FIRST HALF 2003 CEMENTS FRANÇAIS NET INCOME : STABLE

The Board of Directors, chaired by Yves René Nanot, examined and approved the consolidated accounts for the first half of 2003 along with Ciments Français S.A. financial statements in its meeting of September 2, 2003.

CONSOLIDATED ACCOUNTS

(in millions of euros)	1 st half 2003	1 st half 2002	Variation %
Sales	1,422.8	1,442.6	-1.4
Operating income	229.9	240.6	-4.4
Net income (Group share)	80.5	80.0	0.6

OPERATIONS

Sales for the first half of 2003 were 1,422.8 million euros, down 1.4% compared with the same period 2002 but up 2.7% on a like for like basis.

Business shrank in France and the United States. This trend is set to continue for the second half.

However, southern Europe and emerging countries, with the exception of India, are still enjoying growth. Thailand especially, benefited from a rise in sales prices. Pressure on prices continues to hit operational performances in India and Turkey.

RESULTS

In such an uncertain economic background, with an increasing exchange rate volatility, Operating income was slightly reduced. Net income remained stable at 80.5 million euros (versus 80.0 million euros as of June 30, 2002).

Group's net financial debt came down to 1,578 million euros.
