INDEPENDENT AUDITOR'S REPORT

To the Members of
H & L Equities, LLC
Atlanta, Georgia

I have audited the accompanying statement of financial condition of H & L Equities, LLC as of December 31, 2002, and the related statements of operations and changes in members' equity and cash flows for the year ended December 31, 2002. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of H & L Equities, LLC as of December 31, 2002, and the results of its operations and cash flows for the year ended December 31, 2002, in conformity with generally accepted accounting principles in the United States of America.

My audit was made for the purpose of forming an opinion on the basic financial statements, taken as a whole. The information contained in Schedules 1, 2, 3 and 4 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and in my opinion, is fairly stated in all material respects in relation to the basic financial statements, taken as a whole.

**INDEPENDENT AUDITOR'S REPORT ON
INTERNAL CONTROL STRUCTURE**

To the Members of
H & L Equities, LLC
Atlanta, Georgia

In planning and performing my audit of the financial statements and supplemental schedules of H & L Equities, LLC, for the year ended December 31, 2002, I considered its internal control in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), I also made a study of the practices and procedures followed by the Company including tests of such practices and procedures that I considered relevant to the objectives in rule 17a-5(g) in making periodic computations of Aggregate Indebtedness and Net Capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. I did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13 or in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objective. Two of the objectives of an internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

**INDEPENDENT AUDITOR'S REPORT ON
INTERNAL CONTROL STRUCTURE
(CONTINUED)**

Because of inherent limitations in any internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

However, I noted a certain matter, described in the following paragraph, involving the internal control and its operation that I consider to be a reportable condition under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to my attention relating to significant deficiencies in the design or operation of the internal control that, in my judgment, could adversely affect the organization's ability to record, process, summarize, and report financial data consistent with the assertions of the management in the financial statements.

There is an inherent, inadequate segregation of duties, due to the small nature of the Company.

A material weakness is a reportable condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are considered to be material weaknesses as defined above. However, the reportable condition described above is not believed to be a material weakness.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and my study, I believe that the Company's practices and procedures were adequate at December 31, 2002, to meet the Commission's objective.

**INDEPENDENT AUDITOR'S REPORT ON
INTERNAL CONTROL STRUCTURE
(CONCLUDED)**

This report is intended solely for the use of management, the SEC, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.
