**TRADEX BROKERAGE SERVICE, INC.**  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2002

**Note 1- Nature of Business:**

Tradex Brokerage Service, Inc. (The "Company") is a corporation formed for the purpose of conducting business as a broker/dealer in securities.

The Company operates under the provisions of Paragraph (k) (2) (ii) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly is exempt from the remaining provisions of that rule. Essentially, the requirements of Paragraph (k) (2) (ii) provide that the Company clears all transactions on behalf of customers on a fully disclosed basis with a clearing broker/dealer, and promptly transmits all customer funds and securities to the clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer.

**Note 2- Summary of Significant Accounting Policies:**

*a) Revenue Recognition:*

Security transactions (and the recognition of related income and expense) are recorded on a trade date basis. Liabilities for trade date basis purchases of securities represent obligations to the Company's clearing broker for transactions executed but not yet settled relating to securities purchased by the Company and held for resale (securities owned). Securities owned and securities sold, but not yet purchased, are valued at market with the resulting net unrealized gains and losses included in earnings of the current period.

*b) Income Taxes:*

The Company accounts for income taxes under SFAS No. 109, which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed annually for differences between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Income tax expense is the tax payable or refundable for the period plus or minus the change during the period in deferred tax assets and liabilities.

*c) Cash and Cash Equivalents:*

For the purpose of the statement of cash flows, the Company considers demand deposited money market funds to be cash and cash equivalents.

*d) Property and Equipment:*

Equipment is carried at cost and is depreciated over a useful life of 5-7 years using the straight-line method.

**TRADEX BROKERAGE SERVICE, INC.**  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2002

**Note 2- Summary of Significant Accounting Policies (continued):**

*e) Use of Estimates*

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported amounts of revenues and expenses.

**Note 3- Liabilities Subordinated to the Claims of General Creditors:**

The borrowing is under a subordination agreement approved by the National Association of Securities Dealers, Inc. from the Company's clearing broker, which is also a shareholder, and consists of a subordinated note due December 31, 2004, with interest payable monthly at the broker's call rate plus 1%. The borrowing is available in computing net capital under SEC's uniform capital rule, and is subordinated to the claims of present and future general creditors. To the extent that such borrowing is required for the Company's continued compliance with net capital requirements, it may not be repaid.

**Note 4- Commitments and Contingencies:**

*Lease Obligations:*

The Company leases office space pursuant to an operating lease expiring October 31, 2004. The future minimum rental commitments, as of December 31, 2002, are as follows:

2003	\$79,800
2004	66,500

*Shareholder Agreement:*

Pursuant to a shareholder agreement, upon the death of Herbert Frumkes (CEO), the principal shareholder, the Company will be obligated to pay to his wife \$7,500 per month for seven years following the date of his death, or until his wife's death, whichever occurs first.

**Note 5- Income Taxes:**

The components of the provision for income taxes as of December 31, 2002 were:

Federal	\$17,082
State	10,392
City	<u>7,163</u>
Total	<u>\$34,637</u>

**TRADEX BROKERAGE SERVICE, INC.**  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2002

**Note 6- Shareholders' Equity:**

The rights of the holders of Class A and Class B Common stock are the same in all respects except for voting rights. The holders of Class A Common stock have the entire voting rights for the election of directors and all other matters.

**Note 7- Grant:**

In 2002, the Company received \$164,382 of grants awarded under the World Trade Center Business Recovery Grant Program. This grant was for certain companies located in lower Manhattan on September 11, 2001

**Note 8- Net Capital Requirements:**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500%. At December 31, 2002, the Company had net capital of \$477,734, which was \$427,734 in excess of its required net capital of \$50,000. The Company's capital ratio was 20.14%.

**Note 9- Financial Instruments with Off-Balance Sheet Credit Risk:**

As a securities broker, the Company is engaged in buying and selling securities for a diverse group of institutional and individual investors. The Company's transactions are collateralized and are executed with and on behalf of banks, brokers and dealers, and other financial institutions. The company introduces these transactions for clearance to another broker-dealer on a fully disclosed basis.

The Company's exposure to credit risk associated with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets, which may impair customers' ability to satisfy their obligations to the Company and the Company's ability to liquidate the collateral at an amount equal to the original contracted amount. The agreement between the Company and its clearing broker provides that the Company is obligated to assume any exposure related to such non-performance by its customers. The Company seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the clearing brokers' internal guidelines. The Company monitors its customer activity by reviewing information it receives from its clearing broker on a daily basis, and requiring customers to deposit additional collateral, or reduce positions, when necessary.

---

A copy of the Company's Statement of Financial Condition as of December 31, 2002, pursuant to SEC Rule 17a-5, is available for examination at the Company's office and at the regional office of the Securities and Exchange Commission.
