We have audited the accompanying statement of financial condition of Oien Securities, Inc. as of December 31, 2002 and the related statements of income, cash flows and changes in stockholder's equity for the year then ended. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly in all material respects, the financial position of Oien Securities, Inc. as of December 31, 2002 and the results of its operations and cash flows for the year then ended, in conformity with generally accepted accounting principles.

We have also examined the supplementary schedules 1 through 3 and in our opinion, they present fairly the information included therein in conformity with rules of the Securities and Exchange Commission.

**OIEN SECURITIES, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2002**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

A summary of the Company's significant accounting policies consistently applied in the preparation of the accompanying financial statement follows:

**BUSINESS ACTIVITY**

The Company is a NASD licensed broker-dealer. Its customers are all financial institutions and all trades are done on a riskless principal or agency basis. All securities transactions and related brokerage and clearing costs are recorded on a trade date basis.

The Company acts as an introducing broker-dealer, whereby all security transactions are cleared on a fully-disclosed basis with a clearing broker. The clearing broker-dealer receives and disburses all funds and maintains all customer records on behalf of the Company. The clearing broker remits the commissions net of its brokerage and clearing fees to the company.

**USE OF ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**PROPERTY AND EQUIPMENT**

Equipment and furniture is stated at cost. The Company provides for depreciation over the useful life of five years, using an accelerated method of depreciation.

**INCOME TAXES**

The Company has elected to be taxed under the provision of Subchapter S of the Internal Revenue Code and the corresponding provisions of the California Revenue and Taxation code. Under those provisions, the Company does not pay federal corporate income taxes on its taxable income. For California purposes, the Company pays a franchise tax at the rate of 1.5% of its taxable income. The shareholder is liable for individual federal and California income taxes on his share of the Company's taxable income respectively.

**2. CONCENTRATIONS OF CREDIT RISKS**

Financial instruments which potentially subject the company to concentrations of credit risk are primarily cash amounts due from clearing brokers and deposits held by the clearing broker. The company uses one broker for maintaining its clearance account which also holds the deposit. The value of cash and securities held by the broker exceed the mandated coverage provided by SIPC funded by broker/dealers.

**OIEN SECURITIES, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2002**

**3. DEPOSIT WITH CLEARING BROKER**

The company is required to maintain a deposit with it's clearing broker. The deposit held by the clearing broker consists of the following at December 31, 2002:

Cash and Cash Equivalents	\$424,134
U.S. Treasury Bonds and Notes with maturities ranging from August 15, 2017 to August 15, 2025. The Company intends to hold these securities to maturity and the amounts are shown at amortized cost.	<u>146,468</u>
Total	<u>\$570,602</u>

At December 31, 2002 the aggregate fair value of the U.S. Treasury securities was \$178,012 and the unrealized gain was \$31,544.

**4. INVESTMENT IN MUTUAL FUNDS**

The investment in mutual funds is classified as available for sale and are shown at fair value. The unrealized loss at December 31, 2002 is included in Other Comprehensive Income as a separate component of Stockholder's Equity.

**5. LEASE COMMITMENTS:**

The Company is obligated under a lease commitment for the premises it occupies to October 31, 2004. There is a renewal option for three additional years. The annual minimum cost of living increases are no less than 3%.

Minimum Annual Lease Payments are as follow:

2003	\$ 15,714
2004	<u>13,420</u>
	<u>\$ 29,134</u>

**6. NET CAPITAL REQUIREMENT**

The company is subject to the Uniform Net Rule (15c-3-1) of the Securities and Exchange Commission which requires the maintenance of minimum net capital and requires the ratio of aggregate indebtedness to net capital both as defined, shall not exceed 15 to 1. At December 31, 2002 the Company had net capital of \$850,645 which was \$750,645 in excess of its required net capital of \$100,000. Its ratio for aggregate indebtedness to net capital was .14 to 1.

OIEN SECURITIES, INC.  
 COMPUTATION OF NET CAPITAL UNDER RULE 15c3-1

To the Board of Directors  
Oien Securities, Inc.  
127 Torrance Blvd., Suite 101  
Redondo Beach, California 90277

In planning and performing our audit of the financial statements of Oien Securities, Inc. for the year ended December 31, 2002 we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g) (1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by Oien Securities, Inc. that we considered relevant to the objectives stated in rule 17a-5(g), (1) to make the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a3(a) (11) and the reserve required by rule 15c3-3(e); (2) to make the quarterly securities examinations, counts, verifications, and comparisons and the recordation of difference required by rule 17a-13; (3) to comply with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (4) to obtain and maintain physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3.

The Company operates on a fully disclosed basis with other brokerage firms who confirm, carry and clear all security transactions for customers introduced by Oien Securities, Inc. thereby exempting the company from compliance with Rule 15c3-3 and 17a-13.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraphs. In fulfilling this responsibility, management is required to make estimates and judgments to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraphs and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. The objective of an internal control structure and of the practices and procedures is to provide management with reasonable, but not absolute, assurance (1) that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and (2) that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the AICPA. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that the practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and the related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purpose. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2002 to meet the Commission's objectives.

This report is intended solely for the use of management and the Securities and Exchange Commission and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
