INDEPENDENT AUDITORS' REPORT

To the Participants and Administrative Committee of
the Payless ShoeSource, Inc. Profit Sharing Plan for Puerto Rico Associates
Topeka, Kansas

We have audited the accompanying statements of net assets available for benefits of Payless ShoeSource, Inc. Profit Sharing Plan for Puerto Rico Associates (the "Plan") as of December 31, 2002 and 2001, and the related statement of changes in net assets available for benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and December 31, 2001, and the changes in net assets available for benefits for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the Table of Contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2002 AND 2001 AND FOR THE YEAR ENDED DECEMBER 31, 2002

1. PLAN DESCRIPTION

The following description of the Payless ShoeSource, Inc. Profit Sharing Plan for Puerto Rico Associates (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General - The Plan is a defined contribution plan covering all eligible employees of Payless ShoeSource of Puerto Rico, Inc. ("Payless" or the "Company") who have completed one year of service and attained the age of 21. Effective April 30, 2002, a full-time associate, as defined by the Plan, shall be eligible to make contributions following the completion of 90 days of employment by the Company and attaining the age of 21 and have to complete one year of service to receive an allocation of the Company match. All other employees earn eligibility upon completion of one year of service and attaining the age of 21. The Plan is administered by the Compensation Committee of the Board of Directors (the "Committee") consisting of five persons. This Committee has the general responsibility for administration of the Plan as well as establishing and monitoring investment policies and activities. American Express Trust Company serves as the custodian of the Plan and Banco Popular serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Each year, participants may contribute 1% to 15% of their pay, as defined in the Plan. Each eligible participant shall be automatically enrolled and to have elected to make a 3% contribution unless the participant elects otherwise. The Company matching contribution is discretionary and is currently 2½% of Company net profits, as defined by the Plan. The Company matching contribution is allocated in proportion to each participant's contribution up to a total of 5% of participants' pay. The Company matching contribution is allocated to participants who are employed by the Company on the last day of the Plan year. Additional amounts may be contributed at the discretion of the Company's Board of Directors. Contributions are subject to certain Internal Revenue Code limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts - Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution and allocations of (1) Company's discretionary contributions and (2) Plan earnings, and charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments - Participants direct the investment of their contributions, including Company discretionary contributions, into various investment options offered by the Plan. The Plan currently offers two common/collective trust funds, six mutual funds and a Company stock fund for participants.

Vesting - Participants are immediately vested in their contributions plus earnings thereon. Prior to August 1, 1997, company contributions were fully vested immediately. Effective August 1, 1997, participants are vested in company contributions and earnings on company contributions in accordance with the following schedule:

Years of Vesting Service	Vesting Percentage
Less than 2 years	0 %
2 years	25 %
3 years	50 %
4 years	75 %
5 years	100 %

Payment of Benefits - Upon retirement, death, disability or termination of employment, a participant may elect to receive distribution of the balance of his account. Distributions from the Payless Common Stock Fund may be made in shares of Payless common stock or cash based upon participant direction. All distributions from the other funds are made in cash.

Participant Loans - Participants may borrow from their fund accounts to the extent that such loan, when added to the outstanding balance of all other loans to the Participant would not exceed the lesser of (a) \$50,000 reduced by the excess (if any) of the highest outstanding balance of loans during the one-year period ending the day before the loan is made, over the outstanding balance of loans from the Plan on the date the loan is made, or (b) one-half the present value of the nonforfeitable accrued benefit of the participant. Interest rates are commensurate with local prevailing rates as determined by the Committee.

Forfeited Accounts - At December 31, 2002, forfeited nonvested accounts totaled \$2,082. Forfeitures are used to: 1) restore any amounts previously forfeited from rehired participant accounts, and 2) the balance, if any, shall be added to and allocated with the Company matching contribution for the plan year, as described in the Plan document. Also, for Plan year 2002, \$2,082, will be allocated with the 2002 Company match in 2003.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilized various investment instruments. Investment securities, in general, are exposed to various risk, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Securities traded in public markets are valued at their quoted market prices. Investments in the common/collective trust funds and the company stock fund are maintained on a unit value basis. Participants do not have beneficial ownership in specific underlying securities or other assets in the various funds, but have an interest therein represented by units valued as of the last business day of the period. The various funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawal payments from each fund are converted to units by

dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Expenses - Administrative expenses of the Plan are paid by either the Plan or the Company, as provided in the Plan document.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

3. INVESTMENTS

The Plan's investments that represented five percent or more of the Plan's net assets available for benefits as of December 31, 2002 and 2001, are as follows.

	December 31,	
	2002	2001
AET Income Fund II	\$ 802,855	\$ 629,516
Payless Common Stock Fund	151,941	156,086
AET Equity Index Income Fund I	98,004	118,183
Participants Loans	170,979	149,621

During 2002, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$18,074 as follows:

Mutual Funds	\$ 7,435
Common Stock	10,639
	<u>\$ 18,074</u>

5. RELATED-PARTY TRANSACTIONS

Certain Plan investments are units of common/collective trust funds managed by American Express Trust Company. American Express Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Also, the Plan invests in units of a company stock fund that invests in shares of Payless Stock. Payless is the Plan sponsor, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their account.

7. FEDERAL INCOME TAX STATUS

The Puerto Rico Treasury Department has determined and informed the Company by a letter dated January 29, 2002, that the Plan and related trust are designed in accordance with applicable regulations of the Puerto Rico Internal Revenue Code of 1994 ("PRIRC"), as amended. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the PRIRC.
