The Corporation is pleased to announce that the shareholders elected Dr. Shane Ebert today to the Board of Directors at the Annual & Special Meeting.

Dr. Ebert graduated with Honors in Geology from the University of Alberta in 1991 and obtained his Ph.D. in Geology from the University of Western Australia in 1995.

He is presently a Research Associate with the Mineral Deposit Research Unit (MDRU) of the University of British Columbia, coordinating an industry funded research program concentrating on intrusion related gold mineralization in the Yukon and Alaska. Dr. Ebert is also the President of Hot Spring Gold Corporation, a Nevada Company whose principal business consists of the acquisition and exploration of epithermal precious metal prospects in the Western United States.

All statements, other than statements of historical fact, in this news release are forward-looking statements that involve various risks and uncertainties, including, without limitation, statements regarding the potential extent of mineralization and reserves, exploration results and future plans and objectives of Northern Abitibi Mining Corp. These risks and uncertainties include, but are not restricted to, the amount of geological data available, the uncertain reliability of drilling results and geophysical and geological data and the interpretation thereof and the need for adequate financing for future exploration and development efforts. There can be no assurance that such statements will prove to be accurate. Actual results and future events could differ materially from those anticipated in such statements. These and all subsequent written and oral forward-looking statements are based on the estimates and opinions of management on the dates they are made and are expressly qualified in their entirety by this notice. The Company assumes no obligation to update forward-looking statements should circumstances or management's estimates or opinions change.
