Supplementary Data	P.11

1. Summary of Financial Results for the fiscal year ended March 31, 2003.

The UFJ Group has further reinforced its profitability in accordance with the "Accelerated Business Reform Plan", announced in December 2002 to become an "innovative financial group, which provides comprehensive financial services mainly to the retail and mid-sized corporate customer base".

In addition, to improve financial positions, the UFJ Group focused on resolution to the problem loan issue and issue of large troubled borrowers and reduction of cross shareholdings in order to reduce stock market risks. In March 2003, UFJ Bank Limited (UFJ Bank) established a new subsidiary, UFJ Strategic Partner Co., Ltd. (UFJSP), and divested a part of the problem loans from the bank to encourage revitalization of borrowers and problem loan disposal. UFJ Bank also established another new subsidiary, UFJ Equity Investments Co., Ltd. (UFJEI), and sold a part of equity portfolio of the bank to the subsidiary to effectively hedge market risk of its cross shareholdings.

< Banking Subsidiaries Combined >

The summary of the aggregate financial results of UFJ Bank, UFJ Trust Bank Limited (UFJ Trust) and newly established two subsidiaries, UFJSP and UFJEI for the fiscal year ended March 31, 2003 is as follows.

Gross operating profit was Yen 1,371.5 billion, an increase of Yen 8.5 billion from the previous fiscal year and exceeded the Plan to Revitalize Management (the "Plan") by Yen 132.3 billion.

Regarding general and administrative expenses, personnel expenses declined by Yen 32.1 billion mainly through the reduction of payrolls and non-personnel expenses also declined by Yen 20.6 billion. The result was a Yen 60.2 billion decrease from the previous fiscal year and a Yen 36.7 billion below the Plan in total expenses.

As a result, the business profit before net transfer to the general reserve was Yen 778.9 billion, an increase of Yen 68.8 billion compared with the previous fiscal year and Yen 168.9 billion above the Plan. The business profit after net transfer to the general reserve was Yen 526.9 billion, as a result of the net transfer of Yen 252.0 billion to general reserve mainly because of the adoption of DCF methods regarding general reserve.

The gains and losses on stocks and other equity securities decreased by Yen 395.2 billion from the previous fiscal year, mainly because of the Yen 669.0 billion increase in losses on sales, despite the Yen 273.8 billion decrease in revaluation losses.

Credit costs including Yen 18.7 billion of the trust account were Yen 583.3 billion, mainly because of the specific provisions and the final disposal of problem loans resulting from the aggressive efforts to end problem loan issues through supporting revitalization plans of big troubled borrowers.

As a result, ordinary loss of Yen 699.7 billion was recorded.

Extraordinary gains and losses, mainly due to the Yen 78.4 billion of collection of written-off claims, increased by Yen 88.1 billion from the previous fiscal year.

As a result, net loss of Yen 625.6 billion was posted, an increase of Yen 520.7 billion from the previous fiscal year but below the Plan by Yen 745.6 billion.

*Business Profit before Write-offs (Credit Costs) in Trust Account – Credit Costs in Trust Account

<Consolidated>

UFJ Holdings posted a consolidated gross operating profit of Yen 1,613.4 billion. Ordinary loss was Yen 669.3 billion, mainly due to the losses from sales of cross shareholding, revaluation losses on stocks, and adoption of DCF method regarding reserve based on the Program for Financial Revival. As a result, net loss was Yen 608.9 billion.

Summary of Income Statement (Consolidated)

Billions of Yen

	FY ended Mar.2003	FY ended Mar.2002	Change

Net Income (Loss)	(608.9)	(1,227.4)	618.5

BIS capital ratio at the end of March 2003 was 9.96%, down by 1.08% from the previous fiscal year due to the net loss. UFJ Holdings raised capital through non-dilutive financings, such as the issuance of preferred securities (Yen 111 billion in September 2002) and capital raising through preferred shares of the new subsidiary designed to accelerate the disposal of problem loans (Yen 120 billion in March 2003, recognized as Tier I capital on UFJ Holdings consolidated basis).

Regarding the retained earnings of UFJ Holdings, UFJ Bank and UFJ Trust, the Group will accumulate enough level of retained earnings to repay public fund (Yen 1.4 trillion of preferred stock) by March 2007 through implementation of the earnings plan.

<Retained Earnings>

Retained Earnings combined UFJ Holdings, UFJ Bank and UFJ Trust were -Yen 502.2 billion as of March 31, 2003. (Including two subsidiaries: -Yen 503.3 billion)

Summary of Retained Earnings

(Billion of Yen)

	FY 3/2002 (Actual)	FY 3/2003(Forecast)	FY 3/2003(Actual)
Retained Earnings	24.7	235.5	(502.2)

2. State of implementation of Plan to Revitalize Management

(1) Progress in rationalization

The UFJ Group adopted the "additional restructuring plan," based on the restructuring plan stated in the "Plan to Revitalize Management" announced at the integration of businesses, aiming to enhance cost competitiveness and realize integration effects as quickly as possible.

Since then, in accordance with the "additional restructuring plan," the Group has implemented various measures to achieve and even increase the projected integration effects.

1. Headcount

As of March 31, 2003, the number of directors and statutory auditors was 24, downed by 5 (8 less than projected) from March 31, 2002. The number of employees became 22,327, downed by 1,878 (1,023 less than projected) from March 31, 2002.

2. Branches and overseas subsidiaries

The UFJ Group has aggressively enhanced its operational efficiency through consolidation of overlapping branches.

The number of domestic branches as of March 31, 2003 was 406, down by 111 from March 31, 2002. The number of overseas branches as of March 31, 2003 was 17, down by 2 from March 31, 2002. The number of overseas subsidiaries as of March 31, 2003 was 14, down by 3. In all of the above categories, the Group achieved the target in its restructuring plan.

3. Personnel expenses

The Group has reduced its personnel expenses through decreasing headcount in accordance with the "additional restructuring plan," reducing bonuses, and still freezing annual increase of salaries. As a result, the personnel expenses for the fiscal year ended March 31, 2003 were Yen 223.1 billion, decreased by Yen 17.8 billion more than projected. In addition, the Group also achieved the target in its plan in the amount of average monthly salaries.

4. Remuneration and bonuses for directors and statutory auditors

For the fiscal year ended March 31, 2003, the total and average amount of remuneration and bonuses for directors and statutory auditors was Yen 416 million and Yen 21 million respectively. Average retirement allowance for directors and statutory auditors was Yen 35 million. In all of the above categories, the Group achieved its plan.

5. Non-personnel expenses

The non-personnel expenses for the fiscal year ended March 31, 2003 were Yen 339.9 billion, decreased by Yen 17.4 billion more than projected. It is because the Group implemented various measures to realize the integration effects and enhance its efficiency, including lowering procurement costs.

(2) Results of Problem Loan Disposal

The UFJ Group places resolving problem loans issues at the top of priorities for management. Credit related expenses of Yen 2 trillion were incurred for the fiscal year ended March 31, 2002 aiming to significantly improve the situation of problem loans, especially issue of large troubled borrowers.

Credit costs including the trust accounts and trust account loss indemnified for the fiscal year ended March 31, 2003 were Yen 588.9 billion, combined UFJ Bank and UFJ Trust. Net transfer to general reserve was Yen 252.0 billion mainly because of the adoption of DCF methods.

In addition, the credit related expenses were Yen 752.1 billion, net of Yen 840.9 billion of credit costs (above total), Yen 10.3 billion of extraordinary gain from reversal from reserve for possible losses on support of specific borrowers of UFJ Trust and Yen 78.4 billion of extraordinary gain from collection of written-off claims.

Losses on supporting specific borrowers for the fiscal year ended March 31, 2003 were Yen 137.5 billion. When the UFJ Group extend financial supports to its customers via debt forgiveness or other measures, economic rationality of such decision is thoroughly scrutinized. Specifically, following points are carefully reviewed before financial supports are extended.

- a) Certainty of collection of remaining portion of loans
- b) Rationality and enforceability of revitalization plan
- c) Clarification of the responsibility of the management team of the Company

<Credit related expenses for the fiscal year ended March 31, 2003 >(UFJ Bank including UFJSP and UFJ Trust combined)

	Billions of Yen
	Credit Related Expenses
Loan written-off	(250.3)
Net transfer to specific reserve	(138.1)
Losses on sales of loans to CCPC	(6.4)
Net transfer to reserve for contingent liabilities related to loans sold	(2.3)
Net loss on loans securitized / sold	(30.7)
Losses on supporting specific borrowers	(137.5)
Net transfer to specific reserves for loans to refinancing countries	1.0
Sub-total	(564.6)
Credit costs (Trust account)	(18.7)
Trust account loss indemnified	(5.5)
Sub-total	(588.9)
Net transfer to general reserve	(252.0)
Total	(840.9)

The UFJ Group will execute final disposal of problem loans that are classified as 'Doubtful' or lower, as required in the Emergency Economic Package and the Advanced Reform Program.

(3) Loans to small and medium sized corporations

The UFJ Group has positioned the small and medium sized corporation sector as core customer segment and focused on lending to these corporations. But UFJ Holdings, regrettably, received business improvement administrative order from the Financial Services Agency in October 2002, because the Group failed to meet the balance target in loans to small and medium sized corporations in fiscal year ended March 31, 2002. In response to the order, the Group formulated and has implemented improvement plans and countermeasures steadily.

The Group revised control and management framework, implemented the measures to reinforce lending to small and medium sized corporations, and promoted sales of various funds and lending products utilizing methods of securitization, such as CLO, for fulfillment of the plan.

As a result of above, for the fiscal year ended March 2003, the Group exceeded the target of Yen 400 billion increase in lending balance to the small and medium sized corporations from the previous fiscal year by Yen 10.4 billion.

The outline of Improvement Plan

- Establishment of new committee for checking the progress in lending to small and medium sized corporations group-wide and enforcing the necessary action
- Revision of the internal control framework for credit extension in order to increase loans such as raising the limit of lending on branch managers' own authority
- Reinforcement of management framework such as establishing the target for loans to small and medium sized corporations for each branch offices
- Enhancing lending product lineups such as fixed-rate fund for new corporate clients, collateralized loan obligation.

(4) Dividend Policy

1. Dividend policy for the fiscal year 2002

It is indispensable for the UFJ Group to enhance financial soundness and to curtail cash outflows, under the circumstances that business environment for banks are to be still harsh in the foreseeable future.

Because of the aggressive action for resolution to the problem loan issue and reduction of cross shareholdings, revaluation losses due to the sluggish stock market, and the adoption of DCF methods based on the Program for Financial Revival, the Group posted net loss for the fiscal year 2002.

Due to the above, the decision was made to suspend the common stock dividend for the year.

2. Policy hereafter

The basic dividend policy at UFJ Holdings is as follows.

“From the standpoint of the public nature of a financial institution and maintenance of financial soundness, The basic dividend policy at UFJ Holdings is to implement a stable dividend payment, while securing enough internal reserves with due consideration for the enhancement of shareholders' value into the future.”

We will give careful consideration on the specific dividend level hereafter in view of the earnings trend and financial soundness, based on the policy above.

(5) Substantial Shortfall from the Earnings Target

1. Improvement of Financial Positions

The UFJ Group has recognized "improvement of financial positions" as the most important and urgent business matter and promoted the measures to deal with the matter aggressively.

In the "Accelerated Business Reform Plan" announced in December 2002, the Group placed two issues, "resolution to the problem loan issue and issue of large troubled borrowers" and "reduction of cross shareholdings" on top of its priority list and has been taking drastic measures to solve them such as establishing new subsidiaries designed to tackle these issues.

The Group will continue to make efforts to achieve the targets for improvement of financial positions in the plan, to be more precise, "lowering problem loan ratio below 4% by March 2005", and "reduction of the regulated cross shareholdings within Tier I capital prior to September 2003".

The Group considers that our strategies such as "disposal of problem loans" and "reduction of cross shareholdings" for "improvement of financial positions" are in line with the policy in the Program for Financial Revival, "Developing a financial system which the people can rely on without anxiety" and "Developing favorable environments for corporate revival".

2. Financial Results of Fiscal Year Ended March 31, 2003

The UFJ Group steadily implemented the measures for material improvement of profits and improvement of financial positions.

As a result, due to the increase of gross operating profit and effects of rationalization (further reduction of expenses), business profit exceeded the target in the plan substantially.

On the other hand, the Group posted large amount of losses because of the aggressive action for the improvement of the financial positions and adoption of DCF methods regarding reserve.

Especially, losses on stocks increased more than expected because the Group sold cross shareholdings in order to reduce stock market risks, while paying enough attention to the impact on the stock market in the sluggish market. As a result, the Group made material improvement of financial positions and almost achieved the target of restriction of cross shareholdings.

However, the increase in business profit was not enough to offset the credit costs and losses on stocks and other equity securities, and increased reserve due to the adoption of DCF methods and the Group posted net loss for the fiscal year ended March 31, 2003. As a result, the decision was made to suspend the common stock dividend for the year.

Through implementation of measures for improvement of financial positions, the resilience against risks of the Group has been enhanced. Along with the drastic measures being taken to improve the profitability, the Group will build a solid base for stable profitability.

3. Business Improvement Administrative Order

UFJ Holdings received business improvement administrative order from the Financial Services Agency on August 1, 2003. In response to the order, the Company is to keep working on the improvement of its profitability. The details of the administrative order are as follows:

(1) The details of the administrative order

Submission of an Improvement Plan which includes the measures for fundamental improvement of profitability to the Financial Services Agency by August 29, 2003

2. Steady implementation of the plan

3. Submission of a progress report for every quarter period within two months until the implementation of the aforementioned plan is recognized.

(2) The legal ground of the administrative order

Article 20(2) of Law relating to Emergency Measures for Early Revitalization of Financial Systems and Article 52-33(1) of Banking Law

(3) The cause of the administrative order

Management of the Company, even considering the aggressive disposal of problem loans. That was found to be the case which requires some measures to ensure the implementation of the Plan under the Article 20(2) of Law relating to Emergency Measures for Early Revitalization of Financial Systems.

The specific plans, countermeasures and financial targets of the Group will be disclosed in the Plan to Revitalize Management which will be submitted hereafter.

Adjusted core return on assets	-	0.68	-	-	0.76

*Average Balance

Notes:

- 1 Modified based on new restructuring plan, announced on April 2002
- 2 No adjustment for personnel and non-personnel expenses through occurrence of entrustment expenses to holding company
- 3 Trust account loss indemnified caused by loans written-off has not been included since FY 3/2002. Adjusted credit costs for FY 3/2001 are Yen 931.4 billion.
- 4 From 'returns on funds' to 'net interest margin on deposits', the jointly operated designated money trust account and loans trust account are included. The expense ratio relates to funding business.
- 5 Changed the ratio for FY 3/2003 Plan from 16.55% on to 21.47% because of the recalculation based on actual figure of stockholder's equity at the end of FY 2003 instead of planned figure.

Table 8 Credit Related Expenses

(Combined non-consolidated figures of UFJ Bank, UFJ Trust Bank, UFJSP and UFJEI) (Billions of yen)

	FY 3/ 2002 Actual	FY 3/ 2003 Actual
Credit costs (A)	1,826.9	573.0
Banking account	1,782.6	554.2
Net transfer to specific reserve	673.8	138.1
Loans written-off and others (C)	698.0	425.1
Loans written-off	572.4	250.3
Loss on sales of loans to CCPC	16.2	6.4
Loss on sales of assets to RCC	-	-
Loss on sales of other loans	9.1	30.7
Loss on supporting specific customers	100.1	137.5
Transfer to reserve for contingent liabilities related to loans sold	14.4	2.3
Transfer to reserve for possible losses on support of specific borrowers	402.7	(10.3)
Transfer to specific reserve for loans to refinancing countries	(6.3)	(1.0)
Others (D) ^(Notes 2)	-	-
Trust account	44.2	18.7
Loans written-off and others (E)	44.2	18.7
Loans written-off	41.3	13.5
Loss on sales of loans to CCPC	2.9	4.4
Loss on sales of assets to RCC	-	-
Loss on sales of other loans	-	0.7
Net transfer to general reserve (B)	107.0	252.0
Total (A) + (B)	1,934.0	825.1
<For reference>		
Direct write-offs through reversal of loan loss reserve (F)	273.6	999.1
Gross direct write-offs (C) + (D) + (E) + (F)	1,016.0	1,443.0

Notes. 1 Because Reversal from Reserve for Losses for Supports of Specific Borrowers is posted on Extraordinary Profits, the figure of Credit Costs on Table 8 is smaller than that of Table 1-2 by Yen 10.3 billion.
2 Trust account loss indemnified caused by loans written-off has not been included since FY 3/2002.

(Consolidated) (Billions of yen)

	FY 3/ 2002 Actual	FY 3/ 2003 Actual
