REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Member of CMCJL, L.L.C.:

We have audited the accompanying statement of financial condition of CMCJL, L.L.C., as of December 31, 2002, and the related statements of operations, changes in member's equity and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of CMCJL, L.L.C. as of December 31, 2002, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the supplementary schedules is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities and Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2002

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Organization

CMCJL, L.L.C. (the Company), was organized in the State of New Jersey as a limited liability company on September 26, 2001. The Company is a registered securities broker-dealer with the Securities Exchange Commission (SEC), formerly a member of the American Stock Exchange and is a member of the Chicago Board Options Exchange. The Company engages in the proprietary trading of exchange-traded equity securities, equity options and index options.

Revenue Recognition

Securities transactions and related income and expenses are recorded on the settlement date basis. Generally Accepted Accounting Principles normally require an entity to record security transactions on a trade date basis, however, the majority of brokers and dealers record most securities transactions on the settlement date rather than the trade date. The difference between trade date and settlement date is not material to the Company's financial position at December 31, 2002, nor material to the results of its operations for the year then ended.

Income taxes

No provision has been made for Federal income taxes, as the taxable income of the Company is included in the income tax returns of the member.

Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Management determines that the estimates utilized in preparing financial statements are reasonable and prudent. Actual results could differ from those estimates.

CMCJL, L.L.C.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

DECEMBER 31, 2002

NOTE 2 – MINIMUM CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (15c3-1), and has elected to use the basic method as permitted by this rule. Under this rule, the Company is required to maintain "net capital" equal to \$ 100,000. At December 31, 2002 the Company had net capital and net capital requirements of \$1,980,226 and \$100,000, respectively.

NOTE 3 – TRADING ACTIVITIES

The Company trades in exchange traded equities and equity options contracts. The net trading (loss) from these activities for the year ended December 31, 2002 was (\$ 606,280).

The fair value of derivatives represents long and short options contracts at market value. The following table discloses the approximate fair values of derivative financial instruments held for trading as of December 31, 2002, as well as the approximate quarterly average fair values of derivatives held during 2002:

	December 31, 2002	Average During 2002
Options held	\$ 12,000,000	\$ 3,000,000
Options written	\$ 67,000,000	\$ 21,000,000

NOTE 4 – FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET RISK
AND CONCENTRATION OF CREDIT RISK

In the normal course of business the Company enters into transactions in derivative financial instruments and other financial instruments with off-balance sheet risk which include exchange-traded equity options contracts and short stocks.

Options contracts grant the purchaser, for the payment of a premium, the right to either purchase from or sell to the writer a specified instrument under agreed terms. As a writer of options contracts, the Company receives a premium in exchange for bearing the risk of unfavorable changes in the price of the securities underlying the options.

CMCJL, L.L.C.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

DECEMBER 31, 2002

Securities sold, not yet purchased, represent obligations of the Company to deliver specified securities and thereby create a liability to repurchase the securities in the market at prevailing prices. These transactions may result in off-balance sheet risk as the Company's ultimate obligation to satisfy its obligation for securities sold, not yet purchased may exceed the amount recognized in the statement of financial condition.

All financial instruments with off-balance sheet risk and other derivative financial instruments are held for trading purposes. Risk arises from the potential inability of counter parties or exchanges to perform under the terms of the contracts (credit risk) and from changes in the values of securities, interest rates, currency exchange rates or equity index values (market risk).

The contractual or notional amounts related to derivative financial instruments reflect the volume and activity and do not reflect the amounts at risk. At December 31, 2002, the contract or notional amounts of derivative financial instruments used for trading purposes were as follows:

	<u>Millions</u>
Options held	\$ 21
Options written	\$ 77

In management's opinion, the market risk is substantially diminished when all financial instruments, including stocks owned and sold, not yet purchased, are aggregated.

At December 31, 2002, a significant credit concentration consisted of the total net equity of the Company with the Company's clearing broker, First Options of Chicago, Inc. (FOC). Management does not consider any credit risk associated with this net receivable to be significant.

CMCJL, L.L.C.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

DECEMBER 31, 2002

NOTE 5 – CLEARING AGREEMENT

The Company has a Joint Back Office (JBO) clearing agreement with FOC. As part of this agreement, the Company has invested \$10,000 in the preferred shares of FOC. The Company's investment in FOC is reflected as securities owned not readily marketable in the statement of financial condition. Under the rules of the Chicago Board Options Exchange (the "CBOE"), the agreement requires that the Company maintain a minimum net liquidating equity of \$1 million with FOC, exclusive of the preferred stock investment.

**INDEPENDENT AUDITORS' REPORT
ON INTERNAL CONTROL**

To the Members of
CMCJL, L.L.C.

In planning and performing our audit of the financial statements CMCJL, L.L.C. (the "Company") for the year ended December 31, 2002, we considered its internal control structure, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by Rule 17A-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), (1) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the reserve required by Rule 15c3-3(e); and (2) in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13. We did not review the practices and procedures followed by the Company in complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principals. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

Our review indicated that the Company, although not exempt from Rule 15c-3-3, had no reporting requirements because it did not transact a business in securities directly with or for other than members of a national securities exchange and did not carry margin accounts, credit balances or securities for any person defined as a "customer" pursuant to Rule 17a-5(c)(4) and that, as of December 31, 2002, no facts came to our attention to indicate that such conditions were not complied with during the period.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2002 to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC, the Chicago Board Options Exchange, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
