Report of Independent Auditors

Administrative Committee of
National City Savings and
Investment Plan No. 2

We have audited the accompanying statements of net assets available for benefits of the National City Savings and Investment Plan No. 2 as of December 31, 2002 and 2001, and the related statement of changes in net assets available for benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2002 and 2001, and the changes in its net assets available for benefits for the year ended December 31, 2002, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2002 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

National City Savings and Investment Plan No. 2

Notes to Financial Statements

Year ended December 31, 2002

1. Significant Accounting Policies

The financial statements of the National City Savings and Investment Plan No. 2 (the Plan) are prepared on the accrual method of accounting.

The Plan's investments are stated at fair value. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year. Shares of mutual funds and units of the National City Capital Preservation Fund are valued at the net asset value of shares/units held by the Plan at year end. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Net transfers to the National City Savings and Investment Plan represent participants who had a change in employment status between National City Corporation or one of its subsidiaries and National Processing, Inc.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein. Actual results could differ from those estimates.

Certain prior year amounts have been reclassified to conform to the current year presentation.

2. Plan Description

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan for substantially all non-exempt employees who are employed by National Processing, Inc. and certain of its subsidiaries (Employer). The Employer is a majority-owned subsidiary of National City Corporation which has adopted the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All administrative expenses of the Plan are paid by National City Corporation.

2. Plan Description (continued)

An eligible employee may become a participant in the Plan on an unmatched basis on the first day of any calendar month after he or she has attained age 21 and completed thirty days of service. The Plan allows participants to elect to contribute from 1% to 12% of combined cash compensation (base pay and up to \$75,000 of certain additional pay). Participants direct their contributions in 1% increments among any of the Plan's sixteen investment funds. Contributions made to any of the funds may be temporarily invested in the Armada Money Market Fund.

Participants are eligible for Employer matching contributions on the first of the month following one year of service. The monthly matching contribution is equal to 115% of the participant's contribution up to 6% of the participant's combined cash compensation. All employer contributions are initially invested in the National City Corporation Stock Fund.

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. All amounts credited to a Participant's account are 100% vested at all times. Participant and employer contributions are eligible to be transferred and invested in any of the fund options of the Plan.

Participants are allowed to borrow at a variable interest rate up to 50% of the value in their vested account balance, with a minimum loan of \$500 and a maximum loan of \$50,000. Participants are restricted to only one loan in any twelve-month period and to a maximum of two loans at any one time.

Although it has not expressed any intent to do so, National City Corporation has the right under the Plan to discontinue employer and participants' contributions at any time and to terminate the Plan subject to the provisions of ERISA.
