REPORT OF INDEPENDENT ACCOUNTANTS

To the Participants and Administrative Committee of the
Masco Corporation Salaried 401(k) Plan:

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Masco Corporation Salaried 401(k) Plan (the "Plan") at December 31, 2002 and 2001, and the changes in net assets available for benefits for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Assets Held for Investment Purposes is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MASCO CORPORATION SALARIED 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

A. Description of Plan:

The following description of the Masco Corporation ("Company") Salaried 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General.* The Plan is a defined contribution plan covering salaried employees at certain divisions and subsidiaries of the Company. Eligible employees may participate in the Plan on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

2. *Contributions.* Generally, participants may contribute up to 50 percent (varying by division or subsidiary) of their pretax annual compensation, as defined in the Plan. Participants may also make rollover contributions representing distributions from other employers' tax-qualified plans. Participants may direct contributions in one percent increments in any of 21 investment options. These options include professionally managed mutual funds and the Masco Corporation Company Stock Fund, and vary in their respective strategies, risks and goals. Participants may change their investment options daily. The Company makes matching and/or profit sharing contributions in accordance with the provisions of the Plan. These Company contributions, if applicable, vary by division or subsidiary and are invested pursuant to the participant's investment election. Contributions are subject to certain limitations.

3. *Participant Accounts.* Each active participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions (if applicable), and (b) Plan earnings. Allocations are based on participants' earnings or account balances, as defined in the Plan. Plan administrative expenses are paid by the Company and not charged to participants' accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting.* Participants are immediately vested in their contributions plus actual earnings thereon. Generally, participants are immediately vested in the Company matching and/or profit sharing contribution plus earnings thereon.

5. *Participant Loans Receivable.* Generally, participants may borrow from their pretax or rollover contribution accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from 1-15 years. The loans are collateralized by the balance in the participant's account and bear interest at a rate equal to the Prime Rate at Bank One on the date of application for the loan. Principal and interest is paid ratably through monthly payroll deductions.

6. *Payment of Benefits.* After separation from service due to termination, death, disability or retirement, generally a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a single lump-sum amount or in annual installments over a period not to exceed five years. In-service and hardship withdrawals are distributed in a single lump-sum payment.

A. Description of Plan, concluded:

7. *Forfeited Employer Contributions.* At December 31, 2002, forfeited nonvested employer contributions totaled \$21,463 and will be used to reduce future employer contributions and plan fees.

Effective February 1, 2002, Masco Contractor Services East, Inc. was removed as a currently participating employer and added as a formerly participating employer. As a result of this event, net assets of \$5,097,727 were transferred from the Plan and into the Masco Contractor Services, Inc. Salaried 401(k) Plan during February 2002.

Effective March 25, 2002, StarMark, Inc. was sold, removed as a currently participating employer and added as a formerly participating employer. As a result of this event, net assets of \$1,206,598 were transferred from the Plan during July 2002.

Effective April 26, 2002, the Credit Suisse International Equity Fund merged into the Credit Suisse International Focus Fund.

Effective May 1, 2002, d-Scan, Inc. was added as a currently participating employer. As a result of this event, net assets of \$888,104 from the d-Scan, Inc. 401(k) Plan were transferred into the Plan during May 2002.

Effective October 31, 2002, W/C Technology Corporation was deleted as a currently participating employer and added as a formerly participating employer. Account balances were distributed to the participants pursuant to the terms of the Plan.

During 2002, several transfers were executed within the Masco Corporation Hourly and Salaried 401(k) Plans and the Masco Contractor Services, Inc. Salaried 401(k) Plan in an effort to consolidate multiple accounts held by participants of the plans. In some cases, participants held accounts in more than one plan. As a result of these transfers, participants affected by the account consolidation now have a single account in the plan in which they are currently active. Total transfers of net assets into the Plan amounted to \$890,517.

Effective December 31, 2001, Mill's Pride, Inc. was added as a currently participating employer and the salaried participants' asset balances from the Mill's Pride Savings and Investment Plan were transferred into the Plan. As a result of this event, although the assets did not transfer until January 2002, net assets of \$20,473,516 were transferred into the Plan effective December 31, 2001.

MASCO CORPORATION SALARIED 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, Continued

B. Accounting Policies:

The following is a summary of significant accounting policies (in accordance with accounting principles generally accepted in the United States of America) followed in the preparation of these financial statements.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of additions and deductions during the reporting period. Actual results could differ from these estimates and assumptions.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds and other investment securities. Investment securities are exposed to various risks, including interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition

Investments are stated at fair value as determined by Fidelity Pricing and Cash Management Services using quoted market prices at December 31, 2002 and 2001.

Investment transactions are reflected on a trade-date basis. Realized gains and losses on investments are based on average cost. Interest income is recognized on the accrual basis of accounting. Dividend income is recorded on the ex-dividend date. Income from other securities is recorded as earned on an accrual basis.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) of those investments.
