Salary and Bonus Deferral Plan Notes to Financial Statements

1. Plan Description

On October 8, 1996, Millennium Chemicals Inc. (the "Company") adopted the Millennium Chemicals Inc. Salary and Bonus Deferral Plan (the "Plan") for the benefit of a select group of management and highly compensated employees. The Plan is intended to be an unfunded plan of deferred compensation and is not intended to be covered by ERISA.

The purpose of the Plan is to permit eligible employees to defer from 5% to 100% of their salary and up to 100% of their bonus (both in 5% increments). The deferred amount is invested in common stock of the Company. Participants are immediately vested in their contributions and earnings thereon, subject to applicable withholding taxes. The Company matches 4.5% of employee contributions. A participant is immediately vested in Company contributions and earnings.

The Plan is administered by a committee of three or more employees of the Company appointed by the Board of Directors (the "Committee"). Merrill Lynch Trust Company (the "Trustee") acts as trustee and recordkeeper for the Plan.

Participation in the Plan is limited to eligible individuals, other than nonresident aliens of the United States receiving no United States source income within the meaning of sections 861(a)(3) or 911(d)(2) of the Internal Revenue Code, designated by the Committee, who are employees of a unit of the Company (or of one of its subsidiaries) which has adopted the Plan.

Distributions

Deferred accounts will be paid in shares of common stock to the participant or his or her beneficiary, except that awards deferred pursuant to special elections will continue to be subject to the forfeiture provisions of the incentive plan under which the award was granted. Deferred amounts generally will be paid in the form of (i) a lump sum payment, (ii) in five approximately equal annual installments or (iii) in ten approximately equal annual installments, as elected by the participant at the time of the deferred salary election, deferred bonus election or special election; provided, however, that payments shall only be in a single lump sum in the case that payment commences (i) while the participant is still an employee of the Company or of a subsidiary of the Company or (ii) due to termination for cause.

If the participant suffers permanent or total disability, dies, or terminates employment prior to the deferral date, then, except in the case of termination for cause, payment shall be made (or begin to be made) following the occurrence of the event making payment necessary or, if so elected in the deferred salary election and/or deferred bonus election, on January 31st of the calendar year immediately following such event.

The Company reserves the right to amend, modify, or terminate the Plan at any time. No amendment to or termination of the Plan will impair any rights to benefits that have accrued. Upon a Change of Control (as defined by Plan documents), the amount of a participant's Deferred Accounts shall be distributed to such participant as soon as practicable thereafter and any Deferred Salary Election and/or Deferred Bonus Election shall terminate and be null and void following such Change in Control.

Participants should refer to the Plan document for a more complete description of the Plan's provisions.

2. Summary of Significant Accounting Policies

Method of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting, except for benefit payments, which are recorded when paid. The preparation of the Plan financial statements in conformity with generally accepted accounting principles requires the Company to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The common stock of the Company is valued at fair value which is determined based on quoted market prices.

Dividend income is accrued on the ex-dividend date.

Purchases and sales of common stock and realized gains and losses are recorded on a trade-date basis.

Payment of Benefits

Distributions to participants are recorded upon actual payment of benefits. There were no distributions of the Company's common stock approved and payable at December 31, 2002 and December 31, 2001.

3. Administration of Plan Assets

The Plan's assets, which consist principally of the Company's common stock, are held by the Trustee of the Plan. Contributions are held and managed by the Trustee, which invests cash received and dividend income and makes distributions to the participants.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid by the Company.
