ASX Company Announcements Office

Notification of receipt of the first North American purchase order for supply of its award winning Safety Scalpels from Personna Medical.

OMI recently signed an agreement with Personna Medical, a division of the American Safety Razor Company, for the exclusive distribution of its innovative award winning Safety Scalpel throughout the USA, Canada, the Caribbean and Mexico.

OMI has now received the first order from Personna Medical for the supply of its award winning Safety Scalpel. This order exceeds \$250,000 and is scheduled for delivery in June.

Personna Medical will market the Safety Scalpel under the brand name 'Personna Safety Scalpel'

Earlier this month OMI's Safety Scalpel won an Australian Design Award in the industrial design category at the Australian Design Awards in Melbourne. The Awards recognise and reward excellence in Australian product design and innovation.

The Safety Scalpel features a blade encased in a protective cartridge. When in use, the cartridge slides down, exposing the blade but then slides back to completely cover the blade when not in use. The OMI award winning Safety Scalpel is unique in that it is the only Safety Scalpel in the world that can be supplied with a plastic or steel handle.

The OMI Safety Scalpel will be formally launched on the Australian market in July/ August and shortly afterwards throughout Europe.

A handwritten signature in black ink, appearing to read 'Bruce Kiehne', is written over a horizontal line.
