ACCOUNTANT

REPORT OF INDEPENDENT ACCOUNTANT

Board of Directors
Amerivet Securities, Inc.
Los Angeles, California

I have audited the accompanying statement of financial condition of Amerivet Securities, Inc. as of December 31, 2002 and related statements of income, cash flows, and changes in shareholders' equity and changes in subordinated liabilities for the year then ended. These financial statements are being filed pursuant to Rule 17a-5 of the Securities Exchange Act of 1934 and include the supplemental schedule of the net capital computation required by rule 15c3-1.

These financial statements are the responsibility of Amerivet Securities, Inc.'s management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with the generally accepted auditing standards in the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, such financial statements referred to above present fairly, in all material respects, the financial condition of Amerivet Securities, Inc. as of December 31, 2002 and the results of its operations, cash flows and stockholder's equity for the year then ended in conformity with the accounting principles generally accepted in the United States.

The accompanying financial statements have been prepared assuming that Amerivet Securities, Inc. will continue as a going concern. As discussed in Note 1 to the financial statements, the Company's ability to generate sufficient cash flows to meet its obligations, either through future revenues and/or additional debt or equity financing, cannot be determined at this time. In addition, the Company has stopped trading because of its Net Capital deficiency. Management's plans in regard to these matters are also described in Note 1. These financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classification of liabilities that might be necessary in the event the Company cannot continue in existence.

AMERIVET SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2002

NOTE 1 - BUSINESS AND ABILITY TO CONTINUE IN EXISTENCE

Amerivet Securities, Inc. (the Company), was incorporated on August 1993 and is a registered broker-dealer in securities under the Securities Exchange Act of 1934. The Company became a member of the NASD on May 13, 1994.

The Company, in connection with its activities as a broker-dealer, holds no funds or securities for customers. The Company executes and clears all of its transactions through a clearing broker-dealer on a fully disclosed basis and accordingly, is exempt from the provisions of Rule 15c3-3 under subparagraph (k)(2)(ii).

The Company is in violation of Net Capital Required by Rule 15c3-1 and has stopped trading at the end of August 31, 2002. The only source of income currently is from mutual fund trailers and consulting agreements with the California State Controller's office. The principal of the firm has been called to active military duty and has been out of the country for the greater part of 2002. Management is currently negotiating an infusion of capital in return for an equity position.

NOTE 2 - USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 - INCOME TAXES

The Company has a net Federal operating loss carry forward NOL of approximately \$188,000 which can be used through years 2003 - 2018. The State income tax is a minimum requirement of \$800. The NOL is being used to off-set current year income.

AMERIVET SECURITIES, INC.
SCHEDULE OF OPERATING EXPENSES
FOR THE YEAR ENDED DECEMBER 31, 2002

OPERATING EXPENSES

Commissions	\$ 26,107
Clearing broker fees	5,014
Legal and accounting	1,500

PART II

AMERIVET SECURITIES, INC.

STATEMENT OF INTERNAL CONTROL

DECEMBER 31, 2002

ELIZABETH CERTIFIED
TRACTENBERG PUBLIC
ACCOUNTANT

REPORT OF INDEPENDENT ACCOUNT
ON INTERNAL ACCOUNTING CONTROL REQUIRED BY SEC Rule 17a-5

Board of Directors
Amerivet Securities, Inc.
Los Angeles, California

In planning and performing my audit of the financial statements of Amerivet Securities, Inc. (the "Company") for the year ended December 31, 2002, I have considered its internal control structure, including procedures for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements, and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, I have made a study of the practice and procedures (including tests of compliance with such practices and procedures) followed by the Company that I considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. I did not review the practices and procedures followed by the company: (1) in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13;(2) in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System; or (3) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of an internal control structure and the practices procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Rule 17a-5(g) lists additional objectives of the practice and procedures listed in the preceding paragraph

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

It has come to my attention that the NASD has brought forth, in the past, disciplinary actions against the Company for failure to maintain sufficient minimum net capital and for failing to timely file Form G-37 in connection with four municipal securities underwritings sold on a firm commitment basis. The Company has failed to report customer complaints and continued to engage in a securities business when its net capital was below the required minimum three times during the year 1997 and failing to develop and maintain a written training plan for the firm's covered registered persons. The NASD on a number of occasions requested that the Company take steps to correct the firm's use of cash basis accounting, maintenance of customer account files and other supervisory procedures be improved. I continue to impress upon the Company's principal the importance of accrual basis accounting and proper record keeping.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under the standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relationship to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters during the year ending December 31, 2002 involving the accounting system and control procedures that I consider to be material weaknesses as defined above. In addition, with the exception noted in the above paragraph, Company, was in compliance with the exemptive provisions of Rule 15c3-3 as of December 31, 2002 and no facts came to my attention indicating that such conditions had not been complied with during the year then ended.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at December 31, 2002 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc., and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934, and should not be used for any other purpose.

Elizabeth Tractenberg, CPA
