INDEPENDENT AUDITORS' REPORT

Board of Directors of
P. H. Glatfelter Company
York, Pennsylvania:

We have audited the accompanying statements of assets available for benefits of the Glatfelter 401(k) Savings and Profit Sharing Plan for Spring Grove Hourly Employees (formerly the P. H. Glatfelter Company 401(k) Savings and Profit Sharing Plan for Spring Grove Hourly Employees) (the "Plan") as of December 31, 2002 and 2001, and the related statements of changes in assets available for benefits for each of three years in the period ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the assets available for benefits of the Plan as of December 31, 2002 and 2001, and the changes in assets available for benefits for each of the three years in the period ended December 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

GLATFELTER 401(k) SAVINGS AND PROFIT SHARING PLAN FOR SPRING GROVE HOURLY EMPLOYEES

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2002, 2001 AND 2000

1. PLAN DESCRIPTION

General—The following description of the Glatfelter 401(k) Savings and Profit Sharing Plan for Spring Grove Hourly Employees, formerly the Profit Sharing Plan of the P. H. Glatfelter Company and the P. H. Glatfelter Pulp Wood Company (Spring Grove Hourly Group) (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan covers all eligible employees, as defined in the Plan, of the Spring Grove Division of P. H. Glatfelter Company, P. H. Glatfelter Pulp Wood Company and P. H. Glatfelter Company Neenah Division (the “Companies”), who have completed 1,000 hours of service within a twelve-month consecutive period.

Plan Amendment and Restatement—Effective January 1, 2001, the Plan was amended and restated in its entirety and renamed the Glatfelter 401(k) Savings and Profit Sharing Plan for Spring Grove Hourly Employees.

Contributions—Each participant may contribute up to 25%, (15% in 2001 and 2000) of their compensation as defined in the restated Plan through payroll reductions. The Companies will provide a matching contribution in an amount equal to 50% of each participant’s payroll reduction contributions, up to a maximum of 3% of the participant’s eligible compensation. Participants will continue to be able to contribute to the Plan a portion or all of their profit sharing allocation, subject to IRS mandated maximum contributions, in addition to any payroll deduction savings and matching contributions described above.

The Companies’ profit sharing allocations are funded based upon the profit sharing formula defined in the Plan document.

Each year, the Companies may contribute to the Plan a percentage, as defined in the Plan, of their current profits before profit sharing costs and income taxes. Participants may elect to receive in cash all or a portion of their total allocation of the Companies’ annual contribution as specified in the Plan. Participants may allocate contributions among available investment options (see Note 3).

All employer matching contributions are initially invested in shares of P. H. Glatfelter Company common stock. After the Companies’ matching contribution has been in the Plan at least 12 months, it may be redirected among the other investment options at the participant’s discretion.

Participant Accounts and Vesting—Payroll reduction contributions, rollover contributions, and profit-sharing deferral contributions are fully vested upon receipt by the Plan. Matching contributions are subject to a graded vesting schedule through which a participant becomes fully vested after attaining five years of service as follows:

Years of Vesting Service	Vesting Percentage
Less than 2 years	0 %
2 years	25
3 years	50
4 years	75
5 or more years	100

Investment income and market appreciation or depreciation are allocated monthly to the participants in the ratio that the balance in each participant's account bears to the total amount of all such account balances as of the end of the preceding month.

Plan Expenses—All of the administrative costs associated with the Plan are paid by the Companies, though it is permitted for those expenses to be paid by the Plan.

Loans—Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000, but in no case can a loan exceed 50% of the borrowing participant's vested account balance. Loans are secured by the balance in the participant's account. Generally, the Plan Administrator has applied interest at a rate of 1% above the prime rate at the time the loan is approved. The trustee of the Plan will determine whether the loan application is to be approved after an evaluation of all necessary documentation regarding the creditworthiness of the applicant. Loan terms range from one to five years, or up to 15 years if the loan is extended for the purchase of a primary residence. At December 31, 2002 and 2001, loans outstanding amounted to \$ 243,252 and \$197,507, respectively.

Administration—

Plan Sponsor: P. H. Glatfelter Company

Plan Administrator: The Board of Directors of the P. H. Glatfelter Company

Plan Trustee: Fidelity Management Trust Company

Under the provisions of ERISA, all of the above are "parties-in-interest."

Fees for employee loans are paid by the respective employee. All other administrative expenses are paid by the Company, though it is permitted for those expenses to be paid by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation—The financial statements of the Plan are presented on the accrual basis of accounting.

Investments—Investments are stated at fair value, valued at the last reported sales price, or if no sales price, at the closing bid price on the last business day of the period.

Income—Dividends declared on stock investments are recorded as income on the ex-dividend date. Interest on debt securities is recorded as earned on the accrual method.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

The Plan invests in various securities including mutual funds and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of assets available for Plan benefits.
