**Report of Independent Accountants**

To the Participants and Administrator of  
Trenwick Group Pension Plan:

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of Trenwick Group Pension Plan (the "Plan") at December 31, 2002 and 2001, and the changes in net assets available for benefits for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Assets Held for Investment Purposes is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2002 AND 2001

---

### 1. DESCRIPTION OF THE PLAN

The following is a brief description of the Trenwick Group Pension Plan (the "Plan") and provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General** - The Plan, which became effective January 1, 1987, is a tax deferred retirement savings program available to all full time employees of Trenwick America Corporation and Trenwick Group Ltd. (collectively, the "Company") upon the first day of the calendar quarter following both the completion of one year of service and attainment of age 21. Additionally, employees who are not full-time employees of the Company are eligible to participate upon completion of 1,000 hours of service (as defined in the plan) during a twelve-month period of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

**Contributions** - Under the terms of the Plan, at the completion of each calendar quarter, the Company contributes an amount equal to eight percent of each participant's compensation for that period.

**Participant accounts** - Contributions are deposited with New York Life Trust Company ("New York Life") and are invested in various investment options as contributions. In addition, each participant's account is credited with an allocable share of earnings from the respective fund(s) in which such contributions have been invested.

**Vesting** - In accordance with the terms of the Plan, vesting occurs at the rate of twenty percent per year beginning with the completion of two years of service.

**Investment options** - The Plan permits participants to invest their accounts in either individual investment options or in one of the Portfolios Asset Allocation options available under the Plan. Participants may direct their contributions into ten different mutual funds. The mutual fund options are: Stable Value Option, Eclipse Money Market Fund, PIMCO Total Return Fund (Administrative Class), Eclipse Value Equity Fund, Vanguard 500 Index Fund, AIM Constellation Fund (Class A), Franklin Small Cap Growth Fund I (Class A), Strong Opportunity Fund, American Century International Growth Fund (Investor Class), and the Trenwick Group Ltd. Company Stock Fund. The Stable Value Option is invested in the New York Life Anchor Account, a fully benefit responsive investment and pooled separate account that guarantees principal and accumulated interest and is stated at contract value which is equal to fair value. The Stable Value Option may also invest in interest bearing cash. The Trenwick Group Ltd. Stock Fund is invested in Trenwick Group Ltd. common stock (See Note 5). Effective March 4, 2003, the investment committee decided to remove the Trenwick Group Ltd. Stock Fund as an investment option from the Plan.

The Portfolios Asset Allocation options are offered as investment alternatives in the Plan. Participants who elect to invest in a Portfolio Asset Allocation option are charged a quarterly investment fee of 0.025%, which is deducted from the participant's account at the end each calendar quarter. A description of each of the Portfolios options as provided by New York Life are as follows:

**Portfolio I: Income Oriented Asset Allocation Portfolio** - This portfolio allocates assets among four investment options: the Stable Value Option, the PIMCO Total Return Fund, the Vanguard

500 Index Fund and the Strong Opportunity Fund at an initial allocation percentage of 20%, 60%, 8% and 12%, respectively. These allocation percentages may change annually when the Portfolio is reassessed.

*Portfolio II: Growth/Income Oriented Asset Allocation* – This Portfolio allocates assets among four investment options: the Stable Value Fund, the PIMCO Total Return Fund, the Vanguard 500 Index Fund and the Strong Opportunity Fund at an initial allocation percentage of 20%, 30%, 30% and 20%, respectively. These allocation percentages may change annually when the Portfolio is reassessed.

*Portfolio III: Growth Oriented Asset Allocation* – Portfolio III allocates assets among five investment options: the PIMCO Total Return Fund, The Eclipse Value Equity Fund, the Vanguard 500 Index Fund, the Franklin Small Cap Growth Fund I and the Strong Opportunity Fund at an initial allocation percentage of 20%, 8%, 30%, 12% and 30%, respectively. These allocation percentages may change annually when the Portfolio is reassessed.

**Administrative Fees** - Administrative and professional fees of the Plan have been paid by the Company, and personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan.

**Forfeitures** – Forfeitures are calculated based upon an employee's non-vested portion of his or her account balance on his or her date of termination from the Plan and are used to reduce the Company's future contributions to the Plan for remaining eligible participants. If a participant returns to work for the Company before incurring five consecutive breaks in service, the nonvested balance of the participant account may be restored. At December 31, 2002 and 2001, forfeited accounts totaled \$38,203 and 51,680, respectively.

**Payment of Benefits** – Upon termination, distributions of an employee's vested account balance are normally made as soon as administratively possible following the date of termination of employment. However, in instances where a participant's vested account balance exceeds \$5,000, distributions are deferred until the participant's normal retirement date (age 65) in the form of an annuity, unless requested otherwise in writing by the participant.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** - The financial statements of the Plan are prepared under the accrual method of accounting.

**Use of Estimates** - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition** - The Plan's investments are stated at fair value as determined by quoted market prices. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Investments in pooled separate accounts are stated at contract value, which approximates fair value. Investment transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Investment income includes dividend and interest income, and unrealized appreciation (depreciation) in the fair value of investments held in mutual funds. All gains and losses are unrealized. A determination of realized gain or loss will be calculated at the moment all of the funds are liquidated.

*Payment of Benefits* - Benefits are recorded when paid.

### 3. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2002 and 2001:

	<u>2002</u>	<u>2001</u>
Stable Value Option	\$ 1,717,791	\$ 1,428,451
PIMCO Total Return Fund	593,108	496,878
Eclipse Value Equity Fund	514,542	652,339
Vanguard 500 Index Fund	1,545,565	1,795,508
AIM Constellation Fund	458,668	533,456
American Century International Growth Fund	284,763	292,470

During the year ended December 31, 2002 and 2001, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$905,799 and \$528,922, respectively.

The Stable Value Option is invested in the New York Life Anchor Account, a fully benefit responsive investment and pooled separate account that guarantees principal and accumulated interest and is stated at contract value which is equal to fair value. The Stable Value Option average yield was 5.3% and 5.9% for the period ending December 31, 2002 and 2001, respectively. The Stable Value Option crediting interest rate is valued daily and was .01% at year end December 31, 2002 and 2001.

### 4. TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated April 13, 2001 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "Code"). The Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Code, and therefore, no provision for income taxes has been included in the Plan's financial statements.

### 5. PARTIES-IN-INTEREST

As of December 31, 2002, the Plan offered the option to hold investments in the common stock of Trenwick Group Ltd. Additionally, amounts directed to the Stable Value Option are invested in the New York Life Anchor Account. New York Life is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

### 6. PLAN TERMINATION

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In any event of Plan termination, participants would become 100 percent vested in their contributions.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
