 9. If for any reason it is not possible to ascertain whether this Exercise Condition or any aspect thereof has been satisfied in respect of any Tranche, or if the Board, in its absolute discretion, determines that this Exercise Condition does not provide a fair measure of the relative actual performance of the Bank, the Board shall determine whether the Exercise Condition is deemed to have been satisfied having regard to the actual performance of the Bank.
 10. The Board in its absolute and unfettered discretion may waive this Exercise Condition.

. . .

**MACQUARIE BANK EMPLOYEE SHARE OPTION PLAN
APPENDIX TO THE APPLICATION FORM FOR OPTIONS
ISSUED TO**

VESTING PERIOD AND EXERCISE CONDITIONS FOR EXECUTIVE DIRECTORS

A. PERFORMANCE HURDLE

1. Subject to paragraph 5, the Vesting Periods in respect of the options referred to in the attached Application Form ("Options") granted under the Plan shall be as follows:
 - i) as to one third of the Options ("Tranche 1"), from the date of grant until 30 June 2004;
 - ii) as to another one third of the Options ("Tranche 2"), from the date of grant until 30 June 2005;
 - iii) as to the remaining one third of the Options ("Tranche 3"), from the date of grant until 30 June 2006.

Provided that where the foregoing Vesting Periods are modified under clause 2.8(a) of the Plan Rules, "Vesting Period" is a reference to the modified period.

2. A Tranche that has become vested pursuant to paragraph 1 may only be exercised in respect of the number of Options comprised in that Tranche that is permitted by the application of the formula set out in paragraph 3(ii).
3. (i) Subject to paragraph 9 and to clause 2.8(c) (Waiver of Exercise Condition) of the Plan Rules, the number of Options comprised in a Tranche permitted to be exercised at any time shall be determined by reference to the average annual Return on Ordinary Equity of the Bank calculated over the three most recent consecutive Financial Years of the Bank terminating on or before the Performance Date ("Bank's ROE"). The Bank's ROE will be compared as at the Performance Date with the average annual Return on Ordinary Equity calculated over the three most recent consecutive Financial Years terminating on or before the Performance Date of each of the companies from time to time comprised in the S&P/ASX 300 Industrials Index ("Comparators' ROE") for which relevant data is publicly available on the Performance Date.

In each case the ROE shall be calculated on a consistent and standard basis by ASX (or by any other organisation as determined by the Board).

- (ii) The number of Options permitted to be exercised in respect of any Tranche will be calculated as follows:

| Bank's ROE compared with the ranking of the Comparators' ROE is: | Proportion of Options comprised in each Tranche that is permitted to be exercised: |
|---|---|
| at or above the 50th percentile | all |

MACQUARIE BANK EMPLOYEE SHARE OPTION PLAN

APPENDIX TO THE APPLICATION FORM FOR OPTIONS ISSUED TO

VESTING PERIOD AND EXERCISE CONDITIONS FOR EXECUTIVE DIRECTORS

4. (i) Subject to paragraphs 4(ii) and (iii), for the purposes of paragraph 3(i) "Performance Date" in relation to a particular Tranche shall be the last day of the calendar quarter (ie 31 March, 30 June, 30 September or 31 December) which immediately precedes the day following the date of expiry of the Vesting Period applicable to that Tranche.
- (ii) If the application of the formula in paragraph 3(ii) results in the exercise not being permitted of any Options comprised in that Tranche by reference to the date referred to in paragraph 4(i), those Options shall remain vested and subsequent application(s) of the formula in paragraph 3(ii) shall be made on the last day of each calendar quarter (ie 31 March, 30 June, 30 September and 31 December), following the expiry of the Vesting Period until either all of the Options in that Tranche are permitted to be exercised or the expiration of the Option Period, whichever is the earlier. In each such case "Performance Date" shall mean the last day of the relevant calendar quarter.
- (iii) In circumstances where paragraph 5 is applicable, "Performance Date" shall mean the date of the Relevant Event.
5. If a Relevant Event occurs prior to the expiry of the Vesting Period applicable to a particular Tranche, the Vesting Period in respect of that Tranche shall be deemed to have expired on the day immediately prior to the date of the Relevant Event.
6. For the purposes of paragraph 5, "Relevant Event" means the granting of written approval by the Committee pursuant to clause 10.2 (Death) of the Plan Rules, the deciding by the Committee pursuant to clause 10.3 (Termination of Employment) of the Plan Rules that an Option does not lapse, the occurrence of a Change of Control, and the commencement of a Takeover Period. In the case of the last two of these Relevant Events, the periods during which the Options may be exercised, if at all, shall be as provided in the Plan Rules.
7. For the purposes of paragraph 3 above, "Financial Year" means the financial year adopted by the Bank or a company or other entity ("entity") comprised in the S&P/ASX 300 Industrials Index for the purpose of making up the profit and loss account and balance sheet of the Bank or company or entity pursuant to the Corporations Law or, where appropriate, equivalent legislation applicable to an entity.
8. Unless the context otherwise requires, the provisions of clause 1 (Interpretation) of the Plan Rules apply to this Exercise Condition.
9. If for any reason it is not possible to ascertain whether this Exercise Condition or any aspect thereof has been satisfied in respect of any Tranche, or if the Board, in its absolute discretion, determines that this Exercise Condition does not provide a fair measure of the relative actual performance of the Bank, the Board shall determine whether the Exercise Condition is deemed to have been satisfied having regard to the actual performance of the Bank.
10. The Board in its absolute and unfettered discretion may waive this Exercise Condition.

B. EXERCISE FEE

It is a condition of the grant of these Options that the Appointor agree to pay to Macquarie Bank Limited ("the Bank") at the time of exercise of the Options, an Exercise Fee equivalent to the amount of any taxes or charges (including but not limited to National Insurance Contributions) which are or may become payable as a result of the exercise of the Options.

Unless the Board or the Executive Committee of the Bank have specifically resolved to waive this condition, Options may only be exercised on payment to the Bank of the Exercise Amount plus any Exercise Fee.

**MACQUARIE BANK EMPLOYEE SHARE OPTION PLAN
EXECUTIVE DIRECTOR APPLICATION FORM
(INCORPORATING DEED OF APPOINTMENT OF POWER OF ATTORNEY)**

BY THIS POWER OF ATTORNEY made on 2002,
I, (hereinafter called "the Appointor") **HEREBY NOMINATE CONSTITUTE AND APPOINT** for a period of three months from the date hereof, Dennis Leong and Joanne Hawkins, (hereinafter called "the Attorney(s)") jointly and each of them severally to be my true and lawful attorney or attorneys for me and on my behalf to enter into and to execute and deliver the documents, described in the Schedule hereto, with power to complete and fill up all blank spaces therein, and to make such alterations, deletions, amendments or additions thereto as may in the sole and absolute opinion of the Attorney(s) be desirable or necessary **AND THE APPOINTOR HEREBY INDEMNIFIES** the Attorney(s) in respect of any and all liabilities arising from anything lawfully done by any Attorney pursuant to this Power **AND THE APPOINTOR HEREBY AGREES** to ratify and confirm whatsoever the Attorney(s) or any of them shall lawfully do or cause to be done by virtue of the Power of Attorney, including anything which shall be lawfully done or caused to be done between the revocation of this Power of Attorney and the time of such revocation coming to the notice of the Attorney(s) or any of them: it being hereby stipulated that any person or corporation dealing with the Attorney(s) or any of them in good faith may accept a written statement by such Attorney(s) to the effect that they have no notice of revocation of this Power of Attorney as conclusive evidence of that fact.

SCHEDULE: A deed between the Appointor, Macquarie Bank Limited and Lacuna Nominees Pty. Limited, whereby Macquarie Bank Limited will grant the following Options:

1. The Number of Options:
2. Exercise Price per Option: \$
3. Vesting Period: The Vesting Periods in respect of the options referred to in the attached Application Form ("Options") granted under the Plan shall be as follows:
 - i) as to one third of the Options ("Tranche 1"), from the date of grant until 30 June 2004;
 - ii) as to another one third of the Options ("Tranche 2"), from the date of grant until 30 June 2005;
 - iii) as to the remaining one third of the Options ("Tranche 3"), from the date of grant until 30 June 2006.
4. Exercise Conditions: Refer Annexure
5. Options' Expiry Date: Five years from date of grant

to the Appointor to be held by Lacuna Nominees Pty Limited as nominee for the Appointor pursuant to a Prospectus dated 1 July 2002, a copy of which accompanied this form and have been read by me.

In addition, following introduction in May 2000 of the Deferred Exercise Share Option provisions into the Rules of the Macquarie Bank Employee Share Option Plan ("MBESOP"), I hereby grant an irrevocable power of attorney to the entity acting as Plan Company from time to time ("Plan Company") and to each of its officers. This power of attorney is limited to Shares held subject to Restrictions under the MBESOP and authorises the Plan Company and each of its officers to dispose of or otherwise deal with any Shares and to execute documentation on my behalf for the acquisition or disposal of Shares for the purposes of the MBESOP in accordance with the Rules of the MBESOP, noting that all terms used in this Power of Attorney have the same meaning as in the above Prospectus and the MBESOP Rules.

To enable full particulars to be completed by you on my behalf as required, my Tax File Number is disclosed to you for that purpose. My Tax File Number is [].

Please tick here to acknowledge that you have read and understood the privacy statement (Your Privacy) at the end of this Application Form and agree to information about you being collected, used and disclosed in accordance with that statement.

IN WITNESS WHEREOF this Power of Attorney has been duly executed as a deed on the day and in the year hereinbefore written.

MACQUARIE BANK EMPLOYEE SHARE OPTION PLAN APPLICATION FORM (INCORPORATING DEED OF APPOINTMENT OF POWER OF ATTORNEY)

BY THIS POWER OF ATTORNEY made on 2002,

I, (hereinafter called "the Appointor") HEREBY NOMINATE CONSTITUTE AND APPOINT for a period of three months from the date hereof, Dennis Leong and Joanne Hawkins, (hereinafter called "the Attorney(s)") jointly and each of them severally to be my true and lawful attorney or attorneys for me and on my behalf to enter into and to execute and deliver the documents, described in the Schedule hereto, with power to complete and fill up all blank spaces therein, and to make such alterations, deletions, amendments or additions thereto as may in the sole and absolute opinion of the Attorney(s) be desirable or necessary AND THE APPOINTOR HEREBY INDEMNIFIES the Attorney(s) in respect of any and all liabilities arising from anything lawfully done by any Attorney pursuant to this Power AND THE APPOINTOR HEREBY AGREES to ratify and confirm whatsoever the Attorney(s) or any of them shall lawfully do or cause to be done by virtue of the Power of Attorney, including anything which shall be lawfully done or caused to be done between the revocation of this Power of Attorney and the time of such revocation coming to the notice of the Attorney(s) or any of them: it being hereby stipulated that any person or corporation dealing with the Attorney(s) or any of them in good faith may accept a written statement by such Attorney(s) to the effect that they have no notice of revocation of this Power of Attorney as conclusive evidence of that fact.

SCHEDULE: A deed between the Appointor, Macquarie Bank Limited and Lacuna Nominees Pty. Limited, whereby Macquarie Bank Limited will grant the following Options:

- 1. The Number of Options:
- 2. Exercise Price per Option: **\$**
- 3. Vesting Period:
 - (a) as to one third of the Options, after the second anniversary of the date of commencement of relevant employment with the Macquarie Bank Limited Group;
 - (b) as to another one third of the Options, after the third anniversary of the date of commencement of relevant employment with the Macquarie Bank Limited Group; and
 - (c) as to the remaining one third of the Options, after the fourth anniversary of the date of commencement of relevant employment with the Macquarie Bank Limited Group.

4. Exercise Conditions: Exercise Fee
 It is a condition of the grant of these Options that the Appointor agree to pay to Macquarie Bank Limited ("the Bank") at the time of exercise of the Options, an Exercise Fee equivalent to the amount of any taxes or charges (including but not limited to National Insurance Contributions) which are or may become payable as a result of the exercise of the Options. Unless the Board or the Executive Committee of the Bank have specifically resolved to waive this condition, Options may only be exercised on payment to the Bank of the Exercise Amount plus any Exercise Fee.

5. Options' Expiry Date: Five years from date of grant

to the Appointor to be held by Lacuna Nominees Pty Limited as nominee for the Appointor pursuant to a Prospectus dated 1 July 2002, a copy of which accompanied this form and has been read by me.

In addition, following introduction in May 2000 of the Deferred Exercise Share Option provisions into the Rules of the Macquarie Bank Employee Share Option Plan ("MBESOP"), I hereby grant an irrevocable power of attorney to the entity acting as Plan Company from time to time ("Plan Company") and to each of its officers. This power of attorney is limited to Shares held subject to Restrictions under the MBESOP and authorises the Plan Company and each of its officers to dispose of or otherwise deal with any Shares and to execute documentation on my behalf for the acquisition or disposal of Shares for the purposes of the MBESOP in accordance with the Rules of the MBESOP, noting that all terms used in this Power of Attorney have the same meaning as in the above Prospectus and the MBESOP Rules.

To enable full particulars to be completed by you on my behalf as required, my Tax File Number is disclosed to you for that purpose. My Tax File Number is [].

Please tick here to acknowledge that you have read and understood the privacy statement (Your Privacy) at the end of this Application Form and agree to information about you being collected, used and disclosed in accordance with that statement.

IN WITNESS WHEREOF this Power of Attorney has been duly executed as a deed on the day and in the year hereinbefore written.

MACQUARIE BANK EMPLOYEE SHARE OPTION PLAN

**APPENDIX TO THE APPLICATION FORM FOR OPTIONS
ISSUED TO**

VESTING PERIOD AND EXERCISE CONDITIONS FOR EXECUTIVE DIRECTORS

1. Subject to paragraph 5, the Vesting Periods in respect of the options referred to in the attached Application Form ("Options") granted under the Plan shall be as follows:
 - (a) as to one third of the Options the period from the date of grant until the second anniversary of the date of commencement of relevant employment with the Macquarie Bank Limited Group;
 - (b) as to another one third of the Options, the period from the date of grant until the third anniversary of the date of commencement of relevant employment with the Macquarie Bank Limited Group; and
 - © as to the remaining one third of the Options the period from the date of grant until the fourth anniversary of the date of commencement of relevant employment with the Macquarie Bank Limited Group.
Provided that where the foregoing Vesting Periods are modified under clause 2.8(a) of the Plan Rules, "Vesting Period" is a reference to the modified period.
2. A Tranche that has become vested pursuant to paragraph 1 may only be exercised in respect of the number of Options comprised in that Tranche that is permitted by the application of the formula set out in paragraph 3(ii).
3.
 - (i) Subject to paragraph 9 and to clause 2.8(c) (Waiver of Exercise Condition) of the Plan Rules, the number of Options comprised in a Tranche permitted to be exercised at any time shall be determined by reference to the average annual Return on Ordinary Equity of the Bank calculated over the three most recent consecutive Financial Years of the Bank terminating on or before the Performance Date ("Bank's ROE"). The Bank's ROE will be compared as at the Performance Date with the average annual Return on Ordinary Equity calculated over the three most recent consecutive Financial Years terminating on or before the Performance Date of each of the companies from time to time comprised in the S&P/ASX 300 Industrials Index ("Comparators' ROE") for which relevant data is publicly available on the Performance Date.

In each case the ROE shall be calculated on a consistent and standard basis by ASX (or by any other organisation as determined by the Board).
 - (ii) The number of Options permitted to be exercised in respect of any Tranche will be calculated as follows:

| Bank's ROE compared with the ranking of the Comparators' ROE | Proportion of Options comprised in each Tranche that is permitted to be exercised: |
|---|---|
| is: | |
| at or above the 65th percentile | All |

MACQUARIE BANK EMPLOYEE SHARE OPTION PLAN
APPENDIX TO THE APPLICATION FORM FOR OPTIONS
ISSUED TO
VESTING PERIOD AND EXERCISE CONDITIONS FOR EXECUTIVE DIRECTORS

4. (i) Subject to paragraphs 4(ii) and (iii), for the purposes of paragraph 3(i) "Performance Date" in relation to a particular Tranche shall be the last day of the calendar quarter (ie 31 March, 30 June, 30 September or 31 December) which immediately precedes the day following the date of expiry of the Vesting Period applicable to that Tranche.
- (ii) If the application of the formula in paragraph 3(ii) results in the exercise not being permitted of any Options comprised in that Tranche by reference to the date referred to in paragraph 4(i), those Options shall remain vested and subsequent application(s) of the formula in paragraph 3(ii) shall be made on the last day of each calendar quarter (ie 31 March, 30 June, 30 September and 31 December), following the expiry of the Vesting Period until either all of the Options in that Tranche are permitted to be exercised or the expiration of the Option Period, whichever is the earlier. In each such case "Performance Date" shall mean the last day of the relevant calendar quarter.
- (iii) In circumstances where paragraph 5 is applicable, "Performance Date" shall mean the date of the Relevant Event.
5. If a Relevant Event occurs prior to the expiry of the Vesting Period applicable to a particular Tranche, the Vesting Period in respect of that Tranche shall be deemed to have expired on the day immediately prior to the date of the Relevant Event.
6. For the purposes of paragraph 5, "Relevant Event" means the granting of written approval by the Committee pursuant to clause 10.2 (Death) of the Plan Rules, the deciding by the Committee pursuant to clause 10.3 (Termination of Employment) of the Plan Rules that an Option does not lapse, the occurrence of a Change of Control, and the commencement of a Takeover Period. In the case of the last two of these Relevant Events, the periods during which the Options may be exercised, if at all, shall be as provided in the Plan Rules.
7. For the purposes of paragraph 3 above, "Financial Year" means the financial year adopted by the Bank or a company or other entity ("entity") comprised in the S&P/ASX 300 Industrials Index for the purpose of making up the profit and loss account and balance sheet of the Bank or company or entity pursuant to the Corporations Law or, where appropriate, equivalent legislation applicable to an entity.
8. Unless the context otherwise requires, the provisions of clause 1 (Interpretation) of the Plan Rules apply to this Exercise Condition.
9. If for any reason it is not possible to ascertain whether this Exercise Condition or any aspect thereof has been satisfied in respect of any Tranche, or if the Board, in its absolute discretion, determines that this Exercise Condition does not provide a fair measure of the relative actual performance of the Bank, the Board shall determine whether the Exercise Condition is deemed to have been satisfied having regard to the actual performance of the Bank.
10. The Board in its absolute and unfettered discretion may waive this Exercise Condition.

VESTING PERIOD AND EXERCISE CONDITIONS FOR EXECUTIVE DIRECTORS

A. PERFORMANCE HURDLES

1. Subject to paragraph 5, the Vesting Periods in respect of the options referred to in the attached Application Form ("Options") granted under the Plan shall be as follows:
- (a) as to one third of the Options the period from the date of grant until the second anniversary of the date of commencement of relevant employment with the Macquarie Bank Limited Group;
- (b) as to another one third of the Options, the period from the date of grant until the third anniversary of the date of commencement of relevant employment with the Macquarie Bank Limited Group; and
- © as to the remaining one third of the Options the period from the date of grant until the fourth anniversary of the date of commencement of relevant employment with the Macquarie Bank Limited Group.
- Provided that where the foregoing Vesting Periods are modified under clause 2.8(a) of the Plan Rules, "Vesting Period" is a reference to the modified period.
2. A Tranche that has become vested pursuant to paragraph 1 may only be exercised in respect of the number of Options comprised in that Tranche that is permitted by the application of the formula set out in paragraph 3(ii).
3. (i) Subject to paragraph 9 and to clause 2.8(c) (Waiver of Exercise Condition) of the Plan Rules, the number of Options comprised in a Tranche permitted to be exercised at any time shall be determined by reference to the average annual Return on Ordinary Equity of the Bank calculated over the three most recent consecutive Financial Years of the Bank terminating on or before the Performance Date ("Bank's ROE"). The Bank's ROE will be compared as at the Performance Date with the average annual Return on Ordinary Equity calculated over the three most recent consecutive Financial Years terminating on or before the Performance Date of each of the companies from time to time comprised in the S&P/ASX 300 Industrials Index ("Comparators' ROE") for which relevant data is publicly available on the Performance Date.

**APPENDIX TO THE APPLICATION FORM FOR OPTIONS
ISSUED TO GRAEME BARCLAY**

VESTING PERIOD AND EXERCISE CONDITIONS FOR EXECUTIVE DIRECTORS

4. (i) Subject to paragraphs 4(ii) and (iii), for the purposes of paragraph 3(i) "Performance Date" in relation to a particular Tranche shall be the last day of the calendar quarter (ie 31 March, 30 June, 30 September or 31 December) which immediately precedes the day following the date of expiry of the Vesting Period applicable to that Tranche.
- (ii) If the application of the formula in paragraph 3(ii) results in the exercise not being permitted of any Options comprised in that Tranche by reference to the date referred to in paragraph 4(i), those Options shall remain vested and subsequent application(s) of the formula in paragraph 3(ii) shall be made on the last day of each calendar quarter (ie 31 March, 30 June, 30 September and 31 December), following the expiry of the Vesting Period until either all of the Options in that Tranche are permitted to be exercised or the expiration of the Option Period, whichever is the earlier. In each such case "Performance Date" shall mean the last day of the relevant calendar quarter.
- (iii) In circumstances where paragraph 5 is applicable, "Performance Date" shall mean the date of the Relevant Event.
5. If a Relevant Event occurs prior to the expiry of the Vesting Period applicable to a particular Tranche, the Vesting Period in respect of that Tranche shall be deemed to have expired on the day immediately prior to the date of the Relevant Event.
6. For the purposes of paragraph 5, "Relevant Event" means the granting of written approval by the Committee pursuant to clause 10.2 (Death) of the Plan Rules, the deciding by the Committee pursuant to clause 10.3 (Termination of Employment) of the Plan Rules that an Option does not lapse, the occurrence of a Change of Control, and the commencement of a Takeover Period. In the case of the last two of these Relevant Events, the periods during which the Options may be exercised, if at all, shall be as provided in the Plan Rules.
7. For the purposes of paragraph 3 above, "Financial Year" means the financial year adopted by the Bank or a company or other entity ("entity") comprised in the S&P/ASX 300 Industrials Index for the purpose of making up the profit and loss account and balance sheet of the Bank or company or entity pursuant to the Corporations Law or, where appropriate, equivalent legislation applicable to an entity.
8. Unless the context otherwise requires, the provisions of clause 1 (Interpretation) of the Plan Rules apply to this Exercise Condition.
9. If for any reason it is not possible to ascertain whether this Exercise Condition or any aspect thereof has been satisfied in respect of any Tranche, or if the Board, in its absolute discretion, determines that this Exercise Condition does not provide a fair measure of the relative actual performance of the Bank, the Board shall determine whether the Exercise Condition is deemed to have been satisfied having regard to the actual performance of the Bank.
10. The Board in its absolute and unfettered discretion may waive this Exercise Condition.

B. EXERCISE FEE

It is a condition of the grant of these Options that the Appointor agree to pay to Macquarie Bank Limited ("the Bank") at the time of exercise of the Options, an Exercise Fee equivalent to the amount of any taxes or charges (including but not limited to National Insurance Contributions) which are or may become payable as a result of the exercise of the Options.

Unless the Board or the Executive Committee of the Bank have specifically resolved to waive this condition, Options may only be exercised on payment to the Bank of the Exercise Amount plus any Exercise Fee.

VESTING PERIOD AND EXERCISE CONDITIONS FOR EXECUTIVE DIRECTORS

1. Subject to paragraph 5, the Vesting Periods in respect of the options referred to in the attached Application Form ("Options") granted under the Plan shall be as follows:
 - (a) as to one third of the Options the period from the date of grant until the second anniversary of the date of commencement of relevant employment with the Macquarie Bank Limited Group;
 - (b) as to another one third of the Options, the period from the date of grant until the third anniversary of the date of commencement of relevant employment with the Macquarie Bank Limited Group; and
 - © as to the remaining one third of the Options the period from the date of grant until the fourth anniversary of the date of commencement of relevant employment with the Macquarie Bank Limited Group.
Provided that where the foregoing Vesting Periods are modified under clause 2.8(a) of the Plan Rules, "Vesting Period" is a reference to the modified period.

2. A Tranche that has become vested pursuant to paragraph 1 may only be exercised in respect of the number of Options comprised in that Tranche that is permitted by the application of the formula set out in paragraph 3(ii).

3. (i) Subject to paragraph 9 and to clause 2.8(c) (Waiver of Exercise Condition) of the Plan Rules, the number of Options comprised in a Tranche permitted to be exercised at any time shall be determined by reference to the average annual Return on Ordinary Equity of the Bank calculated over the three most recent consecutive Financial Years of the Bank terminating on or before the Performance Date ("Bank's ROE"). The Bank's ROE will be compared as at the Performance Date with the average annual Return on Ordinary Equity calculated over the three most recent consecutive Financial Years terminating on or before the Performance Date of each of the companies from time to time comprised in the S&P/ASX 300 Industrials Index ("Comparators' ROE") for which relevant data is publicly available on the Performance Date.

In each case the ROE shall be calculated on a consistent and standard basis by ASX (or by any other organisation as determined by the Board).

- (ii) The number of Options permitted to be exercised in respect of any Tranche will be calculated as follows:

| Bank's ROE compared with the ranking of the Comparators' ROE is: | Proportion of Options comprised in each Tranche that is permitted to be exercised: |
|--|--|
| at or above the 65th percentile | all |

MACQUARIE BANK EMPLOYEE SHARE OPTION PLAN

**APPENDIX TO THE APPLICATION FORM FOR OPTIONS
ISSUED TO GRAEME BARCLAY**

VESTING PERIOD AND EXERCISE CONDITIONS FOR EXECUTIVE DIRECTORS

4. (i) Subject to paragraphs 4(ii) and (iii), for the purposes of paragraph 3(i) "Performance Date" in relation to a particular Tranche shall be the last day of the calendar quarter (ie 31 March, 30 June, 30 September or 31 December) which immediately precedes the day following the date of expiry of the Vesting Period applicable to that Tranche.
- (ii) If the application of the formula in paragraph 3(ii) results in the exercise not being permitted of any Options comprised in that Tranche by reference to the date referred to in paragraph 4(i), those Options shall remain vested and subsequent application(s) of the formula in paragraph 3(ii) shall be made on the last day of each calendar quarter (ie 31 March, 30 June, 30 September and 31 December), following the expiry of the Vesting Period until either all of the Options in that Tranche are permitted to be exercised or the expiration of the Option Period, whichever is the earlier. In each such case "Performance Date" shall mean the last day of the relevant calendar quarter.
- (iii) In circumstances where paragraph 5 is applicable, "Performance Date" shall mean the date of the Relevant Event.
5. If a Relevant Event occurs prior to the expiry of the Vesting Period applicable to a particular Tranche, the Vesting Period in respect of that Tranche shall be deemed to have expired on the day immediately prior to the date of the Relevant Event.
6. For the purposes of paragraph 5, "Relevant Event" means the granting of written approval by the Committee pursuant to clause 10.2 (Death) of the Plan Rules, the deciding by the Committee pursuant to clause 10.3 (Termination of Employment) of the Plan Rules that an Option does not lapse, the occurrence of a Change of Control, and the commencement of a Takeover Period. In the case of the last two of these Relevant Events, the periods during which the Options may be exercised, if at all, shall be as provided in the Plan Rules.
7. For the purposes of paragraph 3 above, "Financial Year" means the financial year adopted by the Bank or a company or other entity ("entity") comprised in the S&P/ASX 300 Industrials Index for the purpose of making up the profit and loss account and balance sheet of the Bank or company or entity pursuant to the Corporations Law or, where appropriate, equivalent legislation applicable to an entity.
8. Unless the context otherwise requires, the provisions of clause 1 (Interpretation) of the Plan Rules apply to this Exercise Condition.
9. If for any reason it is not possible to ascertain whether this Exercise Condition or any aspect thereof has been satisfied in respect of any Tranche, or if the Board, in its absolute discretion, determines that this Exercise Condition does not provide a fair measure of the relative actual performance of the Bank, the Board shall determine whether the Exercise Condition is deemed to have been satisfied having regard to the actual performance of the Bank.
10. The Board in its absolute and unfettered discretion may waive this Exercise Condition.

**Australian Securities and Investments Commission
Corporations Act 2001 Subsection 655A(1) Exemption**

Pursuant to subsection 655A(1) of the Corporations Act 2001 ("the Act") the Australian Securities and Investments Commission hereby exempts the persons referred to in Schedule A (collectively the "Acquirers") from section 606 of the Act in the case referred to in Schedule B.

Schedule A

Macquarie Bank Limited (ACN 008 583 542), Macquarie Utilities (No. 1) Pty Ltd (ACN 101 213 263) and Abbey National Treasury Services plc and their related bodies corporate.

Schedule B

The acquisition of a relevant interest in 603,080,831 ordinary shares in PowerTel Limited (ACN 001 760 103) ("PowerTel") by virtue of the acquisition of a relevant interest in 100% of the issued shares of CitiPower Pty (ACN 064 651 056) ("CitiPower") by one or more of the Acquirers.

FORM 205
NOTIFICATION OF RESOLUTION

As a special resolution:

That the Constitution of the Company be altered by:

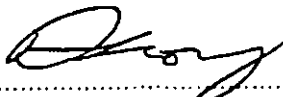

- a) In Article 1 ("Definitions") replacing the definition of "Listing Rules" with the following:

"Listing Rules" means the Listing Rules of the Exchange and any other rules of the Exchange which are applicable while the Company is admitted to the Official List of the Exchange, each as amended or replaced from time to time, except to the extent of any express written waiver by the Exchange;"

- b) Replacing the words in existing Article 8 ("Lien") with:

- (1) The Company has a first and paramount lien on a partly paid share for all unpaid calls or instalments that are due but unpaid on that share.*
- (2) The Company also has a first and paramount lien on all partly paid shares registered in the name of a sole holder for all money presently payable by him or his estate to the Company in respect of those shares.*
- (3) The Voting Directors may at any time exempt a share wholly or in part from the provisions of this Article.*
- (4) The Company's lien (if any) on a share extends to all dividends and other distributions payable in respect of the share.*
- (5) If the Company has a lien on shares that are CHES Approved Securities the Company may apply a holding lock to the shares."*

This is annexure 1 of one page of Form 205
Notification of Resolution signed by me and
dated 29 July 2002.

**Australian Securities and Investments Commission
Corporations Act 2001 — Sections 655A and 673 — Declarations**

Pursuant to paragraph 655A(1)(b) of the Corporations Act 2001 (the "Act") the Australian Securities and Investments Commission ("ASIC") hereby declares that Chapter 6 of the Act applies to the persons referred to in Schedule A, in the case referred to in Schedule B, as if section 609 of the Act were modified or varied by inserting after subsection 609(6) the following subsection:

"(6A) Where:

- (a) warrants in relation to securities are issued and admitted to trading status in accordance with the operating rules of the Australian Stock Exchange Limited;
- (b) a person (the "trustee") holds securities on trust for the purpose of satisfying the obligations of the issuer or holder of the warrants;
- (c) discretionary powers of the trustee in relation to the securities because of which the trustee is not a "bare trustee" for the purposes of subsection (2) are limited to:
 - (i) discretions where the issuer or the holder of the warrants becomes insolvent or breaches a term of the warrants;
 - (ii) discretions dealing with bonus issues, rights issues, returns of capital, buy-backs, share splits or consolidations, other reconstructions, takeovers or schemes of arrangement affecting the securities; or
 - (iii) discretion to lend the securities covering the obligations of the warrant issuer under warrants held by a related body corporate of the issuer;

disregard the relevant interest or voting power of the trustee in those securities."

And pursuant to paragraph 673(1)(b) of the Act ASIC hereby declares that Chapter 6C of the Act applies to the persons described in Schedule A, in the case referred to in Schedule B, as if section 671B of the Act were modified or varied by inserting after subsection 671B(7) the following:

"(7A) For the purposes of this section and of the definition of "substantial holding" in section 9, disregard any relevant interest or voting power in securities which is disregarded for the purposes of Chapter 6 because of subsection 609(6A)."

SCHEDULE A

Belike Nominees Pty Limited ACN 008 604 966 as security trustee in relation to instalment warrants issued by Macquarie Bank Limited ACN 008 583 542 ("Issuer") for the purposes of securing the obligations of the Issuer and the holder of the warrants, being warrants:

- (a) issued pursuant to an offering circular for 1 series of "Macquarie Instalments" which is substantially in the form of the offering circular provided to ASIC on 26 July 2002;
- (b) over securities listed on a financial market of Australian Stock Exchange Limited; and
- (c) approved for admission to trading status on a financial market of Australian Stock Exchange Limited at the time of the issue of the warrants.

SCHEDULE B

The calculation of the relevant interest in, or voting power in relation to, securities of the person described in Schedule A.

Dated 13 August 2002

**Australian Securities and Investments Commission
Corporations Act 2001 — Sections 655A and 673 — Declarations**

Pursuant to paragraph 655A(1)(b) of the Corporations Act 2001 (the "Act") the Australian Securities and Investments Commission ("ASIC") hereby declares that Chapter 6 of the Act shall apply in relation to the persons referred to in Schedule A, in the case referred to in Schedule B, as if section 609 of the Act were modified or varied by inserting after subsection 609(6) the following subsections:

- "(6A) Where an association between a Put Warrant issuer and a Put Warrant holder arises solely from the Put Warrant holder acquiring or holding a Put Warrant, any relevant interest or voting power that would only arise as a result of the association is disregarded.
- (6B) If a Put Warrant issuer has a relevant interest in or voting power in relation to a security because:
 - (a) the Put Warrant holder has an option, under the terms of the Put Warrant, to require the Put Warrant issuer to acquire the security; and
 - (b) under the Put Warrant or trust securing the obligations of the Put Warrant issuer or Put Warrant holder under the Put Warrant, the Put Warrant issuer can exercise power to control voting or disposal of the security only where:
 - (i) the Put Warrant expires unexercised or the option under the Put Warrant is exercised; or
 - (ii) the Put Warrant issuer enforces the terms of the trust; or
 - (iii) the Put Warrant holder defaults under the Put Warrant.

then that particular relevant interest in, or voting power in relation to, the security shall be disregarded until an event referred to in paragraph (b) occurs.

- (6C) If a Put Warrant issuer has a relevant interest in, or voting power in relation to, a security because either subsection (6A) or (6B) ceases to apply, the Put Warrant issuer is taken to acquire the security at that time, by a transaction in relation to the security.
- (6D) For the purposes of this section:
 - (a) A "Put Warrant" is a warrant in relation to Equity Securities for the purposes of the operating rules of the Australian Stock Exchange Limited which:
 - (i) was issued pursuant to an Offering Circular in accordance with the operating rules of the Australian Stock Exchange Limited; and
 - (ii) has been admitted to trading status in accordance with the operating rules of the Australian Stock Exchange Limited.
 - (b) A "Put Warrant issuer" is a person who has issued a Put Warrant.
 - (c) A "Put Warrant holder" is a person who has a legal or equitable interest in a Put Warrant.
 - (d) "Offering Circular" has the same meaning as is given in the operating rules of the Australian Stock Exchange Limited.
 - (e) A Put Warrant is exercised when it would be regarded as having been exercised under the terms of issue of the Put Warrant."

And pursuant to paragraph 673(1)(b) of the Act ASIC hereby declares that Chapter 6C of the Act applies to the persons referred to in Schedule A, in the case referred to in Schedule B, as if section 671B of the Act were modified or varied by inserting after subsection 671B(7) the following subsection:

"(7A) For the purposes of this section and of the definition of "substantial holding" in section 9, disregard any relevant interest or voting power in securities which is disregarded for the purposes of Chapter 6 because of subsections 609(6A) to 609(6D)."

SCHEDULE A

- 1 Macquarie Bank Limited ACN 008 583 542, as the issuer of an instalment warrant pursuant to an offering circular for 1 Series of "Macquarie Instalments" which is substantially in the form of that provided to ASIC on 26 July 2002, being a Put Warrant over securities listed on a financial market of Australian Stock Exchange Limited.
- 2 A person who acquires and holds an Instalment Warrant, for the period the person holds the Instalment Warrant.
- 3 Any person who, but for this instrument, would have a relevant interest in, or voting power in relation to, any securities as a result of a person acquiring or holding an Instalment Warrant.

SCHEDULE B

The calculation of the relevant interest in, or voting power in relation to, securities of the class of persons described in Schedule A.

Dated 13 August 2002

Signed by Steven Rice
as a delegate of the Australian Securities and Investments Commission.

MR2/23096

Dear Brogan

Macquarie Bank Limited and Macquarie Life Limited
Application for renewal of exemption from Section 259C of the Corporations Act

On 26 October 2001, ASIC granted Macquarie an exemption from section 259C of the Corporations Act for a period of 12 months. A copy of the instrument is attached.

We hereby apply for an extension of the exemption for a further 12 month period or such longer time as ASIC deems appropriate. We enclose the application fee of \$30.00. We confirm that both Macquarie companies have at all times complied with the conditions of the current exemption.

Please contact me on 8232 4083 if you have any questions or require further information.

Yours sincerely

Belinda Lim
Lawyer - Funds Management Group

Australian Securities and Investments Commission
Corporations Law Subsection 259C(2)
Exemption and Revocation

Pursuant to subsections 259C(2) and 109ZB(5) of the Corporations Act ("the Act") the Australian Securities and Investments Commission ("ASIC") revokes the instrument of exemption under those subsections granted by Judith Mulvena to Macquarie Bank Limited ACN 008 583 542 on 31 October 2000 in relation to the issue or transfer of shares or units of shares of Macquarie to or in trust for Macquarie Life Limited ACN 003 963 773 as an investment of assets of a statutory fund (for the purposes of the Life Insurance Act 1995 (Cth)) of Macquarie Life to be held for the benefit of policy holders of Macquarie Life.

Pursuant to subsection 259C(2) of the Corporations Act ("the Act") the Australian Securities and Investments Commission ("the Commission") exempts the person referred to in Schedule A ("Macquarie") in the circumstances referred to in Schedule B from compliance with section 259C of the Act subject to the following conditions:

1. The conditions, in paragraphs (a), (b) and (c) below, relate only to those Macquarie shares and units of Macquarie shares in circumstances where, but for this exemption, their issue or transfer to a controlled entity would contravene section 259C of the Act:
 - (a) Macquarie and its controlled entities do not exercise votes attaching to Macquarie shares nor control or influence the exercise of votes attached to Macquarie shares.
 - (b) All acquisitions by Macquarie's controlled entities in Macquarie's shares, other than by way of a new issue, may only be made:
 - (i) at an official meeting of a stock exchange; or
 - (ii) as a result of a transaction between Macquarie's controlled entities, or funds which are managed by Macquarie's controlled entities.
 - (c) A controlled entity does not acquire Macquarie shares, by way of a new issue, unless participation in the issue is approved by Macquarie shareholders or the issue satisfies one of the following exceptions in ASX Listing Rule 7.2:
 - (i) participation in a pro rata issue;
 - (ii) the issue of shares pursuant to a takeover offer;
 - (iii) an issue under a dividend reinvestment plan; and
 - (iv) issue on the conversion of convertible securities which were issued in the circumstances outlined in sub-paragraphs (i) to (iii).
2. The aggregated percentage of voting shares in Macquarie, in respect of which its controlled entities have the power to control voting or disposal of, does not exceed 5% of Macquarie's voting shares.
3. In calculating the percentage referred to in paragraph 2, include those Macquarie shares underlying a derivative, where the terms of the derivative give a Macquarie controlled entity power to control the vote attached to the underlying share.
4. Commencing on the date of this exemption and every 14 days from the date of the most recent notice given under either paragraphs 4 and 5, Macquarie announces to ASX for release to the market conducted by ASX, the aggregated percentage total of the following Macquarie voting shares:
 - (a) Macquarie voting shares in respect of which Macquarie controlled entities have the power to control voting or disposal; and
 - (b) Macquarie voting shares underlying derivatives held by Macquarie controlled entities,
 as a percentage of the total number of Macquarie voting shares on issue.
5. Commencing on the date of this exemption, Macquarie announces to ASX for release to the market conducted by ASX, any change of 1% or more in the aggregated percentage total referred to in paragraph 4, from the most recent notice given under either paragraphs 4 and 5. Disclosure under this paragraph must be made before the end of 1 business day after the day on which Macquarie became aware of the change.
6. In making any announcement pursuant to paragraph 4 or 5, Macquarie is required to comply with subsection 671 B(3) of the Law as though the announcement was a notice of a change in substantial shareholding.
7. Commencing on the date of this exemption, Macquarie maintains records of trading by its controlled entities in shares and in derivatives with Macquarie shares as the underlying shares.

8. Macquarie retains the records of trading, referred to in paragraph 7, for a period of 12 months from the date of each trade.
9. Macquarie makes the records referred to in paragraph 7 available for inspection to the Commission, ASX or a futures exchange during business hours and within 1 business day upon receipt of a written request for access.
10. For the purposes of these conditions:
- (a) "ASX" means Australian Stock Exchange Limited.
 - (b) An entity is a controlled entity of Macquarie if that entity would be a controlled entity of Macquarie within the meaning of section 259E of the Act.
 - (c) The term "derivative" includes a warrant, an exchange traded option, a swap transaction and any other futures contract which has Macquarie shares as the underlying security.

This exemption shall remain effective, unless otherwise revoked, for a period of 12 months from the date of execution.

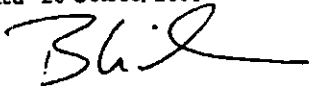

Schedule A

Macquarie Bank Limited ACN 008 583 542

Schedule B

The issue or transfer of shares or units of shares of Macquarie to or in trust for Macquarie Life Limited ACN 003 963 773 (Macquarie Life"), as an investment of assets of a statutory fund (for the purposes of the Life Insurance Act 1995 (Cth.)) of Macquarie Life to be held for the benefit of policy holders of Macquarie Life.

**Australian Securities and Investments Commission
Corporations Act 2001 - Subsection 259C(2) - Exemption**

Pursuant to subsection 259C(2) of the Corporations Act 2001 ("Act") the Australian Securities and Investments Commission ("ASIC") hereby exempts the person referred to in Schedule A from compliance with section 259C of the Act in the case referred to in Schedule B and on the conditions specified in Schedule C:

Schedule A

Macquarie Bank Limited ACN 008 583 542 ("Macquarie")

Schedule B

The issue or transfer of shares or units of shares of Macquarie to or in trust for Macquarie Life Limited ACN 003 963 773 ("Macquarie Life"), as an investment of assets of a statutory fund (for the purposes of the Life Insurance Act 1995 (Cth)) of Macquarie Life to be held for the benefit of policy holders of Macquarie Life.

Schedule C

1. The conditions, in paragraphs (a), (b) and (c) below, relate only to those Macquarie shares and units of Macquarie shares in circumstances where, but for this exemption, their issue or transfer to a controlled entity would contravene section 259C of the Act:
 - (a) Macquarie and its controlled entities do not exercise votes attaching to Macquarie shares nor control or influence the exercise of votes attached to Macquarie shares.
 - (b) All acquisitions by Macquarie's controlled entities in Macquarie's shares, other than by way of a new issue, may only be made:
 - (i) on the financial market operated by ASX; or
 - (ii) as a result of a transaction between Macquarie's controlled entities, or funds which are managed by Macquarie's controlled entities.
 - (c) A controlled entity does not acquire Macquarie shares, by way of a new issue, unless participation in the issue is approved by Macquarie shareholders or the issue satisfies one of the following exceptions in ASX Listing Rule 7.2:
 - (i) participation in a pro rata issue;
 - (ii) the issue of shares pursuant to a takeover offer;
 - (iii) an issue under a dividend reinvestment plan; and
 - (iv) issue on the conversion of convertible securities which were issued in the circumstances outlined in sub-paragraphs (i) to (iii).
2. The aggregated percentage of voting shares in Macquarie, in respect of which its controlled entities have the power to control voting or disposal of, does not exceed 5% of Macquarie's voting shares.
3. In calculating the percentage referred to in paragraph 2, include those Macquarie shares underlying a derivative, where the terms of the derivative give a Macquarie controlled entity power to control the vote attached to the underlying share.
4. Commencing on the date of this exemption and every 14 days from the date of the most recent notice given under either paragraphs 4 and 5, Macquarie announces to ASX for release to the financial market operated by ASX, the aggregated percentage total of the following Macquarie voting shares:
 - (a) Macquarie voting shares in respect of which Macquarie controlled entities have the power to control voting or disposal; and
 - (b) Macquarie voting shares underlying derivatives held by Macquarie controlled entities,

as a percentage of the total number of Macquarie voting shares on issue.

5. Commencing on the date of this exemption, Macquarie announces to ASX for release to the financial market operated by ASX, any change of 1% or more in the aggregated percentage total referred to in paragraph 4, from the most recent notice given under either paragraphs 4 and 5. Disclosure under this paragraph must be made before the end of 1 business day after the day on which Macquarie became aware of the change.
6. In making any announcement pursuant to paragraph 4 or 5, Macquarie is required to comply with subsection 671B(3) of the Act as though the announcement was a notice of a change in substantial shareholding.
7. Commencing on the date of this exemption, Macquarie maintains records of trading by its controlled entities in shares and in derivatives with Macquarie shares as the underlying shares.
8. Macquarie retains the records of trading, referred to in paragraph 7, for a period of 12 months from the date of each trade.
9. Macquarie makes the records referred to in paragraph 7 available for inspection to ASIC, ASX or a futures exchange during business hours and within 1 business day upon receipt of a written request for access.
10. For the purposes of these conditions:
 - (a) "ASX" means Australian Stock Exchange Limited.
 - (b) An entity is a controlled entity of Macquarie if that entity would be a controlled entity of Macquarie within the meaning of section 259E of the Act.
 - (c) The term "derivative" includes a warrant, an exchange traded option, a swap transaction and any other futures contract which has Macquarie shares as the underlying security.

This exemption shall remain effective, unless otherwise revoked, for a period of 12 months from the date of execution.

Company Announcements Office
Australian Stock Exchange Limited

Dear Sir/Madam

Macquarie Life Limited, a wholly owned subsidiary of Macquarie Bank Limited ("Macquarie"), has been granted exemption from compliance with section 259C of the Corporations Act allowing it to invest in Macquarie shares.

The exemption was granted by the Australian Securities and Investments Commission and is subject to certain conditions. One of these conditions is that Macquarie discloses the information below to Australian Stock Exchange Limited on a fortnightly basis.

The aggregated percentage of Macquarie voting shares:

(a) in respect of which Macquarie Life Limited have the power to control voting or disposal; and

(b) underlying derivatives held by Macquarie Life Limited.

as at 21 June 2002, was 0.0462%.

Yours faithfully

Dennis Leong

Key Dates

| | |
|---------------------------------------|------------------|
| Offer Opens | 10 December 2002 |
| Offer Closes | 10 January 2003 |
| Expected Date for Allotment of Shares | 17 January 2003 |

Note: These dates are subject to change and are indicative only. Macquarie Bank Limited reserves the right to amend this indicative timetable including, subject to the Corporations Act and Listing Rules, to extend the latest date for receipt of applications.

1.1 HOW TO APPLY FOR SHARES

Eligible Employees wishing to participate in the Offer should:

- complete all remaining details on the Share Application Form which accompanies this Prospectus, in BLOCK LETTERS;
- sign the Share Application Form; and
- deliver their completed Share Application Form to Jacclyn McDonald, Level 7, No. 1 Martin Place, Sydney, NSW 2000 by the Bank's internal mail or in person to Reception, Level 7, No. 1 Martin Place, Sydney, NSW so as to be received no later than 5.15 pm (Sydney time) on Friday, 10 January 2003.

1.2 IMPORTANT NOTICE

To receive this Offer you must be a permanent employee who:

- has been continuously employed by the Bank or a subsidiary of the Bank since 1 April 2002;
- is still employed by the Bank or a subsidiary of the Bank at the allotment date;
- has not tendered a notice of resignation to the Bank or a subsidiary of the Bank at any time up to and including the allotment date and such notice remains on foot as at the allotment date (regardless of whether that employee's last day of employment will be after the allotment date); and
- is an Australian resident on the closing date and the allotment date.

Employees who have been or may be granted MBL Options this financial year or who have participated or will participate in the Macquarie Bank Staff Share Acquisition Plan ("MBSSAP") this financial year should carefully consider the taxation implications of participating in the Option Plan or MBSSAP and this Offer this year. To obtain the benefit of the tax exemption under this Offer will bring forward the taxing time for MBL Options or MBL shares acquired this financial year under the Option Plan or MBSSAP. This is explained further in section 5.5 and it is recommended that these employees seek their own tax advice.

LATE APPLICATIONS WILL NOT BE ACCEPTED.

If after reading this Prospectus you have questions about the procedures relating to the Offer or the Plan you may call Kristen Findlay on (02) 8232 4750 or if you have any other queries, please seek advice from your financial adviser.

2. OVERVIEW

This Prospectus sets out the terms and conditions of the 2002 Offer under the Macquarie Bank Employee Share Plan. It is to be read subject to the formal rules which govern the Plan, as summarised in this Prospectus.

MBL has made this Offer in the spirit of the Federal Government's initiatives to encourage employee share ownership by providing concessional taxation treatment for certain employer company shares and rights. MBL believes that the Plan is beneficial as it better aligns the interests of staff and shareholders, giving staff a shareholder's perspective of the Bank's performance and return to shareholders.

You are offered up to \$1,000 worth of Shares for no cash payment by you ("Offer").

You must also be an Eligible Employee as set out in section 3.4. Please note that employees are not eligible to acquire Shares under the Plan at any time after they have been given notice of dismissal from employment by the Bank or any subsidiary of the Bank or if they have tendered their resignation to avoid such dismissal, even if they would, but for this requirement be eligible to acquire the Shares.

The Bank's staff profit sharing pools will be adjusted downwards by the aggregate market value of the Shares issued under the Plan to staff who participate in the profit sharing pools. If you accept this Offer, the Bank will take the market value of your Plan Shares into account when determining your profit sharing bonus in respect of this financial year.

If you are a commission based employee you should refer to section 3.3.2.

Provided a valid taxation election is made, the value, at the date of issue of the Shares acquired under the Offer will be effectively tax free in your hands. *However, if you have been granted MBL Options or you have participated in the MBSSAP (or expect to) this financial year please note carefully the taxation consequences of accepting this Offer and claiming the exemption (see Section 5.5). Obtaining the benefit of the tax exemption under this Offer will also bring forward the taxing time for the MBL Options under the Option Plan or Shares under the MBSSAP acquired this financial year. It is recommended that you seek tax advice on your own position if you have acquired or will acquire such MBL Options or Shares this financial year.*

The Shares will be subject to a special disposal restriction. The Shares cannot be sold until the earlier of three years after issue or the time when you are no longer employed by any of the Bank, the subsidiary of the Bank you were employed by at the date of acquisition of the

Shares or any other subsidiary of the Bank (referred to in this document as "leaving the employ of the Bank").

The Shares will otherwise rank equally with all other Shares then on issue and will be uncertificated. Shares have been quoted on ASX since 29 July 1996.

The number of Shares you will receive is \$1,000 divided by the weighted average price at which Shares are traded on ASX in the one week period up to and including the allotment date, rounded down to the nearest whole Share. The Bank can give no assurances as to the number of Shares you will receive by accepting this Offer.

You must accept or reject the Offer in full. No partial acceptances will be accepted.

Shares acquired under the Plan may only be acquired in the name of the Eligible Employee. The Shares may not be acquired under any other name.

You may not transfer this Offer to another person.

3. DETAILS OF THE OFFER

3.1 TIMETABLE

10 December 2002 is the Opening Date. This is the date on which the Offer opens.

10 January 2003 is the Closing Date. Eligible Employees wishing to participate must return their completed Share Application Form to be received by Jacclyn McDonald, Level 7, No. 1 Martin Place, Sydney, NSW 2000 by the Bank's internal mail, or delivered in person to Reception, Level 7, No. 1 Martin Place, Sydney, NSW, by no later than 5.15 pm (Sydney time) on this date.

While this Prospectus is current, Macquarie Bank Limited will send paper copies of this Prospectus, any supplementary prospectus and the Share Application Form, on request and free of charge by calling Jacclyn McDonald on (02) 8232 1155.

On or about 17 January 2003, it is expected that the Shares will be allotted. The allotment date will form the reference date for the purposes of determining the one week period over which the weighted average price of Shares is calculated.

As soon as practicable after allotment, shareholding statements will be despatched.

The above dates are subject to change at the absolute discretion of the Bank and are indicative only.

3.2 TYPE OF SHARES

As the Shares to be issued pursuant to this Offer will not be issued until after the payment of the Bank's interim dividend that was declared on 14 November 2002 and that will be paid on 20 December 2002, the Shares will not participate in this dividend. The Shares will also be subject to the disposal restrictions described in section 3.5 below. Otherwise, Shares offered are fully paid ordinary shares ranking pari-passu with all other fully paid ordinary shares of the Bank on issue.

Like all other fully paid ordinary shares, the Shares will be uncertificated. They will be issued on the Bank-sponsored register. A statement of your holding will be sent to you shortly after allotment and at the end of any month during which there is a change in your holding.

Application will be made for official quotation on the Official List of ASX of the Shares to be issued pursuant to this Prospectus within seven days after the date of this Prospectus.

3.3 SHARE OFFER

Eligible Employees are entitled to participate in the Offer.

The number of Shares available to each participating employee is \$1,000 divided by the weighted average price at which Shares are traded on ASX over the seven days up to and including the date of allotment, rounded down to the nearest whole Share. For example, if this formula were to be applied as at the close of business on 20 November 2002, the weighted average Share price on ASX over the one week period up to and including 20 November 2002 was \$22.29 and each Participant would be entitled to 44 Shares (being \$1,000 divided by \$22.29 rounded down to the nearest whole Share).

As the relevant average weighted price will not be known before the Offer closes, participating employees will incur a risk that the Share price will increase (reducing the number of Shares allotted) and subsequently decline following the reference period of seven days with a corresponding reduction in the then value of the Shares allotted.

Details of current market prices of Shares can at any time be obtained from Macnet, daily newspapers and other share price quotation sources.

To be granted Shares under the Plan, **no cash payment is required from you**. Further, employees are not liable for any costs, including brokerage, commission, stamp duty or other transaction costs in relation to any allotment of Shares under the Plan.

Participation in the Plan is entirely voluntary. However, you may only choose to participate in full, that is, you must accept or reject the full allocation of Shares offered to you - no partial participation is permitted.

An announcement of the relevant weighted average price of the Shares and number of Shares allotted to each participating employee will be made as soon as practicable on or after allotment.

Shares acquired under the Plan may only be acquired in the name of the Eligible Employee. The Shares may not be acquired under any other name.

The offer to apply for Shares under the Plan is made to specific Eligible Employees. The Offer cannot be transferred to another person or entity.

3.3.1 Profit share staff

For profit share staff, the Bank's staff profit sharing pools will be adjusted downwards by the aggregate market value of the Shares issued under the Plan. If you accept this Offer the Bank will take the market value of your Plan Shares at the time of allotment into account when allocating the profit sharing bonus to you in respect of this financial year.

3.3.2 Commission staff

Commission staff will still be required to meet the eligibility criteria as outlined below. For commission staff, by participating in the Plan, you will be taken to agree that the amount of your future cash commission accruals, cash attainment bonuses and cash performance bonuses to which you may be entitled at the end of the commission accrual period commencing immediately after your acquisition of Shares under the Plan will be reduced by the market value of Shares you acquire under the Plan.

3.4 ELIGIBLE EMPLOYEES

The employees who are to be eligible for the Offer are those permanent employees who:

- have been continuously employed by the Bank or a subsidiary of the Bank since 1 April 2002;
- are still employed by the Bank or a subsidiary of the Bank on the allotment date;
- have not tendered a notice of resignation to the Bank or a subsidiary of the Bank at any time up to and including the allotment date and such notice remains on foot as at the allotment date (regardless of whether their respective last day of employment will be after the allotment date); and
- are Australian residents on both the Closing Date of the Offer and on the allotment date.

In particular, this includes the following employees who meet the criteria:

- all permanent full-time staff and permanent part-time staff;
- staff on parental leave;
- staff on leave claiming worker's compensation or in receipt of salary continuance payments;
- staff returning to Australia from an overseas posting prior to the Closing Date; and
- staff seconded to other companies.

The following persons will not be eligible:

- staff who joined the Bank or a subsidiary of the Bank after 1 April 2002;
- casual staff, consultants, contractors and temporary staff, that is, all non-permanent staff;
- staff seconded to MBL from external companies;
- staff leaving Australia for an overseas posting prior to the allotment date;
- staff on leave without pay (including study leave, travel or personal reasons);
- staff who have been given notice of dismissal from employment by MBL or any subsidiary of MBL or who have tendered their resignation to avoid such a dismissal even if they would, but for this requirement, be eligible to acquire Shares; and
- any staff member that a Group Head, with absolute discretion but acting on the advice of Division Heads where appropriate, believes should be ineligible. An example of a basis for ineligibility at Group Head discretion would be poor performance.

Employees are not eligible to participate in the Offer under the Plan while they are resident overseas.

3.5 RESTRICTIONS ON DISPOSAL OF SHARES

You may not sell, transfer, or dispose of any Shares acquired under the Plan until three years from the date of acquisition, unless you leave the employ of the Bank in the meantime, in which case you will be free to deal in the Shares after you leave the employ of the Bank. However, staff trading rules will continue to apply to these Shares until the commencement of the next staff trading period.

In order to enforce these restrictions, the Shares issued to employees under the Plan will be registered on the Bank-sponsored sub-register of shareholders maintained by the Bank's share registry, Computershare Investor Services Pty Limited, and be subject to a special restriction on transfer for the duration of the three year period.

In the event of you leaving the employ of the Bank prior to the expiration of the three year period, the Bank will promptly advise the Share Registry to lift the restriction on your Shares.

Employees should note that the restriction on disposal is required under the taxation legislation in order to obtain the tax concessions discussed below. Under the legislation there can be no exceptions. In particular, there are no 'hardship' provisions allowing for early release.

Employees will not be permitted to grant security over Shares issued under the Plan. This is due to the restrictions imposed by the tax legislation and no exceptions will be allowed.

3.6 SALE OF SHARES

Following the expiry of the three year period during which the sale, transfer or disposal of Shares is prohibited, employees wishing to sell their Shares may do so, subject to the Bank's then applicable rules on staff trading. Current rules provide that:

- employees may only trade in the Shares during specified periods each year, currently being specified periods after the release of the Bank's interim and final results and following the annual general meeting. Employees are notified when the trading periods open and close;
- as for all ASX quoted stocks, trading in the Bank's Shares by employees is to be transacted using Macquarie Equities Limited; and
- if you leave the employ of the Bank within the three year period, the restriction on those Shares will be lifted.

Costs associated with the sale of Shares for example, brokerage fees will be to your account.

It is noted that even during staff trading periods, staff who personally are in possession of non-public, price sensitive information about Shares must not deal in Shares.

The sale of Shares will likely have personal taxation implications (refer to section 5 - *Taxation Considerations*).

4. FINANCIAL BENEFITS AND RISKS OF SHARE INVESTMENT

4.1 FINANCIAL BENEFITS AND RISKS OF SHARE OWNERSHIP

There are two main financial benefits that may arise from owning Shares:

- income in the form of dividends; and
- growth in the value (capital appreciation) of Shares.

There are also risks associated with share ownership. The Bank is a limited liability company and persons holding Shares are not obliged to contribute more share capital in the event of losses. However, it is possible that, if there are losses or profits fall, holders of Shares may not receive dividends or dividends may be reduced and the value of their Shares may fall.

Every investment involves an element of risk. Shares should be considered a long-term rather than a short-term investment. The price of Shares as quoted on ASX is volatile and moves up and down with market sentiment as well as with factors which are specific to the Bank.

The price at which the Shares trade on ASX may be higher or lower than historical prices. If investors decide to sell their Shares, the amount which may be received on the sale may be higher or lower than their present market price. The 2002 Interim Report contains a discussion of MBL's results and operations for the six months to 30 September 2002 as well as factors that have impacted upon its financial performance and the outlook for the coming period. That document should be referred to for details of those matters.

Many factors will affect the price of Shares. At any point in time these factors may include:

Company Factors

- the profit outlook for MBL;
- the profitability of MBL;
- the dividend policy of MBL;
- the level of franking of MBL's dividends;
- the credit ratings and strength of the balance sheet of MBL; and
- the performance and success of MBL's staff, management and Board and its policies and strategies.

External Factors

- movements in the general level of share prices on local and international share markets;
- the success of marketing and other strategies adopted by MBL, relative to its competitors' strategies;
- developments in the banking, investment banking, stockbroking and other industries generally;
- the economic outlook in Australia and internationally;
- changes in government fiscal, monetary and regulatory policies;
- turnover and volatility of financial markets in Australia and overseas; and
- changes in interest rates, inflation rates, exchange rates and commodity prices.

Please also refer to section 4.2 below for discussion of the risks impacting on the Bank's performance.

Neither Macquarie Bank Limited nor any related body corporate of Macquarie Bank Limited nor any of their officers guarantees the success or performance of the Shares the subject of this Prospectus or the payment of a particular return on the Shares.

4.2 RISKS TO THE BANK'S FINANCIAL PERFORMANCE

Risk Factors

Continued superior performance cannot be assumed. There are many risks in the markets in which the Bank operates. Performance can be influenced by a range of factors, many of which are not within the Bank's control. In many parts of its business, the Bank constantly and deliberately assumes financial risk in a calculated and controlled way. Once a decision is made that a risk is acceptable, the Bank puts in place limits and an extensive range of procedures to monitor the risk.

The performance of all of the Bank's major businesses can be influenced by external market and regulatory conditions. If all or most of the Bank's businesses were affected by adverse circumstances in the same period, overall earnings would suffer significantly.

Market Risk

Market risk arises from changes in market prices or volatility which may result in an adverse revaluation of MBL's trading portfolios. MBL trades in foreign exchange, interest rates, commodities, bond and equities markets, including being an active price maker in derivatives

in these markets. Changes in market prices, particularly rapid and unexpected changes, could cause losses. MBL's policy is to manage this risk by imposing limits on the size of its exposure in each market.

The Bank depends on external parties for credit and trading limits to carry out its funding and trading operations and in the process manage its market risks. These parties rely, to some extent, on the credit ratings assigned to the Bank by ratings agencies. Any downgrading of the Bank's rating could increase costs and restrict availability of credit and funding limits.

Credit Risk

Like any bank, the Macquarie Group assumes credit risk in its banking and securities businesses. Credit risk arises from both lending and trading activities. In the case of trading activity, credit risk reflects the possibility that the trading counterparty will not be in a position to complete the contract once the settlement becomes due. The resultant credit exposure will be a function of the movement of prices over the period of the underlying contract. Credit losses can, and have, resulted in significant losses and sometimes financial failure in other financial institutions. The Macquarie Group puts great emphasis on credit management. While some credit losses have been incurred from time to time, these have not been material in relation to the Macquarie Group's overall profitability or its capital base.

Most of MBL's credit exposures arise from lending and trading contracts with Australian counterparties and counterparties based in OECD countries. In addition, however, there are exposures to counterparties in some non-OECD countries in Asia Pacific, Africa and Latin America. Where appropriate, the country risk is covered by political risk insurance.

Underwriting Risk

Equity and debt underwriting risk is also assumed by the Macquarie Group in the normal course of business. The Macquarie Group's general approach is to substantially sub-underwrite these risks but underwritten positions are assumed and can expose the Group to losses.

Liquidity Risk

Liquidity risk arises from the Macquarie Group's requirement to fund its banking and trading operations on a daily basis. Any failure to meet this requirement may result in increased costs, inability to maintain market positions and review of MBL's credit rating. The Bank adopts liquidity policies to manage this risk.

Operational Risk

Operational risk arises from the manner in which the Bank conducts its business. The Bank faces operational risks which could lead to reputation damage, financial loss or regulatory risk in the event of an operational failure. Policies have been adopted to manage this risk. There remains a risk that the policy framework may prove inadequate or of failure to comply which may result in loss.

Macquarie Group's Tax Risk

In the ordinary course of its activities the Macquarie Group is exposed to risks arising from the application of the Australian and international tax regimes by the relevant revenue authorities to transactions entered into by the Macquarie Group. The Macquarie Group has in place controls and procedures to mitigate these risks but any changes in interpretation, application and administration of the law by the courts and the revenue authorities may result in significantly increased tax liabilities.

Legal Risk

The Macquarie Group in the ordinary course of its business enters into transactions and provides advisory services which involve legal risk.

Legal risks include the risk of breaches of applicable laws and regulatory requirements, actual or perceived breaches of obligations of fidelity or confidence to clients and counterparties, unenforceability of counterparty obligations, fraud, negligence, misleading conduct or the inappropriate documentation of contractual relationships. The size and frequency of transactions entered into or in respect of which advice is provided are such that, should these risks result in losses to the Macquarie Group, the losses could have a material impact. The Bank has controls and procedures which seek to manage these risks.

Developments in Banking and Investment Banking Industry

The Macquarie Group operates in the highly competitive financial services industry in Australia and overseas. Developments and competition in the industry place pressure on margins which may impact on profitability.

Economic Outlook

The performance and earnings of the Macquarie Group are impacted by changes in economic conditions, activity and sentiment in Australia and overseas including interest rates, foreign exchange rates and equity markets.

Regulation and Legislation

The Macquarie Group may be subject to changes in government regulatory policies or changes in legislation in Australia and other countries where Macquarie operates. Areas of regulation which impact on Macquarie include taxation and regulation relating to prudential supervision.

Changes in Accounting Standards

On 3 July 2002, the Financial Reporting Council (supported by the Australian Government) announced that Australia will adopt the international accounting standards of the International Accounting Standards Board ("IASB") for financial years commencing on or after 1 January 2005. This policy proposal will first apply to MBL for the financial year commencing 1 April 2005.

Changes in accounting standards by either the IASB or the Australian Accounting Standards Board ("AASB") may affect the reported earnings and financial position of MBL in future financial periods. Such changes include the proposal to require options granted to employees and officers to be reported as an expense in MBL's financial statements. Proposed changes to existing international accounting standards may also result in certain financial instruments issued by MBL being reclassified as debt rather than as equity. Further, the requirements for hedge accounting are significantly different under international accounting standards and may result in the impact of some transactions being recorded directly in profit or loss. The precise impact of any new accounting standards on MBL cannot be accurately determined until the amendments have been finalised.

5. TAXATION CONSIDERATIONS

The comments in this section are intended to give a general indication of the Australian taxation consequences of acquiring Shares under the Plan and assume that you are an employee of the Bank or a subsidiary of the Bank for tax purposes. In deciding whether or not to accept the Offer of Shares you should obtain and rely on independent advice referable to your own circumstances.

5.1 GENERAL COMMENTS

This general discussion assumes that you do not hold 5% of the Shares on issue in the Bank, nor control 5% of the votes that might be cast at a meeting of the Bank, and that you do not acquire Plan Shares as a share trader.

Dividend income from the Shares is taxable and should be declared for taxation purposes. However, Shareholders may be entitled to a tax rebate to the extent that those dividends are franked. Where the tax payable by a shareholder on its taxable income for the tax year is less than the amount of the tax rebate (together with any other tax offsets of the Shareholder), the Shareholder will be entitled to a cash refund equal to the difference through the lodgement of the Shareholder's income tax return.

The taxation treatment in relation to Shares will depend upon whether or not an election is made under Section 139E of the Income Tax Assessment Act 1936 (as incorporated into the Income Tax Assessment Act 1997) (the Election).

5.2 TAXATION TREATMENT IF ELECTION MADE

The value of the Shares (up to \$1,000) is tax-free where an Election is made. On a subsequent sale of the Shares, any difference between the sales proceeds and the value of the Shares when acquired will give rise to a capital gain or loss.

If you make the Election you will be deemed to have paid 'market value' for the Plan Shares and this amount will be included in the capital gains tax cost base of the Shares.

Upon sale of the Shares, individuals may be eligible for the 50% capital gains concession if the Shares are held for at least 12 months after the date of acquisition. This concession is available for capital gains which may arise where the ultimate sale proceeds exceed the cost base of the Shares as mentioned above. Note that the date of acquisition of the Shares will be the date the Shares are registered in your name.

Note that the capital gains concession applies to reduce net capital gains by 50%. That is, if any capital losses (or any prior year net capital losses) are offset against any discount gain, only the net amount is subject to the 50% discount before being included in assessable income.

If the Shares are sold for less than their reduced cost base, the difference represents a capital loss. Capital losses can only be offset against capital gains of that, or future, tax years.

5.3 TAXATION TREATMENT IF NO ELECTION MADE

The value of the Shares is taxable as ordinary income where an Election is not made. Generally, the tax liability arises on the third anniversary after acquisition and the taxable amount is based on the value of the Shares at that time. On a subsequent sale (more than 30 days later), any difference between the sales proceeds and the taxable amount will give rise to a capital gain or loss.

If you decide to take up Shares under the Plan but do not make the Section 139E Election, you will be assessed on the market value of the Shares at the "cessation time" which will be the earliest of the following events:

- ceasing employment with the MBL group or a Related Company; and
- the third anniversary of acquisition (note that if the third anniversary of acquisition does not fall within a staff trading period, the cessation time will arise on the commencement of the next staff trading period and you may not sell your Shares until that time).

Please note that the Tax Office may take the view that the taxing point arises on the third anniversary of acquisition, not the date you can first trade the Shares.

If you sell the Shares within 30 days of the cessation time, your assessable income will include the net sales proceeds received from the disposal of the Shares. Capital gains tax will not apply to the proceeds of the disposal. Note that the staff trading rules may preclude sales within 30 days of the cessation time.

If you hold the Shares beyond 30 days of the cessation time, your assessable income will include the market value of the Shares at the cessation time, which is calculated by reference to the weighted average of the prices at which MBL shares traded on the ASX during the one week period up to and including the cessation time. The amount included in assessable income then constitutes the cost base of the Shares for capital gains tax purposes.

Individuals may be eligible for the 50% capital gains concession if the Shares are held for at least 12 months after the date of acquisition. This concession is available for capital gains which may arise where the ultimate sale proceeds exceed the cost base of the Shares as mentioned above. The date of acquisition of the Shares will be the date the Shares are registered in your name.

Note that the capital gains concession applies to reduce net capital gains by 50%. That is, if any capital losses (or any prior year net capital losses) are offset against any discount gain, only the net amount is subject to the 50% discount before being included in assessable income. If the Shares are sold for less than their reduced cost base, the difference represents a capital loss. Capital losses can only be offset against capital gains of that, or future, tax years.

5.4 SECTION 139E ELECTION

The text of the Section 139E Election referred to in Section 5.2 is given below. If you choose to make the Election, it must be made in writing prior to the lodgement of your 2002/2003 tax return (or within such further time as the Tax Commissioner allows) and must be retained in your records for five years but does not need to be lodged with the Tax Commissioner unless requested to do so.

NAME OF TAXPAYER: _____

TAX FILE NUMBER (optional): _____

This Election is made under Section 139E of the Income Tax Assessment Act 1936 ('the Act').

I _____ (*name of taxpayer*) elect that subsection 139B(2) of the Act is to apply to all of the qualifying shares or qualifying rights acquired by me under an employee share acquisition scheme(s) in terms of Division 13A of Part III of the Act in the ____ (*insert relevant year end*) year of income.

Taxpayer's signature: _____

Date: _____

5.5 POSSIBLE ADVERSE EFFECTS OF MAKING THE ELECTION FOR EMPLOYEES WHO PARTICIPATE (OR WILL PARTICIPATE) IN THE MBSSAP OR MBL OPTION PLAN IN 2002/2003

If you have personally participated (or will participate) in the MBSSAP or the Bank's Option Plan during the period 1 July 2002 to 30 June 2003, you should note that the Section 139E Election applies to ALL shares/options acquired during that tax year in question. You should therefore carefully consider its **possibly adverse effect** in relation to such shares or options you personally acquire during the year.

(a) Shares acquired pursuant to the MBSSAP

In relation to MBL shares acquired under the MBSSAP, the effect of the Election is to levy tax on the full market value at the date of acquisition of the shares allocated to you. Any amount included in assessable income under these provisions is also included in the cost base of the share.

(b) MBL Options

In relation to MBL options, the effect of the Election is to levy tax on the full tranche in the year of grant, not exercise. The vesting timetable is irrelevant for these purposes. The amount to be included in your assessable income is calculated using a statutory formula which is based on the ratio of the option strike price to the share's market value at the date of grant. The amount to be included in income is 11.6% of the strike price if the market price is equal to the strike price at that time. More tax is payable if the then market value exceeds the option strike price, and vice versa. As the strike price of the options is set some time before the date of grant, the amount of tax payable cannot be determined until after grant. Any amount included in assessable income under these provisions is also included in the cost base of the option.

If the option expires unexercised you may seek to reopen your tax return and have the tax refunded with interest.

While the exercise of the option is not a further taxing point, the cost base of the share acquired on exercise of the option includes both the cost base of the option and the strike price paid.

(c) Capital gain/loss on sale of share

On sale of the resultant share, the capital gain/loss is calculated by reference to the excess of sales proceeds over the cost base/reduced cost base. Capital gains on the shares are reduced by any un-utilised capital losses of that or previous periods. Only 50% of the resulting net capital gain from the sale of the share is included in the taxable income of the shareholder where the Shares are disposed of under an agreement entered into at least 12 months after the Shares were acquired.

Those affected are strongly recommended to seek appropriate independent advice referable to their circumstances before deciding whether or not to accept this Offer and, if so, whether to make the Election.

6. DESCRIPTION OF MACQUARIE BANK LIMITED

6.1 ISSUED CAPITAL

At 6 November 2002, MBL's issued share capital was as follows:

| | Number |
|----------------------------|-------------|
| Fully paid Ordinary Shares | 202,533,103 |

On 25 August 1999, 1.5 million Converting Preference Shares were issued at \$100 each. The Converting Preference Shares pay non-cumulative dividends six monthly at a fixed rate of 7.38% per annum. They convert to ordinary Shares at a predetermined rate on 15 June 2004, although if certain trigger events occur, including the non-payment of a dividend or in the event of MBL being placed into liquidation or wound up, conversion may occur earlier. MBL has the option to convert them to ordinary Shares at any time after 15 June 2003.

On 30 September 1999, 2 million Macquarie Income Securities were issued at \$100 each and an additional 2 million at \$100 each were issued on 19 November 1999. The Macquarie Income Securities pay interest quarterly at a floating rate of BBSW plus 1.7% per annum, with a minimum interest rate of 7.25% per annum for the period to 15 January 2003. Payment of interest to holders is subject to certain conditions, including the profitability of MBL. They are a perpetual instrument with no conversion rights. They were listed for trading on ASX on 19 October 1999.

Based on a Share price of \$22.29 (being the weighted average Share price on ASX over the one week period up to and including 20 November 2002), if all Eligible Employees accept the Offer, approximately 153,164 new Shares would be issued or about 0.08% of existing issued Shares.

At 31 October 2002, MBL had on issue 25,472,113 Options over unissued Shares. Of these Options, all are exercisable into one Share per Option. All such Options have been issued (with various exercise prices) pursuant to the Macquarie Bank Employee Share Option Plan.

Changes to the Bank's issued capital and options are normally reported monthly to ASX.

6.2 FINANCIAL INFORMATION

MBL's consolidated financial statements for the six month period ended 30 September 2002 and comment on performance and outlook are contained in MBL's 2002 Interim Report. Further financial information concerning MBL is generally available as described in Section 7.

No funds will be raised by MBL by the issue of Shares under the Plan.

MBL's annual Basic Earnings Per Share (Basic EPS) adjusted for bonus issues for the last five years have been:

| Year to 31
March | 1998 | 1999 | 2000 | 2001 | 2002 |
|---------------------|------|-------|-------|-------|-------|
| Basic EPS (c) | 88.1 | 101.3 | 124.3 | 138.9 | 132.8 |

MBL's EPS for the six months to 30 September 2002 was 91.2 cents per share.

6.3 RIGHTS ATTACHING TO ORDINARY SHARES

The Shares carry the following rights, privileges and restrictions. Full details of the rights attaching to the Shares are set out in the Constitution of MBL.

General Meetings and Voting

Each holder of Shares is entitled to receive notice of, and to attend and vote at, general meetings of MBL and to receive all notices, accounts and other documents required to be furnished to shareholders under the Constitution, the Corporations Act or the Listing Rules.

Shareholders may attend in person or by proxy and vote on issues requiring a shareholders' resolution at general meetings. Such issues include the election of Directors and any changes to the Constitution of the Bank. Notice is given to shareholders when those meetings are to be held and of the items of business to be considered. At a general meeting every holder of Shares present in person or by representative has one vote on a show of hands and, on a poll, every person present in person or by proxy or attorney has one vote per fully paid Share (and a proportion of a vote for shares partly paid, equal to the proportion the amount paid on the share bears to its total issue price).

Dividends

Shareholders have the right to participate in the profits of the Bank through the receipt of dividends. Dividends are a share of the profits of the company. The size of any dividend will depend, among other things, upon the Bank's profitability during the relevant financial year. It is the Bank's present policy to pay dividends twice yearly. Subject to the rights of holders of shares issued with any special or restricted rights, that portion of the profits of MBL which the Voting Directors may from time to time determine to distribute by way of a dividend, must be declared and paid on all of the shares of a particular class in respect of which the dividend is paid.

Shareholders may elect to be paid dividends by way of cheque or direct credit to a nominated bank account. If you wish to have your dividends credited electronically, please complete the relevant section on the Share Application Form.

Annual Report

Shareholders have the opportunity to receive each year a copy of the Bank's Annual Review which provides a comprehensive review of the Bank Group's performance as a whole during the previous financial year. All staff currently receive a copy of the Annual Review at the time of its publication and it and the Financial Statements are available on Macnet.

Winding Up

In the event that the Bank were ever wound up, depositors and other creditors would be paid out first. Any surplus available would be distributed among shareholders in accordance with the Corporations Act.

Transfer

Subject to the disposal restrictions referred to in Section 3.5 above, the Constitution of MBL, the Corporations Act, any other laws and the Listing Rules, Shares are transferable.

Variation of Rights

The rights attaching to shares of any class may be altered with the approval of a special resolution passed at a separate general meeting of the holders of shares of that class or with the written consent of the holders of at least three-quarters of the issued shares of that class.

Share Buy-Backs

MBL is entitled to purchase Shares in itself in accordance with the requirements of the Corporations Act.

Proportional Takeovers

The Constitution of MBL provides that shareholder approval will be required in relation to proportional takeover schemes.

6.4 TRADING IN SHARES ON ASX

The following table provides a summary of the prices and volumes at which Shares have traded since being quoted by ASX.

MBL - Share Trading History Since Quotation On ASX

| | High | Low | Close | Volume (000s) |
|---------------------------------|-------|-------|-------|---------------|
| 1996 | 8.90 | 6.50 | 8.12 | 67,817 |
| 1997 | 14.25 | 8.07 | 11.85 | 83,024 |
| 1998 | 16.00 | 11.10 | 16.00 | 84,440 |
| 1999 | 26.20 | 15.85 | 26.20 | 73,259 |
| 2000 | 30.00 | 21.10 | 28.80 | 85,375 |
| 2001 | 41.03 | 26.10 | 37.45 | 110,795 |
| 2002 | | | | |
| January | 37.51 | 36.10 | 37.17 | 8,152 |
| February | 37.30 | 31.10 | 32.45 | 23,001 |
| March | 34.66 | 31.95 | 33.26 | 10,844 |
| April | 33.90 | 32.28 | 32.60 | 8,924 |
| May | 32.90 | 29.10 | 32.35 | 17,900 |
| June | 32.13 | 29.10 | 29.25 | 16,963 |
| July | 29.31 | 23.19 | 24.21 | 24,096 |
| August | 25.80 | 21.83 | 24.30 | 18,103 |
| September | 24.35 | 21.28 | 22.16 | 10,541 |
| October | 22.88 | 18.75 | 22.84 | 16,360 |
| November (up to and inc 26 Nov) | 24.32 | 21.35 | 22.28 | 16,248 |

[Source: Australian Stock Exchange Limited]

It should be noted that the price at which Shares will trade on ASX in future may not necessarily reflect recent prices and will depend on factors including those stated in section 4 above.

6.5 DIVIDEND POLICY

The Bank's distribution policy is that future cash ordinary dividends will be maintained at current levels of 93 cents per share each financial year until such time as the dividends can be fully franked. Thereafter, consideration will be given to increasing ordinary dividends as the Bank's franking capacity increases.

The Directors cannot give any assurances concerning future dividend policy, the extent of future dividends, or the franking of any such dividends as they are dependent on the future profits and financial and taxation positions of MBL.

The distributions made by MBL to holders of Shares over the last five years have been as follows:

| Period | Cash dividend (cents) per Share | Franking (per cent) |
|-----------------|---------------------------------|---------------------|
| 1997/98 Interim | 21 | 100 |
| 1997/98 Final | 30 | 100 |
| 1998/99 Interim | 30 | 100 |
| 1998/99 Final | 38 | 100 |
| 1999/00 Interim | 34 | 65 |
| 1999/00 Final | 52 | 65 |
| 2000/01 Interim | 41 | 70 |
| 2000/01 Final | 52 | 70 |
| 2001/02 Interim | 41 | 70 |
| 2001/02 Final | 52 | 70 |
| 2002/03 Interim | 41 | 85 |

The Bank obtained shareholder approval at the 2001 Annual General Meeting for the introduction of a dividend reinvestment plan ("DRP") for ordinary shareholders. The purpose of seeking shareholder approval was to provide the Bank with access to the fullest possible range of capital raising mechanisms and maximum flexibility should the need arise to raise capital. The DRP came into operation in May 2002 for the dividend payment on 2 July 2002 and remains open.

7. ADDITIONAL INFORMATION

7.1 NATURE OF PROSPECTUS AND AVAILABILITY OF INFORMATION

This Prospectus is intended to be read in conjunction with the publicly available information that is widely available in relation to the Bank. Employees and their advisers should therefore also have regard to that publicly available information in relation to the Bank before making a decision whether or not to accept the Offer of Shares under this Prospectus.

The Bank is a disclosing entity under the Corporations Act and is subject to regular reporting and disclosure obligations under the Corporations Act and the Listing Rules, including the preparation of annual reports and half yearly reports. The most recent report is the 2002 Interim Report relating to the six months ended 30 September 2002. This report is available to each participating employee on Macnet. For those without access to Macnet, copies of those documents are available free of charge by contacting Kristen Findlay on (02) 8232 4750. In addition, copies of documents lodged in relation to the Bank may be obtained from, or inspected at, any office of ASIC. A copy of the 2002 Annual Report, 2002 Interim Report and any relevant document lodged by the Bank with ASX since the date of the 2002 Annual Report may be obtained free of charge by contacting Kristen Findlay on (02) 8232 4750.

The 2002 Interim Report contains MBL's consolidated financial statements for the six months to 30 September 2002 and commentary on MBL's performance and developments during that six month period, together with some comments on the outlook for MBL's full year profits.

The Bank is required to notify ASX of information about specified events and matters as they arise for the purposes of ASX making that information available to the stock market conducted by ASX. In particular, the Bank has an obligation under the Listing Rules (subject to certain exceptions), to notify ASX immediately of any information of which it is or becomes aware concerning the Bank, which a reasonable person would expect to have a material effect on the price or value of Shares.

If participating employees wish to obtain further information about MBL they can do so by contacting their financial advisers or by reviewing the public documents available at ASX.

Other than the 2002 Interim Report, none of the information referred to above is incorporated by reference in this Prospectus or is issued with this Prospectus.

7.2 ADMISSION TO OFFICIAL LIST OF ASX

MBL was admitted to the Official List of ASX in 1993 for the purpose of obtaining Official Quotation of Macquarie Bank Capital Notes. Official Quotation of 500,000 Macquarie Bank Capital Notes commenced in April 1993. MBL's category of admission to the Official List was changed to the general admission category, to allow for the quotation of the Shares from 29 July 1996.

In addition, the Bank issued 1,500,000 Converting Preference Shares in August 1999 which are listed on ASX. The Bank and Macquarie Finance Limited also issued 4 million Macquarie Income Securities in the second half of 1999 which are also listed on ASX.

Several waivers from the Listing Rules have been granted to MBL relieving it from compliance with various Listing Rules. Copies of the waivers may be reviewed by referring to the public register of waivers available at ASX. The principal relevant waivers that have been granted can be summarised as follows:

- certain waivers to facilitate the operation of the Option Plan. As the Options are not quoted, various waivers relating to the administration of the Option Plan (principally concerning the lodgement of documents with ASX) have been granted; and
- confirmation has been obtained that the provisions of the Listing Rules applying to directors of MBL are applicable only to the Voting Directors of MBL.

As part of the process of implementing the Plan, MBL sought and obtained ASX's agreement to certain waivers to facilitate the operation of the Plan. As the Shares to be issued under the Plan will all be issued to staff, various waivers relating to the administration of the Plan (principally concerning the lodgement of documents with ASX) have been granted.

7.3 INTERESTS

The Bank has paid, or agreed to pay Mr John Allpass, a Voting Director of the Bank, \$4,000 in connection with his work on the due diligence committee for this Prospectus. PricewaterhouseCoopers has prepared an Independent Review Report contained in the 2002 Interim Report which forms part of this Prospectus. The Bank has paid or agreed to pay approximately \$5,000 for its involvement in the preparation of this Prospectus.

7.4 CONSENTS

PricewaterhouseCoopers has given, and has not withdrawn, its consent to the inclusion of the Independent Review Report contained in MBL's 2002 Interim Report in the form and context in which it is included in the Prospectus. Except with respect to the Independent Review Report, PricewaterhouseCoopers has made no statement in this Prospectus or on which a statement made in this Prospectus is based.

7.5 DOCUMENTS AVAILABLE FOR INSPECTION

The following MBL documents are available for inspection during normal business hours at the principal office of MBL at Level 15, No. 1 Martin Place, Sydney NSW 2000, care of the Company Secretary:

- Constitution
- Last five Annual Reports and the 2002 Interim Report
- Rules of the Macquarie Bank Employee Share Plan
- Rules of the Macquarie Bank Employee Share Option Plan
- Rules of the Macquarie Bank Staff Share Acquisition Plan
- MBL Staff Trading Rules
- Terms and Conditions of Converting Preference Shares
- Macquarie Income Securities Prospectus dated 14 October 1999

7.6 SHARE REGISTRY

MBL will maintain an Issuer Sponsored Subregister of holdings of Shares issued pursuant to the Plan, until such Shares become free of the disposal restriction mentioned in Section 3.5 above.

Holdings will not be certificated. Shareholders will instead receive holding statements (similar to bank account statements) giving details of their shareholdings. All shareholders will be identified by a Holder Identification Number or a Shareholder Reference Number.

MBL has appointed Computershare Investor Services Pty Limited to operate its Share register. Contact details are as follows:

Computershare Investor Services Pty Limited
Level 3
60 Carrington Street
Sydney NSW 2000
or
GPO Box 7045
Sydney NSW 1115 .

Telephone: (02) 8234 5000
Fax: (02) 8234 5145

Each of the Voting Directors of the Bank has consented to the lodgement of this Prospectus with the Australian Securities and Investments Commission.

GLOSSARY OF TERMS

| | |

**APPLICATION FOR SHARES UNDER
MACQUARIE BANK EMPLOYEE SHARE PLAN ("PLAN")**

2002 PLAN OFFER

You must be an Eligible Employee to apply for this Offer. To qualify as an Eligible Employee you must be a permanent employee to whom an Offer has been made by the Bank to participate in the Plan and who:

- 1) Has been continuously employed by the Bank or a subsidiary of the Bank since 1 April 2002; and
- 2) Is still employed by the Bank or a subsidiary of the Bank on the allotment date; and
- 3) Has not tendered a notice of resignation to the Bank or a subsidiary of the Bank at any time up to and including the allotment date and such notice remains on foot as at the allotment date (regardless if your last day of employment will be after the allotment date); and
- 4) Is an Australian resident on both the closing date of the Offer and on the allotment date.

A. IMPORTANT NOTICE

This is an invitation to apply for fully-paid ordinary shares in Macquarie Bank Limited under the 2002 Plan Offer.

Please note that the prospectus in relation to the Macquarie Bank Employee Share Plan ("Prospectus") should be attached to this Application Form. If you have not received the Prospectus in full please contact the Jaclyn McDonald on (02) 8232 1155.

Applicants are strongly advised to read the Prospectus before applying for Macquarie Bank Limited Ordinary Shares under the Offer. The Prospectus contains information about investing in Macquarie Bank Limited Ordinary Shares.

Any person who gives another person access to the Application Form must at the same time and by the same means give the other person access to the Prospectus and any supplementary prospectus.

While the Prospectus is current, Macquarie Bank Limited will send paper copies of the Prospectus, any supplementary prospectus and the Application Form, on request and free of charge by calling the Jaclyn McDonald on (02) 8232 1155.

Applications for the Offer can only be made on the Application Form accompanying the electronic Prospectus in this electronic document or on an Application Form attached to a paper copy of the Prospectus.

The Prospectus is dated 3 December 2002 and was lodged with the Australian Securities and Investments Commission ("ASIC") on that date. No responsibility for the contents of the Prospectus is taken by the ASIC or ASX. The Offer opens on 10 December 2002 and closes on 10 January 2003 unless otherwise advised by Macquarie Bank Limited. The Prospectus expires on 2 January 2004.

B. REGISTRATION

Name: _____ Employee Number: _____

Date

Date

PLEASE RETURN THIS ORIGINAL COMPLETED APPLICATION FORM TO JACCLYN MCDONALD BY THE BANK'S INTERNAL MAIL OR IN PERSON TO RECEPTION, LEVEL 7, No 1 MARTIN PLACE, SYDNEY, BY 5.15 PM (SYDNEY TIME) ON 10 JANUARY 2003.

YOUR PRIVACY

Macquarie Bank Limited ("MBL") and Computershare Investor Services Pty Limited ("Computershare") value your privacy and will protect your personal information in accordance with the Privacy Act 1988 (Cwlth).

This privacy statement sets out how information about you will be collected, used and disclosed during your participation in the 2002 Plan Offer.

MBL will receive and process your application. If you do not provide MBL with the information required in the application, it might affect the ability to allow your participation in the 2002 Plan Offer.

MBL will use the information provided by you so that it may supervise the 2002 Plan Offer.

MBL will provide Computershare with certain information contained in your Application Form.

Your bank account and contact details will be provided to Computershare for the purpose of cash payments, eg receipt of dividends.

Computershare will be informed whether or not you already hold MBL fully paid ordinary shares for the purpose of updating the MBL Share Register.

The information that Computershare and MBL holds about you will be used, as needed, to issue your shares, to communicate with you and operate and administer the MBL Share Register.

Computershare may disclose personal information that it holds about you to your bank, if the information is to make payment to you.

Neither MBL nor Computershare will disclose any personal information you provide to anyone else unless you consent to the disclosure or the disclosure is required by law. From 21 December 2001, you will have the right under the Privacy Act 1988 (Cwlth) to request access to information that Computershare and MBL holds about you.

MACQUARIE BANK EMPLOYEE SHARE OPTION PLAN SUPPLEMENTARY PROSPECTUS

1. DESCRIPTION OF MACQUARIE BANK LIMITED

On 28 November 2002, MBL approved the release of its Interim Report to 30 September 2002 ("Interim Report"). The Interim Report contains a discussion of MBL's results and operations for the six month period to 30 September 2002 as well as factors that have impacted upon its financial performance and the outlook for the coming period. The Interim Report should be referred to for details of those matters and is available to each Eligible Executive on Macnet. For those without access to Macnet, copies are available by calling Kristen Findlay on (02) 8232 4750.

MBL's basic earnings per share for the six months to 30 September 2002 were 91.2 cents and the interim ordinary dividend for the period was 41 cents per share franked to 85%.

2. TRADING IN SHARES ON ASX

The following table provides a summary of the prices and volumes at which Shares have traded since June 2002 on ASX.

MBL - Share Trading History Since June 2002

| Period | Monthly Share Price (\$) | | | Monthly Volume (000s) |
|---|--------------------------|-------|-------|-----------------------|
| | High | Low | Close | |
| 2002 | | | | |
| June | 32.13 | 29.10 | 29.25 | 16,963 |
| July | 29.31 | 23.19 | 24.21 | 24,096 |
| August | 25.80 | 21.83 | 24.30 | 18,103 |
| September | 24.35 | 21.28 | 22.16 | 10,541 |
| October | 22.88 | 18.75 | 22.84 | 16,360 |
| November (up to and including 26 November 2002) | 24.32 | 21.35 | 22.28 | 16,248 |

INTERIM REPORT

Macquarie Bank Limited

INTERIM RESULT

Macquarie Bank (the Bank) achieved a record half-year profit in the half-year to 30 September 2002. The result was achieved in a very challenging period marked by turbulent markets. Throughout, the Bank maintained its strong focus on the operating performance of existing and new businesses, whilst continuing to seek opportunities both in Australia and offshore.

Consolidated after tax profit attributable to ordinary shareholders was \$183 million, compared with \$130 million in the previous corresponding period, an increase of 41 per cent. Profit before tax attributable to ordinary shareholders increased by 50 per cent on the previous corresponding period to \$250 million.

The result reflects the strengths and diversity of the Bank's businesses. With global equity markets falling and investment banking businesses globally generally contracting, the Bank was not only able to weather the conditions but significantly increase profits. Particularly strong results were achieved by Treasury and Commodities Group, assisted by volatility in financial markets, and Banking and Property Group, which benefited from flows into property assets from equities. Investment Banking Group made another strong and increased contribution notwithstanding market conditions and the other Groups performed satisfactorily. The Bank benefited from cost initiatives, with the expense to income ratio improving substantially over the prior corresponding period.

The annualised after tax return on average ordinary shareholders' funds was 21.3 per cent. Basic earnings per share (EPS) were 91.2 cents, up 25 per cent from the previous corresponding period. The increase in EPS was due to growth in profit after tax attributable to ordinary shareholders of 41 per cent offset by growth in the weighted average number of issued shares of 12 per cent.

Notwithstanding the excellent profitability achieved, the Bank recognises that during the period, its share price fell significantly as did that of its listed airport fund, Macquarie Airports (MAp). At the Bank's 2002 Annual General Meeting in July and in the Chairman's letter to shareholders of 26 August 2002, we addressed what we saw as the main factors behind the recent drop in our share price. In relation to the Sydney Airport acquisition, MAp was part of the Southern Cross Consortium which included a group of experienced international infrastructure investors. MAp management is working hard to achieve the best results from the assets under management and the benefits of Macquarie's involvement are already evident at Bristol, Birmingham and Sydney airports where forecast results are being exceeded. The Bank remains confident about the long-term value of MAp's airports portfolio.

Total shareholder returns since the Bank's ordinary shares were listed in July 1996 have been strong, outperforming all but two of the companies in the ASX 50 at the time of our listing. We strive to continue this performance. Significant efforts are being directed at increasing international investor interest in the Bank and its specialist funds. We have been very focused on developing a wide range of strategic initiatives to increase market share in our existing businesses and to ensure future sustainable growth in each of our operating Groups.

The Bank's total operating income rose by 23 per cent from the previous corresponding period to \$983 million excluding transmission income from the Broadcast Australia Holdings Pty Limited transmission business (formerly ntl Australia Holdings Pty Limited) (BA) which the Bank held for four and a half months. International income was up on the previous six months but slightly down compared to the previous corresponding period reflecting the difficult global market conditions. Domestic income rose 44 per cent on the prior corresponding period.

Fees and commissions contributed 67 per cent of the Bank's income and increased 28 per cent on the previous corresponding period. The increase reflects growth in specialist funds, the corresponding growth in base funds management fees, increased performance fees and strong growth across all Property businesses.

Trading income contributed 22 per cent of the Bank's income and was 11 per cent above the previous corresponding period. Volatility in world commodity markets led to strong client activity in Agricultural Commodities and Metals and Mining Divisions. Foreign Exchange Division consolidated its market share with increased trade flows and Debt Markets Division also had good deal flow. There was a modest recovery in equities trading income on the previous six months, although it was slightly down on the previous corresponding period.

Net interest income contributed 13 per cent of the Bank's income and increased 48 per cent on the previous corresponding period.

In other income, a \$20 million gain on the sale of the transmission assets of BA into the newly created Macquarie Communications Infrastructure Group (MCG) and dividend income from equity investments were offset by \$61 million in provisions for diminution in the value of the Bank's holdings in MAp and MCG, which were written down to the lower of cost and market at 30 September 2002, in line with the Bank's accounting policies.

INTERIM REPORT

Macquarie Bank Limited

While total operating expenses rose 16 per cent from the previous corresponding period, the benefits of cost control were evident in the reduction in the expense/income ratio from 77.4 per cent to 73.0 per cent. Employment costs represented 72 per cent of operating expenses, slightly up on the previous corresponding period due to an increased provision for performance-based remuneration as a result of the Bank's improved profitability and return on shareholders' funds. The full year cost of performance-based remuneration is dependent upon the Bank's performance over the entire year. Staff profit sharing arrangements, whereby a significant part of the Bank's remuneration expense is subject to performance, have been a key part of the Bank's success and have been in place since the Bank's formation in 1985. Non-employment costs only increased six per cent on the prior corresponding period.

The Bank maintained a strong Tier 1 capital base of approximately \$1.9 billion. The Tier 1 capital ratio was slightly reduced to 15.8 per cent with the Bank expanding its specialist funds activities as foreshadowed to shareholders.

All of the Groups contributed to earnings with record results from both Treasury and Commodities and Banking and Property Groups and another strong result from Investment Banking Group.

The Investment Banking Group made a solid and increased contribution despite writedowns on some of its equity investments. The Treasury and Commodities Group contribution increased over 100 per cent compared to the previous corresponding period with significant contributions from Foreign Exchange, Metals and Mining, Treasury and Debt Markets. The Banking and Property Group contribution increased 65 per cent with record results from all of the property businesses, Banking and the Golf and Leisure business. The Equity Markets Group operated profitably despite very difficult market conditions. The diversified nature of Funds Management Group's business enabled it to grow total funds under management by five per cent to \$28.3 billion despite difficult global market conditions. The Financial Services Group achieved breakeven as forecast despite tough market conditions.

RELATIVE CONTRIBUTIONS BY OPERATING GROUP (%)

| | Half-year to 30 Sept 2002 | Full-year to 31 Mar 2002 | |
|-----------------------|---|--------------------------|------------|
| Investment
Banking | Corporate Finance (incorporating Specialist Funds) | 31 | 30 |
| | Structured Finance and Cross-border Leasing | 10 | 11 |
| | Other Investment Banking
(including Institutional Broking and Macquarie Capital) | 10 | 20 |
| | Total Investment Banking | 51 | 61 |
| | Treasury and Commodities | 25 | 21 |
| | Banking and Property | 18 | 16 |
| | Equity Markets | 3 | - |
| | Funds Management | 2 | 3 |
| | Financial Services | 1 | (1) |
| | Total | 100 | 100 |

The figures set out in this table are relative to the Bank's overall performance and are based on figures before tax and before staff profit sharing. They should be taken as a guide only to relative contributions and are derived from management accounts.

CONSOLIDATED GROUP PROFIT (\$ million)

| Half-year to 30 September | 2002* | 2001 | Change* |
|--|-------|-------|---------|
| Total operating income | 983 | 800 | 23% |
| Total operating expenses | (718) | (619) | 16% |
| Profit before tax | 265 | 181 | 46% |
| Income tax expense | (67) | (37) | |
| Net profit after tax | 198 | 144 | |
| Outside equity interests | (1) | 1 | |
| Macquarie Income Securities distribution | (14) | (15) | |
| Profit attributable to ordinary shareholders | 183 | 130 | 41% |

* Adjusted to exclude the BA transmission income and operating expenses for the holding period from 2 April 2002 to 12 August 2002.

N.B: Pre-tax profit attributable to ordinary shareholders of \$250 million was derived using pre-tax profit of \$265 million, less outside equity interests in the pre-tax profits of a controlled entity of \$1 million, less the distribution of Macquarie Income Securities of \$14 million.

CONTRIBUTION TO OPERATING INCOME (%)

| Half-year to 30 September | 2002 | 2001 |
|-----------------------------|------|------|
| Fee and commission income | 67 | 65 |
| Trading income | 22 | 25 |
| Interest and similar income | 13 | 11 |
| Other | (3) | (1) |
| Total operating income | 100 | 100 |

BALANCE SHEET AND CAPITAL ADEQUACY RATIOS

Total assets at 30 September 2002 increased 8 per cent to \$32.5 billion from \$30.2 billion at 31 March 2002.

Trading assets rose 12 per cent to \$5.5 billion from \$4.9 billion at 31 March 2002.

Loan assets increased from \$9.2 billion at 31 March 2002 to \$11.2 billion at 30 September 2002 due to organic growth across most lending businesses.

Other securities also increased, up 21 per cent from \$1.9 billion at 31 March 2002 to \$2.3 billion. This was due primarily to the Bank's increased holding of equity investments, including MAp and MCG.

Risk weighted assets increased 10 per cent from \$10.7 billion at 31 March 2002 to \$11.8 billion at

30 September 2002. These movements were a result of asset growth and a change in the mix of risk weighted assets driven by changes in the balance sheet components as described above.

In May 2002, the Bank activated its Dividend Reinvestment Plan for ordinary shareholders in Australia and New Zealand. Approximately 1.7 million new ordinary shares were issued following the final dividend paid in early July 2002.

The Bank's capital adequacy ratio of 16.3 per cent and its Tier 1 ratio of 15.8 per cent continue to well exceed the minimum levels set by the Australian Prudential Regulation Authority.

CREDIT RATINGS

The Bank's credit ratings reflect a history of strong financial performance, the quality and diversity of business activities, a strong management team and well established liquidity and risk management practices. The Bank's credit ratings have recently been affirmed at their current levels.

| | Short-term | Long-term |
|---------------------------|------------|-----------|
| Standard & Poor's | A1 | A |
| Moody's Investors Service | P1 | A2 |
| Fitch Ratings | F1 | A+ |

ACCOUNTING PRACTICES AND DISCLOSURE

The headline result for the half-year has been determined using the Bank's accounting policies that have been consistently applied across all the operating Groups. These policies state, for example, that only those assets that are part of the trading portfolio may be carried at market value. All other assets must be recorded at the lower of cost and recoverable amount. As a result of this policy, the Bank has certain listed equity investments that are not held for trading purposes that are carried at values less than the prevailing market value. No profits will be recognised in relation to these investments until they are sold.

The Bank holds analyst briefing sessions on its interim and full year results in November and May respectively. These sessions provide information on the financial results and an operational overview for the period under review. Profit announcements, investor presentations and other material announcements are lodged with ASX immediately and are available on our website. In addition, as part of the Bank's commitment to broaden the investor base, we present at various investment conferences and conduct investor visits throughout the year.

INVESTMENT BANKING GROUP

The Investment Banking Group improved its contribution compared to the prior corresponding period despite difficult market conditions. Activity was strong across all areas of the Group. The result was achieved after accounting for unrealised losses in relation to the Bank's holdings in MAP and MCG securities but without taking into account unrealised gains in respect of the Bank's holding in Macquarie Infrastructure Group (MIG).

Corporate and Structured Finance Division:

- was placed first in the Thomson league tables for value of Australian merger and acquisition transactions for the six months to 30 June 2002; and
- rated second in the equivalent equity capital markets table on total capital raised, and ranked first for Initial Public Offerings completed to 30 June 2002.

During the period, specialised funds under management grew to \$14 billion (including undrawn commitments of \$1.1 billion) from \$11.8 billion (\$1.7 billion undrawn).

Activities are aligned into industry groups. Highlights for these groups are discussed below.

Highlights for the Infrastructure and Utilities Group included a leading role in the Southern Cross Consortium's successful bid for Sydney Airport, refinancing Transurban Group's existing debt facilities with a mixture of bank and capital markets facilities totalling approximately \$2.02 billion, including the largest single corporate bond issue for an infrastructure asset in Australia to that time, and a continued increase in the number of offshore transactions:

- KESAS toll roads refinancing (advising on an issue of Islamic bonds) in Malaysia;
- project financing for gas meters for United Utilities in the UK;

- advising MIG on the acquisition of an 82 per cent interest in San Diego Expressway Partnership Limited, the concession owner for the SR125 toll road in San Diego, California; and
- advising on the purchase of a 44.7 per cent interest in the Rome airport system.

Highlights for the Industries Groups included:

- the acquisition by the Bank of ntl Australia Holdings Pty Limited (subsequently renamed Broadcast Australia Holdings Pty Limited) from ntl Inc for \$850 million;
- continuing international expansion, including advising Village Roadshow on the sale of a Korean cinema business;
- acting in relation to the sale by AXA APH of its health insurance operations for \$595 million;
- acting as sole lead manager and underwriter to the issue of \$350 million of Reset Preference Shares by Insurance Australia Group Limited ("IAG") and as sole adviser for IAG's subsequent \$300 million structured off-market ordinary share buy-back;
- advising Centennial Coal on its \$331 million acquisition of the Powercoal assets from the New South Wales Government;
- advising Francisco Gold on a successful C\$240 million scrip offer made by Glamis Gold. This was Macquarie's first advisory role on a public company acquisition within North America;
- joint lead manager and underwriter to the successful \$720 million non-renounceable shareholder entitlement offer by Qantas;
- adviser to United Group on its acquisition of KFPW;

INTERIM REPORT

Macquarie Bank Limited

- managing and underwriting an issue of \$140 million of Reset Preference Units by Macquarie Goodman Capital Trust, the largest hybrid capital raising in the listed property trust sector in 2002 to date; and
- arranging the \$354 million initial public offer (IPO) of Macquarie ProLogis Trust, the first property trust IPO since 1999 and the first Australian listed property trust to invest in US industrial property.

Structured Finance and Cross-Border Leasing launched two new fund products during the period, the Macquarie Nine Film fund and the Fusion funds, raising \$200 million in total and completed cross-border leasing transactions during the first half for a number of clients including Qantas, SNCB (Belgian rail), Austrian Post and Swisscom.

Infrastructure and Specialized Funds Division continued to experience strong growth in funds under management and management fees as it built upon its world class portfolio of assets. Highlights included launching MCG with the Broadcast Australia business as its seed asset, completing a \$1 billion capital raising for MIG for the acquisition of an additional interest in Highway 407 in Toronto and MIG's acquisition of an 82 per cent interest in the SR125 toll road concession.

As part of the Southern Cross Consortium, Macquarie Airports (MAp) acquired an interest in Sydney Airport and, subject to regulatory approvals, will acquire an interest in the Rome airports. The MAp share price, in a tough and negative environment, continues to be a disappointment and, as previously mentioned, is a key focus of management attention. The performance of the overall portfolio of Macquarie's specialist funds, however, continues to be very good.

Macquarie Capital experienced growth in its business both in Australia and internationally. The leasing book (which includes motor vehicles and information technology equipment) grew from \$1.8 billion to \$2.2 billion during the period.

The profit contribution from the **Institutional Stockbroking Division** and **Macquarie Research Equities** was down in a challenging period. However, brokerage continued its upward trend, reflecting improved sales and research. The client base is now 50 per cent international and 50 per cent domestic, serviced by sales teams located in Sydney, Melbourne, London, Munich, New York, Hong Kong, Wellington and Auckland. The Asian Equities business continued to grow, particularly in Hong Kong where research capacity has expanded to cover 55 per cent of that market (compared with 96 per cent of the combined Australian and New Zealand markets).

Outlook

The Group expects to be able to maintain or improve on its full year contribution last year. Some businesses may be adversely impacted if international equities markets remain depressed. Currently, the deal pipeline is at least as strong as this time last year. Significant transactions currently being undertaken are:

- advising Placer Dome on its bid for AurionGold;
- advising the preferred lender for the Western Sydney Orbital; and
- acting in a number of roles in relation to Powerco's acquisition of substantial gas and electricity distribution assets in New Zealand.

TREASURY AND COMMODITIES GROUP

The Group's contribution was up by more than 100 per cent on the prior corresponding period. Strong contributions were made from all major businesses with Foreign Exchange, Treasury, Metals and Mining and Debt Markets Divisions all achieving excellent results. The Group has actively increased its market share as competitors have withdrawn from some of its markets.

Foreign Exchange Division provides 24-hour interbank price-making services in Australian dollar spot, forwards and options and provides interbank pricing in Yen and Euro during the Sydney time zone. Foreign Exchange had a notably good period with very good customer business flows and strong contributions from each business within the Division, with all of them exceeding last year's first half performance. The Internet delivery business initiated 24 months ago is now opening new markets and has generated a sound contribution to the Division's profits and diversity.

Metals and Mining Division provides 24-hour price-making facilities for base and precious metals, as well as loan financing and structured hedging facilities for mining companies and projects. Metals and Mining recorded a strong result for the period, mainly attributable to the performance of the precious metals business.

Debt Markets Division is involved in debt origination and structuring, trading and sales and interest rate derivatives. The Division is independently recognised as a market leader in the arrangement, structuring and placement of rated mortgage, asset-backed and project-based structured deals. Debt Markets finished the period significantly ahead of the prior corresponding period. It was the sole lead in over \$1.2 billion of deals and placed \$1 billion of paper from those programs.

Treasury Division (formerly Money Market Division) is responsible for the Bank's balance sheet, liquidity and interest rate management. Treasury achieved first half results significantly ahead of the prior corresponding period.

Agricultural Commodities Division provides risk management solutions to the agricultural industry globally, with its core business being the provision of tailored, over-the-counter hedging transactions. Agricultural Commodities had a strong result in line with the previous corresponding period. Agricultural commodity markets are currently showing no signs of the disruptions of the second half of the prior year.

Futures Division maintained its leading position in clearing and number two position in execution on the Sydney Futures Exchange. The Division recorded a good result for the period marginally above the prior corresponding period.

Risk Advisory Services has specialised teams that focus on providing independent risk and financial management advice to clients in commodity markets and treasury. It also has a specialised team responsible for the outsourced management of over \$4 billion of debt and asset portfolios for clients. Risk Advisory Services had a strong period, contributing significantly more than in the prior corresponding period.

Outlook

The Group will continue to focus on growing its activities and increasing profitability from existing and new businesses, while maintaining a conservative risk profile. New energy trading and finance businesses focused on international markets are now established but they did not contribute any income to the Group in the first half of this year. The current transaction pipeline is good. However, the markets in which the Group operates, particularly commodities markets, are variable and conditions in these markets will be a major factor in the Group's future performance.

INTERIM REPORT

Macquarie Bank Limited

BANKING AND PROPERTY GROUP

The Banking and Property Group achieved a 65 per cent increase in contribution compared to the prior corresponding period with all the property businesses, Banking and the Golf and Leisure business realising record performances.

Banking achieved a record result with excellent loan growth and low default levels. The business has achieved an improved revenue mix due to the strategic initiatives undertaken to build fee generating businesses and products, fee reviews and the automation of fee collection. The result reflects an increase in gross revenue, cost containment and strong productivity gains from improvements to systems and back-office processes delivered over the past two years.

Margin Lending achieved a record number of transactions for the June peak period. It continued to expand its product offering with the launch of Fusion funds - protected lending on managed funds and the successful implementation of trading in New Zealand securities for New Zealand margin lending clients.

Mortgages and Securitisation funded the highest volume of new mortgages since the establishment of the business. Strategic partnerships with Mortgage House of Australia, Aussie Group and Australia's largest mortgage broker, Australian Finance Group, have resulted in increased market share and diversified originations. Securitisation launched G2 - the Division's second US bond issue for US\$1 billion and P8 - a domestic bond issue of \$750 million in October 2002.

Golf and Leisure supports our growing involvement in the leisure industry. It includes Medalist Developments, Macquarie's joint venture with Greg Norman's Great White Shark Enterprises, the Macquarie Leisure Trust, and other leisure interests. Medalist continued to expand both in the US and Australia and experienced strong sales across its projects, which have a total of 8,500 residential units in development or developed.

Macquarie Property achieved a record result for the period with all businesses contributing strongly. Total listed and unlisted fund assets under management grew to nearly \$5 billion.

Property Investment Banking was responsible for raising \$760 million dollars in debt and equity during the last six months. Major activities included a debt financing and arranging role for the \$284 million World Square project, one of Sydney's largest commercial developments, and a financial adviser and arranger mandate from the Royal Automobile Club of Victoria (RACV) for the \$165 million office, club and conference development in Melbourne.

Property Finance's loan portfolio grew by 20 per cent, as the business continues to fund in excess of \$1 billion of residential, commercial, retail and industrial projects across Australia and increasingly in the US.

Property Investment Management completed the largest commercial property syndicate in Australia - Macquarie Martin Place Trust (MMPT) - to own 50 per cent of the \$424 million premium grade, No. 1 Martin Place, Sydney building. The balance of the property was purchased by Macquarie Office Trust (MOF). Investors in Macquarie CountryWide (MCW) and MOF earned superior total investment returns relative to respective peer group benchmarks. As a result, significant performance fees were earned by the division for the year ended 30 June 2002. The successful initial public offering of the Macquarie ProLogis Trust, which invests in state-of-the-art North American distribution facilities was a major strategic milestone.

Outlook

The Banking and Property Group is well positioned to maintain its strong performance in the medium term although its contribution in the second half will be down on the first half and in line with the prior corresponding period. It will continue to take advantage of international opportunities in its specialist areas and to consolidate its Australian-based businesses. It will look to continue to replicate its Australian model in offshore markets by leveraging relationships such as with the ProLogis group and develop a foothold in Asian markets where real estate investment trusts legislation is creating opportunities.

EQUITY MARKETS GROUP

Despite extremely difficult market conditions in most stock markets in which the Equity Markets Group operates, the Group operated profitably with the result for the period only marginally down on the prior corresponding period. The composition of the result was similar to the prior corresponding period – the Australian and South African businesses performed strongly, maintaining leading market shares in these markets whilst the Group's Asian and European operations were affected by the poor trading conditions in those markets. The Brazilian business made a small but promising contribution in only its second year of operation.

The Australian operation made the most of resilient retail demand during the six months to 30 September 2002. Product issuance, in particular instalment warrants, reached record levels with Macquarie continuing to be the leading issuer. In addition, the business regained its leading market position in vanilla warrants, generating record income levels despite a contraction in overall market volumes. There was also a steady stream of deals in unlisted products throughout the period.

The South African equity derivatives venture with The Standard Bank of South Africa produced another good result. Deal flow remained relatively strong for the six months and the business continued to be the leading warrant issuer and market-maker in over-the-counter structured equity derivatives in South Africa. The arrangement terminated in November 2002 and the Bank is currently investigating its options in South Africa.

The Hong Kong business continued to suffer from poor retail demand especially in warrants where activity levels have reached six year lows. Notwithstanding this, the business was still profitable with the result being only slightly below the prior corresponding period. During the period, Macquarie maintained its top three position in the warrants market and also successfully introduced a number of innovative products, both listed and unlisted.

The Japanese equity derivatives business venture with Mizuho Securities continues to experience very difficult trading conditions, with the Japanese stock market reaching nineteen-year lows. As a result, customer deal flows have remained very subdued. The business is running at break-even, has expanded its staffing resources and is well positioned to take advantage of any improvement in market conditions.

The Group's European business, which is now in its third year of operation, incurred a small trading loss for the half-year. The European markets have fallen significantly during the year and this has impacted the business' activity levels. Product issuance has commenced with the initial focus being German warrants and unlisted structured products.

The Group's operations in the Brazilian equity derivatives market surpassed expectations and made a small profit in only its second year despite the uncertain political and economic environment. The focus is on providing equity structured products to the sizeable local pension fund industry and the business has already established itself as a significant player in this market segment.

Outlook

Equity Markets Group remains leveraged to market conditions. It is likely that any period of relative stability will lead to an improvement in investor interest and trade volumes. Should this occur, the Group is well positioned to take advantage of trading opportunities as they arise. The Group is investigating its options in South Africa as a matter of priority. It is also at an advanced stage of negotiations for a new joint venture in Korea.

INTERIM REPORT

Macquarie Bank Limited

FUNDS MANAGEMENT GROUP

The Funds Management Group is Macquarie Bank's primary manufacturer of funds management products and services and markets its capabilities in the institutional market both in Australia and overseas. The Financial Services Group markets the Group's capabilities in the Australian retail market.

The Group's interim profit contribution for the period was steady.

Despite falls in equity markets, the Group continued to expand with total funds under management increasing by five per cent to \$28.3 billion. The international performance was particularly pleasing, with our share of funds under management increasing by 24 per cent to \$1.9 billion. Wholesale domestic funds increased five per cent to \$15.2 billion and retail domestic funds were up two per cent to \$11.2 billion.

Macquarie Funds Management Division operates the Group's wholly-owned businesses in Australia and offshore. The diversity of the Division's business enabled it to continue to increase market share. In particular, strong inflows into the Group's fixed interest (up 35 per cent) and property funds (up 52 per cent) more than offset the impact of worsening equity market conditions. The True Index range of products, which deliver exact index returns for no management fees through an innovative pricing structure, continue to enjoy increasing popularity in the market, with funds under management reaching \$1.7 billion.

The Division's enhanced equities operations in Hong Kong and the UK produced encouraging performance relative to their benchmarks.

Exporting the Funds Management Group's expertise and technology, the **International Division** builds independently viable funds management businesses in developing financial markets with strong growth potential. It currently oversees joint ventures in Malaysia (30 per cent interest), with AmMerchant Bank Berhad (formerly Arab-Malaysian Merchant Bank Berhad) and in South Korea (65 per cent interest) with IMM & Co., Ltd.

Total funds under management for the Division's joint ventures increased 24 per cent over the period to \$4.1 billion (of which Macquarie's share is \$1.9 billion). The Division posted an increased profit contribution for the period, due mainly to the Korean business.

The Malaysian joint venture's funds under management increased by 27 per cent to \$2.1 billion over the period. The business is the largest institutional asset manager in Malaysia. Its overall share of the Malaysian private asset management and unit trust market has increased to around 12 per cent.

The Korean joint venture, launched in December 2000, also experienced strong growth in funds under management, increasing 22 per cent to \$2 billion. Its recurring operating revenues now exceed operating expenses. The business held a share of around 0.6 per cent of the Korean asset management industry at the close of the period.

Outlook

The Group expects continued strong growth in its international business, particularly in Korea where growth is expected to be supported by Macquarie Life Limited's involvement in the consortium to acquire Korea Life Insurance. Within Australia, increased growth is expected from market share gains in the wholesale business and continuing strong flows into the True Index products. The Division continues to seek opportunities to form ventures in other Asian markets.

FINANCIAL SERVICES GROUP

The Financial Services Group performed well during the half-year to achieve a breakeven result as forecast, despite a depressed sharemarket and reduced investor activity.

Following a period of solid expansion, the Group has concentrated on consolidating its business, communicating with its direct and intermediary clients during the recent market volatility and restructuring to provide a more streamlined management structure with clearer accountabilities.

The Macquarie Cash Management Trust (CMT), the largest CMT in Australia, performed steadily, growing by four per cent to \$8.5 billion. The Macquarie CMT has a AAAm rating from Standards & Poor's, the highest rating available to a cash management trust.

There has been continued strong growth in the distribution of products from other Macquarie Bank divisions throughout all of the Group's channels, positioning the Group as the Bank's major retail relationship manager for both direct and intermediary clients.

Macquarie Financial Services, which provides strategic financial planning, broking, investment planning and private banking services continues to be a leader in the full service stock broking market and is growing strongly in the financial planning advice sphere.

Macquarie Adviser Services, the Bank's major relationship manager with the intermediary channel, has strengthened its position as an innovative and long-term partner to the independent financial adviser market.

Within Macquarie Adviser Services, Macquarie Wrap Solutions continued to grow substantially during the first half of the year. Despite the significant impact caused by the market downturn, Macquarie Wrap's Funds Under Administration grew from \$3.9 billion to \$5.7 billion during the period, making it the fastest growing administration platform in the industry for the June quarter according to market researcher ASSIRT. Macquarie Wrap also led industry inflows for the March quarter.

Macquarie Wrap was named the second place finalist in the ASSIRT Best Master Fund / Wrap Account Award for 2002. Macquarie was also runner up in the overall Adviser Service Award category.

The Group's strategic Information technology development program is now almost complete and is expected to be finished by the end of the calendar year but some of the costs will continue to amortise for some years. The overall program will be completed on time and within budget; a significant achievement given the scale of the undertaking and the speed of execution.

A major project aimed at improving the client and adviser experience, while reducing the Group's operating costs, is also near completion.

Outlook

With the imminent completion of the strategic technology and process improvement projects, the Group is well placed to achieve its target of full year profitability by the end of the financial year but the result will depend on market conditions. We expect continued growth in Macquarie Wrap with a focus on functionality and service. Increasing awareness of Macquarie in the retail market and continued commitment to client relationships remain core objectives of the Group.

INTERIM REPORT

Macquarie Bank Limited

DIRECT INVESTMENT

Direct Investment reported a small loss for the period reflecting that there were no realisations during the period. This was principally due to a subdued private equity market and unfavourable exit conditions. The Division's primary focus over the period was on building value within the existing portfolio of 19 investee companies.

Almost all of these companies are performing at or ahead of plan, and the expectation is that several of these will be realised during the second half of the year. During the period, strong operating performances were reported by JB Hi-Fi, SCIA and Automotive Parts Group (Repco) all of which have contributed to a very encouraging start for Macquarie Investment Trust III (MIT III). In Bond Street Investments, CH4 Pty Ltd was awarded preferred bidder status to supply gas to the Townsville power station and this company entered into a 15 year gas supply contract for that purpose.

Outlook

During the half-year, discussions were initiated with trade buyers that have expressed interest in three investee companies and the expectation is that a number of these transactions could close prior to year end. Plans are also well advanced to list another investee company in the New Year. Assuming these transactions are completed, the Division should report good earnings for the full year.

With all existing trusts now effectively fully invested, fundraising commenced in July 2002 with the launch of Macquarie Investment Trust IV. Commitments of approximately \$90 million have been received to date. A first close is expected by January 2003.

TOTAL GROUP FUNDS UNDER MANAGEMENT

Funds under management were \$46.9 billion at 30 September 2002, an increase of \$5.6 billion from 31 March 2002, resulting from growth across all segments. The Macquarie Cash Management Trust grew to \$8.5 billion during the half and continues to be the largest cash management trust in the Australian market. Funds under management are those assets that the Group actively manages and the underlying business is wealth creation. These assets are detailed below:

FUNDS UNDER MANAGEMENT (\$ BILLION)

| | 30 Sept 2002 | 31 March 2002 | 30 Sept 2001 |
|---|--------------|---------------|--------------|
| Specialist Funds | 18.6 | 14.2 | 10.0 |
| Funds Management and Financial Services | | | |
| - Retail | 11.2 | 11.0 | 10.8 |
| - Wholesale | 17.1 | 16.1 | 13.7 |
| Total | 46.9 | 41.3 | 34.5 |

INTERIM DIVIDEND

In accordance with its current distribution policy, the Board has resolved to pay an interim ordinary dividend of 41 cents per fully paid ordinary share in respect of the half-year to 30 September 2002 franked to 85 per cent. 11 per cent of the ordinary dividend is sourced from the foreign dividend account – this has no impact on Australian resident shareholders but for offshore resident shareholders, dividend withholding tax will only apply to four per cent of the dividend.

The record date for the ordinary dividend will be 29 November 2002 and it will be paid on 20 December 2002. This represents a payout ratio of approximately

45 per cent of first half earnings. The Dividend Reinvestment Plan activated in May 2002 remains open to Australian and New Zealand resident shareholders to reinvest their dividends in ordinary shares at a 2.5 per cent discount to the prevailing market price.

The Bank will also pay a dividend on the Converting Preference Shares on 16 December 2002. The dividend will be in accordance with the terms of issue of those shares and will also be franked to 85 per cent. The record date for this dividend will be 2 December 2002.

CORPORATE GOVERNANCE

The Board of Voting Directors (the Board) is responsible for Macquarie Bank Limited. The Board recognises the need for its active commitment in ensuring superior financial performance of the Bank, while meeting stakeholders' expectations of sound corporate governance practices. In conjunction with management, the Board has reviewed its corporate governance practices. Some key actions have already been implemented and others are in progress and these are described below.

Board Composition

At the date of this report, the Board comprises eight Voting Directors. Five of these Voting Directors are Non-Executive Directors (NEDs). The Board recognises that independent directors are important in assuring shareholders that the Board is properly fulfilling its oversight role and is diligent in holding senior management accountable for its performance. Regarding this, in October 2002, the Board resolved that its composition should continue to include a majority of non-executive directors and, by 1 July 2003, a majority of independent directors, as defined below.

The maximum number of Voting Directors who may sit on the Board is currently ten. The Board is seeking to make two further appointments of Independent Voting Directors to be made as soon as possible and no later than 30 June 2003.

After reviewing Australian and international formulations, the Macquarie Bank Board has determined that Voting Directors will be considered independent if not a member of management (a Non-Executive Director) and if they meet the following criteria (to the satisfaction of the Board Corporate Governance Committee):

- Is not a shareholder of a company holding more than ten per cent of the Bank's voting stock or an officer of or otherwise associated directly or indirectly with a shareholder holding more than ten per cent of the Bank's voting stock.
- Has not within the last three years been employed in an executive capacity by the company or another group member or been a director after ceasing to hold any such employment.
- Is not a principal or employee of a professional adviser to the Bank and its entities whose billings exceed five per cent of the adviser's total revenues. A Voting Director who is a principal or employee of a professional adviser will not participate in any consideration of the possible appointment of the professional adviser and will not participate in the provision of any service to the Bank by the professional adviser.
- Is not a significant supplier or customer of the Bank or its entities or an officer of or otherwise associated directly or indirectly with a significant supplier or customer. A significant supplier is defined as one whose revenues from the Bank exceed five per cent of the supplier's total revenue. A significant customer is one whose amounts payable to the Bank exceeds five per cent of the customer's total operating costs.
- Has no material contractual relationship with the Bank or any of its associates other than as a director of the Bank.
- Is not a director of any of Macquarie Bank's subsidiaries or responsible entities.

INTERIM REPORT

Macquarie Bank Limited

- Has no other interest or relationship that could interfere with the Voting Director's ability to act in the best interests of the Bank and independently of management.

Board Committees

In October 2002, the Board established a fourth Board committee, the Corporate Governance Committee, to advise the Board on corporate governance matters. The members of the Committee are Kevin McCann (Chairman), Mark Johnson and Barrie Martin. The Committee's responsibilities are documented in a charter and include:

- to undertake an annual review of the alignment of the Board's operations with best corporate governance practice;
- to undertake an annual review of the effectiveness with which Board Committees have discharged their function;
- to oversee the process for the annual review of the Chief Executive Officer and Executive Chairman;
- to approve the corporate governance statements of the Bank and to monitor the corporate governance statements of the Bank's subsidiaries and funds that the Group manages;
- to determine the independence of Voting Directors and monitor the ongoing status of those Directors; and
- to review existing behaviour and ethical guidelines for Voting Directors and consider questions of possible conflict of interest arising for Voting Directors.

In October 2002, the Board resolved that a majority of the members of each Board committee should be independent directors, that the Audit and Compliance Committee will continue to comprise only independent directors and that the Remuneration Committee and the Corporate Governance Committee be chaired by independent directors. As a consequence of this policy, Helen Nugent has replaced David Clarke as Chairman of the Remuneration Committee but he will remain a member of that committee.

Board and Director Performance

One-third of the Board (excluding the Managing Director) must retire at each annual general meeting. In November 2002, the Board approved a policy that

a NED be subject to a formal performance appraisal prior to the Board determining whether to recommend the re-election of that NED to shareholders. Furthermore, to ensure the Board has the benefit of regular new input and to avoid the potential for loss of objectivity over time, all new NEDs will retire after twelve years. Transitional arrangements will apply to existing NEDs.

In November 2002, the Board also agreed to a performance self-assessment every year.

Board Processes

The Board normally meets at least once each month. In November 2002, the Board approved a policy that all independent Voting Directors will meet at least once per year in the absence of management and at other times as they shall determine. The convenor of such meetings will be the Chairman of the Corporate Governance Committee.

Corporate Governance in Macquarie-managed Infrastructure Funds

An integral part of the success of Macquarie's Infrastructure Funds Management Business has been its ability to draw upon the resources of the broader Macquarie group, particularly the global advisory team in its Investment Banking Group which contributes strongly in establishing funds, asset sourcing and execution of acquisitions and financings.

To protect the interests of investors, Macquarie applies a governance framework to its specialist funds activities. In November 2002, the Board reviewed and enhanced this framework for the infrastructure funds management business. The key elements are as follows:

- The boards of both the corporate vehicles and the management company/Responsible Entity of the trusts of listed Macquarie managed funds will comprise a majority of independent directors. The definition of independence will be consistent with the Bank's new definition.

INTERIM REPORT

Macquarie Bank Limited

- Related party transactions with Macquarie entities will be clearly identified and governed by rules requiring they be undertaken on arm's length terms.
- Only independent directors make decisions about transactions which involve Macquarie or its affiliates as counterparties. Macquarie directors do not participate in voting on related party matters.
- All related party transactions will be tested by reference to whether they meet market standards. In particular, fee schedules and mandate terms and conditions will be subject to third party expert review.
- There is a separate infrastructure and specialised funds division and staff in this area are dedicated to the funds management business. They serve the interests of unitholders and the boards of the funds.
- All recommendations to fund boards are prepared by funds management staff and all information and analysis supporting the recommendations to the boards are reviewed or prepared by funds management staff.
- Each listed fund has a Managing Director.
- A 'Chinese Wall' operates between the infrastructure funds management business and other parts of the Bank.
Similar principles will apply to property trusts managed by wholly-owned Macquarie entities.

WHAT WE STAND FOR

Macquarie Bank aspires to be a pre-eminent provider of financial services over the long haul.

We recognise that, however our achievements to date are judged, the quest for improvement is never ending. The Macquarie culture is represented by the way in which we act and work together. The values to which we aspire are summarised in six principles:

- Integrity
- Client commitment

- Strive for profitability
- Fulfilment for our people
- Teamwork
- Highest standards

Our commitment to these six principles is vital for continued growth and prosperity.

OUTLOOK

The Bank's diverse businesses enable it to continue to perform well despite challenging market conditions. The Bank has gained market share as its international competitors rationalise their businesses. The Bank has many growth initiatives underway and the current pipeline of transactions is satisfactory. We will also continue to benefit from an ongoing focus on costs.

We are confident about continued growth in our specialist funds although there will be a slowdown in listed infrastructure in Australia in the short-term.

While the Bank's businesses are in good shape both in Australia and internationally, the result for the full year will again be influenced by conditions in the markets in which it operates and the success rate in investment banking transactions.

We currently expect that the second half-year result will be up on the prior corresponding period but lower than the first-half result because of the timing of performance fees and uncertain global markets.

We remain positive about the initiatives which we have in progress and the medium-term outlook for our businesses.

MACQUARIE BANK LIMITED

and its controlled entities

**DIRECTORS' REPORT
for the half-year ended 30 September 2002**

In accordance with a resolution of the Voting Directors ("the Directors") of Macquarie Bank Limited ("the Bank"), the Directors submit herewith the Statement of Financial Position as at 30 September 2002, the Statement of Financial Performance and Statement of Cash Flows of the Bank and its controlled entities (together "the economic entity") for the half-year ended on that date ("the period") and report as follows.

DIRECTORS

At the date of this report Directors of the Bank are:

Executive Directors:

D.S. Clarke, *AO Executive Chairman*
A.E. Moss, *Managing Director*
M.R.G. Johnson, *Deputy Chairman*

Non-Executive Directors:

J.G. Allpass
L.G. Cox, *AO*
B.R. Martin
H.K. McCann
H.M. Nugent

The above Directors each held office as a Director of the Bank throughout the period.

RESULT

The consolidated profit from ordinary activities after income tax attributable to ordinary equity holders for the period was \$183 million (2001: \$130 million).

DIVIDENDS AND DISTRIBUTIONS

The Bank paid or provided dividends and distributions during the period as set out in the table below:

| Security | Payment Date | Payment Type | \$ | In respect of year ending/period | |
|------------------------------|------------------|--------------|-------------|----------------------------------|----------|
| Ordinary shares | 2 July 2002 | Final | 103,219,911 | 31 March 2002 | Paid |
| | 20 December 2002 | Interim | 83,038,572 | 31 March 2003 | Provided |
| Macquarie Income Securities | 15 April 2002 | Periodic | 7,150,685 | 15 January to 14 April 2002 | Paid |
| | 15 July 2002 | Periodic | 7,230,137 | 15 April to 14 July 2002 | Paid |
| | 15 October 2002 | Periodic | 6,197,260 | 15 July to 30 September 2002 | Provided |
| Converting Preference Shares | 17 June 2002 | Periodic | 5,519,850 | 17 December 2001 to 16 June 2002 | Paid |
| | 16 December 2002 | Periodic | 3,214,849 | 17 June to 30 September 2002 | Provided |

REVIEW OF OPERATIONS

A review of the operations of the economic entity and the results of those operations for the period are contained in the Chairman's and Managing Director's Interim Report.

ROUNDING OF AMOUNTS

In accordance with Class Order 98/0100 issued by the Australian Securities & Investments Commission ("ASIC") amounts in the Directors' Report and the Financial Report have been rounded off to the nearest million dollars unless otherwise indicated.

**NOTES TO AND FORMING PART OF THE
FINANCIAL STATEMENTS
as at 30 September 2002****1. BASIS OF PREPARATION**

This general purpose financial report for the half-year ended 30 September 2002 ("the period") has been prepared in accordance with Accounting Standard AASB 1029 "Interim Financial Reporting", other mandatory professional reporting requirements (Urgent Issues Group Consensus Views), other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001.

This financial report comprises the consolidated financial statements of Macquarie Bank Limited ("the Bank") and the entities it controlled at the end of or during the period (together, "the economic entity").

This financial report has been prepared on a historical cost basis. The carrying value of any non-current assets does not exceed their recoverable amount.

In assessing recoverable amounts for particular classes of assets the relevant cash flows have not been discounted to their present values, unless otherwise stated.

It is recommended that this financial report be read in conjunction with the 31 March 2002 annual review and financial report of the economic entity and any public announcements made by the Bank during the period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies are consistent with those of the previous financial year and corresponding periods, unless otherwise stated. Where necessary, comparative figures have been adjusted to conform with changes in presentation at 30 September 2002.

MACQUARIE BANK LIMITED

and its controlled entities

**NOTES TO AND FORMING PART OF THE
FINANCIAL STATEMENTS
as at 30 September 2002****3. SEGMENT INFORMATION**

The economic entity operates as a financial services provider principally in Australia. Some of the economic entity's services and products are offered in locations outside Australia, where they are predominately managed as part of the Australian businesses, not as separate geographic locations.

4. INCOME TAX EXPENSE

Prima facie income tax on profit from ordinary activities is reconciled to the income tax expense charged in the Statement of Financial Performance as follows:

| | Half-year to
30 Sept 2002
\$'M | Half-year to
31 Mar 2002
\$'M | Half-year to
30 Sept 2001
\$'M |

| Other items | (2) | - | 6 |
| | 13 | 13 | 25 |
| Total income tax (expense) | (67) | (39) | (37) |

* Prima facie income tax on profit from ordinary activities is calculated at the rate of 30% (2001: 34%).

The economic entity has a tax year ending on 30 September.

The economic entity is currently subject to an audit by the Australian Taxation Office ("ATO"). Some amended assessments have been issued by the ATO for the 1988 to 1993 years. Other issues of potential taxation liability have been raised but have not yet been subject to the issue of amended assessments. Objections have been lodged in respect of the amended assessments and the other issues of alleged liability are also disputed.

The ATO is also reviewing the interests held by the economic entity in research and development syndicates. Amended assessments have been issued in relation to one of these syndicates, against which objections were lodged and subsequently upheld in the Administrative Appeals Tribunal ("AAT"). On 2 October 2002, the ATO lodged an appeal against the AAT decision with the Federal Court.

In relation to the Macquarie Income Securities, a public ruling has been issued by the ATO suggesting that deductions for distributions on this type of security may not be available. The Bank has received independent legal advice confirming that deductions are available for the distributions provided. An objection has been lodged and has been disallowed. An appeal has been made to the Federal Court.

In preparing this financial report the Directors have considered the information currently available and have taken legal advice as to the economic entity's tax liability and in accordance with this believe that provisions made are adequate.

MACQUARIE BANK LIMITED
and its controlled entities

5. DIVIDENDS AND DISTRIBUTIONS PAID OR PROVIDED

| | Half-year to
30 Sept 2002
\$'M | Half-year to
31 Mar 2002
\$'M | Half-year to
30 Sept 2001
\$'M |
|---------------------------------|--------------------------------------|-------------------------------------|--------------------------------------|
| Ordinary share capital | | | |
| Interim (41 cents per share) | 83 | - | 81 |
| Final (52 cents per share) | - | 103 | - |
| Total dividends provided | 83 | 103 | 81 |

The interim ordinary dividend provided for the financial year ending 31 March 2003 is 85% franked at the 30% corporate tax rate. The interim and final dividends paid for the financial year ended 31 March 2002 were 70% franked at the 30% corporate tax rate.

On 8 May 2002, the Directors resolved that they would activate the Dividend Reinvestment Plan ("the DRP") effective for the dividend to be paid on 2 July 2002. The DRP was approved by ordinary shareholders at the 2001 Annual General Meeting. The DRP is optional and offers ordinary shareholders in Australia and New Zealand the opportunity to acquire fully paid ordinary shares, without transaction costs, at a 2.5% discount to prevailing market value. A shareholder can elect to participate in or terminate their involvement in the DRP at any time.

On 2 July 2002, 1,679,485 fully paid ordinary shares were issued at \$29.60 per share pursuant to the DRP (refer Note 13).

Convertible Preference Shares

Dividends on these shares of \$5.5 million (2001: \$5.5 million) have been charged to the Statement of Financial Performance as interest expense in accordance with AASB 1033 "Presentation and Disclosure of Financial Instruments".

The dividends paid on 17 June 2002 and 17 December 2001 were 70% franked at the 30% corporate tax rate. The dividend to be paid on 16 December 2002 will be 85% franked at the 30% corporate tax rate.

Macquarie Income Securities

| | | | |
|---|-----------|-----------|-----------|
| Distributions paid (net of distributions previously provided) | 8 | 8 | 9 |
| Distributions provided | 6 | 6 | 6 |
| Total distributions paid or provided | 14 | 14 | 15 |

The distributions paid and provided in respect of the Macquarie Income Securities are classified as distributions on an equity instrument in accordance with Accounting Standard AASB 1033 "Presentation and Disclosure of Financial Instruments".

| Indemnities (b) | 233 | 213 | 224 |
| Total contingent liabilities | 2,814 | 3,047 | 2,373 |

(a) All external guarantees, other than those noted for Macquarie Investment Management Limited ("MIML") in (c) below, and letters of credit are provided by the Bank. Included in external guarantees are guarantees backed by cash of \$16.7 million (2001: \$16.8 million).

(b) Balance includes indemnities granted to counterparties in respect of termination and default events in cross-border leasing transactions.

(c) MIML covenants that while it acts as Single Responsible Entity of the Macquarie Cash Management Trust, unitholders in that trust will be paid upon redemption or repurchase of a unit issued prior to 28 April 1985, where the unit holder has continuously held units from 28 April 1985, not less than the sum of \$1.00: \$51.4 million (2001: \$53.2 million). At 31 March 2002 the audited financial report of the Macquarie Cash Management Trust discloses the value of units on issue and the income entitlement thereon aggregating \$8.4 billion (2001: \$7.3 billion) and assets aggregating to \$8.4 billion (2001: \$7.4 billion).

(d) Contingent liabilities exist in respect of claims and potential claims against entities in the economic entity. Where necessary appropriate provisions have been made in the financial report. The economic entity does not consider that the outcome of any such claims known to exist at the date of this report, either individually or in aggregate, are likely to have a material effect on its operations or financial position. Information regarding the ATO audit of the Bank is included in Note 4 - Income tax expense.

and its controlled entities

**NOTES TO AND FORMING PART OF THE
FINANCIAL STATEMENTS
as at 30 September 2002**

17.ACQUISITION AND DECONSOLIDATION OF BROADCAST AUSTRALIA HOLDINGS PTY LIMITED

Acquisition

On 2 April 2002, a controlled entity of the Bank, Macquarie Communications Infrastructure Limited ("MCIL"), acquired 100% of the issued capital of ntl Belgium sprl, the chief entity of ntl Australia Holdings Pty Limited, which was subsequently renamed Broadcast Australia Holdings Pty Limited ("BA"). The operating results of BA have been included in the Statement of Financial Performance from the date of acquisition until its deconsolidation on 12 August 2002.

The fair value of assets and liabilities acquired differs from those disclosed in the 31 March 2002 financial statements as a result of valuations being finalised subsequent to acquisition and revisions in the final allocation of the purchase consideration.

Details of the acquisition are as follows:

| | \$'M |
|--|--------------|
| Fair value of net assets acquired | |
| Cash and other financial assets | 63 |
| Fixed assets | 527 |
| Intangible assets | 405 |
| Payables and provisions | (145) |
| Borrowings | (517) |
| Total fair value of net assets acquired | 333 |
| Purchase consideration | |
| Cash consideration | 313 |
| Deferred consideration | 20 |
| Total purchase consideration | 333 |
| Reconciliation of cash movement | |
| Cash consideration | (313) |
| Less: cash acquired | 17 |
| Total cash outflow | (296) |

MACQUARIE BANK LIMITED

and its controlled entities

Deconsolidation

The shares in MCIL and units in the Macquarie Communications Infrastructure Trust were stapled together to form the Macquarie Communications Infrastructure Group ("MCG"). On 12 August 2002, MCG ceased to be a controlled entity of the Bank following the public offering of 115 million stapled securities in MCG. The Bank has retained a holding of 50 million securities, which represents 32.25% of the securities on issue. These securities must be held in escrow for a 12 month period and the Bank has agreed to waive its voting rights during this period.

Details of the deconsolidation are as follows:

| | \$'M |
|---|-------------|
| Carrying value of assets and liabilities deconsolidated | |
| Cash and other financial assets | 61 |
| Fixed assets | 492 |
| Intangible assets* | 418 |
| Payables and provisions | (104) |
| Borrowings** | (921) |
| Total carrying value of assets and liabilities deconsolidated | (54) |
| Reconciliation of cash movement | |
| Cash received | - |
| Less: cash deconsolidated | (17) |
| Total cash outflow | (17) |
| Gain on deconsolidation | |
| MCG loss from ordinary activities after income tax from 2 April to 12 August 2002 | (54) |
| Recoupment of MCG loss from ordinary activities after income tax upon deconsolidation | 54 |
| Advisory fees recognised as income upon deconsolidation | 30 |
| Gain from holding investment in MCG | 20 |
| Total gain on deconsolidation | 50 |

* Includes advisory fees recognised as income by the Bank upon deconsolidation.

** Includes borrowings from the economic entity which were repaid subsequent to 12 August 2002.

In addition, the Bank also earned an underwriting fee of \$5 million relating to the initial public offering of securities in MCG.

MACQUARIE BANK LIMITED
and its controlled entities

DIRECTORS' DECLARATION

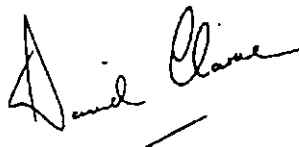

The Directors declare that the financial statements and notes set out on pages 16 to 32:

- (a) comply with Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements; and
- (b) give a true and fair view of the economic entity's financial position as at 30 September 2002 and of its performance, as represented by the results of its operations and its cash flows for the half-year ended on that date.

In the Directors' opinion:

- (a) the financial statements and notes are in accordance with the Corporations Act 2001; and
- (b) there are reasonable grounds to believe that Macquarie Bank Limited will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Directors.

MACQUARIE BANK LIMITED
and its controlled entities

**INDEPENDENT REVIEW REPORT TO THE MEMBERS OF
MACQUARIE BANK LIMITED
as at 30 September 2002**

Statement

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the financial report, set out on pages 16 to 33 is not presented in accordance with :

- the Corporations Act 2001 in Australia, including giving a true and fair view of the financial position of the economic entity as at 30 September 2002 and of its performance for the half-year ended on that date
- Accounting Standard AASB 1029 "Interim Financial Reporting" and other mandatory professional reporting requirements in Australia, and the Corporations Regulations 2001.

This statement must be read in conjunction with the following explanation of the scope and summary of our role as auditor.

Scope and summary of our role

The financial report – responsibility and content

The preparation of the financial report for the half-year ended 30 September 2002 is the responsibility of the directors of the Bank. It includes the financial statements for the economic entity, which incorporates the Bank and the entities it controlled during the half-year ended 30 September 2002.

The auditor's role and work

We conducted an independent review of the financial report in order for the Bank to lodge the financial report with the Australian Securities & Investments Commission. Our role was to conduct the review in accordance with Australian Auditing Standards applicable to review engagements. Our review did not involve an analysis of the prudence of business decisions made by the directors or management.

This review was performed in order to state whether, on the basis of the procedures described, anything has come to our attention that would indicate that the financial report does not present fairly a view in accordance with the Corporations Act 2001, Accounting Standard AASB 1029 "Interim Financial Reporting" and other mandatory professional reporting requirements in Australia, and the Corporations Regulations 2001, which is consistent with our understanding of the economic entity's financial position, and its performance as represented by the results of its operations and cash flows.

The review procedures performed were limited primarily to:

- inquiries of Bank personnel of certain internal controls, transactions and individual items
- analytical procedures applied to financial data.

These procedures do not provide all the evidence that would be required in an audit, thus the level of assurance provided is less than that given in an audit. We have not performed an audit, and accordingly, we do not express an audit opinion.

Independence

As auditor, we are required to be independent of the economic entity and free of interests which could be incompatible with integrity and objectivity. In respect of this engagement, we followed the independence requirements set out by The Institute of Chartered Accountants in Australia, the Corporations Act 2001 and the Auditing and Assurance Standards Board.

In addition to our statutory audit and review work, we were engaged to undertake other services for the Group. In our opinion the provision of these services has not impaired our independence.

**Australian Securities and Investments Commission
Corporations Act 2001 – Sections 655A and 673 – Modification**

Under sections 655A and 673 of the Corporations Act 2001 (the "Act") the Australian Securities and Investments Commission ("ASIC") hereby declares that Chapters 6 and 6C of the Act apply to the class of persons described in Schedule A, in the case referred to in Schedule B, as if:

1. section 12 were modified or varied by adding the following subsection:

"(6) For the purposes of an associate reference in:

- (a) section 610;
- (b) the definition of "substantial holding" in section 9; and
- (c) section 671B;

no association arises between a Put Warrant issuer and a Put Warrant holder merely because of the Put Warrant."

2. section 609 were modified or varied by inserting after subsection 609(6) the following subsections:

"(6A) A Put Warrant issuer does not have a relevant interest in a security merely because:

- (a) the Put Warrant holder has an option, under the terms of the Put Warrant, to require the Put Warrant issuer to acquire the security; or
- (b) under the Put Warrant or a trust securing the obligations of the Put Warrant issuer or Put Warrant holder under the Put Warrant, the Put Warrant issuer can exercise power to control the voting or disposal of the security only where:
 - (i) the option under the Put Warrant is exercised; or
 - (ii) the option under the Put Warrant expires unexercised; or
 - (iii) the Put Warrant issuer enforces the terms of the trust; or
 - (iv) the Put Warrant holder defaults under the Put Warrant.

unless and until an event referred to in this paragraph (b) occurs.

(6B) If a Put Warrant issuer has a relevant interest in a security because subsection (6A) ceases to apply, the Put Warrant issuer is taken to acquire a relevant interest in the security at that time, by a transaction in relation to the security.

(6C) For the purposes of this section and subsection 12(6):

- (a) A "Put Warrant" is a put warrant in relation to Equity Securities for the purposes of the operating rules of Australian Stock Exchange Limited which:
 - (i) was issued pursuant to an Offering Circular or Product Disclosure Statement; and
 - (ii) has been admitted to trading status in accordance with the operating rules of Australian Stock Exchange Limited.
- (b) A "Put Warrant issuer" is a person who has issued a Put Warrant.
- (c) A "Put Warrant holder" is a person who has a legal or equitable interest in a Put Warrant.
- (d) "Offering Circular" has the same meaning as is given in the operating rules of Australian Stock Exchange Limited."

SCHEDULE A

1. Macquarie Bank Limited, ACN 008 583 542, as the issuer of an instalment warrant pursuant to an offering circular for 7 Series of "Macquarie Trading Instalments" which is substantially in the form of that provided to ASIC on 25 June 2002, being a put warrant over securities of entities listed on a stock market of the Australian Stock Exchange Limited.
2. A person who acquires and holds a Put Warrant, for the period the person holds the Put Warrant.
3. Any person who, but for this instrument, would have a relevant interest in, or voting power in relation to, any securities as a result of a person acquiring or holding a Put Warrant.

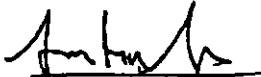

SCHEDULE B

The calculation of the relevant interests, voting power or substantial holdings of a person in the class of persons described in Schedule A.

Interpretation

For the purposes of Schedules A and B, "Put Warrant" and "Put Warrant issuer" have the meanings given to those terms above in this instrument.

SCHEDULE A

1. Macquarie Bank Limited, ACN 008 583 542, as the issuer of an instalment warrant pursuant to an offering circular for 5 Series of "Macquarie Trading Instalments" which is substantially in the form of that provided to ASIC on 20 August 2002, being a put warrant over securities of entities listed on a stock market of the Australian Stock Exchange Limited.
2. A person who acquires and holds a Put Warrant, for the period the person holds the Put Warrant.
3. Any person who, but for this instrument, would have a relevant interest in, or voting power in relation to, any securities as a result of a person acquiring or holding a Put Warrant.

SCHEDULE B

The calculation of the relevant interests, voting power or substantial holdings of a person in the class of persons described in Schedule A.

Interpretation

For the purposes of Schedules A and B, "Put Warrant" and "Put Warrant issuer" have the meanings given to those terms above in this instrument.

Australian Securities and Investments Commission
Corporations Act 2001 – Sections 655A and 673 – Modification

Under sections 655A and 673 of the Corporations Act 2001 (the "Act") the Australian Securities and Investments Commission ("ASIC") hereby declares that Chapters 6 and 6C of the Act apply to the class of persons described in Schedule A, in the case referred to in Schedule B, as if:

1. section 12 were modified or varied by adding the following subsection:

"(6) For the purposes of an associate reference in:

- (a) section 610;
- (b) the definition of "substantial holding" in section 9; and
- (c) section 671B;

no association arises between a Put Warrant issuer and a Put Warrant holder merely because of the Put Warrant."

2. section 609 were modified or varied by inserting after subsection 609(6) the following subsections:

"(6A) A Put Warrant issuer does not have a relevant interest in a security merely because:

- (a) the Put Warrant holder has an option, under the terms of the Put Warrant, to require the Put Warrant issuer to acquire the security; or
- (b) under the Put Warrant or a trust securing the obligations of the Put Warrant issuer or Put Warrant holder under the Put Warrant, the Put Warrant issuer can exercise power to control the voting or disposal of the security only where:
 - (i) the option under the Put Warrant is exercised; or
 - (ii) the option under the Put Warrant expires unexercised; or
 - (iii) the Put Warrant issuer enforces the terms of the trust; or
 - (iv) the Put Warrant holder defaults under the Put Warrant,

unless and until an event referred to in this paragraph (b) occurs.

(6B) If a Put Warrant issuer has a relevant interest in a security because subsection (6A) ceases to apply, the Put Warrant issuer is taken to acquire a relevant interest in the security at that time, by a transaction in relation to the security.

(6C) For the purposes of this section and subsection 12(6):

- (a) A "Put Warrant" is a put warrant in relation to Equity Securities for the purposes of the operating rules of Australian Stock Exchange Limited which:
 - (i) was issued pursuant to an Offering Circular or Product Disclosure Statement; and
 - (ii) has been admitted to trading status in accordance with the operating rules of Australian Stock Exchange Limited.
- (b) A "Put Warrant issuer" is a person who has issued a Put Warrant.
- (c) A "Put Warrant holder" is a person who has a legal or equitable interest in a Put Warrant.
- (d) "Offering Circular" has the same meaning as is given in the operating rules of Australian Stock Exchange Limited."

SCHEDULE A

1. Macquarie Bank Limited, ACN 008 583 542, as the issuer of an instalment warrant pursuant to an offering circular for 1 Series of "Macquarie Instalments" which is substantially in the form of that provided to ASIC on 26 July 2002 being a put warrant over securities of entities listed on a stock market of the Australian Stock Exchange Limited.
2. A person who acquires and holds a Put Warrant, for the period the person holds the Put Warrant.
3. Any person who, but for this instrument, would have a relevant interest in, or voting power in relation to, any securities as a result of a person acquiring or holding a Put Warrant.

SCHEDULE B

The calculation of the relevant interests, voting power or substantial holdings of a person in the class of persons described in Schedule A.

Interpretation

For the purposes of Schedules A and B, "Put Warrant" and "Put Warrant issuer" have the meanings given to those terms above in this instrument.

"(6A) Subsection (2) applies to a person (the "trustee") who would otherwise have a relevant interest in securities as a trustee under a trust for the purpose of satisfying rights or obligations of the issuer or holder of warrants despite:

- (a) the trustee having any of the following discretions under the terms of the trust deed relating to the warrants:
 - (i) discretions where the issuer or holder of the warrants becomes insolvent or breaches a term of the warrants; or
 - (ii) discretions in relation to bonus issues, rights issues, returns of capital, security splits, security consolidations or other reconstructions of capital affecting the securities; or
 - (iii) discretions in relation to a takeover bid for or a scheme of arrangement affecting the issuer of the securities but not in relation to voting or disposal of the securities; or
 - (iv) discretions to lend the securities; or
- (b) the holder of the warrant not having a presently enforceable or unconditional right of the kind referred to in subsection 608(8);

where:

- (c) the warrants are issued and admitted to trading status in accordance with the operating rules of Australian Stock Exchange Limited; and
- (d) the trustee holds the securities in trust, except where it has lent the securities under a discretion referred to in subparagraph (a)(iv); and
- (e) if the trustee exercises any of the discretions referred to in paragraph (a), it does so on ordinary commercial terms or in an ordinary commercial manner as the case requires."

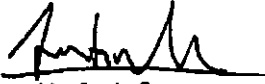

SCHEDULE A

Belike Nominees Pty Limited, ACN 008 604 966, as security trustee in relation to instalment warrants issued by Macquarie Bank Limited, ACN 008 583 542 (Issuer), for the purpose of securing the obligations of an issuer or holder of warrants, being warrants issued pursuant to an offering circular for 7 Series of "Macquarie Trading Instalments" which is substantially in the form of that provided to ASIC on 25 June 2002.

SCHEDULE B

The calculation of the relevant interests, voting power or substantial holdings of a person in the class of persons described in Schedule A.

**Australian Securities and Investments Commission
Corporations Act 2001 – Sections 655A and 673 – Modification**

Under sections 655A and 673 of the Corporations Act 2001 (the "Act") the Australian Securities and Investments Commission ("ASIC") hereby declares that Chapters 6 and 6C of the Act apply to the class of persons described in Schedule A, in the case referred to in Schedule B, as if:

1. section 12 were modified or varied by adding the following subsection:

"(6) For the purposes of an associate reference in:

- (a) section 610;
- (b) the definition of "substantial holding" in section 9; and
- (c) section 671B;

no association arises between a Put Warrant issuer and a Put Warrant holder merely because of the Put Warrant."

2. section 609 were modified or varied by inserting after subsection 609(6) the following subsections:

"(6A) A Put Warrant issuer does not have a relevant interest in a security merely because:

- (a) the Put Warrant holder has an option, under the terms of the Put Warrant, to require the Put Warrant issuer to acquire the security; or
- (b) under the Put Warrant or a trust securing the obligations of the Put Warrant issuer or Put Warrant holder under the Put Warrant, the Put Warrant issuer can exercise power to control the voting or disposal of the security only where:
 - (i) the option under the Put Warrant is exercised; or
 - (ii) the option under the Put Warrant expires unexercised; or
 - (iii) the Put Warrant issuer enforces the terms of the trust; or
 - (iv) the Put Warrant holder defaults under the Put Warrant,

unless and until an event referred to in this paragraph (b) occurs.

(6B) If a Put Warrant issuer has a relevant interest in a security because subsection (6A) ceases to apply, the Put Warrant issuer is taken to acquire a relevant interest in the security at that time, by a transaction in relation to the security.

(6C) For the purposes of this section and subsection 12(6):

- (a) A "Put Warrant" is a put warrant in relation to Equity Securities for the purposes of the operating rules of Australian Stock Exchange Limited which:
 - (i) was issued pursuant to an Offering Circular or Product Disclosure Statement; and
 - (ii) has been admitted to trading status in accordance with the operating rules of Australian Stock Exchange Limited.
- (b) A "Put Warrant issuer" is a person who has issued a Put Warrant.
- (c) A "Put Warrant holder" is a person who has a legal or equitable interest in a Put Warrant.
- (d) "Offering Circular" has the same meaning as is given in the operating rules of Australian Stock Exchange Limited."

SCHEDULE A

1. Macquarie Bank Limited, ACN 008 583 542, as the issuer of an instalment warrant pursuant to an offering circular for 34 Series of "Macquarie Hot Instalments" which is substantially in the form of that provided to ASIC on 4 April 2002, being a put warrant over securities of entities listed on a stock market of the Australian Stock Exchange Limited.
2. A person who acquires and holds a Put Warrant, for the period the person holds the Put Warrant.
3. Any person who, but for this instrument, would have a relevant interest in, or voting power in relation to, any securities as a result of a person acquiring or holding a Put Warrant.

SCHEDULE B

The calculation of the relevant interests, voting power or substantial holdings of a person in the class of persons described in Schedule A.

Interpretation

For the purposes of Schedules A and B, "Put Warrant" and "Put Warrant issuer" have the meanings given to those terms above in this instrument.

Corporations Act 2001 - Sections 655A and 673 - Modification**

Under sections 655A and 673 of the Corporations Act 2001 (the "Act") the Australian Securities and Investments Commission ("ASIC") hereby declares that Chapters 6 and 6C of the Act apply to the class of persons described in Schedule A, in the case referred to in Schedule B, as if section 609 of the Act were modified or varied by inserting after subsection 609(6) of the following subsection:

"(6A) Subsection (2) applies to a person (the "trustee") who would otherwise have a relevant interest in securities as a trustee under a trust for the purpose of satisfying rights or obligations of the issuer or holder of warrants despite:

- (a) the trustee having any of the following discretions under the terms of the trust deed relating to the warrants:
 - (i) discretions where the issuer or holder of the warrants becomes insolvent or breaches a term of the warrants; or
 - (ii) discretions in relation to bonus issues, rights issues, returns of capital, security splits, security consolidations or other reconstructions of capital affecting the securities; or
 - (iii) discretions in relation to a takeover bid for or a scheme of arrangement affecting the issuer of the securities but not in relation to voting or disposal of the securities; or
 - (iv) discretions to lend the securities; or
- (b) the holder of the warrant not having a presently enforceable or unconditional right of the kind referred to in subsection 608(8);

where:

- (c) the warrants are issued and admitted to trading status in accordance with the operating rules of Australian Stock Exchange Limited; and
- (d) the trustee holds the securities in trust, except where it has lent the securities under a discretion referred to in subparagraph (a)(iv); and
- (e) if the trustee exercises any of the discretions referred to in paragraph (a), it does so on ordinary commercial terms or in an ordinary commercial manner as the case requires."

SCHEDULE A

Belike Nominees Pty Limited, ACN 008 604 966, as security trustee in relation to instalment warrants issued by Macquarie Bank Limited, ACN 008 583 542 (Issuer), for the purpose of securing the obligations of an issuer or holder of warrants, being warrants issued pursuant to an offering circular for 35 Series of "Macquarie Instalments" which is substantially in the form of that provided to ASIC on 4 April 2002.

SCHEDULE B

The calculation of the relevant interests, voting power or substantial holdings of a person in the class of persons described in Schedule A.

Dated this 24th day of December 2002

Rule 2.7, 3.10.3, 3.10.4, 3.10.5

Appendix 3B

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin: Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002.

Name of entity

MACQUARIE BANK LIMITED

ABN

46 008 583 542

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

- 1 *Class of *securities issued or to be issued Fully Paid Ordinary Shares
- 2 Number of *securities issued or to be issued (if known) or maximum number which may be issued 5,000
- 3 Principal terms of the *securities (eg, if options, exercise price and expiry date; if partly paid *securities, the amount outstanding and due dates for payment; if *convertible securities, the conversion price and dates for conversion) As per other fully paid ordinary shares already quoted

* See chapter 19 for defined terms.

Appendix 3B
New issue announcement

4 Do the *securities rank equally in all respects from the date of allotment with an existing *class of quoted *securities?

YES

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

5 Issue price or consideration

5,000 at \$18.51 each

6 Purpose of the issue
 (If issued as consideration for the acquisition of assets, clearly identify those assets)

N/A – shares were issued on exercise of employee options.

7 Dates of entering *securities into uncertificated holdings or despatch of certificates

2 January 2003

| | Number | *Class |
|---|-------------|--------------------------------------|
| 8 Number and *class of all *securities quoted on ASX (including the securities in clause 2 if applicable) | 204,098,225 | Fully paid ordinary Shares |
| | 1,500,000 | Converting Preference Shares (MBLPA) |
| | 4,000,000 | Macquarie Income Securities (MBLHB) |

+ See chapter 19 for defined terms.

| | | | |
|----|---|--|---|
| 9 | Number and *class of all *securities not quoted on ASX (including the securities in clause 2 if applicable) | Number | *Class |
| | | 25,372,718 | Options over ordinary shares at various exercise prices |
| 10 | Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests) | Shares rank pari passu with all existing fully paid ordinary shares. | |

Part 2 - Bonus issue or pro rata issue

- 11 Is security holder approval required?
- 12 Is the issue renounceable or non-renounceable?
- 13 Ratio in which the *securities will be offered
- 14 *Class of *securities to which the offer relates
- 15 *Record date to determine entitlements
- 16 Will holdings on different registers (or subregisters) be aggregated for calculating entitlements?
- 17 Policy for deciding entitlements in relation to fractions
- 18 Names of countries in which the entity has *security holders who will not be sent new issue documents
- Note: Security holders must be told how their entitlements are to be dealt with.
- Cross reference: rule 7.7.
- 19 Closing date for receipt of acceptances or renunciations

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

- 20 Names of any underwriters
- 21 Amount of any underwriting fee or commission
- 22 Names of any brokers to the issue
- 23 Fee or commission payable to the broker to the issue
- 24 Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of *security holders
- 25 If the issue is contingent on *security holders' approval, the date of the meeting
- 26 Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled
- 27 If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders
- 28 Date rights trading will begin (if applicable)
- 29 Date rights trading will end (if applicable)
- 30 How do *security holders sell their entitlements *in full* through a broker?
- 31 How do *security holders sell *part* of their entitlements through a broker and accept for the balance?
- 32 How do *security holders dispose

+ See chapter 19 for defined terms.

of their entitlements (except by sale through a broker)?

33 *Despatch date

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) Securities described in Part 1

(b) All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 If the *securities are *equity securities, the names of the 20 largest holders of the additional *securities, and the number and percentage of additional *securities held by those holders

36 If the *securities are *equity securities, a distribution schedule of the additional *securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 A copy of any trust deed for the additional *securities

(now go to 43)

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

Entities that have ticked box 34(b)

38 Number of securities for which quotation is sought

39 Class of securities for which quotation is sought

40 Do the securities rank equally in all respects from the date of allotment with an existing class of quoted securities?

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

41 Reason for request for quotation now

Example: In the case of restricted securities, end of restriction period

(if issued upon conversion of another security, clearly identify that other security)

42 Number and class of all securities quoted on ASX (including the securities in clause 38)

| Number | Class |
|----------------------|----------------------|
| <input type="text"/> | <input type="text"/> |

(now go to 43)

+ See chapter 19 for defined terms.

All entities

Fees

43 Payment method (tick one)

Cheque attached

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 *Quotation of our additional *securities is in ASX's absolute discretion. ASX may quote the *securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the *securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those *securities should not be granted *quotation.
- An offer of the *securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any *securities to be quoted and that no-one has any right to return any *securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the *securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the *securities to be quoted, it has been provided at the time that we request that the *securities be quoted.
- If we are a trust, we warrant that no person has the right to return the *securities to be quoted under section 1019B of the Corporations Act at the time that we request that the *securities be quoted.

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.
- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

BY FACSIMILE - One Page

Dear Sir/Madam,

Macquarie Life Limited, a wholly owned subsidiary of Macquarie Bank Limited ("Macquarie"), has been granted exemption from compliance with section 259C of the Corporations Act allowing it to invest in Macquarie shares.

The exemption was granted by the Australian Securities and Investments Commission and is subject to certain conditions. One of these conditions is that Macquarie discloses the information below to Australian Stock Exchange Limited on a fortnightly basis.

The aggregated percentage of Macquarie voting shares:

- (a) in respect of which Macquarie Life Limited have the power to control voting or disposal; and
- (b) underlying derivatives held by Macquarie Life Limited.

as at 3 January 2003, was 0.045%.

Yours faithfully,

Dennis Leong
Company Secretary

ASX/News Release

Monday January 6, 2003

**MACQUARIE SHINHAN JOINT VENTURE ESTABLISHES
KOREA'S FIRST INFRASTRUCTURE FUND**

Macquarie Bank today announced the establishment of Korea's first private infrastructure fund in a joint venture with Shinhan Financial Group. The Korean Road Infrastructure Fund (KRIF) has raised Won 247 billion (A\$370m) from a range of Korean institutional investors, with plans to raise additional funds this year. It will invest predominantly in Korean toll roads and tunnels.

Macquarie Bank and members of the Shinhan Financial Group have committed Won 30 billion (A\$45m) and Won 45 billion (A\$67m), respectively to KRIF. It is Macquarie's second infrastructure fund using funds sourced specifically from institutions in a foreign market, in this case primarily large Korean insurance companies and pension funds.

The fund is a 10 year closed end fund and is seeking to raise commitments of at least Won 350 billion (A\$520m) by mid 2003.

KRIF has secured exclusive or preferred positions to invest in six toll road assets located in Seoul and other major cities in Korea. Of these assets, three are currently operating and three are under construction. All assets have concession rights of 20 years or more.

The Fund will be managed by MSIM (Macquarie Shinhan Infrastructure Management Co., Ltd), a Korean asset management company staffed by executives from Macquarie Bank with expertise in infrastructure asset management, and by executives from Shinhan Bank.

"KRIF is the first specialised road fund in Korea established by the private sector and provides domestic Korean investors with a unique opportunity to invest in a range of local infrastructure projects," said Mark Ramsey, Chairman of MSIM and Division Director of Macquarie Bank.

COPYRIGHT 2003

“Infrastructure investment represents stable and long term growth for Korean investors. Over the next 10 years it is estimated that 55 percent [Won 109 trillion (A\$162m)] of Korea’s infrastructure expenditure will be privately financed. As a result we anticipate huge interest in the Fund,” he said.

“It is hoped that, in the future, this fund will be floated, thereby giving Korean retail investors the opportunity to invest in this stable asset class.” Mr Ramsey said.

Macquarie currently manages more than US\$6 billion in ten infrastructure funds, which have direct and indirect investments in more than 30 toll roads around world, including Busan’s Soojongsan tunnel and others in Australia, UK, USA, Canada, Germany, Spain, Chile, Portugal and South Africa.

News Release

Embargoed to January 6 2003
20:00 AEST

**MACQUARIE TO FORM BUSINESS ALLIANCE WITH KOREA'S WOORI
BANK FOR NEW EQUITY DERIVATIVES BUSINESS**

Macquarie Bank today signed a Memorandum of Understanding with Woori Bank of Korea to form a business alliance in Korean equity derivatives.

The business alliance will combine Macquarie's technical expertise in equity derivative products and risk management with the resources of a major Korean financial institution.

The Memorandum of Understanding was signed in Seoul on January 6 2003. It is anticipated that the formal agreement establishing the business alliance will be signed during the first quarter of 2003.

Under the terms of the Memorandum of Understanding, Woori Bank will establish a new equity derivatives business in Korea. Macquarie will provide a range of services to Woori including risk management and trading systems, experienced staff and business expertise. Macquarie will receive a fee for its services linked to the success of the business.

Woori Bank is a major Korean commercial bank with an extensive branch network and a strong corporate banking presence. Woori Bank is part of the Woori Financial Group, One of Korea's largest financial groups. Woori is rated BBB by Fitch Ratings, BB+ by Standard & Poor's (with a positive ratings outlook) and Baa2 by Moody's Investors Service.

Macquarie Bank is a dedicated provider of high-quality investment banking and financial services, operating in Australia and throughout selected international markets. Macquarie has existing business alliances in Korea, including with Kookmin Bank in treasury derivatives, and IMM Asset Management in funds management. In September 2002 Macquarie announced that it was part of the successful Hanwha consortium which

03 JUL 15 11:21

acquired 51% of Korea Life. Macquarie also has a business alliance Shinhan Financial Group across the full range of corporate finance activities including project and structured finance and infrastructure funds management. On Monday this week Macquarie and Shinhan announced that they had successfully raised KRW 250 billion for a Korean Road Infrastructure Fund, Macquarie's first international infrastructure fund.

The Head of Macquarie's Equity Markets Group, Ottmar Weiss, said: "Korea is probably the most exciting equity derivatives market in the world right now, and the opportunities for growth and deregulation over the next few years look particularly promising. At the same time there are still significant barriers to entry for foreign firms into the Korean equity derivatives business. The alliance with Woori Bank will allow us to participate in the Korean equity derivatives market with a combination of Macquarie's technology and expertise, with the capital, customer base and market access of a first rate Korean financial institution."

Mr. Chonghwi Lee, Executive Vice President and Head of Corporate Banking Business at Woori said "through this alliance Woori Bank will be able to offer a range of new and exciting products to satisfy the needs of our corporate and institutional clients. The alliance will strengthen the competitive position of Woori in what will be an increasingly active and competitive market, and provide significant revenue generation opportunities for Woori in its own right."

News Release

Embargoed to Wednesday 8 January 2003 AEST

**MACQUARIE-ADVISED SCHRODER ASIAN PROPERTY FUND MAKES FIRST
ACQUISITIONS IN KOREA**

An Asian real estate private equity fund advised by Macquarie Property has completed the acquisition of three office buildings in Seoul, Korea, for A\$360 million.

Until these acquisitions, the Schroder Asian Properties LP (SAP) fund had no exposure to the strong office real estate market in Korea which has less than 4% vacancy.

"This is the implementation of a strategy formulated last year," said David Schaefer, Division Director of Macquarie Bank and head of Macquarie's Real Estate Asia business, based in Seoul. "We undertook to increase the fund's exposure to core office buildings and to acquire assets in Korea, which has some of the strongest real estate fundamentals in Asia."

The buildings are fully tenanted and located in Yoido - the financial services, media and government district which has a less than 1% vacancy rate:

- SK Securities Building: 39,500 sq metres
- Dong Yang Securities Building: 42,275 sq metres
- Daewoo Securities Building: 38,500 sq metres

The portfolio of buildings was purchased on an initial yield in excess of 9%.

The transactions were arranged and structured by Macquarie Property and included the issuance of Asset Backed Securities to offshore investment companies and the raising of local financing through domestic banks and insurance companies. The offshore funding was placed with SAP, with Macquarie Bank taking a participating interest.

Macquarie Property was appointed to advise the A\$600 million Asian private equity fund in February 2002. The Fund has investments in Korea, Japan, Hong Kong, Shanghai and

03 JAN 13 09:21

Singapore, spread across the office, retail, residential, hotel, health care and serviced apartment sectors.

Macquarie Property's Asian business is focussed on real estate investment banking, property funds management and development in Hong Kong, Korea, Singapore, Japan and China. Macquarie Property will undertake asset management of the portfolio on behalf of SAP which is consistent with its recent move to establish a property funds management business in Korea. Macquarie Property is also seeking to develop new REIT products for the fledgling Korean REIT market.

Background

Macquarie research has identified Korea as an attractive real estate market in the Asian region for the following reasons.

- GDP growth is expected to be close to 6% in 2003, putting Korea among the fastest growing economies in Asia where the average GDP growth is expected to be 4.9% (source IMF).
- Underlying structural conditions in Korea are among the most robust in Asia. A World Bank measure of investment risk factors placed Korea in the same low risk grouping as Singapore and Hong Kong. These three countries scored significantly better than the region as a whole.
- The Asian institutional grade real estate market is slightly larger than Continental Europe's and only marginally smaller than the US market. The Asia markets are expected to benefit from the move towards increased securitization through emerging real estate securities legislation in key markets such as Korea, Japan and Singapore.
- While office markets in Asia are generally suffering from rising or high vacancy rates and static or falling rents, Seoul is the exception. The Seoul office market is characterised by vacancy rates under 4%, firming yields, rising capital values and rising rents (source Jones Lang LaSalle).

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
 (tick one)

(a) Securities described in Part 1

(b) All other securities

Example restricted securities at the end of the restricted period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on exercise or redemption of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

If the additional securities do not form a new class, go to 4.3

Tick to indicate you are providing the information or documents

35 If the *securities are *equity securities, the names of the 20 largest holders of the additional *securities, and the number and percentage of additional *securities held by those holders

36 If the *securities are *equity securities, a distribution schedule of the additional *securities setting out the number of holders in the categories
 1 - 1,000
 1,001 - 5,000
 5,001 - 10,000
 10,001 - 100,000
 100,001 and over

37 A copy of any trust deed for the additional *securities

(now go to 4.3)

- See chapter 19 for defined terms.

Appendix 3B
New issue announcement

Entities that have ticked box 34(b)

38 Number of securities for which quotation is sought

39 Class of securities for which quotation is sought

40 Do the securities rank equally in all respects from the date of allotment with an existing class of quoted securities?

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

41 Reason for request for quotation now:

Example: In the case of restricted securities, list of restrictive period

(if issued upon conversion of another security, clearly identify that other security)

42 Number and class of all securities quoted on ASX (including the securities in clause 38)

| Number | Class |
|----------------------|----------------------|
| <input type="text"/> | <input type="text"/> |

(must go to 43)

- See chapter 19 for defined terms.

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

- Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employer monthly salaries that involve frequent issues of securities.

Quotation agreement

1 Quotation of our additional securities is in ASX's absolute discretion. ASX may quote the securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why these securities should not be granted quotation.
- An offer of the securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.
Note: An entity may need to obtain consents from subscribers for the securities in order to be able to give this warranty.
- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any securities to be quoted and that no-one has any right to return any securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the securities to be quoted, it has been provided at the time that we request that the securities be quoted.

* See chapter 19 for defined terms.

**Appendix 3B
New issue announcement**

- If we are a trust, we warrant that no person has the right to return the securities to be quoted under section 1019B of the Corporations Act at the time that we request that the securities be quoted.
- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.
- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

Dear Sir/Madam,

Macquarie Life Limited, a wholly owned subsidiary of Macquarie Bank Limited ("Macquarie"), has been granted exemption from compliance with section 259C of the Corporations Act allowing it to invest in Macquarie shares.

The exemption was granted by the Australian Securities and Investments Commission and is subject to certain conditions. One of these conditions is that Macquarie discloses the information below to Australian Stock Exchange Limited on a fortnightly basis

The aggregated percentage of Macquarie voting shares:

- (a) in respect of which Macquarie Life Limited have the power to control voting or disposal; and
- (b) underlying derivatives held by Macquarie Life Limited,

as at 17 January 2003, was 0.043%.

Yours faithfully,

Dennis Leong
Company Secretary

Dear Sir/Madam

Macquarie Bank Limited – Appendix 3B

Please find enclosed an Appendix 3B relating to the issue of 5,000 shares on the exercise of options and 49,666 shares issued under the Macquarie Bank Employee Share Plan.

Please note that an Appendix 3B with respect to shares issued under the Macquarie Bank Employee Share Plan was provided on 3 December 2002, but at that time the number of shares to be issued and the price of issue was not known.

Yours faithfully

Dennis Leong
Company Secretary

4 Do the *securities rank equally in all respects from the date of allotment with an existing *class of quoted *securities?

YES

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

5 Issue price or consideration

930 at \$18.51 each

6 Purpose of the issue
 (If issued as consideration for the acquisition of assets, clearly identify those assets)

N/A – shares were issued on exercise of employee options.

7 Dates of entering *securities into uncertificated holdings or despatch of certificates

17 January 2003

| | Number | *Class |
|---|-------------|--------------------------------------|
| 8 Number and *class of all *securities quoted on ASX (including the securities in clause 2 if applicable) | 204,161,989 | Fully paid ordinary Shares |
| | 1,500,000 | Converting Preference Shares (MBLPA) |
| | 4,000,000 | Macquarie Income Securities (MBLHB) |

+ See chapter 19 for defined terms.

| | | | |
|----|---|--|---|
| 9 | Number and *class of all *securities not quoted on ASX (including the securities in clause 2 if applicable) | Number | *Class |
| | | 25,350,709 | Options over ordinary shares at various exercise prices |
| 10 | Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests) | Shares rank pari passu with all existing fully paid ordinary shares. | |

Part 2 - Bonus issue or pro rata issue

All entities

Fees

43 Payment method (tick one)

Cheque attached

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 *Quotation of our additional *securities is in ASX's absolute discretion. ASX may quote the *securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the *securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those *securities should not be granted *quotation.
- An offer of the *securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any *securities to be quoted and that no-one has any right to return any *securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the *securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the *securities to be quoted, it has been provided at the time that we request that the *securities be quoted.
- If we are a trust, we warrant that no person has the right to return the *securities to be quoted under section 1019B of the Corporations Act at the time that we request that the *securities be quoted.

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before *quotation of the *securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

ASX/News Release

Wednesday January 22, 2003

MACQUARIE BANK SELLDOWN OF MACQUARIE AIRPORTS (MAp) SECURITIES

Macquarie Bank Limited (MBL) announced today it has disposed of 58,075,591 fully paid stapled securities in Macquarie Airports (MAp) to institutional and retail investors by way of a bookbuild at a price of \$1.15 per security. The bookbuild was heavily oversubscribed at \$1.15.

The MBL holding of 58,075,591 securities resulted from MBL's participation in the Priority Entitlement Offer for MAp securities launched in July 2002 and was subject to an Australian Securities and Investment Commission requirement for MBL to dispose of the holding by 31 March, 2003.

Following this sale, MBL will hold 35,277,617 units in MAp (excluding trading positions which vary from day to day). These units are not subject to the ASIC disposal requirement.

Quotation agreement

1 Quotation of our additional securities is in ASX's absolute discretion. ASX may quote the securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those securities should not be granted quotation.
- An offer of the securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.
Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty.
- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any securities to be quoted and that no-one has any right to return any securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the securities to be quoted, it has been provided at the time that we request that the securities be quoted.

* See chapter 19 for defined terms.

Appendix 3B
New Issue announcement

- If we are a trust, we warrant that no person has the right to return the securities to be quoted under section 1019B of the Corporations Act at the time that we request that the securities be quoted.
- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.
- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

Australian Stock Exchange Limited

BY FACSIMILE - One Page

Dear Sir/Madam,

Macquarie Life Limited, a wholly owned subsidiary of Macquarie Bank Limited ("Macquarie"), has been granted exemption from compliance with section 259C of the Corporations Act allowing it to invest in Macquarie shares.

The exemption was granted by the Australian Securities and Investments Commission and is subject to certain conditions. One of these conditions is that Macquarie disclose the information below to Australian Stock Exchange Limited on a fortnightly basis.

The aggregated percentage of Macquarie voting shares:

- (a) in respect of which Macquarie Life Limited have the power to control voting or disposal; and
- (b) underlying derivatives held by Macquarie Life Limited,

as at 31 January 2003, was 0.0430%.

Yours faithfully,

Dennis Leong
Company Secretary

of their entitlements (except by sale through a broker)?

33 *Despatch date

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) Securities described in Part 1

(b) All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 If the *securities are *equity securities, the names of the 20 largest holders of the additional *securities, and the number and percentage of additional *securities held by those holders

36 If the *securities are *equity securities, a distribution schedule of the additional *securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 A copy of any trust deed for the additional *securities

(now go to 43)

+ See chapter 19 for defined terms.

Entities that have ticked box 34(b)

38 Number of securities for which *quotation is sought

39 Class of *securities for which quotation is sought

40 Do the *securities rank equally in all respects from the date of allotment with an existing *class of quoted *securities?

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

41 Reason for request for quotation now

Example: In the case of restricted securities, end of restriction period

(if issued upon conversion of another security, clearly identify that other security)

| | Number | *Class |
|---|--------|--------|
| 42 Number and *class of all *securities quoted on ASX (including the securities in clause 38) | | |

(now go to 43)

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

All entities

Fees

43 Payment method (tick one)

Cheque attached

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 *Quotation of our additional *securities is in ASX's absolute discretion. ASX may quote the *securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the *securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those *securities should not be granted *quotation.
- An offer of the *securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any *securities to be quoted and that no-one has any right to return any *securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the *securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the *securities to be quoted, it has been provided at the time that we request that the *securities be quoted.
- If we are a trust, we warrant that no person has the right to return the *securities to be quoted under section 1019B of the Corporations Act at the time that we request that the *securities be quoted.

+ See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

COMMUNITY FIN 7:21

Dear Sir/Madam

Macquarie Bank Limited - Issued Ordinary Capital and Options Update

Since the last notification to ASX of the position at 31 December 2002, there have been the following changes in the number of fully paid ordinary shares of Macquarie Bank Limited on issue.

The following options have been exercised (converting into one fully paid share per option):

- 13,168 options exercisable at \$14.29 each and expiring on 28 August 2003 (MBLACK);
- 5,668 options exercisable at \$13.03 each and expiring on 25 November 2003 (MBLACW);
- 25,744 options exercisable at \$18.51 each and expiring on 13 August 2004 (MBLADW);
- 17,498 options exercisable at \$18.51 each and expiring on 31 August 2004 (MBLAEG);
- 5,416 options exercisable at \$20.29 each and expiring on 13 December 2004 (MBLAFC); and
- 11,331 options exercisable at \$23.94 each and expiring on 21 July 2005 (MBLAFL).

Thus, at 6 February 2003 the number of issued fully paid ordinary \$1.00 shares was 204,221,716.

Since the last notification to the ASX, the following new options have been issued:

- 25,000 options exercisable at \$31.54 each and expiring on 30 December 2007 (MBL0144);
- 5,000 options exercisable at \$23.25 each and expiring on 31 December 2007 (MBL0145);
- 5,000 options exercisable at \$26.45 each and expiring on 2 January 2008 (MBL0146);
- 12,500 options exercisable at \$31.56 each and expiring on 3 January 2008 (MBL0147);
- 12,500 options exercisable at \$22.22 each and expiring on 28 January 2008 (MBL0148);
- 12,500 options exercisable at \$21.66 each and expiring on 3 February 2008 (MBL0149);
- 5,000 options exercisable at \$30.22 each and expiring on 4 February 2008 (MBL0150); and
- 5,000 options exercisable at \$23.48 each and expiring on 24 January 2008 (MBL0151).

Also, since the last notification to ASX, the following options have lapsed unexercised:

- 11,832 options exercisable at \$23.94 each and expiring on 21 July 2005 (MBLAFL);
- 1,666 options exercisable at \$23.94 each and expiring on 11 August 2005 (MBLAFU); and
- 1,079 options exercisable at \$34.71 each and expiring on 2 August 2006 (MBL0029).

The number of options on issue at 6 February 2003 was 25,366,816, all exercisable into one share per option.

Yours faithfully

Dennis Leong
Company Secretary

Appendix 3B

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin: Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002.

Company No 1117:21

Name of entity

MACQUARIE BANK LIMITED

ABN

46 008 583 542

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

- 1 *Class of *securities issued or to be issued Fully Paid Ordinary Shares
- 2 Number of *securities issued or to be issued (if known) or maximum number which may be issued 41,250
- 3 Principal terms of the *securities (eg. if options, exercise price and expiry date; if partly paid *securities, the amount outstanding and due dates for payment; if *convertible securities, the conversion price and dates for conversion) As per other fully paid ordinary shares already quoted

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

4 Do the *securities rank equally in all respects from the date of allotment with an existing *class of quoted *securities?

YES

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

5 Issue price or consideration

41,250 @ \$18.51 each

6 Purpose of the issue
 (If issued as consideration for the acquisition of assets, clearly identify those assets)

N/A – shares were issued on exercise of employee options.

7 Dates of entering *securities into uncertificated holdings or despatch of certificates

41,250 on 7/2/03

| | Number | *Class |
|---|-------------|--------------------------------------|
| 8 Number and *class of all *securities quoted on ASX (including the securities in clause 2 if applicable) | 204,262,966 | Fully paid ordinary Shares |
| | 1,500,000 | Converting Preference Shares (MBLPA) |
| | 4,000,000 | Macquarie Income Securities (MBLHB) |

+ See chapter 19 for defined terms.

| | | | |
|----|---|--|---|
| 9 | Number and *class of all *securities not quoted on ASX (including the securities in clause 2 if applicable) | Number | *Class |
| | | 25,335,566 | Options over ordinary shares at various exercise prices |
| 10 | Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests) | Shares rank pari passu with all existing fully paid ordinary shares. | |

Part 2 - Bonus issue or pro rata issue

- 11 Is security holder approval required?
- 12 Is the issue renounceable or non-renounceable?
- 13 Ratio in which the *securities will be offered
- 14 *Class of *securities to which the offer relates
- 15 *Record date to determine entitlements
- 16 Will holdings on different registers (or subregisters) be aggregated for calculating entitlements?
- 17 Policy for deciding entitlements in relation to fractions
- 18 Names of countries in which the entity has *security holders who will not be sent new issue documents
- Note: Security holders must be told how their entitlements are to be dealt with.
- Cross reference: rule 7.7.
-
- 19 Closing date for receipt of acceptances or renunciations

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

- | | | |
|----|---|--|
| 20 | Names of any underwriters | |
| 21 | Amount of any underwriting fee or commission | |
| 22 | Names of any brokers to the issue | |
| 23 | Fee or commission payable to the broker to the issue | |
| 24 | Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of *security holders | |
| 25 | If the issue is contingent on *security holders' approval, the date of the meeting | |
| 26 | Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled | |
| 27 | If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders | |
| 28 | Date rights trading will begin (if applicable) | |
| 29 | Date rights trading will end (if applicable) | |
| 30 | How do *security holders sell their entitlements <i>in full</i> through a broker? | |
| 31 | How do *security holders sell <i>part</i> of their entitlements through a broker and accept for the balance? | |
| 32 | How do *security holders dispose | |

+ See chapter 19 for defined terms.

of their entitlements (except by sale through a broker)?

33 *Despatch date

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) Securities described in Part 1

(b) All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 If the *securities are *equity securities, the names of the 20 largest holders of the additional *securities, and the number and percentage of additional *securities held by those holders

36 If the *securities are *equity securities, a distribution schedule of the additional *securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 A copy of any trust deed for the additional *securities

(now go to 43)

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

Entities that have ticked box 34(b)

38 Number of securities for which
 *quotation is sought

39 Class of *securities for which
 quotation is sought

40 Do the *securities rank equally in all
 respects from the date of allotment
 with an existing *class of quoted
 *securities?

If the additional securities do not
 rank equally, please state:

- the date from which they do
- the extent to which they
 participate for the next dividend,
 (in the case of a trust,
 distribution) or interest payment
- the extent to which they do not
 rank equally, other than in
 relation to the next dividend,
 distribution or interest payment

41 Reason for request for quotation
 now

Example: In the case of restricted securities, end of
 restriction period

(if issued upon conversion of
 another security, clearly identify that
 other security)

| | Number | *Class |
|---|--------|--------|
| 42 Number and *class of all *securities
quoted on ASX (including the
securities in clause 38) | | |

(now go to 43)

+ See chapter 19 for defined terms.

All entities

Fees

43 Payment method (tick one)

Cheque attached

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 +Quotation of our additional +securities is in ASX's absolute discretion. ASX may quote the +securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the +securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those +securities should not be granted +quotation.
- An offer of the + securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any +securities to be quoted and that no-one has any right to return any +securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the +securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the +securities to be quoted, it has been provided at the time that we request that the +securities be quoted.
- If we are a trust, we warrant that no person has the right to return the +securities to be quoted under section 1019B of the Corporations Act at the time that we request that the +securities be quoted.

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.
- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

ASX/News Release

Wednesday 12 February, 2003

MACQUARIE BANK ISSUES SUBORDINATED NOTES

Macquarie Bank Limited announced this afternoon it had priced an AS\$225 million Subordinated Notes issue. The issue was initially marketed as a smaller transaction, but was up-sized due to strong investor demand.

Issue details were as follows:

| | |
|-------------------------|--|
| Instrument: | Subordinated Notes issued under the Macquarie US\$10 Billion Debt Instrument Programme |
| Expected Issue Rating: | S&P A- (outlook stable)
Moody's A3 (outlook stable)
Fitch A (outlook stable) |
| Structure: | 10 year non call 5 year |
| Call Option | Macquarie has the right to call the Notes after 5 years subject to APRA approval |
| Step-up: | 50 basis points |
| Withholding tax: | The notes are exempt from withholding tax and can be sold to offshore investors |
| Tranche 1: | Fixed Rate Notes , converting to floating rate if not called after 5 years |
| Amount: | AS\$140,000,000 |
| Coupon: | 5.75 % p.a., semi annually in arrears |
| Spread over swap: | 85 basis points |
| Spread over Aug 08 CGL: | 101.5 basis points |
| Yield: | 5.825% |
| Issue Price: | 99.679 |

Tranche 2: **Floating Rate Notes**
Amount: **A\$85,000,000**
Coupon: **90 day BBSW + 85 basis points, quarterly in arrears**
Issue Price: **Par**

Settlement Date: **Tuesday 18 February, 2003**
Lead Manager: **Macquarie Debt Markets**
Co-Managers: **ABN AMRO**
Salomon Smith Barney

Craig Shapiro, Executive Director, Macquarie Bank Treasury said, "Following the release of the Bank's interim results in November last year, we undertook a series of domestic and offshore debt investor presentations – from which the feedback suggested good underlying demand for subordinated debt. Macquarie maintains a conservative capital position and in this context it was decided to increase the level of subordinated debt."

Macquarie Bank Associate Director Debt Finance, Angus Cameron said: "The response to the issue from investors is very pleasing. Strong demand from a diverse range of institutional and smaller investors resulted in the need to scale back allocations, notwithstanding the size increase of the issue. We had in excess of 25 investors participate, with a number seeking allocations of both tranches."

Macquarie Bank is rated A by Standard and Poor's, A2 by Moody's and A+ by Fitch.

MACQUARIE
BANK

Macquarie Bank Limited Operational Briefing

Chief Executive Officer &
Managing Director

Allan Moss

Performance since the interim result

- Generally on track as foreshadowed at Interim announcement
 - Investment Banking – benefiting from good pipeline of deals & improved market performance of funds
 - Treasury & Commodities, Banking & Property – strong results expected, but down on first half as foreshadowed
 - Equity Markets & Funds Management – performances broadly in line with first half
- Financial Services – on track to achieve profitability year ending 31 March 2003

Major deals & initiatives since the interim result

- Westlink Consortium - preferred tenderer status on Western Sydney Orbital
- Advising Goodman Fielder in relation to the A\$2.4b hostile takeover bid by Burns Philp
- Korean Road Infrastructure Fund established – A\$370m raised, further commitments expected by mid 2003
- MOU signed for Korean equity derivatives alliance with Woori Bank
- Advising Constellation Brands in relation to the US\$1.4b proposed merger with BRL Hardy
- Financial Services Group commences major advertising campaign

Key governance initiatives

- Macquarie Board
 - Corporate Governance Committee established
 - All Board Committees have majority of independent directors
 - Audit & Compliance Committee comprises only independents
 - Corporate Governance & Remuneration Committee chaired by independents
- Specialist funds
 - Boards to comprise majority independent directors
 - Related party transactions clearly identified, at arms length and subject to review by third party
 - Enhanced separation between funds and other parts of the Bank

Developments associated with Macquarie listed funds

- MCG has outperformed index by over 25% since listing
- Macquarie ProLogis outperformed index by 14% in first operating period
- Revenue on MIG's key operating toll roads rose by weighted average of 26% during calendar 2002
- Macquarie ProLogis - Australia's "Overall Best New Listed Company" - AsiaMoney
- Macquarie Goodman Management - No 2 Australia's "Best Small Company" - AsiaMoney
- Disposal of 58m MAP securities as required by Australian Securities and Investments Commission

Commitment to Macquarie funds

* Unlisted funds are reported at book value

Commitment to Macquarie funds

| | Book value (A\$m) | | Market Value (A\$m) | |
|--------------------|-------------------|--|---------------------|--|
| | 31 Jan 2003 | | 31 Jan 2003 | |

 - Australian Enhanced Fixed Interest Fund - Inflows of over \$550m in 2002, total FUM \$1 billion Dec 2002
 - Alpha Plus Fund - 3.6% above index since Feb 2001, A rating - van Eyk, Jan 2003

Market conditions

- Corporate Deals
 - International markets subdued but reasonable activity in Australia
- Trading
 - Generally satisfactory except in global equity markets
- Employment
 - Generally still competitive for good people
 - Investment banking industry remuneration varies with profitability but little structural change
- Funding
 - Given current market conditions, the Bank will maintain, and where appropriate, reinforce its conservative capital position
 - In this context the Bank this week increased its levels of subordinated debt and may consider further increases

MACQUARIE
BANK

On track for the full year

- On track to achieve good earnings growth for full year 2003
- Continuing to source good deals - domestic & international
- Generally businesses have continued to perform in line with expectations

Macquarie Bank Limited Operational Briefing

Equity Markets Group

Ottmar Weiss

Equity Markets Group

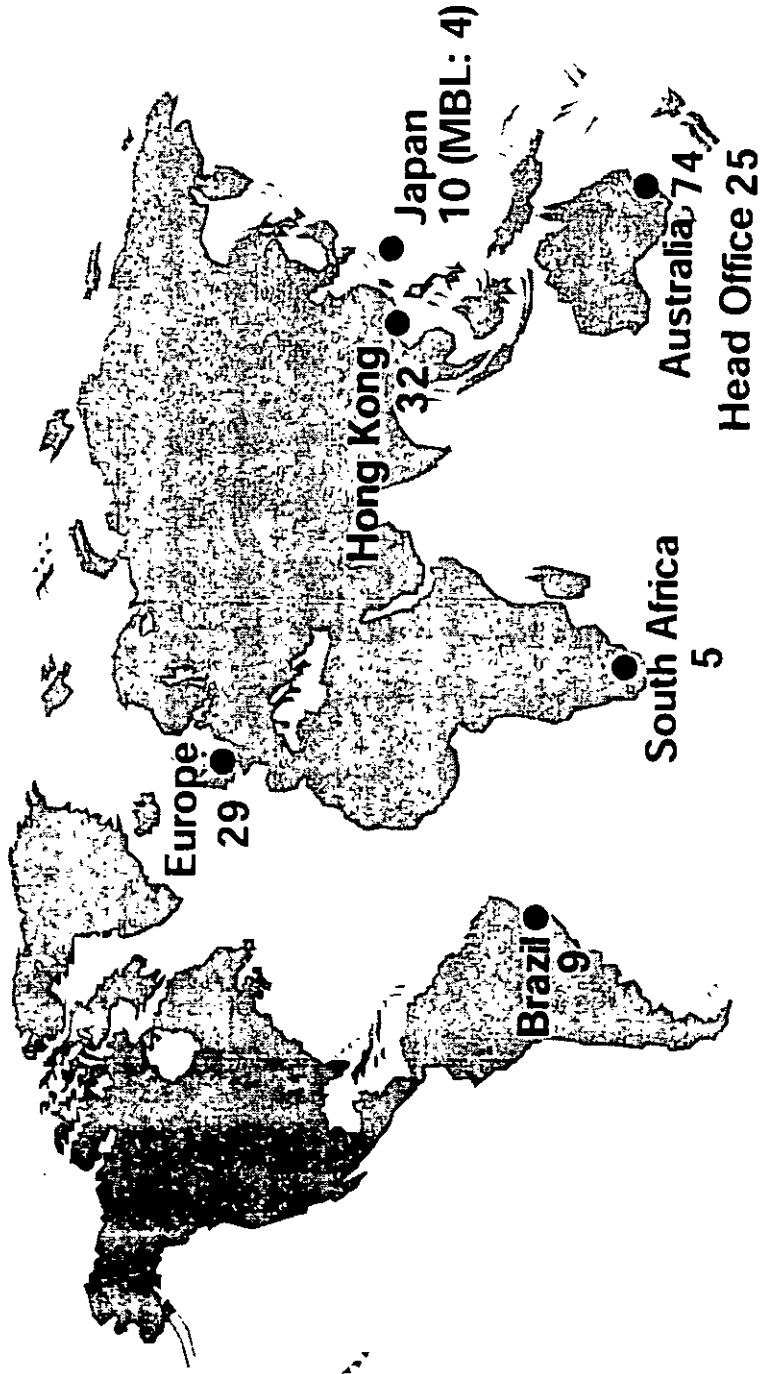

- business rationale

- Equity Markets operates a margin-based equity derivatives business
- Diversify earnings by operating in an increasing number of geographies and market segments
- Maximise ROE and minimise capital usage
- Key profit drivers are margins and product volumes

Equity Markets Group

- staff numbers by location

Equity Markets Group

- margins

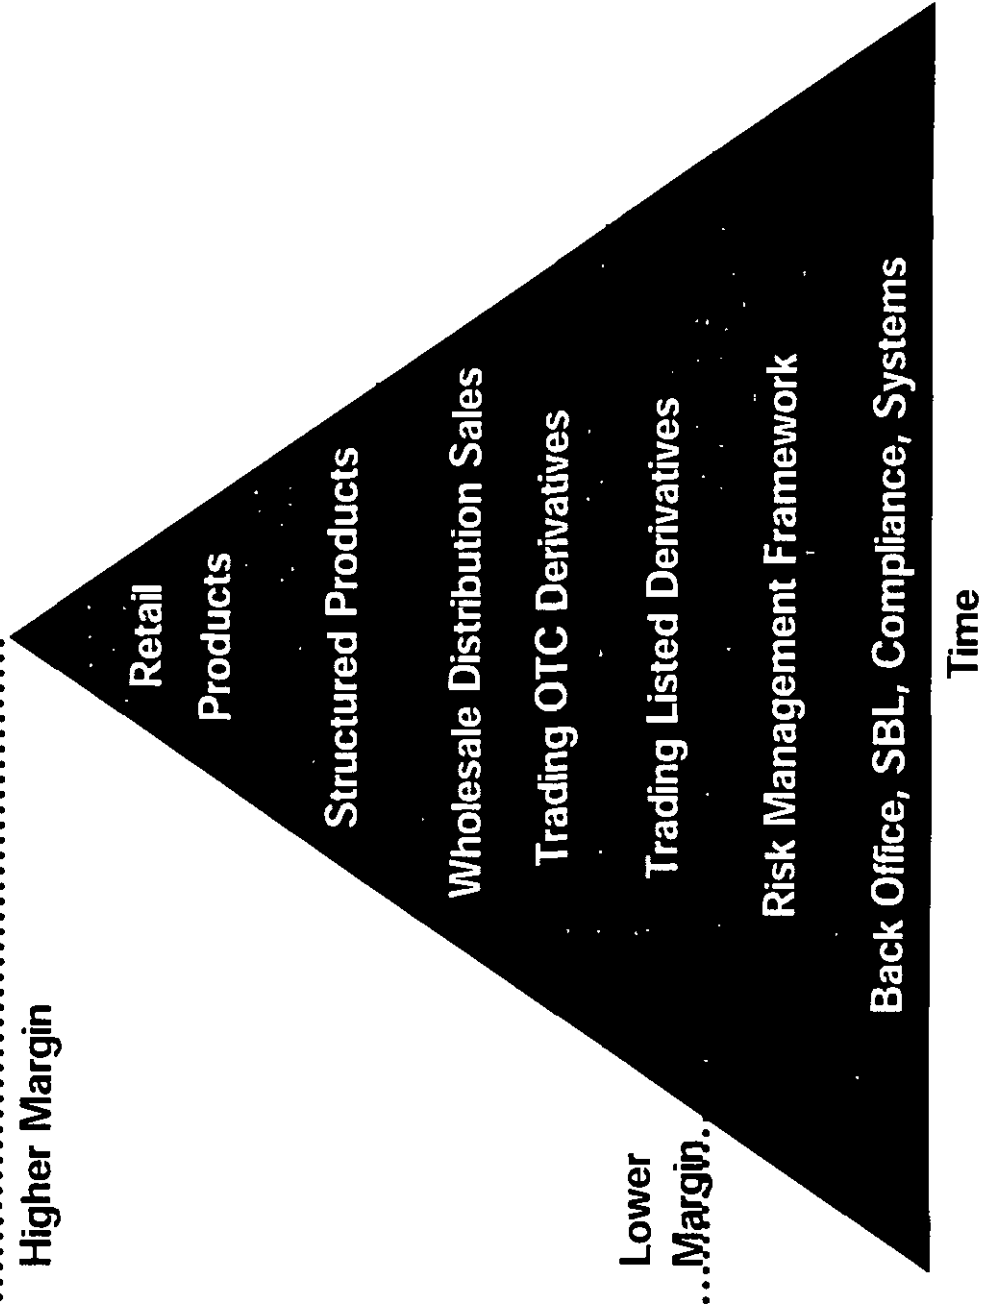

- Business fundamentally arbitrage-based
- Capture market mispricings including:
 - Volatility arbitrage (options)
 - Cash arbitrage (dual-listed securities)
 - Index arbitrage (share baskets vs index futures)
- Use structuring team to generate new "value-added" products and transactions with bigger margins and hedge risk to capture margin
- Use sales team to generate wholesale and retail customer flows (warrants, ELNs)
- Minimal delta trading, flow trading or strategic position taking
- Revenue mix – 90% customer, 10% proprietary

Equity Markets Group

- business model.....

Higher Margin

Lower

2002/3

Equity Markets Group - performance review

MBL's HK Retail ELN Trading Volumes

2002/3

Equity Markets Group - performance review

- Japan – continued poor market conditions, but slowly improving opportunities
- Brazil – continued small profits in second year of operation despite volatile financial markets due to Presidential election last October. Strong fundamentals, focusing on local pension funds
- Korea – Memorandum of Understanding for an equity derivatives JV with Woori Bank. Korean market is fundamentally very attractive. Trading expected to commence in Q3
- Europe – revenue positive - very poor market conditions. Reduce high operating and infrastructure costs (refer following slide)

Equity Markets Group - Europe

- Revenue positive but high cost base
- Original business model focussed on participation in retail markets
- Smaller German warrants market
- Delays and then different UK warrants
- Over-scaled infrastructure
- Revenue streams retained and expanded
- Infrastructure and trading being re-located to Sydney to achieve economics of scale

Equity Markets Group

- new businesses

South Africa

→ replacement JV under negotiation

Korea

→ JV MOU with Woori Bank signed in January 2003

→ Korea – a fundamentally attractive opportunity

→ KOSPI the most liquid futures contract in the world

→ 70% retail participation, 90% internet execution

→ Banks now allowed to undertake equity OTC's

→ Pre-Christmas announcement that warrants and ELNs will be introduced in 2003

→ Corporates retain many large cross shareholdings

Movement calendar year 2002

Property highlights - Property Investment Management

- Property assets under management grew 90% to over \$6.5 billion (including associates)
- Macquarie Goodman Industrial and Macquarie Office trusts ranked no. 1 and no. 3 respectively - 2002 BDO Annual LPT survey
- MGI and MOF ranked No.1 and No.2 in their sector for accumulated performance over 5 years - UBS Warburg Research
- Successful listing of Macquarie ProLogis Trust
- Macquarie ProLogis increased its assets in North America & now controls 55 assets worth US\$466M
- Completion of largest ever Australian unlisted syndicate - Macquarie Martin Place Trust
- Successful listing of Ascendas REIT, Singapore's first listed business and industrial trust - a JV between MGM and Ascendas

Property highlights – Property Investment Banking & Property Finance

- One of Australia's leading debt and equity providers and arrangers for real estate development – over \$1 billion raised (2002)
- Property Finance project return in last 16 years of approximately 31% approx on completed Risk Participation deals.
- Two largest projects in Southern Hemisphere – World Square, Sydney & Queen Victoria developments, Melbourne – financial adviser
- \$A360M acquisition of office buildings in Seoul, Korea for Schroder Asian Fund - MBL co-investment
- Macquarie Real Estate Equity Fund (MREEF) established
- Over 3,000 apartments constructed in China since 1995
- A further 6,000 planned over the next 5 years

Golf and Leisure highlights

- Formed in 1997 as a joint venture between Macquarie Bank and Greg Norman's Great White Shark Enterprises
- International developer of premier lifestyle communities
- 33 staff at offices in Australia and the United States
- Current projects have a total development value of \$2.2 billion comprising 8,500 residential lots and 180 holes of golf
- Courses at Medallist communities worldwide won their 12th award – Best Public Access Course in Australia (Brookwater).

Banking highlights

- Net revenue up by 30% over 2002 result
- Restructure of Divisional Client Service platform drove 15% reduction client service staff numbers
- Cost to Revenue further improved to below 60%
- Loan volumes increased by 15%
- Strong emphasis on cross-selling of MBL product across client base through PBB Wealthlink

Mortgages highlights

- Successful diversification strategy - Retail and Wholesale businesses now in Australia, USA and China.
- Mortgages Australia - loan book exceeding \$9 billion, highest level ever.
- Record new business settlements with continued growth expected in a subdued market.
- Successful equity investment in strategic clients, e.g 10% shareholding in Australia's largest mortgage broker AFG and others has assisted to increase market share.
- Mortgages USA - volumes continue to grow. Continued rapid growth expected with modest profit over short term. Great long term potential.
- Mortgages China - continued modest investment in a restructuring market. Book approaching 900 loans

Margin Lending highlights

- Record new business volumes
- Launch of Fusion protected loans over managed funds - first to market
- Launched new protected loan with shared upside and received ATO Product Ruling - first to market
- Launched badged margin loan for Bell Potter
- Master trust/wrap channel achieved 30% of new margin lending volumes
- Margin Lending NZ launched
- Added covered calls as a feature of margin lending
- Volatile market, with record margin calls and no material losses
- Approx 50% of clients are protected from margin calls by the limited recourse nature of the GEI product
- New core system implemented

Margin Lending - portfolio growth and diversification

Margin Lending - Total Loan Book By Product

Margin Lending growth – outgrowing the market

Growth in Margin Loans

Growth in Protected Lending

Source: RBA

Looking forward

- Continue our successful formula
- Maintain focus on our core activities in Banking, Mortgages and Margin Lending
- Expand international initiatives undertaken in the past 24 months, particularly in Asia and the USA
- Continue organic and strategic growth in property funds management

Macquarie Bank Limited Operational Briefing

Financial Services Group

Peter Maher

MACQUARIE
BANK

FSG philosophy & journey

The FSG Philosophy is to create a sustainable competitive advantage and build our brand and capabilities around two core propositions

- To be a primary investment product and service provider for clients and IFAs
- To help IFAs improve their productivity and profitability of their client relationships through integrated sales, service and administrative platforms

MACQUARIE
BANK

FSG focus its efforts on two key markets...

The Financial Services Group

Macquarie Financial Services

MFS acts as an independent client based, wealth management business covering a broad spectrum of advice options:

- Full Service Broking & Investment Planning
- Strategic Financial Planning
- Executive Wealth Management
- Private Banking
- Online Broking Services

Macquarie Adviser Services

MAS manages relationships with external financial advisers.

MAS acts as the **primary relationship manager** and access point for the distribution of product innovations sourced from the Group's internal partners.

Recent progress...

There are a number of initiatives that have been shaping FSG in recent months:

- Simplifying our structure around the two key client groups
- Continued development and growth of the **Wrap** offering
- **Cost efficiencies**; both resulting from the restructure and from an increased focus on margin management
- Further development of the Wealth Management offering to direct, retail clients as well as to external corporate clients (via **Macquarie Executive Wealth Management**)

FSG's geographic reach

The Group's international philosophy is to leverage core administration/service strengths and product innovation into markets that demonstrate key similarities to or compatibility with the Australian retail investment market

Australia

- sales and relationship management for both direct, retail clients and via an extensive network of external financial advisers

New Zealand

- personal financial services
- relationship management of external financial planners for the distribution of Macquarie product

South Africa

- innovative retail financial products via external financial advisers

Performance to date...

In spite of challenging markets, FSG remains on track.

There are a number of relevant factors effecting performance since Sept 2002:

- **Flat share market** – equity trading volumes have continued to come under pressure in the last quarter
- As equity values remain depressed, FUM value declines and in turn places pressure on **annuity income**
- The low return environment heightens client **scrutiny of advice and product performance** and **heightens fee pressure**

Performance to date...

Against the market environment, momentum in revenue and profits has been maintained:

- the **Macquarie Wrap** leads the market in growth – strongest inflows in the total platform market in 2003
- the **Macquarie CMT** remains a source of access and strength in the external financial adviser market
- in spite, of tough trading conditions. MFS' results are still ahead of the previous corresponding period:
 - revenue per adviser is up 6% over the last two years
 - annuity proportion almost doubling over the last two years

Performance going forward...

Our **Client Services & Broking Services Reviews** are capturing significant savings

- Recent Broking Back Office changes will contribute over \$5m savings per annum
- Rationalisation of Client Service Contact Centres savings run to \$3-4m
- Staff expenses are continuing to fall each year as a proportion of revenue

MACQUARIE
BANK

Performance going forward...

As FSG matures, we have been able to capture significant savings in **ISD and Technology** spend:

- Driving significant efficiencies out of underlying systems running costs
- Reducing underlying IT expenditure as a percentage of revenue (by almost 40%)
- Largely offsetting the costs of amortisation in terms of overall P&L impact

MACQUARIE
BANK

Performance going forward...

Sustaining current earnings and growing them through 2003 is predicated on continual:

- Growth in **client numbers**
- Depth of **client relationships**
 - Brand campaign expected to help to achieve these goals
- Reduction in total **cost to income ratio**
- Reduction in **cost per full time employees**
- **Active sales and relationship management**
- leveraging of core service and administration skills to new and existing markets

Macquarie Bank Limited Operational Briefing

Chief Executive Officer &
Managing Director

Allan Moss

Performance since the interim result

- Generally on track as foreshadowed at Interim announcement
 - Investment Banking – benefiting from good pipeline of deals & improved market performance of funds
 - Treasury & Commodities, Banking & Property – strong results expected, but down on first half as foreshadowed
 - Equity Markets & Funds Management – performances broadly in line with first half
- Financial Services – on track to achieve profitability year ending 31 March 2003

Major deals & initiatives since the interim result

- Westlink Consortium - preferred tenderer status on Western Sydney Orbital
- Advising Goodman Fielder in relation to the A\$2.4b hostile takeover bid by Burns Philp
- Korean Road Infrastructure Fund established – A\$370m raised, further commitments expected by mid 2003
- MOU signed for Korean equity derivatives alliance with Woori Bank
- Advising Constellation Brands in relation to the US\$1.4b proposed merger with BRL Hardy
- Financial Services Group commences major advertising campaign

Key governance initiatives

- Macquarie Board
 - Corporate Governance Committee established
 - All Board Committees have majority of independent directors
 - Audit & Compliance Committee comprises only independents
 - Corporate Governance & Remuneration Committee chaired by independents
- Specialist funds
 - Boards to comprise majority independent directors
 - Related party transactions clearly identified, at arms length and subject to review by third party
 - Enhanced separation between funds and other parts of the Bank

Developments associated with Macquarie listed funds

- MCG has outperformed index by over 25% since listing
- Macquarie ProLogis outperformed index by 14% in first operating period
- Revenue on MIG's key operating toll roads rose by weighted average of 26% during calendar 2002
- Macquarie ProLogis - Australia's "Overall Best New Listed Company" - AsiaMoney
- Macquarie Goodman Management - No 2 Australia's "Best Small Company" - AsiaMoney
- Disposal of 58m MAF securities as required by Australian Securities and Investments Commission

Commitment to Macquarie funds

* Unlisted funds are reported at book value

Commitment to Macquarie funds

| Total | 424.0 | | 488.5 | |

* Unlisted funds are reported at book value

Macquarie listed funds

Significant outperformance
over the long haul

Performance Since 1996

Generally improving market shares

→ Investment Banking

→ No 1 in both completed and announced 2002 Australian Mergers & Acquisitions transactions by value – Thomson Financial

→ No 2 Equity Capital Market house for 3rd year – Thomson Financial

→ No 2 globally for project finance advisory services – Thomson Financial

→ Continuing healthy deal pipeline

Generally improving market shares

- Treasury & Commodities
 - Debt Markets – Top Lead Manager of Domestic Australian Dollar Bonds 2002 – Thomson Financial
 - Futures – No 2 in execution in 2002, increase in number of contracts of 14% to 8.1m – Sydney Futures Exchange
 - 2002 Foreign Exchange turnover up 23% on pcp
 - Base and precious metals markets - transaction volumes either flat or higher compared to pcp
 - Houston mezzanine energy finance and London energy trading businesses up, running and generating revenue

Generally improving market shares

- Banking & Property
 - Now 4th largest Australian listed property trust manager
 - Macquarie Goodman Industrial Trust and Macquarie Office Trust – No 1 in accumulated performance over 5 years
 - Funds under management (including associates) over \$6.5b, up 5% from \$6.2b at the interim
- Equity Markets
 - 50% share of Australian instalment warrant market
 - Leading warrant issuer by value in 2002 - 37% market share
 - European operations remain difficult

Generally improving market shares

- Financial Services
 - Strongest Wrap growth in Australia for last two quarters - Assirt. \$6.1b at Dec 2002 (up from \$2.55b in Dec 2001)
 - Total retail FUM around \$11.5b at Jan 2003 (up \$0.5b since Mar 2002)
 - Total client base up approximately 30% to over 550,000 since inception in March 2000
- Funds Management
 - 10% increase in total FUM and 90% increase in international FUM over past 12 months despite overall market contraction
 - "Best All Round Fund Manager" by mandate wins - Investor Weekly
 - Australian Enhanced Fixed Interest Fund - Inflows of over \$550m in 2002, total FUM \$1 billion Dec 2002
 - Alpha Plus Fund - 3.6% above index since Feb 2001, A rating - van Eyk, Jan 2003

Market conditions

- Corporate Deals
 - International markets subdued but reasonable activity in Australia
- Trading
 - Generally satisfactory except in global equity markets
- Employment
 - Generally still competitive for good people
 - Investment banking industry remuneration varies with profitability but little structural change
- Funding
 - Given current market conditions, the Bank will maintain, and where appropriate, reinforce its conservative capital position
 - In this context the Bank this week increased its levels of subordinated debt and may consider further increases

On track for the full year

- On track to achieve good earnings growth for full year 2003
- Continuing to source good deals - domestic & international
- Generally businesses have continued to perform in line with expectations

- Successful listing of Ascendas REIT, Singapore's first listed business and industrial trust - a JV between MGM and Ascendas

Property highlights – Property Investment Banking & Property Finance

- One of Australia's leading debt and equity providers and arrangers for real estate development – over \$1 billion raised (2002)
- Property Finance project return in last 16 years of approximately 31% approx on completed Risk Participation deals.
- Two largest projects in Southern Hemisphere – World Square, Sydney & Queen Victoria developments, Melbourne – financial adviser
- \$A360M acquisition of office buildings in Seoul, Korea for Schroder Asian Fund - MBL co-investment
- Macquarie Real Estate Equity Fund (MREEF) established
- Over 3,000 apartments constructed in China since 1995
- A further 6,000 planned over the next 5 years

Golf and Leisure highlights

- Formed in 1997 as a joint venture between Macquarie Bank and Greg Norman's Great White Shark Enterprises
- International developer of premier lifestyle communities
- 33 staff at offices in Australia and the United States
- Current projects have a total development value of \$2.2 billion comprising 8,500 residential lots and 180 holes of golf
- Courses at Medallist communities worldwide won their 12th award – Best Public Access Course in Australia (Brookwater).

Banking highlights

- Net revenue up by 30% over 2002 result
- Restructure of Divisional Client Service platform drove 15% reduction client service staff numbers
- Cost to Revenue further improved to below 60%
- Loan volumes increased by 15%
- Strong emphasis on cross-selling of MBL product across client base through PBB Wealthlink

Mortgages highlights

- Successful diversification strategy - Retail and Wholesale businesses now in Australia, USA and China.
- Mortgages Australia - loan book exceeding \$9 billion, highest level ever.
- Record new business settlements with continued growth expected in a subdued market.
- Successful equity investment in strategic clients, e.g 10% shareholding in Australia's largest mortgage broker AFG and others has assisted to increase market share.
- Mortgages USA - volumes continue to grow. Continued rapid growth expected with modest profit over short term. Great long term potential.
- Mortgages China - continued modest investment in a restructuring market. Book approaching 900 loans

Margin Lending highlights

- Record new business volumes
- Launch of Fusion protected loans over managed funds - first to market
- Launched new protected loan with shared upside and received ATO Product Ruling - first to market
- Launched badged margin loan for Bell Potter
- Master trust/wrap channel achieved 30% of new margin lending volumes
- Margin Lending NZ launched
- Added covered calls as a feature of margin lending
- Volatile market, with record margin calls and no material losses
- Approx 50% of clients are protected from margin calls by the limited recourse nature of the GEI product
- New core system implemented

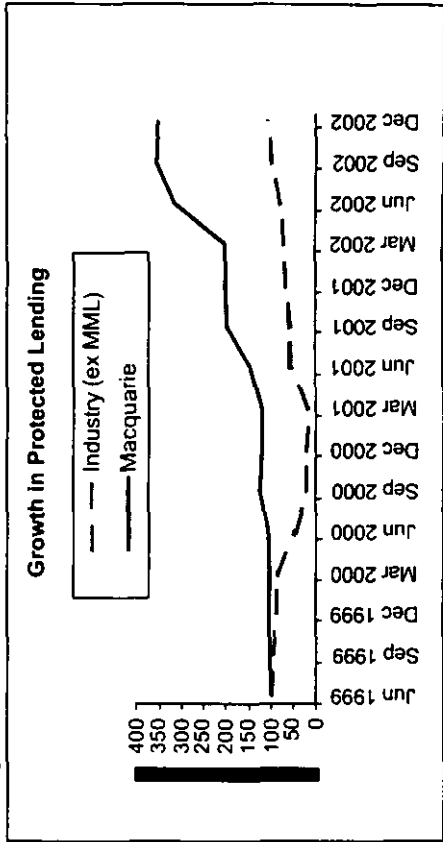

Margin Lending - portfolio growth and diversification

Margin Lending - Total Loan Book By Product

Margin Lending growth – outgrowing the market

Source: RBA

Looking forward

- Continue our successful formula
- Maintain focus on our core activities in Banking, Mortgages and Margin Lending
- Expand international initiatives undertaken in the past 24 months, particularly in Asia and the USA
- Continue organic and strategic growth in property funds management

MACQUARIE
BANK

Macquarie Bank Limited Operational Briefing

Financial Services Group

Peter Maher

FSG philosophy & journey

The FSG Philosophy is to create a sustainable competitive advantage and build our brand and capabilities around two core propositions

- To be a primary investment product and service provider for clients and IFAs
- To help IFAs improve their productivity and profitability of their client relationships through integrated sales, service and administrative platforms

FSG focus its efforts on two key markets...

The Financial Services Group

Macquarie Financial Services

MFS acts as an independent client based, wealth management business covering a broad spectrum of advice options:

- Full Service Broking & Investment Planning
- Strategic Financial Planning
- Executive Wealth Management
- Private Banking
- Online Broking Services

Macquarie Adviser Services

MAS manages relationships with external financial advisers.

MAS acts as the primary relationship manager and access point for the distribution of product innovations sourced from the Group's internal partners.

Recent progress...

There are a number of initiatives that have been shaping FSG in recent months:

- Simplifying our structure around the two key client groups
- Continued development and growth of the **Wrap** offering
- **Cost efficiencies**; both resulting from the restructure and from an increased focus on margin management
- Further development of the Wealth Management offering to direct, retail clients as well as to external corporate clients (via **Macquarie Executive Wealth Management**)

FSG's geographic reach

The Group's international philosophy is to leverage core administration/service strengths and product innovation into markets that demonstrate key similarities to or compatibility with the Australian retail investment market

Australia

- sales and relationship management for both direct, retail clients and via an extensive network of external financial advisers

New Zealand

- personal financial services
- relationship management of external financial planners for the distribution of Macquarie product

South Africa

- innovative retail financial products via external financial advisers

Performance to date...

In spite of challenging markets, FSG remains on track.

There are a number of relevant factors effecting performance since Sept 2002:

Flat share market – equity trading volumes have continued to come under pressure in the last quarter

As equity values remain depressed, FUM value declines and in turn places pressure on **annuity income**

The low return environment heightens client **scrutiny of advice and product performance** and **heightens fee pressure**

Performance to date...

Against the market environment, momentum in revenue and profits has been maintained:

the **Macquarie Wrap** leads the market in growth – strongest inflows in the total platform market in 2003

the **Macquarie CMT** remains a source of access and strength in the external financial adviser market

in spite, of tough trading conditions. MFS' results are still ahead of the previous corresponding period:

- revenue per adviser is up 6% over the last two years
- annuity proportion almost doubling over the last two years

Performance going forward...

Our **Client Services & Broking Services Reviews** are capturing significant savings

- Recent Broking Back Office changes will contribute over \$5m savings per annum
- Rationalisation of Client Service Contact Centres savings run to \$3-4m
- Staff expenses are continuing to fall each year as a proportion of revenue

Performance going forward...

As FSG matures, we have been able to capture significant savings in **ISD and Technology** spend:

Driving significant efficiencies out of underlying systems running costs

Reducing underlying IT expenditure as a percentage of revenue (by almost 40%)

Largely offsetting the costs of amortisation in terms of overall P&L impact

Performance going forward...

Sustaining current earnings and growing them through 2003 is predicated on continual:

Growth in client numbers

Depth of client relationships

→ Brand campaign expected to help to achieve these goals

Reduction in total cost to income ratio

Reduction in cost per full time employees

Active sales and relationship management

leveraging of core service and administration skills to new and existing markets

Macquarie Bank Limited Operational Briefing

Chief Executive Officer &
Managing Director

Allan Moss

Performance since the interim result

- Generally on track as foreshadowed at Interim announcement
 - Investment Banking – benefiting from good pipeline of deals & improved market performance of funds
 - Treasury & Commodities, Banking & Property – strong results expected, but down on first half as foreshadowed
 - Equity Markets & Funds Management – performances broadly in line with first half
- Financial Services – on track to achieve profitability year ending 31 March 2003

Major deals & initiatives since the interim result

- Westlink Consortium - preferred tenderer status on Western Sydney Orbital
- Advising Goodman Fielder in relation to the A\$2.4b hostile takeover bid by Burns Philp
- Korean Road Infrastructure Fund established - A\$370m raised, further commitments expected by mid 2003
- MOU signed for Korean equity derivatives alliance with Woori Bank
- Advising Constellation Brands in relation to the US\$1.4b proposed merger with BRL Hardy
- Financial Services Group commences major advertising campaign

Key governance initiatives

- Macquarie Board
 - Corporate Governance Committee established
 - All Board Committees have majority of independent directors
 - Audit & Compliance Committee comprises only independents
 - Corporate Governance & Remuneration Committee chaired by independents
- Specialist funds
 - Boards to comprise majority independent directors
 - Related party transactions clearly identified, at arms length and subject to review by third party
 - Enhanced separation between funds and other parts of the Bank

Developments associated with Macquarie listed funds

- MCG has outperformed index by over 25% since listing
- Macquarie ProLogis outperformed index by 14% in first operating period
- Revenue on MIG's key operating toll roads rose by weighted average of 26% during calendar 2002
- Macquarie ProLogis - Australia's "Overall Best New Listed Company" - AsiaMoney
- Macquarie Goodman Management - No 2 Australia's "Best Small Company" - AsiaMoney
- Disposal of 58m MAF securities as required by Australian Securities and Investments Commission

Commitment to Macquarie funds

* Unlisted funds are reported at book value

Commitment to Macquarie funds

| | Book value (A\$m) | Market Value (A\$m) |
|--------------------|-------------------|---------------------|
| | 31 Jan 2003 | 31 Jan 2003 |
| MCG | 100.9 | 115.9 |
| MAG* | 99.4 | 99.4 |
| KRIF* | 43.9 | 43.9 |
| MAP | 40.2 | 40.2 |
| MIG | 31.2 | 80.4 |
| Property Funds* | 51.1 | 51.3 |
| Direct Investment* | 46.5 | 46.5 |
| Other* | 11.0 | 11.0 |
| Total | 424.0 | 488.5 |

* Unlisted funds are reported at book value

Macquarie listed funds

Significant outperformance
over the long haul

Performance Since 1996

Generally improving market shares

→ Investment Banking

→ No 1 in both completed and announced 2002 Australian Mergers & Acquisitions transactions by value – Thomson Financial

→ No 2 Equity Capital Market house for 3rd year – Thomson Financial

→ No 2 globally for project finance advisory services – Thomson Financial

→ Continuing healthy deal pipeline

Generally improving market shares

- Treasury & Commodities
 - Debt Markets – Top Lead Manager of Domestic Australian Dollar Bonds 2002 – Thomson Financial
 - Futures – No 2 in execution in 2002, increase in number of contracts of 14% to 8.1m – Sydney Futures Exchange
 - 2002 Foreign Exchange turnover up 23% on pcp
 - Base and precious metals markets - transaction volumes either flat or higher compared to pcp
 - Houston mezzanine energy finance and London energy trading businesses up, running and generating revenue

Generally improving market shares

- Banking & Property
 - Now 4th largest Australian listed property trust manager
 - Macquarie Goodman Industrial Trust and Macquarie Office Trust – No 1 in accumulated performance over 5 years
 - Funds under management (including associates) over \$6.5b, up 5% from \$6.2b at the interim
- Equity Markets
 - 50% share of Australian instalment warrant market
 - Leading warrant issuer by value in 2002 - 37% market share
 - European operations remain difficult

Generally improving market shares

- Financial Services
 - Strongest Wrap growth in Australia for last two quarters – Assirt. \$6.1b at Dec 2002 (up from \$2.55b in Dec 2001)
 - Total retail FUM around \$11.5b at Jan 2003 (up \$0.5b since Mar 2002)
 - Total client base up approximately 30% to over 550,000 since inception in March 2000
- Funds Management
 - 10% increase in total FUM and 90% increase in international FUM over past 12 months despite overall market contraction
 - "Best All Round Fund Manager" by mandate wins - Investor Weekly
 - Australian Enhanced Fixed Interest Fund - Inflows of over \$550m in 2002, total FUM \$1 billion Dec 2002
 - Alpha Plus Fund - 3.6% above index since Feb 2001, A rating - van Eyk, Jan 2003

Market conditions

- Corporate Deals
 - International markets subdued but reasonable activity in Australia
- Trading
 - Generally satisfactory except in global equity markets
- Employment
 - Generally still competitive for good people
 - Investment banking industry remuneration varies with profitability but little structural change
- Funding
 - Given current market conditions, the Bank will maintain, and where appropriate, reinforce its conservative capital position
 - In this context the Bank this week increased its levels of subordinated debt and may consider further increases

MACQUARIE
BANK

On track for the full year

- On track to achieve good earnings growth for full year 2003
- Continuing to source good deals - domestic & international
- Generally businesses have continued to perform in line with expectations

MACQUARIE

Macquarie Bank Limited Operational Briefing

Equity Markets Group

Ottmar Weiss

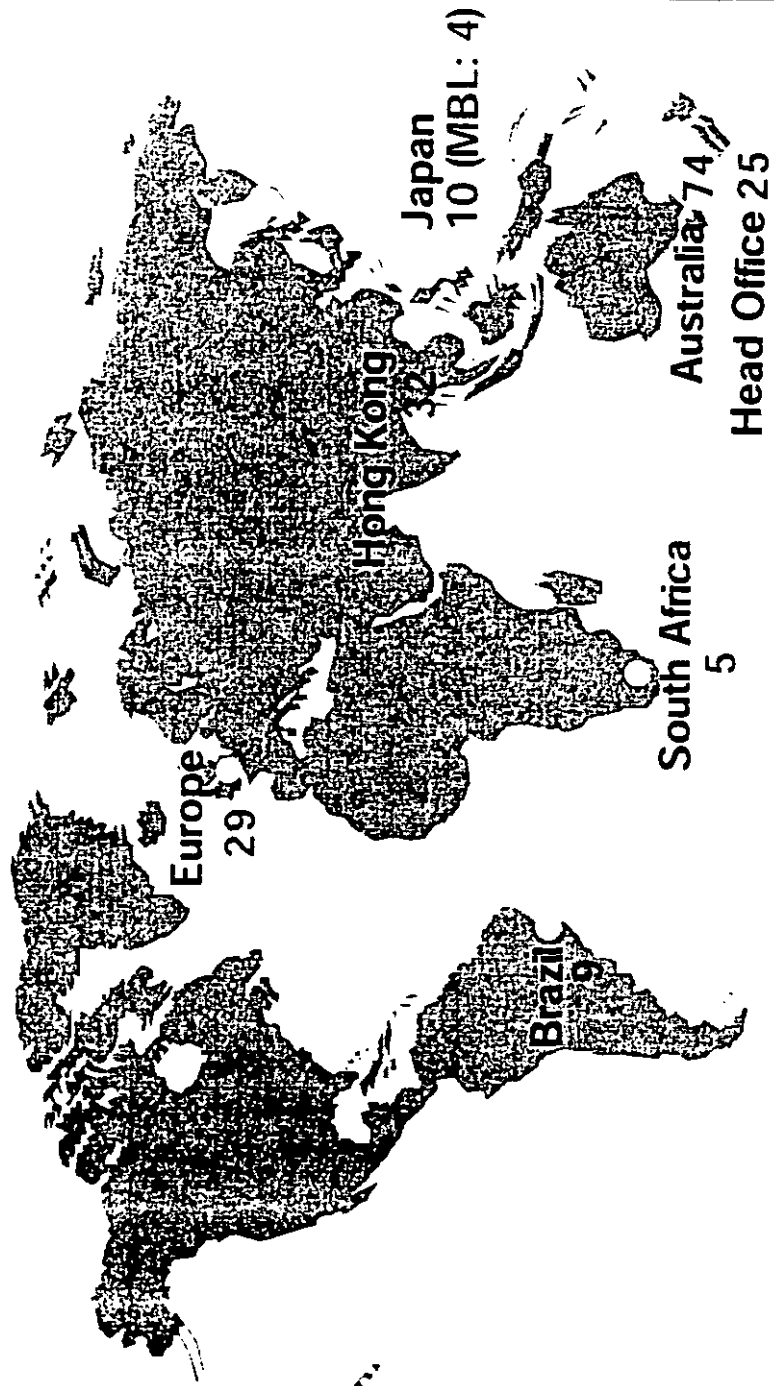

Equity Markets Group - business rationale

- Equity Markets operates a margin-based equity derivatives business
- Diversify earnings by operating in an increasing number of geographies and market segments
- Maximise ROE and minimise capital usage
- Key profit drivers are margins and product volumes

Equity Markets Group

- staff numbers by location

Equity Markets Group - margins

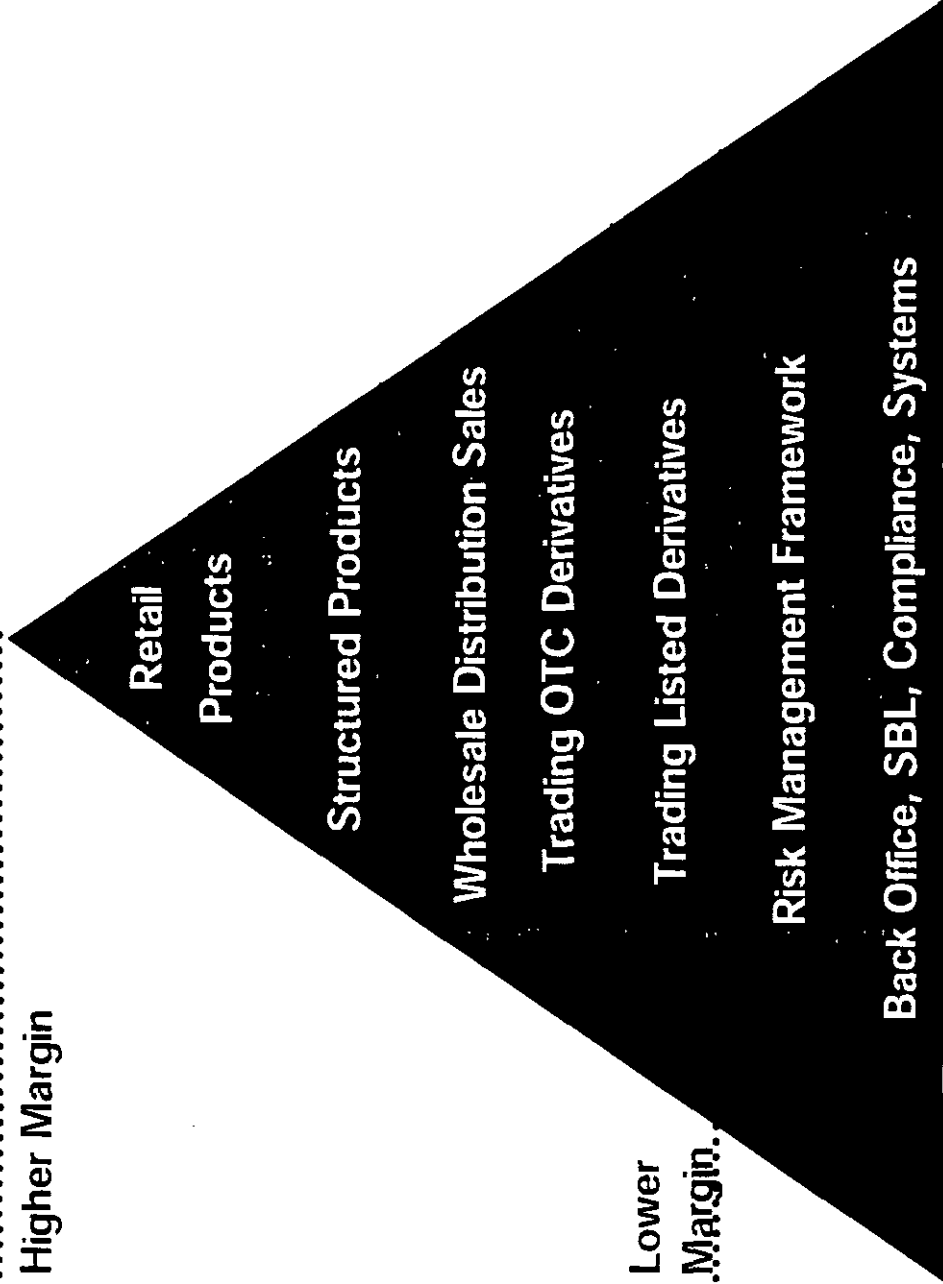

- Business fundamentally arbitrage-based
- Capture market mispricings including:
 - Volatility arbitrage (options)
 - Cash arbitrage (dual-listed securities)
 - Index arbitrage (share baskets vs index futures)
- Use structuring team to generate new "value-added" products and transactions with bigger margins and hedge risk to capture margin
- Use sales team to generate wholesale and retail customer flows (warrants, ELNs)
- Minimal delta trading, flow trading or strategic position taking
- Revenue mix – 90% customer, 10% proprietary

Equity Markets Group

- business model.....

Higher Margin

Lower
....Margin.

Time

Equity Markets Group - VAR trends

Equity Markets Group - ROE and capital usage

- EMG's business model is not capital intensive
- EMG's average ROE over time has exceeded the MBL average
- EMG's RWA < 5% of Total MBL RWA

Equity Markets Group

- performance review

- Overall – improved net income vs. PCP
- Australia – strong franchise on the back of resilient retail demand and dominant instalment and vanilla warrant market share. Successfully diversifying product range

Equity Markets Group - performance review

Australian Trading Warrant Market Share by Value

Equity Markets Group - performance review

Australian Instalment Warrants Market Share by Value

Equity Markets Group - performance review

- Overall, improved net income vs. FCFP
- Australia – strong franchise, on the back of resilient retail demand & dominant installment and vanilla warrant market share. Still consider diversifying product range
- South Africa – another good year – JV with Standard Bank expired as contracted. Currently well advanced with negotiations for another JV

Equity Markets Group - performance review

South Africa Warrants Market Share

Equity Markets Group - performance review

→ Hong Kong – profitable. Much improved market standing with strong market share despite continued patchy retail warrant volumes. New products proving successful. Well leveraged to an upturn in market conditions

Equity Markets Group - performance review

MBL's Hong Kong Warrant Sales Volumes

Equity Markets Group - performance review

MBL's Hong Kong OTC Trading Volumes

2002/3

Equity Markets Group - performance review

MBL's HK Retail ELN Trading Volumes

2002/3

Equity Markets Group

- performance review

- Japan – continued poor market conditions, but slowly improving opportunities
- Brazil – continued small profits in second year of operation despite volatile financial markets due to Presidential election last October. Strong fundamentals, focusing on local pension funds
- Korea – Memorandum of Understanding for an equity derivatives JV with Woori Bank. Korean market is fundamentally very attractive. Trading expected to commence in Q3
- Europe – revenue positive - very poor market conditions. Reduce high operating and infrastructure costs (refer following slide)

Equity Markets Group - Europe

- Revenue positive but high cost base
- Original business model focussed on participation in retail markets
- Smaller German warrants market
- Delays and then different UK warrants
- Over-scaled infrastructure
- Revenue streams retained and expanded
- Infrastructure and trading being re-located to Sydney to achieve economics of scale

Equity Markets Group

- new businesses

South Africa

→ replacement JV under negotiation

Korea

→ JV MOU with Woori Bank signed in January 2003

→ Korea – a fundamentally attractive opportunity

→ KOSPI the most liquid futures contract in the world

→ 70% retail participation, 90% internet execution

→ Banks now allowed to undertake equity OTC's

→ Pre-Christmas announcement that warrants and ELNs will be introduced in 2003

→ Corporates retain many large cross shareholdings

ASX/Media Release

Thursday February 13, 2003

MACQUARIE BANK REAFFIRMS GOOD EARNINGS GROWTH

Macquarie Bank Chief Executive Officer Allan Moss today reaffirmed the Bank was on track to achieve good earnings growth in the year to March 31, 2003, as foreshadowed in its interim announcement made in November last year.

Speaking at an operational briefing to institutional shareholders and analysts in Sydney, Mr Moss said despite challenging conditions, the Bank is continuing to source good transactions domestically and internationally.

"We are taking the opportunity in the current environment to improve market shares right across our businesses," said Mr Moss.

Since the interim balance date at September 30, 2002, the Bank's Investment Banking Group has benefited from a good pipeline of deals and improved market performance of funds. Treasury and Commodities Group and Banking and Property Group are likely to post strong results, which as foreshadowed, will be lower than the first half to September 30, 2002.

Equity Markets Group's and Funds Management Group's results are expected to be in line with those of the first half, and Financial Services Group is on track to achieve its goal of profitability for the year ending March 31 2003.

Mr Moss said over the past four months, the Bank has undertaken a number of significant transactions and initiatives which it was confident would produce strong growth for both the Bank's shareholders and the investors in its specialist funds.

Highlights since balance date at September 30 2002 include:

CONFIDENTIAL

- Westlink Consortium achieving preferred tenderer status on the Western Sydney Orbital toll road project in Sydney
- advising Goodman Fielder in relation to the A\$2.4 billion hostile takeover bid by Burns Philp
- establishment of the Korean Road Infrastructure Fund (KRIF) which has raised \$370 million, with further commitments expected by mid 2003
- Memorandum of Understanding signed for a Korean equity derivatives alliance with Woori Bank
- advising Constellation Brands in relation to the US\$1.4 billion proposed merger with BRL Hardy, to create the world's largest wine company
- Financial Services Group commencement of major advertising campaign

Major developments associated with the Bank's listed funds include:

- Macquarie Communications Infrastructure Group outperformance of the S&P/ASX 200 Industrials Accumulation Index by over 25 per cent since listing in August, 2002
- Macquarie ProLogis outperformance of the S&P/ASX 200 Property 200 Accumulation Index by 14 per cent from its June 2002 listing to December 31, 2002 and receipt of the AsiaMoney magazine award for Australia's "Overall Best New Listed Company"
- revenue on Macquarie Infrastructure Group's key operating toll roads rising by a weighted average of 25.6 per cent during calendar 2002
- Macquarie Goodman Management ranked #2 by AsiaMoney Magazine in Australia's Best Small Companies poll
- disposal by Macquarie Bank of 58 million Macquarie Airports (MAp) securities as required by the Australian Securities and Investments Commission

Mr Moss said there had been significant market outperformance by Macquarie listed funds over the five years to January 2003.

Since December, the Bank's investment in its specialist funds has decreased on a net basis, Mr Moss said. "We consider a level of investment in these funds of around \$500 million – the amount of capital we raised for this purpose in September 2001 – to be very satisfactory."

Mr Moss said given the current market uncertainty, the Bank would maintain, and where appropriate, reinforce its conservative capital position. "Considering market conditions, the Bank this week increased its level of subordinated debt," Mr Moss said.

"We have also been implementing the wide range of key governance initiatives announced in November for the Macquarie Bank board as well as the boards of our specialist funds," Mr Moss said.

Company Announcements Office
Australian Stock Exchange Limited

BY FACSIMILE - One Page

Dear Sir/Madam,

Macquarie Life Limited, a wholly owned subsidiary of Macquarie Bank Limited ("Macquarie"), has been granted exemption from compliance with section 259C of the Corporations Act allowing it to invest in Macquarie shares.

The exemption was granted by the Australian Securities and Investments Commission and is subject to certain conditions. One of these conditions is that Macquarie discloses the information below to Australian Stock Exchange Limited on a fortnightly basis.

The aggregated percentage of Macquarie voting shares:

- (a) in respect of which Macquarie Life Limited have the power to control voting or disposal; and
- (b) underlying derivatives held by Macquarie Life Limited.

as at 14 February 2003, was 0.0414%.

Yours faithfully,

Dennis Leong
Company Secretary

Appendix 3B

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin: Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002.

Name of entity
MACQUARIE BANK LIMITED

ABN
46 008 583 542

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

- 1 *Class of *securities issued or to be issued **Fully Paid Ordinary Shares**
- 2 Number of *securities issued or to be issued (if known) or maximum number which may be issued **15,834**
- 3 Principal terms of the *securities (eg, if options, exercise price and expiry date; if partly paid *securities, the amount outstanding and due dates for payment; if *convertible securities, the conversion price and dates for conversion) **As per other fully paid ordinary shares already quoted**

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

4 Do the *securities rank equally in all respects from the date of allotment with an existing *class of quoted *securities?

YES

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

5 Issue price or consideration

10,000 @ \$13.15 each
 2,500 @ \$18.51 each
 3,334 @ \$14.29 each

6 Purpose of the issue
 (If issued as consideration for the acquisition of assets, clearly identify those assets)

N/A – shares were issued on exercise of employee options.

7 Dates of entering *securities into uncertificated holdings or despatch of certificates

10,000 on 13/2/03
 2,500 on 14/2/03
 3,334 on 18/2/03

| Number | *Class |
|--------|--------|
|--------|--------|

+ See chapter 19 for defined terms.

| | | | |
|---|---|-------------|--------------------------------------|
| 8 | Number and *class of all *securities quoted on ASX (including the securities in clause 2 if applicable) | 204,278,800 | Fully paid ordinary Shares |
| | | 1,500,000 | Converting Preference Shares (MBLPA) |
| | | 4,000,000 | Macquarie Income Securities (MBLHB) |

| | | | |
|---|---|------------|---|
| 9 | Number and *class of all *securities not quoted on ASX (including the securities in clause 2 if applicable) | Number | *Class |
| | | 25,343,691 | Options over ordinary shares at various exercise prices |

| | | |
|----|--|--|
| 10 | Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests) | Shares rank pari passu with all existing fully paid ordinary shares. |
|----|--|--|

Part 2 - Bonus issue or pro rata issue

- | | | |
|----|--|--|
| 11 | Is security holder approval required? | |
| 12 | Is the issue renounceable or non-renounceable? | |
| 13 | Ratio in which the *securities will be offered | |
| 14 | *Class of *securities to which the offer relates | |
| 15 | *Record date to determine entitlements | |
| 16 | Will holdings on different registers (or subregisters) be aggregated for calculating entitlements? | |

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

- 17 Policy for deciding entitlements in relation to fractions
- 18 Names of countries in which the entity has +security holders who will not be sent new issue documents
Note: Security holders must be told how their entitlements are to be dealt with.
Cross reference: rule 7.7.
- 19 Closing date for receipt of acceptances or renunciations

+ See chapter 19 for defined terms.

-
- 20 Names of any underwriters
- 21 Amount of any underwriting fee or commission
- 22 Names of any brokers to the issue
- 23 Fee or commission payable to the broker to the issue
- 24 Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of *security holders
- 25 If the issue is contingent on *security holders' approval, the date of the meeting
- 26 Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled
- 27 If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders
- 28 Date rights trading will begin (if applicable)
- 29 Date rights trading will end (if applicable)
- 30 How do *security holders sell their entitlements *in full* through a broker?
- 31 How do *security holders sell *part* of their entitlements through a broker and accept for the balance?
- 32 How do *security holders dispose
-

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

of their entitlements (except by sale through a broker)?

33 *Despatch date

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) Securities described in Part 1

(b) All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 If the *securities are *equity securities, the names of the 20 largest holders of the additional *securities, and the number and percentage of additional *securities held by those holders

36 If the *securities are *equity securities, a distribution schedule of the additional *securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 A copy of any trust deed for the additional *securities

(now go to 43)

+ See chapter 19 for defined terms.

Entities that have ticked box 34(b)

38 Number of securities for which *quotation is sought

39 Class of *securities for which quotation is sought

40 Do the *securities rank equally in all respects from the date of allotment with an existing *class of quoted *securities?

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

41 Reason for request for quotation now

Example: In the case of restricted securities, end of restriction period

(if issued upon conversion of another security, clearly identify that other security)

| | | | |
|----|--|--------|--------|
| 42 | Number and *class of all *securities quoted on ASX (including the securities in clause 38) | Number | *Class |
| | | | |

(now go to 43)

- See chapter 19 for defined terms.

All entities

Fees

43 Payment method (tick one)

Cheque attached

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 *Quotation of our additional *securities is in ASX's absolute discretion. ASX may quote the *securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the *securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those *securities should not be granted *quotation.
- An offer of the *securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any *securities to be quoted and that no-one has any right to return any *securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the *securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the *securities to be quoted, it has been provided at the time that we request that the *securities be quoted.
- If we are a trust, we warrant that no person has the right to return the *securities to be quoted under section 1019B of the Corporations Act at the time that we request that the *securities be quoted.

- See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

CH₄ Pty Ltd

Media Release

2003.02.25 29
03 JUL 11 11:21
25 February 2003

CH₄ Announces financial close of Townsville Project, joint venture with BHP Billiton, appointment of inaugural Managing Director

Leading coal seam gas producer and explorer CH₄ Pty Limited today announced several significant milestones; the financial close of the Townsville Power Station Project, the formation of a joint venture with BHP Billiton Limited and the appointment of the Company's inaugural Managing Director, Mr Louis Rozman.

Financial close of the Townsville Power Station Project

CH₄ has been informed by Enertrade that the gas sales agreement between CH₄ and Enertrade is now unconditional following the financial close of the Townsville Power Station Project. Enertrade is a wholesale energy trader owned by the Queensland Government responsible for 30% of Queensland's electrical capacity and 60% of Queensland's peaking capacity.

CH₄ will now contribute to the development of Townsville by providing low-cost and efficient clean energy sourced from the vast reserves of gas in central Queensland, creating numerous jobs in the region. In addition, CH₄ will bring investment of in excess of \$150 million into the Queensland economy and contribute significantly to the State's royalty income.

Joint venture with BHP Billiton announced

CH₄ has also been advised by BHP Billiton of its intention to exercise its option to acquire and contribute to a 50% joint venture interest in PL191, located in the Bowen Basin in Central Queensland. The joint venture will develop the reserves in PL191 for delivery to Enertrade under the terms of the gas sales agreement. CH₄ will operate the project and market the gas produced by the joint venture.

PL191 is the focal point of CH₄'s current operations, it covers an area of approximately 260 sq km in the 'Grosvenor' area in Central Queensland. International petroleum consultants Netherland, Sewell & Associates, have estimated 212 PJ of 2P reserves within PL191. CH₄, which is 88% owned by Macquarie Bank, has been continuously producing gas from within PL191 since April 2001 and in 2002 was awarded the exclusive contract to supply gas to the Townsville Power Station Project.

Appointment of inaugural Managing Director

In addition, CH₄ is delighted to announce the appointment of Mr Louis Rozman as the Company's inaugural Managing Director.

CH₄ Pty Ltd

Mr Rozman has an extensive background spanning more than 20 years in the international resources industry, having most recently served as Chief Operations Officer of AurionGold Limited.

Prior to working with AurionGold Mr Rozman held senior management positions with Delta Gold and Pancontinental Mining.

The appointment of Mr Rozman reflects the significant and ongoing growth of CH₄'s operations since being selected as the exclusive supplier of gas for the Townsville Power Station. Mr Rozman commences duties on 3 March 2003.

CH₄ Comment

Commenting on today's announcements, CH₄ Director Mr David Wrench said:

"These are significant milestones for the Townsville Power Station project and mark the emergence of CH₄ as a developer of major projects in the rapidly expanding coal seam gas industry. We are delighted to have BHP Billiton as a partner in PL191, its decision shows confidence in the robustness of our project development plans.

"It is particularly satisfying to have attracted a seasoned, internationally experienced executive as our inaugural Managing Director. Mr Rozman's appointment reflects the evolution of CH₄ from an exploration company to a developer of major projects focussing on the Queensland market.

"Our next steps are to proceed with project planning and development to achieve the first delivery of gas in late 2004 for commissioning of the Townsville Power Station and to actively pursue our exploration and development program," he said.

Also commenting, CH₄'s Managing Director designate, Mr Louis Rozman, said:

"Our key priority will be to deliver on our commitments to the Townsville Power Station project and I look forward to working co-operatively with Enertrade, BHP Billiton and other stakeholders to make this happen. I am excited by the opportunity to lead CH₄ through its next phase of growth, as it assumes a central role in the Australian coal seam gas industry."

HELMSMAN – A NEW \$45 MILLION FUND TO PROVIDE TURN AROUND CAPITAL TO UNDER-PERFORMING BUSINESSES

SYDNEY, 25 February 2003. KPMG and Macquarie Bank today announced the launch of the \$45 million Helmsman Capital Fund. Helmsman is the first turnaround capital fund in Australia to attract substantial institutional and professional investor support.

Investment Director, Ian Johnson, said the establishment of Helmsman represented a key step in the development of the turnaround capital sector in Australia.

Typically, Helmsman's investees will be established businesses with historic profitability, existing markets and management structures, but suffering a liquidity crisis. Helmsman is able to provide fresh capital combined with expertise in business restructuring and crisis management to stabilise under-performing businesses and restore viability and going-concern value.

The board of the Helmsman Capital Fund's Investment Manager is comprised of John Harkness (Chairman), Lindsay Maxsted, (non executive director), Scott Kershaw (executive director), Ian Johnson (executive director), Anthony Abraham (executive director) and Douglas Potter (company secretary and investment director).

While the turnaround sector is in its infancy in Australia, Mr Johnson noted that "in the US there is a sophisticated \$US 20 billion funds management industry investing in under performing businesses.

"In Australia, the same access to capital has not been available for companies facing similar circumstances. Unfortunately, the absence of investors with Helmsman's focus in the domestic market has meant that under-performing businesses have at times ended in liquidation, at a significant loss for all stakeholders. Helmsman can provide a lifeline that keeps businesses running while the turnaround takes place, to recover the going-concern value of the business."

Mr Potter said that the size of the opportunity for Helmsman in Australia was vast:

- over the last 5 years, in excess of 5,000 companies had entered into some form of external administration annually; and
- the value of non-performing loans held by Australian financial institutions exceeded \$6.5 billion dollars in 2001-2002.

He said he expected Helmsman would be an attractive option as it could provide funds for recapitalisation and had the ability to partner with owners and professional advisers to develop and implement an integrated recovery plan. He noted that investing in under-performing businesses required a depth of valuation and technical skills, well-developed negotiating skills, complemented by a disciplined, and where necessary, a patient approach to investment management.

Mr Potter said Helmsman enjoyed the benefits of the complimentary skills brought together under the joint venture between Macquarie and KPMG.

"Macquarie has a track record of profitably investing in domestic under-performing corporate debt and experience in financial asset management, as well as extensive funds management expertise.

"This is complemented by KPMG's skills as one of the largest corporate recovery and business restructuring advisers in the Australian market. KPMG has extensive industry-specific advisory and specialist business restructuring expertise, which will be at Helmsman's disposal."

Mr Johnson said Helmsman's investment objective was to generate returns in line with top quartile venture capital funds. Investments would be made in the range of \$2 million to \$9 million, typically taking less than a 50% shareholding. He confirmed that Helmsman had capacity to co-invest with a range of investors or raise debt as required to increase the size of potential transactions that it could consider.

Helmsman plans to invest the initial \$45 million over the next two to three years, before undertaking further fund raising. The term of the initial fund is seven years.

MACQUARIE
BANK

Agenda

1. A unique investment bank
2. A decade of growth
3. Specialist funds strategy
- 4 Recent performance & outlook

Performance since the interim result

- Generally on track as foreshadowed at Interim announcement
 - Investment Banking – benefiting from good pipeline of deals & improved market performance of funds
 - Treasury & Commodities, Banking & Property – strong results expected, but down on first half as foreshadowed
 - Equity Markets & Funds Management – performances broadly in line with first half
 - Financial Services – on track with major systems development and internal reorganisation completed

MACQUARIE
BANK

Major deals & initiatives since the interim result

- Westlink Consortium - preferred tenderer status on Western Sydney Orbital
- Advising Goldman Fielder in relation to the A\$2.4b hostile takeover bid by Burns Philp
- Korean Road Infrastructure Fund established – A\$370m raised, further commitments expected by mid 2003
- MOU signed for Korean equity derivatives alliance with Woori Bank
- Advising Constellation Brands in relation to the US\$1.4b proposed merger with BRL Hardy

Generally improving market shares

→ Investment Banking

- No 1 in both completed and announced 2002 Australian Mergers & Acquisitions transactions by value – Thomson Financial
- No 2 Equity Capital Market house for 3rd year – Thomson Financial
- No 2 globally for project finance advisory services – Thomson Financial
- Continuing healthy deal pipeline

Generally improving market shares

- Treasury & Commodities
 - Debt Markets – Top Lead Manager of Domestic Australian Dollar Bonds 2002 – Thomson Financial
 - Futures – No 2 in execution in 2002, increase in number of contracts of 14% to 8.1m – Sydney Futures Exchange
 - 2002 Foreign Exchange turnover up 23% on pcp
 - Base and precious metals markets - transaction volumes either flat or higher compared to pcp
 - Houston mezzanine energy finance and London energy trading businesses up, running and generating revenue

MACQUARIE
BANK

Generally improving market shares

- Banking & Property
 - Now 4th largest Australian listed property trust manager
 - Macquarie Goodman Industrial Trust and Macquarie Office Trust – No 1 and No 2 in sector for accumulated performance over 5 years
 - Funds under management (including associates) over \$6.5b, up 5% from \$6.2b at the interim
- Equity Markets
 - 50% share of Australian instalment warrant market
 - Leading warrant issuer by value in 2002 - 37% market share
 - European operations remain difficult

Generally improving market shares

- Funds Management
 - 10% increase in total FUM and 90% increase in international FUM over past 12 months despite overall market contraction
 - "Best All Round Fund Manager" by mandate wins - Investor Weekly
 - Australian Enhanced Fixed Interest Fund - Inflows of over \$550m in 2002, total FUM \$1 billion Dec 2002
 - Alpha Plus Fund - 3.6% above index since Feb 2001, A rating - van Eyk, Jan 2003

How FSG adds value to its clients

- Provides full-service wealth management services:
 - Broking & Investment Planning
 - Strategic financial planning
 - Executive wealth management
 - Private banking
 - Online broking services
- Leverages the strength of "product" development areas of the Bank
- Provides clients with access to innovative products and deals
- Recognised by Assirt and other independent research houses as a superior service provider

Financial Services Group – recent progress

- A number of initiatives have been focus for FSG:
 - Improving financial planning services offering to retail and corporate clients
 - Improve awareness of services through advertising campaign
 - Continued development and growth of Wrap offering
- Highlights
 - Strongest Wrap growth in Australia for last two quarters – Assirt. \$6.1b at Dec 2002 (up from \$2.55b in Dec 2001)
 - Total retail FUM around \$11.5b at Jan 2003 (up \$0.5b since Mar 2002)
 - Total client base up approximately 30% to over 550,000 since inception in March 2000

Market conditions

- Corporate Deals
 - International markets subdued but reasonable activity in Australia
- Trading
 - Generally satisfactory except in global equity markets
- General atmosphere
 - Caution continues as a result of subdued growth and international tensions

Our approach to challenging market conditions

- Planning for continued growth
- Continued strong risk management – manage every day for once in a generation event
- Funding
 - Given current market conditions, the Bank will maintain, and where appropriate, reinforce its conservative capital position
 - In this context the Bank increased its levels of subordinated debt and may consider further increases
- We will continue to demonstrate unwavering commitment to markets and to our clients

MACQUARIE
BANK

On track for the full year

- On track to achieve good earnings growth for full year 2003
- Continuing to source good deals - domestic & international
- Generally businesses have continued to perform in line with expectations

2003 AST

Completed 17 Feb 2003

JOHN NILAND JOINS MACQUARIE BANK BOARD

Macquarie Bank Executive Chairman David Clarke today announced the appointment of Professor John Niland to the Macquarie Bank Board as an Independent Non-Executive Director, effective immediately.

Mr Clarke said the Board would benefit greatly from the depth and breadth of Professor Niland's management expertise in a variety of roles covering science and technology, philanthropy and environmental regulation as well as his academic experience both in Australia and internationally.

Following the completion of a distinguished ten year term as Vice-Chancellor and President of the University of New South Wales (UNSW) in July 2002, John Niland is now Professor Emeritus of UNSW and serves as Chairman of a range of bodies including the UNSW Foundation Limited, Research Australia Limited, the Australian Peace Scholarships Trust, realestate.com.au Limited and the Centennial Park Trust.

Prior to his period in the top position at UNSW, Professor Niland served as Head of the School of Economics, Dean of the Faculty of Commerce and Economics and was the University's Foundation Professor of Industrial Relations. He has also held academic positions at Cornell University, The University of Illinois and Australian National University.

Professor Niland has spent periods in management roles in the Australian steel industry, and as the Chief Executive of the State Pollution Control Commission and as the Executive Chairman of the Environmental Protection Authority.

Mr Clarke said: "John's appointment will bring a new dimension and perspective to the Board and is part of the Bank's continual review of best practice in corporate governance and its commitment to the best representation of shareholder interests."

In November 2002, Mr Clarke announced the Bank would appoint two new Independent Directors by not later than June 30, 2003, of which this is the first. The appointment brings the Macquarie Bank Board membership to nine.

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) Securities described in Part 1

(b) All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 If the *securities are *equity securities, the names of the 20 largest holders of the additional *securities, and the number and percentage of additional *securities held by those holders

36 If the *securities are *equity securities, a distribution schedule of the additional *securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 A copy of any trust deed for the additional *securities

(now go to 43)

+ See chapter 19 for defined terms.

Entities that have ticked box 34(b)

38 Number of securities for which *quotation is sought

39 Class of *securities for which quotation is sought

40 Do the *securities rank equally in all respects from the date of allotment with an existing *class of quoted *securities?

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

41 Reason for request for quotation now

Example: In the case of restricted securities, end of restriction period

(if issued upon conversion of another security, clearly identify that other security)

| | Number | *Class |
|---|--------|--------|
| 42 Number and *class of all *securities quoted on ASX (including the securities in clause 38) | | |

(now go to 43)

* See chapter 19 for defined terms.

Fees

43 Payment method (tick one)

Cheque attached

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 *Quotation of our additional *securities is in ASX's absolute discretion. ASX may quote the *securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the *securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those *securities should not be granted *quotation.
- An offer of the +securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any *securities to be quoted and that no-one has any right to return any *securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the *securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the *securities to be quoted, it has been provided at the time that we request that the *securities be quoted.
- If we are a trust, we warrant that no person has the right to return the *securities to be quoted under section 1019B of the Corporations Act at the time that we request that the *securities be quoted.

+ See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space)

- 1 *Class of *securities issued or to be issued Fully Paid Ordinary Shares
- 2 Number of *securities issued or to be issued (if known) or maximum number which may be issued 148,917
- 3 Principal terms of the *securities (eg, if options, exercise price and expiry date; if partly paid *securities, the amount outstanding and due dates for payment; if *convertible securities, the conversion price and dates for conversion) As per other fully paid ordinary shares already quoted

* See chapter 19 for defined terms

Appendix 3B
New issue announcement

4 Do the ⁺securities rank equally in all respects from the date of allotment with an existing ⁺class of quoted ⁺securities?

YES

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

5 Issue price or consideration

79,502 @ \$14.29 each
 5,668 @ \$17.17 each
 58,332 @ \$18.51 each
 5,415 @ \$23.94 each

6 Purpose of the issue
 (If issued as consideration for the acquisition of assets, clearly identify those assets)

N/A – shares were issued on exercise of employee options.

7 Dates of entering ⁺securities into uncertificated holdings or despatch of certificates

5,668 on 26/02/03
 97,834 on 27/02/03
 45,415 on 28/02/03

8 Number and ⁺class of all ⁺securities quoted on ASX (including the securities in clause 2 if applicable)

| Number | ⁺ Class |
|-------------|--------------------------------------|
| 204,452,382 | Fully paid ordinary Shares |
| 1,500,000 | Converting Preference Shares (MBLPA) |
| 4,000,000 | Macquarie Income Securities (MBLHB) |

9 Number and ⁺class of all ⁺securities not quoted on ASX (including the securities in clause 2 if applicable)

| Number | ⁺ Class |
|------------|---|
| 25,042,914 | Options over ordinary shares at various exercise prices |

⁺ See chapter 19 for defined terms

- 10 Dividend policy (in the case of a trust distribution policy) on the increased capital (interests) Shares rank pari passu with all existing fully paid ordinary shares.

Part 2 - Bonus issue or pro rata issue

- 11 Is security holder approval required?
- 12 Is the issue renounceable or non-renounceable?
- 13 Ratio in which the ⁺ securities will be offered
- 14 ⁺ Class of ⁺ securities to which the offer relates
- 15 ⁺ Record date to determine entitlements
- 16 Will holdings on different registers (or subregisters) be aggregated for calculating entitlements?
- 17 Policy for deciding entitlements in relation to fractions
- 18 Names of countries in which the entity has ⁺ security holders who will not be sent new issue documents
Note: Security holders must be told how their entitlements are to be dealt with.
Cross reference: rule 7.7.
- 19 Closing date for receipt of acceptances or renunciations

⁺ See chapter 19 for defined terms

Appendix 3B
New issue announcement

| | | |
|----|---|--|
| 20 | Names of any underwriters | |
| 21 | Amount of any underwriting fee or commission | |
| 22 | Names of any brokers to the issue | |
| 23 | Fee or commission payable to the broker to the issue | |
| 24 | Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of ⁺ security holders | |
| 25 | If the issue is contingent on ⁺ security holders' approval, the date of the meeting | |
| 26 | Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled | |
| 27 | If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders | |
| 28 | Date rights trading will begin (if applicable) | |
| 29 | Date rights trading will end (if applicable) | |
| 30 | How do ⁺ security holders sell their entitlements in full through a broker? | |
| 31 | How do ⁺ security holders sell part of their entitlements through a broker and accept for the balance? | |
| 32 | How do ⁺ security holders dispose of their entitlements (except by sale through a broker)? | |
| 33 | ⁺ Despatch date | |

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) Securities described in Part 1

(b) All other securities

Example: restricted securities at the end of the approved period; partly paid securities that become fully paid; employee incentive share securities when restriction ends; securities issued on expiry or conversion of convertible securities

⁺ See chapter 19 for defined terms

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 If the *securities are *equity securities, the names of the 20 largest holders of the additional *securities, and the number and percentage of additional *securities held by those holders

36 If the *securities are *equity securities, a distribution schedule of the additional *securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 A copy of any trust deed for the additional *securities

(now go to 43)

Entities that have ticked box 34(b)

38 Number of securities for which ⁺quotation is sought

39 Class of ⁺securities for which quotation is sought

40 Do the ⁺securities rank equally in all respects from the date of allotment with an existing ⁺class of quoted ⁺securities?

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

41 Reason for request for quotation now

Example In the case of restricted securities and of restriction period

(if issued upon conversion of another security, clearly identify that other security)

42 Number and ⁺class of all ⁺securities quoted on ASX (including the securities in clause 38)

| Number | ⁺ Class |
|----------------------|----------------------|
| <input type="text"/> | <input type="text"/> |

(now go to 43)

⁺ See chapter 19 for defined terms

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities

Quotation agreement

1 *Quotation of our additional *securities is in ASX's absolute discretion. ASX may quote the *securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the *securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those *securities should not be granted *quotation.
- An offer of the *securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any *securities to be quoted and that no-one has any right to return any *securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the *securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the *securities to be quoted, it has been provided at the time that we request that the *securities be quoted.
- If we are a trust, we warrant that no person has the right to return the *securities to be quoted under section 1019B of the Corporations Act at the time that we request that the *securities be quoted.

3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before *quotation of the *securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

ASX Release

Friday, February 28, 2003

Company Information

FINANCIAL CLOSE ON AXA HEALTH TRANSACTION

Macquarie Bank Limited (Macquarie) announced today that financial close of the AXA Health Insurance (AXA Health) transaction had taken place.

Macquarie has sold down its equity to British United Provident Association (BUPA) and has no ongoing equity interest in or exposure to AXA Health. Macquarie's equity interest was sold for an amount equal to its entry price, and no profit share payment in respect of Macquarie's equity selldown is expected to be payable to AXA.

Macquarie was part of a consortium which acquired AXA Health from AXA Asia Pacific Holdings on August 31, 2002. Macquarie announced at the time it may sell its interest in the business within 12 months.

3 March 2003

Company Announcements Office
Australian Stock Exchange Limited

Dear Sir/Madam,

Macquarie Life Limited, a wholly owned subsidiary of Macquarie Bank Limited ("Macquarie"), has been granted exemption from compliance with section 259C of the Corporations Act allowing it to invest in Macquarie shares.

The exemption was granted by the Australian Securities and Investments Commission and is subject to certain conditions. One of these conditions is that Macquarie discloses the information below to Australian Stock Exchange Limited on a fortnightly basis.

The aggregated percentage of Macquarie voting shares:

- (a) in respect of which Macquarie Life Limited have the power to control voting or disposal; and
 - (b) underlying derivatives held by Macquarie Life Limited,
- as at 28 February 2003, was 0.0414%.

Yours faithfully,

Dennis Leong
Company Secretary

MACQUARIE

Strategy - Strong market shares in Australia

- Investment Banking:
 - M&A – No 1 in 2002 Australian transactions by value (Thomson Financial)
 - Project Finance – No 2 globally for 2002 advisory services (Thomson Financial)
 - ECM – No 2 House of the Year (Thomson Financial)
 - Infrastructure – No 1 investment bank globally (PFI/Eastern)
- Treasury and Commodities:
 - Debt Markets – Top lead manager of 2002 domestic Australian dollar bonds (Thomson Financial)
 - Futures – No 2 for 2002 execution (Sydney Futures Exchange)
- Banking and Property
 - Property Trust Management – 3rd largest Australian listed property trust manager,

Strong market shares in Australia - cont'd

→ Equity Markets:

→ Warrants – leading 2002 warrant issuer by value –37% market share

→ Financial Services:

→ WRAP – strongest growth in Australia for last two quarters (Assirt). \$6.1b at Dec 2002 (up from \$2.55b in Dec 2001)

→ CMT – largest in Australia at \$8.8b Dec 2002

→ Retail Funds Under Management – up \$0.5b since Mar 2002 to \$11.5b at Jan 2003

→ Funds Management:

→ “Best All Round Fund Manager” by mandate wins (Investor Weekly)

Strategy - Niche focus outside Australia

- Stockbroking - corporate and institutional services in London, Munich, New York, HK, Singapore and NZ
- Cross-border leasing – leading global player
- Infrastructure – worldwide leader
- Property – China, US, Medallist
- Equity Derivatives - Joint Ventures in South Africa, HK, Brazil and Japan. Proposed JV in Korea
- Treasury & Commodities - agricultural commodities, metals, energy
- Funds Management - HK, Malaysia, Korea and UK

1. Differentiating Factors - Investors
2. Differentiating Factors - Clients
3. Features of Macquarie's Approach
4. People and Remuneration
5. Summing Up

Macquarie listed funds have outperformed over long haul

Performance Since 1996

MBL has added value to clients through innovation - some examples

- Australia's first Cash Management Trust
- Pioneered mortgage securitisation and transformed Australian home loan market in partnership with Aussie
- First listed funds in infrastructure
- Sector specific listed property trusts
- Medallist – meeting demand for lifestyle property
- Macquarie WRAP
- Specialised banking services for professional sector
- Computer and other asset financing
- Dedicated call centre for IFA clients
- Equity warrants products

Macquarie products receive independent recognition

- Macquarie ProLogis - Australia's "Overall Best New Listed Company" – AsiaMoney
- Macquarie Goodman Industrial Trust and Macquarie Office Trust – No 1 and No 2 in sector for accumulated performance over 5 years
- Macquarie Goodman Management - No 2 Australia's "Best Small Company" - AsiaMoney
- "Best All Round Fund Manager" by mandate wins – Investor Weekly
- Premier's NSW Exporter of the Year – Australian Institute of Export / NSW Government
- M&A House of the Year – AsiaMoney
- Debt Markets Deal of the Year 2002 - Sydney Airport - Insto Magazine
- FSG - Overall best administrative support to clients (ASSIRT Service Level Survey, 2002)

Macquarie products not immune from investment risk

- We don't pretend to achieve outperformance on every product
- Equity investments involve risk and Macquarie products belong in diversified portfolios
- But Macquarie products have on the whole added value to clients
- Product performance is intensively scrutinised by senior management
- MAp - share price disappointing, confident about assets long term performance
- Other funds launched last year (MCG, Macquarie ProLogis) performing very well for investors

MACQUARIE

1. Differentiating Factors - Investors
2. Differentiating Factors - Clients
3. Features of Macquarie's Approach
4. People and Remuneration
5. Summing Up

Features of Macquarie's Approach-Growth

- Growth is organic, building businesses
 - Not generally by acquisition
 - Do not pay significant goodwill for businesses
 - No significant goodwill on balance sheet
- Exceptions were BTIB and regional brokers
 - But no significant goodwill involved
- This approach enables many growth initiatives across businesses with limited downside but depends on being able to reward people for building businesses

Features of Macquarie's approach - Risk Management

- Risk Management Division independent of business units
 - Covers credit, market, liquidity, compliance, legal and operational risk
- But businesses required to impose strong risk management and are held responsible for losses
- Proprietary trading activities not significant
- More attention being given to capital allocation as Bank grows

Features of Macquarie's Approach - Management

- "Loose-tight" management philosophy
 - Operating groups – free to develop and implement business strategy
 - Centralised - risk management, new business approvals, risk management, appointments, brand, overall strategy
- Organised around the client – businesses focus on product lines – not geographic

1. Differentiating Factors - Investors
2. Differentiating Factors - Clients
3. Features of Macquarie's Approach
4. People and Remuneration
5. Summing Up

Features of Macquarie's approach - People

- Macquarie works hard at being a preferred employer in Australia
- And to use its niche positions and rewards for building businesses to attract talent outside Australia
- Recruiting running at over 1,000 per annum
 - Staff numbers up over last 12 months
- Backed by significant investments in training, communication and working conditions
- Staff feedback monitored by continuing performance review processes and through formal staff survey every 2 years

Staff required to act in accordance with Goals & Values

- Integrity – maintenance of reputation
- Client commitment – client interests come first
- Strive for profitability – seek consistently superior profitability
- People - must be a fulfilling place to work
- Teamwork –best performers are team players
- Highest standards – superior returns only achieved through the best work for clients

Features of Macquarie's approach – Remuneration

- Remuneration approach critical factor in delivering for all stakeholders:
 - Formula-driven profit share scheme has applied since MBL's inception
 - Significant staff equity participation
 - staff hold 4% of fully paid shares, 15% including options
 - encouraged through option scheme and employee share acquisition plans
 - Deferral and retention arrangements encourage long-term commitment
 - A consistent approach (minor adjustments over time reflect remuneration scheme's continual review)
 - Disclosure of the principles of remuneration structure since listing in 1996

The results have been:

- The interests of staff are aligned with shareholders
 - Staff share the downside with shareholders
- Outstanding overall performance
- Long-term commitment by management and staff
- People are rewarded for building businesses

Remuneration (cont'd)

- Base Pay
 - Moves in line with market
- Bonuses
 - Profit share formula based on profit and earnings in excess of cost of capital
 - Aligns interests of shareholders with staff
- Retention
 - 25% of most staff bonuses deferred for 2 years
 - No deferral for staff with over 6 years service
 - Greater bonus retention for senior management

Remuneration (cont'd)

- Executive Directors
 - Bonuses vest over first 10 years as an ED
 - 30% of bonuses withheld during term of employment
 - Can be forfeited under certain circumstances
- All bonuses (including unvested & withheld amounts) fully provided in accounts
- Senior 1,100 employees subject to contracts
 - Standard (one month) periods of notice
 - No contractual arrangements for lump sum payouts (other than accrued bonuses, normal legal entitlements)

Remuneration (cont'd)

- Options scheme for senior 1,100 employees
 - Options issued at current market price
 - 5 year term
 - Vesting at end of years 2, 3 and 4
 - Executive Director options subject to performance hurdles based on ROE
 - Details fully disclosed in accounts
 - Estimated profit impact on expensing of options disclosed, but accounting rules not yet clarified

Effect of Remuneration & Promotion Policies

- Total employment expenses (excl. options) as % of revenue:
 - Y/e March 2001 53%
 - Y/e March 2002 54%
 - 6 mths Sept 2002 53%
- This is above major Australian trading banks but in line with international investment banks
- Option plan only rewards staff if:
 - Share price rises over 2-4 year vesting period
 - Staff remain within the Bank
 - Performance targets achieved (in case of EDs)
- Staff share downside (lower bonuses if profit declines, lower option values if share price declines)

Results - long-term commitment

- Negligible turnover at senior management level
- Average length of service for Executive Committee members currently 18 years
- Rated top financial institution and second best employer (>1000 employees) in Australia (Hewitt Associates Survey, announced March 2002)

MACQUARIE

Some comments on disclosure

- Macquarie recognises investors and the community require disclosure of senior executive remuneration
- Our remuneration structures have been disclosed since listing (but we do not disclose details of profit share formula for competitive reasons)
- Senior executive remuneration has been disclosed since listing
- Macquarie competes for talent against foreign companies and unlisted Australian competitors, who are not required to disclose Australian remuneration
- It is important for Macquarie and its shareholders that we can continue to recruit the best people and reward performance

1. Differentiating Factors - Investors
2. Differentiating Factors - Clients
3. Features of Macquarie's Approach
4. People and Remuneration
5. Summing Up

Summing Up

- Macquarie has achieved outstanding returns for shareholders and clients over time
- We have foreshadowed continued earnings growth in the year ended March 2003
- The differentiating factors have included:
 - Business diversification
 - Organic growth/building businesses over time
 - Risk management
 - Investment in people
 - Remuneration structures aligned with shareholders

News Release

5 March 2003

NEW MACQUARIE REAL ESTATE EQUITY FUND LAUNCHED

Macquarie Real Estate Equity Fund No. 2 Pty Ltd (MREEF2 or Fund), a \$50 million, five year closed end property development fund, has been launched by Macquarie Property.

MREEF2 offers an exposure to a diversified range of property development and property trading opportunities in the major Australian metropolitan centres within a single, professionally managed investment vehicle. In February 2002, Macquarie established the first of the MREEF series, MREEF1. This Fund is now substantially committed, with the Fund Manager expecting the remaining capital to be invested over the next two months. MREEF1 is currently targeting a return to investors exceeding 20% pa on drawn investor capital, net of all fees. In identifying suitable projects for the first fund, Macquarie reviewed over 30 potential sites and opportunities. Only those projects which met the strict investment criteria were pursued.

MREEF2 is targeting a pre-tax IRR exceeding 18% pa on drawn investor capital, net of all fees. "Whilst this is slightly less than the targeted return for the first fund, the investment environment has changed and investor feedback indicates they would prefer a lower risk profile on projects and they are prepared to accept a more certain but slightly lower return," said John Spitznagel, MREEF 2 Fund Manager.

"Unlike many of the development funds currently in the market, investors will get exposure to diversification across developers, asset classes and locations and an opportunity to invest side by side with Macquarie in a fund which will leverage off Macquarie Property's strong deal pipeline, strict risk management procedures and innovative financial structuring," he said.

The funds have also proved popular with developer joint venture partners, who recognise the opportunity to increase their range of projects, leverage their equity returns and take

COMM. PR. 11/12/03

advantage of the risk appetite of a specialised development fund providing funds on a limited recourse basis.

Projects in MREEF 2 will have predetermined investment lives and defined exit strategies to ensure that Investors receive their return within a fixed (five year) period.

Macquarie's co-investment, as well as the performance based remuneration structure, will align the interests of investors and Macquarie.

MREEF2 will have the same corporate structure and board composition as MREEF1 with a majority of experienced independent directors. An Investment Committee will be established as a sub-committee of the Board, and will be empowered by the Directors to make investment decisions on behalf of the Fund. The Investment Committee will consist of two directors from Macquarie Property and two of the Board's independent directors.

Company Announcements Office
Australian Stock Exchange Limited
20 Bridge Street
Sydney NSW 2000

Dear Sir/Madam

Macquarie Bank Limited - Issued Ordinary Capital and Options Update

Since the last notification to ASX of the position at 6 February 2003, there have been the following changes in the number of fully paid ordinary shares of Macquarie Bank Limited on issue.

The following options have been exercised (converting into one fully paid share per option):

- 10,000 options exercisable at \$13.15 each and expiring on 30 April 2003 (MBLABR);
- 12 options exercisable at \$13.82 each and expiring on 14 May 2003 (MBLABY);
- 135,839 options exercisable at \$14.29 each and expiring on 28 August 2003 (MBLACK);
- 5,668 options exercisable at \$17.17 each and expiring on 29 April 2004 (MBLADM);
- 107,915 options exercisable at \$18.51 each and expiring on 13 August 2004 (MBLADW); and
- 16,994 options exercisable at \$23.94 each and expiring on 21 July 2005 (MBLAFL).

Thus, at 28 February 2003 the number of issued fully paid ordinary \$1.00 shares was 204,498,144.

Since the last notification to the ASX, the following new options have been issued:

Company Limited
7:21

- 5,000 options exercisable at \$22.42 each and expiring on 6 February 2008 (MBL0152);
- 5,000 options exercisable at \$20.44 each and expiring on 10 February 2008 (MBL0153);
- 5,000 options exercisable at \$21.08 each and expiring on 11 February 2008 (MBL0154);
- 5,000 options exercisable at \$23.03 each and expiring on 12 February 2008 (MBL0155);
- 5,000 options exercisable at \$20.50 each and expiring on 13 February 2008 (MBL0156);
- 5,000 options exercisable at \$20.96 each and expiring on 14 February 2008 (MBL0157); and
- 5,000 options exercisable at \$22.76 each and expiring on 19 February 2008 (MBL0158).

Also, since the last notification to ASX, the following options have lapsed unexercised:

- 1,668 options exercisable at \$18.51 each and expiring on 13 August 2004 (MBLADW);
- 20,518 options exercisable at \$23.94 each and expiring on 21 July 2005 (MBLAFL);
- 8,334 options exercisable at \$28.51 each and expiring on 23 January 2006 (MBLAHZ);
- 39,567 options exercisable at \$34.71 each and expiring on 2 August 2006 (MBL0029);
- 46,612 options exercisable at \$34.71 each and expiring on 31 August 2006 (MBL0040);
- 5,000 options exercisable at \$34.71 each and expiring on 28 September 2006 (MBL0052);
- 1,041 options exercisable at \$37.10 each and expiring on 2 October 2006 (MBL0054);
- 8,732 options exercisable at \$36.47 each and expiring on 3 October 2006 (MBL0055);
- 5,000 options exercisable at \$35.90 each and expiring on 29 March 2007

(MBL0091);

- 66,812 options exercisable at \$30.51 each and expiring on 1 August 2007 (MBL0118);
- 9,071 options exercisable at \$30.51 each and expiring on 30 August 2007 (MBL0124);
- 7,574 options exercisable at \$30.51 each and expiring on 11 October 2007 (MBL0131);
- 7,500 options exercisable at \$30.51 each and expiring on 24 December 2007 (MBL0142); and
- 5,000 options exercisable at \$23.25 each and expiring on 31 December 2007 (MBL0145).

The number of options on issue at 28 February 2003 was 24,892,959, all exercisable into one share per option.

Yours faithfully

Dennis Leong
Company Secretary

Company Announcements Office
Australian Stock Exchange Limited

Dear Sir/Madam,

Macquarie Life Limited, a wholly owned subsidiary of Macquarie Bank Limited ("Macquarie"), has been granted exemption from compliance with section 259C of the Corporations Act allowing it to invest in Macquarie shares.

The exemption was granted by the Australian Securities and Investments Commission and is subject to certain conditions. One of these conditions is that Macquarie discloses the information below to Australian Stock Exchange Limited on a fortnightly basis.

The aggregated percentage of Macquarie voting shares:

(a) in respect of which Macquarie Life Limited have the power to control voting or disposal; and

(b) underlying derivatives held by Macquarie Life Limited,

as at 14 March 2003, was 0.0414%.

Yours faithfully,

Dennis Leong
Company Secretary

ASX/News Release

Monday March 17, 2003

**MACQUARIE BANK PURCHASES ZURICH'S AGRICULTURAL
COMMODITIES BUSINESS**

Macquarie Bank today announced its purchase of Zurich Capital Market's international agricultural commodities business following Zurich's recent decision to exit the agricultural commodities market.

The purchase of the business, which has underlying transactions with a face value of \$US44.5 million (\$A75 million), will result in an incremental increase in the value of Macquarie's total agricultural derivatives book. The acquisition further demonstrates Macquarie's commitment to the agricultural market.

Macquarie will provide Zurich clients across the US, UK and Europe with a seamless transition, managing existing positions and providing ongoing client service and support.

"We will provide clients with the same high level of service Macquarie clients enjoy, along with a long term commitment to the market," said Peter Thomas, Head of Macquarie Agricultural Commodities.

The market for agricultural commodity risk management continues to grow world wide, with growth in the last year driven by drought conditions, and the related price volatility, in many of the world's major grain growing centres. "We expect the interest in agricultural commodities risk management to continue to grow supported by growing levels of uncertainty in global commodity markets, together with increased investor interest in this sector," Mr Thomas said.

Macquarie is the world's leading provider in over the counter agricultural risk management with dedicated staff spread across five continents.

Hartleys and Macquarie agree on Eastern States Wealth Management Activities

Hartleys Ltd and Macquarie Bank Ltd today announced they had entered into an agreement which would facilitate the transfer of selected Hartleys advisers and their clients to the Macquarie Financial Services Group as a consequence of a decision by Hartleys to close its eastern states offices. The agreement relates to offices in the eastern states because the Hartleys Board is progressing discussions towards a management buy-out (MBO) proposal for its Perth operations. A further announcement in relation to the MBO proposal is anticipated to be made next week.

The agreement was reached following Hartleys' announcement that it was undertaking the structural separation of its Wealth Management Division from its JDV operations as well as the sale of its margin lending book.

Mr Tony Howarth, Interim Chief Executive of Hartleys, said the decision to close the Wealth Management business will allow Hartleys to concentrate on its JDV operations, a move the company believes will be in the interests of its shareholders.

Peter Coleman, Division Director and Head of Macquarie Financial Services said Macquarie and Hartleys have had a positive and expanding working relationship for some time, as Macquarie is a client of Hartleys' JDV business, and Hartleys currently is a major user of the Macquarie Cash Management Trust.

"Many of the investment platforms that Macquarie and Hartleys use are similar so both advisers and their clients will experience a seamless transition and, like Macquarie, Hartleys have focused on providing a broad range of investment services, to compliment their traditional broking platform.

"We have undertaken to provide our new Hartleys clients with continuity of service, from the advisers they know and trust, with the professional backing of Macquarie, one of Australia's most successful investment banks", Mr Coleman said.

Mr Tony Howarth said "By entering into this agreement with Macquarie and proceeding with the potential MBO of Hartleys' Western Australian operation, Hartleys is working hard to make this period of transition as we exit our Wealth Management business as smooth as possible for both our clients and our employees.

ASX release

MACQUARIE INFRASTRUCTURE GROUP (MIG) SECURITIES

Macquarie Bank Limited (MBL) announced today it, and its subsidiaries, have sold 16.2 million fully paid stapled securities in Macquarie Infrastructure Group (MIG). This sale is in accordance with its previously stated policy of realising its equity investments, including those received as management fees.

Following this sale, MBL and its subsidiaries hold approximately 9.0 million MIG stapled securities with an aggregate book value of \$10.4 million.

The sale took place during the first defined MIG trading window for MBL and its staff since the MIG consortium was awarded the Western Sydney Orbital in September last year. The windows typically relate to a 4 week period following the release of MIG's half year and full year financial results.

MBL does not intend to sell the balance of its MIG holding in the near future.

ASX/News Release

Monday March 31, 2003

KOREAN ROAD INFRASTRUCTURE FUND ANNOUNCES FIRST ACQUISITION

Macquarie Bank and Shinhan Bank, the joint managers of Korea's first private infrastructure fund, the Korean Road Infrastructure Fund (KRIF), today announced the acquisition of KRIF's first asset, the 28-year concession rights to a 5.6km toll road in Korea's fifth largest city, Kwangju.

The purchase of the Kwangju Second Beltway (Section 1) concession from a consortium led by Daewoo Engineering & Construction follows the establishment of KRIF in January 2003. KRIF is a closed end 10-year fund providing Korean institutional investors with diversified exposure to local infrastructure assets.

The purchase price of Won 177.8 billion (\$A236 million) was funded through KRIF's equity contribution of Won 47.8 billion (\$A63.5 million), with the balance funded by non-recourse debt raised in the Korean syndicated loan market.

The Kwangju Beltway commenced operation in early 2001 following its construction through a BTO (build-transfer-operate) scheme. Since opening, it has eased traffic congestion in Kwangju and reported strong traffic growth which has been driven by Kwangju city development, the expansion of its industrial areas and the utilisation of its links to surrounding cities. The Beltway consists of four tunnels and 10 bridges, with two separate tolling points. Kwangju, located approximately 400 kilometres south of Seoul, is Korea's fifth largest city with a population of approximately 1.5 million.

Macquarie Bank and members of Shinhan Bank have committed Won 30 billion (A\$41million) and Won 45 billion (A\$61million), respectively to KRIF. It is Macquarie's first infrastructure fund developed using funds sourced specifically from institutions in a

CRIF 1st Fund 7:21

foreign market, in this case primarily large Korean insurance companies and pension funds. KRIF has raised Won 247 billion (A\$332million) from a range of investors to date and is seeking to increase total commitments to at least Won 500 billion (A\$665 million) by mid 2003.

Amongst opportunities being reviewed, KRIF has secured exclusive or preferred positions to invest in six toll road assets located in Seoul and other major cities in Korea. Of these assets, three are currently operating and three are under construction. All assets have concession rights of 20 years or more.

The Fund is managed by Macquarie Shinhan Infrastructure Management Co., Ltd (MSIM), a Korean asset management company jointly owned by Macquarie Bank and Shinhan Bank and is staffed by executives with expertise in infrastructure asset management.

Macquarie currently manages more than US\$6 billion in ten infrastructure funds, which have direct and indirect investments in more than 30 toll roads around world, including Busan's Soojongsan tunnel and others in Australia, UK, USA, Canada, Germany, Spain, Chile, Portugal and South Africa.

ASX/News Release

Wednesday April 2, 2003

MACQUARIE BANK ENTERS INTO EQUITY DERIVATIVES VENTURE WITH SOUTH AFRICA'S NEDBANK CORPORATE

Macquarie Bank Limited today announced the signing of an agreement with South Africa's Nedbank Corporate (Treasury division) for the development of an equity derivatives business in South Africa.

The purpose of the business is to provide a comprehensive range of equity derivative products and solutions for the South African equities market. The business will combine Macquarie's technical expertise in equity derivative products with Nedbank's own treasury resources and risk management capability. Specific structured products will also be developed in conjunction with Nedbank Corporate's Capital Markets division. The agreement is subject to the fulfilment of certain conditions.

Peter Lane, Head of Treasury at Nedbank Corporate says: "We look forward to tapping into both the international expertise and domestic experience that Macquarie can provide. We aim to establish Nedbank Corporate as one of the leading equity derivative operations in South Africa.

"We are looking forward to the prospect of being able to provide a full service equity derivative offering to our valued clients."

Nedbank Corporate's Treasury division provides a highly efficient interface into financial and investment markets – specifically bond, foreign exchange, commodities, money markets, and now equity derivatives. Its primary function is the management of market risk including interest rate, foreign exchange rate, price, liquidity and related risks for the Nedcor Group and its clients.

The head of Macquarie's Equity Markets Group, Mr Ottmar Weiss, said Macquarie Bank is delighted to participate in the development of a new equity derivatives business in the South African market.

"Assisting Nedbank with this exciting initiative will allow us to continue to participate in the South African equity derivatives market, and build upon the experience we have gained locally over the past 5 years. This new business will allow Nedbank's clients to benefit from a combination of Macquarie's expertise, and Nedbank's strong standing in the South African market," he said.

Macquarie will provide a range of services to Nedbank Corporate including risk management and trading systems, experienced staff and trading expertise. Macquarie will receive a fee for its services linked to the success of the business.

NEW APPOINTMENT

**JOHN ROBERTS TO HEAD INFRASTRUCTURE AND SPECIALISED
FUNDS DIVISION: AUGUST 2003**

Head of Infrastructure and Specialised Funds Division (ISF), Mr Anthony Kahn today advised that he will be taking long service leave and his annual leave entitlements from August 2003. Anthony, who has been with the Bank since 1985, will return mid-2004. John Roberts, an executive director of Macquarie Bank will replace him as Head of ISF.

John Roberts has been with Macquarie Bank since 1991. He is currently the European Head of the Investment Banking Group and Managing Director of Macquarie European Infrastructure Plc (MIG Europe). He will be returning to Australia in July.

Since 1999 John has played a lead role in the strategic development and growth of the ISF business worldwide. He spearheaded the European and North American operation of the Macquarie Infrastructure Group (MIG) which now represents 75% of the value of MIGs assets and interests, including the 407 and Cintra acquisitions. He also played a leading role in the development of Macquarie Airports Group (MAG) a specialised unlisted fund that invests in and manages interests in OECD domiciled airports. MAG has interests in Sydney Airport, AdR, Bristol and Birmingham Airports.

ASX/News Release

Monday April 7, 2003

**KOREAN ROAD INFRASTRUCTURE FUND ANNOUNCES
SECOND CLOSE**

Macquarie Bank and Shinhan Bank, the joint managers of Korea's first private infrastructure fund, the Korean Road Infrastructure Fund (KRIF), today announced the second close of the fund, raising an additional Won 120.5 billion (\$A160 million) from institutional investors following the Won 247 billion (A\$328million) raised in January 2003.

Following strong demand for what is a new investment class in the Korean market, KRIF, which now has total commitments of Won 367.5 billion (\$A488 million) is planning a third close in mid 2003. Among major new investors in the second close are life insurers Kumho Life Insurance and Korea Life Insurance and pension fund Military Mutual Fund.

KRIF is a closed end 10-year fund providing Korean institutional investors with diversified exposure to local infrastructure assets. The fund last week announced the acquisition of its first asset, the 28-year concession rights to a 5.6km toll road in Korea's fifth largest city, Kwangju.

Macquarie Bank's Head of Infrastructure and Specialised Funds Anthony Kahn said the Bank was beginning to develop infrastructure investment as an alternative investment class around the world, sourcing funds primarily from specific foreign markets.

"For Korean pension funds for example, available investment classes are relatively short term and include three year government bonds, three year corporate bonds and the stock market," Mr Kahn said. "KRIF provides an attractive investment in infrastructure assets with 25-30 year concessions, where investments have attractive yields compared with

COMM 2003 04 07:21

other investment forms, and where minimum revenue is guaranteed by Korean Government.”

“This means Korean insurance companies and pension funds have an investment option which better matches the long-term policies and liabilities of their businesses.”

Macquarie Bank and members of Shinhan Bank have committed Won 30 billion (A\$41million) and Won 45 billion (A\$61million), respectively to KRIF.

KRIF is continuing to review a number of acquisition opportunities. Amongst these, the fund has secured exclusive or preferred positions to invest in six toll road assets located in Seoul and other major cities in Korea. Of these assets, three are currently operating and three are under construction. All assets have concession rights of 20 years or more.

KRIF is managed by Macquarie Shinhan Infrastructure Management Co., Ltd (MSIM), a Korean asset management company jointly owned by Macquarie Bank and Shinhan Bank and staffed by executives with expertise in infrastructure asset management.

Macquarie currently manages more than A\$11.5 billion in ten infrastructure funds, which have direct and indirect investments in more than 30 toll roads around world, including Busan’s Soojongsan tunnel and others in Australia, UK, USA, Canada, Germany, Spain, Chile, Portugal and South Africa.

Company Announcements Office
Australian Stock Exchange Limited

Dear Sir/Madam,

Macquarie Life Limited, a wholly owned subsidiary of Macquarie Bank Limited ("Macquarie"), has been granted exemption from compliance with section 259C of the Corporations Act allowing it to invest in Macquarie shares.

The exemption was granted by the Australian Securities and Investments Commission and is subject to certain conditions. One of these conditions is that Macquarie discloses the information below to Australian Stock Exchange Limited on a fortnightly basis.

The aggregated percentage of Macquarie voting shares:

- (a) in respect of which Macquarie Life Limited have the power to control voting or disposal; and
- (b) underlying derivatives held by Macquarie Life Limited,

as at 11 April 2003, was 0.0414%.

Yours faithfully,

Dennis Leong
Company Secretary

Rule 3.19A.2

ASX/News Release

Tuesday April 15, 2003

CC: [illegible] 12/17/21

**MACQUARIE ENTERS INTO EQUITY DERIVATIVES AGREEMENT WITH
KOREA'S WOORI BANK**

Macquarie Bank today announced the signing of an agreement with Korea's Woori Bank for the development of an equity derivatives business in Korea.

The agreement follows the memorandum of understanding entered into by Macquarie and Woori in January.

The business will combine Macquarie's extensive experience in the equity derivatives markets around the world with Woori's local knowledge, brand and strong commercial links. The business will provide equity derivative products and solutions for the developing Korean equity derivatives market

The equity derivatives business will be conducted by Woori in Korea with Macquarie providing a range of services to Woori including risk management and trading systems, experienced staff and business expertise. Macquarie will receive a fee for its services linked to the profitability of the business.

The head of Macquarie Equity Markets, Ottmar Weiss, said: "Macquarie is excited by the opportunities that this alliance will bring. By assisting Woori with the development of this business Macquarie will be part of the evolving Korean equity derivatives market. As recent developments have indicated, this market is set for dynamic growth in the next few years. "

Mr.Dong chan Bae, Executive Vice President and head of the investment banking business of Woori said: "Woori Bank will be able to offer corporate, institutional and individual clients a new range of exciting products and equity derivative solutions in response to the the needs of its clients. The ability to access the extensive experience and technical

expertise of Macquarie Bank will provide Woori Bank with a competitive edge in the market.”

Woori Bank is a major Korean commercial bank with an extensive branch network and a strong corporate banking presence and is part of the Woori Financial Group. Woori is rated BBB by Fitch Rating, BBB- by Standard & Poor's and Baa2 by Moody's.

Company Secretary

Dear Sir/Madam

Macquarie Bank Limited – Correction – Issued Ordinary Capital and Options Update

In the last notification to ASX of the position at 31 March 2003, it was stated that 5,545 options exercisable at \$18.51 each and expiring on 13 August 2004 (MBLADW) had lapsed unexercised. In fact, 5,065 of these options had lapsed.

The number of options on issue at 31 March 2003 was therefore 24,873,005, all exercisable into one share per option.

Yours faithfully

Dennis Leong
Company Secretary

Dear Sir/Madam

Macquarie Bank Limited - Issued Ordinary Capital and Options Update

Since the last notification to ASX of the position at 31 March 2003, there have been no changes in the number of fully paid ordinary shares of Macquarie Bank Limited on issue.

However, since the last notification to the ASX, the following new options have been issued:

- 32,500 options exercisable at \$25.15 each and expiring on 1 April 2008 (MBL0170);
- 12,500 options exercisable at \$25.68 each and expiring on 2 April 2008 (MBL0171);
- 32,500 options exercisable at \$24.20 each and expiring on 22 April 2008 (MBL0172);
- 5,000 options exercisable at \$25.94 each and expiring on 23 April 2008 (MBL0173);
- 12,500 options exercisable at \$24.20 each and expiring on 24 April 2008 (MBL0174); and
- 12,500 options exercisable at \$24.27 each and expiring on 28 April 2008 (MBL0175).

Also, since the last notification to ASX, the following options have lapsed unexercised:

- 1,123 options exercisable at \$23.94 each and expiring on 21 July 2005 (MBLAFL);
- 1,395 options exercisable at \$34.71 each and expiring on 2 August 2006 (MBL0029);
- 3,022 options exercisable at \$34.71 each and expiring on 31 August 2006 (MBL0040);
- 3,415 options exercisable at \$33.95 each and expiring on 6 September 2006 (MBL0043); and
- 1,659 options exercisable at \$30.51 each and expiring on 1 August 2007 (MBL0118).

The number of options on issue at 30 April 2003 was 24,969,891, all exercisable into one share per option.

Yours faithfully

Dennis Leong
Company Secretary

Australian Stock Exchange Limited

Dear Sir/Madam,

Macquarie Life Limited, a wholly owned subsidiary of Macquarie Bank Limited ("Macquarie"), has been granted exemption from compliance with section 259C of the Corporations Act allowing it to invest in Macquarie shares.

The exemption was granted by the Australian Securities and Investments Commission and is subject to certain conditions. One of these conditions is that Macquarie discloses the information below to Australian Stock Exchange Limited on a fortnightly basis.

The aggregated percentage of Macquarie voting shares:

(a) in respect of which Macquarie Life Limited have the power to control voting or disposal; and

(b) underlying derivatives held by Macquarie Life Limited,

as at 9 May 2003, was 0.0414%.

Yours faithfully,

Dennis Leong
Company Secretary

Company Announcements
Australian Stock Exchange Limited
20 Bridge Street
SYDNEY NSW 2000

Dear Sirs

**Macquarie Bank Limited Converting Preference Shares (MBLPA) - Record
Date for Dividend – 2 June 2003**

Further to the notification in this morning's Preliminary Final Report to ASX,
please be advised that the record date for the next six-monthly dividend on
Macquarie Bank Limited Converting Preference Shares (MBLPA) will be 2 June
2003.

As noted in the Preliminary Final Report, in accordance with the terms of issue, the
Bank has declared a dividend on its Converting Preference Shares of 7.38% p.a. for
the 182 days from 16 December 2002 to 15 June 2003 i.e.\$3.6799 per share, which
will be paid on 16 June 2003.

The dividend will be 100% franked at a 30% tax rate.

Yours faithfully

Dennis Leong
Company Secretary

Remuneration

Our approach

Remuneration components

- **Base pay:**
 - Marginal increases last year – approx 3%
 - Expect small increase, on average, this year – approx 4%
- **Profit share:**
 - At risk and tied to performance
 - Formula-driven since inception
 - Based on profit and earnings in excess of cost of capital
 - Aligns interests of staff with shareholders
- **Deferral and retention arrangements encourage long-term commitment**
 - 25% of most staff profit share deferred for 2 years
 - 30% profit share retention for Executive Directors – 136 executives
 - Retention vests progressively over 10 years, only payable 6 months after leaving subject to no disqualifying events
 - All deferred payments fully expensed upfront

Remuneration

Remuneration levels and structure in line with competitive practice

- Independent review of MBL remuneration by Towers Perrin in 2003 concluded:
 - Remuneration as a percentage of revenue is in line with, or more conservative than, competitors
 - Options still the primary long-term incentive vehicle used by global peers
 - Delivery of some of annual long-term incentive in form of equity is appropriate:
 - Further alignment with shareholders
 - Consistent with competitive practice

Remuneration - peer comparatives

Remuneration (excluding options) as percent of revenue

Source: Towers Perrin
Includes AG Edwards, Bear Stearns, CSFB (USA), CS Group, Deutsche Bank, Goldman Sachs, Legg Mason, Lehman Bros, Merrill Lynch, Morgan Stanley, UBS Group

Remuneration

Our approach is appropriate

- Conclusion following the review:
 - No major changes necessary
 - Emphasis on performance based arrangements has worked well and expected to continue
 - Options remain the optimal long-term incentive delivery mechanism
 - Review use of options when regulatory environment becomes more certain
 - 30% of Executive Directors' profit share will continue to be subject to long-term deferral arrangements
 - 1/3 of Executive Directors' deferred profit share from 2004 compulsorily invested in MBL shares and up to 2/3 on an optional basis

Information technology expenditure

Controlled spending

Effective tax rate

In line with expectations

| | FY 2003
% | FY 2002
% |
|--------------------------------------|--------------|--------------|
| Corporate tax rate (average) | 30.0 | 32.0 |
| Group tax losses | (4.2) | (3.6) |
| Rate differential on offshore income | (3.0) | (3.3) |
| Converting Preference Shares | 0.7 | 1.2 |
| Other | (1.3) | (3.0) |
| Effective tax rate | 22.2 | 23.3 |

- Effective tax rate influenced by tax reform and income mix
- 2004 effective rate likely to be closer to 25%

Tax reform and other tax issues

- Tax consolidations
 - Electing to consolidate within transitional period
 - Recognition of historic group losses
 - Access to franking credits – distributed via special dividend
- Macquarie Income Securities
 - To be litigated in Federal Court
 - MBL holding favourable QC advice
- R&D syndicates
 - Two syndicates in dispute
 - MBL confident of success
- Ongoing tax audit
 - No significant changes

Capital management

Capital base provides strategic flexibility

| | FY 2003
\$m | FY 2002
\$m |
|----------------------------------|----------------|----------------|
| Tier 1 capital before deductions | 2,336 | 2,041 |
| less: deductions | | |
| – equity investments | (236) | (7) |
| – other | (182) | (134) |
| Tier 1 capital | 1,918 | 1,900 |
| Risk weighted assets | 10,053 | 10,651 |
| Tier 1 ratio | 19.1% | 17.8% |

Capital management

- Approach is to be conservatively capitalised
 - Support business initiatives, particularly specialised funds
 - Maintain good credit rating
- Recent subordinated debt issue
- APRA Conglomerates
 - Significant change to the regulation of subsidiary activities within the Group
 - New constraints on Bank's exposures to Group subsidiaries and counterparties
 - Secondary Group funding subsidiary being established

Balance sheet and risk-weighted assets

Investment Banking

Comments on the full year

→ Performed well in difficult environment, marginally up on pcp

Corporate Finance – 32% of MBL

→ Substantially up on pcp

→ No. 1 Project Finance adviser (Asia Pacific/Americas), No. 2 globally - *Project Finance International*

→ No. 1 M&A adviser (Australia), Top 2 ECM house (Australia – by value) - *Thomson Financial*

| | |
|-----------------------|--|
| Infrastructure | AGL/Pulse, London Underground, Sydney and Rome Airports, Western Sydney Orbital, BC Gas, Powerco, Melbourne CitiLink, KRIF |
| Industrials | Constellation/BRL Hardy, Qantas, Goodman Fielder/Burns Philp |
| Financials | AXA Health, Insurance Australia Group |
| Property | Valad, Macquarie Countrywide, Coles Myer/Westfield Trust, Macquarie ProLogis |
| Resources | Placer/Aurion Gold, Centennial Coal, Francisco Gold, Burrup Fertilisers |
| TMET | Acquisition of NTL/Broadcast Australia, MCG establishment |

Investment Banking (cont.)

Infrastructure and Specialised Funds

- FUM increased 57% from \$9.8b to \$15.4b
- 3 new funds in Australia – MAP, MCG and FLIERS (SCF)
- New international fund Korean Road Infrastructure Fund (KRIF)
- MAP – disappointing market performance, but remain confident in value and quality of the assets and scope for significant operational improvement
- Active management resulted in EBITDA up:
 - 10.2% on MIG's operating toll roads (6 months to Dec 2002)*
 - 22.2% on MAP's operating airports (6 months to Dec 2002)*
- Performance fees from MIG, MCG and South Africa Infrastructure Fund

* Weighted average EBITDA for operating assets

Investment Banking (cont.)

Financial Products – 6% of MBL

- Steady growth from retail and wholesale product offerings (Fusion, Film Fund, I-bonds)
- Poor environment for cross-border leasing resulted in lower contribution

Other – 11% of MBL

- Macquarie Capital's leasing books increased 21% from \$1.9b to \$2.3b - existing initiatives and organic growth
- Institutional Stockbroking profit down due to lower issuance fees and underwriting shortfalls, stable brokerage revenues

Investment Banking (cont.)

Current operating environment:

- Continued subdued global markets including Australia
- In particular, listed equity issuance and M&A market volumes impacted over past 6 months

Outlook:

- Solid pipeline of diverse mandates and opportunities – recently announced: Promina IPO, AlintaGas/AMP Henderson acquisition of Aquila assets,
- Continued focus on broader offshore offerings
 - Pursuing new funds and asset classes: Europe (diversified infrastructure); Canadian regulated assets fund well progressed; and, exploring opportunities in China (toll roads)
 - Broaden international investor base, especially in unlisted equity
- Anticipate increase in revenue and profit over prior year providing no material deterioration of equity market conditions

Banking and Property

Comments on the full year:

- Overall contribution up 38% on pcp with record results from Property, Banking and Golf and Leisure
- Property FUM (including associates) increased 50% from \$4.8b to \$7.2b – 3rd largest property trust manager in Australia
- Macquarie ProLogis – 1st Australian listed property investment in US industrial property, “Best Newly Listed Company” 2002 (Asiamoney magazine)
- Property Investment Banking participated in \$3b transactions
- Property development loans up 18%, irregular loans only 0.1% of total commitments
- Golf and Leisure - Medallist continued strong growth
- Good growth in banking services, continued growth in margin lending and protected lending
- Significant increase in new mortgages business (retail and wholesale), expansion in US and China

Banking and Property (cont.)

Current operating environment/Outlook:

- Similar conditions to previous year
 - expect softening in some Australian property sectors
 - only minor impact on property finance and mortgage businesses
- Credit risks managed by long standing conservative credit policies
- Favourable environment for expansion and growth of listed property trusts
- Continued strategy of selective growth in domestic and international niche markets, including:
 - Mortgages and property finance in USA
 - Develop business prospects in Asian markets where REIT legislation is creating opportunities
- Positioned well for medium term

MACQUARIE
BANK

Specialist Listed Infrastructure and Property funds performance

Macquarie funds have
out-performed

Performance since 1996

* All data as at 9 May 2003

Treasury and Commodities

Comments on the full year:

- Overall contribution up 40% on pcp
- Every division achieved a record or near record result
- Particularly strong contributions from Metals and Mining, Foreign Exchange, Treasury and Agricultural Commodities
- Profitability driven by increased market share and product/market diversity
- Steady credit and market risk and a stable cost base
- Commenced operations in two new businesses:
 - Energy Trading based in London providing risk management solutions to oil industry participants
 - Houston office focusing on oil and gas mezzanine finance

Treasury and Commodities (cont.)

Current operating environment:

- Transaction volumes reasonably high – record SFE turnover in March 2003
- Commodities, FX and interest rate volatilities up
- More challenging credit environment

Outlook:

- Optimistic about prospects for the next 12 months
- Leading market positions, business diversity, international growth initiatives and stable cost base lead to positive outlook
- Offshore markets offer good opportunities for niche growth:
 - New finance and energy trading businesses in Houston and London respectively, profitability expected in near-term

Equity Markets

Comments on the full year:

- Overall contribution well up on last year
- Adverse trading conditions globally but all markets profitable except Europe
- Australia – strong result – resilient retail demand, leading warrant market shares, expanding corporate business
- South Africa – another good year – Standard Bank alliance terminated, new venture with Nedbank
- Hong Kong – profitable despite significantly weaker retail demand, sales of unlisted products increased substantially
- Europe – trading profit despite very weak European markets. Net loss due to high operating costs. Trading infrastructure relocated to Sydney. Sales and structuring remain in Europe.
- Japan – small profit despite very poor market conditions
- Brazil – another small profit in second year of operation

Equity Markets (cont.)

Current operating environment:

- General uncertainty due to the global geopolitical situation and effect of SARS in Asia
- Subdued economic conditions

Outlook:

- Initiatives undertaken during recent difficult times means business well placed to benefit from improving markets
- Continued measured expansion:
 - 24-hour Sydney based international trading and risk management desk – recently increased US activities, currently integrating European trading activities
 - Korea: alliance with Woori Bank – up to 12 months' lead time to establish new business
 - South Africa: Nedbank – expect to achieve small profit in first year

Funds Management

Comments on the full year:

- Contribution broadly in line with last year
- Total funds under management up 13% from \$27.1b to \$30.7b despite industry contraction
 - Institutional funds up 19% from \$14.5b to \$17.3b
 - Retail funds up 4% from \$11.0b to \$11.4b
 - International joint venture funds (Macquarie share) up 31% from \$1.6b to \$2.1b
 - Good flows into cash, fixed interest, currency and listed property
- Strong growth in joint ventures in Malaysia and Korea
- Continued to invest in UK and HK enhanced equities businesses with encouraging progress, now mandated in both markets

Funds Management (cont.)

Current operating environment:

- Investors diversifying portfolios with increased allocation to cash, fixed interest and property
- Focus on lower fees offers opportunities for index products (eg. Macquarie True Index)

Outlook:

- While equity markets uncertain in short-term, Group's prospects are healthy for medium to long term
- Timely entry into enhanced equities in UK and HK, anticipate benefits from increased uptake
- Anticipate continued good growth in existing joint ventures, currently evaluating expansion into Taiwan

Financial Services

Comments on the full year:

- Achieved profitability on schedule despite continued difficult market conditions, good growth in client numbers and revenue
- Increased growth in annuity based revenue through Wrap and CMT
- Wrap fastest growing administrative platform in 2002 (ASSIRT)
 - AUA up 62% from \$3.9b to \$6.3b (year ending 31 Mar 03)
- CMT FUM up 7% from \$8.2b to \$8.8b (year ending 31 Mar 03)
- Continued cost efficiencies through restructure and streamlining of IT and back office functions
- Further expansion via Hartley's acquisition - agreement to transfer select advisers and clients entered into in March 2003

Financial Services (cont.)

Current operating environment:

- Retail financial services influenced by subdued economic conditions
- Tougher equity markets likely to accelerate further market consolidation - well positioned to take advantage

Outlook:

- Broking market to remain uncertain due to subdued economy
- Further growth in Wrap business maximising existing and new FSG relationships
- Recently launched brand campaign expected to increase awareness among target market
- Increased presence in New Zealand through targeted adviser acquisitions and alternative investment offerings
- Confident of increasing profit contribution in the longer term

Direct Investment

Comments on the full year:

- No realisations by trade sale or IPO due to difficult market conditions
- Principal focus - portfolio management
- MIT III
 - CH4 progressed to project phase
 - Most investments performing well – Nardell Coal exception
 - Part realisation of SCIA through share buyback and dividend, Repco return of capital on repayment of loan stock
- MIT IV
 - \$60m 1st close Jan 03, 2nd close expected later 2003

Current operating environment/Outlook:

- Private equity market remains difficult– limited realisation opportunities by either trade sale or IPO
- Realisations planned in 2004, dependent on capital markets

Overall outlook

- Expect continued growth in revenue and earnings
- Growth across most businesses subject to market conditions not deteriorating materially
- Well positioned for any equity market improvement
- Maintain our long-term strategy
 - Full service in Australia
 - Focussed international operations

ASX/News Release

Tuesday May 13, 2003

MACQUARIE BANK ANNOUNCES 33 PER CENT PROFIT INCREASE AND SPECIAL DIVIDEND

Macquarie Bank today announced a \$333 million profit after tax attributable to ordinary shareholders for the year to March 31, 2003.

The result is an increase of 33 per cent over the \$250 million profit for the year ended March 31, 2002. Basic earnings per share increased 24 per cent to \$1.65 from \$1.33 for the previous year.

Profit before tax attributable to ordinary shareholders rose by 31 per cent to \$428 million from \$326 million.

Macquarie Bank Chairman David Clarke said the Bank will pay a fully franked final dividend of 52 cents per share for the year to March 31, 2003, and a special fully franked dividend of 50 cents per share. The special dividend delivers to shareholders franking credits which will become available as a result of the tax consolidation regime recently introduced by the Federal Government. This brings total dividends for the year to \$1.43 per share, compared with last year's dividend of 93 cents per share, franked to 70 per cent.

"We have posted record income and profit in a very challenging environment for investment banks," Mr Clarke said. "The overall growth of our businesses has more than compensated for the difficult conditions in equity markets."

Macquarie Bank Managing Director and Chief Executive Officer Allan Moss said the Bank has increased its market share and profits in every operating Group.

CONFIDENTIAL

“We have again benefited from the diversity of our businesses across locations and industry. The Investment Banking Group has performed well and Treasury and Commodities and Banking and Property Groups reported outstanding increases in profit,” Mr Moss said.

“Equity Markets Group has made a meaningful contribution despite very tough international equity markets and Funds Management Group’s result was slightly ahead of the previous year. In line with our expectations, Financial Services Group is now operating profitably,” Mr Moss said.

Total funds under management increased by \$11.0 billion to \$52.3 billion, with significant increases from Macquarie’s specialist infrastructure and property funds, which have continued to demonstrate overall outperformance of the market over the medium term. Macquarie is the fifth largest fund manager in Australia.

Mr Moss said staff numbers rose during the year from 4,726 to 4,802 and Macquarie now operates in 18 countries. International earnings increased slightly despite generally weaker markets.

“We are the only Australian full service investment bank,” Mr Moss said. “Internationally, our strategy is to focus where our particular skills and expertise can deliver significant value to our clients. This strategy has continued to serve us well.”

FINANCIAL HIGHLIGHTS

The Bank is strongly capitalised with a Tier 1 ratio of 19.1 per cent. Total income from ordinary activities for the year (excluding transmission income and operating expenses for the four and a half month period the Bank held the Broadcast Australia assets on its balance sheet) was \$1,834 million, up 15 per cent from \$1,600 million for the previous corresponding period. Net fee and commission income rose by 11 per cent to \$1,116 million from \$1,003 million, while the contribution from net trading income rose by 11 per cent to \$402 million from \$361 million in the previous year. Net interest income rose by 25 per cent to \$274 million, from \$219 million previously.

GROUP OPERATING HIGHLIGHTS

Investment Banking Group exceeded last year's result in a difficult environment.

The advisory businesses had a strong year, ranked by Project Finance International Magazine as No. 1 Project Finance adviser in the Asia Pacific and Americas regions and No. 2 adviser globally. Macquarie was ranked No. 1 Mergers and Acquisitions adviser in Australia, and No. 2 Equity Capital Markets house by value by Thomson Financial.

Headline international deals included advising Tubelines in the United Kingdom on the landmark £4.4 billion (\$11.5 billion) program to upgrade and maintain infrastructure in the London Underground, and advising BC Gas, Ontario Teachers' Pension Plan Board and Borealis Infrastructure Management Inc in the \$C1.175 billion (\$1.293 billion) acquisition of the Express Pipeline System in Canada. In Asia, Macquarie established the Won 368 billion (\$486 million) Korean Road Infrastructure Fund and advised Kesas Sdn Bhd on a \$393 million debt restructure incorporating a public issue of Islamic debt securities.

Australian highlights included advising AGL on the \$880 million acquisition of Pulse Energy, advising the Westlink consortium on the successful bid for the \$2.2 billion Western Sydney Orbital, advising Constellation Brands on its \$2.4 billion merger with BRL Hardy, defence adviser to Goodman Fielder on the \$2.4 billion bid by Burns Philp, and adviser to Coles Myer on the \$390 million sale of Sydney Central Plaza to Westfield Trust. Macquarie was underwriter and financial adviser on the \$246 million IPO of Valad Property Group, adviser to Placer Dome on the \$2.1 billion acquisition of AurionGold and adviser to AXA Australia on the sale of its health insurance business. Macquarie also advised the Southern Cross Consortium on the acquisition of Sydney Kingsford-Smith Airport. While the market performance of Macquarie Airports (with interests in Sydney, Bristol, Birmingham and Rome airports) was disappointing, the operating environment for the aviation industry has been very difficult and management remains confident in the asset values and the scope for continued operational improvement at all airports. MAP announced last week it had increased its distribution by 2.1c to 5c per security for June 2003, up from the July 2002 prospectus forecast of 2.9c per security. Performance fees were received on funds including MIG, Macquarie Communications Infrastructure Group and South Africa Infrastructure Fund (SAIF).

The Financial Products Division arranged leases for lessees including Post Austria, Swisscom, Qantas and New Jersey Transit and launched the Macquarie Nine Film and Television Fund. Macquarie Capital leasing books increased from \$1.9 billion to \$2.3 billion. The contribution from Macquarie Equities (Australia) Limited and Macquarie

Research Equities declined due to lower issuance fees and stockholdings related to underwriting shortfalls. However, secondary brokerage revenues were maintained.

In Treasury and Commodities Group, every Division achieved a record or near-record result. The Group's contribution was driven by increased market share and product and market diversity without increasing its cost base or its risk profile.

Metals and Mining benefited from increased volatility which increased transaction activity. A new office was opened in Houston focusing on mezzanine finance opportunities in the oil and gas sector. Foreign Exchange had a record year, reflecting higher volumes, increased market share and diversity of products such as the Internet delivery business offering margined spot trading to offshore clients. Agricultural Commodities more than doubled its profit with sugar a large contributor due to volatile market conditions, while Debt Markets was ranked first in the Thomson Financial and INSTO magazine Australian league tables for debt issued into the Australian marketplace for the year. Futures Division maintained its position as a leading execution and clearing member of the Sydney Futures Exchange and Risk Advisory Services and Treasury reported strong results.

Banking and Property Group posted its fifth consecutive record contribution. During the year, Macquarie Property and its associates increased property funds under management by 50 per cent from \$4.8 billion to \$7.2 billion.

Property Investment Management listed Macquarie ProLogis Trust (MPR) in June 2002, the first Australian listed property trust investing in North American industrial property. MPR outperformed its peer index from listing to 31 March 2003. Overall, Property Investment Banking participated in transactions totalling more than \$3 billion and directly raised equity and debt of over \$800 million. Property Finance's property development loan volumes grew by 18 per cent. The Group established a new business division, Macquarie Community Partnerships, to undertake property based Public Private Partnerships with both local and state governments. The Banking Division's increased profit contribution was driven by higher loan and deposit volumes. Margin Lending posted another record profit contribution and Mortgages experienced a significant increase in new business generated through its retail and wholesale channels, with the Division now managing a domestic mortgage portfolio of more than \$9 billion. The acquisition of three office towers in Seoul, South Korea by the Macquarie managed Schroder Asian Properties Fund highlighted the Group's international expertise.

Equity Markets Group's contribution to profit was well up on the prior corresponding period. The result was achieved despite adverse trading conditions prevailing in most equity markets in which the Group operates. The Group made the most of resilient investor demand in both Australia and South Africa, and leading market shares were maintained. The Group also signed a Memorandum of Understanding with a major South Korean commercial bank, Woori Bank, to provide equity derivative products and solutions for the developing Korean equity derivatives market.

Funds Management Group contributed a marginally increased profit in testing market conditions, which highlighted the strength of its diverse businesses. The Group's funds under management grew 13 per cent from \$27.1 billion to \$30.7 billion. In Australia, funds growth was achieved despite the overall size of the funds management industry decreasing, with Macquarie Funds Management gaining market share and improving its rankings with both clients and asset consultants. Macquarie's reputation as a leader in unlisted funds invested in cash, fixed interest, currency and listed property, produced strong inflows in these sectors. Internationally, the Group continued to expand, offering enhanced equities funds to institutional investors in the UK and Hong Kong, and exporting its skills into deregulating markets through joint ventures in Malaysia and in South Korea. Macquarie's share in the total funds under management in these joint ventures increased by 31 per cent from \$1.6 billion to \$2.1 billion.

Financial Services Group passed break even and achieved a profit on schedule despite difficult market conditions. The Group experienced growth in client numbers and revenue. Funds under Administration in Macquarie Wrap Solutions grew 62 per cent from \$3.9 billion to \$6.3 billion at the end of March 2003 and the platform led the Australian market in inflows during the last calendar year. Macquarie Cash Management Trust (CMT) continued to grow steadily, up by 7 per cent to \$8.8 billion. Macquarie Financial Services undertook significant work on its cost structure reducing expenditure on IT and restructuring and streamlining its back-office operations. The Group plans to review its operations and achieve further efficiencies during the next 12 months, part of a continual review to ensure the Group's operations are consistent with market conditions

Direct Investment made an increased contribution during the year with few realisations. The principal focus during the year was on building value within the existing portfolio of 20 companies as well as looking for new investment opportunities.

SINCE BALANCE DATE

- The Bank was appointed Joint Adviser, Global Co-ordinator and Bookrunner for the successful \$2 billion Promina Initial Public Offering.
- The Bank was appointed Adviser to AlintaGas on the acquisition by the AlintaGas and AMP Henderson consortium of Aquila's energy assets in Australia.
- Equity Markets signed an agreement with Nedbank to continue to provide equity derivatives products and solutions for the South African market following the expiration of a similar five year agreement with Standard Bank.

DIVIDEND POLICY

Mr Clarke said that having achieved full franking of its ordinary dividends, the Bank has revised its ordinary dividend policy such that dividends in future periods will grow in line with earnings. The Bank will target a payout ratio each year in the range of 50 per cent to 60 per cent, subject to a floor of 93 cents per ordinary share per annum. It is expected that future dividends will be at least 80 per cent franked.

OUTLOOK

Mr Moss said the Bank expected continued growth in revenue and earnings. "We expect growth across most of our businesses, subject to market conditions not deteriorating materially."

"We are well positioned to benefit from any improvement in equity markets and we will maintain our long term strategy of being a full service provider in Australia and of focussed international expansion," Mr Moss said.

5. SEGMENT REPORTING

Segment revenues, expenses, assets and liabilities are those that are directly attributable to a segment or the relevant portion that can be allocated to a segment on a reasonable basis. Segment assets include all assets used by a segment. The carrying amount of certain assets used jointly by segments are allocated based on reasonable estimates of usage.

Any transfers between segments have been determined on an arms-length basis and eliminated on consolidation.

The segment information has been prepared in conformity with the economic entity's accounting policies as disclosed in Note 1 – Significant accounting policies.

Primary segment - business

For internal reporting and risk management purposes, the economic entity is divided into six operating Groups ("the Groups"). The Groups do not meet the definition of a reportable business segment for the purposes of reporting in accordance with AASB 1005 "Segment Reporting", because the Groups provide certain products to customers which have the same, or similar, risk and return characteristics. The revised AASB 1005 has been applied for the first time by the economic entity for the financial year ended 31 March 2003.

For the purposes of determining business segments the activities of the economic entity have been divided into four areas:

- Asset and Wealth Management: distribution and manufacture of funds management products;
- Financial Markets: trading in fixed income, equities, currency, commodities and derivative products;
- Investment Banking: corporate and structured finance, advisory, underwriting, facilitation, broking and real estate/property development; and
- Lending: banking activities, mortgages, margin lending and leasing.

Secondary segment - geographical

Geographical segments have been determined based on where the revenues have been recorded and customers are located. The operations of the economic entity are headquartered in Australia and this is the only location that is a reportable segment. All other locations are below the reportable segment threshold and have been collectively classified as "other".

| Effect of change in tax rates | - | (2) |
| Other items | 2 | 6 |
| Total income tax (expense) | (96) | (76) |

* Prima facie income tax on profit from ordinary activities is calculated at the rate of 30% (2002: 34%) on profit from 1 April to 30 September 2002 and at a rate of 30% (2002: 30%) on profits from 1 October 2002 to 31 March 2003. The economic entity has a tax year ending on 30 September.

The economic entity is currently subject to an audit by the Australian Taxation Office ("ATO"). Some amended assessments have been issued by the ATO for the 1988 to 1993 years. Other issues of potential taxation liability have been raised but have not yet been subject to the issue of amended assessments. Objections have been lodged in respect of the amended assessments and the other issues of alleged liability are also disputed.

The ATO is also reviewing the interests held by the economic entity in research and development syndicates. One syndicate dispute was decided in the economic entity's favour by the Administrative Appeals Tribunal and is now the subject of an appeal by the ATO to the Full Federal Court. Amended assessments have been issued in relation to another syndicate, against which objections will be lodged.

In relation to the Macquarie Income Securities, a public ruling has been issued by the ATO advising that in its view deductions are not available for distributions on this type of security. The Bank has received independent legal advice confirming that deductions are available for the distributions paid or provided. Macquarie Finance Limited has objected against the ATO's disallowance of the interest deductions and the matter is the subject of an appeal to the Federal Court.

In preparing this financial report the Directors have considered the information currently available and have taken legal advice as to the economic entity's tax liability and in accordance with this believe that provisions made are adequate.

7. DIVIDENDS AND DISTRIBUTIONS PAID OR PROVIDED

| | Consolidated | Consolidated |
|--|---------------------|---------------------|
| | 2003 | 2002 |
| | \$M | \$M |
| Ordinary share capital | | |
| Dividends paid – interim (41 (2002: 41) cents per share) | 83 | 81 |
| Dividends provided | | |
| - final (52 (2002: 52) cents per share) | 106 | 103 |
| - special (50 (2002: Nil) cents per share) | 102 | - |
| Total dividends paid or provided | 291 | 184 |

The interim ordinary dividend paid during the financial year ended 31 March 2003 was 85% franked at 30% (2002: 70% franked at 30%). The final ordinary dividend provided as at 31 March 2003 is 100% franked at 30% (2002: 70% franked at 30%) and the special ordinary dividend provided as at 31 March 2003 is 100% franked at 30%.

On 8 May 2002, the Directors resolved that they would activate the Dividend Reinvestment Plan ("the DRP") effective for the dividend to be paid on 2 July 2002. The DRP was approved by ordinary shareholders at the 2001 Annual General Meeting. The DRP is optional and offers ordinary shareholders in Australia and New Zealand the opportunity to acquire fully paid ordinary shares, without transaction costs, at a 2.5% discount to prevailing market value. A shareholder can elect to participate in or terminate their involvement in the DRP at any time. Details of fully paid ordinary shares issued pursuant to the DRP are included in the full consolidated financial report.

| | Cents per share | |
|---------------------------------|------------------------|-----------|
| Cash dividends per share | 143 | 93 |

Converting Preference Shares

Dividends on these shares of \$11 million (2002: \$11 million) have been charged to the Statement of Financial Performance as interest expense. The dividend paid on 17 June 2002 was 70% franked at 30%, the dividend paid on 16 December 2002 was 85% franked at 30% and the dividend to be paid on 16 June 2003 will be 100% franked at 30%.

| | | |
|--|-----------|-----------|
| Franking credits available for the subsequent financial year at a corporate tax rate of 30% (2003: 30%) | 40 | 15 |
|--|-----------|-----------|

With effect from 1 July 2002, Australian tax law requires companies to maintain franking accounts on a tax paid basis. The disclosure above, including the prior year comparatives, therefore reflects the new tax paid basis of measuring franking credits.

The franked portion of dividends proposed as at 31 March 2003 will be franked out of existing franking credits or out of franking credits arising from the payment of income tax payable at the end of the financial year. The above amounts represent the balances of the franking accounts as at the end of the financial year, adjusted for:

- (a) franking credits that will arise from the payment of income tax payable as at the end of the financial year;
- (b) franking credits that may be prevented from being distributed in subsequent financial years;
- (c) franking debits that will arise from the payment of dividends proposed as at the end of the financial year; and
- (d) franking debits that will arise from the receipt of tax receivables as at the end of the financial year.

Comparative figures have been adjusted to conform with revisions to AASB 1027 "Earnings per Share" which were first applicable in the current financial year.

Information concerning the classification of securities

Converting Preference Shares

These mandatorily convert to fully paid ordinary shares on 15 June 2004 and so are considered to be potential ordinary shares and have been included in the balance of diluted earnings per share.

Options

Options granted to employees under the Employee Option Plan are considered to be potential ordinary shares and have been included in the balance of diluted earnings per share.

Included in the balance of weighted average options are 486,175 (2002: 1,924,107) options that were converted, lapsed or cancelled during the financial year. There are a further 14,240,580 (2002: 357,500) options that have not been included in the balance of weighted average options on the basis that their strike price was greater than the average market price of the Bank's fully paid ordinary shares for the financial year ended 31 March 2003 and therefore, they are not considered to be dilutive.

For announcement to the market

Extracts from this report for announcement to the market (see note 1).

SA M

| | | | | |
|--|----------------|----------------------------|----|------------------------------------|
| Income from ordinary activities | up | 18% | to | 1,890 |
| Profit from ordinary activities after tax attributable to ordinary equity holders (item 1.22) | up | 33% | to | 333 |
| Profit from extraordinary items after tax attributable to members (item 2.5(d)) | gain (loss) of | | | Nil |
| Net profit for the period attributable to ordinary equity holders (item 1.11) | up | 33% | to | 333 |
| Ordinary share dividends | | Amount per security | | Franked amount per security |
| Final dividend (Preliminary final report only - item 15.4) | | 52¢ | | 52¢ |
| Interim dividend (Half yearly report only - item 15.6) | | 50¢ | | 50¢ |
| Special dividend | | 50¢ | | 50¢ |
| Previous corresponding period (Preliminary final report - item 15.5; half yearly report - item 15.7) | | 52¢ | | 36.4¢ |

†Record date for determining entitlements to the above dividends, (in the case of a trust, distribution) (see item 15.2)

23 May 2003

Brief explanation of any of the figures reported above (see Note 1) and short details of any bonus or cash issue or other item(s) of importance not previously released to the market:

In addition to the final ordinary dividend of 52 cents per share, the Board has declared a special dividend on ordinary shares of 50 cents per share to be paid in conjunction with the final dividend.

Following annual promotions and compensation reviews the Board has approved the issue of invitations for approximately eight million employee options on the same basis as in previous years. These options are expected to be granted in either July or August 2003.

If this is a half yearly report it is to be read in conjunction with the most recent annual financial report.

+ See chapter 19 for defined terms.

Condensed consolidated statement of financial performance

| | Current period –
SA M | Previous corresponding
period - SA M |

The +dividend or distribution plans shown below are in operation.

A Dividend Reinvestment Plan ("DRP") is in operation for ordinary shareholders in Australia and New Zealand. The DRP is optional and provides the opportunity for such shareholders to acquire fully paid ordinary shares, without transaction costs, at a 2.5% discount to the prevailing market price. An ordinary shareholder may elect to participate in or terminate their involvement in the DRP at any time. The DRP will operate for both the final ordinary dividend and the special ordinary dividend to be paid on 2 July 2003.

The last date(s) for receipt of election notices for the +dividend or distribution plans

22 May 2003

Any other disclosures in relation to dividends (distributions) *(For half yearly reports, provide details in accordance with paragraph 7.5(d) of AASB 1029 Interim Financial Reporting)*

The Bank has declared a dividend on its Converting Preference Shares ("CPS"). In accordance with the terms of issue, a dividend of 7.38% p.a. for the 182 days from 16 December 2002 to 15 June 2003 will be paid on 16 June 2003 (i.e.\$3.6799 per share). The dividend will be 100% franked at a 30% tax rate.

+ See chapter 19 for defined terms.

Details of aggregate share of profits (losses) of associates and joint venture entities

* The Macquarie Income Securities are classified as equity in accordance with AASB 1033 "Presentation and Disclosure of Financial Instruments". Interest is paid quarterly at a floating rate of BBSW plus 1.7% p.a. From the date of issue until 15 January 2003 there was a guaranteed minimum interest rate of 7.25% p. a. Payment of interest to holders is subject to certain conditions, including the profitability of the Bank. They are a perpetual instrument with no conversion rights. They were listed for trading on the Australian Stock Exchange on 19 October 1999.

** The Converting Preference Shares are classified as debt in accordance with AASB 1033 "Presentation and Disclosure of Financial Instruments". Non-cumulative dividends are paid six monthly at a fixed rate of 7.38% p.a. They convert to ordinary shares of the Bank, at a predetermined rate, on 15 June 2004 although if certain Trigger Events occur, including the non-payment of a dividend or in the event of the Bank being placed into liquidation or wound up, conversion may occur earlier. The Bank also has the option to convert them to ordinary shares anytime after 15 June 2003.

+ See chapter 19 for defined terms.

Segment reporting

(Information on the business and geographical segments of the entity must be reported for the current period in accordance with *AASB 1005: Segment Reporting* and for half year reports, *AASB 1029: Interim Financial Reporting*. Because entities employ different structures a pro forma cannot be provided. Segment information in the layout employed in the entity's ⁺accounts should be reported separately and attached to this report.)

Refer attachment C

Comments by Directors

(Comments on the following matters are required by ASX or, in relation to the half yearly report, by *AASB 1029: Interim Financial Reporting*. The comments do not take the place of the directors' report and statement (as required by the Corporations Act) and may be incorporated into the directors' report and statement. For both half yearly and preliminary final reports, if there are no comments in a section, state NIL. If there is insufficient space to comment, attach notes to this report.)

N/A

Basis of financial report preparation

19.1 [Delete if preliminary final report.]

19.2 Material factors affecting the revenues and expenses of the economic entity for the current period. In a half yearly report, provide explanatory comments about any seasonal or irregular factors affecting operations.

Refer to Media Release

19.3 A description of each event since the end of the current period which has had a material effect and which is not already reported elsewhere in this Appendix or in attachments, with financial effect quantified (if possible).

None have occurred.

19.4 Franking credits available and prospects for paying fully or partly franked dividends for at least the next year.

\$40 million (2002: \$15 million)

With effect from 1 July 2002, Australian tax law requires companies to maintain franking accounts on a tax paid basis. The disclosure above, including the prior year comparatives, therefore reflects the new tax paid basis of measuring franking credits.

The franked portion of dividends proposed as at 31 March 2003 will be franked out of existing franking credits or out of franking credits arising from the payment of income tax payable at the end of the financial year. The above amounts represent the balances of the franking accounts as at the end of the financial year, adjusted for:

- (a) franking credits that will arise from the payment of income tax payable as at the end of the financial year;
 - (b) franking credits that may be prevented from being distributed in subsequent financial years;
 - (c) franking debits that will arise from the payment of dividends proposed as at the end of the financial year;
- and
- (d) franking debits that will arise from the receipt of tax receivables as at the end of the financial year.

The extent of franking of future dividends is uncertain and is dependant on the Bank's future Australian taxable income.

⁺ See chapter 19 for defined terms.

19.5 Unless disclosed below, the accounting policies, estimation methods and measurement bases used in this report are the same as those used in the last annual report. Any changes in accounting policies, estimation methods and measurement bases since the last annual report are disclosed as follows. (Disclose changes and differences in the half yearly report in accordance with *AASB 1029: Interim Financial Reporting*. Disclose changes in accounting policies in the preliminary final report in accordance with *AASB 1001: Accounting Policies-Disclosure*).

Nil

19.6 Revisions in estimates of amounts reported in previous interim periods. For half yearly reports the nature and amount of revisions in estimates of amounts reported in previous +annual reports if those revisions have a material effect in this half year.

Nil

19.7 Changes in contingent liabilities or assets. For half yearly reports, changes in contingent liabilities and contingent assets since the last + annual report.

No material changes from prior year.

+ See chapter 19 for defined terms.

Additional disclosure for trusts

- 20.1 Number of units held by the management company or responsible entity or their related parties.
- 20.2 A statement of the fees and commissions payable to the management company or responsible entity.
Identify:
- initial service charges
 - management fees
 - other fees

Notes

1. **For announcement to the market** The percentage changes referred to in this section are the percentage changes calculated by comparing the current period's figures with those for the previous corresponding period. Do not show percentage changes if the change is from profit to loss or loss to profit, but still show whether the change was up or down. If changes in accounting policies or procedures have had a material effect on reported figures, do not show either directional or percentage changes in profits. Explain the reason for the omissions in the note at the end of the announcement section. Entities are encouraged to attach notes or fuller explanations of any significant changes to any of the items in page 1. The area at the end of the announcement section can be used to provide a cross reference to any such attachment.
2. **True and fair view** If this report does not give a true and fair view of a matter (for example, because compliance with an Accounting Standard is required) the entity must attach a note providing additional information and explanations to give a true and fair view.
3. **Condensed consolidated statement of financial performance**
 - Item 1.1 The definition of "revenue" and an explanation of "ordinary activities" are set out in *AASB 1004: Revenue*, and *AASB 1018: Statement of Financial Performance*.
 - Item 1.6 This item refers to the total tax attributable to the amount shown in item 1.5. Tax includes income tax and capital gains tax (if any) but excludes taxes treated as expenses from ordinary activities (eg, fringe benefits tax).
4. **Income tax** If the amount provided for income tax in this report differs (or would differ but for compensatory items) by more than 15% from the amount of income tax *prima facie* payable on the profit before tax, the entity must explain in a note the major items responsible for the difference and their amounts. The rate of tax applicable to the franking amount per dividend should be inserted in the heading for the column "Franked amount per security at % tax" for items 15.4 to 15.7.
5. **Condensed consolidated statement of financial position**

Format The format of the consolidated statement of financial position should be followed as closely as possible. However, additional items may be added if greater clarity of exposition will be achieved, provided the disclosure still meets the requirements of *AASB 1029: Interim Financial Reporting*, and *AASB 1040: Statement of Financial Position*. Also, banking institutions, trusts and financial institutions may substitute a clear liquidity ranking for the Current/Non-Current classification.

Basis of revaluation If there has been a material revaluation of non-current assets (including investments) since the last annual report, the entity must describe the basis of revaluation adopted. The description must meet the requirements of *AASB 1010: Accounting for the Revaluation of Non-Current Assets*. If the entity has adopted a procedure of regular revaluation, the basis for which has been disclosed and has not changed, no additional disclosure is required.
6. **Condensed consolidated statement of cash flows** For definitions of "cash" and other terms used in this report see *AASB 1026: Statement of Cash Flows*. Entities should follow the form as closely as possible, but variations are permitted if the directors (in the case of a trust, the management company) believe that this presentation is inappropriate. However, the

+ See chapter 19 for defined terms.

presentation adopted must meet the requirements of *AASB 1026*. ⁺Mining exploration entities may use the form of cash flow statement in Appendix 5B.

7. **Net tangible asset backing** Net tangible assets are determined by deducting from total tangible assets all claims on those assets ranking ahead of the ⁺ordinary securities (i.e., all liabilities, preference shares, outside ⁺equity interests etc). ⁺Mining entities are *not* required to state a net tangible asset backing per ⁺ordinary security.
8. **Gain and loss of control over entities** The gain or loss must be disclosed if it has a material effect on the ⁺accounts. Details must include the contribution for each gain or loss that increased or decreased the entity's consolidated profit (loss) from ordinary activities and extraordinary items after tax by more than 5% compared to the previous corresponding period.
9. **Rounding of figures** This report anticipates that the information required is given to the nearest \$1,000. If an entity reports exact figures, the \$A M headings must be amended. If an entity qualifies under ASIC Class Order 98/0100 dated 10 July 1998, it may report to the nearest million dollars, or to the nearest \$100,000, and the \$A M headings must be amended.
10. **Comparative figures** Comparative figures are to be presented in accordance with *AASB 1018* or *AASB 1029 Interim Financial Reporting* as appropriate and are the unadjusted figures from the latest annual or half year report as appropriate. However, if an adjustment has been made in accordance with an accounting standard or other reason or if there is a lack of comparability, a note explaining the position should be attached. For the statement of financial performance, *AASB 1029 Interim Financial Reporting* requires information on a year to date basis in addition to the current interim period. Normally an Appendix 4B to which *AASB 1029 Interim Financial Reporting* applies would be for the half year and consequently the information in the current period is also the year to date. If an Appendix 4B Half yearly version is produced for an additional interim period (eg because of a change of reporting period), the entity must provide the year to date information and comparatives required by *AASB 1029 Interim Financial Reporting*. This should be in the form of a multi-column version of the consolidated statement of financial performance as an attachment to the additional Appendix 4B.
11. **Additional information** An entity may disclose additional information about any matter, and must do so if the information is material to an understanding of the reports. The information may be an expansion of the material contained in this report, or contained in a note attached to the report. The requirement under the listing rules for an entity to complete this report does not prevent the entity issuing reports more frequently. Additional material lodged with the ⁺ASIC under the Corporations Act must also be given to ASX. For example, a director's report and declaration, if lodged with the ⁺ASIC, must be given to ASX.
12. **Accounting Standards** ASX will accept, for example, the use of International Accounting Standards for foreign entities. If the standards used do not address a topic, the Australian standard on that topic (if one exists) must be complied with.
13. **Corporations Act financial statements** This report may be able to be used by an entity required to comply with the Corporations Act as part of its half-year financial statements if prepared in accordance with Australian Accounting Standards.
14. **Issued and quoted securities** The issue price and amount paid up is not required in items 18.1 and 18.3 for fully paid securities.

⁺ See chapter 19 for defined terms.

- 15 Details of expenses** *AASB 1018* requires disclosure of expenses from ordinary activities according to either their nature or function. For foreign entities, there are similar requirements in other accounting standards accepted by ASX. *AASB ED 105* clarifies that the disclosures required by *AASB 1018* must be either *all* according to nature or *all* according to function. Entities must disclose details of expenses using the layout (by nature or function) employed in their ⁺accounts.

The information in lines 1.23 to 1.27 may be provided in an attachment to Appendix 4B.

Relevant Items *AASB 1018* requires the separate disclosure of specific revenues and expenses which are not extraordinary but which are of a size, nature or incidence that disclosure is *relevant* in explaining the financial performance of the reporting entity. The term "relevance" is defined in *AASB 1018*. There is an equivalent requirement in *AASB 1029: Interim Financial Reporting*. For foreign entities, there are similar requirements in other accounting standards accepted by ASX.

- 16 Dollars** If reporting is not in A\$, all references to \$A must be changed to the reporting currency. If reporting is not in thousands of dollars, all references to "000" must be changed to the reporting value.

17. Discontinuing operations

Half yearly report

All entities must provide the information required in paragraph 12 for half years beginning on or after 1 July 2001.

Preliminary final report

Entities must either provide a description of any significant activities or events relating to discontinuing operations equivalent to that required by paragraph 7.5 (g) of *AASB 1029: Interim Financial Reporting*, or, the details of discontinuing operations they are required to disclose in their ⁺accounts in accordance with *AASB 1042 Discontinuing Operations*.

In any case the information may be provided as an attachment to this Appendix 4B.

18. Format

This form is a Word document but an entity can re-format the document into Excel or similar applications for submission to the Companies Announcements Office in ASX.

⁺ See chapter 19 for defined terms.

AS AT 31 MARCH 2003

SEGMENT REPORTING

Segment revenues, expenses, assets and liabilities are those that are directly attributable to a segment or the relevant portion that can be allocated to a segment on a reasonable basis. Segment assets include all assets used by a segment. The carrying amount of certain assets used jointly by segments are allocated based on reasonable estimates of usage.

Any transfers between segments have been determined on an arms-length basis and eliminated on consolidation.

The segment information has been prepared in conformity with the economic entity's accounting policies as disclosed in Note 1 – Significant accounting policies.

Primary segment - business

For internal reporting and risk management purposes, the economic entity is divided into six operating Groups ("the Groups"). The Groups do not meet the definition of a reportable business segment for the purposes of reporting in accordance with AASB 1005 "Segment Reporting", because the Groups provide certain products to customers which have the same, or similar, risk and return characteristics. The revised AASB 1005 has been applied for the first time by the economic entity for the financial year ended 31 March 2003.

For the purposes of determining business segments the activities of the economic entity have been divided into four areas:

- Asset and Wealth Management: distribution and manufacture of funds management products;
- Financial Markets: trading in fixed income, equities, currency, commodities and derivative products;
- Investment Banking: corporate and structured finance, advisory, underwriting, facilitation, broking and real estate/property development; and
- Lending: banking activities, mortgages, margin lending and leasing.

Secondary segment - geographical

Geographical segments have been determined based on where the revenues have been recorded and customers are located. The operations of the economic entity are headquartered in Australia and this is the only location that is a reportable segment. All other locations are below the reportable segment threshold and have been collectively classified as "other".

Rule 2.7, 3.10.3, 3.10.4, 3.10.5

Appendix 3B

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin: Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002.

Name of entity

MACQUARIE BANK LIMITED

ABN

46 008 583 542

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

- 1 *Class of *securities issued or to be issued Fully Paid Ordinary Shares
- 2 Number of *securities issued or to be issued (if known) or maximum number which may be issued 41,696
- 3 Principal terms of the *securities (eg, if options, exercise price and expiry date; if partly paid *securities, the amount outstanding and due dates for payment; if *convertible securities, the conversion price and dates for conversion) As per other fully paid ordinary shares already quoted

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

4 Do the *securities rank equally in all respects from the date of allotment with an existing *class of quoted *securities? YES (ex dividend)

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

5 Issue price or consideration

14,168 @ \$14.48 each
 19,196 @ \$18.51 each
 8,332 @ \$24.56 each

6 Purpose of the issue (If issued as consideration for the acquisition of assets, clearly identify those assets)

N/A – shares were issued on exercise of employee options.

7 Dates of entering *securities into uncertificated holdings or despatch of certificates

41,696 on 19/05/03

| Number | *Class |
|--------|--------|
|--------|--------|

+ See chapter 19 for defined terms.

| | | | |
|---|---|-------------|--------------------------------------|
| 8 | Number and *class of all *securities quoted on ASX (including the securities in clause 2 if applicable) | 204,539,840 | Fully paid ordinary Shares |
| | | 1,500,000 | Converting Preference Shares (MBLPA) |
| | | 4,000,000 | Macquarie Income Securities (MBLHB) |

| | | | |
|---|---|------------|---|
| 9 | Number and *class of all *securities not quoted on ASX (including the securities in clause 2 if applicable) | Number | *Class |
| | | 24,936,335 | Options over ordinary shares at various exercise prices |

| | | |
|----|--|--|
| 10 | Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests) | Shares rank pari passu with all existing fully paid ordinary shares, but are ex dividend as regards the 2003 final and special dividend. |
|----|--|--|

Part 2 - Bonus issue or pro rata issue

- | | | |
|----|--|--|
| 11 | Is security holder approval required? | |
| 12 | Is the issue renounceable or non-renounceable? | |
| 13 | Ratio in which the *securities will be offered | |
| 14 | *Class of *securities to which the offer relates | |
| 15 | *Record date to determine entitlements | |
| 16 | Will holdings on different registers (or subregisters) be aggregated for calculating entitlements? | |

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

17 Policy for deciding entitlements in relation to fractions

18 Names of countries in which the entity has ⁺security holders who will not be sent new issue documents

Note: Security holders must be told how their entitlements are to be dealt with.

Cross reference: rule 7.7.

19 Closing date for receipt of acceptances or renunciations

⁺ See chapter 19 for defined terms.

-
- 20 Names of any underwriters
- 21 Amount of any underwriting fee or commission
- 22 Names of any brokers to the issue
- 23 Fee or commission payable to the broker to the issue
- 24 Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of *security holders
- 25 If the issue is contingent on *security holders' approval, the date of the meeting
- 26 Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled
- 27 If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders
- 28 Date rights trading will begin (if applicable)
- 29 Date rights trading will end (if applicable)
- 30 How do *security holders sell their entitlements *in full* through a broker?
- 31 How do *security holders sell *part* of their entitlements through a broker and accept for the balance?
- 32 How do *security holders dispose
-

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

of their entitlements (except by sale
through a broker)?

33 *Despatch date

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) Securities described in Part 1

(b) All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 If the *securities are *equity securities, the names of the 20 largest holders of the additional *securities, and the number and percentage of additional *securities held by those holders

36 If the *securities are *equity securities, a distribution schedule of the additional *securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 A copy of any trust deed for the additional *securities

(now go to 43)

+ See chapter 19 for defined terms.

Entities that have ticked box 34(b)

38 Number of securities for which quotation is sought

39 Class of securities for which quotation is sought

40 Do the securities rank equally in all respects from the date of allotment with an existing class of quoted securities?

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

41 Reason for request for quotation now

Example: In the case of restricted securities, end of restriction period

(if issued upon conversion of another security, clearly identify that other security)

| | Number | Class |
|---|--------|-------|
| 42 Number and class of all securities quoted on ASX (including the securities in clause 38) | | |

(now go to 43)

+ See chapter 19 for defined terms.

All entities

Fees

43 Payment method (tick one)

Cheque attached

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 *Quotation of our additional *securities is in ASX's absolute discretion. ASX may quote the *securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the *securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those *securities should not be granted *quotation.
- An offer of the + securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any *securities to be quoted and that no-one has any right to return any *securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the *securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the *securities to be quoted, it has been provided at the time that we request that the *securities be quoted.
- If we are a trust, we warrant that no person has the right to return the *securities to be quoted under section 1019B of the Corporations Act at the time that we request that the *securities be quoted.

+ See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

Dear Sir/Madam

Macquarie Bank Limited - Issued Ordinary Capital and Options Update

Since the last notification to ASX of the position at 30 April 2003, there have been no changes in the number of fully paid ordinary shares of Macquarie Bank Limited on issue.

However, since the last notification to the ASX, the following new options have been issued:

- 12,500 options exercisable at \$24.67 each and expiring on 6 May 2008 (MBL0176);
- 5,000 options exercisable at \$24.85 each and expiring on 7 May 2008 (MBL0177);
- 5,000 options exercisable at \$24.40 each and expiring on 8 May 2008 (MBL0178);
- 5,000 options exercisable at \$24.71 each and expiring on 8 May 2008 (MBL0179);
- 5,000 options exercisable at \$27.74 each and expiring on 12 May 2008 (MBL0180); and
- 12,500 options exercisable at \$25.92 each and expiring on 13 May 2008 (MBL0181).

Also, since the last notification to ASX, the following options have lapsed unexercised:

Macquarie Bank Limited
ABN 46 008 583 542

- 770 options exercisable at \$18.51 each and expiring on 31 August 2004 (MBLAEG);
- 6,812 options exercisable at \$23.94 each and expiring on 21 July 2005 (MBLAFL);
- 21,859 options exercisable at \$34.71 each and expiring on 2 August 2006 (MBL0029); and
- 7,419 options exercisable at \$30.51 each and expiring on 1 August 2007 (MBL0118).

The number of options on issue at 16 May 2003 was 24,978,031, all exercisable into one share per option.

Yours faithfully

Dennis Leong
Company Secretary

Rule 2.7, 3.10.3, 3.10.4, 3.10.5

Appendix 3B

New issue announcement, application for quotation of additional securities and agreement

COPY 1/10/2001

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin: Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002.

Name of entity

MACQUARIE BANK LIMITED

ABN

46 008 583 542

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

- 1 *Class of *securities issued or to be issued Fully Paid Ordinary Shares
- 2 Number of *securities issued or to be issued (if known) or maximum number which may be issued 63,560
- 3 Principal terms of the *securities (eg, if options, exercise price and expiry date; if partly paid *securities, the amount outstanding and due dates for payment; if *convertible securities, the conversion price and dates for conversion) As per other fully paid ordinary shares already quoted

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

| <p>4 Do the *securities rank equally in all respects from the date of allotment with an existing *class of quoted *securities?</p> <p>If the additional securities do not rank equally, please state:</p> <ul style="list-style-type: none"> • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment | <p>YES (ex dividend)</p> | | |
|--|---|--------|--------|
| <p>5 Issue price or consideration</p> | <p>11,334 @ \$14.18 each
 21,392 @ \$14.29 each
 5,668 @ \$14.36 each
 12,426 @ \$18.51 each
 12,740 @ \$23.94 each</p> | | |
| <p>6 Purpose of the issue
 (If issued as consideration for the acquisition of assets, clearly identify those assets)</p> | <p>N/A – shares were issued on exercise of employee options.</p> | | |
| <p>7 Dates of entering *securities into uncertificated holdings or despatch of certificates</p> | <p>63,560 on 20/05/03</p> | | |
| <table border="1"> <thead> <tr> <th data-bbox="714 1543 998 1612">Number</th> <th data-bbox="998 1543 1274 1612">*Class</th> </tr> </thead> </table> | | Number | *Class |
| Number | *Class | | |

+ See chapter 19 for defined terms.

| | | | |
|---|---|-------------|--------------------------------------|
| 8 | Number and *class of all *securities quoted on ASX (<i>including</i> the securities in clause 2 if applicable) | 204,603,400 | Fully paid ordinary Shares |
| | | 1,500,000 | Converting Preference Shares (MBLPA) |
| | | 4,000,000 | Macquarie Income Securities (MBLHB) |

| | | | |
|---|---|------------|---|
| 9 | Number and *class of all *securities not quoted on ASX (<i>including</i> the securities in clause 2 if applicable) | Number | *Class |
| | | 24,872,775 | Options over ordinary shares at various exercise prices |

| | | |
|----|--|--|
| 10 | Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests) | Shares rank pari passu with all existing fully paid ordinary shares, but are ex dividend as regards the 2003 final and special dividend. |
|----|--|--|

Part 2 - Bonus issue or pro rata issue

- 11 Is security holder approval required?
- 12 Is the issue renounceable or non-renounceable?
- 13 Ratio in which the *securities will be offered
- 14 *Class of *securities to which the offer relates
- 15 *Record date to determine entitlements
- 16 Will holdings on different registers (or subregisters) be aggregated for calculating entitlements?

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

17 Policy for deciding entitlements in relation to fractions

18 Names of countries in which the entity has security holders who will not be sent new issue documents

Note: Security holders must be told how their entitlements are to be dealt with.

Cross reference: rule 7.7.

19 Closing date for receipt of acceptances or renunciations

+ See chapter 19 for defined terms.

-
- | | | |
|----|---|--|
| 20 | Names of any underwriters | |
| 21 | Amount of any underwriting fee or commission | |
| 22 | Names of any brokers to the issue | |
| 23 | Fee or commission payable to the broker to the issue | |
| 24 | Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of *security holders | |
| 25 | If the issue is contingent on *security holders' approval, the date of the meeting | |
| 26 | Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled | |
| 27 | If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders | |
| 28 | Date rights trading will begin (if applicable) | |
| 29 | Date rights trading will end (if applicable) | |
| 30 | How do *security holders sell their entitlements <i>in full</i> through a broker? | |
| 31 | How do *security holders sell <i>part</i> of their entitlements through a broker and accept for the balance? | |
| 32 | How do *security holders dispose | |

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

of their entitlements (except by sale through a broker)?

33 *Despatch date

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) Securities described in Part 1

(b) All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 If the *securities are *equity securities, the names of the 20 largest holders of the additional *securities, and the number and percentage of additional *securities held by those holders

36 If the *securities are *equity securities, a distribution schedule of the additional *securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 A copy of any trust deed for the additional *securities

(now go to 43)

+ See chapter 19 for defined terms.

Entities that have ticked box 34(b)

38 Number of securities for which
+quotation is sought

39 Class of +securities for which
quotation is sought

40 Do the +securities rank equally in all
respects from the date of allotment
with an existing +class of quoted
+securities?

If the additional securities do not
rank equally, please state:

- the date from which they do
- the extent to which they
participate for the next dividend,
(in the case of a trust,
distribution) or interest payment
- the extent to which they do not
rank equally, other than in
relation to the next dividend,
distribution or interest payment

41 Reason for request for quotation
now

Example: In the case of restricted securities, end of
restriction period

(if issued upon conversion of
another security, clearly identify that
other security)

| | Number | +Class |
|---|--------|--------|
| 42 Number and +class of all +securities
quoted on ASX (including the
securities in clause 38) | | |

(now go to 43)

+ See chapter 19 for defined terms.

All entities

Fees

43 Payment method (tick one)

Cheque attached

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 *Quotation of our additional *securities is in ASX's absolute discretion. ASX may quote the *securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the *securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those *securities should not be granted *quotation.
- An offer of the + securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any *securities to be quoted and that no-one has any right to return any *securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the *securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the *securities to be quoted, it has been provided at the time that we request that the *securities be quoted.
- If we are a trust, we warrant that no person has the right to return the *securities to be quoted under section 1019B of the Corporations Act at the time that we request that the *securities be quoted.

+ See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before *quotation of the *securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

MACQUARIE BANK

INVESTOR OVERVIEW
YEAR ENDED 31 MARCH 2003

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the success of any business and for the protection of the interests of all parties involved. The text outlines the various methods and systems that can be used to ensure the accuracy and reliability of financial data.

In addition, the document highlights the need for regular audits and reviews to identify any discrepancies or errors in the records. It provides a detailed explanation of the audit process, including the selection of auditors, the scope of the audit, and the reporting requirements. The text also discusses the consequences of failing to conduct regular audits and the potential damage to the business's reputation and financial stability.

The second part of the document focuses on the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the success of any business and for the protection of the interests of all parties involved. The text outlines the various methods and systems that can be used to ensure the accuracy and reliability of financial data.

In addition, the document highlights the need for regular audits and reviews to identify any discrepancies or errors in the records. It provides a detailed explanation of the audit process, including the selection of auditors, the scope of the audit, and the reporting requirements. The text also discusses the consequences of failing to conduct regular audits and the potential damage to the business's reputation and financial stability.

The third part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the success of any business and for the protection of the interests of all parties involved. The text outlines the various methods and systems that can be used to ensure the accuracy and reliability of financial data.

In addition, the document highlights the need for regular audits and reviews to identify any discrepancies or errors in the records. It provides a detailed explanation of the audit process, including the selection of auditors, the scope of the audit, and the reporting requirements. The text also discusses the consequences of failing to conduct regular audits and the potential damage to the business's reputation and financial stability.

The final part of the document provides a summary of the key points discussed throughout the text. It reiterates the importance of accurate record-keeping and regular audits, and offers some final thoughts on the role of these practices in the success of a business.

ADDITIONAL INFORMATION

Macquarie Bank Group (Macquarie, the Bank) hosts analyst briefing sessions on its interim and full-year results in November and May respectively. These sessions provide information on the financial results and an operational overview for the period under review.

In addition, as part of the Bank's commitment to broaden its investor base, management presents at various investment conferences and conducts investor visits throughout the year. All material presentations and other disclosures are lodged with the Australian Stock Exchange (ASX) and are available on the Bank's website.

This document should be read in conjunction with the Annual Report and Full Financial Statements, which are available on the Bank's website or by contacting Investor Relations.

* Macquarie Income Securities distribution (see page 26 for further information)

Macquarie is a diversified international provider of financial and investment banking services. In Australia, Macquarie is a full service investment bank providing financial market trading and advisory products and services. Internationally, Macquarie focuses on selected business areas where its expertise provides special value to clients.

Macquarie has reported successive years of record profits and consistent growth since 1992. Macquarie's approach is characterised by a commitment to the chosen markets in which we operate and a clear focus on achieving outstanding results. Technical expertise, strong risk management and an enterprising approach underlie all activities.

Macquarie's headquarters are in Sydney, Australia and it operates in specific markets across Asia, North America, South America, the UK, Europe and Africa.

INDEX PARTICIPATION (ASX CODE MBL)

Macquarie Bank's fully paid ordinary shares are included in the following stock exchange indices:

- All Ordinaries Index
- S&P/ASX 50, 100, 200 and 300
- FT International Australia
- MSCI Australia
- Dow Jones World Index.

MANAGEMENT APPROACH

Macquarie's strength lies in its unique structure and management approach, which provides businesses with a balance between operating freedom and controls on risk limits and observance of professional standards. Macquarie's management approach fosters an entrepreneurial spirit among staff. Strong prudential management is fundamental to this approach. The focus of central management is on risks to the Bank arising from market and industry forces and issues of medium and long-term significance. While businesses have significant operating freedom, all activities are encompassed by a robust, independent risk management framework.

RISK MANAGEMENT APPROACH

Given the markets in which we operate, risk is an inherent part of Macquarie's businesses. Management of that risk is therefore critical to continuing profitability. Strong independent prudential management has been a key to Macquarie's success over many years. Where risk is assumed, it is within a calculated and controlled framework. The main risks faced by Macquarie are market risk, credit risk, liquidity risk, operational risk, and legal compliance and documentation risk. It is the responsibility of the Risk Management Division to assess and manage these risks within the Bank.

The principles of Macquarie's approach to risk management are:

- Independence - Risk Management Division is independent of the operating areas, reporting directly to the Managing Director and the Board.
- Centralised prudential management - Risk Management Division's responsibility covers the whole Bank. Therefore it can assess risks from a Bankwide perspective and ensure a consistent approach across all operating areas.
- Approval of all new business activities - Operating areas cannot undertake new businesses or activities, offer new products, or enter new markets, without first consulting Risk Management Division.
- Continuous assessment - Risk Management Division continually reviews risks to account for changes in market circumstances and Macquarie's operating areas; and
- Frequent monitoring - Centralised systems exist to allow Risk Management Division to monitor credit and market risks daily. Risk Management Division staff liaise closely with operating and support divisions.

Profit Growth

Macquarie has reported 11 successive years of record profit underpinned by the diversity of the Bank's businesses and markets

Basic Earnings Per Share (EPS) Performance

EPS for 12 months to 31 March 2003 increased 24% on the prior corresponding period

COMPANY OVERVIEW

ORGANISATION STRUCTURE

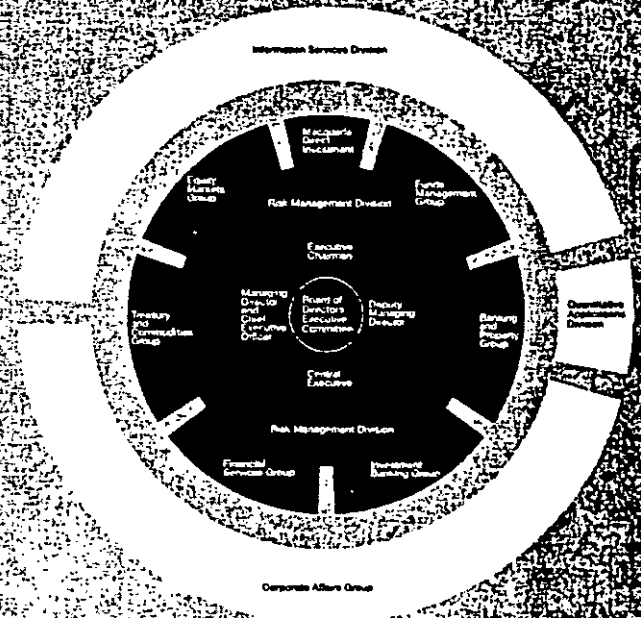

Macquarie's business activities are organised into six principal operating Groups. The concentric nature of the organisation chart represents the non-hierarchical nature of Macquarie and the role of central risk management. A network of support areas provides the infrastructure and services that enable the Groups to operate. Further information on each of the Groups is detailed in later sections.

Staff remuneration

The philosophy underlying the remuneration policy is to align the interests of staff with those of shareholders. Since its inception, Macquarie has had a profit sharing scheme for staff. Profit share is paid out of a bonus pool determined by a formula that is a function of both after-tax profit and earnings in excess of cost of capital. As a result, remuneration is relative to performance and aligned to shareholder interest.

Senior executives' remuneration is heavily weighted towards the performance component, so there is a strong incentive to maximise the Bank's net profit and return on equity. Further, 30 per cent of the Bank's Executive Directors' annual profit share (subject to certain limits) is deferred for up to ten years to encourage long-term commitment to the Bank. Vested deferral amounts are only received six months after retiring as an Executive Director if certain disqualifying events have not occurred.

Senior staff are also eligible to participate in the Bank's Employee Option Plan. Options vest as to one-third of each tranche after two, three and four years, respectively and, in the case of Executive Directors, may only be exercised if predetermined performance hurdles in relation to the Bank's average return on ordinary equity are met.

SHAREHOLDER BASE

Macquarie has a broad shareholder base with the majority being Australian investment institutions. On 31 March 2003, there were approximately 40,000 ordinary shareholders. Staff held approximately 5 per cent of fully paid issued capital and all of the employee options.

ORDINARY DIVIDEND POLICY

The Bank targets a payout ratio for full-year ordinary dividends in the range of 50 per cent to 60 per cent of net earnings, subject to a minimal dividend of 93 cents per share per year. Future dividends are expected to be at least 80 per cent franked.

Australian and New Zealand holders of Macquarie Bank ordinary shares are entitled to participate in a Dividend Reinvestment Plan allowing them to purchase additional shares at a discount (currently 2.5 per cent) to the market price and without transaction costs.

HISTORY

Macquarie Bank was established in 1969 as Hill Samuel Australia Limited, a subsidiary of the UK merchant bank Hill Samuel & Co. In 1985 it was granted a banking licence and became Macquarie Bank. In 1996 Macquarie Bank's fully paid ordinary shares were quoted on the ASX.

Macquarie Bank Monthly Share Price and Volume Since Listing

COMPANY OVERVIEW

INTERNATIONAL ACTIVITIES

In Australia, Macquarie is a full-service investment bank. Internationally, Macquarie's strategy is to expand selectively, seeking only to enter markets where its particular skills and expertise deliver a real advantage for clients. This approach allows the flexibility to enter new markets as opportunities arise and the ability to respond to the special requirements of individual markets in the region and around the world. As a result, Macquarie has established leading positions in a diverse range of international markets.

Strategic alliances

In a number of international markets, Macquarie has established an alliance with a leading local provider, enabling Macquarie to combine its technical expertise and specialist skills with the market presence of a local player.

Domestic and International Income

International Operating Income by Region

Strategic alliances include:

China

- First China Property Group Limited - Banking and Property Group
50/50 joint venture with Schroders Asian Properties LP to undertake residential property development, funds management, project and investment consulting activities in Shanghai and Beijing

- Macquarie ProLogis Management - Banking and Property Group
- A joint venture between Macquarie and ProLogis to manage the Macquarie ProLogis Trust that listed on ASX on 26 June 2002.
- Macquarie CountryWide - Regency LLC - Banking and Property Group
- A joint venture between Macquarie CountryWide Trust and Regency Centers for the management of and investment in US shopping centre assets.

SPECIALIST FUNDS

Macquarie has established a leading position in specific asset class investor funds (specialist funds). Specialist funds under management total \$21.5 billion (up from \$14.2 billion at 31 March 2002). Specialist funds activities are spread across a number of operating Groups and span sectors including toll roads, airports, communications infrastructure and sector specific property assets.

Macquarie's specialist funds management model has been a key growth driver and has been exported to discrete international markets. Macquarie believes its experience and expertise in these particular areas give it a competitive advantage in acquiring and managing assets and thereby delivering superior returns to shareholders. Specialist funds are managed by the relevant Group that has the expertise in the assets in which the funds invest.

Macquarie launched the first listed infrastructure vehicle in Australia in 1996 with the Macquarie Infrastructure Group (MIG). MIG is now a world leader in private toll road ownership, with assets totalling approximately \$9.5 billion (at 31 December 2002).

Other listed funds include:

- Macquarie Airports (MAP)
- Macquarie Communications Infrastructure Group (MCG)
- Macquarie CountryWide Trust (MCW)
- Macquarie Goodman Industrial Trust (MGI)
- Macquarie Leisure Trust (MLE)
- Macquarie Office Trust (MOF)
- Macquarie ProLogis Trust (MPH)
- Southern Cross FLIERS Trust

These funds are described in more detail in the sections that follow and the Appendix.

Performance of specialist funds

The chart below shows the aggregate accumulated performance of all of Macquarie's listed funds (excluding Macquarie Bank) since listing on the ASX benchmarked against the S&P/ASX 300 accumulation index. The funds are weighted by the stock's market capitalisation with rebalancing monthly, or whenever a new stock is listed. Dividends are reinvested into the individual stock (not the Index as a whole) on the ex-dividend date.

Performance of Macquarie's Listed Funds

INVESTMENT BANKING GROUP

Staff: 1,142

Activities: The Investment Banking Group brings together the Bank's wholesale structuring, institutional stockbroking, underwriting, corporate advisory and equities research capabilities. Since its formation in 2001, the Group has made the largest contribution to profit.

Locations: Australia, New Zealand, Malaysia, Hong Kong, Singapore, South Korea, Japan, South Africa, UK, Ireland, Germany, Austria, US, Canada

| | | |
|--|----------------|----------------|
| Contribution to profit: | Full-year 2002 | Full-year 2003 |
| (Based on internal management accounts, before tax and profit share) | 61% | 49% |

| | |
|---|------------|
| Corporate Finance (including specialist funds) | 32% |
| Financial Products (including cross-border leasing) | 6% |
| Other Investment Banking (including Institutional Stockbroking and Macquarie Capital) | 11% |
| Total Investment Banking Group | 49% |

CORPORATE FINANCE

Macquarie provides advisory and capital raising services to corporate and government clients across public mergers and acquisitions (M&A), private treaty acquisitions and divestments, valuations, fund raising and corporate restructuring. Activities are aligned into industry groups, reflecting key areas of expertise in infrastructure, resources, telecommunications, media, entertainment and technology (TMeT), property, industrials and financial institutions.

Macquarie has achieved the highest number of top three rankings for completed M&A deals by value over the last decade and was named No. 1 M&A adviser and No. 2 Equity Capital Market house in Australia (by value) in 2002 by *Thomson Financial*.

In the 2002 *Greenwich Survey*, Macquarie was ranked in the Top 2 for:

- providing the best solutions to complex M&A problems
- domestic acquisition house of choice
- takeover/defence advice
- domestic capability
- best equity capital market ideas

Project Finance International ranked Macquarie No. 1 Project Finance adviser for Asia Pacific/Americas, and No. 2 globally in 2002.

FINANCIAL PRODUCTS

The Group provides assistance on corporate and project financing transactions where a wide range of structuring, tax and accounting issues require the technical skills to ensure maximum benefits are realised from the transaction. The Group also advises on, and arranges finance for, major capital expenditures over a variety of assets including aircraft, trains, power and telecommunications assets. Macquarie is a leading player in this area globally, with leases arranged in the year to 31 March 2003 exceeding \$6 billion throughout the US, Japan, Hong Kong and Europe.

LEASING AND ASSET FINANCING

At 31 March 2003, the Division's portfolio of loans and leases exceeded \$3.2 billion across a range of different industries in select international markets. Macquarie provides finance, leases, trading, sourcing and remarketing services in industries where it has specialist skills and experience. These industries include information technology, electronics, manufacturing, motor vehicles, plant and equipment, telecommunications, aviation engines, infrastructure and transportation.

INVESTMENT BANKING GROUP

INFRASTRUCTURE FUNDS

The Investment Banking Group manages a range of specialist funds primarily across infrastructure sectors including toll roads, airports and communications infrastructure.

The Group manages major unlisted entities including:

- Macquarie Global Infrastructure Fund - investments include the Detroit Windsor Tunnel between the US and Canada and the Soojungsan tunnel in South Korea
- The South Africa Infrastructure Fund - jointly managed with Old Mutual Asset Managers of South Africa
- Macquarie Airports Group, which has stakes in Bristol, Birmingham, Sydney and Rome airports
- Korean Road Infrastructure Fund - established January 2003 to invest predominately in South Korean toll roads and tunnels. Recently announced first toll road investment, the 28-year concession rights to a 5.6 kilometre toll road in South Korea's fifth largest city, Kwangju.
- The Group manages a number of other unlisted funds on behalf of clients and is the manager for the listed Horizon Energy Investment Group, Hills Motorway Trust and the Southern Cross FLIERS Trust.
- The Group manages major ASX-listed specialist funds (listed in the table below).

INSTITUTIONAL STOCKBROKING

Macquarie provides institutional and corporate stockbroking services throughout Australia and in London, Munich, New York, Singapore, Auckland and Wellington.

EQUITIES RESEARCH

Extensive coverage of Australian and New Zealand equities produced by Macquarie's Australian-based analysts covering 96 per cent of the S&P/ASX 300 stocks by market capitalisation.

| Entity | Key asset stakes | Market capitalisation* |
|---|--|------------------------|
| Macquarie Infrastructure Group (MIG) | Highway 407, Toronto, SR125 in San Diego, US M6 Toll, UK and stakes in major private toll roads in Australia | \$6 billion |
| Macquarie Airports (MAP) | Stakes in Sydney, Bristol, Birmingham and Rome airports | \$867 million |
| Macquarie Communications Infrastructure Group (MCG) | 100% of Broadcast Australia (formerly NTL Australia) | \$384 million |
| Southern Cross FLIERS Trust (SCF) | Reset preference shares issued by Southern Cross Holdings | \$634 million |

*As at 31 March 2003. For further information see Appendix.

TREASURY AND COMMODITIES GROUP

Staff: 346

Activities: Activities include trading in a broad range of financial markets including, commodity, futures, debt and foreign exchange markets. The Group's focus is on selective geographic expansion and continued product innovation in its chosen markets. Consolidation of existing businesses continues along with a focus on increasing customer flows and the contribution from annuity income.

Locations: Australia, Brazil, Hong Kong, South Korea, Japan, South Africa, UK, Switzerland, US

METALS AND MINING

The Metals and Mining Division provides 24-hour price-making facilities for base and precious metals as well as financing and structured hedging facilities for metals producers and consumers. The Division is a principal provider of liquidity in the Asian time zone and is a leading participant in the London Metal Exchange market. An office in Houston, Texas was opened in mid 2002 focussing on providing mezzanine finance to the oil and gas sector.

FOREIGN EXCHANGE

The Division provides 24-hour interbank price-making services in Australian Dollar spot, forwards and options and interbank pricing in Yen and Euro during the Sydney time zone. The Division provides services across all of these major products and tailor made products to Australian corporates and institutions. The Division also maintains an active internet currency trading platform servicing the Japanese retail trading market.

DEBT MARKETS

The Debt Markets Division arranges and places debt for clients; provides secondary market liquidity in government, corporate, global and assets backed securities and provides risk managers, investors and borrowers with research and structured and derivative based solutions for their needs. The Division is a market leader in Australia in the securitisation of mortgages, equipment and motor vehicle securities. A key focus of this division is the development of securitisation techniques to provide capital management solutions.

AGRICULTURAL COMMODITIES

The Division provides tailored risk management solutions to international clients in the agricultural industry through structured over the counter transactions and futures services. Commodities covered include wheat, corn, cotton, wool, soy complex, sugar, cocoa and coffee. The Division provides services to clients globally through offices in Sydney, New York, London, Sao Paulo and Melbourne.

FUTURES

The Futures Division provides a full range of Broking and Clearing services for Australian and International exchange traded derivatives markets. The Division is a leading provider of these services in the Australian market. The Division makes extensive use of technology to provide clients with flexible solutions for their back office, and also has electronic trading platforms to allow clients direct access to markets.

TREASURY

The Division is responsible for the funding, liquidity and interest rate risk management of the Bank and is an active participant in domestic and international funding markets. The Division maintains the Bank's relationships with international rating agencies assisting with the maintenance of the Bank's current rating.

RISK ADVISORY SERVICES

In Australia, the Division provides a range of financial advisory and risk management services across a broad spectrum of markets. This service area operates independently of the Bank's trading activities.

ECONOMIC RESEARCH

Economic Research is the Bank's central source of economic and financial trend analysis that services clients and businesses within Macquarie.

ENERGY TRADING

The Division began operations in London and Sydney in late 2002 focussing on providing risk management solutions to oil industry participants globally.

BANKING AND PROPERTY GROUP

Staff: 758

Activities:

Activities include property finance, property funds management, property investment banking services to the golf and leisure industries, mortgages and securitisation, banking services for businesses and professionals and margin lending. A total of over \$7 billion in assets is managed by the Group and its associates. The Group's focus is to continue to take advantage of geographic expansion in specialist property funds, finance and mortgage securitisation.

16%

Full-year 2003

18%

PROPERTY FINANCE

Macquarie specialises in risk participation loans, mezzanine debt and other debt and equity funding solutions for property development projects. It has funded the development of more than 10,000 residential dwellings over the past 16 years as well as numerous commercial and industrial projects.

Macquarie recently launched its property finance business in Seattle, US to provide tailored solutions developed for the Australian market. The Division plans to open a second US office in Southern California later in 2003.

PROPERTY INVESTMENT BANKING

Macquarie is a market leader in Australia in wholesale capital raising, debt structuring, divestment, sale and leaseback for

property developments and related transactions. In Australia, Macquarie operates a diverse, full-service property and development advisory business.

In Asia, Macquarie provides specialist advisory, structuring and financing services to the property sector, including the role of senior adviser to the Schroders Asian Properties LP fund. Macquarie is also involved in residential property development in China.

PROPERTY INVESTMENT MANAGEMENT

Property Investment Management is responsible for the sponsorship, creation and on-going management of high performance property investment products. It is the third largest listed property funds manager (by market capitalisation) in Australia with assets under management in

Australia, the US and New Zealand. In 2002, the business completed the largest ever Australian retail equity raising for an unlisted syndication with the creation of Macquarie No.1 Martin Place Trust.

PROPERTY INVESTMENT MANAGEMENT - NORTH AMERICA

In recognition of substantially increased activity in North America, a new Division Property Investment Management North America began operation on 1 April 2003. In North America and Europe, specialist wholesale equity raising activities and advisory services are conducted through a joint venture, Macquarie Capital Partners, a boutique real estate investment business. Macquarie's most recent property trust listing - the Macquarie ProLogis Trust, was named as Australia's overall best new listed company by *Asiamoney* magazine in its Best Managed Companies Poll 2002.

BANKING

Macquarie provides innovative and specialised banking services to specific businesses including real estate, accounting, financial planning, insurance broking, pharmacy, veterinary, strata management and law.

GOLF AND LEISURE

Macquarie Golf and Leisure offers a specialised range of products and services to support the increasingly important

leisure and tourism industries. Since 1997, Macquarie has been involved in the development of residential lifestyle communities through Medallist Developments - a joint venture with Greg Norman's Great White Shark Enterprises. Macquarie's leisure interests also include industry advisory services, finance, funds management and realty services.

MORTGAGES AND SECURITISATION

Macquarie specialises in wholesale mortgage funding through securitisation. Distribution is via a diversified network including strategic partnerships with Australia's largest mortgage brokers. Macquarie has recently commenced mortgage operations in China and the US.

MARGIN LENDING

Macquarie provides a range of margin lending and protected lending products. It continues to invest in new initiatives, including the distribution of its products through Macquarie Financial Services Group in New Zealand.

MACQUARIE COMMUNITY PARTNERSHIPS

Macquarie has formed a new business whose strategy is to undertake property-based public-private partnerships with state and local governments. It intends to take the role of developer and financier to deliver community-based needs.

ASX-listed funds within the Banking and Property Group include:

| Entity | Key assets | Market capitalisation* |
|------------------------------------|--|------------------------|
| Macquarie Goodman Industrial Trust | 65 properties, including business parks, industrial estates, office parks and warehouse/distribution centres | \$1.5 billion |
| Macquarie Office Trust | 25 office properties across Australia | \$1.0 billion |
| Macquarie CountryWide Trust | Retail properties anchored by national grocery retailers
110 assets across Australia, NZ and the US | \$803 million |
| Macquarie ProLogis Trust | Industrial and distribution properties in the US and Mexico | \$476 million |
| Macquarie Leisure Trust | Assets across entertainment, leisure and recreation industries | \$98 million |

*As at 31 March 2003. For further information see Appendix.

EQUITY MARKETS GROUP

Staff: 181

Activities: Equity Markets Group undertakes the Bank's principal trading, risk arbitrage and market-making activities in derivatives. It utilises its risk management skills to originate equity-based financial solutions and products for retail and wholesale clients and operates the Bank's equity finance operations.

Locations: Australia, Brazil, Europe, Hong Kong, Japan, South Korea, South Africa

Contribution to profit (Based on internal management accounts before tax and profit share):

| | Full-year 2002 | Full-year 2003 |
|--|----------------|----------------|
| | 0% | 5% |

AUSTRALIA

Macquarie was the first issuer of listed call and put warrants on the ASX and has successfully introduced index warrants, instalments, capital plus and endowment warrants to the Australian market. In 2002, Macquarie was the leading warrant issuer by value with a market share of 37 per cent. Macquarie issues a range of innovative unlisted products to retail, corporate and institutional investors. The Australian business is also a leading options market maker and principal trader in listed securities.

BRAZIL

Macquarie issues equity structured products to Brazilian pension funds and other institutional and retail investors. This business is in its second year of operation.

EUROPE

The Group's focus in Europe is structured equity transactions and product issuance in that region's major markets. To achieve better economies of scale, a reorganisation in early 2003, saw the risk management and related infrastructure re-located to Australia. Distribution teams have remained in Europe to continue to service clients in those markets.

HONG KONG

Macquarie is one of the leading issuers of warrants over Hong Kong stocks and is a leading exchange-traded option market maker. Macquarie has also successfully introduced a number of innovative products, both listed and unlisted to the Hong Kong market.

JAPAN

In Japan, Macquarie has an alliance with Mizuho Securities (the entity arising from the merger of the securities businesses of Industrial Bank of Japan, Fuji Bank and Dai-ichi Kangyo Bank). This business focuses predominantly on product issuance and structured deal activities, leveraging Mizuho's extensive customer base.

SOUTH KOREA

In 2003 the Group entered into a Korean equity derivatives business alliance with Woori Bank, one of Korea's largest banking and financial groups.

SOUTH AFRICA

Macquarie had an equity derivatives venture with The Standard Bank of South Africa, which ended in March 2003. The business was the leading warrant issuer and market maker in over-the-counter structured equity derivatives in South Africa.

The equity derivatives market in South Africa still remains attractive and consequently Macquarie has formed a new equity derivatives business alliance with Nedbank Limited, one of the leading commercial banks in South Africa.

INTERNATIONAL TRADING DESK

The International Trading Desk (ITD) was established in 2003 and operates 24 hours a day out of Sydney. This desk is responsible for management of international market risk in those markets where the Group does not have a physical presence, including the US. The European trading activity of the Group was integrated into the ITD as at 31 March 2003.

FUNDS MANAGEMENT GROUP

Staff: 131

Activities:

The Group is the primary manufacturer of Macquarie managed funds. It manages funds across the full spectrum of asset classes with \$30.7 billion in funds under management. The Group markets its capabilities in the institutional market in Australia and internationally, while the Bank's Financial Services Group markets managed funds to the Australian retail market. It continues to increase its funds under management and contribute to the Bank's profit.

Locations:

Australia, Hong Kong, Malaysia, South Korea, UK

Contribution to profit:
(Based on internal management accounts before tax and profit share)

| | Full-year 2002 | Full-year 2003 |
|------------------------|----------------|----------------|
| Contribution to profit | 3% | 2% |

Macquarie Funds Management is one of Australia's largest fund managers, providing a full range of funds management services to institutional and retail clients in Australia and in selected international markets, including Hong Kong, Malaysia, Korea and the UK.

In December 2002, Investor Weekly named Macquarie Funds Management Best "All Rounder" Fund Manager for mandate wins in 2002.

Macquarie is a full-service manager, offering funds in all major asset classes. In each asset class, Macquarie offers a range of investment styles across the risk spectrum (True Index™, Index, Enhanced Index, Active and Specialist) and pricing structures.

Macquarie is noted for its client focus, disciplined investment process and product innovation, including:

Enhanced Indexing - available in all major asset classes, providing a solution for investors seeking above index returns for little incremental risk.

True Indexing™ - a unique offer from Macquarie gives clients exact index returns for no fund management fees.

Fund of Fund Investing - gives access to diversified portfolios in asset classes such as private equity and global bonds.

ASIA

Macquarie is active in funds management in Malaysia, via a joint venture initiated in 1996 with the AmMerchant Bank Berhad, which is Malaysia's largest institutional asset manager. The joint venture offers retail unit trusts and institutional pooled and separately managed funds in Malaysian equities, cash, fixed interest and diversified investments.

In South Korea, Macquarie-IMM Investment Management, a joint venture with IMM Asset Management, offers pooled and separately managed funds for institutional and retail clients in local equities, fixed interest and diversified investments.

In Hong Kong, Macquarie provides enhanced equities providing risk-controlled exposure to Hong Kong equity markets.

UK

In 2001, Macquarie's funds management business began managing enhanced equities in the UK market. This business offers a low risk investment in UK equities, using Macquarie's proven investment processes aiming to deliver returns that are consistently above the FTSE All Share Index.

FINANCIAL SERVICES GROUP

Staff: 986

Activities: The Financial Services Group is the primary relationship manager for the Bank's retail client base in Australia and New Zealand. Services include stockbroking, private banking and strategic financial planning, wrap administration platforms and relationship management for 15,000 independent financial advisers throughout Australia in the distribution of the CMT and other Macquarie Products. The Group has ended its three year development stage which has involved significant investment in technology and systems and a consolidation of its operations nationally. The Group is now positioned to increase its profit contribution in the longer term.

Locations: Australia, New Zealand, South Africa

Contribution to profit
(Based on internal
management accounts,
before tax and profit share)

Full-year 2002:
(1%)

Full-year 2003:
2%

The Group consists of two key divisions, Macquarie Financial Services and Macquarie Adviser Services which together service over 550,000 retail clients.

Macquarie Financial Services (MFS) maintains direct relationships with approximately 198,000 retail clients. Wealth management services include:

- Full-service broking and investment planning
- Strategic financial planning
- Executive wealth management
- Private banking
- Direct retail call centre

Macquarie Adviser Services (MAS) manages relationships with external financial advisers and provides sales and product management of Macquarie products. This includes the \$8.8 billion Macquarie Cash Management Trust, the leading cash trust in the Australian market and the Macquarie Wrap account, which, with \$3 billion in inflows last year was also a market leader. The Wrap administration service now has \$6.3 billion in assets under administration after only three and a half years in operation.

Macquarie Adviser Services was ranked first in the 2002 ASSIRT Service Level Survey in the "Overall Administration Support", "Ease of Doing Business with the Firm" and "IT Services" categories. ASSIRT conducts this survey with hundreds of fund managers annually. In addition, Macquarie was awarded Superannuation Manager of the Year in 2002 by *Investor Web FSG International*. To date, the Group's international operations are in New Zealand and South Africa.

The New Zealand focus is on the provision of personal financial services including full service stockbroking, distribution of Macquarie products and relationship management of external financial planners.

Macquarie has recently made a significant investment in the New Zealand market and provides services to a network of independent financial planners as part of its distribution strategy.

The Group has a joint venture with Sanlam (South Africa's second largest life company). The venture aims to provide innovative retail financial products to financial advisers targeting high net worth clients.

DIRECT INVESTMENT DIVISION

Direct Investment is responsible for managing the Bank's private equity activities. The business focus is private equity and venture capital investment opportunities in emerging private Australian and New Zealand companies.

Macquarie Bank has been active in direct investment since 1982. During that time, the business has transformed from investing using the Bank's own funds to raising and investing funds from institutional and retail investors. Direct Investment has invested over \$360 million in a total of 42 businesses.

PRIVATE EQUITY FUNDS

Since 1988, Macquarie has established four private equity funds. Macquarie Investment Trust (MIT), the first externally managed fund, was established in 1998, raising in excess of \$50 million. The trust invested in nine companies and achieved final returns for unit holders of 24.2 per cent per annum pre fees and 20.7 per annum per cent post fees.

MIT II was launched in June 1994 and closed with committed funds of \$103 million. MIT II invested across 12 companies and has realised five investments to date. The fund's strategy is to realise the remaining investments over the next three to five years.

In May 1999, MIT III achieved over \$207 million in committed capital from domestic, institutional and retail investors. MIT III has invested in 10 companies and committed to one other, with one investment already realised, and is now closed to new investments.

Private equity funds managed by Macquarie continue to increase. As an initial step into international capital markets, Macquarie is adviser to Australian Ventures LLC (AVLLC), a US-based private equity fund that has committed to co-invest with MIT III in Australia and New Zealand.

Fund raising is continuing for MIT IV, which had its first close in January 2003 with commitments of \$60 million. The Trust is already reviewing its first transaction and anticipates a second close later in the calendar year.

CONVERTING PREFERENCE SHARES (CPS)

ASX CODE MBLPA

The CPS were issued in 1999 with a face value of \$100 each and with a fixed dividend rate of 7.38 per cent per annum, with dividends paid semi-annually. There are 1.5 million CPS on issue. The dividends are non-cumulative and the CPS convert into fully paid ordinary shares on 15 June 2004 or earlier in certain other circumstances. The CPS convert into ordinary shares based on the stock market price of the ordinary shares less a discount of five per cent. For details please refer to the Terms of Issue which are available at www.macquarie.com.au/investorrelations.

MACQUARIE INCOME SECURITIES (MIS)

ASX CODE MBLHB

The MIS were also issued in 1999 jointly by Macquarie Bank Limited and Macquarie Finance Limited with a face value of \$100 each. There are 4 million MIS on issue which pay interest quarterly in arrears at the rate determined by adding 1.7 per cent per annum to a 90-day bank bill reference rate. The MIS are perpetual in nature. Please refer to the MIS prospectus for detailed terms and conditions which are available at www.macquarie.com.au/investorrelations.

SHAREHOLDER CALENDAR 2003

| Date | Event |
|--------------|---|
| 13 February | Operational briefing to analysts and shareholders |
| 31 March | Full year financial year end |
| 13 May | Full year result announcement |

| Banking and Property Group | | |
| Macquarie CountryWide Trust | 0.45% pa of total assets of the Trust (up to \$700 million); plus 0.40% pa of the total assets of the Trust over \$700 million. | If accumulated performance in a 6 month period is higher than the increase in the Retail Property Trust accumulation index, the manager is entitled to new units in the Trust with a value equal to 5% total increase in unitholder value from outperformance; and 15% of increased unitholder value above 2% outperformance per annum. Any underperformance in prior periods must be earned back before a performance fee becomes due.
In certain circumstances payment of performance fees may be deferred to future payment periods. |
| Macquarie Goodman Industrial Trust accumulation | 0.50% pa of total assets of the Trust (up to \$700 million); plus 0.45% pa of the total assets of the Trust over \$700 million. | If accumulated performance in a 6 month period is higher than the increase in the Industrial Property Trust index, the manager is entitled to new units in the Trust with a value equal to 5% total increase in unitholder value from outperformance; and 15% of increased unitholder value above 2% outperformance per annum. Any underperformance in prior periods must be earned back before a performance fee becomes due. |
| Macquarie Leisure Trust | 0.25% pa of total assets of the Trust. | Incentive fee of 3.5% of amount available for distribution to unit holders. |

APPENDIX

| Fund | Base fee basis | Performance fee basis |
|---|---|--|
| Macquarie Office Trust | 0.45% pa of total assets of the Trust (up to \$1 billion); plus 0.40% pa of the total assets of the Trust over \$1.0 billion. | If accumulated performance in a 6 month period is higher than the increase in the Commercial Property Trust accumulation index, the manager is entitled to new units in the Trust with a value equal to: 5% total increase in unitholder value from outperformance; and 15% of increased unitholder value above 2% outperformance per annum. Any underperformance in prior periods must be earned back before a performance fee becomes due. In certain circumstances payment of performance fees may be deferred to future payment periods. |
| Macquarie ProLogis Trust | 0.45% pa of indirect proportionate interest in fair market value of the properties in the US partnership and any other Trust assets. | If accumulated performance in a 6 month period is higher than the increase in the S&P/ASX 200 Property 200 accumulation index, the manager is entitled to new units in the Trust with a value equal to: 5% total increase in unitholder value from outperformance; and 15% of increased unitholder value above 2% outperformance per annum. Any underperformance in prior periods must be earned back before a performance fee becomes due. In certain circumstances payment of performance fees may be deferred to future payment periods. |
| Investment Banking Group | | |
| Global Infrastructure Funds (A through D) | 0.5% pa of committed capital and 0.75% pa of the value of invested capital. | 20% of the outperformance of the Fund (the benchmark being 15% pa compounded annually) each year, after making up for prior underperformances. |
| Hills Motorway Trust | \$350,000 per annum, CPI adjusted. | N/A |
| Horizon Energy Investment Group | 0.5% pa of the market capitalisation of Horizon.

Payable quarterly in arrears. | N/A |
| Macquarie Airports | 1.5% pa of first \$500 million of the Net Investment Value (NIV);

1.25% pa for next \$500 million of NIV; and

1.00% pa for NIV in excess of \$1.0 billion.

Payable quarterly in arrears (note - currently taken as stapled securities, not cash) | 20% of outperformance relative to MSCI World Transportation Infrastructure Index after making up for prior under performances. |

| Fund | Base fee basis | Performance fee basis |
|---|--|--|
| Korean Road Infrastructure Fund | The Base Fee will be calculated as 1.30% per annum of Issued Capital, less cash and cash equivalents held by KRIF and will be calculated and payable in arrears within 10 business days of the end of each calendar quarter. Where commitments or drawdowns occur during the period, the relevant fee will be calculated pro rata for that period. | The performance Fee in relation to each investment of KRIF is an amount to be calculated at the time of receipt of each distribution by KRIF from the investment until the investment has been realised, whether the proceeds are full or partial realisation. |
| Macquarie Airports Group | 0.5% pa of total commitments plus 1.0% pa of drawn commitments, less cash and cash equivalents (while unlisted). | 20% of surplus cash of the fund after investors have been repaid their capital plus a return of 12% pa compounded (while unlisted). |
| Macquarie Communications Infrastructure Group | 1.5% pa of first \$500 million of the Net Investment Value (NIV) ¹ ; plus

1.25% pa for next \$500 million of NIV; plus 1.00% pa for NIV in excess of \$1.0 billion. payable quarterly in arrears | 20% of outperformance relative to S&P/ASX 200 Industrials Accumulation Index, payable half yearly in arrears after making up for prior under performances. |
| Macquarie Infrastructure Group | 1.25% pa of Net Investment Value (NIV) ² of MIG at end of each quarter up to a NIV of \$3 billion. For NIV greater than \$3 billion, base fee is 1.00% pa of NIV in excess of \$3 billion at the end of each quarter. | 15% of outperformance relative to the S&P/ASX 300 Industrials Accumulation Index payable in three equal annual instalments, with 2nd and 3rd instalments subject to MIG's continual outperformance of the Index over the relevant two and three year period. |
| Southern Cross FLIERS Trust | \$400,000 per annum, CPI adjusted. | N/A |
| Direct Investment | | |
| Macquarie Investment Trusts | 1.0% pa of total funds committed plus additional 0.5% based on funds invested. | 20% of the gain over indexed cost base + 10% of that gain that represents more than a 20% IRR to unitholders, paid if total portfolio value of each trust at the time of realisation is greater than 110% of the total portfolio cost base. |

¹NIV for any quarter equals: average market capitalisation over the last 15 trading days of the quarter; plus amount of any external borrowings at the end of the quarter; plus amount of any firm commitments to make further investments at the end of the quarter; less cash balances at the end of the quarter.

²NIV for any quarter equals: average market capitalisation over the last 10 days of the quarter, plus amount of any borrowings at the end of the quarter, plus amount of any commitments to make further investments at the end of the quarter, less cash balances at the end of the quarter.

43 Payment method (tick one)

Cheque attached

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 *Quotation of our additional *securities is in ASX's absolute discretion. ASX may quote the *securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the *securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those *securities should not be granted *quotation.
- An offer of the +securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any *securities to be quoted and that no-one has any right to return any *securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the *securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the *securities to be quoted, it has been provided at the time that we request that the *securities be quoted.
- If we are a trust, we warrant that no person has the right to return the *securities to be quoted under section 1019B of the Corporations Act at the time that we request that the *securities be quoted.

+ See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

ASX/News Release

Wednesday May 21, 2003

**MACQUARIE BANK ESTABLISHES CANADA'S FIRST ESSENTIAL
INFRASTRUCTURE INVESTMENT PARTNERSHIP**

Macquarie Bank today announced the establishment of Canada's first private infrastructure partnership investing in essential infrastructure assets that will offer stable revenue and predictable cash flows. Macquarie Essential Assets Partnership (MEAP) has capital commitments for \$C250 million (\$284 million) predominantly from a range of Canadian pension funds, and plans to raise further equity this year.

The unlisted MEAP will target investments exclusively in utility assets such as electricity transmission and distribution networks, gas and other pipelines, gas distribution and certain water utilities. MEAP has a mandate to acquire assets in both Canada and the US (with US investments limited to 20 per cent of the fund's assets) and is focusing on cash yield, targeting returns of between 3 per cent and 5 per cent above the long term Government of Canada bond rate.

MEAP's seed investment is a 15 per cent stake in AltaLink, purchased from Macquarie. AltaLink owns North America's first independent electricity transmission network in Alberta, Canada. AltaLink's other owners are Canadian construction company SNC Lavalin, Ontario Teachers' Pension Plan Board and US independent transmission owner Trans-Elect.

MEAP is targeting a fund size of between \$C400 million and \$C500 million and a second close is anticipated later this year. Macquarie has committed \$C50 million (\$57million) to MEAP, of which it intends to hold \$C30 million (\$34 million) over the medium term. Canadian pension funds including British Columbia Investment Management Corporation (on behalf of the Province of British Columbia's pension funds) and New Brunswick Investment Management Corporation (on behalf of the public sector pension funds within the Province of New Brunswick) have made commitments to the fund.

COPIES TO: 7:21

Macquarie's Head of Infrastructure and Specialised Funds Anthony Kahn said MEAP, which will be managed by Macquarie Canadian Infrastructure Management Limited, was an ideal investment opportunity for Canadian pension funds and institutional investors looking for asset diversification.

"Macquarie has advised on over 30 assignments relating to essential assets in Canada over the past five years. With this base of knowledge we have been able to successfully establish a fund and will acquire strategic assets on behalf of investors.

"MEAP is Macquarie's third infrastructure fund in an overseas market where the equity has been raised predominantly from institutions from those markets," Mr Kahn said.

Infrastructure funds launched and sourced in foreign markets to date are:

- Korean Road Infrastructure Fund (KRIF) - Korea's first private infrastructure fund, established through a joint venture between Macquarie Bank and Shinhan Financial Group. KRIF announced it had received commitments of Won 367.5billion (\$488 million) in April 2003 from of predominately Korean institutional investors and plans to raise additional funds this year;
- South Africa Infrastructure Fund (SAIF) – established in mid 2000 through a joint venture between Old Mutual Asset Managers in South Africa and Macquarie. The ZAR800 million (\$167 million) SAIF fund has to date invested in three privately funded highway projects in South Africa.

Macquarie has substantial infrastructure funds under management, with over \$16 billion invested in infrastructure assets worldwide. Infrastructure investments managed by Macquarie include assets in the transportation, water, telecommunications and energy sectors.

Rule 2.7, 3.10.3, 3.10.4, 3.10.5

Appendix 3B

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin: Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002.

Name of entity

MACQUARIE BANK LIMITED

ABN

46 008 583 542

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

- 1 *Class of *securities issued or to be issued Fully Paid Ordinary Shares
- 2 Number of *securities issued or to be issued (if known) or maximum number which may be issued 6,600
- 3 Principal terms of the *securities (eg, if options, exercise price and expiry date; if partly paid *securities, the amount outstanding and due dates for payment; if *convertible securities, the conversion price and dates for conversion) As per other fully paid ordinary shares already quoted

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

| | |
|--|--|
| <p>4 Do the *securities rank equally in all respects from the date of allotment with an existing *class of quoted *securities?</p> <p>If the additional securities do not rank equally, please state:</p> <ul style="list-style-type: none"> • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment | <p>YES (ex dividend)</p> |
| <p>5 Issue price or consideration</p> | <p>5,000 @ \$17.07 each
 1,600 @ \$23.94 each</p> |
| <p>6 Purpose of the issue
 (If issued as consideration for the acquisition of assets, clearly identify those assets)</p> | <p>N/A – shares were issued on exercise of employee options.</p> |
| <p>7 Dates of entering *securities into uncertificated holdings or despatch of certificates</p> | <p>6,600 on 23/05/03</p> |
| <p>Number</p> | <p>*Class</p> |

+ See chapter 19 for defined terms.

| | | | |
|---|---|-------------|--------------------------------------|
| 8 | Number and *class of all *securities quoted on ASX (including the securities in clause 2 if applicable) | 204,794,582 | Fully paid ordinary Shares |
| | | 1,500,000 | Converting Preference Shares (MBLPA) |
| | | 4,000,000 | Macquarie Income Securities (MBLHB) |

| | | | |
|---|---|------------|---|
| 9 | Number and *class of all *securities not quoted on ASX (including the securities in clause 2 if applicable) | Number | *Class |
| | | 24,676,282 | Options over ordinary shares at various exercise prices |

| | | |
|----|--|--|
| 10 | Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests) | Shares rank pari passu with all existing fully paid ordinary shares, but are ex dividend as regards the 2003 final and special dividend. |
|----|--|--|

Part 2 - Bonus issue or pro rata issue

- | | | |
|----|--|--|
| 11 | Is security holder approval required? | |
| 12 | Is the issue renounceable or non-renounceable? | |
| 13 | Ratio in which the *securities will be offered | |
| 14 | *Class of *securities to which the offer relates | |
| 15 | *Record date to determine entitlements | |
| 16 | Will holdings on different registers (or subregisters) be aggregated for calculating entitlements? | |

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

17 Policy for deciding entitlements in relation to fractions

18 Names of countries in which the entity has *security holders who will not be sent new issue documents

Note: Security holders must be told how their entitlements are to be dealt with.

Cross reference: rule 7.7.

19 Closing date for receipt of acceptances or renunciations

+ See chapter 19 for defined terms.

-
- | | | |
|----|---|--|
| 20 | Names of any underwriters | |
| 21 | Amount of any underwriting fee or commission | |
| 22 | Names of any brokers to the issue | |
| 23 | Fee or commission payable to the broker to the issue | |
| 24 | Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of *security holders | |
| 25 | If the issue is contingent on *security holders' approval, the date of the meeting | |
| 26 | Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled | |
| 27 | If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders | |
| 28 | Date rights trading will begin (if applicable) | |
| 29 | Date rights trading will end (if applicable) | |
| 30 | How do *security holders sell their entitlements <i>in full</i> through a broker? | |
| 31 | How do *security holders sell <i>part</i> of their entitlements through a broker and accept for the balance? | |
| 32 | How do *security holders dispose | |

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

of their entitlements (except by sale
through a broker)?

33 *Despatch date

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) Securities described in Part 1

(b) All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 If the *securities are *equity securities, the names of the 20 largest holders of the additional *securities, and the number and percentage of additional *securities held by those holders

36 If the *securities are *equity securities, a distribution schedule of the additional *securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 A copy of any trust deed for the additional *securities

(now go to 43)

+ See chapter 19 for defined terms.

Entities that have ticked box 34(b)

38 Number of securities for which
+quotation is sought

39 Class of +securities for which
quotation is sought

40 Do the +securities rank equally in all
respects from the date of allotment
with an existing +class of quoted
+securities?

If the additional securities do not
rank equally, please state:

- the date from which they do
- the extent to which they
participate for the next dividend,
(in the case of a trust,
distribution) or interest payment
- the extent to which they do not
rank equally, other than in
relation to the next dividend,
distribution or interest payment

41 Reason for request for quotation
now

Example: In the case of restricted securities, end of
restriction period

(if issued upon conversion of
another security, clearly identify that
other security)

| | Number | +Class |
|---|--------|--------|
| 42 Number and +class of all +securities
quoted on ASX (including the
securities in clause 38) | | |

(now go to 43)

+ See chapter 19 for defined terms.

New issue announcement

All entities

Fees

43 Payment method (tick one)

Cheque attached

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 *Quotation of our additional *securities is in ASX's absolute discretion. ASX may quote the *securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the *securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those *securities should not be granted *quotation.
- An offer of the *securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any *securities to be quoted and that no-one has any right to return any *securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the *securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the *securities to be quoted, it has been provided at the time that we request that the *securities be quoted.
- If we are a trust, we warrant that no person has the right to return the *securities to be quoted under section 1019B of the Corporations Act at the time that we request that the *securities be quoted.

+ See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

Company Announcements Office
Australian Stock Exchange Limited

Dear Sir/Madam,

Macquarie Life Limited, a wholly owned subsidiary of Macquarie Bank Limited ("Macquarie"), has been granted exemption from compliance with section 259C of the Corporations Act allowing it to invest in Macquarie shares.

The exemption was granted by the Australian Securities and Investments Commission and is subject to certain conditions. One of these conditions is that Macquarie discloses the information below to Australian Stock Exchange Limited on a fortnightly basis.

The aggregated percentage of Macquarie voting shares:

(a) in respect of which Macquarie Life Limited have the power to control voting or disposal; and

(b) underlying derivatives held by Macquarie Life Limited,

as at 23 May 2003, was 0.0413%.

Yours faithfully,

Dennis Leong
Company Secretary

Rule 2.7, 3.10.3, 3.10.4, 3.10.5

Appendix 3B

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin: Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002.

Name of entity

MACQUARIE BANK LIMITED

ABN

46 008 583 542

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

- 1 +Class of +securities issued or to be issued Fully Paid Ordinary Shares

- 2 Number of +securities issued or to be issued (if known) or maximum number which may be issued 37,833

- 3 Principal terms of the +securities (eg, if options, exercise price and expiry date; if partly paid +securities, the amount outstanding and due dates for payment; if +convertible securities, the conversion price and dates for conversion) As per other fully paid ordinary shares already quoted

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

4 Do the *securities rank equally in all respects from the date of allotment with an existing *class of quoted *securities?

YES

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

5 Issue price or consideration

5,668 @ \$14.62 each
 24,165 @ \$18.51 each
 5,000 @ \$18.89 each
 3,000 @ \$19.00 each

6 Purpose of the issue
 (If issued as consideration for the acquisition of assets, clearly identify those assets)

N/A – shares were issued on exercise of employee options.

7 Dates of entering *securities into uncertificated holdings or despatch of certificates

37,833 on 26/05/03

| Number | *Class |
|--------|--------|
|--------|--------|

+ See chapter 19 for defined terms.

| | | | |
|---|---|-------------|--------------------------------------|
| 8 | Number and *class of all *securities quoted on ASX (including the securities in clause 2 if applicable) | 204,832,415 | Fully paid ordinary Shares |
| | | 1,500,000 | Converting Preference Shares (MBLPA) |
| | | 4,000,000 | Macquarie Income Securities (MBLHB) |

| | | Number | *Class |
|---|---|------------|---|
| 9 | Number and *class of all *securities not quoted on ASX (including the securities in clause 2 if applicable) | 24,638,449 | Options over ordinary shares at various exercise prices |

| | | |
|----|--|--|
| 10 | Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests) | Shares rank pari passu with all existing fully paid ordinary shares. |
|----|--|--|

Part 2 - Bonus issue or pro rata issue

- | | | |
|----|--|--|
| 11 | Is security holder approval required? | |
| 12 | Is the issue renounceable or non-renounceable? | |
| 13 | Ratio in which the *securities will be offered | |
| 14 | *Class of *securities to which the offer relates | |
| 15 | *Record date to determine entitlements | |
| 16 | Will holdings on different registers (or subregisters) be aggregated for calculating entitlements? | |

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

17 Policy for deciding entitlements in relation to fractions

18 Names of countries in which the entity has security holders who will not be sent new issue documents

Note: Security holders must be told how their entitlements are to be dealt with.

Cross reference: rule 7.7.

19 Closing date for receipt of acceptances or renunciations

+ See chapter 19 for defined terms.

-
- | | | |
|----|---|--|
| 20 | Names of any underwriters | |
| 21 | Amount of any underwriting fee or commission | |
| 22 | Names of any brokers to the issue | |
| 23 | Fee or commission payable to the broker to the issue | |
| 24 | Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of *security holders | |
| 25 | If the issue is contingent on *security holders' approval, the date of the meeting | |
| 26 | Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled | |
| 27 | If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders | |
| 28 | Date rights trading will begin (if applicable) | |
| 29 | Date rights trading will end (if applicable) | |
| 30 | How do *security holders sell their entitlements <i>in full</i> through a broker? | |
| 31 | How do *security holders sell <i>part</i> of their entitlements through a broker and accept for the balance? | |
| 32 | How do *security holders dispose | |

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

of their entitlements (except by sale through a broker)?

33 *Despatch date

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) Securities described in Part 1

(b) All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 If the *securities are *equity securities, the names of the 20 largest holders of the additional *securities, and the number and percentage of additional *securities held by those holders

36 If the *securities are *equity securities, a distribution schedule of the additional *securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 A copy of any trust deed for the additional *securities

(now go to 43)

+ See chapter 19 for defined terms.

Entities that have ticked box 34(b)

38 Number of securities for which
+quotation is sought

39 Class of +securities for which
quotation is sought

40 Do the +securities rank equally in all
respects from the date of allotment
with an existing +class of quoted
+securities?

If the additional securities do not
rank equally, please state:

- the date from which they do
- the extent to which they
participate for the next dividend,
(in the case of a trust,
distribution) or interest payment
- the extent to which they do not
rank equally, other than in
relation to the next dividend,
distribution or interest payment

41 Reason for request for quotation
now

Example: In the case of restricted securities, end of
restriction period

(if issued upon conversion of
another security, clearly identify that
other security)

| | Number | +Class |
|---|--------|--------|
| 42 Number and +class of all +securities
quoted on ASX (including the
securities in clause 38) | | |

(now go to 43)

+ See chapter 19 for defined terms.

All entities

Fees

43 Payment method (tick one)

Cheque attached

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 *Quotation of our additional *securities is in ASX's absolute discretion. ASX may quote the *securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the *securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those *securities should not be granted *quotation.
- An offer of the *securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any *securities to be quoted and that no-one has any right to return any *securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the *securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the *securities to be quoted, it has been provided at the time that we request that the *securities be quoted.
- If we are a trust, we warrant that no person has the right to return the *securities to be quoted under section 1019B of the Corporations Act at the time that we request that the *securities be quoted.

+ See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

ASX/Media Release

Thursday May 29, 2003

MR PETER KIRBY JOINS MACQUARIE BANK BOARD

Macquarie Bank Chairman David Clarke today announced the appointment of Mr Peter Kirby to the Macquarie Bank Board as an Independent Non-Executive Director, effective 28 June 2003.

Mr Clarke said the Board would benefit greatly from the depth and breadth of Mr Kirby's considerable business and management expertise gained over 30 years in a variety of roles, most recently as Managing Director and CEO of CSR Ltd.

Mr Clarke said: "Mr Kirby presided over CSR's transformation into one of the world's top ten building material groups in five years, culminating in its successful demerger into two independent, listed companies, Rinker Group Limited and CSR Limited."

With the demerger completed, Mr Kirby will leave CSR shortly.

The transformation included 47 transactions valued at \$4.3 billion (including divesting 22 businesses) and followed a review of corporate strategy and a major overhaul of senior management. During this period, CSR's earnings per share, return on equity and share price all increased significantly.

Prior to joining CSR, Mr Kirby was with Imperial Chemical Industries PLC for 25 years in a variety of senior management positions around the world. These included CEO of ICI Paints, responsibility for the group's coatings businesses worldwide, and membership of the Executive Board of ICI Plc.

In November 2002, Mr Clarke announced that the Bank would appoint two new Independent Directors by not later than June 30, 2003. Professor John Niland was appointed to the Board in February 2003. The appointment of Mr Kirby will bring the Macquarie Bank Board membership to ten, including six Independent Directors.

For further information, please contact:

Appendix 3B

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin: Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002.

Name of entity
MACQUARIE BANK LIMITED

ABN
46 008 583 542

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

- 1 +Class of +securities issued or to be issued **Fully Paid Ordinary Shares**
- 2 Number of +securities issued or to be issued (if known) or maximum number which may be issued **133,223**
- 3 Principal terms of the +securities (eg, if options, exercise price and expiry date; if partly paid +securities, the amount outstanding and due dates for payment; if +convertible securities, the conversion price and dates for conversion) **As per other fully paid ordinary shares already quoted**

- See chapter 19 for defined terms.

Appendix 3B
New issue announcement

4 Do the *securities rank equally in all respects from the date of allotment with an existing *class of quoted *securities?

YES

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend. (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

5 Issue price or consideration

13,000 @ \$18.51 each
 97,500 @ \$18.89 each
 16,667 @ \$20.18 each
 6,056 @ \$23.94 each

6 Purpose of the issue
 (If issued as consideration for the acquisition of assets, clearly identify those assets)

N/A – shares were issued on exercise of employee options.

7 Dates of entering *securities into uncertificated holdings or despatch of certificates

133,223 on 29/05/03

| Number | *Class |
|--------|--------|
|--------|--------|

- See chapter 19 for defined terms.

| | | | |
|---|---|-------------|--------------------------------------|
| 8 | Number and *class of all *securities quoted on ASX (including the securities in clause 2 if applicable) | 205,147,597 | Fully paid ordinary Shares |
| | | 1,500,000 | Converting Preference Shares (MBLPA) |
| | | 4,000,000 | Macquarie Income Securities (MBLHB) |

| | | Number | *Class |
|---|---|------------|---|
| 9 | Number and *class of all *securities not quoted on ASX (including the securities in clause 2 if applicable) | 24,311,765 | Options over ordinary shares at various exercise prices |
| | | | |

| | | |
|----|--|--|
| 10 | Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests) | Shares rank pari passu with all existing fully paid ordinary shares. |
|----|--|--|

Part 2 - Bonus issue or pro rata issue

- | | | |
|----|--|--|
| 11 | Is security holder approval required? | |
| 12 | Is the issue renounceable or non-renounceable? | |
| 13 | Ratio in which the *securities will be offered | |
| 14 | *Class of *securities to which the offer relates | |
| 15 | *Record date to determine entitlements | |
| 16 | Will holdings on different registers (or subregisters) be aggregated for calculating entitlements? | |

- See chapter 19 for defined terms.

Appendix 3B
New issue announcement

17 Policy for deciding entitlements in relation to fractions

18 Names of countries in which the entity has security holders who will not be sent new issue documents

Note: Security holders must be told how their entitlements are to be dealt with.

Cross reference: rule 7.7.

19 Closing date for receipt of acceptances or renunciations

-
- 20 Names of any underwriters
- 21 Amount of any underwriting fee or commission
- 22 Names of any brokers to the issue
- 23 Fee or commission payable to the broker to the issue
- 24 Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of *security holders
- 25 If the issue is contingent on *security holders' approval, the date of the meeting
- 26 Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled
- 27 If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders
- 28 Date rights trading will begin (if applicable)
- 29 Date rights trading will end (if applicable)
- 30 How do *security holders sell their entitlements *in full* through a broker?
- 31 How do *security holders sell *part* of their entitlements through a broker and accept for the balance?
- 32 How do *security holders dispose
-

- See chapter 19 for defined terms.

Appendix 3B
New issue announcement

of their entitlements (except by sale through a broker)?

33 *Despatch date

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) Securities described in Part 1

(b) All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 If the *securities are *equity securities, the names of the 20 largest holders of the additional *securities, and the number and percentage of additional *securities held by those holders

36 If the *securities are *equity securities, a distribution schedule of the additional *securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 A copy of any trust deed for the additional *securities

(now go to 43)

+ See chapter 19 for defined terms.

Entities that have ticked box 34(b)

38 Number of securities for which quotation is sought

39 Class of securities for which quotation is sought

40 Do the securities rank equally in all respects from the date of allotment with an existing class of quoted securities?

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

41 Reason for request for quotation now

Example: In the case of restricted securities, end of restriction period

(if issued upon conversion of another security, clearly identify that other security)

| | Number | Class |
|---|--------|-------|
| 42 Number and class of all securities quoted on ASX (including the securities in clause 38) | | |

(now go to 43)

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

All entities

Fees

43 Payment method (tick one)

Cheque attached

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities

Quotation agreement

1 *Quotation of our additional *securities is in ASX's absolute discretion. ASX may quote the *securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the *securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those *securities should not be granted *quotation.
- An offer of the *securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any *securities to be quoted and that no-one has any right to return any *securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the *securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the *securities to be quoted, it has been provided at the time that we request that the *securities be quoted.
- If we are a trust, we warrant that no person has the right to return the *securities to be quoted under section 1019B of the Corporations Act at the time that we request that the *securities be quoted.

+ See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

20 Bridge Street
Sydney, 2000

Dear Sir/Madam

Issue Price for Shares to be issued under the Dividend Reinvestment Plan (DRP) in July 2003

Please be advised that the issue price for new shares to be allotted pursuant to the operation of the Macquarie Bank Limited DRP in respect of the ordinary final and special dividend to be paid on 2 July 2003 will be \$27.02 per share. This includes the 2.5% discount to the market value, calculated in accordance with the DRP rules.

Yours faithfully

Dennis Leong
Company Secretary

of their entitlements (except by sale through a broker)?

33 *Despatch date

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) Securities described in Part 1

(b) All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 If the *securities are *equity securities, the names of the 20 largest holders of the additional *securities, and the number and percentage of additional *securities held by those holders

36 If the *securities are *equity securities, a distribution schedule of the additional *securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 A copy of any trust deed for the additional *securities

(now go to 43)

+ See chapter 19 for defined terms.

Entities that have ticked box 34(b)

38 Number of securities for which *quotation is sought

39 Class of *securities for which quotation is sought

40 Do the *securities rank equally in all respects from the date of allotment with an existing *class of quoted *securities?

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

41 Reason for request for quotation now

Example: In the case of restricted securities, end of restriction period

(if issued upon conversion of another security, clearly identify that other security)

| | Number | *Class |
|---|--------|--------|
| 42 Number and *class of all *securities quoted on ASX (including the securities in clause 38) | | |

(now go to 43)

+ See chapter 19 for defined terms.

Cheque attached

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 *Quotation of our additional *securities is in ASX's absolute discretion. ASX may quote the *securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the *securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those *securities should not be granted *quotation.
- An offer of the *securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any *securities to be quoted and that no-one has any right to return any *securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the *securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the *securities to be quoted, it has been provided at the time that we request that the *securities be quoted.
- If we are a trust, we warrant that no person has the right to return the *securities to be quoted under section 1019B of the Corporations Act at the time that we request that the *securities be quoted.

+ See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

Appendix 3B

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin: Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002.

Name of entity

MACQUARIE BANK LIMITED

ABN

46 008 583 542

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

- | | | |
|---|--|--|
| 1 | +Class of +securities issued or to be issued | Fully Paid Ordinary Shares |
| 2 | Number of +securities issued or to be issued (if known) or maximum number which may be issued | 33,283 |
| 3 | Principal terms of the +securities (eg, if options, exercise price and expiry date; if partly paid +securities, the amount outstanding and due dates for payment; if +convertible securities, the conversion price and dates for conversion) | As per other fully paid ordinary shares already quoted |

+ See chapter 19 for defined terms.

4 Do the ⁺securities rank equally in all respects from the date of allotment with an existing ⁺class of quoted ⁺securities?

YES

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

5 Issue price or consideration

17,500 @ \$14.29 each
 10,783 @ \$18.51 each
 5,000 @ \$18.89 each

6 Purpose of the issue
 (If issued as consideration for the acquisition of assets, clearly identify those assets)

N/A – shares were issued on exercise of employee options.

7 Dates of entering ⁺securities into uncertificated holdings or despatch of certificates

33,283 on 3/06/03

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) Securities described in Part 1

(b) All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 If the *securities are *equity securities, the names of the 20 largest holders of the additional *securities, and the number and percentage of additional *securities held by those holders

36 If the *securities are *equity securities, a distribution schedule of the additional *securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 A copy of any trust deed for the additional *securities

(now go to 43)

* See chapter 19 for defined terms.

Entities that have ticked box 34(b)

38 Number of securities for which
+quotation is sought

| |
|--|
| |
|--|

39 Class of +securities for which
quotation is sought

| |
|--|
| |
|--|

40 Do the +securities rank equally in all
respects from the date of allotment
with an existing +class of quoted
+securities?

If the additional securities do not
rank equally, please state:

- the date from which they do
- the extent to which they
participate for the next dividend,
(in the case of a trust,
distribution) or interest payment
- the extent to which they do not
rank equally, other than in
relation to the next dividend,
distribution or interest payment

| |

Fees

43 Payment method (tick one)

Cheque attached

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities

Quotation agreement

1 +Quotation of our additional +securities is in ASX's absolute discretion. ASX may quote the +securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the +securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those +securities should not be granted +quotation.
- An offer of the +securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any +securities to be quoted and that no-one has any right to return any +securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the +securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the +securities to be quoted, it has been provided at the time that we request that the +securities be quoted.
- If we are a trust, we warrant that no person has the right to return the +securities to be quoted under section 1019B of the Corporations Act at the time that we request that the +securities be quoted.

+ See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

Dear Sir/Madam

Macquarie Bank Limited - Issued Ordinary Capital and Options Update

Since the last notification to ASX of the position at 16 May 2003, there have been the following changes in the number of fully paid ordinary shares of Macquarie Bank Limited on issue.

The following options have been exercised (converting into one fully paid share per option):

- 5,668 options exercisable at \$14.59 each and expiring on 18 September 2003 (MBLAAAX);
- 11,336 options exercisable at \$14.62 each and expiring on 25 September 2003 (MBLABB);
- 14,000 options exercisable at \$14.47 each and expiring on 21 August 2003 (MBLACJ);
- 198,328 options exercisable at \$14.29 each and expiring on 28 August 2003 (MBLACK);
- 28,334 options exercisable at \$13.32 each and expiring on 15 February 2004 (MBLACY);
- 11,334 options exercisable at \$14.18 each and expiring on 23 February 2004 (MBLADE);
- 17,000 options exercisable at \$15.60 each and expiring on 25 February 2004 (MBLADG);
- 107,500 options exercisable at \$18.89 each and expiring on 31 March 2004 (MBLADI);
- 5,668 options exercisable at \$14.36 each and expiring on 27 April 2004

(MBLADK);

- 5,000 options exercisable at \$17.07 each and expiring on 28 April 2004 (MBLADL);
- 14,168 options exercisable at \$14.48 each and expiring on 28 June 2004 (MBLADT);
- 171,238 options exercisable at \$18.51 each and expiring on 13 August 2004 (MBLADW);
- 3,000 options exercisable at \$19.00 each and expiring on 19 August 2004 (MBLAEA);
- 18,364 options exercisable at \$18.51 each and expiring on 31 August 2004 (MBLAEG);
- 3,332 options exercisable at \$18.51 each and expiring on 25 November 2004 (MBLAET);
- 12,500 options exercisable at \$20.29 each and expiring on 29 November 2004 (MBLAEU);
- 16,667 options exercisable at \$20.18 each and expiring on 20 January 2005 (MBLAFD);
- 34,952 options exercisable at \$23.94 each and expiring on 21 July 2005 (MBLAFL);
- 8,000 options exercisable at \$18.51 each and expiring on 6 March 2005 (MBLAFN);
- 1,666 options exercisable at \$18.51 each and expiring on 3 August 2005 (MBLAFV);
- 1,650 options exercisable at \$24.24 each and expiring on 15 August 2005 (MBLAGG); and
- 8,332 options exercisable at \$24.56 each and expiring on 24 August 2005 (MBLAGN).

Thus, at 31 May 2003 the number of issued fully paid ordinary \$1.00 shares was 205,196,181.

Since the last notification to the ASX, there have been no new options issued.

Also, since the last notification to ASX, the following options have lapsed unexercised:

- 1,668 options exercisable at \$23.94 each and expiring on 21 July 2005 (MBLAFL);
- 5,207 options exercisable at \$27.15 each and expiring on 11 January 2006 (MBLAHV);
- 7,570 options exercisable at \$34.71 each and expiring on 2 August 2006 (MBL0029);

Macquarie Bank Limited
ABN 46 008 583 542

- 2,018 options exercisable at \$34.71 each and expiring on 31 August 2006 (MBL0040);
- 8,046 options exercisable at \$30.51 each and expiring on 1 August 2007 (MBL0118); and
- 230 options exercisable at \$30.51 each and expiring on 30 August 2007 (MBL0124).

The number of options on issue at 31 May 2003 was 24,255,255, all exercisable into one share per option.

Yours faithfully

Dennis Leong
Company Secretary

2 cc ASX 99

Rule 2.7, 3.10.3, 3.10.4, 3.10.5

Appendix 3B

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin: Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002.

Name of entity

MACQUARIE BANK LIMITED

ABN

46 008 583 542

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

- 1 +Class of +securities issued or to be issued Fully Paid Ordinary Shares
- 2 Number of +securities issued or to be issued (if known) or maximum number which may be issued 39,836
- 3 Principal terms of the +securities (eg, if options, exercise price and expiry date; if partly paid +securities, the amount outstanding and due dates for payment; if +convertible securities, the conversion price and dates for conversion) As per other fully paid ordinary shares already quoted

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

4 Do the securities rank equally in all respects from the date of allotment with an existing class of quoted securities?

YES

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

5 Issue price or consideration

5,666 @ \$13.50 each
 10,002 @ \$14.29 each
 5,668 @ \$17.11 each
 12,500 @ \$18.08 each
 6,000 @ \$18.51 each

6 Purpose of the issue
 (If issued as consideration for the acquisition of assets, clearly identify those assets)

N/A – shares were issued on exercise of employee options.

7 Dates of entering securities into uncertificated holdings or despatch of certificates

39,836 on 6/06/03

| Number | Class |
|--------|-------|
|--------|-------|

+ See chapter 19 for defined terms.

| | | | |
|---|---|-------------|--------------------------------------|
| 8 | Number and ⁺ class of all ⁺ securities quoted on ASX (including the securities in clause 2 if applicable) | 205,396,507 | Fully paid ordinary Shares |
| | | 1,500,000 | Converting Preference Shares (MBLPA) |
| | | 4,000,000 | Macquarie Income Securities (MBLHB) |

| | | | |
|---|---|------------|---|
| 9 | Number and ⁺ class of all ⁺ securities not quoted on ASX (including the securities in clause 2 if applicable) | Number | ⁺ Class |
| | | 24,043,263 | Options over ordinary shares at various exercise prices |

| | | |
|----|--|--|
| 10 | Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests) | Shares rank pari passu with all existing fully paid ordinary shares. |
|----|--|--|

Part 2 - Bonus issue or pro rata issue

- 11 Is security holder approval required?
- 12 Is the issue renounceable or non-renounceable?
- 13 Ratio in which the ⁺securities will be offered
- 14 ⁺Class of ⁺securities to which the offer relates
- 15 ⁺Record date to determine entitlements
- 16 Will holdings on different registers (or subregisters) be aggregated for calculating entitlements?

⁺ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

17 Policy for deciding entitlements in relation to fractions

18 Names of countries in which the entity has security holders who will not be sent new issue documents

Note: Security holders must be told how their entitlements are to be dealt with

Cross reference: rule 7.7.

19 Closing date for receipt of acceptances or renunciations

+ See chapter 19 for defined terms.

-
- 20 Names of any underwriters
- 21 Amount of any underwriting fee or commission
- 22 Names of any brokers to the issue
- 23 Fee or commission payable to the broker to the issue
- 24 Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of *security holders
- 25 If the issue is contingent on *security holders' approval, the date of the meeting
- 26 Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled
- 27 If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders
- 28 Date rights trading will begin (if applicable)
- 29 Date rights trading will end (if applicable)
- 30 How do *security holders sell their entitlements *in full* through a broker?
- 31 How do *security holders sell *part* of their entitlements through a broker and accept for the balance?
- 32 How do *security holders dispose
-

+ See chapter 19 for defined terms.

**Appendix 3B
New issue announcement**

of their entitlements (except by sale
through a broker)?

33 *Despatch date

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) Securities described in Part 1

(b) All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 If the *securities are *equity securities, the names of the 20 largest holders of the additional *securities, and the number and percentage of additional *securities held by those holders

36 If the *securities are *equity securities, a distribution schedule of the additional *securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 A copy of any trust deed for the additional *securities

(now go to 43)

+ See chapter 19 for defined terms.

Entities that have ticked box 34(b)

38 Number of securities for which
+quotation is sought

| |
|--|
| |
|--|

39 Class of +securities for which
quotation is sought

| |
|--|
| |
|--|

40 Do the +securities rank equally in all
respects from the date of allotment
with an existing +class of quoted
+securities?

If the additional securities do not
rank equally, please state:

- the date from which they do
- the extent to which they
participate for the next dividend,
(in the case of a trust,
distribution) or interest payment
- the extent to which they do not
rank equally, other than in
relation to the next dividend,
distribution or interest payment

| |
|--|
| |
|--|

41 Reason for request for quotation
now

Example: In the case of restricted securities, end of
restriction period

(if issued upon conversion of
another security, clearly identify that
other security)

All entities

Fees

43 Payment method (tick one)

Cheque attached

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 +Quotation of our additional +securities is in ASX's absolute discretion. ASX may quote the +securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the +securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those +securities should not be granted +quotation.
- An offer of the +securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.
Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty
- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any +securities to be quoted and that no-one has any right to return any +securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the +securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the +securities to be quoted, it has been provided at the time that we request that the +securities be quoted.
- If we are a trust, we warrant that no person has the right to return the +securities to be quoted under section 1019B of the Corporations Act at the time that we request that the +securities be quoted.

+ See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

Company Announcements Office
Australian Stock Exchange Limited

COMPANY SECRETARY

Dear Sir/Madam,

Macquarie Life Limited, a wholly owned subsidiary of Macquarie Bank Limited ("Macquarie"), has been granted exemption from compliance with section 259C of the Corporations Act allowing it to invest in Macquarie shares.

The exemption was granted by the Australian Securities and Investments Commission and is subject to certain conditions. One of these conditions is that Macquarie discloses the information below to Australian Stock Exchange Limited on a fortnightly basis.

The aggregated percentage of Macquarie voting shares:

(a) in respect of which Macquarie Life Limited have the power to control voting or disposal; and

(b) underlying derivatives held by Macquarie Life Limited,

as at 6 June 2003, was 0.0412%.

Yours faithfully,

Dennis Leong
Company Secretary

03/11/02 11:17:21

Appendix 3B

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002

Name of entity

MACQUARIE BANK LIMITED

ABN

46 008 583 542

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

- 1. Class of securities issued or to be issued: Fully Paid Ordinary Shares
- 2. Number of securities issued or to be issued (if known) or maximum number which may be issued: 68,330
- 3. Principal terms of the securities (eg, if options, exercise price and expiry date; if partly paid securities, the amount outstanding and due dates for payment; if convertible securities, the conversion price and dates for conversion): As per other fully paid ordinary shares already quoted

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

4 Do the securities rank equally in all respects from the date of allotment with an existing class of quoted securities?

YES

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

5 Issue price or consideration

50,000 @ \$14.89 each
 13,332 @ \$18.51 each
 4,998 @ \$23.94 each

6 Purpose of the issue (If issued as consideration for the acquisition of assets, clearly identify those assets)

N/A – shares were issued on exercise of employee options.

7 Dates of entering securities into uncertificated holdings or despatch of certificates

68,330 on 10/06/03

| Number | Class |
|--------|-------|
|--------|-------|

+ See chapter 19 for defined terms.

| | | | |
|---|---|-------------|--------------------------------------|
| 8 | Number and ⁺ class of all ⁺ securities quoted on ASX (including the securities in clause 2 if applicable) | 205,464,837 | Fully paid ordinary Shares |
| | | 1,500,000 | Converting Preference Shares (MBLPA) |
| | | 4,000,000 | Macquarie Income Securities (MBLHB) |

| | | | |
|---|---|------------|---|
| 9 | Number and ⁺ class of all ⁺ securities not quoted on ASX (including the securities in clause 2 if applicable) | Number | ⁺ Class |
| | | 23,974,933 | Options over ordinary shares at various exercise prices |

| | | |
|----|--|--|
| 10 | Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests) | Shares rank pari passu with all existing fully paid ordinary shares. |
|----|--|--|

Part 2 - Bonus issue or pro rata issue

- | | | |
|----|--|--|
| 11 | Is security holder approval required? | |
| 12 | Is the issue renounceable or non-renounceable? | |
| 13 | Ratio in which the ⁺ securities will be offered | |
| 14 | ⁺ Class of ⁺ securities to which the offer relates | |
| 15 | ⁺ Record date to determine entitlements | |
| 16 | Will holdings on different registers (or subregisters) be aggregated for calculating entitlements? | |

⁺ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

17 Policy for deciding entitlements in relation to fractions

18 Names of countries in which the entity has security holders who will not be sent new issue documents

Note: Security holders must be told how their entitlements are to be dealt with

Cross reference rule 7.7

19 Closing date for receipt of acceptances or renunciations

+ See chapter 19 for defined terms.

-
- | | | |

| 20 | Names of any underwriters | |
| 21 | Amount of any underwriting fee or commission | |
| 22 | Names of any brokers to the issue | |
| 23 | Fee or commission payable to the broker to the issue | |
| 24 | Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of *security holders | |
| 25 | If the issue is contingent on *security holders' approval, the date of the meeting | |
| 26 | Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled | |
| 27 | If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders | |
| 28 | Date rights trading will begin (if applicable) | |
| 29 | Date rights trading will end (if applicable) | |
| 30 | How do *security holders sell their entitlements <i>in full</i> through a broker? | |
| 31 | How do *security holders sell <i>part</i> of their entitlements through a broker and accept for the balance? | |
| 32 | How do *security holders dispose | |

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

of their entitlements (except by sale through a broker)?

33 Despatch date

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) Securities described in Part 1

(b) All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 If the securities are equity securities, the names of the 20 largest holders of the additional securities, and the number and percentage of additional securities held by those holders

36 If the securities are equity securities, a distribution schedule of the additional securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 A copy of any trust deed for the additional securities

(now go to 43)

+ See chapter 19 for defined terms.

Entities that have ticked box 34(b)

38 Number of securities for which quotation is sought

39 Class of securities for which quotation is sought

40 Do the securities rank equally in all respects from the date of allotment with an existing class of quoted securities?

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

41 Reason for request for quotation now

Example: In the case of restricted securities, end of restriction period

(if issued upon conversion of another security, clearly identify that other security)

| | Number | Class |
|---|--------|-------|
| 42 Number and class of all securities quoted on ASX (including the securities in clause 38) | | |

(now go to 43)

+ See chapter 19 for defined terms.

Fees

43 Payment method (tick one)

Cheque attached

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities

Quotation agreement

1 Quotation of our additional securities is in ASX's absolute discretion. ASX may quote the securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those securities should not be granted quotation.
- An offer of the securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any securities to be quoted and that no-one has any right to return any securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the securities to be quoted, it has been provided at the time that we request that the securities be quoted.
- If we are a trust, we warrant that no person has the right to return the securities to be quoted under section 1019B of the Corporations Act at the time that we request that the securities be quoted.

+ See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

MACQUARIE
BANK

MACQUARIE
BANK

MACQUARIE
BANK

The action is at the edge

- We expect every business to take responsibility for its growth
 - including recommending strategy
- The role of the centre is to provide an environment which fosters entrepreneurial activity
 - risk management the key role of the centre

Freedom within boundaries

Advantages of freedom within boundaries

- Encourages entrepreneurial endeavour
- Operating decisions made by those closest to clients, markets and business problems
- Provides a sense of real business ownership
- Top management remain focussed on
 - risks arising from market and industry forces
 - issues of medium and long term significance
- Risk of big mistakes minimised

MACQUARIE
BANK

Commitment to growth

- Predominantly organic growth
- Continue to invest through the cycle
- Supported by personnel and remuneration systems

Focus on people

- Careful hiring
- Provide opportunities
- Respect contribution
- Excellent motivation and retention

Encourage commitment

- Every business must be viable through the cycle
- Tough times are an opportunity to increase market share
- Reward commitment

Remuneration system

- Critical factor in delivering for all stakeholders
- Key features:
 - Consistent approach
 - Market rate of base pay
 - At-risk profit share tied to performance, formula-driven since inception
 - Medium and long-term deferral and retention arrangements
- Significant staff equity participation
- Impact on the business:
 - Encourages long-term commitment
 - Consistency provides staff with security to venture into new businesses
 - Aligns interests of staff with shareholders

Treasury and Commodities: fast growth in slow growth markets

Consistently profitable in diverse conditions

- 365% increase in revenue over the decade
- Many products in many locations
- Profits up 40% in 2003

Agenda

The cultural keys to Macquarie's success

*Allan Moss
Managing Director and Chief Executive Officer*

Treasury and Commodities
– a case study of action at the edge

*Andrew Downe
Group Head, Treasury and Commodities*

2003 – Record year

- Profits up 40% on pcp
- 23% contribution to Bank profits
- Every major Division achieved a record or near record result
- Strong and increased contributions to Group profit:
 - Metals and Mining
 - Foreign Exchange
 - Treasury
 - Agricultural Commodities
- Increasing market shares, increased product and market diversity
- Achieved without increasing risk profile or costs

Net income growth

365% increase over the decade

* As at 31 March

Metals and Mining Division - Active Globally

MACQUARIE
BANK

Metals and Mining Division - Active Globally

MACQUARIE
BANK

Agricultural Commodities Division - Freedom within boundaries

- Bound by appropriate controls
 - Independent credit risk sign-off
 - Market risk limits
 - New product approval process
 - Operational risk standards
- Within these boundaries, the Division is free to decide:
 - Business strategy
 - Product offerings
 - Client lists
 - Staffing, including relocation as appropriate
 - Cost base

MACQUARIE
BANK

Agricultural Commodities Division Commitment to growth

- Acquired from Bankers Trust in 1999. Since then:
 - 230% approximate increase in net trading income
 - Increase in staff numbers from 11 to 35
 - Increase in staff locations to include Geneva, Sao Paolo, New York and London
 - Geographic expansion – now servicing clients in every continent except Antarctica
 - Increase in product diversity – now active across 6 additional agricultural commodities (coffee, cocoa, wool, soy complex, corn and cotton)

New ventures - Rationale for pursuing energy sector

- Established market - high level of energy related revenue generated by global investment banking competitors (Goldman Sachs, Morgan Stanley and Bank of America)
- Appropriate timing - energy merchant collapses (Enron, etc.) opened up opportunities in terms of staff and clients
- Previous success in establishing offshore businesses
- Offshore infrastructure in place
- Ability to act on opportunity made entry possible:
 - Existing derivative capabilities used over new asset classes
 - Stronger and larger balance sheet to support expansion
 - Ability to attract key staff with relevant industry expertise

New ventures – Energy Markets Division

- Established in July 2002, based in London
- Headed by returning Macquarie employee with significant industry experience
- Team of 10, including 4 external hires, focussed on growing the business
- Aiming to build a niche in structured client solutions - structuring and trading oil and gas products
- Current and prospective client list predominantly new names for Macquarie

New ventures - Macquarie Energy Capital

- Established operations in July 2002, based in Houston, Texas
- Team of 5, including 4 external hires
- Management based in Sydney with detailed oversight of the business
- Focussed on oil and gas mezzanine finance targeting small to medium cap producers
- Similar style transactions to asset backed derivative and finance deals with small cap mining companies (Metals and Mining Division)

Outlook

- Optimistic about prospects for the next 12 months due to:
 - Leading market positions
 - Business diversity
 - Stable cost base
 - International growth initiatives
 - New ventures

- Will continue to focus on selective expansion

Rule 2.7, 3.10.3, 3.10.4, 3.10.5

Appendix 3B

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin. Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002

Name of entity

MACQUARIE BANK LIMITED

ABN

46 008 583 542

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

- 1 Class of securities issued or to be issued Fully Paid Ordinary Shares

- 2 Number of securities issued or to be issued (if known) or maximum number which may be issued 40,832

- 3 Principal terms of the securities (eg, if options, exercise price and expiry date; if partly paid securities, the amount outstanding and due dates for payment; if convertible securities, the conversion price and dates for conversion) As per other fully paid ordinary shares already quoted

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

4 Do the securities rank equally in all respects from the date of allotment with an existing class of quoted securities?

YES

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

5 Issue price or consideration

12,500 @ \$14.29 each
 25,666 @ \$18.51 each
 2,666 @ \$23.94 each

6 Purpose of the issue
 (If issued as consideration for the acquisition of assets, clearly identify those assets)

N/A – shares were issued on exercise of employee options.

7 Dates of entering securities into uncertificated holdings or despatch of certificates

40,832 on 16/06/03

| Number | Class |
|--------|-------|
|--------|-------|

+ See chapter 19 for defined terms.

| | | | |
|---|---|-------------|--------------------------------------|
| 8 | Number and [†] class of all [†] securities quoted on ASX (including the securities in clause 2 if applicable) | 205,531,669 | Fully paid ordinary Shares |
| | | 1,500,000 | Converting Preference Shares (MBLPA) |
| | | 4,000,000 | Macquarie Income Securities (MBLHB) |

| | | | |
|---|---|------------|---|
| 9 | Number and [†] class of all [†] securities not quoted on ASX (including the securities in clause 2 if applicable) | Number | [†] Class |
| | | 23,906,193 | Options over ordinary shares at various exercise prices |

| | | |
|----|--|--|
| 10 | Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests) | Shares rank pari passu with all existing fully paid ordinary shares. |
|----|--|--|

Part 2 - Bonus issue or pro rata issue

- | | | |
|----|--|--|
| 11 | Is security holder approval required? | |
| 12 | Is the issue renounceable or non-renounceable? | |
| 13 | Ratio in which the [†] securities will be offered | |
| 14 | [†] Class of [†] securities to which the offer relates | |
| 15 | [†] Record date to determine entitlements | |
| 16 | Will holdings on different registers (or subregisters) be aggregated for calculating entitlements? | |

[†] See chapter 19 for defined terms.

18 Names of countries in which the entity has security holders who will not be sent new issue documents

Note: Security holders must be told how their entitlements are to be dealt with.

Cross reference rule 7.7

19 Closing date for receipt of acceptances or renunciations

+ See chapter 19 for defined terms.

-
- | | | |
|----|---|--|
| 20 | Names of any underwriters | |
| 21 | Amount of any underwriting fee or commission | |
| 22 | Names of any brokers to the issue | |
| 23 | Fee or commission payable to the broker to the issue | |
| 24 | Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of "security holders | |
| 25 | If the issue is contingent on "security holders" approval, the date of the meeting | |
| 26 | Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled | |
| 27 | If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders | |
| 28 | Date rights trading will begin (if applicable) | |
| 29 | Date rights trading will end (if applicable) | |
| 30 | How do "security holders sell their entitlements <i>in full</i> through a broker? | |
| 31 | How do "security holders sell <i>part</i> of their entitlements through a broker and accept for the balance? | |
| 32 | How do "security holders dispose | |

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

of their entitlements (except by sale through a broker)?

33 Despatch date

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) Securities described in Part I

(b) All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 If the securities are equity securities, the names of the 20 largest holders of the additional securities, and the number and percentage of additional securities held by those holders

36 If the securities are equity securities, a distribution schedule of the additional securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 A copy of any trust deed for the additional securities

(now go to 43)

+ See chapter 19 for defined terms.

Entities that have ticked box 34(b)

38 Number of securities for which quotation is sought

39 Class of securities for which quotation is sought

40 Do the securities rank equally in all respects from the date of allotment with an existing class of quoted securities?

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

41 Reason for request for quotation now

Example: In the case of restricted securities, end of restriction period

(if issued upon conversion of another security, clearly identify that other security)

| | Number | Class |
|---|--------|-------|
| 42 Number and class of all securities quoted on ASX (including the securities in clause 38) | | |

(now go to 4.1)

+ See chapter 19 for defined terms.

New issue announcement

All entities

Fees

43 Payment method (tick one)

Cheque attached

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities

Quotation agreement

1 Quotation of our additional securities is in ASX's absolute discretion. ASX may quote the securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those securities should not be granted quotation.
- An offer of the securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any securities to be quoted and that no-one has any right to return any securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the securities to be quoted, it has been provided at the time that we request that the securities be quoted.
- If we are a trust, we warrant that no person has the right to return the securities to be quoted under section 1019B of the Corporations Act at the time that we request that the securities be quoted.

+ See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

of their entitlements (except by sale through a broker)?

33 [†]Despatch date

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) Securities described in Part 1

(b) All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 4.3)

Tick to indicate you are providing the information or documents

35 If the [†]securities are [†]equity securities, the names of the 20 largest holders of the additional [†]securities, and the number and percentage of additional [†]securities held by those holders

36 If the [†]securities are [†]equity securities, a distribution schedule of the additional [†]securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 A copy of any trust deed for the additional [†]securities

(now go to 4.3)

[†] See chapter 19 for defined terms.

Entities that have ticked box 34(b)

38 Number of securities for which quotation is sought

39 Class of securities for which quotation is sought

40 Do the securities rank equally in all respects from the date of allotment with an existing class of quoted securities?

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

41 Reason for request for quotation now

Example: In the case of restricted securities, end of restriction period

(if issued upon conversion of another security, clearly identify that other security)

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities

Quotation agreement

1 Quotation of our additional securities is in ASX's absolute discretion. ASX may quote the securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those securities should not be granted quotation.
- An offer of the securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any securities to be quoted and that no-one has any right to return any securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the securities to be quoted, it has been provided at the time that we request that the securities be quoted.
- If we are a trust, we warrant that no person has the right to return the securities to be quoted under section 1019B of the Corporations Act at the time that we request that the securities be quoted.

+ See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

Electronic payment made

Note: Payment may be made electronically. If Appendix 3B is given to ASX electronically at the same time.

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities

Quotation agreement

1 Quotation of our additional securities is in ASX's absolute discretion. ASX may quote the securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those securities should not be granted quotation.
- An offer of the securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any securities to be quoted and that no-one has any right to return any securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the securities to be quoted, it has been provided at the time that we request that the securities be quoted.
- If we are a trust, we warrant that no person has the right to return the securities to be quoted under section 1019B of the Corporations Act at the time that we request that the securities be quoted.

+ See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

Macquarie continued to establish itself as a key player in infrastructure advisory internationally. During the year, Macquarie's was final call, power to tube lines on the \$1.6 billion program to upgrade and maintain the infrastructure of the Jiribee North and Piccolilly lines of the London Underground network. The high level of investment is a core area of expertise and growth potential for the Bank.

MACQUARIE BANK

In 1813 Lachlan Macquarie, Governor of the colony of New South Wales, overcame an acute currency shortage by purchasing Spanish silver dollars (then worth five shillings), punching out the centres and creating two new coins - the 'Holey Dollar' (valued at five shillings) and the 'Dump' (valued at one shilling and three pence). This single move not only doubled the number of coins in circulation but increased their total worth by 23 per cent and prevented the coins from leaving the colony.

Governor Macquarie's creation of the 'Holey Dollar' was an inspired solution to a difficult problem and for this reason it was chosen as the symbol of the Macquarie Bank Group.

The Macquarie Bank Group's annual report consists of two documents - the 2003 Annual Review (previously the Condser Report) and the 2003 Financial Report. The Annual Review provides an overview of the Group's operations and a summary of the financial statements.

If you would like a copy of the 2003 Financial Report, please call us on 612 8232 3331 or visit www.macquarie.com.au/investorrelations

Macquarie Bank's 2003 Annual General Meeting will be held at 10.30am on Thursday, 31 July 2003 at The Westin Sydney in the Grand Ballroom, Lower Level, No. 1 Martin Place, Sydney.

Details of the business of the meeting are contained in the separate Notice of Meeting sent to security holders.

*BASED ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH

Profit is ultimately why we own a business. We seek to both increase our profitability and we take pride in our profit record. Profitability is fundamental to our success. It funds our continued growth and rewards both our shareholders and our employees.

Macquarie has achieved consistent profit growth. Our profit has been driven by a focus on areas where our skills and expertise provide a real advantage for clients. As a result, we have established leading positions in a diverse range of international markets and regions. This strategy has also delivered strong results throughout challenging market and economic cycles. Macquarie's commitment to diversity of business activity has rewarded shareholders with long-term, stable profit growth.

Strive for profitability

Integrity means being accountable for mistakes and understanding that the manner in which we do business and the imprint we leave is just as important as the business itself. At Macquarie we provide an environment that encourages staff to make their personal mark on their team, clients, customers and community. Integrity activities we are judged by the market.

Integrity

Chairman's and Managing Director's Report
Despite the challenging market conditions the Bank achieved its eleventh successive record profit, which illustrates resilience and ability to produce solid results through the economic cycle. We remain committed to our long-term and focusing strategy of full service investment banking in Australia and focusing on selected business activities in international markets.

Continuing cost management initiatives, around the Bank being underwritten by a strong investment portfolio to increase ratio from 77.8 per cent to 79.9 per cent. The Bank remains strongly and conservatively capitalised, with a 1.1 capital ratio of 19.0 per cent which provides the ability to both support business initiatives and maintain strong credit ratings. The past year was perhaps the most difficult in recent history, marked by rampant, worldwide uncertainty and equity market declines around the world. Despite the challenging market conditions, the Bank delivered a strong performance, exceeding market expectations to provide solid results through the economic cycle.

The significant increase in profit reflects the strength of the Bank's business and the diversity of its operations across a wide variety of markets and business. This result also reflects the benefits that have flowed from the Bank's capital raising that was underwritten in September 2001 and the subsequent investments that have been made to grow our business.

Result

The Macquarie Bank Group (the Bank) delivered another record result in the financial year to 31 March 2007. Consolidated after tax profit increased 33 per cent to \$333 million and consolidated pre-tax profit increased 31 per cent to \$370 million. Earnings per share increased 34 per cent from \$1.32 to \$1.95. Total operating income rose by 15 per cent to \$1.8 billion. Funding and commission and interest income were up on the previous year. Fee and commission income contributed approximately 61 per cent of income and 56.11 per cent on the previous (non-recurring) period.

Although the Bank's share price fell during the course of the year, Macquarie outperformed most other peer investment banks in terms of total shareholder returns during the period. Total shareholder return reflects the value of a shareholding over time and assumes that dividends are reinvested into new shares when they are paid.

Review of operations

All six major business groups made a contribution to the record result. The focus on banking Group continued to perform well in a difficult economic climate. Performance was marginally up on the past year. The Group maintained its position as a world leader in project and infrastructure financing and was ranked the 2007 No 1 bank of choice in the Asia Pacific, and in the Americas regions, and No 2 globally by industry publication *Project Finance International*. The Group was also ranked as the 3rd most and acquisition advisor in Australia in 2007 by *Investment Banker*.

* Adjusted to exclude the impact of the 2007 share price increase. All Ordinaries Accumulation Index is the weighted performance of the All Ordinaries Index from 1970 to 2007.

Strategic initiatives during the year included the launch of three new infrastructure funds in Australia – Macquarie Airport (MARP), Macquarie Communications Infrastructure Group (MCIIG) and SouthEast Coast (SEC) – and a road infrastructure fund in South Korea. Revenue from infrastructure funds increased by 20% in the period. Full service investment banking interests in Sydney, London, Birmingham and New York (which was complementing the existing commitment for the regional industry) has been extensively diluted and the fund's management remains confined to the asset values and the score for a range of operational improvement at all the airports. Macquarie Regional Assets Fund (MRAF) at a 20% return was raised in May 2007.

Macquarie Capital continued to strengthen its position as a quality financial services provider to the corporate and small business government and public sector. Six funds, including Macquarie Infrastructure Fund, raised a total of \$1.5 billion to \$2.7 billion through organic growth. International New York-based credit facility was also raised to \$1.5 billion to underwrite the facility. The existing credit facility was maintained.

The Energy and Commodity Group had another outstanding year with energy business achieving a record performance. Retail and Infrastructure Commodity all dedicated to the highly competitive

The Group's contribution was driven by increased market share and increased risk taking, without increasing the level of credit risk. In addition, new revenue streams were generated, including the sale of assets in the energy and infrastructure business, based in Houston.

The Banking and Treasury Group posted a high credit loss, but profit, with no new credit commitments from the Property, Banking and Specialty Funds, which management is looking to reduce. What was a major achievement for the group was the sale of the Property Fund to the private sector. The group's performance was strong during the period, despite the loss of the Property Fund. The group's performance was strong during the period, despite the loss of the Property Fund. The group's performance was strong during the period, despite the loss of the Property Fund.

The Equity Markets Group's contribution to profit was well up on the track, with a strong performance. The group's performance was strong during the period, despite the loss of the Property Fund. The group's performance was strong during the period, despite the loss of the Property Fund.

The Asset Management Group's performance was strong during the period, despite the loss of the Property Fund. The group's performance was strong during the period, despite the loss of the Property Fund. The group's performance was strong during the period, despite the loss of the Property Fund.

The Infrastructure Group's performance was strong during the period, despite the loss of the Property Fund. The group's performance was strong during the period, despite the loss of the Property Fund. The group's performance was strong during the period, despite the loss of the Property Fund.

due to the increased contribution of the Group's assets under management in the year. The Group's assets under management increased by 20% in the period. Full service investment banking interests in Sydney, London, Birmingham and New York (which was complementing the existing commitment for the regional industry) has been extensively diluted and the fund's management remains confined to the asset values and the score for a range of operational improvement at all the airports. Macquarie Regional Assets Fund (MRAF) at a 20% return was raised in May 2007.

Long term performance

Macquarie Bank Limited (the Bank) delivered another record result in the financial year to 31 March 2007. Consolidated after tax profit increased 33 per cent to \$333 million and consolidated pre-tax profit increased 31 per cent to \$370 million. Earnings per share increased 34 per cent from \$1.32 to \$1.95. Total operating income rose by 15 per cent to \$1.8 billion. Funding and commission and interest income were up on the previous year. Fee and commission income contributed approximately 61 per cent of income and 56.11 per cent on the previous (non-recurring) period.

Chairman's and Managing Director's Report continued

Long-term performance continued
The strategy of our investment portfolio has been to outperform our competitors but also address the needs of our clients. We have been able to do this through our investment banking fees.

The consistently strong results produced by the Bank can be attributed to the continued implementation of strategic focus on ways where we can add special value, develop mutually beneficial relationships and continue to develop a portfolio of businesses providing attractive diversity.

Commitment to specialist funds strategy

We are committed to our specialist funds strategy of building and growing vehicles which have the capacity to provide asset classes in areas such as property and infrastructure. We believe that our skills in these particular areas give us a competitive advantage in acquiring and managing these assets thereby delivering superior returns to shareholders. As the growth in this diversified, outstanding value investment strategy continues, we have been able to build our funds over the long term. We aim to continue to build our portfolio of specialist assets in our infrastructure and property funds.

Management approach

The Bank has maintained its commitment to a strategy of specialist investment in infrastructure and other specialist markets where there is a genuine opportunity to add value. This has been achieved via ongoing growth opportunities in our ventures, such as in market partners or small acquisitions in niche markets. During the year, Macquarie increased its international network of offices to include Dublin, London, Geneva, Frankfurt, Moscow, San Jose, San Diego and Memphis (USA) and Lisbon (Malaysia).

Staff members have delivered the difficult task of re-structuring and building the business in the infrastructure industry both in Australia and around the world. The successful market conditions have presented some of our businesses with an opportunity to increase market share and diversify our investment portfolio. We have been able to do this through our investment banking fees.

Macquarie has continued to focus on organic growth by building new businesses. In addition to the launch of a number of new specialist funds, various new business initiatives were undertaken during the year. These included the establishment of new equity investments, alliances in South Africa and South Korea, an energy trading business based in London and an oil and gas investment fund business based in Houston.

The potential for continued organic growth by successfully building new businesses, alongside our ability to reward our people for their achievements.

Macquarie has maintained a consistent approach to remuneration with market participants reflecting our focus on long-term value creation. Bank's remuneration approach has been to ensure that remuneration is linked to performance and is based on the probability and return on capital that provides for a significant return in the case of some assets. A large proportion of returns remain locked at least until performance is proven and equity participation fees are earned through an option acquisition plan.

Multi-share deferred and long-term arrangements that encourage long term commitment. The principles of this remuneration structure have been reinforced with the Bank's focus on long-term value creation and the delivery of our strategy, commitment to providing strong long term performance and creating long term employment and staff commitment.

During the year the Board completed an annual strategic review and has continued to perform a range of advisory services to our clients. The Board has also continued to focus on the strategic direction of the Bank and has approved a number of key initiatives and strategic objectives for the year.

The Banking and Property Group posted its fifth consecutive record profit with increased contributions from the Property, Banking and Golf and Leisure businesses.

The Treasury and Commodities Group's contribution was driven by increased market share and product and market diversity.

TREASURY AND COMMODITIES GROUP CONTRIBUTION TO THE GROUP

Every major theme within the Group achieved a record for most of the year, with foreign and energy commodity trading, energy and Agricultural Commodities, together all making strong and increased contributions to Group profit. The 40 per cent increase in Group contribution on last year was largely driven by increased market share and product and market diversity without increasing the risk profile or costs.

Metals and Mining: Diversan offers a wide market, diversifies trading and focuses across a range of base and precious metals. The Division greatly benefited from increased volatility when it was exposed from activities that have increased from activity in the past. The Division was an early entrant in the market and has built up an extensive track record of expertise in the area and has since benefited fully in this area as it was expected to be the best bet.

Foreign Exchange: Diversan provides a full range of foreign exchange services for clients. The Division again enjoyed a very profitable year with all businesses significantly increasing their profit contribution. The growth in profitability risk-free hedge volume, increased market share and diversity of products such as the interest, volatility business clearly outweighed other trading related costs in terms of currency risk.

Treasury: Diversan is recognised for its management of the Bank's balance sheet, liquidity and interest rate risk. This year, diversification in the risk management business in global funding markets by controlling a number of successful banks and flexible transactions while maintaining consistent management of the Bank's balance sheet and liquidity profile. The Division achieved an increased contribution to the overall result, growth in revenue volatility and market uncertainty.

Banking and Property Group posted its fifth consecutive record profit with increased contributions from the Property, Banking and Golf and Leisure businesses.

Property Investment Management led the Group's performance in 1997. The Division's contribution was driven by increased market share and product and market diversity.

Property Investment Banking continued to be a key contributor to the Group's performance. The Division's contribution was driven by increased market share and product and market diversity.

Property Investment Research provided valuable insights into the market and industry trends. The Division's contribution was driven by increased market share and product and market diversity.

Property Investment Development focused on identifying and developing new investment opportunities. The Division's contribution was driven by increased market share and product and market diversity.

Property Investment Advisory provided expert advice on investment strategies and market conditions. The Division's contribution was driven by increased market share and product and market diversity.

International Real Estate continued to be a key contributor to the Group's performance. The Division's contribution was driven by increased market share and product and market diversity.

Property Finance provided a range of financing solutions for clients. The Division's contribution was driven by increased market share and product and market diversity.

Property Development focused on identifying and developing new development opportunities. The Division's contribution was driven by increased market share and product and market diversity.

Property Management provided a range of management services for clients. The Division's contribution was driven by increased market share and product and market diversity.

Property Leasing provided a range of leasing services for clients. The Division's contribution was driven by increased market share and product and market diversity.

Property Valuation provided expert valuation services for clients. The Division's contribution was driven by increased market share and product and market diversity.

Property Insurance provided a range of insurance services for clients. The Division's contribution was driven by increased market share and product and market diversity.

The Banking Division again only increased its profit contribution. Growth was driven by increased market share and product and market diversity.

Margin Lending continued to grow. The Division's contribution was driven by increased market share and product and market diversity.

Securitisation and Mortgages provided a range of financing solutions for clients. The Division's contribution was driven by increased market share and product and market diversity.

Property Investment continued to be a key contributor to the Group's performance. The Division's contribution was driven by increased market share and product and market diversity.

Property Finance provided a range of financing solutions for clients. The Division's contribution was driven by increased market share and product and market diversity.

Property Development focused on identifying and developing new development opportunities. The Division's contribution was driven by increased market share and product and market diversity.

Property Management provided a range of management services for clients. The Division's contribution was driven by increased market share and product and market diversity.

The Equity Markets Group's contribution was well up on last year and it maintained its leading domestic market shares.

Equity Markets Group undertakes the Bank's core buy/sell, trading, risk, arbitrage and market making activities in equities and equity derivatives. It utilises its risk management skills to optimise equity funded financial solutions and products for retail and wholesale clients, and oversees the Bank's equity finance operations.

In its last year of operation, the South African equity derivatives allowed Africa to be the leading market in the world. However, in our outlook with the original terms of the agreement, the alliance ended in March 2003. The equity derivatives market in South Africa still remains attractive and consequently Macquarie has formed a new equity derivatives business alliance with BNP Paribas, one of the leading European banks. The business is anticipated to flourish at least five years and Macquarie will receive a five percent share of the revenues. The Group's prior experience in this market means the start-up phase should be short from regional and the new business is expected to achieve a small profit in its first year of operation.

The Group's equity derivatives business in the Hong Kong market returned to profitability following a recent market and regulatory environment. The prevailing year has been an excellent result given the difficult trading conditions which demand for retail financial products has been at a low level. Macquarie improved its market share and increased its sales of listed and unlisted financial products, and added securities over products including equity linked instruments over international shares.

The European business, over its third year of operation, maintained a leading role for the year, notwithstanding the very weak performance of all European equities. However, high volatility costs resulted in a net loss for the year. To achieve better economies of scale, a recent renegotiation saw the risk management and related infrastructure relocated to Australia. A distribution team remains in Europe to engage transactions in equity finance and structured products.

Equity Markets Group

The Japanese equity derivatives business, with Mizuho Securities, continued to experience very strong trading conditions, and resulting substantial capital flow. Despite this, the business made a small profit and is forecast to be upgraded to very strong in Japanese market conditions from the current 20 Year Base.

The Group's Brazilian derivatives business, in equity derivatives, in early 2003, particularly Market activity was relatively strong for two years. Due to the decline in operational activity and as a result of an international risk premium, the Sao Paulo team has completed a review of the value of equity derivatives relative to the Sao Paulo local market and is likely to be sold. Macquarie is currently reviewing these derivatives to establish Macquarie as a separate player in this market segment.

The Group has also recently entered derivatives alliance with West Bank, one of the largest banks in South Korea. Macquarie's market respect with significant liquidity capacity from retail investors makes this market very attractive. It is anticipated that the alliance will be up to 10 months.

Continued operations at and in emerging markets, combined with the effects of South African Regulatory requirements in Asia, makes it a more wide outlook for equity markets. Very low return however, indicates under-rotation in the past few years in response to subdued market conditions means the Group can continue to expand into these markets and is well positioned to capitalise on any improvement in investor demand and interest rates, which warrants

The Financial Services Group achieved profitability, largely driven by a growth in client numbers and revenue.

The Financial Services Group raised fees, lowered and achieved a small profit on a number of new, high-growth deals at market conditions. The bank had been making losses since the last two years as the Group undertook a major development of technology systems, and core solution of its services. The Group had experienced growth in client numbers and revenue, and the revenue has been increasingly anomaly based. During the year, an agreement was entered into with Heritage Limited to transfer select advisory, custody to the Group. Cost containment and productivity enhancements were also a major focus this year with the Group completing the implementation of its information technology (IT) development program. The Group also completed a review of its tax costs of operations, and implemented a number of cost saving measures. These are planned to achieve further efficiencies during the next 12 months. This program is part of a continued focus to create the Group's operations, and compete with market conditions.

As part of the Group's focus on the regulatory environment, the Financial Services Group has continued to work during the year to ensure it is ready for the full transition to the new terms of the Financial Services Reform Act.

Macquarie Adviser Services Division had been main focus of growth this year, as the division's platform enabling clients to invest in a number of investment through a single point, while providing them an excellent monitoring and consolidated investment and reporting. Assets under management in this division by the end of the year were \$1.3 billion and the platform had the Australian market in focus for the year. At December 2007, the other main areas of growth was the Macquarie Cash Management Fund (CMF) which continued to grow steadily, up by 1.9 per cent from 18.2 billion to 18.6 billion. The net inflows into the Macquarie CMF for 2007 exceeded

During the year the Division continued to invest in the technology investment fund, to fund the new Equity Markets Group, and to fund the Equity Markets Group. As a member of the cross-sectional team working on this program, the team has a significant role in the development of the fund's implementation of "Integrate". During the year the team has been successful in completing the implementation of the fund's technology and infrastructure. The fund's first investment in May 2007, following a 10 per cent share in Super Alloy Technology, a developer and manufacturer of cell phones.

With considerable global liquidity and generally increased uncertainty in the market, opportunities for investment by way of funds, such as the fund, were very limited. As a result of this, the fund's first investment in May 2007, following a 10 per cent share in Super Alloy Technology, a developer and manufacturer of cell phones.

Macquarie Direct Investment Division has had a strong performance in the year, with the fund's first investment in May 2007, following a 10 per cent share in Super Alloy Technology, a developer and manufacturer of cell phones.

Other Groups and Divisions

In November, the Group realises its strategic plan, to provide greater choice, flexibility and quality of services, especially to its main banking clients. This strategy is being implemented through the Group's investment in the new technology systems, and the Group's investment in the new technology systems, and the Group's investment in the new technology systems.

Outlook

While market conditions may remain challenging, the Financial Services Group is confident that it will continue to invest in its growth opportunities in the long term by offering a diverse and progressive range of products and services to both its retail and direct client bases. This will extend to the Group's operations in New Zealand where the focus is on providing a range of services to its clients through the Group's investment strategy and other related investment strategy. As planned, over the next few years, the Group has increased its operations, strengthened its retail base and increased its focus on offering a range of services to its clients. The Group will continue to invest in the acquisition of a number of additional private client advisers. The Division continues to increase its focus on regulatory requirements and compliance, by focusing on areas of growth that support the Group's business, and ensure they fully comply with enhanced industry standards and regulations.

Quantitative Applications Division The Quantitative Applications Division provides the analytical framework for the Group's investment strategy. The team is focused on the development of the Group's investment strategy, and the Group's investment strategy.

Corporate Affairs Group The Corporate Affairs Group provides the Group's investment strategy, and the Group's investment strategy.

Macquarie Adviser Services Division The Macquarie Adviser Services Division provides the Group's investment strategy, and the Group's investment strategy.

Macquarie Direct Investment Division The Macquarie Direct Investment Division provides the Group's investment strategy, and the Group's investment strategy.

Other Groups and Divisions continued

The **Business Improvement Division** is a result of internal consolidation within the Bank's business units and support areas. The team's key responsibilities are to identify and define requirements in relation to new products, services and facilities, and to coordinate the development of these products, services and facilities.

Under the terms of the **Contracted Services and Agency Relationship Agreement**, the Division has worked with a number of external service providers to deliver a range of services, including: **customer support, performance measurement and reporting, new product/business analysis, business process re-engineering, project management, support information management and change management.**

The **Customer Direct** division is a team of staff in all areas of the Bank and manages the Bank's relationship with its major customers and valued advisers globally. The Division had a busy year commencing the Bank's response to numerous legislative changes to maintain ongoing compliance with the bank's business affairs and to ensure that the Division's services are delivered in a timely and efficient manner. The Division will continue to focus on developing its support to the bank's business units and ensuring that the bank's compliance with the **Anti-Money Laundering and Terrorist Financing** Act is maintained and improved.

The **Business Services Division** provides support to the bank's business units and is responsible for the bank's compliance with the **Anti-Money Laundering and Terrorist Financing** Act. The Division was closely involved in the development and implementation of the bank's **Business Services** strategy for the next year.

Investor Relations oversees the Bank's external relations with the investment community and actively works to foster relationships with the Bank's shareholders. With financial markets in flux during the year, the Division has focused on providing investors with timely and relevant information about the Bank. Consistent with the Bank's strategy of increasing its share of business, the Division has focused on targeting new shareholders, particularly in offshore markets.

The **Human Resources Division** assists with recruitment, development and training of staff in Australia and internationally. The Division achieves this through sophisticated recruitment strategies and techniques, leadership development and training programs that help staff realize their potential and expand their career horizons, and performance based reward mechanisms.

For the third year running, **Management** was responsible for the recruitment of the Bank's employees to work in Australia through a joint venture with **Manpower International**. The bank's business units have been successful in attracting and retaining staff in a competitive market. The study results were based on a combination of staff surveys and external validation of the bank's management practices and employee value propositions.

Business Services (Internal Affairs) oversees support functions for the Bank's international and domestic offices. During the year the Division has been successful in identifying and addressing the bank's compliance requirements, including the implementation of the **Anti-Money Laundering and Terrorist Financing** Act. The Division was closely involved in the development and implementation of the bank's **Business Services** strategy for the next year.

Corporate Communications Division oversees the Bank's external relations with the investment community and actively works to foster relationships with the Bank's shareholders. With financial markets in flux during the year, the Division has focused on providing investors with timely and relevant information about the Bank. Consistent with the Bank's strategy of increasing its share of business, the Division has focused on targeting new shareholders, particularly in offshore markets.

The **Information Services Division** provides support to the bank's business units and is responsible for the bank's compliance with the **Anti-Money Laundering and Terrorist Financing** Act. The Division was closely involved in the development and implementation of the bank's **Information Services** strategy for the next year.

The **Information Services Division** provides support to the bank's business units and is responsible for the bank's compliance with the **Anti-Money Laundering and Terrorist Financing** Act. Macquarie demonstrated the power of teamwork when advising New Zealand's Powerco on its acquisition of certain United Networks assets. Combining skills across financial advisory, debt and equity underwriting, the result was a \$150 million equity raising, New Zealand's largest, equity raising last year, and a new \$679 million debt facility. As a result, Powerco is now New Zealand's largest gas distribution company and second largest electricity distribution company in terms of consumer connections.

Teamwork

To better serve our clients, Macquarie is being moved into individual businesses within these businesses through the individuals. At the same time we recognize that we are one Bank, with one profit, and one reputation and that we must work together cooperatively, constructively and harmoniously. Against the basis of remuneration and advancement is the recognition of individual merit, this is not inconsistent with teamwork. Indeed the best performing individuals are those who are team players.

Highest standards

Macquarie's commitment to delivering the highest standards was demonstrated by the Macquarie ProLogis Trust. The Trust, managed by a 50/50 joint venture between Macquarie Bank and ProLogis, has a portfolio of high-quality warehouses and distribution centres across North America. Since listing in June 2002, the Trust has been rated as Australia's "Best Newly Listed Company" by *Asiamoney* magazine in its annual Best Managed Companies poll and was highly commended for Best Investor Relations for an Initial Public Offer by *Investor Relations* magazine.

We recognise that superior returns are only achieved through the best work, providing superior value to our clients and others with whom we deal. Excellence, innovation and creativity are the foundations upon which we will build our future success. There is no place in Macquarie for work where it is not of the highest quality and we recognise that compliance culture, courage and mobility are our attributes. Achievement to the highest practical standards is a fundamental element of our work.

Corporate Governance Statement continued

- expectation of the Board in relation to attending and preparing for all Board meetings;
- procedures for dealing with conflicts of interest;
- decision procedures;
- independence and related's liability insurance;
- disclosure obligations;
- availability of independent professional advice.

The Bank's Constitution provides that a director may enter into an arrangement with the Bank or with any connected entity and/or others if the firm may act in a professional capacity for the Bank or its controlled entities. However, these arrangements are subject to the restrictions and other features in the Collaborators Act applicable to public companies, common law duties, duties, and the Bank's policy on the independence of directors. The indemnity and insurance arrangements for Voluntary Directors are described in the Directors' Report which follows the Corporate Governance Statement.

It is the practice of the Voluntary Directors that when a potential conflict of interest may arise, the Voluntary Directors being a member of the Board will receive a copy of the relevant Board Minutes which the matter is being considered.

The Board has a policy of avoiding Voluntary Directors to seek independent professional advice for conflicts of interest at the Bank's expense, subject to the estimated costs being approved by the Chairman in advance as being reasonable.

The Board has a policy of avoiding Voluntary Directors to seek independent professional advice for conflicts of interest at the Bank's expense, subject to the estimated costs being approved by the Chairman in advance as being reasonable.

The Board has a policy of avoiding Voluntary Directors to seek independent professional advice for conflicts of interest at the Bank's expense, subject to the estimated costs being approved by the Chairman in advance as being reasonable.

The Board has a policy of avoiding Voluntary Directors to seek independent professional advice for conflicts of interest at the Bank's expense, subject to the estimated costs being approved by the Chairman in advance as being reasonable.

In order to encourage long term commitment and to ensure alignment of the interests of the Board with shareholders, the Board has a minimum shareholding requirement for all its directors. They are required to complete and maintain a minimum shareholding in the Bank, currently set at a QIB fully paid ordinary shares. This minimum holding may be accumulated over three years and may be continued to an indefinite period in the Bank's Constitution. Under this plan, NEDs may continue a portion of their remuneration from the Bank's share plan. The Bank's policy is to ensure that all directors have appropriate financial independence. The Bank's policy is to ensure that all directors have appropriate financial independence.

Board committees

The Board committees have been established to assist in the execution of the Bank's responsibilities, as described below. All Board members are free to attend any meeting of any Board Committee. The formal charters of each committee is outlined in the table on page 37.

The Remuneration Committee
The Remuneration Committee periodically reviews the compensation of the Board and ensures that the Voluntary Directors being a member of the Board have appropriate qualifications, skills and experience to discharge their duties. The Chairman and the Board Members are the members of the Committee.

When a vacancy exists or where it is considered that the Board would benefit from the services of a Director, the Chairman will identify suitable candidates and recommend them to the Board for appointment.

The Board has a policy of avoiding Voluntary Directors to seek independent professional advice for conflicts of interest at the Bank's expense, subject to the estimated costs being approved by the Chairman in advance as being reasonable.

auditors, and, as required, other Bank examinations and external audits. The Committee also has the power to conduct or cause independent audits, or cause independent audits, or any matters within the Committee's scope of responsibility under the Bank's Constitution. Review acts as secretary to the Committee and attends its meetings. The Committee comprises three independent directors, John Alipate, as Chairman, Kevin McLean and Marie Martin.

The Board updated the Committee's charter in March 2023. The main objectives of the Committee is to assist the Board of Directors in reviewing any matters of significant affecting financial reporting and compliance of the Group including:

- ensuring oversight of the accuracy and completeness of the financial statements;
- making informed decisions regarding accounting and compliance policies, practices and disclosures;
- reviewing the scope and results of operational risk reviews, controls, frameworks and disclosures;
- processing the adequacy of the Group's internal control framework including tax control, compliance and operational risk management controls based on information provided or obtained; Committee's responsibilities, internal compliance standards, policies and procedures, and other processes and standards of behaviour.

The Committee meets with and reviews regular reports from the external auditors and the internal audit function. The Committee also has the power to conduct or cause independent audits, or cause independent audits, or any matters within the Committee's scope of responsibility under the Bank's Constitution.

significant permissible even audit appointments, subject to external approval, must be approved in advance by the Committee of the Board. The Committee of the Board.

These arrangements apply to services supplied by the external auditors and their related firms to the Bank, its related entities and the Bank and entities managed by the Bank from the financial year commencing 1 April 2023. The Bank will require that the external audit appointment letter and terms of reference (together with any other relevant documents) are submitted to the Bank for approval every two years.

The Audit and Compliance Committee is also responsible for monitoring and reviewing the effectiveness of the Compliance function and the operational risk framework, and in ensuring that the Bank has appropriate controls in place to mitigate risks, and compliance and for ensuring that the Board of Directors is kept informed of the effectiveness of the compliance function.

Ethical standards

Executives, bank directors and staff are required to maintain high ethical standards of conduct. The Group's code of ethics, Macquarie Bank - What We Stand For, covers the Bank's dealings with external parties and how the Bank operates internally. It is fully acknowledged and fully endorsed by the Board. What We Stand For is distributed to all staff and is a mandatory communication and reinforced at Bankwide induction programs. Presentations to supervisors and annual staff meetings.

Since 1999, the Bank has had an Integrity Officer, who provides education, advice and counselling to management and staff regarding integrity issues.

Employees that claim to accept integrity principles, are dealt with internally promptly and consistently. As a result, staff who bring forward complaints of this nature receive a fair hearing.

Commitment to shareholders and an informed market

The Board believes that shareholders and the investment market generally should be informed of all material business events that influence the company in a timely and workable manner. In 1999 the Board introduced a Continuous Disclosure Policy, which in March 2001 was revised to take full account of the requirements of the Securities Act.

The policy includes a formal procedure for dealing with potentially price sensitive information which enables timely disclosure. The Continuous Disclosure Policy, covering the Bank's news releases, analyst briefings, media enquiries and other public relations activities, is contained in the Continuous Disclosure Policy 2001.

The Bank's policy is to keep with ASX and public confidence, market sensitive information, including financial and interim results announcements and analyst presentations, available to all equally. The Bank's website provides comprehensive information on its activities, performance, recent analyst meetings, press releases, and analyst reports to shareholders. All staff are equally asked questions and a live year summary of key financial data, highlights may also be available to receive copies of specific announcements by email.

The Bank provides two sets of financial information annually: the Interim Report for the six months to 30 September and the General Report and the Financial Report for the year to 31 March. Both are made available to shareholders. Shareholders have the right to attend the Bank's AGM, usually held towards the end of July each year. Shareholders are provided with an opportunity to raise questions on a resolution proposed through the Chair of AGM. Directors are available to answer questions and to highlight to shareholders in the event that shareholders cannot attend the AGM they are able to lodge a proxy or communicate with the Chairperson. All proxy forms may be lodged by the same. Holders of 2% or more of the issued share capital of the Bank's Consolidated Public Entity, States have limited voting rights as set out in the Constitution.

Staff and director trading in the Bank's securities

Bank employees and Board members may only trade in the Bank's securities during restricted trading windows, which typically allow three to five days trading and allow the Bank's employees to trade in the market and for their private affairs after the AGM. However, even within these designated windows, if an individual possesses material non public information, the Bank will require that individual to abstain from trading in the Bank's securities until the information about the Bank, that person is no longer material to the market.

In June 2001, the Board agreed a policy on trading in Bank related securities which also provides that Board members will personally not trade in an on market Buy Back, nor in a private share term trading program or in a derivative or a structured security subject to the approval of the Chairman for the Managing Director or in the case of a Chairman in March 2002, it is noted also that the Bank's Executive Directors will not be permitted to undertake any action that is designed to improve the company risk to return to their holdings of Bank shares, which are subject to restricted trading windows or their interest in company securities.

The Corporate Governance Statement reflects the policies in the Bank during the year. Directors' addresses are available on the website. The Bank's name listed in the ASX Corporate Governance Centre is a copy of the ASX Corporate Governance and Best Practice Recommendations. The Bank's policies were reviewed on the Bank's balance sheet of 31 March 2003. The Bank's current practices are substantially in accord with the ASX Guidelines. However, the Bank's directors will make a full disclosure on its compliance with the Principles in its 2004 Annual Report. The Chairman will also comment on progress of this review at the AGM 2004.

Directors' report continued

Before the start of the 2007 options the Board agreed to suspend the operation of the full RPI and replace it with a contingent dividend remuneration system in which the amount of the dividend bonus will be conditional on the Bank meeting a pre-specified performance benchmark in the relevant financial year. Such an award is offered to each full-time employee in the form of the Bank's fully paid ordinary shares acquired for the RPI under the MFSAP. The performance benchmark is that the Bank's average annual return on ordinary equity for the three preceding financial years is at or above the 50th percentile of the corresponding figures for all companies in the S&P 500 (S&P 500 companies). The effect of these contingent payments is to ensure that the Bank's ordinary shareholders have been fairly and equitably treated when comparing the Bank's performance with market rates. The Bank has been granted an 85% interest free loan to provide the payments.

Executive Directors and Executive Officers

The Bank's remuneration policy for Executive Directors (EDs) includes Executive Shared Incentives and Executive Discretionary Long-Term Compensation to the Bank's Executive Officers (EOs) to provide an appropriate mix of fixed and variable remuneration, which is designed to ensure that the Bank's EDs and EOs are paid in a manner that is consistent with the Bank's performance and its financial position. The Bank's EDs and EOs are also eligible for the Bank's fully paid ordinary shares acquired for the RPI under the MFSAP. The Bank's EDs and EOs are also eligible for the Bank's fully paid ordinary shares acquired for the RPI under the MFSAP. The Bank's EDs and EOs are also eligible for the Bank's fully paid ordinary shares acquired for the RPI under the MFSAP.

The effect of this is to provide substantial incentives in relation to superior performance but also to ensure that the Bank's performance is not unduly penalized for less satisfactory performance. For EDs, this means that a large part of their remuneration each year is at risk and significant alignment of their interests with those of shareholders. The value of the profit sharing proceeds for each financial year is shared between EDs as they are determined on the last day of the year. To encourage a longer term perspective on the part of EDs, the 50th percentile of the S&P 500 is calculated for the three financial years immediately preceding the year in which the award is made. The EDs' remuneration is also subject to a clawback provision in which the Bank's EDs and EOs are required to return to the Bank any bonus or other remuneration received if the Bank's performance in the year in which the award is made is less than the performance in the year in which the award was made.

The Bank's EDs and EOs are also eligible for the Bank's fully paid ordinary shares acquired for the RPI under the MFSAP. The Bank's EDs and EOs are also eligible for the Bank's fully paid ordinary shares acquired for the RPI under the MFSAP. The Bank's EDs and EOs are also eligible for the Bank's fully paid ordinary shares acquired for the RPI under the MFSAP.

From 2009, EDs and Executive Officers have participated in the Bank's long-term incentive plan (LTIP) to provide a further alignment of their interests with those of shareholders. The Bank's remuneration policies, including the amount of the LTIP award, are subject to the discretion of the Board. The Bank's LTIP award is subject to the discretion of the Board. The Bank's LTIP award is subject to the discretion of the Board.

Following this review, it was concluded that the Bank's remuneration policy is appropriate and that the Bank's EDs and EOs are appropriately remunerated. The Bank's remuneration policy is appropriate and that the Bank's EDs and EOs are appropriately remunerated.

Directors' and Executive Officers' remuneration

| Individual | 2009 | 2008 | 2007 |
|--------------------------------|--------|--------|--------|
| EXECUTIVE DIRECTORS | | | |
| Mr. Charles | 2,314 | 1,727 | 1,727 |
| Mr. Robert | 2,314 | 1,727 | 1,727 |
| Mr. John | 2,314 | 1,727 | 1,727 |
| NON-EXECUTIVE DIRECTORS | | | |
| Mr. John | 21,211 | 20,000 | 20,000 |
| Mr. John | 15,474 | 15,474 | 15,474 |
| Mr. John | 15,474 | 15,474 | 15,474 |
| Mr. John | 15,474 | 15,474 | 15,474 |
| Mr. John | 15,474 | 15,474 | 15,474 |
| EXECUTIVE OFFICERS | | | |
| Mr. John | 1,727 | 1,727 | 1,727 |
| Mr. John | 1,727 | 1,727 | 1,727 |
| Mr. John | 1,727 | 1,727 | 1,727 |
| Mr. John | 1,727 | 1,727 | 1,727 |
| Mr. John | 1,727 | 1,727 | 1,727 |

The Bank's remuneration policy is appropriate and that the Bank's EDs and EOs are appropriately remunerated. The Bank's remuneration policy is appropriate and that the Bank's EDs and EOs are appropriately remunerated.

Notes to and forming part of the concise financial statements as at 31 March 2003

Note One > Basis of accounting

The concise financial information is derived from the full financial report of Banque Paribas Bank Limited and the entities that it controlled together. The economic entity for the year ended 31 March 2003 that is presented in this report is the economic entity for the year ended 31 March 2003 which is prepared in accordance with Accounting Standards, other authoritative pronouncements of the Accounting Standards Board (Incorporated), Group Companies, Swiss, the Confederation Act (2001) and the Banking Act (2001). The concise financial information has been prepared in accordance with Accounting Standards (ASB) 3039 Consolidated Financial Reports, and the relevant provisions of the Confederation Act (2001). The accounting policies adopted are consistent with those of the previous financial year. A full description of the accounting policies adopted by the economic entity is presented in the full financial report. Where necessary, comparative information has been reclassified to adhere to disclosure standards in accordance with the current financial year.

Note Two > Retained earnings

|--|-----------------------------|-----------------------------|
| Note Five > Dividends and distributions paid or provided | | |
| Ordinary share capital | | |
| Dividends paid - interim (100% of 100 cents per share) | 83 | 81 |
| Dividends provided | | |
| - final (50 cents per share) | 106 | 107 |
| - special (50 cents per share) | 102 | |
| Total dividends paid or provided | 291 | 188 |

The interim ordinary dividend paid during the financial year ended 31 March 2003 was 50% franked at 40% (2002: 40% franked at 30%). The final ordinary dividend provided was at 31 March 2003 at 100% franked at 20% (2002: 70% franked at 30%) and the special ordinary dividend provided was at 31 March 2003 at 100% franked at 30%.

On 3 May 2002, the Directors resolved that they would advance the Dividend Reinvestment Plan (DRP) election for the dividend to be paid on 7 July 2002. The DRP was approved by ordinary shareholders at the 2002 Annual General Meeting. The DRP is optional and offers ordinary shareholders at Australia and New Zealand the opportunity to acquire fully paid ordinary shares, without incurring a cost, at a 5% discount to prevailing market value. A share holder can elect to participate in or terminate their involvement in the DRP at any time.

| | Cents per share | Cents per share | |
|---|--|-----------------|-----------|
| Cash dividends per share | 143 | 93 | |
| Converting Preference Shares | | | |
| Preference shares of 500 million (500 million) have been converted to the Sharepoint of Financial Performance as issued (prepaid) on 17 June 2002 with 30% franked at 30%. The shares not converted to the Sharepoint of Financial Performance at 30% and the shares not to be paid on 17 June 2002 will be 100% franked at 30%. <tr> <td>Franking credits available for the subsequent financial year at a corporate tax rate of 30% (2002: 30%)</td> <td>40</td> <td>15</td> </tr> | Franking credits available for the subsequent financial year at a corporate tax rate of 30% (2002: 30%) | 40 | 15 |
| Franking credits available for the subsequent financial year at a corporate tax rate of 30% (2002: 30%) | 40 | 15 | |

With effect from 1 July 2002, Australian law requires companies to maintain franking accounts in a tax paid type. The accounts allow, at the end of the peak year, companies to reflect the new tax paid basis of measuring franking credits.

The total provision of franking credits proposed as at 31 March 2003 will be franked out of existing franking credits or out of franking credits arising from the payment of new share dividends at the end of the financial year. The above amounts represent the balance of the franking credits as at the end of the financial year adjusted for all franking credits that will arise from the payment of new share dividends at the end of the financial year. All franking credits that may be generated from being substituted in subsequent financial years, and all franking credits that will arise from the payment of dividends proposed as at the end of the financial year, and all franking credits that will arise from the receipt of tax receivables as at the end of the financial year.

| | | |
|---|-----------|-----------|
| Non-cash Income Securities | 23 | 29 |
| Dividends paid (net of distributions provided previously) | 5 | 6 |
| Total distributions paid or provided | 28 | 24 |

The distributions payable in respect of the Macquarie Income Securities are classified as distributions on an equity instrument in accordance with ASB 102.1 Post-issuance and loss of an off-balance sheet item.

Note Seven > Acquisition and disposal of Broadcast Australia Holdings Pty Limited

Acquisition

On 2 April 2005, a controlled entity of the Bank, Macquarie Communications Infrastructure Limited (MCIL), acquired 100% of the issued capital of the (pre-part split) Bank entity of Broadcast Australia Holdings Pty Limited which was subsequently renamed Broadcast Australia Holdings Pty Limited (BAH). The operating results of BAH have been included in the Statement of Financial Performance from the date of acquisition until its deconsolidation on 12 August 2007.

The fair value of assets and liabilities acquired differs from those disclosed in the 2004 Annual Report, because of statements as a result of valuations being included subsequent to acquisition and revalue in the final consolidation of the purchase consideration.

| | |
|--|--------------|
| Details of the acquisition are as follows: | \$M |
| Fair value of net assets acquired | 63 |
| Cash and other financial assets | 527 |
| Fixed assets | 405 |
| Intangible assets | (145) |
| Provisions and provisions | (517) |
| Derivatives | 333 |
| Total fair value of net assets acquired | 313 |
| Purchase consideration | 20 |
| Cash consideration | 333 |
| Debt consideration | (313) |
| Total purchase consideration | 17 |
| Reconciliation of cash movement | (296) |
| Cash consideration | 333 |
| Less: Cash acquired | (33) |

Note Seven > Acquisition and disposal of Broadcast Australia Holdings Pty Limited continued

Deconsolidation

The shares in MCIL and parts in the Macquarie Communications Infrastructure Limited were swapped back to form the Macquarie Corporate Strategic Infrastructure Fund (MCSIF) on 12 August 2007. MCSIF ceased to be a controlled entity of the Bank following the public offering of 10 million shares in MCSIF. The Bank has received a payment of 50 million shares. With the acquisition of 25% of the outstanding shares, the Bank has received a payment of 12 million shares and the Bank has applied to waive its voting rights concerning the issue. Details of the deconsolidation are as follows:

| | |
|--|-------------|
| Carrying value of assets and liabilities deconsolidated | \$M |
| Cash and other financial assets | 61 |
| Fixed assets | 492 |
| Intangible assets | 418 |
| Provisions and provisions | (104) |
| Derivatives | (921) |
| Total carrying value of assets and liabilities deconsolidated | (54) |
| Reconciliation of cash movement | — |
| Cash received | (17) |
| Less: Cash deconsolidated | (17) |
| Total cash outflow | (54) |
| Gain on deconsolidation | 54 |
| Gain from ordinary activities after income tax from 2 April to 12 August 2007 | 54 |
| Preparation of MCSIF has been ordinary activities and are also the same as the MCSIF | 30 |
| Acquired assets (previously upon deconsolidation) | 20 |
| Gain from back payment in MCSIF | 20 |
| Total gain on deconsolidation | 50 |

The ordinary activities are reported as income tax by the Bank in the consolidated financial statements. The Bank also received an undivided profit of 15 million in relation to the consolidated financial statements.

Note Eight > Full financial report

Further financial information is included in the full financial report which is available from the Bank. The full financial report can be requested from the Bank. The report may be requested by calling 08 9235 2333. Alternatively, you can request the full financial report and the corporate financial report to be provided as the information is included in the full financial report.

MACQUARIE BANK
2003 FINANCIAL REPORT

MACQUARIE
BANK

Risk management report

Risk is an integral part of the Macquarie Bank Group's businesses. Management of that risk is therefore critical to the Group's continuing profitability. Strong independent prudential management has been a key to the Group's success over many years. Where risk is assumed it is within a calculated and controlled framework.

The main risks faced by the Group are market risk, credit risk, liquidity risk, operational risk, and legal compliance and documentation risk. It is the responsibility of the Risk Management Division to assess and manage these risks within the Macquarie Bank Group. The principles followed by Macquarie Bank in risk management are:

- Independence – Risk Management Division is independent of the operating areas of the Group, reporting directly to the Managing Director and the Board.
- Centralised prudential management – Risk Management Division's responsibility covers the whole of the Macquarie Bank Group. Therefore it can assess risks from a Group-wide perspective and ensure a consistent approach across all operating areas.
- Approval of all new business activities – Operating areas cannot undertake new businesses or activities, offer new products, or enter new markets without first consulting Risk Management Division. The Division identifies, quantifies and assesses all risks, and sets prudential limits. Where appropriate, these limits are approved by the Executive Committee and the Board.
- Continuous assessment – Risk Management Division continually reviews risks to account for changes in market circumstances and the Group's operating areas.
- Frequent monitoring – Centralised systems exist to allow Risk Management Division to monitor credit and market risks daily. Risk Management Division staff liaise closely with operating and support Divisions.

Market risk
Market risk is the exposure to adverse changes in the value of the Group's trading portfolios as a result of changes in market prices or volatility. The Group is exposed to the following risks in each of the major markets in which it trades:

- foreign exchange markets: changes in spot and forward exchange rates and the volatility of exchange rates
 - interest rate markets: changes in the level, shape and volatility of yield curves, the basis between different interest rate securities and derivatives and credit margins
 - equities markets: changes in the price and volatility of individual equities, equity baskets and equity indices
 - bullion markets: changes in the price and volatility of gold and silver
 - commodity markets: changes in the price and volatility of base metals, agricultural commodities and energy products.
- Risk Management Division measures exposures in all markets for each dealing desk and for markets in aggregate. Risk exposures are measured on derivatives and underlying assets and liabilities in the same market, together.
- Risk Management Division sets limits for all exposures in all markets. Limits on the Group's aggregate market risk are approved by the Group's Executive Committee. The aggregate exposure to each market is limited to a small percentage of the Group's shareholders' funds. Trading limits are not targets and actual exposures in normal day to day trading tend to be well below limits. The Division monitors market risks against limits daily and provides a report of market exposures to senior management every day.
- Market risk limits are set on the following bases:
- a wide range of price and volatility scenarios, including comprehensive worst case, or stress, scenarios
 - these scenarios are measured every day and form the cornerstone of the risk management approach
 - a statistically based Value At Risk (VAR) measure which, to correspond with the Australian Prudential Regulatory Authority's (APRA) capital adequacy standard, is based on a 10-day holding period and a 99 per cent confidence level. Risk Management Division performs back testing on the VAR results, that is, a comparison of actual daily trading profits and losses against the daily VAR. VAR is calculated using a Monte Carlo simulation approach
 - volume and open position limits are set on a daily number of market instruments and positions in order to constrain concentration risk and to avoid the accumulation of risky, illiquid positions.

| Commodities | 1.01 | 1.87 | 0.39 | 0.76 | 1.68 | 0.25 | \$M |
| Aggregate | 3.77 | 5.48 | 2.72 | 4.84 | 7.25 | 2.54 | \$M |

Value at risk (VAR) figures for the financial year ended March 2003

There are two areas in which non-traded market risks arise in the Group.

First, some interest rate risk arises in the banking book. The raising of liabilities to fund on-balance sheet assets is centrally managed by the Treasury area in the Treasury and Commodities Group. Treasury has the responsibility of managing the mismatch between assets and liabilities. This ensures that business areas that lend can focus on margins rather than on exposures to interest rates.

Treasury must manage its interest rate exposures within interest rate trading book limits. These exposures are included in the value-at-risk figures set out in this report.

As a result of the above practice, virtually all of the Group's interest rate is captured in the trading book. Banking book businesses either have no limit to take interest rate risk, i.e. they must be fully hedged at all times, or are given a small limit to cover residual risks. Residual interest rate risk in the banking book is monitored regularly by Risk Management Division.

Second, market risks arise on equity-like exposures that are taken by the Group from time to time. These exposures include:

- Holdings in specialised funds managed by the Group
- Direct investments in entities external to the Group
- Property
- Lease residuals.

All positions of this kind are reviewed and approved by Risk Management Division and, where appropriate, by Executive Committee and the Board. Consistent with the approach taken with market risks in the trading areas of the Group, equity positions are subject to worst case, or stress, scenario analysis. The Group's total exposure to equity positions on this worst case basis is subject to a portfolio limit approved by the Board.

Credit risk arises from both lending and trading activities. In the case of trading activity credit risk reflects the possibility that the trading counterparty will not be in a position to complete the contract once the settlement becomes due. The resultant credit exposure will be a function of the movement of prices over the period of the underlying contract.

Systems for the assessment of potential credit exposures exist for each of the Group's trading activities. As with market exposures, no credit exposures are entered into without appropriate analysis. Limits are set on the basis of these potential exposures.

The Group's philosophy on credit risk reflects the principle of separating prudential control from operational management. Responsibility for approval of credit exposures is delegated to specific individuals. All approvals reflect two principles: a requirement for dual sign-off and a requirement that, above relatively small figures, all credit exposures must be approved outside the business line proposing to undertake them. Most credit decisions are therefore taken within the Risk Management Division.

■ PROVISION FOR UNCERTAINTIES TO LOANS, ADVANCES AND LEASES
 - NET LOAN LOSSES TO LOANS, ADVANCES AND LEASES

FUNDING BY SOURCE

- SHORT-TERM NOTES 31%
- CORPORATE CLIENTS 21%
- LONG-TERM BONDS 21%
- RETAIL CLIENTS 19%
- GOVERNMENT 3%
- SUBORDINATED DEBT 3%
- LOAN TO MANUFACTURING ENTITIES 1%
- CONVERTIBLE PREFERENCE SHARES 1%

LOANS, ADVANCES AND LEASES BY SECTOR

- FINANCE AND INSURANCE 29%
- INDIVIDUALS AND HOUSEHOLDS 22%
- PROPERTY AND BUSINESS SERVICES 18%
- OTHER 11%
- GOVT ADMINISTRATION AND DEFENCE 5%
- PERSONAL AND OTHER SERVICES 4%
- MINING 3%
- CONSTRUCTION 3%
- MANUFACTURING 3%
- OTHER (SALE TRAFFIC) 7%

All limits are reviewed at least once a year, or more frequently if necessary, to ensure that the most current information available on counterparties is taken into account.

All credit exposures are monitored regularly against limits. Credit exposures which fluctuate through time are monitored daily. These include off-balance sheet exposures such as swaps, forward contracts and options, which are assessed using sophisticated valuation techniques.

To mitigate credit risk, the Group makes increasing use of margining and other forms of collateral or credit enhancement techniques where appropriate.

The Group's policies to control credit risk include avoidance of unacceptable concentrations of risk either to any economic sector or to an individual counterparty. Large exposures to single counterparties or groups of counterparties are generally restricted unless the credit is of the highest standard or there is a high level of security.

The Group has modest, though growing, exposures offshore. There are small amounts held in most balances and exposures to OECD and some Asia Pacific, Latin American and African countries. Where appropriate the country risk is covered by political risk insurance.

Liquidity risk

Liquidity risk is recognised as one of the most important issues for the Macquarie Bank Group. The Group's liquidity policy is reviewed regularly and has been agreed with the Australian Prudential Regulation Authority (APRA).

Liquidity requirements are managed on a day to day basis by the Treasury and Commodities Group which is responsible for ensuring funding is readily available for all of the Group's transactions, even in a crisis scenario, and for maintaining a diversity of funding sources.

Risk Management Division monitors liquidity on a daily basis to ensure the funding profile meets liquidity policies. A full description of the Group's liquidity policy is contained in Note 40 to the Financial Report.

Operational risk

Macquarie Bank faces operational risks which could lead to reputation damage, financial loss or regulatory risk in the event of an operational failure or error. Responsibility for management of operational risk lies in the first instance with the business unit concerned. Business Operational Risk Managers have been appointed to help ensure business units meet this responsibility.

Controls over operational risk are designed to ensure transactions are appropriately approved and that checks and balances exist over their processing, recording and reconciliation. These include procedures and controls which ensure that all transactions are accurately recorded and properly reflected in internal systems and records and that they are confirmed on a timely basis.

Consistent formalised controls operate across the Group over the management of specific operational risks. Tight control is achieved through specialised centralised departments, formal approval processes, and Group-wide policies and procedures. Project teams and special interest groups with clear reporting lines are formed to manage or focus on one-off or common risks where appropriate.

A Group-wide process of operational risk self-assessment by management has been established to provide further focus on operational risk management.

Macquarie's approach to managing risk through the above framework allows new risks to be identified and dealt with in a proactive manner, as well as regularly reviewing existing risks.

The role of Operational Risk Review (ORR) is to assess whether operational risk management procedures in Macquarie are adequate. ORR undertakes independent reviews of risk throughout the Group, reporting directly to the Board Audit and Compliance Committee, and senior management on issues or weaknesses.

Risk management report continued

Legal and compliance risk

Macquarie Bank actively manages legal and compliance risks to its businesses. Legal and compliance risks include the risk of breaches of applicable laws and regulatory requirements, actual or perceived breaches of obligations of fidelity or confidence to clients and counterparties, unenforceability of counterparty obligations, or the inappropriate documentation of contractual relationships.

Each of the Group's businesses is responsible for developing and implementing its own legal risk management and compliance procedures. Risk Management Division's Compliance Function assesses compliance risk from a Group-wide perspective and works closely with legal, compliance and prudential teams throughout the Group to ensure appropriate standards are applied consistently to compliance risks. The development of new businesses and regulatory changes, domestically and internationally, are key areas of focus within this role.

International offices

Macquarie Bank's policy is that international offices are subject to the same risk management controls that apply in Australia. Before an international office can be set up, or undertake new activities, Risk Management Division analyses the proposed activities and procedures to ensure appropriate risk management controls are in place. Risk Management Division staff monitor and routinely visit overseas offices to ensure compliance with prudential controls. In addition, Risk Management Division staff are located in certain of the larger offices. Where international offices undertake trading activities, daily reports are produced in Sydney and all exposures, both credit and market, are monitored against established limits.

Capital adequacy

The Group's capital adequacy ratio at 31 March 2003, measured under APRA's guidelines, amounted to 21.4 per cent (2002:19.4%). The Tier 1 ratio was 19.0 per cent (2002: 17.8%).

The Group's capital base was made up of:

| | 31 March 2003 | 31 March 2002 |
|--|---------------|---------------|
| | \$M | \$M |
| Tier 1 | | |
| Share capital and reserves, less goodwill and other deductions | 1,802 | 1,900 |
| Tier 2 | | |
| Macquarie Income Securities (excess over level allowable for Tier 1 capital) | 74 | 133 |
| Subordinated debt | 406 | 242 |
| Less amortised amount | (89) | (49) |

| Total market risk risk-weighted assets | | | | 580 |
| Total risk-weighted exposure | | | | 10,030 |

Average for the 60 days to 31 March 2003

The Group has in place a high level capital management plan. The Board sets capital targets, having regard to APRA requirements, ratings agencies and market expectations, and the views of management. The actual capital adequacy position of the Group is calculated regularly by Risk Management Division and Financial Operations Division. In addition, forecasts of the Group's capital adequacy are made up to two years ahead so that the Group can anticipate future capital needs in response to new transactions and new businesses.

Statements of financial performance

For the financial year ended 31 March 2003

| | Notes | Consolidated 2003 | Consolidated 2002 | Bank 2003 | Bank 2002 |
|--|-------|-------------------|-------------------|-----------------|-----------|

The statements of cash flows above should be read in conjunction with the accompanying notes

Note one > Significant accounting policies

The significant accounting policies adopted in the preparation of this financial report and that of the previous financial year, except as otherwise stated, are:

i) Preparation of financial report
This financial report is a general purpose financial report which has been prepared in accordance with Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board, Urgent Issues Group Consensus Views, the Corporations Act 2001 and the Banking Act 1959.

This financial report has been prepared on a historical cost basis, except where otherwise stated. The carrying value of any non-current assets does not exceed their recoverable amount. In assessing recoverable amounts for particular classes of assets the relevant cash flows have not been discounted to their present values, unless otherwise stated.

Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current financial year.

In accordance with Australian Securities & Investments Commission Class Order 98/0100 amounts in this financial report have been rounded off to the nearest million dollars unless otherwise indicated.

ii) Consolidation
This financial report comprises the financial report of Macquarie Bank Limited (the Bank), being the chief entity, and its controlled entities (together, "the economic entity"). A controlled entity is one in which the Bank has the capacity to directly or indirectly control decision-making in relation to financial and operating policies, so as to require that entity to conform with the Bank's objectives. The effects of all transactions between entities in the economic entity have been eliminated in full. Outside equity interests in the results and equity of controlled entities, where the Bank owns less than 100% of the issued capital, are shown separately in the consolidated Statements of Financial Performance and Financial Position respectively.

Where control of an entity was obtained during the financial year, its results have been included in the consolidated Statement of Financial Performance from the date on which control commenced. Where control of an entity ceased during the financial year its results are included for that part of the financial year during which control existed.

iii) Foreign currencies

All foreign currency monetary assets and liabilities, including those belonging to controlled entities located overseas, have been translated into Australian currency at the rates of exchange prevailing at balance date, with all relevant movements recognised in the Statement of Financial Performance.

Transactions in foreign currencies have been recorded at the rates of exchange prevailing at transaction dates. Gains or losses arising on transactions and from dealing in foreign exchange have been recognised in the Statement of Financial Performance.

Forward foreign exchange contracts, entered into in the normal course of business, are accounted for as specified in the accounting policy note "xii) - Financial Instruments".

Foreign currency liabilities are generally matched by assets or derivative financial instruments in the same currency. The total amounts of unmatched foreign currency liabilities and assets and consequent foreign currency exposures are not material.

iv) Interest income

Interest income from loans and deposits is brought to account on an accruals basis. Interest on finance leases is brought to account progressively over the life of the lease consistent with the outstanding investment balance.

Accrued coupons, amortisation of premiums and accretion of discounts are brought to account as interest income on a yield to maturity basis in accordance with the terms of the security.

v) Fee income

Corporate advice and other fee income is brought to account as work is completed and a fee agreed with clients.

Fees earned from financing transactions in respect of risk margins are deferred and brought to account as interest income on a straight-line basis over the term of the financing arrangement. Fees earned in respect of cost recoveries are brought to account upon receipt. Where the financing exposure is sold down to investors, the previously unearned amount is brought to account as fee income.

Notes continued

As at 31 March 2003

Note one > Significant accounting policies continued

v) Dividends and distributions
Dividends and distributions are recognised as income in the Statement of Financial Performance upon declaration.

w) Income tax

The principles of the liability method of tax effect accounting have been adopted whereby the income tax expense for the financial year is calculated by reference to the accounting profit after allowing for permanent differences between accounting profit and taxable income. The tax assets relating to tax losses are not carried forward as an asset unless the benefit is virtually certain of realisation.

Income tax on cumulative timing differences is set aside to either the deferred tax liabilities or deferred tax assets accounts at the rates which are expected to apply when those timing differences reverse.

No provision is made for additional taxes which could become payable if certain retained earnings or reserves of foreign controlled entities were to be distributed. It is not expected that any substantial amount will be distributed from these retained earnings or reserves in the foreseeable future.

w) Repurchase and reverse repurchase agreements
Securities purchased under resale agreements represent assets of the economic entity. The difference between the purchase price and the resale price is brought to account as interest income over the term of the agreement.

Securities sold under repurchase agreements represent liabilities of the economic entity. The difference between the sale price and the repurchase price is brought to account as interest expense over the term of the agreement.

ix) Trading assets and securities borrowed
Trading assets, including debt and equity securities, bank bills, treasury notes, bullion and commodities are purchased with the intent that they be sold during the course of day to day trading operations. Securities borrowed include equities and fixed interest securities that are transacted in the normal course of business. They are recorded at net market value, which approximates their net fair value. Any realised gains or losses arising from trading assets and unrealised gains or losses arising from market value adjustments are recognised in the Statement of Financial Performance.

x) Other securities
Other securities are purchased with the intent that they be held for a period of time, though not necessarily until maturity. They are recorded at the lower of cost and recoverable amount. Where the carrying value of a security is in excess of its recoverable amount, the security will be written down to its recoverable amount and the difference recognised as an expense in the Statement of Financial Performance.

x) Credit review
All loan assets are subject to recurring review and assessment of the level of credit risk. All bad debts are written off in the period in which they are recognised and specific provisions are made for impaired assets. Impaired loans are classified as follows:

- a) Non-accrual with:
 - i) no performance (representing loans on which no income is being received)
 - ii) partial performance (representing loans on which income which is less than the legal entitlement is received)
- ii) full performance with provisions (representing loans on which full income is being received but where a provision against loss has been made)
- b) Restructured loans (where the original loan agreement has been modified)
- c) Other real estate owned (representing loans acquired through enforcement of security).

xii) Securitisation of loan assets
The economic entity securitises loan assets via the issue of bonds to investors through unrelated trusts and companies. Fees earned in respect of services provided in connection with the management of the trusts and companies are brought to account on an accrual basis. All credit risk associated with securitisation of the assets are assumed by the investors on purchase of the bonds.

xiii) Property purchased for sale and development
Properties purchased for sale and development represents properties purchased for the specific purpose of being held for development and sale. Property is stated at the lower of its purchase cost or recoverable amount.

xiv) Equity investments
Investments in non-related entities intended for long-term retention are shown at cost. Where the carrying value of the investment is in excess of its recoverable amount, the investment will be written down to its recoverable amount and the difference recognised as an expense in the Statement of Financial Performance.

xv) Investments in associates and incorporated joint ventures
Investments in associates and incorporated joint ventures are accounted for on consolidation using the equity method. Associates are those entities over which the consolidated entity exercises significant influence but not control. The economic entity's share of profits of these investments is recognised as income in the consolidated Statement of Financial Performance.

xvi) Investments in controlled entities
Investments in controlled entities are recorded at deemed cost. Where the carrying value of these investments is in excess of their recoverable amount, the investment will be written down to its recoverable amount and the difference will be recognised as an expense in the Statement of Financial Performance.

xviii) Fixed assets
Fixed assets are stated at cost less accumulated depreciation. Depreciation is computed on a straight-line basis over the estimated useful lives of the assets at the following rates:

| | |
|--------------------------|-------|
| Art | 1% |
| Personal computers | 50% |
| Other computer equipment | 33.3% |
| Furniture and fittings | 10% |
| Plant and equipment | 20% |
| Leasehold improvements | 20% |

* Where remaining lease terms are less than 5 years, leasehold improvements are depreciated over the lease term.

Certain internal and external costs directly incurred in acquiring and developing certain software have been capitalised and are being amortised over their useful life, usually for a period of between 3 and 5 years. Costs incurred on software maintenance are expensed as incurred.

Depreciation rates are reviewed annually and reassessed in the light of commercial and technological developments.

The costs of repairs and maintenance are expensed as incurred.

Where the useful life of an asset or class of assets has been reduced or effectively ended then the book value of such asset or class of assets or their useful lives would be reduced as appropriate. Adjustments arising from such restatements and on disposal of fixed assets are recognised in the Statement of Financial Performance.

xvii) Provision for employee entitlements
Liabilities for unpaid salaries, salary related costs and provisions for annual leave are recorded in the Statement of Financial Position at the current salary rates. Provisions for long service leave are recognised at the present value of expected future payments to be made. In determining this amount, consideration is given to expected future salary levels, on costs and employee service histories. Expected future payments are discounted to their net present value using rates in Commonwealth Government securities with terms that match as closely as possible the expected future cash flows.

Notes continued

As at 31 March 2003

Note one > Significant accounting policies
Continued

xi) Provision for uncertainties
The economic entity maintains a provision for uncertainties to cover the inherent risk of loss that may arise from non-recovery of amounts receivable or contingent exposures. An assessment as to the adequacy of the provision is made at the end of each reporting period. Should the provision be considered inadequate, either due to losses applied against the provision or changes in the size or risk characteristics of the economic entity's portfolio, a charge would be made in the Statement of Financial Performance in the current financial year to adjust the provision.

xii) Statement of cash flows
For the purposes of the Statement of Cash Flows, cash includes cash and liquid assets, balances due to the clearing bank and balances due to clearing houses.

xiii) Financial instruments
Financial instruments include futures, forwards and forward rate agreements, swaps and options in the interest rate, foreign exchange, commodity and equity markets. The economic entity uses these derivative instruments for trading activities and in conjunction with the management of existing assets and liabilities (refer Note 37 - Objectives of holding and issuing derivative financial instruments).

Transactions that are entered into for trading purposes or used as hedges of other trading assets or instruments are carried at market value, which approximates their net fair value with resultant gains and losses recognised in the Statement of Financial Performance and included within "other financial market assets" and "other financial market liabilities" in the Statement of Financial Position. Transactions entered into for hedging purposes or used to modify the interest rate characteristics of specific assets and liabilities are brought to account on the same basis as the income or expense which is recognised on the hedged instrument or the underlying asset or liability

xii) Funds under management

Within the economic entity certain controlled entities act as a custodian and/or single responsible entity for a number of investment funds and trusts. As at 31 March 2003, the investment funds and trusts, both individually and collectively, have an excess of assets over liabilities. The value of funds managed by the economic entity (measured based on the net assets of the individual funds) exceeds \$52.3 billion (2002: \$41.3 billion). These investment funds and trusts have not been consolidated in the financial report because individual entities within the economic entity do not have control of the funds and trusts.

The controlled entity also manages life insurance statutory fund assets that are consolidated, refer below. Commissions and fees earned in respect of the economic entity's funds management activities are brought to account on an accruals basis.

xiii) Life insurance business

The following are key accounting policies in relation to the life insurance business:
Fees and charges
Fees and charges are recognised as revenue when services are provided to policy holders. This is commonly referred to as the "Margin on Services" methodology in accordance with Actuarial Standards AS 1.02 "Valuation of Policy Liabilities" issued by the Life Insurance Actuarial Standards Board.

Investment assets
Investments are measured at net market value which approximates their fair value. Market value is determined based on quoted prices for listed securities and market yields for fixed interest and discount securities. Changes in net market values are recognised in the Statement of Financial Performance in the financial year in which the changes occur.

Restriction on assets
Investments held in the Life Funds can only be used within the restrictions imposed under the Life Insurance Act 1995. The main restrictions are that the assets in a fund can only be used to meet the liabilities and expenses of that fund, to acquire investments to further the business of the fund or as distributions when solvency and capital adequacy requirements are met. Shareholders can only receive a distribution, by way of dividend, when the capital adequacy requirements of the Life Insurance Act 1995 are met.

Policy liabilities

Policy liabilities are measured as the accumulated benefits available to policy holders, calculated in accordance with AS 1.02.

Note four > Segment reporting

Segment revenues, expenses, assets and liabilities are those that are directly attributable to a segment or the relevant portion that can be allocated to a segment on a reasonable basis. Segment assets include all assets used by a segment. The carrying amount of certain assets used jointly by segments are allocated based on reasonable estimates of usage. Any transfers between segments have been determined on an arms-length basis and eliminated on consolidation. The segment information has been prepared in conformity with the economic entity's accounting policies as disclosed in Note 1 - Significant accounting policies.

Primary segment - business

For internal reporting and risk management purposes, the economic entity is divided into six operating Groups (the Groups). The Groups do not meet the definition of a reportable business segment for the purposes of reporting in accordance with AASB 1005 "Segment Reporting", because the Groups provide certain products to customers, which have the same, or similar, risk and return characteristics. The revised AASB 1005 has been applied for the first time by the economic entity for the financial year ended 31 March 2003.

For the purposes of determining business segments the activities of the economic entity have been divided into four areas:

- Asset and Wealth Management: distribution and manufacture of funds management products
- Financial Markets: trading in fixed income, equities, currency, commodities and derivative products
- Investment Banking: corporate and structured finance, advisory, underwriting, facilitation, broking and real estate/property development
- Lending: banking activities, mortgages, margin lending and leasing

Secondary segment - geographical

Geographical segments have been determined based on where the revenues have been recorded and customers are located. The operations of the economic entity are headquartered in Australia and this is the only location that is a reportable segment. All other locations are below the reportable segment threshold and have been collectively classified as "other".

*Prima facie income tax on profit from ordinary activities is calculated at the rate of 30% (2002: 34%) on profit from 1 April to 30 September 2002 and at a rate of 30% (2002: 30%) on profits from 1 October 2002 to 31 March 2003. The economic entity has a tax year ending on 30 September.

The economic entity is currently subject to an audit by the Australian Taxation Office (ATO). Some amended assessments have been issued by the ATO for the 1988 to 1993 years. Other issues of potential taxation liability have been raised but have not yet been subject to the issue of amended assessments. Objections have been lodged in respect of the amended assessments and the other issues of alleged liability are also disputed.

The ATO is also reviewing the interests held by the economic entity in research and development syndicates. One syndicate dispute was decided in the economic entity's favour by the Administrative Appeals Tribunal and is now the subject of an appeal by the ATO to the Full Federal Court. Amended assessments have been issued in relation to another syndicate, against which objections will be lodged.

In relation to the Macquarie Income Securities, a public ruling has been issued by the ATO advising that in its view deductions are not available for distributions on this type of security. The Bank has received independent legal advice confirming that deductions are available for the distributions paid or provided. Macquarie Finance Limited has objected against the ATO's disallowance of the interest deductions and the matter is the subject of an appeal to the Federal Court. In preparing this financial report the Directors have considered the information currently available and have taken legal advice as to the economic entity's tax liability and in accordance with this believe that provisions made are adequate

| Total dividends paid or provided | 291 | 184 | 291 | 184 |

The interim ordinary dividend paid during the financial year ended 31 March 2003 was 85% franked at 30% (2002: 70% franked at 30%). The final ordinary dividend provided as at 31 March 2003 is 100% franked at 30% (2002: 70% franked at 30%) and the special ordinary dividend provided as at 31 March 2003 is 100% franked at 30%. On 8 May 2002, the Directors resolved that they would activate the Dividend Reinvestment Plan (the DRP) effective for the dividend to be paid on 2 July 2002. The DRP was approved by ordinary shareholders at the 2001 Annual General Meeting. The DRP is optional and offers ordinary shareholders in Australia and New Zealand the opportunity to acquire fully paid ordinary shares, without transaction costs, at a 2.5% discount to prevailing market value. A shareholder can elect to participate in or terminate their involvement in the DRP at any time. Details of fully paid ordinary shares issued pursuant to the DRP are included in Note 27 - Contributed equity.

Converting Preference Shares

Dividends on these shares of \$11 million (2002: \$11 million) have been charged to the Statement of Financial Performance as interest expense. The dividend paid on 17 June 2002 was 70% franked at 30%, the dividend paid on 16 December 2002 was 85% franked at 30% and the dividend to be paid on 16 June 2003 will be 100% franked at 30%.

Franking credits available for the subsequent financial year at a corporate tax rate of 30% (2002: 30%)

| | | | | |
|--|----|----|---|---|
| | 40 | 15 | — | — |
|--|----|----|---|---|

With effect from 1 July 2002, Australian tax law requires companies to maintain franking accounts on a tax paid basis. The disclosure above, including the prior year comparatives, reflects therefore the new tax paid basis of measuring franking credits.

The franked portion of dividends proposed as at 31 March 2003 will be franked out of existing franking credits or out of franking credits arising from the payment of income tax payable at the end of the financial year.

- The above amounts represent the balances of the franking accounts as at the end of the financial year, adjusted for:
- franking credits that will arise from the payment of income tax payable as at the end of the financial year
 - franking credits that may be prevented from being distributed in subsequent financial years
 - franking debits that will arise from the payment of dividends proposed as at the end of the financial year
 - franking debits that will arise from the receipt of tax receivables as at the end of the financial year.

Information concerning the classification of securities

Converting Preference Shares

These mandatorily convert to fully paid ordinary shares on 15 June 2004 and so are considered to be potential ordinary shares and have been included in the balance of diluted earnings per share.

Options

Options granted to employees under the Employee Option Plan are considered to be potential ordinary shares and have been included in the balance of diluted earnings per share.

Included in the balance of weighted average options are 486,175 (2002: 1,924,107) options that were converted, lapsed or cancelled during the financial year. There are a further 14,240,980 (2002: 357,500) options that have not been included in the balance of weighted average options on the basis that their strike price is greater than the average market price of the Bank's fully paid ordinary shares for the financial year ended 31 March 2003 and therefore they are not considered to be dilutive.

Note twenty six > Loan capital

Subordinated debt

Agreements between the Bank and the lenders provide, in the event of liquidation, that entitlement of such lenders to repayment of the principal sum and interest thereon is to be paid at all times but must remain subordinated to the rights of all other present and future creditors of the Bank.

The dates upon which the Bank has committed to repay the principal sum to the lenders are as follows:

| | | | | |
|--------------------------------|------------|------------|------------|------------|
| 1 April 2003 | 10 | 10 | 10 | 10 |
| 1 April 2004 | 83 | 94 | 83 | 94 |
| 1 April 2005 | 28 | 28 | 28 | 28 |
| 16 October 2007* | — | 50 | — | 50 |
| 23 April 2008 | 60 | 60 | 60 | 60 |
| 18 February 2013 | 225 | — | 225 | — |
| Total subordinated debt | 406 | 242 | 406 | 242 |

* On 16 October 2002, the Bank exercised its right to redeem this debt after five years

The debt was redeemed at face value.

Reconciliation of subordinated debt by major currency:

| | | | | |
|--|------------|------------|------------|------------|
| Australian dollars | 295 | 170 | 295 | 120 |
| United States dollars | 83 | 94 | 83 | 94 |
| Japanese yen | 28 | 28 | 28 | 28 |
| Total subordinated debt by currency | 406 | 242 | 406 | 242 |

In accordance with Australian Prudential Regulation Authority guidelines, the Bank includes the applicable portion of the principal sum as Tier 2 capital.

1,500,000 Converting Preference Shares of \$100 each

150 150

The Converting Preference Shares are classified as debt in accordance with AASB 1033 'Presentation and Disclosure of Financial Instruments'. Non-cumulative dividends are paid six monthly at a fixed rate of 7.38% p.a. They convert to ordinary shares of the Bank, at a predetermined date, on 15 June 2004 although if certain trigger events occur, including the non-payment of a dividend or in the event of the Bank being placed into liquidation or wound up, conversion may occur earlier. The Bank also has the option to convert them to ordinary shares any time after 15 June 2003.

In accordance with Australian Prudential Regulation Authority Guidelines, the Bank includes the Converting Preference Shares as Tier 1 capital.

Macquarie Equities (Asia) Limited, a controlled entity of the Bank incorporated in Hong Kong, has a HKD 200 million overdraft facility. The facility may be drawn down at any time and is subject to annual review on 31 December of each year. As at 31 March 2003 the facility is undrawn (2002: HKD 0.7 million drawn).

Macquarie Finance (NZ) Limited, a controlled entity of the Bank incorporated in New Zealand, has a NZD 95 million overdraft facility. The facility may be drawn down at any time and is subject to annual review on 15 February of each year. As at 31 March 2003 the facility is undrawn (2002: NZD 67 million drawn). The Bank has provided a guarantee over this facility.

The economic entity has not obtained any additional standby facilities because there are liquidity controls in place which limit the extent of any cash flow mismatch.

Note thirty > Related party information

Controlled entities

Transactions between the Bank and its controlled entities principally arise from the provision of banking and other financial services, the granting of loans, acceptance of funds on deposit and provision of management and administration services. These transactions may or may not be on commercial terms. All transactions undertaken during the financial year with controlled entities are eliminated in the consolidated financial report. Amounts due from and due to controlled entities, at balance date, are shown in the Statements of Financial Position.

Balances arising from lending and borrowing activities between the Bank and its controlled entities are repayable on demand. No security has been provided in respect of these lending activities. Interest received or receivable from and paid or payable to controlled entities and dividends received and receivable by the Bank from controlled entities are disclosed in Note 2 - Profit from ordinary activities.

Directors

The Directors who held office during the financial year were:

Executive Directors:

D.S. Clarke, AD Executive Chairman
A.E. Moss, Managing Director and Chief Executive Officer
M.R.G. Johnson, Deputy Chairman

Non-Executive Directors:

L.G. Cox, AO

Independent Non-Executive Directors:

J.G. Alpass
H.K. McCain
B.R. Martin
J.R. Noland, AC
H.M. Nugent

The above Directors each held office as a Director of the Bank throughout the financial year ended 31 March 2003 with the exception of Prof. J.R. Noland, who was appointed as a Non-Executive Director of the Bank on 27 February 2003.

* In accordance with the Bank's definition of independence (as set out in the Corporate Governance Statement contained in the 2003 Annual Review).

| Loans outstanding at the beginning of the financial year | 22,871 | 2,391 |
| Advances | 289 | 21,622 |
| Repayments | (726) | (1,142) |
| Total Directors' loans | 22,434 | 22,871 |

During the financial year the Bank brought to account interest income from loans made to Directors of \$2,225,000 (2002: \$1,682,000). The aggregate amount of any undrawn facilities as at 31 March 2003 was \$2,225,000 (2002: \$1,897,000). Loans and other financial instrument transactions are made by the Bank in the ordinary course of its banking business with related parties. Relief from disclosure of these transactions with the exception of transactions with Directors is granted to Australian banks and their controlled entities by the Australian Securities & Investments Commission in Class Order 98/110 dated 10 July 1998. The Class Order requires the Directors to issue a statutory declaration, signed by two Directors, stating that the Bank has systems of internal controls and procedures which provide assurance that any loans or other financial instrument transactions which are not entered into on normal terms and conditions are drawn to the attention of the Directors so that they may be disclosed in the financial report. The Bank will lodge the statutory declaration with the Australian Securities & Investments Commission with these financial statements.

Directors' equity participation

As at 31 March 2003 the Directors held, in aggregate, the following interests in shares and share options of the Bank and details of the movements in those interests are:

| | 2003 | Share options
2002 | Fully paid ordinary shares
2003 | 2002 |
|---|---------|-----------------------|------------------------------------|-----------|
| Aggregate acquired during the financial year | 323,400 | 197,500 | 184,657 | 480,151 |
| Aggregate exercised/disposed of during the financial year | 61,371 | 502,900 | 34,600 | 76,500 |
| Aggregate held at the end of the financial year | 829,233 | 567,204 | 2,258,050 | 2,107,993 |

During the financial year the Directors received dividends relating to the abovementioned shareholdings at the same rate as other shareholders.

Other transactions with Directors

During the financial year certain Directors had monies on deposit with the Bank within normal customer relationships on terms and conditions no more favourable than those available to other customers.

Note thirty one > Retirement benefits

There were no prescribed benefits provided to Directors and Executive Officers during the current and previous financial years.

* The portion of performance-related remuneration subject to restrictions noted in the Directors' report is excluded from the disclosures above.

** Includes retained profit share that has been previously accumulated. These amounts are only paid six months after the ED leaving the Bank, if certain disqualifying events had not occurred. If such events had occurred, the amounts would have been forfeited.

*** Includes an accrued contractual entitlement which will be payable upon the ED leaving the Bank.

The remuneration paid to executive officers has been calculated in accordance with AASB 1017 "Related Party Disclosures" and AASB 1028 "Accounting for Employee Entitlements".

Note thirty three > Employee equity participation

Option plan

In December 1995, the Bank introduced an Employee Option Plan (the Plan), as a replacement for the Bank's now closed partly paid share scheme. Staff eligible to participate are those of Associate Director level and above and consultants to the economic entity. At 31 March 2003 there were 1,152 (2002: 1,009) participants in the Plan. Options, currently for five years, over fully paid unissued ordinary shares in the Bank are granted to Laruna Nominees Pty Limited as nominee for the individual or the individual's controlled company or an entity approved under the Plan to hold options on trust for an individual.

The options are issued for no consideration and are granted at prevailing market prices. The exercise price of new options granted is generally based on the weighted average market price during the month prior to acceptance of employment for new employees or during the calendar month of June in respect of options granted as a result of annual promotions and compensation reviews.

The following is a summary of options which have been granted pursuant to the Plan:

| Latest date for exercise of options | Exercise price | Balance as at 31 March 2002 | Options issued during the financial year | Options exercised during the financial year | Options lapsed during the financial year | Balance as at 31 March 2003 |
|-------------------------------------|----------------|-----------------------------|--|---|--|-----------------------------|

Note thirty three > Employee equity participation continued

Option plan continued
 Since 31 March 2003, an additional 130,000 options have been granted and 46,704 options have lapsed. The market value of shares which would be issued from the exercise of these options at 31 March 2003 was \$614 million (\$709 million). No unissued shares, other than those referred to above, are under option as at the date of this report.

Options granted after 15 May 1996 and before the 1997 promotions and compensation reviews had vesting periods ranging up to four years after the date of grant. Each new tranche of options was issued such that 25% of each tranche became exercisable after each of the first four anniversaries of the date of grant. Options granted thereafter vest as to one third of each tranche after the second, third and fourth anniversaries of the date of commencement of employment for new starters and, for existing employees, on 1 July two, three and four years after the allocation of the options. Subject to staff trading rules, options can be exercised after the vesting period at any time up to expiry. In individual cases, such as where an employee leaves with the Bank's agreement towards the end of a vesting period, the Bank's Executive Committee has the power to waive the remainder of any vesting period and allow exercise of some or all of the relevant options.

In respect of each tranche of vested options granted to Executive Directors of the Bank after the 1997 Annual General Meeting until the 2002 promotion and compensation review grants:

— one third of the vested options may only be exercised if the Bank's average annual Return on Equity for the three previous financial years is at or above the 55th percentile of the corresponding figures for all companies in the then ASX All Industrials Index

— another third of the vested options may only be exercised if the Bank's average annual Return on Equity for the three previous financial years is at or above the 65th percentile of the corresponding figures for all companies in the then ASX All Industrials Index, and

— the final third of the vested options may only be exercised if the Bank's average annual Return on Equity for the three previous financial years is at or above the 75th percentile of the corresponding figures for all companies in the then ASX All Industrials Index.

with the conditions to be examined quarterly from vesting until expiry of the options. Options which have vested but are not able to be exercised at a particular examination date, will be exercisable (until expiry) at or after future quarterly examination dates when and if the exercise conditions pertaining to any of those dates have been met.

Following cessation of publication of the ASX All Industrials Index in mid-2002, the Board exercised its authority to resolve that whether the exercise conditions are met from that point on is to be determined by having regard to the actual performance of the Bank by using the formula set out in the exercise conditions but with the words "All Ordinaries Index excluding companies in the GICS Level 2 Energy and GICS Level 3 Metals and Mining classifications" replacing "ASX All Industrials Index"; and using "Return on Ordinary Equity" instead of "Return on Equity".

Further, in respect of new employee options from mid-2002 onwards, in respect of each tranche of vested options granted to members of the Bank's Executive Committee and to other Executive Directors of the Bank, options may only be exercisable if the Bank's average annual return on ordinary equity for the three previous financial years is at or above the 65th and 50th percentiles respectively, of the corresponding figures for all companies in the then S&P/ASX 300 Industrials Index.

The Plan Rules provide that the total number of options which can be on issue at any one time is limited such that the number of shares resulting from exercise of all unexercised options does not exceed 20% of the number of the Bank's then issued ordinary shares plus the number of shares which the Bank would have to issue if all rights to require the Bank to issue shares, which the Bank has then granted (including options) were then enforced or exercised to the greatest extent permitted. The Board has a second limitation on the number of options being the same calculation as in the Plan Rules except that any partly paid shares issued less than five years ago, which have been fully paid up and where the relevant Executive is still with the Bank, will be treated as still being partly paid and any exercised options granted less than five years ago, where the executive is still with the Bank, will be treated as still being unexercised. Fully paid ordinary shares issued on the exercise of options rank pari passu with all other fully paid ordinary shares then on issue.

On 25 May 2000, the Board approved amendments to the Plan Rules referred to as the Deferred Exercise Share Option Plan (DESOP). Shares resulting from the exercise of options will now be placed under the DESOP, unless option holders request otherwise. Unless the Bank is aware of circumstances which, in the reasonable opinion of the Bank, indicate that the relevant Executive may have acted fraudulently, dishonestly or in a manner which is in breach of his/her obligations to the Bank or any associated entity, then such a request will be granted. Shares acquired under DESOP cannot be sold, transferred or disposed of for a period of six months from the date that the shares are transferred into a participant's name and are also subject to forfeiture by an employee in a number of circumstances including theft, fraud, dishonesty or delinquency in relation to affairs of the Bank or a related entity or if they carry out or fail to carry out an act which brings the Bank or an associated entity into disrepute.

Notes continued

As at 31 March 2003

Note thirty three > Employee equity participation

Option plan continued
Shares held in the DESOP will be withdrawn on the earlier of:

- an employee's resignation from the Bank or a related company
 - upon request from the employee (after the expiration of the non-disposal period)
 - ten years from the date that the options were originally granted.
- Options carry no dividend or voting rights but have standard adjustment clauses for bonus and rights issues and reconstructions.

Employee Share Plan

Following shareholder approval at the 1997 Annual General Meeting, the Bank introduced the Macquarie Bank Employee Share Plan (ESP) whereby each financial year, eligible employees are offered up to \$1,000 worth of fully paid ordinary Bank shares for no cash payment. The Bank's staff profit sharing pools and for certain staff, future commissions, are adjusted downwards by the aggregate market value of the shares issued under the ESP.

Shares issued under the ESP cannot be sold until the earlier of three years after issue or the time when the participant is no longer employed by the Bank or a subsidiary of the Bank. In all other respects, shares issued rank equally with all other fully paid ordinary shares then on issue.

The number of shares each participant receives is \$1,000 divided by the weighted average price at which the Bank's shares are traded on Australian Stock Exchange Limited on the seven days up to and including the date of allotment, rounded down to the nearest whole share.

The employees who are eligible for an offer are those permanent employees who have been continuously employed by the Bank or a subsidiary of the Bank since 1 April of the relevant year, are still employed by the Bank or a subsidiary of the Bank on the relevant allotment date and are Australian residents on both the closing date of an offer and on the relevant allotment date. Persons who are ineligible include all non-permanent staff, staff seconded to the Bank from external companies, staff on leave without pay, staff who have been given notice of dismissal from employment by the Bank or subsidiary of the Bank or who have tendered their resignation to avoid such a dismissal (even if they would, but for this requirement, be eligible to acquire shares) and any staff member that a Group Head believes should be ineligible based on poor performance.

The latest offer under the ESP was made during December 2002. A total of 1,307 (2002: 1,440) staff participated in this offer. On 17 January 2003, the fully paid ordinary shares based on the offer amount of \$1,000 and the then calculated average market share price of \$26.22 (2002: \$37.03) that is, a total of 48,666 (2002: 38,880) shares were issued. The shares were issued for no cash consideration.

Staff Share Acquisition Plan

Following shareholder approval at the 1999 Annual General Meeting, the Bank introduced the Macquarie Bank Staff Share Acquisition Plan (MBSSAP) whereby each financial year, Australian-based eligible employees are given the opportunity to nominate an amount of their pre-tax available profit share or future commission to purchase fully paid ordinary Bank shares (Shares). The total number of Shares purchased under the MBSSAP is limited in any financial year to three per cent of the Bank's Shares as at the beginning of that financial year.

Shares are acquired at prevailing market prices. Any applicable brokerage, workers' compensation premiums and payroll tax are to the employee's account. Shares acquired under the MBSSAP cannot be sold, transferred or disposed of for a period of six months from the date that the Shares are transferred into a participating employee's name except in special circumstances or if the employee resigns. The Shares held in the MBSSAP are also subject to forfeiture by an employee in a number of circumstances including theft, fraud, dishonesty, or delinquency in relation to the affairs of the Bank or a related company or if they carry out an act or fail to do an act which brings the Bank or a related company into disrepute.

Shares held in the MBSSAP will be withdrawn on the earlier of:

- an employee's resignation from the Bank or a related company
- upon request by the employee (after the expiration of the non-disposal period)
- ten years from the date that the Shares are registered in an employee's name.

In all other respects, Shares rank equally with all other fully paid ordinary shares then on issue.

Eligible employees are Australian-based permanent full-time or part-time employees of the Bank or a related company who either receive available profit share in the relevant year of at least \$1,000 in total or allocate at least \$1,000 in available commission towards the MBSSAP.

The fourth offer under the MBSSAP was made during May 2002. A total of 272 (2002: 293) staff participated in the MBSSAP. On 27, 28 and 30 July 2003, a total of 382,276 (2002: 238,041) Shares were acquired on-market.

| Undrawn credit facilities | 2,017 | 2,079 | 2,014 | 1,841 |
| Cross-border leasing indemnities (c) | 244 | 213 | 327 | 82 |
| Total contingent liabilities | 3,001 | 3,047 | 3,983 | 3,722 |
| Analysis of undrawn credit facilities by maturity: | | | | |
| Current | 1,319 | 1,029 | 1,419 | 966 |
| Non-current | 898 | 1,050 | 595 | 875 |
| Total undrawn credit facilities | 2,017 | 2,079 | 2,014 | 1,841 |

Contingent liabilities exist in respect of claims and potential claims against entities in the economic entity. Where necessary appropriate provisions have been made in the financial report. The economic entity does not consider that the outcome of any such claims known to exist at the date of this report, either individually or in aggregate, are likely to have a material effect on its operations or financial position. Information regarding the ATO audit of the Bank is included in Note 5 - Income tax (expense).

- a) All external guarantees, other than noted for Macquarie Investment Management Limited (MIML) in (d) below, and letters of credit are provided by the Bank. Included in external guarantees are guarantees backed by cash of \$10 million (2002: \$16 million).
- b) The Bank has entered into a group guarantee with a number of controlled entities who act as Single Responsible Entities and the Australian Securities & Investments Commission for the purposes of the Net Tangible Assets calculation under the controlled entities' dealers licence conditions. The Bank has provided a guarantee of \$10 million for 12 controlled entities, which is capped at \$5 million in respect of any one entity.
- c) Indemnities granted to counterparties in respect of termination and default events in cross-border leasing transactions.
- d) MIML covenants that while it acts as Single Responsible Entity of the Macquarie Cash Management Trust, unitholders in that trust will be paid upon redemption or repurchase of a unit issued prior to 28 April 1985, where the unitholder has continuously held units from 28 April 1985, not less than the sum of \$1.00 \$4.5 million (2002: \$54 million). At 31 March 2003 the audited financial report of the Macquarie Cash Management Trust discloses the value of units on issue and the income entitlement thereon aggregating \$8.9 billion (2002: \$8.4 billion) and assets aggregating \$9.0 billion (2002: \$8.4 billion).

Operating leases relate to commercial buildings and motor vehicles leased by the Bank's staff. The future lease commitments disclosed are net of any rental incentives received and sub-lease income earned.

Note thirty seven > Objectives of holding and issuing derivative financial instruments

The Bank is an active price maker in derivatives on interest rates, foreign exchange, commodities, and equities. Its objective is to earn profits from the price making spread and from managing the residual exposures on hedged positions. Proprietary position taking is a small part of the Bank's trading activities. Risks on derivatives are managed together with all other trading positions in the same market. All trading positions, including derivatives, are marked to market daily. The economic entity also uses derivatives to hedge banking operations and for asset/liability management. Profits and losses on these transactions are brought to account over the life of the underlying transaction. The types of contracts which the economic entity trades are detailed below:

Futures: Futures contracts provide the holder with the obligation to buy a specified financial instrument or commodity at a fixed price and fixed date in the future. Contracts may be closed early via cash settlement. Futures contracts are exchange traded.

Forwards and forward rate agreements: Forward contracts, which resemble futures contracts, are an agreement between two parties that a financial instrument or commodity will be traded at a fixed price and fixed date in the future. A forward rate agreement provides for two parties to exchange interest rate differentials based on an underlying principal amount at a fixed date in the future.

Swaps: Swap transactions provide for two parties to swap a series of cash flows in relation to an underlying principal amount, usually to exchange a fixed interest rate for a floating interest rate. Cross-currency swaps provide a tool for two parties to manage risk arising from movements in exchange rates.

Options: Option contracts provide the holder the right to buy or sell financial instruments or commodities at a fixed price over an agreed period or on a fixed date. The contract does not oblige the holder to buy or sell, however the writer must perform if the holder exercises the rights pertaining to the option.

Note thirty eight > Average interest-bearing assets and liabilities and related interest

*The life insurance business offers an investment linked product.

Policy holders are primarily exposed to the liquidity risk on life insurance investment assets. The members are subject to liquidity risk on the surplus in the life insurance statutory funds.

The table details the maturity distribution of selected monetary assets and liabilities.

Maturities represent the remaining period as at 31 March 2003 to the repayment date. Certain deposits however are recorded at their expected maturity date rather than the contractual repayment date. These deposits, although withdrawable on demand, display the necessary characteristics of longer term deposits.

Note forty > Maturity analysis of monetary assets and liabilities and liquidity management continued**Liquidity management**

The liquidity policy of the economic entity is approved by the Board and agreed with the Australian Prudential Regulation Authority (APRA). This policy is reviewed regularly by the Risk Management Division to ensure it continues to meet the needs of the economic entity under all market circumstances. The economic entity's liquidity policy requires that:

- 1) Core assets (that is, on-balance sheet assets that cannot be liquidated quickly) plus liquidity buffers are funded with deposits/borrowings with a minimum maturity greater than 1 week (5 working days)
- 2) Specified percentages of borrowings have maturities beyond 6 and 12 months. A limit is also set on the maximum percentage of deposits maturing within the next 3 months and in any one month
- 3) The economic entity must keep at least a certain percentage of its total assets in highly liquid form (for example, Commonwealth and State Government debt, non-callable deposits, bank bills, overnight loans and repurchase agreements).
Within these parameters, on a day-to-day basis, liquidity management is the responsibility of the funding desk within the Treasury and Commodities Group.
An objective of the economic entity's liquidity policy is to achieve a sound deposit base with a wide spread of core depositors. In respect of the retail market, the Bank focuses its attention on small and medium sized corporate depositors who do not generally access the professional market. Retail deposits are accessed through a number of products in a variety of locations.
The offshore Debt Instrument Programme continues to expand and provides an important source of funding in a number of currencies over a range of terms. Domestic non-callable deposits, commercial paper and bond issuances also provide another source of funding

* The life insurance business offers an investment linked product. Policy holders are primarily exposed to the interest rate risk on life insurance investment assets. The shareholders are subject to interest rate risk on the surplus in the life insurance statutory funds.

Changes in market interest rates affect the level of future cash flows. The table details the exposure of the economic entity's assets and liabilities to interest rate risk. The amount shown represents the face value of assets and liabilities, or the equivalent asset or liability arising from a derivative financial instrument.

The interest rate shown is the effective interest rate or weighted average effective interest rate in respect of a class of assets or liabilities. For floating rate instruments the rate is the current market rate; for fixed rate instruments the rate is a historical rate. The bandings reflect the next contractual repricing date of the asset or liability.

| Equity contracts | 797 | 2,973 | 1,432 | 857 | 39 | 6,098 |
| Total face value of off-balance sheet financial assets and liabilities | 16,151 | 15,680 | 16,742 | 12,470 | 4,117 | 65,160 |

The table shows the face value of off-balance sheet financial assets and liabilities not included in the previous table. The bandings represent the respective maturity or expiry date.

The interest rate risk table is prepared in accordance with the requirements of AASB 1033 "Presentation and Disclosure of Financial Instruments" and as such it does not include off-balance sheet derivative financial instruments relating to currencies, commodities or equities, nor certain off-balance sheet securities purchase and sale agreements, all of which are also interest rate sensitive. Therefore, for internal risk management, the Bank does not use the replicating information in the way presented in the table. Interest rate risk, like all market risk, is measured and controlled on the basis of a wide range of rate movement scenarios, including worst case scenarios, calculated daily and covering all interest rate sensitive instruments. The Bank also calculates daily Value At Risk measures for all market risks, including interest rate risk.

* The life insurance business offers an investment linked product. Policy holders are primarily exposed to credit risk on life insurance investment assets. The members are subject to interest rate risk on the surplus in the life insurance statutory funds.

Net fair value reflects the present value of future cash flows associated with a financial asset or liability, including the cost of exchange or settlement where appropriate. Net fair value is a combination of the quoted market price and valuation techniques based upon option pricing models. Except for certain equity investments, the carrying value of on-balance sheet financial assets is not materially different to the net fair value of these items.

The net fair value in respect of financial assets represents maximum credit risk, which is the potential loss arising through the default of counterparties to financial instruments, in accordance with AASB 1033 "Presentation and Disclosure of Financial Instruments" the amount at risk excludes the value of any collateral or other security provided by the counterparty.

These disclosures do not reflect the impact of any master netting arrangements.

For the purposes of the disclosures, the definition of financial assets does not include fixed assets and tax assets.

It is the Bank's policy to employ PwC on assignments additional to their statutory audit duties where PwC's expertise and experience with the Bank are important; these assignments are principally tax advice and due diligence reporting on acquisitions, or where PwC is awarded assignments on a competitive basis.

It is the Bank's policy to seek competitive tenders for all major consulting projects.

Note forty four > Acquisition and disposal of Broadcast Australia Holdings Pty Limited

Acquisition

On 2 April 2002, a controlled entity of the Bank, Macquarie Communications Infrastructure Limited (MCIL), acquired 100% of the issued capital of (nl) Belgium spol, the chief entity of (nl) Australia Holdings Pty Limited, which was subsequently renamed Broadcast Australia Holdings Pty Limited (BA). The operating results of BA have been included in the Statements of Financial Performance from the date of acquisition until its deconsolidation on 12 August 2002.

The fair value of assets and liabilities acquired differs from those disclosed in the 31 March 2002 financial statements as a result of valuations being finalised subsequent to acquisition and revisions in the final allocation of the purchase consideration.

| | \$M |
|--|--------------|
| Fair value of net assets acquired | 63 |
| Cash and other financial assets | 527 |
| Fixed assets | 405 |
| Intangible assets | (145) |
| Payables and provisions | (517) |
| Borrowings** | 333 |
| Total fair value of net assets acquired | 313 |
| Purchase consideration | 313 |
| Cash consideration | 20 |
| Deferred consideration | 293 |
| Total purchase consideration | 313 |
| Reconciliation of cash movement | (313) |
| Cash consideration | 17 |
| Less: cash acquired | (296) |
| Total cash outflow | (279) |

Note forty four > Acquisition and disposal of Broadcast Australia Holdings Pty Limited continued

Deconsolidation

The shares in MCIL and units in the Macquarie Communications Infrastructure Trust were stapled together to form the Macquarie Communications Infrastructure Group (MCG). On 12 August 2002, MCG ceased to be a controlled entity of the Bank following the public offering of 115 million stapled securities in MCG. The Bank has retained a holding of 50 million securities, which represents 32.25% of the securities on issue. These securities must be held in escrow for a 12-month period and the Bank has agreed to waive its voting rights during this period.

Details of the disposal are as follows:

| | \$M |
|---|-------------|
| Carrying value of assets and liabilities deconsolidated | 61 |
| Cash and other financial assets | 492 |
| Fixed assets | 418 |
| Intangible assets* | (104) |
| Payables and provisions | (921) |
| Borrowings** | (54) |
| Total carrying value of assets and liabilities deconsolidated | (17) |
| Reconciliation of cash movement | (17) |
| Cash received | — |
| Less: cash deconsolidated | (17) |
| Total cash outflow | (17) |
| Gain on deconsolidation | (54) |
| MCG loss from ordinary activities after income tax from 2 April to 12 August 2002 | 54 |
| Recovery of MCG loss from ordinary activities after income tax upon deconsolidation | 30 |
| Advisory fees recognised as income upon deconsolidation | 20 |
| Gain from holding investment in MCG | 50 |
| Total gain on deconsolidation | 50 |

* Includes advisory fees recognised as income by the Bank upon deconsolidation

** Includes borrowings from the economic entity which were repaid subsequent to 12 August 2002. In addition, the Bank also earned an underwriting fee of \$5 million relating to the initial public offering of securities in MCG.

Directors' declaration

The Directors declare that the financial report and notes set out on pages 6 to 65:

- a) comply with Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements
- b) give a true and fair view of the Bank's and consolidated entity's financial position as at 31 March 2003 and of their performance, as represented by the results of their operations and their cash flows, for the financial year ended on that date.

In the Directors' opinion:

- a) the financial report and notes are in accordance with the Corporations Act 2001
- b) there are reasonable grounds to believe that the Bank will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Directors.

D.S. Clarke Director

A.E. Moss Director
Sydney, 12 May 2003

Independent audit report
To the Members of Macquarie Bank Limited

Audit opinion

In our opinion, the financial report, set out on pages 6 to 66:

- presents a true and fair view, as required by the Corporations Act 2001 in Australia, of the financial position of Macquarie Bank Limited (the Bank) and the Macquarie Bank Limited Group (the Group) as at 31 March 2003 and of their performance for the year ended on that date

— is presented in accordance with the Corporations Act 2001, Accounting Standards and other mandatory professional reporting requirements in Australia, and the Corporations Regulations 2001.

This opinion must be read in conjunction with the following explanation of the scope and summary of our role as auditor.

Scope and summary of our role

The financial report – responsibility and content
The preparation of the financial report for the year ended 31 March 2003 is the responsibility of the Directors of the Bank. It includes the financial statements for the Bank and for the Group, which incorporates the Bank and the entities it controlled during the year ended 31 March 2003.

The auditor's role and work

We conducted an independent audit of the financial report in order to express an opinion on it to the members of the Bank. Our role was to conduct the audit in accordance with Australian Auditing Standards to provide reasonable assurance as to whether the financial report is free of material misstatement. Our audit did not involve an analysis of the prudence of business decisions made by the Directors of Management.

In conducting the audit, we carried out a number of procedures to assess whether in all material respects the financial report presents fairly a view in accordance with the Corporations Act 2001, Accounting Standards and other mandatory professional reporting requirements in Australia, and the Corporations Regulations 2001, which is consistent with our understanding of the Bank's and the Group's financial position, and their performance as represented by the results of their operations and cash flows

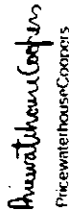

The procedures included:

- selecting and examining evidence, on a test basis, to support amounts and disclosures in the financial report. This included testing, as required by auditing standards, certain internal controls, transactions and individual items. We did not examine every item of available evidence
- evaluating the accounting policies applied and significant accounting estimates made by the Directors in their preparation of the financial report
- obtaining written confirmation regarding material representations made to us in connection with the audit
- reviewing the overall presentation of information in the financial report.

Our audit opinion was formed on the basis of these procedures

Independence

As auditor, we are required to be independent of the Group and free of interests which could be incompatible with integrity and objectivity. In respect of this engagement, we followed the independence requirements set out by The Institute of Chartered Accountants in Australia, the Corporations Act 2001 and the Auditing and Assurance Standards Board

Investor Information

2003 Annual General Meeting

The 2003 Annual General Meeting of the Bank will be held at 10.30 am on Thursday, 31 July 2003 at The Westin Sydney, in the Grand Ballroom, Lower Level, No. 1 Martin Place, Sydney, NSW. Details of the business of the meeting are contained in the separate Notice of Meeting sent to security holders.

Voting rights

Ordinary Shares

At meetings of members or classes of members each member may vote in person or by proxy or attorney. On a show of hands every person present who is a member or a representative of a member has one vote and on a poll every member present in person or by proxy or attorney has:

- i) one vote for each fully paid share held, and
- ii) that proportion of a vote for any partly paid ordinary share held that the amount paid on the partly paid share bears to the total issue price of the share.

Converting Preference Shares

Holders of Converting Preference Shares have:

- a) the right to vote at any general meeting of the Bank only in the following circumstances:

- i) during a period during which a dividend for part of a dividend in respect of the shares is in arrears
- ii) on a proposal to reduce the Bank's share capital
- iii) on a resolution to approve the terms of a buy-back agreement

- iv) on a proposal that affects rights attached to the share
- v) on a proposal to wind up the Bank
- vi) on a proposal for the disposal of the whole of the Bank's property, business and undertaking
- vii) during the winding up of the Bank, and
- b) the same voting rights, in those circumstances, as holders of ordinary shares (as set out above).

Macquarie Income Securities

Holders of Macquarie Income Securities, as holders of preference shares, have:

- a) the right to vote at any general meeting of the Bank only in each of the following circumstances:
 - i) during a period when two consecutive semi-annual dividends due and payable on the Preference Shares have not been paid in full, and no Optional Dividend (as defined in the preference share terms) has been paid
 - ii) on any proposal to reduce the Bank's share capital
 - iii) on any resolution to approve the terms of a buy-back agreement
- b) on any proposal that affects the rights attaching to the preference shares
- v) on a proposal to wind up the Bank
- vi) on any proposal for the disposal of the whole of the Bank's property, business and undertaking
- vii) during the winding up of the Bank, and
- b) the same voting rights, in those circumstances, as holders of ordinary shares (as set out above).

Stock Exchange Listing

Fully paid ordinary shares and Converting Preference Shares issued by Macquarie Bank Limited and Macquarie Income Securities are quoted on the Australian Stock Exchange. Macquarie Bank's code on the Australian Stock Exchange is MBL, the Converting Preference Shares' code is MBLPA and the Macquarie Income Securities' code is MBLHB. Macquarie Bank also has debt securities quoted on the Luxembourg Stock Exchange.

12 June 2003

Dear Shareholder

3-2-

The 2003 Annual General Meeting of Macquarie Bank Limited will be held in The Grand Ballroom, Lower Level, The Westin Sydney, No. 1 Martin Place, Sydney, New South Wales on Thursday, 31 July 2003, at 10.30 am.

The Managing Director and I will comment briefly on the Bank's performance during the year to 31 March 2003 at the meeting and you are also referred to the comments in the Bank's 2003 Annual Review for further information.

The meeting will cover the ordinary business transacted annually and the special business of a proposed increase in the maximum aggregate remuneration for non-executive voting directors.

Shareholders are invited to join the Board for light refreshments at the conclusion of the meeting. If you plan to attend please bring the enclosed proxy form to facilitate your registration. I look forward to seeing you then.

Yours faithfully

David S Clarke
Chairman

NOTICE OF MEETING

Notice is hereby given that the 2003 Annual General Meeting of Macquarie Bank Limited, ACN 008 583 542, will be held in The Grand Ballroom, Lower Level, The Westin Sydney, No. 1 Martin Place, Sydney, New South Wales on Thursday, 31 July 2003, at 10.30 am. Registration will open at 9.30 am.

Ordinary Business

1. Financial Statements

To consider and receive the Financial Report, the Report of the Voting Directors and the Auditor's Report for the year ended 31 March 2003.

2. Re-election of Mr BR Martin as a Voting Director

To consider and, if thought fit, to pass the following as an ordinary resolution:

That Mr BR Martin be re-elected as a Voting Director of the Company.

3. Re-election of Mr HK McCann as a Voting Director

To consider and, if thought fit, to pass the following as an ordinary resolution:

That Mr HK McCann be re-elected as a Voting Director of the Company.

4. Re-election of Mr LG Cox as a Voting Director

To consider and, if thought fit, to pass the following as an ordinary resolution:

That Mr LG Cox be re-elected as a Voting Director of the Company.

5. Election of Professor JR Niland as a Voting Director

To consider and, if thought fit, to pass the following as an ordinary resolution:

That Professor JR Niland, having been appointed as a Voting Director since the last general meeting, be elected as a Voting Director of the Company.

6. Election of Mr PM Kirby as a Voting Director

To consider and, if thought fit, to pass the following as an ordinary resolution:

That Mr PM Kirby, having been appointed as a Voting Director since the last general meeting, be elected as a Voting Director of the Company.

Special Business

7. Increase in Voting Directors' Maximum Aggregate Remuneration for acting as Voting Directors

To consider and, if thought fit, to pass the following as an ordinary resolution:

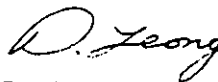

That the remuneration of the Voting Directors for acting as Voting Directors, for the years from and including the year commencing on 1 July 2003, be increased by \$400,000 per annum from \$1,200,000 per annum to such annual sum, not exceeding \$1,600,000 per annum as the Voting Directors determine, to be divided in accordance with the Company's Constitution.

Voting Exclusion Statement

The Company will disregard any votes cast on Item 7 by any Voting Director and any associate of those Voting Directors. However, the Bank need not disregard a vote if:

- (a) it is cast by a Voting Director as proxy for a person who is entitled to vote, in accordance with the directions on the proxy form; or
- (b) it is cast by a Voting Director who is chairing the meeting, as proxy for a person who is entitled to vote, in accordance with a direction on the proxy form to vote as the proxy decides.

By order of the Board

Dennis Leong
Company Secretary
Sydney, 12 June 2003

NOTICE OF MEETING

Notes

1. A member entitled to attend and vote is entitled to appoint not more than two proxies. Where more than one proxy is appointed, each proxy must be appointed to represent a specified number of shares or proportion of the member's voting rights. A proxy form and a reply paid envelope have been included for members with this Notice of Meeting. Proxy voting instructions are provided on the back of the proxy form.

A proxy need not be a member. If you wish to direct a proxy how to vote on any resolution place a mark (eg a cross) in the appropriate box on the proxy form and your total shareholding will be voted in that manner. You may split your voting direction by inserting the number of shares or percentage of shares that you wish to vote in the appropriate box.

2. Proxies must be received by the Company's share registry, Computershare Investor Services Pty Limited, Level 3, 60 Carrington Street, Sydney NSW 2000 (facsimile number (02) 8235 8220), or at the Company's registered office in the ACT, not less than 48 hours before the meeting. Any revocations of proxies must also be received at one of these places before the commencement of the meeting.
3. Pursuant to Regulation 7.11.37 of the Corporations Regulations 2001, the holders of the Company's ordinary shares for the purposes of the meeting, will be those registered holders of the Company's ordinary shares at 7.00 pm (Sydney time) on Tuesday, 29 July 2003.
4. This Notice is being sent to holders of the Company's Converting Preference Shares and holders of Macquarie Income Securities. Holders of these securities may attend the Annual General Meeting but are not entitled to vote on any of the proposed resolutions.

EXPLANATORY NOTES ON ITEMS OF BUSINESS

Item 1: Reports and Accounts

As required by section 317 of the Corporations Act 2001, the Financial Report, Directors' Report and Auditor's Report of Macquarie Bank Limited (the "Bank") for the most recent financial year will be laid before the meeting. There is no requirement for a formal resolution on this item.

Items 2, 3 and 4: Re-Election of Voting Directors Retiring by Rotation

Voting Directors, Barrie Martin, Kevin McCann and Laurie Cox retire by rotation and offer themselves for re-election.

Barrie Martin, BEc, ANZIIIF (Fellow), joined the Board as a Non-Executive Voting Director in August 1993 and is considered by the Bank to be an independent director (see pages 32 and 33 of the Bank's 2003 Annual Review for the Bank's definition of independent directors). He is 67 years of age.

He is a member of the Board Audit and Compliance Committee, the Board Corporate Governance Committee, the Board Nominating Committee and, like all Board members, the Board Risk Committee. He is also a member of the Compliance Committee of two Bank subsidiaries, Macquarie Investment Management Limited and Macquarie Investment Services Limited.

Mr Martin was Non-Executive Chairman of Prudential Corporation Australia Limited from 1994 to 1997 and was Managing Director for the Prudential Group in Australia and New Zealand from July 1984 to December 1994. He held various management positions in the Prudential Group, having joined it in 1968.

He was Chairman of the Life Insurance Federation of Australia from May 1990 to May 1992 and was Chairman of the Insurance Employers Industrial Association from 1990 to 1992. He stepped down from the position of Deputy President of the State Chamber of Commerce (NSW) in 1991 and was President of the Council of the Australian Insurance Institute in 1994/1995.

Mr Martin brings to the Board 35 years of experience in financial services. His experience as the chief executive of a significant Australasian financial services group which had interests in life insurance, superannuation and wholesale and retail funds management is particularly relevant to his role

as a member of the Bank's Board. His insurance background has also been beneficial to the development of Macquarie Life Limited, the Bank's life insurance subsidiary, from whose Board he recently resigned.

He also has significant experience as a non-executive director. He is currently the Chairman of Brazin Limited, the Barkworth Group and a Director of BHP SVC Pty Limited and SciGen Limited. He is also Chairman of the Compliance Committee of Allianz Dresdner Asset Management Limited. He previously chaired three other listed public companies, Alpha Healthcare Limited from 1993 to 2001, Homemakers Retail Management Limited from 1999 to 2001 and Sundowner Motor Inns Limited from 1999 to 2001.

The Board unanimously recommends that shareholders vote in favour of Barrie Martin's re-election.

Kevin McCann, BA LLB (Hons) (Syd) LLM (Harv) FAICD, joined the Board in December 1996 as a Non-Executive Voting Director of the Bank and is considered to be an independent director by the Bank. He is 62 years of age.

Mr McCann is Chairman of Partners, Allens Arthur Robinson, one of Australia's leading legal firms, having been admitted as a Partner in 1970. He practices as a commercial lawyer specialising in Mergers and Acquisitions, Mineral and Resources Law and Capital Markets Transactions. He is also a member of the Australian Takeovers Panel.

His extensive and current legal experience means that the Board has a member with strong and up-to-date legal expertise. He has practiced in many areas of commercial law and is well qualified to be the Chairman of the Bank's Board Corporate Governance Committee, which was formed in October 2002. He is also a member of the Board Audit and Compliance Committee and a member of the Board Risk Committee.

Mr McCann has extensive experience as a non-executive director of listed public and other companies. He is currently Chairman of Healthscope Limited, Origin Energy Limited, Triako Resources Limited and the Sydney Harbour Federation Trust and a director of BHP Steel Limited.

He was a Director of Pioneer International Limited from 1976 to 2000, of Ampol Limited from 1985 to 1994, of Ampolex Limited from

EXPLANATORY NOTES ON ITEMS OF BUSINESS

1987 to 1992 and of The Hospitals Contributions Fund of Australia Limited from 1989 to 1996. He was a Member of the Board of the State Rail Authority of New South Wales from 1989 to 1995.

The Board unanimously recommends that shareholders vote in favour of Kevin McCann's re-election.

Laurie Cox AO, BCom, FCPA, FSIA, FAICD, joined the Board as a Non-Executive Director and as Joint Chairman of Macquarie Corporate Finance Limited in January 1996. He remains Joint Chairman of and a consultant to the Bank's Corporate Finance Division and is a member of the Board Risk Committee. He is 64 years of age.

He brings to the Board, long experience in, and a first-hand knowledge of, investment markets and related businesses in Australia and overseas.

Prior to joining the Board, Mr Cox spent 35 years with the Potter Warburg group of companies, one of Australia's leading stockbroking and investment banking groups. He was Executive Chairman of the group and a Director of S G Warburg Securities of London.

Mr Cox is the immediate past Chairman of Australian Stock Exchange Limited ("ASX"), holding this office from 1989 to 1994. He was a Director of ASX from its inception in 1987, a Director of Securities Exchanges Guarantee Corporation from 1987 to 1995 and a member of the Executive Committee of the Internationale Bourses des Valeurs from 1990 to 1992. He is an affiliate of ASX and is a former member of the International Markets Advisory Board of NASD, the regulator of The NASDAQ Stock Market (USA).

Mr Cox maintains close contact with domestic and international financial markets as an integral part of his ongoing role with the Corporate Finance Division. This contact also enables him to make contemporary contributions to Board discussions.

He also has considerable non-executive director experience, being Chairman of Transurban Group, SMS Management & Technology Limited and the Murdoch Childrens Research Institute and a Director of Smorgon Steel Group Limited. He is also a member of the Executive Committee of the Australia Japan Business Co-operation Committee.

The Board unanimously recommends that shareholders vote in favour of Laurie Cox's re-election.

Items 5 and 6: Election of Voting Directors Appointed since the Last General Meeting

John Niland and Peter Kirby, having been appointed by the Board as Voting Directors since the last general meeting of the Bank, offer themselves for election.

John Niland, AC, BCom, MCom, HonDSc (UNSW), PhD (Illinois), DUniv (SCL), FAICD was appointed as a Non-Executive Voting Director on 27 February 2003 and is considered by the Bank to be an independent director. He is 62 years of age.

Professor Niland brings to the Board significant management expertise in a variety of roles covering science and technology, philanthropy and environmental regulation as well as extensive academic experience both in Australia and internationally.

Following the completion of a ten year term as Vice-Chancellor and President of the University of New South Wales ("UNSW") in July 2002, he became Professor Emeritus of UNSW and now serves as Chairman of a range of bodies including the UNSW Foundation Limited, Research Australia Limited, the Australian Peace Scholarships Trust, realestate.com.au Limited and the Centennial Park Trust. He also serves on the Board of Trustees of Singapore Management University and is a member of the University Grants Committee of Hong Kong.

Prior to becoming Vice-Chancellor at UNSW, Professor Niland served as Head of the School of Economics, Dean of the Faculty of Commerce and Economics and was the University's foundation Professor of Economics and Industrial Relations. He has held academic positions at Cornell University, the University of Illinois and the Australian National University.

Professor Niland has spent periods in management roles in the Australian steel industry, as the Chief Executive of the State Pollution Control Commission and as the Executive Chairman of the Environmental Protection Authority. He has served on the Australian Universities Council, the Technical and Further Education Council of Australia, the Boards of St Vincent's Hospital and the Sydney Symphony Orchestra Foundation and the

EXPLANATORY NOTES ON ITEMS OF BUSINESS

successful Sydney Olympic bid's Building Commission.

The Board unanimously recommends that shareholders vote in favour of John Niland's election.

Peter Kirby, BEc (Rhodes) BEc (Hons) (Natal) MA (Manchester) MBA (Witwatersrand), was appointed on 29 May 2003 as a Non-Executive Voting Director of the Bank and as a member of the Board Risk Committee, to be effective 28 June 2003. He meets the Bank's definition of an independent director. He is 55 years of age.

Mr Kirby will bring to the Board considerable depth and breadth of business and management expertise gained over 30 years in a variety of roles, in Australia and overseas.

Until the end of March this year, he was the Managing Director and Chief Executive Officer of CSR Limited, positions which he had held since 1998. In that time, he presided over CSR's transformation into one of the world's top ten building material groups, culminating in its successful demerger into two independent listed companies. With the demerger completed, he will leave CSR shortly.

CSR's transformation included 47 transactions valued at \$4.3 billion (including divesting 22 businesses) and followed reviews of corporate strategy and senior management. During this period, CSR's earnings per share, return on equity and share price all increased significantly.

Prior to joining CSR, Mr Kirby was with Imperial Chemical Industries PLC ("ICI") for 25 years in a variety of senior management positions around the world, including CEO of ICI Paints, responsible for the group's coatings businesses worldwide, and a member of the Executive Board of ICI, with responsibility for ICI Americas and the western hemisphere.

The Board unanimously recommends that shareholders vote in favour of Peter Kirby's election.

Item 7: Increase in Maximum Aggregate Voting Directors' Remuneration for acting as Voting Directors

It is proposed to increase the maximum aggregate remuneration of the Board for acting as Voting Directors ("Remuneration Cap") from \$1.2 million per annum to \$1.6 million per annum. No Executive Director receives fees for acting as a Voting Director.

The proposed increase will:

- allow for some growth in Board remuneration over time to reflect market movements and changed responsibilities; and
- provide the Board with the flexibility to appoint an additional independent Non-Executive Voting Director ("NED") in future, which is currently under consideration.

Shareholder approval is sought both under Article 52 of the Bank's Constitution and Australian Stock Exchange Limited ("ASX") Listing Rule 10.17.

The Board's policy is to remunerate NEDs at market rates for comparable companies for the time commitment and responsibilities involved. Where considered appropriate, external advice on market rates is taken.

During the year, the Board obtained external advice on movements in non-executive director remuneration for comparable companies in Australia since 2000. Board fees were increased to reflect these market movements and the increased time commitment required of NEDs serving on some Board committees. Payments were also made to NEDs during the year in respect of the 2001/2002 year, to reflect market movements and that there was no increase in Board fees that year. These payments were within the Remuneration Cap.

Following this review, the base remuneration for a NED is \$100,000 p.a. Remuneration is also payable to NEDs for Board Committee duties, as follows:

- Chairman of the Board Audit and Compliance Committee \$50,000 p.a.
- Member of the Board Audit and Compliance Committee \$25,000 p.a.
- Chairman of the Board Remuneration Committee \$25,000 p.a.
- Member of the Board Remuneration Committee \$12,500 p.a.

EXPLANATORY NOTES ON ITEMS OF BUSINESS

- Chairman of the Board Corporate Governance Committee \$25,000 p.a.
- Member of the Board Corporate Governance Committee \$12,500 p.a.
- Member of the Board Nominating Committee \$4,400 p.a.

These rates are planned to be reviewed again with effect from 1 July 2003.

NEDs may elect to be paid this remuneration, in part, in the form of superannuation contributions and, following approval at the Bank's 1999 Annual General Meeting, in the form of fully paid ordinary shares in the Bank acquired under the Macquarie Bank Non-Executive Director Share Acquisition Plan ("NEDSAP"). Such shares are acquired on-market at prevailing market prices.

In order to encourage long-term commitment and more closely align the interests of the Board with shareholders, the Board has a minimum shareholding requirement for its NEDs. They are required to compile and maintain a minimum shareholding in the Bank, currently set at 4,000 fully paid ordinary shares. This minimum holding may be accumulated over three years and may be contributed to via participation in the NEDSAP.

Shareholders approved at the Bank's 2000 Annual General Meeting, the Macquarie Bank Non-Executive Director Option Plan ("NEDOP"), under which the Bank's NEDs could be invited to apply for five year options over fully paid shares in the Bank, in 2000, 2001 and 2002, valued at the time of determination at no more than 20% of the then base NED annual remuneration, provided the Bank met pre-determined performance benchmarks.

Before the grant of the 2002 options, the Board agreed to suspend the operation of the NEDOP and replace it with contingent additional remuneration equal in value to 20% of the annual base NED remuneration, conditional on the Bank meeting a pre-agreed performance benchmark in the relevant financial year, which would be offered to each NED only in the form of the Bank's fully paid ordinary shares acquired for the NED under the NEDSAP. The performance benchmark is that the Bank's average annual return on ordinary equity for the three previous financial years is at or above the 65th percentile of the corresponding figures for all companies in the then S&P/ASX 300 Industrials Index.

The objective of these contingent payments is to assist in the recruitment, reward and retention of NEDs. The contingent payments have been taken into account when comparing NEDs'

remuneration with market rates. The Bank has been granted an ASX listing rule waiver to make the payments.

Board members, John Allpass and Barrie Martin, also act as the Chairman and as a member, respectively, of the Compliance Committees of two Bank subsidiaries, Macquarie Investment Management Limited and Macquarie Investment Services Limited, for which the aggregate remuneration is currently \$37,500 p.a. and \$25,000 p.a., respectively. This remuneration is paid by these Bank subsidiaries. The payments do not come within the Remuneration Cap under the Bank's Constitution. However, ASX has advised that it considers these payments to be within the scope of the cap on "directors' fees" for the purposes of ASX Listing Rule 10.17.

The maximum aggregate remuneration was last increased at the Bank's 2000 Annual General Meeting ("AGM"). Since then the Bank has grown significantly:

- annual profit after tax attributable to ordinary shareholders from \$210 million to \$333 million;
- basic annual earnings per share from \$1.24 to \$1.65;
- net assets from about \$1.2 billion to over \$2.5 billion;
- total assets from about \$23 billion to over \$32 billion;
- funds under management from about \$26 billion to about \$52 billion; and
- permanent staff numbers from approximately 4,070 to about 4,800.

In addition, since 2000, there have been increasing demands on directors of listed companies under the law, by regulators and through community expectations.

Partly in response to these demands and in accordance with movements in best practice corporate governance, the responsibilities and time commitment of NEDs have grown considerably over this time.

Board meetings are now generally longer than they were in 2000. Board Committee meetings are longer with more matters being discussed, and there has been a significant increase in the number of Committee meetings.

In 1999/2000 and in 2000/2001, there were 12 Board Committee meetings held. In 2001/2002 there were 17 Board Committee meetings. In 2002/03, there were 21 Board Committee meetings - eight meetings of the Audit and Compliance Committee, eight meetings of the

EXPLANATORY NOTES ON ITEMS OF BUSINESS

Remuneration Committee, three of the new Corporate Governance Committee, one of the Nominating Committee and one of the new Risk Committee.

The Board Corporate Governance Committee and the Board Risk Committee will meet at least four times per year going forward.

At current remuneration levels, the aggregate NED remuneration is close to the existing Remuneration Cap of \$1.2 million per annum.

As noted above, Board remuneration is scheduled for review again with effect from 1 July 2003. The proposed increase will:

- allow for some growth in Board remuneration over time to reflect market movements and changed responsibilities; and
- provide the Board with the flexibility to appoint an additional independent NED in future, which is currently under consideration.

The Bank considers it essential that it has the resources available to attract and retain the highest quality candidates for Board positions.

With NEDs noting their interests in the matter, the Board unanimously recommends that shareholders approve the increase in the maximum aggregate Board remuneration.

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities

Quotation agreement

1 Quotation of our additional securities is in ASX's absolute discretion. ASX may quote the securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those securities should not be granted quotation.
- An offer of the securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any securities to be quoted and that no-one has any right to return any securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the securities to be quoted, it has been provided at the time that we request that the securities be quoted.
- If we are a trust, we warrant that no person has the right to return the securities to be quoted under section 1019B of the Corporations Act at the time that we request that the securities be quoted.

+ See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

Company Announcements Office
Australian Stock Exchange Limited

2003 ASX 115

Dear Sir/Madam,

Macquarie Life Limited, a wholly owned subsidiary of Macquarie Bank Limited ("Macquarie"), has been granted exemption from compliance with section 259C of the Corporations Act allowing it to invest in Macquarie shares.

The exemption was granted by the Australian Securities and Investments Commission and is subject to certain conditions. One of these conditions is that Macquarie discloses the information below to Australian Stock Exchange Limited on a fortnightly basis.

The aggregated percentage of Macquarie voting shares:

(a) in respect of which Macquarie Life Limited have the power to control voting or disposal; and

(b) underlying derivatives held by Macquarie Life Limited,

as at 20 June 2003, was 0.0384%.

Yours faithfully,

Dennis Leong
Company Secretary

Rule 2.7, 3.10.3, 3.10.4, 3.10.5

Appendix 3B

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin, Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002.

ASX Release/Media Release

30 June 2003

MACQUARIE EXPANDS FUNDS MANAGEMENT INTO TAIWAN

Macquarie Bank's Funds Management Group today announced it has expanded its operations into the Taiwan funds management market by acquiring a 40 percent stake in United Securities Investment Trust Corporation (United SITE), a mid-sized Taiwanese fund manager, for an undisclosed amount.

The purchase is part of a funds management joint venture with United Investments Company, a boutique venture-capital and investment firm.

Head of the Funds Management Group's International Division, Ben Bruck, said Macquarie is delighted to be working with a quality partner such as United in Taiwan and would relocate two executives to Taipei and provide expertise in asset management, product development and risk management.

Drawing on Macquarie's expertise, the joint venture will develop a new range of global-standard products under the United brand for the local market.

Mr Bruck said United SITE has funds under management of around \$NT\$31 billion (\$A1.3 billion) and a five-year track record of stable profitability and funds growth. After adjusting for the size of its equity stake, the acquisition will increase Macquarie Funds Management Group's funds under management in Asia by around 20 per cent.

"A presence in Taiwan will further Macquarie's strategy of developing a regional capability," Mr Bruck said.

"This joint venture is part of a considered strategy of developing a network of local businesses in the major savings markets of the region through organic growth which is a deliberate preference over large-scale acquisitions."

"We believe that building on-the-ground capabilities in local assets offers stronger growth prospects and ultimately, the opportunity to construct regional products for sale into the major international money centres.

"Taiwan is attractive because its funds management industry offers large potential growth; at present, a relatively small share of investment savings are managed by funds management firms (10 per cent) compared with Australia (50 per cent).

"It shares similarities with Malaysia and Korea, where Macquarie has established successful funds management joint ventures, and is committed to a similar path of liberalisation under its accession to the World Trade Organisation."

Mr Bruck said the Taiwan joint venture, which is Macquarie Bank's first on-the-ground presence in Taiwan, will raise the total funds under management in the Division's Asian joint ventures to \$5.9 billion, from \$4.6 billion, mostly sourced from institutional investors. The acquisition will not materially impact Macquarie's balance sheet or capital adequacy.

Macquarie's presence in Taiwan will be led by Division Director, Peter Dale, who has 14 years' experience in funds management at Macquarie.

Mr Dale brings to the role his recent experience in Macquarie's joint venture with IMM in Korea, where he led the marketing team which raised around \$2.5 billion in funds in just over two years.

Macquarie Funds Management Group Head, David Deverall, said the start of a third joint venture in the region consolidated the ongoing success of the Group's strategy to seek growth in both the domestic Australian market and niche offshore markets.

"Our joint ventures in the region have provided valuable diversification and growth for our business. We have developed strong working partnerships in Malaysia and Korea and look forward to continuing this with our new partners in Taiwan," he said

ASX/Media Release

30 June 2003

**MACQUARIE PROPERTY FORMS STRATEGIC ALLIANCE WITH
DEVELOPERS DIVERSIFIED REALTY**

Macquarie Bank (ASX:MBL) today announced a strategic alliance with Developers Diversified Realty Corporation (NYSE:DDR), one of the leading owners, operators, developers and acquirers of retail community centres in the United States.

Mr Mark Baillie, Macquarie Bank's Head of Real Estate in North America, said that the alliance with DDR is a further demonstration of Macquarie Property's commitment to its international property expansion strategy.

"The announcement of this latest alliance signals Macquarie and DDR's intention to jointly explore investment opportunities in the U.S. community shopping centre market and capital raising opportunities in the Australian market," Mr Baillie said. "This focus on a unique product type in the U.S. retail sector with a leading operator is consistent with Macquarie's specialised funds management strategy."

DDR's retail community centres typically have one or more national discount department stores such as Wal-Mart, Target, and Kohl's as anchor tenants; one or more home improvement stores such as Home Depot or Lowe's, or warehouse stores such as Costco or SAM's Club as anchor tenants; two or more medium size national tenants such as Bed Bath and Beyond; as well as 20,000 to 80,000 square feet of small-shop space (specialty tenancy). This asset focus has enabled DDR to take advantage of recent trends in the retail industry, including the transfer of market share from traditional department stores and mall speciality shops to discount department stores and other value-oriented retailers.

Scott A. Wolstein, Developers Diversified Chairman and Chief Executive Officer commented, "We are excited about our valuable strategic alliance with Macquarie Bank. This alliance provides DDR with the potential for another efficient source of long-term foreign investment capital to fund our future growth. DDR continues to expand its access

to capital, including a variety of public and private domestic and foreign sources. This variety of investors enables DDR to maintain its financing flexibility in diverse economic conditions.”

DDR currently owns and manages approximately 400 retail operating and development properties comprising over 85 million square feet of real estate in 44 states. DDR is a self-administered and self-managed real estate investment trust (REIT) operating as a fully integrated real estate company which develops, leases and manages shopping centres.

DDR has a total market capitalisation of approximately US\$5.5 billion and since its initial public offering in 1993, it has delivered strong investment returns, consistently outperforming comparable US REIT benchmarks.

Macquarie Property already has several successful U.S. based alliances, including those with Regency, the largest owner, developer and manager of food based neighbourhood shopping centres in the U.S.; Archstone-Smith, one of the leading owners, operators and developers of apartment communities in the U.S.; and ProLogis, the largest industrial real estate investment trust in the U.S. which led to the successful listing of the Macquarie ProLogis Trust in July 2002.

Significantly, all of the alliance partners are major clients of Macquarie Capital Partners, a global real estate investment banking boutique in which Macquarie Property is a partner.

Macquarie Property and its associates manages approximately \$7 billion in property assets through five sector specific listed trusts, property syndicates and development funds.

Rule 2.7, 3.10.3, 3.10.4, 3.10.5

Appendix 3B

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin. Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30-9/2001, 11/3/2002.

Name of entity

MACQUARIE BANK LIMITED

ABN

46 008 583 542

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

- 1 Class of securities issued or to be issued Fully Paid Ordinary Shares
- 2 Number of securities issued or to be issued (if known) or maximum number which may be issued 43,567
- 3 Principal terms of the securities (eg, if options, exercise price and expiry date; if partly paid securities, the amount outstanding and due dates for payment; if convertible securities, the conversion price and dates for conversion) As per other fully paid ordinary shares already quoted

+ See chapter 19 for defined terms.

**Appendix 3B
New issue announcement**

4 Do the ⁺securities rank equally in all respects from the date of allotment with an existing ⁺class of quoted ⁺securities?

YES

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

5 Issue price or consideration

5,667 @ \$12.73 each
31,250 @ \$18.51 each
6,650 @ \$23.94 each

6 Purpose of the issue
(If issued as consideration for the acquisition of assets, clearly identify those assets)

N/A – shares were issued on exercise of employee options.

7 Dates of entering ⁺securities into uncertificated holdings or despatch of certificates

43,567 on 1/07/03

| Number | ⁺ Class |
|--------|--------------------|
|--------|--------------------|

⁺ See chapter 19 for defined terms.

| | | | |
|---|---|-------------|--------------------------------------|
| 8 | Number and ⁺ class of all ⁺ securities quoted on ASX (including the securities in clause 2 if applicable) | 205,708,456 | Fully paid ordinary Shares |
| | | 1,500,000 | Converting Preference Shares (MBLPA) |
| | | 4,000,000 | Macquarie Income Securities (MBLHB) |

| 9 | Number and ⁺ class of all ⁺ securities not quoted on ASX (including the securities in clause 2 if applicable) | Number | ⁺ Class |
|---|---|------------|---|
| | | 23,726,748 | Options over ordinary shares at various exercise prices |

| | | |
|----|--|--|
| 10 | Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests) | Shares rank pari passu with all existing fully paid ordinary shares. |
|----|--|--|

Part 2 - Bonus issue or pro rata issue

- 11 Is security holder approval required?
- 12 Is the issue renounceable or non-renounceable?
- 13 Ratio in which the ⁺securities will be offered
- 14 ⁺Class of ⁺securities to which the offer relates
- 15 ⁺Record date to determine entitlements
- 16 Will holdings on different registers (or subregisters) be aggregated for calculating entitlements?

⁺ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

17 Policy for deciding entitlements in relation to fractions

18 Names of countries in which the entity has security holders who will not be sent new issue documents

Note: Security holders must be told how their entitlements are to be dealt with

Cross reference rule 7.7.

19 Closing date for receipt of acceptances or renunciations

+ See chapter 19 for defined terms.

-
- 20 Names of any underwriters
- 21 Amount of any underwriting fee or commission
- 22 Names of any brokers to the issue
- 23 Fee or commission payable to the broker to the issue
- 24 Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of ^{*}security holders
- 25 If the issue is contingent on ^{*}security holders' approval, the date of the meeting
- 26 Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled
- 27 If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders
- 28 Date rights trading will begin (if applicable)
- 29 Date rights trading will end (if applicable)
- 30 How do ^{*}security holders sell their entitlements *in full* through a broker?
- 31 How do ^{*}security holders sell *part* of their entitlements through a broker and accept for the balance?
- 32 How do ^{*}security holders dispose
-

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

of their entitlements (except by sale through a broker)?

33 *Despatch date

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) Securities described in Part 1

(b) All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 If the *securities are *equity securities, the names of the 20 largest holders of the additional *securities, and the number and percentage of additional *securities held by those holders

36 If the *securities are *equity securities, a distribution schedule of the additional *securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 A copy of any trust deed for the additional *securities

(now go to 43)

* See chapter 19 for defined terms.

Entities that have ticked box 34(b)

38 Number of securities for which quotation is sought

39 Class of securities for which quotation is sought

40 Do the securities rank equally in all respects from the date of allotment with an existing class of quoted securities?

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

41 Reason for request for quotation now

Example: In the case of restricted securities, end of restriction period

(if issued upon conversion of another security, clearly identify that other security)

| | Number | Class |
|----|--|-------|
| 42 | Number and class of all securities quoted on ASX (including the securities in clause 38) | |

(now go to 43)

+ See chapter 19 for defined terms.

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 "Quotation of our additional "securities is in ASX's absolute discretion. ASX may quote the "securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the "securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those "securities should not be granted "quotation.
- An offer of the "securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty.

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any "securities to be quoted and that no-one has any right to return any "securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the "securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the "securities to be quoted, it has been provided at the time that we request that the "securities be quoted.
- If we are a trust, we warrant that no person has the right to return the "securities to be quoted under section 1019B of the Corporations Act at the time that we request that the "securities be quoted.

+ See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before +quotation of the +securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

2003 ASX 123

C. 11/11/01

Rule 2.7, 3.10.3, 3.10.4, 3.10.5

Appendix 3B

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin: Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002.

Name of entity

MACQUARIE BANK LIMITED

ABN

46 008 583 542

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

- 1 [†]Class of [†]securities issued or to be issued Fully Paid Ordinary Shares
- 2 Number of [†]securities issued or to be issued (if known) or maximum number which may be issued 11,500
- 3 Principal terms of the [†]securities (eg, if options, exercise price and expiry date; if partly paid [†]securities, the amount outstanding and due dates for payment; if [†]convertible securities, the conversion price and dates for conversion) As per other fully paid ordinary shares already quoted

[†] See chapter 19 for defined terms.

Appendix 3B
New issue announcement

4 Do the securities rank equally in all respects from the date of allotment with an existing class of quoted securities?

YES

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

5 Issue price or consideration

8,168 @ \$18.51 each
 3,332 @ \$23.94 each

6 Purpose of the issue
 (If issued as consideration for the acquisition of assets, clearly identify those assets)

N/A – shares were issued on exercise of employee options.

7 Dates of entering securities into uncertificated holdings or despatch of certificates

11,500 on 3/07/03

| Number | Class |
|--------|-------|
|--------|-------|

+ See chapter 19 for defined terms.

| | | | |
|---|---|-------------|--------------------------------------|
| 8 | Number and ⁺ class of all ⁺ securities quoted on ASX (including the securities in clause 2 if applicable) | 209,655,959 | Fully paid ordinary Shares |
| | | 1,500,000 | Converting Preference Shares (MBLPA) |
| | | 4,000,000 | Macquarie Income Securities (MBLHB) |

| | | | |
|---|---|------------|---|
| 9 | Number and ⁺ class of all ⁺ securities not quoted on ASX (including the securities in clause 2 if applicable) | Number | ⁺ Class |
| | | 23,724,283 | Options over ordinary shares at various exercise prices |

| | | |
|----|--|--|
| 10 | Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests) | Shares rank pari passu with all existing fully paid ordinary shares. |
|----|--|--|

Part 2 - Bonus issue or pro rata issue

- | | | |
|----|--|--|
| 11 | Is security holder approval required? | |
| 12 | Is the issue renounceable or non-renounceable? | |
| 13 | Ratio in which the ⁺ securities will be offered | |
| 14 | ⁺ Class of ⁺ securities to which the offer relates | |
| 15 | ⁺ Record date to determine entitlements | |
| 16 | Will holdings on different registers (or subregisters) be aggregated for calculating entitlements? | |

⁺ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

17 Policy for deciding entitlements in relation to fractions

18 Names of countries in which the entity has security holders who will not be sent new issue documents

Note: Security holders must be told how their entitlements are to be dealt with

Cross reference: rule 7.7.

19 Closing date for receipt of acceptances or renunciations

+ See chapter 19 for defined terms.

- | | | |
|----|---|--|
| 20 | Names of any underwriters | |
| 21 | Amount of any underwriting fee or commission | |
| 22 | Names of any brokers to the issue | |
| 23 | Fee or commission payable to the broker to the issue | |
| 24 | Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of *security holders | |
| 25 | If the issue is contingent on *security holders' approval, the date of the meeting | |
| 26 | Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled | |
| 27 | If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders | |
| 28 | Date rights trading will begin (if applicable) | |
| 29 | Date rights trading will end (if applicable) | |
| 30 | How do *security holders sell their entitlements <i>in full</i> through a broker? | |
| 31 | How do *security holders sell <i>part</i> of their entitlements through a broker and accept for the balance? | |
| 32 | How do *security holders dispose | |

+ See chapter 19 for defined terms.

Appendix 3B
New issue announcement

of their entitlements (except by sale through a broker)?

33 *Despatch date

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) Securities described in Part 1

(b) All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 If the *securities are *equity securities, the names of the 20 largest holders of the additional *securities, and the number and percentage of additional *securities held by those holders

36 If the *securities are *equity securities, a distribution schedule of the additional *securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 A copy of any trust deed for the additional *securities

(now go to 43)

+ See chapter 19 for defined terms.

Entities that have ticked box 34(b)

38 Number of securities for which quotation is sought

39 Class of securities for which quotation is sought

40 Do the securities rank equally in all respects from the date of allotment with an existing class of quoted securities?

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

41 Reason for request for quotation now

Example: In the case of restricted securities, end of restriction period

(if issued upon conversion of another security, clearly identify that other security)

| | Number | Class |
|---|--------|-------|
| 42 Number and class of all securities quoted on ASX (including the securities in clause 38) | | |

(now go to 43)

+ See chapter 19 for defined terms.

All entities

Fees

43 Payment method (tick one)

Cheque attached

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities

Quotation agreement

1 *Quotation of our additional *securities is in ASX's absolute discretion. ASX may quote the *securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the *securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those *securities should not be granted *quotation.
- An offer of the *securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any *securities to be quoted and that no-one has any right to return any *securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the *securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the *securities to be quoted, it has been provided at the time that we request that the *securities be quoted.
- If we are a trust, we warrant that no person has the right to return the *securities to be quoted under section 1019B of the Corporations Act at the time that we request that the *securities be quoted.

* See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

Company Announcements Office
Australian Stock Exchange Limited
20 Bridge Street
Sydney NSW 2000

Dear Sir/Madam

Macquarie Bank Limited - Issued Ordinary Capital and Options Update

Since the last notification to ASX of the position at 31 May 2003, there have been the following changes in the number of fully paid ordinary shares of Macquarie Bank Limited on issue.

The following options have been exercised (converting into one fully paid share per option):

- 50,000 options exercisable at \$14.89 each and expiring on 12 June 2003 (MBLACG);
- 113,425 options exercisable at \$14.29 each and expiring on 28 August 2003 (MBLACK);
- 5,667 options exercisable at \$12.73 each and expiring on 6 December 2003 (MBLACR);
- 14,167 options exercisable at \$15.23 each and expiring on 7 December 2003 (MBLACS);
- 5,666 options exercisable at \$13.50 each and expiring on 11 November 2003 (MBLACU);
- 5,000 options exercisable at \$18.89 each and expiring on 31 March 2004 (MBLADI);
- 5,668 options exercisable at \$17.11 each and expiring on 25 June 2004 (MBLADS);
- 266,697 options exercisable at \$18.51 each and expiring on 13 August 2004 (MBLADW);
- 6,632 options exercisable at \$18.51 each and expiring on 31 August 2004

(MBLAEG);

- 12,500 options exercisable at \$18.08 each and expiring on 7 September 2004 (MBLAEK);
- 3,332 options exercisable at \$18.51 each and expiring on 27 September 2004 (MBLAEM);
- 5,000 options exercisable at \$19.52 each and expiring on 10 December 2004 (MBLAFB);
- 41,271 options exercisable at \$23.94 each and expiring on 21 July 2005 (MBLAFI);
- 1,250 options exercisable at \$23.94 each and expiring on 11 August 2005 (MBLAFU);
- 3,332 options exercisable at \$24.56 each and expiring on 24 August 2005 (MBLAGN).

Also, on 2 July 2003, 3,908,671 fully paid ordinary shares were issued at a price of \$27.02 each under the Dividend Reinvestment Plan for the ordinary and special dividends payable on 2 July 2003.

Thus, at 2 July 2003 the number of issued fully paid ordinary \$1.00 shares was 209,644,459.

Since the last notification to the ASX, the following new options have been issued:

- 32,500 options exercisable at \$24.58 each and expiring on 22 May 2005 (MBL0182);
- 5,000 options exercisable at \$24.22 each and expiring on 23 May 2005 (MBL0183);
- 5,000 options exercisable at \$24.25 each and expiring on 26 May 2005 (MBL0184);
- 5,000 options exercisable at \$21.12 each and expiring on 28 May 2005 (MBL0185); and
- 5,000 options exercisable at \$33.43 each and expiring on 25 June 2006 (MBL0186).

Also, since the last notification to ASX, the following options have lapsed unexercised:

- 4,166 options exercisable at \$28.51 each and expiring on 23 January 2006 (MBLAHZ);
- 18,684 options exercisable at \$34.71 each and expiring on 2 August 2006 (MBL0029);
- 608 options exercisable at \$34.71 each and expiring on 31 August 2006 (MBL0040);

Macquarie Bank Limited
ABN 46 008 583 542

- 2,507 options exercisable at \$30.51 each and expiring on 1 August 2007 (MBL0118);
- 1,400 options exercisable at \$30.51 each and expiring on 30 August 2007 (MBL0124); and
- 5,000 options exercisable at \$30.51 each and expiring on 24 December 2007 (MBL0142).

The number of options on issue at 2 July 2003 was 23,735,783, all exercisable into one share per option.

Yours faithfully

Dennis Leong
Company Secretary

ASX Release

Friday, 4 July 2003

PERFORMANCE FEES EARNED BY MACQUARIE BANK

The Macquarie Bank Group advises it has become entitled to performance fees from the following funds:

Macquarie Infrastructure Group (MIG)

| Fund | Performance Fee | Period covered | Performance against Benchmark |
|------|---|-----------------------------|---|
| MIG | \$65.68m being 1 st instalment of 2003 fee (paid in scrip) | 1 July 2002 to 30 June 2003 | Outperformed the S&P / ASX 300 Industrials Accumulation Index by 23% |
| | \$6.1m being 2 nd instalment of 2002 fee (paid in scrip) | 1 July 2001 to 30 June 2003 | Outperformed the S&P / ASX 300 Industrials Accumulation Index by 28% |
| | \$69.2m being 3 rd instalment of 2001 fee (paid in cash) | 1 July 2000 to 30 June 2003 | Outperformed the S&P / ASX 300 Industrials Accumulation Index by 209% |

Regarding the performance fee for the year from 1 July 2002 to 30 June 2003, further instalments of \$65.68m each will become due on 1 July 2004 and 1 July 2005 providing MIG outperforms the S&P/ASX 300 Industrials Accumulation Index (the Benchmark) over the relevant period.

Macquarie Communications Infrastructure Group (MCG)

| Fund | Performance Fee | Period covered | Performance against Benchmark |
|------|--------------------------|--------------------------------|--|
| MCG | \$22.16m (paid in scrip) | 1 January 2003 to 30 June 2003 | Outperformed the S&P / ASX 200 Industrials Accumulation Index by 33% |

Macquarie Bank advises that it is not a long term holder of securities it will receive as payment of performance fees in MIG and MCG and will dispose of them in an orderly manner.

CONFIDENTIAL

Macquarie Airports (MAp)

| Fund | Performance Fee | Period covered | Performance against Benchmark |
|-------------|------------------------|-----------------------------------|--------------------------------------|
| MAP | Waived
\$13.1m | 1 January 2003 to
30 June 2003 | Performance fee waived |

Although entitled to a performance fee, the management companies with the agreement of Macquarie Bank, have determined that the current and any future performance fees will be waived to the extent that MAp investors who participated in the initial public offer (IPO) and also in subsequent capital raisings have not received accumulated returns above the Morgan Stanley Capital Index World Transportation Infrastructure Index (the Benchmark).

Under the MAp constitutions, and the Macquarie Airports Holdings Bermuda Limited advisory agreement, the definition for the calculation of a performance fee is made by reference to the market capitalisation of MAp at the beginning of the period relative to movements in the accumulation index of MAp securities and the Benchmark over a six month calculation period (which is consistent with other listed infrastructure and property funds). For the period from 1 July 2002 to 30 December 2002, the calculation did not include the 2nd instalment of the IPO and the capital raised from the Entitlement offer to fund the acquisition of Aeroporti di Roma.

Future performance fees will continue to be calculated in accordance with the existing formula. However, in determining whether any performance fee earned will be waived as outlined above, the management companies will consider whether there has been outperformance taking into account all securities issues. By way of example, at 30 June 2003, based on the performance of the Benchmark and the decision to waive, a performance fee would have become payable had the average security price over the last 15 days in the period been above \$1.70.

For more detailed information on the performance fees, please also refer to the ASX announcements made by those funds today.

ASX Company Announcements Platform

4 July 2003

Macquarie Bank Limited

Dear Sirs,

I have attached an Appendix 3B for 4 July 2003.

Please note that the Appendix 3B that was dated and lodged with ASX on 3 July 2003 incorrectly sought quotation for 11,500 securities, comprising 8,168 securities @ \$18.51 each and 3,332 securities @ \$23.94 each

Quotation should have been sought for 7,332 securities, comprising 4,000 securities @ \$18.51 each and 3,332 securities @ \$23.94 each.

The number and class of all securities quoted on ASX as at 3 July 2003 was therefore as follows:

209,651,791 Fully paid ordinary Shares
1,500,000 converting Preference Shares (MBLPA)
4,000,000 Macquarie Income Securities (MBLHB)

The number and class of all securities not quoted on ASX as at 3 July 2003 was as follows:

23,728,451 Options over ordinary shares at various exercise prices

Yours sincerely,

Angela Blair
Assistant Company Secretary
Macquarie Bank Limited

Rule 2.7, 3.10.3, 3.10.4, 3.10.5

Appendix 3B

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin. Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002.

Name of entity

MACQUARIE BANK LIMITED

ABN

46 008 583 542

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

- | | | |
|---|--|--|
| 1 | *Class of *securities issued or to be issued | Fully Paid Ordinary Shares |
| 2 | Number of *securities issued or to be issued (if known) or maximum number which may be issued | 11,001 |
| 3 | Principal terms of the *securities (eg, if options, exercise price and expiry date; if partly paid *securities, the amount outstanding and due dates for payment; if *convertible securities, the conversion price and dates for conversion) | As per other fully paid ordinary shares already quoted |

* See chapter 19 for defined terms.

Appendix 3B
New issue announcement

4 Do the securities rank equally in all respects from the date of allotment with an existing class of quoted securities?

YES

If the additional securities do not rank equally, please state:

- the date from which they do
- the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment
- the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment

Quotation agreement

1 +Quotation of our additional +securities is in ASX's absolute discretion. ASX may quote the +securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the +securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those +securities should not be granted +quotation.
- An offer of the +securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.
Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty
- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any +securities to be quoted and that no-one has any right to return any +securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the +securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the +securities to be quoted, it has been provided at the time that we request that the +securities be quoted.
- If we are a trust, we warrant that no person has the right to return the +securities to be quoted under section 1019B of the Corporations Act at the time that we request that the +securities be quoted.

+ See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.
- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

Company Announcements Office
Australian Stock Exchange Limited

Dear Sir/Madam,

Macquarie Life Limited, a wholly owned subsidiary of Macquarie Bank Limited ("Macquarie"), has been granted exemption from compliance with section 259C of the Corporations Act allowing it to invest in Macquarie shares.

The exemption was granted by the Australian Securities and Investments Commission and is subject to certain conditions. One of these conditions is that Macquarie discloses the information below to Australian Stock Exchange Limited on a fortnightly basis.

The aggregated percentage of Macquarie voting shares:

(a) in respect of which Macquarie Life Limited have the power to control voting or disposal; and

(b) underlying derivatives held by Macquarie Life Limited,

as at 4 July 2003, was 0.0399%.

Yours faithfully,

Dennis Leong
Company Secretary

News Release

Tuesday July 8, 2003

**MACQUARIE JOINS FORCES WITH LEADING INTERNATIONAL
BROKING HOUSES TO CREATE RESEARCH ALLIANCE**

Macquarie Equities' research team has joined forces with two other top international broking houses to create an international research alliance.

Macquarie Equities (Australia), the broking subsidiary of Macquarie Bank, has signed a Research Alliance agreement with South Africa's Nedcor Securities and Canadian investment institution, Scotia Capital Inc.

The agreement brings together more than 120 leading equities research specialists covering Australia, South Africa and North America.

The alliance partners will work together on issues common to the three markets, such as resources, as well as individual company-related issues. This will be done through general consultation, the exchange of research and data as well as analyst secondment.

Macquarie Equities Head of Research Mr David Rickards said the Research Alliance harnesses the expertise of specialists from three top rated research houses and will offer additional industry research for institutional customers. "Each broker in the alliance is known as a *country specialist* and intends to maintain this role," Mr Rickards said.

Macquarie Equities is the broking subsidiary of Macquarie Bank Limited, the leading full-service investment bank in Australia. Macquarie Bank also operates internationally, through subsidiaries located in 18 countries, where its strategy is to focus where its particular skills and expertise deliver significant value to clients. Macquarie Equities has a team of 45 research analysts covering 20 sectors with 12 sectors ranked in the top three as well as the widest coverage of any broker of Australian and new Zealand stocks.

Nedcor Securities is the full-service broking subsidiary of South Africa's largest bank, Nedbank. Its research team of 10 analysts was rated 4th in the recent Financial Mail ratings, making it the leading South-African owned broker in terms of research.

Scotia Capital is a member of Scotiabank Group, Canada's most international bank. Scotia Capital is a leader in the corporate and investment banking industry with a presence in both major and regional financial centres around the world. The Firm's top ranked equity research team consists of 26 analysts, 15 of them top ranked in Canada, and 26 research associates, covering approximately 275 North American equities.

| 42 Number and class of all securities quoted on ASX (including the securities in clause 38) | | |

(now go to 43)

+ See chapter 19 for defined terms.

All entities

Fees

43 Payment method (tick one)

Cheque attached

Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities

Quotation agreement

1 *Quotation of our additional *securities is in ASX's absolute discretion. ASX may quote the *securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the *securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those *securities should not be granted *quotation.
- An offer of the *securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any *securities to be quoted and that no-one has any right to return any *securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the *securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the *securities to be quoted, it has been provided at the time that we request that the *securities be quoted.
- If we are a trust, we warrant that no person has the right to return the *securities to be quoted under section 1019B of the Corporations Act at the time that we request that the *securities be quoted.

* See chapter 19 for defined terms.

- 3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

- 4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

Collateral Agreement Governing Secured Borrowings by Participants in the Euroclear System

2001 Edition

122
Agreement, dated as of 21/03/03
~~10/02/02~~
between the borrower named on the
signature page hereof (the 'Borrower')
and Euroclear Bank.

The parties hereto agree as follows:

1. Definitions

Terms with initial capital letters, which are not specifically defined herein, have the meanings assigned to them in the General Conditions. The following terms, as used herein, have the following meanings:

'Cash Collateral' means all of the Borrower's right, title, and interest in and to all Pledged Cash Accounts, including any credit or debit balance which now appears or may at any time in the future appear in any currency or Composite Currency Unit sub-account of a Pledged Cash Account.

'Collateral' means (i) the Securities Collateral, (ii) the Cash Collateral, (iii) the Pledged Recovery Rights, and (iv) all other collateral which the Borrower has agreed or may at any time in the future agree with Euroclear Bank shall constitute Collateral or secure the obligations secured by the Security Interests.

'Collateral Value' of Collateral at any time means the collateral value of the Collateral as determined by Euroclear Bank at such time in accordance with procedures in effect from time to time.

'Event of Default' has the meaning set forth in Section 6(a).

'General Conditions' means the General Conditions Governing Extensions of Credit to Participants in the Euroclear System, as amended or supplemented from time to time. Supplements to the General Conditions include, if applicable to the Borrower, the Fixed Term Advance Conditions, the New Issue Conditions, and the Securities Borrowing Conditions.

'Lien' means, with respect to any asset, any mortgage, lien, pledge, charge, security interest, attachment, or encumbrance of any kind in respect of such asset.

'Loaned Securities' means securities loaned by the Borrower from time to time pursuant to the Supplementary Terms and Conditions, as evidenced by entries in a record-keeping account opened in the name of the Borrower for such purpose by Euroclear Bank.

'Pledged Cash Accounts' means all Cash Accounts which Euroclear Bank currently has opened or at any time in the future may open in the name of the Borrower, other than such Cash Accounts as Euroclear Bank may agree in writing shall not be Pledged Cash Accounts.

'Pledged Recovery Rights' means all rights which the Borrower now has or at any time in the future may have to receive repayment in a Pledged Securities Account of Loaned Securities or a cash equivalent thereof pursuant to the Supplementary Terms and Conditions, as evidenced by entries in a record-keeping account opened in the name of the Borrower for such purpose by Euroclear Bank, including its rights pursuant to the guaranty of Euroclear Bank set forth in the Supplementary Terms and Conditions.

'Pledged Securities Accounts' means all Securities Clearance Accounts which Euroclear Bank currently has opened or at any time in the future may open in the name of the Borrower, other than Unencumbered Securities Accounts.

'Required Lending Value' at any time means the amount determined by Euroclear Bank, in accordance with Section 4 of the General Conditions, to be the Borrower's usage of credit at that time, minus any amount Euroclear Bank may advise from time to time shall be subtracted from the Required Lending Value.

'Securities Collateral' means all of the Borrower's right, title and interest in and to all Pledged Securities Accounts and the amount of all securities which are now or at any time in the future shall be standing to the credit of a Pledged Securities Account, including (i) all Securities in Transit, (ii) all amounts of cash, securities and other property or countervalue received or to be received with respect to or in exchange for any Securities in Transit, and (iii) all rights of the Borrower to receive any cash amounts or the amount of any securities

recovered by Euroclear Bank in the circumstances contemplated by Section 17 of the Terms and Conditions (or any successor provision) in respect of a Pledged Securities Account.

'Securities in Transit' means the amount of all securities which (i) although not credited to a Pledged Securities Account, are deemed to be held by the holder of such Pledged Securities Account pursuant to the Terms and Conditions, or (ii) have been debited to any Pledged Securities Account pending receipt of proceeds which are, or are intended, to be credited to a Pledged Cash Account or Pledged Securities Account.

'Security Interests' means the security interests granted pursuant to Section 2(a).

2. The Security Interests

(a) In order to secure the prompt and complete payment when due of all Borrowings and other obligations, in whatever form, that relate to or result from the Borrower's use of the Euroclear System, now outstanding or which may be outstanding at any time in the future, of the Borrower to Euroclear Bank in accordance with their terms and to secure the performance of all obligations of the Borrower hereunder, the Borrower hereby pledges and grants to Euroclear Bank a security interest in the Collateral, whether now existing or hereafter arising or acquired, and all of the Borrower's right, title and interest in and to the Collateral, as well as (i) all amounts of cash, securities and other property or countervalue received or to be received with respect to or in exchange for any and all of the then existing Collateral and which are, or are intended, to be credited to a Pledged Cash Account or a Pledged Securities Account, and (ii) to the extent not covered by the foregoing, all proceeds, product, offspring, rents, or profits of any or all of the foregoing (whether acquired before or after the commencement of any bankruptcy or liquidation proceeding by or in respect of the Borrower) which are, or are intended, to be credited to a Pledged Cash Account or a Pledged Securities Account.

(b) The Security Interests are granted as security only and shall not subject Euroclear Bank to, or transfer or in any way affect or modify, any obligation or liability of the Borrower with respect to any of the Collateral or any transaction in connection therewith.

3. Maintenance of Sufficient Collateral

- (a) The Borrower covenants and agrees that it shall at all times assure that the Collateral Value of the Collateral at a particular time is at least equal to the Required Lending Value. Without limiting the rights of Euroclear Bank under the General Conditions or any other agreement, if at any time Euroclear Bank notifies the Borrower that the Collateral Value of the Collateral is less than the Required Lending Value, the Borrower shall immediately either (i) repay overdrafts or Securities Borrowings, (ii) cause to be credited to a Pledged Cash Account or Pledged Securities Account, in accordance with the Operating Procedures, additional cash or securities as Collateral, or (iii) make available other Collateral satisfactory to Euroclear Bank, in each case in an amount sufficient to make the aggregate Collateral Value at least equal to the Required Lending Value.
- (b) The Borrower shall have no right to have any Instruction to transfer, deliver or repossess securities credited to a Pledged Securities Account or any amount credited to a Pledged Cash Account executed unless the Collateral Value of the Collateral remaining after giving effect to such Instruction would be at least equal to the Required Lending Value.

4. Representations, Warranties and Covenants

The Borrower represents, warrants and covenants as follows:

- (a) The Borrower will not permit any assets to be included in the Collateral unless the Borrower is the owner of such assets and will immediately notify Euroclear Bank upon the occurrence of any event, which materially impairs or calls into question the Borrower's ownership of any Collateral. The Pledged Securities Accounts do not now, and will not at any time in the future, include any securities, or rights with respect thereto, which are credited to (or otherwise identified as belonging to) a customer on the Borrower's books or records.

- (b) This Collateral Agreement has been duly authorised, executed and delivered by the Borrower and constitutes a valid and binding obligation of the Borrower. The execution, delivery, and performance of this Collateral Agreement (i) have been and will be duly authorised by all necessary governmental and other approvals, including exchange control approvals, (ii) do not and will not contravene, or constitute a default under, any provision of applicable law or regulation, of the certificate of incorporation or by-laws (or other similar instruments) of the Borrower, or of any agreement, judgment, injunction, order, decree or other instrument binding upon the Borrower, and (iii) do not and will not result in the creation or imposition of any Lien (other than the Security Interests) upon any Collateral.
- (c) The Borrower has not incurred and will not create, incur, or permit to exist any Lien other than the Security Interests on any of the Collateral.
- (d) The name, type of organisation, jurisdiction of organisation, chief executive office and chief place of business of the Borrower are as set forth on the signature page hereof. The Borrower will give Euroclear Bank at least five Business Days' prior notice of any change in its name, its form of organisation, its jurisdiction of organisation, or the location of its chief executive office and chief place of business.

5. Protection of Collateral

- (a) The Borrower will, at its expense and in such manner and form as Euroclear Bank may require, execute, deliver, file, and record in any jurisdiction any financing statement, specific assignment, instrument, or other document and take any other action that Euroclear Bank may request, in order to create, preserve, perfect, or validate any Security Interest or enable Euroclear Bank to exercise and enforce its rights with respect to any of the Collateral. The Borrower authorises Euroclear Bank to execute and file in any jurisdiction, in the name of the Borrower or otherwise, financing statements, instruments, or other documents which Euroclear Bank in its sole discretion may deem necessary or desirable to perfect and preserve the Security Interests.

- (b) The Borrower will pay in timely fashion all taxes, assessments or charges of any nature that are lawfully imposed in respect of the Collateral. The Borrower will give notice to Euroclear Bank of, and defend the Collateral against, (i) any suit, action or proceeding against the Collateral or which could adversely affect the Security Interests, and (ii) any Lien other than the Security Interests that may be asserted with respect to any Collateral.

6. Events of Default

- (a) The following events shall be 'Events of Default' for purposes of this Collateral Agreement:
 - (i) the Borrower shall fail to pay any overdraft upon demand by Euroclear Bank;
 - (ii) any Event of Default under the Fixed Term Advance Conditions or the Securities Borrowing Conditions shall occur, if such conditions are applicable to the Borrower;
 - (iii) the Borrower shall fail to observe or perform (A) any agreement or covenant contained in Section 3 or 5 of this Collateral Agreement, or (B) any other agreement or covenant contained in this Collateral Agreement for ten days after written notice thereof has been given to the Borrower by Euroclear Bank; or
 - (iv) any representation, warranty, certification or statement made by the Borrower in this Collateral Agreement, or in any certificate, financial statement, or other document delivered pursuant hereto, shall prove to have been incorrect in any material respect when made.
- (b) The Borrower will promptly notify Euroclear Bank of the occurrence of any Event of Default or of any event which with the giving of notice or lapse of time or both would become an Event of Default.

7. Remedies

(a) If the Borrower shall fail to pay any Overdraft upon demand by Euroclear Bank, or if the Borrower shall fail to return any borrowed securities upon the Repayment Date for any Securities Borrowing or to pay any Fixed Term Advance when due (whether in accordance with its terms, upon the acceleration of such Repayment Date or maturity date as a result of an Event of Default, or otherwise), then Euroclear Bank may exercise any or all of the following rights with respect to the Collateral without being required to give any notice, except as specified below or required by mandatory provisions of law:

- (i) apply the Cash Collateral in the manner specified in Section 8;
- (ii) transfer all or any part of the Collateral to its own name or that of its nominee, and transfer all or any part of the Collateral to different locations in the same or different jurisdictions;
- (iii) exercise all rights and remedies which secured creditors are authorised to exercise under Belgian law, and any other applicable law as in effect in any relevant jurisdiction, with respect to all or any part of the Collateral including, without limitation, the right to sell, assign or grant an option or options to purchase or otherwise dispose of, in accordance with such law, all or any part of the Collateral in such manner, at such prices, with such timing and upon such terms as Euroclear Bank, in its sole discretion, shall consider appropriate; provided that Euroclear Bank will not dispose of Securities Collateral or Pledged Recovery Rights without having provided the Borrower with one Business Day's notice of its intention to do so; and
- (iv) retain any amount of cash or any securities to be repaid to the Borrower in respect of any Pledged Recovery Rights (whether or not such cash or securities have been credited to a Pledged Cash Account or Pledged Securities Account) and exercise all rights and remedies with respect to such cash and securities as are set forth in clauses (i), (ii), and (iii) above.

Euroclear Bank shall have the right to determine in its sole discretion which remedies to pursue and against which Collateral to exercise such remedies; provided that Euroclear Bank will proceed against Cash Collateral to the extent reasonably practicable before proceeding against any other Collateral. The Borrower covenants and agrees that it will execute and deliver such documents and take such other action as Euroclear Bank in its sole discretion deems necessary or advisable in order that any such exercise of rights and remedies, including any sale or other disposition, may be made in compliance with law. Upon any sale or other disposition of Collateral by Euroclear Bank, it shall have the right to deliver, assign, and transfer such Collateral to the purchaser thereof, free from any claim or right of whatsoever kind, including any equity or right of redemption of the Borrower.

The Borrower waives and releases any equity or right of redemption and all rights of stay or appraisal which it has or may hereafter have under applicable law.

(b) Euroclear Bank may exercise, at any time while an Event of Default has occurred and is continuing, any and all rights that the Borrower has with respect to any of the Collateral including, without limitation, the rights (i) to demand, sue for, collect, receive and give acquittance for any and all monies due or to become due thereupon or by virtue thereof, (ii) to settle, compromise, prosecute, or defend any action or proceeding with respect thereto, (iii) to extend the time of payment of any securities credited to a Pledged Securities Account and to make any allowance and other adjustments with reference thereto, and (iv) to exercise any voting rights, warrants, conversion rights and any other rights or options attached to or set forth in any securities credited to a Pledged Securities Account. Euroclear Bank may exercise such rights in its own name and, to the extent permitted by applicable law, in the name of the Borrower.

(c) The Borrower waives all claims, damages and demands against Euroclear Bank arising out of the exercise by Euroclear Bank of any rights or remedies provided by this Collateral Agreement or the timing or manner of such exercise, except such as may result from the gross negligence or willful misconduct of Euroclear Bank.

8. Application of Proceeds and No Discharge

The proceeds of any sale or other disposition of any part of the Collateral shall be applied by Euroclear Bank in the following order:

- first, to payment of the expenses of such sale or other disposition, including reasonable compensation to Euroclear Bank and its agents and counsel, and all expenses, liabilities and advances incurred or made by Euroclear Bank in connection therewith, and any other unreimbursed expenses for which Euroclear Bank is to be reimbursed pursuant to Section 9;
- second, to payment of all Borrowings and other obligations of the Borrower in whatever form, that relate to or result from the Borrower's use of the Euroclear System, to any office of Euroclear Bank, which shall be due and payable until all such obligations have been paid in full; and
- finally, to payment to the Borrower, or its successors or assigns, or as a court of competent jurisdiction may direct, of any surplus then remaining from such proceeds.

If the proceeds of sale or other disposition of the Collateral are insufficient to pay in full all expenses and obligations described in either clause first or second above, then (a) Euroclear Bank shall determine in its sole discretion to which of such expenses or obligations (as the case may be) such proceeds shall be applied, and (b) the Borrower shall remain liable to Euroclear Bank for the deficiency. It is understood that Cash Collateral shall be applied against Borrowings only to the extent that such Borrowings would continue to be outstanding after exercise by Euroclear Bank of its rights under Section 16(a) of the Terms and Conditions (or any successor provision).

9. Expenses

The Borrower shall on request pay or reimburse all reasonable expenses of Euroclear Bank, including fees and disbursements of counsel, in connection with (a) the exercise by Euroclear Bank of any of the rights or remedies conferred upon it hereunder, and (b) any proceedings, including proceedings under any bankruptcy, insolvency or other similar law, to enable it to exercise or preserve its rights in any Collateral or to free any Collateral from any Lien. The Borrower shall pay on request and indemnify Euroclear Bank against any taxes, including without limitation any applicable transfer taxes and stamp, registration or other documentary taxes, assessments, or charges that may become payable by reason of the Security Interests or the execution, delivery, performance, or enforcement of this Collateral Agreement, as well as any penalties with respect thereto.

10. Rights of Borrower in Collateral

Unless an Event of Default shall have occurred and be continuing and subject to the terms of this Collateral Agreement, the rights of the Borrower with respect to Cash Collateral, Securities Collateral and Pledged Recovery Rights shall be as provided by the Terms and Conditions and the Supplementary Terms and Conditions.

11. Termination and Release of Collateral

The Borrower may, at any time when the Required Lending Value is zero, notify Euroclear Bank of its intention to terminate the Security Interests, and the Security Interests shall terminate upon (a) the receipt by Euroclear Bank of such a notice and (b) the payment by the Borrower of all its obligations pursuant to this Collateral Agreement and the General Conditions. After giving such a notice, the Borrower shall not make any further Borrowings if they would cause the Required Lending Value to exceed zero. Upon any such termination of the Security Interests, Euroclear Bank will, at the Borrower's expense, execute and deliver to the Borrower such documents as the Borrower shall reasonably request to evidence such termination.

12. Notices and Election of Domicile

All notices and communications by either party hereunder shall be given or made in accordance with the General Conditions. The Borrower elects domicile in Belgium at Euroclear Bank, Brussels, for the purpose of any suit, action or proceeding in Belgium arising out of or relating to this Collateral Agreement.

13. Successors and Assigns

This Collateral Agreement is for the benefit of Euroclear Bank and its successors and assigns. In the event of an assignment by Euroclear Bank of any or all of the Borrower's obligations to it, Euroclear Bank shall have right to transfer any or all of its rights hereunder, including rights of direct enforcement, with the obligations assigned. This Collateral Agreement shall be binding on the Borrower and its successors. The Borrower shall not have the right to assign its rights or obligations hereunder.

14. Changes in Writing and Waivers

- (a) None of the terms or provisions of this Collateral Agreement may be changed, waived, discharged or terminated except by an instrument in writing which is duly executed by the party against which enforcement of the change, waiver, discharge, or termination is sought.
- (b) No failure or delay by Euroclear Bank in exercising any right, power or privilege under this Collateral Agreement shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power, or privilege. The rights and remedies provided in this Collateral Agreement are cumulative and not exclusive of any rights or remedies provided by law or by any other agreement between the Borrower and Euroclear Bank.

15. Governing Law and Headings

This Collateral Agreement shall be governed by and construed in accordance with the laws of Belgium. The headings herein are included for convenience only and are not to affect the interpretation hereof.

16. Records

Subject to the right of Euroclear Bank to correct errors and omissions, Euroclear Bank's own books and records (whether kept on paper, microfilm, microfiche, by electronic or magnetic recording, in any other mechanically reproducible form or otherwise) shall, absent manifest error, constitute conclusive evidence as to what constitutes the Collateral. In order to perfect its Security Interest in the Collateral, Euroclear Bank shall have the right to (a) indicate on any statement of account for a Pledged Cash Account, Pledged Securities Account, or any other account opened by Euroclear Bank on its books in the name of the Borrower and included in the Collateral that such account is pledged to Euroclear Bank, (b) designate (in the Operating Procedures or elsewhere) one or more such statements as being the definitive statement of such account, and (c) retain original copies of such statements.

17. Severability

If any provision hereof is invalid and unenforceable in any jurisdiction, then, to the fullest extent permitted by law, (a) the other provisions hereof shall remain in full force and effect in such jurisdiction and shall be liberally construed in favor of Euroclear Bank in order to carry out the intentions of the parties hereto as nearly as may be possible, and (b) the invalidity or unenforceability of such provision in such jurisdiction shall not affect its validity or enforceability in any other jurisdiction.

18. Counterparts

This Collateral Agreement may be executed in two or more counterparts, each of which when so executed and delivered shall be an original, but all such counterparts together shall constitute one and the same instrument.

IN WITNESS WHEREOF, the parties hereto have caused this Collateral Agreement to be signed and dated below by the requisite number of their duly authorised representatives.

BOS International (Australia) Limited ABN 23 066 601 250 (Mortgagee)

OPERATIVE PROVISIONS

1. INTERPRETATION

1.1 Definitions

In this document, unless otherwise defined and unless the context otherwise requires, words and expressions have the same meaning as in the Loan Agreement and:

Acquired Shares means the Shares in the Borrower (other than Present Shares) to which the Mortgagor becomes legally or beneficially entitled at any time (whether or not those Shares are held for the Mortgagor by any other person).

Attorney means an attorney appointed under a Transaction Document.

Borrower means ICA Property Group Pty Limited ABN 28 095 001 988.

Certificate means a certificate or other document of title to or otherwise evidencing title to a Share.

Collateral Security means an Encumbrance or Guarantee (other than the Mortgage) from any person that secures or otherwise provides for payment of any Secured Money.

Deposited Shares means the Shares (if any) for which Certificates and Transfers are deposited by the Mortgagor with the Mortgagee under clause 2.4.

Event of Default means an event or circumstance described in clause 8.1.

Loan Agreement means the document so entitled between, among others, the Borrower and the Mortgagee dated on or about the date of this document.

Mortgage means the mortgage granted in clause 2.1.

Mortgaged Property means all the Mortgagor's present and future interest in, to, under or derived from all:

- (a) Present Shares;

- (b) Acquired Shares;
- (c) Deposited Shares; and
- (d) New Rights.

New Right means a present or future right of the Mortgagor:

- (a) to or in any money, dividend, interest, offer, bonus, option, Share, unit of a Share, debenture, debenture stock, bond, note or any security, or any entitlement to subscribe for any of them;
- (b) resulting from any substitution, conversion, redemption, forfeiture, cancellation, reclassification, consolidation or subdivision; or
- (c) resulting from a reduction of capital, liquidation or scheme of arrangement,

in connection with the Mortgaged Property.

Present Shares means each Share in the Borrower to which the Mortgagor is legally or beneficially entitled on the date of this document.

Receiver means a receiver or a receiver and manager.

Relevant Person means each of the Mortgagor, the Borrower, any Guarantor and any subsidiary of any of them.

Relevant Trust means in relation to a Trustee, the trust in respect of which that Trustee is the trustee.

Secured Money means all amounts (including damages) that are payable, owing but not payable, or that otherwise remain unpaid by the Mortgagor or the Borrower to the Mortgagee on any account at any time under or in connection with the Loan Agreement or any other Transaction Document, or any transaction contemplated by them, whether:

- (a) present or future, actual or contingent;
- (b) incurred alone, jointly, severally or jointly and severally;
- (c) the Mortgagor or the Borrower is liable on its own account or the account of, or as surety for, another person and without regard to the capacity in which the Mortgagor or the Borrower is liable;
- (d) due to the Mortgagee alone or with another person;
- (e) the Mortgagee is entitled for its own account or the account of another person;
- (f) arising from a banker and customer relationship or any other relationship;
- (g) originally contemplated by the Mortgagor, the Borrower or the Mortgagee or not; and

-
- (h) the Mortgagee is the original person in whose favour any of the above amounts were owing or an assignee and, if the Mortgagee is an assignee:
- (i) whether or not the Mortgagor or the Borrower consented to or knew of the assignment;
 - (ii) no matter when the assignment occurred; and
 - (iii) whether or not the entitlements of that original person were assigned with the Mortgage.

Share means a share or stock in the capital of the Borrower or any other body corporate that is acceptable to the Mortgagee.

Transfer means, in respect of a Share, an executed document of transfer sufficient to transfer all the legal and beneficial ownership of that Share to the Mortgagee or its nominee.

Trustee means a Mortgagor who enters into this document in its capacity as trustee of a Relevant Trust.

1.2 Provisions of the Loan Agreement apply

The provisions of clauses 1.2 and 1.3 of the Loan Agreement are incorporated in this document as if they were set out in full.

1.3 Mortgagor

A reference to Mortgagor is a reference to each Mortgagor severally.

2. MORTGAGE

2.1 Mortgaging provision

The Mortgagor mortgages:

- (a) all Present Shares, on the date of this document;
- (b) all Acquired Shares and the New Rights, as the Mortgagor acquires them; and
- (c) all Deposited Shares, when the Certificates and Transfers in respect of those Shares are deposited in accordance with clause 2.4,

in favour of the Mortgagee by way of equitable mortgage to secure the punctual payment of the Secured Money.

2.2 Certificates and Transfers for Present Shares

The Mortgagor must deposit:

- (a) all Certificates in respect of the Present Shares; and

- (b) all Transfers (in form and number satisfactory to the Mortgagee) in respect of the Present Shares, with the name of the transferee, the consideration and the date left blank,

with the Mortgagee or the Mortgagee's nominee at the time it executes this document.

2.3 Certificates and Transfers for Acquired Shares

If the Mortgagor acquires any Acquired Shares it must immediately deposit:

- (a) all Certificates in respect of the Acquired Shares; and
- (b) all Transfers (in form and number satisfactory to the Mortgagee) in respect of the Acquired Shares, with the name of the transferee, the consideration and the date left blank,

with the Mortgagee or its nominee.

2.4 Deposited Shares

In addition to its obligations in respect of Present Shares and Acquired Shares, the Mortgagor may deposit Certificates and Transfers in respect of other Shares with the Mortgagee or the Mortgagee's nominee at any time.

2.5 Documents relating to New Rights

The Mortgagor must deposit with the Mortgagee or the Mortgagee's nominee all certificates, transfers and other documents or agreements evidencing title to New Rights that are sufficient to transfer all the Mortgagor's interest in the New Rights to the Mortgagee or the Mortgagee's nominee.

2.6 Dividends and votes

Until an Event of Default occurs, the Mortgagor may:

- (a) exercise all rights (including voting rights) in connection with the Mortgaged Property; and
- (b) (subject to this document) receive and retain the benefits of all New Rights.

2.7 Mortgagee entitled to exercise rights on default

If an Event of Default occurs and only for so long as an Event of Default subsists:

- (a) the Mortgagor's rights under clause 2.6 immediately cease;
- (b) the Mortgagee may exercise or refrain from exercising any rights in connection with the Mortgaged Property; and
- (c) the Mortgagee may receive and retain all New Rights.

2.8 Registration on default

If:

- (a) an Event of Default occurs; and
- (b) at any time afterwards, the Mortgagee gives notice to the Mortgagor requiring it to do so,

the Mortgagor must do everything necessary to ensure that the Mortgaged Property is registered in the name of the Mortgagee or its nominee in accordance with any directions contained in that notice.

2.9 Collateral Security

The Mortgage is collateral to and secures the same money as is secured by each Collateral Security.

2.10 Priorities

For the purposes of fixing priorities between the Mortgage and any subsequent charge registered under the Corporations Act and for no other purposes, the Mortgage secures a prospective liability up to a maximum amount of \$20,000,000. The Mortgage may also secure prospective liabilities in excess of this specified maximum amount.

3. RESTRICTIONS ON DEALING WITH MORTGAGED PROPERTY

The Mortgagor must not:

- (a) create, attempt to create or permit to exist any Encumbrance other than a Permitted Encumbrance in relation to the Mortgaged Property (whether ranking ahead of, equally with or after, the Mortgage); or
 - (b) dispose of, declare a trust over or otherwise create or permit the creation or existence of any interest in, or part with possession of, any Mortgaged Property,
- without the Mortgagee's consent.

4. REPRESENTATIONS AND WARRANTIES

4.1 General representations and warranties

Each Mortgagor severally represents and warrants to the Mortgagee in relation to itself that:

- (a) (status) it and each of its subsidiaries is a company limited by shares under the Corporations Act;
- (b) (power) it has full legal capacity and power to:
 - (i) own its property and to carry on its business; and

-
- (ii) enter into this document and to carry out the transactions that they contemplate;
 - (c) **(corporate authority)** it has taken all corporate action that is necessary or desirable to authorise its entry into this document and its carrying out the transactions that it contemplates;
 - (d) **(Authorisations)** it holds each Authorisation that is necessary or desirable to:
 - (i) enable it to properly execute this document and to carry out the transactions that it contemplates;
 - (ii) ensure that this document is legal, valid, binding and admissible in evidence; or
 - (iii) (except in the case of Macquarie) enable it to properly carry on its business, and it is complying with any conditions to which any of these Authorisations is subject;
 - (e) **(documents effective)** this document constitutes its legal, valid and binding obligations, enforceable against it in accordance with its terms (except to the extent limited by equitable principles and laws affecting creditors' rights generally), and this document is an effective Security Interest over the property that is stated to be subject to it with the priority that it contemplates, subject to any necessary stamping or registration;
 - (f) **(ranking)** its payment obligations under this document rank ahead of all its unsecured and unsubordinated payment obligations (whether present or future, actual or contingent), other than obligations that are mandatorily preferred by law;
 - (g) **(no contravention)** neither its execution of this document, nor the carrying out by it of the transactions that it contemplates, does or will:
 - (i) contravene any law to which it or its property is subject or any order of any Government Agency that is binding on it or its property;
 - (ii) contravene any Authorisation;
 - (iii) contravene any undertaking or instrument binding on it or its property;
 - (iv) contravene its constitution; or
 - (v) require it to make any payment or delivery in respect of any Financial Indebtedness before it would otherwise be obliged to do so;
 - (h) **(no litigation)** (except in the case of Macquarie) no litigation, arbitration, mediation, conciliation or administrative proceedings are taking place, or to the knowledge of any of its officers after due inquiry, pending or threatened which, if adversely decided, could have a Material Adverse Effect on it or any of its subsidiaries;

(i) **(Accounts):**

- (i) the Accounts and any other financial statements and reports that it has given to the Mortgagee have been prepared in accordance with the laws of Australia and (unless inconsistent with those laws) generally accepted accounting principles consistently applied;
- (ii) the Accounts that it has given to the Mortgagee give a true and fair view of the financial condition of it and each of its subsidiaries as at the date to which they are made up and of the results of operations of it and each of its subsidiaries for the period that they cover; and
- (iii) there has been no change since the date of the most recent Accounts that it has given to the Mortgagee that could have a Material Adverse Effect on it or any of its subsidiaries on a consolidated basis;

(j) **(other information):**

- (i) the other information and reports (if any) that it has given to the Mortgagee in connection with this document are true and accurate in all material respects and not misleading in any material respect (including by omission); and
- (ii) any forecasts and opinions in them are fair and reasonable (and were made or formed after due inquiry and consideration),

as at the date of this document, or if given later, when given;

- (k) **(disclosure of relevant information)** it has disclosed to the Mortgagee all the information that is material to an assessment by the Mortgagee of the risks that it assumes by entering into this document;
- (l) **(no filings or Taxes)** it is not necessary or desirable, to ensure that this document is legal, valid, binding or admissible in evidence, that this document or any other document be filed or registered with any Government Agency, or that any Taxes be paid;
- (m) **(no default)** no Event of Default or Potential Event of Default has occurred and is continuing, and it is not in breach of any other document or agreement in a manner that could have a Material Adverse Effect on it;
- (n) **(no Controller)** (except in the case of Macquarie) no Controller is currently appointed in relation to any of its property, or any property of any of its subsidiaries; and
- (o) **(no trust)** in the case of Macquarie only, it is not entering into this document as trustee of any trust or settlement.

4.2 Representations and warranties regarding Mortgaged Property

Each Mortgagor severally represents and warrants to the Mortgagee in relation to itself that:

- (a) **(title)** it has good right and title to, and full power to mortgage, its Mortgaged Property in the manner provided in this document;
- (b) **(no Encumbrances)** its Mortgaged Property is free from all Encumbrances other than Permitted Encumbrances;
- (c) **(no interest in Shares in the Borrower)** it does not have any interest in any Shares in the Borrower other than the Present Shares and the Acquired Shares;
- (d) **(no escrow or other conditions)** its Mortgaged Property is not subject to any escrow or other conditions imposed by the Corporations Act or under the rules of any stock exchange;
- (e) **(entire issued Share capital of the Borrower)** all Present Shares together constitute the entire issued Share capital of the Borrower;
- (f) **(all calls satisfied)** all calls made in respect of its Mortgaged Property have been satisfied;
- (g) **(fully paid Shares)** its Shares in the Mortgaged Property are all fully paid; and
- (h) **(no money owing to Borrower or issuer of Deposited Shares)** no money is owing by the Mortgagor to the Borrower or the issuer of Deposited Shares on any account.

4.3 Repetition of representations and warranties

The representations and warranties in this clause are taken to be repeated on each date that any representation and warranty under the Loan Agreement is taken to be repeated, on the basis of the facts and circumstances as at that date.

4.4 Reliance on representations and warranties

The Mortgagor acknowledges that the Mortgagee has executed this document and agreed to take part in the transactions that this document contemplates in reliance on the representations and warranties that are made or repeated in this clause.

4.5 No representations by the Mortgagee

The Mortgagor acknowledges that it has not relied and will not rely on any representation, statement or promise made by or on behalf of the Mortgagee in deciding to enter into this document or to exercise any right under it.

5. MORTGAGOR'S UNDERTAKINGS

5.1 General undertakings

The Mortgagor must:

- (a) **(obligation to pay)** subject to clause 22 punctually pay the Secured Money when it becomes payable in accordance with the terms of any written agreement between the Mortgagor or the Borrower and the Mortgagee or, in the absence of any agreement or after default under any agreement, on demand by the Mortgagee only if there has been default by the Debtor in its obligation to pay the Secured Money and while that default subsists;
- (b) **(maintain status)** maintain, and ensure that each of its subsidiaries maintains, its status as a company limited by shares under the Corporations Act;
- (c) **(hold Authorisations)** obtain and maintain each Authorisation that is necessary or desirable to:
 - (i) execute this document and to carry out the transactions that it contemplates;
 - (ii) ensure that this document is legal, valid, binding and admissible in evidence; or
 - (iii) (except in the case of Macquarie) enable it to properly carry on its business, and must comply with any conditions to which any of these Authorisations is subject;
- (d) **(no administrator)** (except in the case of Macquarie) not appoint, and ensure that none of its subsidiaries appoints, an administrator without notice to the Mortgagee; and
- (e) **(registration and stamping)** immediately at its own cost:
 - (i) ensure that this document is registered (and not just provisionally) under section 263 of the Corporations Act;
 - (ii) ensure that this document is registered in any other places which the Mortgagee notifies to the Mortgagor if the Mortgagee is reasonably satisfied that registration is necessary or desirable to perfect the Mortgage or to protect the rights of the Mortgagee under this document; and
 - (iii) ensure that this document is stamped for the proper amount in each state and territory of Australia in which this document is required to be stamped.

5.2 Undertakings regarding Mortgaged Property

The Mortgagor must:

- (a) **(outgoings):**
 - (i) punctually pay all outgoings (including Taxes) payable or deductible by it in relation to the Mortgaged Property other than any amount which it is contesting in good faith where failure to pay that amount will not have a Material Adverse Effect or prejudice Mortgaged Property;
 - (ii) pay the contested amount after the final determination or settlement of the relevant contest; and
 - (iii) on request by the Mortgagee, immediately hand to the Mortgagee evidence of every payment covered by this undertaking;
- (b) **(preserve and protect security)**, promptly do everything necessary or reasonably required by the Mortgagee to:
 - (i) preserve and protect the value of Mortgaged Property; or
 - (ii) protect and enforce its title and the Mortgagee's title as mortgagee to Mortgaged Property;
- (c) **(comply with constitutions)** do everything the Mortgagor is required to do (including the payment of calls or instalments) by the constitution of the Borrower or of any issuer of Deposited Shares;
- (d) **(register)** not request or consent to the removal of:
 - (i) any Present Shares from the register on which they are recorded or registered at the date of this document; or
 - (ii) any Acquired Shares or Deposited Shares from the register on which they are recorded or registered at the date on which that Share is mortgaged in accordance with clause 2.1,
without the Mortgagee's consent;
- (e) **(New Rights)** give the Mortgagee particulars of all New Rights and documentary or other evidence of New Rights immediately after becoming aware of the New Rights;
- (f) **(take up)** at the Mortgagee's request take up New Rights if, in the Mortgagee's opinion, failure to do so could mean the Mortgaged Property or this Mortgage may become materially lessened in value or prejudicially affected;
- (g) **(location of registers)** ensure that, as at the date on which that Share is mortgaged in accordance with clause 2.1, each Acquired Share and Deposited Share is recorded or registered on a register held in New South Wales;

- (h) **(exercise rights)** at the Mortgagee's request, take any action reasonably required against any person to protect and enforce its rights relating to the Mortgaged Property;
- (i) **(comply with obligations)** do everything the Mortgagor is required to do under or in connection with Mortgaged Property; and
- (j) **(negative pledge)** not create or permit to exist any Encumbrance over any Mortgaged Property, other than a Permitted Encumbrance.

6. MORTGAGEE'S POWERS

6.1 Mortgagee may exercise powers without notice

- (a) To the full extent permitted by law, the Mortgagee is not required to give any notice or allow any time to elapse before:
 - (i) enforcing this document;
 - (ii) appointing a Receiver of Mortgaged Property; or
 - (iii) exercising any power, right, discretion or remedy given to the Mortgagee by any law,

and the Mortgagor waives any statutory requirements for notice or lapse of time.

- (b) If a law requires that a period of notice must be given or a lapse of time must occur or be permitted before a power may be exercised, then:
 - (i) when a period of notice or lapse of time is mandatory, that period of notice must be given or that lapse of time must occur or be permitted by the Mortgagee; or
 - (ii) when a law provides that a period of notice or lapse of time may be stipulated or fixed by this document, 1 day is stipulated and fixed as that period of notice or lapse of time including where applicable, as the period of notice or lapse of time during which:
 - (A) default must continue before a notice is given or requirement otherwise made for payment of the Secured Money or the observance of obligations under this document; and
 - (B) a notice or requirement for payment of the Secured Money or the observance of obligations under this document must remain not complied with before any powers may be exercised.

6.2 Mortgagee's right to make good a default

- (a) If the Mortgagor breaches this document, the Mortgagee may do everything it considers to be necessary or desirable to attempt to remedy the breach to the Mortgagee's satisfaction. The Mortgagee is not obliged to do so.

- (b) Paragraph (a) does not limit any other right the Mortgagee has under this document or at law.

6.3 Powers on enforcement

If this document has become enforceable, the Mortgagee or any of its Authorised Representatives, without notice to the Mortgagor, may:

- (a) exercise any of the powers that might be exercised by a Receiver even if a Receiver has not been appointed; and
- (b) complete any Transfer, other transfer or instrument of any nature executed by or on behalf of the Mortgagor in blank and deposited with the Mortgagee as Collateral Security, in favour of the Mortgagee or any appointee of the Mortgagee or any other person.

7. POWER OF ATTORNEY

7.1 Appointment of Attorneys

While an Event of Default subsists, the Mortgagor irrevocably appoints the Mortgagee and each Authorised Representative of the Mortgagee and as an independent appointment appoints any Receiver, severally its attorney to:

- (a) **(all acts necessary)** do anything necessary or desirable in the opinion of the Mortgagee or the Attorney to:
- (i) give full effect to this document;
 - (ii) better secure the Mortgaged Property to the Mortgagee in a manner consistent with this document; or
 - (iii) assist in the execution or exercise of any power,
- including execute any Transfer and other transfer (including any Transfer and other transfer in blank) or other document.
- (b) **(recover Mortgaged Property)** demand, sue for, recover and give discharge for Mortgaged Property;
- (c) **(commence actions)** commence, carry on, enforce, settle, arrange and compromise any proceedings to obtain or enforce the payment or delivery of Mortgaged Property;
- (d) **(bankruptcy and winding up)** take any necessary proceedings to procure the bankruptcy or the winding up of any debtor of the Mortgagor in connection with the Mortgaged Property, and attend and vote at meetings of creditors, receive dividends in any bankruptcy or winding up or appoint a proxy for any of these things;
- (e) **(compound debts)** compound, settle or compromise any debt of the Mortgagor in connection with the Mortgaged Property;

- (f) **(execute deeds)** execute any deed of assignment, composition or release in connection with the Mortgaged Property;
- (g) **(exercise Share owner's rights)** exercise all or any powers, rights, discretions and remedies available to any owner or holder (whether beneficial or otherwise) of any Shares included in the Mortgaged Property (including rights available to an owner of Shares under the Corporations Act or any other statute, or under the rules of any stock exchange); and
- (h) **(general)** do anything else that the Mortgagor must or may do, or that the Mortgagee may do, under this document or by law,

at the Mortgagor's cost.

Each Attorney may appoint and remove substitutes, and may delegate its powers (including this power of delegation) and revoke any delegation.

7.2 General

- (a) An Attorney may do anything contemplated by this clause even if the Attorney is affected by an actual or potential conflict of interest or duty, or might benefit from doing it.
- (b) An Attorney may do anything contemplated by this clause in its name, in the name of the Mortgagor or in the name of both of them.
- (c) The Mortgagor must ratify anything done by an Attorney under this clause.
- (d) The Mortgagor gives the power of attorney in this clause:
 - (i) to secure performance by the Mortgagor of its obligations to the Mortgagee under this document and any property interest of the Mortgagee under this document; and
 - (ii) for valuable consideration, receipt of which is acknowledged by the Mortgagor.

8. ENFORCEMENT

8.1 Circumstances when this document may be enforced

The Secured Money will immediately become payable at the Mortgagee's option (despite any delay or previous waiver of the right to exercise that option) without the need for any demand or notice, and this document will immediately become enforceable (whether or not the Secured Money has become payable in this manner) if an Event of Default occurs.

8.2 Enforcement despite earlier payment

This document may be enforced:

- (a) even if the Mortgagee accepts a payment of interest or other amount after any default; and

- (b) without the need for any notice to, or of any consent or agreement of, the Mortgagor or any other person.

9. DEFAULT INTEREST

9.1 Mortgagor must pay interest

- (a) The Mortgagor must pay interest on each amount that is not paid when due (unless the Mortgagor or the Borrower is already required to pay interest on the unpaid amount by the terms of an agreement between the Mortgagee and the Mortgagor or the Borrower), from (and including) the day on which it falls due to (but excluding) the day on which it is paid in full, at the rate calculated in accordance with paragraph (b). This interest must be paid on demand.
- (b) Interest on an unpaid amount accrues each day in a Default Interest Period at the Default Rate for that Default Interest Period, and is capitalised (if not paid) on the last day of that Default Interest Period.

9.2 Interest after judgment

If a liability of the Mortgagor becomes merged in a judgment or order, the Mortgagor, as an independent obligation, must pay interest on the amount of that liability, from (and including) the date of the judgment or order until it is paid in full, at the higher of the rate that applies under the judgment or order and the rate calculated in accordance with clause 9.1.

9.3 Accrual and calculation of interest

Interest under this clause:

- (a) accrues daily; and
- (b) is calculated on the basis of the actual number of days on which interest has accrued and of a 365 day year.

10. APPOINTMENT OF RECEIVER

10.1 Appointment

If this document has become enforceable (whether or not the Mortgagee has entered into possession of all or any of the Mortgaged Property) the Mortgagee or any Authorised Representative of the Mortgagee may at any time:

- (a) appoint any person or any 2 or more persons jointly and severally to be a receiver or receiver and manager (or an additional receiver or receiver and manager) of Mortgaged Property;
- (b) remove the Receiver and in case of the removal, retirement or death of any Receiver appoint another as a replacement; and
- (c) fix the remuneration of the Receiver.

Subject to clause 10.2 and the next sentence, every Receiver appointed under this subclause will be the Mortgagor's agent and the Mortgagor alone will be responsible for his acts and defaults and remuneration. The Mortgagee may by notice to the Mortgagor and the Receiver require the Receiver to act as the Mortgagee's agent.

10.2 Receiver other than as Mortgagor's agent

The power to appoint a Receiver under this clause may be exercised even though:

- (a) at the time when this document becomes enforceable or when an appointment is made, an order may have been made or a resolution may have been passed to wind up the Mortgagor; or
- (b) a Receiver appointed in the circumstances specified in the preceding paragraph may not, or may not in some respects, act as the Mortgagor's agent.

10.3 Powers of Receiver

The Receiver will have full power to do all or any of the following:

- (a) **(take possession)** take possession of, collect and get in the Certificates and the Transfers held or entitled to be held by the Mortgagee under the Mortgage and the Mortgaged Property and for that purpose to take proceedings (in the name of the Mortgagor or otherwise);
- (b) **(give up possession)** give up possession of the Certificates and the Transfers held or entitled to be held by the Mortgagee under the Mortgage and the Mortgaged Property;
- (c) **(exercise Mortgagee's rights):**
 - (i) exercise all or any of the Mortgagee's powers, rights, discretions and remedies under this document; and
 - (ii) comply with the directions given by the Mortgagee;
- (d) **(borrow from Mortgagee):**
 - (i) borrow from the Mortgagee any money that may be required for the purpose of exercising the Mortgagee's rights under this document; and
 - (ii) (in the name of the Mortgagor or otherwise) secure any money borrowed by mortgage or charge over Mortgaged Property so that the mortgage or charge may rank in priority to, equally with or after the Mortgage,

without the Mortgagee being bound to enquire whether the borrowing is necessary or proper or responsible for the misapplication or non application of any money borrowed;

- (e) **(exercise Share owner's rights)** exercise all or any powers, rights, discretions and remedies available to any owner or holder (whether beneficial or otherwise) of any Shares included in the Mortgaged Property (including rights available to an owner

of Shares under the Corporations Act or any other statute, or under the rules of any stock exchange);

- (f) **(registration)** do everything necessary to obtain registration of the Mortgaged Property in the name of the Mortgagee or its nominee and to enable the Mortgagee or its nominee to receive New Rights;
- (g) **(New Rights)** receive all New Rights;
- (h) **(settle disputes):**
 - (i) settle, arrange and compromise any accounts, claims, questions or disputes that may arise in connection with the Mortgaged Property or in any way relating to this document; and
 - (ii) execute releases or other discharges in relation to the settlement, arrangement, or compromise;
- (i) **(sell)** sell or agree to sell (whether or not the Receiver has taken possession), exchange or otherwise dispose of (absolutely or conditionally) Mortgaged Property (or agree to do so):
 - (i) by public auction, private sale or tender for cash or on credit;
 - (ii) in one lot or in parcels;
 - (iii) with or without special conditions, (such as conditions as to title or time or method of payment of purchase money) including by allowing the purchase money to remain:
 - (A) outstanding on the security of a mortgage over the property sold or over any other property; or
 - (B) owing without any security; and
 - (iv) on other terms the Receiver considers desirable,without being responsible for any loss;
- (j) **(transfer on sale)** execute Transfers, other transfers and assignments of Mortgaged Property (including in the name of the Mortgagor), and do everything to complete any sale under paragraph (i) that the Receiver thinks necessary;
- (k) **(employees and agents)** engage employees, agents, advisers and contractors for any of the purposes of this clause on terms that the Receiver thinks appropriate;
- (l) **(give receipts)** give receipts for all money and other property that may come into the hands of the Receiver in exercise of any power given by this document;

-
- (m) **(enforce contracts)** carry out and enforce or otherwise obtain the benefit of all contracts:
 - (i) entered into or held by the Mortgagor in connection with the Mortgaged Property; or
 - (ii) entered into in exercise of the powers given by this document;
 - (n) **(make debtors bankrupt)** make debtors bankrupt and wind up companies and do everything in connection with any bankruptcy or winding up that the Receiver thinks desirable to recover or protect Mortgaged Property;
 - (o) **(perform undertakings)** do everything necessary to perform any undertaking of the Mortgagor in this document;
 - (p) **(receive money)** receive all money or other property payable or deliverable to the Mortgagor from Mortgaged Property;
 - (q) **(desirable or incidental matters):**
 - (i) do or cause to be done everything that the Receiver thinks desirable in the interests of the Mortgagee; and
 - (ii) do anything incidental to the exercise of any other power;
 - (r) **(take legal proceedings)** take proceedings (including in the name of the Mortgagor) in connection with any of the above; and
 - (s) **(delegate)** with the Mortgagee's consent delegate any of the powers given to the Receiver by this clause to any person.

11. PROTECTION OF MORTGAGEE AND APPOINTEES

11.1 Protection of Mortgagee and Receiver

- (a) The Mortgagee is not obliged to:
 - (i) notify any debtor or member of the Mortgagor or any other person of this document; or
 - (ii) enforce payment of any money payable to the Mortgagor, or take any step or proceeding for any similar purpose,
 but may do so.
- (b) None of the Mortgagee, any of its Authorised Representatives or any Receiver is liable for any omission or delay in exercising any power, right, discretion or remedy under this document or for any involuntary loss or irregularity that may occur in relation to the exercise or non-exercise of any of them except to the extent of its own fraud, gross negligence or wilful misconduct.

11.2 Conflict of interests

The Mortgagee, an Authorised Representative of the Mortgagee or other person appointed by the Mortgagee under this document, an administrator of the Mortgagor appointed by the Mortgagee, an Attorney and a Receiver may exercise or agree to exercising a power given by this document or by law even though that person may have a conflict of interests in exercising the power.

11.3 Liability for loss

(a) The Mortgagee is not liable for any loss that the Mortgagor suffers as a direct or indirect result of:

- (i) the lawful exercise or attempted lawful exercise of, or failure to exercise, any of its rights contained in this document; and
- (ii) any release or dealing with any other Guarantee or Encumbrance (including any prejudice to or loss of the Mortgagor's rights of subrogation),

except to the extent of its own fraud, gross negligence or wilful misconduct.

(b) If the Mortgagee or a Receiver enters into possession of Mortgaged Property, none of the Mortgagee, any of its Authorised Representatives or any Receiver is liable:

- (i) to account as mortgagee in possession or for anything except actual receipts; or
- (ii) for any loss on realisation or for any default or omission for which a mortgagee in possession might be liable,

except to the extent of its own fraud, gross negligence or wilful misconduct.

12. PROTECTION OF THIRD PARTIES

12.1 Dealings under this document

A purchaser or other party to a disposal or dealing in attempted exercise of a power contained in this document is not:

- (a) bound to enquire whether there has been a default, whether a Receiver has been properly appointed or about the propriety or regularity of a sale, disposal or dealing; or
- (b) affected by notice that a sale, disposal or dealing is unnecessary or improper.

Despite any irregularity or impropriety in a sale, disposal or dealing, it is to be treated, for the protection of the purchaser or other party to the disposal or dealing, as being authorised by this document and valid.

12.2 Receipts

A receipt that the Mortgagee, one of its Authorised Representatives or a Receiver gives for any money payable to or receivable by the Mortgagee or the Receiver because of this document will:

- (a) relieve the person paying or handing over money or other property from all liability:
 - (i) for the application (or any loss or misapplication) of the money or other property;
 - (ii) to enquire whether the Secured Money has become payable; and
 - (iii) (where appropriate) as to the propriety or regularity of the appointment of the Receiver; and
- (b) discharge the person paying that money from its liability to pay that money.

13. APPLICATION OF MONEY

13.1 Order

- (a) Money that the Mortgagee or a Receiver receives under or because of this document is to be applied in the following order:
 - (i) (expenses) first in payment of all expenses that the Mortgagee or a Receiver incurs in or incidental to the lawful exercise or attempted lawful exercise of a power or otherwise in relation to any Transaction Document;
 - (ii) (outgoings) then in payment of any other outgoings that the Receiver or the Mortgagee thinks it appropriate to pay;
 - (iii) (Receiver) then in payment to the Receiver of any remuneration (whether by way of commission or otherwise);
 - (iv) (indemnities) then in payment to the Mortgagee or a Receiver of any amount necessary to give effect to any indemnity contained in this document; and
 - (v) (Secured Money) then in payment to the Mortgagee of the Secured Money.
- (b) Any surplus will belong to the Mortgagor or other persons entitled to it. The Mortgagee or Receiver may pay the surplus to the credit of a bank account in the name of the Mortgagor or other person entitled to it and will then be under no further liability in relation to it. The surplus will not accrue interest.

13.2 Only actual receipts credited

In applying any money towards the Secured Money, the Mortgagor's account will be credited only with the amount of the money that the Mortgagee actually receives for that purpose. The credit will date from the time of receipt.

13.3 Compensation

If any compensation becomes payable for Mortgaged Property, the Mortgagee may:

- (a) apply the sum received on account of any compensation, at the Mortgagee's option, in or towards repayment of the Secured Money;
- (b) make, enforce, settle or compromise any claims relating to compensation; and
- (c) execute any necessary assurances and releases in the names of the Mortgagor and the Mortgagee.

If any compensation comes into the hands of the Mortgagor before a final irrevocable discharge of this document, the Mortgagor must immediately pay it to the Mortgagee.

14. CONTINUING SECURITY AND THIRD PARTY PROVISIONS

14.1 Nature of obligations and enforcement

The Mortgagor's obligations in this document:

- (a) are principal obligations, and not ancillary or collateral to any other right or obligation; and
- (b) may be enforced against the Mortgagor without the Mortgagee first being required to:
 - (i) exhaust any remedy it may have against the Borrower; or
 - (ii) enforce any security it may hold relating to the Secured Money.

14.2 Preservation of Mortgagor's obligations

The Mortgagor's obligations in this document are absolute, unconditional and irrevocable. The liability of the Mortgagor under this document extends to and is not affected by any circumstance, act or omission which, but for this subclause, might otherwise affect it at law or in equity including:

- (a) the grant of any time, waiver or other indulgence or concession;
- (b) the discharge or release of the Borrower, the Mortgagor or any other person;
- (c) any transaction or arrangement that may take place between the Mortgagee and the Borrower, the Mortgagor or any other person;
- (d) the occurrence of an Insolvency Event in relation to the Borrower, the Mortgagor or any other person;
- (e) the Mortgagee or any other person dealing or not dealing in any way with any other Guarantee, Encumbrance, document or agreement;

-
- (f) the Mortgagee or any other person:
 - (i) exercising or not exercising any other Guarantee or Encumbrance or any right or remedy conferred on it by law or in equity or by any document or agreement; or
 - (ii) not recovering any money owing by the Borrower;
 - (g) any variation (including a variation which increases, or extends the duration of, the Secured Money), replacement, extinguishment, unenforceability, failure, loss, abandonment or transfer of any document or agreement relating to the Secured Money (including this document and any other Guarantee or Encumbrance held by the Mortgagee from any person at any time);
 - (h) the obligations of the Mortgagor or any other person under this document or any other document or agreement relating to the Secured Money or this document (including any other Guarantee or Encumbrance) being or becoming illegal, void, voidable, unenforceable or disclaimed by a liquidator or trustee for creditors or in bankruptcy;
 - (i) the Mortgagee not giving the Mortgagor notice of any default by the Borrower or any other person;
 - (j) the Mortgagee not disclosing any information to the Mortgagor;
 - (k) any representation made or information given by the Mortgagee to the Mortgagor;
 - (l) any change in the legal capacity, rights or obligations of, or other circumstance related to, the Borrower, the Mortgagor or any other person;
 - (m) any legal limitation, disability, incapacity or other circumstance related to the Borrower, the Mortgagor or any other person;
 - (n) any invalidity or irregularity in the execution of any Transaction Document or any deficiency in the powers of the Borrower or the Mortgagor;
 - (o) any assignment by the Mortgagee, with or without the knowledge of the Borrower or the Mortgagor;
 - (p) any obligation of the Borrower being discharged by operation of law;
 - (q) any person who was intended to be bound as a guarantor or surety in relation to the Secured Money not becoming bound or ceasing to be bound;
 - (r) any laches, acquiescence, delay, act, omission or mistake on the part of, or suffered by, the Mortgagee or any other person, in relation to this document or any other Guarantee, Encumbrance, document or agreement;
 - (s) the receipt by the Mortgagee or any other person of any dividend or money after an Insolvency Event in relation to the Borrower, the Mortgagor or any other person;

-
- (t) any judgment or right which the Mortgagee may have or exercise against the Borrower, the Mortgagor or any other person;
 - (u) the opening or operation of a new account by the Borrower with the Mortgagee or any other person;
 - (v) the amendment of the constitution, trust deed or other constituent document of the Borrower or the Mortgagor;
 - (w) if the Borrower or the Mortgagor is a member of a partnership, firm, joint venture or association, any change in the structure, membership, name or business of that partnership, firm, joint venture or association;
 - (x) if the Borrower or the Mortgagor is a trustee of a trust, any breach or variation of the terms of that trust; or
 - (y) if the Mortgagor is a director or shareholder of the Borrower, any change in that directorship or shareholding.

14.3 Continuity

The Mortgage:

- (a) is a continuing security, and remains in full force until a final irrevocable discharge of the Mortgage is given to the Mortgagor despite any transaction or other thing (including a settlement of account or intervening payment); and
- (b) will apply to the present and future balance of the Secured Money.

14.4 Limitations on Mortgagor's rights

Until the Secured Money has been irrevocably paid and discharged in full, the Mortgagor may not:

- (a) share in any Guarantee, Encumbrance or money received or receivable by the Mortgagee in relation to the Secured Money or stand in the place of the Mortgagee in relation to any Guarantee, Encumbrance or right to receive money;
- (b) take any steps to enforce a right or claim against the Borrower relating to any money paid by the Mortgagor to the Mortgagee under this document;
- (c) have or exercise any rights as surety in competition with the Mortgagee;
- (d) receive, claim or have the benefit of any payment (including a payment under a Guarantee), distribution or Encumbrance from or on account of the Borrower or any other person in relation to the Secured Money;
- (e) in reduction of its liability under this document, raise a defence, set off or counterclaim available to itself, the Borrower or a co-surety or co-indemnifier against the Mortgagee or claim a set off or make a counterclaim against the Mortgagee; or

-
- (f) claim to be entitled by way of contribution, indemnity, subrogation, marshalling or otherwise to the benefit of any document or agreement to which the Mortgagee is a party.

14.5 No marshalling

The Mortgagee is not under any obligation to marshal or appropriate in favour of the Mortgagor or to exercise, apply, perfect or recover any Encumbrance that the Mortgagee holds at any time or any funds or property that the Mortgagee may be entitled to receive or have a claim on.

14.6 Effect of Insolvency Event

- (a) If the Borrower is wound up or bankrupted, the Mortgagor irrevocably authorises the Mortgagee to:
- (i) prove for all money that the Mortgagor has paid under this document; and
 - (ii) retain and carry into a suspense account and appropriate at the Mortgagee's discretion any dividends and other money received in relation to the Secured Money,
- until the Secured Money has been irrevocably paid and discharged in full. The Mortgagee is not obliged to do this.
- (b) If an Insolvency Event has occurred in relation to a Relevant Person, any amount paid by that Relevant Person (as the case may be) within the preceding 6 months (relevant payment) will only be applied against any Secured Money if:
- (i) the Mortgagee forms the opinion in good faith (which will be conclusively binding on the Mortgagor) that it will not be required to pay the relevant payment to any person under any law relating to bankruptcy, winding up or the protection of creditors; or
 - (ii) a final judgment is given by a court of competent jurisdiction in favour of the Mortgagee that it is not required to pay the relevant payment to any person under any law relating to bankruptcy, winding up or the protection of creditors.
- (c) If an amount is applied against any Secured Money and the Mortgagee forms the opinion in good faith that it is obliged to pay the relevant payment to any person under any law relating to bankruptcy, winding up or the protection of creditors:
- (i) the Mortgagee's rights are to be reinstated and will be the same in relation to that amount as if the application, or the payment or transaction giving rise to it, had not been made; and
 - (ii) the Mortgagor must immediately do anything (including the signing of documents) required by the Mortgagee to restore to the Mortgagee any Guarantee or Encumbrance to which it was entitled immediately before that application or the payment or transaction giving rise to it.

- (d) Any discharge or release between the Mortgagee and the Mortgagor is subject to reinstatement of the Mortgagee's rights under this subclause.

15. INDEMNITIES

15.1 Indemnity for breach or preservation of rights

The Mortgagor must indemnify the Mortgagee against, and must pay the Mortgagee on demand the amount of, all losses, liabilities, expenses and Taxes (other than Excluded Taxes) incurred in connection with:

- (a) any Event of Default;
- (b) the administration, and any actual or attempted lawful preservation or lawful enforcement, of any rights under any Transaction Document; and
- (c) any amount required to be paid under any Transaction Document not being paid on its due date including because of:
 - (i) the cancellation, termination or alteration of any swap or other arrangement made by the Mortgagee to fund that amount; or
 - (ii) any liquidation or re-employment of deposits or other funds acquired by the Mortgagee to fund that amount.

15.2 Indemnity for exercise of rights or proceedings

To the extent permitted by law, the Mortgagor must indemnify each of the Mortgagee, each Authorised Representative of the Mortgagee and each Receiver, Attorney, agent, administrator of the Mortgagor or other person appointed under this document or the Corporations Act by or on behalf of the Mortgagee as mortgagee under this document against, and must pay each of them on demand the amount of all losses, liabilities, expenses and Taxes (other than Excluded Taxes) that they each incur:

- (a) (directly or indirectly) in the lawful exercise or attempted lawful exercise of any of the powers, rights, discretions or remedies (express or implied) vested in them under this document or the Corporations Act; and
- (b) in connection with all proceedings, expenses, claims and demands in relation to anything done or omitted in any way relating to Mortgaged Property,

including legal expenses on a full indemnity basis and expenses incurred in engaging consultants.

15.3 Recovery from Mortgaged Property

A person who is entitled to be indemnified for a loss, liability, expense or Tax under clause 15.1 or 15.2 may recover the amount to be indemnified direct from the Mortgaged Property.

16. DISCHARGE

The Mortgagee must at the request and cost of the Mortgagor reconvey, surrender or release any remaining Mortgaged Property (as appropriate) to the Mortgagor and the Mortgaged Property will then be discharged from the Mortgage:

- (a) when the Mortgagee is satisfied that:
 - (i) all the Secured Money has been irrevocably paid and discharged in full or satisfied in accordance with this document and (without limiting this) that clause 14.6 will not later apply; and
 - (ii) no amount remains contingently payable or may become payable on the security of the Mortgage (including under an indemnity); and
- (b) on payment or retention of all expenses incurred by or payable to the Mortgagee, its Authorised Representatives or any Receiver or Attorney.

Any discharge is subject to clause 14.6.

17. CONFIDENTIALITY

A party must not disclose any information concerning the contents of, or the transactions contemplated by, any Transaction Document to any person who is not a party, except to the extent that:

- (a) **(permitted by documents)** the disclosure is expressly permitted by a Transaction Document;
- (b) **(consent of other party)** the other party consents to the disclosure;
- (c) **(public domain)** the information is already in the public domain, unless it entered the public domain because of a breach of confidentiality by the party;
- (d) **(employees and advisers)** the disclosure is made on a confidential basis to the party's officers, employees, agents, financiers or professional advisers, and is necessary for the party's business;
- (e) **(comply with laws)** the disclosure is necessary to comply with any applicable law, or an order of a court or tribunal;
- (f) **(comply with directives)** the disclosure is necessary to comply with a directive or request of any Government Agency or stock exchange (whether or not having the force of law) so long as a responsible person in a similar position would comply;
- (g) **(obtain Authorisations)** the disclosure is necessary or desirable to obtain an Authorisation from any Government Agency or stock exchange; or
- (h) **(discovery and litigation)** the disclosure is necessary or desirable in relation to any discovery of documents, or any proceedings before a court, tribunal, other Government Agency or stock exchange.

18. NOTICES

18.1 How to give a notice

A notice, consent or other communication under this document is only effective if it is:

- (a) in writing, signed by or on behalf of the person giving it;
- (b) addressed to the person to whom it is to be given; and
- (c) either:
 - (i) delivered or sent by pre-paid mail (by airmail, if the addressee is overseas) to that person's address; or
 - (ii) sent by fax to that person's fax number and the machine from which it is sent produces a report that states that it was sent in full.

18.2 When a notice is given

A notice, consent or other communication that complies with this clause is regarded as given and received:

- (a) if it is delivered or sent by fax:
 - (i) by 5.00 pm (local time in the place of receipt) on a Business Day - on that day; or
 - (ii) after 5.00 pm (local time in the place of receipt) on a Business Day, or on a day that is not a Business Day - on the next Business Day; and
- (b) if it is sent by mail - on actual receipt.

18.3 Address for notices

A person's address and fax number are those set out below, or as the person notifies the sender:

Mortgagee

Address: Level 11
50 Carrington Street
Sydney NSW 2000

Fax number: (02) 9248 2199
Attention: Managing Director

Mortgagor

Address: 157 Church Street, Ryde, NSW 2112
Fax number: (02) 9807 6800
Attention: The Secretary

19. AMENDMENT AND ASSIGNMENT

19.1 Amendment

This document can only be amended, supplemented, replaced or novated by another document signed by the parties.

19.2 Assignment

- (a) The Mortgagor may only dispose of, declare a trust over or otherwise create an interest in its rights under this document with the consent of the Mortgagee.
- (b) The Mortgagee may dispose of, declare a trust over or otherwise create an interest in its rights under this document without the consent of the Mortgagor, and may disclose to any potential holder of the right or interest any information relating to this document or any party to any of them.
- (c) The Mortgagor is not:
 - (i) responsible for any increased cost or expense payable under this document;
or
 - (ii) obliged to satisfy any increased liability arising under this document,
by reason of the Mortgagee doing anything that is referred to in paragraph (a).

20. GENERAL

20.1 Governing law

- (a) This document is governed by the law in force in New South Wales.
- (b) Each party submits to the non-exclusive jurisdiction of the courts exercising jurisdiction in New South Wales, and any court that may hear appeals from any of those courts, for any proceedings in connection with this document, and waives any right it might have to claim that those courts are an inconvenient forum.

20.2 Giving effect to this document

The Mortgagor must do anything, and must ensure that its employees and agents do anything, that the Mortgagee may reasonably require to:

- (a) give full effect to this document;
- (b) better secure the Mortgaged Property to the Mortgagee in a manner consistent with this document; or
- (c) assist in the execution or exercise of any power,

including execute any Transfer and other transfer (including any Transfer and other transfer in blank) or other document.

20.3 Waiver of rights

A right may only be waived in writing, signed by the party waiving the right, and:

- (a) no other conduct of the party waiving the right (including a failure to exercise, or delay in exercising, the right) operates as a waiver of the right or otherwise prevents the exercise of the right;
- (b) a waiver of a right on one or more occasions does not operate as a waiver of that right if it arises again; and
- (c) the exercise of a right does not prevent any further exercise of that right or of any other right.

20.4 Operation of this document

- (a) This document contains the entire agreement between the parties about its subject matter. Any previous understanding, agreement, representation or warranty relating to that subject matter is replaced by this document and has no further effect.
- (b) Any right that the Mortgagee may have under this document is in addition to, and does not replace or limit, any other right that the Mortgagee may have.
- (c) Any provision of this document which is unenforceable or partly unenforceable is, where possible, to be severed to the extent necessary to make this document enforceable, unless this would materially change the intended effect of this document.

20.5 Operation of indemnities

- (a) Each indemnity in this document survives the expiry or termination of this document.
- (b) The Mortgagee may recover a payment under an indemnity in this document before it makes the payment in respect of which the indemnity is given.

20.6 Consents

Where this document contemplates that the Mortgagee may agree or consent to something (however it is described), the Mortgagee may:

- (a) agree or consent, or not agree or consent, in its absolute discretion; and
- (b) agree or consent subject to conditions,

unless this document expressly contemplates otherwise.

20.7 Statements by Mortgagee

A statement by an Authorised Representative of the Mortgagee on any matter relating to this document (including any amount owing by the Mortgagor) is prima facie evidence of the matters stated in it.

20.8 No merger

Nothing in this document merges with any other Security Interest, or any Guarantee, judgment or other right or remedy, that the Mortgagee may hold at any time.

20.9 Exclusion of contrary legislation

Any legislation that adversely affects an obligation of the Mortgagor, or the exercise by the Mortgagee of a right or remedy, under or relating to this document is excluded to the full extent permitted by law.

20.10 Counterparts

This document may be executed in counterparts.

20.11 Attorneys

Each person who executes this document on behalf of a party under a power of attorney declares that he or she is not aware of any fact or circumstance that might affect his or her authority to do so under that power of attorney.

21. TRUSTEE PROVISIONS

21.1 Application

This clause 21 applies where a Mortgagor has entered into this document as the trustee of a Relevant Trust.

21.2 Warranties relating to a Relevant Trust

Each Mortgagor who has entered into this document as the trustee of a Relevant Trust severally represents and warrants to the Mortgagee in relation to itself that:

- (a) a true and complete copy of the trust deed establishing the Relevant Trust (**Trust Deed**) has been supplied to the Mortgagee prior to the date of this document;
- (b) the Relevant Trust is validly created and subsisting and no circumstances exist pursuant to which it may be determined and no date for the vesting of any of the Relevant Trust fund has been appointed other than as may be set out in the Trust Deed;
- (c) it is validly appointed as the sole trustee of the Relevant Trust, is not in breach of its obligations as trustee, has not given any notice of resignation and no circumstances exist pursuant to which it may be removed;
- (d) this document is duly executed and granted pursuant to proper exercise of its powers as trustee of the Relevant Trust and all formalities required by the Trust Deed in connection with this document have been complied with;
- (e) execution and performance of this document is for a proper purpose of the Relevant Trust and the Relevant Trust is receiving a valuable commercial benefit in return for entering into this document;

- (f) it is the legal owner of all the assets of the Relevant Trust;
- (g) there is no dispute between it as the trustee of the Relevant Trust and any other person in relation to the Relevant Trust or the assets of the Relevant Trust (Trust Assets);
- (h) it has full capacity and power under the Trust Deed to own the Relevant Trust fund and carry on the business of the Relevant Trust as it is now being conducted;
- (i) it has the right to be fully indemnified out of the Relevant Trust fund in relation to any liability of the Relevant Trust and its obligations under this document and any transactions contemplated by it and:
 - (i) such right has not been modified, released or diminished in any way;
 - (ii) the Relevant Trust fund is sufficient to satisfy such right in full; and
 - (iii) it has not released or disposed of its equitable lien over the Relevant Trust fund;
- (j) there is nothing relating to the Relevant Trust which has not been disclosed to the Mortgagee and which might, if disclosed, reasonably be expected to effect Mortgagee's decision to enter into any transaction with the Mortgagor as Trustee or to rely on this document; and
- (k) the Trust Deed complies with all applicable laws.

21.3 Specific prohibitions relating to a Relevant Trust

Subject to the terms of this document, a Mortgagor who has entered into this document as the trustee of a Relevant Trust must not, without the Mortgagee's consent

- (a) cease to be the sole trustee of the Relevant Trust or do anything which would cause or permit its removal or permit any additional substitute trustee to be appointed;
- (b) cause or permit the Relevant Trust to be determined or a vesting date to be appointed;
- (c) do or permit anything which adversely affects the Trustee's right of indemnity against the Trust Assets;
- (d) in any way vary the Trust Deed or permit it to be varied in a way which could have a Material Adverse Effect;
- (e) delegate any powers as trustee of the Relevant Trust or exercise any power of appointment in a way which could have a Material Adverse Effect.

21.4 New trustees

A Mortgagor who has entered into this document as the trustee of a Relevant Trust must procure that any person who becomes a trustee of the Relevant Trust (whether in replacement of or addition to the relevant Mortgagor) enters into an agreement with the

Mortgagee whereby it agrees to perform the obligations of the relevant Mortgagor under this document.

21.5 Undertakings relating to a Relevant Trust

A Mortgagor who has entered into this document as the trustee of a Relevant Trust must:

- (a) comply with its obligations as trustee of the Relevant Trust, whether under the Trust Deed or otherwise;
- (b) ensure that its powers under the Trust Deed are not revoked or modified in a way which could have a Material Adverse Effect; and
- (c) ensure that no part of the Relevant Trust fund is resettled, set aside or transferred to any other person, whether as trustee or otherwise, or mixed with any other property, without the Mortgagee's consent or in a way which could have a Material Adverse Effect.

21.6 Limitation of liability

- (a) Each Trustee enters into this document only in its capacity as trustee of the Relevant Trust and in no other capacity. A liability arising under or in connection with this document is limited to and can be enforced against a Trustee only to the extent to which it can be satisfied out of property of the Relevant Trust out of which the Trustee is actually indemnified for the liability. This limitation of a Trustee's liability applies despite any other provision of this document (other than paragraph (c) below) and extends to all liabilities and obligations of the Trustee in any way connected with any representation, warranty, conduct, omission, agreement or transaction related to this document.
- (b) The parties may not sue a Trustee in any capacity other than as trustee of the Relevant Trust, including seek the appointment of a receiver (except in relation to property of the Relevant Trust), a liquidator, an administrator or any similar person to the Trustee or prove in any liquidation, administration or arrangement of or affecting the Trustee (except in relation to property of the Relevant Trust).
- (c) The provisions of this Clause 21.6 shall not apply to any obligation or liability of a Trustee to the extent that it is not satisfied because under the Trust Deed establishing the Relevant Trust or by operation of law there is a reduction in the extent of the Trustee's indemnification out of the assets of the Relevant Trust, as a result of the Trustee's fraud, negligence or breach of trust.

22 LIMITED RECOURSE

22.1 Application of clause

This clause 22 applies notwithstanding any other provisions contained in any Transaction Document. In the event of any inconsistency between this clause 22 and a provision in any Security or the Loan Agreement, this clause 22 will prevail.

22.2 Limitation on recourse against a Mortgagor

- (a) While an Event of Default subsists, the Mortgagee will not enforce against a Mortgagor any of the rights, powers or remedies available to it under this document except to the extent necessary to enforce its rights in relation to the Mortgaged Property and the proceeds of the sale of the Mortgaged Property.
- (b) Without limiting the generality of clause 22.2(a), the Mortgagee will not take any step to:
 - (i) have an administrator appointed to a Mortgagor;
 - (ii) have a Receiver appointed to a Mortgagor, other than a Receiver of the Mortgaged Property;
 - (iii) have a Mortgagor wound up or to prove in any winding up of a Mortgagor, except to the extent necessary to get access to the Mortgaged Property;
 - (iv) obtain a judgment against a Mortgagor for the payment of money except to the extent necessary to get access to the Mortgaged Property;
 - (v) carry out any distress or execution on any property of a Mortgagor other than the Mortgaged Property; or
 - (vi) exercise any right of set-off, right to consolidate accounts or banker's lien against a Mortgagor, except to the extent necessary to get access to the Mortgaged Property.
- (c) If the Mortgagee does not recover all of the Secured Money as a result of enforcing its rights in relation to the Mortgaged Property, the Mortgagee must not seek to recover any shortfall from a Mortgagor in any other manner.

22.3 Secured Money

- (a) The obligation of a Mortgagor to pay the Secured Money under this document can only be satisfied by the Mortgagee enforcing its rights in relation to the Mortgaged Property and not against any other property of a Mortgagor.
- (b) A Mortgagor is not obliged to make any payment to the Mortgagee in relation to the Secured Money.

COPIED TO FILE

30 April 2003

Mr Clive Guthrie
Head of Structured Finance
Trust Company of Australia Limited
35 Clarence Street
SYDNEY NSW 2001

Dear Mr Guthrie

Periodic Report for Macquarie Income Securities ("the MIS")

In accordance with clause 5.1(b) of the Trust Deed dated 14 October 1999 ("the Deed") and section 1058(1) of the Corporations Law, the undersigned, on behalf of all the Directors of Macquarie Finance Limited ("the Issuer"), report that in relation to the period from 13 January to 11 April 2003:

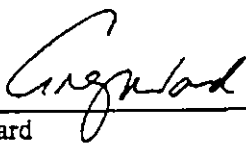

- (a) the Issuer has complied with and not exceeded the borrowing limitation as set out in clause 3.8 of the Deed;
- (b) the Issuer and Macquarie Bank Limited ("the Guarantor") have complied with all covenants and provisions binding upon them respectively, by and under the Deed;
- (c) no event has occurred that has caused or could cause the MIS or any provision of the Deed to become enforceable;
- (d) there are no circumstances affecting the Issuer or the Guarantor that materially affect any security or charge included in or created by the MIS;
- (e) there has been no substantial change in the nature of the business conducted by either the Issuer and its subsidiary or the Guarantor since the Issue Date that has not been previously reported to you in accordance with section 1058 of the Corporations Law; and

(f) as at 11 April 2003, the Issuer had lent the following amounts to related bodies corporate:

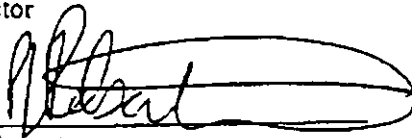

\$402,244,975 to Macquarie Leasing Pty Limited; and
\$72,679,116 to Macquarie Acceptances Limited.

These facilities are unsecured.

For and on behalf of the Board of Directors of Macquarie Finance Limited

EMPLOYEE SHARE OPTION PLAN

PROSPECTUS FOR THE MACQUARIE BANK EMPLOYEE SHARE
OPTION PLAN
JUNE 2003

Macquarie Bank Limited (ABN 46 008 583 542)

FINAL 2003

This Prospectus is dated 27 June 2003. A copy of this Prospectus was lodged with ASIC on 27 June 2003.

Neither ASIC nor ASX take any responsibility for the contents of this Prospectus. No securities will be allotted or issued on the basis of this Prospectus later than thirteen months after the date of this Prospectus.

Applicants should read this Prospectus in its entirety before deciding to participate in the Offer.

Defined terms and abbreviations included in the text of this Prospectus are explained in the Glossary of Terms.

HOW TO APPLY FOR OPTIONS

Eligible Executives wishing to participate in the Offer should:

- sign the personalised appointment of Power of Attorney that comprises part of the personalised Application Form accompanying this Prospectus; and
- deliver their completed Power of Attorney to Angela Blair, Assistant Company Secretary, Level 15, No 1 Martin Place, Sydney, NSW by the Bank's internal mail or in person, so as to be received no later than 5.15 pm Sydney time on the closing date specified in the Application Form.

Eligible Executives who wish to nominate a Controlled Company of theirs to be the Optionholder should contact Angela Blair with the relevant details well before the closing date so that the necessary Powers of Attorney can be prepared and executed before the closing date.

LATE APPLICATIONS WILL NOT BE ACCEPTED

IMPORTANT NOTICE

This Offer is only open to those persons who have been invited to apply by the Board as set out in the personalised Application Form accompanying this Prospectus.

This Prospectus contains general advice only. In determining whether you will accept the Offer you should consider seeking professional financial advice from an independent person who is licensed by ASIC to give you financial advice.

After reading this Prospectus, an Eligible Executive may call Angela Blair on (02) 8232 3506 or Joshua Wyner on (02) 8232 3202 with questions about the procedures relating to the Offer or the Option Plan. If there are any other queries, Eligible Executives should seek advice from their financial adviser.

1. OVERVIEW

This Prospectus sets out the terms and conditions of the 2003/2004 Offers under the Macquarie Bank Employee Share Option Plan. It is to be read subject to the formal Rules which govern the Option Plan, a copy of which is available on MacNet or upon request and which are summarised in this Prospectus.

The Option Plan is an incentive scheme for senior employees of the MBL Group. Currently, participation in the Option Plan is limited to Associate Directors, Division Directors and Executive Directors of, or consultants to, the MBL Group, (together referred to as "Executives" in this Prospectus). The objective is to enhance their performance by providing them with equity interests in the Bank and, hence, further aligning their interests with those of the MBL Group and its shareholders.

Participation in the Option Plan is open only to Eligible Executives and is entirely at the discretion of the Board (and/or the Executive Committee to whom certain administrative powers have been delegated). Eligible Executives have been offered the number of Options and the Options are exercisable at the price, set out in the personalised Application Form. No consideration is payable for the grant of Options, however any applicable payroll tax may be charged to the Eligible Executive's BCR (Basic Cost Responsibility) see section 4.6.

The Options carry no voting or dividend rights but they allow the holder of the Options to participate in any growth in the Bank's ordinary share price and future bonus and cash issues by exercising the Options in the future at the price set now.

For Options granted on promotion or as part of annual remuneration reviews in 2003, each allocation of Options will vest progressively over four years as follows:

- (a) as to one third of the Options, on 1 July 2005;
- (b) as to another one third of the Options, on 1 July 2006; and
- (c) as to the remaining one third of the Options, on 1 July 2007.

For Options granted to new MBL employees, Options vest progressively over four years as follows:

- (a) as to one third of the Options, after the second anniversary of the date of commencement of relevant employment with the MBL Group;
- (b) as to another one third of the Options, after the third anniversary of the date of commencement of relevant employment with the MBL Group; and
- (c) as to the remaining one third of the Options, after the fourth anniversary of the date of commencement of relevant employment with the MBL Group.

Unexercised Options will lapse after the Expiry Date, normally five years from the date of grant. When an Eligible Executive leaves the employment of the MBL Group, unvested Options will generally lapse immediately and vested Options will also lapse after six

MACQUARIE BANK EMPLOYEE SHARE OPTION PLAN PROSPECTUS
JUNE 2003

months. Options also lapse in certain other situations. For further details see sections 2.4 and 2.5 below.

Each Option is exercisable into one fully paid ordinary share in the Bank (subject to adjustment over time for bonus issues and similar events described in section 2.11 below), which will be the same as all other Shares then on issue. The Exercise Price for Eligible Executives granted Options pursuant to promotion or annual compensation review in 2003, will be the weighted average price of the Shares traded on ASX during the month of June 2003 (adjusted for cum-dividend trading and excluding certain special trades). For Eligible Executives being granted Options on commencing employment, the Exercise Price is generally the weighted average price of the Shares traded on ASX during the calendar month before the date the offer of employment was accepted (adjusted for cum-dividend trading and excluding certain special trades).

Exercise of Options is subject to the Bank's staff trading rules. Further, Options granted to UK residents and to Executive Directors of the Bank are subject to certain exercise conditions which must be met before exercise is allowed. See sections 2.7 and 2.9 below. Options granted to US residents and the Shares resulting from the exercise of those Options are subject to transfer restrictions. See section 2.8 below.

Options granted may not be assigned or charged. However, an Executive will be free to deal with any Shares resulting from the exercise of any Options, subject to the Deferred Exercise Share Option Plan or DESOP provisions described in Section 3 of this Prospectus and other Bank restrictions, for example, staff trading rules.

Options may only be acquired in the name of the Eligible Executive or a Controlled Company of the Eligible Executive or a Permitted Trustee of the Eligible Executive and in all cases will be registered in the name of a nominee company, Lacuna. The Options may not be acquired in any other name. Eligible Executives who are not resident in Australia should note that there may be restrictions on their acquiring Options in other than their own name.

A description of the Option Plan is contained in the following pages. ***Please carefully read this Prospectus before proceeding to apply for Options.***

2. THE OFFER AND THE OPTION PLAN

2.1 TIMETABLE

The Offer period applying to an Eligible Executive is set out on the personalised Application Form which accompanies this Prospectus. The completed Application Form must be received by 5.15 pm Sydney time on the date shown on the Application Form. Late applications will not be accepted.

2.2 THE OPTION PLAN

The object of the Option Plan is to assist in the recruitment, reward, retention and motivation of employees of the MBL Group, including persons who provide services to the Group on a long term consultancy basis. The Plan is governed by the Rules, which are summarised in the following sections of this Prospectus. A full copy of the Rules is available on MacNet or upon request from Angela Blair or Joshua Wyner.

Under the Rules, at any time, the total number of Shares which the Bank would have to issue if all Options which have not lapsed were exercised, may not exceed 20 per cent of the aggregate of:

- the number of Shares on issue at that time (whether fully paid or partly paid); and
- the total number of Shares (whether fully paid or partly paid) which the Bank would have to issue if all rights to require the Bank to issue Shares which the Bank has then granted (including, without limitation, all Options and assuming all those rights are then fully exercisable or enforceable) were enforced or exercised to the greatest extent permitted.

The Board has also put in place a second limit on the number of Options that may be outstanding at any point in time. This is the same as the limit above but assuming that any exercised Options granted less than five years ago, where the Executive is still with the Group, are still unexercised.

This second Board imposed limit is subject to Board review and amendment over time.

2.3 GRANT OF OPTIONS

2.3.1 Participation in Option Plan

Participation in the Option Plan is entirely at the discretion of the Board (or by delegation, the Executive Committee). In making these determinations, the Board or Executive Committee typically considers:

- (a) the Executive's position with the MBL Group and the services provided to the MBL Group by the Executive;
- (b) the Executive's record of employment with or service to the MBL Group;
- (c) the Executive's potential contribution to the growth of the MBL Group; and
- (d) any other matters which are indicative of the Executive's merit.

If this Offer is accepted, the Bank will grant the specified number of Options to the Eligible Executive or his/her nominated Controlled Company or his/her nominated Permitted Trustee, which will be registered in the name of Lacuna, on the Optionholder's behalf. On exercise by the Optionholder, Lacuna, as nominee, will initially be allotted Shares which will rank *pari passu* with all other Shares then on issue. These Shares are then transferred to the beneficial owner, or otherwise dealt with by the beneficial owner, subject to the DESOP provisions described in Section 3, which place certain restrictions on the beneficial owner's ability to deal with these Shares.

2.3.2 Exercise Price

The Exercise Price applicable to an Eligible Executive is set out in his/her personalised Application Form.

The Exercise Price is determined by the Bank. Eligible Executives receiving invitations resulting from the Bank's annual promotion and compensation review process in 2003 will have an exercise price which is the weighted average price of Shares traded on ASX during the month of June 2003 (adjusted for cum-dividend trading and excluding certain special trades). For Eligible Executives being granted Options on commencing employment, the exercise price will normally be the weighted average price of Shares traded on ASX during the calendar month before the date of formal acceptance of the offer of employment (adjusted for cum-dividend trading and excluding certain special trades). However, subject to the Listing Rules, the Board and the Executive Committee have discretion to vary the method of determining the Exercise Price applicable to any allocation of Options.

2.3.3 Controlled Company/ Permitted Trustee

The Rules allow an Eligible Executive to nominate a Controlled Company, as defined in the Rules, as the beneficial owner of the Options allocated to the Eligible Executive. A Controlled Company is defined in the Rules to mean, in relation to an Executive, a body corporate in respect of which one or more of the following applies:

- (a) the Executive holds more than one-half of the issued share capital;
- (b) the Executive is in a position to cast, or control (directly or indirectly) the casting of, more than one-half of the maximum number of votes that might be cast at a general meeting of that body corporate; and
- (c) the Executive controls the composition of the board of directors, committee of management, council or other governing authority.

If an Eligible Executive wishes to nominate such a company, the Eligible Executive should notify Angela Blair in writing as soon as possible with the name, ACN, place of incorporation and registered office address of the company and evidence to show that it is a Controlled Company of the Eligible Executive so that revised Powers of Attorney can be sent to the Eligible Executive in time to reply by the closing date. The Deed of Grant will be required to be entered into by both the Eligible Executive and the Controlled Company and hence a Power of Attorney for each will be required.

The Rules allow an Eligible Executive to nominate a Permitted Trustee, as defined in the Rules, as the beneficial holder of the Options allocated to the Eligible Executive. A Permitted Trustee is defined in the Rules to mean an entity approved by the Committee to hold an Option on trust for a Participant from time to time. The only entity currently approved as a Permitted Trustee is the "International Pension Plan", which is a pension plan available to certain employees on international assignment in the United Kingdom. Eligible Executives are advised to take their own independent legal and taxation advice in respect of the consequences of nominating a Permitted Trustee as the beneficial holder of their Options.

Eligible Executives, who are not resident in Australia should note that there may be restrictions on their acquiring Options in other than their own name.

If an Eligible Executive accepts this Offer, the Eligible Executive will be required to execute an agreement between the Bank, Lacuna and the Eligible Executive. This agreement will provide that Lacuna will hold the Options as nominee for the Optionholder and that all benefits of ownership will be passed to the Optionholder.

Eligible Executives should note that there are likely to be different taxation consequences in taking up the Options via a Controlled Company or a Permitted Trustee (see section 4.4 below).

No cash outlay will be required to be paid to the Bank other than payment of the Exercise Price on exercise of the Options, plus any Exercise Fee which may be payable in respect of the exercise of Options subject to United Kingdom National Insurance Contributions, (see section 2.7 below). No consideration is payable for the grant of Options, however any applicable payroll tax may be charged to the Eligible Executive's BCR (see section 4.6 below).

Any liabilities associated with holding Options are the responsibility of the Optionholder, particularly as regards the payment of any exercise amount, tax and duties.

Options will be granted shortly after the closing date of the Offer.

2.4 EXPIRY AND LAPSE OF OPTIONS

Options will expire on, and so may not be exercised after, the fifth anniversary of the date of grant ("Expiry Date").

2.4.1 Lapse of Options

Each Option lapses:

- (a) on exercise of the Option;
- (b) if the Option has not been previously exercised, on the Expiry Date;
- (c) if the relevant Executive:
 - (i) dies;
 - (ii) ceases to be an employee of the MBL Group before the Option has vested (see below); or
 - (iii) ceases to be an employee of the MBL Group after the Option has vested and the Option is not exercised within six months of ceasing to be an employee;
- (d) if the Executive Committee becomes aware of circumstances which, in the reasonable opinion of the Executive Committee, indicate that the relevant Executive has acted fraudulently, dishonestly or in a manner which is in breach of his or her obligations to the Bank or any associated company of the Bank and the Executive Committee (in its absolute discretion) determines that the Option lapses;
- (e) if the Bank commences to be wound up; or
- (f) if the Optionholder was a Controlled Company of an Executive or a Permitted Trustee of an Executive when the Option was granted and, without the prior written consent of the Executive Committee, the Optionholder ceases to be a Controlled

Company of the same Executive or a Permitted Trustee of the same Executive, as the case may be.

If the relevant Executive ceases to be an employee of the MBL Group before an Option has vested and before the Expiry Date, or the Executive's Application Form so provides, the Executive Committee may in its absolute discretion (on any conditions which it thinks fit) decide that the Option does not lapse but lapses at the time and subject to the conditions it may specify by notice to the Optionholder. In making such a decision, the Executive Committee may consider any relevant matter (including, without limitation, whether the Executive ceased to be an employee by reason of retirement, ill-health, accident or redundancy).

2.4.2 Employment Events

Options granted under this Offer are issued subject to a condition that a proportion of those Options, held in respect of an Executive which have not yet vested will lapse if an Employment Event occurs in respect of that Executive. For the purpose of Options issued under this Offer, an Employment Event occurs if:

- (a) the Executive changes from full-time work to part-time work including part-time consultancy arrangements; or
- (b) takes leave without pay, apart from maternity leave, in excess of 3 months; or
- (c) the Executive reduces his/her part-time hours of work.

If an Executive takes maternity leave for a period of 12 months, which is immediately followed by a period of approved unpaid leave of more than 3 months, an Employment Event will only occur in respect of that Executive when the period of unpaid leave exceeds 3 months. The number of Options which will lapse as a result of an Employment Event will be calculated immediately prior to the relevant vesting date of the Options, as set out below.

If an Employment Event occurs in respect of an Executive, the number of Options held in respect of that Executive which would be retained by the relevant Optionholder is:

- (a) all vested Options at the time of the occurrence of the Employment Event; and
- (b) the following proportion of each tranche of unvested Options (determined immediately prior to the relevant vesting date for that tranche):

Tranche 1 (ie those Options which vest on 1 July 2005 or the second anniversary of the date the Executive commenced employment with the MBL Group as the case may be)

$$\frac{\text{number of paid hours worked in 24 months preceding the vesting date}}{2 \times \text{annual full time hours}} \times \text{first tranche}$$

MACQUARIE BANK EMPLOYEE SHARE OPTION PLAN PROSPECTUS
JUNE 2003

Tranches 2 and 3 (ie those Options which vest on 1 July 2006 and 1 July 2007 respectively, or on the third and fourth anniversary of the date the Executive commenced employment with the MBL Group as the case may be)

$$\frac{\text{number of paid hours worked in 12 months preceding the vesting date}}{\text{annual full time hours}} \times \text{second or third tranche}^*$$

* as appropriate

The remaining unvested Options held in respect of that Executive, which are not to be retained by the relevant Optionholder as determined above will lapse.

The relevant MBL Group Head may determine in their absolute discretion, that some or all Options which would otherwise lapse because of a prior Employment Event do not lapse.

For the purposes of employment at MBL, full-time employment is recognised to comprise 37.5 hours per week. No Executive is entitled to be granted more Options if an Employment Event occurs such as the Executive changing from part-time employment or consultancy to full-time employment or the Executive, being a part-time employee or consultant, increases the number of hours he or she works per week.

For example:

An Executive who holds 3000 unvested Options that were issued under this Offer works full-time from 1 July 2003 to 30 June 2004, that is 37.5 hours per week. If that Executive then changes to part-time work ie 3 days per week from 1 July 2004 to 30 June 2005, that is 22.5 paid hours per week ($37.5 \times 3/5 = 22.5$), then the Executive will retain the following number of the first tranche of his/her Options:

$$\frac{(52 \times 37.5) + (52 \times 22.5)}{2 \times (52 \times 37.5)} \times \frac{3120}{3900} \times 1000 \text{ Options} = 800 \text{ Options}$$

Therefore, 200 of the Executive's unvested Options will lapse.

If the Executive continues part-time work for 3 days per week from 1 July 2005 to 30 June 2006, then the Executive will retain the following number of the second tranche of his/her Options:

$$\frac{(52 \times 22.5)}{(52 \times 37.5)} \times \frac{1170}{1950} \times 1000 \text{ Options} = 600 \text{ Options}$$

Therefore, 400 of the Executive's unvested Options will lapse.

If the Executive reverts to full time work from 1 July 2006 to 30 June 2007, then the Executive will retain all of the third tranche of his/her Options, being 1,000 Options.

2.5 VESTING OF OPTIONS

The Options are subject to a vesting arrangement such that Options which have not vested at the date of ceasing employment with the MBL Group will, unless the Board or Executive Committee resolve otherwise, immediately lapse unexercised. The vesting arrangement applicable to the Options offered to an Eligible Executive is set out in his/her Application Form.

For Options granted on promotion or as part of annual remuneration reviews in 2003, each allocation of Options will vest progressively over four years as follows:

- (a) as to one third of the Options, on 1 July 2005;
- (b) as to another one third of the Options, on 1 July 2006; and
- (c) as to the remaining one third of the Options, on 1 July 2007.

For Options granted to new MBL employees, Options vest progressively over four years as follows:

- (a) as to one third of the Options, after the second anniversary of the date of commencement of relevant employment with the MBL Group;
- (b) as to another one third of the Options, after the third anniversary of the date of commencement of relevant employment with the MBL Group; and
- (c) as to the remaining one third of the Options, after the fourth anniversary of the date of commencement of relevant employment with the MBL Group.

Once vested, each Option is exercisable until the Expiry Date into one Share in the Bank (subject to adjustment over time for bonus issues and similar events described in section 2.11 below), which will be the same as all other Shares then on issue.

2.6 EXERCISE OF OPTIONS

Exercise of Options by Executives is subject to the Bank's staff trading rules at the time of exercise. Under the current staff trading rules, Options may only be exercised:

- (a) from the ex-dividend date for the Bank's Shares in May/June until the end of August;
- (b) from the ex-dividend date for the Bank's Shares in November/December until the end of February; and/or
- (c) during the month immediately preceding the Expiry Date.

The Rules set out other periods during which Options may be exercised including where the Bank makes a rights or entitlements issue of securities to its ordinary shareholders (and the Options have vested), where there is a deemed "Change in Control" of the Bank and where a takeover offer is made for the Shares. Please refer to the Rules for further details.

MACQUARIE BANK EMPLOYEE SHARE OPTION PLAN PROSPECTUS
JUNE 2003

Subject to the Rules (in particular as described in section 2.10 below) and the staff trading rules, once an Optionholder, or if the Optionholder is a Controlled Company or a Permitted Trustee, the relevant Eligible Executive, leaves the employ of the MBL Group, any vested Options may be exercised during the next six months, (subject to the above staff trading rules) after which the Options will lapse unexercised.

At the time of exercising Options, Optionholders will need to consider whether they are in possession of information which may lead to any contravention of the insider trading laws in the Corporations Act. If in any doubt please seek professional legal advice.

To exercise an Option, an Optionholder must give a notice specifying that he or she wishes to exercise the Option to the Bank accompanied by:

- (a) the relevant Option Certificate, if any; and
- (b) payment of the full amount of the Exercise Price.

Exercise of an Option is only effective when the Bank receives full value for the full amount of the Exercise Price, which must be made by cheque, bank draft or other immediately available funds in favour of the Bank. The Bank does not currently require a minimum number of Options to be exercised but the Rules provide that the Executive Committee may, in the future, determine a minimum number. The exercise of an Option does not prevent the exercise of any other Option.

Not more than fifteen business days after the exercise of an Option becomes effective, the Bank must allot and issue the Shares the subject of the Option. These Shares will rank *pari passu* in all respects (including as to dividends the entitlement to which is determined after the allotment) with all other Shares then on issue. The Bank must apply to ASX (and any other stock exchange on which the Shares of the Bank are then quoted) for, and will use its best endeavours to obtain, quotation for those Shares.

Where at the same time an Optionholder is obliged under the Rules to make a payment to the Bank and the Bank is also obliged under the Rules to make a payment to the Optionholder, the Executive Committee may decide to set off the amount of those payments so that:

- (a) payment of the lesser amount is fully satisfied; and
- (b) payment of the greater amount is satisfied by the payment of the difference between the lesser amount and the greater amount.

Please also refer to Section 3 for information on restrictions on Shares resulting from the exercise of Options.

Dealing in Shares resulting from the exercise of Options is also subject to the Bank's rules on staff trading. The current policy is that there are three staff trading periods per year during which staff may buy or sell Shares, each of approximately three to five weeks duration following the announcements of the Bank's interim and final results and after the Bank's shareholder annual general meeting.

2.7 EXERCISE CONDITIONS ON OPTIONS ISSUED TO UK RESIDENTS

* Rates and thresholds are current as at 1 April 2003

In the United Kingdom ("UK"), National Insurance ("NI") contributions will be payable by the Bank at the time of exercise of Options issued to UK residents after 5 April 1999. Employers' NI contributions are currently levied at the rate of 12.8% and in respect of Options will (based on current legislation) be applied on the difference between the amount paid for the Option and the market value of the resulting share(s). Based on current legislation, UK NI contributions will be payable on exercise of Options even if the Grantee has subsequently ceased to be a resident of the UK.

The Executive Committee has resolved to apply the existing Group-wide policy of recovering the cost of such taxes and charges from the affected employees. As a result, Options issued to UK residents pursuant to this Prospectus will be subject to a special "Exercise Fee."

This Exercise Fee will be equivalent to the amount of any taxes or charges (including but not limited to employers' UK NI contributions) which are or may become payable as a result of the exercise of the Options. This amount will be in addition to the Exercise Price of the Options and will be payable at the time the Options are exercised.

UK Residents should also note that employees' NI contributions are also payable by the Grantee. Contributions are due on income derived from UK services calculated as:

| Income (£) pa. | Rate on income in band |
|----------------|------------------------|
| 0 - 4,628 | 0% |
| 4,629 - 30,940 | 11% |
| 30,941+ | 1% |

A specific Application Form must be completed by Optionholders who will be resident in the UK at the time that their Options are granted. This Application Form sets out details of the Exercise Fee.

2.8 U.S. TRANSFER RESTRICTIONS

Neither the Options nor the Shares issuable upon exercise of the Options have been, or will be, registered under the U.S. Securities Act of 1933, as amended (the "Securities Act"), or any U.S. state or other securities laws. The Options and the Shares have not been approved, disapproved or recommended by any U.S. federal, state or other securities commission or regulatory authority.

The Options and the Shares issuable upon exercise of the Options constitute "restricted securities" within the meaning of Rule 144 under the Securities Act. The Options or Shares may be offered, sold or otherwise transferred only (a) outside the United States in an offshore transaction meeting the requirements of Rule 903 or Rule 904 of Regulation S under the Securities Act, (b) pursuant to an exemption from registration under the Securities Act provided by Rule 144 under the Securities Act (if available), (c) to a person whom it reasonably believes is a Qualified Institutional Buyer in a transaction meeting the requirements of Rule 144A under the Securities Act, or (d) pursuant to an effective registration statement under the Securities Act covering the shares, and in each case in accordance with any applicable securities laws of any state of the United States or other jurisdiction.

2.9 EXERCISE CONDITIONS ON EXECUTIVE DIRECTOR OPTIONS

Options granted to Executive Directors are subject to additional exercise conditions which must be met before exercise is allowed. If applicable, refer to your personalised Application Form. In summary, vested Options granted to Executive Directors who are not members of Executive Committee at the time of grant, may be exercised if the Bank's average annual return on ordinary equity for the three previous financial years is at or above the 50th percentile of the corresponding figures for all companies in the then S&P/ASX 300 Industrials Index.

Executive Directors who are members of the Executive Committee at the time of grant may exercise vested Options if the Bank's average annual return on ordinary equity for the three previous financial years is at or above the 65th percentile of the corresponding figures for all companies in the then S&P/ASX 300 Industrials Index.

The condition will be examined quarterly from vesting until expiry of the Options. Options which have vested, but are not able to be exercised at a particular examination date, will be exercisable (until expiry) at or after future quarterly examination dates when and if the exercise conditions pertaining to any of those dates have been met.

2.10 MODIFICATION OF VESTING PERIOD, EXERCISE PERIOD AND EXERCISE CONDITIONS

Where an Executive ceases or gives notice that she/he intends to cease to be an employee of the MBL Group before any Options held vest, or the Executive's Application Form so provides, the Board or Executive Committee in their absolute and unfettered discretion may determine any or all of the following:

- (a) that the vesting period of an Option is reduced to a period shorter than that specified in the invitation made in relation to that Option;
- (b) that the period during which an Option may be exercised is extended for a specified period following the time that the Executive ceases to be an employee (but not beyond the Expiry Date); and
- (c) that any exercise condition of the Option be waived.

2.11 DIVIDEND, VOTING, ADJUSTMENTS AND OTHER RIGHTS

Options carry no dividend or voting rights. The Rules also state that the Option Plan does not give an Executive any additional rights to compensation or damages as a result of the termination of employment or appointment.

2.11.1 Capitalisation of profits or reserves

Where prior to the Expiry Date of an Option, the Bank issues Shares by way of capitalisation of profits or reserves, subject to the clauses on Pro-Rata Bonus issues (see 2.11.6 below), the Board or the Executive Committee may in their absolute discretion adjust either or both the number of Shares to be issued on exercise of an Option and the Exercise Price for that Option.

2.11.2 New issues

Where prior to the Expiry Date of an Option, the Bank gives holders of Shares the right (pro-rata with existing shareholdings) to subscribe for additional Shares and the Option is not exercised as contemplated below (see 2.11.3), the Exercise Price of an Option after the issue of those Shares is adjusted in accordance with the formula below:

$$O' = O - \frac{E[P - (S + D)]}{N + 1}$$

where:

O' = new Exercise Price of the Option;

- O = old Exercise price of the Option;
- E = number of Shares into which one Option is exercisable;
- P= the average closing price on the Automated Trading System provided for the trading of Shares on ASX, excluding special crossings, overnight sales and exchange traded option exercises per Share (weighted by reference to volume) during the 5 trading days ending before the ex-rights date or ex-entitlements date;
- S= subscription price for one Share under the rights or entitlements issue;
- D= dividend due but not yet paid on Shares (except those Shares to be issued under the rights issue or entitlements issue);
- N= number of Shares with rights or entitlements that must be held to receive a right to one new Share.

2.11.3 Rights/entitlements issues

Where an Option has vested and prior to the Expiry Date of an Option, the Bank makes an offer or invitation to holders of Shares for subscription for cash for shares, options or other securities of the Bank or any other entity, the Bank must give the Optionholder notice not less than ten business days before the book's closing date to determine entitlements to receive that offer or invitation. This is to enable the Optionholder to exercise the Option and receive the offer or invitation in respect of the Shares allotted on exercise of the Option.

2.11.4 Sub-division, consolidation or conversion

Where prior to the Expiry Date of an Option, the Bank subdivides or consolidates its shares, the Shares issued to the Optionholder on exercise of the Option are the number of securities of the value and with the rights that the Shares, which would otherwise have been issued on exercise of the Option, would have become as a result of that sub-division or consolidation.

2.11.5 Reconstruction, reduction or return of capital

Where prior to the Expiry Date of an Option, the Bank reconstructs, reduces or returns its issued capital or buys back Shares, the number or nominal value of the Shares to be issued on exercise of the Option are reconstructed in the same proportion as the issued

capital of the Bank is reconstructed, reduced or returned (subject to the same provisions with respect to rounding of entitlements as applied in relation to the reconstruction, reduction or return of capital). In all other respects the terms for the exercise of the Option are unaltered.

2.11.6 Pro-rata bonus issues

Where prior to the Expiry Date of an Option, the Bank makes a pro-rata bonus issue to holders of Shares and the Option is not exercised before the book's closing date to determine entitlements to that bonus issue, the number of Shares to be issued on exercise of the Option is the number of Shares, which would have been issued on exercise of the Option before that bonus issue, plus the number of bonus Shares which would have been issued to the Optionholder, if the Option had been exercised before that book's closing date.

2.11.7 Notice of adjustment

The Bank must give notice to Optionholders of any adjustment to the number or description of securities which are to be issued on exercise of an Option or to the Exercise Price (if the Bank is listed on ASX, in accordance with the applicable Listing Rules).

2.11.8 Listing Rules

If the Bank is listed on ASX, each amendment contemplated by the provisions described above is subject to its being consistent with the Listing Rules.

2.11.9 Cumulative adjustments

Each adjustment described in 2.11.1 to 2.11.6 above is to be made to either or both the Shares and the Exercise Price in respect of each Option granted and unexercised at the time of the adjustment.

2.11.10 Rounding

Before an Option is exercised, all adjustment calculations are to be carried out including all fractions (in relation to both the Shares and the Exercise Price of the Options). On exercise by a person of a number of Options, the aggregate number of Shares issued to that person as a result of those exercises is rounded down to the next lower whole number and the Exercise Price per Option rounded up to the next higher cent.

2.12 AMENDMENT OF THE OPTION PLAN

Subject to the Listing Rules, the Board or Executive Committee may at any time and from time to time by resolution:

- (a) amend all or any of the Rules or all or any of the rights or obligations of the Optionholders or any of them; and
- (b) formulate (and subsequently amend) special terms and conditions, in addition to those set out in these Rules, to apply to Eligible Executives employed in, resident in, or who are citizens of, a particular jurisdiction.

2.13 TRANSFER OF OPTIONS

Each Option is personal to the Optionholder and is not transferable, transmissible, assignable or chargeable except in the situations described immediately below or with the prior written consent of the Executive Committee.

2.13.1 Death

If an Optionholder, or the Eligible Executive of an Optionholder, if the Optionholder is a Controlled Company or a Permitted Trustee, dies after an Option has vested and before the Expiry Date of the Option, with the written approval of the Executive Committee in its absolute discretion the Option may (but only at a time permitted by the approval and in accordance with any conditions specified in the approval) be exercised by:

- the legal personal representatives of the Optionholder and to the extent necessary for this to occur, the Option may be transferred to the legal personal representatives; or
- the Optionholder, if the Optionholder is a Controlled Company or a Permitted Trustee.

2.13.2 Transfers from or to a Controlled Company

Executive Committee has given prior consent to transfers of Options in the following circumstances:

1. For an Option issued to an Eligible Executive in their own name, consent has been given for the transfer of the Option into a Controlled Company of the Eligible Executive; and
2. For an Option issued to a Controlled Company of an Eligible Executive, consent has been given for the transfer of the Option into the individual name of the Eligible Executive.

For more information on how to transfer an Option from or to a Controlled Company, an Optionholder should contact Angela Blair on (02) 8232 3506.

2.13.3 Sale of Options Facility

Executive Committee may from time to time, permit the transfer of Options under an approved sale of Options facility under which an Optionholder may transfer to an approved third party, unexercised vested Options which have met any applicable exercise conditions.

As at the date of this prospectus, MBL has approved a sale of Options facility which will be offered to Optionholders by a third party. Executive Committee has given its approval for transfers of Options in accordance with this facility.

Broadly the terms of the sale of Options facility are as follows:

- During a period when an Optionholder can both exercise and sell MBL shares (and only during such periods), an Optionholder sells a vested Option (which has met any applicable exercise conditions) to the third party;
- Optionholder receives the consideration reflecting the current market price of the underlying shares less the exercise price and the facility fee;
- The third party will be required to withhold from the Optionholder and pay to MBL any applicable withholding taxes.

Please refer to MACNET or contact the Company Secretarial Division for details of the current sale of Options facility.

MBL does not guarantee that a sale of Options facility, or any similar facility for the transfer of Options, will be available when your Options vest and/or when you may be interested in disposing of them.

2.14 ADMINISTRATIVE ARRANGEMENTS

The Deed of Grant, whereby Options are granted, between an Eligible Executive, (the Eligible Executive's Controlled Company or Permitted Trustee, if applicable), the Bank and Lacuna may be executed by an Attorney for the Eligible Executive and, if applicable, the Controlled Company or the Permitted Trustee.

Eligible Executives wishing to be granted Options should complete the Power(s) of Attorney incorporated in the Application Form, which appoints Dennis Leong, Company

MACQUARIE BANK EMPLOYEE SHARE OPTION PLAN PROSPECTUS
JUNE 2003

Secretary and Angela Blair, Assistant Company Secretary as the attorneys to execute the Deed of Grant, and return to Angela Blair by the date stated in the invitation.

A separate power of attorney is also incorporated into the Application Form which relates to the DESOP (see section 3.4 below).

A sample Deed of Grant is attached as the Appendix.

3. DEFERRED EMPLOYEE SHARE OPTION PLAN

3.1 INTRODUCTION

In May 2000, the Board approved amendments to the Option Plan Rules to introduce a six month Non-Disposal Period and other Restrictions relating to granting security over or disposing of the Shares issued on exercise of an Option issued under the Option Plan. Shares issued on exercise of an Option may also be forfeited in certain circumstances. These amendments are referred to as the Deferred Exercise Share Option Plan ("DESOP").

Shares resulting from the exercise of Options will be placed under the DESOP, unless Optionholders request the Bank waive the application of the DESOP arrangements to some or all of the Shares. Unless the Bank is aware of circumstances which, in the reasonable opinion of the Bank, indicate that the relevant Executive may have acted fraudulently, dishonestly or in a manner which is in breach of his/her obligations to the Bank or any Associated Company then this request will be granted by the Bank.

The taxation implications of participating in the DESOP are set out in the "Taxation Considerations" section below.

3.2 HOW THE DESOP OPERATES

3.2.1 MBL Shares resulting from the exercise of Options

An Optionholder's Shares resulting from the exercise of Options are now automatically placed into the DESOP. The Option Exercise Form must be completed and signed by the Optionholder at the time the Optionholder elects to exercise their Options. At this time the Optionholder may also request the Bank waive the application of the Non-Disposal Period and Restrictions on Shares issued on exercise of the Option. The Shares will be held outside the DESOP, provided this request is accepted by the Bank.

3.2.2 How the Shares are held in DESOP

The Shares which are held in the DESOP will be registered in the name of the Optionholder and cannot be held under any other name. The Shares are held subject to the terms of the DESOP. The Shares will be uncertificated. A DESOP Participant will be sent a holding statement shortly after the Shares are registered in their name.

3.2.3 Purpose and role of the DESOP

The Bank has introduced the DESOP into the Option Plan to further encourage long term employee share ownership and alignment of the interests of employees with shareholders. The Shares resulting from the exercise of the Options are placed into the DESOP and held in the Optionholder's name.

Shares held in the DESOP may qualify for a tax deferral until the earlier of ten years from the date of grant of the underlying Options, the date when shares may first be sold, having been withdrawn from the DESOP or the date the relevant Eligible Executive resigns from the Bank or an Associated Company of the Bank. (See section 4, "Taxation Considerations").

The Shares are subject to a six month Non-Disposal Period from the date that the Shares are placed into the DESOP and are subject to the Restrictions which apply at all times while held under the DESOP.

3.2.4 How the DESOP is administered

The day to day administration of the DESOP is undertaken by the Plan Company, an independent company owned by Moore Stephens WI Chartered Accountants. The Bank may replace the Plan Company and appoint a new entity to act as the Plan Company at any time by notice in writing to the Plan Company or otherwise as agreed between the Bank and the Plan Company.

3.3 MAIN CONSEQUENCES TO EXECUTIVES FROM DESOP

The Shares may be held under the DESOP until ten years from the date of grant of the Options (or until the DESOP Participant elects to sell or withdraw the Shares, or the relevant Executive leaves the employ of the Bank or an Associated Company, if earlier).

Where the Eligible Executive is the Optionholder and provided the Eligible Executive does not make the taxation election discussed in section 4, "Taxation Considerations" below, no tax will be payable on grant or exercise of the Options, however any applicable payroll tax may be charged to the Eligible Executive's BCR (see section 4.6 below). Normal income tax (not capital gains tax) will be payable by the DESOP Participant (based on the market value, or sales proceeds, of the Shares less the Exercise Price paid on the exercise of the Options) at the earlier of:

- (a) ten years from the date of grant;
- (b) the date the Eligible Executive ceases employment; or
- (c) the date when Shares may first be sold, having been withdrawn from the DESOP.

Where a Controlled Company is the Optionholder, participation in the DESOP will create no additional taxation consequences.

The Shares held in DESOP do not attract fringe benefits tax and are not subject to any superannuation restrictions. In addition, DESOP Participants are not responsible for

administration costs involved in operating the DESOP as these costs are borne by the Bank.

Some examples of situations in which an Executive may wish to request the Bank waive the application of the Non-Disposal Period and Restrictions on Shares

1. Executives who do not want Shares to be subject to a six month Non-Disposal Period and ongoing Restrictions and forfeiture provisions (as described in section 3.6) for the entire time the Shares are held in DESOP;
2. Executives who wish to grant security over Shares issued on exercise of their Options. A third party is likely to be reluctant to accept security over Shares which are held subject to the Restrictions and forfeiture provisions of the DESOP, assuming such security is permitted by the Plan Company and the Bank;
3. Executives who are overseas residents;
4. Executives who hold their Options via a company structure and who pay tax on receipt of the Options;
5. Executives who are intending to resign within a short time frame from the Bank or an Associated Company of the Bank (once employees resign, they cannot remain in the DESOP); and
6. Executives who wish to sell the Shares on exercise of the Options.
7. Executives who have made the taxation election discussed in Section 4. below.

3.4 HOW TO EXERCISE AND NOT PARTICIPATE

The Application Form for Eligible Executives to apply for Options also includes a DESOP Power of Attorney, which must be completed as part of the application for Options. The DESOP Power of Attorney will enable the Plan Company and its officers to acquire, dispose of, or to otherwise deal with, any Shares under the DESOP on behalf of the DESOP Participant. Shares issued as a result of the exercise of Options will automatically be placed under the DESOP.

Before an Optionholder exercises Options, the Optionholder must complete an Option Exercise Form. The Option Exercise Form will allow an Optionholder to request the Bank to waive the application of the Non-Disposal Period and Restrictions on all or a lesser nominated amount of Shares. Unless the Bank is aware of circumstances which, in the reasonable opinion of the Bank, indicate that the relevant Executive may have acted fraudulently, dishonestly or in a manner which is in breach of their obligations to the Bank or any Associated Company then this request will be granted by the Bank. Any remaining Shares not subject to a waiver will be held in the DESOP. A DESOP Participant must hold a minimum of 100 Shares under the DESOP. There is no maximum limit on the number of Shares the Optionholder may hold in the DESOP in relation to Shares resulting from the exercise.

3.5 ENTITLEMENTS RELATING TO SHARES HELD IN DESOP

Shares held in DESOP are fully paid ordinary Shares ranking equally with all other fully paid ordinary Shares of the Bank then on issue. DESOP Participants who hold Shares in DESOP will, (unless the Shares are forfeited):

- receive dividends in relation to the Shares under the DESOP. When the dividends are received, they become part of the DESOP Participant's income and will need to be declared in their taxation return. The Share Registry will send dividend statements directly to the DESOP Participant;
- qualify for rights, bonus and other issues of the Bank's Shares (if any); and
- have normal voting rights.

3.6 RESTRICTIONS ON DEALING WITH SHARES HELD UNDER DESOP

The Shares held under the DESOP will be subject to the Non-Disposal Period and the Restrictions as set out in the Rules and summarised below.

3.6.1 Non-Disposal Period

A DESOP Participant may not sell, transfer, or dispose of any Shares held under the DESOP for a period of six months from the date that the Shares are issued to the DESOP Participant on exercise of the Option, unless:

- I. the Plan Company approves the DESOP Participant's request for withdrawal because of special circumstances (eg death, total and permanent disability or demonstrated hardship) of the relevant Executive;
- II. the relevant Executive leaves the employ of the Bank or an Associated Company in the meantime. In this case, the Shares which are held by the relevant DESOP Participant will cease to be subject to the terms of the DESOP and will be held by the DESOP Participant outside the DESOP assuming the Shares are not liable to be forfeited; or
- III. a special situation arises such as a takeover of the Bank, a voluntary winding up of the Bank, the Shares become subject to compulsory acquisition, or the Bank being subject to a reconstruction or an amalgamation with other companies, in which case the Executive may be able to withdraw from the DESOP.

3.6.2 Forfeiture

A DESOP Participant will forfeit any right or interest in any Shares or entitlements under the DESOP to the Plan Company if the relevant Executive is dismissed with cause or commits any act of theft, fraud or defalcation in relation to the affairs of the Bank or any Associated Company (whether or not the Executive is charged with any offence) or if the relevant

Executive does an act (or fails to do an act) which, in the opinion of the Bank, brings the Bank or any Associated Company into disrepute.

The Bank may determine that any forfeited Shares or their proceeds are to be transferred to another employee, used in another employee share plan of the Bank or used in the Macquarie Bank Superannuation Fund.

3.6.3 Security Interests

Security interests, including charges and mortgages, may only be granted in respect of Shares held by the DESOP Participant under the DESOP if the DESOP Participant receives the prior written consent of the Plan Company and is approved by the Bank. Such consent will only be provided where the Plan Company and the Bank are satisfied that the security interest would not interfere with their ability to enforce the restrictions and forfeiture provisions under the Rules. It is expected that financiers may have difficulty in accepting Shares held in the DESOP as security and DESOP Participants *should not assume that they will be able to charge or mortgage their DESOP Shares.*

3.6.4 Enforcement of Restrictions

The Plan Company is entitled to make such arrangements as it considers necessary to enforce the six month Non-Disposal Period, the other Restrictions on a DESOP Participant dealing with Shares or granting a security interest over Shares and the forfeiture provisions, and the DESOP Participant must agree to such arrangements.

3.7 WITHDRAWAL AND SALE OF SHARES

Following the expiry of the six month Non-Disposal Period, DESOP Participants wishing to sell Shares may do so only after the Shares are withdrawn from the DESOP. Shares may remain subject to the DESOP for a period of up to ten years from the date of grant of the Options. DESOP Participants who wish to withdraw Shares from the DESOP (whether to sell them or otherwise) must submit a Notice of Withdrawal of Shares which must be approved by the Plan Company.

Shares held by a DESOP Participant will also be withdrawn from the DESOP (providing those Shares have not been forfeited) on the earlier of:

- I. the relevant Executive ceasing to be employed by the Bank or an Associated Company; and
- II. ten years from the date of grant of the underlying Options.

If an Executive leaves the employ of the Bank or an Associated Company, then subject to the operation of the forfeiture provisions of the DESOP, the Plan Company will, on

MACQUARIE BANK EMPLOYEE SHARE OPTION PLAN PROSPECTUS
JUNE 2003

receiving notification from the Bank of his/her ceasing employment, advise the Share Registry to lift any restrictions on the relevant DESOP Participant's Shares.

Trading in Shares will still be subject to the Bank's then applicable rules on staff trading. However, it is noted that even during staff trading periods, staff who personally are in possession of non-public, price sensitive information about the Bank must not deal in Shares.

4. TAXATION CONSIDERATIONS

4.1 GENERAL COMMENTS

The following comments regarding the taxation implications of participation in the Option Plan are general in nature and **based on current Australian tax laws** and practices. Taxation in relation to the Option Plan is complex. Eligible Executives are advised to seek their own taxation advice in relation to their personal tax liabilities and, if relevant, those of their Controlled Company or Permitted Trustee. Such advice should be obtained at the time of application for Options and of completing their tax returns for the years including the date of grant, lapses of Options, exercises of Options, cessation of employment, and on sale of any Shares resulting from exercise of Options.

Eligible Executives subject to tax in overseas jurisdictions should seek specific tax advice on their particular situations.

Relationship with other Equity Plans of the Bank

Participants in other employee equity plans should ensure that they are aware of, and carefully consider, their taxation positions under those plans as it is important to consider the overall effect of making (or not making) the section 139E taxation election. Only one election can be made each financial year and this will apply to all employee equity plans under which the employee acquires shares or Options in that year, but not to acquisition of shares pursuant to the exercise of Options.

DESOP Conditions

Shares issued on the exercise of Options will, unless a waiver is granted, automatically be subject to the DESOP Non-Disposal Period and other Restrictions.

DESOP participants should note that the Bank does not warrant that any particular taxation treatment will apply. Participants should seek professional financial and taxation advice referable to their individual circumstances to assist in determining whether or not to request a waiver of the DESOP restrictions.

4.2 ELIGIBLE EXECUTIVE AS OPTIONHOLDER AND NO SECTION 139E ELECTION MADE

If the Options are taken up by the Eligible Executive personally **and the Tax Act section 139E election (see below) is not made**, no tax is payable on grant of the Option, however any applicable payroll tax may be charged to the Eligible Executive's BCR (see section 4.6 below).

In such a case, the taxing point for the Options, called the "Cessation Time", is the earliest of the following events:

- i) where the DESOP conditions apply to the Shares acquired on exercise of the Options, the first time that those Shares could be traded following release from the DESOP conditions (i.e. the first day of the next staff trading period if the release occurs outside a staff trading period);
- ii) when the Executive ceases employment with the Bank or an Associated Company (see section 4.5 below);
- iii) ten years from the date of grant of the Options;
- iv) where the Bank has waived the DESOP conditions, the exercise of the Options will be the taxing point;
- v) when the Executive disposes of the Options (eg. sale of vested Option under a sale of Options facility).

Note in relation to (i), the Commissioner may take the view that the Cessation Time is the time of release from DESOP conditions, not the first day of the next staff trading period.

If an Optionholder **sells the Options** within 30 days of the Cessation Time, the Optionholder will include as assessable ordinary income (not capital gain) an amount equal to the net sales proceeds of the Options.

If an Optionholder **exercises the Options and sells the Shares** within 30 days of the Cessation Time, the Optionholder will include as assessable ordinary income (not capital gain) an amount equal to the net sales proceeds of the Shares less the Exercise Price of the Options.

If an Optionholder **exercises the Options and holds the Shares** beyond 30 days of the Cessation Time the Optionholder will include as assessable ordinary income (not capital gain) an amount equal to the market value of the Shares at the Cessation Time less the Exercise Price of the Options. The market value is deemed to be the weighted average of the prices at which MBL Shares traded on ASX during the one week period up to and

including the Cessation Time. For future capital gains tax ("CGT") purposes, the Shares will have a cost base equal to the market value of the Shares at the Cessation Time.

Should the Exercise Price exceed the market value, no amount will be required to be included in the Optionholder's assessable income. Strictly speaking, in these circumstances, the Shares will have a cost base (for CGT purposes) equal to their market value. However it may be that the Australian Taxation office ("ATO") will accept the Exercise Price as the cost base given that the provisions of the Tax Act do not seem to contemplate the situation where the market value is less than the Exercise Price.

4.3 ELIGIBLE EXECUTIVE AS OPTIONHOLDER AND SECTION 139E ELECTION MADE

If the Options are taken up personally by the Eligible Executive, the Tax Act section 139E election is available should the Eligible Executive wish to be assessed for tax in the tax year of grant, in which case there is no further tax until the sale of the Options or Shares. Any further assessable amounts at that time are assessed as capital gains, not ordinary income. *Note that the section 139E election covers all grants of shares and rights under employee share acquisition schemes during the tax year in question (but not the acquisition of shares pursuant to the exercise of options), and enables the tax-concession under the Macquarie Bank Employee Share Plan ("\$1,000 Employee Share Plan") to be accessed.*

An Eligible Executive has until the date of lodgement of the tax return for the year of grant of the Options to decide whether to make the election.

If an Eligible Executive makes the election, he/she must include an amount determined under the Tax Act (typically a specified percentage of the Exercise Price) as ordinary income for the year of grant. This same amount is also included in the capital gains cost base of the Option, and ultimately, the Share. Exercise of the Option does not trigger any tax liabilities but the Exercise Price is also included in the cost base of the Share.

The Share will be subject to the Non-Disposal Period and DESOP Restrictions unless these are waived by the Bank. *Where the election has been made, the DESOP conditions do not have any tax effect; neither entry nor exit from the DESOP is a taxable event.*

The specified percentage to be included in the Optionholder's assessable income for the year of grant of the Options depends on the "market value" of Shares on the date of grant relative to the Exercise Price. If these amounts are equal, the specified percentage is 11.6% (for a 5 year Option). If the market value has increased between the time of calculation of the exercise price and the grant of the Options, the specified percentage

increases significantly. (In the extremely unlikely event that the Share price exceeds the Exercise Price by more than 37%, the gain itself is included in assessable income instead.)

If having made the election the Option expires unexercised, the Eligible Executive's tax return should be amended and the overpaid tax refunded (together with assessable interest).

50% CGT Concession

The 50% CGT concession will apply to a capital gain made on Options or Shares which are sold more than 12 months after their acquisition date.

Where the Options are sold, the acquisition date is the Option grant date. If the Executive sells the Options more than 12 months after the grant date, any capital gain on the sale of the Options would be eligible for the 50% CGT concession.

Where the Options are exercised and Shares sold, the current view of the Australian Taxation Office, which is supported by recent case law, is that the acquisition date is the date the Options are exercised. On this view, the 50% CGT concession will only apply once the Shares have been held for 12 months starting from the day the Shares are acquired through the exercise of Options. On this view, if an Eligible Executive sells the Shares more than 12 months after the date the Shares are acquired, any capital gain on sale of the Shares would be eligible for the 50% CGT concession.

An alternative view is that the acquisition date is the date the Options are acquired on the basis that the grant of the Options constitutes an agreement to acquire the Shares, and the 12 month holding period commences from the date the agreement to acquire the Shares is entered into. If this view is correct, an Eligible Executive would not have to hold the Shares for more than 12 months for a capital gain to be eligible for the 50% CGT concession (provided the Eligible Executive acquired the Options at least 12 months prior to the disposal of Shares acquired pursuant to their exercise). The Commissioner of Taxation has disputed this treatment.

The Bank does not warrant any particular treatment. Therefore, if you wish to adopt the alternative view you should discuss with your personal tax adviser the applicability of the alternative views above to your particular circumstances.

4.4 CONTROLLED COMPANY OR PERMITTED TRUSTEE AS OPTIONHOLDER

If a Controlled Company (acting either as principal or as trustee of a family trust) or a Permitted Trustee, which is an "associate" (as defined in s139GE Tax Act) of an Eligible Executive takes up the Options, there are a number of important tax implications.

No deferral of tax is available; an assessable income amount computed on the same basis as 4.3 above should be included as ordinary income in the **Eligible Executive's personal tax return** for the year of grant. This amount is also included in the capital gains cost base of the Options in the hands of the **Controlled Company or Permitted Trustee**.

No tax liabilities are triggered by exercise of the Options or the Eligible Executive leaving the employment of the MBL Group. Where the Option is disposed of the capital gains cost base includes the amount previously included in the Eligible Executive's assessable income. Where the Option is exercised and Shares sold, the capital gains cost base of the Shares includes both the Exercise Price and the amount previously included in the Eligible Executive's assessable income. If the Option lapses, the Controlled Company or Permitted Trustee would crystallise a capital loss equal to the amount previously included in the Eligible Executive's assessable income but in this case, the tax paid by the Eligible Executive is not refunded.

Shares acquired as a result of the exercise of Options will be subject to the Non-Disposal Period and DESOP restrictions unless these are waived by the Bank. Note that in these circumstances the DESOP restrictions do not have any tax effect; neither entry to nor exit from the DESOP is a taxable event.

It should be noted that capital losses can (subject to other requirements in the tax laws) only be offset against the Controlled Company's or Permitted Trustee's current or future capital gains. Any step-up in the cost base of assets in the hands of a company or trust may be effectively clawed back if the untaxed gain is distributed. It should also be noted that the discount capital gains concession is not available to companies.

You should seek your own independent taxation advice in relation to the taxation implications arising from the acquisition of Options by a Controlled Company or a Permitted Trustee.

4.5 IMPLICATIONS OF CESSATION OF MBL EMPLOYMENT

4.5.1 Optionholder is an Eligible Executive who has not made the section 139E election in respect of the year of grant of the Options

The Eligible Executive will be subject to income tax on cessation of employment with the MBL Group in respect of any vested Options or Shares acquired on exercise of those Options held subject to the DESOP restrictions. The lapsing of unvested Options (or the cancellation of vested Options) does not have any tax implications in these circumstances.

Vested Options

- If the vested Options are sold on or before the date of cessation of employment, the sales proceeds must be included in the Eligible Executive's normal assessable income (not capital gain) in the tax return for the year of sale.

- If the vested Options are exercised on or before the date of cessation of employment and the Shares are sold in an arm's length sale within 30 days of the date of exercise, the sales proceeds less the Exercise Price must be included in the Eligible Executive's normal assessable income (not capital gain) in the tax return for the year of exercise.

- If the vested Options are exercised on or before the date of cessation of employment (and the Shares are not held subject to the DESOP restrictions) and the Shares are not sold within 30 days of the date of exercise, the Eligible Executive must include in his/her tax return for the year of exercise the "market value" of the Shares at the date of exercise less the Exercise Price. The Shares acquired on exercise of those Options will have a capital gains cost base equal to their "market value" at the date of exercise of the Options. The "market value" is the weighted average Share price during the one week period up to and including the day of exercise. If there were no transactions during that period the latest offer price within that period is treated as the market value.

However, if the vested Options are exercised after the date of cessation of employment, and the shares are not sold within 30 days of the date of cessation of employment, the Eligible Executive must include in his/her tax return in the year of cessation of employment the greater of:

- (i) the "market value" of MBL Shares on the date of cessation of employment less the Exercise Price of the Options; and

- (ii) a specified percentage of the Exercise Price, calculated by reference to the remaining life of the Options, and the "market value" of MBL Shares at the date of cessation of employment relative to the Exercise Price (refer to the Taxation Division for detailed calculation).

The amount included in assessable income is also included in the cost base of the Options and, on exercise of the Options, is included in the cost base of the Shares acquired on exercise of those Options.

If the vested Options are exercised after the date of cessation of employment, and the Shares are sold within 30 days of the date of cessation of employment, the sale proceeds less the Exercise Price must be included in the Eligible Executive's normal assessable income (not capital gain) in the tax return for the year of cessation of employment.

DESOP Shares

If the Options have been exercised during employment and the Shares acquired on exercise of those Options are held subject to the Non-Disposal Period and DESOP Conditions, the Shares will leave the DESOP on the cessation of employment. This will be the taxing point (the Cessation Time).

If the ex-DESOP Shares are sold in an arm's length sale within 30 days of leaving the DESOP, the sales proceeds reduced by the Exercise Price must be included in the Eligible Executive's normal assessable income. CGT does not apply to the disposal unless the Exercise Price exceeds the net sales proceeds, in which case a capital loss will result.

- If the ex-DESOP Shares are held beyond 30 days of leaving the DESOP, the Eligible Executive must include an income amount in his/her tax return for the year of cessation of employment being the "market value" of the ex-DESOP Shares at the date of leaving the DESOP reduced by the Exercise Price. The Shares will have a capital gains cost base equal to the market value of the Shares.
- Should the Exercise Price exceed the market value, no amount will be required to be included in the Eligible Executive's assessable income. Strictly speaking, in these circumstances the Shares will have a capital gains cost base equal to their market value. However, it may be that the ATO will accept the Exercise Price as the cost base given that the provisions of the Tax Act do not seem to contemplate the situation where the market value is less than the Exercise Price.

Lapsed Options

There are no tax implications if the Options lapse on the Eligible Executive leaving the Bank.

4.5.2 Eligible Executive has made the section 139E election to be taxed in the year of grant or if the Options are taken up in a Controlled Company or by a Permitted Trustee

In these situations, the taxing point of the Options occurred at the date of grant. Consequently, there are no taxation implications of the cessation of employment in respect of vested Options, or any Shares acquired on exercise of those Options. Shares will leave the DESOP on cessation of employment.

Irrespective of any conditions, where Options are exercised the cost base of Shares acquired on exercise of those Options will include both the Exercise Price and the amount initially included in the Eligible Executive's assessable income. (It is noted that exercise must occur generally within six months of leaving).

Lapsed Options

If Options held by an Eligible Executive lapse unexercised, the tax paid on grant (with the exception of any payroll tax paid at the time of grant) may be refunded (with assessable interest). If the Controlled Company or Permitted Trustee took up the lapsed Options it should instead incur a capital loss equal to the amount initially included in the Eligible Executive's assessable income.

4.6 NSW PAYROLL TAXATION

On 24 June 2003, the NSW government announced that from 1 July 2003, certain shares and Options acquired under an employee share plan will be subject to NSW Payroll Tax. Eligible Executives who have an employment connection with NSW at any time during the period commencing 6 months before the date of Grant until the date of Grant, should be aware that their Options may be subject to NSW Payroll Tax. NSW Payroll Tax, at 6%, will be payable on the Market Value of Bank shares (calculated as the weighted average of prices during the one week period up to and including the date of Grant), less the Exercise Price. At the discretion of the Bank, any applicable Payroll Tax may be charged to the Eligible Executive's BCR.

5. FINANCIAL BENEFITS AND RISKS OF OPTION/SHARE INVESTMENT

5.1 FINANCIAL BENEFITS AND RISKS OF OPTION/SHARE INVESTMENT

The value of the Options will fluctuate with the value of the Shares, which are quoted on ASX. Generally, the mechanisms by which holders may obtain benefits are through either exercising the Options into Shares or, where permitted, by selling the Options. However, Options need not be exercised so that unlike Shares, a loss may be avoided by not exercising if the market price of the Shares is below the Exercise Price. No amount is payable for the grant of the Options, however any applicable payroll tax may be charged to the Eligible Executive's BCR (see section 4.6 above).

Once Options are exercised, the holder of the resultant Shares is exposed to the normal risks of owning Shares. The price of the Shares will fluctuate and depend on the Bank's performance, investors' perceptions and the Australian sharemarket generally. Being senior executives of the Bank, Eligible Executives will be aware of the myriad of factors which affect the Bank's performance.

There are two main financial benefits that may arise from owning Shares:

- income in the form of dividends; and
- growth in the value (capital appreciation) of Shares.

There are also risks associated with Share ownership. The Bank is a limited liability company and persons holding Shares are not obliged to contribute more share capital in the event of losses. However, it is possible that, if there are losses or profits fall, holders of Shares may not receive dividends or dividends may be reduced and the value of their Shares may fall.

Every investment involves an element of risk. Shares should be considered a long-term rather than a short-term investment. The price of Shares as quoted on ASX is volatile and moves up and down with market sentiment as well as with factors which are specific to the Bank.

The price at which Shares trade on ASX may be higher or lower than historical prices. If investors decide to sell their Shares, the amount which may be received on the sale may be higher or lower than their present market price.

Many factors will affect the price of Shares. At any point in time these factors may include:

Company Factors

- the profitability of the Bank;
- the profit outlook for the Bank;
- the dividend policy of the Bank;
- the level of franking of the Bank's dividends;
- the credit ratings and strength of the balance sheet of the Bank; and
- the performance and success of the Bank's staff, management and Board and its policies and strategies.

External Factors

- movements in the general level of share prices on local and international share markets;
- the success of marketing and other strategies adopted by the Bank, relative to its competitors' strategies;
- developments in the banking, investment banking, stockbroking and other industries generally;
- the economic outlook in Australia and internationally;
- changes in government fiscal, monetary and regulatory policies;
- turnover and volatility of financial markets in Australia and overseas; and
- changes in interest rates, inflation rates, exchange rates and commodity prices.

Please also refer below for discussion of the risks impacting on the Bank's performance.

Neither Macquarie Bank Limited nor any related body corporate of Macquarie Bank Limited nor any of its officers guarantees the value of the Options or Shares, that the Share price will be above an Optionholder's Exercise Price during exercise periods, the performance of Shares, the repayment of capital or the payment of a particular return on Shares.

5.2 RISKS TO THE BANK'S FINANCIAL PERFORMANCE

Risk Factors

Continued superior performance cannot be assumed. There are many risks in the markets in which the Bank operates. Performance can be influenced by a range of factors, many of which are not within the Bank's control. In many parts of its business, the Bank constantly and deliberately assumes financial risk in a calculated and controlled way. Once a decision is made that a risk is acceptable, the Bank puts in place limits and an extensive range of procedures to monitor the risk.

The performance of all of the Bank's major businesses can be influenced by external market and regulatory conditions. If all or most of the Bank's businesses were affected by adverse circumstances in the same period, overall earnings would suffer significantly.

Market Risk

Market risk arises from changes in market prices or volatility which may result in adverse revaluation of Macquarie's trading portfolios. Macquarie trades in foreign exchange, interest rates, commodities, energy, bond and equities markets, including being an active price maker in derivatives in these markets. Changes in market prices, particularly rapid and unexpected changes, could cause losses. The Bank's policy is to manage this risk by imposing limits on the size of its exposure in each market.

The Bank depends on external parties for credit and trading limits to carry out its funding and trading operations and in the process manage its market risks. These parties rely, to some extent, on the credit ratings assigned to the Bank by ratings agencies. Any downgrading of the Bank's rating could increase costs and restrict availability of credit and funding limits.

Credit Risk

Like any bank, the MBL Group assumes credit risk in its banking and securities businesses. Credit risk arises from both lending and trading activities. In the case of trading activity, credit risk reflects the possibility that the trading counterparty will not be in a position to complete the contract once the settlement becomes due. The resultant credit exposure will be a function of the movement of prices over the period of the underlying contract. Credit losses can, and have, resulted in significant losses and sometimes financial failure in other financial institutions. The MBL Group puts great emphasis on credit management. While some credit losses have been incurred from time to time, these have not been material in relation to the Group's overall profitability or its capital base.

Most of the Bank's credit exposures arise from lending and trading contracts with Australian counterparties and counterparties based in OECD countries. In addition, however, there are exposures to counterparties in some non-OECD countries in Asia

Pacific, Africa and Latin America. Where appropriate, the country risk is covered by political risk insurance.

Underwriting risk

Equity and debt underwriting risk is also assumed by the MBL Group in the normal course of business. The MBL Group's general approach is to substantially sub-underwrite these risks but underwritten positions are assumed and can expose the MBL Group to losses.

Liquidity risk

Liquidity risk arises from the Bank's requirement to fund its banking and trading operations on a daily basis. Any failure to meet this requirement may result in increased costs, inability to maintain market positions and review of the Bank's credit rating. The Bank adopts liquidity policies to manage this risk.

Operational risk

Operational risk arises from the manner in which the Bank conducts its business. The Bank faces operational risks which could lead to reputation damage, financial loss or regulatory risk in the event of an operational failure. Policies have been adopted to manage this risk. There remains a risk that the policy framework may prove inadequate and the risk of failure to comply, either of which may result in loss.

Macquarie's tax risk

In the ordinary course of its activities the MBL Group is exposed to risks arising from the manner in which the Australian and international tax regimes may be regarded by the relevant revenue and judicial authorities as applying to transactions entered into by the MBL Group. The MBL Group has in place controls and procedures to mitigate these risks but any changes in interpretation, application and administration of the law by the courts and the revenue authorities may result in significantly increased tax liabilities.

Legal risk

The MBL Group in the ordinary course of its business enters into transactions and provides advisory services which involve legal risk.

Legal risks include the risk of breaches of applicable laws and regulatory requirements, actual or perceived breaches of obligations of fidelity or confidence to clients and counterparties, unenforceability of counterparty obligations, fraud, negligence, misleading

conduct or the inappropriate documentation of contractual relationships. The size and frequency of transactions entered into or in respect of which advice is provided are such that, should these risks result in losses to the MBL Group, the losses could have a material impact. The Bank has controls and procedures which seek to manage these risks.

Insurance

The MBL Group has in place insurances considered prudent for the scope and scale of the Group's activities in respect of various physical and professional risks. The MBL Group does not carry insurance cover for every possible event. The scope and the amount of the cover is reviewed on a regular basis and insurance cover is acquired having regard to the perceived risks of a claim occurring and the availability and costs of such insurance. The insurances typically involve a deductible (also commonly referred to as an "excess"). In the event of an incident occurring which is covered by one of the insurances, the MBL Group would be required to pay the first part of any claim up to the deductible amount associated with that policy.

Developments in banking and investment banking industry

MBL operates in the highly competitive financial services industry in Australia and overseas. Developments and competition in the industry place pressure on margins which may impact on profitability.

Economic outlook

The performance and earnings of MBL are impacted by changes in economic conditions, activity and sentiment in Australia and overseas including interest rates, foreign exchange rates and equity markets.

Regulation and legislation

MBL may be subject to changes in government regulatory policies or changes in legislation in Australia and other countries where MBL operates. Areas of regulation which impact on MBL include taxation and regulation relating to prudential supervision.

Changes in Accounting Standards

The Financial Reporting Council in Australia has formally announced that Australian reporting entities will be required to adopt international accounting standards for accounting periods commencing on or after 1 January 2005. This change will first apply to MBL for the financial year commencing 1 April 2005.

The adoption of international accounting standards may affect the reported MBL Group financial performance and financial position. The impact of these standards will be unknown until the International Accounting Standards Board finalises all international accounting standards and the Australian Accounting Standards Board determines how and when they are to be applied in Australia.

6. DESCRIPTION OF MACQUARIE BANK LIMITED

6.1 ISSUED ORDINARY SHARE CAPITAL

At 21 May 2003, the Bank's issued ordinary share capital was as follows:

| | Number |
|-----------------|-------------|
| Ordinary Shares | 204,777,815 |

As at 21 May 2003, the Bank had on issue 24,686,858 Options over unissued Shares. All Options were exercisable into one Share per Option and were issued (with various exercise prices) pursuant to the Option Plan.

Changes to the Bank's issued capital and Options are normally reported monthly to ASX. If all Options over unissued Shares had been exercised as at 21 May 2003, the Shares issued on exercise would have represented approximately 10.76% per cent of the then issued capital of the Bank.

Invitations for the grant of approximately 7.75 million Options are being made initially pursuant to this Prospectus. Further invitations may also be made during the coming 12 months.

6.2 FINANCIAL INFORMATION

The Bank's consolidated financial statements for the year to 31 March 2003 and comment on performance and outlook are contained in the Bank's 2003 Annual Report. Further financial information concerning the Bank is generally available as described in Section 7.1.

The Bank's annual Basic Earnings Per Share (Basic EPS), for the last five years have been:

| Year to 31 | 1999 | 2000 | 2001 | 2002 | 2003 |
|------------|-------|-------|-------|-------|-------|
| March | | | | | |
| Basic EPS | 101.3 | 124.3 | 138.9 | 132.8 | 164.8 |

6.3 RIGHTS ATTACHING TO SHARES

The Shares carry the following rights, privileges and restrictions. Full details of the rights attaching to the Shares are set out in the Constitution of the Bank.

General Meetings and Voting

Each holder of Shares is entitled to receive notice of, and to attend and vote at, general meetings of the Bank and to receive all notices, accounts and other documents required to be furnished to shareholders under the Constitution, the Corporations Act or the Listing Rules.

Shareholders may attend in person or by proxy and vote on issues requiring a shareholders' resolution at general meetings. Such issues include the election of Directors and any changes to the Constitution of the Bank. Notice is given to shareholders when those meetings are to be held and of the items of business to be considered. At a general meeting every holder of Shares present in person or by proxy or attorney has one vote on a show of hands and, on a poll, one vote per fully paid Share (and a proportion of a vote for shares partly paid, equal to the proportion the amount paid on the share bears to its total issue price).

Dividends

It is the Bank's present policy to pay dividends twice yearly. Subject to the rights of holders of shares issued with any special or restricted rights, that portion of the profits of the Bank which the Voting Directors may from time to time determine to distribute by way of a dividend, must be declared and paid on all of the shares of a particular class in respect of which the dividend is paid.

In 2002, the Bank activated its Dividend Reinvestment Plan. Ordinary shareholders may elect to reinvest their dividends in new shares at a 2.5% discount to the prevailing market price.

Annual Report

Shareholders have the opportunity to receive each year a copy of the Bank's annual report, (which this year comprises the 2003 Annual Review and 2003 Financial Report Booklets) which provides a review of the MBL Group's performance as a whole during the previous financial year. The 2003 Annual Review and Financial Report are available on Macnet.

Winding Up

In the event that the Bank were ever wound up, depositors and other creditors would be paid out first. Any surplus available would be distributed among shareholders in accordance with the Corporations Act.

Transfer

Subject to the Constitution of the Bank, the Corporations Act, any other laws and the Listing Rules, Shares are transferable.

Variation of Rights

The rights attaching to shares of any class may be altered with the approval of a special resolution passed at a separate general meeting of the holders of shares of that class or with the written consent of the holders of at least three-quarters of the issued shares of that class.

Share Buy-Backs

The Bank is entitled to purchase Shares in itself in accordance with the requirements of the Corporations Act.

Proportional Takeovers

The Constitution of the Bank provides that shareholder approval will be required in relation to proportional take-over schemes.

MACQUARIE BANK EMPLOYEE SHARE OPTION PLAN PROSPECTUS
JUNE 2003

6.4 TRADING IN SHARES ON ASX

The following table provides a summary of the prices and volumes at which Shares have traded since July 2000.

MBL - Share Trading History Since July 2000

| Period | Monthly Share Price (\$) | | | Monthly Volume (000s) |
|-------------|--------------------------|-------|-------|-----------------------|
| | High | Low | Close | |
| 2000 | | | | |
| July | 26.57 | 24.83 | 25.10 | 5,771 |
| August | 29.40 | 24.92 | 27.00 | 8,719 |
| September | 28.99 | 26.38 | 28.08 | 7,021 |
| October | 28.90 | 26.90 | 27.95 | 5,549 |
| November | 30.00 | 26.80 | 27.78 | 9,286 |
| December | 28.90 | 27.25 | 28.80 | 7,453 |
| 2001 | | | | |
| January | 29.31 | 27.95 | 28.80 | 7,117 |
| February | 29.40 | 27.76 | 29.00 | 3,760 |

[Source: Australian Stock Exchange Limited]

It should be noted that the price at which Shares will trade on ASX in future may not necessarily reflect recent prices and will depend on factors including those stated in section 5 above.

6.5 DIVIDEND POLICY

The Bank reviewed its ordinary dividend policy in May 2003. The policy is now to distribute between 50% and 60% of after tax profits attributable to ordinary shareholders each year, subject to (profits permitting) minimum dividends of 93 cents per Ordinary Share per year.

The Directors cannot give any assurances concerning future dividend policy, the extent of future dividends, or the franking of any such dividends as they are dependent on the future profits and the financial and taxation positions of the Bank.

The distributions made by the Bank to holders of Shares over the last five years have been as follows:

| Period | Cash dividend (cents) per Share | Franking (per cent) |
|-----------------|---------------------------------|---------------------|
| 1997/98 Interim | 21 | 100 |
| 1997/98 Final | 30 | 100 |
| 1998/99 Interim | 30 | 100 |
| 1998/99 Final | 38 | 100 |
| 1999/00 Interim | 34 | 65 |
| 1999/00 Final | 52 | 65 |
| 2000/01 Interim | 41 | 70 |

7. ADDITIONAL INFORMATION

7.1 NATURE OF PROSPECTUS AND AVAILABILITY OF INFORMATION

This Prospectus is intended to be read in conjunction with the publicly available information that is widely available in relation to the Bank. Eligible Executives and their advisers should therefore also have regard to that publicly available information in relation to the Bank before making a decision whether or not to accept the Offer of Options under this Prospectus.

The Bank is a disclosing entity under the Corporations Act and is subject to regular reporting and disclosure obligations under the Corporations Act and the Listing Rules, including the preparation of annual reports and semi-annual reports. The most recent report is the 2003 Annual Report relating to the year to 31 March 2003. That report is available to each Eligible Executive on Macnet. For those without access to MacNet, copies of those documents are available by calling Clair Simpson on (02) 8232 5006.

The Bank is required to notify ASX of information about specified events and matters as they arise for the purposes of ASX making that information available to the stock market conducted by ASX. In particular, the Bank has an obligation under the Listing Rules (subject to certain exceptions), to notify ASX immediately of any information of which it is or becomes aware concerning the Bank, which a reasonable person would expect to have a material effect on the price or value of Shares. That information is available on the public file at ASX. A copy of any of these documents lodged by MBL with ASX since the date of the 2003 Annual Report may be obtained free of charge by calling (02) 8232 5006.

If Eligible Executives wish to obtain further information on the Bank they can do so by contacting their financial advisers or by reviewing the public documents available at ASX.

In addition, copies of documents lodged in relation to the Bank may be obtained from or inspected at any office of ASIC.

None of the information referred to in Section 7.1 above is incorporated by reference in this Prospectus or is issued with this Prospectus.

7.2 ADMISSION TO OFFICIAL LIST OF ASX

The Bank was admitted to the Official List of ASX in 1993 for the purpose of obtaining Official Quotation of Macquarie Bank Capital Notes. Official Quotation of 500,000 Macquarie Bank Capital Notes commenced in April 1993. Official Quotation of 40,000,000 QanMacs commenced in September 1995. The Bank's category of admission to the Official List was changed to the general admission category, to allow for the quotation of Shares from 29 July 1996.

In addition, the Bank issued 1,500,000 Converting Preference Shares in August 1999 which are listed on ASX. The Bank and Macquarie Finance Limited also issued 4 million Macquarie Income Securities in the second half of 1999 which are also listed on ASX.

Several waivers from the Listing Rules have been granted to the Bank relieving it from compliance with various Listing Rules. Copies of the waivers may be reviewed by referring to the public register of waivers available at ASX. The principal waivers that have been granted can be summarised as follows:

- Certain waivers to facilitate the operation of the Option Plan. As the Options are not quoted, various waivers relating to the administration of the Option Plan (principally concerning the lodgement of documents with ASX) have been granted.
- Confirmation has been obtained that the provisions of the Listing Rules applying to directors of the Bank are applicable only to the Voting Directors of the Bank.

7.3 INTERESTS

The Bank has paid, or agreed to pay Mr John Allpass, a Voting Director of the Bank, \$5,000 in connection with his work on the due diligence committee for this Prospectus.

7.4 DOCUMENTS AVAILABLE FOR INSPECTION OR COPIES

The following MBL documents are available for inspection during normal business hours at the principal office of MBL at Level 15, No 1 Martin Place Sydney NSW 2000, care of the Company Secretary:

- Constitution;
- Annual reports for the last five financial years of MBL;
- Rules of the Macquarie Bank Employee Share Option Plan; and
- MBL staff trading rules.

In addition, a copy of the 2003 Annual Report and any document lodged with ASX in respect of the Bank's continuous disclosure obligations, since the date of the 2003 Annual Report may be obtained free of charge from Clair Simpson on (02) 8232 5006.

Each of the Voting Directors of the Bank has consented to the lodgement of this Prospectus with the Australian Securities & Investments Commission.

APPENDIX: SAMPLE DEED OF GRANT

THIS DEED is made on [Date]
BETWEEN:

- (1) **MACQUARIE BANK LIMITED** (A.B.N.46 008 583 542) a company incorporated in the Australian Capital Territory with its registered office at Level 3, 25 National Circuit, Forrest, ACT, 2603 (the "**Bank**");
- (2) **LACUNA NOMINEES PTY LIMITED** (A.B.N. 20 008 600 360) a company incorporated in the Australian Capital Territory with its registered office at Level 3, 25 National Circuit, Forrest, ACT, 2603 (the "**Nominee**"); and
- (3) **[NAME OF ELIGIBLE EXECUTIVE]** (the "**Employee**").

RECITALS

- A. The Bank has established an employee share Option plan. The Employee is entitled to participate in the Plan.
- B. The Bank has invited the Employee to apply for Options under the Plan.
- C. This deed sets out the terms on which the Employee takes up those Options and participates in the Plan.

THE PARTIES AGREE AND DECLARE AS FOLLOWS:

1. INTERPRETATION

1.1 Definitions

In this deed, unless the context otherwise requires:

"**Application Form**" means the personalised application form accompanying the offer of the Options to the Employee;

"**Plan**" means the Macquarie Bank Employee Share Option Plan; and

"**Options**" means the Options granted under clause 2.1.

1.2 General

In this deed, unless the context otherwise requires:

- (a) a reference to a recital, clause, schedule or annexure is a reference to a recital, clause, schedule or annexure of or to this deed and references to this deed include any recital, clause, schedule or annexure;

- (b) a reference to this deed or another instrument (including the Rules of the Plan) includes any variation or replacement of either of them;
- (c) the singular includes the plural and vice versa;
- (d) the word person includes a firm, a body corporate, an unincorporated association or an authority;
- (e) a reference to a person includes a reference to the person's executors, administrators, successors, substitutes (including, but not limited to, persons taking by novation) and assigns;
- (f) while the Nominee is acting on behalf of the Employee, a reference to the Employee where applicable includes a reference to the Nominee and vice versa.

1.3 Headings

Headings are inserted for convenience and do not affect the interpretation of this deed.

2. ISSUE

2.1 Options

The Employee applies to the Bank for, and the Bank grants the Employee, the number of Options set out in the Application Form on the terms provided for in the Plan and the Application Form.

2.2 Nominee

The Bank must register the Options in the name of the Nominee. The Nominee must hold the Options on behalf of the Employee.

2.3 Indemnity

The Employee indemnifies the Nominee against any liability incurred in respect of the Options. The Employee must pay the Nominee on demand a sum equal to that liability. This indemnity is a continuing obligation and it is not necessary for the Nominee to incur expense or make payment before demanding payment from the Employee.

2.4 Acknowledgment

The Bank and the Employee acknowledge to each other and to the Nominee that the Nominee holds the Options on behalf of the Employee on the terms provided for in the Plan and the Application Form and has no power or right to anything in relation to the Options unless it is in accordance with those terms.

JUNE 2003

3. MISCELLANEOUS

3.1 Terms of Issue

For the avoidance of doubt, the terms set out in this deed only apply to the issue of the Options referred to in clause 2.

3.2 Governing Law

This deed is governed by the law in force in the Australian Capital Territory.
