PROXY STATEMENT

FOR ANNUAL MEETING OF SHAREHOLDERS

May 13, 2003

SOLICITATION OF PROXIES

This Proxy Statement is being furnished to the shareholders of SkyWest, Inc., a Utah corporation (the "Company"), in connection with the solicitation by the Board of Directors of the Company of proxies from holders of outstanding shares of the Company's Common Stock, no par value (the "Common Stock"), for use at the Annual Meeting of Shareholders of the Company to be held Tuesday, May 13, 2003, and at any adjournment or postponement thereof (the "Annual Meeting"). This Proxy Statement, the Notice of Annual Meeting of Shareholders and the accompanying form of proxy are first being mailed to shareholders of the Company on or about April 14, 2003.

The Company will bear all costs and expenses relating to the solicitation of proxies, including the costs of preparing, printing and mailing to shareholders this Proxy Statement and accompanying materials. In addition to the solicitation of proxies by use of the mails, the directors, officers and employees of the Company, without receiving additional compensation therefor, may solicit proxies personally or by telephone or telegram. Arrangements will be made with brokerage firms and other custodians, nominees and fiduciaries for the forwarding of solicitation materials to the beneficial owners of the shares of Common Stock held by such persons, and the Company will reimburse such brokerage firms, custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in connection therewith.

VOTING

The Board of Directors has fixed the close of business on March 28, 2003 as the record date (the "Record Date") for determination of shareholders entitled to notice of and to vote at the Annual Meeting. As of the Record Date, there were issued and outstanding 57,645,478 shares of Common Stock. The holders of record of the shares of Common Stock on the Record Date entitled to be voted at the Annual Meeting are entitled to cast one vote per share on each matter submitted to a vote at the Annual Meeting.

Proxies

Shares of Common Stock which are entitled to be voted at the Annual Meeting and which are represented by properly executed proxies will be voted in accordance with the instructions indicated on such proxies. If no instructions are indicated, such shares will be voted FOR the election of each of the eight director nominees; FOR the ratification of the appointment of Ernst & Young LLP as independent public accountants for the fiscal year ending December 31, 2003; and, in the discretion of the proxy holders, as to any other matters which may properly come before the Annual Meeting. A shareholder who has executed and returned a proxy may revoke it at any time prior to its exercise at the Annual Meeting by executing and returning a proxy bearing a later date, by filing with the Secretary of the Company, at the address set forth above, a written notice of revocation bearing a later date than the proxy being revoked or by voting the Common Stock covered thereby in person at the Annual Meeting.

Vote Required

The presence of a majority of the issued and outstanding shares of Common Stock entitled to vote, represented in person or by proxy, is required for a quorum at the Annual Meeting. Holders of shares of Common Stock are entitled to one vote at the Annual Meeting for each share of Common Stock held of record on the Record Date. In the election of directors, shareholders will not be allowed to cumulate their votes. The eight nominees receiving the highest number of votes will be elected. Accordingly, abstentions and broker non-votes will not affect the outcome of the election. Under Utah law, the proposal to ratify the appointment of Ernst & Young LLP as the independent auditors of the Company will be approved if the votes cast in favor of the proposal exceed the votes cast in opposition. As a result, abstentions and broker non-votes will not affect the outcome of the voting on the proposal. Any other matter presented for approval by the shareholders at the Annual Meeting will generally be approved if the votes cast in favor of a matter exceed the votes cast in opposition. As a result, abstentions and broker non-votes generally will not affect the outcome of any such matter.

PROPOSAL NO. 1 — ELECTION OF DIRECTORS

The Board of Directors consists of nine directors. Henry J. Eyring, who is currently serving as a director, has elected not to stand for re-election as a director due to his acceptance of an overseas assignment. Accordingly, only eight directors will be elected at the Annual Meeting, leaving a vacancy on the Board of Directors to be filled by the Board of Directors as contemplated by the Company's By-Laws. Directors elected at the Annual Meeting will serve until the next annual meeting of shareholders and until their successors are duly elected and qualified. Shareholders do not have cumulative voting rights in the election of directors (each shareholder is entitled to cast one vote for each share held for each director). Unless authority is withheld, it is the intention of the persons named in the enclosed form of proxy to vote "FOR" the election as directors of the persons identified below as nominees for director. Each of the nominees is currently serving as a director. If the candidacy of any one or more of such nominees should, for any reason, be withdrawn, the proxies will be voted "FOR" such other person or persons, if any, as may be designated by the Board of Directors. The Board has no reason to believe that any nominee herein named will be unable or unwilling to serve.

AUDIT AND FINANCE COMMITTEE REPORT

The following is the report of the Audit and Finance Committee with respect to the Company's consolidated financial statements for the year ended December 31, 2002.

The Audit and Finance Committee assists the Board of Directors in fulfilling its oversight responsibilities by reviewing (i) the financial reports and other financial information provided by the Company to governmental or regulatory bodies, the public or other users, (ii) the Company's systems of internal accounting and financial controls and (iii) the annual independent audit of the Company's financial statements. The Committee is composed of four outside directors, each of whom is an independent director for purposes of the Marketplace Rules of the Nasdaq National Market. All members of the Committee are financially literate and the Chairman of the Committee has accounting or related financial management expertise.

Following the end of the year ended December 31, 2002, the Audit and Finance Committee reviewed and discussed the audited financial statements with the Company's management. The Committee also discussed with KPMG LLP, the independent public accountants of the Company for the year ended December 31, 2002, the matters required to be discussed by the American Institute of Certified Public Accountants' Statement on Auditing Standards ("SAS") 61, "Communication with Audit Committee." The Committee also received the written disclosures and a letter from KPMG LLP as required by Independence Standards Board's Standard No. 1, and has discussed with KPMG LLP the independence of KPMG LLP. In determining the independence of KPMG LLP, the Committee considered, among other factors, whether the non-audit services provided by KPMG LLP could impair the independence of KPMG LLP and concluded that such services were compatible with their independence.

Based upon the review and discussions referenced in the foregoing paragraphs, the Audit and Finance Committee recommended to the Board of Directors that the audited consolidated financial statements of the Company be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002.

AUDIT AND FINANCE COMMITTEE:

Sidney J. Atkin, Chairman
Ian M. Cumming
Mervyn K. Cox
Robert G. Sarver

Intentionally Left Blank

The Compensation Committee believes that each of these factors is integrally important to the long-term financial success of the Company. In designing and implementing the individual components of the Company's executive compensation program, the Company seeks a balance among these factors that will vary depending on the level of policy-making and operational responsibility of the executive. The Compensation Committee and senior management annually review the structure of the Company's executive compensation program to ensure that these goals are being accomplished.

Executive Compensation Program

The components of the Company's current executive compensation program include salary, annual cash incentive bonus awards and long-term incentive plans in the form of stock option plans and deferred compensation plans.

Salaries and Cash Incentive Bonus Awards

The Compensation Committee establishes the salaries and bonus awards for all executive officers, except the CEO, whose salary and annual bonus award it recommends for approval by the full Board. The salary and bonus award levels are established and adjusted annually based on factors such as competitive trends, annual inflation rates, overall financial performance of the Company and individual performance of the executive officers. The base salary for the executive officers is generally fixed below industry average levels with the opportunity to receive annual bonuses that would make total compensation comparable. The Company's annual bonus awards to its executive officers, some of which are reflected in the Summary Compensation Table, are based on the financial performance of the Company together with subjective and objective performance criteria.

At the beginning of each fiscal year, the Compensation Committee establishes cash bonus award guidelines based on the Company's earnings. Commencing in 1999, the Company adopted an incentive plan for all officers, including executive officers, pursuant to which a bonus was paid to the Company's President, two Executive Vice Presidents, and ten Vice Presidents and other management personnel; subject, however, to the discretionary authority of the Board of Directors and the Compensation Committee to vary the amounts or percentages paid based on extraordinary performance, achievement of (or failure to achieve) objectives and other similar factors. For the year ended December 31, 2002, bonuses were paid to the Company's officers based on the incentive plan as adopted. A separate incentive bonus plan, paid quarterly, was in effect for all other employees employed at least two years.

Employee Retirement Plan — 401(k)

The Company maintains the SkyWest Airlines Employee Retirement Plan (the "Retirement Plan"), which is a defined contribution plan, for the benefit of employees who have completed at least 90 days of service with the Company. The Retirement Plan is qualified under Sections 401(a) and (k) of the Internal Revenue Code (the "Code").

The Retirement Plan provides for pre-tax participant contributions and matching contributions by the Company, subject to the requirements of Section 401(k) of the Code. The Company may also make discretionary contributions for participants without regard to participant contributions. The Company's combined contributions to the Retirement Plan were \$7,466,000 for the year ended December 31, 2002. The Company's officers are not eligible to participate in matching contributions made by the Company under the Retirement Plan.

Separate accounts are maintained for all contributions and directed by participants among 16 types of investment funds. All contributions to a participant's account under the Retirement Plan are non-forfeitable. The Retirement Plan permits certain withdrawals and loans during service. Distributions from the Retirement Plan are made upon termination either in a lump sum or in annual installments over a period of up to ten years (but in no event over a period exceeding five years following a participant's death).

REPORT OF THE COMPENSATION COMMITTEE

Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act that incorporate by reference, in whole or in part, subsequent filings, including, without limitation, this Proxy Statement, the following Report of the Compensation Committee and the Performance Graph set forth on page 14 hereof shall not be deemed to be incorporated by reference into any such filings.

The rules of the SEC addressing disclosure of executive compensation in proxy statements require the Compensation Committee to include in this Proxy Statement a report from the Compensation Committee addressing, with respect to the most recently completed fiscal period, (a) the Company's policies regarding executive compensation generally, (b) the factors and criteria considered in setting the compensation of the Company's Chief Executive Officer, Jerry C. Atkin, and (c) any relationship between such compensation and the Company's performance.

The Company's executive compensation program is administered by the Compensation Committee, which is responsible for establishing the policies governing the Company's compensation program and the amount of compensation for each of the Company's executive officers. The Compensation Committee has oversight responsibility for all executive compensation and executive benefit programs of the Company.

Compensation Committee Report on Executive Compensation

The Compensation Committee regularly reviews and approves decisions with respect to compensation of the Company's officers and other employees. The Board of Directors has appointed four of its non-employee members to serve on the Compensation Committee and empowered the Compensation Committee to:

- Recommend to the Board CEO compensation;
- Approve all other executive officer compensation;
- Approve Company-wide and executive officer incentive/bonus plans, and profit sharing/retirement contributions;
- Review Company compensation packages as a whole; and
- Administer the Company's various stock-based incentive plans.

Executive Compensation Policies

The Company's executive compensation policies, as endorsed by the Compensation Committee, have been designed to provide a balanced compensation program that will assist the Company in its efforts to attract, motivate and retain talented executives who the Compensation Committee and senior management believe are important to the Company's long-term financial success. The Company seeks to accomplish this goal by providing a compensation program that, in the judgment of the Compensation Committee and senior management:

- is competitive with compensation programs offered by the Company's primary competitors and by other comparable companies;
- integrates certain compensation elements with the Company's financial performance by linking an incentive plan to the Company's net income as well as other corporate and operational goals; and
- links certain compensation elements with an opportunity to own Common Stock so that Company executives will have a personal interest in the increase in share value and, as a result, have common interests with the Company's shareholders.

officers' current salary and the overall performance of the Company. The Compensation Committee attempts to award options in an amount that will provide executive officers with options that will have a value in the future equal to a targeted percentage of the officers' base salaries if the Company's performance goals are met during the vesting period.

Chief Executive Officer Compensation

Using the process and criteria discussed above, effective January 1, 2002 the Compensation Committee recommended and the Board established Jerry C. Atkin's annual base salary at \$315,000 and established guidelines for the payment of an annual bonus award, based on the Company's net income and also subject to achieving other non-financial objectives. Effective March 1, 2003, consistent with compensation reductions effected among the Company's senior management, Mr. Atkin's base salary was reduced 20% to \$267,200. After the end of the year ended December 31, 2002, the Compensation Committee awarded Mr. Atkin a \$401,739 bonus based on the Company's performance during the year. The Compensation Committee also awarded to Mr. Atkin options to purchase up to 104,000 shares of Common Stock, based on the criteria described above.

Executive Deferred Compensation Plan

The Company's Executive Deferred Compensation Plan (the "Deferred Compensation Plan") was adopted by the Compensation Committee on August 7, 1990 and became effective January 1, 1991. Under the terms of the Deferred Compensation Plan, the Company contributed to the Deferred Compensation Plan twelve percent of the compensation paid to the officers of the Company during the prior calendar year. Under the Deferred Compensation Plan, the Company maintains split dollar life insurance policies on the lives of participants. The officer is the owner of the policy and the Company is responsible for payment of premiums. The premiums are recoverable by the Company and will be paid to each participant as deferred compensation following termination of employment. The earnings under the policies and death proceeds of policies will be paid to participants or to a designated beneficiary. Participants in the Deferred Compensation Plan are not eligible for matching contributions under the Company's Retirement Plan. Effective December 1, 2002, in connection with the Company's adoption of the SkyWest, Inc. 2002 Deferred Compensation Plan described in the following paragraph, the Company suspended further funding of the Deferred Compensation Plan.

2002 Deferred Compensation Plan

Effective December 1, 2002, the Board of Directors adopted the SkyWest, Inc. 2002 Deferred Compensation Plan (the "2002 Deferred Compensation Plan"). The principal purpose of the 2002 Deferred Compensation Plan is to provide deferred compensation to executive employees of the Company, including the Company's Chief Executive Officer, who are designated by the Compensation Committee. Under the 2002 Deferred Compensation Plan, each participating executive is permitted to irrevocably elect to defer the receipt of all or a portion of his or her compensation related to the applicable plan year, subject to reductions required to satisfy tax withholding requirements. In addition, the Company may make discretionary contributions to the participating executives' accounts. For the year ending December 31, 2002, the Company contributed to the 2002 Deferred Compensation Plan twelve percent of the compensation paid to participating executives during the year. Participants in the 2002 Deferred Compensation Plan are not eligible for matching contributions under the Retirement Plan. Accounts maintained under the 2002 Deferred Compensation Plan represent unfunded obligations of the Company to pay to each participating executive his or her applicable account balances upon the termination of his or her participation in the 2002 Deferred Compensation Plan, the termination of the 2002 Deferred Compensation Plan or the occurrence of other specified events such as the participating executive's death or a change in control of the Company.

Stock Option Plans

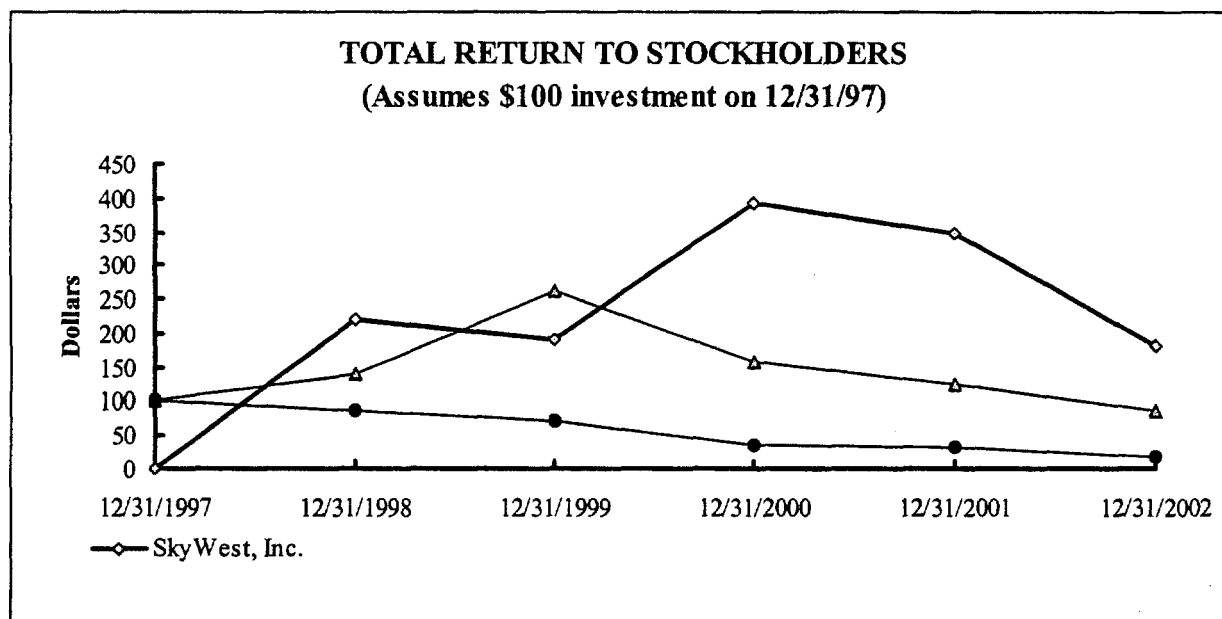

The Company's Amended and Combined Incentive and Non-statutory Stock Option Plan was adopted by the Board of Directors in April 1991 (the "1991 Plan") and approved by the shareholders of the Company in August 1991. The Plan provided for the grant of options to purchase shares of Common Stock, which were either incentive stock options ("Incentive Stock Options"), as that term is defined in the Code, or non-statutory stock options ("Non-statutory Options").

In August 2000, the Company's shareholders approved the adoption of the SkyWest, Inc. Executive Stock Incentive Plan (the "Executive Plan"). The Executive Plan became effective January 1, 2001. The Executive Plan replaced the 1991 Plan; however, all outstanding options under the 1991 Plan as of January 1, 2001 remained outstanding but no further grants have been or will be made under the 1991 Plan. The Executive Plan provides for the issuance of up to 4,000,000 shares of Common Stock to officers, directors and other management employees.

The Compensation Committee has complete authority to determine the persons to whom and the time or times at which grants of options under the Executive Plan will be made, whether such options will be Incentive Stock Options or Non-statutory Options, the exercise price, term, restrictions on exercise and transferability and vesting schedules, all of which are set forth in a Stock Option Agreement. In no event, however, may the exercise price of an Incentive Stock Option be less than the fair market value of a share of Common Stock on the date of grant or exercisable after the expiration of ten years from the date of grant and no option may be exercisable before six months have lapsed from the date of grant (except in the case of death or disability). In considering the grant of options to executive officers, the Compensation Committee takes into consideration such factors as the projected value of the Common Stock in the future based on the Company achieving its performance goals, the executive

PROPOSAL NO. 2 -- RATIFICATION OF SELECTION OF AUDITOR

The Audit Committee has selected the firm of Ernst & Young LLP ("Ernst & Young"), independent certified public accountants, to audit the consolidated financial statements of the Company for the fiscal year ending December 31, 2003, subject to ratification by the Company's shareholders. The independent auditor for the year ended December 31, 2002 was KPMG LLP ("KPMG"). The Board of Directors anticipates that one or more representatives of Ernst & Young will be present at the Annual Meeting and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions. The Board of Directors does not anticipate that any representatives of KPMG will be present at the Annual Meeting.

On March 31, 2003, the Company dismissed KPMG and, effective April 7, 2003, selected Ernst & Young to be its new independent auditor. Before Ernst & Young was engaged to render audit or non-audit services to the Company, the engagement of Ernst & Young was approved by the Audit Committee.

KPMG was appointed as the Company's independent auditor on June 24, 2002. There has been no disagreement between the Company and KPMG on any matter of accounting principles or practices, financial statement disclosure, auditing scope or procedure, which disagreement, if not resolved to KPMG's satisfaction, would have caused KPMG to make reference to the subject matter of such disagreement in connection with its reports, except as follows:

In connection with KPMG's review of the Company's consolidated financial statements as of and for the three- and nine-month periods ended September 30, 2002, certain adjustments to the Company's accounting for Canadair Regional Jet engine overhaul costs and related agreements were identified. The Company and KPMG initially disagreed as to the periods in which the adjustments should be recorded. As a result of discussions between the Company and KPMG, which involved the Company's Board of Directors and its Audit Committee, the disagreement was ultimately resolved through the restatement of certain prior period financial statements.

The Company has authorized KPMG to respond fully to any inquiries of any successor accountant concerning the subject matter of such disagreement. There have occurred no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K promulgated by the SEC.

The audit reports of KPMG on the Company's consolidated financial statements for the fiscal years ended December 31, 2002 and 2001 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles, except as follows:

KPMG's report on the Company's consolidated financial statements as of and for the year ended December 31, 2001 contained a separate paragraph stating that "the Company has restated the consolidated balance sheet as of December 31, 2001, and the related consolidated statements of income, stockholders' equity and comprehensive income, and cash flows and financial statement schedule for the year then ended, which consolidated financial statements and financial statement schedule were previously audited by other independent auditors who have ceased operations."

KPMG's report on the Company's consolidated financial statements as of and for the year ended December 31, 2002 contained a separate paragraph stating that "the Company changed its method of accounting for CRJ engine overhaul costs from the accrual method to the direct expense method in 2002."

During the two most recent fiscal years ended December 31, 2002 and 2001, and the subsequent interim period through April 7, 2003, the Company did not consult with Ernst & Young regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

The Board of Directors recommends that shareholders vote FOR ratification of the appointment of Ernst & Young as the Company's independent auditor.
