Burberry Group plc

First Quarter Trading Update

14 July 2003. Burberry Group plc reports on trading for its first quarter ended 30 June 2003.

Highlights

- Total revenues increased by 18%, 17% underlying*
- Retail sales up 21% on an underlying basis, driven by new stores
- High single digit wholesale sales growth anticipated for the Autumn/Winter 2003 season; wholesale revenue increased 5% in the quarter
- Licensing revenue up 7% underlying

*Underlying figures are calculated at constant exchange rates and exclude the impact of the July 2002 acquisition of the operations of Burberry's distributor in Korea (the "Korea acquisition").

Commenting on the trading results, Rose Marie Bravo, Chief Executive, stated, "Following the very challenging start to the year due to external factors, Burberry achieved gradual improvement in trading as the quarter progressed. During the period, we continued to invest in our business through retail expansion, product development efforts and the upgrading of infrastructure in keeping with our long-range strategies. Burberry's results to date and the improving operating environment are consistent with management's expectations for the financial year."

Total revenues

Total revenues in the first quarter increased by 18% (22% at constant exchange rates), or 17% on an underlying* basis (i.e. at constant exchange rates and excluding the impact of the Korea acquisition) compared to the same period last year.

Retail

Total retail sales increased by 33% (boosted by the Korea acquisition) and accounted for approximately 53% of total revenue in the quarter. On an underlying basis, retail sales increased by 21%, driven primarily by contributions from stores opened in 2002/03. Comparable store sales, which declined modestly over the first seven weeks of the period, benefited from a strong summer promotional period and recorded a marginal gain for the quarter as a whole. During the quarter, the US remained the best performing market. Europe continued to be soft, while non-Japan Asia markets exhibited signs of recovery. While work progressed on Burberry's retail expansion, including the

Milan store which is scheduled to open in September, no new stores were planned to open during the first quarter. Burberry remains on schedule to increase retail selling space by approximately 10% during the financial year.

Wholesale

As previously announced, Burberry anticipates high single digit wholesale sales growth for the Autumn/Winter 2003 season. In the first quarter, total wholesale sales increased by 5%. Underlying sales increased by 14%, partially as a result of the earlier shipments of autumn/winter product relative to the prior year. The majority of autumn/winter product shipments are concentrated in the second quarter of each financial year.

Licensing

Total licensing revenues in the quarter increased by 4%, 7% on an underlying basis. Royalties from the Japanese market reflected increases in certain royalty rates and single-digit volume gains. The volume gain is encouraging in light of the strong growth achieved in the comparable period last year and the lacklustre economic environment.

Burberry will provide a first half trading update on 14 October and release its interim results for the six months to 30 September 2003 on 18 November.

**GUS plc
 First Quarter Trading Update**

GUS plc, the retail and business services group, today issues its regular update on trading in its main businesses.

John Peace, Group Chief Executive of GUS, said:

"In a strong start to the year, our three main businesses have each achieved excellent sales growth. We believe that GUS is in good shape to continue to deliver growth going forward, although perhaps not at the rate of the first quarter."

Argos Retail Group

% change in sales year on year

Three months to 30 June 2003		
Argos ¹	- total	14
	- like-for-like	8
Four months to 30 June 2003		
Homebase	- total	5
	- like-for-like	3

1. Excludes Argos Additions

Argos

Against a background of weaker comparative sales growth in the same period last year, Argos increased sales by 14% in total in the first quarter, with new stores contributing 6% of this growth. Like-for-like sales increased by 8%. Consumer electronics, mobile phones and toys performed particularly strongly. Argos Direct, the delivery to home operation, grew sales by over 30% compared to the first quarter last year and accounted for 23% of sales (up from 20% in the comparative period). Gross margins at Argos were firm.

The Autumn/Winter 2003 catalogue will be launched on 26 July and will offer 12,700 lines - an increase of 1,300, or 12%, on the same catalogue last year. The trial of the Argos Extra catalogue, which will have over 17,000 lines, will be launched in the first quarter of 2004.

Homebase

Sales at Homebase in the four months to 30 June 2003, its key trading period, grew by 5% in total, or 3% like-for-like, aided by strong performances from garden, kitchens and bathrooms. Gross margins were marginally down year on year. As part of Homebase's strategy to increase home furnishings sales, a range of new furniture and homewares lines and merchandising initiatives will be trialled in ten stores from September.

Experian

% change in sales year on year for the three months to 30 June 2003

	Total	Total at constant exchange rates
Experian North America	4	14
Experian International ¹	22	18
Global Experian	11	16

1. As previously announced, it is no longer appropriate to report sales separately for UK and Rest of World as Experian International serves more clients on a pan-European basis

Experian's worldwide sales increased by 16% at constant exchange rates, again showing double-digit growth in both North America and International. It continued to win new contracts in all major business areas.

Experian North America

In dollars, Experian North America grew sales by 14% in the first quarter.

Credit Information and Credit Solutions sales together increased very strongly. This was led by continuing high demand for credit profiles from the mortgage sector in a quarter where mortgage originations were exceptionally high. In the first quarter, Experian's direct-to-consumer business grew by 78% year on year, with the number of paid members reaching 1.6m, up from 0.9m a year ago. An additional three affiliate bureaux were purchased in the first quarter, bringing the total to 14.

Marketing Information and Marketing Solutions sales together were also ahead of the same period last year, against a background of continuing subdued demand in the direct marketing industry.

FARES, the real estate information joint venture, had another exceptionally good quarter, again driven by strong mortgage refinancing activity.

Experian International

Experian International, which accounts for approximately 40% of worldwide revenue, grew sales by 18% in the first quarter at constant exchange rates. The acquisitions of Nordic Info Group and of the outstanding interests in Scorex contributed 11% of this growth. Sales growth in the UK was particularly high in the quarter.

Excluding acquisitions, Credit Information and Credit Solutions sales together grew at double-digit rates (with strong performances in business information, account processing and decision solutions, including the new Experian-Scorex business). There was also double-digit sales growth in Marketing Information and Marketing Solutions. Outsourcing sales were below those of last year, affected by weakness in the French processing activities, which was partly caused by the anticipated end of a three-year contract with one client.

Experian International has recently acquired Yell Data, which provides access to more than 1.6m UK business records for targeted direct mailing and telemarketing campaigns. This small strategic acquisition will provide unique access to the most comprehensive business-to-business marketing information available in the UK and further strengthens Experian's existing business.

Burberry

Following the partial IPO of Burberry Group plc, GUS retains a 77% stake in Burberry. The following is an abridged version of Burberry's Trading Update released on 14 July 2003.

% change in sales year on year for the three months to 30 June 2003

Total	18
Total at constant exchange rates	22

Total sales in the first quarter increased by 18%, or by 17% on an underlying basis (i.e. at constant exchange rates and excluding the impact of the Korea acquisition in July 2002).

Total Retail sales increased by 33%, or by 21% on an underlying basis, driven primarily by contributions from stores opened in the last 12 months. Comparable store sales, which declined modestly over the first seven weeks of the period, recorded a marginal gain for the quarter as a whole.

As previously announced, Burberry anticipates high single digit wholesale sales growth for the Autumn/Winter 2003 season. In the first quarter, total Wholesale sales increased by 5%, or by 14% on an underlying basis.

Total Licensing revenue in the first quarter increased by 4%, or by 7% on an underlying basis. Royalties from the Japanese market reflected increases in certain royalty rates and single digit volume gains.

Future announcements

The First Half Trading Update will be on 15 October 2003. GUS will announce its interim results for the six months to 30 September 2003 on 20 November 2003.

Exemption number 82-5017

London, August 5, 2003 -- Burberry Group plc, the international luxury goods national luxury goods company, announced today that Michael Metcalf, Chief Operating and Financial Officer, has decided to stand down effective March 31, 2004. Mr Metcalf has held his current position at Burberry since August 1998. During this time, he has been closely involved in the transformation of the business as well as the Group's successful listing on the London Stock Exchange last July.

Rose Marie Bravo, Chief Executive of Burberry, said, "We will be sorry to see Mike go, but we respect both his decision and the thoughtfulness with which he is orchestrating his departure. In his 5-year tenure, Mike has made a very real contribution to Burberry, overseeing significant operational change as well as preparing the Group for last year's partial IPO." Ms. Bravo continued, "On behalf of the Board and everyone in the Company, I wish to extend our thanks to Mike and wish him every success in the future."

Mike Metcalf said, "I have had five extremely challenging and enjoyable years at Burberry, and am immensely proud of the progress that has been made by everyone in the Company. After careful reflection, I have come to the decision that now is a good time to look for new opportunities outside the Group."

Note to editors:

Burberry is a distinctive luxury brand with international recognition and broad appeal. The total retail value of Burberry product - which includes product sold through Burberry's own stores, through leading and prestige department stores and specialty retailers, and via licensing partners - is approximately £2 billion.

The Group has a clear strategy of growth through its focus on expanding in selected products, channels and geographies. Since the arrival of a new management team, starting in 1997, the Burberry brand has been successfully repositioned in line with its luxury heritage.

As a result of this strategy, total revenues for the 12 months to 31 March 2003 grew by 19% to £593.6 million, and operating profit before goodwill increased by 29% to £116.7 million. In the three months to 30 June 2003, total revenues increased by 18%.
