This consolidated statement of financial condition is the responsibility of the Company's management. Our responsibility is to express an opinion on this consolidated statement of financial condition based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Nature of operations

Electronic Trading Group, L.L.C. and Subsidiaries (collectively the "Company") is headquartered in New York City. Electronic Trading Group, L.L.C. ("ETG") was organized under the laws of the State of Illinois as a limited liability company. ETG is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is also a member of the National Association of Securities Dealers, Inc. (NASD). At December 31, 2002, ETG operates from 23 locations in 11 states.

ETG primarily engages in the trading of equities, equity options, and futures traded on U.S. exchanges. ETG's use of equity options and futures is limited primarily to hedging strategies. In addition, ETG provides brokerage services to individuals and introduces all customers' securities business to its clearing broker-dealers on a fully disclosed basis. ETG has a joint back office agreement with the clearing brokers.

ETG has two majority owned subsidiaries, ETG Proprietary Trading, LLC (ETG Prop.) and K + K Securities, LLC (K+K). ETG Prop. primarily engages in the trading of equities, equity options, and futures traded on U.S. exchanges for its proprietary accounts. K + K plans to engage in personalized service consulting for start-up hedge funds.

ETG Prop. and K + K do not carry accounts for customers or perform custodial functions related to securities. Additionally, they clear their securities transactions on a fully disclosed basis through their clearing brokers.

ETG's member structure includes Class A interests (which includes "Member-Managers"), Class B interests, and Class C interests. The Member-Managers shall determine to what extent distributions of profits and capital shall be made to members. The member structure also includes Class Aa interests and provides that at least 50% of any allocation of Class A or Class Aa profit shall be distributed to those members.

2. Summary of significant accounting policies

Principles of Consolidation

The consolidated financial statements include the accounts of ETG, ETG Prop. and K + K. All significant inter-company transactions and balances have been eliminated in consolidation.

Revenue and Expense Recognition from Securities Transactions

Securities transactions and the related income and expenses are recorded on the trade-date basis.

Securities Owned and Securities Sold, Not Yet Purchased, at Market

All securities owned and securities sold, not yet purchased are valued at market and unrealized gains and losses are reflected in revenues.

Guaranteed Payments to Members

Guaranteed payments to members that are intended as compensation for services rendered are accounted for as expenses rather than as allocations of net income.

Actual results could differ from those estimates.
