Re: Rule 12g3-2(b)
File No. 82-3399

SUPPL

Dear Sir or Madam:

The enclosed information is being furnished to the Securities and Exchange Commission ("the Commission") pursuant to the exemption from the Securities Exchange Act of 1934 (the "Exchange Act") afforded by Rule 12g3-2(b) thereunder.

This information is being furnished under Paragraph (1) of Rule 12g3-2(b) with the understanding that such information and documents will not be deemed to be "filed" with the Commission or otherwise subject to the liabilities of Section 18 of the Exchange Act and that neither this letter nor the furnishing of such information and documents shall constitute an admission for any purpose that ALPHA CREDIT BANK A.E. is subject to the Exchange Act.

Sincerely,

M.E. MASSOURAKIS
Manager

D.K. MAROULIS

Enclosure: (50)

Press Releases of the Bank**ALPHA BANK – THE FIRST GREEK BANK TO RAISE EURO 200 MILLION IN A PREFERRED TIER 1 CAPITAL ISSUE [29/11/2002]**

Alpha Bank, one of Greece's largest banks, has successfully closed a Euro 200 million perpetual non-cumulative guaranteed non-voting preferred securities (series A) issue. The issue is the first such deal by a Greek bank.

The issue was one and a half times oversubscribed and over a third of the investors were from outside Greece. This followed a successful investor roadshow in Greece, UK, Netherlands and Portugal.

The deal pays a coupon of 265 basis points above 3M Euribor and has an issue/reoffer price of par. It is callable from December 2012 onwards. If not called, the coupon will reset to 397.5 basis points above 3M Euribor. Standard and Poor's, Moody's and Fitch Ratings, the international rating agencies, have assigned Long-term ratings of 'BBB-/Baa2/BBB' respectively to the issue.

Settlement date is expected to be 5 December 2002. The joint lead managers to the issue are Credit Suisse First Boston and Morgan Stanley. Co-lead managers are NBG International, BCP Investimento, Deutsche Bank, Bank of Cyprus, Commercial Bank of Greece, Piraeus Bank, Agricultural Bank of Greece, General Bank of Greece and Omega Bank.

Commenting on the issue, Marinos Yannopoulos, Executive General Manager and Chief Financial Officer, said:

"We are delighted with the positive response from investors. The deal was oversubscribed and we also saw strong demand from international investors, which is particularly encouraging. The issue will strengthen Alpha Bank's capital base and support future growth. Greece is one of the fastest growing economies in Europe and, as the country's second largest bank with over 17 per cent of the overall banking market, we are strongly positioned."

ENDS.

Notes to Editors:

Alpha Bank, founded in 1879, is the second largest Bank in Greece. It provides a full range of retail and commercial banking services through 470 branches.

Alpha Bank Group is also active in the international banking market, with presence in New York, London, Jersey (Channel Islands), Cyprus, Albania, Bulgaria, Romania, F.Y.R.O.M and Yugoslavia.

Alpha Bank is the Official Bank of the ATHENS 2004 Olympic Games.

Athens, November 29, 2002

ALPHA BANK GROUP RESULTS FOR 2002**PROFITS 172.5 MILLION - BANK'S DIVIDEND 0.40 PER SHARE [21/2/2003]**

Net profit after tax and minority rights in 2002 reached 172.5 million compared with 207.7 million last year. These amounts are not comparable due to a goodwill write-off of 611.3 million from the accounting books in 2002 and the corresponding reduction of goodwill depreciation of 33.4 million. Last year's profit therefore should be adjusted upwards so as to reach 241 million. After the adjustment, the percentage change in profits is -28%.

Similarly net profit before tax and after minority rights reached 272 million in 2002 compared with adjusted profits of 377 million last year (-28%). This reduction is limited to 4% if one takes into consideration the following extraordinary circumstances, which affected the results of 2002:

- ◇ 47.7 million less in profit from financial operations
- ◇ 24.7 million less in extraordinary income
- ◇ 17.8 million more in payments to the Alpha Bank's Employees' Pension Fund

All these three factors do not affect the recurring profits of the Bank. If, therefore, proper adjustments are made, the true picture of organic profitability is deemed satisfactory.

A good evolution of revenues generated primarily from banking operations (net interest income and commissions) throughout 2002, as indicated in the quarterly results, marks the reversal of the declining trend which has continued since 2000, following the disappearance of the favourable conjunctures of profitability such as the Greek economy's convergence and the rise of the capital market. Taking into account the emphasis given on cost control, this evolution will be strengthened and will be of a more permanent nature.

The Board of Directors has decided to recommend to the General Meeting of Shareholders dividend of 0.40 per share.

ALPHA BANK RESULTS 2002

	Group		Bank	
in million (pro forma)	2002	2001	2002	2001

Net profit after taxes and after minority interests	33.2	71.5	36.3	31.5	35.9	66.3	38.7	28.2

The results

- ◇ **Operating revenue** excluding the results of financial operations, increased by 2.5% with net interest income and commission income rising despite unfavourable capital market conditions.
- ◇ **Labour costs** (staff costs excluding payments to Alpha Bank's Employees' Pension Fund) declined by 0.9% in 2002, especially due to reduction in the Bank's Personnel by 2.7% (in average).
- ◇ **Profitability indicators** were maintained at satisfactory levels. The **Margin (net interest income /**

improvement of the results. The **return on equity (ROE)** stood at 17.8%.

Assets and liabilities

- ❖ **Loans** increased by 18% in 2002 and reached 17.3 billion. More than half of our loan portfolio are loans towards small and medium sized enterprises, a fact that strengthens our position in the market.
- ❖ **Mortgages** increased by 101% in 2002, having already risen by 87% in 2001, leading to a market share of 14% from 7% two years ago. Our success derives from the trust of our clientele, the quality of our services and the transparency in transactions.
- ❖ **Consumer loans** also increased by 25% in 2002. From this year we give great emphasis on further increasing our share in the consumer loans and cards sectors, developing new relationships with department stores and other big firms, which promote interest - free instalments and launching new technologies in the cards sector, in order to have the same success as we had in mortgages.
- ❖ The **quality of our loan portfolio remains excellent** with non-performing loans (in arrears for more than 3 months) representing just 3% of total loans, a ratio which is the lowest in the Greek market. Bad loans at the end of 2002 stood at just 0.3% of total loans. This reflects the quality of our loans and the long-standing policy to write off bad loans every year.
- ❖ **Deposits and repos** reached 23 billion in 2002 having declined by 6.6% due to customer sifting in government bonds and other placements following the taxation of repos in the beginning of the year. It is to be noted that saving deposits rose by 8% in 2002. In total, customer savings exceed 30 billion including mutual funds, bond sales and customer asset under management (private banking and asset management).

Capital adequacy

The rapid increase of our financial indicators requires more and more capital. In this context in 2002 we continued drawing capital through subordinated loans and for the first time we issued Hybrid Tier II capital. As a result the capital adequacy ratio at the end of 2002, after the payment of the dividend, increased to 9.9% from 8.5% last year (compared to 8% of the minimum regulatory benchmark). The capital adequacy ratio has now reached 10.4% due to the conclusion of a subordinated loan of 100 million.

Goodwill write-off

The above mentioned write-off of 611.3 million of the goodwill in the books of the Bank which resulted from the merger with Ionian Bank and correspondingly reduced our equity position, was decided upon making use of the provisions of the law 3091/2002 which allows the netting of goodwill against taxable or non taxable reserves. Thus, the Bank's profits will no longer be affected by goodwill depreciation and there will be better comparison of our profit position with that of other international and mainly Greek banks in view as well of the introduction of International Accounting Standards as of 2004.

Cost control

In recent years, after the merger with Ionian Bank, we began a new effort to restructure. Until today, 1,630 employees have retired from the Bank, from which 633 with financial incentives. In parallel, 72 Branches have ceased to operate in areas where the operation of many Branches was not profitable, while new Branches have opened in 47 areas where we had no presence.

This intensive effort still continues. An early retirement scheme for 2003 has already been announced and 450 persons are expected to benefit from this programme with a net saving of about 15-20 million on a yearly basis. Likewise a recruitment freeze has been decided. New personnel requirements will be covered by existing staff which after further education in specialised fields will have better prospects for advancement. In this context we are currently merging Branches in 50 regions and integrating similar operations in Main Office and affiliated companies with a net saving of 15 million. Finally we are planning to merge within the next three years all the Branch Support Centres into two large Centres by creating specialised sections for each main product and by eliminating the exchange of paperwork. All these actions, as is natural, save space, equipment and in general infrastructure and increase productivity.

Our pricing policy

The Bank has always been first to cut rates in mortgages and in loans in general. Alpha Bank has been instrumental in helping the average Greek family to own their own house. Especially in the last seven years, the Bank has consistently passed on to its clients the benefits resulting from the convergence of the Greek economy and the favourable conditions in the capital markets. We kept our rates and charges at relatively low levels as the Bank was making profit from the bond and the stock markets. Today, the rationalisation of our pricing policy is deemed necessary.

The Bank will not hesitate, as in the past, to cut interest rates when conditions allow it. Under current conditions however, the best choice may be for a fixed rate mortgage. In any case, the recent adjustment of lending interest rates to individuals is well within the market and in many cases our rates remain lower than those of other banks. It should also be noted that the recently announced adjustments do not affect the fixed rate loans already granted. Likewise, the interest rate surcharge for mortgages of loan values in excess of the objective value of the property does not apply to existing mortgages.

Prospects

Our strategic commitment lies in profitability improvement through on the one hand expansion in higher margin areas (retail banking and small enterprises) and more rational pricing of the Bank's products and transactions, and on the other hand adoption of cost control measures (early retirement and consolidation

necessary for the return of profitability to higher levels, now that various sources of conjectural revenue increases no longer exist. In this context, the restraint of operational expenses at current levels constitutes a top priority for the Bank. More specifically, our target for 2005 is:

	2001	2002	2005
Margin	2.4%	2.5%	2.9%
Expenses / Income	59%	64%	55%
Return on assets	1.4%	1.0%	1.5%
Return on equity	27%	18%	25%
Capital adequacy ratio	8.5%	10.4%	> 9%

TOTAL OFF BALANCE SHEET ACCOUNTS	43,145,472	44,010,693

Notes :

1. Until 31 December 2001 the goodwill of about Euro 668 million that arose from the merger of the former Iranian Bank in 2000, was being amortized at a rate of 5% per year in accordance with International Accounting Standards. In 2002 the unamortized balance of about Euro 611 million, in view of the application of Law 309/2002, was recorded directly to reserves in order to be settled off in the future.
2. The Bank's debt and equity securities portfolio is presented at cost, which is higher than its market value as determined in accordance with the relevant provisions of article 43 of Company Law 2180/1920 by approximately Euro 242 million. The Bank, based on recent valuations performed by foreign entities and recent transactions, considers that this difference does not exist.
3. Based on a recent audit of the Bank's accounts, the amount of the Bank's tax liability is estimated at Euro 23.5 million (on an after-tax basis), in addition to the Euro 42.7 million that has been charged to the current year's results.
4. The Bank has been audited by the tax authorities for all years up to and including 31 December 1999.
5. In 2002, the Bank's share capital increased by Euro 7,669,064.24 as a result of: a) the capitalization of the fixed asset revaluation reserve (L.2065/1992) by Euro 7,380,779.07 and b) the capitalization of a part of the share premium account by Euro 288,285.17, with a simultaneous increase in the nominal value of the shares to Euro 4.15.
6. The allowances for credit losses of Euro 315 million are considered to be adequate.
7. No fixed assets have been pledged.
8. There are no pending legal cases or issues in progress, which may have a material impact on the financial statements of the Bank.
9. The total employees of the Bank as at 31 December 2002 was 7,852, compared to 7,994 as at 31 December 2001.
10. Certain prior year balances have been re-instated to facilitate comparison with the current year.
11. The Bank is classified under the statistical code 051.9, according to the 4-digit classification of the economic activity sector.

Certified Auditors' Accountants' Report
(Translated from the Greek original)

To the Shareholders of
ALPHA BANK

We have audited the above financial statements of Alpha Bank for the year ended 31 December 2002 and the relevant notes thereon. Our audit, included the activities of the Bank's branches, and was performed in accordance with the article 37 of Codified Law 2190/1920, relating to Anonymous Entities and included the examination of the books and records maintained by the Bank, in accordance with the accounting policies which have been consistently applied except for the matter discussed in note 1 to the financial statements. We verified that the Board of Directors' Report to the Annual General Meeting of the Shareholders agrees with the related financial statements. The notes to the financial statements contain the information required under paragraph 1 of article 43a of Codified Law 2190/1920. In our opinion, the above financial statements, which are derived from the Bank's books and records, together with the notes thereon, present, after taking into account the matters discussed in notes 1 and 3 to the financial statements, the Bank's financial position as of 31 December 2002 and the results for the year then ended, in accordance with the applicable provisions and generally accepted accounting standards which have been consistently applied except for the matter previously discussed.

TOTAL OFF BALANCE SHEET ACCOUNTS	45,103,958	46,259,093

Notes :

- The Group companies of the financial services sector that have been consolidated under the full consolidation method, excluding "ALPHA BANK", are: 1. Alpha Bank London Ltd., 2. Alpha Bank Romania S.A., 3. Alpha Bank Jersey Ltd., 4. Alpha Bank Limited, 5. Alpha Bank AD Skopje, 6. Alpha Leasing A.E., 7. Alpha Investments A.E., 8. Alpha Finance A.X.E.P.E.Y., 9. Alpha Photo Investment Services A.E., 10. Alpha Romanian Holdings Company A.E., 11. Alpha Mutual Fund Management A.E., 12. Alpha Ventures A.E., 13. Alpha Asika Akrida A.E., 14. Alpha Asset Finance Ltd., 15. Alpha Credit Group Pte., 16. Alpha Finance U.S. Corporation, 17. Alpha Finance Ltd Cyprus, 18. Alpha Asset Management A.E.P.E.Y., 19. Alpha Finance Romania S.A., 20. Alpha Leasing Romania S.A., 21. Alpha Trustees Ltd., 22. Alpha Equity Fund A.E., 23. ABC Factors A.E., 24. Iranian Holdings A.E., 25. C.B. Interleasing Southampton Ltd., 26. Messana Holdings S.A., 27. Alpha Commercial Real Estate A.E., 28. Alpha Group Jersey Limited. The companies No. 27 and 28 are included in the consolidation for the first time in the year 2002.
- Until December 2001 the Goodwill of about Euro 660 million that arose from the acquisition of the former Iranian Bank in 1999 was being amortized at a rate of 6% per year, in accordance with International Accounting Standards. In 2002, the unamortized balance of about Euro 578,7 million, in view of the application of IAS 39/2002 was recorded directly to reserves in order to be netted off in the future.
- Based on a recent actuarial study, it is estimated that an amount of about Euro 135.6 million (on an after tax basis), in addition to the amount of Euro 42.7 that has been charged to the current year's results, is required, in order for the Bank to meet its liability to the Auxiliary Pension Fund.
- The year end valuation of securities held by a subsidiary, which resulted in a revaluation loss of Euro 111 million, was recorded directly to reserves. The Group's share of this loss that would have been recorded to the consolidated income statement amounts to Euro 42 million.
- The majority of the subsidiaries have been audited by the tax authorities for all years up to and including December 31, 1999.
- No fixed assets have been pledged.
- There are no pending legal cases or issues in progress which may have a material impact on the financial statements of the Group.
- The total employees of the Group as at December 31, 2002 was 9,749, compared to 9,792 as at December 31, 2001.
- Certain prior year balances have been re-instated to facilitate comparison with the current year.
- The accounting policies followed by the subsidiaries of the Group in compiling their financial statements, are consistent with those followed in the prior year and they are in accordance with the relevant provisions of Company Law 2180/1920.

Certified Auditors' Accountants' Report
(Translated from the Greek original)
To the Shareholders of "ALPHA BANK A.E."

We have audited in accordance with article 108 of Codified Law 2190/1920 relating to Anonymes Eltries the above consolidated balance sheet and income statement and the relevant notes thereon of Alpha Bank and its subsidiaries for the year ended 31 December 2002. The audit procedures we performed were those that we considered appropriate taking into account the auditing standards adopted by the Institute of Certified Auditors Accountants and we verified the contents of the consolidated of the Board of Directors report with the consolidated financial statements. The accounting policies have been consistently applied except for the matter discussed in note 2 to the financial statements.

In our opinion, after taking into account the matters discussed in notes 2,3 and 4, the consolidated financial statements have been prepared in accordance with the provisions of Codified Law 2190/1920 and present, based on the relevant legislation and generally accepted accounting principles which have been applied on a consistent basis except for the matter previously discussed, the financial position and result of the entities that have been consolidated as at 31 December 2002.
