the accumulated other comprehensive income arising from foreign currency translation adjustment account, a separate component of stockholder's equity. Foreign currency transaction gains and losses are recorded in the consolidated statement of income.

Income Taxes:

Effective July 1, 2000, the stockholder has elected that the Company be treated as an S Corporation for Federal income tax purposes. Accordingly, the Company itself is not subject to federal income taxes. The stockholder is required to report separately his distributive share of the Company's income or loss to federal tax authorities. In addition, the Company has elected S Corporation status for New York State tax purposes and, accordingly, pays New York State income tax at a reduced rate. New York City, however, does not recognize S Corporation status, and therefore, the Company is taxed at regular corporation tax rates. The provision for income taxes includes the provisions for state, local and foreign income taxes.

3. DEPOSIT WITH CLEARING BROKER:

The Company's clearing agreement requires that a minimum balance of \$50,000 be maintained on deposit with the clearing broker.

4. SECURITIES OWNED:

Securities owned consist of investment securities at market value as follows:

Money market funds	\$ 857,481
Corporate stock	<u>11,950</u>
	<u>\$ 869,431</u>

Securities not readily marketable include investment securities (a) for which there is no market on a securities exchange or no independent publicly quoted market, (b) that cannot be publicly offered or sold unless registration has been effected under the Securities Act of 1933, or (c) that cannot be offered or sold because of other arrangements, restrictions, or conditions applicable to the securities or to the Company.

At December 31, 2002, these securities at estimated fair values consist of the following:

Note	\$ 630,000
Corporate stocks	3,000
Warrants	<u>4,293</u>
	<u>\$ 637,293</u>

During the year, the Company purchased a note in an off shore fund for \$1,000,000. Management has determined that this investment has a fair value of \$630,000.

In addition, the stockholder of the Company is a director in the off shore fund.

5. LEASES:

The Company and Limited have operating leases for their office space in New York, New York, and London, England, which expire on August 31, 2007 and May 3, 2006, respectively. The leases are subject to escalation based on increases in real estate taxes and certain landlord costs. The Company took on additional space effective August 31, 2002.

Future minimum annual rental payments are as follows:

<u>Year Ending December 31,</u>	<u>Amount</u>
2003	\$ 865,113
2004	865,113
2005	865,113
2006	713,529
2007	<u>424,324</u>
	<u>\$ 3,733,192</u>

In addition, the Company had sublet some of its existing space to another company. The sublease is subject to escalation charges based on increases in real estate taxes and common area maintenance. The term of the sublease expires June 30, 2007 with future minimum sublease income as follows:

<u>Year Ending December 31,</u>	<u>Amount</u>
2003	\$ 66,000
2004	66,000
2005	66,000
2006	66,000
2007 (six months)	<u>23,000</u>
	<u>\$ 297,000</u>

6. NET CAPITAL REQUIREMENTS:

The Company is subject to the net capital requirements of rule 15c3-1 of the Securities and Exchange Commission which requires a broker-dealer to have at all times sufficient liquid assets to cover current indebtedness. In accordance with the rule, the Company is required to maintain defined minimum net capital to the greater of \$100,000 or 1/15 of aggregate indebtedness, including specific items. At no time may the ratio of aggregate indebtedness to net capital exceed 15 to 1.

At December 31, 2002 the Company had net capital, as defined, of \$222,815, which exceeded its required minimum net capital of \$100,000 by \$122,815. Aggregate indebtedness at December 31, 2002 was \$812,577. The ratio of aggregate indebtedness to net capital was 3.64 to 1.

7. OFF-BALANCE-SHEET RISK AND CONCENTRATION OF CREDIT RISK:

The Company, as an introducing broker, clears all transactions with and for customers, on a fully disclosed basis, with a clearing broker and promptly transmits all customer funds and securities to the clearing broker who carries all of the accounts of such customers. These activities may expose the Company to off-balance-sheet risk in the event that the customer and/or clearing broker is unable to fulfill its obligations. The Company does not maintain margin accounts for its customers; and, therefore, there were no excess margin securities.

The Company seeks to control off-balance-sheet risk by monitoring the market value of securities held, in compliance with regulatory and internal guidelines.

The Company generally transacts its business with customers located throughout Continental Europe. Limited transacts its business with all European market clients.

From time to time, the Company may have cash at a bank in excess of FDIC insured limits and is exposed to the credit risk resulting from this concentration of cash. The cash in excess of FDIC at December 31, 2002 amounted to approximately \$16,000.

At December 31, 2002, approximately 47% of management fees receivable are from 3 customers.

The Company's Consolidated Statement of Financial Condition as of December 31, 2002 is available for examination at the office of the Company and at the Regional Office of the Securities and Exchange Commission.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Muzinich & Co., Inc.

We have audited the accompanying consolidated statement of financial condition of Muzinich & Co., Inc. and Subsidiary (the "Company") as of December 31, 2002, that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. This consolidated financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit. We did not audit the financial statements of Muzinich & Co., Limited, a wholly owned subsidiary, which statement reflects total assets of \$1,544,658 as of December 31, 2002. That statement was audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Muzinich & Co., Limited, is based solely on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provides a reasonable basis for our opinion.

In our opinion, based on our audit and the report of other auditors, the consolidated financial statement referred to above presents fairly, in all material respects, the consolidated financial position of Muzinich & Co., Inc. and Subsidiary as of December 31, 2002, in conformity with accounting principles generally accepted in the United States of America.
