21 January 2003

AMP 2002 profit expectations

AMP has reduced its current estimate of the 2002 operating margins of its UK Financial Services business by around £36 million (A$100 million) from the £112 million (A$311 million) estimate provided at its 4 December market briefing.

About £8 million (A$22 million) of this reduction reflects the deterioration in equity and bond markets from the assumptions held on 4 December to the actual market close on 31 December.

A further £15 million (A$42 million) reduction is anticipated because it is becoming clear during AMP's year-end financial processes that earlier assumptions underestimated the cumulative effect of weak equity markets on the margins released through its 90:10 funds. This is expected to have a similar effect on UK Financial Services' margins in 2003, all other things being equal.

In addition, the year-end processes are indicating the need for a top-up in provisions for pensions mis-selling and other potential liabilities to policyholders of about £13 million (A$36 million).

The anticipated reduction in UK Financial Services' operating margins means that AMP now expects to report a 2002 net operating profit of around A$500 million before write-downs, asset sales and restructuring costs. After those items, AMP currently expects to report a total net loss of around A$900 million for the 2002 year.

As AMP's year-end processes are still in their early stages, all estimates remain subject to final actuarial and audit review and sign-off. AMP will report its full 2002 financial results on 26 February 2003.

Payments of Reset Preferred Securities (RPS) distributions will not be affected by this announcement or the previously announced writedowns.

UK Financial Services is separately announcing details of its 2002 bonus rates on with-profit policies in the UK today. These will range from 0 to 5 per cent. The UK media release is available on AMP's website at www.ampgroup.com. These bonus decisions do not directly impact the 2002 operating margins of UK Financial Services.

"The UK results underline the impact of depressed equity markets and the continued difficult operating environment we face there," AMP's Chief Executive Officer Andrew Mohl said.

"However, we have over A$7 billion of our capital invested in the UK and we are committed to extracting value from our mature business and selectively growing our contemporary business in the best interests of shareholders."

AMP warns shareholders to beware of offers to buy shares below their market price

AMP has today warned its retail shareholders to beware of the continued tactics by National Exchange Proprietary Ltd to buy AMP ordinary shares at prices below their current market price.

AMP has received a number of calls from retail shareholders concerned about such unsolicited offers.

AMP Chief Executive Officer, Andrew Mohl, said in the wake of continued efforts by National Exchange Proprietary Ltd, AMP has reinforced its concern that shareholders should be alert to any unsolicited offer to buy shares below their market price.

"AMP shareholders should exercise extreme caution before accepting any unsolicited offer from David Tweed's company, National Exchange Proprietary Ltd.

"It is of great concern to me if any AMP shareholder accepted an offer to sell their ordinary shares for less than their market price," Mr Mohl said.

He said AMP welcomed recently proposed Commonwealth legislation making it compulsory for any share dealer offering to buy shares to state their current market value.

National Exchange Proprietary Ltd has been accessing the personal information of AMP shareholders from the public share register since late last year and is again now offering to buy AMP ordinary shares.

Under Chapter 2C of the Corporations Act, National Exchange Proprietary Ltd can obtain shareholder details from any publicly listed company. These details include: shareholders' names, addresses, number of shares held and date on register.

Mr Mohl said it was important that shareholders always check the current trading price of AMP shares as well as consult an independent financial adviser before selling their shares.

National Exchange Proprietary Ltd is known to have contacted shareholders of other companies with offers to buy shares at prices below their market price.

12 February 2003

AMP response to ratings announcement

AMP notes the ratings actions announced today by Standard & Poor's (S&P).

Chief Executive Officer Andrew Mohl said AMP was pleased that S&P had moved to resolve the negative creditwatch placed on the company late last year.

"The different outcomes across the company reflect the market conditions and issues facing each business but overall, the most important point is that AMP remains financially strong," he said.

Mr Mohl said AMP was particularly pleased that the strength of the Australian Financial Services business had been recognised with the confirmation of the AMP Life rating at AA-.

"This action recognises the strength and security of the franchise that AMP has in Australia. Customers should feel reassured that S&P has acknowledged AMP's 'preeminent market position in its Australian home market and its solid capital and earnings profile'," Mr Mohl said.

The BBB+ rating assigned to Pearl is the standard rating for a business in run-off. AMP has already announced its intention to close the Pearl with-profits fund by the end of 2003.

"The lifting of the outlook for Pearl from negative to stable is a positive move, and recognises the decisive actions we have taken to underpin the financial position of this business. These actions include reducing the sensitivity of our funds to further falls in the FTSE through the disciplined use of derivatives," Mr Mohl said.

"While the change in the NPI rating to A is disappointing, it reflects the extremely difficult market conditions which the entire UK life industry is facing. This is evident in rating downgrades to many other UK life insurers in recent months."

The AMP Group Holdings Ltd rating has been lowered to A-. This takes the Group Holdings rating back to the level assigned before the RPS issue in October last year.

Mr Mohl said the negative outlook that remains on a number of AMP entities reflects the continued difficult operating environment in the UK and uncertainty over UK equity markets.

The ratings actions announced today by S&P are:

Company	Previous Rating	New Rating
AMP Group Holdings	A / Neg. Watch/A-1	A- / Neg. Outlook/A-2
AMP Life	AA-/ Neg. Watch	AA- / Neg. Outlook
NPI Ltd	A+ / Neg. Watch	A / Neg. Outlook
Pearl Assurance	A / Neg. Watch	BBB+
AMP Bank	A/ Neg. Watch / A-1	A- / Neg. Outlook/A-2

SUBJECT : Confirmation of Briefings

ANNOUNCEMENT NO.: 6/03

Confirmation of Briefings

AMP Limited will be holding open briefings to discuss its results for the year to 31 December 2002. The results will be released to the Australian Stock Exchange on 26 February 2003.

AMP will hold two briefings on 26 February 2003 to discuss the results and both will be webcast live via AMP's website (www.ampgroup.com). A media briefing will be held at 10.30am and an analysts briefing at 1.30pm.

In addition, a series of one-on-one meetings with institutional investors will be held in the weeks following these briefings. The purpose is to provide context around the 2002 annual results. These meetings will be held in Australia, the United Kingdom, Europe, Asia and the United States.

A copy of presentation materials to be used in all briefings will be posted on the AMP website with the results information on 26 February.

Press speculation about AMP Chairman

AMP has been asked by the Australian Stock Exchange to respond to media reports that Chairman Stan Wallis will announce his intention to retire earlier than anticipated.

AMP confirms that Mr Wallis has not advised the Board of his early resignation. Any announcement of such a decision would be made in accordance with the ASX Listing Rules.

The Board is meeting this week to consider and approve the 2002 annual results, which will be announced to the market on Wednesday 26 February 2003.

Announcement No: 8/03

Mr Wallis retires as Chairman of AMP Limited

Mr Stan Wallis today announced following an AMP Board meeting that he will retire as AMP Chairman and a director of the company as from tomorrow.

Mr Peter Willcox who is currently Chairman elect will succeed Mr Wallis.

Mr Wallis said that he had been working closely with Mr Willcox over the last two months to transition his responsibilities.

"At the time of Peter's appointment as Deputy Chairman and Chairman elect, I announced I would not retire until the middle of the year.

"However I now believe it is in the best interests of the company for Peter Willcox to assume forthwith the chairmanship of AMP.

"This clears the way for Peter to pursue an accelerated agenda to revitalise AMP with a new Board and the new management team."

On Monday, AMP was required by the ASX to respond to media speculation. AMP stated that Mr Wallis had not advised the Board of his early resignation. The timing of Mr Wallis's resignation has been brought forward as part of the wider changes in Board membership which were agreed at the Board meeting today.

AMP announces changes to Board

AMP Chairman elect Peter Willcox today announced a restructure of the AMP Limited Board resulting in the Board having a substantial majority of new and recently appointed directors.

"The Board recognises that shareholders have every right to be disappointed with AMP's performance," he said.

"The directors unanimously agreed that the creation of a new Board with a fresh approach will better assist me and the new CEO Andrew Mohl to reinvigorate this great Australian company.

"To facilitate an orderly transition and retain corporate knowledge, it was agreed that the restructure of the Board would take place in stages."

The stages are:

- Stan Wallis has decided that his previously announced retirement as Chairman and director will take effect from tomorrow. Patricia Cross has also elected to retire from tomorrow
- Sir Malcolm Bates, Paul Mazoudier and Ian Renard will retire in the course of the next six months
- Lord Killearn (Chairman of Henderson Global Investors) and Richard Grellman (Chairman of the Board audit and compliance committee) have agreed to remain on the AMP Board
- Newly appointed executive directors Andrew Mohl and Roger Yates will remain on the AMP Board.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Sir Malcolm Bates, Paul Mazoudier and Ian Renard have agreed to stay for an interim period to ensure an orderly transition. Beyond this point, the Board agreed that five of the current directors should remain. Three of these directors – Peter Willcox, Andrew Mohl and Roger Yates – have all been appointed within the last six months. Richard Grellman and Lord Killearn will stay on to provide continuity.

At the Annual General Meeting the five current directors who will remain on the Board in the longer term will stand for election.

"I hope to announce the appointment of up to three new non-executive directors over the coming months," Mr Willcox said.

"The search firm Spencer Stuart has been retained to assist us choose suitable candidates with the personal attributes and experience we seek.

Mr Willcox said that a number of changes would be made to current Board practices.

"Consideration is being given to a new long-term equity program for Directors involving fee sacrifice to replace the current system of cash-based retirement allowances for non-executive directors. Existing obligations to directors would be met," he said.

"This move reflects a change in community attitudes to directors remuneration and retirement benefits. I have not entered into a retirement allowance agreement pending these changes.

"In addition the Board has agreed that the term for Directors would generally be no longer than nine years. Any non-executive director remaining on the Board after nine years will be subject to annual re-election by shareholders at the annual general meeting. To allow this an amendment to the constitution will be put to shareholders.

"Over time this should ensure that the Board is continually renewed."

Mr Willcox also confirmed that the AMP Board and Paul Batchelor (the former CEO of AMP) are currently in dispute over Mr Batchelor's entitlement to payment on termination. Negotiations are continuing in an attempt to resolve this dispute.

"AMP remains committed to communicating to shareholders the amount of any payment as soon as it has been decided," he said.

"We made a commitment to communicate as soon as any amount was agreed and that commitment stands."

Name of entity

AMP Limited

ABN

49 079 354 519

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

1	+Class of +securities issued or to be issued	Options
2	Number of +securities issued or to be issued (if known) or maximum number which may be issued	185,000
3	Principal terms of the +securities (eg, if options, exercise price and expiry date; if partly paid +securities, the amount outstanding and due dates for payment; if +convertible securities, the conversion price and dates for conversion)	**100,000 options:** Exercise price: $14.28 Expiry date: 30 November 2003 **35,000 options:** Exercise price: $16.13 Expiry date: 31 December 2003 **50,000 options:** Exercise price: $16.49 Expiry date: 31 December 2003

+ See chapter 19 for defined terms.

4	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	Yes.
5	Issue price or consideration	See clause 3 above for details
6	Purpose of the issue (If issued as consideration for the acquisition of assets, clearly identify those assets)	The options were granted under the AMP Executive Option Plan, copy of which had been lodged with ASX.
7	Dates of entering +securities into uncertificated holdings or despatch of certificates	• 100,000 options entered on 21 February 2003; and • 85,000 options entered on 25 February 2003.

8	Number and +class of all +securities quoted on ASX (including the securities in clause 2 if applicable)	Number	+Class
		1,159,454,066	Ordinary

9	Number and +class of all +securities not quoted on ASX (including the securities in clause 2 if applicable)	Number	+Class
		Total no. issued as at 25 February 2003. 33,847,913	Various Classes issued on various dates

10	Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests)	N/A

Part 2 - Bonus issue or pro rata issue

11	Is security holder approval required?	N/A
12	Is the issue renounceable or non-renounceable?	N/A

+ See chapter 19 for defined terms.

13	Ratio in which the +securities will be offered	N/A
14	+Class of +securities to which the offer relates	N/A
15	+Record date to determine entitlements	N/A
16	Will holdings on different registers (or subregisters) be aggregated for calculating entitlements?	N/A
17	Policy for deciding entitlements in relation to fractions	N/A
18	Names of countries in which the entity has +security holders who will not be sent new issue documents Note: Security holders must be told how their entitlements are to be dealt with. Cross reference: rule 7.7.	N/A
19	Closing date for receipt of acceptances or renunciations	N/A
20	Names of any underwriters	N/A
21	Amount of any underwriting fee or commission	N/A
22	Names of any brokers to the issue	N/A
23	Fee or commission payable to the broker to the issue	N/A
24	Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of +security holders	N/A
25	If the issue is contingent on +security holders' approval, the date of the meeting	N/A
26	Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled	N/A

+ See chapter 19 for defined terms.

27	If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders	N/A
28	Date rights trading will begin (if applicable)	N/A
29	Date rights trading will end (if applicable)	N/A
30	How do +security holders sell their entitlements *in full* through a broker?	N/A
31	How do +security holders sell *part* of their entitlements through a broker and accept for the balance?	N/A
32	How do +security holders dispose of their entitlements (except by sale through a broker)?	N/A
33	+Despatch date	N/A

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(*tick one*)

(a) ☐ Securities described in Part 1

(b) ☐ All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 ☐ If the +securities are +equity securities, the names of the 20 largest holders of the additional +securities, and the number and percentage of additional +securities held by those holders

36 ☐ If the +securities are +equity securities, a distribution schedule of the additional +securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000

+ See chapter 19 for defined terms.

10,001 - 100,000
100,001 and over

37 ☐ A copy of any trust deed for the additional +securities

(now go to 43)

Entities that have ticked box 34(b)

38	Number of securities for which +quotation is sought	N/A
39	Class of +securities for which quotation is sought	N/A
40	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	N/A

43 Payment method (tick one)

☐ Cheque attached

☐ Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

☑ Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 +Quotation of our additional +securities is in ASX's absolute discretion. ASX may quote the +securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the +securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those +securities should not be granted +quotation.
- An offer of the +securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

+ See chapter 19 for defined terms.

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any +securities to be quoted and that no-one has any right to return any +securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the +securities be quoted.

- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the +securities to be quoted, it has been provided at the time that we request that the +securities be quoted.

- If we are a trust, we warrant that no person has the right to return the +securities to be quoted under section 1019B of the Corporations Act at the time that we request that the +securities be quoted.

3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before +quotation of the +securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

26 February 2003

AMP bottom line loss of A$896 million

Writedowns and restructuring costs of A$1,571 million have resulted in a bottom line loss of A$896 million for the year to 31 December 2002, AMP announced today, in line with guidance given to the market in January 2003.

Profit after tax but before other items was A$495 million, compared with A$667 million in the previous corresponding period.

Directors have declared a final dividend of A$0.20, taking total dividend for the year to A$0.46 compared with A$0.51 in 2001. The reduction reflects the lower level of underlying earnings.

AMP Chief Executive Officer Andrew Mohl said difficult investment markets had resulted in reduced operating margins, as well as significant reductions to the carrying value of a number of businesses.

"While the impact of depressed investment markets is outside our control, shareholders have every right to feel disappointed in AMP's recent performance," Mr Mohl said.

"It is clear that our strategy was over-ambitious, particularly in the UK.

"To address this, we have conducted a thorough review of strategy. Actions to date include a new senior management team, the establishment of two UK financial services businesses to reduce our risks, the scaling back of our growth ambitions, sale of non-core assets and a cost reduction programme.

"Despite our obvious problems, we have strong businesses in Australian Financial Services and Henderson Global Investors. Given current market conditions, these businesses have performed extremely well.

"Ultimately, we are concentrating on the things we can control and if markets get worse, we are ready."

Summary of results

Performance in **Australian Financial Services** (AFS) was strong given difficult market conditions. Operating margins were down 9 per cent to A$334 million.

An 11 per cent fall in total new business to A$9,368 million was solid given the external environment. Corporate Superannuation was a highlight with new business up 12 per cent to A$2,418 million, reflecting several successful tenders.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Persistency remained stable at 83.8 per cent, a strong result in a year when capital guaranteed investment options closed and fund inflows were down. This reflects better customer retention strategies.

AFS made a number of changes during the year aimed at becoming even more operationally efficient and competitive. AMP Direct was integrated into other parts of the business, while cost savings were achieved across support functions and IT. Controllable costs fell 8 per cent while the cost to income ratio was steady at 44 per cent.

In New Zealand, underlying net profit was A$42.7 million compared with A$45.5 million previously. Sales of risk products such as life insurance were up significantly on the previous year, while sales of managed investments and superannuation products were below expectations but in line with overall industry performance.

AFS Return on Invested Capital (RoIC) was down only marginally at 13.8 per cent, with A$971 million of net capital released in 2002.

Operating margins in **UK Financial Services** fell 36 per cent to A$211 million, reflecting the toughest market conditions in decades.

New business fell 21 per cent to A$6,856 million. Hardest hit was new business through the Direct Sales Force, down 36 per cent. Given the environment of volatile markets and the issues surrounding Pearl regulatory capital position, a fall in IFA sales of 14 per cent was a creditable result. The Corporate Pensions business, established in May 2002, continued to grow off a small base.

Persistency in UKFS was 88 per cent, compared with 89 per cent previously.

To combat the impact of volume reductions and margin pressure, UKFS is undergoing a significant cost management programme. In 2002, the cost to income ratio was steady at 64 per cent.

RoIC was disappointingly low at 6.5 per cent, down from 10.2 per cent previously.

In **Henderson Global Investors (HGI),** operating margins held up well in difficult markets, falling 8 per cent to A$192 million from A$208 million in the previous corresponding period. Assets under management fell by 13 per cent to A$255.6 billion.

Strict cost control resulted in only a slight increase in the cost to income ratio to 69 per cent.

Henderson continued to expand selectively during the year in key areas including property and private capital. Distribution capability in Europe was also expanded.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

RoIC in Henderson was down slightly at 10.7 per cent.

Writedowns and restructuring losses were broadly in line with forecasts at A$1,227 million and A$344 million respectively.

"These writedowns reflect a material reduction in the carrying value of several acquisitions and new ventures in line with the realities of the current market," Mr Mohl said.

The writedowns included A$523 million related to UKFS assets; a reduction in Henderson's NPI goodwill of A$244 million; and A$460 million related primarily to former AMP International assets.

Mr Mohl said transformation costs of A$344 million were associated with the strategic review undertaken after his appointment, and in line with his five point reform agenda. Costs include redundancy payments, write-offs of capitalised expenditure and other product-related closure costs.

The reform agenda includes a greater emphasis on profitable products and channels, the scaling back of growth ambitions, improved disclosure, changing behaviours and leadership.

The statutory accounts released with the results include details of payments to a number of executives who left the organisation last year. The payment to former CEO Paul Batchelor is not included as it is yet to be finalised. AMP has announced separately that it is in dispute with Mr Batchelor about this matter.

"These payments were part of the cost of the reform agenda that I started last year. My decision to put in place a new team around me was important because it enabled AMP to drive through the changes that this company needed to make – and make quickly - as part of that reform agenda," Mr Mohl said.

"We accept that people find it difficult to understand why these payments are made. In this case, they include contractual rights and payments made in mitigation of other legal claims. This was verified by expert external advice."

Current issues

Capital management

AMP's UK regulatory capital position was under intense pressure in 2002 following significant and sustained falls in the UK FTSE index.

All UK life entities currently exceed Minimum Regulatory Capital requirements set by the UK Financial Services Authority (FSA). In addition, AMP has used number of approaches including derivatives, hedging and lower Equity Backing Ratios (EBR) to reduce sensitivity to equity markets.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

"Our initiatives now in place support our goal to avoid the need for the shareholder to invest additional capital into our UK businesses, even at a FTSE level of 3,000 or lower," Mr Mohl said.

In terms of the Group's overall capital management, Mr Mohl said that AFS is expected to continue to supply capital in 2003, while HGI will have little need for capital for organic growth.

"AMP remains soundly capitalised and we have no plan for an equity capital raising at this time," he said.

UK earnings

Mr Mohl said specific estimates for 2003 were not appropriate in light of the increasing uncertainty in the UK market.

"We have taken the steps necessary to protect our regulatory capital position. However this has an impact on earnings moving forward. Overall the operating margin outlook for 2003 is very uncertain and all current forces are pushing earnings lower.

"While earnings from this business will be constrained at current market levels, the business still has a large capital base. We are extremely focused on protecting and releasing this capital over the medium to long term."

Conclusion

Since the end of 2002 global investment markets, particularly in the UK, have weakened. If global markets weaken further or remain at current levels, the group's profitability will be adversely affected.

"We are not expecting better markets in the short term. That is why we are concentrating on managing the key issues facing the business, particularly in the UK," Mr Mohl said.

"While some of the decisions have been tough - and the consequences unpleasant - they have been necessary to face the realities of extended bear markets and to make the changes this company needed to make.

"In the medium term, our business portfolio and strategic positioning will improve and we remain focused on achieving long term shareholder value through the disciplined execution of our strategy."

1.21	**Profit (loss) from ordinary activities after tax, attributable to members**	**(896)**	**690**

Details of revenues from ordinary activities

	Premium and related revenue		
1.22	Premium and related revenue received and receivable	16,767	18,103
1.23	Less deposits recognised as an increase in life insurance policy liabilities[1]	(13,379)	(13,649)
1.24	**Premium and related revenue- recognised as revenue[1]**	**3,388**	**4,454**
	Fees and other revenue		
1.25	Banking business fees	40	20
1.26	Investment and management fees	740	720
1.27	Service fees	151	420
1.28	Financial advisory fees	44	39
1.29	Other revenue[2]	498	610
1.30	**Total fee and other revenue**	**1,473**	**1,809**
	Investment gains (losses)		
1.31	Interest	3,802	4,055
1.32	Dividends and distributions	2,045	2,047
1.33	Net rents	903	895
1.34	Net realised and unrealised gains (losses)[3]	(14,952)	(8,773)
1.35	Other	415	171
1.36	**Total investment revenue**	**(7,787)**	**(1,605)**

Note:

1. *In 2001, an amount of $299m has been reclassified out of claims expense to correctly reflect reinsurance and other recoveries as revenue to ensure comparability with the current year. The changes do not affect the calculation of net profit (loss).*
2. *Other revenue includes the operating revenue of investment controlled entities providing various non financial services such as mining, farming and retailing.*
3. *Net realised and unrealised gains (losses) includes:*
   2002: (i) $1,040m writedown of the carrying value of investments to market value (total $1,227m including $121m writedown of goodwill to recoverable amount and $66m of operating expenses); and
   (ii) $366m proceeds (net of sale costs) from the sale of Cogent. After taking into account the carrying value of the assets sold, and expenses incurred in the disposal and separation of the business, the profit on sale after tax is $204m.
   2001: (i) $1,362m proceeds (net of sale costs) from the sale of the General Insurance business. After taking into account the carrying value of the assets sold, and expenses incurred in the disposal and separation of the business, the profit on sale after tax is Nil.

Details of expenses from ordinary activities

		Current period $A'm	Previous corresponding period $A'm
	Claims		
1.37	Claims paid and payable	(20,705)	(19,961)
1.38	Less withdrawals recognised as a reduction in life insurance policy liabilities[1][2]	14,296	12,118
1.39	**Total claims (expense) credit[1][2]**	**(6,409)**	**(7,843)**
	Operating expenses		
1.40	Advertising and marketing	(99)	(120)
1.41	Amortisation of goodwill	(54)	(55)
1.42	Writedown of goodwill	(121)	-
1.43	Bad and doubtful debts expense	(27)	(32)
1.44	Fee expense on banking business	(35)	(39)
1.45	Information technology and communication	(424)	(448)

7.33	Exchange rate adjustments to item 7.32	142	342
7.34	**Cash at end of period** (see Reconciliation of cash)	**13,069**	**9,315**

Note:

1. *Includes payments to acquire units which result in AMP holding a controlling interest in unit trusts. The majority of the underlying assets of those trusts comprise investment assets. The amounts are net of cash acquired.*

Non-cash financing and investing activities

Details of financing and investing transactions which have had a material effect on consolidated assets and liabilities but did not involve cash flows are as follows. If an amount is quantified, show comparative amount.

N/A

Reconciliation of cash

	Reconciliation of cash at the end of the period (as shown in the consolidated statement of cash flows) to the related items in the accounts is as follows:	Current period $A'm	Previous corresponding period $A'm
8.1	Cash on hand	1,321	881
8.2	Cash on deposit	10,037	7,604
8.3	Deposits in	(2,500)	(2,107)
8.4	Bank overdraft	(84)	(50)
8.5	Short term bills and notes (inlcuded in investments)	4,295	2,987
8.6	**Total cash at end of period** (item 7.34)	**13,069**	**9,315**

Ratios

		Current period	Previous corresponding period
9.1	**Profit after tax attributable to shareholders / premium, fee and other revenue** Net profit (loss) for the period attributable to members (item 1.10) as a percentage of premium, fee and other revenue (item 1.1a, 1.1b) The movement in unattributed life funds (classified as other equity interests) is a significant and necessary factor in determining shareholder profit. Consequently, a ratio based on consolidated profit (loss) from ordinary activities before tax (item 1.4) which excludes movements in unattributed life funds is not a meaningful measure of the performance of the business. A more appropriate measure is; profit after tax attributable to shareholders/premium, fee and other revenue.	-18.4%	11.0%
9.2	**Profit after tax / equity interests** Consolidated net profit (loss) from ordinary activities after tax attributable to members (item 1.10) as a percentage of equity (similarly attributable) at the end of the period (item 4.28)	-10.5%	7.3%

Earnings per security (EPS)

Details of basic and diluted earnings per share reported separately in accordance with paragraph 9 and 18 of AASB 1027: 'Earnings Per Share' are as follows:

	Current period (millions)	Previous corresponding period (millions)
Weighted average number of ordinary shares used to calculate basic EPS	1,138	1,114
Add: potential ordinary shares considered dilutive	-	8
Weighted average number of ordinary shares used to calculate diluted EPS	1,138	1,122
Earnings used in calculating basic EPS (1.10)	($896)	$690
Earnings used in calculating diluted EPS (1.10)	($896)	$690

Only ordinary shares have been included in the calculation of basic earnings per share. Options over unissued ordinary shares, performance rights and AMP Reset Preferred Securities have been classified as potential ordinary shares and have been considered in the calculation of diluted earnings per share.

All options and the AMP Reset Preferred Securities have been determined not to be dilutive for 2002.

Since the end of the financial year and up to the date of this report there have been no movements in options, shares and AMP Reset Preferred Securities, except for the lapse of 873,764 options, the grant of 85,000 options and the grant of 82,297 performance rights.

NTA backing

	Current period $A	Previous corresponding period $A
11.1 Net tangible asset backing per ordinary security	$6.54	$7.67

Discontinuing operations

Entities must report a description of any significant activities or events relating to discontinuing operations in accordance with with AASB 1042: 'Discontinuing Operations'.

N/A

Control gained over entities having material effect

13.1	Name of entity (or group of entities)	N/A
13.2	Consolidated profit (loss) from ordinary activities and extraordinary items after tax of the entity (or group entities) since the date in the current period on which control was acquired	N/A
13.3	Date from which such profit has been calculated	
13.4	Profit (loss) from ordinary activities and extraordinary items after tax of the entity (or group of entities) for the whole of the previous corresponding period	

Loss of control of entities having material effect

14.1	Name of entity (or group of entities)	Cogent
14.2	Consolidated profit (loss) from ordinary activities and extraordinary items after tax of the entity (or group of entities) for the current period to the date of loss of control	A$4m
14.3	Date to which the profit (loss) in item 14.2 has been calculated	1 Spetember 2002
14.4	Consolidated profit (loss) from ordinary activities and extraordinary items after tax of the entity (or group of entities) while controlled during the whole of the previous corresponding period	A$24m
14.5	Contribution to consolidated profit (loss) from ordinary activities and extraordinary items from sale of interest leading to loss of control	A$204m

Dividends

15.1	Date the dividend is payable	Monday, 28th April 2003
15.2	Record date to determine entitlements to the dividend (ie, on the basis of registrable transfers received by 5.00 pm if securities are not CHESS approved, or security holding balances established by 5.00 pm or such later time permitted by SCH Business Rules if securities are CHESS approved)	Friday, 4th April 2003
15.3	If it is a final dividend, has it been declared?	Yes

Amount per security

			Amount Per Security	Franked Amount per Security at 30% tax	Amount Per Security of Foreign Source Dividend
15.4	**Final dividend:**	Current year	20 cents	15%	N/A
15.5		Previous year	26 cents	15%	N/A
15.6	**Interim dividend:**	Current year	26 cents	15%	N/A
15.7		Previous year	25 cents	15%	N/A

Total dividend per security (interim plus final)

(preliminary final report only)

		Current year	Previous year
15.8	Ordinary securities	46 cents	51 cents
15.9	Preference securities	N/A	N/A

Preliminary final report - final dividend on all securities

		Current period $A'm	Previous corresponding period $A'm
15.10	Ordinary securities	232	293
15.11	Preference securities	N/A	N/A
15.12	**Total**	**232**	**293**

The dividend or distribution plans shown below are in operation.

AMP Limited offers a Dividend Reinvestment Plan under which shareholders who have a registered address in, and are residents of, Australia and New Zealand are invited to reinvest all or part of any dividends receivable in additional shares. The price of the shares issued under the plan is the market price of the shares as defined in the plan rules rounded down to the nearest 10 cents.

The last date(s) for receipt of election notices for the dividend or distribution plans	Friday, 4th April 2003
Any other disclosures in relation to dividends	N/A

Details of aggregate share of profits (losses) of associates and joint venture entities

		Current period $A'm	Previous corresponding period $A'm
16.1	Profit (loss) from ordinary activities before income tax	N/A	N/A
16.2	Income tax on ordinary activities	N/A	N/A
16.3	**Profit (loss) from ordinary activities after income tax**	**N/A**	**N/A**
16.4	Extraordinary items net of tax	N/A	N/A
16.5	**Net profit (loss)**	**N/A**	**N/A**
16.6	Adjustments	N/A	N/A
16.7	**Net profit (loss) attributable to members**	**N/A**	**N/A**

Material interests in entities which are not controlled entities

Name of entity	Percentage of ownership interest held at end of period or date of disposal		Contribution to net profit (loss) (item 1.8)	
	Current period	Previous corresponding period	Current period $A'm	Previous corresponding period $A'm

Segment reporting (continued)

Business segments

Australian Financial Services (AFS) - AMP Financial Services provides financial planning, investment services, superannuation and life insurance products in Australia and New Zealand.

UK Financial Services (UKFS) - UK Financial Services provides savings, investment, insurance, retirement products and financial planning services.

Henderson Global Investors (HGI) - Henderson Global Investors provide investment management services including private capital and property portfolios and socially responsible investments.

AMP Banking - AMP Banking provides mortgage and savings products and credit card services in Australia, New Zealand and the UK and property finance services in Australia and New Zealand. The credit card portfolio was sold on 23 December 2002 and a structured sale process is currently underway for AMP Banking's property finance business in Australia and New Zealand and the UK and New Zealand mortgage businesses.

General Insurance - comprises corporate insurance operations, mortgage insurance operations and reinsurance operations. In 2001 the amount includes the general insurance business which was sold in July 2001.

Other - includes the provision of support services to the business units, corporate funding, investment of shareholder capital not allocated to reportable segments, as well as non core businesses previously reported as part of AMP International, but which are no longer reportable segments. In 2002, other includes proceeds from the sale of Cogent of $366m (net of sale costs).

Comments by Directors

Basis of financial report preparation

19.1 Material factors affecting the revenues and expenses of the economic entity for the current period

Details of factors affecting the revenues and expenses of the economic entity for the current period are set out in the attached Directors' Report and Financial Report.

19.2 A description of each event since the end of the current period which has had a material effect and is not related to matters already reported, with financial effect quantified (if possible)

Refer to attached Directors' Report and Financial Report.

19.3 Franking credits available and prospects for paying fully or partly franked dividends for at least the next year

Based on current estimates, it is likely that future dividends will be partly franked to 15%. At 31 December 2002, there is a balance of $80 million in the dividend franking account after adjusting for: 1) Franking credits which will arise from the payment of income tax provided in 2002 or earlier 2) Franking credits utilised in paying the 2002 interim dividend 3) Franking credits the group may be prevented from distributing in the subsequent period.

19.4 Changes in accounting policies, estimation methods and measurement bases used in this report are the same as those used in the last annual report except as follows:

Comparative information Where necessary, comparative information has been reclassified to enhance comparability with current period disclosures.

19.5 Revisions in estimates of amounts reported in previous interim periods.

N/A

Additional disclosure for trusts

20.1	Number of units held by the management company or responsible entity or their related parties.	N/A
20.2	A statement of the fees and commissions payable to the management company or responsible entity. Identify: • initial service charges • management fees • other fees	N/A

Annual meeting

(Preliminary final report only)

The annual meeting will be held as follows:

Place	City Recital Hall, Angel Place, Sydney
Date	15-May-03
Time	10am
Approximate date the annual report will be available	Early April 2003

Compliance statement

1 This report has been prepared in accordance with AASB standards, other AASB authoritative pronouncements and Urgent Issues Group Consensus Views or other standards acceptable to ASX.

Identify other standards used

As discussed in Note 1 of the notes to the financial statements, AMP has complied with Accounting Standards as defined in the Corporations Act 2001.

2 This report, and the accounts upon which the report is based (if separate), use the same accounting policies.

3 This report does give a true and fair view of the matters disclosed.

4 This report is based on accounts to which one of the following applies.

(Tick one)

- [x] The accounts have been audited.
- [ ] The accounts have been subject to review.
- [ ] The accounts are in the process of being audited or subject to review..
- [ ] The accounts have not yet been audited or reviewed.

5 The entity has a formally constituted audit committee.

Concise Directors' Report

2002

DIRECTORS' REPORT

For the year ended 31 December 2002

Your Directors present their report on the consolidated entity consisting of AMP Limited (the Company) and the entities it controlled at the end of or during the year ended 31 December 2002 (AMP Group).

Directors' details

Details of Directors of the company in office at the time of signing this report, and each Director's qualifications, experience and special responsibilities are as follows:

Stan Wallis, AC - Age 63.
Chairman
BCom, Hon LLD (Monash), FCPA, FAIM, FCIM, FCIS

Member of the Board since 1990. Appointed Chairman in 2000. Chairman of the Board's Nomination Committee and member of its Governance and Remuneration Committees. Retiring as a Director on 26 February 2003, following the signing of this report.

Experience
40-plus years' industrial and financial services experience. Former Managing Director (18 years) and Chairman (four years) of Amcor Limited. Previous Chairman of retailer Coles Myer Limited. Past President of the Business Council of Australia and former Chairman of the 1996/1997 Committee of Inquiry into the Australian Financial System.

Other directorships
Director of Australian Foundation Investment Company Limited.

Peter Willcox - Age 57.
Chairman-elect
BA (Hons), MA (Physics) Cambridge

Joined the Board in September 2002. Appointed Deputy Chairman in December 2002 and will succeed Mr Wallis as Chairman on 26 February 2003, following the signing of this report. Member of the Board's Governance, Nomination and Remuneration Committees.

Experience
20-plus years' senior executive experience in the petroleum industry in Australia and internationally. Former Chief Executive Officer BHP Petroleum. Previously Director of a number of international, public companies including financial services experience with Lend Lease Corporation, MLC Limited and Schroders Australia Holdings Limited.

Other directorships
Chairman of Mayne Group Limited.

Andrew Mohl - Age 47.
Managing Director and Chief Executive Officer
BEc (Hons)

Appointed Managing Director and CEO in October 2002. Member of the Board's Finance and Governance Committees. Director of AMP's key operating subsidiaries.

Experience
20-plus years' financial services experience, including more than six years at AMP. Most recently was Managing Director of AMP Australian Financial Services from 1999 to 2002. Prior to this role, Managing Director of AMP Asset Management, responsible for the unit's investment of all Australasian retail and wholesale funds. Joined AMP in 1996 as General Manager Retail Distribution, AMP Financial Services, leading the transformation of advice-based distribution and the development of AMP's multi-channel distribution platform.

Former ANZ Senior and Chief Economist (1986-1990) and Managing Director ANZ Funds Management (1993-1996). Past Deputy Head of Research at the Reserve Bank of Australia.

Sir Malcolm Bates - Age 68.
Hon DLitt, MSc, FCIS, FRAeS, CCMI

Resident of the UK.

Appointed to the Board in 1998. Chairman of the Board's Remuneration Committee and member of its Governance and Nomination Committees. Joined the Board of AMP (UK) plc in 1996 and appointed Chairman of AMP's key UK Financial Services operating subsidiaries that year.

Experience
30-year career as a senior executive and director of major international manufacturing and distribution organisations, preceded by five years in merchant banking. Former Deputy Managing Director of GEC plc, Great Britain's leading manufacturer of electrical and electronic equipment, from 1985 to 1997. Held Senior Commercial Director role from 1976 to 1985.

Other directorships
Chairman of Premier Farnell plc and London Transport.

Patricia Cross - Age 43.
BSc (Hons), FAICD, FAIM, FFTA

Appointed to the Board in 2000. Member of the Board's Finance and Remuneration Committees. Director of AMP Bank Limited. Retiring as a Director on 26 February 2003, following the signing of this report.

Experience
20 years' international banking and finance experience. Held managerial and senior executive positions with several international financial institutions including Chase Manhattan Corporation, Banque Nationale de Paris and National Australia Bank in the United States, Europe and Australia.

Other directorships
Director of Wesfarmers Limited and ex officio Director Deloitte Touche Tohmatsu. Chair of Qantas Superannuation Limited.

Richard Grellman - Age 52.
FCA

Appointed to the Board in 2000. Chairman of the Board's Audit and Compliance Committee and member of its Nomination Committee. Director of AMP Life Limited.

Experience
32 years in the accounting profession. KPMG Financial Services partner from 1982 to 2000. Member of KMPG's National Board from 1995 to 1997 and National Executive from 1997 to 2000. Independent Financial Expert for AMP's demutualisation and Investigating Accountant for AMP's prospectus and listing.

Other directorships
Chairman of the Board and Council of the NSW Motor Accidents Authority. Chairman of Cryosite Limited.

Lord Killearn - Age 61.

Resident of the UK.

Appointed to the Board in 1999. Chairman of the Board's Finance Committee and member of its Remuneration Committee. Chairman of Henderson Global Investors (Holdings) plc.

Experience
29 years' international financial services experience. Retired in 2002 as Managing Director, Corporate Finance from Cazenove, a leading investment bank providing corporate finance advice, distributing securities and research and managing funds worldwide. Joined Cazenove in 1968 and was primarily responsible for the Asia Pacific business.

Other directorships
Director of Albion Investment Company (Alderney) Limited, Maxis Communications Berhad and Shanghai Real Estate Limited.

Paul Mazoudier - Age 61.
BA, LLB (Hons), FAICD

Appointed to the Board in 2000. Chairman of the Board's Governance Committee and member of its Audit and Compliance Committee. Director of AMP Life Limited.

Experience
35-year legal career. Commercial partner of Minter Ellison, Lawyers, from 1970 to 1974 and 1980 to 2000, specialising in negotiation, international and local joint ventures, mergers, acquisitions, foreign investment law, superannuation and demutualisations. Former NSW Chairman and member of Minter Ellison's National Executive Committee.

Other directorships
Chairman of Sims Group Limited, Bishop Technology Group Limited, Ambition Group Limited and Atlas Copco Australia Pty Limited. Director of HPAL Limited.

Ian Renard - Age 56.
BA, LLM, FAICD

Appointed to the Board in 1998. Member of the Board's Audit and Compliance, Finance and Governance Committees. Director of AMP Bank Limited.

Experience
29 years in the legal profession. Former Partner of Arthur Robinson & Hedderwicks from 1979 to 2001, practising commercial law. Since resigning from the partnership, has been continuing in a consultant role with Allens Arthur Robinson.

Other directorships
Director of CSL Limited, Newcrest Mining Limited and Hurstmead Pastoral Company Pty Limited.

Roger Yates - Age 45.
Managing Director, Henderson Global Investors
BA (Hons)

Appointed to the Board in December 2002 as Executive Director. Director of Henderson Global Investors (Holdings) plc and a number of its subsidiaries.

Experience
21 years' experience in the funds management industry as an investment professional and business manager. Henderson Global Investors Managing Director since 1999. Led the integration of Henderson and AMP Asset Management and has managed the rise of Henderson Global Investors to an international asset manager.

Prior to Henderson, was Chief Investment Officer of Invesco Global and has held senior roles for fund management companies, LGT and Morgan Grenfell.

Directors' meetings

Details of attendance by Directors of AMP Limited at Board and Board Committee meetings held during the year ended 31 December 2002 are as follows:

Notes:
Column A - Indicates number of meetings held while the Director was a member of the Board/Committee.
Column B - Indicates number of those meetings attended.

1. *Mr P J Batchelor who ceased to be a Director on 23 September 2002 attended meetings during 2002 as follows: 5 of 5 Full Agenda and 2 of 2 Special Purpose Board meetings, 10 of 10 Board Finance Committee meetings, 4 of 4 Board Governance Committee meetings, 5 of 5 Board Nomination Committee meetings and 5 of 5 Other Committee meetings.*
2. *Ad hoc committees of the Board were constituted during the year in relation to the financial results and the divestment of Cogent.*
3. *Mr Willcox was appointed to the Board on 9 September 2002.*
4. *Mr Mohl was appointed to the Board on 7 October 2002.*
5. *Mr Yates was appointed to the Board on 4 December 2002.*

Principal activities

AMP is a leading international financial services organisation focused on wealth management. Its principal activities include retirement savings and incomes, funds management, life insurance and general insurance distribution, financial planning and banking services. AMP operates in more than 20 countries around the world with a significant and efficient domestic presence in its three home markets of Australia, New Zealand and the UK. Except as described in this report there have been no significant changes in the nature of those activities during the year.

Review of operations and results

The result for 2002 was a net loss after tax attributable to shareholders of $896 million compared to a profit after tax of $690 million for 2001. A detailed analysis of shareholder profit is shown following this report. The most significant factor impacting this result - the writedown of A$1,227m in the value of AMP's businesses during the period to market value or recoverable amount, reflects the poor operating environment affecting UK and European life companies and the results of a strategic review across the Group. As a result, $1,028 million was written off from the excess of market value over net assets of controlled entities and historic cost goodwill, with the balance being reflected in a reduction in tangible assets.

The results for the year were impacted by investment markets, lower new business in the Australian and UK life insurance business and lower margins. This was partly offset against expense savings in the period. Assets under management were $256 billion at 31 December 2002, a fall of $36 billion from prior year reflecting the adverse market conditions and reduced cash flows from poor investor sentiment in this difficult market environment.

Investment income has been adversely affected by depressed global investment markets. A 24.5% fall in 2002 in the UK FTSE 100 (nearly a 43% fall since December 1999) and a 11.5% fall in 2002 in the Australian All Ordinaries have contributed to a decline in the investment income of the Group, with total investment

losses (before tax) attributable to shareholders, policyholders and unattributed life funds of $7.8 billion for the year ended 31 December 2002 from losses of $1.6 billion in 2001.

Following the appointment of the new CEO and Senior Management Team, a strategic review of AMP's operations was undertaken, resulting in a focus on core businesses and a wind-down or closure of non-core activities. Restructuring provisions of $344 million (after tax) have been recognised as part of the cost of implementing the strategic reform initiatives announced by the CEO. In addition, total staff numbers have fallen from 14,868 at 31 December 2001 to 11,403 at 31 December 2002.

Other significant restructuring activities included the sale of non core businesses:

- Cogent, the Group's investment administration business, resulting in a profit after tax of $204 million
- the Bank's credit card business to American Express, resulting in a profit after tax of $24 million
- Henderson's UK private client business, resulting in a profit after tax of $28m.

During the year a controlled entity of the Company issued 11,500,000 AMP Reset Preferred Securities ("RPS") at $100 each. Proceeds from the issue of RPS were used to reduce short term debt, and provide the AMP Group with a more efficient and stronger capital structure. Full details of the RPS are included in Note 21 Outside Equity Interests of the Full Financial Report.

Capital and reserves of the Group have decreased to $8,765 million from $9,520 milion at 31 December 2001 as a result of the net operating loss and dividends paid, offset by an increase in contributed equity, mainly from the Dividend Reinvestment Plan.

Since 31 December 2002, global investment markets, particularly the UK FTSE 100, have weakened. If global markets weaken further, or remain at current levels, the Group's profitability will be adversely affected.

Political donations

AMP believes it is appropriate to make contributions to support the democratic process. Contributions to political parties are determined on a basis which recognises the relative representation of major political parties in Parliaments throughout Australia and New Zealand.

Contributions to major political parties made during 2002 were:

Federal Liberal Party of Australia	$50,000
Federal Australian Labor Party	$50,000
National Party of Australia	$25,000
Labour Party of New Zealand	NZ $10,000
National Party of New Zealand	NZ $10,000

Smaller contributions were also made during 2002 to Australian State political parties.

Significant changes in the state of affairs

In October 2002, the Group changed its strategic direction to concentrate on growing AMP's leading position in the Australian wealth management market, reducing AMP's capital commitment in the UK and building a global asset management business in partnership with AMP's wealth management businesses. This review resulted in a writedown of the value of AMP's businesses by $1,227m as referred to above.

AMP's divestment of the Cogent business by way of a sale to BNP Paribas had no significant effect on the company's accounts other than the profit referred to above. Other divestments which also had only a minimal impact on the accounts were Henderson's private client business in the UK and the Bank's credit card business, which was sold to American Express.

The appointment of Andrew Mohl and the strategic review of AMP's businesses resulted in a number of senior executives departing the Group, and the appointment of a new Senior Management Team.

The Chairman-elect announced a restructure of the AMP Limited Board on 25 February 2003.

Likely developments

Details of likely developments in AMP's businesses are set out elsewhere in this report. In the opinion of the Directors, disclosure of further information about likely developments in AMP's businesses are commercially sensitive and would be likely to be detrimental and result in unreasonable prejudice to the company.

The environment

In the normal course of its business operations AMP is subject to a range of environmental regulations, of which there have been no material breaches during the year.

In 2002, AMP committed to its global environment policy, which was approved by the AMP Limited Board and overseen by the Board Governance Committee.

The policy covers both operational and investment-related environmental impacts and is available on www.ampgroup.com under 'About AMP'.

Operational impact

The implementation of the policy at an operational level is supported through employee education. AMP is investigating environmental measurement systems, focusing initially on its Australian premises.

Investment management – Henderson Global Investors

Equities

As an active investor, Henderson believes that engagement with companies on environmental issues is an effective way to influence management practices to the benefit of its clients and the natural environment. Henderson's equity investments are guided by its UK and Australian/New Zealand corporate governance policies, which include environmental considerations.

Property

AMP Henderson has continued to implement initiatives across the Australian property investment management business under its environmental management plan.

Its 2002 initiatives included water conservation, 'green power', environmental benchmarking, evaluation of a building rating system and energy conservation.

The focus for 2003 is to improve benchmarking and to implement at as many managed properties as possible the initiatives that were trialed during 2002.

Stanbroke Pastoral Company

Stanbroke remains committed to using scientifically-based land management strategies that will maintain soil, water and biodiversity value.

The 2000 land clearing moratorium on the development of previously uncleared vegetation on its properties is still in effect.

Environmental planning for all properties commenced in May 2002, with additional work underway to assess the company's greenhouse gas emissions. The results of these studies, which are anticipated to be complete during 2003, will guide Stanbroke's future land management plans.

Private Capital

Reflecting the high risk/return nature of private capital investment, environmental assessment is undertaken on a case by case basis rather than according to a documented process. It is predominantly carried out as part of due diligence, with differing levels of emphasis depending on whether the investment is considered to have a high, medium or low environmental impact.

DIRECTORS' REPORT

For the year ended 31 December 2002

Events occurring after the reporting date

As at the date of this report the Directors are not aware of any matter or circumstance that has arisen since the end of the financial year that has significantly affected or may significantly affect the operations of the consolidated entity, the results of its operations or its state of affairs, which is not already reflected in this report.

Directors' and other officers' remuneration

Details of the emoluments paid to the Directors and the five highest paid executive officers of the group and options granted are disclosed in Note 32 of the Full Financial Report.

The five highest paid executive officers of the Group during 2002 were executives who left the company during that year. Payments at cessation include statutory and other contractual entitlements and payments made in mitigation of other legal claims following external expert advice. Those payments are disclosed in Note 32 of the Full Financial Report. The base salaries of the five highest paid current executive officers are also disclosed.

The amount to be paid to Mr Batchelor has not been finalised at the date of this report.

Options

Disclosure of information relating to the granting and exercise of options over unissued ordinary shares are shown in Note 31 of the Full Financial Report.

Following a review of AMP's long term incentive policies, AMP announced on 4 October 2002 that share options would not be granted as part of the remuneration of its executives and senior employees, and that a new long term incentive programme based around performance rights would be introduced.

Directors' interests

At 26 February 2003, the Directors hold the following beneficial interests in: AMP Limited Shares, Options over AMP Limited Shares, and Debentures and Registered Schemes made available by AMP Limited or its related entities.

	Shares	Options	Income Securities
S D M Wallis	26,000	-	-
P Willcox	12,000	-	500
A M Mohl	187,043	365,000	-
Sir Malcolm Bates	5,000	-	-
P A Cross	10,000	-	-
R J Grellman	7,500	-	-
Lord Killearn	13,840	-	-
P K Mazoudier	2,600	-	-
I A Renard	5,085	-	50
R P Yates	100,311	550,000	-

DIRECTORS' REPORT

For the year ended 31 December 2002

Indemnification and insurance of Directors and officers

Under its Constitution, the company has, to the extent permitted by law, agreed to indemnify all officers of AMP (including the Directors) for any liability, whether civil or criminal, (including the costs and expenses of defending actions for an actual or alleged liability) which they may incur in that capacity.

No indemnity is given to current or former employees of the AMP Group against liability incurred in their capacity as an employee unless the giving of the indemnity has been approved by the Board. During or since the end of the financial year, no such indemnities have been provided.

During or since the end of the financial year, the AMP Group has paid or agreed to pay premiums in respect of a contract insuring all of the officers (including all Directors) of the AMP Group against certain liabilities as permitted by the Corporations Act 2001. The insurance policy prohibits disclosure of the nature of the liability, the amount of the premium and the limit of liability.

In addition, the company and each of the Directors are parties to Deeds of Indemnity and Access, as approved by the Board. Those Deeds of Indemnity and Access provide that:

- The Directors will have access to the books of AMP Limited for their period of office and for 7 years after they cease to hold office;
- AMP Limited indemnifies the Directors to the extent permitted by law;
- The indemnity covers liabilities incurred by the Directors in their capacity as officers of other AMP Group companies; and
- AMP Limited will maintain Directors' and Officers' insurance cover for the Directors to the extent permitted by the law for the period of their office and for 7 years after they cease to hold office.

Dividends

Details of the dividends paid and proposed during the financial year are disclosed in Note 6 of the Concise Financial Report.

Rounding

In accordance with the Australian Securities and Investments Commission Class Order 98/0100, amounts in this Directors' Report and the accompanying Financial Report have been rounded off to the nearest million Australian dollars, unless stated otherwise.

Signed in accordance with a resolution of the Directors.

STAN WALLIS
CHAIRMAN

PETER WILLCOX
CHAIRMAN-ELECT

ANDREW MOHL
MANAGING DIRECTOR AND CHIEF EXECUTIVE OFFICER

Sydney, 26 February 2003

DETAILED ANALYSIS OF SHAREHOLDER PROFIT

For the year ended 31 December 2002

This table shows a detailed analysis of the source of net profit after tax attributable to shareholders of AMP Limited by business unit.

(All amounts are after income tax)	Year ended 31 December 2002 A$m	Year ended 31 December 2001 A$m
Australian Financial Services	334	366
UK Financial Services	211	328
Henderson Global Investors	192	208
AMP Banking	(7)	(13)
Total business unit operating margins	**730**	**889**
Discontinuing businesses	38	148
Corporate office costs	(79)	(102)
Total operating margins	**689**	**935**
Underlying investment income[1]	437	506
Interest expense on corporate debt	(230)	(242)
Distribution on AMP Reset Preferred Securities	(13)	-
Underlying contribution	**883**	**1,199**
Investment income market adjustment[2]	(388)	(532)
Profit after income tax before other items	495	667
Transformation costs[3]	(344)	(8)
Asset sales	234	86
Valuation adjustments	(1,227)	-
Goodwill amortisation	(54)	(55)
Net profit after tax attributable to shareholders of AMP Limited	**(896)**	**690**

Note:

1. *The investment income on shareholder capital attributed to the Business Units and Corporate Office is normalised in order to bring greater clarity to the results and to eliminate the distorting impact of short term market volatility on the Group's underlying performance.*
2. *The investment income market adjustment is the difference between the normalised investment income and the actual investment income.*
3. *Transformation costs include redundancies, the consolidation of operating sites, rationalisation of computer systems and elimination of duplication across the management and support functions attributable to shareholders.*

STATEMENT OF FINANCIAL PERFORMANCE

Discussion and analysis

For the year ended 31 December 2002

Basis of consolidated financial information

Revenues and expenses, net profit (loss) from ordinary activities before income tax, income tax, all include consolidated amounts of shareholder interests and also the non-shareholder interests of all life funds, comprising the:

- Australasian and UK policyholders funds
- "Unattributed life funds".

Revenue and expense transactions relating to the life funds are substantial. Policyholders' interests in the revenue and expense transactions for the year are attributed to them as "Movement in life insurance policy liabilities" which is deducted in arriving at the net profit or loss from ordinary activities before income tax.

Unattributed life funds relates to the with-profits business of UK life funds. These funds are not attributable to either shareholders or policyholders. The revenue and expenses generated by the with-profits business are included within net profit (loss) from ordinary activities. The unattributed interests are recognised as "Movement in unattributed life funds" which is then removed in arriving at the net profit or loss attributable to shareholders.

The net loss after tax attributable to the shareholders of AMP Limited is $896 million (2001: profit of $690 million).

Premium and related revenue

Premium revenue of $3,388 million has fallen from $4,454 million in 2001. As shown in Note 3, life insurance premiums have decreased in 2002, reflecting the reduction in volumes of mature business. General insurance premiums in 2002 relate to the remaining corporate insurance, mortgage insurance, and reinsurance operations. 2001 premium income includes six months of premium on the general insurance businesses sold on 30 June 2001.

Investment gains (losses)

Investment gains and losses comprise the net gains and losses on all investments held by the group, including all the net gains and losses of the life funds.

Losses in 2002 of $7,787 million are higher than 2001 (loss of $1,605 million) reflecting:

- Weaker global equity markets generating realised and unrealised losses on investments
- Asset writedowns in 2002 of $1,040 million in the value of AMP's businesses, reflecting the poor operating environment affecting UK life companies and the results of a strategic review across the group. *(A writedown of $121 million of goodwill to recoverable amount and $66m in operating expenses bring the total asset writedowns amount to $1,227 million.)*
- $366m proceeds (net of sale costs) from the sale of Cogent.

Claims expenses

Claims expense in 2002 fell to $6,409 million from $7,843 million in 2001. As shown in Note 4, the fall in life insurance claims reflects a decline in mature business and a reduction in bonuses. Withdrawals increased overall in 2002 reflecting market sentiment. General Insurance claims fell reflecting the divestment of that business at 30 June 2001.

Movement in life insurance policy liabilities

Movement in life insurance policy liabilities includes increases (or reductions) in benefits vested to policyholders on all types of life insurance business. For Australasia, in accordance with Accounting Standard AASB1038: 'Life Insurance Business', the movement also includes increases (or reductions) in unvested benefits in respect of participating business.

The movement for 2002 is $12,440 million (2001: $7,947 million) being a net reduction in the liability to policyholders. This is largely due to the reduced obligations to policyholders with investment linked and participating life insurance policies as a result of investment losses in the year.

Operating expenses

Operating expenses include a restructuring provision of $489 million ($344 million after tax) as part of the cost of implementing the strategic reform initiatives. This was partially offset by expense savings during the year.

Borrowing costs

Borrowing costs in 2002 of $821million (2001: $894 million) have reduced due to:

- Lower prevailing interest rates in both Australia and the UK
- A change in the borrowings mix.

Income tax (expense) credit

An income tax credit of $801 million in 2002 (2001: $397 million) arises on the loss for the year and includes the taxation impact on both shareholder interests and the non-shareholder interests of all life funds.

The income tax credit reflects the investment losses made during the year, resulting in a reduction in deferred income tax as unrealised investment gains recorded in previous years were reversed in 2002.

Other equity interests

Unattributed life funds

The movement for the year reflects:

- Investment losses on unattributed life funds
- Utilisation of the unattributed life funds to support bonus distributions to UK policyholders – refer Note 6.

AMP Reset Preferred Securities Trust

The AMP Reset Preferred Securities Trust is a controlled entity of the Group, and as such the profit of the Trust for the period is included in the consolidated net profit (loss) from ordinary activities after income tax. The profit of the Trust attributable to external unitholders ($19 million) is reflected as an outside equity interest.

CONSOLIDATED STATEMENT OF FINANCIAL PERFORMANCE

For the year ended 31 December 2002

	Note	2002 A$m	2001 A$m

Diluted earnings per ordinary share	(78.8)	61.6
Proposed and paid dividends per share	46.0	51.0

STATEMENT OF FINANCIAL POSITION

Discussion and analysis

As at 31 December 2002

Basis of consolidated financial information
Assets and liabilities include consolidated amounts of shareholder interests and also the non-shareholder interests of all life funds, comprising the:

- Australasian and UK policyholders funds
- "Unattributed life funds".

The majority of the consolidated investment assets relate to the life funds, mainly backing policy liabilities. Policyholders' interests are recognised as life insurance policy liabilities and are determined in accordance with accounting and actuarial standards.

Unattributed life funds relates to the with-profits business of UK life funds. These funds are not deemed to be attributable to either shareholders or policyholders. The assets and liabilities of the with-profits business are included within net assets. After removing the unattributed life funds and the outside equity interests, the total equity attributable to shareholders of AMP Limited is $8,533 million (2001: $9,520 million).

Cash at bank and on deposit
The increase in cash at bank relates to a number of investing and funding strategies including the divestment of equities and properties and the issue of AMP Reset Preferred Securities. Details of the components of cash and related items are shown in the Statement of Cash Flows.

Investments
Equity securities of $54,431 million (2001: $71,772 million) have reduced significantly due to:

- A move from equities into debt securities and cash
- A decline in the market value of equities remaining in the portfolio.

Intangible assets
Intangible assets amounting to $945 million (2001: $866 million) consist of historic cost goodwill. Following a review of the Group's operations, structure and ongoing strategy:

- NPI Limited moved into a historical cost environment, resulting in $223 million being transferred from the excess of market value over net assets of controlled entities to goodwill
- There was a writedown of $121 million of goodwill to recoverable amount.

Amortisation of goodwill for the year was $54 million (2001: $55 million).

Excess of Market Value over Net Assets
Excess of market value over the net assets of controlled entities (EMVONA) amounting to $1,825 million (2001: $2,926 million) relates to those investments which are held by life entities in the AMP Group. The EMVONA of controlled entities represents future benefits expected to be derived from the business which are not reflected in the book values of underlying assets and liabilities of the entities. Investments held by life entities are carried at market value and any changes in market value are included in consolidated investment gains (losses). Accounting standards do not require the excess to be amortised.

$908 million was written off EMVONA following a review of the market value of controlled entities as at 31 December 2002.

Deferred tax liabilities
The decrease in deferred tax liabilities is mainly due to the reversal of deferred tax on previous unrealised investment gains following a reduction in investment values in 2002.

Borrowings and subordinated debt
The overall level of borrowings in the Group reduced marginally to $10,329 million (2001: $10,668 million). There was a reduction in corporate borrowings during the year which was largely offset by increased operational borrowings. Subordinated debt remained substantially unchanged.

Life insurance policy liabilities
Life insurance policy liabilities are calculated in accordance with the principles of Margin on Services as prescribed by Australian Accounting Standard AASB 1038 and Actuarial Standard 1.03, a standard issued under the Australian Life Insurance Act 1995.

The movement in life insurance policy liabilities reflects the underlying performance of investment markets, particularly in the UK. The movement for 2002 being a net reduction in the liability to policyholders to $116,245 million (2001: $128,913 million). This is largely due to the reduced obligations to policyholders with investment linked and participating life insurance policies as a result of investment losses in the year.

Equity attributable to shareholders
Contributed equity of $5,001 million (2001: $4,613 million) increased by $388 million including $381million from shares issued under the Dividend Reinvestment Plan, and $51 million from shares issued under employee share and option plans, offset by $44 million share buy back.

Shareholders retained profits at the end of the year of $2,661 million ($4,084 million) fell by $1,423 million reflecting loss for the year and $527 million dividends paid and proposed.

Other equity interests
Unattributed life funds
For those UK life funds which include participating business, 90% of the assets in excess of policy and other liabilities are neither attributable to shareholders nor policyholders as discussed in Note 6 - Unattributed life funds. These assets amount to $5,494 million (2001: $6,232 million).

AMP Reset Preferred Securities Trust
The AMP Reset Preferred Securities Trust is a controlled entity of the Group, and as such the net assets of the Trust are included in the consolidated net assets. The equity and retained profits of the Trusts held by external unitholders ($1,141 million) is reflected as an outside equity interest.

CONSOLIDATED STATEMENT OF CASH FLOWS

Discussion and analysis

For the year ended 31 December 2002

Basis of consolidated cash flow information

The operating and the majority of the investing cash flows presented in the AMP Group statement of cash flows include cash flows relating to shareholders and also the interests of all life funds, comprising the:

- Australasian and UK policyholders funds
- "Unattributed life funds".

Cash flows from operating activities

- Net cash outflows from operating activities of $1,650 million (2001: $944 million) reflect the decrease in interest and dividends received, especially in the life funds
- Cash receipts and cash payments were both considerably lower in 2002 reflecting the disposal of various controlled entities during 2001, including the general insurance business, and other life funds' controlled entity investments.

Cash flows from investing activities

There was a net cash inflow from investing activities reflecting investment and funding strategies adopted during the year in both shareholders' capital and life funds assets.

Cash flows from financing activities

Cash outflows from financing activities were $650 million (2001: $1,390 million outflow) principally reflecting:

- Net repayments of borrowings $274 million (2001: $1,252 million)
- Dividends paid $205 million (2001: $381 million)
- Proceeds from the issue of units in the AMP Reset Preferred Securities Trust, net of issue costs - $1,122 million
- Cash proceeds for the issue of shares were minimal due to the share buy back offsetting the majority of cash received from new issues, and the large uptake under the Dividend Reinvestment Plan (DRP) including the arrangement whereby the Plan is underwritten until the interim dividend 2003, expected to be paid October 2003.

	2002 A$m	2001 A$m
Cash comprises:

Effect of exchange rate changes on cash balances	142	342
Balance at the end of the year	**13,069**	**9,315**

1. Includes payments to acquire units which result in AMP holding a controlling interest in unit trusts. The majority of the underlying assets of those trusts comprise investment assets. The amounts are net of cash acquired.

Notes to the financial statements

For the year ended 31 December 2002

1. BASIS OF PREPARATION OF THE CONCISE FINANCIAL REPORT

The Concise Financial Report has been prepared in accordance with the requirements of the Corporations Act 2001 and Accounting Standard AASB 1039: 'Concise Financial Reports' and applicable Australian Securities and Investments Commission Orders.

The AMP Group consists of AMP Limited (AMP) and its controlled entities including life insurance funds of those controlled entities. As a result, both shareholder and policyholder interests in the life insurance funds of controlled entities are consolidated.

AMP prepares the consolidated financial statements on the basis of market value and historic cost generally accepted accounting principles. Insurance entities, which represent the material operations of the AMP Group, adopt the principles of market value accounting whereby changes in market value of assets and liabilities during the year are recognised in the statement of financial performance

Comparative information
Where necessary, comparative information has been reclassified to be consistent in disclosure with current period amounts and other disclosures.

Changes in accounting policies
Accounting policies in this Financial Report are consistent with those of the previous year except where noted.

Notes to the financial statements

For the year ended 31 December 2002

2. *Segment revenue includes operating revenue activity between segments. These transactions are priced on an arm's length basis and are eliminated on consolidation.*
3. *The main item included as other non-cash expenses is movement in policy liabilities which is an overall reduction of liabilities of $7,947m, mainly in UK Financial Services.*

Notes to the financial statements

For the year ended 31 December 2002

2. SEGMENT INFORMATION (continued)

Business and Geographic segment information

Australian Financial Services (AFS) - Australian Financial Services provides financial planning, investment services, superannuation and life insurance products in Australia and New Zealand.

UK Financial Services (UKFS) - UK Financial Services provides savings, investment, insurance, retirement products and financial planning services.

Henderson Global Investors (HGI) - Henderson Global Investors provide investment management services including private capital and property portfolios and socially responsible investments.

AMP Banking - AMP Banking provides mortgage and savings products and credit card services in Australia, New Zealand and the UK and property finance services in Australia and New Zealand. The credit card portfolio was sold on 23 December 2002 and a structured sale process is currently underway for AMP Banking's property finance business in Australia and New Zealand and the UK and New Zealand mortgage businesses.

General Insurance - comprises corporate insurance operations, mortgage insurance operations and reinsurance operations. In 2001 the amount includes the general insurance business which was sold in July 2001.

Other - includes the provision of support services to the business units, corporate funding, investment of shareholder capital not allocated to reportable segments, as well as non core businesses previously reported as part of AMP International, but which are no longer reportable segments. In 2002, other includes proceeds from the sale of Cogent of $366m (net of sale costs).

Notes to the financial statements

For the year ended 31 December 2002

3. REVENUES FROM ORDINARY ACTIVITIES

	2002 A$m	2001 A$m
(a) Premium and related revenue		
Life insurance premium and related revenue received and receivable	16,260	16,694
Less: deposits recognised as an increase in life insurance policy liabilities	(13,379)	(13,649)
Life insurance premium and related revenue - recognised as revenue	2,881	3,045
General insurance premium and related revenue received and receivable[1]	507	1,409
Total premium and related revenue[1]	**3,388**	**4,454**
(b) Fee and other revenue		
Banking business fees	40	20
Investment management fees	740	720
Service fees	151	420
Financial advisory fees	44	39
Other revenue[2]	498	610
Total fee and other revenue	**1,473**	**1,809**
(c) Investment gains (losses)		
Interest		
- Wholly owned group - controlled entities	-	-
- Other related parties - associated entities	17	29
- Other entities	3,785	4,026
Dividends and distributions		
- Wholly owned group - controlled entities	-	-
- Other related parties - associated entities	186	158
- Other entities	1,859	1,889
Net rents	903	895
Net realised and unrealised gains (losses)[3]	(14,952)	(8,773)
Other investment income	415	171
Total investment gains (losses)	**(7,787)**	**(1,605)**

Note:

1. *In 2001, an amount of $299m has been reclassified out of claims expense to correctly reflect reinsurance and other recoveries as revenue to ensure comparability with the current year. The changes do not affect the calculation of net profit (loss).*
2. *Other revenue includes the operating revenue of investment controlled entities providing various non financial services such as mining, farming and retailing.*
3. *Net realised and unrealised gains (losses) includes:*
   2002: (i) $1,040m writedown of the carrying value of investments to market value (total $1,227m including $121m writedown of goodwill to recoverable amount and $66m of operating expenses); and
   (ii) $366m proceeds (net of sale costs) from the sale of Cogent. After taking into account the carrying value of the assets sold, and expenses incurred in the disposal and separation of the business, the profit on sale after tax is $204m.
   2001: (i) $1,362m proceeds (net of sale costs) from the sale of the General Insurance business. After taking into account the carrying value of the assets sold, and expenses incurred in the disposal and separation of the business, the profit on sale after tax is Nil.

Notes to the financial statements

Other operating expenses[3][4]	(804)	(940)
Total operating expenses	**(4,708)**	**(4,455)**
(c) Specific expenses included within the above categories:		
Rental - operating leases	(18)	(47)
Superannuation contributions to defined benefits funds	(4)	2
Net foreign currency (losses) gains	23	(1)
Depreciation expense	(87)	(71)

Notes:

1. *In 2001, an amount of $1,698m has been reclassified and is now treated as withdrawals recognised as a reduction in life insurance policy liabilities to ensure comparability with the current year. The changes do not affect the calculation of net profit (loss).*
2. *In 2001, an amount of $299m has been reclassified out of claims expense to correctly reflect reinsurance and other recoveries as revenue to ensure comparability with the current year. The changes do not affect the calculation of net profit (loss).*
3. *Operating expenses in 2002 includes $489m of restructuring costs before tax ($344m after tax). The major areas of restructuring include redundancies, the consolidation of operating sites, rationalisation of computer systems and elimination of duplication across the management and support functions.*
4. *Other operating expenses includes the operating expenses of investment controlled entities providing various non financial services such as mining, farming and retailing.*

Notes to the financial statements

For the year ended 31 December 2002

5. DIVIDENDS PAID AND PROPOSED

	2002 A$m	2001 A$m
Dividends paid	295	280
Dividends proposed	*232*	*293*
Total dividends paid and proposed	**527**	**573**

In 2002 a partly franked (to 15%) dividend of 26 cents per ordinary share was paid on 29 October 2002. A dividend of 20 cents per ordinary share, franked to 15%, is proposed to be paid on 28 April 2003.

In 2001 a partly franked (to 15%) dividend of 25 cents per ordinary share was paid on 25 October 2001. A dividend of 26 cents per ordinary share, franked to 15%, was paid on 23 April 2002.

6. UNATTRIBUTED LIFE FUNDS

For those UK life insurance funds which include participating business, only 10% of the assets in excess of the policy and other liabilities calculated under MoS, ie $610m (2001: $692m) can, in the context of the UK regulatory environment, be definitively attributed to shareholders. The remaining 90%, ie $5,494m (2001: $6,232m) is deemed to be equity which is not specifically attributable to shareholders' or policyholders' interests, and is referred to in these financial statements as unattributed life funds.

In recent years, bonus distributions to UK with-profit policyholders have exceeded the level supported by actual experience, because of the need to support bonuses in a way that is consistent with the reasonable expectations of policyholders. The balance of the cost of bonus distributions has been met from the unattributed life funds. The need to support bonus levels is expected to continue in the medium term, consistent with accepted UK industry practice. In the absence of a significant recovery in equity markets, it is now likely that a significant proportion of the unattributed life funds will be utilised in this way.

The following table shows the movements in unattributed life funds for the period.

The impact of exchange rate movements is accounted for through the foreign currency translation reserve, and not through the statement of financial performance.

	Consolidated 2002 A$m	Consolidated 2001 A$m
(a) Unattributed life funds		
Balance at the beginning of the year	6,232	6,802
Movement in accumulated unattributed life funds for the period	(749)	(940)
Effect of exchange rate changes on translation	11	370
Balance at the end of the year	**5,494**	**6,232**
(b) Movement in unattributed life funds for the period		
Profit of the participating business UK life funds	812	1,541
Less: amount attributed to shareholders	(76)	(166)
	736	1,375
Less: bonuses credited to participating policyholders	(944)	(1,842)
Bonus subsidy from accumulated unattributed life funds	(208)	(467)
Investment losses on accumulated unattributed life funds	(541)	(473)
Movement in unattributed life funds for the period	**(749)**	**(940)**

Notes to the financial statements

For the year ended 31 December 2002

7. REMUNERATION OF DIRECTORS AND EXECUTIVES

(a) Directors

Fees paid to members of the Board are based on advice from the Group's remuneration specialists and external remuneration advisers appointed by the Board Nomination Committee. This advice takes into consideration the level of fees paid to Board members of other Australian corporations, the size, geographic locations and complexity of the Group's operations and the responsibilities and workload requirements of Board members.

Directors are paid a base fee in relation to service on the AMP Limited Board and for membership of one or more of its standing committees. Additional fees are paid to the Chair of each of the Board Audit & Compliance, Finance, Governance and Remuneration Committees. Mr Wallis' fees as Chairman of the Board are inclusive of his role as Chairman of the Board Nomination Committee. Individual Directors are paid fees for additional duties associated with membership of Due Diligence Committees of major projects (or other special purpose committees) on a *per diem* basis.

The Board Governance Committee has oversight of the fees paid to non-executive Directors of subsidiary companies of the AMP Group. For fees paid to Directors in the UK, the Committee receives advice on the appropriate level of Directors' fees for that market.

As the focus of the Board is on the long-term direction and well-being of the Group, there is no direct link between Directors' remuneration and the short-term results of the Group. However, its long-term performance relative to other large corporations is considered, among other factors, in setting the fee pool which is periodically proposed to shareholders at Annual General Meetings for approval. The current aggregate fee pool of A$2,500,000 was approved by shareholders in 1999.

Board fees are not paid to Mr Mohl or Mr Yates since the responsibilities of Board membership are considered in determining remuneration provided as part of their normal employment conditions. Details of remuneration for Mr Mohl and Mr Yates are given later in this note.

Apart from the executive Directors, Mr Mohl and Mr Yates, no current Directors of AMP Limited have been granted options or performance rights. Details of the remuneration of Mr Mohl and Mr Yates are discussed in subsequent pages regarding executive remuneration.

Each of the current non-executive Directors (except Mr Willcox) has a Retirement Allowance Agreement which provides cash benefits in the event of death or retirement from the Board. The retirement allowance is based on a sliding scale that provides a maximum benefit, after fifteen years service, of five times the average fees over the three years preceding retirement or death. The Directors have determined that the current Retirement Allowance Agreements may no longer be an appropriate form of remuneration. Consideration is being given to a new long-term equity program for Directors involving fee sacrifice to replace the current system of cash-based retirement allowances for non-executive Directors. Existing obligations to Directors will be met.

Notes to the financial statements

For the year ended 31 December 2002

7. REMUNERATION OF DIRECTORS AND EXECUTIVES (continued)

Non-executive Directors at 31 December 2002[10]	Fees for AMP Board and Committees A$	Fees for other Group Boards and Committees A$	Additional Board duties[2] A$	Super-annuation contribution A$	Other payments[3] A$	Total A$
S D M Wallis	350,000	-	-	30,566	53,275	433,841
P J Willcox[1]	34,203	-	-	3,503	4,725	42,431
Sir Malcolm Bates	107,500	249,515[4]	7,500	-	5,825	370,340
P A Cross	100,000	25,893[5]	4,500	11,714	5,825	147,932
R J Grellman	112,000	40,000[6]	55,000	18,196	5,825	231,021
Lord Killearn	107,500	138,619[7]	6,000	-	5,825	257,944
P K Mazoudier	107,500	40,000[8]	10,500	14,130	5,825	177,955
I A Renard	100,000	25,000[9]	4,500	11,688	5,825	147,013

Notes:

1. *Mr P J Willcox was appointed as a non-executive Director of AMP Limited on 9 September 2002.*
2. *Includes fees paid for additional duties as a member of Due Diligence Committees relating to capital raising, acquisitions or divestments.*
3. *Relates to allowances in respect of living away from home costs (S D M Wallis only) and incidental expenses related to the business of the company.*
4. *Fees of £90,000 were paid to Sir Malcolm Bates as Chairman of AMP's UK Financial Services subsidiaries (A$249,515 is the equivalent based on the average exchange rate for 2002: £1 = A$2.772).*
5. *Fees were paid to P A Cross as a Director of AMP Bank Limited.*
6. *Fees were paid to R J Grellman as a Director of AMP Life Limited and Chairman of its Audit and Compliance Committee.*
7. *Fees of £50,000 were paid to Lord Killearn as Chairman of Henderson Global Investors (Holdings) plc (A$138,619 is the equivalent based on the average exchange rate for 2002: £1 = A$2.772).*
8. *Fees were paid to P K Mazoudier as a Director of AMP Life Limited and a member of its Audit and Compliance Committee.*
9. *Fees were paid to I A Renard as a Director of AMP Bank Limited.*
10. *The accrued retirement benefit entitlements as at 31 December 2002 according to each Director's Retirement Allowance Agreement were: S D M Wallis – A$1,590,972; Sir Malcolm Bates – A$1,118,295; P A Cross – A$153,236; R J Grellman – A$245,204; Lord Killearn – A$363,017; P K Mazoudier – A$207,655 and I A Renard – A$268,921. The entitlements are payable at retirement or on death and are inclusive of any accumulated superannuation guarantee contribution balances. (Notional accruals have been included for Directors with less than 3 years service. Upon the resignation of P A Cross on 26 February 2003, her entitlement will lapse.) Mr Willcox has not entered into a Retirement Allowance Agreement.*

Notes to the financial statements

For the year ended 31 December 2002

7. REMUNERATION OF DIRECTORS AND EXECUTIVES (continued)

(b) Executives

Remuneration for senior executives is determined in accordance with remuneration guidelines established by the Board. Through the Board Remuneration Committee, the Board oversees the remuneration process. The Board approves remuneration for the Chief Executive Officer. All members of the Board Remuneration Committee are non-executive Directors who are not eligible to participate in any of the compensation programs that the Committee oversees.

Total remuneration package

The overall remuneration mix for each executive is based on a range of factors including the role held within AMP, how critical that area of the business is and local market conditions. This translates into a different remuneration mix for different roles within different areas of AMP. Higher-level roles generally attract higher variable pay.

AMP's total remuneration package for executives (including the Chief Executive Officer) consists of the following components:

i) Base salary – fixed pay package
ii) Short-term incentive – variable pay
iii) Long-term incentive – variable pay
iv) Non-cash benefits.

Base salary

Base salary is targeted at the median of the market rate for a given position. AMP utilises a range of 80% to 120% of this amount to reflect its assessment of an individual's performance capabilities. It is reviewed each year, but there are no guaranteed increases.

Short-term incentive

Short-term incentive is provided to executives by the Executive Short Term Incentive Programme (ESP) and allows eligible participants the opportunity to earn an annual cash incentive payment, part of which may be taken or, in the case of a small number of executives, is required to be taken, as restricted shares. The ESP provides a competitive opportunity that aims to deliver total annual payment for top performers at the 75th percentile of the market rate for a given position. Eligibility, and the size of the incentive, is based on a combination of quantitative and qualitative performance measures in respect of:

i) AMP's overall business performance;
ii) Business Unit performance (where relevant); and
iii) The individual's performance.

For certain senior executives, a mandatory 30% of ESP incentive payments will be made in restricted shares. This supports AMP's commitment to having executive focus tied closely to shareholder interests. Other participating executives may elect to receive 25% of their ESP payment in the form of restricted shares.

Restricted shares are acquired using pre-tax dollars and are generally held in the Executive Share Ownership Plan for three years. If the executive is still employed at AMP three years after the shares are acquired, AMP will match the shares on a one-for-one basis.

Long-term incentive

The new long-term incentive program consists of performance rights granted under the International Employee Share Ownership Plan (IESOP), an outline of which is set out in Note 31 of the Full Financial Report.

Additionally, certain executives have received options granted to them prior to the Board Remuneration Committee's decision to award future long term incentives in the form of performance rights. They remain subject to the original terms of grant, including performance and tenure hurdles and exercise price.

Non-cash benefits

These include superannuation contributions and other non cash benefits, such as parental leave, in line with local country legislation and market practice.

In addition, executives may be entitled to participate in the Employee Share Acquisition Plan (ESAP) in Australia and New Zealand, or in the All Employee Share Ownership Plan (AESOP) in the UK, as detailed in Note 31 of the Full Financial Report.

Notes to the financial statements

For the year ended 31 December 2002

7. REMUNERATION OF DIRECTORS AND EXECUTIVES (continued)

Executive[6][8]	Base Salary A$'000	Short term incentive[1] A$'000	Super-annuation contrib-utions A$'000	Payments at cessation[2] A$'000	Other pay-ments[3] A$'000	Total A$'000	Performance Rights allocated[4] Number
A. Mohl, Chief Executive Officer (from 7 October 2002; previously Managing Director, AFS)	954	1,024[5]	117	-	-	2,095	292,278[5]
R. Yates, Managing Director, Henderson Global Investors[7]	1,525	1,109	610	-	-	3,244	105,060
T. Fraser, formerly Managing Director, UKFS[7]	889	-	526	4,684	-	6,099	-
T. Wade, formerly Managing Director, AMP International[7]	570	-	60	1,962	685	3,277	-
W. Foster, formerly Chief Information Officer[7]	455	-	48	1,735	592	2,830	-
A. Jones, formerly General Manager, Corporate Human Resources	441	-	228	1,583	-	2,252	-
G. Traill, formerly General Counsel	122	-	13	2,057	-	2,192	-

Notes:

1. *Short-term incentive payments are based on individual and business performance for 2002 and are paid in 2003. These executives will take 30% of their actual short term incentive payment in the form of AMP shares under the Restricted Plan. The price at which the shares are acquired by the executives is based on the average market price of the shares at the time they are acquired. The shares are generally subject to restrictions on transfer for three years from the date of allocation. Subject to the terms of the Restricted Plan, each participating executive will also receive for no additional payment one share for every share that is held in the plan if the executive remains employed within the AMP Group until the third anniversary of the date of acquisition of shares under the plan (matching shares).*

   The indicative fair value of the matching shares (based on the market price of the shares acquired through application of the actual short term incentive payment) is A$307,200 for Mr Mohl and A$332,686 for Mr Yates.

2. *Payments at cessation include statutory and other contractual entitlements and payments made in mitigation of other legal claims following external expert advice.*

3. *Other payments include expatriate allowances and non-cash benefits (travel, rent etc).*

4. *The indicative fair values at allocation date of performance rights allocated in 2002 are calculated allowing for loss of dividend rights during the three year performance period, and a probability discount to reflect the applicable performance criteria. On this basis, the value of each of the performance rights allocated at 31 August 2002 (92,278 to Mr Mohl in respect of his role as Managing Director, AFS, and 105,060 to Mr Yates as Managing Director, Henderson Global Investors) is $7.14, and the value of each of the other 200,000 performance rights allocated to Mr Mohl as at 7 October, 2002 is $5.86. This amounts to a total value of $1,830,865 for Mr Mohl and $750,128 for Mr Yates.*

5. *Of the performance rights granted to Mr Mohl, 200,000 are subject to shareholder approval (to be sought at the forthcoming Annual General Meeting). The shares taken in respect of A$160,200 of the actual short term incentive payment under the Restricted Plan by Mr Mohl, are subject to shareholder approval (to be sought at the forthcoming Annual General Meeting).*

Notes to the financial statements

For the year ended 31 December 2002

7. REMUNERATION OF DIRECTORS AND EXECUTIVES (continued)

6. *Mr Batchelor was the Managing Director and Chief Executive Officer until 23 September 2002. He ceased to be a Director on that date. Mr Batchelor received the following remuneration during 2002:*
   (a) Salary of A$1,138,331;
   (b) Statutory entitlements of A$193,772;
   (c) Superannuation contributions of A$119,525; and
   (d) Non-cash benefits with a value of A$66,871.

   As at the date of this report, any further entitlements in connection with Mr Batchelor's cessation of employment are yet to be determined. The Company has committed to announcing details of any such entitlements to the ASX as soon as they are determined.

7. *Australian dollar equivalents for that part of remuneration paid to executives in pounds sterling in 2002 are based on the average exchange rate for 2002: £1 = A$2.772 and those paid in 2001 are based on the average exchange rate for 2001: £1= A$2.777.*

8. *The table details the emoluments of each executive Director and each of the 5 officers of the company (excluding executive Directors) receiving the highest emoluments during 2002. At the date of this report, the 5 highest paid officers of the company, determined by base salary, are M de Cure, General Manager, Strategy – A$700,000; C Dunn, Managing Director, AMP Financial Services - A$675,000; J Drabble, Managing Director, UK Contemporary Financial Services – A$550,000; I Laughlin, Managing Director, UK Life Services – A$550,000; P Leaming, Chief Financial Officer – A$650,000. Each of the executives is also entitled to short term incentives, superannuation contributions and long term incentives (in the form of performance rights) and other compensation related to, for example, expatriate and relocation allowances and non-cash benefits.*

8. EVENTS OCCURRING AFTER REPORTING DATE

At the date of this report, the Directors are not aware of any matter or circumstance that has arisen since the end of the financial year which has significantly affected or may significantly affect the operations of the consolidated entity, the results of its operations or its state of affairs, which is not already reflected in this report.

DIRECTORS' DECLARATION

For the year ended 31 December 2002

In accordance with a resolution of the Directors of AMP Limited, we state that in the opinion of the Directors:

(a) The Concise Financial Report of the consolidated entity set out on pages 2 to 19 for the year ended 31 December 2002 is in accordance with Accounting Standard AASB1039: 'Concise Financial Reports'; and

(b) The financial statements and specific disclosures included in this Concise Financial Report have been derived from the Full Financial Report for the year ended 31 December 2002.

On behalf of the Board

STAN WALLIS
CHAIRMAN

PETER WILLCOX
CHAIRMAN-ELECT

ANDREW MOHL
MANAGING DIRECTOR AND CHIEF EXECUTIVE OFFICER

Sydney, 26 February 2003

INDEPENDENT AUDIT REPORT

For the year ended 31 December 2002

To the members of AMP Limited

Scope
We have audited the Concise Financial Report of AMP Limited for the financial year ended 31 December 2002, as set out on pages 2 to 20, in order to express an opinion on it to the members of the Company. The Company's Directors are responsible for the Concise Financial Report.

Our audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance whether the Concise Financial Report is free of material misstatement. We have also performed an independent audit of the Full Financial Report of AMP Limited for the year ended 31 December 2002. Our audit report on the Full Financial Report was signed on 26 February 2003, and was not subject to any qualification.

Our procedures in respect of the audit of the Concise Financial Report included testing that the information in the Concise Financial Report is consistent with the Full Financial Report and examination, on a test basis, of evidence supporting the amounts, discussion and analysis, and other disclosures which were not directly derived from the Full Financial Report. These procedures have been undertaken to form an opinion whether, in all material respects, the Concise Financial Report is presented fairly in accordance with Accounting Standard AASB 1039: 'Concise Financial Reports' applicable in Australia.

The audit opinion expressed in this report has been formed on the above basis.

Audit Opinion
In our opinion, the Concise Financial Report of AMP Limited complies with Accounting Standard AASB 1039: 'Concise Financial Reports'.

Directors' Report

2002

DIRECTORS' REPORT

For the year ended 31 December 2002

Your Directors present their report on the consolidated entity consisting of AMP Limited (the Company) and the entities it controlled at the end of or during the year ended 31 December 2002 (AMP Group).

Directors' details

Details of Directors of the company in office at the time of signing this report, and each Director's qualifications, experience and special responsibilities are as follows:

Stan Wallis, AC - Age 63.
Chairman
BCom, Hon LLD (Monash), FCPA, FAIM, FCIM, FCIS

Member of the Board since 1990. Appointed Chairman in 2000. Chairman of the Board's Nomination Committee and member of its Governance and Remuneration Committees. Retiring as a Director on 26 February 2003, following the signing of this report.

Experience
40-plus years' industrial and financial services experience. Former Managing Director (18 years) and Chairman (four years) of Amcor Limited. Previous Chairman of retailer Coles Myer Limited. Past President of the Business Council of Australia and former Chairman of the 1996/1997 Committee of Inquiry into the Australian Financial System.

Other directorships
Director of Australian Foundation Investment Company Limited.

Peter Willcox - Age 57.
Chairman-elect
BA (Hons), MA (Physics) Cambridge

Joined the Board in September 2002. Appointed Deputy Chairman in December 2002 and will succeed Mr Wallis as Chairman on 26 February 2003, following the signing of this report. Member of the Board's Governance, Nomination and Remuneration Committees.

Experience
20-plus years' senior executive experience in the petroleum industry in Australia and internationally. Former Chief Executive Officer BHP Petroleum. Previously Director of a number of international, public companies including financial services experience with Lend Lease Corporation, MLC Limited and Schroders Australia Holdings Limited.

Other directorships
Chairman of Mayne Group Limited.

Andrew Mohl - Age 47.
Managing Director and Chief Executive Officer
BEc (Hons)

Appointed Managing Director and CEO in October 2002. Member of the Board's Finance and Governance Committees. Director of AMP's key operating subsidiaries.

Experience
20-plus years' financial services experience, including more than six years at AMP. Most recently was Managing Director of AMP Australian Financial Services from 1999 to 2002. Prior to this role, Managing Director of AMP Asset Management, responsible for the unit's investment of all Australasian retail and wholesale funds. Joined AMP in 1996 as General Manager Retail Distribution, AMP Financial Services, leading the transformation of advice-based distribution and the development of AMP's multi-channel distribution platform.

Former ANZ Senior and Chief Economist (1986-1990) and Managing Director ANZ Funds Management (1993-1996). Past Deputy Head of Research at the Reserve Bank of Australia.

DIRECTORS' REPORT

For the year ended 31 December 2002

Sir Malcolm Bates - Age 68.
Hon DLitt, MSc, FCIS, FRAeS, CCMI

Resident of the UK.

Appointed to the Board in 1998. Chairman of the Board's Remuneration Committee and member of its Governance and Nomination Committees. Joined the Board of AMP (UK) plc in 1996 and appointed Chairman of AMP's key UK Financial Services operating subsidiaries that year.

Experience
30-year career as a senior executive and director of major international manufacturing and distribution organisations, preceded by five years in merchant banking. Former Deputy Managing Director of GEC plc, Great Britain's leading manufacturer of electrical and electronic equipment, from 1985 to 1997. Held Senior Commercial Director role from 1976 to 1985.

Other directorships
Chairman of Premier Farnell plc and London Transport.

Patricia Cross - Age 43.
BSc (Hons), FAICD, FAIM, FFTA

Appointed to the Board in 2000. Member of the Board's Finance and Remuneration Committees. Director of AMP Bank Limited. Retiring as a Director on 26 February 2003, following the signing of this report.

Experience
20 years' international banking and finance experience. Held managerial and senior executive positions with several international financial institutions including Chase Manhattan Corporation, Banque Nationale de Paris and National Australia Bank in the United States, Europe and Australia.

Other directorships
Director of Wesfarmers Limited and ex officio Director Deloitte Touche Tohmatsu. Chair of Qantas Superannuation Limited.

Richard Grellman - Age 52.
FCA

Appointed to the Board in 2000. Chairman of the Board's Audit and Compliance Committee and member of its Nomination Committee. Director of AMP Life Limited.

Experience
32 years in the accounting profession. KPMG Financial Services partner from 1982 to 2000. Member of KMPG's National Board from 1995 to 1997 and National Executive from 1997 to 2000. Independent Financial Expert for AMP's demutualisation and Investigating Accountant for AMP's prospectus and listing.

Other directorships
Chairman of the Board and Council of the NSW Motor Accidents Authority. Chairman of Cryosite Limited.

Lord Killearn - Age 61.

Resident of the UK.

Appointed to the Board in 1999. Chairman of the Board's Finance Committee and member of its Remuneration Committee. Chairman of Henderson Global Investors (Holdings) plc.

Experience
29 years' international financial services experience. Retired in 2002 as Managing Director, Corporate Finance from Cazenove, a leading investment bank providing corporate finance advice, distributing securities and research and managing funds worldwide. Joined Cazenove in 1968 and was primarily responsible for the Asia Pacific business.

Other directorships
Director of Albion Investment Company (Alderney) Limited, Maxis Communications Berhad and Shanghai Real Estate Limited.

Paul Mazoudier - Age 61.
BA, LLB (Hons), FAICD

Appointed to the Board in 2000. Chairman of the Board's Governance Committee and member of its Audit and Compliance Committee. Director of AMP Life Limited.

Experience
35-year legal career. Commercial partner of Minter Ellison, Lawyers, from 1970 to 1974 and 1980 to 2000, specialising in negotiation, international and local joint ventures, mergers, acquisitions, foreign investment law, superannuation and demutualisations. Former NSW Chairman and member of Minter Ellison's National Executive Committee.

Other directorships
Chairman of Sims Group Limited, Bishop Technology Group Limited, Ambition Group Limited and Atlas Copco Australia Pty Limited. Director of HPAL Limited.

Ian Renard - Age 56.
BA, LLM, FAICD

Appointed to the Board in 1998. Member of the Board's Audit and Compliance, Finance and Governance Committees. Director of AMP Bank Limited.

Experience
29 years in the legal profession. Former Partner of Arthur Robinson & Hedderwicks from 1979 to 2001, practising commercial law. Since resigning from the partnership, has been continuing in a consultant role with Allens Arthur Robinson.

Other directorships
Director of CSL Limited, Newcrest Mining Limited and Hurstmead Pastoral Company Pty Limited.

Roger Yates - Age 45.
Managing Director, Henderson Global Investors
BA (Hons)

Appointed to the Board in December 2002 as Executive Director. Director of Henderson Global Investors (Holdings) plc and a number of its subsidiaries.

Experience
21 years' experience in the funds management industry as an investment professional and business manager. Henderson Global Investors Managing Director since 1999. Led the integration of Henderson and AMP Asset Management and has managed the rise of Henderson Global Investors to an international asset manager.

Prior to Henderson, was Chief Investment Officer of Invesco Global and has held senior roles for fund management companies, LGT and Morgan Grenfell.

Directors' meetings

Details of attendance by Directors of AMP Limited at Board and Board Committee meetings held during the year ended 31 December 2002 are as follows:

Notes:
Column A - Indicates number of meetings held while the Director was a member of the Board/Committee.
Column B - Indicates number of those meetings attended.

1. *Mr P J Batchelor who ceased to be a Director on 23 September 2002 attended meetings during 2002 as follows: 5 of 5 Full Agenda and 2 of 2 Special Purpose Board meetings, 10 of 10 Board Finance Committee meetings, 4 of 4 Board Governance Committee meetings, 5 of 5 Board Nomination Committee meetings and 5 of 5 Other Committee meetings.*
2. *Ad hoc committees of the Board were constituted during the year in relation to the financial results and the divestment of Cogent.*
3. *Mr Willcox was appointed to the Board on 9 September 2002.*
4. *Mr Mohl was appointed to the Board on 7 October 2002.*
5. *Mr Yates was appointed to the Board on 4 December 2002.*

Principal activities

AMP is a leading international financial services organisation focused on wealth management. Its principal activities include retirement savings and incomes, funds management, life insurance and general insurance distribution, financial planning and banking services. AMP operates in more than 20 countries around the world with a significant and efficient domestic presence in its three home markets of Australia, New Zealand and the UK. Except as described in this report there have been no significant changes in the nature of those activities during the year.

Review of operations and results

The result for 2002 was a net loss after tax attributable to shareholders of $896 million compared to a profit after tax of $690 million for 2001. A detailed analysis of shareholder profit is shown following this report. The most significant factor impacting this result - the writedown of A$1,227m in the value of AMP's businesses during the period to market value or recoverable amount, reflects the poor operating environment affecting UK and European life companies and the results of a strategic review across the Group. As a result, $1,028 million was written off from the excess of market value over net assets of controlled entities and historic cost goodwill, with the balance being reflected in a reduction in tangible assets.

The results for the year were impacted by investment markets, lower new business in the Australian and UK life insurance business and lower margins. This was partly offset against expense savings in the period. Assets under management were $256 billion at 31 December 2002, a fall of $36 billion from prior year reflecting the adverse market conditions and reduced cash flows from poor investor sentiment in this difficult market environment.

Investment income has been adversely affected by depressed global investment markets. A 24.5% fall in 2002 in the UK FTSE 100 (nearly a 43% fall since December 1999) and a 11.5% fall in 2002 in the Australian All Ordinaries have contributed to a decline in the investment income of the Group, with total investment

losses (before tax) attributable to shareholders, policyholders and unattributed life funds of $7.8 billion for the year ended 31 December 2002 from losses of $1.6 billion in 2001.

Following the appointment of the new CEO and Senior Management Team, a strategic review of AMP's operations was undertaken, resulting in a focus on core businesses and a wind-down or closure of non-core activities. Restructuring provisions of $344 million (after tax) have been recognised as part of the cost of implementing the strategic reform initiatives announced by the CEO. In addition, total staff numbers have fallen from 14,868 at 31 December 2001 to 11,403 at 31 December 2002.

Other significant restructuring activities included the sale of non core businesses:

- Cogent, the Group's investment administration business, resulting in a profit after tax of $204 million
- the Bank's credit card business to American Express, resulting in a profit after tax of $24 million
- Henderson's UK private client business, resulting in a profit after tax of $28m.

During the year a controlled entity of the Company issued 11,500,000 AMP Reset Preferred Securities ("RPS") at $100 each. Proceeds from the issue of RPS were used to reduce short term debt, and provide the AMP Group with a more efficient and stronger capital structure. Full details of the RPS are included in Note 21 Outside Equity Interests of the Financial Report.

Capital and reserves of the Group have decreased to $8,765 million from $9,520 milion at 31 December 2001 as a result of the net operating loss and dividends paid, offset by an increase in contributed equity, mainly from the Dividend Reinvestment Plan.

Since 31 December 2002, global investment markets, particularly the UK FTSE 100, have weakened. If global markets weaken further, or remain at current levels, the Group's profitability will be adversely affected.

Political donations

AMP believes it is appropriate to make contributions to support the democratic process. Contributions to political parties are determined on a basis which recognises the relative representation of major political parties in Parliaments throughout Australia and New Zealand.

Contributions to major political parties made during 2002 were:

Federal Liberal Party of Australia	$50,000
Federal Australian Labor Party	$50,000
National Party of Australia	$25,000
Labour Party of New Zealand	NZ $10,000
National Party of New Zealand	NZ $10,000

Smaller contributions were also made during 2002 to Australian State political parties.

Significant changes in the state of affairs

In October 2002, the Group changed its strategic direction to concentrate on growing AMP's leading position in the Australian wealth management market, reducing AMP's capital commitment in the UK and building a global asset management business in partnership with AMP's wealth management businesses. This review resulted in a writedown of the value of AMP's businesses by $1,227m as referred to above.

AMP's divestment of the Cogent business by way of a sale to BNP Paribas had no significant effect on the company's accounts other than the profit referred to above. Other divestments which also had only a minimal impact on the accounts were Henderson's private client business in the UK and the Bank's credit card business, which was sold to American Express.

The appointment of Andrew Mohl and the strategic review of AMP's businesses resulted in a number of senior executives departing the Group, and the appointment of a new Senior Management Team.

The Chairman-elect announced a restructure of the AMP Limited Board on 25 February 2003.

Likely developments

Details of likely developments in AMP's businesses are set out elsewhere in this report. In the opinion of the Directors, disclosure of further information about likely developments in AMP's businesses are commercially sensitive and would be likely to be detrimental and result in unreasonable prejudice to the company.

The environment

In the normal course of its business operations AMP is subject to a range of environmental regulations, of which there have been no material breaches during the year.

In 2002, AMP committed to its global environment policy, which was approved by the AMP Limited Board and overseen by the Board Governance Committee.

The policy covers both operational and investment-related environmental impacts and is available on www.ampgroup.com under 'About AMP'.

Operational impact

The implementation of the policy at an operational level is supported through employee education. AMP is investigating environmental measurement systems, focusing initially on its Australian premises.

Investment management – Henderson Global Investors

Equities

As an active investor, Henderson believes that engagement with companies on environmental issues is an effective way to influence management practices to the benefit of its clients and the natural environment. Henderson's equity investments are guided by its UK and Australian/New Zealand corporate governance policies, which include environmental considerations.

Property

AMP Henderson has continued to implement initiatives across the Australian property investment management business under its environmental management plan.

Its 2002 initiatives included water conservation, 'green power', environmental benchmarking, evaluation of a building rating system and energy conservation.

The focus for 2003 is to improve benchmarking and to implement at as many managed properties as possible the initiatives that were trialed during 2002.

Stanbroke Pastoral Company

Stanbroke remains committed to using scientifically-based land management strategies that will maintain soil, water and biodiversity value.

The 2000 land clearing moratorium on the development of previously uncleared vegetation on its properties is still in effect.

Environmental planning for all properties commenced in May 2002, with additional work underway to assess the company's greenhouse gas emissions. The results of these studies, which are anticipated to be complete during 2003, will guide Stanbroke's future land management plans.

Private Capital

Reflecting the high risk/return nature of private capital investment, environmental assessment is undertaken on a case by case basis rather than according to a documented process. It is predominantly carried out as part of due diligence, with differing levels of emphasis depending on whether the investment is considered to have a high, medium or low environmental impact.

DIRECTORS' REPORT

For the year ended 31 December 2002

Events occurring after the reporting date

As at the date of this report the Directors are not aware of any matter or circumstance that has arisen since the end of the financial year that has significantly affected or may significantly affect the operations of the consolidated entity, the results of its operations or its state of affairs, which is not already reflected in this report.

Directors' and other officers' remuneration

Details of the emoluments paid to the Directors and the five highest paid executive officers of the group and options granted are disclosed in Note 32 of the Financial Report.

The five highest paid executive officers of the Group during 2002 were executives who left the company during that year. Payments at cessation include statutory and other contractual entitlements and payments made in mitigation of other legal claims following external expert advice. Those payments are disclosed in Note 32 of the Financial Report. The base salaries of the five highest paid current executive officers are also disclosed.

The amount to be paid to Mr Batchelor has not been finalised at the date of this report.

Options

Disclosure of information relating to the granting and exercise of options over unissued ordinary shares are shown in Note 31 of the Financial Report.

Following a review of AMP's long term incentive policies, AMP announced on 4 October 2002 that share options would not be granted as part of the remuneration of its executives and senior employees, and that a new long term incentive programme based around performance rights would be introduced.

Directors' interests

At 26 February 2003, the Directors hold the following beneficial interests in: AMP Limited Shares, Options over AMP Limited Shares, and Debentures and Registered Schemes made available by AMP Limited or its related entities.

	Shares	Options	Income Securities
S D M Wallis	26,000	-	-

I A Renard	5,085	-	50
R P Yates	100,311	550,000	-

DIRECTORS' REPORT

For the year ended 31 December 2002

Indemnification and insurance of Directors and officers

Under its Constitution, the company has, to the extent permitted by law, agreed to indemnify all officers of AMP (including the Directors) for any liability, whether civil or criminal, (including the costs and expenses of defending actions for an actual or alleged liability) which they may incur in that capacity.

No indemnity is given to current or former employees of the AMP Group against liability incurred in their capacity as an employee unless the giving of the indemnity has been approved by the Board. During or since the end of the financial year, no such indemnities have been provided.

During or since the end of the financial year, the AMP Group has paid or agreed to pay premiums in respect of a contract insuring all of the officers (including all Directors) of the AMP Group against certain liabilities as permitted by the Corporations Act 2001. The insurance policy prohibits disclosure of the nature of the liability, the amount of the premium and the limit of liability.

In addition, the company and each of the Directors are parties to Deeds of Indemnity and Access, as approved by the Board. Those Deeds of Indemnity and Access provide that:

- The Directors will have access to the books of AMP Limited for their period of office and for 7 years after they cease to hold office;
- AMP Limited indemnifies the Directors to the extent permitted by law;
- The indemnity covers liabilities incurred by the Directors in their capacity as officers of other AMP Group companies; and
- AMP Limited will maintain Directors' and Officers' insurance cover for the Directors to the extent permitted by the law for the period of their office and for 7 years after they cease to hold office.

Dividends

Details of the dividends paid and declared during the financial year are disclosed in Note 17 of the Financial Report.

Rounding

In accordance with the Australian Securities and Investments Commission Class Order 98/0100, amounts in this Directors' Report and the accompanying Financial Report have been rounded off to the nearest million Australian dollars, unless stated otherwise.

Signed in accordance with a resolution of the Directors.

STAN WALLIS
CHAIRMAN

PETER WILLCOX
CHAIRMAN-ELECT

ANDREW MOHL
MANAGING DIRECTOR AND CHIEF EXECUTIVE OFFICER

Sydney, 26 February 2003

DETAILED ANALYSIS OF SHAREHOLDER PROFIT

For the year ended 31 December 2002

This table shows a detailed analysis of the source of net profit after tax attributable to shareholders of AMP Limited by business unit.

(All amounts are after income tax)	Year ended 31 December 2002 A$m	Year ended 31 December 2001 A$m
Australian Financial Services	334	366
UK Financial Services	211	328
Henderson Global Investors	192	208
AMP Banking	(7)	(13)
Total business unit operating margins	**730**	**889**
Discontinuing businesses	38	148
Corporate office costs	(79)	(102)
Total operating margins	**689**	**935**
Underlying investment income[1]	437	506
Interest expense on corporate debt	(230)	(242)
Distribution on AMP Reset Preferred Securities	(13)	-
Underlying contribution	**883**	**1,199**
Investment income market adjustment[2]	(388)	(532)
Profit after income tax before other items	495	667
Transformation costs[3]	(344)	(8)
Asset sales	234	86
Valuation adjustments	(1,227)	-
Goodwill amortisation	(54)	(55)
Net profit after tax attributable to shareholders of AMP Limited	**(896)**	**690**

Note:

1. *The investment income on shareholder capital attributed to the Business Units and Corporate Office is normalised in order to bring greater clarity to the results and to eliminate the distorting impact of short term market volatility on the Group's underlying performance.*
2. *The investment income market adjustment is the difference between the normalised investment income and the actual investment income attributable to shareholders.*
3. *Transformation costs include redundancies, the consolidation of operating sites, rationalisation of computer systems and elimination of duplication across the management and support functions.*

Notes to the Financial Statements

For the year ended 31 December 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The consolidated Financial Report of the economic entity comprises AMP Limited (the parent entity) and all entities which AMP Limited controlled from time to time during the year and at balance date (the Group).

(a) Basis of accounting

The Financial Report is a general purpose Financial Report which has been prepared in accordance with the requirements of the Corporations Act 2001, applicable Australian Accounting Standards and other mandatory professional reporting requirements in Australia (Urgent Issues Group Consensus Views).

The Group is predominantly a financial services operation conducted through life insurers and financial institutions. The assets, liabilities, revenues and expenses of the Group's life insurance operations are measured on the basis of net market value and net present value. The assets and liabilities integral to the general insurance activities are measured on the basis of net market value and net present value. All remaining activities within the Group are accounted for in accordance with the historical cost convention.

(b) Comparative information

Where necessary, comparative information has been reclassified to enhance comparability with current period disclosures.

(c) Changes in accounting policies

Accounting policies in this Financial Report are consistent with those of the previous year except where noted.

Disclosures and presentation changes have been adopted throughout the Financial Report. The changes do not affect the calculation of net profit (loss) nor statement of financial position carrying amounts.

(d) Principles of consolidation

Controlled entities acquired are accounted for using the purchase method of accounting. Information from the Financial Reports of controlled entities is included from the date the parent entity obtains control until such time as control ceases. Where there is a loss of control of a controlled entity, the consolidated Financial Report includes the results for the part of the reporting period during which the parent company had control.

This Financial Report consolidates the financial information of controlled entities prepared for the same reporting period as the parent entity using consistent accounting policies. Adjustments are made to bring into line any dissimilar accounting policies which may exist.

The life insurance operations of controlled entities are conducted within separate life insurance funds containing both policyholder and shareholder interests. The activities of these funds are reported in aggregate with all other shareholder interests in the Group's statement of financial performance, statement of financial position and statement of cash flows.

All intercompany balances and transactions including unrealised profits arising from intra-group transactions, have been eliminated in full.

(e) Cash at bank and on deposit

For the purposes of the statements of cash flows, cash comprises cash on hand which is available on demand, deposits held at call with banks usually available within 24 hours and other tradeable investments not subject to significant risk of change in value with short periods to maturity, net of outstanding bank overdrafts and deposits in.

For the purposes of the statements of financial position, cash comprises cash on hand which is available on demand and deposits held at call with banks usually available within 24 hours.

Cash on hand, deposits at call and bank overdrafts are carried at their principal amount. Interest revenue on deposits and interest expense on bank overdrafts are recorded as revenues and expenses as they accrue.

(f) Receivables

Receivables are carried at nominal amounts due less any provisions for impairment, except in relation to reinsurance claims which are discounted to present value consistent with discounting of outstanding claims.

Financing receivables integral to the life and general insurance activities of the Group are reported at market value. The resulting unrealised gains and losses are recognised in the statement of financial performance.

(g) Investments

Investments held by non-life insurance entities and investments within the general insurance entities which are not integral to the general insurance activities are held at the lower of cost and recoverable amount except for marketable securities held for resale which are recorded at net market value. Investments by AMP Limited in controlled entities are recorded at the lower of cost or recoverable amount.

Notes to the Financial Statements

For the year ended 31 December 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments held by life insurance entities and those integral to general insurance activities have been recorded at net market value including an allowance for estimated realisation costs. Where no quoted market values exist, various methods determined by internal and external valuers are adopted by the Directors. In those cases, the values adopted are considered equivalent to net market value. Details of particular methods adopted are as follows:

Equity securities

i) Ordinary and preference shares, equity options (included in equities) and investments in unit trusts that are not controlled entities are recorded at net market value. Where no quoted market value exists, a Directors' valuation with reference to various recognised valuation methods including net tangible assets, cash flows and earnings multiples is used;

ii) Investments in controlled entities of life insurance operations that do not have quoted market values are recorded at Directors' valuations. For the majority of controlled entities this valuation has been determined by reference to the net tangible assets, the anticipated discounted cash flows or a multiple of earnings of the controlled entity. Also refer to note 1(k) Excess of market value over net assets of controlled entities;

iii) Investments in associated entities are recorded at Directors' valuation with reference to the life insurance entity's proportionate interest in the net market value of each associated entity using the basis described in i) above; and

iv) Investments in partnerships and joint ventures are recorded at Directors' valuation with reference to the life insurance entity's proportionate interest in the market value of each partnership or joint venture at balance date based on their anticipated discounted cash flow or net tangible assets, as applicable.

Debt securities

i) Interest-bearing securities listed on stock exchanges are shown at quoted prices at balance date. Unlisted interest-bearing securities are valued using interest rate yields obtainable on comparable listed investments; and

ii) Loans are recorded at market value based on discounting the estimated recoverable amount using prevailing interest rates.

Property

i) Freehold and leasehold properties, including owner-occupied properties, are recorded at current net market values. For properties held in respect of investment-linked business, a Directors' valuation is determined annually, or more frequently as required, with reference to qualified independent valuations. For properties held in respect of other classes of life insurance business, a Directors' valuation is determined annually with reference to qualified internal valuers, with values of selected major properties certified by qualified independent valuers.

Investment synthetics and derivatives including financial futures and forward exchange contracts, interest rate swaps, exchange traded and other options, and forward rate agreements are recorded at net market value and included in the investment asset category being hedged.

(h) Operating assets

Operating assets are carried at cost less accumulated depreciation. Depreciation is provided on a straight-line basis over a period of 3-10 years. The written down value approximates net market value in the life insurance operations.

(i) Other assets

Deferred acquisition costs - general insurance

A portion of acquisition costs relating to unearned premium revenue is deferred in recognition that it relates to a future benefit. Deferred acquisition costs are measured at the lower of cost and recoverable amount. Deferred acquisition costs are amortised over the financial years expected to benefit from the expenditure.

Capitalisation of costs

Costs are capitalised and carried forward only where the costs relate to the creation of an asset with expected future economic benefits which is capable of reliable measurement. Otherwise all costs are recognised as expenses in the period they are incurred.

Capitalised costs are amortised over the estimated useful life of the asset being a period not exceeding five years, commencing at the time the asset is first put into use or held ready for use (whichever is the earlier).

(j) Intangibles

Where controlled entities of non-life insurance entities are consolidated, the excess of purchase price over the fair value of identifiable net assets of controlled entities is goodwill and is amortised on a straight line basis over the period during which benefits are expected to be received not exceeding 20 years. All purchased goodwill is currently being amortised over a period not greater than 20 years.

Notes to the Financial Statements

For the year ended 31 December 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(k) Excess of market value over net assets of controlled entities

Interests in controlled entities held by life insurance companies are subject to revaluation each period, such that the investment in the controlled entity is recorded at net market value.

Where a life insurer consolidates a controlled entity, any differences between the net assets of the controlled entity and the market value of the controlled entity as recorded in the life insurer's financial statements is shown as "Excess of market value over net assets of controlled entities". This excess represents future benefits expected to be derived from the business which are not reflected in the book values of the underlying assets and liabilities of the entity.

Changes in the amount of this excess are included in consolidated investment revenue. The excess is not required to be amortised in the financial statements. Further details are provided in Note 11.

(l) Taxes

The new Business Tax System (Consolidation and Other Measures) No.2 Bill 2002 was passed on 21 October 2002. AMP Limited has not yet elected to enter tax consolidation for 2002. In future years, as a result of this legislation, tax balances will no longer be recorded by subsidiaries if they form part of a consolidated tax Group. Tax balances for the consolidated tax Group will be recorded in the financial statements of AMP Limited. To the extent that a subsidiary has deferred tax balances arising from timing differences that are expected to reverse before the implementation of tax consolidation, there will be no effect. Where deferred tax assets relating to timing differences are expected to reverse after the implementation of tax consolidation, AMP Limited has the intention to compensate the subsidiary for any net deferred tax assets or charge the subsidiary for any net deferred tax liabilities that remain as at the implementation date on a dollar for dollar basis.

Income tax expense

Income tax expense applicable to life insurance businesses within the Group reflects tax imposed on shareholders as well as policyholders and unattributed life funds.

Accounting Standard AASB1038: 'Life Insurance Business' requires income tax expense applicable to shareholders as well as all other interests to be reflected in the statement of financial performance for the Group.

Income tax expense on all other businesses within the Group is based on the applicable local tax rates and is calculated after adjusting for permanent differences between taxable and accounting income.

Deferred tax balances

The Group has adopted the liability method of tax effect accounting. The tax effect of timing differences, which arise from items being brought to account in different periods for income tax and accounting purposes, are deferred and carried forward in the statement of financial position as a deferred tax asset or a deferred tax liability. These amounts are offset where the associated tax payable and the realisable benefit are expected to occur in the same period.

Deferred tax assets are not brought to account unless realisation of the asset is assured beyond reasonable doubt. Deferred tax assets relating to tax losses are only brought to account when their realisation is virtually certain.

Deferred tax assets and deferred tax liabilities within the life insurance entities have been discounted to present value using reasonable assumptions as to future levels of interest rates, average periods for which each asset category of investments will be held, the tax rate applicable to the respective classes of business and the tax regime in each country of operation. Deferred tax assets and deferred tax liabilities within non-life insurance entities are not discounted.

Goods & services tax

The Group operates across a number of tax jurisdictions and offers products and services which may be subject to various forms of goods and services tax imposed by local tax authorities.

All revenues, expenses and assets are recognised net of any goods and services tax (GST) paid, except where they relate to products and services which are input taxed for GST purposes or the GST incurred is not recoverable from the relevant tax authorities. In such circumstances the GST paid is recognised as part of the cost of acquisition of the assets or as part of the particular expense.

Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable from or payable to the tax authorities are included as a receivable or payable in the statement of financial position.

Cash flows are reported on a gross basis reflecting any GST paid or collected. The GST component of cash flows arising from investing or financing activities which are recoverable from, or payable to local tax authorities are classified as operating cash flows.

(m) Payables

Trade and other creditors are recognised for amounts to be paid in the future for goods and services received, whether or not billed to the entity.

Notes to the Financial Statements

For the year ended 31 December 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(n) Unearned premiums

Unearned premiums represent premium revenue attributable to future accounting periods.

In respect of life insurance operations, unearned premiums represent those premiums due after, but received before the end of the financial period.

For direct general insurance and inwards reinsurance classes of business, unearned premiums are determined by apportioning the premiums written in the financial period commensurate with the risk profile of the premiums.

(o) Outstanding claims

General insurance

The liability for outstanding claims at balance date comprises claims which have been reported but not yet paid, claims incurred but not yet reported, claims incurred but not enough reported and the anticipated direct and indirect costs of settling these claims.

The liability includes an allowance for inflation and superimposed inflation and is measured as the present value of the expected future cost of settling claims. The present value is calculated by discounting the liability using risk adjusted market rates of return on investments.

Outstanding claims are determined by internal or independent actuaries on a best estimate basis in accordance with Actuarial Standards.

A prudential margin is added to the claims to increase the probability that the liability is adequately provided. The level of prudential margin has been set having regard to the volatility and predicability of the claims portfolio.

(p) Provisions

Employee entitlements

Provision is made for employee entitlement benefits accumulated as a result of employees rendering services up to the balance date. These benefits include salaries and wages, annual leave and long service leave.

Liabilities arising in respect of salaries and wages, annual leave and any other employee entitlements expected to be settled within twelve months of the reporting date, are measured at their nominal amounts. All other employee entitlements are measured at the present value of the estimated future cash outflows to be made in respect of services provided by employees up to the reporting date. In determining the present value of future cash outflows, the interest rates attaching to government guaranteed securities which have terms to maturity approximating the terms of the related liability are used.

Any contributions made to the Group's defined benefits superannuation plans by entities within the Group are recorded as expenses when due.

Employee share and option plans

There is no employee entitlement expense recognised on issue or exercise of shares, performance rights or options issued to employees as remuneration for services. An indicative fair value is disclosed in Note 31(c). Any consideration received on issue or exercise of these instruments is recorded as contributed equity.

Pensions, transfers and opt-outs

In common with other life insurance entities in the UK which have written pensions, transfer and opt-out business, the Group's UK operations have provisions for the review and possible redress relating to personal pension policies. These provisions are calculated using data derived from both a detailed file review of specific cases and from a statistical review of other outstanding cases.

As the provisions are part of policyholder funds, the shareholder portion (generally 10%) is determined in accordance with the profit sharing arrangements of each fund, the exception being Pearl Assurance Unit Linked Pensions, London Life Limited and Towry Law where any change in the provision is fully attributable to the shareholders.

(q) Borrowings and subordinated debt

Bank loans and deposits are measured at the principal amount. Bonds, notes and subordinated debt, including subordinated bonds and income securities, are recognised at issue date and are reported at historical cost, being their face value, or discounted value.

Discounts or premiums and ancillary costs incurred in connection with arrangement of borrowings are amortised over the lesser of the term to maturity or earliest redemption date, but not exceeding 10 years.

(r) Contributed equity

Ordinary share capital is recognised at the fair value of consideration received by the company.

Notes to the Financial Statements

For the year ended 31 December 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(s) Foreign currency translation reserve

All overseas operations are deemed self-sustaining as each is financially and operationally independent of the parent entity. The accounts of overseas operations are translated using the current rate method and any resulting exchange differences for overseas operations:

i) Controlled other than by life insurance companies are taken directly to the foreign currency translation reserve; and

ii) Controlled by life insurance companies are included in investment gains (losses) consistent with market value accounting.

Upon disposal or part disposal of a self-sustaining foreign operation, the balance of the foreign currency translation reserve relating to the operation, or to the part disposed, is transferred to retained profits.

(t) Outside equity interests – AMP Reset Preferred Securities Trust

The consideration received from the issue of AMP Reset Preferred Securities by AMP Reset Preferred Securities Trust, a controlled entity of AMP Limited, is recognised net of issue costs. A description of the AMP Reset Preferred Securities is provided in Note 21.

(u) Premium and related revenue

Life insurance

Premiums are separated into their revenue and deposit components. Premium amounts earned by providing services and bearing risks are treated as revenue. Other premium amounts received which are in the nature of deposits, are recognised as an increase in policy liabilities.

Premiums with no due date or fixed amount are recognised on a cash received basis. Premiums with a regular due date are recognised on an accruals basis. Unpaid premiums are only recognised during the days of grace or where secured by the surrender value of the policy and are reported as outstanding premiums and classified as receivables in the statement of financial position.

General insurance

General insurance and inwards reinsurance premium revenue comprise amounts charged to the policyholder or other insurers, including fire service levies but excluding stamp duties and GST collected on behalf of third parties.

The earned portion of premiums received and receivable, including unclosed business, is recognised as revenue from ordinary activities.

(v) Investment gains (losses)

Dividend and interest income is brought to account on an accruals basis when the Group obtains control of the right to receive the interest income or dividend revenue.

Net realised and unrealised gains (losses) represent changes in the measurement of net market values in respect of all investments recognised at net market value, as described in the investments note 1(g) above.

(w) Fee income

Management and performance fee income is recognised when the right to receive fees has been established. Management and performance fees are calculated in accordance with the investment management agreements with clients. Performance fees are recognised on an estimated basis supported by the latest performance criteria available.

Loan fees received represent cost recovery or charges for services and are recognised as income on an accruals basis.

(x) Claims expense

Life insurance

Claims are separated into their expense and withdrawal components. Claims which relate to the provision of services and bearing of risk are treated as expenses. Other claim amounts, which are in the nature of withdrawals, are recognised as a decrease in policy liabilities.

Claims are recognised when the liability to the policyholder under the policy contract has been established or upon notification of the insured event depending on the type of claim. Claims on non-investment linked business are recognised when the insured event occurs or is notified depending on the nature of the claim.

General insurance

Claims expense is recognised as claims are paid or as movements in outstanding claims occur.

(y) Outward reinsurance premiums expense and claims recoveries

Premiums ceded to reinsurers for both life insurance and general insurance businesses are fully recognised as an expense over the period of cover. Outward reinsurance premiums expense is classified as claims expense in the statement of financial performance.

Reinsurance and other recoveries receivable on paid claims and outstanding claims are fully recognised as revenue when claims are paid or the outstanding claim is raised. Outward reinsurance recoveries are classified as revenue in the statement of financial performance.

Notes to the Financial Statements

For the year ended 31 December 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(z) Operating expenses

Basis of apportionment of operating expenses

Life insurance expenses are apportioned between acquisition and maintenance costs. Expenses which are directly attributable to an individual policy or product are allocated directly to a particular expense category, fund, class of business or product line as appropriate. Where expenses are not directly attributable, they are apportioned based on detailed expense analysis having regard to the objective in incurring that expense and the outcome achieved. The apportionment has been made in accordance with Actuarial Standard 1.03: Valuation of Policy Liabilities (Valuation Standard), issued by the Life Insurance Actuarial Standards Board.

Investment management expenses of life insurance operations along with all other shareholder expenses relating to the Group's non-life insurance operations are classified as other operating expenses.

Expenses of controlled entities of life funds represent the business costs of policyholder investments which are consolidated into the results for the Group and do not directly impact shareholder profitability.

(aa) Borrowing costs

Borrowing costs include interest, amortisation of discounts or premiums relating to borrowings, amortisation of ancillary costs incurred in connection with arrangement of borrowings and finance lease charges. Borrowing costs are charged as an expense as they accrue.

Discounts or premiums and ancillary costs incurred in connection with arrangement of borrowings are amortised over the lesser of the term to maturity or earliest redemption date, but not exceeding 10 years.

(bb) Allocation of life insurance operating profit under Margin on Services (MoS)

For the Australian and NZ life insurance business, operating profit, determined by applying the principles of MoS as prescribed in the Life Insurance Act 1995 (Life Act), is allocated between shareholders and participating policyholders. Profit, once allocated to participating policyholders, can only be distributed to policyholders, unless approved otherwise by the regulators.

Profit allocated to Australian and NZ policyholders is shown as part of expenses, being an increase in liabilities. Bonus distributions to those policyholders are merely a change in the nature of the liability from unvested to vested.

For UK life insurance operations, the profit arising in the with-profits funds is also determined on the basis of the Australian requirements. The allocation of profit between shareholders and policyholders is made solely for the purpose of producing the consolidated accounts of AMP. Distributions from UK with-profits funds are governed by UK statutory requirements which are not based on Life Act principles. For this reason the AMP consolidated statement of financial performance and statement of financial position do not ascribe non-shareholder profit and equity in UK life funds specifically to policyholders. However, for the purposes of the description of principles of allocation in the following paragraphs, the term "policyholders" includes equity interest in UK life funds not explicitly attributable to shareholders.

The bonuses distributed to UK with-profits policyholders are shown as part of expenses. The distribution is supported from the unattributed life funds, the movement in which is therefore shown below the net profit (loss) line as a movement in other equity interests. The net result is that the remaining profit is solely that which is attributable to shareholders, as per the allocation below.

The principles of allocation of the life insurance profit determined under MoS are as follows:

i) Investment income (net of tax and investment expenses) on retained earnings in respect of AMP Life's participating business and Pearl Assurance's and London Life's with-profits business is allocated between policyholders and shareholders in proportion to the balances of policyholders' and shareholders' retained earnings. In AMP Life these proportions are 80:20. In Pearl Assurance and London Life, these proportions are approximately 90:10;

ii) Other MoS profits arising from AMP Life's participating business (excluding the additional tax attributable to shareholders in respect of Australian superannuation business) are allocated 80% to policyholders and 20% to shareholders, except for Preservation Superannuation Account (RSA and ERF) business where for 2002 they are allocated 88% to policyholders and 12% to shareholders;

iii) The additional 15% tax levied on taxable income to shareholders in respect of Australian superannuation business is allocated to shareholders only;

iv) For Pearl Assurance's and London Life's with-profits business the assumed allocation to shareholders is one ninth the cost of best estimate bonuses, measured on the same basis as is used to value liabilities for the purpose of the companies' UK regulatory returns. Other MoS profits are allocated such that the proportion of shareholders' retained earnings in the with-profits funds does not move significantly from 10% over time;

v) All profits arising from non-participating (without-profits) business, including net investment returns on shareholder capital and retained earnings in life funds (excluding retained earnings dealt with in (i) above) are allocated to shareholders;

Notes to the Financial Statements

For the year ended 31 December 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

vi) All the profits arising from the life insurance funds of NP Life accrue to the policyholders of that fund. Conversely, all the profits arising from the life insurance funds of NPI Limited accrue to the shareholders, with the exception of the investment component of profits on unitised with-profits business which accrue fully to policyholders (net of investment expenses and cost of capital).

(cc) Foreign currency translations

Transactions denominated in foreign currencies are converted to local currency at the rate of exchange ruling at the date of the transaction.

Amounts outstanding at the balance date denominated in foreign currencies have been converted to local currency using the appropriate rate of exchange ruling at balance date.

Except for certain specific hedges and hedges of foreign currency operations, all resulting exchange differences arising on settlement or restatement of balances denominated in foreign currencies are brought to account in determining the net profit (loss) for the period. Transaction costs, premiums and discounts on forward currency contracts are deferred and amortised over the life of the contract.

Exchange gains and losses on transactions hedging investments in foreign operations:

i) Controlled other than by life insurance companies are taken to the foreign currency translation reserve on consolidation; and
ii) Controlled by life insurance companies are taken to the statement of financial performance as investment gains (losses)

Exchange gains and losses on hedging transactions intended to hedge specific future revenue or expense items in foreign operations:

i) Controlled other than by life insurance companies are deferred and included in the measurement of those items; and
ii) Controlled by life insurance companies are taken to the statement of financial performance as investment gains (losses).

(dd) Derivative financial instruments

The Group is exposed to changes in interest rates and foreign exchange rates from its activities. The Group uses derivative financial instruments such as: interest rate swaps, forward rate agreements, futures, options and forward foreign exchange contracts. Derivative financial instruments are held for risk management purposes and not for the purpose of speculation. The Group does not hold a derivative trading portfolio.

To qualify as a hedge, the swap, forward, futures or option position must be designated as a hedge at its inception and be effective in reducing the market risk of an existing asset, liability, firm commitment or anticipated transaction. A hedge is considered to be effective where there is a high probability of the transaction occurring and the extent, term and nature of the exposure is capable of being estimated. Effectiveness of the hedge is evaluated on an initial and on going basis by comparing the correlation of the change in market or fair value of the hedge with the changes in the value of the hedged item.

Derivatives that are designated and effective as hedges are accounted for on the same basis as the instruments they are hedging.

For other than life insurance companies, costs arising at the time of entering into hedge transactions are brought to account in the statement of financial performance over the lives of the hedge contracts. For life insurance companies, costs arising at the time of entering into hedge transactions are recognised in the statement of financial performance in the period in which the costs are incurred.

If a derivative that is used to manage an interest rate exposure is terminated early, any resulting gain or loss is deferred and amortised to the statement of financial performance over the remaining period originally covered by the terminated contract.

(ee) Loan securitisation

The Group's banking operation, through its loan securitisation program, sells mortgage loans to securitisation vehicles that in turn issue asset backed securities to investors. In such transactions, AMP receives fees for various services provided to the program on an arms-length basis, including servicing fees and management fees. These fees are recognised over the period in which the services are provided. The Group also provides arms-length interest rate swaps and loan facilities to the program in accordance with the APRA Prudential Guidelines.

Notes to the Financial Statements

Notes to the Financial Statements

For the year ended 31 December 2002

2. SEGMENT INFORMATION (continued)

Business and Geographic segment information

Australian Financial Services (AFS) - Australian Financial Services provides financial planning, investment services, superannuation and life insurance products in Australia and New Zealand.

UK Financial Services (UKFS) - UK Financial Services provides savings, investment, insurance, retirement products and financial planning services.

Henderson Global Investors (HGI) - Henderson Global Investors provide investment management services including private capital and property portfolios and socially responsible investments.

AMP Banking - AMP Banking provides mortgage and savings products and credit card services in Australia, New Zealand and the UK and property finance services in Australia and New Zealand. The credit card portfolio was sold on 23 December 2002 and a structured sale process is currently underway for AMP Banking's property finance business in Australia and New Zealand and the UK and New Zealand mortgage businesses.

General Insurance - comprises corporate insurance operations, mortgage insurance operations and reinsurance operations. In 2001 the amount includes the general insurance business which was sold in July 2001.

Other - includes the provision of support services to the business units, corporate funding, investment of shareholder capital not allocated to reportable segments, as well as non core businesses previously reported as part of AMP International, but which are no longer reportable segments. In 2002, other includes proceeds from the sale of Cogent of $366m (net of sale costs).

Notes to the Financial Statements

For the year ended 31 December 2002

3. REVENUES FROM ORDINARY ACTIVITIES

	Note	Consolidated 2002 A$m	Consolidated 2001 A$m	Parent 2002 A$m	Parent 2001 A$m
(a) Premium and related revenue					
Life insurance premium and related revenue received and receivable	22(a)	16,260	16,694	-	-
Less: deposits recognised as an increase in life insurance policy liabilities		(13,379)	(13,649)	-	-
Life insurance premium and related revenue - recognised as revenue		2,881	3,045	-	-
General insurance premium and related revenue received and receivable[1]	23(a)	507	1,409	-	-
Total premium and related revenue[1]		**3,388**	**4,454**	**-**	**-**
(b) Fee and other revenue					
Banking business fees		40	20	-	-
Investment management fees		740	720	-	-
Service fees		151	420	15	15
Financial advisory fees		44	39	-	-
Other revenue[2]		498	610	-	1
Total fee and other revenue		**1,473**	**1,809**	**15**	**16**
(c) Investment gains (losses)					
Interest					
- Wholly owned group - controlled entities		-	-	2	-
- Other related parties - associated entities		17	29	-	-
- Other entities		3,785	4,026	-	2
Dividends and distributions					
- Wholly owned group - controlled entities		-	-	570	161
- Other related parties - associated entities		186	158	-	-
- Other entities		1,859	1,889	-	-
Net rents		903	895	-	-
Net realised and unrealised gains (losses)[3]		(14,952)	(8,773)	-	-
Other investment income		415	171	6	2
Total investment gains (losses)		**(7,787)**	**(1,605)**	**578**	**165**

Note:

1. *In 2001, an amount of $299m has been reclassified out of claims expense to correctly reflect reinsurance and other recoveries as revenue to ensure comparability with the current year. The changes do not affect the calculation of net profit (loss).*
2. *Other revenue includes the operating revenue of investment controlled entities providing various non financial services such as mining, farming and retailing.*
3. *Net realised and unrealised gains (losses) includes:*
   2002: (i) $1,040m writedown of the carrying value of investments to market value (total $1,227m including $121m writedown of goodwill to recoverable amount and $66m of operating expenses); and
   (ii) $366m proceeds (net of sale costs) from the sale of Cogent. After taking into account the carrying value of the assets sold, and expenses incurred in the disposal and separation of the business, the profit on sale after tax is $204m.
   2001: (i) $1,362m proceeds (net of sale costs) from the sale of the General Insurance business. After taking into account the carrying value of the assets sold, and expenses incurred in the disposal and separation of the business, the profit on sale after tax is Nil.

Notes to the Financial Statements

For the year ended 31 December 2002

4. EXPENSES FROM ORDINARY ACTIVITIES

	Note	Consolidated 2002 A$m	Consolidated 2001 A$m	Parent 2002 A$m	Parent 2001 A$m
(a) Claims expense					
Life insurance claims paid and payable	22(b)	(20,259)	(18,539)	-	-
Less: withdrawals recognised as a reduction in life insurance policy liabilities[1]		14,296	12,118	-	-
Life insurance claims recognised as expense[1]		(5,963)	(6,421)	-	-
General insurance claims and related expenses paid and payable[2]	23(a)	(446)	(1,422)	-	-
Total claims and related expenses		**(6,409)**	**(7,843)**	-	-

Other operating expenses[3][4]		(804)	(940)	(2)	(4)
Total operating expenses		**(4,708)**	**(4,455)**	**(16)**	**(14)**
(c) Specific expenses included within the above categories:					
Rental - operating leases		(18)	(47)	-	-
Superannuation contributions to defined benefits funds		(4)	2	(1)	-
Net foreign currency (losses) gains		23	(1)	-	-
Depreciation expense		(87)	(71)	-	-

Notes:

1. *In 2001, an amount of $1,698m has been reclassified and is now treated as withdrawals recognised as a reduction in life insurance policy liabilities to ensure comparability with the current year. The changes do not affect the calculation of net profit (loss).*
2. *In 2001, an amount of $299m has been reclassified out of claims expense to correctly reflect reinsurance and other recoveries as revenue to ensure comparability with the current year. The changes do not affect the calculation of net profit (loss).*
3. *Operating expenses in 2002 includes $489m of restructuring costs before tax ($344m after tax). The major areas of restructuring include redundancies, the consolidation of operating sites, rationalisation of computer systems and elimination of duplication across the management and support functions.*
4. *Other operating expenses includes the operating expenses of investment controlled entities providing various non financial services such as mining, farming and retailing.*

Notes to the Financial Statements

For the year ended 31 December 2002

5. INCOME TAX

The Financial Report of a group that includes a life insurer is required to recognise income tax expenses and benefits irrespective of whether they relate to policyholders or shareholders. Accordingly, a reconciliation between income tax expense (credit) and prima facie net profit (loss) at the current corporate income tax rate is not able to be prepared and is not included in the Financial Report.

The income tax rates and the basis for taxation relating to shareholder interests differ significantly from those relating to policyholder interests and other interests. The rates of taxation applicable to the taxable income of significant classes of business are as follows:

	2002 %	2001 %
(a) Australia		
Ordinary life insurance business	30	30
Complying superannuation	15	15
Non-complying superannuation	30	30
Immediate annuity business	Exempt	Exempt
Shareholder profits from life insurance business	30	30
Controlled companies/other business	30	30
(b) United Kingdom		
Life insurance business - life	20/22	20/22
Life insurance business - pension	Exempt	Exempt
Shareholder profits from life insurance business	30	30
Controlled companies/other business	30	30
(c) New Zealand		
All businesses	30/33	30/33

	Consolidated		Parent	
	2002 A$m	2001 A$m	2002 A$m	2001 A$m
Value of future income tax benefits arising from tax losses included in deferred tax asset at balance date	4	23	-	-
Future income tax benefits arising from tax losses of controlled entities not brought to account in this Financial Report as realisation of the benefits is not regarded as virtually certain[1][2]	754	633	-	-

Note:

1. *Includes capital losses of $194m (2001: $109m).*
2. *The future income tax benefit will only be obtained if:*
   - *a) Future assessable income is derived of a nature and of an amount sufficient to enable the benefit to be realised;*
   - *b) The conditions for deductibility imposed by tax legislation continue to be complied with; and*
   - *c) No changes in tax legislation adversely affect the economic entity in realising the benefit.*

Notes to the Financial Statements

For the year ended 31 December 2002

Balance at the end of the year	**945**	**866**	**-**	**-**

Note:

1. *Amounts transferred from excess of market value over net assets of controlled entities to goodwill include:*
   2002: (i) $223m as part of the review of the Group's UK operations and structure; and
   (ii) $25m as part of the further restructure of the remaining GIO businesses.
   2001: (i) $715m as part of the restructure of a number of GIO businesses.

Notes to the Financial Statements

For the year ended 31 December 2002

11. EXCESS OF MARKET VALUE OVER NET ASSETS OF CONTROLLED ENTITIES

	Consolidated		Parent	
	2002	2001	2002	2001
	A$m	A$m	A$m	A$m
AG Australia Holdings Limited[1]	-	34	-	-
AMP Japan Co Limited[2]	-	21		
AMP (NPI) Holdings Limited[4][5][6]	653	1,373	-	-
Henderson Global Investors (Holdings) plc[3][5]	928	958	-	-
Interactive Investor Limited / Ample[4][5]	-	74	-	-
Pearlinvest Limited	-	28		
Towry Law plc[4][5]	229	412	-	-
Other[4]	15	26	-	-
Total excess of market value over net assets of controlled entities	**1,825**	**2,926**	**-**	**-**

The excess of market value over net assets of controlled entities represents future benefits expected to be derived from the business which are not reflected in the book values of underlying assets and liabilities of the entities.

Notes:

1. *Following the restructure of the remaining GIO businesses $25m was transferred to goodwill and following a review of the market value of AG Australia Holdings, the remaining excess of market value over net assets of controlled entities has been written down to Nil.*
2. *Following a review of the market value of AMP Japan Co Limited the excess of market value over net assets of controlled entities has been written down to Nil.*
3. *During 2002, $43m was realised on the sale of Cogent operations held by Henderson Global Investors (Holdings) plc.*
4. *During 2002, $761m was written off following a review of the market value of these entities at 31 December 2002.*
5. *Apart from the matters referred to above, other changes in excess of market value over net assets of controlled entities mainly reflect exchange rate fluctuations.*
6. *At 31 December 2001, the market value of AMP (NPI) Holdings Limited included the market value of NPI Limited and also AMP (UK) Services Limited. Following the review of the Group's UK operations and structure and as a result of the move of NPI Limited into a historical cost environment, the excess of market value over net assets amounting to $223m has been transferred to goodwill. At 31 December 2002, the future benefits derived from AMP (UK) Services Limited depend upon the terms of the Management Services Agreement agreed with its client companies. Due to the restructuring of the UKFS business units, and in particular the closure of the Pearl Fund to most with-profit products, these terms will be renegotiated and further approval will be obtained from the Financial Services Authority in 2003. A key assumption underpinning the value shown above for this company is management's best estimate of the outcome of these negotiations.*

Balance at the end of the year		**5,001**	**4,613**	**5,001**	**4,613**

Ordinary shares have the right to receive dividends as declared and, in the event of the winding up of the company, to participate in the proceeds from the sale of all surplus assets in proportion to the number of and amounts paid up on shares held.

Note:

1. *Under the terms of the Dividend Reinvestment Plan, shareholders may elect to have all or part of their dividend entitlements satisfied by the issue of new shares rather than by being paid in cash. The interim dividend in 2002 and the 2001 final and interim dividends involved the issue of shares under this plan at A$11.40, A$18.90 and A$17.80 respectively. Commencing from the October 2002 interim dividend, the Dividend Reinvestment Plan is underwritten until the interim dividend in 2003, expected to be paid in October 2003. Issue costs associated with the underwriting amount to $3m.*
2. *These shares were issued to eligible shareholders under a share purchase plan. The shares were issued at an average price of $18.89 (2001: A$18.62) per share.*
3. *The former members of AMP Society exchanged their membership rights for shares in AMP Limited on demutualisation. 1,043,336,755 (2001: 1,043,333,045) shares have been issued to former members at an issue price of $3.00 per share.*
4. *An on-market share buy back was announced in May 2002 for capital management reasons. The intention was to acquire a maximum number of shares to the value of $400 million between 30 May 2002 and 31 December 2002. The buy back was halted in August 2002 due to poor investment markets.*

Notes to the Financial Statements

For the year ended 31 December 2002

17. DIVIDENDS, DISTRIBUTIONS AND FRANKING CREDITS ACCOUNT

	Note	Consolidated 2002 A$m	Consolidated 2001 A$m	Parent 2002 A$m	Parent 2001 A$m
(a) Interim dividend paid on ordinary shares					
Dividend of 26 cents per ordinary share franked to 15% at tax rate of 30% (2001: 25 cents per ordinary share franked to 15% at tax rate of 30%)		295	280	295	280
(b) Final dividend proposed on ordinary shares					
Dividend of 20 cents per ordinary share franked to 15% at tax rate of 30% (2001: 26 cents per ordinary share franked to 15% at tax rate of 30%)	13	232	293	232	293
Total dividends paid and proposed	19	**527**	**573**	**527**	**573**
(c) Dividend franking account[1][2]					
Dividend franking credit balance		80	120	1	6

The company's ability to utilise the franking account credits depends on there being sufficient available profits to declare dividends.

Note:

1. *Balance of franking account adjusted for:*
   - *Franking credits which will arise from the payment of income tax provided for in the financial statements;*
   - *Franking debits arising from the payment of the above dividends; and*
   - *Franking credits that the entity may be prevented from distributing in the subsequent financial year.*
2. *With effect from 1 July 2002, Australian tax legislation requires companies to maintain franking accounts on an Australian income tax paid basis rather than on Australian taxed profit basis as was previously the case. In accordance with this legislation, the franking account balances at 30 June 2002 are converted so that the opening balances on 1 July 2002 reflects the Australian income tax paid amounts. The prior year franking account balances, have not been restated and are determined on an Australian taxed profit basis.*

Notes to the Financial Statements

For the year ended 31 December 2002

18. EARNINGS PER SHARE

(a) Classification of equity securities

Only ordinary shares have been included in the calculation of basic earnings per share. Options over unissued ordinary shares, performance rights and AMP Reset Preferred Securities have been classified as potential ordinary shares and have been considered in the calculation of diluted earnings per share.

All options and the AMP Reset Preferred Securities have been determined not to be dilutive for 2002.

Since the end of the financial year and up to the date of this report there have been no movements in options, shares and AMP Reset Preferred Securities, except for the lapse of 873,764 options, the grant of 85,000 options and the grant of 82,297 performance rights.

20. UNATTRIBUTED LIFE FUNDS

For those UK life insurance funds which include participating business, only 10% of the assets in excess of the policy and other liabilities calculated under MoS, ie $610m (2001: $692m) can, in the context of the UK regulatory environment, be definitively attributed to shareholders. The remaining 90%, ie $5,494m (2001: $6,232m) is deemed to be equity which is not specifically attributable to shareholders' or policyholders' interests, and is referred to in these financial statements as unattributed life funds.

In recent years, bonus distributions to UK with-profit policyholders have exceeded the level supported by actual experience, because of the need to support bonuses in a way that is consistent with the reasonable expectations of policyholders. The balance of the cost of bonus distributions has been met from the unattributed life funds. The need to support bonus levels is expected to continue in the medium term, consistent with accepted UK industry practice. In the absence of a significant recovery in equity markets, it is now likely that a significant proportion of the unattributed life funds will be utilised in this way.

The following table shows the movements in unattributed life funds for the period.

The impact of exchange rate movements is accounted for through the foreign currency translation reserve, and not through the statement of financial performance.

21. OUTSIDE EQUITY INTERESTS

(a) Outside equity interests – AMP Reset Preferred Securities Trust

During 2002, AMP Henderson Global Investors Limited, a wholly owned entity, as Responsible Entity of the AMP Reset Preferred Securities Trust, a controlled entity, issued 11,500,000 non-maturing AMP Reset Preferred Securities (RPS) at A$100 each, with a preferred, non-cumulative, twice yearly distribution (24 April and 24 October) payable in arrears. AMP's equity interest in the Trust is represented by one ordinary unit. The remaining units are held by outside interests and therefore the Trust is classified as outside equity interest.

The annual distribution rate is currently set at 8.62% p.a. until the first reset date on 24 October 2007. Each successive reset date will be determined by AMP, with approval of APRA in certain circumstances. APRA currently requires that the period between reset dates be five years.

The payment of a distribution on RPS is subject to certain payment and liquidation limitations included in the terms of the issue. AMP has the discretion as to paying a distribution. Where a distribution is not paid in full, AMP is restricted in paying a dividend on ordinary shares, or making a distribution on any share capital (other than share capital which ranks in priority to the preference shares which, subject to AMP's ordinary shareholders resolving to amend the AMP Limited Constitution to permit their issue, will be issued and held in the AMP Reset Preferred Securities Trust ("Preference Shares")) or redeem, reduce, cancel or acquire for any consideration any of its outstanding share capital, unless these restrictions are lifted in accordance with the terms of the issue.

At each reset date and upon the occurrence of certain specific events, holders of RPS may request conversion into ordinary shares of AMP. The Conversion Ratio is determined with reference to an average of the daily volume weighted average sale prices of AMP ordinary shares sold, in the 20 days immediately preceding conversion. The AMP Directors may resolve instead, that a sale of those RPS to a third party be arranged and the cash proceeds delivered to the RPS holder. Until the first reset date, the conversion discount currently available to RPS holders is 2.5% to the prevailing market price of AMP ordinary shares, subject to certain conditions. Upon the occurrence of certain specific events, AMP may require conversion into ordinary shares of AMP in accordance with the terms of the issue.

RPS rank in priority of payment to ordinary shareholders, but are subordinated to all policyholders and creditors. While the RPS are on issue, AMP must not, without RPS holder approval, issue shares, or allow shares (or other securities) to convert into ordinary shares, that rank in priority to preference shares.

RPS holders have no right to vote at general meetings of AMP.

22. LIFE INSURANCE BUSINESS (continued)

(e) Life insurance policy liabilities valuation

Policy liabilities, and hence the net profit of life insurance businesses, are established by applying the principles of Margin on Services (MoS). MoS is the financial reporting methodology for Australian life insurance companies as prescribed under the Life Insurance Act 1995 (Life Act). Policy liabilities are determined in accordance with Actuarial Standard 1.03: Valuation of Policy Liabilities (Valuation Standard) issued by the Life Insurance Actuarial Standards Board under the Life Act.

The life insurance business of the Group's overseas subsidiaries is not directly subject to the Life Act. However, policy liabilities arising in all of the Group's life insurance subsidiaries have been calculated on the basis of the Australian requirements for the purpose of producing AMP Limited consolidated accounts.

The policy liabilities and solvency reserves for all life insurance businesses have been determined at the reporting date, and relevant actuarial officers within those businesses are satisfied as to the accuracy of the data used in those calculations.

The methods and profit carriers used to calculate policy liabilities for particular policy types are as follows:

Business Type	Method	Profit Carriers (for business valued using projection method)
Conventional	Projection	Bonuses
Investment account	Projection / Modified accumulation	Interest credits
Investment-linked	Projection / Accumulation	Asset under management charges
Allocated annuity	Accumulation / Modified accumulation	Interest credits
Risk	Projection / Accumulation	Expected claim payments
Annuity	Projection	Annuity payments

Under the projection method, estimates of policy cash flows (premiums, benefits, expenses and profit margins to be released in future periods) are projected into the future. The projected profit margins are expressed as a percentage of the relevant profit carrier. The policy liability is calculated as the net present value of these projected cash flows.

Under the accumulation method for investment products the policy liability is the accumulation of amounts invested by policyholders, less fees specified in the policy plus investment earnings. This accumulation may be adjusted to the extent that acquisition expenses are to be recovered from future margins between fees and expenses. A similar approach is used for some risk business except that the basic accumulation is the amount of unearned premium plus outstanding and unreported claims at the valuation date.

For group investment account business and some individual investment account business, a modified accumulation approach is used which allows for the fact that crediting rates are determined by reference to investment income over a period longer than one year.

All the profits arising from the life insurance fund of NP Life accrue to the policyholders of that fund. As shareholders have no direct interest in that fund, the policy liabilities for that business are equal to the net assets of the relevant life insurance funds.

Approximate methods have been used in the calculation of policy liabilities for some products for which the liabilities and profit are not material.

Set out below is a summary of the key assumptions used in the calculation of policy liabilities.

(i) Discount rates (investment earnings)

For products matched closely by portfolios of fixed interest securities, the assumed earning rate is the implied yield on the total portfolio of matching assets less an appropriate margin for default risk.

The assumed earning rates for other business are largely driven by long term (eg. 10 yr) government bond yields. The bond yields used at 31 December 2002 were (2001 in parentheses):

	Long Term Bond Yield
Australia	5.2% (6.1%)
New Zealand	6.2% (6.9%)
United Kingdom	4.5% (5.1%)

Notes to the Financial Statements

For the year ended 31 December 2002

22. LIFE INSURANCE BUSINESS (continued)

For products backed by mixed portfolios of shares, property and fixed interest securities, the assumption then varies with the proportion of each asset sector backing the product. Assumed earning rates for each asset sector are determined by adding to the bond yield various risk premia which reflect the relative differences in expected future earning rates for different countries and asset sectors. The risk premia applicable at 31 December 2002 were (2001 in parentheses, where different):

	Australia	New Zealand	UK
Local Equities	3.5% (4.0%)	3.6% (3.1%)	3.3% (3.0%)
International Equities	2.9% (3.0%)	2.9% (3.0%)	2.9% (3.0%)
Property	2.4% (2.0%)	2.0%	2.0%
Corporate Bonds	0.5%	0.5%	0.5%
Other Fixed Interest	0.0%	0.0%	0.0%
Cash	-1.0%	-1.0%	-1.0%

For 2002, the risk premia for equities and Australian property include an allowance for the extent to which the relevant market is perceived to be under or over valued relative to bond markets.

Consistent with the above, minor changes have also been made to the assumed mix between future income and capital gains for the purposes of estimating future tax.

At 31 December 2001 an explicit allowance was made for transaction costs, averaging 0.2%. At 31 December 2002 no explicit allowance is made, the cost being allowed for implicitly in the risk premia.

Some significant changes in assumed asset mix have occurred in those funds containing participating business. The broad asset mixes for such funds at 31 December 2002 were (2001 in parentheses):

	Equities	Property	Fixed Interest	Cash
Statutory Fund 1 (Australia)	28% (32%)	16% (17%)	42% (40%)	14% (11%)
Statutory Fund 1 (NZ non IL)	43% (55%)	18% (21%)	34% (23%)	5% (1%)
Pearl Long Term Fund	33% (63%)	14% (9%)	38% (26%)	15% (2%)
London Life With Profits Funds	41% (56%)	11% (11%)	46% (31%)	2% (2%)

Where the assumption used is net of tax, then tax on investment income is allowed for at rates appropriate to the country, class of business and asset sector, including any allowance for imputation credits on equity income.

(ii) Future growth in unit prices

For investment-linked business the assumed future rates of growth of unit prices are the discount rates (determined as above) less appropriate allowance for management fees.

(iii) Future participating benefits

For participating business, the total value of future bonus (and the associated shareholders' profit margin) which is included in policy liabilities is the amount supported by the value of supporting assets after allowing for the assumed future experience. The pattern of bonuses and shareholder profits assumed to emerge in each future year then depends on the assumed relationship between reversionary bonus (or interest credits) and terminal bonus. This relationship is set to reflect the philosophy underlying actual bonus declarations.

There have been no changes to the basis on which the assumed future relationship between reversionary bonus and terminal bonus is determined, although the level at which business is pooled for determining supportable bonuses has been increased at Pearl, consistent with management methodology, developments in UK regulations and industry practice.

Actual bonus declarations are determined to reflect, over time, the investment returns of the particular fund and other factors in the emerging experience and management of the business. These factors include allowance for a reasonable degree of smoothing; reasonable expectations of policyholders; equity between generations of policyholders and across different classes and types of business; and on-going solvency and capital adequacy. Given the many factors involved, the range of bonus structures and rates for AMP's participating business is extremely diverse.

(iv) Future maintenance expenses

Unit maintenance costs are based on budgeted expenses (including GST as appropriate and excluding one-off expenses) in the year following the reporting date, increased by the rate of inflation set out below. These expenses include fees charged to the life funds by service companies. Unit costs vary by product line and class of business based on an apportionment which is supported by expense analyses.

Future investment expenses are based on the fees currently charged by the asset managers.

Notes to the Financial Statements

For the year ended 31 December 2002

22. LIFE INSURANCE BUSINESS (continued)

(v) Inflation and indexation

Annual inflation rates of 2.1%, 2.6% and 1.8% are assumed for Australia, NZ and the UK respectively (2001: 2.6% for Australia, 2.4% for NZ and 1.9% for the UK). The assumptions for expense inflation are based on these rates, having regard also to the terms of the relevant service company agreements.

Benefits and premiums under many regular premium policies are automatically indexed. Assumed future take-up of these indexation options is based on AMP's own experience.

(vi) Basis of taxation

The bases of taxation in each country (including deductibility of expenses) are assumed to continue in accordance with current legislation. Refer to Note 5 for details.

(vii) Voluntary discontinuance

Rates for the incidence of withdrawals, paid-ups and premium dormancy are based on recent investigations of experience. The rates are based upon individual global rates for each of the product groups which are then adjusted for either duration or age attained, as appropriate. Given the variety of influences affecting discontinuance for different product groups, the range of voluntary discontinuance rates across the Group is extremely diverse.

Future rates of discontinuance at 31 December 2002 are unchanged from those assumed at 31 December 2001 apart from:

- In Australia, increases ranging from 1% pa to 2% pa to withdrawal rates for retail superannuation, risk and allocated annuity business combined with some reductions for group superannuation and closed ordinary investment-linked and investment account products;
- In NZ, increase in withdrawal rates for disability and reduced rates for term and investment account products; and
- In UK, increase in withdrawal rates for risk business at Pearl.

(viii) Surrender values

The surrender bases assumed are those current at the reporting date. During 2002, there have been no changes to these which would materially affect the valuation results.

(ix) Mortality and morbidity

Standard mortality tables applicable to each country are used (e.g. IA95-97 and IM(F)80 in Australia and NZ, AM(F)80 and RM(C)V92 in the UK). These standard tables are based on national or industry wide data. They are then adjusted by factors which take account of AMP's own experience. For annuity business adjustment is also made for mortality improvement prior to and after the valuation date.

Assumed rates of mortality at 31 December 2002 are, in some instances, lower than those assumed at 31 December 2001, to reflect increased longevity of the population. In particular, rates of annuitant mortality have been reduced; by 1% in Australia and NZ and 12% to 20% at NPI. Following analysis of recent experience, no change in annuitant mortality assumptions has been made at Pearl or London Life.

For the incidence of lump sum disability, standard tables are not available and so the assumptions are based on recent AMP and industry experience. There have been no significant changes to these assumptions over the year.

For Australian disability income business, the most suitable table available is CIDA85, which is based on North American experience. It is extensively adjusted for AMP's experience with the adjustment dependent on age, sex, waiting period, occupation, smoking status and claim duration. As at 31 December 2002 changes have been made to the occupation factors such that, on average, the assumed rates of claim incidence are about 5% lower than those assumed at 31 December 2001.

(f) Policy acquisition costs - life insurance

Policy acquisition costs are the fixed and variable costs of acquiring new business and include the related commission, policy issuing and underwriting costs, agency expenses and other sales costs. The actual acquisition costs incurred in life businesses are recorded in the statement of financial performance.

The future recovery of acquisition costs is taken into account in determining life insurance policy liabilities. The acquisition costs to be recovered are determined as the excess (if any) of the actual costs incurred over the explicit initial policy charges. Losses are recognised at inception where future profits are insufficient to recover net acquisition costs.

(g) Unvested policyholder benefits

For those Australian and New Zealand life insurance funds which include participating business, part of the assets in excess of the policy and other liabilities calculated under MoS is attributed to policyholders. Under the Life Act this is referred to as policy owner retained profits.

For the purpose of reporting under Accounting Standard AASB1038 this is referred to as unvested policyholder benefits and is treated as liabilities due to policyholders, as it represents amounts that have been allocated to participating policyholders generally, although they are yet to be vested in specific policyholder entitlements.

Notes to the Financial Statements

For the year ended 31 December 2002

22. LIFE INSURANCE BUSINESS (continued)

(h) Restrictions on assets

Investments held in the life funds can only be used within the restrictions imposed under the Life Act, and the Financial Services and Markets Act 2000, and the rules of the relevant regulators in each country. The main restrictions are that the assets in a fund can only be used to meet the liabilities and expenses of that fund, to acquire investments to further the business of the fund or as distributions when solvency, capital adequacy and other regulatory requirements are met.

(i) Solvency and capital adequacy

Life insurance companies are required to hold prudential reserves over and above their policy liabilities, as a buffer against adverse experience and poor investment returns. The minimum level of reserves required to be held by the AMP Group to support policyholder benefits is laid down by the Life Act and accompanying actuarial standards in Australia and by the rules of the Financial Services Authority in the UK. The AMP Group holds additional amounts within its life insurance subsidiaries to ensure a higher level of security for policyholder benefits.

At 31 December 2002, AMP Life's available assets across all its statutory funds were approximately 58% higher (2001: 77% higher) than the required solvency reserve.

In the UK, a common measure of financial strength is the free asset ratio, being the value of admissible assets and any implicit items less the value of statutory liabilities and the required minimum margin expressed as a percentage of the total liabilities. This measure is particularly relevant for companies with a substantial proportion of participating (with-profits) business. The full calculation of these items as at 31 December 2002 will be finalised and submitted to the UK regulator by the end of March 2003. The best estimate available of the free asset ratios of the entities for which the measure is most relevant were approximately 2% (2001: 5%) for Pearl, 3% (2001: 5%) for London Life and 2% (2001: 8%) for NPI Closed Fund.

(j) Disaggregated information

AMP's life insurance business is conducted through a number of life insurer entities in Australia and in the UK. All of the Australian life insurance business is conducted by AMP Life Limited.

Under the Life Act, the life insurance business is conducted within one or more separate statutory funds which are distinguished from each other and from the shareholders' fund. The financial statements of Australian life insurers prepared in accordance with AASB 1038, (and which are lodged with the relevant Australian regulators) show all major components of the financial statements disaggregated between the various life insurance Statutory Funds, and the Shareholders Fund.

Notes to the Financial Statements

For the year ended 31 December 2002

23. GENERAL INSURANCE BUSINESS

Activities reflected in 2001 include six months of the Australasian general insurance business divested on 1 July 2001, and twelve months of the general insurance businesses retained, including the run-off businesses.

- Unrealised	8	(61)	-	-
- Realised	(118)	263	-	-
Total investment income	**61**	**476**	**-**	**-**
Net profit (loss) before income tax	**91**	**106**	**-**	**-**

Note:

1. The presentation of reinsurance and other recoveries and outwards reinsurance expense is required by AASB1023: 'Financial Reporting of General Insurance Activities' and differs from the presentation in Note 3 and 4.

Notes to the Financial Statements

For the year ended 31 December 2002

23. GENERAL INSURANCE BUSINESS (continued)

	Consolidated		Parent	
	2002 A$m	2001 A$m	2002 A$m	2001 A$m
(b) Outstanding claims - general insurance [1]				
Expected future claims payments - undiscounted	3,494	4,163	-	-
Discount to present value	(365)	(391)	-	-
Total outstanding claims	**3,129**	**3,772**	-	-
Current	774	1,079	-	-
Non-current	2,355	2,693	-	-
Total outstanding claims	**3,129**	**3,772**	-	-
The liability for outstanding claims is segmented as follows:				
Direct insurance	1,552	1,517	-	-
Inwards reinsurance	1,577	2,255	-	-
Total outstanding claims	**3,129**	**3,772**	-	-

(c) Outstanding claims details

The following range of inflation rates (normal and superimposed) and discount rates were used in the measurement of outstanding claims and reinsurance recoveries:

	For year ended 31 Dec 2002		For year ended 31 Dec 2001	
	Year ending 31 Dec 2003 %	Subsequent years %	Year ending 31 Dec 2002 %	Subsequent years %
Direct insurance				
Inflation rate[2]	0-10.0	0-10.0	0-10.0	0-10.0
Discount rate	3.0-4.8	3.0-5.6	4.0-5.5	4.0-7.5
Inwards reinsurance				
Inflation rate[2]	0	0	0	0
Discount rate	3.0-4.0	3.0-4.0	4.5-4.7	4.5-4.7

Economic inflation decreases the purchasing power of money and superimposed inflation is the escalation of claim payments due to changes in court awards and community attitudes etc.

The weighted average expected term to settlement of the outstanding claims from the balance date is estimated to be 3.4 years (2001: 3.2 years) for direct insurance and 3.2 years for inward reinsurance (2001: 2.8 years).

Notes:

1. Reinsurance claims recoverable are included in Receivables (Note 6).

2. For inwards reinsurance and some direct insurance, inflation is allowed for implicitly in the method used to determine outstanding claims.

Notes to the Financial Statements

For the year ended 31 December 2002

23. GENERAL INSURANCE BUSINESS (continued)

(d) Analysis of claims expense

Current year claims relate to risks borne in the current financial year. Prior year claims relate to a reassessment of the risks borne in all previous financial years.

(d) Acquisition of controlled entities

In the course of normal operating investment activities, AMP life insurance entities acquire equity interests in entities including unit trusts. In some cases, acquisition transactions result in AMP holding a controlling interest in the investee entity. The underlying net assets of such entities typically comprise investment assets including cash, and the consideration paid for a particular acquisition reflects the fair value of the investment assets acquired at the date of acquisition after taking into account minority interests.

From time to time, AMP also acquires equity interests in operating entities. Details of significant acquisitons of such entities are set out below:

2002: There were no significant acquisitions of controlled operating entities during 2002.
2001: On 3 August 2001, AMP acquired the independent financial advisory company Towry Law plc in the UK.

25. FINANCIAL INSTRUMENTS

(a) Interest rate risk

The following tables provide information about financial assets and financial liabilities showing the weighted average effective interest rate and the earlier of the contractual repricing or maturity date for each class of interest bearing financial instrument in the statement of financial position.

Life insurance operations are conducted within life insurance funds containing policyholder, shareholder and unattributed interests. All of these interests are included in the consolidated statement of financial position for the Group in accordance with AASB1038: 'Life Insurance Business'.

The management of the risks associated with investments undertaken by life insurance funds including interest rate risk, is subject to the requirements of the relevant local regulatory requirements, which for Australia are governed by the Life Insurance Act 1995 in Australia, Financial Services and Markets Act 2002 in the UK and the rules of the relevant regulator in each country. This includes satisfying solvency requirements, which requires statutory reserves to be held specifically to address interest rate risk to the extent that assets are not matched against liabilities. A substantial portion of the interest-bearing financial assets outlined in the following tables represent investments held in life insurance funds in respect of policyholder and unattributed interests.

Derivative financial instruments				
Interest rate derivatives	-	-	(73)	(181)
Forward foreign exchange contracts	(26)	(12)	(26)	(12)

The net fair value estimates for financial assets and liabilities of the Group are based on the following methodologies and assumptions:

Financial assets

Cash at bank and on deposit

The carrying value of cash at bank and on deposit approximate their net fair value as they are short term in nature. Details of balances comprising cash at bank and on deposit and valuation methods applied are outlined in Note 1(e).

Receivables

Receivables comprise balances carried at nominal amounts due less any provision for impairment, and receivables integral to the general insurance or life insurance operations of the Group which are either discounted to their present value or reported at their market value. In each case the carrying values approximate their net fair value. Further details in relation to the valuation methods adopted are outlined in Note 1(f).

Equity securities

Equity securities, the majority of which are listed, are carried at market value based on either their quoted market prices or Directors' valuations. In each case their carrying values approximate their net fair value. Further details in relation to the valuation methods applied are outlined in Note 1(g).

Debt securities - loans secured

The net fair value of loans secured are calculated by utilising a discounted cash flow model (the net present value of the future principal and interest cash flows), based on the maturity of the loans. As loans secured are unlisted, the discount rates applied are based on the yield curve appropriate to the remaining term of the loans.

Loans secured may be carried in excess of fair value due to fluctuations in interest rates on fixed rate loans. As the fluctuations in fair value do not represent a permanent diminution and the carrying amount of the loans are recorded at recoverable amount after assessing the required impairment provision, it is not appropriate to restate their carrying amount.

25. FINANCIAL INSTRUMENTS (continued)

Debt securities - Other
Other debt securities include interest bearing securities, unsecured loans, loans to associated entities, convertible notes or debt securities held through unit trusts. Most of these assets are held in life funds and are market valued. Details of valuation methods are outlined in Note 1(g).

Financial liabilities
Payables
Payables comprises trade creditors, policies in the process of settlement and other creditors. Accounts payable are carried at nominal amounts due. The carrying value of accounts payable approximate their net fair value.

Borrowings
Borrowings comprise domestic commercial paper and various floating rate and medium term notes. Their net fair value is estimated by discounting their cash flows at market fair value rates appropriate for their respective maturity. Further details in relation to the valuation methods applied are outlined in Note 1(q).

Subordinated debt
Subordinated debt for the Group comprises various subordinated guaranteed bonds, and AMP income securities. As these instruments are listed securities their fair value is determined with reference to their actual quoted market prices at balance date. Further details in relation to the valuation methods applied are outlined in Note 1(q).

Derivative financial instruments
Interest rate swap agreements
The net fair value of interest rate swap agreements is determined as the difference in present value of the future interest cash flows. This is the estimated amount which the group would receive or pay to terminate the contracts at the reporting date. The discount rates applied were based on quoted market prices.

Forward foreign exchange contracts
The net fair value of forward foreign exchange contracts is determined at balance date by applying the closing quoted market spot rate. This is the estimated amount which the group would receive or pay to terminate the contracts at the reporting date.

(c) Credit risk exposures
The maximum exposure to credit risk at balance date in relation to each class of recognised financial asset is the carrying amount of those assets as indicated in the statement of financial position.

At balance date, AMP had no specific concentration of credit risk with a single counterparty arising from the use of financial instruments other than the normal clearing house exposures associated with dealings through recognised exchanges.

The counterparties to off-exchange contracts are limited to companies with strong credit ratings. The credit risks associated with these counterparties are assessed under the same management policies as applied to direct investments in AMP's portfolio.

(d) Derivative financial instruments entered into for hedging purposes
Derivative transactions undertaken by life insurance controlled entities as part of life insurance operations
The Group uses derivative financial instruments as a means of hedging against the impact of market movements on the value of assets in the portfolio and as a means of effecting a change in the asset mix of the portfolio so as to reduce and eliminate risks. AMP's policy is to trade in derivatives only to hedge existing financial market risk and not for the purpose of speculation.

During 2002 various UK entities within the AMP Group entered into equity derivative transactions as a means of protecting their regulatory solvency positions. As at 31 December 2002 these positions remained open.

In respect of the risks associated with the use of derivative financial instruments, price risk is controlled through the setting of exposure limits which are subject to detailed monitoring and review. Foreign exchange hedges are monitored on a regular basis to ensure they are effective in the reduction of price risk.

All derivatives including financial futures, forward foreign exchange contracts, interest rate swaps, exchange traded and other options and forward rate agreements are recognised, recorded at market value and included in the investment asset category being hedged. The weighted average effective interest rate of each interest bearing investment asset incorporates the effective interest rate of all instruments including derivatives in the asset class.

Derivative transactions undertaken by non life insurance controlled entities
The principle of using derivative financial instruments for hedging in AMP Treasury and Banking operations is to minimise financial risk from movements in interest rates and foreign exchange rates. To achieve this objective, a combination of derivatives including swaps, futures, forwards and options in the interest rate and foreign exchange markets may be used. A description of each of these derivatives is shown below:

i) Swaps - a swap transaction obliges the two parties to the contract to exchange a series of cash flows at specified intervals known as payment or settlement dates.

ii) Forward contracts - a forward rate agreement is an agreement between two parties establishing a contract interest rate on a notional principal over a specified period commencing at a specific future date.

Notes to the Financial Statements

For the year ended 31 December 2002

25. FINANCIAL INSTRUMENTS (continued)

iii) Futures contracts - a futures contract is similar to a forward contract. A futures contract obliges its owner to buy a specific underlying commodity or financial instrument at a specified price on the contract maturity date (or to settle the value for cash). Futures contracts are exchange traded.

iv) Options - an option contract gives the option holder the right, but not the obligation, to buy or sell a specified amount of a given commodity or financial instrument at a specified price during a certain period or on a specific date. The writer of the option contract is obliged to perform if the holder exercises the right contained therein.

(e) Securitisation

During the year mortgages totalling $1,413m (2001: $1,265m) were sold into a securitisation vehicle. At 31 December 2002 AMP has outstanding securitised assets amounting to $2,322m (2001: $1,462m) after allowing for amortisation of the initial assets securitised.

The securities issued by the securitisation programs do not represent deposits or other liabilities of the Group. The Group does not in any way stand behind the capital value and/or performance of the securities or the assets of the program except to the limited extent provided in the transaction documents for the program through the provision of arm's length services and facilities as outlined in Note 1(ee). The Group does not guarantee the payment of interest or the repayment of principal due on the securities. The Group is not obliged to support any losses that may be suffered by the investors and does not intend to provide such support. The Group has no right to repurchase any of the securitised loans and no obligation to do so.

(f) Terms, conditions and accounting policies

The accounting policies and terms and conditions for each class of financial asset and financial liability at the balance date, are outlined in Note 1. Further details in relation to the terms and conditions of financial instruments are also provided in Note 15 in relation to subordinated debt and Note 24 in relation to cash, deposits and financing arrangements.

Terms and conditions relating to borrowings are outlined following:

		Consolidated		Parent	
	Note	2002	2001	2002	2001
		A$m	A$m	A$m	A$m

Notes to the Financial Statements

For the year ended 31 December 2002

29. CONTINGENT LIABILITIES

The following are not recognised in the statement of financial position:

(a) Litigation and Arbitration

(i) In June 2002, legal proceedings were commenced in a US Federal Court in Portland, Oregon against AMP Life Limited (AMPL), AMP Henderson Global Investors Limited (AMPHGI) and several current and former officers of AMP Limited (AMP) and its subsidiaries. The plaintiffs allege, among other things, that the defendants breached duties owed to the plaintiffs arising out of oral agreements with AMPL and fiduciary duties owed to the plaintiffs as a result of AMPL's 90% shareholding in a private capital investment (with respect to which AMPHGI served as investment adviser). The plaintiffs and their affiliate were 10% shareholders in this investment.

In January 2003, AMPL filed a separate action in a US State Court in Oregon against the plaintiffs and others involved in the management of the company in which AMPL has invested. AMPL's claims include breach of fiduciary duty, negligent misrepresentation, fraud and breach of relevant securities laws.

Both the federal and state court proceedings are at an early stage and it is too early to determine their ultimate outcome.

(ii) A request for arbitration was filed before the London Court of International Arbitration on 23 January 2003 against AMP Private Capital Pty Limited (now Henderson Private Capital Pty Limited). The dispute arises from a joint venture agreement for the management of private equity funds in India.

Damages sought against AMP Private Capital Pty Limited exceed $A53million (US$30 million). It is too early to determine the extent, if any, of its potential liability.

(iii) On 31 August 1999, proceedings were commenced in the Federal Court of Australia against GIO Australia Holdings Limited (now AG Australia Holdings Limited) – now a wholly owned subsidiary of AMP, Grant Samuel & Associates Pty Limited and a number of former directors of GIO.

The proceedings are brought on behalf of certain shareholders in GIO Australia Holdings Limited at the time of the takeover offer (announced by AMP Limited on 25 August 1998) who owned shares continuously between 25 August 1998 and 4 January 1999, other than shareholders related to the defendants.

The applicant asserts that an independent expert's report prepared by Grant Samuel and other information provided by GIO Australia Holdings Limited in its Part B Statement (issued in response to AMP Limited's takeover offer) was misleading in that shareholders were not adequately informed of certain risk factors concerning GIO Reinsurance. The applicant seeks damages against the defendants, including GIO Australia Holdings Limited.

AG Australia Holdings Limited has filed cross-claims against PricewaterhouseCoopers (Partnership), PwC Securities Limited, Macquarie Bank Limited and Grant Samuel & Associates Pty Limited who were its advisers in relation to the AMP takeover offer.

Grant Samuel has joined GIO Insurance Limited (now Gordian RunOff Limited) as a cross defendant to the proceedings.

These proceedings are still not at the stage where the Group is able to determine the extent, if any, of its potential liability.

(iv) In the course of normal business operations AMP is exposed to legal issues which involve litigation.

(b) Contingent liabilities which are considered to be covered under an insurance policy, but where indemnity has not been granted yet, are not reported here, to avoid making an admission which prejudices the insurer's rights.

(c) As part of the AMP Society demutualisation process, the AMP(UK) Ltd shares held by AMPOI (a NZ subsidiary of AMP Life Ltd), were restructured.

The Internal Revenue Department (IRD) issued a binding ruling in or about late 1997 indicating that the financial transactions involved in the restructure would be non taxable. The IRD has recently (6/12/02) advised AMP Life Limited that it contests the treatment of the restructure as non taxable and intends to issue a Notice of Proposed Adjustment ("NOPA"). The IRD has alleged that the previous ruling was based on the provision of insufficient information and misrepresentation by AMP, which is denied by AMP.

AMP Life disputes the IRD's position and, at the date of this report, has commenced judicial review of the IRD's proposed action on the basis that the previous ruling should stand. The initial estimate of tax involved is NZ$125 million but at this stage it is not possible to estimate with certainty the amount, if any, of the company's potential liability.

Notes to the Financial Statements

For the year ended 31 December 2002

29. CONTINGENT LIABILITIES (continued)

(d) In the normal course of business, the Group enters into various types of investment contracts that can give rise to contingent liabilities. These include foreign exchange contracts, financial futures, interest rate derivatives and exchange traded options. These contracts are entered into in the normal management of the investment portfolio.

(e) AMP Limited has given an undertaking to the Australian Prudential Regulation Authority (APRA) in relation to AMP Bank Limited to comply with the ongoing requirements of APRA.

(f) AMP Limited has entered into a deed to provide capital maintenance and liquidity support to AMP Bank Limited.

(g) In the normal course of business, AMP enters into various types of business contracts that give rise to contingent liabilities. These include guarantees for performance obligations and undertakings for maintenance of net worth and liquidity support to controlled entities in the Group.

Notes to the Financial Statements

For the year ended 31 December 2002

30. SUPERANNUATION COMMITMENTS

AMP contributes to a number of superannuation funds that exist to provide benefits for employees and their dependants on resignation, retirement, disability or death of the employee. Certain employees in the funds have benefits based on defined benefit arrangements, however new employees are generally offered only defined contribution style benefits. AMP entities and employees make contributions as specified in the rules of the respective funds.

Details are provided below of the major defined benefit funds contributed to by AMP in the year ended 31 December 2002.

	Accrued benefits A$m	Net market value of plan assets A$m	Net surplus A$m	Vested benefits A$m	Date measured
AMP Officers' Provident Fund[1]	867	920	53	840	31-03-2002[2]
AMP UK Staff Pension Scheme[3][4]	4,483	5,360	877	N/A[4]	31-12-2001[2]
AMP (New Zealand) Staff Superannuation Plan[3]	53	87	34	53	01-01-2000[2]

Notes:

1. *Contributions by AMP to the AMP Officers' Provident Fund, on a basis recommended by the Fund Actuary, amounted to $43m in 2002 (2001: $nil).*
2. *Dates of the last actuarial valuations of these funds.*
3. *In view of significant surpluses, AMP did not make full regular contributions to these funds. AMP will recommence full regular contributions when it becomes appropriate to do so based on the scheme rules and on actuarial advice.*
4. *Vested benefits as defined in accounting standards in Australia are not normally calculated by UK funds of this type. In each case, vested benefits would be substantially the same as, or less than, the accrued benefits.*

Notes to the Financial Statements

For the year ended 31 December 2002

31. EMPLOYEE SHARE AND OPTION PLANS

(a) Option Plans

i) Options have been granted to employees other than executives under the Employee Option Plan, and to executives under the Executive Option Plan. The exercise price for the options granted at listing in June 1998 was the base price (A$16.00). For all subsequent grants, the exercise price is based on the market price at the date of the grant. The Board Remuneration Committee, in determining the exercise price, is able to approve a 5% discount to the market price. Other than options granted at listing in 1998 which lapse five years from the date of grant, all other options may generally be exercised between three and ten years after the date they are granted as long as any applicable exercise conditions are met.

ii) Options were granted in 1998 and 1999 to a small number of senior executives under the Performance Share and Option Plan to reward outstanding achievement and to provide retention and motivation incentives. The exercise price on these options is A$Nil. There have been no further grants under this plan.

Holders of options under these plans do not have any right, by virtue of the option, to participate in any share issue of the company or any related body corporate or in the interest issue of any other registered scheme.

A table showing the 2002 movements in the option plans is included later in Note 31.

Since the end of the financial year and up to the date of this report, 85,000 options have been granted pursuant to a legal settlement. The exercise price of these options is $16.13 (35,000 options) and $16.49 (50,000 options) and may be exercised until 31 December 2003. Since the end of the financial year and up to the date of this report, 873,764 options have lapsed. The total number of options on issue at 26 February 2003 under all plans is 33,847,913.

(b) Share Plans

i) The Executive Share Ownership Plan was approved by the Board on 23 February 2000 (Restricted Plan).

- Shares were issued for no consideration to a small number of senior executives under the Restricted Plan in 2000, 2001 and 2002. These shares are generally subject to restrictions on transfer for three years from the date of issue. If an executive ceases to be an employee during that time, the shares will be forfeited unless the Board Remuneration Committee determines otherwise. Under the Restricted Plan, 10,000 shares were granted for no consideration on 28 March 2002 when the share price was $19.44.
- As part of the executive short-term incentive program for 2002, selected executives were invited to nominate to receive part of any 2002 short term incentive bonus as shares through the Restricted Plan as follows:
  (a) certain senior executives must nominate to receive 30% of any 2002 short term incentive as shares; and
  (b) approximately 200 executives may elect to take 25% of any 2002 short term incentive as shares.

  The price at which the shares are acquired by the executives is based on the average market price of the shares at the time they are acquired. The shares are generally subject to restrictions on transfer for three years from the date of allocation. Subject to the terms of the Restricted Plan, each participating executive will receive for no additional payment one share for every share held in the plan for a minimum of three years (matching shares).

ii) The Reward Share Plan and the Access Share Plan give all employees the opportunity to acquire shares at a 5% discount. Shares issued to employees under the Reward Share Plan are subject to restrictions on transfer for three years from the date of issue, but the restrictions are lifted on cessation of employment. After the three year period, employees are entitled to receive, for no additional payment, one further share for every ten shares held under the Reward Share Plan. The last offer made under the Reward Share Plan and the Access Share Plan was in September 2000. During the year, 5,501 shares were acquired under these plans. These plans have effectively been replaced by the Share Ownership and Share Acquisition Plans described in (v) below.

iii) The UK Share Save Scheme involves a form of payroll savings. Eligible employees who wish to purchase shares contribute a monthly amount to a savings account. At the expiration of three years, the employees have the option to use the funds in the account (plus interest) to subscribe for shares. The last offer made under the UK Share Save Scheme was in March 2000. A table showing the 2002 movements is included later in Note 31.

iv) Under the Henderson remuneration policy, there may be a requirement for some executives to defer an element of their short term incentive (STI) awards, growth equity bonus scheme (GEBS) and performance fees. A mandatory deferral applies above certain levels of award and is processed via the Deferred Equity Plan (DEP). Under DEP, executives can defer into AMP shares and or Henderson products. The deferred monies are paid directly to a trustee who purchases the nominated investments and hold them in trust. Under the two year DEP (applies to STI / performance fee deferrals), 50% of the investment units / shares are released to the employee at the end of the first year, the other 50% at the end of year two. Under the three year DEP (applies to GEBS), there is an element of matched units / shares.

v) In 2001, the Employee Share Ownership Plan (ESOP), the Employee Share Acquisition Plan (ESAP) and the All Employee Share Ownership Plan (AESOP) were approved by the Board. Under the plans, eligible employees were invited to apply for approximately A$1,000 (£400) worth of shares for no consideration.

- Eligible Australian or New Zealand employees could elect to participate in either the ESOP or the ESAP. Employees participating in the Australian / New Zealand plans were issued with 56 shares priced at A$17.85 (based on market price of shares at the time). Under the ESAP, employees may also elect to contribute part of their fixed pay and any bonuses towards acquiring shares. As an additional incentive for employees to acquire shares, each participating employee receives (for no additional payment) one share for every 10 shares that are held in the plan for a minimum of three years (to a maximum of 100 shares).
- Eligible UK employees could elect to participate in the AESOP. Employees participating in the UK plan were issued with 63 shares priced at £6.31 (based on market price of shares at the time). The AESOP also allows for employees to contribute up to 10% of their gross earnings towards acquiring shares, with similar incentives to the ESAP.

Notes to the Financial Statements

For the year ended 31 December 2002

31. EMPLOYEE SHARE AND OPTION PLANS (continued)

vi) The Henderson Long Term Value Sharing Incentive Plan was introduced for the benefit of eligible employees in the Henderson business unit. Participants may forego a percentage of their annual cash bonus during the performance period in return for units in the plan. Henderson will match these units on the basis of service and whether it achieves its business earnings targets in each of the three years. The value of the units can go up or down, depending on whether Henderson meets, exceeds or misses a hurdle rate that gives an agreed rate of return on capital. At the end of the three-year period, 50% of the value of the units as determined under the plan will be paid in cash and 50% of the value will be applied to acquire shares bought on market at that time. These shares are subject to restrictions on transfer for three years from the date of issue.

vii) The International Employee Share Ownership Plan (IESOP) was adopted by the Board in 2001. In 2002, amendments to it were approved. Under the IESOP plan, approximately 600 selected executives were invited to apply for performance rights which are a right to acquire a share if the applicable performance hurdles are satisfied over a 3 year performance period.

After the performance period, the number of performance rights capable of being exercised is calculated based on AMP's financial performance as measured by reference (over the performance period) to:

- Total shareholder return compared with 50 S&P/ASX 100 companies, for 25% of the performance rights granted to an executive; and
- Total shareholder return compared with 50 international companies in the life insurance and wealth management industry, for 50% of the performance rights granted to an executive; and
- AMP earnings per share, for 25% of the performance rights granted to an executive.

An executive is not entitled to shares before the performance rights become exercisable. If a performance hurdle is satisfied, a specified number of performance rights, as determined in accordance with the terms of issue, will become exercisable performance rights. The exercisable performance rights can then be exercised at any time before the expiry date (generally a further 2 years), otherwise they will lapse. Until performance rights are exercised, the executive will not be entitled to vote or receive dividends in respect of those performance rights.

Full vesting will only occur if AMP shares outperform 75% of the 50 S&P/ASX 100 companies and 50 international companies in the life insurance and wealth management industry and AMP's earnings per share grow by more than 12% per annum.

Nil vesting will occur if AMP shares outperform less than 50% of the 50 S&P/ASX 100 companies and 50 international companies in the life insurance and wealth management industry and AMP's earnings per share grow by less than 7% per annum.

One share will be issued or transferred to the executive, fully paid, on exercise of each performance right.

In December 2002, 3,222,975 performance rights were granted under the IESOP.

This grant includes 200,000 performance rights granted to the Managing Director and Chief Executive Officer which are subject to shareholder approval (to be sought at the forthcoming Annual General Meeting).

Since the end of the financial year and up to the date of this report, 82,297 performance rights have been granted.

(c) Fair value of equity instruments granted

Existing financial reporting rules do not require the measurement and disclosure of any expense or value for the allocation of equity instruments to employees. However, it is anticipated that current deliberations by Australian and International accounting standards boards will lead to the introduction of new recognition, measurement and disclosure requirements, possibly from 2004. AMP has not recognised any expense in 2002.

An indicative fair value of the following equity instruments allocated to employees is:

	Consolidated	
	2002	2001
	A$	A$
Performance rights[1)(3)]	22,756,042	-
Options[3)]	330,500	23,189,184
Executive Share Ownership Plan (shares issued for no additional payment)[4)]	194,400	3,730,200
Executive Share Ownership Plan (matching shares)[2)(3)]	1,221,800	-

Note:

1. *Includes 200,000 performance rights granted to the Managing Director and Chief Executive Officer which are subject to shareholder approval (to be sought at the forthcoming Annual General Meeting).*
2. *Includes the matching shares which may be awarded to the Managing Director and Chief Executive Officer, subject to the terms of their offer and which are subject to shareholder approval (to be sought at the forthcoming Annual General Meeting).*
3. *The indicative fair values at allocation date of performance rights, options and matching shares are calculated allowing for loss of dividend rights during the performance period, and a probability discount to reflect the applicable performance criteria.*
4. *Shares issued for no additional payments under the Restricted Plan are valued at the share price at date of grant.*

Notes to the Financial Statements

For the year ended 31 December 2002

31. EMPLOYEE SHARE AND OPTION PLANS (continued)

Details of options over unissued ordinary shares of AMP Limited are as follows:

Grant Date	Exercise Period	Exercise Price	Balance at 31 Dec 2002	Exercised during the year	Issued During the year	Lapsed during the year	Balance at 31 Dec 2001

Notes:

1. *During 2001, there were 1,500 options incorrectly advised as lapsing. These options have since been reinstated.*
2. *These options were granted in respect of a contractual entitlement entered into prior to the company's decision to cease granting options announced on 4 October 2002.*

Notes to the Financial Statements

For the year ended 31 December 2002

32. REMUNERATION OF DIRECTORS AND EXECUTIVES

(a) Directors

Fees paid to members of the Board are based on advice from the Group's remuneration specialists and external remuneration advisers appointed by the Board Nomination Committee. This advice takes into consideration the level of fees paid to Board members of other Australian corporations, the size, geographic locations and complexity of the Group's operations and the responsibilities and workload requirements of Board members.

Directors are paid a base fee in relation to service on the AMP Limited Board and for membership of one or more of its standing committees. Additional fees are paid to the Chair of each of the Board Audit & Compliance, Finance, Governance and Remuneration Committees. Mr Wallis' fees as Chairman of the Board are inclusive of his role as Chairman of the Board Nomination Committee. Individual Directors are paid fees for additional duties associated with membership of Due Diligence Committees of major projects (or other special purpose committees) on a *per diem* basis.

The Board Governance Committee has oversight of the fees paid to non-executive Directors of subsidiary companies of the AMP Group. For fees paid to Directors in the UK, the Committee receives advice on the appropriate level of Directors' fees for that market.

As the focus of the Board is on the long-term direction and well-being of the Group, there is no direct link between Directors' remuneration and the short-term results of the Group. However, its long-term performance relative to other large corporations is considered, among other factors, in setting the fee pool which is periodically proposed to shareholders at Annual General Meetings for approval. The current aggregate fee pool of A$2,500,000 was approved by shareholders in 1999.

Board fees are not paid to Mr Mohl or Mr Yates since the responsibilities of Board membership are considered in determining remuneration provided as part of their normal employment conditions. Details of remuneration for Mr Mohl and Mr Yates are given later in this note.

Apart from the executive Directors, Mr Mohl and Mr Yates, no current Directors of AMP Limited have been granted options or performance rights. Details of the remuneration of Mr Mohl and Mr Yates are discussed in subsequent pages regarding executive remuneration.

Each of the current non-executive Directors (except Mr Willcox) has a Retirement Allowance Agreement which provides cash benefits in the event of death or retirement from the Board. The retirement allowance is based on a sliding scale that provides a maximum benefit, after fifteen years service, of five times the average fees over the three years preceding retirement or death. The Directors have determined that the current Retirement Allowance Agreements may no longer be an appropriate form of remuneration. Consideration is being given to a new long-term equity program for Directors involving fee sacrifice to replace the current system of cash-based retirement allowances for non-executive Directors. Existing obligations to Directors will be met.

Notes to the Financial Statements

For the year ended 31 December 2002

32. REMUNERATION OF DIRECTORS AND EXECUTIVES (continued)

Non-executive Directors at 31 December 2002[10]	Fees for AMP Board and Committees A$	Fees for other Group Boards and Committees A$	Additional Board duties[2] A$	Super-annuation contribution A$	Other payments[3] A$	Total A$
S D M Wallis	350,000	-	-	30,566	53,275	433,841
P J Willcox[1]	34,203	-	-	3,503	4,725	42,431
Sir Malcolm Bates	107,500	249,515[4]	7,500	-	5,825	370,340
P A Cross	100,000	25,893[5]	4,500	11,714	5,825	147,932
R J Grellman	112,000	40,000[6]	55,000	18,196	5,825	231,021
Lord Killearn	107,500	138,619[7]	6,000	-	5,825	257,944
P K Mazoudier	107,500	40,000[8]	10,500	14,130	5,825	177,955
I A Renard	100,000	25,000[9]	4,500	11,688	5,825	147,013

Notes:

1. *Mr P J Willcox was appointed as a non-executive Director of AMP Limited on 9 September 2002.*
2. *Includes fees paid for additional duties as a member of Due Diligence Committees relating to capital raising, acquisitions or divestments.*
3. *Relates to allowances in respect of living away from home costs (S D M Wallis only) and incidental expenses related to the business of the company.*
4. *Fees of £90,000 were paid to Sir Malcolm Bates as Chairman of AMP's UK Financial Services subsidiaries (A$249,515 is the equivalent based on the average exchange rate for 2002: £1 = A$2.772).*
5. *Fees were paid to P A Cross as a Director of AMP Bank Limited.*
6. *Fees were paid to R J Grellman as a Director of AMP Life Limited and Chairman of its Audit and Compliance Committee.*
7. *Fees of £50,000 were paid to Lord Killearn as Chairman of Henderson Global Investors (Holdings) plc (A$138,619 is the equivalent based on the average exchange rate for 2002: £1 = A$2.772).*
8. *Fees were paid to P K Mazoudier as a Director of AMP Life Limited and a member of its Audit and Compliance Committee.*
9. *Fees were paid to I A Renard as a Director of AMP Bank Limited.*
10. *The accrued retirement benefit entitlements as at 31 December 2002 according to each Director's Retirement Allowance Agreement were: S D M Wallis – A$1,590,972; Sir Malcolm Bates – A$1,118,295; P A Cross – A$153,236; R J Grellman – A$245,204; Lord Killearn – A$363,017; P K Mazoudier – A$207,655 and I A Renard – A$268,921. The entitlements are payable at retirement or on death and are inclusive of any accumulated superannuation guarantee contribution balances. (Notional accruals have been included for Directors with less than 3 years service. Upon the resignation of P A Cross on 26 February 2003, her entitlement will lapse.) Mr Willcox has not entered into a Retirement Allowance Agreement.*

Notes to the Financial Statements

For the year ended 31 December 2002

32. REMUNERATION OF DIRECTORS AND EXECUTIVES (continued)

(b) Executives

Remuneration for senior executives is determined in accordance with remuneration guidelines established by the Board. Through the Board Remuneration Committee, the Board oversees the remuneration process. The Board approves remuneration for the Chief Executive Officer. All members of the Board Remuneration Committee are non-executive Directors who are not eligible to participate in any of the compensation programs that the Committee oversees.

Total remuneration package

The overall remuneration mix for each executive is based on a range of factors including the role held within AMP, how critical that area of the business is and local market conditions. This translates into a different remuneration mix for different roles within different areas of AMP. Higher-level roles generally attract higher variable pay.

AMP's total remuneration package for executives (including the Chief Executive Officer) consists of the following components:

i) Base salary – fixed pay package
ii) Short-term incentive – variable pay
iii) Long-term incentive – variable pay
iv) Non-cash benefits.

Base salary

Base salary is targeted at the median of the market rate for a given position. AMP utilises a range of 80% to 120% of this amount to reflect its assessment of an individual's performance capabilities. It is reviewed each year, but there are no guaranteed increases.

Short-term incentive

Short-term incentive is provided to executives by the Executive Short Term Incentive Programme (ESP) and allows eligible participants the opportunity to earn an annual cash incentive payment, part of which may be taken or, in the case of a small number of executives, is required to be taken, as restricted shares. The ESP provides a competitive opportunity that aims to deliver total annual payment for top performers at the 75th percentile of the market rate for a given position. Eligibility, and the size of the incentive, is based on a combination of quantitative and qualitative performance measures in respect of:

i) AMP's overall business performance;
ii) Business Unit performance (where relevant); and
iii) The individual's performance.

For certain senior executives, a mandatory 30% of ESP incentive payments will be made in restricted shares. This supports AMP's commitment to having executive focus tied closely to shareholder interests. Other participating executives may elect to receive 25% of their ESP payment in the form of restricted shares.

Restricted shares are acquired using pre-tax dollars and are generally held in the Executive Share Ownership Plan for three years. If the executive is still employed at AMP three years after the shares are acquired, AMP will match the shares on a one-for-one basis.

Long-term incentive

The new long-term incentive program consists of performance rights granted under the International Employee Share Ownership Plan (IESOP), an outline of which is set out in Note 31.

Additionally, certain executives have received options granted to them prior to the Board Remuneration Committee's decision to award future long term incentives in the form of performance rights. They remain subject to the original terms of grant, including performance and tenure hurdles and exercise price.

Non-cash benefits

These include superannuation contributions and other non cash benefits, such as parental leave, in line with local country legislation and market practice.

In addition, executives may be entitled to participate in the Employee Share Acquisition Plan (ESAP) in Australia and New Zealand, or in the All Employee Share Ownership Plan (AESOP) in the UK, as detailed in Note 31.

Notes to the Financial Statements

For the year ended 31 December 2002

32. REMUNERATION OF DIRECTORS AND EXECUTIVES (continued)

Executive[6][8]	Base Salary A$'000	Short term incentive[1] A$'000	Super-annuation contrib-utions A$'000	Payments at cessation[2] A$'000	Other pay-ments[3] A$'000	Total A$'000	Performance Rights allocated[4] Number
A. Mohl, Chief Executive Officer (from 7 October 2002; previously Managing Director, AFS)	954	1,024[5]	117	-	-	2,095	292,278[5]
R. Yates, Managing Director, Henderson Global Investors[7]	1,525	1,109	610	-	-	3,244	105,060
T. Fraser, formerly Managing Director, UKFS[7]	889	-	526	4,684	-	6,099	-
T. Wade, formerly Managing Director, AMP International[7]	570	-	60	1,962	685	3,277	-
W. Foster, formerly Chief Information Officer[7]	455	-	48	1,735	592	2,830	-
A. Jones, formerly General Manager, Corporate Human Resources	441	-	228	1,583	-	2,252	-
G. Traill, formerly General Counsel	122	-	13	2,057	-	2,192	-

Notes:

1. *Short-term incentive payments are based on individual and business performance for 2002 and are paid in 2003. These executives will take 30% of their actual short term incentive payment in the form of AMP shares under the Restricted Plan. The price at which the shares are acquired by the executives is based on the average market price of the shares at the time they are acquired. The shares are generally subject to restrictions on transfer for three years from the date of allocation. Subject to the terms of the Restricted Plan, each participating executive will also receive for no additional payment one share for every share that is held in the plan if the executive remains employed within the AMP Group until the third anniversary of the date of acquisition of shares under the plan (matching shares).*

   The indicative fair value of the matching shares (based on the market price of the shares acquired through application of the actual short term incentive payment) is A$307,200 for Mr Mohl and A$332,686 for Mr Yates.

2. *Payments at cessation include statutory and other contractual entitlements and payments made in mitigation of other legal claims following external expert advice.*

3. *Other payments include expatriate allowances and non-cash benefits (travel, rent etc).*

4. *The indicative fair values at allocation date of performance rights allocated in 2002 are calculated allowing for loss of dividend rights during the three year performance period, and a probability discount to reflect the applicable performance criteria. On this basis, the value of each of the performance rights allocated at 31 August 2002 (92,278 to Mr Mohl in respect of his role as Managing Director, AFS, and 105,060 to Mr Yates as Managing Director, Henderson Global Investors) is $7.14, and the value of each of the other 200,000 performance rights allocated to Mr Mohl as at 7 October, 2002 is $5.86. This amounts to a total value of $1,830,865 for Mr Mohl and $750,128 for Mr Yates.*

5. *Of the performance rights granted to Mr Mohl, 200,000 are subject to shareholder approval (to be sought at the forthcoming Annual General Meeting). The shares taken in respect of A$160,200 of the actual short term incentive payment under the Restricted Plan by Mr Mohl, are subject to shareholder approval (to be sought at the forthcoming Annual General Meeting).*

Notes to the Financial Statements

For the year ended 31 December 2002

32. REMUNERATION OF DIRECTORS AND EXECUTIVES (continued)

6. *Mr Batchelor was the Managing Director and Chief Executive Officer until 23 September 2002. He ceased to be a Director on that date. Mr Batchelor received the following remuneration during 2002:*
   (a) Salary of A$1,138,331;
   (b) Statutory entitlements of A$193,772;
   (c) Superannuation contributions of A$119,525; and
   (d) Non-cash benefits with a value of A$66,871.

   As at the date of this report, any further entitlements in connection with Mr Batchelor's cessation of employment are yet to be determined. The Company has committed to announcing details of any such entitlements to the ASX as soon as they are determined.

7. *Australian dollar equivalents for that part of remuneration paid to executives in pounds sterling in 2002 are based on the average exchange rate for 2002: £1 = A$2.772 and those paid in 2001 are based on the average exchange rate for 2001: £1= A$2.777.*

8. *The table details the emoluments of each executive Director and each of the 5 officers of the company (excluding executive Directors) receiving the highest emoluments during 2002. At the date of this report, the 5 highest paid officers of the company, determined by base salary, are M de Cure, General Manager, Strategy – A$700,000; C Dunn, Managing Director, AMP Financial Services - A$675,000; J Drabble, Managing Director, UK Contemporary Financial Services – A$550,000; I Laughlin, Managing Director, UK Life Services – A$550,000; P Leaming, Chief Financial Officer – A$650,000. Each of the executives is also entitled to short term incentives, superannuation contributions and long term incentives (in the form of performance rights) and other compensation related to, for example, expatriate and relocation allowances and non-cash benefits.*

33. RELATED PARTY DISCLOSURES

(a) Directors

The names of all persons who held office as a Director of AMP Limited during the year and the date of appointments and vacations of office during the year are:

S D M Wallis	Lord Killearn
P Willcox[1]	P Mazoudier
P J Batchelor[2]	A Mohl[3]
Sir Malcolm Bates	I A Renard
P Cross	R P Yates[4]
R Grellman	

Note:

1. Appointed on 9 September 2002.
2. Ceased to be a Director on 23 September 2002.
3. Appointed on 7 October 2002.
4. Appointed on 4 December 2002.

Details of remuneration paid or payable to Directors and Directors of related entities are set out in Note 32.

Transactions were entered into during the year with Directors or their Director-related entities. These transactions are within a normal employee, customer or supplier relationship on terms and conditions no more favourable than those available to other employees, customers or members (unless otherwise described below) and include:

- Normal personal banking with AMP Bank Limited including the provision of credit cards;
- The purchase of AMP insurance products;
- Financial investment services.

These transactions do not have the potential to adversely affect the decisions about the allocation of scarce resources made by users of AMP's financial statements, or discharge of accountability by the Directors. The transactions are considered to be trivial or domestic in nature.

Australian banks, the parent entities of Australian banks or entities controlled by Australian banks have been exempted (subject to certain conditions), under an Australian Securities and Investments Commission ("ASIC") Class Order No. 98/0110 dated 10 July 1998, from making disclosure of:

- Any loan made, guaranteed or secured by a bank to related parties other than Directors of the Australian bank, the parent entity of the Australian bank or entities controlled by the Australian bank; and
- Financial instrument transactions between related parties (other than in respect of shares and share options), where a Director of the relevant entities is not party and where the loan or financial instrument transaction is lawfully made and occurs in the ordinary course of banking business on either an arms-length basis or with the approval of a general meeting of the relevant entity and its ultimate parent entity.

The exemption does not include a transaction which has as its subject matter goods (other than financial assets) or services.

The Class Order does not apply to a loan or financial instrument transaction which any director of the Company should reasonably be aware that, if not disclosed would have the potential to adversely affect the decisions made by the users of the financial statements about the allocation of scarce resources.

A condition of the Class Order is that the Company must lodge with the ASIC, a statutory declaration, signed by two Directors, confirming compliance with the provisions of the Class Order. AMP Bank Limited will be lodging such a declaration with ASIC in its Annual Return.

Notes to the Financial Statements

For the year ended 31 December 2002

33. RELATED PARTY DISCLOSURES (continued)

(b) Loans to Directors

Loans are made to executive Directors and are categorised by the interest rate applicable to the loan.

The categorisation of interest rates applicable to loans made to executive Directors of AMP and its controlled entities is as follows:

At market interest rates:

(i) Loans where either the full market interest rate is payable, or the difference between the actual interest rate charged on the loan and the full market interest rate is deducted from the executive's remuneration package, together with any related fringe benefits tax. These loans are repayable on normal commercial terms and conditions.

(ii) Loans where the interest payable is based on the bank bill rate plus a premium and the loan is repayable over a maximum term of 10 years.

(iii) Finance Leases advanced with market interest rates, repayable over a maximum term of four years.

(iv) At other than market interest rates.

Other than market interest rates:

(v) Loans at concessional interest rates, staff discount interest rates or loans provided interest free.

The aggregate amount of such loans made, repayments received and amounts outstanding were:

Notes

1. Includes equities acquired by Directors who have since retired.

2. Number of equities held by persons who are Directors at the end of each respective year.

(d) Other transactions of Directors

During 2002, fees for legal services totalling A$104,811 (2001: A$102,438) were paid by the Group to the legal firm, Allens Arthur Robinson. Mr I Renard (a Director of AMP) was a partner of that firm until April 2001 (and since resigning from the partnership, Mr Renard has been continuing in a consultant role) and Mr P Meadows (spouse of Ms P Cross) is a partner. Such services were provided on normal commercial terms and conditions.

During 2002, fees for legal and professional services totalling A$1,604,283 (2001: A$4,261,441) were paid by the Group to Blake Dawson Waldron, a firm in which Mr J K Peterson is a partner; Mr J K Peterson is a Director of Stanbroke Pastoral Company Pty Limited. All these transactions were on normal commercial terms and conditions.

Mr R B Hart and Mr N W F Alexander who are Directors of Valley Beef Company Pty Ltd, a controlled entity of AMP, control Stockyard Pty Limited. During the year Stockyard Pty Limited has transacted purchases and sales of beef with Stanbroke Pastoral Company Pty Limited amounting in aggregate to A$3,136,031 (2001: A$5,332,000), and paid processing fees and related expenses to Valley Beef Company Pty Ltd of A$9,496,835 (2001: A$8,460,872). These transactions were on normal commercial terms and conditions.

World Net Communications Inc. and WCI Cable Inc. were controlled entities of AMP in 2001. During 2001, professional fees totalling A$576,756 were paid by World Net Communications Inc. and WCI Cable Inc. to Inteq Ltd, a related party of Mr K Jacobs, a Director of World Net Communications Inc. and WCI Cable Inc. During 2001, World Net Communications Inc. and WCI Cable Inc. also paid advisory fees of A$196,816 to Notesan Pty Ltd, a related party of Mr R Hudspeth, a Director of World Net Communications Inc. and WCI Cable Inc. These transactions were on normal commercial terms and conditions.

Pearl Assurance plc (Pearl) has agreed to act as a third party guarantor for a housing loan to Mr C McGlasham (a Director of AMP (NPI) Finance Limited) from an external party. Both the Pearl Group and AMP (NPI) Finance Limited are controlled entities of AMP Limited. As part of the transaction Pearl will make up any shortfall in the event of the lender having to exercise its power of sale as mortgagee. The loan is also subject to a concessionary rate of interest subsidised by Pearl.

Floating Rate Unsecured Loan Notes 2006 were issued to Towry Law Plc shareholders on the takeover of Towry Law Plc by AMP. The balance of Loan Notes held by Directors of AMP controlled entities and their Director related entities was A$24,540,326 (£8,584,206) at the end of 2002 and A$24,835,672 (£8,734,706) at the end of 2001. The Loan Notes were issued to Directors and their Director related entities on terms and conditions no more favourable than those relating to other shareholders and are repayable at a future date by AMP. Interest payments were also made on normal terms and conditions.

(e) Other related party transactions

AMP controlled entities provide management services to associated unit trusts at normal commercial rates. Shares and other financial securities have been traded between AMP and respective trusts at market value.

AMP controlled entities provide management services to operating trusts with fees determined on a cost recovery basis. Interests held in associated entities (including percentage ownership) are set out in Note 27.

35. EVENTS OCCURRING AFTER REPORTING DATE

At the date of this report, the Directors are not aware of any matter or circumstance that has arisen since the end of the financial year which has significantly affected or may significantly affect the operations of the consolidated entity, the results of its operations or its state of affairs, which is not already reflected in this report.

DIRECTORS' DECLARATION

For the year ended 31 December 2002

In accordance with a resolution of the Directors of AMP Limited, we state that in the opinion of the Directors:

a) The financial statements and notes of the consolidated entity set out on pages 1 to 87 are in accordance with the Corporations Act 2001, including;

   (i) giving a true and fair view of the company's and consolidated entity's financial position as at 31 December 2002 and of their performance for the year ended on that date; and

   (ii) complying with Accounting Standards, Corporations Regulations 2001 and other mandatory professional reporting requirements; and

b) There are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

MANAGING DIRECTOR AND CHIEF EXECUTIVE OFFICER

Sydney, 26 February 2003

INDEPENDENT AUDIT REPORT

For the year ended 31 December 2002

To the members of AMP Limited

Scope

We have audited the Financial Report of AMP Limited for the financial year ended 31 December 2002, as set out on pages 1 to 88, including the Directors' Declaration. The Financial Report includes the consolidated financial statements of the consolidated entity comprising AMP Limited and the entities it controlled at the year's end or from time to time during the financial year. The company's Directors are responsible for the Financial Report. We have conducted an independent audit of the Financial Report in order to express an opinion on it to the members of AMP Limited.

Our audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance whether the Financial Report is free of material misstatement. Our procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the Financial Report, and the evaluation of accounting policies and significant accounting estimates. These procedures have been undertaken to form an opinion whether, in all material respects, the Financial Report is presented fairly in accordance with Accounting Standards and other mandatory professional reporting requirements in Australia and statutory requirements, so as to present a view which is consistent with our understanding of the company's and the consolidated entity's financial position and performance as represented by the results of their operations and their cash flows.

The audit opinion expressed in this report has been formed on the above basis.

Audit Opinion

In our opinion, the Financial Report of AMP Limited is in accordance with:

a) The Corporations Act 2001 including:

   (i) giving a true and fair view of the company's and the consolidated entity's financial position as at 31 December 2002 and of their performance for the year ended on that date; and

   (ii) complying with Accounting Standards in Australia and the Corporations Regulations 2001; and

b) Other mandatory professional reporting requirements in Australia.

Important note

This Investor Report provides financial information reflecting 100% shareholder attributable after-tax results from an operational perspective. The principles of Margin on Services are used in reporting the results of AFS and UKFS. Information is provided on an operational basis (rather than statutory basis) to reflect a management view of the businesses and existing structures. Content is prepared using external market data, internal management information useful for investors, and some audited data. However, this Investor Report is not audited.

AMP also provides prescribed Statutory Reporting under the Corporations Act 2001. Those accounts are available from our website www.ampgroup.com and reflect policyholder, shareholder and unattributed interests. Significant accounting policies are more fully set out in the 2002 AMP Ltd Full Financial Report which is audited.

Forward looking statements in this Investor Report are based on management's current views and assumptions and involve known and unknown risks and uncertainties that could cause actual results, performance or events to differ materially from those expressed. AMP makes no representation or warranty as to the accuracy or completeness of any statement in this Investor Report. In particular, information (including forecast financial information) in this Investor Report does not constitute investment advice or a recommendation on any matter.

2002 annual results

2002 was a difficult and disappointing year, culminating in substantial balance sheet write-downs and a significant reported loss

Net loss after tax	-A$896m	Lower business performance and restructuring impact
Investment income again weak but up on FY 01	A$49m	Weak global markets with UK FTSE 100 down 24.5%
Write-downs, asset sales and restructuring costs	-A$1,337m	Provision announced as part of restructuring program
BU operating margins down to	A$730m	UKFS down 36% but AFS and Henderson robust
Dividend reduced - final dividend A$0.20c	A$0.46	Full year dividend - reflects impact of market conditions on supportable earnings
Underlying RoE 9.2% and EPS	A$0.78	Below benchmark levels

2002 year in review

A combination of falling equity markets, UK regulatory capital pressure and weak UK life industry conditions resulted in significant challenges and substantial organisational change

Continuation of globally depressed investment markets impacted AMP's operating businesses

The poor operating environment affected UK and Euro life companies alike and AMP's UK business was very sensitive to rapidly deteriorating market and regulatory solvency conditions in the UK

Management responded to UK regulatory capital issues by undertaking a series of initiatives to ensure regulatory solvency under extreme market conditions

AMP's Australian business and Henderson both held up well in difficult market conditions

The AMP Ltd Board of Directors appointed a new CEO in September

- UK FTSE 100 down 24.5% and S&P 500 down 23% in 2002 as three year bear market continued
- Standard & Poor's credit ratings assessment for AMP Group Holdings Ltd reduced from A to A⁻ (negative outlook)
- Fragile investor confidence resulted in reduced appetite for investment products
- Pearl breached Minimum Regulatory Capital (MRC) levels
- £500m capital support provided to UK life companies, UK equities backing ratio reduced and bonus levels reviewed
- Henderson cost program buffered impact of initial fall in markets
- Capital strengthened with proceeds and profit from Cogent sale in May and successful Reset Preferred Securities (RPS) hybrid equity raising in September
- Andrew Mohl announced as CEO, senior management team reorganised
- Reform program announced in October, strategic review commenced in November

For a full list of ASX company announcements in 2002, turn to page 34

Our response to 2002

AMP has closely reviewed its 2002 performance and business strategy. This is how we are responding:

AMP has undertaken a full review of its strategy, business unit activities, cost structure and business risks

A program of cost reductions, sales of non core assets and restructuring of UK businesses, was announced in November and December as a result of this review

A reform agenda focusing on improving performance in basic areas and 'getting real' has been developed to ensure the lessons and cultural change needed are embedded into the organisation

- Exit low return channel and product lines
- Focus short term growth ambitions on core businesses
- Increase transparency and quality of disclosure
- Tackle embedded behaviours
- Role model strong leadership
- Closure of AMP International business unit and the realignment of its former operating businesses
- Split UKFS businesses into Life Services and Contemporary, acknowledging structural changes in the UK financial services market
- Closure of the UKFS Direct Sales Force and household advisor channels
- Further cost savings initiatives in Henderson
- Reduction of 10% in AFS cost base in FY 03
- Streamlining Corporate Office - A$40m cost savings in FY 03
- Asset value realisation planned - Japan, Virgin Money and Cobalt/Gordian
- AMP Banking refocused - goal is to release A$500m capital by end 2003
- Focus on clear communication with employees, shareholders and customers

Outlook

What our future holds and how we will get there

AMP will stay true to its wealth management strategy and will act quickly to take advantage of opportunities to improve its position and restore shareholder wealth

Our business is underpinned by the long term trends driving savings and retirement incomes around the world. Asset management, retirement savings products and advice will be key to delivering returns for shareholders

We expect the outlook to remain difficult, especially in the UK where business conditions remain harsh and operating margins are sensitive to weaker FTSE levels and lower bonus rates paid to policyholders

In Australia, the outlook for AMP's business is sound, in spite of the downturn in the wealth management sector

Henderson remains a strongly performing and highly regarded asset management business

- Grow AMP's leading position in the Australian wealth management market
- Reduce AMP's capital commitment in the UK in the medium to longer term by releasing capital from UK Life Services while simultaneously taking other action to increase its RoIC
- Develop a wealth management business in the UK, focused on investment and pension products distributed primarily through advisers
- Build a global asset management business in partnership with AMP's wealth management businesses, with a focus on the UK and selective expansion in Europe, North America and Asia
- Improve standards of performance across all dimensions of the business

Results overview

Financial results summary

AMP reported a loss after tax of A$896m for FY 02 after write-downs, asset sales and transformation costs. This includes a write-down of A$1,227m as a result of updated directors' valuations of AMP's businesses. Before these items and amortisation of goodwill, profit after income tax was A$495m. Underlying contribution at A$883m, is down 26% on FY 01, as a result of margin reductions in all BU's and a tough market for wealth management companies.

AMP continues to be well capitalised with total shareholders' capital resources exceeding A$13b and a Standard & Poor's long term credit rating for AMP Group Holdings of A⁻ (negative outlook).

Global investment markets continue to have a negative impact on business unit operating margins and investment income

The UK FTSE 100 was down 24.5% over the year and 43% since December 1999, bond yields in Australia and the UK fell 85bps and 67bps respectively during 2002 in what is now the longest bear market since 1972.

Weak markets not only impacted margins directly, but also indirectly through poor investor sentiment which led to lower new business volumes and net cashflow.

Business unit operating margins

- AFS operating margins were down 9%, mainly due to investment markets, lower new business and reduced margins from the closure of certain capital inefficient products. This was partly offset by expense savings, with the cost to income ratio remaining steady at 44%. RoIC fell slightly to 13.8%. Refer to page 24 for results.
- UKFS operating margins were down 36% to A$211m (£76m). Negative factors impacting included lower profit margins released due to the cumulative effect of three years of weak equity markets, lower new business volumes in Pearl reducing the service company profits, increased provisions and some capitalised losses (also as a result of equity market falls). Costs were down by 15% while the cost to income ratio was stable at 64% due to lower revenue and profitability. Various initiatives (covered in this document under capital management, cost management and the UKFS section) are underway to address the high capital exposure and low RoIC in UKFS. Refer to page 26 for results.
- Henderson operating margins were down only 8%, a robust result given the prolonged stock market downturn and the impact on the investment management industry and competitors. AUM declined only 13%, significantly less than most major equity indices. Vigilant cost management meant that the cost to income ratio increased only slightly to 69% despite the lower profit. Similarly, good capital management meant that the RoIC declined marginally to 10.7%. Refer to page 28 for results.

Investment income

As in FY 01, investment income was again affected by poor UK equity returns. Investment performance on shareholder funds was in line with major external benchmarks.

Tight control of Corporate Office led to a 23% reduction in expenses while interest paid reflects lower debt levels during the year

- Role of Corporate Office was redefined during 2H 02, with the focus being on value-added activities. As a result, 97 staff have been retrenched as at the end of December, which includes some staff previously involved with AMP International business.
- Interest on corporate debt fell to A$230m as a result of lower Corporate borrowings throughout FY 02 and a reduction in the weighted average cost of debt.
- As previously communicated, payment of the Reset Preferred Securities distribution will not be effected by the write-downs.

Write-downs and transformation costs total A$1,571m (partly offset by profit realised on the sale of non-core businesses)

- A review of the valuation of our UK and former AMP International subsidiaries has led to a write-off totalling A$1,227m, most of which is intangible assets. The valuations reflect the lower levels of investment markets and the changes in strategic direction announced during November and December 2002.
- Provision has been made for the cost of implementing the strategic initiatives (A$344m) which commenced during 2H 02 and will continue in FY 03.
- The completion during FY 02 of the sale of certain non-core businesses has resulted in a profit of A$234m, mainly attributable to the Cogent sale.
- More information can be found on page 33.

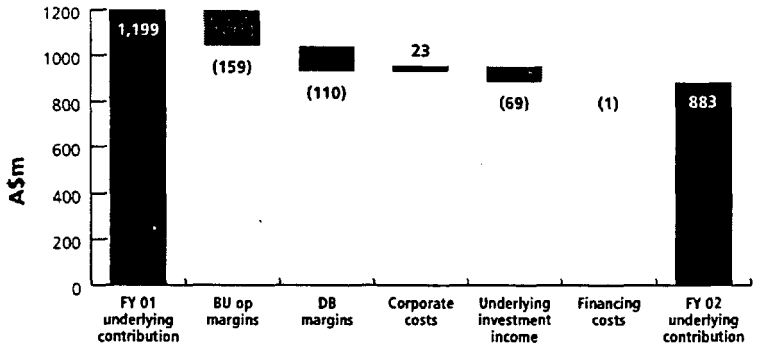
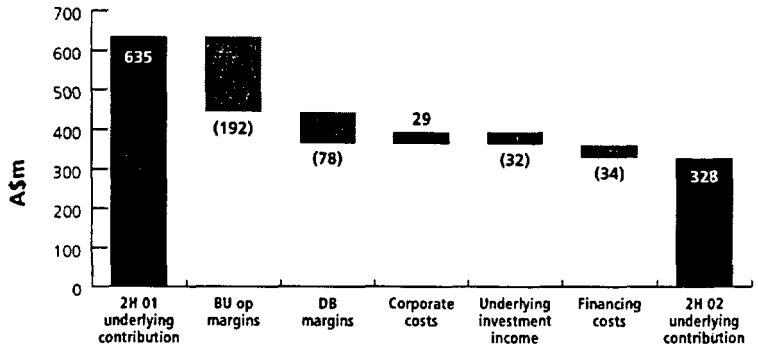
Movement in underlying contribution FY 01 to FY 02

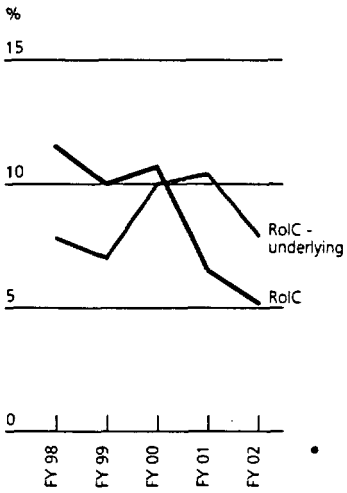


Movement in underlying contribution 2H 01 to 2H 02



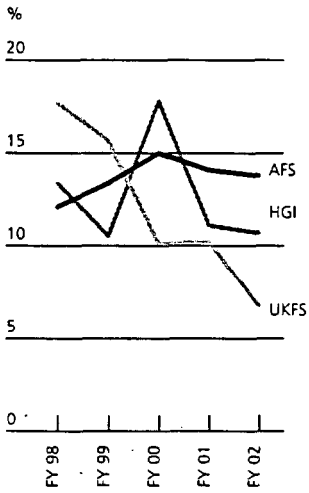
Performance measures

Return on invested capital



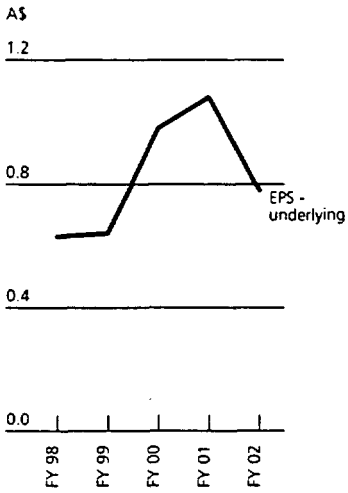
- RoIC down to 5.2% on lower profitability and higher capital.
- RoIC - underlying fell to 7.9% on lower margins across the group.

Return on invested capital (BU)



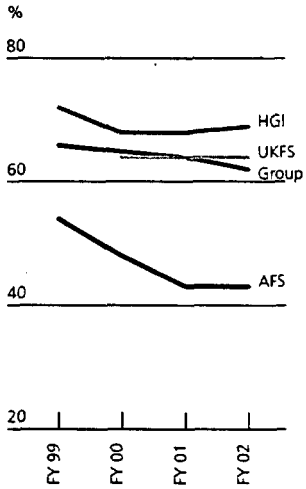
- AFS RoIC only marginally down due to lower profit being offset by capital initiatives.
- UKFS RoIC shows impact of reduced profitability and additional capital invested.
- HGI slightly down due to good capital management.

Earnings per share



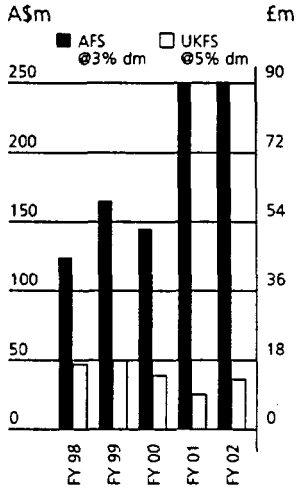
- EPS - underlying fell to A$0.78 as result of lower profitability and weak investment markets.

Cost to income ratio



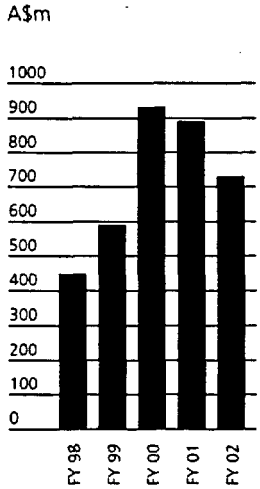
- Group cost to income ratio down 2% reflecting impact of sale of Cogent and 11% reduction in cost.

Value of new business



- AFS VNB increases to A$251m on lower acquisition costs and lower anticipated unit maintenance costs.
- UKFS VNB not a good guide to future profitability as result of strategic changes

Total BU operating margins



- Weak investment markets impact margins both directly and indirectly.
- Strong vigilance on costs mitigated impact to some extent.

1. Earlier years include businesses owned by AMP at the time.
2. Excludes non-salaried planners.
3. FY 02 includes Towry Law and Interactive Investor.
4. AMP Banking was previously reported in AMP International. All historical data has been excluded from AMP International.
5. Part of the reduction relates to the sale of Cogent as well as the decision to divest or transfer AMP International initiatives back to the business.
6. For FY 02, IT@AMP & Services@AMP are included in AFS.

Product cashflows

Australian Financial Services

- AFS total net cashflow declined from A$2,602m FY 01 to A$1,168m in FY 02. This result should be considered in the context of the record performance reported last year and the market environment this year.
  - AFS's strong comparative performance this year is reflected in industry data (AFS maintained 1st position in Australian retail superannuation net cashflows and 3rd for total retail managed funds (excl CMT) net cashflows[1])
  - Net cashflow for Australian contemporary retail products of A$2,656m declined 35% on FY 01, partly reflecting the closure of capital guaranteed investment options as well as the record performance reported last year
  - Outflows of A$1,895m from mature products improved 13% on the FY 01 levels as a result of planner focus, several retention initiatives implemented during the year and effective customer communication.

UK Financial Services

- The cashflow statement has been restated to reflect the split of the UKFS business into Contemporary and Life Services.
- The contemporary cashflows represent only the products deemed contemporary under the new business unit. Therefore, collective investment vehicles and Life business written to NPI Limited have been included under mature and closed business as the UK Contemporary Financial Services business has no specific focus on these products going forward.
- Contemporary net cashflow increased by A$52m (£19m), a 6% improvement in FY 02 compared to FY 01.
- The announcement to close the Pearl Direct Sales Force channel was made in December and therefore did not in itself materially impact cash inflow in 2002 although the reduction in salesforce numbers through 2002 contributed to lower new business volumes.
- Cash outflow within the National Provident Life Limited closed fund increased by 16% which reflects maturities of income bonds, accounting for circa £130m, and surrenders of with-profit bonds which have reached the end of their penalty period.
- Since the closure of the Pearl Direct Sales Force in early December, increased focus is being placed on the retention of existing business and, in particular, higher value customers and contracts. Increased training and information is being provided to front line call centres to ensure customers are aware of options to retain products rather than surrendering contracts during these low value market conditions.

Henderson Global Investors

- UK Retail experienced minimal net outflows of A$45m, excluding the A$2,242m divestment of the Private Client business. Net inflows on open ended products of A$245m were offset by net Investment Trust redemptions of A$290m. This is a robust performance given the industry wide flight from UK Retail products during the year.
- Rest of World (ROW) Retail experienced net cash inflows of A$851m, comprising mainly net inflows of A$576m for Absolute Return Funds and A$197m for Horizon Funds.
- Institutional net outflows were A$3,801m during the year including the A$3,945m short term cash mandate withdrawn in Q1 02. The remaining net cash inflow of A$144m comprised:
  - A$1,339m UK institution net inflows
  - A$1,073m ROW property net inflows
  - A$2,268m Asia Pacific net outflows including A$1,195m short term New Zealand public sector mandate and A$358m relating to the sale of GIO.
- The figures exclude a A$1,457m Australian SRI overlay mandate which was awarded during the year but not taken on until 2003.

1. September 2002 market share data sourced from Plan For Life Pty Ltd.

Equity attributable to shareholders plus hybrid

Total equity attributable to ordinary shareholders plus hybrid equity has increased by A$154m during FY 02. This increase was driven by:

- A$1,141m of hybrid equity (total proceeds of A$1,122m being amount raised of A$1,150m less issue costs of A$28m, plus A$19m retained profits of the AMP Reset Preferred Securities Trust)
- A$432m of new share capital raised through share plans, dividend reinvestment plans and underwriting of the interim 2002 dividend, offset by A$44m of shares bought back in 1H 02
- A$48m increase in foreign currency translation reserve due to the strengthening of the £ against the A$

but partially offset by:

- A$896m full year loss
- A$295m interim 2002 dividend paid and A$232m final dividend declared. The final dividend has been fully underwritten in terms of the dividend reinvestment plan.

Total shareholder capital resources decreased despite the hybrid equity raising due to the full year loss and repayment of borrowings from the Pearl 90:10 fund.

Unattributed life funds

Life funds not specifically attributable to shareholders' or policyholders' interests decreased from FY 01 to FY 02 due to:

- a fall in investment markets which resulted in a loss of A$541m from investment earnings on the unattributed life funds
- utilisation of a further A$208m to support bonus distributions in respect of UK policyholders
- offset by A$11m due to the strengthening of the £ against the A$.

In recent years, bonus distributions to UK with-profit policyholders have exceeded the level supported by actual experience, because of the need to support bonuses in a way that is consistent with the reasonable expectations of policyholders. The balance of the cost of bonus distributions has been met from the unattributed life funds. The need to support bonus levels is expected to continue in the medium term, consistent with accepted UK industry practice. In the absence of a significant recovery in equity markets, it is now likely that a significant proportion of the unattributed life funds will be utilised in this way.

Total shareholder capital resources	8,633	**10,708**	**2,754**	**13,462**

1. The notional allocation takes account of admissible assets supporting the business for regulatory purposes. As a result of the impact of restructuring on admissible assets and regulatory waivers, the level of inter BU holdings included, has increased compared to prior years.
2. AMP Life other represents the operating subsidiaries of AFS including AMP's investment in India.
3. Minimum regulatory capital requirements for UKFS are based on our best estimates of UK statutory reserves, as these are still being calculated.
4. Pearl includes shareholder net assets invested in the NPLL overcoat.
5. Includes NPIL, UKFS business support operations, Towry Law and other.
6. For a detailed breakdown please refer to the glossary on page 39.
7. For a definition please refer to the glossary on page 37.
8. These are intangibles as defined on page 36. There are a further A$16m of intangibles in the 2002 AMP Ltd Full Financial Report (refer notes 10 and 11) which are primarily attributable to policyholder interests.

Movements

The reduction in intangibles since FY 01 is primarily due to the EMVONA/goodwill component of the asset write-downs - see page 33.

Total capital allocated to UKFS increased by A$1,870m, due to:

- A$1,393m (£500m) of capital supplied by the group
- A$1,211m from the impact of restructuring on admissible assets and regulatory waivers
- -A$523m from asset write-downs - see page 33
- -A$211m from other items (UKFS profit before normalisation, payment of UK dividends, currency movements and reallocation of the balance of shareholder attributable assets in Pearl's 0:100 fund (Pacific) from Corporate Office to UKFS).

Capital initiatives

The UK stock market suffered substantial losses in 2002 with the main FTSE 100 Index falling by 24.5% during the year. This created pressures for the entire UK life industry.

In July, AMP notified the Financial Services Authority (FSA) that Pearl Assurance had breached UK minimum regulatory capital requirements. This means that, although realistic policyholder liabilities were fully covered and the fund assets were well in excess of economic solvency requirements, the fund had insufficient admissible assets available to cover the FSA's conservative Required Minimum Margin (RMM).

Management undertook a series of capital actions to improve the regulatory assets and liabilities within the funds including shareholder capital support of A$1,393m (£500m), the swapping and restructuring of inadmissible assets, reducing the Equity Backing Ratio (EBR) and improving management of policyholder benefits.

For the UK Life with-profits funds, the effective exposures (allowing for derivatives) at the year end were:

Assets backing	Pearl	NP Life Ltd	London Life
UK Equity	22%	30%	26%
International Equity	9%	6%	4%
Property	14%	12%	14%
Non Traditional Assets	3%	0%	1%
Equity Backing Ratio	48%	48%	45%
Fixed Interest	38%	45%	55%
Cash	14%	7%	0%
Total	100%	100%	100%

In light of significant market falls in early 2003 (of FTSE to 3480 - a seven year low) and continued global market volatility, management has taken further protective action for the assets in the UK funds through equity sales, derivative protection and dynamic hedging strategies. Calculation of EBR following these actions can only be early estimates, therefore the following ratios (for with-profit funds only) on 21 February are an indicative guide: Pearl 42%, NPLL 37% and London Life 31%. The situation is dynamic and effective FTSE exposures can change strongly as the market moves. These positions will be actively managed throughout the year.

Capital management - regulatory

Capital employed by regulatory class[1]	31 December 2002			31 December 2001		
A$m	Net assets	Intangibles[2]	Total capital	Net assets	Intangibles[2]	Total capital
Equity attributable to ordinary shareholders	5,779	2,754	**8,533**	5,879	3,641	9,520
Hybrid equity (Reset Preferred Securities)	1,141		**1,141**			-
Tier 1	6,920	2,754	**9,674**	5,879	3,641	9,520
Income securities	1,240		**1,240**	1,240		1,240

Tier 2	2,080	-	**2,080**	2,074	-	2,074
Total regulatory capital (Tier 1 + Tier 2)	9,000	2,754	**11,754**	7,953	3,641	11,594
Senior debt	1,708		**1,708**	1,613		1,613
Borrowings from Pearl 90:10 fund			-	623		623
Total shareholder capital resources	10,708	2,754	**13,462**	10,189	3,641	13,830

1. As described by APRA regulations.
2. The difference between intangibles in the table above and that in the 2002 AMP Ltd Full Financial Report (notes 10 and 11) is primarily attributable to policyholder interests.

The capital employed by regulatory class has improved due to the successful issue of the reset preferred securities.

The reset preferred securities issue was voted Asian equity-linked issue of the year by International Financing Review Asia (IFR).

UK minimum regulatory requirements

All AMP UK life companies met their RMM requirements as at 31 December 2002. Statutory reserves as at end 2002 are still being calculated (for submission to the FSA in March), but our best estimate of the Free Asset Ratio (FAR) for the main life companies, calculated using the more conservative of the liability methods, (see glossary on page 36) were 2% for Pearl, 3% for LL, 2% for NPLL and 1% for NPIL.

Regional split of managed assets	36%	64%		40%	60%	
Regional split of total shareholder capital resources	34%	66%		37%	63%	

Lower exposure to equities

Total shareholder exposure to equities fell by A$684m. This was primarily driven by:

- significant falls in the global equity markets during 2002, including a fall in the UK FTSE 100 Index of 24.5% and the Australian All Ords Index of 11.5%
- reduction in equities backing shareholder capital.

Total shareholder exposure to cash increased by A$1,689m. This was primarily driven by:

- A$1,141m hybrid equity
- proceeds from the sale of Cogent and the AMP Bank credit card portfolio.

The volatility of shareholder funds is now significantly reduced, with growth assets now just 24% of total shareholder managed assets. This compares with a growth exposure of 32% at 31 December 2001 and 51% at 31 December 1998.

Increase in total investment income

- Lower bond yields in Australia (down 85bps) and the UK (down 67bps), as well as the reduction in growth assets as a percentage of total managed assets (reducing from 32% to 24%) offset the impact of lower equity markets during FY 02, with total investment income increasing by A$75m to A$49m. This is still significantly less than that earned in years prior to 2001.
- Total underlying investment income has decreased by A$69m (14%) on FY 01 due mainly to a change in the mix of managed assets from growth assets to fixed interest and cash.
- FY 02 underlying investment income includes a normalised return on Corporate capital. Prior periods have been restated (with the corresponding change being made to "Investment income market adjustment"). There is no impact on net profit after tax as a result of this reclassification. Refer to the definition on page 37.
- Corporate Office (Australia) underlying investment income includes the intra-group elimination of dividends earned on the UK plc preference shares (FY 02: A$69m and FY 01: A$81m).

Debt overview

A$m	31 December 2002			31 December 2001		
	Corporate	Operational	Total	Corporate	Operational	Total

Corporate gearing ratios						
Gearing - debt/(debt + equity)[1,3]	**13%**			16%		
Gearing - debt/equity[1,4]	**44%**			45%		
Interest cover (times)[2]	**3.5**			4.1		
Underlying interest cover (times)[2]	**5.2**			6.3		

1. Definition in glossary now includes allowance for hybrid equity (page 36).
2. FY 01 calculations restated in line with definition in glossary on page 36-37.
3. (3,788 - 2,080) / (3,788 + 1,141 + 8,533) = 13%
4. 3,788 / 8,533 = 44%

Gearing has reduced as a result of:

- borrowings from Pearl 90:10 fund that was repaid as part of the UK capital restructuring
- successful issue of hybrid equity.

A$90m of euro commercial paper matured in January 2003 and has been repaid.

Given the time lag between repayment of debt and reduced interest costs, the full benefit of the repayment of the borrowings from Pearl 90:10 fund on interest cover, will not be realised until 2003.

Operational debt includes:

AMP Bank	A$5,540m
AMP Finance and AMP GBS Ltd	A$984m
Other	A$377m

Policyholder obligations of A$2,192m are excluded from operational debt.

Refer notes 14 (Borrowings) and 15 (Subordinated Debt) of the AMP Ltd 2002 Full Financial Report:

Total borrowings as disclosed	A$10,329m
Less: Policyholder obligations	A$(2,192)m
Add: Subordinated debt	A$2,552m
Total debt above	A$10,689m

Cost management

Business unit A$m	Cost to income %		Operational costs		Project costs		Total controllable costs	
	FY 02	FY 01	FY 02	FY 01	FY 02	FY 01	FY 02	FY 01

AMP Banking	**99%**	105%	140	144	11	6	151	150
Corporate Office[3]	n/a	n/a	93	112	7	17	100	129

Note: Refer to the glossary for definitions of cost to income ratio and controllable costs.
1. FY 01 has been restated to include Towry Law on a pro-forma full year basis.
2. FY 01 includes the results of Cogent in the cost to income ratio. Excluding Cogent from the calculation, the FY 01 ratio is 62%.
3. Corporate Office costs are pre-tax and represent costs not recovered from BUs (page 32).

The AMP Group achieved an 11% reduction in controllable costs on a like-for-like basis. This was achieved by stringent cost control across all business units but has produced only a slight decrease in the cost to income ratio due to the environment of decreasing revenues.

Australian Financial Services

- Controllable costs reduced by A$53m (8%) in FY 02 due to cost management initiatives as well as tightening of discretionary spend in both operational and project costs.
- The AFS cost to income ratio was steady at 44% for FY 02. This was an excellent result in an environment of decreasing revenues.
- FY 01 was restated to 44% and now includes the HIH loss in operating margins (previously disclosed as a non-recurring margins and therefore excluded from the FY 01 gross margin used to calculate the cost to income ratio).

UK Financial Services

- The FY 02 cost to income ratio (incl. Towry Law) of 64% is in line with FY 01. Cost savings achieved have been offset by the reduction in profit margins.
- The UKFS cost management program is targeting run rate savings of £160m (compared to FY 01) by the end of 2003. In FY 02 savings of £68m, representing a 15% reduction, were captured when compared with FY 01. After allowing for reduction in expenses directly attributable to reduced sales, the underlying reduction was £47m or 10%. These savings were offset to some extent by the impact of with-profits withdrawal and volume/mix changes in delivering service company trading profits of £31m.
- Planned major UKFS actions to deliver the £160m by FY 03 include the reduction of 3,400 staff by the end of 2003 (incl. closure of the Pearl Direct Sales Force and support staff).
- The withdrawal of with-profit products will necessitate re-negotiation between the service company and Pearl Assurance plc and will be subject to FSA approval.

Henderson Global Investors

- There was a modest increase of one percentage point in the cost ratio on FY 01. Controllable costs fell by 6%. This was achieved by:
  - focusing on core areas of business, driving down non-core expenditure
  - reduced staff expenditure through greater efficiency, retrenchment and lower bonus costs.
- Key components of this movement in operational costs were a fall in employee expenditure, lower investment administration costs and a decease in advertising expenditure. These reductions were in part offset by higher office expenses following a rent review in the UK and the office relocation in Australia.
- Henderson also maintained its commitment to investing in the business incurring A$30m (FY 01 A$32m) on building US capabilities and on developing and implementing front office systems.

AMP Banking

- AMP Banking's focus on cost control resulted in a reduction of six percentage points in the cost to income ratio, even while growing lending new business volumes by 28%.

Corporate Office

- Corporate Office costs not recovered from BUs reduced by 22% on FY 01 due to tighter cost control policies on operating and project costs.

Total controllable costs above (A$2,595m) differ from that disclosed in the 2002 AMP Ltd Full Financial Report (note 4), as that includes policyholder-related costs which are not included above.

This page has been intentionally left blank

Overview of embedded value and value of new business

- This information shows the embedded and new business values for the businesses of AFS (AMP life funds, other subsidiaries and business support operations) and UKFS (life funds of AMP Pearl, AMP NPI and AMP London Life, business support operations, unit trust and Open Ended Investment Company (OEIC) business and other subsidiaries and shareholder capital allocated to UKFS).
- Embedded values in this report are calculated by AMP Group's Appointed Actuaries. The projections underlying embedded values do not explicitly allow for future volatility. In circumstances where the perceived business or financial risk has increased, an investor should consider using a higher risk discount rate. AMP publishes EV's on a range of discount rates to assist the investor in this regard.
- More details about embedded values can be found on AMP's website.
- Assumptions used for the embedded and new business values are consistent with the best estimate assumptions used in calculating Margin on Services (MoS) policy liabilities at the year end (except for equity risk premiums in UKFS). Refer to pages 40 and 42 for the key assumptions and audit review statement thereon.
- Risk discount rates are the yield on long term government bonds plus the discount margin. Future investment earnings and inflation are also based on these long term government bond yields and do not vary with the discount margin. Refer to page 40 for information on economic assumptions used.
- "Expected return" represents the unwinding of the discount (at the relevant discount margin over the end 2001 yield on long term bonds) on discounted values and the net expected investment return on undiscounted values.
- "Value added" represents growth in excess of the expected return, and before transfers of profit and capital.

Embedded values as at 31 December 2002

A$m	Capital included	Discount margin 3%	4%	5%	6%
Australian Financial Services	3,635	5,714	5,479	5,270	5,085
Value of FY 02 new business		251	222	197	174
UK Financial Services	7,938	6,269	5,943	5,658	
Value of FY 02 new business		71	51	37	

- The "Capital included" in the EV calculations is the same as the "Total capital" ("net assets" and "intangibles") allocated to AFS and UKFS respectively (on page 11).
- The EV reflects the present value of future earnings and the value of capital less an adjustment for the time of release and the risk placed on that capital. For UKFS, difficult conditions have meant that the value of future earnings has fallen. At the same time, the required adjustment for risk on the capital has increased. Also note that the total capital includes intangibles of A$1,060m, the majority of which represents the value of future new business (in NPI and the service company) which is not valued in the EV itself.
- When comparing these results with those under "UK achieved profits", note that the UKFS embedded value and value of new business are net of UK income tax (including shareholder tax on transfers). However, in UK-market achieved profit presentations, the change in embedded value and value of new business are often quoted:
  - gross of tax at the corporate rate
  - before investment variances and economic assumption changes.

AFS embedded value and value of new business

Embedded value increases despite challenging business conditions

- Embedded value increased by 1.4% at the 3% discount margin (dm) after restatement of FY 01 and before FY 02 transfers.
- The restatement for modelling improvements mostly relates to corrections of values before 2001. The historic return on EV in 2000 has been restated as well.
- The value added factors in FY 02 were driven by:
  - new business adding A$251m (3% dm) or A$174m (6% dm)
  - lower future unit costs resulting from the restructuring of the AFS business adding A$177m (3% dm) or A$149m (6% dm)

  offset by:
  - investment returns on shareholder capital reducing value by A$282m (3% dm) or A$282m (6% dm)
  - investment returns on customer funds reducing value by A$438m (3% dm) or A$421m (6% dm)
  - the impact of bond yield changes on future investment assumptions and discount rates increased value by A$37m (3% dm) or A$18m (6% dm)
  - one-off changes to economic assumptions, including reduced long term risk premiums for equity investments, deducting A$184m (3% dm) or A$151m (6% dm)
  - expense losses of A$96m from restructure costs offset by other current year experience profit, exchange rate movements and assumption changes reduced EV by a net A$19m (3% dm) or A$1m (5% dm).
- Net transfers include capital of A$971m transferred out to Corporate, as well as the value of franking credits transferred out at 70% of face value.

Value of new business grows from expense improvements

- Value of new business increased from A$233m (restated) in FY 01 to A$251m in FY 02 (both at 3% dm) due to:
  - anticipated improvements to unit maintenance costs resulting from the restructuring of the AFS business adding A$19m
  - this year's cost initiatives generating unit acquisition costs lower than FY 01, adding A$7m

  offset by:
  - lower volumes offset by a more profitable mix resulting in a net deduction of A$4m
  - product and capital management initiatives reducing value by A$4m.
- Value of new business from FY 01 was restated from A$249m to A$233m (both at 3% dm), due to:
  - the impact of bond yield changes on future investment assumptions and discount rates adding A$7m
  - other changes mainly reflecting lower long term risk premiums for equity investments and other one-off changes to economic assumptions deducting A$23m.

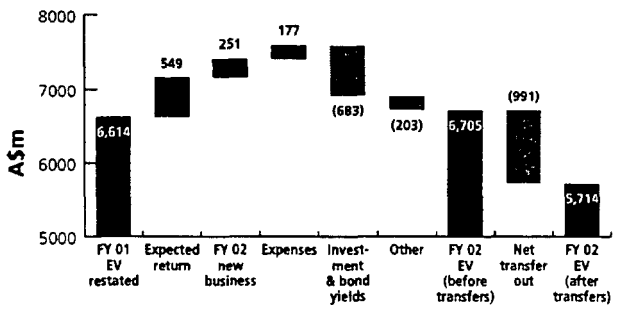
Source: AMP Life Appointed Actuary

1. Adjusted net assets broadly represents shareholder net assets in excess of capital adequacy requirements at face value.
2. Value of in-force business includes shareholder net assets of A$1,715m at face value which are valued at a discount to expected time of release.

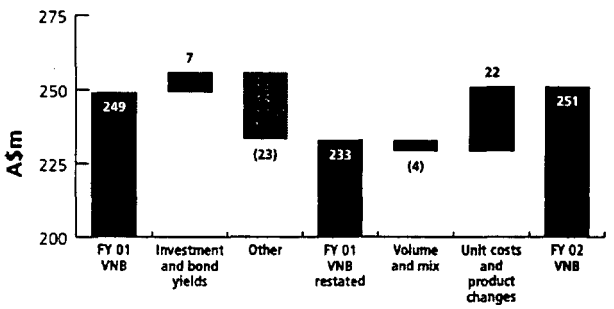
Change in embedded value

(at the low risk discount margin (3%) above bond rate)



Change in value of new business

(at the low risk discount margin, (3%) above bond rate)



UKFS embedded value and value of new business

Embedded value hit by poor investment performance

- Poor investment performance and lower expected future returns have reduced bonus prospects and the associated shareholder margins, as well as the value of shareholder net assets. The impact is -£420m (3% dm) or -£403m (5% dm).
- The investment strategy of the Pearl 90:10 fund has been changed to reduce exposure to equity markets. This reduces expected future returns, with an impact of -£60m (3% dm) or -£48m (5% dm).
- Expense experience had a -£99m impact, primarily arising from one-off and project expenditure.
- The balance is made up of miscellaneous experience items, assumption changes and modelling changes.

Net transfers include:

- The impact of the work done to restructure and recapitalise UKFS, including:
  - the injection of £500m of shareholder capital to Pearl
  - the removal of certain inadmissible assets from Pearl (including NPI Ltd)
- The inclusion of capital in shareholder funds which is admissible for regulatory purposes. This capital is now included as it supports the regulatory capital position of UKFS life funds (including accountable capital for other business units). The appropriate eliminations are identified on page 39.
- The inclusion of capital held in other UKFS subsidiaries.

One of the outcomes of the net transfers is that the capital included in the UKFS EV now aligns with the total UKFS accountable capital.

The range of discount margins has been adjusted reflecting the risks associated with depressed market conditions.

Value of new business steady but will be under pressure in 2003

VNB fell from £27m to £25m (at 3% dm) but rose from £9m to £13m at 5% dm.

Inclusion of non-life businesses not previously included and other modelling changes reduced VNB by £5m (at 3% dm and 5% dm).

Impact of lower volumes (-£27m at 3% dm, -£21m at 5% dm) has been offset by a reduction in unit acquistion expenses from cost reduction activities (+£30m at 3% dm and 5% dm).

The VNB of £25m (3% dm) is lower than the estimate of £38m (2% dm) given at the 4 December presentation, largely because of using a higher discount margin (£8m) and because 2002 acquisition costs are higher than anticipated (£5m).

As a result of significant changes already announced, including the closure of the Direct Sales Force, the 2002 VNB is not a good guide to future new business. It is estimated that 2003 VNB will be approximately zero, representing the effect of lower volumes, due to the closure of the Direct Sales Force partly offset by reductions in fixed acquisition costs.

UKFS embedded value and value of new business

UK Financial Services (£m)	Embedded value and discount margin 3%	4%	5%

Source: UKFS Appointed Actuaries

1. Adjusted net assets broadly represent UKFS shareholder net assets which are either in excess of minimum regulatory requirements or are inadmissible. They are valued at face value, net of any tax that would be payable on distribution to shareholders. The face value of shareholder net assets before tax included in adjusted net assets is £703m.
2. Loans and reserves represent the discounted value of the London Life contingent loans and special reserve account, with a face value of £298m.
3. Value of in-force business includes:
   - the value to shareholders of future distributions of profits (net of tax) from policies, unit trusts and OEIC business in-force
   - excess assets in the with-profits fund (one ninth of the bonuses required to exhaust them)
   - shareholder net assets at the relevant risk discount rate to time of release
   - the value of in-force to the service company
   - the goodwill of the non-life businesses (Towry Law and Ample / Interactive Investor), representing the value of their future profit streams.

   The face value of shareholder net assets included in the value of in-force is £1,405m. This has increased since FY 01 because (a) more shareholder capital is required to meet minimum regulatory requirements, which have not fallen in line with market falls and (b) the presentation has changed since FY 01 when all Pacific assets were included as part of adjusted net assets, even the part required to support minimum regulatory requirements.

1% increase in persistency	17	1	18	
5% increase in sales	7	3	10	

Key assumptions

- The tables illustrate the sensitivity of the embedded and new business values to various economic and business variables.
- The sensitivities can at best be only indicative because:
  - ***they are not always linear or symmetrical***, because of the asymmetric nature of risks facing insurance companies, including the scope for policyholders to exercise options against the company or to benefit from guarantees. This asymmetry has been accentuated by recent market falls, although it is mitigated to some degree by asset/liability management steps taken during the year
  - they assume that the movement in a particular variable is independent of all others
  - they show the average movement for the risk discount margin range
  - they are based on the FY 02 position, ie not 'forward looking', and make no allowance for events subsequent to 31 December 2002.
- The 1% increase in long term government bond yields is assumed to be accompanied by a 0.5% increase in inflation, and other associated changes in economic assumptions, bonus rates, risk discount rates and bond values. For AFS, two sensitivities are shown, representing two different approaches to future earning rate assumptions for equities and property. The two scenarios are:

Change in assumed risk premium with 1% increase in long term bond yields	Equities and property	Other assets
Best estimate	-0.5%	0.0%
Passive	0.0%	0.0%

For UKFS, only the passive sensitivity is shown, reflecting AMP's adoption of UK market practice.

- The 5% reduction in costs is based on AFS and UKFS controllable costs only, ie it excludes commission and investment management fees. The analysis assumes cost reductions arise in the business support operations.
- The 1% increase in persistency is based on a uniform reduction in lapses in all future years.
- The 5% increase in equity index for local equities is based on the ASX All Ordinaries for AFS and UK FTSE All Share for UKFS. No adjustment is made for investments outside index weightings, non-listed equities are excluded and it makes no allowance for events subsequent to 31 December 2002.

Profit sensitivities

FY 02 profit sensitivities (A$m)	Operating margins	Investment income	Total
Economic variables			
5% increase in Australian equities	10	45	**55**
5% increase in UK equities	10	20	**30**
1% (100bps) decrease in 10 year UK gilt yields	(20)	155	**135**
1% (100bps) decrease in 10 year Aust. bond yields	(5)	25	**20**
10% increase in GBP vs AUD	35	5	**40**
Business variables			
5% increase in sales volumes - AFS and UKFS	10		
10% increase - average external AUM	25		
5% reduction in controllable costs	90		

The table illustrates the sensitivity of AMP's 2002 profit after income tax before other items to various economic and business variables.

These sensitivities are at best only indicative, because:

- ***they are not always linear or symmetrical***, because of the asymmetric nature of risks facing insurance companies, including the scope for policyholders to exercise options against the company or to benefit from guarantees. This asymmetry has been accentuated by recent market falls, although it is mitigated to some degree by asset/liability management steps taken during the year
- they assume that the particular variable moves independently of all others
- they are based on the 2002 position, ie not 'forward looking', and make no allowances for events subsequent to 31 December 2002
- in general they assume that movement occurs evenly over the year.

Other assumptions include:

- parent company shareholders' equity is fully invested and there are no adjustments for investments which are outside index weightings
- only movements in local equities are included
- currency movements in investments in self-sustaining operations do not impact profit
- controllable cost reductions are assumed to arise in the business support operations
- all figures are after tax
- sales sensitivity assumes the same product mix as that underlying sales during FY 02, and mainly reflect profit arising in the service companies
- currency sensitivities do not allow for hedging structures on FY 02 operating margins currently in place. 2002 UK operating margins were hedged by a collar of AUD/GBP 0.349 to 0.390. Currency sensitivities on operating margins for 2003 will also be *impacted by similar hedging structures being implemented. Impact on interest expense on corporate debt is not included in the* table, but interest expense would increase A$10m.

- Under MoS accounting, non-investment experience has an immediate impact on life margins for the current period. Investment experience has a different impact on life margins:
  - for participating business, profit margins are dependent on the level of future bonuses supported by both the value of available assets and the assumed future investment earnings (largely driven by prevailing bond yields). As the effect of movements in investment markets is absorbed by bonuses over a number of years, only a fraction of the impact is recognised in the current reporting period and is shared between policyholders and shareholders
  - for risk and annuity business, movements in asset values have little impact on profit unless assets and liabilities are mismatched, in which case the impact of mismatching is fully recognised in the current reporting period
  - for linked business, fee income is mainly based on the levels of assets under management, which in turn is directly impacted by investment markets.

Australian Financial Services

Underlying operating profit after tax declined slightly

- Underlying operating profit after income tax declined 8% from A$600m in FY 01 to A$555m in FY 02, reflecting:
  - lower domestic and international investment markets (-A$44m) and lower bond yields (-A$7m)
  - lower profit margins from capital guaranteed business due to the implementation of capital reduction strategies (-A$18m), with lower capital levels also reducing underlying investment income (-A$13m)
  - lower new business volumes (-A$23m)

  offset by:
  - cost reduction initiatives (+A$33m)
  - FY 01 loss on HIH securities not repeated in FY 02 (+A$24m)
  - other items (+A$3m).
- Continued vigilance in managing costs has softened the impact of market conditions. Controllable costs reduced by A$53m (8%) for FY 02. The cost to income ratio is holding steady at 44% in FY 02, despite the fall in income. The FY 01 cost to income ratio has been restated to reflect the impact of the HIH loss in FY 01 (-A$24m).

Transformation costs

- In 2002, AFS implemented a series of actions designed to strengthen and grow areas of the business with the greatest opportunity for profitable growth. Restructuring of the business included folding back parts of AMP Direct and examining all activities throughout the business with the view of discontinuing non-essential activities. Significant changes to the management and operational structure of the business are being implemented. The restructuring costs totalled A$69m after income tax and will deliver sustainable cost reductions. Approximately 550 roles are being made redundant including 90 contract roles.

Capital released maintained return on invested capital

- Return on invested capital declined marginally to 13.8% in FY 02. The fall was attributable to lower operating profit and was offset by the continuing success in the implementation of capital reduction strategies.
- A$971m of net capital was released in FY 02 of which A$750m was attributable to the removal of AMP UK plc preference shares from AMP Life statutory funds.

Persistency maintained

- Persistency stability in FY 02 (level remained at 83.8%) was impressive in a year where capital guaranteed investment options closed, markets declined and fund inflows were subdued. This demonstrates the success of pro-active planner retention initiatives, as well as other AMP initiatives such as rewarding business retention, targeting communication to rebuild customer confidence and streamlining our product offering. These types of initiatives should enable better products, faster-to-market enhancements and make it easier and more cost effective to maintain AMP accounts.

Distribution strategy enhanced

- AFS continued to successfully execute its multi-channel distribution strategy during 2002:
  - Australian planner numbers continued to grow – up 4% to 1,991 planners, with Hillross experiencing a net growth of 18% to 252 planners
  - 3rd party distribution was extended during 2002. Non-AMP planners doing business with AMP each month averaged above 1,500 for FY 02, up more than 27% on FY 01
  - new dealer group value propositions were launched in 2002 by both AMPFP and Hillross, offering a new model that incorporates both planner and dealer group characteristics. This increases transparency and enhances the value of AMP's proposition to planners
  - Arrive Financial Planning was acquired on 29 June 2002 from PricewaterhouseCoopers
  - the AMP Direct operations have been wound back and closed as a stand alone business. The core direct distribution capability is being retained as part of the multi-channel strategy.

New business impacted by investor confidence and the focus on retention

- The 11% drop in AFS total new business from A$10,538m in FY 01 to A$9,368m in FY 02 is a good result given market conditions:
  - AMPFP new business of A$4,591m was 20% below FY 01 of A$5,735m reflecting investor sentiment and a planner focus on protection of existing funds
  - Hillross increased new business by 12% through improved planner remuneration terms and continued product enhancements resulted in strong PortfolioCare sales
  - 3rd Party Distributors' retail new business of A$791m decreased by 17%, a noteworthy result in view of the competitive environment
  - Corporate Superannuation had a strong year with new business of A$2,418m, 12% higher than FY 01, reflecting several significant tender wins in 1H 02
  - AMP Direct new business fell by 20% to A$157m in FY 02.
- Poor investment returns and the closure of the capital guaranteed investment options have shaped the trend for retirement savings products (ie superannuation, income stream, and managed investments), with new business of A$8,198m being 9% below FY 01.
- Risk new business of A$523m is down 6% compared to last year.
- In New Zealand, strong risk sales have been offset by the weak retail investment and corporate superannuation sales (for the reasons noted above), decreasing new business by 27%.

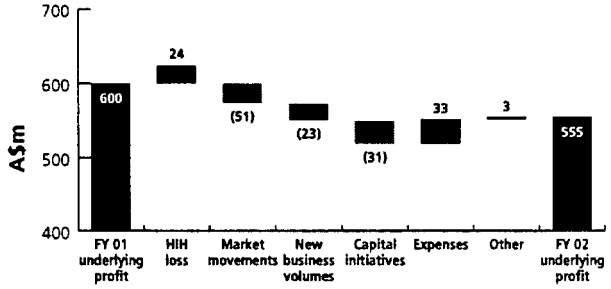
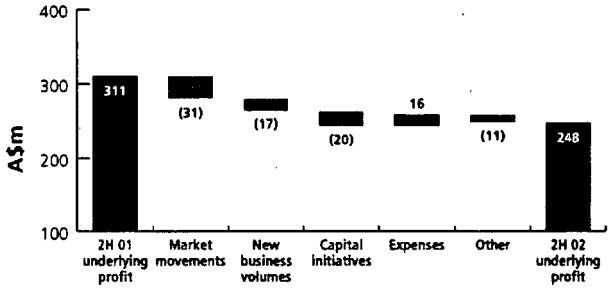
Movement in underlying profit FY 01 to FY 02



Movement in underlying profit 2H 01 to 2H 02



UK Financial Services

Underlying profit – main movements

- Underlying operating profit after income tax declined 25% from £203m in FY 01 to £152m in FY 02 reflecting:
  - market movements impacting planned margins, investment income and capitalised losses (-£52m)
  - one-offs during FY 01 have not recurred in FY 02 (-£34m)
  - full year performance of the Service Company combined with tight cost control during FY 02 (£34m)
  - other items (£1m).
- Profit margins released for FY 02 fell from £83m in FY 01 to £55m due to three years of weak equity markets. As a result of this prolonged decline, this has altered our view of future growth and of the appropriate underlying sustainable bonus rates to be released by the 90:10 funds. This change reflects:
  - a decrease in investment assets in line with market falls
  - reduced relative exposure to growth assets during the year - ie Pearl's growth asset exposure moved from a ratio of 71% (FY 01) down to less than 50% by year end 2002.
- Strong growth in profit margins from other operations (up to £31m from -£4m in FY 01) was hampered by the 2H 02 falls in Pearl new business volumes through the UK service company. Trading conditions were difficult for non-life companies such as Ample and Towry Law who made trading losses of £6m and £5m respectively.
- Experience profits from tax settlements were overshadowed by the announced additional provisions related to pensions miss-selling and other liabilities to policyholders.
- Capitalised losses of £10m in 2H 02 reflected the impact of equity market falls and reduced equity-backing ratios have led to the capitalised losses on specific product categories.
- Underlying investment income was reduced by £9m for FY 02 due to a write-down in the carrying value of reversionary interests in property which was deemed to be BU-accountable. There has been no growth in investment income due to the switching from equities to gilts during the year and reduced rates of normalised return compared to 2001.
- One-off transformation costs of £87m connected to strategic actions announced in December and were predominantly redundancy and associated severance payments.

Return on invested capital dropped

- RoIC fell to 6.5% (10.2% FY 01) due to both reduced profitability and increases in the capital allocated to UKFS to support regulatory solvency.
- A comprehensive derivative strategy has been implemented to reduce the sensitivity of UK Life Services compared to further falls in the FTSE. Refer to page 11.

New business declines

New business fell by 21%, reflecting fragile investor confidence, adverse press coverage on UK financial strength, Pearl Long Term Fund regulatory solvency position and AMP specific issues.

- Independent Financial Adviser (IFA) sales fell by 14% for FY 02; impacted by the negative publicity surrounding Pearl's regulatory solvency position but somewhat mitigated by our relationships and retention of the influential AKG 4 star rating for non with-profit business.
- Since launch in May 02 the Corporate Pensions business continued to grow – up 20% in 3Q 02 market share data.
- Direct Sales Force new business fell 36% as a result of market conditions, reduction in advisers of 26% during 2002 and productivity deterioration in 2H 02. New management focus on shareholder value resulted in the decision in 2002 to close the existing Direct Sales Force model, which was not delivering the required returns. This decision and other cost management activity are expected to result in a reduction of roles of up to 1,900 (subject to union consultation).

Persistency fell slightly

UKFS product persistency was only marginally down at 88% for FY 02 (89% for FY 01). We are currently evaluating our retention strategy in light of the decision to close the Pearl Direct Sales Force and activity will focus on high value customers and business.

Restructuring of UKFS

During 4Q 02, AMP announced significant restructuring for UKFS involving new management and separation of the business into the mature operations and a select niche new business:

- UK Life Services consists of the mature books (of Pearl, London Life and NPLL) and forms the bulk of the UK capital investment. AMP's focus here is on value preservation through reduced costs, tightly controlled run-off and active management of the balance sheet and risks
- UK Contemporary is a niche operation focusing on selected markets within Corporate Pensions, IFA wholesale and Towry Law.

The transition program to separate the businesses is progressing well in terms of reductions in budgets and employees. The ongoing adverse market conditions and FTSE movements into 2003 are highlighting the need for continued concentration on core activities and greater efficiencies.

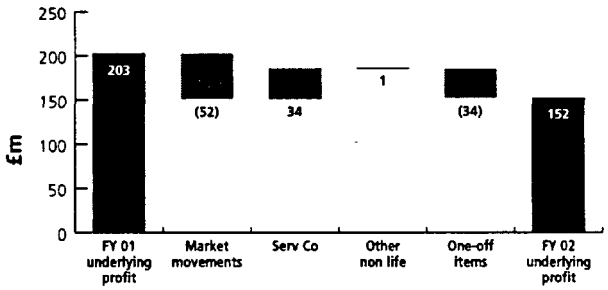
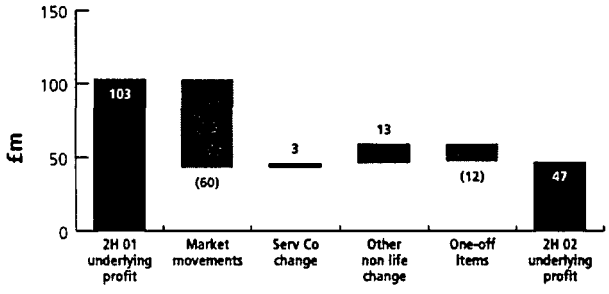
Movement in underlying profit FY 01 to FY 02



Movement in underlying profit 2H 01 to 2H 02



Henderson Global Investors

Performance measures

- Underlying profit after income tax of A$205m represents a robust operating performance (FY 01: A$217m) given the impact of the prolonged equity market downturn.
- Revenues protected by diversification across geographies and asset classes. Operating costs reduced, without cutting development expenditure.
- Capital invested in Henderson reduced by A$351m in 2H 02 through improved management of working capital (A$194m).
- RoIC slightly down to 10.7% for FY 02 and RoBUE reduced marginally to 42.8%.
- Cost to income ratio up to 69%.

Underlying profit

- Henderson's A$12m (6%) decline in profit versus FY 01 comprises the following post income tax movements:
  - A$44m adverse management fee impact from falling equity markets
  - A$3m favourable fee impact derived from sales volumes
  - A$12m adverse fee impact from reduced margin
  - A$4m increase in other income (performance, transaction and investment income)
  - A$29m reduction in expenditure through retrenchment and efficiency initiatives
  - A$8m taxation benefits through the use of tax losses resulting in a 27% effective tax rate (FY 01: 30%).

Fee income

- Overall fee income was down A$75m (8%) on FY 01 to A$889m, comprising:
  - management fees down A$75m (9%) on FY 01 to A$771m, protected by geographical, asset class and product diversification. The movement is explained as:
    - A$63m fall through market and FX movements in FY 01 and FY 02 (46% of total AUM invested in equity markets in FY 02)
    - A$15m increase as a result of external cash inflows
    - A$10m reduction as a result of internal fund cash outflows
    - A$17m fall through lower margins, 80% of which is to allow higher performance fee potential.

Management expenses

- Management expenses were reduced by A$41m (6%) to A$627m as a result of management actions during 2001 and rigorous cost control measures throughout 2002. Further cost reduction actions taken at the end of 2002, including retrenchments, will further protect future year profits.

AUM

- AUM fell by A$36.8b (13%) to A$255.6b at 31 December 2002, against an MSCI World Index fall of 20%.
- The major part of the decrease (64%) arises from adverse market movements (A$23.7b).
- External fund sales of A$21.2b were offset by A$21.5b of redemptions to record a small net fund outflow of A$0.3b for the year. In addition, a short term cash mandate of A$3.9b was withdrawn during Q1 02. This has negligible revenue impact.
- Internal fund outflows were A$6.9b during the year.
- The sale of UK Private Client business also resulted in the transfer out of A$2.2b.

Investment processes

- During 2002, we selectively built capability, with recruitment of additional investment and sales professionals in North America (the US Credit and Retail teams) and ROW (Smaller Companies, Property, and Private Capital).
- Products launched or developed include:

  ROW

  - market neutral ARF, A$0.4b raised in 2002; Retail Warehouse Fund, A$0.9b raised in 2002 (A$0.3b excluding gearing). Collaterised Synthetic Obligation Fund, A$1.8b raised in January 2003. Further funds were established including a fixed interest ARF, AAA cash fund and the California Workforce Housing fund

  Asia Pacific

  - first super fund take up of our Australian Socially Responsible Investment Overlay; First protected fund in Singapore - the Henderson Asia Bonus Payout Fund, A$0.1b raised 2002; First of two Australian fixed interest funds in Japan in December 2002, raising over A$0.3b. The second fund currently has commitments in excess of A$0.1b; Future Directions Fund in Australia.

Investment performance

- 50% of Property Assets and 43% (65% Asia Pacific; 37% ROW) of Listed Assets outperformed their benchmarks during 2002.
- Won 24 investment performance awards in FY 02 including 6 1st place Standard & Poor's Funds awards in UK and Europe.

Growth and improvement in key financial and business performance measures

- Australasian banking delivered a 20% growth in underlying operating profit after income tax from A$5m in FY 01 to A$6m in FY 02. UK banking (which commenced operations in mid 2000) reduced underlying operating losses by 28% from A$18m to A$13m. Consolidated underlying operating profit after income tax across the Banking operation improved from a loss of A$13m in FY 01 to a loss of A$7m in FY 02.
- Global income increased 9% on FY 01. Higher funding costs impacted 2H 02 revenues, with Banking absorbing the increase rather than passing on the higher cost to customers. Customers also benefited from the maintenance of leading rates on savings and investment accounts. The Bank's securitisation program reduced the need for new capital to support business growth and accounts for the change in revenue sources between net interest income and non interest income. Non interest income includes A$20m (FY 01 A$8m) in residual income and fees relating to securitised assets.
- Focus on cost control enabled AMP Banking to support higher new business volumes (up 28%) without increasing the cost base.
- Mortgage sales of A$3.7b are 28% higher than FY 01. Property Finance sales exceeded A$1.0b in 2002.
- Mortgage loan portfolios grew 20% to A$9.0b during the year.
- Deposit portfolio balances increased 23% during the year, with total retail deposits exceeding A$2.3b.
- Capital management remains a core focus area, supported by the asset securitisation programs. A$4.0b of assets are funded via securitisation vehicles of which A$2.4b is off-balance sheet.
- The Bank continued to receive external recognition and awards for product innovation, value and service.

New strategy and business model announced.

- Key decisions taken following the recent strategic review included:
  - selling of the credit card portfolios (refer summary of ASX announcements on page 35, 23 December)
  - changing the business model from product manufacturer to distributor for retail loan and deposit products in New Zealand and the UK
  - exiting from the manufacture of "property finance" (commercial lending) business lines
  - reviewing the Bank's servicing model to significantly reduce costs to world class levels.
- While the Bank plans to exit the manufacture of the above business lines and to focus on Australian mortgage loans and savings/investment accounts, customers will continue to be offered a comprehensive product set via distribution agreements and 3rd party sourced products.
- Implementation of the new strategy has commenced with the sale of the card business (for approximately A$238m) completed in 2002 and plans are well advanced to deliver on the other divestment programs during 2003.

Portfolio businesses

Outside our core operations, AMP has a portfolio of businesses in diverse areas. A number of strategic changes were made to these businesses in 2002.

Discontinuing business

A$m	FY 02	2H 02	1H 02	FY 01	% FY
Gross written premium	51	47	4	123	-58.5
Reinsurance premium	(28)	(16)	(12)	(43)	-34.9
Change in unearned premium reserve	18	3	15	11	63.6
Net earned premium	41	34	7	91	-54.9
Claims expense	(288)	(258)	(30)	(416)	-30.8
Reinsurance recoveries	268	154	114	122	119.7
Net claims	(20)	(104)	84	(294)	-93.2
Net expenses	(45)	(31)	(14)	(79)	-43.0
Investment income on technical reserves	51	111	(60)	373	-86.3
Adjusted underwriting profit	27	10	17	91	-70.3
Income tax	8	7	1	18	-55.5
Total operating margins	35	17	18	109	-67.9
Investment income on shareholder capital	26	33	(7)	36	-27.8
Operating profit after income tax	61	50	11	145	-57.9

These results are for Discontinuing business only (refer page 39 for definition). The difference between this operating margin and that on page 5 is the 1H 02 operating result of Cogent (A$3m in 1H 02, General insurance (A$17m) and Cogent (A$22m) in FY 01) which has been classified as "Discontinued".

Discontinuing business includes the reinsurance and direct insurance run-off portfolios of AMP managed by Cobalt RunOff Services Ltd.

The operating margin for 2H 02 has arisen due to focused claims management and favourable claims experience which has allowed further reductions in claim liabilities.

AMP Japan

AMP Japan is being closed down in line with the company's focus on core business. Associated costs have been absorbed as part of the write-down.

Current year and prior year operating losses have been written off as part of the A$1,227m valuation adjustment. Refer to page 33 for more information.

Virgin Money

AMP's 50:50 joint venture with the Virgin Group, Virgin Money, increased operating revenues by 105% and decreased costs by 22% on 2001. The improved performance was driven by the successful launch of the Virgin-branded credit card which sold in excess of 161,000 cards in the UK. AMP is working with Virgin to reposition the business to realise greater shareholder value.

The operating results for Virgin Money are not included in the Group's overall result, but movement in the valuation of AMP's investment is reflected in investment income.

AMP Sanmar (India)

Since its launch in January 2002, AMP Sanmar (India) has continued to grow its distribution force and has made good progress in launching products and establishing a brand presence. Further product offerings and increases in planner numbers are expected to drive growth. AMP Sanmar has recently moved under the Australian Financial Services business unit.

1. Underlying investment income is net of AMP UK plc preference shares dividend elimination.

- Corporate Office costs not recovered from the BUs were down 22% on FY 01 due to stringent cost control policies on operating and project costs resulting in lower costs in Australia and the UK.
- Costs not recovered from BUs include development expenditure relating to former AMP International initiatives in respect of AMP Japan, AMP India, AMP Europe and AMP New Ventures (2H 02 A$11m, 1H 02 A$11m, FY 01 A$26m). These initiatives have now been significantly wound back as part of AMP's refocus to core operations.
- The remaining group integration costs, which mainly incorporate costs associated with integrating AMP Finance (formerly GIO Finance) into AMP Banking and the integration of Cogent's and Henderson's software systems, were down 25% for FY 02.
- Interest expense on corporate debt has reduced from A$242m to A$230m as a result of lower amounts of debt during FY 02 as compared to FY 01, and a lower weighted average cost of debt.
- Corporate Office transformation costs predominately relate to redundancy costs associated with the recent review and realignment of Corporate Office.
- More information on investment income can be found on page 13, while page 33 contains more information on the valuation adjustments.
- Asset sales include the sale of Cogent in 2H 02 (more information on page 33) and AMP's 25% stake in Virgin One (A$76m) in FY 01.

Summary of significant items

Transformation costs

On 14 November and 4 December, AMP announced the results of a strategic review of its core businesses (refer to the summary of ASX announcements on page 35). Transformation costs represents the costs of implementing these strategic initiatives across the business.

Costs include:

- staff redundancy payments
- professional fees (consultants, legal, etc)
- provision for onerous contracts, including lease breakage costs
- write-offs of certain capitalised expenditure and other product-closure related costs.

Costs after tax	A$m

Total transformation costs	344

1. Includes costs associated with former AMP International business.

Asset sales

During FY 02, AMP completed the sale of three non-core businesses.

UK Private Asset Management (Henderson)

Refer to ASX announcement dated 9 May (page 34) on the sale to Newton Investment Management Ltd, the primary UK asset management subsidiary of Mellon Financial Corporation. A further amount is potentially receivable in 2H 03, contingent upon the assets under management retained within Mellon Newton at 31 August 2003.

Cogent

Refer to ASX announcement dated 16 May (page 34) on the sale to BNP Paribas. A further amount is potentially receivable in 2H 03, contingent mainly on the assets under administration retained within BNP Paribas.

AMP Banking credit card business

Refer to ASX announcement dated 23 December (page 35) on the sale to American Express. A provision for the cost of implementing the restructure of AMP Banking has been offset against the profit on the sale of the credit card business, as both of these initiatives were as a result of the Group's strategic review completed in November.

Amounts are after tax	A$m
UK Private Asset Management (Henderson)	28
Cogent	204
AMP Banking credit card business[1]	2
Total profit on sale of businesses	234

1. Includes provision for implementing strategic review.

Valuation of subsidiaries

In light of the challenging investment market conditions during 2H 02, and changes in AMP's business strategy, a comprehensive review of the valuation of key subsidiaries was done, and reviewed by management.

The review resulted in the A$1,028m write-down of EMVONA / goodwill where the valuations were not supportive of book value. The balance relates to a write-down of net assets. For further information, refer to the ASX release on 18 November (page 35).

Accounting treatment and definitions

Capital treatment: regulatory, ratings and risk

Continuum of capital	Regulatory (as described by APRA regulations)	Ratings (Standard & Poor's)	Risk
Equity	Counted as capital	Counted as capital[1]	Counted as capital
Hybrid	Up to 25% equity	Up to 15% of modified TAC plus allowable hybrid[2]	Counted as capital[3]
Upper Tier 2	Up to 100% Tier 1	Considered under hybrid	n/a
Lower Tier 2	(Lower Tier 2 can not exceed 50% Tier 1)	Considered under hybrid	n/a
Senior debt	Not counted as capital	Not counted as capital	Not counted as capital

1. Includes minority interest.
2. TAC = Total adjusted capital as defined by Standard & Poor's rating agency.
3. To the extent that it has deferrable coupons.

Admissible/inadmissible assets - Regulators take a prudent approach to asset values in determining capital adequacy. As a result, part or all of the value of certain assets in regulated entities are deemed by the regulator to be inadmissible, and have little or no effect for regulatory capital purposes.

Controllable expenses - Include management and project expenses and exclude variable distribution expenses, investment management fees and interest on corporate debt. AMP Banking controllable costs exclude provision for bad and doubtful debts as well as variable acquisition costs.

Cost to income ratio - *Calculated as controllable expenses* divided by gross margin. Gross margin = NPBT + controllable costs. For AFS and UKFS, profit before tax equals NPAT grossed up for an assumed 30% tax rate.

External corporate debt - Total group borrowings (which includes subordinated debt) less policyholder obligations and operational debt (mainly relating to AMP Banking).

Free Asset Ratio (FAR) - A common measure of financial strength for the long term funds of UK life companies in accordance with the UK statutory requirements (not MoS). There are a number of ways of calculating FAR. On the more conservative of the liability methods, it is calculated as the value of admissible assets and any implicit items less the value of liabilities and the required minimum margin, all divided by liabilities.

Gearing ratios:

- **Debt/(Debt + Equity)** = (total corporate debt, including borrowings from Pearl 90:10 fund, minus hybrid Tier 2) divided by (total corporate debt, including borrowings from Pearl 90:10 fund, plus hybrid equity, plus total equity attributable to ordinary shareholders).
- **Debt/Equity** = (total corporate debt, including borrowings from Pearl 90:10 fund) divided by (total equity attributable to ordinary shareholders).

Group RoE - AMP Group return on equity is calculated as profit after income tax and before other items, divided by the average shareholder equity over the period. For FY 02, closing equity excludes the impact of the asset write-downs (ie closing equity used for RoE calculation is A$1,227m higher than published on page 10).

Group RoE (underlying) - AMP Group return on equity (underlying) is calculated as Group underlying contribution divided by the average shareholder equity over the period. For FY 02, closing equity excludes the impact of the asset write-downs (ie closing equity used for RoE calculation is A$1,227m higher than published on page 10).

Group RoIC - AMP Group return on invested capital is calculated as profit after income tax and before other items, RPS distribution and interest expense on corporate debt divided by the average shareholder capital resources over the period. For FY 02, closing capital excludes the impact of the asset write-downs (ie closing capital used for RoIC calculation is A$1,227m higher than published on page 10).

Group RoIC (underlying) - AMP Group return on invested capital underlying is calculated as Group underlying contribution before RPS distribution and interest expense on corporate debt, divided by the Group's average total shareholder capital resources over the period. For FY 02, closing capital excludes the impact of the asset write-downs (ie closing capital used for RoIC calculation is A$1,227m higher than published on page 10).

Intangibles - Represents excess of market value over net assets (EMVONA) in AMP's books in respect of the Henderson, GIO, PricewaterhouseCoopers Financial Planning (Arrive Financial Planning), Towry Law, Interactive Investor and AMP NPIL acquisitions and amortised goodwill from the acquisition of AMP Pearl, AMP NPIL, GIO and Schroders Property Funds Management. The movement between periods reflects exchange rate fluctuations and updated valuations of AMP's subsidiaries.

Interest cover - Calculated as profit before income tax, other items, interest expense on corporate debt, RPS distribution and depreciation divided by interest expense on corporate debt before tax.

Accounting treatment and definitions

Minimum regulatory requirement - Minimum regulatory requirements are defined as the shareholder net assets being used to meet the minimum capital requirements of all regulatory bodies which impact the business unit (eg APRA, ASIC, FSA, IMRO). This is after taking account of any other resources eg policyholder retained profits, unattributed equity and implicit items.

The minimum regulatory requirements are translated from the local regulatory reporting framework as shareholder net assets are on an AGAAP basis. The table on page 11 shows how shareholder net assets are used in meeting minimum regulatory requirements.

NBI - New business index is calculated as 10 x regular life insurance premiums plus single premiums and unit contributions.

In respect of UKFS, new business includes products of AMP Pearl, AMP London Life and AMP NPI New (AMP NPI from 1 January 2000).

Persistency ratio - Calculated as opening AUM less outflows during the period divided by opening AUM.

RoBUE - Return on BU equity is calculated as BU underlying operating profit after income tax (including underlying investment income) divided by the BU's average net assets over the period. No allowance is made for the benefit of gearing, which occurs at Group level.

RoIC - Return on invested capital is calculated as BU underlying operating profit after income tax (including underlying investment income) divided by the BU's average invested capital over the period (ie net assets plus intangibles). For FY 02, closing capital excludes the impact of asset write-downs.

Tangible net assets - As normally understood in an accounting sense but excluding intangibles, ie total shareholder assets invested in AMP's business units less intangibles. At a BU level these are shown gross of any holding in another BU. Inter BU holdings are fully described under "Eliminations" on page 39.

Treatment of AMP NPI - AMP NPI is split between AMP NPI Limited (NPIL) new business since 1 January 2000 and National Provident Life Limited (NPLL) pre-existing business prior to 1 January 2000. In respect of NPLL, the business is managed by AMP, however, shareholders have no entitlement to profits emerging within its life fund.

Unattributed life funds - For those UK life insurance funds which include with-profit business, only 10% of the assets in excess of the policy and other liabilities calculated under MoS can, in the context of the UK regulatory environment, be definitively attributed to shareholders. The remaining 90% of the excess assets is deemed to be equity which is not specifically attributable to shareholders' or policyholders' interests, and is referred to as "unattributed life funds".

Underlying contribution - Calculated as Total Operating Margins (which includes BU operating margins, discontinued business operating margins and Corporate Office costs not allocated to the BU's) less interest on Corporate Debt and RPS distribution plus underlying investment income.

Underlying interest cover - Calculated as profit before income tax, investment income market adjustment, other items, interest expense on corporate debt, hybrid distribution and depreciation, divided by interest expense on corporate debt before tax.

Underlying investment income - The investment income on shareholder capital attributed to the BUs has been normalised in order to bring greater clarity to the results and to eliminate the distorting impact of short term market volatility on the Group's underlying performance. In FY 02, Corporate capital was also normalised and prior years restated. The excess (or shortfall) between the underlying return and the actual investment income is disclosed separately. Underlying returns are set at risk premiums/discounts over the long term average government bond rates for Australia and the UK. These premiums/discounts are consistent with the MoS best estimate assumptions. The long term average bond rates are set for a three year period but is reviewed annually. The investment income of Discontinued Business is included in the BU normalised investment income, but is not normalised (doing so would not have a material impact) as this business is in run-off.

MoS accounting

What is MoS accounting?

Margin on Services (MoS) is the financial reporting methodology used to report on the life insurance business of Australian companies. The use of MoS is prescribed by Australian Accounting Standard AASB 1038 and Actuarial Standard 1.03, a standard issued under the Australian Life Insurance Act 1995. It applies to all Australian life companies and to Australian companies with life insurance subsidiaries.

MoS ensures that profit emerges on a realistic basis. It also provides for the expected future profit emergence to be identified. The governing standards allow sufficient flexibility to achieve true and fair reporting of the financial performance of the company with a reasonable degree of comparability.

Definition

Under MoS, the profits that are expected to be earned on life insurance business emerge over the life of the business as services are provided and income received, hence, the name "Margin on Services".

Detailed description of MoS

The expected profits under MoS are related to a profit carrier which best reflects the provision of services under the policy type concerned and emerge as a proportion of that chosen profit carrier.

MoS policy liabilities are calculated using best estimate assumptions about future conditions. In general "best estimate" means that the assumptions are made having regard to available statistics or experience data relevant to the business, and are neither deliberately overstated nor deliberately understated. In the case of the maintenance expenses the assumption must be sufficient to cover the budgeted expenses in the following year.

If actual experience differs from that expected, the financial effects of these differences are recognised as experience profits or losses in addition to the expected profits.

Net investment earnings on retained profits and capital within a life fund are recognised immediately as profit in the reporting period.

All assets are valued at market value. Consistent with this, the best estimate liability assumptions include a future investment earning rate that reflects the yield implicit in the value of the assets backing those liabilities.

The policy liabilities recorded in the accounts have two components:

- the best estimate liabilities (to cover future benefits and expenses, and allowing for future premiums)
- the value of future profit margins (based on the appropriate profit carrier).

No profit is normally recognised at new business inception. Instead, profit margins on new business enhance the existing value of future profit margins, to be released over the future life of the business.

The best estimate assumptions are reviewed and revised as necessary at each reporting date. Changes in best estimate assumptions generally do not result in changes in the policy liabilities and so do not immediately affect reported profit. Rather, the effect of changes in assumptions is absorbed in the value of future profit margins, to emerge in the future.

The exception is market related changes in the investment earning assumption for non-participating business. In this case, the policy liabilities are altered and, to the extent that such change is not matched by a similar movement in the value of assets, a profit or loss emerges.

If future losses are expected (ie if profit margins fall negative), they must be recognised immediately. If a favourable change in assumptions subsequently occurs, or if profitable new business is written, previously recognised losses may be reversed before new profit margins are established.

For participating (with-profit) business, the profit carrier is the cost of bonus payments that are supported by the Value of Supporting Assets (VSA). The VSA is an accumulation of the policy liabilities from the end of the previous period, augmented by the cost of bonuses actually declared, and including actual investment experience. The policy liabilities at the end of a reporting period are the VSA reduced by the cost of supportable bonuses and the associated shareholder profit margins due in the reporting period. In this way, the cost of supportable bonuses and profit margins emerge in the reporting period.

Definitions of business units, eliminations and exchange rates

Financial services includes:

- **AFS Australia, New Zealand**

  Life funds of AMP Life Limited, AFS business support operations, Hillross, Australian Securities Administration Ltd (previously AMPPIL) and other AFS subsidiaries, including AMP Sanmar (India) joint venture.

- **UKFS United Kingdom**

  AMP Pearl, AMP NPI Limited (AMP NPI New or AMP NPIL) and AMP London Life, UKFS business support operations (supporting AMP Pearl, AMP London Life, AMP NPIL and National Provident Life Ltd (AMP NPLL)), Towry Law, Ample Interactive Investor and AMP Pearl Unit Trusts.

Henderson Global Investors is:

AMP's asset management operation, and as such captures a manufacturing margin on the Group's wealth creation and protection businesses (in addition to the external manufacturing margin). Henderson includes the packaging and distribution of investment products in the UK and the Rest of World (ROW); but in Australia all packaging and distribution operations are included in AFS.

AMP Banking includes:

AMP Bank Limited in the United Kingdom, New Zealand and Australia and includes the integrated operations of AMP Finance Limited, AMP GBS Limited and AMP/Ergo Mortgage and Savings Limited and Ergo Personal Financial Services Limited.

Portfolio businesses consists of:

- AMP Japan
- AMP's share of Virgin Money
- Discontinuing business which includes:

  Cobalt Insurance RunOff Services Ltd, reinsurance operations of Gordian RunOff Ltd (formerly GIO Insurance Ltd) and corporate general insurance.

Former AMP International assets have been integrated into other areas of the business (eg AMP Banking) or identified for value realisation (eg AMP Japan, Virgin Money).

Corporate Office includes:

- Corporate Office operations of the Group
- corporate debt excluding operational debt
- Reset Preferred Securities, a hybrid instrument issued in 2H 02
- borrowings from the Pearl 90:10 fund - a debt instrument of the AMP Pearl long term fund which was held by various Group entities. It is analogous to corporate debt, but is raised internally rather than externally. This source of funding was repaid during 2H 02.

Eliminations

A$m	Value also included in	Net assets	Total capital

2001	FY 01 - closing	0.3517	1.2293
	- average	0.3601	1.2360

Embedded value assumptions

Assumptions

Assumptions used for the embedded value (EV) and value of new business (VNB) are consistent with the best estimate assumptions used in calculating Margin on Services (MoS) policy liabilities at the year end (except for equity risk premiums in UKFS)[1]. These assumptions reflect the expenses charged to the life funds including fees to business support operations.

For the life funds, more details of these best estimate assumptions can be found in the notes to the 2002 AMP Ltd Full Financial Report, as follows:

- future investment earnings [note 22(e)(i)][1]
- future maintenance expenses [note 22(e)(iv)]
- inflation and indexation [note 22(e)(v)]
- taxation [note 5 and note 22(e)(vi)]
- voluntary discontinuance [note 22(e)(vii)]
- mortality and morbidity [note 22(e)(ix)]

The description of the assumptions in the notes applies for the EV and VNB to business in the life funds, even for business that is not valued by projection methods under MoS.

As shareholder profits and transfers for participating business are related to policyholder profits and bonuses, EV methodology requires projections of future bonuses based on the experience assumptions. Note 22(e)(iii) on future participating benefits describes the method by which bonuses are projected for EV purposes in AFS. Other methods are used for each of the UKFS businesses consistent with UK regulatory requirements and market practice, as well as reflecting the particular circumstances of those businesses.

Other assumptions not described in the notes include:

- (VNB only) acquisition expenses. Unit costs are based on actual acquisition expenses for 2002. Unit costs vary by product line and class of business based on an apportionment which is supported by expense analyses.
- (AFS only) franking credits are valued at 70% of face value.
- Business support operations. The value placed on business support operations is equivalent to the incremental embedded value and value of new business that would result if those calculations included the value of expected profits arising from the business support operations, ignoring potential unit cost improvements arising after 2003.

Economic assumptions

Some more details of economic assumptions are given below.

Long term government bond yields used for the EV calculations are:

Annualised yields used	31 December 2002	31 December 2001
AFS (10 year bonds)	5.2%	6.1%
UKFS (15 year gilts - FY 02	4.5%	
10 year gilts - FY 01)		5.1%

Assumed investment returns gross of tax (%pa) are set at risk premiums over long-term government bond rates for Australia and the UK. At 31 December 2002, the risk premiums are (2001 in parentheses, where different).

	AFS[3]	UKFS
Local equities[1,2]	3.5% (4.0%)	2.5% (3.0%)
International equities[1]	2.9% (3.0%)	2.5% (3.0%)
Property	2.4% (2.0%)	2.0%
Corporate bonds	0.5%	0.5%
Fixed interest	0.0%	0.0%
Cash (where significant)	-1.0%	-1.0%

1. For UKFS, a long term average equity risk premium is used, consistent with UK market practice for embedded values. This is currently more conservative than the "best estimate" approach used in MoS, where risk premiums may be adjusted for the extent to which the relevant market is perceived to be under or over valued relative to bond markets.
2. For AFS an additional allowance of about 1% is made for franking credits on equity income.
3. Australia only. For New Zealand see the notes to AMP Ltd Full Financial Report.

2002 Financial results

	FY 02	Underlying + investment = income	BU underlying result	Trans- + formation costs	Asset sales =	BU result

Annual Results 2002

Andrew Mohl
Chief Executive Officer

Outline

- Group review
- Business unit review
- Capital
- Current issues
- Our focus

2002 – the year that was

- Global markets depressed
  - FTSE 100 down 25% in 2002 and 47% since 2000 peak
  - S&P 500 down 23% in year and 46% since 2000 peak
  - ASX 200 down 12% and 18% since 2000 peak
- Faltering investor confidence reflecting sustained bear market
- Sluggish global economic recovery
- Ongoing concern about terrorism and war

2002 – the year that was at AMP

- Regulatory capital management concerns in the UK
- CEO and senior management changes
- Successful hybrid equity issue
- Strategic review of Group and restructuring of UK Financial Services
- Substantial balance sheet write-downs
- Board changes including new Chairman-elect
- Weakening share price

Summary of strategic review outcomes

- **AMP UK Financial Services**
  - Separation into two clear businesses - mature & contemporary
  - Closure of DSF and Household Advisor channels*
  - Expected cost saves from 2001 levels increased from £100m by end 2003 to £160m in full year 2003
- **Australian Financial Services**
  - Streamlining to improve efficiencies and strengthen business
  - 10% reduction in cost base in 2003 (A$60m)
- **AMP Banking**
  - Focused strategy to compete in key products where AMP has competitive advantage
  - A$500m capital release by end 2003
- **Henderson Global Investors**
  - Undertaking cost saving initiatives while continuing to invest in growth opportunities
- **AMP International**
  - Closure of business unit / realignment of operating businesses
- **Corporate**
  - Streamlining corporate office - A$40m cost savings expected in 2003
  - Asset writedowns of around A$1.2b

** The employee impact of these decisions is subject to union consultation*

Financial performance

	FY 02 A$m	FY 01 A$m
Australian Financial Services	334	366
UK Financial Services	211	328
Henderson Global Investors	192	208
AMP Banking	(7)	(13)
Total BU operating margins	**730**	**889**
Discontinuing businesses	38	148
Corporate Office expenses	(79)	(102)
Total operating margins	**689**	**935**
Underlying investment income	437	506
Interest expense on corporate debt	(230)	(242)
Distribution on reset preferred securities	(13)	-
Underlying contribution	**883**	**1,199**
Investment income market adjustment	(388)	(532)
Profit after tax before other items	**495**	**667**
Transformation costs	(344)	(8)
Asset sales	234	86
Valuation adjustments	(1,227)	-
Goodwill amortisation	(54)	(55)
Net profit after income tax	**(896)**	**690**

AMP Group results

- AMP's underlying profit is down 26% as a result of margin reductions in all businesses in a tough market for wealth management companies
- Substantial adjustments to carrying values to better reflect the market environment have resulted in a bottom line loss
- Australian Financial Services and Henderson have shown resilience under pressure
- UK Financial Services is an underperforming asset – action taken to protect shareholder capital and tightly manage regulatory capital position

Key results drivers

	FY02 A$m	FY01 A$m
Controllable costs	2,595	2,908
Cost to income ratio	62%	62%
BU operating margins	730	889
Total investment income	49	(26)
Write-offs & restructuring costs	(1,571)	(8)

Key results

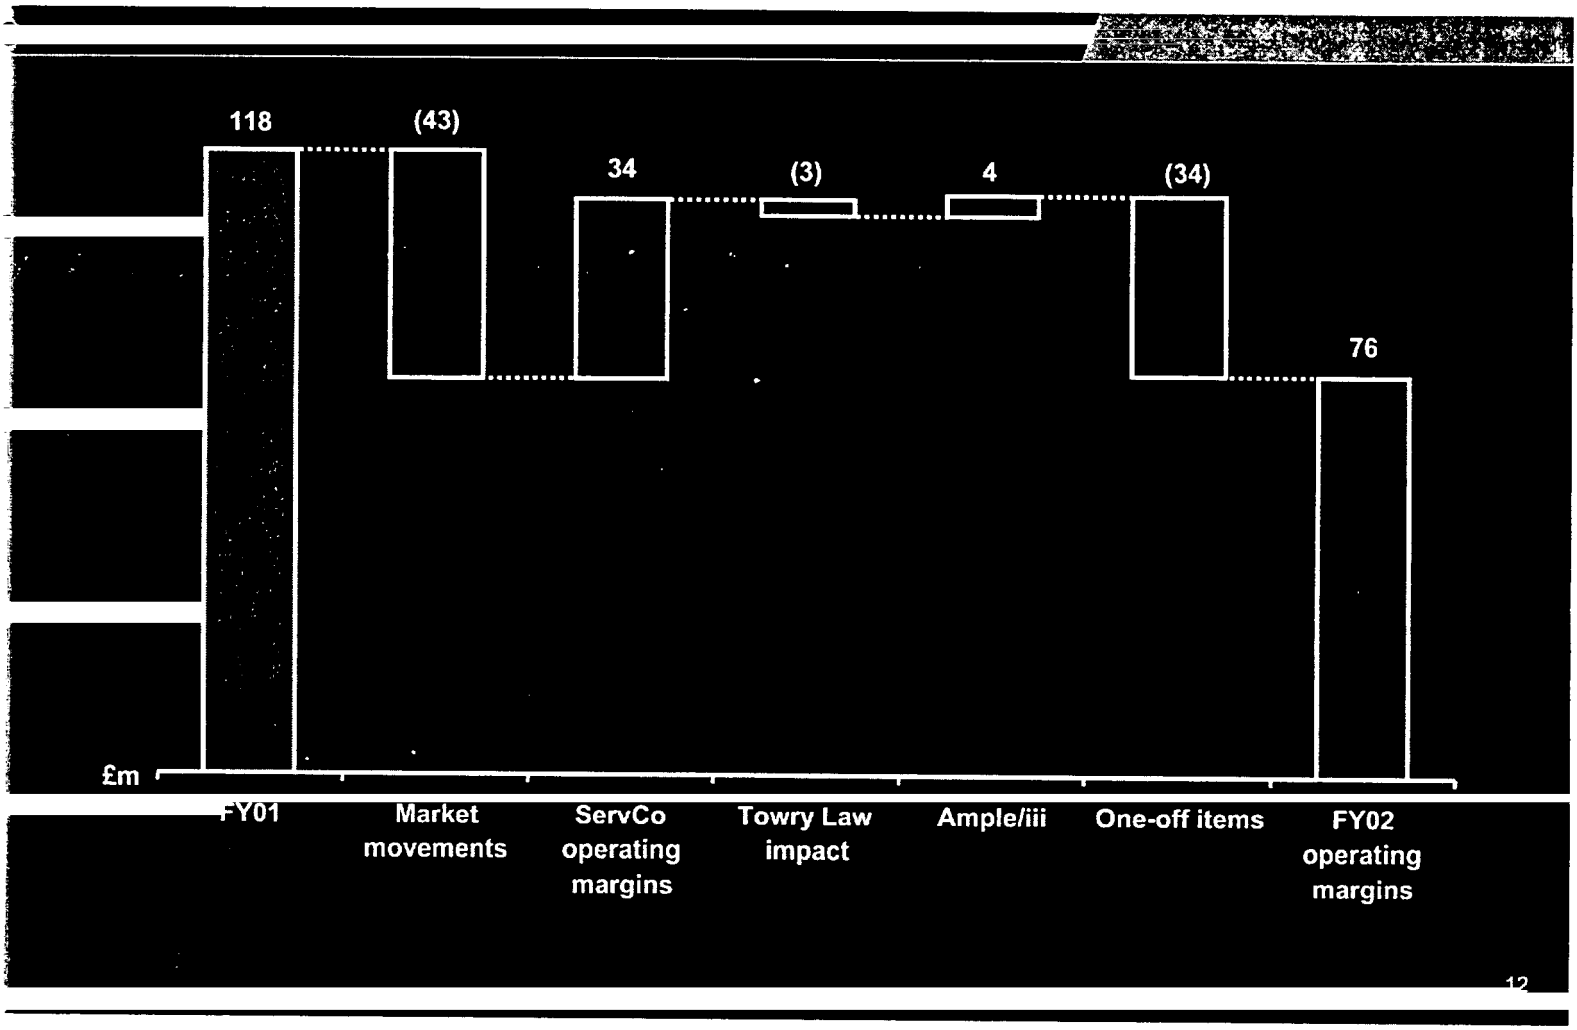
	FY02 A$m	FY01 A$m
Underlying profit contribution	883	1,199
Net profit after tax	(896)	690
ROE (underlying)	9.2%	13.1%
Earnings per share (underlying)	0.78	1.08
Dividend per share	0.46	0.51

Business unit review

UK Financial Services results

- Operating margins under pressure in difficult market, down 36%
- Sales down 21% as FTSE falls depress investor sentiment and direct sales force wound back, now closed
- Cost reduction programme on track, delivering £68m in FY02
- Embedded value down 31% (@ 5% discount margin) before transfers
- Return on invested capital down to 6.5%

UK Financial Services – operating margins

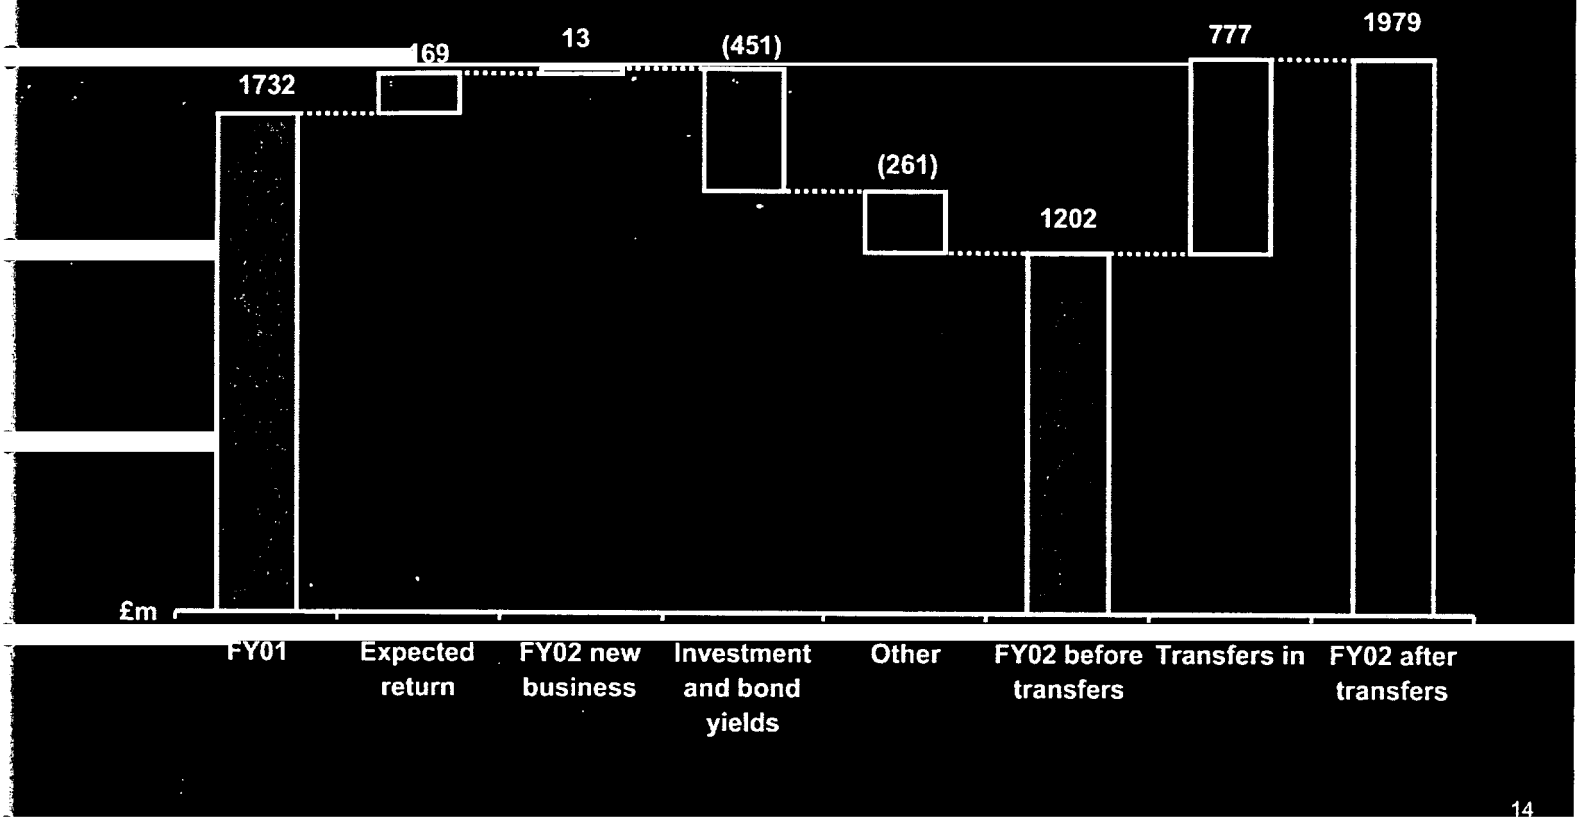


UK Financial Services

	FY02	FY01
New business index	£2,473m	£3,144m
Total net cashflows	(£1,084m)	(£788m)
Total contemporary net cashflows	£337m	£317m
Persistency	88%	89%
Controllable costs	£399m	£467m
Cost to income ratio	64%	64%
Capital	£2,777m	£2,134m
RoIC	6.5%	10.2%

UK Financial Services – embedded value

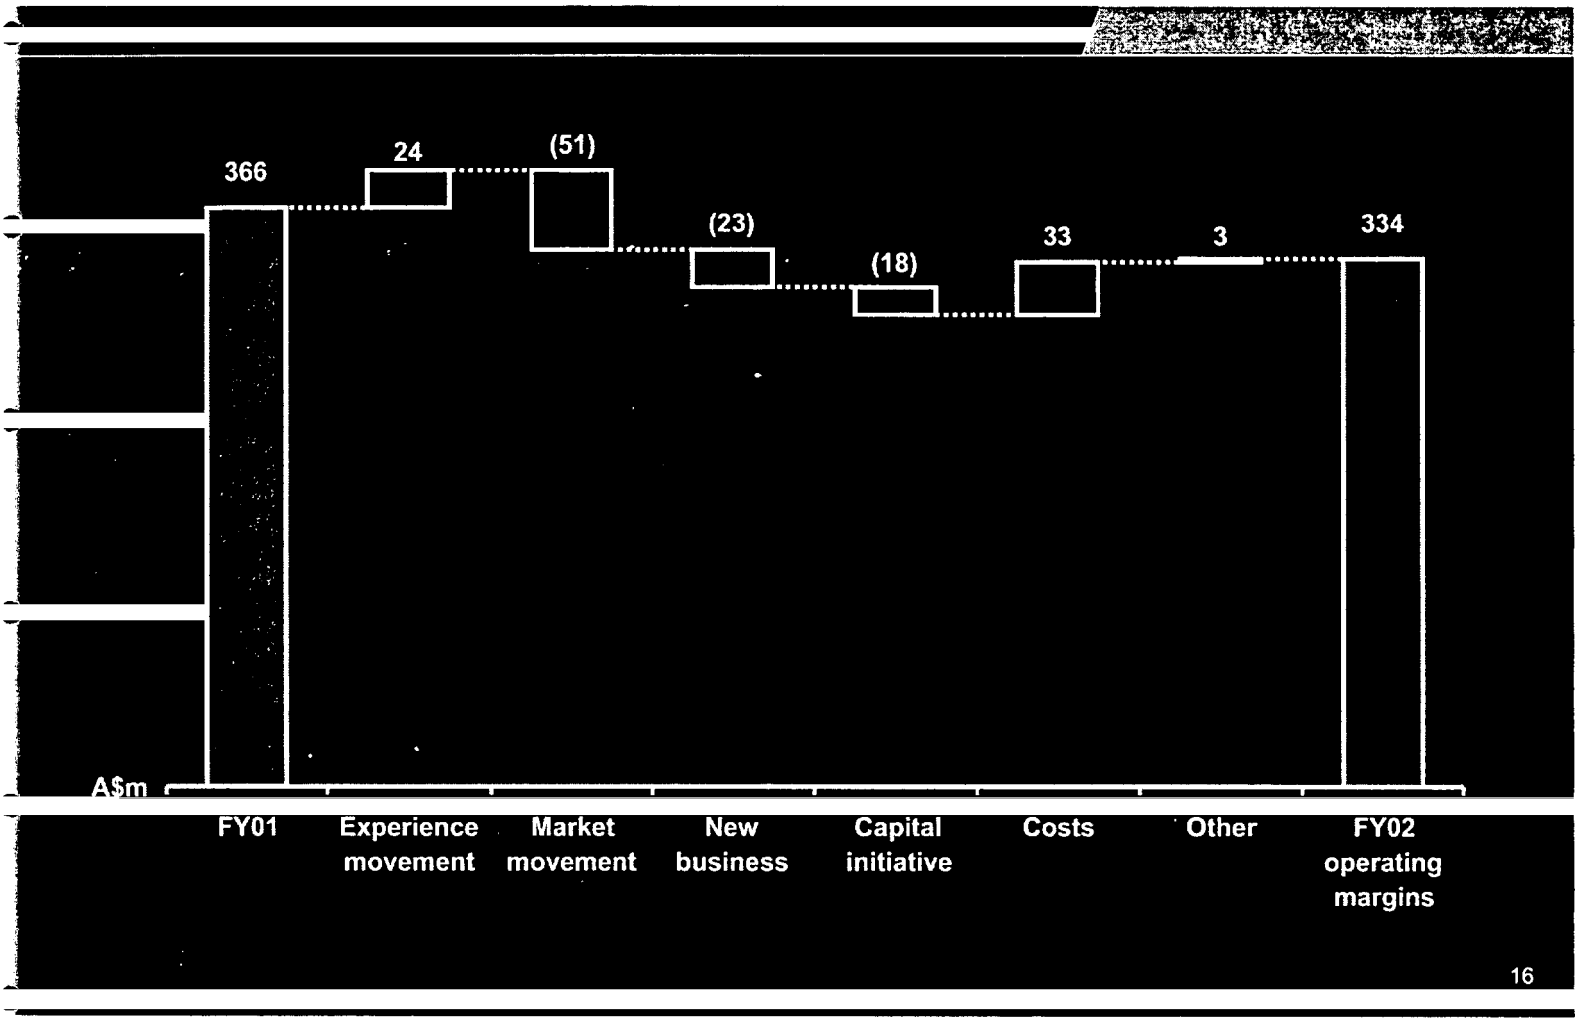
@ 5% discount margin



Australian Financial Services results

- Operating margins held up relatively well in tough market, down 9%
- Sales down 11% as investor flows contract but comparative market position remains strong
- Controllable costs down 8% and restructuring efficiencies on track
- Value of new business up 8% after restatement
- Embedded value increased before transfers
- Return on invested capital steady

Australian Financial Services – operating margins

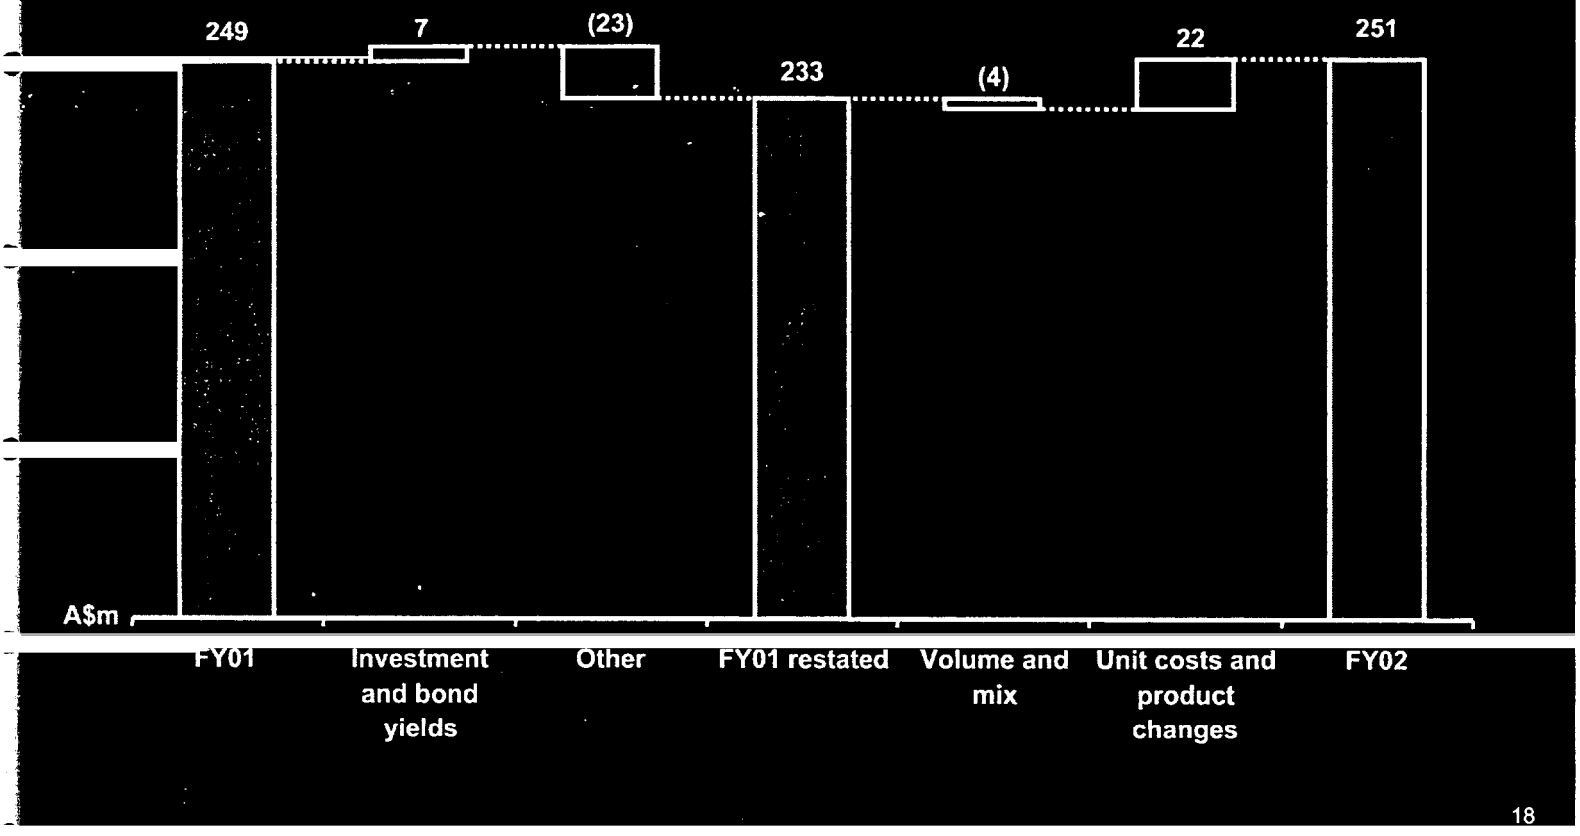


Australian Financial Services

	FY02	FY01
New business index	A$9,368m	A$10,538m
Total net cashflows	A$1,168m	A$2,602m
Total contemporary net cashflows	A$2,609m	A$4,245m
Persistency	83.8%	83.8%
Controllable costs	A$611m	A$664m
Cost to income ratio	44%	44%
Capital	A$3,635m	A$4,390m
RoIC	13.8%	14.1%

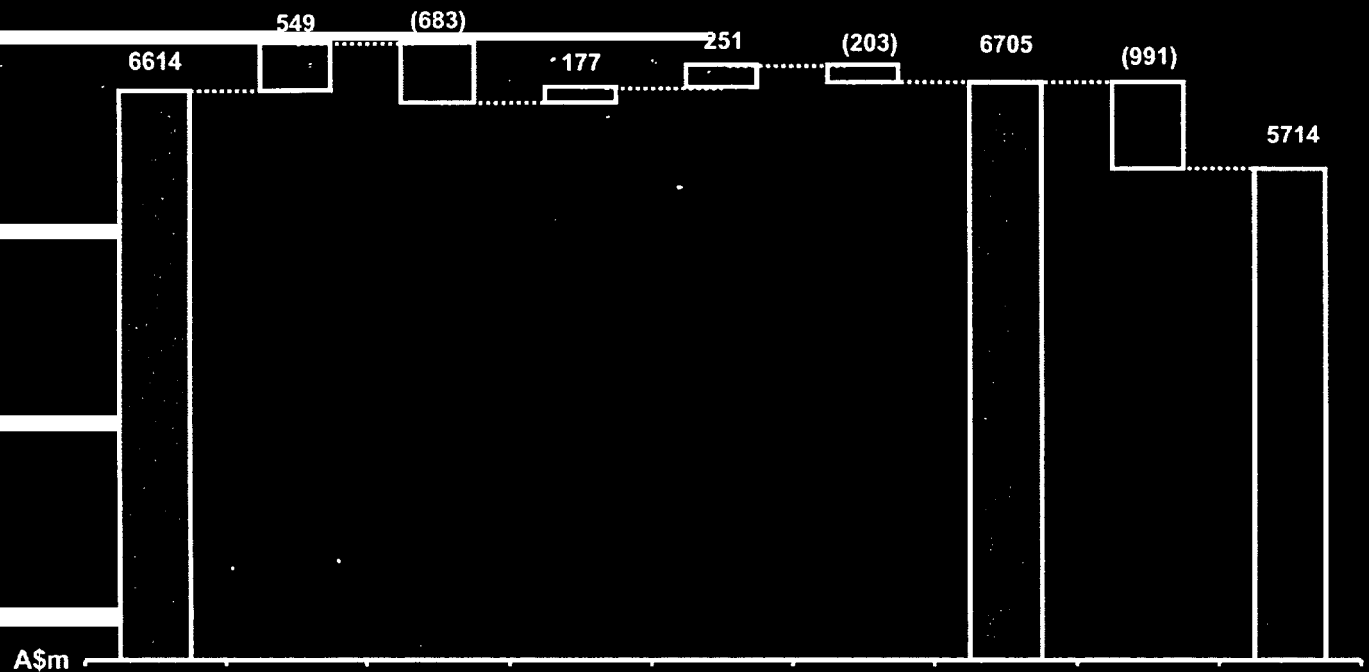
AFS – value of new business

@ 3% discount margin



AFS – embedded value

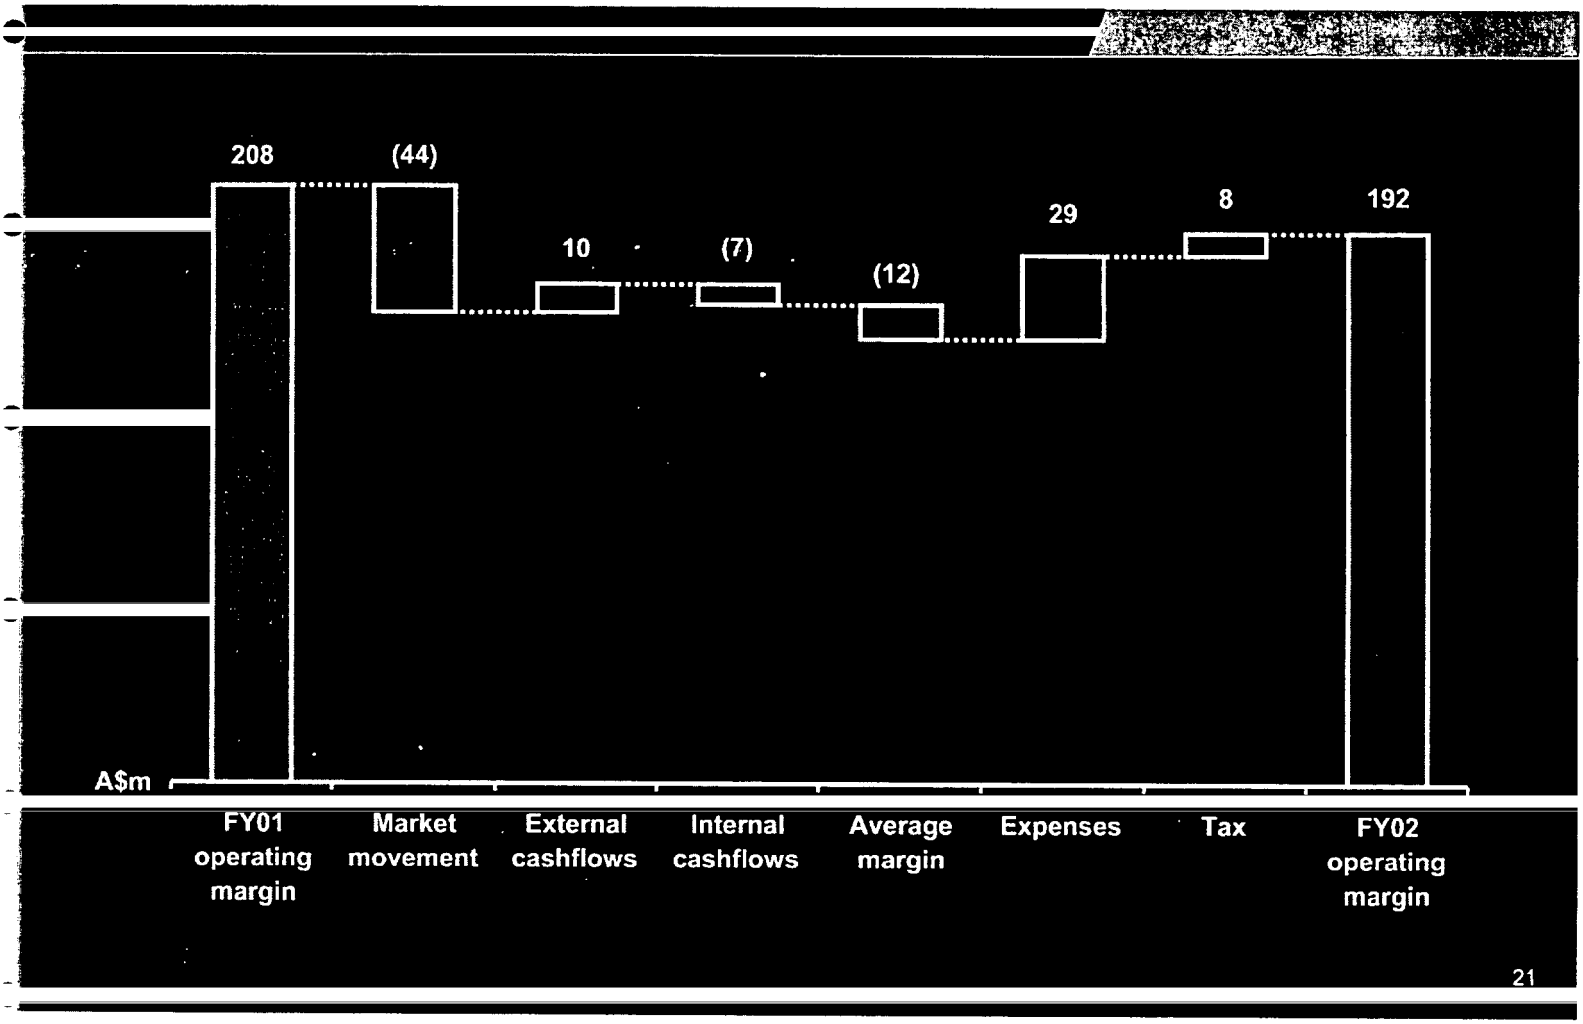
@ 3% discount margin



Henderson Global Investors results

- Operating margins relatively stable despite market conditions, down 8%
- Assets under management down 13% in very tough markets
- New business flows impacted by poor investor sentiment
- Controllable costs down 6%
- Return on invested capital relatively steady on 10.7%

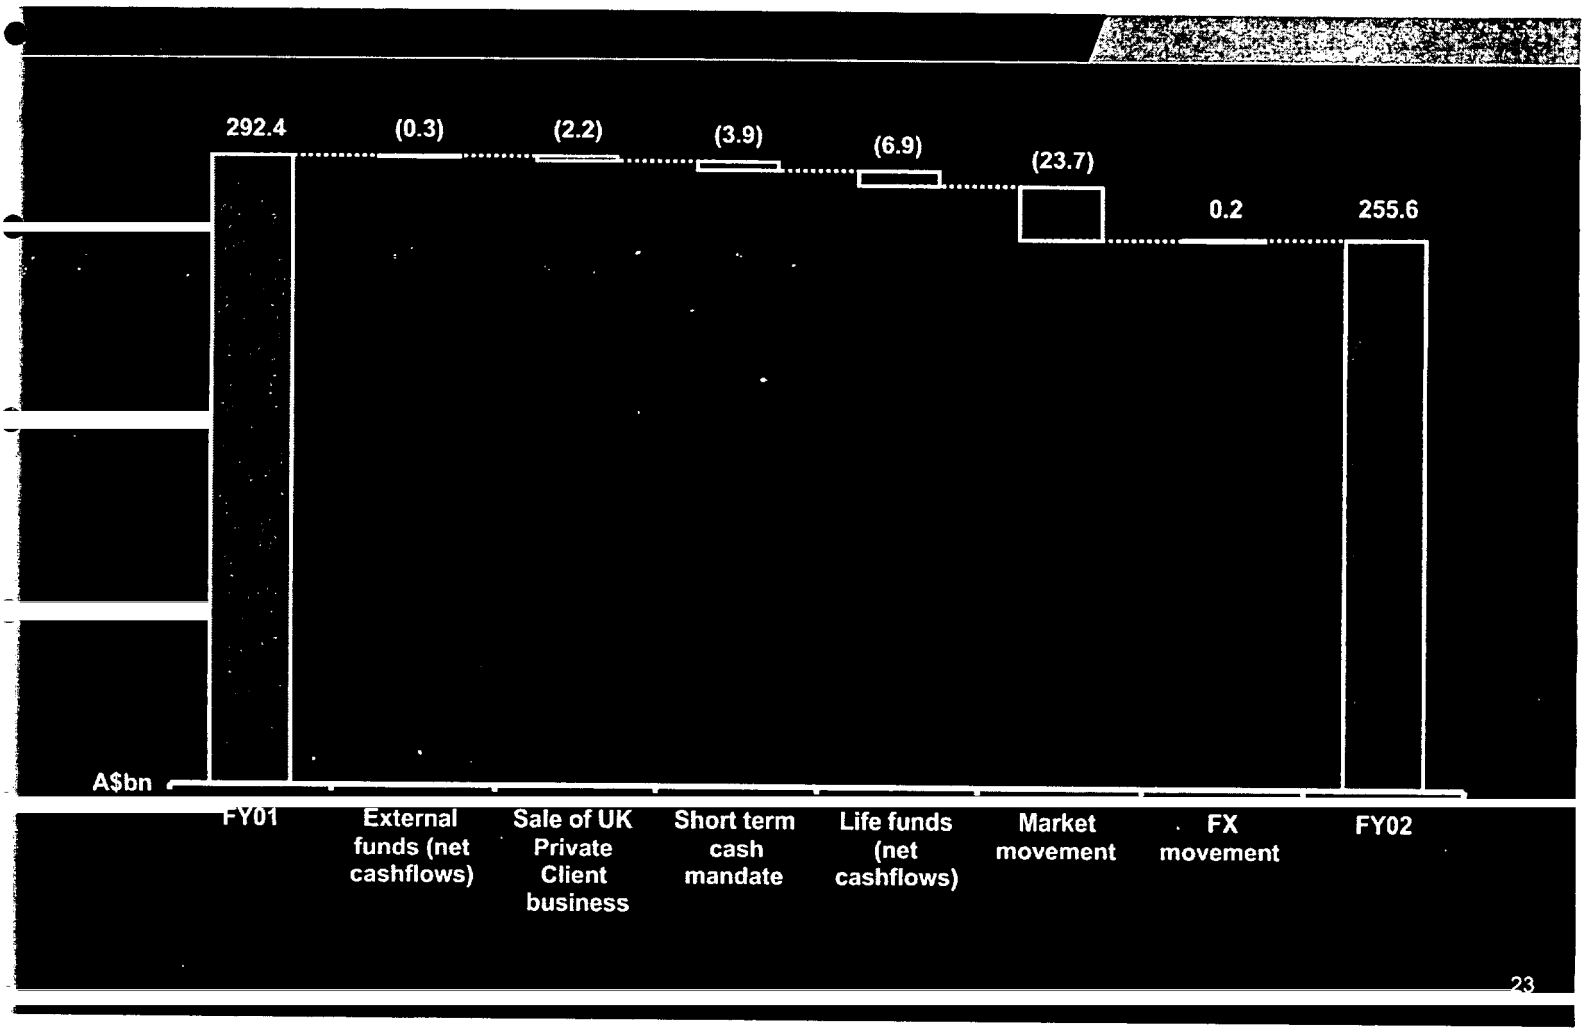
Henderson Global Investors – operating margins



Henderson Global Investors

	FY02	FY01
Assets under management	A$255.6bn	A$292.4bn
Controllable costs	A$627m	A$668m
Cost to income ratio	69%	68%
Capital	A$1,631m	A$1,942m
RoIC	10.7%	11.1%

Henderson Global Investors - AUM



Capital

Capital – changes to reporting

- Capital reported has moved to a gross basis which makes it easier to reconcile capital in the EV with capital invested and regulatory capital required
- This approach recognises capital in the UK which supports the regulatory position but is an investment in another BU
- The change for UKFS capital from 4 December briefing is:

	£m	$m
Capital LE as at 4 December	2,484*	7,000 (per 4 Dec)
Less other changes	(128)	
Plus related party regulatory capital	421	
Reported capital at 31 December	2,777	7,938

- Inter business unit holdings are now separately identified and for valuation purposes should be deducted at Group level

*Includes £500m capital allocation

Invested capital

2002 A$m	Minimum regulatory requirements	Net assets	Intangibles	Total capital
Australian Financial Services	1,635	**3,140**	**495**	**3,635**
AMP Life Statutory funds		3,010		3,010
AMP Life other		130	495	625
UK Financial Services	5,752	**6,878**	**1,060**	**7,938**
Pearl		5,021	62	5,083
London Life		1,196		1,196
UKFS other		661	998	1,659
Henderson Global Investors	326	**432**	**1,199**	**1,631**
AMP Banking	431	**584**		**584**
Virgin Money		**370**		**370**
Discontinuing businesses	455	**896**		**896**
Corporate Office	34	**400**		**400**
Inter business unit holdings		**(1,992)**		**(1,992)**
Total shareholder capital resources	**8,633**	**10,708**	**2,754**	**13,462**
2001	**6,755**	**10,188**	**3,641**	**13,829**

Capital management

- Non-core asset sale program is progressing to plan
- UKFS regulatory capital management is minimising need for injections of new capital
- AFS will continue to supply capital in 2003
- HGI will have negligible need for capital for organic growth in 2003
- Dividend reinvestment plan has been underwritten in 2003
- Dividend cut recognises the fall in underlying profitability

No plans for an equity capital raising at this time

Current issues

Current issues - UK Life & Contemporary Financial Services

- UK mature book is an underperforming asset – significant capital invested but earnings are poor
- Regulatory capital position being tightly managed
- Challenge is to extract real value from mature book for shareholders over medium to longer term
- At current market levels, earnings potential of UK businesses constrained
- Contemporary business remains a portfolio of focused businesses

Current issues - UK regulatory capital

- All UK life entities met FSA Required Minimum Margins (RMM) at year end and on best estimates currently
- Initiatives now in place support shareholder goal to avoid the need to invest additional capital even if FTSE falls to 3000 or lower
- Derivative overlays, active hedging and review of long-term EBR position have reduced sensitivity to FTSE movements
- Market upside has in part been traded away to finance downside protection but both regulatory capital position and earnings will continue to benefit from a rising market
- S&P recently rated Pearl BBB+ with stable outlook ie Pearl's position recognised as sustainable for a run-off business

Current issues - UK earnings

- Past earnings, excluding one-off items, were based on:
  - bonus rates when FTSE was at much higher levels
  - with-profits fund supporting operating costs
- Collapse in FTSE and planned closure of with-profits fund to new business will reduce these sources of earnings
- Cost overhang is also hurting business in 2003 notwithstanding aggressive cost cutting, although 2004 position appears better
- Significant one-off experience items remain a possibility
- Finally, at current market levels and below, risk of one-off capitalised losses (as particular product margins are eliminated) will increase

Current issues - UK earnings

- Initial guidance for 2003 indicated lower margins than 2002
  - Point estimate no longer appropriate in light of:
    - lower FTSE (4700 assumption no longer realistic)
    - lower equity backing ratio (in response to lower FTSE)
    - end 2002 actuarial review
- Major uncertainties remain around FTSE and EBR as well as:
  - Service company fees, to be renegotiated and approved by the FSA
  - capitalised losses
- Overall, margins outlook for 2003 is more than usually uncertain and all current forces are pushing earnings lower

Current issues - UK value

- Embedded value assumptions have been verified by auditors
- EV is now largely comprised of shareholders' net assets in various statutory funds and legal entities
- EV will grow, other things equal, at the risk discount rate
- Management challenge is to run business, control risks and realise this EV over time
- Value of UK businesses best determined as a % of EV

Current issues: UK value

EV risk profile is manageable

2002 £m	Shareholder capital	EV @ 5%	Risk	Risk factors
Shareholder funds	482	464	L	Extreme economic conditions eg Japan
				Extreme regulatory impacts
Shareholder interest in 0:100 funds	707	*425		Major mortality improvements
				Sustained FTSE falls
Value of profit margins		87		Sustained very low interest rates
Pacific fund	729	*515		Serious regulatory impacts
Goodwill in subsidiaries	371	✠149		Operational risks and business performance
Shareholder interest in 90:10 funds	488	*209		Moderate FTSE falls from current levels
				Sustained low interest rates
				Legacy issues
Value of profit margins		130	H	Mortality and persistency
TOTAL	**2,777***	**1,979**		

* Reduced to reflect lock in cost ✠ More conservative approach to valuation in EV * Translates to A$7,938m on invested capital slide

Current issues - UK strategy

Ongoing refinement of strategy but decision to split businesses to focus on key drivers validated by current market conditions

UK Life Services

- Focus on management of
  - Balance sheet
  - Costs
  - Customer value
  - Risks
- Improving management information systems

UK Contemporary Financial Services

- Focus on
  - IFA wholesale
  - EBC / Corporate pensions
  - Towry Law
- Driving costs out

Current issues - AFS and Henderson

- AFS and HGI are great businesses with proven track records, powerful brands and impressive RoIC results, notwithstanding the toughest market conditions in over a generation

- While both remain sensitive to market forces, they are well positioned for strong value creation over the market cycle

Our focus

Short term goals

Do the basics really well

- Pursue operational excellence
- Reduce portfolio risks and protect shareholder capital
- Focus on core businesses - best advice and products for customers
- Realise value from and exit non-core businesses
- Invest only in those businesses delivering required financial returns and/or return surplus capital to shareholders
- Ongoing evolution of strategic thinking

Longer term goals

- Grow AMP's leading position in the Australian wealth management market
- Reduce AMP's capital commitment in the UK by releasing capital from UK Life Services while simultaneously taking other action to increase its RoIC
- Develop a wealth management business in the UK, focused on investment and pensions products distributed primarily through advisers
- Build a global asset management business in partnership with AMP's wealth management businesses, with a focus on the UK and selective expansion in Europe, North America and Asia

Conclusion

- AFS and Henderson are doing well in testing market conditions
- We have taken effective action to protect shareholder capital in the UK
- We are managing current issues tightly and focusing on offering better advice and products to customers
- We are not expecting better markets in the short term - if the going gets tougher, we are ready
- Our business portfolio and strategic positioning will improve over the medium term
- We are focused on achieving long term shareholder value through the disciplined execution of our strategy

Mr Wallis declines retirement allowance

The former Chairman of AMP Mr Stan Wallis has today advised that he will not take up his retirement allowance of around $1.6 million.

Mr Wallis said that his decision was personal and based on the belief that it was inappropriate to receive a large retirement benefit at such a difficult time for AMP.

Mr Wallis will still receive his compulsory superannuation contributions which amount to around $100,000.

49 079 354 519

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

1	+Class of +securities issued or to be issued	Ordinary
2	Number of +securities issued or to be issued (if known) or maximum number which may be issued	5,739
3	Principal terms of the +securities (eg, if options, exercise price and expiry date; if partly paid +securities, the amount outstanding and due dates for payment; if +convertible securities, the conversion price and dates for conversion)	N/A

+ See chapter 19 for defined terms.

4	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	Yes.
5	Issue price or consideration	• 56 shares @A$17.85 per share; • 189 shares @A$6.936 per share; and • 5,494 shares @A$3.00 per share.
6	Purpose of the issue (If issued as consideration for the acquisition of assets, clearly identify those assets)	• 56 shares were issued pursuant to the AMP International Employee Share Ownership Plan; • 189 shares were issued as pro rata bonus shares under the AMP Reward Share Plan; and • 5,494 shares were issued by the Shareholder Relations Committee for the purpose as referred to on page 54 of the AMP Prospectus, copy of which has been provided to the ASX.
7	Dates of entering +securities into uncertificated holdings or despatch of certificates	6 March 2003
8	Number and +class of all +securities quoted on ASX (*including* the securities in clause 2 if applicable)	Number: 1,159,454,066 + 5,739 = 1,159,459,805 +Class: Ordinary
9	Number and +class of all +securities not quoted on ASX (*including* the securities in clause 2 if applicable)	Number: Total no. issued as at 6 March 2003: 33,847,913 +Class: Various Classes issued on various dates
10	Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests)	As for all quoted ordinary shares.

+ See chapter 19 for defined terms.

Part 2 - Bonus issue or pro rata issue

11	Is security holder approval required?	N/A
12	Is the issue renounceable or non-renounceable?	N/A
13	Ratio in which the +securities will be offered	N/A
14	+Class of +securities to which the offer relates	N/A
15	+Record date to determine entitlements	N/A
16	Will holdings on different registers (or subregisters) be aggregated for calculating entitlements?	N/A
17	Policy for deciding entitlements in relation to fractions	N/A
18	Names of countries in which the entity has +security holders who will not be sent new issue documents Note: Security holders must be told how their entitlements are to be dealt with. Cross reference: rule 7.7.	N/A
19	Closing date for receipt of acceptances or renunciations	N/A
20	Names of any underwriters	N/A
21	Amount of any underwriting fee or commission	N/A
22	Names of any brokers to the issue	N/A
23	Fee or commission payable to the broker to the issue	N/A
24	Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of +security holders	N/A
25	If the issue is contingent on +security holders' approval, the date of the meeting	N/A

+ See chapter 19 for defined terms.

26	Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled	N/A
27	If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders	N/A
28	Date rights trading will begin (if applicable)	N/A
29	Date rights trading will end (if applicable)	N/A
30	How do +security holders sell their entitlements *in full* through a broker?	N/A
31	How do +security holders sell *part* of their entitlements through a broker and accept for the balance?	N/A
32	How do +security holders dispose of their entitlements (except by sale through a broker)?	N/A
33	+Despatch date	N/A

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(*tick one*)

(a) ☑ Securities described in Part 1

(b) ☐ All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 ☐ If the +securities are +equity securities, the names of the 20 largest holders of the additional +securities, and the number and percentage of additional +securities held by those holders

+ See chapter 19 for defined terms.

36 ☐ If the +securities are +equity securities, a distribution schedule of the additional +securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 ☐ A copy of any trust deed for the additional +securities

(now go to 43)

Entities that have ticked box 34(b)

38	Number of securities for which +quotation is sought	N/A
39	Class of +securities for which quotation is sought	N/A
40	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	N/A
41	Reason for request for quotation now Example: In the case of restricted securities, end of restriction period (if issued upon conversion of another security, clearly identify that other security)	N/A

42	Number and +class of all +securities quoted on ASX (*including* the securities in clause 38)	Number	+Class
		N/A	N/A

(now go to 43)

+ See chapter 19 for defined terms.

All entities

Fees

43 Payment method (tick one)

☐ Cheque attached

☐ Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

☑ Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 +Quotation of our additional +securities is in ASX's absolute discretion. ASX may quote the +securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the +securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those +securities should not be granted +quotation.
- An offer of the +securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

  Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any +securities to be quoted and that no-one has any right to return any +securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the +securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the +securities to be quoted, it has been provided at the time that we request that the +securities be quoted.
- If we are a trust, we warrant that no person has the right to return the +securities to be quoted under section 1019B of the Corporations Act at the time that we request that the +securities be quoted.

+ See chapter 19 for defined terms.

3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before +quotation of the +securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

AMP comment on ratings

AMP notes the ratings action announced today by Moody's.

Moody's has announced that it has assigned a negative outlook to the long term ratings for the AMP Group.

AMP Chief Executive Officer Andrew Mohl said this was consistent with the actions of other ratings agencies, and reflected information that AMP had already provided to the market.

"This decision reflects a wider concern about the earnings outlook for the UK life industry and will have no impact on the day-to-day operations of the company," he said.

Mr Mohl welcomed Moody's acknowledgement of the Group's financial strength and the continuing earnings opportunities for the Australian business.

"AMP's capital position has not changed and we remain soundly capitalised," he said.

For Information Only

Board candidates for 2003 AGM

The date for receipt of director nominations for the 2003 Annual General Meeting (AGM) has now closed, AMP Chairman Peter Willcox said today.

Current AMP Directors standing for election at the AGM are:

- Peter Willcox;
- Andrew Mohl; and
- Roger Yates.

Current AMP Directors standing for re-election are:

- Lord Killearn; and
- Richard Grellman.

There is one external shareholder nomination for the Board:

- Stephen Mayne.

Details of all candidates will be outlined in the Notice of Meeting, which will be sent to shareholders around mid-April 2003.

Current AMP Director Paul Mazoudier, who was due for re-election, has decided not to stand. Mr Mazoudier had already indicated his intention to leave the Board by the end of August 2003 and it would therefore not make sense for shareholders to elect him for a period of only three months.

Mr Mazoudier will leave the Board before the AGM.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Mr Willcox said that the Board process for identifying additional candidates, announced on 25 February 2003, had only been underway for two weeks and was progressing well.

The AGM will be held on 15 May 2003.

AMP makes Paul Batchelor payment

AMP has today paid former Chief Executive Officer Paul Batchelor A$2.1 million as compensation for his termination in September 2002.

Chairman Peter Willcox said AMP had delivered the former CEO a cheque for $1.4 million, which is net of $0.7 million tax. The gross figure is equivalent to approximately 18 months base salary.

Mr Willcox said the cessation payment had been made in an attempt to bring the matter to a close.

"Despite protracted discussions and negotiations, Mr Batchelor and AMP have failed to reach an agreed settlement," he said,

"We believe this payment is fair and reasonable and it has been made in the interests of resolving the matter.

"If he believes he is entitled to any additional payments, he is free to take legal action."

Mr Willcox said that the Board had considered making Mr Batchelor no payment. However in view of the legal issues involved, a $2.1 million payment was considered an appropriate reflection of his legal entitlements.

"We believe this is an adequate payment in the circumstances, particularly considering the actions we have had to take since Mr Batchelor left," Mr Willcox said.

ABN

49 079 354 519

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

1	+Class of +securities issued or to be issued	Ordinary
2	Number of +securities issued or to be issued (if known) or maximum number which may be issued	414
3	Principal terms of the +securities (eg, if options, exercise price and expiry date; if partly paid +securities, the amount outstanding and due dates for payment; if +convertible securities, the conversion price and dates for conversion)	N/A

+ See chapter 19 for defined terms.

4	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	Yes.
5	Issue price or consideration	• 168 shares @A$17.85 per share; and • 246 shares @A$1.00 per share.
6	Purpose of the issue (If issued as consideration for the acquisition of assets, clearly identify those assets)	The shares were issued pursuant to the AMP International Employee Share Ownership Plan.
7	Dates of entering +securities into uncertificated holdings or despatch of certificates	19 March 2003

8	Number and +class of all +securities quoted on ASX (*including* the securities in clause 2 if applicable)	Number	+Class
		1,159,459,805 + 414 ---------- 1,159,460,219	Ordinary

9	Number and +class of all +securities not quoted on ASX (*including* the securities in clause 2 if applicable)	Number	+Class
		Total no. issued as at 19 March 2003: 33,847,913	Various Classes issued on various dates

10	Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests)	As for all quoted ordinary shares.

Part 2 - Bonus issue or pro rata issue

11	Is security holder approval required?	N/A

+ See chapter 19 for defined terms.

12	Is the issue renounceable or non-renounceable?	N/A
13	Ratio in which the +securities will be offered	N/A
14	+Class of +securities to which the offer relates	N/A
15	+Record date to determine entitlements	N/A
16	Will holdings on different registers (or subregisters) be aggregated for calculating entitlements?	N/A
17	Policy for deciding entitlements in relation to fractions	N/A
18	Names of countries in which the entity has +security holders who will not be sent new issue documents Note: Security holders must be told how their entitlements are to be dealt with. Cross reference: rule 7.7.	N/A
19	Closing date for receipt of acceptances or renunciations	N/A
20	Names of any underwriters	N/A
21	Amount of any underwriting fee or commission	N/A
22	Names of any brokers to the issue	N/A
23	Fee or commission payable to the broker to the issue	N/A
24	Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of +security holders	N/A
25	If the issue is contingent on +security holders' approval, the date of the meeting	N/A
26	Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled	N/A

+ See chapter 19 for defined terms.

27	If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders	N/A
28	Date rights trading will begin (if applicable)	N/A
29	Date rights trading will end (if applicable)	N/A
30	How do +security holders sell their entitlements *in full* through a broker?	N/A
31	How do +security holders sell *part* of their entitlements through a broker and accept for the balance?	N/A
32	How do +security holders dispose of their entitlements (except by sale through a broker)?	N/A
33	+Despatch date	N/A

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(*tick one*)

(a) ☑ Securities described in Part 1

(b) ☐ All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 ☐ If the +securities are +equity securities, the names of the 20 largest holders of the additional +securities, and the number and percentage of additional +securities held by those holders

36 ☐ If the +securities are +equity securities, a distribution schedule of the additional +securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000

+ See chapter 19 for defined terms.

5,001 - 10,000
10,001 - 100,000
100,001 and over

37 ☐ A copy of any trust deed for the additional +securities

(now go to 43)

Entities that have ticked box 34(b)

38	Number of securities for which +quotation is sought	N/A
39	Class of +securities for which quotation is sought	N/A
40	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	N/A
41	Reason for request for quotation now Example: In the case of restricted securities, end of restriction period (if issued upon conversion of another security, clearly identify that other security)	N/A

42	Number and +class of all +securities quoted on ASX (*including* the securities in clause 38)	Number	+Class
		N/A	N/A

(now go to 43)

+ See chapter 19 for defined terms.

All entities

Fees

43 Payment method (tick one)

☐ Cheque attached

☐ Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

☑ Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 +Quotation of our additional +securities is in ASX's absolute discretion. ASX may quote the +securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the +securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those +securities should not be granted +quotation.
- An offer of the +securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

  Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any +securities to be quoted and that no-one has any right to return any +securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the +securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the +securities to be quoted, it has been provided at the time that we request that the +securities be quoted.
- If we are a trust, we warrant that no person has the right to return the +securities to be quoted under section 1019B of the Corporations Act at the time that we request that the +securities be quoted.

AMP securities holders warned not to accept unsolicited offers from National Exchange Proprietary Ltd

AMP Reset Preferred Securities and AMP Income Securities holders have now been targeted by David Tweed's National Exchange Proprietary Ltd which is offering to buy their securities at prices significantly below their market price.

The new unsolicited offers to securities holders follow previous offers by National Exchange Proprietary Ltd to AMP retail shareholders to buy their AMP ordinary shares.

National Exchange Proprietary Ltd is offering AMP Reset Preferred Securities and Income Securities holders a mere A$10 per security. Yesterday, these securities closed on the Australian Stock Exchange at A$96.85 and A$77.05, respectively. They should not be confused with AMP ordinary shares.

AMP Chief Executive Officer, Andrew Mohl, said: "AMP Reset Preferred Securities and Income Securities holders should exercise extreme caution before acting on such unsolicited offers in light of their low offer price."

He said AMP welcomed proposed Commonwealth legislation making it compulsory for any share dealer offering to buy shares and other securities to state the current market price.

National Exchange Proprietary Ltd has accessed the personal information of AMP Reset Preferred Securities and Income Securities holders from AMP under Chapter 2C of the Corporations Act.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Under the Act, National Exchange Proprietary Ltd can obtain security holder details from any publicly listed company. These details include: security holders' names, addresses, number of securities held and date on register.

Mr Mohl said it was important that AMP Reset Preferred Securities, Income Securities holders and shareholders always check the current trading price of AMP securities as well as consult an independent financial adviser before accepting any unsolicited offer.

Announcement No: **23/03**

AMP announces two new Directors

The AMP Board has today announced the appointment of two new non-executive Directors to the AMP Board.

The Directors, who both have extensive Board and senior management experience, are Pat Handley, formerly Chief Financial Officer of Westpac; and Meredith Hellicar, who has broad business and Board experience. Resumes are attached.

Meredith Hellicar's appointment is effective immediately, while Pat Handley will be joining the Board 2 April 2003.

AMP Chairman Peter Willcox said he was pleased the company had attracted two Directors with the diverse backgrounds, experiences and skills necessary to participate effectively with the new Board.

"Both Directors have carried out intensive due diligence on AMP prior to their decision and have been given full access to all financial information," Mr Willcox said.

"This has the important benefit of enabling them to make an immediate contribution."

Mr Willcox said that after reviewing a number of excellent candidates, the Board had focused on Mr Handley and Ms Hellicar because of their broad managerial skills and experience in dealing with challenging situations. This was as much a determining factor as their experience of financial services.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

"Pat Handley has hands-on experience of decision-making as Chief Financial Officer of a leading Australian bank when it faced a number of issues," Mr Willcox said.

"Meredith Hellicar has exceptional experience as both an executive and Director, and demonstrated leadership and the ability to deal with difficult decisions."

To avoid the potential for conflicts of interest, Mr Handley has today resigned from his position on the Suncorp Metway Board.

Mr Willcox said the Board had moved quickly to appoint new Directors to ensure that shareholders would have the opportunity to vote on their appointment at the forthcoming Annual General Meeting on 15 May 2003.

This means shareholders will vote on the appointment of seven Directors at the Annual General Meeting. There are eight candidates and the order in which they will appear on the proxy form is:

- Lord Killearn
- Peter Willcox
- Roger Yates
- Richard Grellman
- Andrew Mohl
- Stephen Mayne
- Pat Handley
- Meredith Hellicar

The order of candidates was determined by a ballot which was conducted by independent legal advisers.

The appointment of new Directors follows the Board restructure announced on 25 February 2003. The restructure is aimed at creating a new Board with a fresh approach to reinvigorate the company.

Paul Mazoudier has resigned from the Board today, while the leaving dates for Sir Malcolm Bates and Ian Renard are yet to be determined.

Resumes

Roger Patrick (Pat) Handley

Pat Handley is a company Director with significant financial services experience.

His career in financial services began with a Citicorp Venture Capital subsidiary called Management Horizons Data Systems, where he was quickly promoted to the position of Vice President of Finance and Administration.

He later joined what is now Banc One Corporation in the US as Chief Financial Officer, with responsibility for all aspects of financial management and acquisitions for that company.

He later became Chairman of an investment company called Muirfield Fund Incorporated, that focused on investing in and turning around under-valued financial institutions.

In 1993 he was approached by Bob Joss to assist him in the turnaround of Westpac, joining as Chief Financial Officer. Here he had line responsibility for all aspects of the financial function including treasury, management information systems, tax and risk management. Over the next seven years, he played a key role in the turnaround of Westpac. He implemented EVA reporting measures and led the development of new risk management processes. He also led the rationalisation and streamlining of the bank's back office activities and was instrumental in the formulation of the bank's long term growth strategy.

After a seven year career with Westpac, Mr Handley retired on good terms to pursue other opportunities. He is currently advising PriceWaterhouseCoopers and is Chairman of Pacific Brands, and has announced his retirement from the Suncorp Metway Board to join AMP.

He has a Bachelor of Arts, majoring in Economics and Mathematics, from Indiana University (USA) and a Masters of Business Administration majoring in Finance from Ohio State University (USA).

He is married with two sons and enjoys a variety of outdoor activities.

Meredith Hellicar

Meredith Hellicar is a company Director and consultant specializing in change management. She has 27 years' experience in the telecommunications, resources, logistics, legal services and financial services sectors, spanning both the private and public sectors. For the last fifteen years she has led organisations within Australia and Asia through business building and structural, operational and cultural change, with an emphasis on the effective provision of business to business services. She is also an experienced company director of public and, more recently, private companies.

She has held the positions of Chief Executive of Corrs Chambers Westgarth, Managing Director of TNT Logistics Asia, Managing Director of InTech Financial Services and Executive Director of the New South Wales Coal Association. She has also held various executive positions with Esso, OTC and the Foreign Service.

Meredith is a Director of James Hardie Industries, the Southern Cross Airports Group and HCS and is Chairman of HLA Envirosciences and the Sydney Institute. She is an Honorary Member of the Business Council of Australia, chairing its Greenhouse and Energy Taskforce and is a member of the Takeovers Panel and of the Foreign Affairs Council. She serves on several voluntary Boards, including the Garvan Institute Foundation and the Australia and New Zealand Intensive Care Foundation.

Meredith has a Bachelor of Arts (Italian major), Master of Laws (Hons.) in International Business Law and a Licentiate of Music of Australia (pianoforte). She was Australia's 1993 Eisenhower fellow to the United States to study change management in major corporations.

She is married with one daughter and enjoys politics, ballet, theatre, the Swans and trying to keep fit.

ABN

49 079 354 519

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

1	+Class of +securities issued or to be issued	Ordinary
2	Number of +securities issued or to be issued (if known) or maximum number which may be issued	2,461
3	Principal terms of the +securities (eg, if options, exercise price and expiry date; if partly paid +securities, the amount outstanding and due dates for payment; if +convertible securities, the conversion price and dates for conversion)	N/A

+ See chapter 19 for defined terms.

4	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	Yes.
5	Issue price or consideration	• 591 shares @A$1.00 per share; and • 1,870 shares @A$7.5476 per share.
6	Purpose of the issue (If issued as consideration for the acquisition of assets, clearly identify those assets)	• 591 shares were issued pursuant to the AMP International Employee Share Ownership Plan; and • 1,870 shares were issued as pro rata bonus shares under the AMP Reward Share Plan.
7	Dates of entering +securities into uncertificated holdings or despatch of certificates	27 March 2003

	Number	+Class
8	Number and +class of all +securities quoted on ASX (*including* the securities in clause 2 if applicable)	1,159,460,219 + 2,461 --- 1,159,462,680	Ordinary

	Number	+Class
9	Number and +class of all +securities not quoted on ASX (*including* the securities in clause 2 if applicable)	Total no. issued as at 27 March 2003: 33,847,913	Various Classes issued on various dates

10	Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests)	As for all quoted ordinary shares.

Part 2 - Bonus issue or pro rata issue

11	Is security holder approval required?	N/A

+ See chapter 19 for defined terms.

12	Is the issue renounceable or non-renounceable?	N/A
13	Ratio in which the +securities will be offered	N/A
14	+Class of +securities to which the offer relates	N/A
15	+Record date to determine entitlements	N/A
16	Will holdings on different registers (or subregisters) be aggregated for calculating entitlements?	N/A
17	Policy for deciding entitlements in relation to fractions	N/A
18	Names of countries in which the entity has +security holders who will not be sent new issue documents Note: Security holders must be told how their entitlements are to be dealt with. Cross reference: rule 7.7.	N/A
19	Closing date for receipt of acceptances or renunciations	N/A
20	Names of any underwriters	N/A
21	Amount of any underwriting fee or commission	N/A
22	Names of any brokers to the issue	N/A
23	Fee or commission payable to the broker to the issue	N/A
24	Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of +security holders	N/A
25	If the issue is contingent on +security holders' approval, the date of the meeting	N/A
26	Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled	N/A

+ See chapter 19 for defined terms.

27	If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders	N/A
28	Date rights trading will begin (if applicable)	N/A
29	Date rights trading will end (if applicable)	N/A
30	How do +security holders sell their entitlements *in full* through a broker?	N/A
31	How do +security holders sell *part* of their entitlements through a broker and accept for the balance?	N/A
32	How do +security holders dispose of their entitlements (except by sale through a broker)?	N/A
33	+Despatch date	N/A

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(*tick one*)

(a) ☑ Securities described in Part 1

(b) ☐ All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 ☐ If the +securities are +equity securities, the names of the 20 largest holders of the additional +securities, and the number and percentage of additional +securities held by those holders

36 ☐ If the +securities are +equity securities, a distribution schedule of the additional +securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000

+ See chapter 19 for defined terms.

5,001 - 10,000
10,001 - 100,000
100,001 and over

37 ☐ A copy of any trust deed for the additional +securities

(now go to 43)

Entities that have ticked box 34(b)

38	Number of securities for which +quotation is sought	N/A
39	Class of +securities for which quotation is sought	N/A
40	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	N/A
41	Reason for request for quotation now Example: In the case of restricted securities, end of restriction period (if issued upon conversion of another security, clearly identify that other security)	N/A

42	Number and +class of all +securities quoted on ASX (*including* the securities in clause 38)	Number	+Class
		N/A	N/A

(now go to 43)

+ See chapter 19 for defined terms.

Fees

43 Payment method (tick one)

☐ Cheque attached

☐ Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

☑ Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 +Quotation of our additional +securities is in ASX's absolute discretion. ASX may quote the +securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the +securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those +securities should not be granted +quotation.
- An offer of the +securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

  Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any +securities to be quoted and that no-one has any right to return any +securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the +securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the +securities to be quoted, it has been provided at the time that we request that the +securities be quoted.
- If we are a trust, we warrant that no person has the right to return the +securities to be quoted under section 1019B of the Corporations Act at the time that we request that the +securities be quoted.

+ See chapter 19 for defined terms.

3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before +quotation of the +securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

AMP Banking transfers UK portfolio

AMP has today entered an agreement to transfer its UK Banking portfolio to Newcastle Building Society, in the latest step to significantly restructure the operations of AMP Banking.

The UK Bank's mortgage portfolio of around A$950 million (£360 million), deposit portfolio of around A$160 million (£60 million) and loans on policy totalling around A$30 million (£12 million) will be transferred to Newcastle Building Society.

The transaction will result in a small net premium to book value after transfer costs.

Subject to regulatory approval and contractual obligations, the transfer is expected to complete within three months. The final purchase price is dependent on account balances at the date of completion.

The transfer is one of a series of transactions to restructure AMP Banking, as announced on 14 November 2002. It follows the sale of the Australian and New Zealand credit card portfolio to American Express, announced on 23 December 2002. The goal of the restructuring programme is to release around A$500 million (£190 million) in capital by the end of 2003.

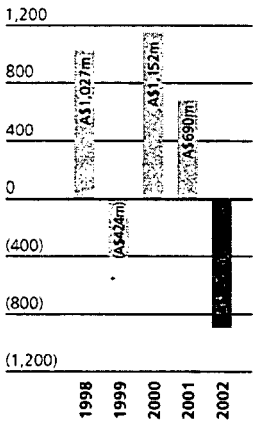
AMP Limited ABN 49 079 354 519

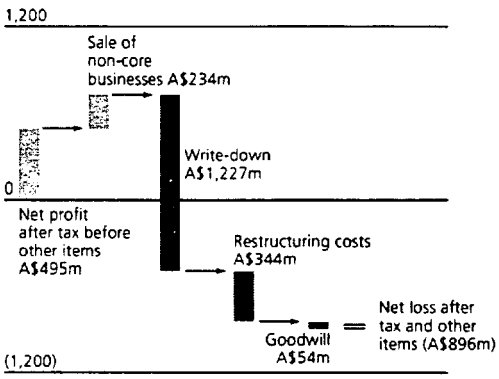
2002 was a difficult and disappointing year. We recorded a loss of A$896 million.

The result includes a write-down of A$1,227 million on some of AMP's businesses. The majority of the write-down was related to intangible assets on businesses in UK Financial Services and the former AMP International.

Net profit
after tax attributable to shareholders
A$m



Breakdown of 2002 financial result
A$m



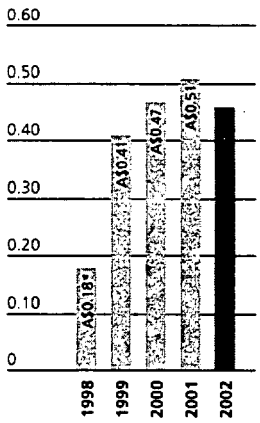
Why a write-down?
Tough world equity markets and changes in AMP's strategy led to a review of the book value of AMP's businesses. This revaluation resulted in a reduction of the book value, or write-down, of specific AMP assets.

Dividend

Reduced dividend reflects impact of the fall in our sustainable earnings.

Final 2002 dividend of A$0.20 per share took the total dividend for the year to A$0.46.

Dividend
A$ per share



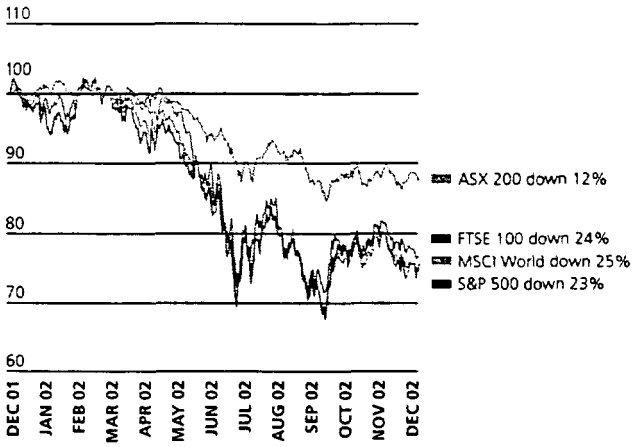
*AMP listed on 15 June 1998 thus only second-half dividend paid in 1998

Market context

AMP's 2002 results were heavily impacted by falls in world equity markets. This affected our earnings by:

- Lowering our investment income on shareholder capital
- Lowering the fees and commissions earned on the assets we have under management
- Reducing the value of the assets we have backing our life funds, particularly in the UK
- Reducing customers' willingness to invest

Global equity indices
31 December 2001 to 31 December 2002



Where we must improve

Action is underway to improve AMP's financial performance and refocus its strategic direction.

Key financials we must improve	2002	2001
Net profit (loss) after tax	**(A$896m)**	A$690m
Return on equity (underlying)	**9.2%**	13.1%
Earnings per share (underlying)	**A$0.78**	A$1.08

What we are doing to refocus the business

- Scaling back over-ambitious international growth strategy in difficult markets
- Tightly managing UK business and communicating our position clearly
- Focusing on core business
- Offering better advice and better products to customers

Where we are making progress

AMP drove down costs, focused on core business and reinforced its financial strength through a capital raising.

- Reduced AMP Group's controllable costs 11% on a like for like basis and held cost to income ratios across the business relatively steady
- Sold non-core businesses Cogent, Henderson Private Asset Management and AMP Banking credit card portfolio to realise profit of A$234 million
- Resilient performances by Australian Financial Services and Henderson Global Investors highlight their underlying strength
- Successfully raised A$1.15 billion through AMP Reset Preferred Securities offer

Chairman's report

"As a fellow shareholder, I am committed to representing shareholders' interests to the best of my abilities and to be honest with you."

Peter Willcox
Chairman

2002 was a very tough and disappointing year for AMP and its shareholders.

Regardless of how well equipped we might have been, the fallout from world equity markets would have still made 2002 an extremely difficult year. However, some of our problems were self-created, as we were not as well prepared for the storm as we could have been.

In his report, Chief Executive Officer Andrew Mohl reviews the events of the year, the lessons we have learned and the actions that he and his new senior management team are taking to improve AMP's performance.

For my part, as AMP's new Chairman, I am going to tell you what actions the Board is taking in response to the events of the past year. Some of these actions are radical, but I believe that only decisive action will restore the confidence in AMP that is justified by the strength of its assets and people.

As your Chairman, and as a fellow shareholder, I am committed to representing shareholders' interests to the best of my abilities and to be honest with you.

Strengthening the management team

Significant changes to AMP's Board and senior management team have occurred during the past six months aimed at turning around the company's performance.

In October 2002, the Board appointed new Managing Director and Chief Executive Officer Andrew Mohl to lead AMP. Andrew was chosen because of his outstanding professional achievements and, of equal importance, because of his personal integrity and forthrightness. Andrew will tell it as it is, both to the Board and to you.

Andrew has established a new senior management team that reflects his values, and embarked on new strategies that recognise the realities of the company's strengths and weaknesses. It will take time for the changes that he has made to work, and you should not expect that it will all be smooth sailing.

The Board completely supports Andrew, and we will be patient while the revolution he is leading unfolds.

I would like to note that the Board has agreed an employment contract with Andrew that is designed to make sure his reward is greater if he succeeds than if he fails. Shareholders will be asked to approve aspects of this contract at our 2003 Annual General Meeting.

Renewing AMP's Board

Once AMP's new senior management team was established and had begun implementing strategic reforms to the business, AMP's Directors decided it was also time for change at the Board level.

Following extensive discussion, the Directors concluded that only the creation of a new Board would offer the opportunity for different outcomes in AMP's future.

Consequently, a Board restructure aimed at having a substantial majority of new and recently appointed Directors was announced. The changes are – and will be – quite radical, however, I believe they are necessary to help the CEO and senior management team turn AMP around.

The new Board will be constructed in stages to provide an orderly transition.

In February, the Chairman stepped down and I, as Chairman-elect, replaced him. Patricia Cross retired at the same time. Sir Malcolm Bates, Paul Mazoudier and Ian Renard will retire during the next six months.

This will result in a Board of five Directors, all of whom will stand for election or re-election at the 2003 Annual General Meeting, including:

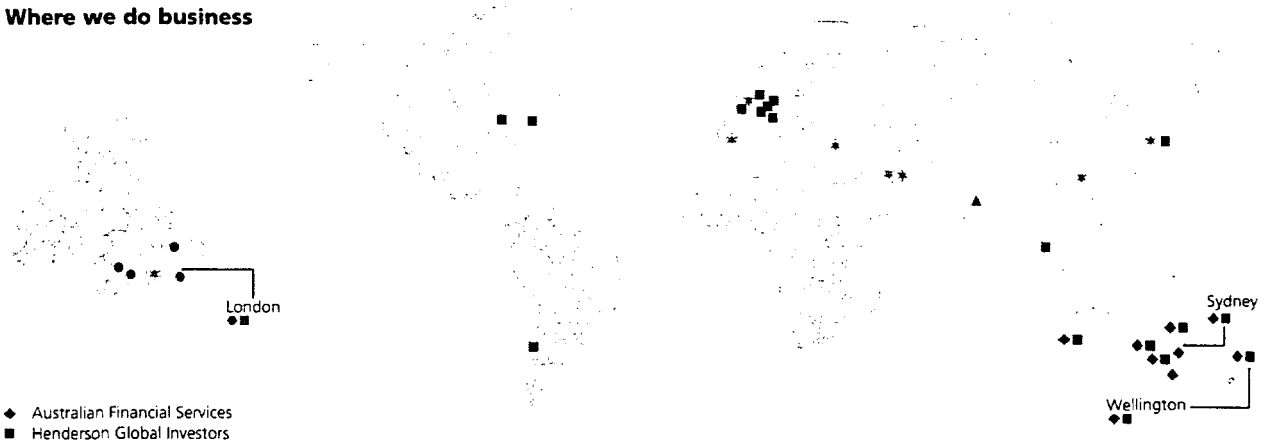
Three non-executive Directors:
- myself as Chairman. I joined the Board in September 2002 and was appointed Chairman-elect in December last year
- Lord Killearn, who chairs the Board Finance Committee and Henderson Global Investors
- Richard Grellman, who chairs the Board Audit and Compliance Committee.

Two executive Directors:
- Andrew Mohl, AMP's Chief Executive Officer, who joined the Board in October 2002
- Roger Yates, Henderson Global Investors Managing Director, was appointed to the Board in December 2002.

My aim now is to attract new Directors to add to this Board who have deep business experience and open and challenging minds to bring vigorous debate to our decision-making.

As Derek Higgs said in January 2003 in his report to the UK Government on the role and effectiveness of non-executive directors: 'Effective Boards depend as much on behaviours and relationships as on procedures and structures'.

Where we do business



- ◆ Australian Financial Services
- ■ Henderson Global Investors
- ● UK Life Services and UK Contemporary Financial Services
- ✱ Towry Law
- ▲ AMP Sanmar

We have already identified a number of well-qualified candidates with the experience and values we seek, and we hope to announce the appointment of two to three new non-executive Directors during the next six months.

In summary, action is underway to create a new Board that will be better able to meet the company's challenges.

Implementing better Board practices

We are also making a number of changes to current Board practices to address the concerns of our shareholders and customers.

A new long-term equity programme for Directors is being designed to replace the current cash-based retirement allowances for non-executive Directors.

In addition, non-executive Directors remaining on the Board after nine years will be subject to annual re-election by shareholders.

We hope this will result in a continued renewal of the Board in future.

We are also implementing a programme to give new Directors a clear understanding of the fundamentals of AMP's business, markets and customers in each geographic region.

A rigorous performance appraisal system will be introduced to appraise Board performance, along with the performance of individual Directors. I will propose, and I am sure the Board members will agree, that the appraisal of the performance of the Chairman will be a priority in this process. This new system will be designed to provide early warning of any future need for changes to the Board.

Realising AMP's potential

Both AMP's Board and senior management team have undergone radical change, and we are determined that both will place a priority on the interests of our owners and customers.

While these changes will not guarantee a rapid recovery, they are the necessary first steps to improve AMP's long-term performance.

On behalf of the Board, I would like to thank AMP's employees and business partners, the company's senior management team and my fellow Directors for their hard work and determination during very turbulent times.

We have great faith in the fundamental strength of AMP and are determined that the potential of this company is fully realised in the future.

Chief Executive Officer's report

"I am a big believer in the inherent potential of AMP. I am confident we have the right team and the right approach to turn this company around."

Andrew Mohl
Chief Executive Officer

Restoring confidence in AMP
2002 was a tumultuous year for AMP – one that must not be repeated.

Our greatest disappointment is that we reported the company's biggest loss of A$896 million.

The loss has come about for two distinct reasons.

First, we are managing a business that is highly sensitive to world equity markets in what is now the longest market downturn since 1972.

Second, we were pursuing an unrealistically ambitious growth strategy centred on UK Financial Services at a time when we should have been more measured in our approach and more conscious of our capabilities in what is one of the most challenging markets in the world.

I talk more about both of these issues later in this report.

I inherited a host of challenges when I was given the honour of leading AMP as Chief Executive Officer in October 2002.

One of the biggest challenges is to restore confidence in the company.

I realise that this will take time. Confidence can only be achieved through actions and results – not words – and we have got a long way to go. I outline later in this report the actions we are taking to improve both confidence levels and shareholder returns in the long term.

A key part of my job in restoring faith in AMP again is to 'tell it like it is'. This means open, honest and regular communication with shareholders and everyone who has an interest in the business. At times, when we have bad news to tell, this can appear to be self-defeating in the short term.

But I am committed to telling the good news and the bad in the clearest and simplest way. That is what I have attempted to do in this report.

2002 financial performance
Before I discuss the financial result in detail, it is important to emphasise that AMP continues to be a strong company. We have total shareholder capital resources of A$13 billion, along with conservative gearing.

We successfully raised A$1.15 billion through our Reset Preferred Securities offer last year. The funds are being used to reduce short-term debt, increase capital resources and generally reinforce the company's financial strength.

Despite our strength, we delivered a disappointing result as a consequence of write-downs and restructuring costs that had to be made to refocus the business.

These costs, totalling A$1,571 million after tax, contributed to our bottom line loss of A$896 million for 2002. Before these items, asset sales and goodwill amortisation, our net operating profit was A$495 million.

A write-down of A$1,227 million was the result of a review we conducted of all our businesses. The book value of a number of the businesses was adjusted to reflect current market conditions. These businesses were acquired or built in recent years when market conditions were much better.

Restructuring costs of A$344 million after tax also contributed to the loss. Costs included redundancy payments, write-offs of capitalised expenditure and other product-related closures.

The loss, along with weak markets, lowered our underlying earnings per share to A$0.78 from A$1.08 in 2001. Underlying return on equity was 9.2% compared to 13.1% in 2001.

AMP's dividend policy is to provide shareholders with a steady or rising stream of dividends in line with our long-term sustainable earnings. Our 2002 total dividend reflects the lower level of our underlying earnings.

A final dividend of A$0.20 was declared, taking the total dividend for the year to A$0.46 compared to A$0.51 in 2001. We believe this dividend is financially prudent given the 2002 result.

Business unit performances
Depressed investment markets reduced operating margins across the business. Australian Financial Services and Henderson Global Investors showed resilience, achieving sound operating margins in tough markets. Both businesses lowered their costs and took action to protect their profitability going forward. Fundamentally, they are strong businesses that have the potential to improve returns to shareholders.

UK Financial Services, however, is an asset that is under-performing. Its operating margins, along with sales, were hit hard in 2002. We continue to take action to protect shareholder capital and manage our regulatory capital. I talk more about the UK situation later in this report.

No excuses
I know that many people are asking how we got to this point. There are a number of reasons, but no excuses.

AMP's five-point reform plan

1 **Address** low return channel and product lines

2 **Focus** short-term growth ambitions on core businesses

3 **Increase** transparency and quality of disclosure

4 **Tackle** embedded behaviours

5 **Role** modelling leadership

As I mentioned earlier, AMP is highly sensitive to world equity markets.

Weak markets, particularly the UK stock market which has fallen by more than 40% in the past three years, have impacted our earnings in four major ways. They have:

- lowered our investment income on shareholder capital
- lowered the fees and commissions earned on the assets we have under management
- reduced the value of the assets we have backing our life funds, particularly in the UK
- reduced customers' willingness to invest.

Our UK Financial Services business was also the source of many of our problems in 2002. Substantial, continued falls in the UK stock market (as measured by its index, the FTSE) exposed a number of underlying problems with our UK operation – and many other traditional UK life insurance companies.

We have been running an old-style, capital-intensive business that offers products with guaranteed returns to policyholders. However, the business was not making enough money in its own right to sustain these returns.

Instead, like many UK insurance companies, it relied on assets built up in its funds over time, particularly during boom equity markets, to pay the difference.

The drastic and prolonged fall in the UK stock market has exposed the problems with this business approach.

The UK market also put pressure on the ability of our UK Pearl with-profits fund to meet minimum regulatory capital requirements. Consequently, we decided to provide additional capital support of £500 million in June 2002 for this fund.

We did not communicate this situation well last year. The key point is that AMP is a strong company and has implemented sound capital management initiatives to handle further market falls.

Finally, our strategy of simultaneously trying to build our UK business and pursue international growth in difficult market conditions was over ambitious.

We are still in the right business, wealth management, but had been going the wrong direction in a bear market.

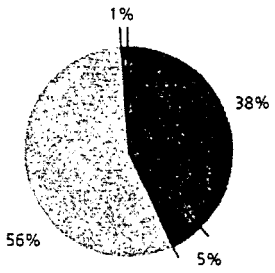
Driving reform – doing the basics really well to drive shareholder returns

When I was appointed CEO, I launched a five-point reform plan to improve returns to shareholders and service to customers (refer to 'AMP's five-point reform plan' above). Since then, we have acted quickly and decisively on this plan, conducting an extensive review of every part of AMP's business. We scrutinised every part of the company – our strategy, distribution channels, products, the role of corporate office, and our values.

To date, we have not done the basics well enough. By the basics, I mean focusing on our customers and planners and providing them with the products they want in the easiest way, improving investment performance and driving down costs.

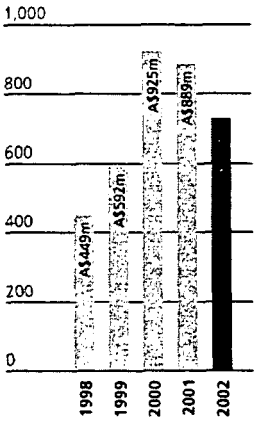
Right now, our goal is to do these basics really well, and in that way we will position the business for future growth.

Our employees
total 11,403*



*11,403 full-time equivalent employees at 31 December 2002

Total business unit operating margins
A$m



Chief Executive Officer's report continued

AMP's key businesses and markets	
Australian Financial Services	Australia and New Zealand
Henderson Global Investors	International
UK Life Services	United Kingdom
UK Contemporary Financial Services	United Kingdom

Getting back to basics also means stopping activities that do not add, or have the potential to add, shareholder value. As a result, we announced significant changes to the business involving the restructure or closure of some products and distribution channels.

Unfortunately, these decisions affected many of our employees, with jobs reduced across the company. These were very difficult decisions, but, given the tough markets in which we are operating, we had no choice.

Major outcomes of the review included:

- Separation of **UK Financial Services** into two clear operations to allow us to focus on key success drivers in each operation. There is a great deal of work underway and ahead of us in the UK.
- Implementation of a series of actions designed to strengthen and grow areas of **Australian Financial Services**, as well as reduce its sustainable cost base. We have identified sustainable cost efficiencies, which will decrease controllable expenses to a target of A$560 million in 2003.
- Continuation of **Henderson Global Investors'** cost saving programme and a refocus on core business.
- Restructure of **AMP Banking** to compete only in key product areas where it is profitable. While we continue to distribute banking products, we will no longer manufacture them in New Zealand and the UK. In Australia, we will manufacture two key products: residential mortgages and savings deposits.

  This overall restructure will reduce the amount of capital supporting the operation by A$500 million.
- Closure of the **AMP International** business unit, involving the disbanding of the Asian, European and New Ventures teams. Our recently-established business in India now forms part of Australian Financial Services.
- Restructure of **corporate office** to deliver an expected A$40 million in cost savings in 2003. To date, this includes a reduction of over 100 roles (some roles from AMP International).
- Appointment of a **new senior management team** dedicated to turning AMP around.

All of these initiatives were designed to get us back to basics.

While the end of 2002 marked the completion of the first phase of this review process, we expect changes to continue as we concentrate on implementation.

Strategic objectives

Right now, our growth will come from focusing on our core capabilities of advice-based distribution, superannuation/pension fund management and asset management.

We will do this in our core markets of Australia, New Zealand and the UK. This means we will generally not expand our businesses, other than organically, until they are delivering the required financial returns.

In line with this, our long-term strategic objectives include:

- growing AMP's leading position in the Australian wealth management market
- reducing AMP's capital commitment in the UK by releasing capital from UK Life Services while simultaneously taking other action to increase return on invested capital
- developing a wealth management business in the UK focused on investment and pension products distributed primarily through advisers
- building a global asset management business in partnership with AMP's wealth management businesses, with a focus on the UK and selective expansion in Europe, North America and Asia.

Outlook

I am a big believer in the inherent potential of AMP. It will take a lot of hard work and time to turn that potential into a reality.

We also need stock markets to recover, as they are a key driver of our business performance.

The reality of the lags in our business means that even if markets pick up tomorrow, it will take some time for that to flow through into improved investor confidence and stronger activity.

My senior management team and I are committed to restoring confidence in AMP and realising AMP's potential for shareholders – and all other people who have an interest in the company.

Once we get the basics right, we will be in a much stronger position to grow in the future.

There is no doubt that 2003 is going to be another challenging year but I am confident that we have the right team and the right approach to turn this company around.

Andrew Mohl
Chief Executive Officer

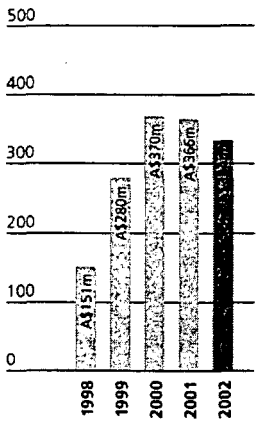
Business overview

Australian Financial Services

Craig Dunn
Managing Director
Australian Financial Services

Total operating margins
A$m



Overview

Australian Financial Services (AFS) performed well in tough markets, demonstrating our financial strength. We minimised the impact of market conditions on our operating margins through strong cost management and took deliberate actions to position the business for future growth.

Financial results

- Operating margins down 9% on 2001 to A$334 million
- Controllable costs fell 8% on 2001 and cost to income ratio steady at 44%
- Net cashflows down to A$1,168 million from A$2,602 million in 2001 as a result of weak global equity markets
- Total new business fell 11% but corporate superannuation new business grew 12%
- Value of new business up 8% to A$251 million after restatement
- Return on invested capital marginally lower on 13.8% from 14.1% in 2001

Key developments

In late 2002, we implemented specific actions designed to strengthen and grow our core business in continuing tough markets.

Sustainable cost reductions were achieved in 2002 and further reductions identified for 2003. These are being achieved through a focus on core business including:

- integrating AMP Direct into other areas of AFS to realise cost efficiencies and to refocus on advice-based distribution
- reviewing all operations and stopping non-essential activities, which will result in the loss of approximately 550 jobs.

Continuing to strengthen our advice-based distribution channels, we acquired Arrive Financial Planning from PricewaterhouseCoopers. We also implemented an innovative incentive programme for the AMP Financial Planning and Hillross channels, which aims to attract and retain planners and increase their productivity.

Early in 2003, international commercial credit ratings agency Standard & Poor's reaffirmed its rating of our Australian operation as AA–, which reflects superior financial strength.

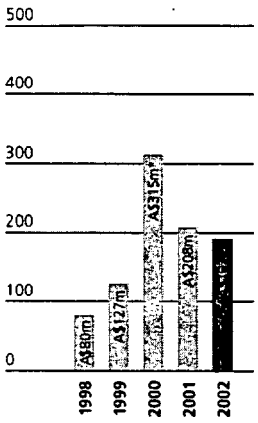
Key priorities in 2003

- Making AMP the easiest to deal with for planners and customers
- Strengthening profitability of all products and channels
- Strengthening the competitiveness of product offerings
- Continuing to grow and strengthen our advice-based distribution channels

Henderson Global Investors

Roger Yates
Managing Director
Henderson Global Investors

Total operating margins
A$m



* Included A$99 million in technology investment performance fees

Overview

Henderson delivered robust results in challenging markets, maintaining stable operating margins. We vigilantly managed costs and re-examined our strategic priorities to protect earnings and our position as a multi-asset, multi-geographic business.

Financial results

- Operating margins down 8% on 2001 to A$192 million
- Controllable costs down 6% to A$627 million on 2001 and cost to income ratio up one percentage point to 69%
- Assets under management fell 13% to A$256 billion largely due to negative market movements
- Profit of A$28 million on the sale of private asset management business, with a further amount potentially receivable in the second half of 2003
- Return on invested capital marginally lower on 10.7% from 11.1% in 2001

Key developments

In 2002, we took action to counteract the substantial falls and volatility in global equity markets and decline in industry sales volumes. We closed low-priority operations, rationalised non-profitable UK and European retail funds, centralised functions and scaled back e-business activity. While business restructuring resulted in 100 jobs being made redundant, we continued to invest in building our investment management and client servicing capabilities.

Despite market volatility, our hedge funds, US mutual funds and Australian life funds delivered strong investment performances. However, this was tempered by a decline in investment performance in core UK fixed income and equity products.

Fifty percent of property assets and 43% of listed assets outperformed their benchmarks during 2002.

Key priorities in 2003

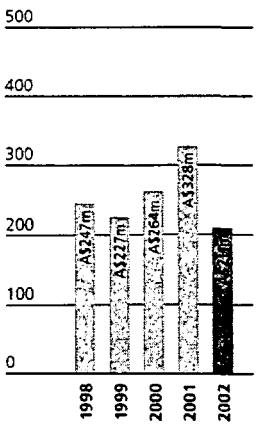
- Maintaining position as a multi-asset, multi-geographic business, with a focus on growth opportunities in the UK
- Continuing to focus on improving investment performance, service and distribution
- Further improving business efficiency and cost management

Business overview continued

UK Financial Services

UK Financial Services (UKFS) had a difficult year, with a substantial fall in the UK stock market impacting the regulatory capital position of the business and customer demand for products. We took action to protect our capital position and manage risks more effectively.

Total operating margins



Key developments

The UK stock market has fallen by more than 40% during the past three years. This continued fall has placed pressure on our UK funds, including the Pearl with-profits fund, and required extra support from the Group. This involved providing additional capital support of £500 million.

In addition, by year end we had separated UKFS into two clear operations to allow us to focus on key success drivers in each operation. The split is designed to lessen our risks in the UK, as we have isolated the majority of our capital in one operation to ensure it is carefully managed. Meanwhile, a smaller team is able to separately pursue selected growth options. More information on these operations is provided below.

Restructuring initiatives during 2002 will result in the loss of around 3,400 jobs by the end of 2003.

Financial results

- Operating margins down 36% on 2001 to A$211 million
- Cost reduction programme on track, delivering £68 million in 2002 and cost to income ratio steady at 64%
- Sales down 21% reflecting tough markets and closure of Direct Sales Force
- Persistency fell one percentage point to 88% on 2001
- Return on invested capital fell to 6.5% from 10.2% in 2001 due to capital injection and reduced profit

Ian Laughlin
Managing Director
UK Life Services

UK Life Services

This operation is where most of our UK capital is invested, and our focus is on protecting and enhancing the value of that capital.

UK Life Services is responsible for the long-term management of the mature and closed book of products in Pearl, London Life and NPLL (the 'old' NPI). AMP has significant experience in extracting value from closed books.

Shareholder value of the in-force book will be maximised by focusing on the basics: customers, products and financial management. This means:

- improving management of high-value customers to encourage them to continue investing in their existing AMP products
- driving down unit costs
- actively managing the balance sheet and risks.

John Drabble
Managing Director
UK Contemporary Financial Services

UK Contemporary Financial Services

UK Contemporary Financial Services' aim is to pursue growth options in selected, profitable areas. For example, corporate pensions – a market expected to grow to over £17 billion per annum by 2011 – are provided through referral from Employee Benefit Consultants (EBCs) and Independent Financial Advisers.

A separate corporate pension business was launched in 2002 to focus on EBCs. It achieved a 26% win rate with tenders and by 2003 had secured a position on all 15 major EBC panels.

Shareholder value will be maximised by:

- identifying products and channels where AMP has or can develop a competitive advantage and can generate the required returns
- developing and operating on modern platforms
- building a contemporary, capital efficient product portfolio
- leveraging our expertise in pensions management and distribution
- providing first-class service to customers and planners.

AMP portfolio businesses

Marc de Cure
General Manager
Strategy and Development

Overview

Outside our core operations, AMP has a portfolio of businesses in diverse areas managed by the General Manager Strategy and Development.

These businesses (other than discontinuing businesses) formed part of the business unit called AMP International until it was closed in October 2002 in line with CEO Andrew Mohl's five-point reform plan. Further strategic changes have since been made to these businesses.

Key developments

AMP Banking
AMP Banking was restructured to compete only in profitable product areas. We intend to shift our focus from banking product manufacturer to distributor, with the exception of two key products. In Australia, we continue to manufacture and distribute mortgages and deposits.

We sold our credit card portfolio in Australia and New Zealand to American Express for approximately A$238 million. A sales process is also in place to exit the manufacture of:

- mortgage and deposit products in New Zealand and the UK
- property finance products in Australia and New Zealand.

We intend to continue distributing banking products in Australia, New Zealand and the UK.

In 2003, banking operations in Australia and New Zealand will form part of Australian Financial Services and in the UK part of UK Contemporary Financial Services.

AMP Asia and AMP Europe
The AMP Asia and AMP Europe development teams were disbanded and the AMP Japan business is being closed in line with AMP's focus on core business. Associated costs have been included in the A$344 million restructuring costs and A$1,227 million write-down.

AMP Sanmar
AMP's life insurance joint venture in India, AMP Sanmar, increased its adviser force and widened its product range in 2002, taking prudent action to grow the business. The business now forms part of Australian Financial Services.

Cogent
AMP completed the sale of Cogent, its investment administration business, to BNP Paribas in September 2002. Profit on the sale in 2002 was £72 million after tax, with the potential for additional final profit to be released in 2003 on determination of the final instalment of the purchase price.

Discontinuing businesses
AMP's discontinuing businesses include Cobalt and its associated reinsurance and commercial insurance portfolios currently in run-off (ie no new policies are being written). These businesses were managed successfully in 2002, generating net profit after tax of A$61 million.

AMP is currently reviewing options to realise greater shareholder value from these operations.

Virgin Money
AMP's 50:50 joint venture with the Virgin Group, Virgin Money, increased operating revenues by 105% and decreased costs by 22% on 2001 despite difficult markets. The improved performance was driven by the successful launch of the Virgin-branded credit card in the UK. Virgin Money's management team is working with AMP and the Virgin Group to reposition the business and realise greater shareholder value.

Directors' report

Your Directors present their report on the consolidated entity consisting of AMP Limited (the Company) and the entities it controlled at the end of or during the year ended 31 December 2002 (AMP Group).

Directors' details

Details of Directors of the company in office at the time of signing this report, and each Director's qualifications, experience and special responsibilities are set out below.

Directors' meetings

Details of attendance by Directors of AMP Limited at Board and Board Committee meetings held during the year ended 31 December 2002 are outlined in the table at right.

BOARD MEETINGS DIRECTORS AT 31 DECEMBER 2002[1]	FULL AGENDA A	FULL AGENDA B	SPECIAL PURPOSE A	SPECIAL PURPOSE B

Notes: Column A – Indicates number of meetings held while the Director was a member of the Board/Committee.
Column B – Indicates number of those meetings attended.

Peter Willcox
Chairman-elect
Age 57. BA (Hons), MA (Physics) Cambridge

Joined the Board in September 2002. Appointed Deputy Chairman in December 2002 and will succeed Mr Wallis as Chairman on 26 February 2003, following the signing of this report. Member of the Board's Governance, Nomination and Remuneration Committees.

Experience 20-plus years' senior executive experience in the petroleum industry in Australia and internationally. Former Chief Executive Officer BHP Petroleum. Previously Director of a number of international, public companies including financial services experience with Lend Lease Corporation, MLC Limited and Schroders Australia Holdings Limited.

Other directorships
Chairman of Mayne Group Limited.

Andrew Mohl
Managing Director and Chief Executive Officer
Age 47. BEc (Hons)

Appointed Managing Director and CEO in October 2002. Member of the Board's Finance and Governance Committees. Director of AMP's key operating subsidiaries.

Experience 20-plus years' financial services experience, including more than six years at AMP. Most recently was Managing Director of AMP Australian Financial Services from 1999 to 2002. Prior to this role, Managing Director of AMP Asset Management, responsible for the unit's investment of all Australasian retail and wholesale funds. Joined AMP in 1996 as General Manager Retail Distribution, AMP Financial Services, leading the transformation of advice-based distribution and the development of AMP's multi-channel distribution platform.

Former ANZ Senior and Chief Economist (1986-1990) and Managing Director ANZ Funds Management (1993-1996). Past Deputy Head of Research at the Reserve Bank of Australia.

Richard Grellman
Age 52. FCA

Appointed to the Board in 2000. Chairman of the Board's Audit and Compliance Committee and member of its Nomination Committee. Director of AMP Life Limited.

Experience 32 years in the accounting profession. KPMG Financial Services partner from 1982 to 2000. Member of KPMG's National Board from 1995 to 1997 and National Executive from 1997 to 2000. Independent Financial Expert for AMP's demutualisation and Investigating Accountant for AMP's prospectus and listing.

Other directorships
Chairman of the Board and Council of the NSW Motor Accidents Authority.
Chairman of Cryosite Limited.

Lord Killearn
Age 61. Resident of the UK.

Appointed to the Board in 1999. Chairman of the Board's Finance Committee and member of its Remuneration Committee. Chairman of Henderson Global Investors (Holdings) plc.

Experience 29 years' international financial services experience. Retired in 2002 as Managing Director, Corporate Finance from Cazenove, a leading investment bank providing corporate finance advice, distributing securities and research and managing funds worldwide. Joined Cazenove in 1968 and was primarily responsible for the Asia Pacific business.

Other directorships
Director of Albion Investment Company (Alderney) Limited, Maxis Communications Berhad and Shanghai Real Estate Limited.

Roger Yates
Managing Director Henderson Global Investors
Age 45. BA (Hons)

Appointed to the Board in December 2002 as Executive Director. Director of Henderson Global Investors (Holdings) plc and a number of its subsidiaries.

Experience 21 years' experience in the funds management industry as an investment professional and business manager. Henderson Global Investors Managing Director since 1999. Led the integration of Henderson and AMP Asset Management and has managed the rise of Henderson Global Investors to an international asset manager.

Prior to Henderson, was Chief Investment Officer of Invesco Global and has held senior roles for fund management companies, LGT and Morgan Grenfell.

Notes:
1. Mr P J Batchelor who ceased to be a Director on 23 September 2002 attended meetings during 2002 as follows: 5 of 5 Full Agenda and 2 of 2 Special Purpose Board meetings, 10 of 10 Board Finance Committee meetings, 4 of 4 Board Governance Committee meetings, 5 of 5 Board Nomination Committee meetings and 5 of 5 ad hoc committee meetings.
2. Ad hoc committees of the Board were constituted during the year in relation to the financial results and the divestment of Cogent.
3. Mr Willcox was appointed to the Board on 9 September 2002.
4. Mr Mohl was appointed to the Board on 7 October 2002.
5. Mr Yates was appointed to the Board on 4 December 2002.

Retiring or retired Directors

Sir Malcolm Bates
Age 68. Hon DLitt, MSc, FCIS, FRAeS, CCMI
Resident of the UK.

Appointed to the Board in 1998. Chairman of the Board's Remuneration Committee and member of its Governance and Nomination Committees. Joined the Board of AMP (UK) plc in 1996 and appointed Chairman of AMP's key UK Financial Services operating subsidiaries that year.

Experience 30-year career as a senior executive and director of major international manufacturing and distribution organisations, preceded by five years in merchant banking. Former Deputy Managing Director of GEC plc, Great Britain's leading manufacturer of electrical and electronic equipment, from 1985 to 1997. Held Senior Commercial Director role from 1976 to 1985.

Other directorships
Chairman of Premier Farnell plc and London Transport.

Paul Mazoudier
Age 61. BA, LLB (Hons), FAICD

Appointed to the Board in 2000. Chairman of the Board's Governance Committee and member of its Audit and Compliance Committee. Director of AMP Life Limited.

Experience 35-year legal career. Commercial partner of Minter Ellison, Lawyers, from 1970 to 1974 and 1980 to 2000, specialising in negotiation, international and local joint ventures, mergers, acquisitions, foreign investment law, superannuation and demutualisations. Former NSW Chairman and member of Minter Ellison's National Executive Committee.

Other directorships
Chairman of Sims Group Limited, Bishop Technology Group Limited, Ambition Group Limited and Atlas Copco Australia Pty Limited. Director of HPAL Limited.

Ian Renard
Age 56. BA, LLM, FAICD

Appointed to the Board in 1998. Member of the Board's Audit and Compliance, Finance and Governance Committees. Director of AMP Bank Limited.

Experience 29 years in the legal profession. Former Partner of Arthur Robinson & Hedderwicks from 1979 to 2001, practising commercial law. Since resigning from the partnership, has been continuing in a consultant role with Allens Arthur Robinson.

Other directorships
Director of CSL Limited, Newcrest Mining Limited and Hurstmead Pastoral Company Pty Limited.

Patricia Cross
Age 43. BSc (Hons), FAICD, FAIM, FFTA

Appointed to the Board in 2000. Member of the Board's Finance and Remuneration Committees. Director of AMP Bank Limited. Retiring as a Director on 26 February 2003, following the signing of this report.

Experience 20 years' international banking and finance experience. Held managerial and senior executive positions with several international financial institutions including Chase Manhattan Corporation, Banque Nationale de Paris and National Australia Bank in the United States, Europe and Australia.

Other directorships
Director of Wesfarmers Limited and ex officio Director Deloitte Touche Tohmatsu. Chair of Qantas Superannuation Limited.

Stan Wallis, AC
Chairman
Age 63. BCom, Hon LLD (Monash), FCPA, FAIM, FCIM, FCIS

Member of the Board since 1990. Appointed Chairman in 2000. Chairman of the Board's Nomination Committee and member of its Governance and Remuneration Committees. Retiring as a Director on 26 February 2003, following the signing of this report.

Experience 40-plus years' industrial and financial services experience. Former Managing Director (18 years) and Chairman (four years) of Amcor Limited. Previous Chairman of retailer Coles Myer Limited. Past President of the Business Council of Australia and former Chairman of the 1996/1997 Committee of Inquiry into the Australian Financial System.

Other directorships
Director of Australian Foundation Investment Company Limited.

Directors' report continued

Principal activities

AMP is a leading international financial services organisation focused on wealth management. Its principal activities include retirement savings and incomes, funds management, life insurance and general insurance distribution, financial planning and banking services. AMP operates in more than 20 countries around the world with a significant and efficient domestic presence in its three home markets of Australia, New Zealand and the UK. Except as described in this report there have been no significant changes in the nature of those activities during the year.

Review of operations and results

The result for 2002 was a net loss after tax attributable to shareholders of $896 million compared to a profit after tax of $690 million for 2001. A detailed analysis of shareholder profit is shown following this report. The most significant factor impacting this result – the writedown of $1,227 million in the value of AMP's businesses during the period to market value or recoverable amount, reflects the poor operating environment affecting UK and European life companies and the results of a strategic review across the Group. As a result, $1,028 million was written off from the excess of market value over net assets of controlled entities and historic cost goodwill, with the balance being reflected in a reduction in tangible assets.

The results for the year were impacted by investment markets, lower new business in the Australian and UK life insurance business and lower margins. This was partly offset against expense savings in the period. Assets under management were $256 billion at 31 December 2002, a fall of $36 billion from prior year reflecting the adverse market conditions and reduced cash flows from poor investor sentiment in this difficult market environment.

Investment income has been adversely affected by depressed global investment markets. A 24.5% fall in 2002 in the UK FTSE 100 (nearly a 43% fall since December 1999) and an 11.5% fall in 2002 in the Australian All Ordinaries have contributed to a decline in the investment income of the Group, with total investment losses (before tax) attributable to shareholders, policyholders and unattributed life funds of $7.8 billion for the year ended 31 December 2002 from losses of $1.6 billion in 2001.

Following the appointment of the new CEO and Senior Management Team, a strategic review of AMP's operations was undertaken, resulting in a focus on core businesses and a wind-down or closure of non-core activities. Restructuring costs of $344 million (after tax) have been recognised as part of the cost of implementing the strategic reform initiatives announced by the CEO. In addition, total staff numbers have fallen from 14,868 at 31 December 2001 to 11,403 at 31 December 2002.

Other significant restructuring activities included the sale of non core businesses:

- Cogent, the Group's investment administration business, resulting in a profit after tax of $204 million
- the Bank's credit card business to American Express, resulting in a profit after tax of $24 million
- Henderson's UK private client business, resulting in a profit after tax of $28 million.

During the year a controlled entity of the company issued 11,500,000 AMP Reset Preferred Securities ('RPS') at $100 each. Proceeds from the issue of RPS were used to reduce short term debt, and provide the AMP Group with a more efficient and stronger capital structure. Full details of the RPS are included in Note 21 Outside Equity Interests of the Financial Report.

Capital and reserves of the Group have decreased to $8,533 million from $9,520 million at 31 December 2001 as a result of the net operating loss and dividends paid, offset by an increase in contributed equity, mainly from the Dividend Reinvestment Plan.

Since 31 December 2002, global investment markets, particularly the UK FTSE 100, have weakened. If global markets weaken further, or remain at current levels, the Group's profitability will be adversely affected.

Political donations

AMP believes it is appropriate to make contributions to support the democratic process. Contributions to political parties are determined on a basis which recognises the relative representation of major political parties in Parliaments throughout Australia and New Zealand.

Contributions to major political parties made during 2002 were:

Federal Liberal Party of Australia	$50,000
Federal Australian Labor Party	$50,000
National Party of Australia	$25,000
Labour Party of New Zealand	NZ$10,000
National Party of New Zealand	NZ$10,000

Smaller contributions were also made during 2002 to Australian State political parties.

Significant changes in the state of affairs

In October 2002, the Group changed its strategic direction to concentrate on growing AMP's leading position in the Australian wealth management market, reducing AMP's capital commitment in the UK and building a global asset management business in partnership with AMP's wealth management businesses. This review resulted in a writedown of the value of AMP's businesses by $1,227 million as referred to above.

AMP's divestment of the Cogent business by way of a sale to BNP Paribas had no significant effect on the company's accounts other than the profit referred to above. Other divestments which also had only a minimal impact on the accounts were Henderson's private client business in the UK and the Bank's credit card business, which was sold to American Express.

The appointment of Andrew Mohl and the strategic review of AMP's businesses resulted in a number of senior executives departing the Group, and the appointment of a new Senior Management Team.

The Chairman-elect announced a restructure of the AMP Limited Board on 25 February 2003.

Likely developments
Details of likely developments in AMP's businesses are set out elsewhere in this report. In the opinion of the Directors, disclosure of further information about likely developments in AMP's businesses are commercially sensitive and would be likely to be detrimental and result in unreasonable prejudice to the company.

The environment
In the normal course of its business operations AMP is subject to a range of environmental regulations, of which there have been no material breaches during the year.

In 2002, AMP committed to its global environment policy, which was approved by the AMP Limited Board and overseen by the Board Governance Committee.

The policy covers both operational and investment-related environmental impacts and is available on www.ampgroup.com under 'About AMP'.

Operational impact
The implementation of the policy at an operational level is supported through employee education.

AMP is investigating environmental measurement systems, focusing initially on its Australian premises.

Investment management – Henderson Global Investors
Equities – As an active investor, Henderson believes that engagement with companies on environmental issues is an effective way to influence management practices to the benefit of its clients and the natural environment.

Henderson's equity investments are guided by its UK and Australian/New Zealand corporate governance policies, which include environmental considerations.

Property – AMP Henderson has continued to implement initiatives across the Australian property investment management business under its environmental management plan.

Its 2002 initiatives included water conservation, 'green power', environmental benchmarking, evaluation of a building rating system and energy conservation.

The focus for 2003 is to improve benchmarking and to implement at as many managed properties as possible the initiatives that were trialled during 2002.

Stanbroke Pastoral Company
Stanbroke remains committed to using scientifically-based land management strategies that will maintain soil, water and biodiversity value.

The 2000 land clearing moratorium on the development of previously uncleared vegetation on its properties is still in effect.

Environmental planning for all properties commenced in May 2002, with additional work underway to assess the company's greenhouse gas emissions. The results of these studies, which are anticipated to be complete during 2003, will guide Stanbroke's future land management plans.

Private capital
Reflecting the high risk/return nature of private capital investment, environmental assessment is undertaken on a case by case basis rather than according to a documented process. It is predominantly carried out as part of due diligence, with differing levels of emphasis depending on whether the investment is considered to have a high, medium or low environmental impact.

Events occurring after the reporting date
As at the date of this report the Directors are not aware of any matter or circumstance that has arisen since the end of the financial year that has significantly affected or may significantly affect the operations of the consolidated entity, the results of its operations or its state of affairs, which is not already reflected in this report.

Directors' and other officers' remuneration
Details of the emoluments paid to the Directors and the five highest paid executive officers of the Group and options granted are disclosed in Note 32 of the Financial Report.

The five highest paid executive officers of the Group during 2002 were executives who left the company during that year. Payments at cessation include statutory and other contractual entitlements and payments made in mitigation of other legal claims following external expert advice. Those payments are disclosed in Note 32 of the Financial Report. The base salaries of the five highest paid current executive officers are also disclosed.

The amount to be paid to Mr Batchelor has not been finalised at the date of this report.

Options
Disclosure of information relating to the granting and exercise of options over unissued ordinary shares are shown in Note 31 of the Financial Report.

Following a review of AMP's long term incentive policies, AMP announced on 4 October 2002 that share options would not be granted as part of the remuneration of its executives and senior employees, and that a new long term incentive programme based around performance rights would be introduced.

Directors' interests
At 26 February 2003, the Directors hold the following beneficial interests in: AMP Limited Shares, Options over AMP Limited Shares, and Debentures and Registered Schemes made available by AMP Limited or its related entities.

	SHARES	OPTIONS	INCOME SECURITIES
S D M Wallis	26,000	–	–

R P Yates	100,311	550,000	–

Directors' report continued

Indemnification and insurance of Directors and officers

Under its Constitution, the company has, to the extent permitted by law, agreed to indemnify all officers of AMP (including the Directors) for any liability, whether civil or criminal, (including the costs and expenses of defending actions for an actual or alleged liability) which they may incur in that capacity.

No indemnity is given to current or former employees of the AMP Group against liability incurred in their capacity as an employee unless the giving of the indemnity has been approved by the Board. During or since the end of the financial year, no such indemnities have been provided.

During or since the end of the financial year, the AMP Group has paid or agreed to pay premiums in respect of a contract insuring all of the officers (including all Directors) of the AMP Group against certain liabilities as permitted by the Corporations Act 2001. The insurance policy prohibits disclosure of the nature of the liability, the amount of the premium and the limit of liability.

In addition, the company and each of the Directors are parties to Deeds of Indemnity and Access, as approved by the Board. Those Deeds of Indemnity and Access provide that:

- The Directors will have access to the books of AMP Limited for their period of office and for 7 years after they cease to hold office;
- AMP Limited indemnifies the Directors to the extent permitted by law;
- The indemnity covers liabilities incurred by the Directors in their capacity as officers of other AMP Group companies; and
- AMP Limited will maintain Directors' and Officers' insurance cover for the Directors to the extent permitted by the law for the period of their office and for 7 years after they cease to hold office.

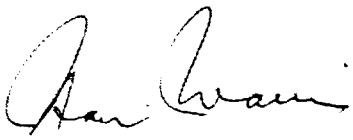
Dividends

Details of the dividends paid and declared during the financial year are disclosed in Note 17 of the Financial Report.

Rounding

In accordance with the Australian Securities and Investments Commission Class Order 98/0100, amounts in this Directors' Report and the accompanying Financial Report have been rounded off to the nearest million Australian dollars, unless stated otherwise.

Signed in accordance with a resolution of the Directors.



Stan Wallis
Chairman

Peter Willcox
Chairman-elect

Andrew Mohl
Managing Director and Chief Executive Officer

Sydney, 26 February 2003

Detailed analysis of shareholder profit

for the year ended 31 December 2002

This table shows a detailed analysis of the source of net profit after tax attributable to shareholders of AMP Limited by business unit.

ALL AMOUNTS AFTER INCOME TAX	2002 A$ MILLION	2001 A$ MILLION
Australian Financial Services	**334**	366
UK Financial Services	**211**	328
Henderson Global Investors	**192**	208
AMP Banking	**(7)**	(13)
Total business unit operating margins	**730**	889
Discontinuing businesses	**38**	148
Corporate office costs	**(79)**	(102)
Total operating margins	**689**	935
Underlying investment income[1]	**437**	506
Interest expense on corporate debt	**(230)**	(242)
Distribution on AMP Reset Preferred Securities	**(13)**	–
Underlying contribution	**883**	1,199
Investment income market adjustment[2]	**(388)**	(532)
Profit after income tax before other items	**495**	667
Transformation costs[3]	**(344)**	(8)
Asset sales	**234**	86
Valuation adjustments	**(1,227)**	–
Goodwill amortisation	**(54)**	(55)
Net profit after tax attributable to shareholders of AMP Limited	**(896)**	690

Notes:
1. The investment income on shareholder capital attributed to the Business Units and Corporate Office is normalised in order to bring greater clarity to the results and to eliminate the distorting impact of short term market volatility on the Group's underlying performance.
2. The investment income market adjustment is the difference between the normalised investment income and the actual investment income attributable to shareholders.
3. Transformation costs include redundancies, the consolidation of operating sites, rationalisation of computer systems and elimination of duplication across the management and support functions.

Corporate governance

How we do business
At AMP, our approach to governance starts with acknowledging our responsibilities to our stakeholders who include shareholders, customers, employees, community and the environment. We know that people are increasingly interested in not only our financial performance and product and service offerings, but also how we run our businesses, manage our employees and interact with the community and environment.

AMP is a wealth management company operating across a range of geographic locations and markets. We strive to ensure that our governance 'in action' is of the highest standard, consistent with our principles and values, while at the same time practical and transparent for local market conditions which vary with different legal, regulatory, investor and community expectations.

As an investment manager, Henderson Global Investors also plays a leadership role in setting new standards for corporate governance practice across a broad range of industries.

We are continually working to improve our governance policies and practices both at Board level and at the boards of our subsidiary companies, including regulated entities. While our values remain constant, we know we must adapt our business practices to ensure we meet our obligations as a responsible company in a changing world.

Role of the Board of Directors
The Board of Directors is responsible for the long-term direction and well-being of AMP and is accountable to shareholders for how the company performs. The Board's responsibilities include:
- providing strategic direction to the company and validating and approving the strategic plan;
- appointing the Managing Director and Chief Executive Officer and approving executive succession plans;
- monitoring the performance of the Managing Director and Chief Executive Officer and approving executive remuneration policies;
- reporting to shareholders and ensuring that all regulatory requirements are met;
- making decisions in relation to major acquisitions, divestments or withdrawal from major lines of business;
- overseeing internal controls and processes for identifying areas of significant business risk; and
- ensuring AMP's business is conducted ethically and transparently.

Board size and composition
The size and composition of the Board is determined by the Board, subject to the limits set out in AMP's Constitution which requires a minimum of three Directors and a maximum of 16 Directors. The Chairman of the Board is non-executive and independent of the role of Managing Director and Chief Executive Officer (CEO). The Board will continue to be made up of a significant majority of independent non-executive Directors.

Directors' independence
It is important that the Board is able to operate independently of executive management. Each of the non-executive Directors is considered by the Board to be independent of management. This means that they are free from any business, interest or other relationship which could materially interfere with the exercise of their independent judgement and their ability to act in the best interests of the company.

AMP also has independent Directors on the boards of significant regulated subsidiaries.

Appointment of new Directors
Nominations of new Directors, recommended by the Board Nomination Committee, are considered by the full Board. The Board Nomination Committee uses external consultants to access a wide base of potential Directors, considering their range of skills and experience required in light of:
- the current composition of the Board;
- the need for independence;
- the strategic direction and progress of AMP; and
- the geographic spread and diversity of AMP's businesses.

The Board assesses nominated Directors against a range of criteria including background, experience, professional skills, personal qualities and their capacity to commit themselves to the Board's activities. A Director appointed by the Board during the year will stand for election by shareholders at the next Annual General Meeting.

We believe that it is important that Directors' interests are aligned with those of shareholders. AMP's Constitution requires all Directors to hold at least 2,000 AMP shares.

Retirement and re-election of Directors
AMP's Constitution requires that one-third of the Directors must retire from office at each Annual General Meeting. Each Director (other than the Managing Director) must, in any event, retire from office at the third Annual General Meeting after they were last elected. In either case, the retiring Directors may offer themselves for re-election.

In February 2003, the Board agreed that the term of Directors will generally be no longer than nine years. Any non-executive Director remaining on the Board after nine years will be subject to annual re-election by shareholders.

Conflicts of interest
The Board has agreed policies and procedures in the event that actual or potential conflicts arise between the interests of a Director and those of AMP. Generally, this means that the Director will disclose their interest and, if appropriate, will not take part in any discussions or vote on that matter.

The Directors have the right to seek independent professional advice, at AMP's expense, to help them carry out their responsibilities.

Board Committees
The Board currently has five standing Board Committees. Each Committee's powers and responsibilities are set out in their individual terms of reference, as approved by the Board. Other Committees may be established from time to time to consider matters of particular importance. Committee members are chosen for the skills, experience and other qualities they bring to the

Committee. Three of the five standing Committees are composed of only independent non-executive Directors: the Board Audit and Compliance Committee, the Board Nomination Committee and the Board Remuneration Committee.

Each of the five standing Committees meets at least quarterly to consider and make recommendations on matters delegated to them by the Board. Committee Chairmen give verbal reports to the Board as soon as possible after each Committee meeting and Committee meeting minutes are received by the full Board.

Board Audit and Compliance Committee
The Board Audit and Compliance Committee assists the Board to discharge its corporate governance responsibilities, including: the business's relationship with, and the independence of, the external auditor; the reliability and appropriateness of the disclosure of the financial statements and external financial communications; and the maintenance of an effective business risk management framework including compliance and internal controls and monitoring of the internal audit function.
Chairman – Richard Grellman

Board Finance Committee
The Board Finance Committee sets policy for the company in relation to various finance and investment activities and oversees the implementation of that policy.
Chairman – Lord Killearn

Board Governance Committee
The Board Governance Committee considers corporate governance matters across AMP, including AMP's stakeholder responsibility policies, and governance issues referred by the Board and Chairman from time to time.
Chairman – Paul Mazoudier

Board Nomination Committee
The Board Nomination Committee supports and advises the Board on composition and succession planning for the Board and on the remuneration of the non-executive Directors. It is also responsible for the processes involved in reviewing the Board's performance, for new Directors' orientation and education and the ongoing development of all Directors.
Chairman – Peter Willcox

Board Remuneration Committee
The Board Remuneration Committee serves as an advisory Committee to the Board providing advice relating to the effectiveness, integrity and legal compliance of AMP's remuneration programmes (including share, option and performance right plans), protocols and practices. The Committee engages independent remuneration consultants where appropriate. Key responsibilities include annually reviewing and recommending to the Board the total remuneration package of the Managing Director and CEO.
Chairman – Sir Malcolm Bates

Auditor independence
Best practice in financial and audit governance is evolving rapidly and the independence of the external auditor is particularly important to shareholders and the Board. To ensure that AMP's practices are up to date, the Board has adopted a Charter of Audit Independence which is reviewed regularly in line with emerging practices domestically and internationally.

The key points covered by the Charter include:
- rotation of the senior audit partner every five years;
- annual confirmation by the auditor that it has satisfied all professional regulations relating to auditor independence;
- quarterly reporting to the Board Audit and Compliance Committee on the levels of audit and non-audit fees; and
- specific exclusion of the audit firm from work which may give rise to a conflict or a perceived conflict.

Compliance
We continually monitor and assess our compliance with laws, regulations and prudential requirements across all geographic locations. With the pace of legislative and regulatory change, we have dedicated compliance teams within each business area working to adapt our practices to meet these new requirements.

A new Risk and Regulatory Affairs role was recently established to coordinate compliance and risk management practices across our businesses, as well as oversee AMP's relationships with regulators.

The Board receives regular updates on compliance issues through the Board Audit and Compliance Committee.

Code of Conduct
AMP conducts its business with the highest standards of personal and corporate integrity. We have adopted a Code of Conduct outlining the standards of personal and corporate behaviour which Directors and employees observe.

Trading in securities
AMP's Employee Share Trading Policy requires that Directors and employees do not trade in AMP securities, or in other entities' securities, whilst in the possession of inside information.

Directors, executives and certain senior employees are only permitted to deal in AMP securities within specified 'trading windows'. The trading windows correspond to the 30-day period beginning on the second day after the release of AMP's half-year results and yearly results, its Annual General Meeting or the issue of an AMP prospectus offering securities. A further trading window is available in relation to employee applications under employee share ownership plans during the first 10 business days in December each year.

Communication with stakeholders
AMP is committed to increasing the transparency and quality of its communication so that we are regarded as outstanding corporate citizens. AMP's approach to communicating with shareholders and financial markets is set out in AMP's Market Disclosure Policy which is on AMP's website www.ampgroup.com

Information is communicated to shareholders through the distribution of the Annual Report, newsletters to shareholders following the release of the half-year and yearly results and whenever there are other significant developments to report. All significant information is posted on AMP's website www.ampgroup.com/shareholdercentre as soon as it is disclosed to the ASX.

Note:
1. Includes payments to acquire units which result in AMP holding a controlling interest in unit trusts. The majority of the underlying assets of those trusts comprise investment assets. The amounts are net of cash acquired.

Notes to the financial statements

for the year ended 31 December 2002

1. Summary of significant accounting policies

The consolidated Financial Report of the economic entity comprises AMP Limited (the parent entity) and all entities which AMP Limited controlled from time to time during the year and at balance date (the Group).

(a) Basis of accounting
The Financial Report is a general purpose Financial Report which has been prepared in accordance with the requirements of the Corporations Act 2001, applicable Australian Accounting Standards and other mandatory professional reporting requirements in Australia (Urgent Issues Group Consensus Views).

The Group is predominantly a financial services operation conducted through life insurers and financial institutions. The assets, liabilities, revenues and expenses of the Group's life insurance operations are measured on the basis of net market value and net present value. The assets and liabilities integral to the general insurance activities are measured on the basis of net market value and net present value. All remaining activities within the Group are accounted for in accordance with the historical cost convention.

(b) Comparative information
Where necessary, comparative information has been reclassified to enhance comparability with current period disclosures.

(c) Changes in accounting policies
Accounting policies in this Financial Report are consistent with those of the previous year except where noted.

Disclosures and presentation changes have been adopted throughout the Financial Report. The changes do not affect the calculation of net profit (loss) nor statement of financial position carrying amounts.

(d) Principles of consolidation
Controlled entities acquired are accounted for using the purchase method of accounting. Information from the Financial Reports of controlled entities is included from the date the parent entity obtains control until such time as control ceases. Where there is a loss of control of a controlled entity, the consolidated Financial Report includes the results for the part of the reporting period during which the parent company had control.

This Financial Report consolidates the financial information of controlled entities prepared for the same reporting period as the parent entity using consistent accounting policies. Adjustments are made to bring into line any dissimilar accounting policies which may exist.

The life insurance operations of controlled entities are conducted within separate life insurance funds containing both policyholder and shareholder interests. The activities of these funds are reported in aggregate with all other shareholder interests in the Group's statement of financial performance, statement of financial position and statement of cash flows.

All intercompany balances and transactions including unrealised profits arising from intra-group transactions, have been eliminated in full.

(e) Cash at bank and on deposit
For the purposes of the statements of cash flows, cash comprises cash on hand which is available on demand, deposits held at call with banks usually available within 24 hours and other tradeable investments not subject to significant risk of change in value with short periods to maturity, net of outstanding bank overdrafts and deposits in.

For the purposes of the statements of financial position, cash comprises cash on hand which is available on demand and deposits held at call with banks usually available within 24 hours.

Cash on hand, deposits at call and bank overdrafts are carried at their principal amount. Interest revenue on deposits and interest expense on bank overdrafts are recorded as revenues and expenses as they accrue.

(f) Receivables
Receivables are carried at nominal amounts due less any provisions for impairment, except in relation to reinsurance claims which are discounted to present value consistent with discounting of outstanding claims.

Financing receivables integral to the life and general insurance activities of the Group are reported at market value. The resulting unrealised gains and losses are recognised in the statement of financial performance.

(g) Investments
Investments held by non-life insurance entities and investments within the general insurance entities which are not integral to the general insurance activities are held at the lower of cost and recoverable amount except for marketable securities held for resale which are recorded at net market value. Investments by AMP Limited in controlled entities are recorded at the lower of cost or recoverable amount.

Investments held by life insurance entities and those integral to general insurance activities have been recorded at net market value including an allowance for estimated realisation costs. Where no quoted market values exist, various methods determined by internal and external valuers are adopted by the Directors. In those cases, the values adopted are considered equivalent to net market value. Details of particular methods adopted are as follows:

Equity securities
(i) Ordinary and preference shares, equity options (included in equities) and investments in unit trusts that are not controlled entities are recorded at net market value. Where no quoted market value exists, a Directors' valuation with reference to various recognised valuation methods including net tangible assets, cash flows and earnings multiples is used;

1. Summary of significant accounting policies continued

(ii) Investments in controlled entities of life insurance operations that do not have quoted market values are recorded at Directors' valuations. For the majority of controlled entities this valuation has been determined by reference to the net tangible assets, the anticipated discounted cash flows or a multiple of earnings of the controlled entity. Also refer to Note 1(k) Excess of market value over net assets of controlled entities;

(iii) Investments in associated entities are recorded at Directors' valuation with reference to the life insurance entity's proportionate interest in the net market value of each associated entity using the basis described in (i) above; and

(iv) Investments in partnerships and joint ventures are recorded at Directors' valuation with reference to the life insurance entity's proportionate interest in the market value of each partnership or joint venture at balance date based on their anticipated discounted cash flow or net tangible assets, as applicable.

Debt securities

(i) Interest-bearing securities listed on stock exchanges are shown at quoted prices at balance date. Unlisted interest-bearing securities are valued using interest rate yields obtainable on comparable listed investments; and

(ii) Loans are recorded at market value based on discounting the estimated recoverable amount using prevailing interest rates.

Property

(i) Freehold and leasehold properties, including owner-occupied properties, are recorded at current net market values. For properties held in respect of investment-linked business, a Directors' valuation is determined annually, or more frequently as required, with reference to qualified independent valuations. For properties held in respect of other classes of life insurance business, a Directors' valuation is determined annually with reference to qualified internal valuers, with values of selected major properties certified by qualified independent valuers.

Investment synthetics and derivatives including financial futures and forward exchange contracts, interest rate swaps, exchange traded and other options, and forward rate agreements are recorded at net market value and included in the investment asset category being hedged.

(h) Operating assets

Operating assets are carried at cost less accumulated depreciation. Depreciation is provided on a straight-line basis over a period of three to 10 years. The written down value approximates net market value in the life insurance operations.

(i) Other assets

Deferred acquisition costs – general insurance

A portion of acquisition costs relating to unearned premium revenue is deferred in recognition that it relates to a future benefit. Deferred acquisition costs are measured at the lower of cost and recoverable amount. Deferred acquisition costs are amortised over the financial years expected to benefit from the expenditure.

Capitalisation of costs

Costs are capitalised and carried forward only where the costs relate to the creation of an asset with expected future economic benefits which is capable of reliable measurement. Otherwise all costs are recognised as expenses in the period they are incurred.

Capitalised costs are amortised over the estimated useful life of the asset being a period not exceeding five years, commencing at the time the asset is first put into use or held ready for use (whichever is the earlier).

(j) Intangibles

Where controlled entities of non-life insurance entities are consolidated, the excess of purchase price over the fair value of identifiable net assets of controlled entities is goodwill and is amortised on a straight line basis over the period during which benefits are expected to be received not exceeding 20 years. All purchased goodwill is currently being amortised over a period not greater than 20 years.

(k) Excess of market value over net assets of controlled entities

Interests in controlled entities held by life insurance companies are subject to revaluation each period, such that the investment in the controlled entity is recorded at net market value.

Where a life insurer consolidates a controlled entity, any differences between the net assets of the controlled entity and the market value of the controlled entity as recorded in the life insurer's financial statements is shown as 'Excess of market value over net assets of controlled entities'. This excess represents future benefits expected to be derived from the business which are not reflected in the book values of the underlying assets and liabilities of the entity.

Changes in the amount of this excess are included in consolidated investment revenue. The excess is not required to be amortised in the financial statements. Further details are provided in Note 11.

(l) Taxes

The new Business Tax System (Consolidation and Other Measures) No.2 Bill 2002 was passed on 21 October 2002. AMP Limited has not yet elected to enter tax consolidation for 2002. In future years, as a result of this legislation, tax balances will no longer be recorded by subsidiaries if they form part of a consolidated tax group. Tax balances for the consolidated tax group will be recorded in the financial statements of AMP Limited. To the extent that a subsidiary has deferred tax balances arising from timing differences that are expected to reverse before the implementation of tax consolidation, there will be no effect. Where deferred tax assets relating to timing differences are expected to reverse after the implementation of tax consolidation, AMP Limited has the intention to compensate the subsidiary for any net deferred tax assets or charge the subsidiary for any net deferred tax liabilities that remain as at the implementation date on a dollar for dollar basis.

Notes to the financial statements continued
for the year ended 31 December 2002

1. Summary of significant accounting policies continued

Income tax expense
Income tax expense applicable to life insurance businesses within the Group reflects tax imposed on shareholders as well as policyholders and unattributed life funds.

Accounting Standard AASB 1038: 'Life Insurance Business' requires income tax expense applicable to shareholders as well as all other interests to be reflected in the statement of financial performance for the Group.

Income tax expense on all other businesses within the Group is based on the applicable local tax rates and is calculated after adjusting for permanent differences between taxable and accounting income.

Deferred tax balances
The Group has adopted the liability method of tax effect accounting. The tax effect of timing differences, which arise from items being brought to account in different periods for income tax and accounting purposes, are deferred and carried forward in the statement of financial position as a deferred tax asset or a deferred tax liability. These amounts are offset where the associated tax payable and the realisable benefit are expected to occur in the same period.

Deferred tax assets are not brought to account unless realisation of the asset is assured beyond reasonable doubt. Deferred tax assets relating to tax losses are only brought to account when their realisation is virtually certain.

Deferred tax assets and deferred tax liabilities within the life insurance entities have been discounted to present value using reasonable assumptions as to future levels of interest rates, average periods for which each asset category of investments will be held, the tax rate applicable to the respective classes of business and the tax regime in each country of operation. Deferred tax assets and deferred tax liabilities within non-life insurance entities are not discounted.

Goods and services tax
The Group operates across a number of tax jurisdictions and offers products and services which may be subject to various forms of goods and services tax imposed by local tax authorities.

All revenues, expenses and assets are recognised net of any goods and services tax (GST) paid, except where they relate to products and services which are input taxed for GST purposes or the GST incurred is not recoverable from the relevant tax authorities. In such circumstances the GST paid is recognised as part of the cost of acquisition of the assets or as part of the particular expense.

Receivables and payables are stated with the amount of GST included. The net amounts of GST recoverable from or payable to the tax authorities are included as a receivable or payable in the statement of financial position.

Cash flows are reported on a gross basis reflecting any GST paid or collected. The GST component of cash flows arising from investing or financing activities which are recoverable from, or payable to local tax authorities are classified as operating cash flows.

(m) Payables
Trade and other creditors are recognised for amounts to be paid in the future for goods and services received, whether or not billed to the entity.

(n) Unearned premiums
Unearned premiums represent premium revenue attributable to future accounting periods.

In respect of life insurance operations, unearned premiums represent those premiums due after, but received before the end of the financial period.

For direct general insurance and inwards reinsurance classes of business, unearned premiums are determined by apportioning the premiums written in the financial period commensurate with the risk profile of the premiums.

(o) Outstanding claims
General insurance
The liability for outstanding claims at balance date comprises claims which have been reported but not yet paid, claims incurred but not yet reported, claims incurred but not enough reported and the anticipated direct and indirect costs of settling these claims.

The liability includes an allowance for inflation and superimposed inflation and is measured as the present value of the expected future cost of settling claims. The present value is calculated by discounting the liability using risk adjusted market rates of return on investments.

Outstanding claims are determined by internal or independent actuaries on a best estimate basis in accordance with Actuarial Standards.

A prudential margin is added to the claims to increase the probability that the liability is adequately provided. The level of prudential margin has been set having regard to the volatility and predictability of the claims portfolio.

(p) Provisions
Employee entitlements
Provision is made for employee entitlement benefits accumulated as a result of employees rendering services up to the balance date. These benefits include salaries and wages, annual leave and long service leave.

Liabilities arising in respect of salaries and wages, annual leave and any other employee entitlements expected to be settled within 12 months of the reporting date, are measured at their nominal amounts. All other employee entitlements are measured at the present value of the estimated future cash outflows to be made in respect of services provided by employees up to the reporting date. In determining the present value of future cash outflows, the interest rates attaching to government guaranteed securities which have terms to maturity approximating the terms of the related liability are used.

1. Summary of significant accounting policies continued

Any contributions made to the Group's defined benefits superannuation plans by entities within the Group are recorded as expenses when due.

Employee share and option plans
There is no employee entitlement expense recognised on issue or exercise of shares, performance rights or options issued to employees as remuneration for services. An indicative fair value is disclosed in Note 31(c). Any consideration received on issue or exercise of these instruments is recorded as contributed equity.

Pensions, transfers and opt-outs
In common with other life insurance entities in the UK which have written pensions, transfer and opt-out business, the Group's UK operations have provisions for the review and possible redress relating to personal pension policies. These provisions are calculated using data derived from both a detailed file review of specific cases and from a statistical review of other outstanding cases.

As the provisions are part of policyholder funds, the shareholder portion (generally 10%) is determined in accordance with the profit sharing arrangements of each fund, the exception being Pearl Assurance Unit Linked Pensions, London Life Limited and Towry Law where any change in the provision is fully attributable to the shareholders.

(q) Borrowings and subordinated debt
Bank loans and deposits are measured at the principal amount. Bonds, notes and subordinated debt, including subordinated bonds and income securities, are recognised at issue date and are reported at historical cost, being their face value, or discounted value.

Discounts or premiums and ancillary costs incurred in connection with arrangement of borrowings are amortised over the lesser of the term to maturity or earliest redemption date, but not exceeding 10 years.

(r) Contributed equity
Ordinary share capital is recognised at the fair value of consideration received by the company.

(s) Foreign currency translation reserve
All overseas operations are deemed self-sustaining as each is financially and operationally independent of the parent entity. The accounts of overseas operations are translated using the current rate method and any resulting exchange differences for overseas operations:

(i) Controlled other than by life insurance companies are taken directly to the foreign currency translation reserve; and

(ii) Controlled by life insurance companies are included in investment gains (losses) consistent with market value accounting.

Upon disposal or part disposal of a self-sustaining foreign operation, the balance of the foreign currency translation reserve relating to the operation, or to the part disposed, is transferred to retained profits.

(t) Outside equity interests – AMP Reset Preferred Securities Trust
The consideration received from the issue of AMP Reset Preferred Securities by AMP Reset Preferred Securities Trust, a controlled entity of AMP Limited, is recognised net of issue costs. A description of the AMP Reset Preferred Securities is provided in Note 21.

(u) Premium and related revenue
Life insurance
Premiums are separated into their revenue and deposit components. Premium amounts earned by providing services and bearing risks are treated as revenue. Other premium amounts received which are in the nature of deposits, are recognised as an increase in policy liabilities.

Premiums with no due date or fixed amount are recognised on a cash received basis. Premiums with a regular due date are recognised on an accruals basis. Unpaid premiums are only recognised during the days of grace or where secured by the surrender value of the policy and are reported as outstanding premiums and classified as receivables in the statement of financial position.

General insurance
General insurance and inwards reinsurance premium revenue comprise amounts charged to the policyholder or other insurers, including fire service levies but excluding stamp duties and GST collected on behalf of third parties.

The earned portion of premiums received and receivable, including unclosed business, is recognised as revenue from ordinary activities.

(v) Investment gains (losses)
Dividend and interest income is brought to account on an accruals basis when the Group obtains control of the right to receive the interest income or dividend revenue.

Net realised and unrealised gains (losses) represent changes in the measurement of net market values in respect of all investments recognised at net market value, as described in the investments Note 1(g) above.

(w) Fee income
Management and performance fee income is recognised when the right to receive fees has been established. Management and performance fees are calculated in accordance with the investment management agreements with clients. Performance fees are recognised on an estimated basis supported by the latest performance criteria available.

Loan fees received represent cost recovery or charges for services and are recognised as income on an accruals basis.

Notes to the financial statements continued
for the year ended 31 December 2002

1. Summary of significant accounting policies continued

(x) Claims expense

Life insurance

Claims are separated into their expense and withdrawal components. Claims which relate to the provision of services and bearing of risk are treated as expenses. Other claim amounts, which are in the nature of withdrawals, are recognised as a decrease in policy liabilities.

Claims are recognised when the liability to the policyholder under the policy contract has been established or upon notification of the insured event depending on the type of claim. Claims on non-investment linked business are recognised when the insured event occurs or is notified depending on the nature of the claim.

General insurance

Claims expense is recognised as claims are paid or as movements in outstanding claims occur.

(y) Outward reinsurance premiums expense and claims recoveries

Premiums ceded to reinsurers for both life insurance and general insurance businesses are fully recognised as an expense over the period of cover. Outward reinsurance premiums expense is classified as claims expense in the statement of financial performance.

Reinsurance and other recoveries receivable on paid claims and outstanding claims are fully recognised as revenue when claims are paid or the outstanding claim is raised. Outward reinsurance recoveries are classified as revenue in the statement of financial performance.

(z) Operating expenses

Basis of apportionment of operating expenses

Life insurance expenses are apportioned between acquisition and maintenance costs. Expenses which are directly attributable to an individual policy or product are allocated directly to a particular expense category, fund, class of business or product line as appropriate. Where expenses are not directly attributable, they are apportioned based on detailed expense analysis having regard to the objective in incurring that expense and the outcome achieved. The apportionment has been made in accordance with Actuarial Standard 1.03: Valuation of Policy Liabilities (Valuation Standard), issued by the Life Insurance Actuarial Standards Board.

Investment management expenses of life insurance operations along with all other shareholder expenses relating to the Group's non-life insurance operations are classified as other operating expenses.

Expenses of controlled entities of life funds represent the business costs of policyholder investments which are consolidated into the results for the Group and do not directly impact shareholder profitability.

(aa) Borrowing costs

Borrowing costs include interest, amortisation of discounts or premiums relating to borrowings, amortisation of ancillary costs incurred in connection with arrangement of borrowings and finance lease charges. Borrowing costs are charged as an expense as they accrue.

Discounts or premiums and ancillary costs incurred in connection with arrangement of borrowings are amortised over the lesser of the term to maturity or earliest redemption date, but not exceeding 10 years.

(bb) Allocation of life insurance operating profit under Margin on Services (MoS)

For the Australian and New Zealand life insurance business, operating profit, determined by applying the principles of MoS as prescribed in the Life Insurance Act 1995 (Life Act), is allocated between shareholders and participating policyholders. Profit, once allocated to participating policyholders, can only be distributed to policyholders, unless approved otherwise by the regulators.

Profit allocated to Australian and New Zealand policyholders is shown as part of expenses, being an increase in liabilities. Bonus distributions to those policyholders are merely a change in the nature of the liability from unvested to vested.

For UK life insurance operations, the profit arising in the with-profits funds is also determined on the basis of the Australian requirements. The allocation of profit between shareholders and policyholders is made solely for the purpose of producing the consolidated accounts of AMP. Distributions from UK with-profits funds are governed by UK statutory requirements which are not based on Life Act principles. For this reason the AMP consolidated statement of financial performance and statement of financial position do not ascribe non-shareholder profit and equity in UK life funds specifically to policyholders. However, for the purposes of the description of principles of allocation in the following paragraphs, the term 'policyholders' includes equity interest in UK life funds not explicitly attributable to shareholders.

The bonuses distributed to UK with-profits policyholders are shown as part of expenses. The distribution is supported from the unattributed life funds, the movement in which is therefore shown below the net profit (loss) line as a movement in other equity interests. The net result is that the remaining profit is solely that which is attributable to shareholders, as per the allocation below.

The principles of allocation of the life insurance profit determined under MoS are as follows:

(i) *Investment income (net of tax and investment expenses)* on retained earnings in respect of AMP Life's participating business and Pearl Assurance's and London Life's with-profits business is allocated between policyholders and shareholders in proportion to the balances of policyholders' and shareholders' retained earnings. In AMP Life these proportions are 80:20. In Pearl Assurance and London Life, these proportions are approximately 90:10;

1. Summary of significant accounting policies continued

(ii) Other MoS profits arising from AMP Life's participating business (excluding the additional tax attributable to shareholders in respect of Australian superannuation business) are allocated 80% to policyholders and 20% to shareholders, except for Preservation Superannuation Account (RSA and ERF) business where for 2002 they are allocated 88% to policyholders and 12% to shareholders;

(iii) The additional 15% tax levied on taxable income to shareholders in respect of Australian superannuation business is allocated to shareholders only;

(iv) For Pearl Assurance's and London Life's with-profits business the assumed allocation to shareholders is one ninth the cost of best estimate bonuses, measured on the same basis as is used to value liabilities for the purpose of the companies' UK regulatory returns. Other MoS profits are allocated such that the proportion of shareholders' retained earnings in the with-profits funds does not move significantly from 10% over time;

(v) All profits arising from non-participating (without-profits) business, including net investment returns on shareholder capital and retained earnings in life funds (excluding retained earnings dealt with in (i) above) are allocated to shareholders;

(vi) All the profits arising from the life insurance funds of NP Life accrue to the policyholders of that fund. Conversely, all the profits arising from the life insurance funds of NPI Limited accrue to the shareholders, with the exception of the investment component of profits on unitised with-profits business which accrue fully to policyholders (net of investment expenses and cost of capital).

(cc) Foreign currency translations

Transactions denominated in foreign currencies are converted to local currency at the rate of exchange ruling at the date of the transaction.

Amounts outstanding at the balance date denominated in foreign currencies have been converted to local currency using the appropriate rate of exchange ruling at balance date.

Except for certain specific hedges and hedges of foreign currency operations, all resulting exchange differences arising on settlement or restatement of balances denominated in foreign currencies are brought to account in determining the net profit (loss) for the period. Transaction costs, premiums and discounts on forward currency contracts are deferred and amortised over the life of the contract.

Exchange gains and losses on transactions hedging investments in foreign operations:

(i) Controlled other than by life insurance companies are taken to the foreign currency translation reserve on consolidation; and

(ii) Controlled by life insurance companies are taken to the statement of financial performance as investment gains (losses).

Exchange gains and losses on hedging transactions intended to hedge specific future revenue or expense items in foreign operations:

(i) Controlled other than by life insurance companies are deferred and included in the measurement of those items; and

(ii) Controlled by life insurance companies are taken to the statement of financial performance as investment gains (losses).

(dd) Derivative financial instruments

The Group is exposed to changes in interest rates and foreign exchange rates from its activities. The Group uses derivative financial instruments such as: interest rate swaps, forward rate agreements, futures, options and forward foreign exchange contracts. Derivative financial instruments are held for risk management purposes and not for the purpose of speculation. The Group does not hold a derivative trading portfolio.

To qualify as a hedge, the swap, forward, futures or option position must be designated as a hedge at its inception and be effective in reducing the market risk of an existing asset, liability, firm commitment or anticipated transaction. A hedge is considered to be effective where there is a high probability of the transaction occurring and the extent, term and nature of the exposure is capable of being estimated. Effectiveness of the hedge is evaluated on an initial and on going basis by comparing the correlation of the change in market or fair value of the hedge with the changes in the value of the hedged item.

Derivatives that are designated and effective as hedges are accounted for on the same basis as the instruments they are hedging.

For other than life insurance companies, costs arising at the time of entering into hedge transactions are brought to account in the statement of financial performance over the lives of the hedge contracts. For life insurance companies, costs arising at the time of entering into hedge transactions are recognised in the statement of financial performance in the period in which the costs are incurred.

If a derivative that is used to manage an interest rate exposure is terminated early, any resulting gain or loss is deferred and amortised to the statement of financial performance over the remaining period originally covered by the terminated contract.

(ee) Loan securitisation

The Group's banking operation, through its loan securitisation programme, sells mortgage loans to securitisation vehicles that in turn issue asset backed securities to investors. In such transactions, AMP receives fees for various services provided to the programme on an arm's length basis, including servicing fees and management fees. These fees are recognised over the period in which the services are provided. The Group also provides arm's length interest rate swaps and loan facilities to the programme in accordance with the APRA Prudential Guidelines.

Business and geographic segment information

Australian Financial Services (AFS) – Australian Financial Services provides financial planning, investment services, superannuation and life insurance products in Australia and New Zealand.

UK Financial Services (UKFS) – UK Financial Services provides savings, investment, insurance, retirement products and financial planning services.

Henderson Global Investors (HGI) – Henderson Global Investors provides investment management services including private capital and property portfolios and socially responsible investments.

AMP Banking – AMP Banking provides mortgage and savings products and credit card services in Australia, New Zealand and the UK and property finance services in Australia and New Zealand. The credit card portfolio was sold on 23 December 2002 and a structured sale process is currently underway for AMP Banking's property finance business in Australia and New Zealand and the UK and New Zealand mortgage businesses.

General Insurance – comprises corporate insurance operations, mortgage insurance operations and reinsurance operations. In 2001 the amount includes the general insurance business which was sold in July 2001.

Other – includes the provision of support services to the business units, corporate funding, investment of shareholder capital not allocated to reportable segments, as well as non core businesses previously reported as part of AMP International, but which are no longer reportable segments. In 2002, other includes proceeds from the sale of Cogent of $366 million (net of sale costs).

Notes:

1. In 2001, an amount of $1,698 million has been reclassified and is now treated as withdrawals recognised as a reduction in life insurance policy liabilities to ensure comparability with the current year. The changes do not affect the calculation of net profit (loss).
2. In 2001, an amount of $299 million has been reclassified out of claims expense to correctly reflect reinsurance and other recoveries as revenue to ensure comparability with the current year. The changes do not affect the calculation of net profit (loss).
3. Operating expenses in 2002 includes $489 million of restructuring costs before tax ($344 million after tax). The major areas of restructuring include redundancies, the consolidation of operating sites, rationalisation of computer systems and elimination of duplication across the management and support functions.
4. Other operating expenses includes the operating expenses of investment controlled entities providing various non financial services such as mining, farming and retailing.

Notes to the financial statements continued
for the year ended 31 December 2002

5. Income tax

The Financial Report of a group that includes a life insurer is required to recognise income tax expenses and benefits irrespective of whether they relate to policyholders or shareholders. Accordingly, a reconciliation between income tax expense (credit) and prima facie net profit (loss) at the current corporate income tax rate is not able to be prepared and is not included in the Financial Report.

The income tax rates and the basis for taxation relating to shareholder interests differ significantly from those relating to policyholder interests and other interests. The rates of taxation applicable to the taxable income of significant classes of business are as follows:

	2002 %	2001 %
(a) Australia		
Ordinary life insurance business	**30**	30
Complying superannuation	**15**	15
Non-complying superannuation	**30**	30

Notes:
1. In 2001, an amount of $1,275 million has been reclassified out of reinsurance and other recoveries to correctly eliminate intragroup reinsurance transactions and ensure comparability with the current year. The same amount has been reclassified out of policy liabilities ceded under reinsurance (Note 22).
2. In 2001, an amount of $75 million for prepayments has been reclassified out of receivables to other assets to ensure comparability with the current year.

1. Amounts transferred from excess of market value over net assets of controlled entities to goodwill include:
   2002: (i) $223 million as part of the review of the Group's UK operations and structure; and
   (ii) $25 million as part of the further restructure of the remaining GIO businesses.
   2001: (i) $715 million as part of the restructure of a number of GIO businesses.

11. Excess of market value over net assets of controlled entities

	CONSOLIDATED		PARENT	
	2002 A$ MILLION	2001 A$ MILLION	2002 A$ MILLION	2001 A$ MILLION
AG Australia Holdings Limited[1]	–	34	–	–
AMP Japan Co Limited[2]	–	21	–	–
AMP (NPI) Holdings Limited[4,5,6]	**653**	1,373	–	–
Henderson Global Investors (Holdings) plc[3,5]	**928**	958	–	–
Interactive Investor Limited / Ample[4,5]	–	74	–	–
Pearlinvest Limited	–	28	–	–
Towry Law plc[4,5]	**229**	412	–	–
Other[4]	**15**	26	–	–
Total excess of market value over net assets of controlled entities	**1,825**	2,926	–	–

The excess of market value over net assets of controlled entities represents future benefits expected to be derived from the business which are not reflected in the book values of underlying assets and liabilities of the entities.

Notes:
1. Following the restructure of the remaining GIO businesses $25 million was transferred to goodwill and following a review of the market value of AG Australia Holdings, the remaining excess of market value over net assets of controlled entities has been written down to Nil.
2. Following a review of the market value of AMP Japan Co Limited the excess of market value over net assets of controlled entities has been written down to Nil.
3. During 2002, $43 million was realised on the sale of Cogent operations held by Henderson Global Investors (Holdings) plc.
4. During 2002, $761 million was written off following a review of the market value of these entities at 31 December 2002.
5. Apart from the matters referred to above, other changes in excess of market value over net assets of controlled entities mainly reflect exchange rate fluctuations.
6. At 31 December 2001, the market value of AMP (NPI) Holdings Limited included the market value of NPI Limited and also AMP (UK) Services Limited. Following the review of the Group's UK operations and structure and as a result of the move of NPI Limited into a historical cost environment, the excess of market value over net assets amounting to $223 million has been transferred to goodwill. At 31 December 2002, the future benefits derived from AMP (UK) Services Limited depend upon the terms of the Management Services Agreement agreed with its client companies. Due to the restructuring of the UKFS business units, and in particular the closure of the Pearl Fund to most with-profit products, these terms will be renegotiated and further approval will be obtained from the Financial Services Authority in 2003. A key assumption underpinning the value shown above for this company is management's best estimate of the outcome of these negotiations.

Balance at the end of the year		**5,001**	4,613	**5,001**	4,613

Ordinary shares have the right to receive dividends as declared and, in the event of the winding up of the company, to participate in the proceeds from the sale of all surplus assets in proportion to the number of and amounts paid up on shares held.

Notes:
1. Under the terms of the Dividend Reinvestment Plan, shareholders may elect to have all or part of their dividend entitlements satisfied by the issue of new shares rather than by being paid in cash. The interim dividend in 2002 and the 2001 final and interim dividends involved the issue of shares under this plan at $11.40, $18.90 and $17.80 respectively. Commencing from the October 2002 interim dividend, the Dividend Reinvestment Plan is underwritten until the interim dividend in 2003, expected to be paid in October 2003. Issue costs associated with the underwriting amount to $3 million.
2. These shares were issued to eligible shareholders under a share purchase plan. The shares were issued at an average price of $18.89 (2001: $18.62) per share.
3. The former members of AMP Society exchanged their membership rights for shares in AMP Limited on demutualisation. 1,043,336,755 (2001: 1,043,333,045) shares have been issued to former members at an issue price of $3.00 per share.
4. An on-market share buy back was announced in May 2002 for capital management reasons. The intention was to acquire a maximum number of shares to the value of $400 million between 30 May 2002 and 31 December 2002. The buy back was halted in August 2002 due to poor investment markets.

17. Dividends, distributions and franking credits account

	NOTE	CONSOLIDATED 2002 A$ MILLION	CONSOLIDATED 2001 A$ MILLION	PARENT 2002 A$ MILLION	PARENT 2001 A$ MILLION
(a) Interim dividend paid on ordinary shares					
Dividend of 26 cents per ordinary share franked to 15% at tax rate of 30% (2001: 25 cents per ordinary share franked to 15% at tax rate of 30%)		**295**	280	**295**	280
(b) Final dividend proposed on ordinary shares					
Dividend of 20 cents per ordinary share franked to 15% at tax rate of 30% (2001: 26 cents per ordinary share franked to 15% at tax rate of 30%)	13	**232**	293	**232**	293
Total dividends paid and proposed	19	**527**	573	**527**	573
(c) Dividend franking account[1,2]					
Dividend franking credit balance		**80**	120	**1**	6

The company's ability to utilise the franking account credits depends on there being sufficient available profits to declare dividends.

Notes:
1. Balance of franking account adjusted for:
   - Franking credits which will arise from the payment of income tax provided for in the financial statements;
   - Franking debits arising from the payment of the above dividends; and
   - Franking credits that the entity may be prevented from distributing in the subsequent financial year.
2. With effect from 1 July 2002, Australian tax legislation requires companies to maintain franking accounts on an Australian income tax paid basis rather than on Australian taxed profit basis as was previously the case. In accordance with this legislation, the franking account balances at 30 June 2002 are converted so that the opening balances on 1 July 2002 reflect the Australian income tax paid amounts. The prior year franking account balances have not been restated and are determined on an Australian taxed profit basis.

18. Earnings per share

(a) Classification of equity securities

Only ordinary shares have been included in the calculation of basic earnings per share. Options over unissued ordinary shares, performance rights and AMP Reset Preferred Securities have been classified as potential ordinary shares and have been considered in the calculation of diluted earnings per share.

All options and the AMP Reset Preferred Securities have been determined not to be dilutive for 2002.

Since the end of the financial year and up to the date of this report there have been no movements in options, shares and AMP Reset Preferred Securities, except for the lapse of 873,764 options, the grant of 85,000 options and the grant of 82,297 performance rights.

Balance at the end of the year		**2,661**	4,084	**4,060**	4,010

Notes:
1. The capital reserve is the balance remaining from the amount capitalised in 1998 on the demutualisation of AMP Society after allotting shares to former members under the terms of the demutualisation. Minor adjustments are made from time to time which involve the issue of further shares to former members.
2. Exchange differences arising on translation of foreign controlled entities within the Group are taken to the foreign currency translation reserve as described in Note 1(s).

Notes to the financial statements continued
for the year ended 31 December 2002

20. Unattributed life funds

For those UK life insurance funds which include participating business, only 10% of the assets in excess of the policy and other liabilities calculated under MoS, ie $610 million (2001: $692 million) can, in the context of the UK regulatory environment, be definitively attributed to shareholders. The remaining 90%, ie $5,494 million (2001: $6,232 million) is deemed to be equity which is not specifically attributable to shareholders' or policyholders' interests, and is referred to in these financial statements as unattributed life funds.

In recent years, bonus distributions to UK with-profit policyholders have exceeded the level supported by actual experience, because of the need to support bonuses in a way that is consistent with the reasonable expectations of policyholders. The balance of the cost of bonus distributions has been met from the unattributed life funds. The need to support bonus levels is expected to continue in the medium term, consistent with accepted UK industry practice. In the absence of a significant recovery in equity markets, it is now likely that a significant proportion of the unattributed life funds will be utilised in this way.

The following table shows the movements in unattributed life funds for the period.

The impact of exchange rate movements is accounted for through the foreign currency translation reserve, and not through the statement of financial performance.

21. Outside equity interests

(a) Outside equity interests – AMP Reset Preferred Securities Trust

During 2002, AMP Henderson Global Investors Limited, a wholly owned entity, as Responsible Entity of the AMP Reset Preferred Securities Trust, a controlled entity, issued 11,500,000 non-maturing AMP Reset Preferred Securities (RPS) at A$100 each, with a preferred, non-cumulative, twice yearly distribution (24 April and 24 October) payable in arrears. AMP's equity interest in the Trust is represented by one ordinary unit. The remaining units are held by outside interests and therefore the Trust is classified as outside equity interest.

The annual distribution rate is currently set at 8.62% pa until the first reset date on 24 October 2007. Each successive reset date will be determined by AMP, with approval of APRA in certain circumstances. APRA currently requires that the period between reset dates be five years.

The payment of a distribution on RPS is subject to certain payment and liquidation limitations included in the terms of the issue. AMP has the discretion as to paying a distribution. Where a distribution is not paid in full, AMP is restricted in paying a dividend on ordinary shares, or making a distribution on any share capital (other than share capital which ranks in priority to the preference shares which, subject to AMP's ordinary shareholders resolving to amend the AMP Limited Constitution to permit their issue, will be issued and held in the AMP Reset Preferred Securities Trust ('Preference Shares')) or redeem, reduce, cancel or acquire for any consideration any of its outstanding share capital, unless these restrictions are lifted in accordance with the terms of the issue.

At each reset date and upon the occurrence of certain specific events, holders of RPS may request conversion into ordinary shares of AMP. The Conversion Ratio is determined with reference to an average of the daily volume weighted average sale prices of AMP ordinary shares sold, in the 20 days immediately preceding conversion. The AMP Directors may resolve instead, that a sale of those RPS to a third party be arranged and the cash proceeds delivered to the RPS holder. Until the first reset date, the conversion discount currently available to RPS holders is 2.5% to the prevailing market price of AMP ordinary shares, subject to certain conditions. Upon the occurrence of certain specific events, AMP may require conversion into ordinary shares of AMP in accordance with the terms of the issue.

RPS rank in priority of payment to ordinary shareholders, but are subordinated to all policyholders and creditors. While the RPS are on issue, AMP must not, without RPS holder approval, issue shares, or allow shares (or other securities) to convert into ordinary shares, that rank in priority to preference shares.

RPS holders have no right to vote at general meetings of AMP.

Total policyholder liabilities	**116,245**	128,913	–	–
Policyholder liabilities subject to capital guarantees	**52,041**	49,880	–	–

Notes:
1. For businesses valued by the projection method, the value of future charges for acquisition expenses is not an identified component of the policy liabilities.
2. Future policy benefits include bonuses credited to policyholders in prior periods but exclude current year and future bonuses.
3. Future bonuses exclude current year bonuses.
4. Where the accumulation method of valuation is used, policy liabilities are divided into the two components – value of future policy benefits and value of future charges for acquisition expenses.
5. An amount of $1,275 million has been reclassified in 2001 out of policy liabilities ceded under reinsurance to correctly eliminate intragroup reinsurance transactions and ensure comparability with the current year. The same amount has been reclassified out of reinsurance and other recoveries within receivables (Note 6).
6. Policy liabilities in respect of National Provident Life Limited ('NPI Closed Fund').

(e) Life insurance policy liabilities valuation

Policy liabilities, and hence the net profit of life insurance businesses, are established by applying the principles of Margin on Services (MoS). MoS is the financial reporting methodology for Australian life insurance companies as prescribed under the Life Insurance Act 1995 (Life Act). Policy liabilities are determined in accordance with Actuarial Standard 1.03: Valuation of Policy Liabilities (Valuation Standard) issued by the Life Insurance Actuarial Standards Board under the Life Act.

The life insurance business of the Group's overseas subsidiaries is not directly subject to the Life Act. However, policy liabilities arising in all of the Group's life insurance subsidiaries have been calculated on the basis of the Australian requirements for the purpose of producing AMP Limited consolidated accounts.

The policy liabilities and solvency reserves for all life insurance businesses have been determined at the reporting date, and relevant actuarial officers within those businesses are satisfied as to the accuracy of the data used in those calculations.

The methods and profit carriers used to calculate policy liabilities for particular policy types are as follows:

BUSINESS TYPE	METHOD	PROFIT CARRIERS (FOR BUSINESS VALUED USING PROJECTION METHOD)
Conventional	Projection	Bonuses
Investment account	Projection / Modified accumulation	Interest credits
Investment-linked	Projection / Accumulation	Asset under management charges
Allocated annuity	Accumulation / Modified accumulation	Interest credits
Risk	Projection / Accumulation	Expected claim payments
Annuity	Projection	Annuity payments

Under the projection method, estimates of policy cash flows (premiums, benefits, expenses and profit margins to be released in future periods) are projected into the future. The projected profit margins are expressed as a percentage of the relevant profit carrier. The policy liability is calculated as the net present value of these projected cash flows.

Under the accumulation method for investment products the policy liability is the accumulation of amounts invested by policyholders, less fees specified in the policy plus investment earnings. This accumulation may be adjusted to the extent that acquisition expenses are to be recovered from future margins between fees and expenses. A similar approach is used for some risk business except that the basic accumulation is the amount of unearned premium plus outstanding and unreported claims at the valuation date.

For group investment account business and some individual investment account business, a modified accumulation approach is used which allows for the fact that crediting rates are determined by reference to investment income over a period longer than one year.

All the profits arising from the life insurance fund of NP Life accrue to the policyholders of that fund. As shareholders have no direct interest in that fund, the policy liabilities for that business are equal to the net assets of the relevant life insurance funds.

Approximate methods have been used in the calculation of policy liabilities for some products for which the liabilities and profit are not material.

Set out below is a summary of the key assumptions used in the calculation of policy liabilities.

(i) Discount rates (investment earnings)
For products matched closely by portfolios of fixed interest securities, the assumed earning rate is the implied yield on the total portfolio of matching assets less an appropriate margin for default risk.

The assumed earning rates for other business are largely driven by long term (eg 10 year) government bond yields. The bond yields used at 31 December 2002 were (2001 in parentheses):

	LONG TERM BOND YIELD
Australia	5.2% (6.1%)
New Zealand	6.2% (6.9%)
United Kingdom	4.5% (5.1%)

22. Life insurance business continued

For products backed by mixed portfolios of shares, property and fixed interest securities, the assumption then varies with the proportion of each asset sector backing the product. Assumed earning rates for each asset sector are determined by adding to the bond yield various risk premia which reflect the relative differences in expected future earning rates for different countries and asset sectors. The risk premia applicable at 31 December 2002 were (2001 in parentheses, where different):

	AUSTRALIA	NEW ZEALAND	UK
Local Equities	3.5% (4.0%)	3.6% (3.1%)	3.3% (3.0%)
International Equities	2.9% (3.0%)	2.9% (3.0%)	2.9% (3.0%)
Property	2.4% (2.0%)	2.0%	2.0%
Corporate Bonds	0.5%	0.5%	0.5%
Other Fixed Interest	0.0%	0.0%	0.0%
Cash	-1.0%	-1.0%	-1.0%

For 2002, the risk premia for equities and Australian property include an allowance for the extent to which the relevant market is perceived to be under or over valued relative to bond markets.

Consistent with the above, minor changes have also been made to the assumed mix between future income and capital gains for the purposes of estimating future tax.

At 31 December 2001 an explicit allowance was made for transaction costs, averaging 0.2%. At 31 December 2002 no explicit allowance is made, the cost being allowed for implicitly in the risk premia.

Some significant changes in assumed asset mix have occurred in those funds containing participating business. The broad asset mixes for such funds at 31 December 2002 were (*2001 in parentheses*):

	EQUITIES	PROPERTY	FIXED INTEREST	CASH
Statutory Fund 1 (Australia)	28% (32%)	16% (17%)	42% (40%)	14% (11%)
Statutory Fund 1 (NZ non IL)	43% (55%)	18% (21%)	34% (23%)	5% (1%)
Pearl Long Term Fund	33% (63%)	14% (9%)	38% (26%)	15% (2%)
London Life With Profits Funds	41% (56%)	11% (11%)	46% (31%)	2% (2%)

Where the assumption used is net of tax, then tax on investment income is allowed for at rates appropriate to the country, class of business and asset sector, including any allowance for imputation credits on equity income.

(ii) Future growth in unit prices
For investment-linked business the assumed future rates of growth of unit prices are the discount rates (determined as above) less appropriate allowance for management fees.

(iii) Future participating benefits
For participating business, the total value of future bonus (and the associated shareholders' profit margin) which is included in policy liabilities is the amount supported by the value of supporting assets after allowing for the assumed future experience. The pattern of bonuses and shareholder profits assumed to emerge in each future year then depends on the assumed relationship between reversionary bonus (or interest credits) and terminal bonus. This relationship is set to reflect the philosophy underlying actual bonus declarations.

There have been no changes to the basis on which the assumed future relationship between reversionary bonus and terminal bonus is determined, although the level at which business is pooled for determining supportable bonuses has been increased at Pearl, consistent with management methodology, developments in UK regulations and industry practice.

Actual bonus declarations are determined to reflect, over time, the investment returns of the particular fund and other factors in the emerging experience and management of the business. These factors include allowance for a reasonable degree of smoothing; reasonable expectations of policyholders; equity between generations of policyholders and across different classes and types of business; and on-going solvency and capital adequacy. Given the many factors involved, the range of bonus structures and rates for AMP's participating business is extremely diverse.

(iv) Future maintenance expenses
Unit maintenance costs are based on budgeted expenses (including GST as appropriate and excluding one-off expenses) in the year following the reporting date, increased by the rate of inflation set out below. These expenses include fees charged to the life funds by service companies. Unit costs vary by product line and class of business based on an apportionment which is supported by expense analyses.

Future investment expenses are based on the fees currently charged by the asset managers.

Notes to the financial statements continued
for the year ended 31 December 2002

22. Life insurance business continued

(v) Inflation and indexation
Annual inflation rates of 2.1%, 2.6% and 1.8% are assumed for Australia, New Zealand and the UK respectively (2001: 2.6% for Australia, 2.4% for New Zealand and 1.9% for the UK). The assumptions for expense inflation are based on these rates, having regard also to the terms of the relevant service company agreements.

Benefits and premiums under many regular premium policies are automatically indexed. Assumed future take-up of these indexation options is based on AMP's own experience.

(vi) Basis of taxation
The bases of taxation in each country (including deductibility of expenses) are assumed to continue in accordance with current legislation. Refer to Note 5 for details.

(vii) Voluntary discontinuance
Rates for the incidence of withdrawals, paid-ups and premium dormancy are based on recent investigations of experience. The rates are based upon individual global rates for each of the product groups which are then adjusted for either duration or age attained, as appropriate. Given the variety of influences affecting discontinuance for different product groups, the range of voluntary discontinuance rates across the Group is extremely diverse.

Future rates of discontinuance at 31 December 2002 are unchanged from those assumed at 31 December 2001 apart from:

- In Australia, increases ranging from 1% pa to 2% pa to withdrawal rates for retail superannuation, risk and allocated annuity business combined with some reductions for group superannuation and closed ordinary investment-linked and investment account products;
- In New Zealand, increase in withdrawal rates for disability and reduced rates for term and investment account products; and
- In UK, increase in withdrawal rates for risk business at Pearl.

(viii) Surrender values
The surrender bases assumed are those current at the reporting date. During 2002, there have been no changes to these which would materially affect the valuation results.

(ix) Mortality and morbidity
Standard mortality tables applicable to each country are used (eg IA95-97 and IM(F)80 in Australia and New Zealand, AM(F)80 and RM(C)V92 in the UK). These standard tables are based on national or industry wide data. They are then adjusted by factors which take account of AMP's own experience. For annuity business adjustment is also made for mortality improvement prior to and after the valuation date.

Assumed rates of mortality at 31 December 2002 are, in some instances, lower than those assumed at 31 December 2001, to reflect increased longevity of the population. In particular, rates of annuitant mortality have been reduced; by 1% in Australia and New Zealand and 12% to 20% at NPI. Following analysis of recent experience, no change in annuitant mortality assumptions has been made at Pearl or London Life.

For the incidence of lump sum disability, standard tables are not available and so the assumptions are based on recent AMP and industry experience. There have been no significant changes to these assumptions over the year.

For Australian disability income business, the most suitable table available is CIDA85, which is based on North American experience. It is extensively adjusted for AMP's experience with the adjustment dependent on age, sex, waiting period, occupation, smoking status and claim duration. As at 31 December 2002 changes have been made to the occupation factors such that, on average, the assumed rates of claim incidence are about 5% lower than those assumed at 31 December 2001.

(f) Policy acquisition costs – life insurance
Policy acquisition costs are the fixed and variable costs of acquiring new business and include the related commission, policy issuing and underwriting costs, agency expenses and other sales costs. The actual acquisition costs incurred in life businesses are recorded in the statement of financial performance.

The future recovery of acquisition costs is taken into account in determining life insurance policy liabilities. The acquisition costs to be recovered are determined as the excess (if any) of the actual costs incurred over the explicit initial policy charges. Losses are recognised at inception where future profits are insufficient to recover net acquisition costs.

(g) Unvested policyholder benefits
For those Australian and New Zealand life insurance funds which include participating business, part of the assets in excess of the policy and other liabilities calculated under MoS is attributed to policyholders. Under the Life Act this is referred to as policy owner retained profits.

For the purpose of reporting under Accounting Standard AASB 1038 this is referred to as unvested policyholder benefits and is treated as liabilities due to policyholders, as it represents amounts that have been allocated to participating policyholders generally, although they are yet to be vested in specific policyholder entitlements.

22. Life insurance business continued

(h) Restrictions on assets
Investments held in the life funds can only be used within the restrictions imposed under the Life Act, and the Financial Services and Markets Act 2000, and the rules of the relevant regulators in each country. The main restrictions are that the assets in a fund can only be used to meet the liabilities and expenses of that fund, to acquire investments to further the business of the fund or as distributions when solvency, capital adequacy and other regulatory requirements are met.

(i) Solvency and capital adequacy
Life insurance companies are required to hold prudential reserves over and above their policy liabilities, as a buffer against adverse experience and poor investment returns. The minimum level of reserves required to be held by the AMP Group to support policyholder benefits is laid down by the Life Act and accompanying actuarial standards in Australia and by the rules of the Financial Services Authority in the UK. The AMP Group holds additional amounts within its life insurance subsidiaries to ensure a higher level of security for policyholder benefits.

At 31 December 2002, AMP Life's available assets across all its statutory funds were approximately 58% higher (2001: 77% higher) than the required solvency reserve.

In the UK, a common measure of financial strength is the free asset ratio, being the value of admissible assets and any implicit items less the value of statutory liabilities and the required minimum margin expressed as a percentage of the total liabilities. This measure is particularly relevant for companies with a substantial proportion of participating (with-profits) business. The full calculation of these items as at 31 December 2002 will be finalised and submitted to the UK regulator by the end of March 2003. The best estimate available of the free asset ratios of the entities for which the measure is most relevant were approximately 2% (2001: 5%) for Pearl, 3% (2001: 5%) for London Life and 2% (2001: 8%) for NPI Closed Fund.

(j) Disaggregated information
AMP's life insurance business is conducted through a number of life insurer entities in Australia and in the UK. All of the Australian life insurance business is conducted by AMP Life Limited.

Under the Life Act, the life insurance business is conducted within one or more separate statutory funds which are distinguished from each other and from the shareholders' fund. The financial statements of Australian life insurers prepared in accordance with AASB 1038, (and which are lodged with the relevant Australian regulators) show all major components of the financial statements disaggregated between the various life insurance Statutory Funds, and the Shareholders Fund.

Notes to the financial statements continued

Direct insurance	**1,552**	1,517	–	–
Inwards reinsurance	**1,577**	2,255	–	–
Total outstanding claims	**3,129**	3,772	–	–

(c) Outstanding claims details

The following range of inflation rates (normal and superimposed) and discount rates were used in the measurement of outstanding claims and reinsurance recoveries:

	FOR YEAR ENDED 31 DEC 2002		FOR YEAR ENDED 31 DEC 2001	
	YEAR ENDING 31 DEC 2003 %	SUBSEQUENT YEARS %	YEAR ENDING 31 DEC 2002 %	SUBSEQUENT YEARS %
Direct insurance				
Inflation rate[2]	**0 – 10.0**	**0 – 10.0**	0 – 10.0	0 – 10.0
Discount rate	**3.0 – 4.8**	**3.0 – 5.6**	4.0 – 5.5	4.0 – 7.5
Inwards reinsurance				
Inflation rate[2]	**0**	**0**	0	0
Discount rate	**3.0 – 4.0**	**3.0 – 4.0**	4.5 – 4.7	4.5 – 4.7

Economic inflation decreases the purchasing power of money and superimposed inflation is the escalation of claim payments due to changes in court awards and community attitudes etc.

The weighted average expected term to settlement of the outstanding claims from the balance date is estimated to be 3.4 years (2001: 3.2 years) for direct insurance and 3.2 years for inwards reinsurance (2001: 2.8 years).

Notes:
1. Reinsurance claims recoverable are included in Receivables (Note 6).
2. For inwards reinsurance and some direct insurance, inflation is allowed for implicitly in the method used to determine outstanding claims.

(d) Acquisition of controlled entities

In the course of normal operating investment activities, AMP life insurance entities acquire equity interests in entities including unit trusts. In some cases, acquisition transactions result in AMP holding a controlling interest in the investee entity. The underlying net assets of such entities typically comprise investment assets including cash, and the consideration paid for a particular acquisition reflects the fair value of the investment assets acquired at the date of acquisition after taking into account minority interests.

From time to time, AMP also acquires equity interests in operating entities. Details of significant acquisitions of such entities are set out below:
2002: There were no significant acquisitions of controlled operating entities during 2002.
2001: On 3 August 2001, AMP acquired the independent financial advisory company Towry Law plc in the UK.

25. Financial instruments

(a) Interest rate risk

The following tables provide information about financial assets and financial liabilities showing the weighted average effective interest rate and the earlier of the contractual repricing or maturity date for each class of interest bearing financial instrument in the statement of financial position.

Life insurance operations are conducted within life insurance funds containing policyholder, shareholder and unattributed interests. All of these interests are included in the consolidated statement of financial position for the Group in accordance with AASB 1038: 'Life Insurance Business'.

The management of the risks associated with investments undertaken by life insurance funds including interest rate risk, is subject to the requirements of the relevant local regulatory requirements, which for Australia are governed by the Life Insurance Act 1995 in Australia, Financial Services and Markets Act 2002 in the UK and the rules of the relevant regulator in each country. This includes satisfying solvency requirements, which requires statutory reserves to be held specifically to address interest rate risk to the extent that assets are not matched against liabilities. A substantial portion of the interest-bearing financial assets outlined in the following tables represent investments held in life insurance funds in respect of policyholder and unattributed interests.

The net fair value estimates for financial assets and liabilities of the Group are based on the following methodologies and assumptions:

Financial assets

Cash at bank and on deposit

The carrying value of cash at bank and on deposit approximates their net fair value as they are short term in nature. Details of balances comprising cash at bank and on deposit and valuation methods applied are outlined in Note 1(e).

Receivables

Receivables comprise balances carried at nominal amounts due less any provision for impairment, and receivables integral to the general insurance or life insurance operations of the Group which are either discounted to their present value or reported at their market value. In each case the carrying values approximate their net fair value. Further details in relation to the valuation methods adopted are outlined in Note 1(f).

Equity securities

Equity securities, the majority of which are listed, are carried at market value based on either their quoted market prices or Directors' valuations. In each case their carrying values approximate their net fair value. Further details in relation to the valuation methods applied are outlined in Note 1(g).

Debt securities – loans secured

The net fair value of loans secured are calculated by utilising a discounted cash flow model (the net present value of the future principal and interest cash flows), based on the maturity of the loans. As loans secured are unlisted, the discount rates applied are based on the yield curve appropriate to the remaining term of the loans.

Loans secured may be carried in excess of fair value due to fluctuations in interest rates on fixed rate loans. As the fluctuations in fair value do not represent a permanent diminution and the carrying amount of the loans is recorded at recoverable amount after assessing the required impairment provision, it is not appropriate to restate their carrying amount.

Debt securities – other

Other debt securities include interest bearing securities, unsecured loans, loans to associated entities, convertible notes or debt securities held through unit trusts. Most of these assets are held in life funds and are market valued. Details of valuation methods are outlined in Note 1(g).

Financial liabilities

Payables

Payables comprises trade creditors, policies in the process of settlement and other creditors. Accounts payable are carried at nominal amounts due. The carrying values of accounts payable approximate their net fair value.

Borrowings

Borrowings comprise domestic commercial paper and various floating rate and medium term notes. Their net fair value is estimated by discounting their cash flows at market fair value rates appropriate for their respective maturity. Further details in relation to the valuation methods applied are outlined in Note 1(q).

Notes to the financial statements continued
for the year ended 31 December 2002

25. Financial instruments continued

Subordinated debt
Subordinated debt for the Group comprises various subordinated guaranteed bonds, and AMP income securities. As these instruments are listed securities their fair value is determined with reference to their actual quoted market prices at balance date. Further details in relation to the valuation methods applied are outlined in Note 1(q).

Derivative financial instruments
Interest rate swap agreements
The net fair value of interest rate swap agreements is determined as the difference in present value of the future interest cash flows. This is the estimated amount which the Group would receive or pay to terminate the contracts at the reporting date. The discount rates applied were based on quoted market prices.

Forward foreign exchange contracts
The net fair value of forward foreign exchange contracts is determined at balance date by applying the closing quoted market spot rate. This is the estimated amount which the Group would receive or pay to terminate the contracts at the reporting date.

(c) Credit risk exposures
The maximum exposure to credit risk at balance date in relation to each class of recognised financial asset is the carrying amount of those assets as indicated in the statement of financial position.

At balance date, AMP had no specific concentration of credit risk with a single counterparty arising from the use of financial instruments other than the normal clearing house exposures associated with dealings through recognised exchanges.

The counterparties to off-exchange contracts are limited to companies with strong credit ratings. The credit risks associated with these counterparties are assessed under the same management policies as applied to direct investments in AMP's portfolio.

(d) Derivative financial instruments entered into for hedging purposes
Derivative transactions undertaken by life insurance controlled entities as part of life insurance operations
The Group uses derivative financial instruments as a means of hedging against the impact of market movements on the value of assets in the portfolio and as a means of effecting a change in the asset mix of the portfolio so as to reduce and eliminate risks. AMP's policy is to trade in derivatives only to hedge existing financial market risk and not for the purpose of speculation.

During 2002 various UK entities within the AMP Group entered into equity derivative transactions as a means of protecting their regulatory solvency positions. As at 31 December 2002 these positions remained open.

In respect of the risks associated with the use of derivative financial instruments, price risk is controlled through the setting of exposure limits which are subject to detailed monitoring and review. Foreign exchange hedges are monitored on a regular basis to ensure they are effective in the reduction of price risk.

All derivatives including financial futures, forward foreign exchange contracts, interest rate swaps, exchange traded and other options and forward rate agreements are recognised, recorded at market value and included in the investment asset category being hedged. The weighted average effective interest rate of each interest bearing investment asset incorporates the effective interest rate of all instruments including derivatives in the asset class.

Derivative transactions undertaken by non life insurance controlled entities
The principle of using derivative financial instruments for hedging in AMP Treasury and Banking operations is to minimise financial risk from movements in interest rates and foreign exchange rates. To achieve this objective, a combination of derivatives including swaps, futures, forwards and options in the interest rate and foreign exchange markets may be used. A description of each of these derivatives is shown below:

(i) Swaps – a swap transaction obliges the two parties to the contract to exchange a series of cash flows at specified intervals known as payment or settlement dates.

(ii) Forward contracts – a forward rate agreement is an agreement between two parties establishing a contract interest rate on a notional principal over a specified period commencing at a specific future date.

(iii) Futures contracts – a futures contract is similar to a forward contract. A futures contract obliges its owner to buy a specific underlying commodity or financial instrument at a specified price on the contract maturity date (or to settle the value for cash). Futures contracts are exchange traded.

(iv) Options – an option contract gives the option holder the right, but not the obligation, to buy or sell a specified amount of a given commodity or financial instrument at a specified price during a certain period or on a specific date. The writer of the option contract is obliged to perform if the holder exercises the right contained therein.

(e) Securitisation
During the year mortgages totalling $1,413 million (2001: $1,265 million) were sold into a securitisation vehicle. At 31 December 2002 AMP has outstanding securitised assets amounting to $2,322 million (2001: $1,462 million) after allowing for amortisation of the initial assets securitised.

The securities issued by the securitisation programmes do not represent deposits or other liabilities of the Group. The Group does not in any way stand behind the capital value and/or performance of the securities or the assets of the programme except to the limited extent provided in the transaction documents for the programme through the provision of arm's length services and facilities as outlined in Note 1(ee). The Group does not guarantee the payment of interest or the repayment of principal due on the securities. The Group is not obliged to support any losses that may be suffered by the investors and does not intend to provide such support. The Group has no right to repurchase any of the securitised loans and no obligation to do so.

25. Financial instruments continued

(f) Terms, conditions and accounting policies

The accounting policies and terms and conditions for each class of financial asset and financial liability at the balance date are outlined in Note 1. Further details in relation to the terms and conditions of financial instruments are also provided in Note 15 in relation to subordinated debt and Note 24 in relation to cash, deposits and financing arrangements.

Terms and conditions relating to borrowings are outlined following:

29. Contingent liabilities

The following are not recognised in the statement of financial position:

(a) Litigation and Arbitration

(i) In June 2002, legal proceedings were commenced in a US Federal Court in Portland, Oregon against AMP Life Limited (AMPL), AMP Henderson Global Investors Limited (AMPHGI) and several current and former officers of AMP Limited (AMP) and its subsidiaries. The plaintiffs allege, among other things, that the defendants breached duties owed to the plaintiffs arising out of oral agreements with AMPL and fiduciary duties owed to the plaintiffs as a result of AMPL's 90% shareholding in a private capital investment (with respect to which AMPHGI served as investment adviser). The plaintiffs and their affiliate were 10% shareholders in this investment.

In January 2003, AMPL filed a separate action in a US State Court in Oregon against the plaintiffs and others involved in the management of the company in which AMPL has invested. AMPL's claims include breach of fiduciary duty, negligent misrepresentation, fraud and breach of relevant securities laws.

Both the federal and state court proceedings are at an early stage and it is too early to determine their ultimate outcome.

(ii) A request for arbitration was filed before the London Court of International Arbitration on 23 January 2003 against AMP Private Capital Pty Limited (now Henderson Private Capital Pty Limited). The dispute arises from a joint venture agreement for the management of private equity funds in India.

Damages sought against AMP Private Capital Pty Limited exceed $A53 million (US$30 million). It is too early to determine the extent, if any, of its potential liability.

(iii) On 31 August 1999, proceedings were commenced in the Federal Court of Australia against GIO Australia Holdings Limited (now AG Australia Holdings Limited) – now a wholly owned subsidiary of AMP, Grant Samuel & Associates Pty Limited and a number of former directors of GIO.

The proceedings are brought on behalf of certain shareholders in GIO Australia Holdings Limited at the time of the takeover offer (announced by AMP Limited on 25 August 1998) who owned shares continuously between 25 August 1998 and 4 January 1999, other than shareholders related to the defendants.

The applicant asserts that an independent expert's report prepared by Grant Samuel and other information provided by GIO Australia Holdings Limited in its Part B Statement (issued in response to AMP Limited's takeover offer) was misleading in that shareholders were not adequately informed of certain risk factors concerning GIO Reinsurance. The applicant seeks damages against the defendants, including GIO Australia Holdings Limited.

AG Australia Holdings Limited has filed cross-claims against PricewaterhouseCoopers (Partnership), PwC Securities Limited, Macquarie Bank Limited and Grant Samuel & Associates Pty Limited who were its advisers in relation to the AMP takeover offer.

Grant Samuel has joined GIO Insurance Limited (now Gordian RunOff Limited) as a cross defendant to the proceedings.

These proceedings are still not at the stage where the Group is able to determine the extent, if any, of its potential liability.

(iv) In the course of normal business operations AMP is exposed to legal issues which involve litigation.

(b) Contingent liabilities which are considered to be covered under an insurance policy, but where indemnity has not been granted yet, are not reported here, to avoid making an admission which prejudices the insurer's rights.

(c) As part of the AMP Society demutualisation process, the AMP(UK) Ltd shares held by AMPOI (a NZ subsidiary of AMP Life Ltd), were restructured.

The Internal Revenue Department (IRD) issued a binding ruling in or about late 1997 indicating that the financial transactions involved in the restructure would be non taxable. The IRD has recently (6/12/02) advised AMP Life Limited that it contests the treatment of the restructure as non taxable and intends to issue a Notice of Proposed Adjustment ('NOPA'). The IRD has alleged that the previous ruling was based on the provision of insufficient information and misrepresentation by AMP, which is denied by AMP.

AMP Life disputes the IRD's position and, at the date of this report, has commenced judicial review of the IRD's proposed action on the basis that the previous ruling should stand. The initial estimate of tax involved is NZ$125 million but at this stage it is not possible to estimate with certainty the amount, if any, of the company's potential liability.

(d) In the normal course of business, the Group enters into various types of investment contracts that can give rise to contingent liabilities. These include foreign exchange contracts, financial futures, interest rate derivatives and exchange traded options. These contracts are entered into in the normal management of the investment portfolio.

(e) AMP Limited has given an undertaking to the Australian Prudential Regulation Authority (APRA) in relation to AMP Bank Limited to comply with the ongoing requirements of APRA.

(f) AMP Limited has entered into a deed to provide capital maintenance and liquidity support to AMP Bank Limited.

(g) In the normal course of business, AMP enters into various types of business contracts that give rise to contingent liabilities. These include guarantees for performance obligations and undertakings for maintenance of net worth and liquidity support to controlled entities in the Group.

29. Contingent liabilities *continued*

30. Superannuation commitments

AMP contributes to a number of superannuation funds that exist to provide benefits for employees and their dependants on resignation, retirement, disability or death of the employee. Certain employees in the funds have benefits based on defined benefit arrangements, however new employees are generally offered only defined contribution style benefits. AMP entities and employees make contributions as specified in the rules of the respective funds.

Details are provided below of the major defined benefit funds contributed to by AMP in the year ended 31 December 2002.

	ACCRUED BENEFITS A$ MILLION	NET MARKET VALUE OF PLAN ASSETS A$ MILLION	NET SURPLUS A$ MILLION	VESTED BENEFITS A$ MILLION	DATE MEASURED
AMP Officers' Provident Fund[1]	867	920	53	840	31-03-2002[2]
AMP UK Staff Pension Scheme[3,4]	4,483	5,360	877	N/A[4]	31-12-2001[2]
AMP (New Zealand) Staff Superannuation Plan[3]	53	87	34	53	01-01-2000[2]

Notes:
1. Contributions by AMP to the AMP Officers' Provident Fund, on a basis recommended by the Fund Actuary, amounted to $43 million in 2002 (2001: $Nil).
2. Dates of the last actuarial valuations of these funds.
3. In view of significant surpluses, AMP did not make full regular contributions to these funds. AMP will recommence full regular contributions when it becomes appropriate to do so based on the scheme rules and on actuarial advice.
4. Vested benefits as defined in accounting standards in Australia are not normally calculated by UK funds of this type. In each case, vested benefits would be substantially the same as, or less than, the accrued benefits.

Notes to the financial statements continued
for the year ended 31 December 2002

31. Employee share and option plans

(a) Option Plans

(i) Options have been granted to employees other than executives under the Employee Option Plan, and to executives under the Executive Option Plan. The exercise price for the options granted at listing in June 1998 was the base price (A$16.00). For all subsequent grants, the exercise price is based on the market price at the date of the grant. The Board Remuneration Committee, in determining the exercise price, is able to approve a 5% discount to the market price. Other than options granted at listing in 1998 which lapse five years from the date of grant, all other options may generally be exercised between three and ten years after the date they are granted as long as any applicable exercise conditions are met.

(ii) Options were granted in 1998 and 1999 to a small number of senior executives under the Performance Share and Option Plan to reward outstanding achievement and to provide retention and motivation incentives. The exercise price on these options is A$Nil. There have been no further grants under this plan.

Holders of options under these plans do not have any right, by virtue of the option, to participate in any share issue of the company or any related body corporate or in the interest issue of any other registered scheme.

A table showing the 2002 movements in the option plans is included later in Note 31.

Since the end of the financial year and up to the date of this report, 85,000 options have been granted pursuant to a legal settlement. The exercise price of these options is $16.13 (35,000 options) and $16.49 (50,000 options) and may be exercised until 31 December 2003. Since the end of the financial year and up to the date of this report, 873,764 options have lapsed. The total number of options on issue at 26 February 2003 under all plans is 33,847,913.

(b) Share Plans

(i) The Executive Share Ownership Plan was approved by the Board on 23 February 2000 (Restricted Plan).

- Shares were issued for no consideration to a small number of senior executives under the Restricted Plan in 2000, 2001 and 2002. These shares are generally subject to restrictions on transfer for three years from the date of issue. If an executive ceases to be an employee during that time, the shares will be forfeited unless the Board Remuneration Committee determines otherwise. Under the Restricted Plan, 10,000 shares were granted for no consideration on 28 March 2002 when the share price was $19.44.
- As part of the executive short-term incentive programme for 2002, selected executives were invited to nominate to receive part of any 2002 short term incentive bonus as shares through the Restricted Plan as follows:
  - (a) certain senior executives must nominate to receive 30% of any 2002 short term incentive as shares; and
  - (b) approximately 200 executives may elect to take 25% of any 2002 short term incentive as shares.

  The price at which the shares are acquired by the executives is based on the average market price of the shares at the time they are acquired. The shares are generally subject to restrictions on transfer for three years from the date of allocation. Subject to the terms of the Restricted Plan, each participating executive will receive for no additional payment one share for every share held in the plan for a minimum of three years (matching shares).

(ii) The Reward Share Plan and the Access Share Plan give all employees the opportunity to acquire shares at a 5% discount. Shares issued to employees under the Reward Share Plan are subject to restrictions on transfer for three years from the date of issue, but the restrictions are lifted on cessation of employment. After the three year period, employees are entitled to receive, for no additional payment, one further share for every 10 shares held under the Reward Share Plan. The last offer made under the Reward Share Plan and the Access Share Plan was in September 2000. During the year, 5,501 shares were acquired under these plans. These plans have effectively been replaced by the Share Ownership and Share Acquisition Plans described in (v) below.

(iii) The UK Share Save Scheme involves a form of payroll savings. Eligible employees who wish to purchase shares contribute a monthly amount to a savings account. At the expiration of three years, the employees have the option to use the funds in the account (plus interest) to subscribe for shares. The last offer made under the UK Share Save Scheme was in March 2000. A table showing the 2002 movements is included later in Note 31.

(iv) Under the Henderson remuneration policy, there may be a requirement for some executives to defer an element of their short term incentive (STI) awards, growth equity bonus scheme (GEBS) and performance fees. A mandatory deferral applies above certain levels of award and is processed via the Deferred Equity Plan (DEP). Under DEP, executives can defer into AMP shares and or Henderson products. The deferred monies are paid directly to a trustee who purchases the nominated investments and holds them in trust. Under the two year DEP (applies to STI / performance fee deferrals), 50% of the investment units / shares are released to the employee at the end of the first year, the other 50% at the end of year two. Under the three year DEP (applies to GEBS), there is an element of matched units / shares.

31. Employee share and option plans continued

(v) In 2001, the Employee Share Ownership Plan (ESOP), the Employee Share Acquisition Plan (ESAP) and the All Employee Share Ownership Plan (AESOP) were approved by the Board. Under the plans, eligible employees were invited to apply for approximately A$1,000 (£400) worth of shares for no consideration.

- Eligible Australian or New Zealand employees could elect to participate in either the ESOP or the ESAP. Employees participating in the Australian / New Zealand plans were issued with 56 shares priced at A$17.85 (based on market price of shares at the time). Under the ESAP, employees may also elect to contribute part of their fixed pay and any bonuses towards acquiring shares. As an additional incentive for employees to acquire shares, each participating employee receives (for no additional payment) one share for every 10 shares that are held in the plan for a minimum of three years (to a maximum of 100 shares).
- Eligible UK employees could elect to participate in the AESOP. Employees participating in the UK plan were issued with 63 shares priced at £6.31 (based on market price of shares at the time). The AESOP also allows for employees to contribute up to 10% of their gross earnings towards acquiring shares, with similar incentives to the ESAP.

(vi) The Henderson Long Term Value Sharing Incentive Plan was introduced for the benefit of eligible employees in the Henderson business unit. Participants may forego a percentage of their annual cash bonus during the performance period in return for units in the plan. Henderson will match these units on the basis of service and whether it achieves its business earnings targets in each of the three years. The value of the units can go up or down, depending on whether Henderson meets, exceeds or misses a hurdle rate that gives an agreed rate of return on capital. At the end of the three-year period, 50% of the value of the units as determined under the plan will be paid in cash and 50% of the value will be applied to acquire shares bought on market at that time. These shares are subject to restrictions on transfer for three years from the date of issue.

(vii) The International Employee Share Ownership Plan (IESOP) was adopted by the Board in 2001. In 2002, amendments to it were approved. Under the IESOP plan, approximately 600 selected executives were invited to apply for performance rights which are a right to acquire a share if the applicable performance hurdles are satisfied over a three year performance period.

After the performance period, the number of performance rights capable of being exercised is calculated based on AMP's financial performance as measured by reference (over the performance period) to:

- Total shareholder return compared with 50 S&P/ASX 100 companies, for 25% of the performance rights granted to an executive; and
- Total shareholder return compared with 50 international companies in the life insurance and wealth management industry, for 50% of the performance rights granted to an executive; and
- AMP earnings per share, for 25% of the performance rights granted to an executive.

An executive is not entitled to shares before the performance rights become exercisable. If a performance hurdle is satisfied, a specified number of performance rights, as determined in accordance with the terms of issue, will become exercisable *performance rights. The exercisable performance rights* can then be exercised at any time before the expiry date (generally a further two years), otherwise they will lapse. Until performance rights are exercised, the executive will not be entitled to vote or receive dividends in respect of those performance rights.

Full vesting will only occur if AMP shares outperform 75% of the 50 S&P/ASX 100 companies and 50 international companies in the life insurance and wealth management industry and AMP's earnings per share grow by more than 12% per annum.

Nil vesting will occur if AMP shares outperform less than 50% of the 50 S&P/ASX 100 companies and 50 international companies in the life insurance and wealth management industry and AMP's earnings per share grow by less than 7% per annum.

One share will be issued or transferred to the executive, fully paid, on exercise of each performance right.

In December 2002, 3,222,975 performance rights were granted under the IESOP.

This grant includes 200,000 performance rights granted to the Managing Director and Chief Executive Officer which are subject to shareholder approval (to be sought at the forthcoming Annual General Meeting).

Since the end of the financial year and up to the date of this report, 82,297 performance rights have been granted.

(c) Fair value of equity instruments granted

Existing financial reporting rules do not require the measurement and disclosure of any expense or value for the allocation of equity instruments to employees. However, it is anticipated that current deliberations by Australian and international accounting standards boards will lead to the introduction of new recognition, measurement and disclosure requirements, possibly from 2004. AMP has not recognised any expense in 2002.

An indicative fair value of the following equity instruments allocated to employees is:

Notes to the financial statements continued
for the year ended 31 December 2002

31. Employee share and option plans continued

	CONSOLIDATED 2002 A$	2001 A$
Performance rights[1,3]	**22,756,042**	–
Options[3]	**330,500**	23,189,184
Executive Share Ownership Plan (shares issued for no additional payment)[4]	**194,400**	3,730,200
Executive Share Ownership Plan (matching shares)[2,3]	**1,221,800**	–

Notes:
1. Includes 200,000 performance rights granted to the Managing Director and Chief Executive Officer which are subject to shareholder approval (to be sought at the forthcoming Annual General Meeting).
2. Includes the matching shares which may be awarded to the Managing Director and Chief Executive Officer, subject to the terms of their offer and which are subject to shareholder approval (to be sought at the forthcoming Annual General Meeting).
3. The indicative fair values at allocation date of performance rights, options and matching shares are calculated allowing for loss of dividend rights during the performance period, and a probability discount to reflect the applicable performance criteria.
4. Shares issued for no additional payments under the Restricted Plan are valued at the share price at date of grant.

31. Employee share and option plans continued

Details of options over unissued ordinary shares of AMP Limited are as follows:

Notes:
1. During 2001, there were 1,500 options incorrectly advised as lapsing. These options have since been reinstated.
2. These options were granted in respect of a contractual entitlement entered into prior to the company's decision to cease granting options announced on 4 October 2002.

Notes to the financial statements continued
for the year ended 31 December 2002

32. Remuneration of Directors and executives

(a) Directors

Fees paid to members of the Board are based on advice from the Group's remuneration specialists and external remuneration advisers appointed by the Board Nomination Committee. This advice takes into consideration the level of fees paid to Board members of other Australian corporations, the size, geographic locations and complexity of the Group's operations and the responsibilities and workload requirements of Board members.

Directors are paid a base fee in relation to service on the AMP Limited Board and for membership of one or more of its standing committees. Additional fees are paid to the Chair of each of the Board Audit and Compliance, Finance, Governance and Remuneration Committees. Mr Wallis' fees as Chairman of the Board are inclusive of his role as Chairman of the Board Nomination Committee. Individual Directors are paid fees for additional duties associated with membership of Due Diligence Committees of major projects (or other special purpose committees) on a per diem basis.

The Board Governance Committee has oversight of the fees paid to non-executive Directors of subsidiary companies of the AMP Group. For fees paid to Directors in the UK, the Committee receives advice on the appropriate level of Directors' fees for that market.

As the focus of the Board is on the long-term direction and well-being of the Group, there is no direct link between Directors' remuneration and the short-term results of the Group. However, its long-term performance relative to other large corporations is considered, among other factors, in setting the fee pool which is periodically proposed to shareholders at Annual General Meetings for approval. The current aggregate fee pool of A$2,500,000 was approved by shareholders in 1999.

Board fees are not paid to Mr Mohl or Mr Yates since the responsibilities of Board membership are considered in determining remuneration provided as part of their normal employment conditions. Details of remuneration for Mr Mohl and Mr Yates are given later in this note.

Apart from the executive Directors, Mr Mohl and Mr Yates, no current Directors of AMP Limited have been granted options or performance rights. Details of the remuneration of Mr Mohl and Mr Yates are discussed in subsequent pages regarding executive remuneration.

Each of the current non-executive Directors (except Mr Willcox) has a Retirement Allowance Agreement which provides cash benefits in the event of death or retirement from the Board. The retirement allowance is based on a sliding scale that provides a maximum benefit, after 15 years service, of five times the average fees over the three years preceding retirement or death. The Directors have determined that the current Retirement Allowance Agreements may no longer be an appropriate form of remuneration. Consideration is being given to a new long-term equity programme for Directors involving fee sacrifice to replace the current system of cash-based retirement allowances for non-executive Directors. Existing obligations to Directors will be met.

NON-EXECUTIVE DIRECTORS AT 31 DECEMBER 2002[10]	FEES FOR AMP BOARD AND COMMITTEES A$	FEES FOR OTHER GROUP BOARDS AND COMMITTEES A$	ADDITIONAL BOARD DUTIES[2] A$	SUPERANNUATION CONTRIBUTION A$	OTHER PAYMENTS[3] A$	TOTAL A$
S D M Wallis	350,000	–	–	30,566	53,275	433,841
P J Willcox[1]	34,203	–	–	3,503	4,725	42,431
Sir Malcolm Bates	107,500	249,515[4]	7,500	–	5,825	370,340
P A Cross	100,000	25,893[5]	4,500	11,714	5,825	147,932
R J Grellman	112,000	40,000[6]	55,000	18,196	5,825	231,021
Lord Killearn	107,500	138,619[7]	6,000	–	5,825	257,944
P K Mazoudier	107,500	40,000[8]	10,500	14,130	5,825	177,955
I A Renard	100,000	25,000[9]	4,500	11,688	5,825	147,013

Notes:
1. Mr P J Willcox was appointed as a non-executive Director of AMP Limited on 9 September 2002.
2. Includes fees paid for additional duties as a member of Due Diligence Committees relating to capital raising, acquisitions or divestments.
3. Relates to allowances in respect of living away from home costs (S D M Wallis only) and incidental expenses related to the business of the company.
4. Fees of £90,000 were paid to Sir Malcolm Bates as Chairman of AMP's UK Financial Services subsidiaries (A$249,515 is the equivalent based on the average exchange rate for 2002: £1 = A$2.772).
5. Fees were paid to P A Cross as a Director of AMP Bank Limited.
6. Fees were paid to R J Grellman as a Director of AMP Life Limited and Chairman of its Audit and Compliance Committee.
7. Fees of £50,000 were paid to Lord Killearn as Chairman of Henderson Global Investors (Holdings) plc (A$138,619 is the equivalent based on the average exchange rate for 2002: £1 = A$2.772).
8. Fees were paid to P K Mazoudier as a Director of AMP Life Limited and a member of its Audit and Compliance Committee.
9. Fees were paid to I A Renard as a Director of AMP Bank Limited.
10. The accrued retirement benefit entitlements as at 31 December 2002 according to each Director's Retirement Allowance Agreement were: S D M Wallis – A$1,590,972; Sir Malcolm Bates – A$1,118,295; P A Cross – A$153,236; R J Grellman – A$245,204; Lord Killearn – A$363,017; P K Mazoudier – A$207,655 and I A Renard – A$268,921. The entitlements are payable at retirement or on death and are inclusive of any accumulated superannuation guarantee contribution balances. (Notional accruals have been included for Directors with less than three years service. Upon the resignation of P A Cross on 26 February 2003, her entitlement will lapse). Mr Willcox has not entered into a Retirement Allowance Agreement.

32. Remuneration of Directors and executives continued

(b) Executives

Remuneration for senior executives is determined in accordance with remuneration guidelines established by the Board. Through the Board Remuneration Committee, the Board oversees the remuneration process. The Board approves remuneration for the Chief Executive Officer. All members of the Board Remuneration Committee are non-executive Directors who are not eligible to participate in any of the compensation programmes that the Committee oversees.

Total remuneration package

The overall remuneration mix for each executive is based on a range of factors including the role held within AMP, how critical that area of the business is and local market conditions. This translates into a different remuneration mix for different roles within different areas of AMP. Higher-level roles generally attract higher variable pay.

AMP's total remuneration package for executives (including the Chief Executive Officer) consists of the following components:

(i) Base salary – fixed pay package
(ii) Short-term incentive – variable pay
(iii) Long-term incentive – variable pay
(iv) Non-cash benefits.

Base salary

Base salary is targeted at the median of the market rate for a given position. AMP utilises a range of 80% to 120% of this amount to reflect its assessment of an individual's performance capabilities. It is reviewed each year, but there are no guaranteed increases.

Short-term incentive

Short-term incentive is provided to executives by the Executive Short Term Incentive Programme (ESP) and allows eligible participants the opportunity to earn an annual cash incentive payment, part of which may be taken or, in the case of a small number of executives, is required to be taken, as restricted shares. The ESP provides a competitive opportunity that aims to deliver total annual payment for top performers at the 75th percentile of the market rate for a given position. Eligibility, and the size of the incentive, is based on a combination of quantitative and qualitative performance measures in respect of:

(i) AMP's overall business performance;
(ii) Business Unit performance (where relevant); and
(iii) The individual's performance.

For certain senior executives, a mandatory 30% of ESP incentive payments will be made in restricted shares. This supports AMP's commitment to having executive focus tied closely to shareholder interests. Other participating executives may elect to receive 25% of their ESP payment in the form of restricted shares.

Restricted shares are acquired using pre-tax dollars and are generally held in the Executive Share Ownership Plan for three years. If the executive is still employed at AMP three years after the shares are acquired, AMP will match the shares on a one-for-one basis.

Long-term incentive

The new long-term incentive programme consists of performance rights granted under the International Employee Share Ownership Plan (IESOP), an outline of which is set out in Note 31.

Additionally, certain executives have received options granted to them prior to the Board Remuneration Committee's decision to award future long term incentives in the form of performance rights. They remain subject to the original terms of grant, including performance and tenure hurdles and exercise price.

Non-cash benefits

These include superannuation contributions and other non cash benefits, such as parental leave, in line with local country legislation and market practice.

In addition, executives may be entitled to participate in the Employee Share Acquisition Plan (ESAP) in Australia and New Zealand, or in the All Employee Share Ownership Plan (AESOP) in the UK, as detailed in Note 31.

Notes:

1. Short-term incentive payments are based on individual and business performance for 2002 and are paid in 2003. These executives will take 30% of their actual short term incentive payment in the form of AMP shares under the Restricted Plan. The price at which the shares are acquired by the executives is based on the average market price of the shares at the time they are acquired. The shares are generally subject to restrictions on transfer for three years from the date of allocation. Subject to the terms of the Restricted Plan, each participating executive will also receive for no additional payment one share for every share that is held in the plan if the executive remains employed within the AMP Group until the third anniversary of the date of acquisition of shares under the plan (matching shares).
   The indicative fair value of the matching shares (based on the market price of the shares acquired through application of the actual short term incentive payment) is A$307,200 for Mr Mohl and A$332,686 for Mr Yates.
2. Payments at cessation include statutory and other contractual entitlements and payments made in mitigation of other legal claims following external expert advice.
3. Other payments include expatriate allowances and non-cash benefits (travel, rent etc).
4. The indicative fair values at allocation date of performance rights allocated in 2002 are calculated allowing for loss of dividend rights during the three year performance period, and a probability discount to reflect the applicable performance criteria. On this basis, the value of each of the performance rights allocated at 31 August 2002 (92,278 to Mr Mohl in respect of his role as Managing Director, AFS, and 105,060 to Mr Yates as Managing Director, Henderson Global Investors) is A$7.14, and the value of each of the other 200,000 performance rights allocated to Mr Mohl as at 7 October, 2002 is A$5.86. This amounts to a total value of A$1,830,865 for Mr Mohl and A$750,128 for Mr Yates.
5. Of the performance rights granted to Mr Mohl, 200,000 are subject to shareholder approval (to be sought at the forthcoming Annual General Meeting). The shares taken in respect of A$160,200 of the actual short term incentive payment under the Restricted Plan by Mr Mohl, are subject to shareholder approval (to be sought at the forthcoming Annual General Meeting).
6. Mr Batchelor was the Managing Director and Chief Executive Officer until 23 September 2002. He ceased to be a Director on that date. Mr Batchelor received the following remuneration during 2002:
   (a) Salary of A$1,138,331;
   (b) Statutory entitlements of A$193,772;
   (c) Superannuation contributions of A$119,525; and
   (d) Non-cash benefits with a value of A$66,871.
   As at the date of this report, any further entitlements in connection with Mr Batchelor's cessation of employment are yet to be determined. The company has committed to announcing details of any such entitlements to the ASX as soon as they are determined.
7. Australian dollar equivalents for that part of remuneration paid to executives in pounds sterling in 2002 are based on the average exchange rate for 2002: £1 = A$2.772 and those paid in 2001 are based on the average exchange rate for 2001: £1= A$2.777.
8. The table details the emoluments of each executive Director and each of the five officers of the company (excluding executive Directors) receiving the highest emoluments during 2002. At the date of this report, the five highest paid officers of the company, determined by base salary, are M de Cure, General Manager, Strategy – A$700,000; C Dunn, Managing Director, AMP Financial Services – A$675,000; J Drabble, Managing Director, UK Contemporary Financial Services – A$550,000; I Laughlin, Managing Director, UK Life Services – A$550,000; P Leaming, Chief Financial Officer – A$650,000. Each of the executives is also entitled to short term incentives, superannuation contributions and long term incentives (in the form of performance rights) and other compensation related to, for example, expatriate and relocation allowances and non-cash benefits.

33. Related party disclosures

(a) Directors

The names of all persons who held office as a Director of AMP Limited during the year and the date of appointments and vacations of office during the year are:

S D M Wallis	P Willcox[1]	P J Batchelor[2]
Sir Malcolm Bates	P Cross	R Grellman
Lord Killearn	P Mazoudier	A Mohl[3]
I A Renard	R P Yates[4]	

Notes:
1. Appointed on 9 September 2002.
2. Ceased to be a Director on 23 September 2002.
3. Appointed on 7 October 2002.
4. Appointed on 4 December 2002.

Details of remuneration paid or payable to Directors and Directors of related entities are set out in Note 32.

Transactions were entered into during the year with Directors or their Director-related entities. These transactions are within a normal employee, customer or supplier relationship on terms and conditions no more favourable than those available to other employees, customers or members (unless otherwise described below) and include:

- Normal personal banking with AMP Bank Limited including the provision of credit cards;
- The purchase of AMP insurance products;
- Financial investment services.

These transactions do not have the potential to adversely affect the decisions about the allocation of scarce resources made by users of AMP's financial statements, or discharge of accountability by the Directors. The transactions are considered to be trivial or domestic in nature.

Australian banks, the parent entities of Australian banks or entities controlled by Australian banks have been exempted (subject to certain conditions), under an Australian Securities and Investments Commission ('ASIC') Class Order No. 98/0110 dated 10 July 1998, from making disclosure of:

- Any loan made, guaranteed or secured by a bank to related parties other than Directors of the Australian bank, the parent entity of the Australian bank or entities controlled by the Australian bank; and
- Financial instrument transactions between related parties (other than in respect of shares and share options), where a Director of the relevant entities is not party and where the loan or financial instrument transaction is lawfully made and occurs in the ordinary course of banking business on either an arm's length basis or with the approval of a general meeting of the relevant entity and its ultimate parent entity.

The exemption does not include a transaction which has as its subject matter goods (other than financial assets) or services.

The Class Order does not apply to a loan or financial instrument transaction which any director of the company should reasonably be aware that, if not disclosed would have the potential to adversely affect the decisions made by the users of the financial statements about the allocation of scarce resources.

A condition of the Class Order is that the company must lodge with the ASIC, a statutory declaration, signed by two Directors, confirming compliance with the provisions of the Class Order. AMP Bank Limited will be lodging such a declaration with the ASIC in its Annual Return.

(b) Loans to Directors

Loans are made to executive Directors and are categorised by the interest rate applicable to the loan.

The categorisation of interest rates applicable to loans made to executive Directors of AMP and its controlled entities is as follows:

At market interest rates:

(i) Loans where either the full market interest rate is payable, or the difference between the actual interest rate charged on the loan and the full market interest rate is deducted from the executive's remuneration package, together with any related fringe benefits tax. These loans are repayable on normal commercial terms and conditions.
(ii) Loans where the interest payable is based on the bank bill rate plus a premium and the loan is repayable over a maximum term of 10 years.
(iii) Finance Leases advanced with market interest rates, repayable over a maximum term of four years.
(iv) At other than market interest rates.

Other than market interest rates:

(i) Loans at concessional interest rates, staff discount interest rates or loans provided interest free.

The aggregate amount of such loans made, repayments received and amounts outstanding were:

33. Related party disclosures continued

(d) Other transactions of Directors
During 2002, fees for legal services totalling A$104,811 (2001: A$102,438) were paid by the Group to the legal firm, Allens Arthur Robinson. Mr I Renard (a Director of AMP) was a partner of that firm until April 2001 (and since resigning from the partnership, Mr Renard has been continuing in a consultant role) and Mr P Meadows (spouse of Ms P Cross) is a partner. Such services were provided on normal commercial terms and conditions.

During 2002, fees for legal and professional services totalling A$1,604,283 (2001: A$4,261,441) were paid by the Group to Blake Dawson Waldron, a firm in which Mr J K Peterson is a partner; Mr J K Peterson is a Director of Stanbroke Pastoral Company Pty Limited. All these transactions were on normal commercial terms and conditions.

Mr R B Hart and Mr N W F Alexander who are Directors of Valley Beef Company Pty Ltd, a controlled entity of AMP, control Stockyard Pty Limited. During the year Stockyard Pty Limited has transacted purchases and sales of beef with Stanbroke Pastoral Company Pty Limited amounting in aggregate to A$3,136,031 (2001: A$5,332,000), and paid processing fees and related expenses to Valley Beef Company Pty Ltd of A$9,496,835 (2001: A$8,460,872). These transactions were on normal commercial terms and conditions.

World Net Communications Inc. and WCI Cable Inc. were controlled entities of AMP in 2001. During 2001, professional fees totalling A$576,756 were paid by World Net Communications Inc. and WCI Cable Inc. to Inteq Ltd, a related party of Mr K Jacobs, a Director of World Net Communications Inc. and WCI Cable Inc. During 2001, World Net Communications Inc. and WCI Cable Inc. also paid advisory fees of A$196,816 to Notesan Pty Ltd, a related party of Mr R Hudspeth, a Director of World Net Communications Inc. and WCI Cable Inc. These transactions were on normal commercial terms and conditions.

Pearl Assurance plc (Pearl) has agreed to act as a third party guarantor for a housing loan to Mr C McGlasham (a Director of AMP (NPI) Finance Limited) from an external party. Both the Pearl Group and AMP (NPI) Finance Limited are controlled entities of AMP Limited. As part of the transaction Pearl will make up any shortfall in the event of the lender having to exercise its power of sale as mortgagee. The loan is also subject to a concessionary rate of interest subsidised by Pearl.

Floating Rate Unsecured Loan Notes 2006 were issued to Towry Law Plc shareholders on the takeover of Towry Law Plc by AMP. The balance of Loan Notes held by Directors of AMP controlled entities and their Director related entities was A$24,540,326 (£8,584,206) at the end of 2002 and A$24,835,672 (£8,734,706) at the end of 2001. The Loan Notes were issued to Directors and their Director related entities on terms and conditions no more favourable than those relating to other shareholders and are repayable at a future date by AMP. Interest payments were also made on normal terms and conditions.

(e) Other related party transactions
AMP controlled entities provide management services to associated unit trusts at normal commercial rates. Shares and other financial securities have been traded between AMP and respective trusts at market value.

AMP controlled entities provide management services to operating trusts with fees determined on a cost recovery basis. Interests held in associated entities (including percentage ownership) are set out in Note 27.

35. Events occurring after reporting date

At the date of this report, the Directors are not aware of any matter or circumstance that has arisen since the end of the financial year which has significantly affected or may significantly affect the operations of the consolidated entity, the results of its operations or its state of affairs, which is not already reflected in this report.

Directors' declaration

for the year ended 31 December 2002

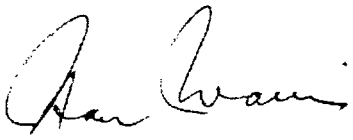
In accordance with a resolution of the Directors of AMP Limited, we state that in the opinion of the Directors:

(a) The financial statements and notes of the consolidated entity set out on pages 21 to 91 are in accordance with the Corporations Act 2001, including;

(i) giving a true and fair view of the company's and consolidated entity's financial position as at 31 December 2002 and of their performance for the year ended on that date; and

(ii) complying with Accounting Standards, Corporations Regulations 2001 and other mandatory professional reporting requirements; and

(b) There are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.



Stan Wallis
Chairman

Chairman-elect

Andrew Mohl
Managing Director and Chief Executive Officer

Sydney, 26 February 2003

Independent audit report

for the year ended 31 December 2002

To the members of AMP Limited

Scope

We have audited the Financial Report of AMP Limited for the financial year ended 31 December 2002, as set out on pages 21 to 92, including the Directors' Declaration. The Financial Report includes the consolidated financial statements of the consolidated entity comprising AMP Limited and the entities it controlled at the year's end or from time to time during the financial year. The company's Directors are responsible for the Financial Report. We have conducted an independent audit of the Financial Report in order to express an opinion on it to the members of AMP Limited.

Our audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance whether the Financial Report is free of material misstatement. Our procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the Financial Report, and the evaluation of accounting policies and significant accounting estimates. These procedures have been undertaken to form an opinion whether, in all material respects, the Financial Report is presented fairly in accordance with Accounting Standards and other mandatory professional reporting requirements in Australia and statutory requirements, so as to present a view which is consistent with our understanding of the company's and the consolidated entity's financial position and performance as represented by the results of their operations and their cash flows.

The audit opinion expressed in this report has been formed on the above basis.

Audit opinion

In our opinion, the Financial Report of AMP Limited is in accordance with:

(a) The Corporations Act 2001 including:

(i) giving a true and fair view of the company's and the consolidated entity's financial position as at 31 December 2002 and of their performance for the year ended on that date; and

(ii) complying with Accounting Standards in Australia and the Corporations Regulations 2001; and

(b) Other mandatory professional reporting requirements in Australia.

Substantial shareholders
The Company has received no substantial shareholding notices.

Total number of holders of ordinary shares and their voting rights
As at 10 March 2003, the share capital of AMP Limited consisted of 1,159,459,805 ordinary shares held by 964,165 shareholders. The voting rights attaching to the shares are that each registered holder of shares present in person (or by proxy, attorney or representative) at a meeting of shareholders has one vote on a vote taken by a show of hands, and one vote for each fully paid share held on a vote taken on a poll.

Total number of options over unissued shares and option holders
As at 10 March 2003, AMP Limited had on issue 33,847,913 options over unissued ordinary shares in AMP Limited held by 10,706 option holders.

In addition, as at 10 March 2003, there were 11,133 holders of AMP Reset Preferred Securities (RPS), holding a total of 11,500,000 RPS. Each holder of RPS holds one option over the number of ordinary shares into which they would be entitled to convert their RPS pursuant to the RPS terms of issue.

Stock exchange listings
AMP Limited is listed on the Australian Stock Exchange and on the New Zealand Stock Exchange.

Restricted securities
There are no restricted securities on issue.

Buy-back
There is no current on-market buy-back.

Glossary of terms

Assets under management
This is a collective term to describe all the assets that AMP manages on behalf of customers and shareholders, through its funds management company Henderson Global Investors.

These assets include funds invested by Henderson on behalf of its own retail, sub-advisory and institutional clients as well as those funds managed on behalf of Australian Financial Services, UK Life Services and UK Contemporary Financial Services.

Book value
The value of an asset, or liability, as recorded in the company's financial statements.

Controllable costs
These are the business costs considered to be manageable by a business unit or the Group.

They include management and project expenses but exclude variable distribution expenses, investment management fees and interest on corporate debt.

Cost to income ratio
This is a business efficiency ratio that expresses the controllable costs of a business unit or the Group as a percentage of the income of that business unit or the Group.

Technically, it is calculated as controllable costs divided by gross margin (being the net profit before tax plus controllable costs).

Distribution channels
These are the means by which AMP distributes its products and services to customers. Our distribution channels include AMP planners, independent financial advisers, third party distributors, phone centres and websites.

Earnings per share (EPS)
Earnings per share (EPS) is one measure of performance of a publicly listed company.

Basic earnings per share is calculated by dividing the net profit (loss) attributable to ordinary shareholders for a financial year by the weighted average number of shares of the company outstanding during that financial year.

Underlying earnings per share
This is calculated by dividing the underlying profit after tax (before other items) attributable to shareholders for a financial year by the weighted average number of shares of the company outstanding during that financial year.

Employee Benefit Consultants (EBC)
Employee Benefit Consultants (EBC) provide advice to corporations on the design, implementation and administration of employee benefit plans covering issues including the structure and administration of pension schemes.

It is a term more familiar in the UK market than in the Australian or New Zealand markets.

EMVONA (Excess of market value over net assets)
This is an accounting term that describes the difference between the net market value of a controlled entity (owned by a life insurance entity) and the net assets (assets less liabilities) in the controlled entity's own financial report. It is the equivalent of the intangibles, such as goodwill, carried by non-life insurance entities.

It represents part of the future benefits expected to be derived from the business that are not reflected in the book value of the net assets.

FTSE
This is an abbreviation for the Financial Times Stock Exchange index. The FTSE (pronounced Footsie) is the UK equivalent of the US S&P 500 index and the Australian All Ordinaries index.

Goodwill (an intangible asset)
This is an accounting term to describe the premium paid on the acquisition of a business or commercial right in excess of the fair value of tangible net assets acquired. It represents the intangible value of an established reputation of a business.

Mature, or closed, book
This term refers to a book or books of AMP products that are no longer actively sold or that have been closed to new sales while the book runs off – for example, whole-of-life insurance policies and government endowment mortgages.

MoS accounting
Margin on Service or MoS accounting is the required method of financial reporting for all Australian life insurance companies and life insurance subsidiaries. The method is also adopted by AMP in respect of its UK life insurance subsidiaries.

This accounting method recognises that the profit generated by life insurance products materialises over the lifetime of that product, which can be decades.

MoS ensures that this profit emerges on a realistic basis as the service is provided by the life insurer.

This accounting method is set out in Australian Accounting Standard AASB 1038 and Actuarial Standard 1.03, a standard issued under the Australian Life Insurance Act 1995.

A more detailed explanation of MoS accounting is available on the AMP website at www.ampgroup.com/shareholdercentre

MSCI World
A global stock markets index.

Net cashflows
These are product cash inflows from customers and policyholders, minus the outflows to customers and policyholders, from wealth management activities.

Glossary of terms continued

Operating margins
Operating margins are the net profit (revenue less costs) from AMP's business operations, excluding the investment income on funds held as capital within those business operations.

Persistency
This is a measure of customer retention.

In technical terms, it is the proportion of assets under management from policies that remain with us each year rather than being paid out (for example, on surrender or maturity).

Performance right
This is a new form of executive remuneration designed to reward long-term performance. It replaces share options.

Each performance right is a contractual right to acquire one AMP share, three years after the date the performance right is granted, as long as certain performance hurdles are met.

Regulatory capital requirements
AMP is required to hold a prudent margin over and above policy liabilities as a buffer against adverse experience and poor investment returns. The minimum level of capital that AMP must hold for this purpose is set by its regulators, including the Australian Prudential Regulatory Authority (APRA), the Australian Securities and Investments Commission (ASIC) and the Financial Services Authority (FSA) in the UK.

Restructuring costs
These are the costs associated with implementing the reform agenda of AMP's new CEO Andrew Mohl. These costs include staff redundancy payments, provisions for onerous contracts, lease payments and professional fees. Also called transformation costs in the Detailed Analysis of Shareholder Profit on page 17.

RPS
AMP's Reset Preferred Securities (RPS) are a form of financial instrument that offer investors a non-cumulative income distribution at a fixed rate until the first reset date in 2007. They were issued by AMP during 2002.

Shareholder capital resources
This is a financial term that covers share capital, reserves and retained profits attributable to ordinary shareholders plus hybrid equity (the RPS) as well as external corporate debt. This is an indication of the financial resources available to the company.

Shareholder returns
Total shareholder return includes capital gains in the stock plus all dividends and capital returns for the period.

Underlying contribution
This is a performance measure that eliminates the volatility inherent in investment market impacts on profit so the underlying trend is clearer.

It excludes the impact of investment market volatility on shareholder capital, as well as the result from asset sales, valuation adjustments, restructuring costs and amortisation of goodwill. It is calculated as total operating margins (which includes business unit operating margins and corporate costs not allocated to the business units) less interest on corporate debt and RPS distribution plus underlying investment income.

Underlying return on equity (ROE)
This is a measure of a company's capital efficiency.

It is calculated as underlying contribution divided by average shareholder equity over the period.

Underlying return on invested capital (ROIC)
This is a financial performance measure AMP uses at both a Group and business unit level:

- At the AMP Group level, this is calculated as underlying net profit after tax before other items, interest costs and distribution on the RPS divided by the average shareholder capital resources.
- At the business unit level, it is a similar calculation, with net profit after tax (including underlying investment income) divided by the total capital allocated to that business unit.

Value of new business (VNB)
This is a measure of the ongoing value of business written today by our financial services business units – Australian Financial Services, UK Life Services and UK Contemporary Financial Services.

It is the present value of future profits to shareholders that will be derived from new business written during the period.

A more detailed explanation of the value of new business is available on the AMP website at www.ampgroup.com/shareholdercentre

Wealth management
For AMP, wealth management means assisting customers through planning and advice, and providing savings, investment, protection and selected banking products, to maximise their financial well being.

With-profits products
With-profits is the term used in the UK to refer to what are known in Australia as 'participating' products. The benefits payable under such products include an entitlement to share in the profits or surplus of the business, with the amount of profit or surplus distributed at any particular time being at the company's discretion.

Write-down
This is a reduction in the carrying value of assets on the balance sheet to market value or recoverable amount.

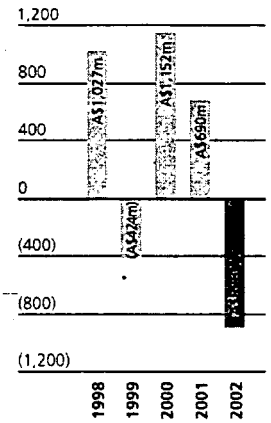
AMP Limited ABN 49 079 354 519

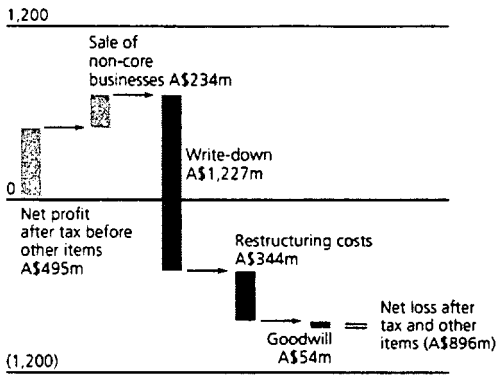
2002 was a difficult and disappointing year. We recorded a loss of A$896 million.

The result includes a write-down of A$1,227 million on some of AMP's businesses. The majority of the write-down was related to intangible assets on businesses in UK Financial Services and the former AMP International.

Net profit
after tax attributable to shareholders
A$m



Breakdown of 2002 financial result
A$m



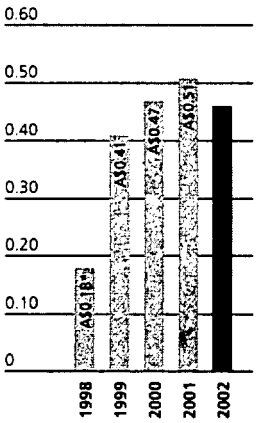
Why a write-down?
Tough world equity markets and changes in AMP's strategy led to a review of the book value of AMP's businesses. This revaluation resulted in a reduction of the book value, or write-down, of specific AMP assets.

Dividend

Reduced dividend reflects impact of the fall in our sustainable earnings.

Final 2002 dividend of A$0.20 per share took the total dividend for the year to A$0.46.

Dividend
A$ per share



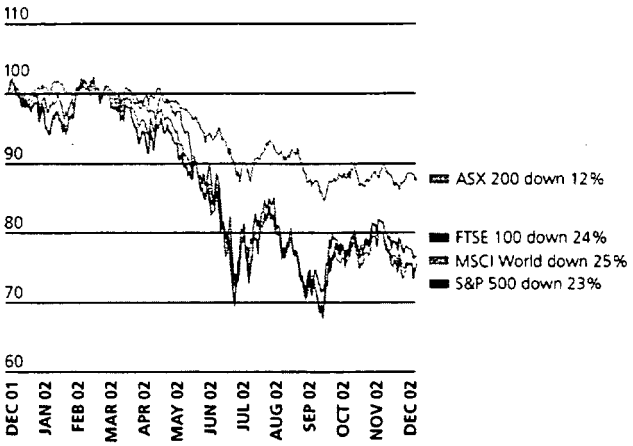
*AMP listed on 15 June 1998 thus only second-half dividend paid in 1998

Market context

AMP's 2002 results were heavily impacted by falls in world equity markets. This affected our earnings by:

- Lowering our investment income on shareholder capital
- Lowering the fees and commissions earned on the assets we have under management
- Reducing the value of the assets we have backing our life funds, particularly in the UK
- Reducing customers' willingness to invest

Global equity indices
31 December 2001 to 31 December 2002



Where we must improve

Action is underway to improve AMP's financial performance and refocus its strategic direction.

Key financials we must improve	2002	2001
Net profit (loss) after tax	**(A$896m)**	A$690m
Return on equity (underlying)	**9.2%**	13.1%
Earnings per share (underlying)	**A$0.78**	A$1.08

What we are doing to refocus the business

- Scaling back over-ambitious international growth strategy in difficult markets
- Tightly managing UK business and communicating our position clearly
- Focusing on core business
- Offering better advice and better products to customers

Where we are making progress

AMP drove down costs, focused on core business and reinforced its financial strength through a capital raising.

- Reduced AMP Group's controllable costs 11% on a like for like basis and held cost to income ratios across the business relatively steady
- Sold non-core businesses Cogent, Henderson Private Asset Management and AMP Banking credit card portfolio to realise profit of A$234 million
- Resilient performances by Australian Financial Services and Henderson Global Investors highlight their underlying strength
- Successfully raised A$1.15 billion through AMP Reset Preferred Securities offer

Chairman's report

"As a fellow shareholder, I am committed to representing shareholders' interests to the best of my abilities and to be honest with you."

Peter Willcox
Chairman

2002 was a very tough and disappointing year for AMP and its shareholders.

Regardless of how well equipped we might have been, the fallout from world equity markets would have still made 2002 an extremely difficult year. However, some of our problems were self-created, as we were not as well prepared for the storm as we could have been.

In his report, Chief Executive Officer Andrew Mohl reviews the events of the year, the lessons we have learned and the actions that he and his new senior management team are taking to improve AMP's performance.

For my part, as AMP's new Chairman, I am going to tell you what actions the Board is taking in response to the events of the past year. Some of these actions are radical, but I believe that only decisive action will restore the confidence in AMP that is justified by the strength of its assets and people.

As your Chairman, and as a fellow shareholder, I am committed to representing shareholders' interests to the best of my abilities and to be honest with you.

Strengthening the management team

Significant changes to AMP's Board and senior management team have occurred during the past six months aimed at turning around the company's performance.

In October 2002, the Board appointed new Managing Director and Chief Executive Officer Andrew Mohl to lead AMP. Andrew was chosen because of his outstanding professional achievements and, of equal importance, because of his personal integrity and forthrightness. Andrew will tell it as it is, both to the Board and to you.

Andrew has established a new senior management team that reflects his values, and embarked on new strategies that recognise the realities of the company's strengths and weaknesses. It will take time for the changes that he has made to work, and you should not expect that it will all be smooth sailing.

The Board completely supports Andrew, and we will be patient while the revolution he is leading unfolds.

I would like to note that the Board has agreed an employment contract with Andrew that is designed to make sure his reward is greater if he succeeds than if he fails. Shareholders will be asked to approve aspects of this contract at our 2003 Annual General Meeting.

Renewing AMP's Board

Once AMP's new senior management team was established and had begun implementing strategic reforms to the business, AMP's Directors decided it was also time for change at the Board level.

Following extensive discussion, the Directors concluded that only the creation of a new Board would offer the opportunity for different outcomes in AMP's future.

Consequently, a Board restructure aimed at having a substantial majority of new and recently appointed Directors was announced. The changes are – and will be – quite radical, however, I believe they are necessary to help the CEO and senior management team turn AMP around.

The new Board will be constructed in stages to provide an orderly transition.

In February, the Chairman stepped down and I, as Chairman-elect, replaced him. Patricia Cross retired at the same time. Sir Malcolm Bates, Paul Mazoudier and Ian Renard will retire during the next six months.

This will result in a Board of five Directors, all of whom will stand for election or re-election at the 2003 Annual General Meeting, including:

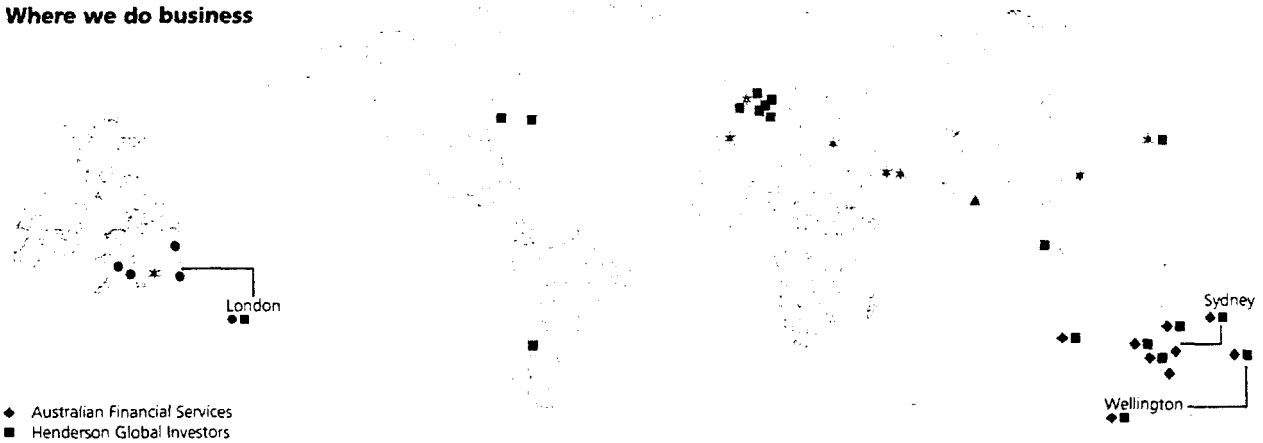
Three non-executive Directors:
- myself as Chairman. I joined the Board in September 2002 and was appointed Chairman-elect in December last year
- Lord Killearn, who chairs the Board Finance Committee and Henderson Global Investors
- Richard Grellman, who chairs the Board Audit and Compliance Committee.

Two executive Directors:
- Andrew Mohl, AMP's Chief Executive Officer, who joined the Board in October 2002
- Roger Yates, Henderson Global Investors Managing Director, was appointed to the Board in December 2002.

My aim now is to attract new Directors to add to this Board who have deep business experience and open and challenging minds to bring vigorous debate to our decision-making.

As Derek Higgs said in January 2003 in his report to the UK Government on the role and effectiveness of non-executive directors: 'Effective Boards depend as much on behaviours and relationships as on procedures and structures'.

Where we do business



- ◆ Australian Financial Services
- ■ Henderson Global Investors
- ● UK Life Services and UK Contemporary Financial Services
- ✱ Towry Law
- ▲ AMP Sanmar

We have already identified a number of well-qualified candidates with the experience and values we seek, and we hope to announce the appointment of two to three new non-executive Directors during the next six months.

In summary, action is underway to create a new Board that will be better able to meet the company's challenges.

Implementing better Board practices

We are also making a number of changes to current Board practices to address the concerns of our shareholders and customers.

A new long-term equity programme for Directors is being designed to replace the current cash-based retirement allowances for non-executive Directors.

In addition, non-executive Directors remaining on the Board after nine years will be subject to annual re-election by shareholders.

We hope this will result in a continued renewal of the Board in future.

We are also implementing a programme to give new Directors a clear understanding of the fundamentals of AMP's business, markets and customers in each geographic region.

A rigorous performance appraisal system will be introduced to appraise Board performance, along with the performance of individual Directors. I will propose, and I am sure the Board members will agree, that the appraisal of the performance of the Chairman will be a priority in this process. This new system will be designed to provide early warning of any future need for changes to the Board.

Realising AMP's potential

Both AMP's Board and senior management team have undergone radical change, and we are determined that both will place a priority on the interests of our owners and customers.

While these changes will not guarantee a rapid recovery, they are the necessary first steps to improve AMP's long-term performance.

On behalf of the Board, I would like to thank AMP's employees and business partners, the company's senior management team and my fellow Directors for their hard work and determination during very turbulent times.

We have great faith in the fundamental strength of AMP and are determined that the potential of this company is fully realised in the future.

Weakened share price

Chief Executive Officer's report

"I am a big believer in the inherent potential of AMP. I am confident we have the right team and the right approach to turn this company around."

Andrew Mohl
Chief Executive Officer

Restoring confidence in AMP
2002 was a tumultuous year for AMP – one that must not be repeated.

Our greatest disappointment is that we reported the company's biggest loss of A$896 million.

The loss has come about for two distinct reasons.

First, we are managing a business that is highly sensitive to world equity markets in what is now the longest market downturn since 1972.

Second, we were pursuing an unrealistically ambitious growth strategy centred on UK Financial Services at a time when we should have been more measured in our approach and more conscious of our capabilities in what is one of the most challenging markets in the world.

I talk more about both of these issues later in this report.

I inherited a host of challenges when I was given the honour of leading AMP as Chief Executive Officer in October 2002.

One of the biggest challenges is to restore confidence in the company.

I realise that this will take time. Confidence can only be achieved through actions and results – not words – and we have got a long way to go. I outline later in this report the actions we are taking to improve both confidence levels and shareholder returns in the long term.

A key part of my job in restoring faith in AMP again is to 'tell it like it is'. This means open, honest and regular communication with shareholders and everyone who has an interest in the business. At times, when we have bad news to tell, this can appear to be self-defeating in the short term.

But I am committed to telling the good news and the bad in the clearest and simplest way. That is what I have attempted to do in this report.

2002 financial performance
Before I discuss the financial result in detail, it is important to emphasise that AMP continues to be a strong company. We have total shareholder capital resources of A$13 billion, along with conservative gearing.

We successfully raised A$1.15 billion through our Reset Preferred Securities offer last year. The funds are being used to reduce short-term debt, increase capital resources and generally reinforce the company's financial strength.

Despite our strength, we delivered a disappointing result as a consequence of write-downs and restructuring costs that had to be made to refocus the business.

These costs, totalling A$1,571 million after tax, contributed to our bottom line loss of A$896 million for 2002. Before these items, asset sales and goodwill amortisation, our net operating profit was A$495 million.

A write-down of A$1,227 million was the result of a review we conducted of all our businesses. The book value of a number of the businesses was adjusted to reflect current market conditions. These businesses were acquired or built in recent years when market conditions were much better.

Restructuring costs of A$344 million after tax also contributed to the loss. Costs included redundancy payments, write-offs of capitalised expenditure and other product-related closures.

The loss, along with weak markets, lowered our underlying earnings per share to A$0.78 from A$1.08 in 2001. Underlying return on equity was 9.2% compared to 13.1% in 2001.

AMP's dividend policy is to provide shareholders with a steady or rising stream of dividends in line with our long-term sustainable earnings. Our 2002 total dividend reflects the lower level of our underlying earnings.

A final dividend of A$0.20 was declared, taking the total dividend for the year to A$0.46 compared to A$0.51 in 2001. We believe this dividend is financially prudent given the 2002 result.

Business unit performances
Depressed investment markets reduced operating margins across the business. Australian Financial Services and Henderson Global Investors showed resilience, achieving sound operating margins in tough markets. Both businesses lowered their costs and took action to protect their profitability going forward. Fundamentally, they are strong businesses that have the potential to improve returns to shareholders.

UK Financial Services, however, is an asset that is under-performing. Its operating margins, along with sales, were hit hard in 2002. We continue to take action to protect shareholder capital and manage our regulatory capital. I talk more about the UK situation later in this report.

No excuses
I know that many people are asking how we got to this point. There are a number of reasons, but no excuses.

AMP's five-point reform plan

1 **Address** low return channel and product lines

2 **Focus** short-term growth ambitions on core businesses

3 **Increase** transparency and quality of disclosure

4 **Tackle** embedded behaviours

5 **Role** modelling leadership

As I mentioned earlier, AMP is highly sensitive to world equity markets.

Weak markets, particularly the UK stock market which has fallen by more than 40% in the past three years, have impacted our earnings in four major ways. They have:

- lowered our investment income on shareholder capital
- lowered the fees and commissions earned on the assets we have under management
- reduced the value of the assets we have backing our life funds, particularly in the UK
- reduced customers' willingness to invest.

Our UK Financial Services business was also the source of many of our problems in 2002. Substantial, continued falls in the UK stock market (as measured by its index, the FTSE) exposed a number of underlying problems with our UK operation – and many other traditional UK life insurance companies.

We have been running an old-style, capital-intensive business that offers products with guaranteed returns to policyholders. However, the business was not making enough money in its own right to sustain these returns.

Instead, like many UK insurance companies, it relied on assets built up in its funds over time, particularly during boom equity markets, to pay the difference.

The drastic and prolonged fall in the UK stock market has exposed the problems with this business approach.

The UK market also put pressure on the ability of our UK Pearl with-profits fund to meet minimum regulatory capital requirements. Consequently, we decided to provide additional capital support of £500 million in June 2002 for this fund.

We did not communicate this situation well last year. The key point is that AMP is a strong company and has implemented sound capital management initiatives to handle further market falls.

Finally, our strategy of simultaneously trying to build our UK business and pursue international growth in difficult market conditions was over ambitious.

We are still in the right business, wealth management, but had been going the wrong direction in a bear market.

Driving reform – doing the basics really well to drive shareholder returns

When I was appointed CEO, I launched a five-point reform plan to improve returns to shareholders and service to customers (refer to 'AMP's five-point reform plan' above). Since then, we have acted quickly and decisively on this plan, conducting an extensive review of every part of AMP's business. We scrutinised every part of the company – our strategy, distribution channels, products, the role of corporate office, and our values.

To date, we have not done the basics well enough. By the basics, I mean focusing on our customers and planners and providing them with the products they want in the easiest way, improving investment performance and driving down costs.

Right now, our goal is to do these basics really well, and in that way we will position the business for future growth.

Our employees

Chief Executive Officer's report continued

AMP's key businesses and markets	
Australian Financial Services	Australia and New Zealand
Henderson Global Investors	International
UK Life Services	United Kingdom
UK Contemporary Financial Services	United Kingdom

Getting back to basics also means stopping activities that do not add, or have the potential to add, shareholder value. As a result, we announced significant changes to the business involving the restructure or closure of some products and distribution channels.

Unfortunately, these decisions affected many of our employees, with jobs reduced across the company. These were very difficult decisions, but, given the tough markets in which we are operating, we had no choice.

Major outcomes of the review included:

- Separation of **UK Financial Services** into two clear operations to allow us to focus on key success drivers in each operation. There is a great deal of work underway and ahead of us in the UK.
- Implementation of a series of actions designed to strengthen and grow areas of **Australian Financial Services**, as well as reduce its sustainable cost base. We have identified sustainable cost efficiencies, which will decrease controllable expenses to a target of A$560 million in 2003.
- Continuation of **Henderson Global Investors'** cost saving programme and a refocus on core business.
- Restructure of **AMP Banking** to compete only in key product areas where it is profitable. While we continue to distribute banking products, we will no longer manufacture them in New Zealand and the UK. In Australia, we will manufacture two key products: residential mortgages and savings deposits.

  This overall restructure will reduce the amount of capital supporting the operation by A$500 million.
- Closure of the **AMP International** business unit, involving the disbanding of the Asian, European and New Ventures teams. Our recently-established business in India now forms part of Australian Financial Services.
- Restructure of **corporate office** to deliver an expected A$40 million in cost savings in 2003. To date, this includes a reduction of over 100 roles (some roles from AMP International).
- Appointment of a **new senior management team** dedicated to turning AMP around.

All of these initiatives were designed to get us back to basics.

While the end of 2002 marked the completion of the first phase of this review process, we expect changes to continue as we concentrate on implementation.

Strategic objectives

Right now, our growth will come from focusing on our core capabilities of advice-based distribution, superannuation/pension fund management and asset management.

We will do this in our core markets of Australia, New Zealand and the UK. This means we will generally not expand our businesses, other than organically, until they are delivering the required financial returns.

In line with this, our long-term strategic objectives include:

- growing AMP's leading position in the Australian wealth management market
- reducing AMP's capital commitment in the UK by releasing capital from UK Life Services while simultaneously taking other action to increase return on invested capital
- developing a wealth management business in the UK focused on investment and pension products distributed primarily through advisers
- building a global asset management business in partnership with AMP's wealth management businesses, with a focus on the UK and selective expansion in Europe, North America and Asia.

Outlook

I am a big believer in the inherent potential of AMP. It will take a lot of hard work and time to turn that potential into a reality.

We also need stock markets to recover, as they are a key driver of our business performance.

The reality of the lags in our business means that even if markets pick up tomorrow, it will take some time for that to flow through into improved investor confidence and stronger activity.

My senior management team and I are committed to restoring confidence in AMP and realising AMP's potential for shareholders – and all other people who have an interest in the company.

Once we get the basics right, we will be in a much stronger position to grow in the future.

There is no doubt that 2003 is going to be another challenging year but I am confident that we have the right team and the right approach to turn this company around.

Andrew Mohl
Chief Executive Officer

Five-year financial summary

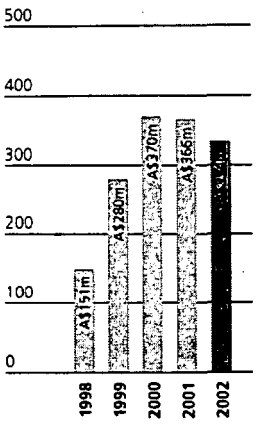
Business overview

Australian Financial Services

Craig Dunn
Managing Director
Australian Financial Services

Total operating margins

A$m



Overview

Australian Financial Services (AFS) performed well in tough markets, demonstrating our financial strength. We minimised the impact of market conditions on our operating margins through strong cost management and took deliberate actions to position the business for future growth.

Financial results

- Operating margins down 9% on 2001 to A$334 million
- Controllable costs fell 8% on 2001 and cost to income ratio steady at 44%
- Net cashflows down to A$1,168 million from A$2,602 million in 2001 as a result of weak global equity markets
- Total new business fell 11% but corporate superannuation new business grew 12%
- Value of new business up 8% to A$251 million after restatement
- Return on invested capital marginally lower on 13.8% from 14.1% in 2001

Key developments

In late 2002, we implemented specific actions designed to strengthen and grow our core business in continuing tough markets.

Sustainable cost reductions were achieved in 2002 and further reductions identified for 2003. These are being achieved through a focus on core business including:

- integrating AMP Direct into other areas of AFS to realise cost efficiencies and to refocus on advice-based distribution
- reviewing all operations and stopping non-essential activities, which will result in the loss of approximately 550 jobs.

Continuing to strengthen our advice-based distribution channels, we acquired Arrive Financial Planning from PricewaterhouseCoopers. We also implemented an innovative incentive programme for the AMP Financial Planning and Hillross channels, which aims to attract and retain planners and increase their productivity.

Early in 2003, international commercial credit ratings agency Standard & Poor's reaffirmed its rating of our Australian operation as AA–, which reflects superior financial strength.

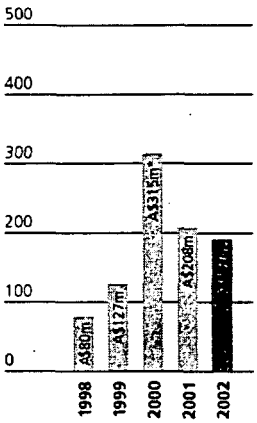
Key priorities in 2003

- Making AMP the easiest to deal with for planners and customers
- Strengthening profitability of all products and channels
- Strengthening the competitiveness of product offerings
- Continuing to grow and strengthen our advice-based distribution channels

Henderson Global Investors

Roger Yates
Managing Director
Henderson Global Investors

Total operating margins
A$m



* Included A$99 million in technology investment performance fees

Overview

Henderson delivered robust results in challenging markets, maintaining stable operating margins. We vigilantly managed costs and re-examined our strategic priorities to protect earnings and our position as a multi-asset, multi-geographic business.

Financial results

- Operating margins down 8% on 2001 to A$192 million
- Controllable costs down 6% to A$627 million on 2001 and cost to income ratio up one percentage point to 69%
- Assets under management fell 13% to A$256 billion largely due to negative market movements
- Profit of A$28 million on the sale of private asset management business, with a further amount potentially receivable in the second half of 2003
- Return on invested capital marginally lower on 10.7% from 11.1% in 2001

Key developments

In 2002, we took action to counteract the substantial falls and volatility in global equity markets and decline in industry sales volumes. We closed low-priority operations, rationalised non-profitable UK and European retail funds, centralised functions and scaled back e-business activity. While business restructuring resulted in 100 jobs being made redundant, we continued to invest in building our investment management and client servicing capabilities.

Despite market volatility, our hedge funds, US mutual funds and Australian life funds delivered strong investment performances. However, this was tempered by a decline in investment performance in core UK fixed income and equity products.

Fifty percent of property assets and 43% of listed assets outperformed their benchmarks during 2002.

Key priorities in 2003

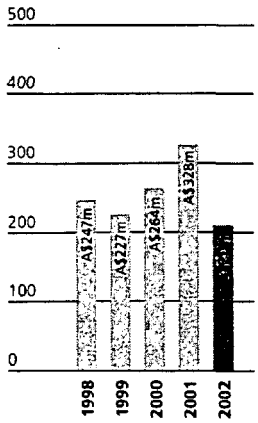
- Maintaining position as a multi-asset, multi-geographic business, with a focus on growth opportunities in the UK
- Continuing to focus on improving investment performance, service and distribution
- Further improving business efficiency and cost management

Business overview continued

UK Financial Services

UK Financial Services (UKFS) had a difficult year, with a substantial fall in the UK stock market impacting the regulatory capital position of the business and customer demand for products. We took action to protect our capital position and manage risks more effectively.

Total operating margins



Key developments

The UK stock market has fallen by more than 40% during the past three years. This continued fall has placed pressure on our UK funds, including the Pearl with-profits fund, and required extra support from the Group. This involved providing additional capital support of £500 million.

In addition, by year end we had separated UKFS into two clear operations to allow us to focus on key success drivers in each operation. The split is designed to lessen our risks in the UK, as we have isolated the majority of our capital in one operation to ensure it is carefully managed. Meanwhile, a smaller team is able to separately pursue selected growth options. More information on these operations is provided below.

Restructuring initiatives during 2002 will result in the loss of around 3,400 jobs by the end of 2003.

Financial results

- Operating margins down 36% on 2001 to A$211 million
- Cost reduction programme on track, delivering £68 million in 2002 and cost to income ratio steady at 64%
- Sales down 21% reflecting tough markets and closure of Direct Sales Force
- Persistency fell one percentage point to 88% on 2001
- Return on invested capital fell to 6.5% from 10.2% in 2001 due to capital injection and reduced profit

Ian Laughlin
Managing Director
UK Life Services

UK Life Services

This operation is where most of our UK capital is invested, and our focus is on protecting and enhancing the value of that capital.

UK Life Services is responsible for the long-term management of the mature and closed book of products in Pearl, London Life and NPLL (the 'old' NPI). AMP has significant experience in extracting value from closed books.

Shareholder value of the in-force book will be maximised by focusing on the basics: customers, products and financial management. This means:

- improving management of high-value customers to encourage them to continue investing in their existing AMP products
- driving down unit costs
- actively managing the balance sheet and risks.

John Drabble
Managing Director
UK Contemporary Financial Services

UK Contemporary Financial Services

UK Contemporary Financial Services' aim is to pursue growth options in selected, profitable areas. For example, corporate pensions – a market expected to grow to over £17 billion per annum by 2011 – are provided through referral from Employee Benefit Consultants (EBCs) and Independent Financial Advisers.

A separate corporate pension business was launched in 2002 to focus on EBCs. It achieved a 26% win rate with tenders and by 2003 had secured a position on all 15 major EBC panels.

Shareholder value will be maximised by:

- identifying products and channels where AMP has or can develop a competitive advantage and can generate the required returns
- developing and operating on modern platforms
- building a contemporary, capital efficient product portfolio
- leveraging our expertise in pensions management and distribution
- providing first-class service to customers and planners.

AMP portfolio businesses

Marc de Cure
General Manager
Strategy and Development

Overview

Outside our core operations, AMP has a portfolio of businesses in diverse areas managed by the General Manager Strategy and Development.

These businesses (other than discontinuing businesses) formed part of the business unit called AMP International until it was closed in October 2002 in line with CEO Andrew Mohl's five-point reform plan. Further strategic changes have since been made to these businesses.

Key developments

AMP Banking
AMP Banking was restructured to compete only in profitable product areas. We intend to shift our focus from banking product manufacturer to distributor, with the exception of two key products. In Australia, we continue to manufacture and distribute mortgages and deposits.

We sold our credit card portfolio in Australia and New Zealand to American Express for approximately A$238 million. A sales process is also in place to exit the manufacture of:

- mortgage and deposit products in New Zealand and the UK
- property finance products in Australia and New Zealand.

We intend to continue distributing banking products in Australia, New Zealand and the UK.

In 2003, banking operations in Australia and New Zealand will form part of Australian Financial Services and in the UK part of UK Contemporary Financial Services.

AMP Asia and AMP Europe
The AMP Asia and AMP Europe development teams were disbanded and the AMP Japan business is being closed in line with AMP's focus on core business. Associated costs have been included in the A$344 million restructuring costs and A$1,227 million write-down.

AMP Sanmar
AMP's life insurance joint venture in India, AMP Sanmar, increased its adviser force and widened its product range in 2002, taking prudent action to grow the business. The business now forms part of Australian Financial Services.

Cogent
AMP completed the sale of Cogent, its investment administration business, to BNP Paribas in September 2002. Profit on the sale in 2002 was £72 million after tax, with the potential for additional final profit to be released in 2003 on determination of the final instalment of the purchase price.

Discontinuing businesses
AMP's discontinuing businesses include Cobalt and its associated reinsurance and commercial insurance portfolios currently in run-off (ie no new policies are being written). These businesses were managed successfully in 2002, generating net profit after tax of A$61 million.

AMP is currently reviewing options to realise greater shareholder value from these operations.

Virgin Money
AMP's 50:50 joint venture with the Virgin Group, Virgin Money, increased operating revenues by 105% and decreased costs by 22% on 2001 despite difficult markets. The improved performance was driven by the successful launch of the Virgin-branded credit card in the UK. Virgin Money's management team is working with AMP and the Virgin Group to reposition the business and realise greater shareholder value.

Directors' report

Your Directors present their report on the consolidated entity consisting of AMP Limited (the Company) and the entities it controlled at the end of or during the year ended 31 December 2002 (AMP Group).

Directors' details

Details of Directors of the company in office at the time of signing this report, and each Director's qualifications, experience and special responsibilities are set out below.

Directors' meetings

Details of attendance by Directors of AMP Limited at Board and Board Committee meetings held during the year ended 31 December 2002 are outlined in the table at right.

Column B – Indicates number of those meetings attended.

Peter Willcox
Chairman-elect
Age 57. BA (Hons), MA (Physics) Cambridge

Joined the Board in September 2002. Appointed Deputy Chairman in December 2002 and will succeed Mr Wallis as Chairman on 26 February 2003, following the signing of this report. Member of the Board's Governance, *Nomination and* Remuneration Committees.

Experience 20-plus years' senior executive experience in the petroleum industry in Australia and internationally. Former Chief Executive Officer BHP Petroleum. Previously Director of a number of international, public companies including financial services experience with Lend Lease Corporation, MLC Limited and Schroders Australia Holdings Limited.

Other directorships
Chairman of Mayne Group Limited.

Andrew Mohl
Managing Director and Chief Executive Officer
Age 47. BEc (Hons)

Appointed Managing Director and CEO in October 2002. Member of the Board's Finance and Governance Committees. Director of AMP's key operating subsidiaries.

Experience 20-plus years' financial services experience, including more than six years at AMP. Most recently was *Managing Director of AMP* Australian Financial Services from 1999 to 2002. Prior to this role, Managing Director of AMP Asset Management, responsible for the unit's investment of all Australasian retail and wholesale funds. Joined AMP in 1996 as General Manager Retail Distribution, AMP Financial Services, leading the transformation of advice-based distribution and the development of AMP's multi-channel distribution platform.

Former ANZ Senior and Chief Economist (1986-1990) and Managing Director ANZ Funds Management (1993-1996). Past Deputy Head of Research at the Reserve Bank of Australia.

Richard Grellman
Age 52. FCA

Appointed to the Board in 2000. Chairman of the *Board's Audit and Compliance* Committee and member of its Nomination Committee. Director of AMP Life Limited.

Experience 32 years in the accounting profession. KPMG Financial Services partner from 1982 to 2000. Member of KPMG's National Board from 1995 to 1997 and *National Executive from* 1997 to 2000. Independent Financial Expert for AMP's demutualisation and Investigating Accountant for AMP's prospectus and listing.

Other directorships
Chairman of the Board and Council of the NSW Motor Accidents Authority. Chairman of Cryosite Limited.

Lord Killearn
Age 61. Resident of the UK.

Appointed to the Board in 1999. Chairman of the *Board's Finance Committee* and member of its Remuneration Committee. Chairman of Henderson Global Investors (Holdings) plc.

Experience 29 years' international financial services experience. Retired in 2002 as Managing Director, Corporate Finance from Cazenove, *a leading investment bank* providing corporate finance advice, distributing securities and research and managing funds worldwide. Joined Cazenove in 1968 and was primarily responsible for the Asia Pacific business.

Other directorships
Director of Albion Investment Company (Alderney) Limited, Maxis Communications Berhad and Shanghai Real Estate Limited.

Roger Yates
Managing Director Henderson Global Investors
Age 45. BA (Hons)

Appointed to the Board in December 2002 as Executive Director. Director of Henderson Global Investors (Holdings) plc and a number of its subsidiaries.

Experience 21 years' experience in the funds management industry as an investment professional and business manager. Henderson Global Investors Managing Director since 1999. Led the integration of Henderson and AMP Asset Management and has managed the rise of Henderson Global Investors to an international asset manager.

Prior to Henderson, was Chief Investment Officer of Invesco Global and has held senior roles for fund management companies, LGT and Morgan Grenfell.

Notes:
1. Mr P J Batchelor who ceased to be a Director on 23 September 2002 attended meetings during 2002 as follows: 5 of 5 Full Agenda and 2 of 2 Special Purpose Board meetings, 10 of 10 Board Finance Committee meetings, 4 of 4 Board Governance Committee meetings, 5 of 5 Board Nomination Committee meetings and 5 of 5 ad hoc committee meetings.
2. Ad hoc committees of the Board were constituted during the year in relation to the financial results and the divestment of Cogent.
3. Mr Willcox was appointed to the Board on 9 September 2002.
4. Mr Mohl was appointed to the Board on 7 October 2002.
5. Mr Yates was appointed to the Board on 4 December 2002.

Retiring or retired Directors

Sir Malcolm Bates
Age 68. Hon DLitt, MSc, FCIS, FRAeS, CCMI
Resident of the UK.

Appointed to the Board in 1998. Chairman of the Board's Remuneration Committee and member of its Governance and Nomination Committees. Joined the Board of AMP (UK) plc in 1996 and appointed Chairman of AMP's key UK Financial Services operating subsidiaries that year.

Experience 30-year career as a senior executive and director of major international manufacturing and distribution organisations, preceded by five years in merchant banking. Former Deputy Managing Director of GEC plc, Great Britain's leading manufacturer of electrical and electronic equipment, from 1985 to 1997. *Held Senior Commercial* Director role from 1976 to 1985.

Other directorships
Chairman of Premier Farnell plc and London Transport.

Paul Mazoudier
Age 61. BA, LLB (Hons), FAICD

Appointed to the Board in 2000. Chairman of the Board's Governance Committee and member of its Audit and Compliance Committee. Director of AMP Life Limited.

Experience 35-year legal career. Commercial partner of Minter Ellison, Lawyers, from 1970 to 1974 and 1980 to 2000, specialising in negotiation, international and local joint ventures, mergers, acquisitions, foreign investment law, superannuation and demutualisations. Former NSW Chairman and member of Minter Ellison's National Executive Committee.

Other directorships
Chairman of Sims Group Limited, Bishop Technology Group Limited, Ambition Group Limited and Atlas Copco Australia Pty Limited. Director of HPAL Limited.

Ian Renard
Age 56. BA, LLM, FAICD

Appointed to the Board in 1998. Member of the Board's Audit and Compliance, Finance and Governance Committees. Director of AMP Bank Limited.

Experience 29 years in the legal profession. Former Partner of Arthur Robinson & Hedderwicks from 1979 to 2001, practising commercial law. Since resigning from the partnership, has been continuing in a consultant role with Allens Arthur Robinson.

Other directorships
Director of CSL Limited, Newcrest Mining Limited and Hurstmead Pastoral Company Pty Limited.

Patricia Cross
Age 43. BSc (Hons), FAICD, FAIM, FFTA

Appointed to the Board in 2000. Member of the Board's Finance and Remuneration Committees. Director of AMP Bank Limited. Retiring as a Director on 26 February 2003, following the signing of this report.

Experience 20 years' international banking and finance experience. Held managerial and senior executive positions with several international financial institutions including Chase Manhattan Corporation, Banque Nationale de Paris and National Australia Bank in the United States, Europe and Australia.

Other directorships
Director of Wesfarmers Limited and ex officio Director Deloitte Touche Tohmatsu. Chair of Qantas Superannuation Limited.

Stan Wallis, AC
Chairman
Age 63. BCom, Hon LLD (Monash), FCPA, FAIM, FCIM, FCIS

Member of the Board since 1990. Appointed Chairman in 2000. Chairman of the Board's Nomination Committee and member of its Governance and Remuneration Committees. Retiring as a Director on 26 February 2003, following the signing of this report.

Experience 40-plus years' industrial and financial services experience. Former Managing Director (18 years) and Chairman (four years) of Amcor Limited. Previous Chairman of retailer Coles Myer Limited. Past President of the Business Council of Australia and former Chairman of the 1996/1997 Committee of Inquiry into the Australian Financial System.

Other directorships
Director of Australian Foundation Investment Company Limited.

Directors' report continued

Principal activities

AMP is a leading international financial services organisation focused on wealth management. Its principal activities include retirement savings and incomes, funds management, life insurance and general insurance distribution, financial planning and banking services. AMP operates in more than 20 countries around the world with a significant and efficient domestic presence in its three home markets of Australia, New Zealand and the UK. Except as described in this report there have been no significant changes in the nature of those activities during the year.

Review of operations and results

The result for 2002 was a net loss after tax attributable to shareholders of $896 million compared to a profit after tax of $690 million for 2001. A detailed analysis of shareholder profit is shown following this report. The most significant factor impacting this result – the writedown of $1,227 million in the value of AMP's businesses during the period to market value or recoverable amount – reflects the poor operating environment affecting UK and European life companies and the results of a strategic review across the Group. As a result, $1,028 million was written off from the excess of market value over net assets of controlled entities and historic cost goodwill, with the balance being reflected in a reduction in tangible assets.

The results for the year were impacted by investment markets, lower new business in the Australian and UK life insurance business and lower margins. This was partly offset against expense savings in the period. Assets under management were $256 billion at 31 December 2002, a fall of $36 billion from prior year reflecting the adverse market conditions and reduced cash flows from poor investor sentiment in this difficult market environment.

Investment income has been adversely affected by depressed global investment markets. A 24.5% fall in 2002 in the UK FTSE 100 (nearly a 43% fall since December 1999) and an 11.5% fall in 2002 in the Australian All Ordinaries have contributed to a decline in the investment income of the Group, with total investment losses (before tax) attributable to shareholders, policyholders and unattributed life funds of $7.8 billion for the year ended 31 December 2002 from losses of $1.6 billion in 2001.

Following the appointment of the new CEO and Senior Management Team, a strategic review of AMP's operations was undertaken, resulting in a focus on core businesses and a wind-down or closure of non-core activities. Restructuring costs of $344 million (after tax) have been recognised as part of the cost of implementing the strategic reform initiatives announced by the CEO. In addition, total staff numbers have fallen from 14,868 at 31 December 2001 to 11,403 at 31 December 2002.

Other significant restructuring activities included the sale of non core businesses:

- Cogent, the Group's investment administration business, resulting in a profit after tax of $204 million
- the Bank's credit card business to American Express, resulting in a profit after tax of $24 million
- Henderson's UK private client business, resulting in a profit after tax of $28 million.

During the year a controlled entity of the company issued 11,500,000 AMP Reset Preferred Securities ('RPS') at $100 each. Proceeds from the issue of RPS were used to reduce short term debt, and provide the AMP Group with a more efficient and stronger capital structure. Full details of the RPS are included in Note 21 Outside Equity Interests of the Full Financial Report.

Capital and reserves of the Group have decreased to $8,533 million from $9,520 million at 31 December 2001 as a result of the net operating loss and dividends paid, offset by an increase in contributed equity, mainly from the Dividend Reinvestment Plan.

Since 31 December 2002, global investment markets, particularly the UK FTSE 100, have weakened. If global markets weaken further, or remain at current levels, the Group's profitability will be adversely affected.

Political donations

AMP believes it is appropriate to make contributions to support the democratic process. Contributions to political parties are determined on a basis which recognises the relative representation of major political parties in Parliaments throughout Australia and New Zealand.

Contributions to major political parties made during 2002 were:

Federal Liberal Party of Australia	$50,000
Federal Australian Labor Party	$50,000
National Party of Australia	$25,000
Labour Party of New Zealand	NZ$10,000
National Party of New Zealand	NZ$10,000

Smaller contributions were also made during 2002 to Australian State political parties.

Significant changes in the state of affairs

In October 2002, the Group changed its strategic direction to concentrate on growing AMP's leading position in the Australian wealth management market, reducing AMP's capital commitment in the UK and building a global asset management business in partnership with AMP's wealth management businesses. This review resulted in a writedown of the value of AMP's businesses by $1,227 million as referred to above.

AMP's divestment of the Cogent business by way of a sale to BNP Paribas had no significant effect on the company's accounts other than the profit referred to above. Other divestments which also had only a minimal impact on the accounts were Henderson's private client business in the UK and the Bank's credit card business, which was sold to American Express.

The appointment of Andrew Mohl and the strategic review of AMP's businesses resulted in a number of senior executives departing the Group, and the appointment of a new Senior Management Team.

The Chairman-elect announced a restructure of the AMP Limited Board on 25 February 2003.

Likely developments
Details of likely developments in AMP's businesses are set out elsewhere in this report. In the opinion of the Directors, disclosure of further information about likely developments in AMP's businesses are commercially sensitive and would be likely to be detrimental and result in unreasonable prejudice to the company.

The environment
In the normal course of its business operations AMP is subject to a range of environmental regulations, of which there have been no material breaches during the year.

In 2002, AMP committed to its global environment policy, which was approved by the AMP Limited Board and overseen by the Board Governance Committee.

The policy covers both operational and investment-related environmental impacts and is available on www.ampgroup.com under 'About AMP'.

Operational impact
The implementation of the policy at an operational level is supported through employee education.

AMP is investigating environmental measurement systems, focusing initially on its Australian premises.

Investment management – Henderson Global Investors
Equities – As an active investor, Henderson believes that engagement with companies on environmental issues is an effective way to influence management practices to the benefit of its clients and the natural environment.

Henderson's equity investments are guided by its UK and Australian/New Zealand corporate governance policies, which include environmental considerations.

Property – AMP Henderson has continued to implement initiatives across the Australian property investment management business under its environmental management plan.

Its 2002 initiatives included water conservation, 'green power', environmental benchmarking, evaluation of a building rating system and energy conservation.

The focus for 2003 is to improve benchmarking and to implement at as many managed properties as possible the initiatives that were trialled during 2002.

Stanbroke Pastoral Company
Stanbroke remains committed to using scientifically-based land management strategies that will maintain soil, water and biodiversity value.

The 2000 land clearing moratorium on the development of previously uncleared vegetation on its properties is still in effect.

Environmental planning for all properties commenced in May 2002, with additional work underway to assess the company's greenhouse gas emissions. The results of these studies, which are anticipated to be complete during 2003, will guide Stanbroke's future land management plans.

Private capital
Reflecting the high risk/return nature of private capital investment, environmental assessment is undertaken on a case by case basis rather than according to a documented process. It is predominantly carried out as part of due diligence, with differing levels of emphasis depending on whether the investment is considered to have a high, medium or low environmental impact.

Events occurring after the reporting date
As at the date of this report the Directors are not aware of any matter or circumstance that has arisen since the end of the financial year that has significantly affected or may significantly affect the operations of the consolidated entity, the results of its operations or its state of affairs, which is not already reflected in this report.

Directors' and other officers' remuneration
Details of the emoluments paid to the Directors and the five highest paid executive officers of the Group and options granted are disclosed in Note 7 of the Concise Financial Report.

The five highest paid executive officers of the Group during 2002 were executives who left the company during that year. Payments at cessation include statutory and other contractual entitlements and payments made in mitigation of other legal claims following external expert advice. Those payments are disclosed in Note 7 of the Concise Financial Report. The base salaries of the five highest paid current executive officers are also disclosed.

The amount to be paid to Mr Batchelor has not been finalised at the date of this report.

Options
Disclosure of information relating to the granting and exercise of options over unissued ordinary shares are shown in Note 31 of the Full Financial Report.

Following a review of AMP's long term incentive policies, AMP announced on 4 October 2002 that share options would not be granted as part of the remuneration of its executives and senior employees, and that a new long term incentive programme based around performance rights would be introduced.

Directors' interests
At 26 February 2003, the Directors hold the following beneficial interests in: AMP Limited Shares, Options over AMP Limited Shares, and Debentures and Registered Schemes made available by AMP Limited or its related entities.

	SHARES	OPTIONS	INCOME SECURITIES
S D M Wallis	26,000	–	–

R P Yates	100,311	550,000	–

Directors' report continued

Indemnification and insurance of Directors and officers

Under its Constitution, the company has, to the extent permitted by law, agreed to indemnify all officers of AMP (including the Directors) for any liability, whether civil or criminal, (including the costs and expenses of defending actions for an actual or alleged liability) which they may incur in that capacity.

No indemnity is given to current or former employees of the AMP Group against liability incurred in their capacity as an employee unless the giving of the indemnity has been approved by the Board. During or since the end of the financial year, no such indemnities have been provided.

During or since the end of the financial year, the AMP Group has paid or agreed to pay premiums in respect of a contract insuring all of the officers (including all Directors) of the AMP Group against certain liabilities as permitted by the Corporations Act 2001. The insurance policy prohibits disclosure of the nature of the liability, the amount of the premium and the limit of liability.

In addition, the company and each of the Directors are parties to Deeds of Indemnity and Access, as approved by the Board. Those Deeds of Indemnity and Access provide that:

- The Directors will have access to the books of AMP Limited for their period of office and for 7 years after they cease to hold office;
- AMP Limited indemnifies the Directors to the extent permitted by law;
- The indemnity covers liabilities incurred by the Directors in their capacity as officers of other AMP Group companies; and
- AMP Limited will maintain Directors' and officers' insurance cover for the Directors to the extent permitted by the law for the period of their office and for 7 years after they cease to hold office.

Dividends

Details of the dividends paid and proposed during the financial year are disclosed in Note 6 of the Concise Financial Report.

Rounding

In accordance with the Australian Securities and Investments Commission Class Order 98/0100, amounts in this Directors' Report and the accompanying Financial Report have been rounded off to the nearest million Australian dollars, unless stated otherwise.

Signed in accordance with a resolution of the Directors.

Stan Wallis
Chairman

Peter Willcox
Chairman-elect

Andrew Mohl
Managing Director and Chief Executive Officer

Sydney, 26 February 2003

Detailed analysis of shareholder profit

for the year ended 31 December 2002

This table shows a detailed analysis of the source of net profit after tax attributable to shareholders of AMP Limited by business unit.

ALL AMOUNTS AFTER INCOME TAX	2002 A$ MILLION	2001 A$ MILLION
Australian Financial Services	**334**	366
UK Financial Services	**211**	328
Henderson Global Investors	**192**	208
AMP Banking	**(7)**	(13)
Total business unit operating margins	**730**	889
Discontinuing businesses	**38**	148
Corporate office costs	**(79)**	(102)
Total operating margins	**689**	935
Underlying investment income[1]	**437**	506
Interest expense on corporate debt	**(230)**	(242)
Distribution on AMP Reset Preferred Securities	**(13)**	–
Underlying contribution	**883**	1,199
Investment income market adjustment[2]	**(388)**	(532)
Profit after income tax before other items	**495**	667
Transformation costs[3]	**(344)**	(8)
Asset sales	**234**	86
Valuation adjustments	**(1,227)**	–
Goodwill amortisation	**(54)**	(55)
Net profit after tax attributable to shareholders of AMP Limited	**(896)**	690

Notes:
1. The investment income on shareholder capital attributed to the Business Units and Corporate Office is normalised in order to bring greater clarity to the results and to eliminate the distorting impact of short term market volatility on the Group's underlying performance.
2. The investment income market adjustment is the difference between the normalised investment income and the actual investment income attributable to shareholders.
3. Transformation costs include redundancies, the consolidation of operating sites, rationalisation of computer systems and elimination of duplication across the management and support functions.

Corporate governance

How we do business
At AMP, our approach to governance starts with acknowledging our responsibilities to our stakeholders who include shareholders, customers, employees, community and the environment. We know that people are increasingly interested in not only our financial performance and product and service offerings, but also how we run our businesses, manage our employees and interact with the community and environment.

AMP is a wealth management company operating across a range of geographic locations and markets. We strive to ensure that our governance 'in action' is of the highest standard, consistent with our principles and values, while at the same time practical and transparent for local market conditions which vary with different legal, regulatory, investor and community expectations.

As an investment manager, Henderson Global Investors also plays a leadership role in setting new standards for corporate governance practice across a broad range of industries.

We are continually working to improve our governance policies and practices both at Board level and at the boards of our subsidiary companies, including regulated entities. While our values remain constant, we know we must adapt our business practices to ensure we meet our obligations as a responsible company in a changing world.

Role of the Board of Directors
The Board of Directors is responsible for the long-term direction and well-being of AMP and is accountable to shareholders for how the company performs. The Board's responsibilities include:
- providing strategic direction to the company and validating and approving the strategic plan;
- appointing the Managing Director and Chief Executive Officer and approving executive succession plans;
- monitoring the performance of the Managing Director and Chief Executive Officer and approving executive remuneration policies;
- reporting to shareholders and ensuring that all regulatory requirements are met;
- making decisions in relation to major acquisitions, divestments or withdrawal from major lines of business;
- overseeing internal controls and processes for identifying areas of significant business risk; and
- ensuring AMP's business is conducted ethically and transparently.

Board size and composition
The size and composition of the Board is determined by the Board, subject to the limits set out in AMP's Constitution which requires a minimum of three Directors and a maximum of 16 Directors. The Chairman of the Board is non-executive and independent of the role of Managing Director and Chief Executive Officer (CEO). The Board will continue to be made up of a significant majority of independent non-executive Directors.

Directors' independence
It is important that the Board is able to operate independently of executive management. Each of the non-executive Directors is considered by the Board to be independent of management. This means that they are free from any business, interest or other relationship which could materially interfere with the exercise of their independent judgement and their ability to act in the best interests of the company.

AMP also has independent Directors on the boards of significant regulated subsidiaries.

Appointment of new Directors
Nominations of new Directors, recommended by the Board Nomination Committee, are considered by the full Board. The Board Nomination Committee uses external consultants to access a wide base of potential Directors, considering their range of skills and experience required in light of:
- the current composition of the Board;
- the need for independence;
- the strategic direction and progress of AMP; and
- the geographic spread and diversity of AMP's businesses.

The Board assesses nominated Directors against a range of criteria including background, experience, professional skills, personal qualities and their capacity to commit themselves to the Board's activities. A Director appointed by the Board during the year will stand for election by shareholders at the next Annual General Meeting.

We believe that it is important that Directors' interests are aligned with those of shareholders. AMP's Constitution requires all Directors to hold at least 2,000 AMP shares.

Retirement and re-election of Directors
AMP's Constitution requires that one-third of the Directors must retire from office at each Annual General Meeting. Each Director (other than the Managing Director) must, in any event, retire from office at the third Annual General Meeting after they were last elected. In either case, the retiring Directors may offer themselves for re-election.

In February 2003, the Board agreed that the term of Directors will generally be no longer than nine years. Any non-executive Director remaining on the Board after nine years will be subject to annual re-election by shareholders.

Conflicts of interest
The Board has agreed policies and procedures in the event that actual or potential conflicts arise between the interests of a Director and those of AMP. Generally, this means that the Director will disclose their interest and, if appropriate, will not take part in any discussions or vote on that matter.

The Directors have the right to seek independent professional advice, at AMP's expense, to help them carry out their responsibilities.

Board Committees
The Board currently has five standing Board Committees. Each Committee's powers and responsibilities are set out in their individual terms of reference, as approved by the Board. Other Committees may be established from time to time to consider matters of particular importance. Committee members are chosen for the skills, experience and other qualities they bring to the

Committee. Three of the five standing Committees are composed of only independent non-executive Directors: the Board Audit and Compliance Committee, the Board Nomination Committee and the Board Remuneration Committee.

Each of the five standing Committees meets at least quarterly to consider and make recommendations on matters delegated to them by the Board. Committee Chairmen give verbal reports to the Board as soon as possible after each Committee meeting and Committee meeting minutes are received by the full Board.

Board Audit and Compliance Committee
The Board Audit and Compliance Committee assists the Board to discharge its corporate governance responsibilities, including: the business's relationship with, and the independence of, the external auditor; the reliability and appropriateness of the disclosure of the financial statements and external financial communications; and the maintenance of an effective business risk management framework including compliance and internal controls and monitoring of the internal audit function.
Chairman – Richard Grellman

Board Finance Committee
The Board Finance Committee sets policy for the company in relation to various finance and investment activities and oversees the implementation of that policy.
Chairman – Lord Killearn

Board Governance Committee
The Board Governance Committee considers corporate governance matters across AMP, including AMP's stakeholder responsibility policies, and governance issues referred by the Board and Chairman from time to time.
Chairman – Paul Mazoudier

Board Nomination Committee
The Board Nomination Committee supports and advises the Board on composition and succession planning for the Board and on the remuneration of the non-executive Directors. It is also responsible for the processes involved in reviewing the Board's performance, for new Directors' orientation and education and the ongoing development of all Directors.
Chairman – Peter Willcox

Board Remuneration Committee
The Board Remuneration Committee serves as an advisory Committee to the Board providing advice relating to the effectiveness, integrity and legal compliance of AMP's remuneration programmes (including share, option and performance right plans), protocols and practices. The Committee engages independent remuneration consultants where appropriate. Key responsibilities include annually reviewing and recommending to the Board the total remuneration package of the Managing Director and CEO.
Chairman – Sir Malcolm Bates

Auditor independence
Best practice in financial and audit governance is evolving rapidly and the independence of the external auditor is particularly important to shareholders and the Board. To ensure that AMP's practices are up to date, the Board has adopted a Charter of Audit Independence which is reviewed regularly in line with emerging practices domestically and internationally.

The key points covered by the Charter include:
- rotation of the senior audit partner every five years;
- annual confirmation by the auditor that it has satisfied all professional regulations relating to auditor independence;
- quarterly reporting to the Board Audit and Compliance Committee on the levels of audit and non-audit fees; and
- specific exclusion of the audit firm from work which may give rise to a conflict or a perceived conflict.

Compliance
We continually monitor and assess our compliance with laws, regulations and prudential requirements across all geographic locations. With the pace of legislative and regulatory change, we have dedicated compliance teams within each business area working to adapt our practices to meet these new requirements.

A new Risk and Regulatory Affairs role was recently established to coordinate compliance and risk management practices across our businesses, as well as oversee AMP's relationships with regulators.

The Board receives regular updates on compliance issues through the Board Audit and Compliance Committee.

Code of Conduct
AMP conducts its business with the highest standards of personal and corporate integrity. We have adopted a Code of Conduct outlining the standards of personal and corporate behaviour which Directors and employees observe.

Trading in securities
AMP's Employee Share Trading Policy requires that Directors and employees do not trade in AMP securities, or in other entities' securities, whilst in the possession of inside information.

Directors, executives and certain senior employees are only permitted to deal in AMP securities within specified 'trading windows'. The trading windows correspond to the 30-day period beginning on the second day after the release of AMP's half-year results and yearly results, its Annual General Meeting or the issue of an AMP prospectus offering securities. A further trading window is available in relation to employee applications under employee share ownership plans during the first 10 business days in December each year.

Communication with stakeholders
AMP is committed to increasing the transparency and quality of its communication so that we are regarded as outstanding corporate citizens. AMP's approach to communicating with shareholders and financial markets is set out in AMP's Market Disclosure Policy which is on AMP's website www.ampgroup.com

Information is communicated to shareholders through the distribution of the Annual Report, newsletters to shareholders following the release of the half-year and yearly results and whenever there are other significant developments to report. All significant information is posted on AMP's website www.ampgroup.com/shareholdercentre as soon as it is disclosed to the ASX.

Consolidated statement of financial performance

Discussion and analysis
for the year ended 31 December 2002

Basis of consolidated financial information
Revenues and expenses, net profit (loss) from ordinary activities before income tax, income tax, all include consolidated amounts of shareholder interests and also the non-shareholder interests of all life funds, comprising the:
- Australasian and UK policyholders funds
- 'Unattributed life funds'.

Revenue and expense transactions relating to the life funds are substantial. Policyholders' interests in the revenue and expense transactions for the year are attributed to them as 'Movement in life insurance policy liabilities' which is deducted in arriving at the net profit or loss from ordinary activities before income tax.

Unattributed life funds relates to the with-profits business of UK life funds. These funds are not attributable to either shareholders or policyholders. The revenue and expenses generated by the with-profits business are included within net profit (loss) from ordinary activities. The unattributed interests are recognised as 'Movement in unattributed life funds' which is then removed in arriving at the net profit or loss attributable to shareholders.

The net loss after tax attributable to the shareholders of AMP Limited is $896 million (2001: profit of $690 million).

Premium and related revenue
Premium revenue of $3,388 million has fallen from $4,454 million in 2001. As shown in Note 3, life insurance premiums have decreased in 2002, reflecting the reduction in volumes of mature business. General insurance premiums in 2002 relate to the remaining corporate insurance, mortgage insurance, and reinsurance operations. 2001 premium income includes six months of premiums on the general insurance businesses sold on 30 June 2001.

Investment gains (losses)
Investment gains and losses comprise the net gains and losses on all investments held by the Group, including all the net gains and losses of the life funds.

Losses in 2002 of $7,787 million are higher than 2001 (loss of $1,605 million) reflecting:
- Weaker global equity markets generating realised and unrealised losses on investments
- Asset writedowns in 2002 of $1,040 million in the value of AMP's businesses, reflecting the poor operating environment affecting UK life companies and the results of a strategic review across the Group. *(A writedown of $121 million of goodwill to recoverable amount and $66 million in operating expenses bring the total asset writedowns amount to $1,227 million.)*
- $366 million proceeds (net of sale costs) from the sale of Cogent.

Claims expenses
Claims expense in 2002 fell to $6,409 million from $7,843 million in 2001. As shown in Note 4, the fall in life insurance claims reflects a decline in mature business and a reduction in bonuses. Withdrawals increased overall in 2002 reflecting market sentiment. General Insurance claims fell reflecting the divestment of that business at 30 June 2001.

Movement in life insurance policy liabilities
Movement in life insurance policy liabilities includes increases (or reductions) in benefits vested to policyholders on all types of life insurance business. For Australasia, in accordance with Accounting Standard AASB 1038: 'Life Insurance Business', the movement also includes increases (or reductions) in unvested benefits in respect of participating business.

The movement for 2002 is $12,440 million (2001: $7,947 million) being a net reduction in the liability to policyholders. This is largely due to the reduced obligations to policyholders with investment linked and participating life insurance policies as a result of investment losses in the year.

Operating expenses
Operating expenses include a restructuring provision of $489 million ($344 million after tax) as part of the cost of implementing the strategic reform initiatives. This was partially offset by expense savings during the year.

Borrowing costs
Borrowing costs in 2002 of $821 million (2001: $894 million) have reduced due to:
- Lower prevailing interest rates in both Australia and the UK
- A change in the borrowings mix.

Income tax (expense) credit
An income tax credit of $801 million in 2002 (2001: $397 million) arises on the loss for the year and includes the taxation impact on both shareholder interests and the non-shareholder interests of all life funds.

The income tax credit reflects the investment losses made during the year, resulting in a reduction in deferred income tax as unrealised investment gains recorded in previous years were reversed in 2002.

Other equity interests
Unattributed life funds
The movement for the year reflects:
- Investment losses on unattributed life funds
- Utilisation of the unattributed life funds to support bonus distributions to UK policyholders – refer Note 6.

AMP Reset Preferred Securities Trust
The AMP Reset Preferred Securities Trust is a controlled entity of the Group, and as such the profit of the Trust for the period is included in the consolidated net profit (loss) from ordinary activities after income tax. The profit of the Trust attributable to external unitholders ($19 million) is reflected as an outside equity interest.

Consolidated statement of financial performance

for the year ended 31 December 2002

	NOTE	2002 A$ MILLION	2001 A$ MILLION

Consolidated statement of financial position

Discussion and analysis
as at 31 December 2002

Basis of consolidated financial information
Assets and liabilities include consolidated amounts of shareholder interests and also the non-shareholder interests of all life funds, comprising the:
- Australasian and UK policyholders funds
- 'Unattributed life funds'.

The majority of the consolidated investment assets relate to the life funds, mainly backing policy liabilities. Policyholders' interests are recognised as life insurance policy liabilities and are determined in accordance with accounting and actuarial standards.

Unattributed life funds relates to the with-profits business of UK life funds. These funds are not deemed to be attributable to either shareholders or policyholders. The assets and liabilities of the with-profits business are included within net assets. After removing the unattributed life funds and the outside equity interests, the total equity attributable to shareholders of AMP Limited is $8,533 million (2001: $9,520 million).

Cash at bank and on deposit
The increase in cash at bank relates to a number of investing and funding strategies including the divestment of equities and properties and the issue of AMP Reset Preferred Securities. Details of the components of cash and related items are shown in the Statement of Cash Flows.

Investments
Equity securities of $54,431 million (2001: $71,772 million) have reduced significantly due to:
- A move from equities into debt securities and cash
- A decline in the market value of equities remaining in the portfolio.

Intangible assets
Intangible assets amounting to $945 million (2001: $866 million) consist of historic cost goodwill. Following a review of the Group's operations, structure and ongoing strategy:
- NPI Limited moved into a historical cost environment, resulting in $223 million being transferred from the excess of market value over net assets of controlled entities to goodwill
- There was a writedown of $121 million of goodwill to recoverable amount.

Amortisation of goodwill for the year was $54 million (2001: $55 million).

Excess of market value over net assets
Excess of market value over the net assets of controlled entities (EMVONA) amounting to $1,825 million (2001: $2,926 million) relates to those investments which are held by life entities in the AMP Group. The EMVONA of controlled entities represents future benefits expected to be derived from the business which are not reflected in the book values of underlying assets and liabilities of the entities. Investments held by life entities are carried at market value and any changes in market value are included in consolidated investment gains (losses). Accounting standards do not require the excess to be amortised.

$908 million was written off EMVONA following a review of the market value of controlled entities as at 31 December 2002.

Deferred tax liabilities
The decrease in deferred tax liabilities is mainly due to the reversal of deferred tax on previous unrealised investment gains following a reduction in investment values in 2002.

Borrowings and subordinated debt
The overall level of borrowings in the Group reduced marginally to $10,329 million (2001: $10,668 million). There was a reduction in corporate borrowings during the year which was largely offset by increased operational borrowings. Subordinated debt remained substantially unchanged.

Life insurance policy liabilities
Life insurance policy liabilities are calculated in accordance with the principles of Margin on Services as prescribed by Australian Accounting Standard AASB 1038 and Actuarial Standard 1.03, a standard issued under the Australian Life Insurance Act 1995.

The movement in life insurance policy liabilities reflects the underlying performance of investment markets, particularly in the UK. The movement for 2002 being a net reduction in the liability to policyholders to $116,245 million (2001: $128,913 million). This is largely due to the reduced obligations to policyholders with investment linked and participating life insurance policies as a result of investment losses in the year.

Equity attributable to shareholders
Contributed equity of $5,001 million (2001: $4,613 million) increased by $388 million including $381 million from shares issued under the Dividend Reinvestment Plan, and $51 million from shares issued under employee share and option plans, offset by $44 million share buy back.

Shareholders retained profits at the end of the year of $2,661 million ($4,084 million) fell by $1,423 million reflecting loss for the year and $527 million dividends paid and proposed.

Other equity interests
Unattributed life funds
For those UK life funds which include participating business, 90% of the assets in excess of policy and other liabilities are neither attributable to shareholders nor policyholders as discussed in Note 6 – Unattributed life funds. These assets amount to $5,494 million (2001: $6,232 million).

AMP Reset Preferred Securities Trust
The AMP Reset Preferred Securities Trust is a controlled entity of the Group, and as such the net assets of the Trust are included in the consolidated net assets. The equity and retained profits of the Trusts held by external unitholders ($1,141 million) is reflected as an outside equity interest.

Consolidated statement of cash flows

Discussion and analysis

for the year ended 31 December 2002

Basis of consolidated cash flow information

The operating and the majority of the investing cash flows presented in the AMP Group statement of cash flows include cash flows relating to shareholders and also the interests of all life funds, comprising the:

- Australasian and UK policyholders funds
- 'Unattributed life funds'.

Cash flows from operating activities

- Net cash outflows from operating activities of $1,650 million (2001: $944 million) reflect the decrease in interest and dividends received, especially in the life funds
- Cash receipts and cash payments were both considerably lower in 2002 reflecting the disposal of various controlled entities during 2001, including the general insurance business, and other life funds' controlled entity investments.

Cash flows from investing activities

There was a net cash inflow from investing activities reflecting investment and funding strategies adopted during the year in both shareholders' capital and life funds assets.

Cash flows from financing activities

Cash outflows from financing activities were $650 million (2001: $1,390 million outflow) principally reflecting:

- Net repayments of borrowings $274 million (2001: $1,252 million)
- Dividends paid $205 million (2001: $381 million)
- Proceeds from the issue of units in the AMP Reset Preferred Securities Trust, net of issue costs – $1,122 million
- Cash proceeds for the issue of shares were minimal due to the share buy back offsetting the majority of cash received from new issues, and the large uptake under the Dividend Reinvestment Plan (DRP) including the arrangement whereby the Plan is underwritten until the interim dividend 2003, expected to be paid October 2003.

Note:

1. Includes payments to acquire units which result in AMP holding a controlling interest in unit trusts. The majority of the underlying assets of those trusts comprise investment assets. The amounts are net of cash acquired.

Notes to the financial statements

for the year ended 31 December 2002

1. Basis of preparation of the Concise Financial Report

The Concise Financial Report has been prepared in accordance with the requirements of the Corporations Act 2001 and Accounting Standard AASB 1039: 'Concise Financial Reports' and applicable Australian Securities and Investments Commission Orders.

The AMP Group consists of AMP Limited (AMP) and its controlled entities including life insurance funds of those controlled entities. As a result, both shareholder and policyholder interests in the life insurance funds of controlled entities are consolidated.

AMP prepares the consolidated financial statements on the basis of market value and historic cost generally accepted accounting principles. Insurance entities, which represent the material operations of the AMP Group, adopt the principles of market value accounting whereby changes in market value of assets and liabilities during the year are recognised in the statement of financial performance.

Comparative information

Where necessary, comparative information has been reclassified to be consistent in disclosure with current period amounts and other disclosures.

Changes in accounting policies

Accounting policies in this Financial Report are consistent with those of the previous year except where noted.

2. Segment information – 2002

Business and geographic segment information

Australian Financial Services (AFS) – Australian Financial Services provides financial planning, investment services, superannuation and life insurance products in Australia and New Zealand.

UK Financial Services (UKFS) – UK Financial Services provides savings, investment, insurance, retirement products and financial planning services.

Henderson Global Investors (HGI) – Henderson Global Investors provide investment management services including private capital and property portfolios and socially responsible investments.

AMP Banking – AMP Banking provides mortgage and savings products and credit card services in Australia, New Zealand and the UK and property finance services in Australia and New Zealand. The credit card portfolio was sold on 23 December 2002 and a structured sale process is currently underway for AMP Banking's property finance business in Australia and New Zealand and the UK and New Zealand mortgage businesses.

General Insurance – comprises corporate insurance operations, mortgage insurance operations and reinsurance operations. In 2001 the amount includes the general insurance business which was sold in July 2001.

Other – includes the provision of support services to the business units, corporate funding, investment of shareholder capital not allocated to reportable segments as well as non core businesses previously reported as part of AMP International, but which are no longer reportable segments. In 2002, other includes proceeds from the sale of Cogent of $366 million (net of sale costs).

Net realised and unrealised gains (losses)[3]	**(14,952)**	(8,773)
Other investment income	**415**	171
Total investment gains (losses)	**(7,787)**	(1,605)

Notes:
1. *In 2001, an amount of $299 million has been reclassified out of claims expense to correctly reflect reinsurance and other recoveries as revenue to ensure* comparability with the current year. The changes do not affect the calculation of net profit (loss).
2. Other revenue includes the operating revenue of investment controlled entities providing various non financial services such as mining, farming and retailing.
3. *Net realised and unrealised gains (losses) includes:*
   2002: (i) $1,040 million writedown of the carrying value of investments to market value (total $1,227 million including $121 million writedown of goodwill to recoverable amount and $66 million of operating expenses); and
   (ii) $366 million proceeds (net of sale costs) from the sale of Cogent. After taking into account the carrying value of the assets sold, and expenses incurred in the disposal and separation of the business, the profit on sale after tax is $204 million.
   2001: (i) $1,362 million proceeds (net of sale costs) from the sale of the General Insurance business. After taking into account the carrying value of the assets sold, and expenses incurred in the disposal and separation of the business, the profit on sale after tax is Nil.

4. Expenses from ordinary activities

	2002 A$ MILLION	2001 A$ MILLION
(a) Claims expense		
Life insurance claims paid and payable	**(20,259)**	(18,539)
Less: withdrawals recognised as a reduction in life insurance policy liabilities[1]	**14,296**	12,118
Life insurance claims recognised as expense[1]	**(5,963)**	(6,421)
General insurance claims and related expenses paid and payable[2]	**(446)**	(1,422)
Total claims and related expenses	**(6,409)**	(7,843)
(b) Operating expenses		
Advertising and marketing	**(99)**	(120)
Amortisation of goodwill	**(54)**	(55)
Writedown of goodwill	**(121)**	–
Bad and doubtful debts expense	**(27)**	(32)
Fee expense on banking business	**(35)**	(39)
Information technology and communication	**(424)**	(448)
External investment management fees	**(139)**	(137)
Occupancy and property maintenance[3]	**(418)**	(194)
Professional fees[3]	**(242)**	(176)
Staff and related expenses[3]	**(2,238)**	(2,192)
Travel and entertainment	**(107)**	(122)
Other operating expenses[3,4]	**(804)**	(940)
Total operating expenses	**(4,708)**	(4,455)
(c) Specific expenses included within the above categories:		
Rental – operating leases	**(18)**	(47)
Superannuation contributions to defined benefits funds	**(4)**	2
Net foreign currency (losses) gains	**23**	(1)
Depreciation expense	**(87)**	(71)

Notes:

1. In 2001, an amount of $1,698 million has been reclassified and is now treated as withdrawals recognised as a reduction in life insurance policy liabilities to ensure comparability with the current year. The changes do not affect the calculation of net profit (loss).
2. In 2001, an amount of $299 million has been reclassified out of claims expense to correctly reflect reinsurance and other recoveries as revenue to ensure comparability with the current year. The changes do not affect the calculation of net profit (loss).
3. Operating expenses in 2002 includes $489 million of restructuring costs before tax ($344 million after tax). The major areas of restructuring include redundancies, the consolidation of operating sites, rationalisation of computer systems and elimination of duplication across the management and support functions.
4. Other operating expenses includes the operating expenses of investment controlled entities providing various non financial services such as mining, farming and retailing.

Notes to the financial statements continued
for the year ended 31 December 2002

5. Dividends paid and proposed

	2002 A$ MILLION	2001 A$ MILLION
Dividends paid	**295**	280
Dividends proposed	**232**	293
Total dividends paid and proposed	**527**	573

In 2002 a partly franked (to 15%) dividend of 26 cents per ordinary share was paid on 29 October 2002. A dividend of 20 cents per ordinary share, franked to 15%, is proposed to be paid on 28 April 2003.

In 2001 a partly franked (to 15%) dividend of 25 cents per ordinary share was paid on 25 October 2001. A dividend of 26 cents per ordinary share, franked to 15%, was paid on 23 April 2002.

6. Unattributed life funds

For those UK life insurance funds which include participating business, only 10% of the assets in excess of the policy and other liabilities calculated under MoS, ie $610 million (2001: $692 million) can, in the context of the UK regulatory environment, be definitively attributed to shareholders. The remaining 90%, ie $5,494 million (2001: $6,232 million) is deemed to be equity which is not specifically attributable to shareholders' or policyholders' interests, and is referred to in these financial statements as unattributed life funds.

In recent years, bonus distributions to UK with-profit policyholders have exceeded the level supported by actual experience, because of the need to support bonuses in a way that is consistent with the reasonable expectations of policyholders. The balance of the cost of bonus distributions has been met from the unattributed life funds. The need to support bonus levels is expected to continue in the medium term, consistent with accepted UK industry practice. In the absence of a significant recovery in equity markets, it is now likely that a significant proportion of the unattributed life funds will be utilised in this way.

The following table shows the movements in unattributed life funds for the period.

The impact of exchange rate movements is accounted for through the foreign currency translation reserve, and not through the statement of financial performance.

	2002 A$ MILLION	2001 A$ MILLION
(a) Unattributed life funds		
Balance at the beginning of the year	**6,232**	6,802
Movement in accumulated unattributed life funds for the period	**(749)**	(940)
Effect of exchange rate changes on translation	**11**	370
Balance at the end of the year	**5,494**	6,232
(b) Movement in unattributed life funds for the period		
Profit of the participating businesses UK life funds	**812**	1,541
Less: amount attributed to shareholders	**(76)**	(166)
	736	1,375
Less: bonuses credited to participating policy holders	**(944)**	(1,842)
Bonus subsidy from accumulated unattributed life funds	**(208)**	(467)
Investment losses on accumulated unattributed life funds	**(541)**	(473)
Movement in unattributed life funds for the period	**(749)**	(940)

7. Remuneration of Directors and executives

(a) Directors

Fees paid to members of the Board are based on advice from the Group's remuneration specialists and external remuneration advisers appointed by the Board Nomination Committee. This advice takes into consideration the level of fees paid to Board members of other Australian corporations, the size, geographic locations and complexity of the Group's operations and the responsibilities and workload requirements of Board members.

Directors are paid a base fee in relation to service on the AMP Limited Board and for membership of one or more of its standing committees. Additional fees are paid to the Chair of each of the Board Audit and Compliance, Finance, Governance and Remuneration Committees. Mr Wallis' fees as Chairman of the Board are inclusive of his role as Chairman of the Board Nomination Committee. Individual Directors are paid fees for additional duties associated with membership of Due Diligence Committees of major projects (or other special purpose committees) on a per diem basis.

The Board Governance Committee has oversight of the fees paid to non-executive Directors of subsidiary companies of the AMP Group. For fees paid to Directors in the UK, the Committee receives advice on the appropriate level of Directors' fees for that market.

As the focus of the Board is on the long-term direction and well-being of the Group, there is no direct link between Directors' remuneration and the short-term results of the Group. However, its long-term performance relative to other large corporations is considered, among other factors, in setting the fee pool which is periodically proposed to shareholders at Annual General Meetings for approval. The current aggregate fee pool of A$2,500,000 was approved by shareholders in 1999.

Board fees are not paid to Mr Mohl or Mr Yates since the responsibilities of Board membership are considered in determining remuneration provided as part of their normal employment conditions. Details of remuneration for Mr Mohl and Mr Yates are given later in this note.

Apart from the executive Directors, Mr Mohl and Mr Yates, no current Directors of AMP Limited have been granted options or performance rights. Details of the remuneration of Mr Mohl and Mr Yates are discussed in subsequent pages regarding executive remuneration.

Each of the current non-executive Directors (except Mr Willcox) has a Retirement Allowance Agreement which provides cash benefits in the event of death or retirement from the Board. The retirement allowance is based on a sliding scale that provides a maximum benefit, after 15 years service, of five times the average fees over the three years preceding retirement or death. The Directors have determined that the current Retirement Allowance Agreements may no longer be an appropriate form of remuneration. Consideration is being given to a new long-term equity programme for Directors involving fee sacrifice to replace the current system of cash-based retirement allowances for non-executive Directors. Existing obligations to Directors will be met.

NON-EXECUTIVE DIRECTORS AT 31 DECEMBER 2002[10]	FEES FOR AMP BOARD & COMMITTEES A$	FEES FOR OTHER GROUP BOARDS & COMMITTEES A$	ADDITIONAL BOARD DUTIES[2] A$	SUPER-ANNUATION CONTRIBUTION A$	OTHER PAYMENTS[3] A$	TOTAL A$
S D M Wallis	350,000	–	–	30,566	53,275	433,841
P J Willcox[1]	34,203	–	–	3,503	4,725	42,431
Sir Malcolm Bates	107,500	249,515[4]	7,500	–	5,825	370,340
P A Cross	100,000	25,893[5]	4,500	11,714	5,825	147,932
R J Grellman	112,000	40,000[6]	55,000	18,196	5,825	231,021
Lord Killearn	107,500	138,619[7]	6,000	–	5,825	257,944
P K Mazoudier	107,500	40,000[8]	10,500	14,130	5,825	177,955
I A Renard	100,000	25,000[9]	4,500	11,688	5,825	147,013

Notes:

1. Mr P J Willcox was appointed as a non-executive Director of AMP Limited on 9 September 2002.
2. Includes fees paid for additional duties as a member of Due Diligence Committees relating to capital raising, acquisitions or divestments.
3. Relates to allowances in respect of living away from home costs (S D M Wallis only) and incidental expenses related to the business of the company.
4. Fees of £90,000 were paid to Sir Malcolm Bates as Chairman of AMP's UK Financial Services subsidiaries (A$249,515 is the equivalent based on the average exchange rate for 2002: £1 = A$2.772).
5. Fees were paid to P A Cross as a Director of AMP Bank Limited.
6. Fees were paid to R J Grellman as a Director of AMP Life Limited and Chairman of its Audit and Compliance Committee.
7. Fees of £50,000 were paid to Lord Killearn as Chairman of Henderson Global Investors (Holdings) plc (A$138,619 is the equivalent based on the average exchange rate for 2002: £1 = A$2.772).
8. Fees were paid to P K Mazoudier as a Director of AMP Life Limited and a member of its Audit and Compliance Committee.
9. Fees were paid to I A Renard as a Director of AMP Bank Limited.
10. The accrued retirement benefit entitlements as at 31 December 2002 according to each Director's Retirement Allowance Agreement were: S D M Wallis – A$1,590,972; Sir Malcolm Bates – A$1,118,295; P A Cross – A$153,236; R J Grellman – A$245,204; Lord Killearn – A$363,017; P K Mazoudier – A$207,655 and I A Renard – A$268,921. The entitlements are payable at retirement or on death and are inclusive of any accumulated superannuation guarantee contribution balances. (Notional accruals have been included for Directors with less than three years service. Upon the resignation of P A Cross on 26 February 2003, her entitlement will lapse). Mr Willcox has not entered into a Retirement Allowance Agreement.

Notes to the financial statements continued
for the year ended 31 December 2002

7. Remuneration of Directors and executives continued

(b) Executives

Remuneration for senior executives is determined in accordance with remuneration guidelines established by the Board. Through the Board Remuneration Committee, the Board oversees the remuneration process. The Board approves remuneration for the Chief Executive Officer. All members of the Board Remuneration Committee are non-executive Directors who are not eligible to participate in any of the compensation programmes that the Committee oversees.

Total remuneration package

The overall remuneration mix for each executive is based on a range of factors including the role held within AMP, how critical that area of the business is and local market conditions. This translates into a different remuneration mix for different roles within different areas of AMP. Higher-level roles generally attract higher variable pay.

AMP's total remuneration package for executives (including the Chief Executive Officer) consists of the following components:
(i) Base salary – fixed pay package
(ii) Short-term incentive – variable pay
(iii) Long-term incentive – variable pay
(iv) Non-cash benefits.

Base salary

Base salary is targeted at the median of the market rate for a given position. AMP utilises a range of 80% to 120% of this amount to reflect its assessment of an individual's performance capabilities. It is reviewed each year, but there are no guaranteed increases.

Short-term incentive

Short-term incentive is provided to executives by the Executive Short Term Incentive Programme (ESP) and allows eligible participants the opportunity to earn an annual cash incentive payment, part of which may be taken or, in the case of a small number of executives, is required to be taken, as restricted shares. The ESP provides a competitive opportunity that aims to deliver total annual payment for top performers at the 75th percentile of the market rate for a given position. Eligibility, and the size of the incentive, is based on a combination of quantitative and qualitative performance measures in respect of:
(i) AMP's overall business performance;
(ii) Business Unit performance (where relevant); and
(iii) The individual's performance.

For certain senior executives, a mandatory 30% of ESP incentive payments will be made in restricted shares. This supports AMP's commitment to having executive focus tied closely to shareholder interests. Other participating executives may elect to receive 25% of their ESP payment in the form of restricted shares.

Restricted shares are acquired using pre-tax dollars and are generally held in the Executive Share Ownership Plan for three years. If the executive is still employed at AMP three years after the shares are acquired, AMP will match the shares on a one-for-one basis.

Long-term incentive

The new long-term incentive programme consists of performance rights granted under the International Employee Share Ownership Plan (IESOP), an outline of which is set out in Note 31 of the Full Financial Report.

Additionally, certain executives have received options granted to them prior to the Board Remuneration Committee's decision to award future long term incentives in the form of performance rights. They remain subject to the original terms of grant, including performance and tenure hurdles and exercise price.

Non-cash benefits

These include superannuation contributions and other non cash benefits, such as parental leave, in line with local country legislation and market practice.

In addition, executives may be entitled to participate in the Employee Share Acquisition Plan (ESAP) in Australia and New Zealand, or in the All Employee Share Ownership Plan (AESOP) in the UK, as detailed in Note 31 of the Full Financial Report.

7. Remuneration of Directors and executives continued

EXECUTIVE[6,8]	BASE SALARY A$'000	SHORT TERM INCENTIVE[1] A$'000	SUPER-ANNUATION CONTRIBUTIONS A$'000	PAYMENTS AT CESSATION[2] A$'000	OTHER PAYMENTS[3] A$'000	TOTAL A$'000	PERFORMANCE RIGHTS ALLOCATED[4] NUMBER
A Mohl, Chief Executive Officer (from 7 October 2002; previously Managing Director, AFS)	954	1,024[5]	117	–	–	2,095	292,278[5]
R Yates, Managing Director, Henderson Global Investors[7]	1,525	1,109	610	–	–	3,244	105,060
T Fraser, formerly Managing Director, UKFS[7]	889	–	526	4,684	–	6,099	–
T Wade, formerly Managing Director, AMP International[7]	570	–	60	1,962	685	3,277	–
W Foster, formerly Chief Information Officer[7]	455	–	48	1,735	592	2,830	–
A Jones, formerly General Manager, Corporate Human Resources	441	–	228	1,583	–	2,252	–
G Traill, formerly General Counsel	122	–	13	2,057	–	2,192	–

Notes:

1. Short-term incentive payments are based on individual and business performance for 2002 and are paid in 2003. These executives will take 30% of their actual short term incentive payment in the form of AMP shares under the Restricted Plan. The price at which the shares are acquired by the executives is based on the average market price of the shares at the time they are acquired. The shares are generally subject to restrictions on transfer for three years from the date of allocation. Subject to the terms of the Restricted Plan, each participating executive will also receive for no additional payment one share for every share that is held in the plan if the executive remains employed within the AMP Group until the third anniversary of the date of acquisition of shares under the plan (matching shares).
   The indicative fair value of the matching shares (based on the market price of the shares acquired through application of the actual short term incentive payment) is A$307,200 for Mr Mohl and A$332,686 for Mr Yates.
2. Payments at cessation include statutory and other contractual entitlements and payments made in mitigation of other legal claims following external expert advice.
3. Other payments include expatriate allowances and non-cash benefits (travel, rent etc).
4. The indicative fair values at allocation date of performance rights allocated in 2002 are calculated allowing for loss of dividend rights during the three year performance period, and a probability discount to reflect the applicable performance criteria. On this basis, the value of each of the performance rights allocated at 31 August 2002 (92,278 to Mr Mohl in respect of his role as Managing Director, AFS, and 105,060 to Mr Yates as Managing Director, Henderson Global Investors) is A$7.14, and the value of each of the other 200,000 performance rights allocated to Mr Mohl as at 7 October, 2002 is A$5.86. This amounts to a total value of A$1,830,865 for Mr Mohl and A$750,128 for Mr Yates.
5. Of the performance rights granted to Mr Mohl, 200,000 are subject to shareholder approval (to be sought at the forthcoming Annual General Meeting). The shares taken in respect of A$160,200 of the actual short term incentive payment under the Restricted Plan by Mr Mohl, are subject to shareholder approval (to be sought at the forthcoming Annual General Meeting).
6. Mr Batchelor was the Managing Director and Chief Executive Officer until 23 September 2002. He ceased to be a Director on that date. Mr Batchelor received the following remuneration during 2002:
   (a) Salary of A$1,138,331;
   (b) Statutory entitlements of A$193,772;
   (c) Superannuation contributions of A$119,525; and
   (d) Non-cash benefits with a value of A$66,871.
   As at the date of this report, any further entitlements in connection with Mr Batchelor's cessation of employment are yet to be determined. The Company has committed to announcing details of any such entitlements to the ASX as soon as they are determined.
7. Australian dollar equivalents for that part of remuneration paid to executives in pounds sterling in 2002 are based on the average exchange rate for 2002: £1 = A$2.772 and those paid in 2001 are based on the average exchange rate for 2001: £1= A$2.777.
8. The table details the emoluments of each executive Director and each of the five officers of the company (excluding executive Directors) receiving the highest emoluments during 2002. At the date of this report, the five highest paid officers of the company, determined by base salary, are M de Cure, General Manager, Strategy – A$700,000; C Dunn, Managing Director, AMP Financial Services – A$675,000; J Drabble, Managing Director, UK Contemporary Financial Services – A$550,000; I Laughlin, Managing Director, UK Life Services – A$550,000; P Leaming, Chief Financial Officer – A$650,000. Each of the executives is also entitled to short term incentives, superannuation contributions and long term incentives (in the form of performance rights) and other compensation related to, for example, expatriate and relocation allowances and non-cash benefits.

8. Events occurring after reporting date

At the date of this report, the Directors are not aware of any matter or circumstance that has arisen since the end of the financial year which has significantly affected or may significantly affect the operations of the consolidated entity, the results of its operations or its state of affairs, which is not already reflected in this report.

Directors' declaration

for the year ended 31 December 2002

In accordance with a resolution of the Directors of AMP Limited, we state that in the opinion of the Directors:

(a) The Concise Financial Report of the consolidated entity set out on pages 20 to 33 for the year ended 31 December 2002 is in accordance with Accounting Standard AASB 1039: 'Concise Financial Reports'; and

(b) The financial statements and specific disclosures included in this Concise Financial Report have been derived from the Full Financial Report for the year ended 31 December 2002.

On behalf of the Board

Stan Wallis
Chairman

Peter Willcox
Chairman-elect

Andrew Mohl
Managing Director and Chief Executive Officer

Sydney, 26 February 2003

Independent audit report

for the year ended 31 December 2002

To the members of AMP Limited

Scope
We have audited the Concise Financial Report of AMP Limited for the financial year ended 31 December 2002, as set out on pages 20 to 33, in order to express an opinion on it to the members of the company. The company's Directors are responsible for the Concise Financial Report.

Our audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance whether the Concise Financial Report is free of material misstatement. We have also performed an independent audit of the Full Financial Report of AMP Limited for the year ended 31 December 2002. Our audit report on the Full Financial Report was signed on 26 February 2003, and was not subject to any qualification.

Our procedures in respect of the audit of the Concise Financial Report included testing that the information in the Concise Financial Report is consistent with the Full Financial Report and examination, on a test basis, of evidence supporting the amounts, discussion and analysis, and other disclosures which were not directly derived from the Full Financial Report. These procedures have been undertaken to form an opinion whether, in all material respects, the Concise Financial Report is presented fairly in accordance with Accounting Standard AASB 1039: 'Concise Financial Reports' applicable in Australia.

The audit opinion expressed in this report has been formed on the above basis.

Audit opinion
In our opinion, the Concise Financial Report of AMP Limited complies with Accounting Standard AASB 1039: 'Concise Financial Reports' applicable in Australia.

Substantial shareholders
The Company has received no substantial shareholding notices.

Total number of holders of ordinary shares and their voting rights
As at 10 March 2003, the share capital of AMP Limited consisted of 1,159,459,805 ordinary shares held by 964,165 shareholders. The voting rights attaching to the shares are that each registered holder of shares present in person (or by proxy, attorney or representative) at a meeting of shareholders has one vote on a vote taken by a show of hands, and one vote for each fully paid share held on a vote taken on a poll.

Total number of options over unissued shares and option holders
As at 10 March 2003, AMP Limited had on issue 33,847,913 options over unissued ordinary shares in AMP Limited held by 10,706 option holders.

In addition, as at 10 March 2003, there were 11,133 holders of AMP Reset Preferred Securities (RPS), holding a total of 11,500,000 RPS. Each holder of RPS holds one option over the number of ordinary shares into which they would be entitled to convert their RPS pursuant to the RPS terms of issue.

Stock exchange listings
AMP Limited is listed on the Australian Stock Exchange and on the New Zealand Stock Exchange.

Restricted securities
There are no restricted securities on issue.

Buy-back
There is no current on-market buy-back.

For more detailed explanations of financial terms used in AMP's annual reports and investor reports, see our website at www.ampgroup.com/shareholdercentre

Glossary of terms

Assets under management
This is a collective term to describe all the assets that AMP manages on behalf of customers and shareholders, through its funds management company Henderson Global Investors.

These assets include funds invested by Henderson on behalf of its own retail, sub-advisory and institutional clients as well as those funds managed on behalf of Australian Financial Services, UK Life Services and UK Contemporary Financial Services.

Book value
The value of an asset, or liability, as recorded in the company's financial statements.

Controllable costs
These are the business costs considered to be manageable by a business unit or the Group.

They include management and project expenses but exclude variable distribution expenses, investment management fees and interest on corporate debt.

Cost to income ratio
This is a business efficiency ratio that expresses the controllable costs of a business unit or the Group as a percentage of the income of that business unit or the Group.

Technically, it is calculated as controllable costs divided by gross margin (being the net profit before tax plus controllable costs).

Distribution channels
These are the means by which AMP distributes its products and services to customers. Our distribution channels include AMP planners, independent financial advisers, third party distributors, phone centres and websites.

Earnings per share (EPS)
Earnings per share (EPS) is one measure of performance of a publicly listed company.

Basic earnings per share is calculated by dividing the net profit (loss) attributable to ordinary shareholders for a financial year by the weighted average number of shares of the company outstanding during that financial year.

Underlying earnings per share
This is calculated by dividing the underlying profit after tax (before other items) attributable to shareholders for a financial year by the weighted average number of shares of the company outstanding during that financial year.

Employee Benefit Consultants (EBC)
Employee Benefit Consultants (EBC) provide advice to corporations on the design, implementation and administration of employee benefit plans covering issues including the structure and administration of pension schemes.

It is a term more familiar in the UK market than in the Australian or New Zealand markets.

EMVONA (Excess of market value over net assets)
This is an accounting term that describes the difference between the net market value of a controlled entity (owned by a life insurance entity) and the net assets (assets less liabilities) in the controlled entity's own financial report. It is the equivalent of the intangibles, such as goodwill, carried by non-life insurance entities.

It represents part of the future benefits expected to be derived from the business that are not reflected in the book value of the net assets.

FTSE
This is an abbreviation for the Financial Times Stock Exchange index. The FTSE (pronounced Footsie) is the UK equivalent of the US S&P 500 index and the Australian All Ordinaries index.

Goodwill (an intangible asset)
This is an accounting term to describe the premium paid on the acquisition of a business or commercial right in excess of the fair value of tangible net assets acquired. It represents the intangible value of an established reputation of a business.

Mature, or closed, book
This term refers to a book or books of AMP products that are no longer actively sold or that have been closed to new sales while the book runs off – for example, whole-of-life insurance policies and government endowment mortgages.

MoS accounting
Margin on Service or MoS accounting is the required method of financial reporting for all Australian life insurance companies and life insurance subsidiaries. The method is also adopted by AMP in respect of its UK life insurance subsidiaries.

This accounting method recognises that the profit generated by life insurance products materialises over the lifetime of that product, which can be decades.

MoS ensures that this profit emerges on a realistic basis as the service is provided by the life insurer.

This accounting method is set out in Australian Accounting Standard AASB 1038 and Actuarial Standard 1.03, a standard issued under the Australian Life Insurance Act 1995.

A more detailed explanation of MoS accounting is available on the AMP website at www.ampgroup.com/shareholdercentre

MSCI World
A global stock markets index.

Net cashflows
These are product cash inflows from customers and policyholders, minus the outflows to customers and policyholders, from wealth management activities.

Operating margins
Operating margins are the net profit (revenue less costs) from AMP's business operations, excluding the investment income on funds held as capital within those business operations.

Persistency
This is a measure of customer retention.

In technical terms, it is the proportion of assets under management from policies that remain with us each year rather than being paid out (for example, on surrender or maturity).

Performance right
This is a new form of executive remuneration designed to reward long-term performance. It replaces share options.

Each performance right is a contractual right to acquire one AMP share, three years after the date the performance right is granted, as long as certain performance hurdles are met.

Regulatory capital requirements
AMP is required to hold a prudent margin over and above policy liabilities as a buffer against adverse experience and poor investment returns. The minimum level of capital that AMP must hold for this purpose is set by its regulators, including the Australian Prudential Regulatory Authority (APRA), the Australian Securities and Investments Commission (ASIC) and the Financial Services Authority (FSA) in the UK.

Restructuring costs
These are the costs associated with implementing the reform agenda of AMP's new CEO Andrew Mohl. These costs include staff redundancy payments, provisions for onerous contracts, lease payments and professional fees. Also called transformation costs in the Detailed Analysis of Shareholder Profit on page 17.

RPS
AMP's Reset Preferred Securities (RPS) are a form of financial instrument that offer investors a non-cumulative income distribution at a fixed rate until the first reset date in 2007. They were issued by AMP during 2002.

Shareholder capital resources
This is a financial term that covers share capital, reserves and retained profits attributable to ordinary shareholders plus hybrid equity (the RPS) as well as external corporate debt. This is an indication of the financial resources available to the company.

Shareholder returns
Total shareholder return includes capital gains in the stock plus all dividends and capital returns for the period.

Underlying contribution
This is a performance measure that eliminates the volatility inherent in investment market impacts on profit so the underlying trend is clearer.

It excludes the impact of investment market volatility on shareholder capital, as well as the result from asset sales, valuation adjustments, restructuring costs and amortisation of goodwill. It is calculated as total operating margins (which includes business unit operating margins and corporate costs not allocated to the business units) less interest on corporate debt and RPS distribution plus underlying investment income.

Underlying return on equity (ROE)
This is a measure of a company's capital efficiency.

It is calculated as underlying contribution divided by average shareholder equity over the period.

Underlying return on invested capital (ROIC)
This is a financial performance measure AMP uses at both a Group and business unit level:

- At the AMP Group level, this is calculated as underlying net profit after tax before other items, interest costs and distribution on the RPS divided by the average shareholder capital resources.
- At the business unit level, it is a similar calculation, with net profit after tax (including underlying investment income) divided by the total capital allocated to that business unit.

Value of new business (VNB)
This is a measure of the ongoing value of business written today by our financial services business units – Australian Financial Services, UK Life Services and UK Contemporary Financial Services.

It is the present value of future profits to shareholders that will be derived from new business written during the period.

A more detailed explanation of the value of new business is available on the AMP website at www.ampgroup.com/shareholdercentre

Wealth management
For AMP, wealth management means assisting customers through planning and advice, and providing savings, investment, protection and selected banking products, to maximise their financial well being.

With-profits products
With-profits is the term used in the UK to refer to what are known in Australia as 'participating' products. The benefits payable under such products include an entitlement to share in the profits or surplus of the business, with the amount of profit or surplus distributed at any particular time being at the company's discretion.

Write-down
This is a reduction in the carrying value of assets on the balance sheet to market value or recoverable amount.

Dear Fellow Investor,

I am pleased to invite you to the **2003 Annual General Meeting** of AMP Limited (AMP).

When?
The Meeting will start at 10.00am (Sydney time) on Thursday, 15 May 2003. You will be able to register for the Meeting from 8.30am until just before the Meeting starts.

Where?
The Meeting will be held at the City Recital Hall, Angel Place, Sydney NSW.

To help you find the Hall, we have set out a map and directions to the Meeting on page 24 of this Notice of Meeting booklet.

This booklet also includes:

- information about who may vote at the Meeting, and how they may vote, see pages 4 and 5;
- the formal Notice of Meeting containing the resolutions proposed to be put at the Meeting (and some technical supporting information), see pages 6 and 7; and
- Explanatory Notes which set out a question and answer explanation of the business to be conducted at the Meeting, see pages 8 to 23.

Please read the whole booklet carefully.

In the rest of this letter, you can read a quick summary of the items of business and the resolutions on which you and the other AMP shareholders are being asked to vote.

Discussion of 2002 Financial Statements and Reports
I will be reporting to you on AMP's financial performance during 2002. You will have a reasonable opportunity to ask questions and make comments on that report and the business, operations and management of AMP and the AMP Group generally.

Election of Directors
Shareholders will be asked to vote on the election and re-election of Directors.
The following six candidates intend to stand for election or re-election at the Meeting:

- three Directors who were appointed to the Board after the 2002 Annual General Meeting and who are required to stand for formal election at the 2003 Annual General Meeting. They are myself (Peter Willcox) and Executive Directors Andrew Mohl and Roger Yates;
- two Non-Executive Directors who are standing for re-election. They are Richard Grellman and Lord Killearn; and
- one external candidate who has been nominated for election in accordance with AMP's Constitution. This candidate is Stephen Mayne.

Continued ▶

Although six candidates are standing for election as Directors, there are currently only five vacancies available to be filled at the Meeting and so only five candidates may be elected. However, it is possible that the Board will appoint one or more new Directors before the Meeting (or before you receive this booklet). If this happens, those newly appointed Directors will also be standing for election at the Meeting and the number of positions available to be filled at the Meeting will increase by the number of new appointments. In these circumstances, there will still be one more candidate than available positions. Details of any new Directors who will be standing for election will be publicised.

You can read about the recent changes to the Board, the candidates for election and the voting procedure for the election on pages 8 and 9.

Equity components of the remuneration of Andrew Mohl and Roger Yates

To ensure that the interests of Mr Mohl and Mr Yates are aligned with the interests of AMP and its shareholders, their remuneration packages involve both short and long-term incentive arrangements.

The Board has set stringent performance hurdles that will generally need to be met before Mr Mohl and Mr Yates will receive the full benefit of key aspects of their short-term and long-term incentive arrangements. For the long-term incentive arrangements, those performance hurdles involve the performance of AMP, of its share price, and of AMP's earnings per share. For the short-term incentive arrangements, the hurdles involve the individual performances of Mr Mohl and of Mr Yates, in addition to measures of AMP performance.

AMP announced on 4 December 2002 that the short-term incentive equity component and the long-term incentive equity component of Mr Mohl's remuneration package would be subject to shareholder approval at the 2003 Annual General Meeting.

Elements of the short-term incentive and long-term incentive arrangements may also provide benefits to Mr Mohl and Mr Yates when their employment ends. Shareholder approval is also being sought to enable AMP to provide these benefits.

You can read more about these benefits and the equity components of Mr Mohl's and Mr Yates' remuneration packages on pages 9 to 13.

Some changes to AMP's Constitution

Shareholders will be asked to approve resolutions to amend AMP's Constitution in relation to:

- the Board's power to issue preference shares, including preference shares proposed to be issued in connection with the issue of AMP Reset Preferred Securities in September 2002;
- a Board proposal to require the annual re-election of Non-Executive Directors after nine years in office; and
- recent changes to Australian corporations law.

You can read more about the proposed changes to AMP's Constitution on pages 13 and 14.

How may you vote at the Meeting?

You do not have to vote at the Meeting. However, the Board encourages you to vote.

If you would like to vote, you may do so either:

- *by attending and voting at the Meeting* at the City Recital Hall, Angel Place, Sydney NSW at 10.00am (Sydney time) on Thursday, 15 May 2003; or
- *by appointing someone as your proxy* to attend and vote for you at the Meeting. To appoint someone, use either the enclosed proxy form or go to the AMP Securities Registry website via the AMP website at www.ampgroup.com/agm to appoint someone online. Instructions about how to fill out the form are set out on the back of the proxy form. Instructions about how to use the website are on the site. If you use the website, you will need your Holder Identification Number (HIN) or Security Holder Reference Number (SRN) which is printed on your proxy form.

How do you register at the Meeting?

If you attend the Meeting, please bring the enclosed proxy form with you to assist with your registration.

If you cannot attend?

If you cannot attend the Meeting, I encourage you to complete and lodge a proxy form (either online or by paper) so that it reaches us by 10.00am (Sydney time) on Tuesday, 13 May 2003.

Yours sincerely

P J Willcox
Chairman

Voting information

Who may vote at the Meeting?
You will be entitled to attend and vote at the 2003 Annual General Meeting if you are a registered shareholder of AMP at 7.00pm (Sydney time) on Tuesday, 13 May 2003.

How may you vote at the Meeting?
If you are entitled to attend and vote at the Meeting, you may attend the Meeting in person or appoint either one or two people as proxies to attend and vote on your behalf. If you wish to appoint two proxies, please copy the enclosed proxy form.

Who can be a proxy?
You may appoint anyone as your proxy, including the Chairman of the Meeting. A proxy need not be a shareholder of AMP.

What happens if you appoint two proxies?
If you appoint two proxies, then on each proxy form you may specify the proportion or the number of your votes that each proxy may exercise. If the appointment does not specify the proportion or the number of your votes that each proxy may exercise, then each proxy may exercise half of your votes on a poll.

If you appoint two proxies, then neither of them is entitled to vote on a show of hands at the Meeting – they may vote only on a poll taken on a proposed resolution.

Where do you send your proxy form?
You may send your completed proxy form:

- **by mail** to the AMP Securities Registry, using the enclosed reply-paid envelope or by posting it to:

Australia:	GPO Box 5389, Sydney 2001 NSW
New Zealand:	P O Box 91037, Auckland Mail Centre
United Kingdom:	PO Box 1075, Bristol BS99 3FA
Rest of World:	GPO Box 5389, Sydney 2001 NSW, Australia

- **by facsimile:**

Australia:	1300 301 721	New Zealand:	09 488 8787
United Kingdom:	0870 703 6119	Rest of World:	61 2 8234 5002

- **by delivery** to AMP's registered office:
  Level 24, 33 Alfred Street, Sydney NSW 2000, Australia
  or AMP Securities Registry, c/– Computershare Investor Services Pty Limited
  Level 3, 60 Carrington Street, Sydney NSW 2000, Australia

- **electronically** by accessing the AMP Securities Registry via the AMP website at www.ampgroup.com/agm:
  To use this facility, you will need your Holder Identification Number (HIN) or Security Holder Reference Number (SRN). That number is shown on your proxy form. You will be taken to have signed the proxy form if you lodge it in accordance with the instructions on the website. If you wish to use this facility, you must lodge your proxy form before 10.00am (Sydney time) on Tuesday, 13 May 2003.

What is the due date for appointing your proxy?

To appoint a proxy, you will need to make sure that AMP receives your completed proxy form (and any necessary supporting documents) by 10.00am (Sydney time) on Tuesday, 13 May 2003. If your proxy form (and any supporting document) is not received by then, your proxy appointment will not be effective.

What if a proxy is appointed under a power of attorney?

If the proxy form is signed under a power of attorney on behalf of a shareholder, then the attorney must make sure that either the original power of attorney, or a certified copy, is sent to AMP with the proxy form.

A proxy cannot be appointed through the AMP Securities Registry website if they are appointed under a power of attorney or similar authority.

How does a shareholder that is a company execute the proxy form?

If the shareholder executing the proxy form is a company, then it must execute the proxy form in one of the following ways:

- by having two directors or a director and a secretary of the company sign the proxy form;
- if the company is a proprietary company with one director who is also the secretary of the company (or the company does not have a secretary), by having that director sign it;
- by having a duly authorised officer or attorney sign the proxy form (in which case the shareholder must send with the proxy form the original, or a certified copy, of the document authorising the attorney or representative); or
- if the company has a common seal, by affixing the common seal in accordance with the company's constitution.

Does a proxy have to vote?

A proxy may decide whether or not to vote on any motion – unless the proxy is required by law or AMP's Constitution to vote.

How is a proxy to vote?

If the shareholder appointing the proxy:

- directs the proxy how to vote on an item of business, then the proxy may only vote on that item in the way the shareholder directed; or
- does not direct the proxy how to vote on an item of business, then the proxy may vote as he or she thinks fit on that item.

How will the Chairman vote as proxy if the shareholder has not directed the Chairman how to vote?

If a shareholder appoints the Chairman of the Meeting as proxy and does not direct the Chairman how to vote on an item of business, then when the Chairman votes as proxy for that shareholder on a poll, he will vote in favour of each of the proposed resolutions in Items 3 and 4. In the case of Item 2, he will vote in favour of the five current Directors, and any additional Directors appointed by the Board, who are standing for election or re-election at the Meeting and against the other candidate.

Notice of Annual General Meeting

The Annual General Meeting of shareholders of AMP Limited (AMP) will be held at the City Recital Hall, Angel Place, Sydney NSW at 10.00am (Sydney time) on Thursday, 15 May 2003.

Items of Business

Item 1: Financial Statements and Reports
To receive and consider the Financial Report and the Reports of the Directors and the Auditor in respect of the year ended 31 December 2002.

Item 2: Election of Directors

(a) To consider and, if thought fit, to pass the following ordinary resolution:

"That Lord Killearn, a Director retiring in accordance with clause 64.3 of the Constitution of AMP Limited, being eligible, is re-elected as a Director of AMP Limited."

(b) To consider and, if thought fit, to pass the following ordinary resolution:

"That Peter John Willcox, a Director appointed since the last Annual General Meeting and ceasing to hold office in accordance with clause 62.3 of the Constitution of AMP Limited, being eligible, is elected as a Director of AMP Limited."

(c) To consider and, if thought fit, to pass the following ordinary resolution:

"That Roger Philip Yates, a Director appointed since the last Annual General Meeting and ceasing to hold office in accordance with clause 62.3 of the Constitution of AMP Limited, being eligible, is elected as a Director of AMP Limited."

(d) To consider and, if thought fit, to pass the following ordinary resolution:

"That Richard John Grellman, a Director retiring in accordance with clause 64.3 of the Constitution of AMP Limited, being eligible, is re-elected as a Director of AMP Limited."

(e) To consider and, if thought fit, to pass the following ordinary resolution:

"That Andrew Max Mohl, a Director appointed since the last Annual General Meeting and ceasing to hold office in accordance with clause 62.3 of the Constitution of AMP Limited, being eligible, is elected as a Director of AMP Limited."

(f) To consider and, if thought fit, to pass the following ordinary resolution:

"That Stephen David Mayne, being eligible to hold office as a Director and having been nominated in accordance with clause 65 of the Constitution of AMP Limited, is elected as a Director of AMP Limited."

Item 3(a): Equity components of remuneration – *Andrew Mohl, Managing Director and* Chief Executive Officer
To consider and, if thought fit, to pass the following ordinary resolution:

"That each of the following is approved for all purposes:

(a) the acquisition by Andrew Mohl, as part of a short-term incentive plan of AMP Limited (AMP) and on the basis, at the times and subject to the conditions described in the Explanatory Notes to the Notice convening this Meeting including the Annexures (Explanatory Notes), of:

(i) fully paid ordinary shares in AMP (AMP Shares) having an aggregate value of $160,200 in respect of his role as Managing Director and Chief Executive Officer of AMP during the period from 7 October 2002 to 31 December 2002;

(ii) AMP Shares having an aggregate value of up to 30% of Mr Mohl's short-term incentive award in respect of the year ending on 31 December 2003; and

(iii) up to one additional AMP Share for each AMP Share previously acquired by Mr Mohl with approval under sub-paragraphs (i) or (ii) of this resolution;

(b) the grant to Mr Mohl, as part of a long-term incentive plan of AMP and on the basis, at the times and subject to the conditions described in the Explanatory Notes, of up to 400,000 Performance Rights and the acquisition by Mr Mohl of AMP Shares upon the exercise of those Performance Rights; and

(c) the giving by AMP of benefits in connection with Mr Mohl's retirement or resignation from, or loss of, office (including through death) as Managing Director and Chief Executive Officer of AMP as part of a long-term incentive plan or short-term incentive plan of AMP and on the basis described in the Explanatory Notes."

Item 3(b): Equity components of remuneration – Roger Yates, Managing Director, Henderson Global Investors
To consider and, if thought fit, to pass the following ordinary resolution:

"That there is approved for all purposes the giving by AMP Limited (AMP) of benefits in connection with Mr Yates' retirement or resignation from, or loss of, office (including through death) as an employee of AMP or a subsidiary of AMP as part of a long-term incentive plan or short-term incentive plan of AMP and on the basis described in the Explanatory Notes to the Notice convening this Meeting (including the Annexures)."

Item 4(a): Amendments to Constitution to allow issue of preference shares
To consider and, if thought fit, to pass the following resolution as a special resolution:

"That the Constitution of AMP Limited is amended in the manner set out in Part 1 of Annexure A to the Explanatory Notes to the Notice convening this Meeting."

Item 4(b): Amendments to Constitution to require the annual re-election of Non-Executive Directors after nine years in office
To consider and, if thought fit, to pass the following resolution as a special resolution:

"That the Constitution of AMP Limited is amended in the manner set out in Part 2 of Annexure A to the Explanatory Notes to the Notice convening this Meeting."

Item 4(c): Amendments to Constitution to accommodate legislative changes
To consider and, if thought fit, to pass the following resolution as a special resolution:

"That the Constitution of AMP Limited is amended in the manner set out in Part 3 of Annexure A to the Explanatory Notes to the Notice convening this Meeting."

By Order of the Board

P A Milne
Company Secretary
21 March 2003

Venue for Meeting
The Annual General Meeting is to be held in the main auditorium at the City Recital Hall, Angel Place, Sydney NSW. Based on attendance numbers at AMP's past annual general meetings, AMP currently expects that the auditorium will have sufficient capacity to accommodate shareholders who wish to attend and vote at the Meeting (whether in person or by proxy). However, if the number of shareholders who attend the Meeting exceeds AMP's current expectations and the capacity of the auditorium, AMP will direct some shareholders to one or more additional venues that will be available at the City Recital Hall, adjacent to the Hall at 123 Pitt Street, Sydney NSW and at Level 25, 33 Alfred Street, Sydney NSW (Overflow Rooms). Shareholders who are situated in the Overflow Rooms will be given a reasonable opportunity to participate in the Meeting by being able to speak and vote at the Meeting. This will be achieved by means of two way audio-visual technology linking the auditorium and the Overflow Rooms.

Determination of entitlement to attend and vote at the Meeting
AMP has determined, in accordance with regulation 7.11.37 of the Corporations Regulations 2001 (Cth), that the shares of AMP that are quoted on the Australian Stock Exchange (ASX) as at 7.00pm (Sydney time) on Tuesday, 13 May 2003 will be taken, for the purposes of the 2003 Annual General Meeting, to be held by the persons who held them at that time. Accordingly, those persons will be entitled to attend and vote at the Meeting.

Voting requirements for special resolutions
The proposed resolutions set out in Items 4(a), 4(b) and 4(c) are required by section 136(2) of the Corporations Act 2001 (Cth) to be passed by a special resolution. A special resolution must be passed by at least 75% of the votes cast by shareholders who are present (whether in person or by proxy, attorney or representative) and entitled to vote at the Meeting.

Voting exclusion statement
AMP will disregard:

- any votes cast on the proposed resolution set out in Item 3(a) (Equity components of remuneration – Andrew Mohl, Managing Director and Chief Executive Officer) by Andrew Mohl or any associate of his; and
- any votes cast on the proposed resolution set out in Item 3(b) (Equity components of remuneration – Roger Yates, Managing Director, Henderson Global Investors) by Roger Yates or any associate of his.

However, AMP will not disregard a vote if:

- it is cast by any of those persons as proxy for a person who is entitled to vote, in accordance with directions on the proxy form; or
- it is cast by the Chairman of the Meeting as proxy for a person who is entitled to vote, in accordance with a direction on the proxy form to vote as the proxy decides.

Voting by proxy
A shareholder who is entitled to attend and vote at the Meeting may appoint a proxy to attend and vote at the Meeting on behalf of that shareholder. A proxy need not be a shareholder of AMP. If a shareholder is entitled to cast two or more votes at the Meeting, the shareholder may appoint two proxies and may specify the proportion or number of votes each proxy is appointed to exercise. If the appointment does not specify the proportion or the number of the shareholder's votes that each proxy may exercise, each proxy may exercise half of the shareholder's votes on a poll.

Proxies may be lodged with AMP:

- by mail, to the AMP Securities Registry, using the enclosed reply-paid envelope or by posting it to:
  Australia: GPO Box 5389, Sydney 2001 NSW
  New Zealand: P O Box 91037, Auckland Mail Centre
  United Kingdom: PO Box 1075, Bristol BS99 3FA
  Rest of World: GPO Box 5389, Sydney 2001 NSW, Australia
- by facsimile:

Australia:	1300 301 721
New Zealand:	09 488 8787
United Kingdom:	0870 703 6119
Rest of World:	61 2 8234 5002

- by delivery to AMP's registered office: Level 24, 33 Alfred Street, Sydney NSW 2000, Australia or to the AMP Securities Registry, c/– Computershare Investor Services Pty Limited, Level 3, 60 Carrington Street, Sydney NSW 2000, Australia; or
- electronically by accessing the AMP Securities Registry website via www.ampgroup.com/agm: instructions for the use of this facility are set out on page 4 of this booklet.

To be effective, AMP must receive the completed proxy form and, if the form is signed by the shareholder's attorney or authorised representative, the authority under which the proxy form is signed (or a certified copy of the authority) by no later than 10.00am (Sydney time) on Tuesday, 13 May 2003.

Explanatory Notes

The information below is a question and answer explanation of the business to be considered at the 2003 Annual General Meeting.

Item 1: Financial Statements and Reports

Why will this information be laid before the Meeting?
The Corporations Act and AMP's Constitution require the following reports in respect of the financial year of AMP ended on 31 December 2002 to be laid before the Meeting:

- the Financial Report (which includes the financial statements and Directors' declaration); and
- the Directors' Report and the Auditor's Report.

What may shareholders do in relation to the Reports?
In accordance with the Corporations Act, shareholders will be given a reasonable opportunity at the Meeting to ask questions and make comments on these Reports and on the business, operations and management of AMP and the AMP Group.

There is no requirement either in the Corporations Act or AMP's Constitution for shareholders to approve the Financial Report, the Directors' Report or the Auditor's Report.

Item 2: Election of Directors

Who are the current candidates for Directorships?
Profiles of the candidates offering themselves for election or re-election to the office of Director are set out at right. The order of candidates was determined by ballot.

What are the changes to the Board?
On 25 February 2003, AMP announced a restructure of its Board of Directors. As part of that restructure:

- Mr Stan Wallis and Ms Patricia Cross retired as Directors on 26 February 2003;
- Sir Malcolm Bates, Mr Paul Mazoudier and Mr Ian Renard indicated that they would retire from the Board in the course of the following six months (ie before September 2003); and
- AMP retained an external consultant to assist it to identify suitable candidates for the appointment of up to three new Non-Executive Directors.

Since then, Mr Paul Mazoudier has decided that he will retire as a Director before the Meeting.

All of the current Directors who are seeking to remain on the Board in the longer term will be standing for election or re-election at the Meeting.

What will happen if the Board appoints new Directors before the Meeting?
The Board is seeking to appoint up to three new Non-Executive Directors. The precise timing of any such appointment will depend on the identification, selection and availability of potential candidates. It is possible (but not certain) that the Board will appoint one or more new Non-Executive Directors before the Meeting (or before shareholders receive this booklet). If this occurs, any such newly appointed Directors will also stand for election at the Meeting. This would increase the number of positions available to be filled at the Meeting (currently five) by the number of such newly appointed Directors. In these circumstances, details of the identity, qualifications and experience of the new candidates for election will be publicised.

Lord Killearn
Age 61. Resident of the UK.

Appointed to the Board in 1999. Chairman of the Board's Finance Committee and member of its Remuneration Committee. Chairman of Henderson Global Investors (Holdings) plc.

Experience 29 years' international financial services experience. Retired in 2002 as Managing Director, Corporate Finance from Cazenove, a leading investment bank providing corporate finance advice, distributing securities and research and managing funds worldwide. Joined Cazenove in 1968 and was primarily responsible for the Asia Pacific business.

Other directorships
Director of Albion Investment Company (Alderney) Limited, Maxis Communications Berhad and Shanghai Real Estate Limited.

Peter Willcox
Chairman
Age 57. BA (Hons), MA (Physics) Cambridge

Joined the Board in September 2002. Appointed Deputy Chairman in December 2002 and Chairman on 26 February 2003. Member of the Board's Governance, Nomination and Remuneration Committees.

Experience 20-plus years' senior executive experience in the petroleum industry in Australia and internationally. Former Chief Executive Officer BHP Petroleum. Previously Director of a number of international, public companies including financial services experience with Lend Lease Corporation, MLC Limited and Schroders Australia Holdings Limited.

Other directorships
Chairman of Mayne Group Limited.

How will the vote for the election of Directors be determined?
Although six candidates are currently proposing to stand for election to the office of Director at the Meeting, there are currently only five vacancies available to be filled at the Meeting and so only five of those candidates may be elected. Therefore, the Chairman is proposing that Item 2 will be determined by a poll at the Meeting (rather than by a show of hands). Shareholders and proxy holders attending the Meeting will be provided with poll papers when they register for the Meeting.

How many candidates should you vote for?
As only five of the candidates named in the Notice of Meeting may be elected as Directors:

- you should vote in favour of up to only five candidates in Item 2; and
- you should vote against the remaining candidate(s).

How many votes does a candidate need to be elected?
To be elected, a candidate must receive more votes in favour of their election than against their election. If more than six candidates satisfy this criterion, then the five candidates with the most votes in favour of their election will be declared elected.

Roger Yates
Managing Director
Henderson Global Investors
Age 45. BA (Hons)

Appointed to the Board in December 2002 as Executive Director. Director of Henderson Global Investors (Holdings) plc and a number of its subsidiaries.

Experience 21 years' experience in the funds management industry as an investment professional and business manager. Henderson Global Investors Managing Director since 1999. Led the integration of Henderson and AMP Asset Management and has managed the rise of Henderson Global Investors to an international asset manager.

Prior to Henderson, was Chief Investment Officer of Invesco Global and has held senior roles for fund management companies, LGT and Morgan Grenfell.

Richard Grellman
Age 52. FCA

Appointed to the Board in 2000. Chairman of the Board's Audit and Compliance Committee and member of its Nomination Committee. Director of AMP Life Limited.

Experience 32 years in the accounting profession. KPMG Financial Services partner from 1982 to 2000. Member of KPMG's National Board from 1995 to 1997 and National Executive from 1997 to 2000. Independent Financial Expert for AMP's demutualisation and Investigating Accountant for AMP's prospectus and listing.

Other directorships
Chairman of the Board and Council of the NSW Motor Accidents Authority. Chairman of Cryosite Limited.

Andrew Mohl
Managing Director and Chief Executive Officer
Age 47. BEc (Hons)

Appointed Managing Director and CEO in October 2002. Member of the Board's Finance and Governance Committees. Director of AMP's key operating subsidiaries.

Experience 20-plus years' financial services experience, including more than six years at AMP. Most recently was Managing Director of AMP Australian Financial Services from 1999 to 2002. Prior to this role, Managing Director of AMP Asset Management, responsible for the unit's investment of all Australasian retail and wholesale funds. Joined AMP in 1996 as General Manager Retail Distribution, AMP Financial Services, leading the transformation of advice-based distribution and the development of AMP's multi-channel distribution platform.

Former ANZ Senior and Chief Economist (1986-1990) and Managing Director ANZ Funds Management (1993-1996). Past Deputy Head of Research at the Reserve Bank of Australia.

Stephen Mayne
Age 33. BCom (Melb)

Experience Mr Mayne has been a business journalist for 14 years with a range of publications including The Age, The Daily Telegraph, The Australian Financial Review and the Herald Sun. Since 2000 he has been the publisher of www.crikey.com.au, an internet site which campaigns for improved corporate governance.

Other directorships
Crikey Media Pty Limited.

Items 3(a) and 3(b) – Equity components of remuneration – Andrew Mohl, Managing Director and Chief Executive Officer, and Roger Yates, Managing Director, Henderson Global Investors

(There is separate information below that is specific to each of Items 3(a) and 3(b).)

Why is shareholder approval being sought?

AMP announced on 4 December 2002 that the proposed short-term incentive equity component and the proposed long-term incentive component of Mr Mohl's remuneration as Chief Executive Officer would be subject to shareholder approval at the next annual general meeting. Mr Mohl's contract has been designed to ensure that a significant portion of his short-term incentive component and long-term incentive component is to be taken in AMP shares.

Accordingly, shareholder approval is now being sought for these components of Mr Mohl's remuneration as Chief Executive Officer for 2002 and 2003.

Also, AMP's Short-Term Incentive plan and Long-Term Incentive plan may provide benefits to Mr Mohl and Mr Yates in connection with their retirement, resignation, death or loss of office. The Corporations Act requires shareholder approval for AMP to give such benefits to Mr Mohl and Mr Yates. Shareholder approval is being sought in order to permit AMP to provide these benefits.

You can read more information about these benefits and the effect of the ending of Mr Mohl's or Mr Yates' employment on their entitlements under the Short-Term Incentive plan on the following pages and in Annexure B, and under the Long-Term Incentive plan on the following pages and in Annexure C.

Item 3(a): Equity components of remuneration – Andrew Mohl, Managing Director and Chief Executive Officer

What is Mr Mohl's role and background?
Andrew Mohl was appointed to the position of Managing Director and Chief Executive Officer of AMP (CEO) with effect from 7 October 2002. Before then, Mr Mohl was managing director of the business unit known as "AMP Financial Services".

How did the Board decide to structure Mr Mohl's remuneration package?
In structuring the remuneration package offered to Mr Mohl as part of his terms of employment as CEO, the Board decided that:

- most of the rewards potentially available to Mr Mohl for his services to AMP as CEO should be performance-based; and
- significant components should consist of equity in AMP in order to more closely align Mr Mohl's financial interests with those of AMP's shareholders.

In making that decision, the Board took into account the scope of Mr Mohl's role, the immediate and longer term business challenges facing AMP, and market practice for chief executives in positions of similar responsibility.

How is Mr Mohl's remuneration structured?
Mr Mohl's remuneration package as CEO contains a mix of base salary, short-term incentives and long-term incentives.

The Board is proposing that some of Mr Mohl's potential short-term incentive awards and all of his potential long-term incentive awards should be provided to him in the form of AMP shares. Shareholder approval is being sought to provide AMP shares to Mr Mohl as part of two separate plans:

- a Short-Term Incentive (STI) plan; and
- a Long-Term Incentive (LTI) plan.

More information about the awards the Board proposes to make to Mr Mohl under each of those plans is set out below.

In broad terms, the extent to which Mr Mohl can benefit under the plans will be linked to AMP's performance and will depend on Mr Mohl's continuing employment as CEO.

Participation in the STI plan and the LTI plan may provide benefits to Mr Mohl when his employment ends. Shareholder approval is also being sought to provide those benefits.

What will Mr Mohl receive under the Short-Term Incentive plan?
Under the STI plan, Mr Mohl will be eligible to receive an annual award (STI Award) of up to 200% of his base salary based on performance for the relevant year against various measurable criteria.

In any year, the STI Award Mr Mohl would receive would be provided in two parts:

- 70% as a cash payment; and
- 30% to be used by AMP to acquire fully paid ordinary shares in AMP (AMP Shares) for Mr Mohl.

Shareholder approval is being sought to provide Mr Mohl with the proposed share-based component of his annual STI Award as CEO for the years 2002 and 2003. The following table sets out details of Mr Mohl's proposed maximum STI Award for each of those years, and the maximum share-based component of that Award.

Proposed maximum share-based component of Mr Mohl's STI Award

STI PERIOD	OUTLINE OF STI AWARD
7 October 2002 – 31 December 2002	During this period, Mr Mohl had the opportunity as CEO to earn an STI Award of up to 200% of his base salary. His actual STI Award is based on the Board's (other than Mr Mohl) assessment of his performance against agreed criteria and the financial performance of AMP over the period. Based on this assessment, the Board (other than Mr Mohl) has determined that Mr Mohl's STI Award for this period is $534,000, representing 150% of the base salary paid to Mr Mohl for this period. If shareholder approval is given, then it is intended that $160,200 (being 30% of Mr Mohl's STI Award) will be provided in the form of AMP Shares for Mr Mohl as part of the STI plan before 30 June 2003.
1 January 2003 – 31 December 2003	For 2003, Mr Mohl will have the opportunity as CEO to earn an STI Award of up to 200% of his base salary. (Mr Mohl's current base salary is $1,500,000). A target STI Award is 100% of base salary which Mr Mohl would receive if an overall satisfactory performance is achieved. Actual awards under the STI plan will be based on a consideration of quantitative and qualitative measures determined by the Board (other than Mr Mohl). The awards will be 70% based on measures of AMP's performance and 30% based on Mr Mohl's individual performance measures in the role of CEO. You can read more information about these performance measures in Annexure B. If shareholder approval is given, then it is intended that 30% of any STI Award for 2003 will be provided in the form of AMP Shares for Mr Mohl as part of the STI plan before 30 June 2004. This means that AMP Shares with a maximum total value of up to 60% of Mr Mohl's base salary for 2003 may be acquired for Mr Mohl.

Will Mr Mohl be provided with any additional AMP shares?
If Mr Mohl remains employed by AMP on the third anniversary of any date on which AMP Shares are acquired for Mr Mohl through the STI plan (STI Shares), then AMP intends to provide Mr Mohl with one additional AMP Share (a Matching Share) for each STI Share that was acquired on that date.

If, before the third anniversary of the date on which STI Shares are acquired for Mr Mohl as CEO under the STI plan, either:

- AMP terminates Mr Mohl's employment (other than for serious misconduct or a similar event); or
- Mr Mohl resigns from his employment as a result of a change to his duties or responsibilities (without his agreement) which has the effect of materially changing his status or authority,

AMP intends to provide to Mr Mohl a pro-rated number of the Matching Shares that he would have received had he remained in AMP's employment for the full three year period. The number of these Matching Shares will be calculated by reference to the proportion of the three year period which had elapsed before Mr Mohl's employment ended. The value of this benefit will depend upon the market value of the Matching Shares provided to Mr Mohl after the ending of his employment.

Similar arrangements may apply in respect of STI Shares acquired for Mr Mohl as managing director of AMP Financial Services. In respect of the period from 1 January 2002 to 6 October 2002 when Mr Mohl was managing director of AMP Financial Services, Mr Mohl will receive an STI Award of $490,000, representing 75% of the base salary paid to Mr Mohl in the period. It is intended that $147,000 of that amount (that is, 30% of Mr Mohl's STI Award) will be provided in the form of AMP Shares for Mr Mohl before 30 June 2003.

What are the benefits under the STI plan connected to the ending of Mr Mohl's employment?
Under the STI plan, when Mr Mohl's employment ends, Mr Mohl may receive Matching Shares and a three year restriction on the disposal of his STI Shares will in some circumstances cease to apply.

More information?
You can read more information about the basis on which AMP Shares are proposed to be provided to Mr Mohl under the STI plan (and the benefits connected to the ending of Mr Mohl's employment) in Annexure B.

What will Mr Mohl receive under the Long-Term Incentive plan?
To provide Mr Mohl with long-term incentives that more closely align his interests with the interests of AMP shareholders, the Board proposes to give Mr Mohl Performance Rights under the LTI plan that would require AMP to provide him with one AMP Share for each Performance Right that he exercises. (Certain terms and conditions would apply to the Performance Rights, see Annexure C).

The Board initially proposes that two separate tranches of Performance Rights (totalling a maximum of 400,000 Performance Rights) be granted to Mr Mohl under the LTI plan for his performance as CEO.

Mr Mohl would be able to exercise the Performance Rights in a particular tranche only if specified performance hurdles are met at the end of the applicable performance period for that tranche (except in the circumstances described in Annexure C).

How many Performance Rights may Mr Mohl be granted and when?
The following table sets outs details of each tranche of Performance Rights for which approval is sought, and the performance period applicable to that tranche.

TRANCHE	PERFORMANCE PERIOD
On 15 May 2003, 200,000 Performance Rights in recognition of Mr Mohl's appointment as CEO (2002 Tranche)	23 September 2002 (when Mr Mohl was appointed as acting CEO) to 22 September 2005
On 7 October 2003, up to 200,000 Performance Rights (2003 Tranche)	23 September 2002 to 22 September 2006

(Performance Rights have been granted to Mr Mohl in respect of his role in 2002 as managing director of AMP Financial Services (AFS Tranche). The performance period for the AFS Tranche is 31 August 2002 to 30 August 2005.) Shareholder approval was not required to permit AMP to grant the AFS Tranche to Mr Mohl.

Is there a limit on the number of Performance Rights Mr Mohl may be granted?
In general, Mr Mohl's maximum annual long-term incentive award will be 200% of his base salary.

The number of Performance Rights proposed to be granted to Mr Mohl for 2003 will, if necessary, be reduced so that their total value does not exceed 200% of Mr Mohl's base salary at the time of the grant. For this purpose, the value of a Performance Right will be the volume weighted average price of AMP Shares sold on the ASX for the five trading days immediately before the date of grant of the Performance Right.

What performance hurdles would apply to Mr Mohl's Performance Rights?
For each tranche of Performance Rights, the Board proposes that there be three different performance hurdles. In general terms:

- the vesting of 25% of the Performance Rights in each tranche will depend on achievement of a hurdle linked to AMP's performance against other Australian listed companies;
- the vesting of 50% of the Performance Rights in each tranche will depend on achievement of a hurdle linked to AMP's performance against international life insurance or wealth management industry peers; and
- the vesting of the other 25% of the Performance Rights in each tranche will depend on achievement of a hurdle linked to growth in AMP's earnings per share.

What are the benefits under the LTI plan connected to the ending of Mr Mohl's employment?
Under the LTI plan, when Mr Mohl's employment ends, the performance period for Mr Mohl's Performance Rights may

be shortened, Performance Rights may be exercisable irrespective of whether performance hurdles have been met and whether performance hurdles have been met may be assessed by reference to a period during which Mr Mohl was no longer employed by AMP. The value of any such benefits will be affected by the market value of the AMP Shares able to be acquired upon exercise of the Performance Rights.

More information?
You can read more information about the effect of the ending of Mr Mohl's employment on the Performance Rights proposed to be granted to Mr Mohl in Annexure C. Annexure C also contains important additional information about the terms and conditions of those Performance Rights (including details of the applicable performance hurdles).

Item 3(b): Equity components of remuneration – Roger Yates, Managing Director, Henderson Global Investors

What is Mr Yates' role?
Roger Yates is managing director of the business unit known as "Henderson Global Investors". On 4 December 2002, he was also appointed as a Director of AMP.

How is Mr Yates' remuneration structured?
Mr Yates' remuneration package contains a mix of:

- base salary;
- short-term incentives under a Short-Term Incentive (STI) plan; and
- long-term incentives under a Long-Term Incentive (LTI) plan.

Information about the awards the Board proposes to make to Mr Yates under each of those plans is set out below.

What are the benefits under the STI plan connected to the ending of Mr Yates' employment?
Under the STI plan, Mr Yates will be eligible to receive an annual award (STI Award) based on performance for the relevant year against various measurable criteria.

In any year, the award Mr Yates would receive may be provided in two parts:

- 70% as a cash payment; and
- 30% which Mr Yates may choose to have AMP use to acquire fully paid ordinary shares in AMP (AMP Shares) for Mr Yates.

If Mr Yates remains employed by AMP or an AMP subsidiary (AMP Group) on the third anniversary of any date on which AMP Shares are acquired for Mr Yates through the STI plan (STI Shares), then AMP intends to provide Mr Yates with one additional AMP Share (a Matching Share) for each STI Share that was acquired on that date.

If, before the third anniversary of any date on which STI Shares are acquired for Mr Yates under the STI plan, Mr Yates ceases to be employed by the AMP Group due to special circumstances (namely, retrenchment, retirement, total and permanent disablement or death), the Board Remuneration Committee may exercise its discretion to provide Matching Shares to Mr Yates. Under the current Board Remuneration Committee's policy, AMP may provide to Mr Yates a pro-rated number of the Matching Shares that he would have received had he remained in the AMP Group's employment for the full three year period. The number of these Matching Shares would be calculated by reference to the proportion of the three year period which had elapsed before Mr Yates' employment ended. The value of this benefit will depend upon the market value of the Matching Shares provided to Mr Yates on the ending of his employment.

Under the STI plan, a three year restriction on disposal of Mr Yates' STI Shares may also cease to apply when his employment ends.

More information?
You can read more information about the basis on which AMP Shares are proposed to be provided to Mr Yates under the STI plan (and the benefits connected to the ending of Mr Yates' employment) in Annexure B.

What are the benefits under the LTI plan connected to the ending of Mr Yates' employment?
As with Mr Mohl, to provide Mr Yates with long-term incentives that more closely align his interests with the interests of AMP shareholders, the Board proposes to give Mr Yates Performance Rights under the LTI plan that would require AMP to provide him with one AMP Share for each Performance Right that he exercises.

Mr Yates would be able to exercise the Performance Rights only if specified performance hurdles are met at the end of the applicable three year performance period (except in the circumstances described in Annexure C).

The following table sets out details of the two separate tranches of Performance Rights initially proposed to be granted to Mr Yates, and the performance period applicable to each tranche.

TRANCHE	PERFORMANCE PERIOD
105,060 Performance Rights in respect of Mr Yates' role in 2002 as managing director of Henderson Global Investors (2002 Tranche)	31 August 2002 to 30 August 2005
In 2003, Performance Rights having a value equal to approximately 100% of Mr Yates' base salary at the time of grant (2003 Tranche). (Mr Yates' current base salary is £550,000). The value of a Performance Right will be treated as the volume weighted average price of AMP Shares sold on the ASX for the five trading days preceding the grant of the Performance Right.	31 August 2003 to 30 August 2006

Under the LTI plan, when Mr Yates' employment ends, some or all of his Performance Rights may, at the discretion of the Board Remuneration Committee, be exercisable irrespective of whether performance hurdles have been met and those hurdles may be assessed by reference to a performance period during some of which Mr Yates was no longer employed within the AMP Group. The value of any such benefits will be affected by the market value of the AMP Shares able to be acquired upon exercise of the Performance Rights.

More information?
You can read more information about the effect of the ending of Mr Yates' employment on the Performance Rights proposed to be granted to Mr Yates in Annexure C. Annexure C also contains important additional information about the terms and conditions of those Performance Rights (including details of the applicable performance hurdles).

Is the Board recommending the proposed resolutions in Item 3?
The Board, with Andrew Mohl and Roger Yates abstaining, recommends that shareholders vote in favour of the proposed resolutions in Items 3(a) and 3(b).

Item 4(a): Amendments to Constitution to allow issue of preference shares

Why are the changes being proposed?
The existing Constitution does not give AMP or the Directors power to issue certain types of preference shares. It is therefore proposed that the Constitution be amended to give broader powers to AMP and the Directors in connection with the issue of preference shares and to permit AMP to issue reset convertible preference shares (Preference Shares) to the AMP Reset Preferred Securities Trust (ARSN 102 211 325) (the Trust) in connection with its recent issue of AMP Reset Preferred Securities (RPS) on the basis described below.

What effect will the proposed changes have?
The resolution in Item 4(a) proposes amending the Constitution by including a proposed clause 4.3 and a Schedule (set out in Annexure D) which sets out the rights that would be attached to preference shares.

The resolution will allow more than merely issuing Preference Shares to the Trust. This is because the Board believes that changing the Constitution to give AMP a wider power to issue preference shares will benefit AMP by increasing the options available to it if the Board believes it appropriate to raise this type of capital in the future.

The changes to the Constitution would set up an extensive framework providing the Directors with the flexibility to issue preferences shares without specific amendments to the Constitution. The new provisions in the Constitution would give the Directors the capacity to set the terms of issue of preference shares within certain guidelines. The new provisions in the Constitution are similar to provisions which have been adopted in the constitutions of many financial services institutions.

Any new issue of preference shares by AMP will need to comply with the ASX Listing Rules.

Why is the Board intending to issue Preference Shares to the Trust?
If these proposed amendments are approved, the Board intends to use the power given under the new provisions in the Constitution to issue Preference Shares to the Trust.

In September 2002, AMP Henderson Global Investors Limited (AMP Henderson) and AMP offered RPS to persons in Australia and certain other jurisdictions under a Prospectus dated 26 September 2002 lodged by AMP and AMP Henderson with the Australian Securities & Investments Commission on that date (Prospectus). You may obtain a copy of the Prospectus from AMP's website at www.ampgroup.com

If the resolution in Item 4(a) is approved, AMP will issue to the Trust one unpaid Preference Share with a face value of $100 for every RPS on issue at that time. It is estimated that this will result in the issue of 11.5 million Preference Shares.

The Trust is a registered managed investment scheme for the purpose of Chapter 5C of the Corporations Act. The responsible entity of the Trust is AMP Henderson, a public company incorporated in Australia and a wholly owned subsidiary of AMP.

A summary of the key terms of the Preference Shares which are proposed to be issued to the Trust is set out in section 9.6 of the Prospectus and in Annexure E to these Explanatory Notes. The RPS Terms are set out in full in Appendix A of the Prospectus.

The purpose of the issue of Preference Shares is to allow RPS to be "Exchanged" for Preference Shares on the occurrence of an "Exchange" event in accordance with the RPS Terms. "Exchange" is the process by which RPS are replaced with fully paid Preference Shares. On Exchange, each RPS is replaced with one Preference Share. A replaced RPS will then be automatically redeemed and cancelled.

AMP Henderson must Exchange all outstanding RPS by giving a notice to RPS holders if the Australian Prudential Regulation Authority (APRA) so directs or if:

- a conventional insolvency-type event in relation to AMP occurs;
- retained profits (as defined in the RPS Terms) are negative;
- APRA determines that AMP Group's capital adequacy ratio does not comply with APRA guidelines;
- APRA issues a written directive requiring AMP to increase its capital; or
- following a Regulatory Event or Tax Event (as defined in the RPS Terms), the Directors of AMP resolve that Exchange should occur.

APRA has advised AMP that it will permit AMP to treat the RPS as "Tier 1" capital for the purpose of meeting the minimum capital requirements imposed by APRA on AMP as an insurer.

In order to retain this classification as "Tier 1" capital, APRA has placed conditions on the ability of AMP Henderson and AMP to take certain actions, including in relation to resetting terms or paying distributions on RPS. These conditions also require AMP to seek approval at the 2003 Annual General Meeting for amendments to the Constitution to enable AMP to issue Preference Shares, and if obtained, subsequently to issue unpaid Preference Shares to the Trust.

If AMP's ordinary shareholders do not authorise AMP to issue Preference Shares and if APRA were to subsequently reclassify RPS as other than "Tier 1" capital, then a "Regulatory Event" will have occurred under the RPS Terms. If a Regulatory Event occurs, the Directors may resolve that RPS be converted into AMP ordinary shares. Upon notification by AMP of such a resolution, AMP Henderson must convert all RPS into AMP ordinary shares.

If RPS are converted in this manner, ordinary shares would be issued to each RPS holder at a 4% discount to the daily volume weighted average sale prices of ordinary shares in AMP sold on ASX during a 20 day period before the date of conversion specified by AMP. The face value of RPS that would be converted to ordinary shares in this manner is $1.15 billion.

Item 4(b): Amendments to Constitution to require the annual re-election of Non-Executive Directors after nine years in office

Why are the changes being proposed?
The Directors are proposing that the Constitution be amended to ensure that Non-Executive Directors can continue to hold office after a nine year term only if they are re-elected by shareholders at every subsequent annual general meeting.

The Directors believe it is in AMP's interests to regularly re-evaluate the mix of skills and experience the AMP Board needs and to change its membership in an orderly manner over time. This objective is reinforced by the proposed changes to the Constitution.

What effect will the proposed changes have?
The main effect of the proposed changes would be that:

- each Non-Executive Director will be required to retire at every annual general meeting held during or after the year in which occurs the ninth anniversary of the date of his or her first election as a Director; and
- a Non-Executive Director required to retire in these circumstances will be eligible to stand for re-election by shareholders and will only be able to continue to hold office if re-elected on an annual basis.

Will the proposals affect the current retirement by rotation requirements?
The proposed amendments will not affect the current Constitutional requirement for each Non-Executive Director to retire by rotation at specified intervals of no more than three years.

Item 4(c): Amendments to Constitution to accommodate legislative changes

Why are the changes being proposed?
The Directors are proposing various amendments to the Constitution to reflect and accommodate recent legislative developments, including:

- the enactment of the Corporations Act 2001 (Cth) on 15 July 2001; and
- later changes to that Act introduced by the Financial Services Reform Act 2001 (Cth) (FSRA) with effect from 11 March 2002.

What effect will the proposed changes have?
These proposed amendments do not substantially alter the effect of the current Constitution.

The FSRA and the associated regulations contained provisions that substantially replaced the provisions of the Corporations Act that previously dealt with the transfer of shares (former Part 7.13). Consequently, the Directors consider it desirable and appropriate to make corresponding amendments to the transfer provisions (and associated definitions and clauses) in AMP's Constitution. These amendments include changes to replace and update certain terminology and to delete definitions which are no longer current.

The FSRA also introduced provisions designed to facilitate competition in the supply of clearing and settlement facilities for transactions in shares. At present, the only approved facility is ASX Settlement and Transfer Corporation Pty Limited (also known as "ASTC", the "Securities Clearing House" and "SCH") which operates the electronic clearing and settlement system known as "CHESS". However, the legislation contemplates that additional licensed clearing and settlement facilities may be approved by regulation in the future. In line with these changes, the proposed amendments to the Constitution will also give AMP the flexibility to participate in any additional share clearing and settlement facility that the law allows in the future.

Is the Board recommending the proposed resolutions in Item 4?
The Board recommends that shareholders vote in favour of the proposed resolutions in Items 4(a), 4(b) and 4(c).

How can you obtain a copy of the new Constitution?
You can review a copy of the proposed amended Constitution at the registered office of AMP during normal office hours and at the Annual General Meeting.

You can obtain a copy from AMP's website www.ampgroup.com/agm

If you would like to be sent a copy of the proposed amended Constitution free of charge, please call the AMP Shareholder Information Line.

Annexure A

PART 1 – Amendments to Constitution to allow issue of preference shares

1. By inserting the following new clause 4.3 after clause 4.2:

   "4.3 The Directors may issue preference Shares under **clause 4.1** if those preference Shares are issued on terms that include the terms and are subject to the conditions set out in **Schedule 1** to this Constitution."

2. By inserting a new Schedule 1 to the Constitution in the form of Annexure D to the Explanatory Notes to the Notice convening this Meeting.

PART 2 – Amendments to Constitution to require the annual re-election of Non-Executive Directors after nine years in office

3. By deleting the words "BY ROTATION" from the heading of clause 64.

4. By inserting the following new clause 64.4 after clause 64.3:

   "64.4 A Director (other than an Executive Director) must retire from office at the conclusion of each annual general meeting held during or after the calendar year in which will occur the ninth anniversary of the date on which the Director was first elected or first re-elected as a Director (whichever is the earlier), even if the Director's retirement results in more than one-third of all Directors retiring from office."

5. By renumbering clause 64.4 as clause 64.5.

PART 3 – Amendments to Constitution to accommodate legislative changes

6. By inserting in clause 1.1 the new definitions set out below.
   "'**ASTC**' has the same meaning as in the *Corporations Regulations*;".
   "'**ASTC-regulated transfer**' has the same meaning as in the *Corporations Regulations*;".
   "'***Corporations Act***' means the *Corporations Act 2001* (Commonwealth);".
   "'***Corporations Regulations***' means the *Corporations Regulations 2001* (Commonwealth);".
   "'**Operating Rules**', in relation to a Prescribed CS Facility, means the operating rules of that Prescribed CS Facility, within the meaning of Chapter 7 of the *Corporations Act*;".
   "'**Prescribed CS Facility**' has the same meaning as in Chapter 7 of the *Corporations Act*;".
   "'**Proper ASTC transfer**' has the same meaning as in the *Corporations Regulations*;".

7. By deleting the definitions of "Proper SCH transfer", "SCH participant" and "SCH-regulated transfer" in clause 1.1.

8. By replacing the definition of "SCH Business Rules" in clause 1.1 with the following new definition:
   "'**SCH Business Rules**' means the Operating Rules of ASTC in force from time to time;".

9. By replacing the definition of "Marketable Parcel" in clause 1.1 with the following new definition:
   "'**Marketable Parcel**' has the same meaning as in the business rules of the Exchange in force from time to time;".

10. By replacing each reference to the *Corporations Law* (other than in clauses 25.1(a) and 25.1(d)) with a reference to the *Corporations Act*.

11. In the definition of "Uncertificated Holding" in clause 1.1 and in clauses 1.8(b), 9.5, 24.3(a), 29, 32.2 and 92.4, by deleting the words "SCH Business Rules" and replacing them with the words "Operating Rules of a Prescribed CS Facility (including the SCH Business Rules), if they are applicable".

12. In clauses 7.1, 9.4 and 18.3, by deleting the words "SCH Business Rules" and replacing them with the words "Operating Rules of a Prescribed CS Facility (including the SCH Business Rules), if they are applicable,".

13. In clause 24.3(b)(i), by inserting after the words "SCH Business Rules" the words "or the Operating Rules of any other Prescribed CS Facility".

14. In clause 24.5, by deleting the words "Except in the case of a Proper SCH Transfer" and replacing them with the words "Except as required by the Operating Rules of a Prescribed CS Facility (including the SCH Business Rules), if they are applicable".

15. At the beginning of clause 27.1, by deleting the words "For a transfer of Shares that is not an SCH-regulated transfer" and replacing them with the words "Subject to **clause 27.2(b)**, for a transfer of Shares that is not an ASTC-regulated transfer".

16. By deleting clause 27.2 and replacing it with the following new clause 27.2:

   "27.2 Subject to **clause 28.4**:
   (a) for a transfer of Shares that is an ASTC-regulated transfer, the transfer must be effected in accordance with the Listing Rules and the SCH Business Rules; and
   (b) for a transfer of Shares that is regulated by the Operating Rules of any other Prescribed CS Facility (or by the laws or securities exchange rules in any foreign country that apply to a computerised or electronic system of the kind described in **clause 24.3**), the transfer must be effected in accordance with the Listing Rules and the Operating Rules of that Prescribed CS Facility (or the laws or securities exchange rules in any foreign country), as applicable."

17. By replacing the reference to "Proper SCH transfers" in clause 27.3(a) with a reference to "Proper ASTC transfers".

18. By replacing the words "Despite **clauses 28.1** and **28.2**" in clause 28.4 with the words "Despite **clauses 27.2**, **28.1** and **28.2**".

19. By replacing the reference to a "Proper SCH transfer" in clause 28.4 with a reference to a "Proper ASTC transfer".

20. By deleting the reference to "section 1109N of the *Corporations Law*" in clause 38.2(c) and replacing it with a reference to "regulation 7.11.37 of the *Corporations Regulations*".

Annexure B

Additional information about the Short-Term Incentive plan

What performance hurdles will apply to Mr Mohl's benefits under the STI plan?
Any actual awards granted to Mr Mohl under the STI plan will be based on a consideration of quantitative and qualitative measures to be determined by the Board (other than Mr Mohl) each year. For 2003:

- *quantitative measures* include earnings per share, underlying return on equity, cost management, total operating margins, and value of new business; and
- *qualitative measures* include performance relative to competitors and market conditions, stakeholder perspectives, personal leadership, effective teamwork at senior management levels and strategic positioning of AMP.

What rights will Mr Mohl and Mr Yates have where AMP shares are bought for them under the STI plan?
If AMP Shares are acquired for Mr Mohl or Mr Yates as part of a particular STI Award (STI Shares), then AMP will arrange for the STI Shares to be purchased on the stock market of ASX and registered in the relevant person's name. Accordingly, that person:

- will be able to exercise voting rights attaching to his STI Shares;
- will be entitled to receive any dividend paid on his STI Shares, even though the STI Shares will be subject to a restriction on disposal (see below); and
- will be entitled to participate in any bonus issue or pro rata rights issue (or to sell renounceable rights acquired) in respect of his STI Shares.

Will Mr Mohl or Mr Yates have to pay anything for their STI Shares or Matching Shares?
It is intended that part of Mr Mohl's STI Award and Mr Yates' STI Award will be provided in the form of STI Shares. No cash payment will be made by Mr Mohl or Mr Yates to acquire STI Shares or Matching Shares.

May Mr Mohl or Mr Yates be required to forfeit his STI Shares in any circumstances?
STI Shares may be forfeited in various circumstances, including if the Board Remuneration Committee is of the opinion that Mr Mohl or Mr Yates has acted in a way that has brought AMP into disrepute.

Will the number of Matching Shares be adjusted to reflect share splits etc?
The number of Matching Shares AMP may provide to Mr Mohl or Mr Yates will be adjusted to reflect any capital reconstructions (eg share splits or consolidations) that AMP undertakes between the time of the acquisition of STI Shares and the acquisition of Matching Shares.

When may Mr Mohl or Mr Yates dispose of his STI Shares?
Neither Mr Mohl nor Mr Yates will be able to dispose of his STI Shares until three years after the acquisition of those Shares. However, this restriction on the disposal of their STI Shares will cease to apply:

- to some or all of their STI Shares if a takeover bid for AMP Shares or a scheme of arrangement (or an acquisition of AMP Shares approved at a general meeting) results in either:
  - a change in legal or beneficial interests in more than 50% of AMP Shares; or
  - any person having voting power (as defined in the Corporations Act) in AMP of greater than 50%;
- if and to the extent that the Board Remuneration Committee waives or reduces the restrictions;
- if, in the case of Mr Mohl, he ceases to be employed by AMP and is not required to forfeit the STI Shares; or
- if, in the case of Mr Yates, he ceases to be an employee of AMP (or a subsidiary of AMP which participates in the STI plan) due to total and permanent disablement, death or other circumstances determined by the Board Remuneration Committee.

These restrictions on disposal will apply only to STI Shares. They will not apply to any Matching Shares that AMP provides to Mr Mohl or Mr Yates under the STI plan.

If the restriction on disposal of STI Shares ceases to apply in connection with the ending of Mr Mohl's or Mr Yates' employment, this is likely to be a benefit to that person the value of which will be affected by the market value of the STI Shares and the value to Mr Mohl or Mr Yates of being able to deal with those STI Shares.

Annexure C

Additional information about the Long-Term Incentive plan

What performance hurdles will apply to Mr Mohl's and Mr Yates' benefits under the LTI plan?
For each tranche of Performance Rights granted to Mr Mohl and Mr Yates, there will be three different performance hurdles. The following table summarises the operation of each different performance hurdle and shows the percentage of the Performance Rights in each tranche to which that performance hurdle will apply.

% OF TRANCHE	PERFORMANCE HURDLE
	In this table, "Total Shareholder Return" or "TSR" broadly means the change in share price plus dividends paid over the applicable performance period, expressed as a percentage.
25%	If AMP's TSR when compared to the TSR of a comparison group made up of S&P/ASX 100 top 50 companies (industrials) as at the start of the applicable performance period: • *is below the 50th percentile* of the comparison group, then *none* of these Performance Rights will vest. • *is at the 50th percentile* of the comparison group, then *only half* of these Performance Rights will vest. • *is between the 50th and 75th percentile* of the comparison group, then these Performance Rights will vest *on a straight line basis* with AMP's TSR ranking against the comparison group. • *is in at least the 75th percentile* of the comparison group, then *all* of these Performance Rights will vest.
50%	If AMP's TSR when compared to the TSR of a selected group of international companies in life insurance and wealth management: • *is below the 50th percentile* of the comparison group, then *none* of these Performance Rights will vest. • *is at the 50th percentile* of the comparison group, then *only half* of these Performance Rights will vest. • *is between the 50th and 75th percentile* of the comparison group, then these Performance Rights will vest *on a straight line basis* with AMP's TSR ranking against the comparison group. • *is in at least the 75th percentile* of the comparison group, then *all* of these Performance Rights will vest.
25%	For the performance hurdle for this 25% of the Performance Rights, the "growth in earnings per share" will be assessed by reference to a comparison between: • earnings per share figures for the last financial year completed before the start of the relevant performance period; and • earnings per share figures for the last financial year completed before the end of the performance period. If the growth in AMP's earnings per share over the relevant period averages: • *less than 7% a year* compounded annually, then *none* of these Performance Rights will vest. • *7% a year* compounded annually, then *only half* of these Performance Rights will vest. • *between 7% and 12% a year* compounded annually, then these Performance Rights will vest *on a straight line basis*. • *12% or more a year* compounded annually, then *all* of these Performance Rights will vest.

Who determines whether a performance hurdle has been achieved?
After the end of the performance period that applies to a tranche of Performance Rights, the Board Remuneration Committee will determine whether (and the extent to which) the performance hurdles have been achieved in respect of that tranche.

What happens to the Performance Rights if the performance hurdles are not met?
If the performance hurdles that apply to a tranche of Performance Rights are not met (or in certain limited circumstances waived) at the end of the relevant performance period, then those Performance Rights will generally lapse – see below for information about what will happen to Performance Rights if Mr Mohl's or Mr Yates' employment ends and information about what will happen if there is a takeover or change in control of AMP when the performance hurdles have not been met.

When may Mr Mohl and Mr Yates exercise their Performance Rights?
If the Board Remuneration Committee determines that the performance hurdles have been achieved in respect of some or all of the Performance Rights in a tranche, Mr Mohl and Mr Yates will generally have two years from the end of the relevant performance period to exercise those Performance Rights. Mr Mohl and Mr Yates will not be required to pay anything when they exercise those Performance Rights to receive AMP Shares.

Will the number of AMP Shares Mr Mohl and Mr Yates are entitled to upon exercise of their Performance Rights be adjusted to reflect share splits etc?
The number of AMP Shares that Mr Mohl or Mr Yates are entitled to when they exercise their Performance Rights will be adjusted to reflect any bonus issues or capital reconstructions (eg share splits or consolidations) that AMP undertakes between the grant of a Performance Right and the exercise of the Performance Right. The adjustment will be in accordance with ASX requirements.

Will the AMP Shares acquired under the LTI plan be fully paid ordinary shares?
Shares provided to Mr Mohl or Mr Yates following the exercise of a Performance Right will rank equally with other existing AMP Shares and will be entitled in full to dividends that have a record date after the AMP Shares are registered in his name.

Do unexercised Performance Rights give any legal or beneficial interest in AMP Shares?
Mr Mohl and Mr Yates will not have any legal or beneficial interest in any AMP Shares through their Performance Rights unless and until they exercise those Performance Rights. For example, they will not be entitled to participate in any dividends or other shareholder benefits (including any voting rights) as a result of holding unexercised Performance Rights.

What happens to the Performance Rights if there is a takeover, or other change in control, of AMP?
Regardless of whether the performance hurdles are met, Mr Mohl and Mr Yates may exercise some or all of their Performance Rights (that have not lapsed) if a takeover bid for AMP Shares or a scheme of arrangement (or an acquisition of AMP Shares approved at a general meeting) results in:

- a change in legal or beneficial interests in greater than 50% of AMP Shares; or
- any person having 'voting power' (as defined in the Corporations Act) in AMP of greater than 50%.

How will the end of Mr Mohl's or Mr Yates' employment with AMP affect their Performance Rights?
If Mr Mohl is no longer employed as CEO or Mr Yates is no longer employed by the AMP Group while holding Performance Rights, the treatment of those Performance Rights will depend on:

- whether the Performance Rights had vested at the time their employment ended (that is, whether the applicable performance hurdles had been met in respect of those Performance Rights); and
- the reason their employment ended.

If the Performance Rights have vested when Mr Mohl's or Mr Yates' employment ends...
If Performance Rights have vested, then:

- *if Mr Mohl or Mr Yates resigns, his employment is terminated by mutual agreement or his employment is terminated by the AMP Group (other than for misconduct or inadequate performance)*, he will generally have 30 days in which to exercise his Performance Rights. After that period any unexercised Performance Rights will lapse;
- *if Mr Mohl or Mr Yates ceases to be employed due to special circumstances (namely, retrenchment, retirement, total and permanent disablement, death, or the sale of the shares or business of the employing company)*, he will generally be able to exercise his Performance Rights until the end of the original two year exercise period; and
- *if Mr Mohl's or Mr Yates' employment is terminated for misconduct or inadequate performance*, his Performance Rights will generally lapse immediately.

If Mr Mohl's AFS Tranche or Mr Yates' Performance Rights have NOT vested when their employment ends...
If Performance Rights in the AFS Tranche (in the case of Mr Mohl) or any Performance Rights (in the case of Mr Yates) have NOT vested when Mr Mohl's or Mr Yates' employment ends, then the unvested Performance Rights will generally lapse unless:

- *Mr Mohl's or Mr Yates' employment ends because of death or total and permanent disablement.* In that case, he will be able to exercise his unvested Performance Rights at any time until 12 months after the end of his employment irrespective of whether performance hurdles have been met;
- *Mr Mohl or Mr Yates resigns (or his employment is terminated by mutual agreement) later than 30 days before the end of the applicable performance period* and the Board Remuneration Committee determines that the performance hurdles have been achieved in respect of some or all of the Performance Rights. In that case, those Performance Rights will vest and be exercisable within the next 30 days following the determination; or
- *the Board Remuneration Committee decides otherwise.* For example, in circumstances of retrenchment, retirement, the sale of the shares or business of the employing company or in other circumstances the Board Remuneration Committee considers appropriate.

If Mr Mohl's Performance Rights (other than the AFS Tranche) have NOT vested when his employment ends...
Mr Mohl will be entitled to retain a pro rata portion of the unvested Performance Rights he holds at the date that his employment with AMP ends (Retained Performance Rights) if:

- AMP terminates Mr Mohl's employment (other than for serious misconduct or a similar event); or
- Mr Mohl resigns from his employment as a result of a change to his duties or responsibilities (without his agreement) which has the effect of materially changing his status or authority.

However, this right will not apply to the Performance Rights granted to Mr Mohl in respect of his services as managing director of AMP Financial Services (ie the AFS Tranche).

How will the proportion of Performance Rights Mr Mohl is allowed to retain be calculated?
The proportion of Performance Rights Mr Mohl will be entitled to retain in those circumstances will be calculated by reference to the percentage of the applicable grant period during which Mr Mohl was employed within the AMP Group.

For each tranche of Performance Rights, the grant period is the three year period from the deemed date of grant of those Performance Rights, that is:

- for the 2002 Tranche, 7 October 2002; and
- for the 2003 Tranche, 7 October 2003.

For example, if Mr Mohl's employment ends in the above circumstances at the end of the first year of the three year grant period in respect of a particular tranche, then he would be entitled to retain one-third of the Performance Rights in that tranche.

The following table sets out the proposed treatment of Retained Performance Rights, which will vary depending on the date on which Mr Mohl's employment within the AMP Group ends (Employment End Date).

EMPLOYMENT END DATE	TREATMENT OF RETAINED PERFORMANCE RIGHTS
During months 7 to 24 of a performance period (ie from 23 March 2003 to 22 September 2004)	The Retained Performance Rights will be assessed against the performance hurdles over the first 24 months of the performance period. Any Performance Rights that Mr Mohl is entitled to exercise as a result of this assessment will be capable of exercise on 22 September 2004 and will remain exercisable for up to the later of 12 months after the date Mr Mohl's employment ends and one month after they become exercisable.
After the first 24 months of a performance period (ie on or after 23 September 2004)	The Retained Performance Rights will be assessed against the performance hurdles over that part of the Performance Period up to the date Mr Mohl's employment ends. Any Performance Rights that Mr Mohl is entitled to exercise as a result of this assessment will be capable of exercise on the date his employment ends and will remain exercisable for up to 12 months from that date.

Annexure D

Schedule 1 – Rights attaching to Preference Shares

1. Terms of Preference Shares

For the purposes of **clause 4.3**, the Directors may issue preference Shares under **clause 4.1** on the following terms:

(a) each preference Share confers on the holder a right to receive a preferential dividend at the rate and on the basis decided by the Directors under the terms of issue;

(b) in addition to the preferential dividend, each preference Share may participate with the ordinary Shares in profits if, and to the extent that, the Directors decide under the terms of issue;

(c) the preferential dividend is cumulative unless, and to the extent that, the Directors decide otherwise under the terms of issue;

(d) each preference Share confers on its holder:

(i) the right to the preferential dividend in priority to the payment of any dividend on any other class of Shares; and

(ii) the right in a winding up or on redemption to payment in cash in priority to any other class of Shares of:

(A) the amount of any dividend accrued but unpaid on the Share at the date of winding up or the date of redemption; and

(B) any amount paid on the Share;

(e) unless otherwise decided by the Directors under the terms of issue, a preference Share does not confer on its holder any right to participate in the profits or property of the Company except as set out in this Schedule;

(f) to the extent that the Directors decide under the terms of issue, a preference Share may confer a right to a bonus issue or capitalisation of profits in favour of holders of those Shares only;

(g) a preference Share does not entitle its holder to vote at any general meeting of the Company except:

(i) on a proposal:

(A) to reduce the share capital of the Company;

(B) that affects rights attached to the Share;

(C) to wind up the Company; or

(D) for the disposal of the whole of the property, business and undertaking of the Company;

(ii) on a resolution to approve the terms of a buy-back agreement;

(iii) during a period in which a dividend or part of a dividend on the Share is in arrears;

(iv) during the winding up of the Company; and

(v) in any other circumstance that the Directors determine at the time of issue and which is permitted by the Listing Rules; and

(h) each preference Share confers on its holder the same rights as those conferred by the Constitution upon the holders of ordinary Shares in relation to receiving notices of general meetings, reports, balance sheets and accounts and of attending and being heard at all general meetings of the Company.

2. Foreign Currency

Where any amount is payable by the Company to the holder of a preference Share in a currency other than Australian dollars, and the amount is not paid when due or the Company has commenced winding up, the holder may give notice to the Company requiring payment of an amount in Australian dollars equal to the foreign currency amount calculated by applying the reference rate on the date of payment for the sale of the currency in which the payment is to be made for Australian dollars. Reference rate means the rate applicable in the market and at the time determined by the Directors before allotment of those preference Shares and specified in the terms of issue for those preference Shares.

3. Conversion to ordinary Shares

A preference Share which, in accordance with its terms of issue, may be converted into an ordinary Share will, at the time of conversion and without any further act, have the same rights as a fully paid ordinary Share and rank equally with other fully paid ordinary Shares on issue. This is subject to the terms of issue of the preference Share in relation to entitlement to ordinary dividends paid after conversion. In addition, the terms of issue of the preference Share may provide for the issue of additional ordinary Shares on conversion as determined by the Directors.

Annexure E

Extract from the Prospectus
Words and expressions in this Annexure E have the meaning given to them in the Prospectus.

Summary of rights attaching to Preference Shares
Subject to the Ordinary Shareholders resolving to amend the AMP Constitution, at AMP's next annual general meeting in May 2003, to permit such issue, AMP proposes to issue Preference Shares each with a liquidated preference of A$100. The Preference Shares will be issued unpaid and held in the Trust.

Upon Exchange, the Issuer will transfer to each RPS Holder the same number of Preference Shares as the number of RPS held by that RPS Holder. The RPS will be redeemed upon Exchange.

Entitlement to Dividends
There is no entitlement to a Dividend or any other payment in relation to Preference Shares until they are fully paid up. Upon payment in full, Dividends will be paid on:
(a) 24 April and 24 October of each year until Preference Shares are converted into Ordinary Shares, redeemed, bought back or cancelled;
(b) in relation to the Preference Shares being converted into Ordinary Shares on that date, each date of conversion;
(c) the date on which Preference Shares are redeemed.

A Dividend is only payable to those persons registered as Preference Share Holders 11 ASX Business Days prior to the Dividend payment date for that Dividend. An Optional Dividend is only payable to those persons registered as Preference Share Holders on the date prior to its payment that is determined by AMP in respect of that Optional Dividend.

Determination of Dividends
Dividends are calculated in the same way as Distributions are calculated in respect of RPS.

New Zealand Preference Share Holders may be paid any Dividends and other amounts due and payable under the Preference Shares in the New Zealand dollar equivalent.

Restrictions on AMP if no Dividends are paid
Dividends are non-cumulative. This means that if AMP does not pay a Dividend for a particular period in full, or does not pay a Dividend at all, then Preference Share Holders are not entitled to any unpaid amount in respect of that Dividend.

There is no assurance that Dividends will always be paid. However, if AMP does not pay a Dividend, AMP must not:
- declare or pay a dividend or make any distribution on any of its share capital other than any share capital that ranks in priority to Preference Shares; or
- redeem, reduce, cancel or acquire for any consideration any of its outstanding share capital.

These restrictions will be lifted (unless APRA objects) once:
- two consecutive Dividends have been paid in full;
- an Optional Dividend has been paid to Preference Share Holders in accordance with the Preference Share Terms;
- all Preference Shares have been converted into Ordinary Shares, redeemed, bought back or cancelled; or
- a special resolution of the Preference Share Holders has been passed approving such action.

Dividend payment limitations
Payment of Dividends is subject to the same Payment Limitations as those relating to RPS. AMP has no liability to pay a Dividend if any of these events occur. Additionally, the Preference Share Holder has no claim or entitlement in respect of such non-payment.

Optional Dividends
The Directors of AMP may, at their discretion, determine Optional Dividends to be payable (subject to the above Payment Limitations).

Conversion
Conversion is the process by which, in certain circumstances, Preference Shares are replaced with Ordinary Shares. In these circumstances, AMP will deliver the Ordinary Shares to Preference Share Holders. In the case where a Preference Share Holder requires conversion into Ordinary Shares, AMP may (subject to law) choose to arrange the sale of those Preference Shares to a third party and deliver the cash proceeds to the Preference Share Holder within five ASX Business Days.

When can conversion occur?
Conversion of all or some of the Preference Shares into Ordinary Shares may occur in several instances triggered by Preference Share Holders, AMP or APRA. This includes a conversion right for Preference Share Holders where there is more than a material risk that the payment of Dividends to Preference Share Holders would be subject to Australian dividend withholding tax. The other circumstances in which conversion can occur are similar to those listed in Section 3 of the RPS Terms.

Each Preference Share that is converted will convert to one Ordinary Share and additional Ordinary Shares calculated on substantially the same basis as the Conversion Ratio for RPS less one. However, unlike the Conversion Ratio for RPS, upon conversion, Preference Share Holders are only entitled to a flat 2.5% conversion discount. This ratio determines the number of Ordinary Shares which will be issued to the relevant Preference Share Holder. The ratio will be adjusted in certain circumstances (including where there is a bonus or rights issue, an off-market buy-back, a return of capital or a takeover bid).

If a Preference Share Holder requires conversion (other than in the case of an Acquisition Event), AMP may arrange for a third party to purchase each Preference Share from the Preference Share Holder at the greater of:
(a) A$100; and
(b) the value of the Minimum Conversion Number multiplied by the relevant VWAP.

If that happens, AMP must pay the proceeds to the Preference Share Holder within five ASX Business Days after the sale.

If a Preference Share Holder wishes to convert some (but not all) of their Preference Shares, the number of Preference Shares to be Converted must:
- be at least 10; and
- be such that the aggregate number of RPS held after Conversion is at least 10.

If AMP requires conversion of the Preference Shares into Ordinary Shares, Preference Share Holders will only receive Ordinary Shares. AMP may not choose to pay cash, and must convert all Preference Shares (and not some only).

As soon as practicable after becoming aware of an event which triggers conversion into Ordinary Shares, AMP must publish notice in certain newspapers notifying the Preference Share Holders of the same.

Ranking of Preference Shares upon conversion
Preference Shares rank equally amongst themselves and rank behind all AMP creditors.

A Preference Share confers all of the rights attaching to one Ordinary Share, but these rights do not take effect until the date of conversion into Ordinary Shares. Prior to conversion into Ordinary Shares:
(a) Preference Shares rank in priority to Ordinary Shares for the payment of Dividends; and
(b) where AMP is wound-up, Preference Share Holders are entitled to receive out of AMP's distributable assets, in respect of each Preference Share held, a cash payment equal to the sum of:
(i) A$100; and
(ii) the amount of any Dividend due but unpaid,
before any return of capital is made to Ordinary Shareholders or any other class of shares ranking behind the Preference Shares. Beyond this amount, Preference Share Holders have no further entitlements upon the winding-up of AMP.

Where AMP has insufficient funds to pay all amounts referred to above upon a winding-up of AMP, Preference Share Holders and the holders of any other AMP shares which rank equally with Preference Shares on a winding-up will share in any distribution of AMP assets in proportion to the amounts to which they are respectively entitled.

Upon conversion of the Preference Shares into Ordinary Shares:
(a) all other rights or restrictions conferred on that Preference Share under the Preference Shares Terms will no longer have effect (except for rights relating to a Dividend which is due but has not been paid on or before the date of conversion into Ordinary Shares, which will subsist); and
(b) that Preference Share will rank equally with all other Ordinary Shares then on issue.

Conversion into Ordinary Shares does not constitute cancellation, redemption or termination of a Preference Share or an issue, allotment or creation of a new share (other than the Ordinary Shares allotted on conversion).

Redemption by AMP
If AMP has APRA's consent, it may redeem all (but not some) Preference Shares:
(a) after certain events which are broadly identical to a Regulatory Event or a Tax Event in relation to RPS (however, the right to redeem under the RPS Terms where APRA determines that the AMP Group is not entitled to treat RPS as Tier 1 regulatory capital is not applicable); or
(b) if the aggregate face value of the outstanding Preference Shares is less than A$100 million.

On redemption, AMP will redeem each Preference Share for the greater of:
(a) A$100; and
(b) the value of the Minimum Conversion Number multiplied by the relevant VWAP.

Resetting the Terms
Reset dates are dates on which AMP may reset some of the Preference Shares terms. The setting of the reset dates for the Preference Shares occurs in the same manner as the setting of Reset Dates relating to RPS.

On a reset date, AMP may:
(a) reset certain terms (see below); or
(b) convert all Preference Shares into Ordinary Shares.

To do this, AMP must give notice to all Preference Share Holders at least 30 Business Days (but not more than six months) before a reset date.

The relevant term of the Preference Shares which may be reset by AMP at a reset date are the same as those terms that may be changed by the Issuer in relation to RPS.

If reset, the new terms will apply from and including the relevant reset date to, but excluding, the next reset date. AMP must notify each Preference Share Holder of any changes at least 50 ASX Business Days before the relevant reset date. If AMP does not give this notice, the existing terms will continue to apply until the next reset date.

Voting rights
A Preference Share will not entitle its Holder to vote at any general meeting of AMP except in the following limited circumstances:

- on a proposal to reduce share capital, that affects rights attached to the Preference Shares, to wind up AMP or for the disposal of the whole of AMP's business;
- on a resolution to approve a buy-back agreement;
- during a period in which a Dividend has been declared payable but has not been paid;
- during the winding-up of AMP.

Notices and reports
Preference Share Holders are entitled to receive notices of general meetings of AMP. Preference Share Holders can also request copies of other documents (including reports and accounts) provided by AMP to Ordinary Shareholders.

Issue of further Preference Shares by AMP
Until the date of conversion into Ordinary Shares, AMP is prohibited from issuing or converting any shares which would rank in priority to Preference Shares unless Preference Share Holders pass a special resolution approving this.

AMP is, however, entitled to issue further Preference Shares ranking equally with the existing Preference Shares. If AMP chooses to do so, this will not constitute a variation or cancellation of the rights attached to the then existing Preference Shares.

Rights to participate in new securities issue
Until the date of conversion into Ordinary Shares, Preference Shares confer no rights to subscribe for new AMP securities or to participate in any AMP bonus issues.

Quotation
AMP will use all reasonable endeavours to ensure quotation of Preference Shares on ASX on or about the Exchange Date.

How to find the Meeting location?

You can use the map below to find the location of, and the nearest transport routes to, the Meeting – that is, the City Recital Hall, Angel Place, Sydney NSW.

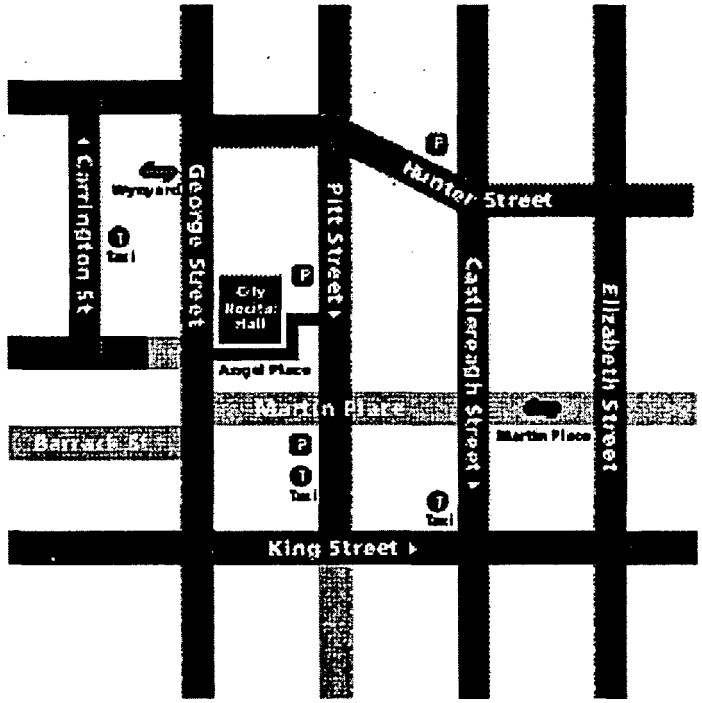
Will you attend the Meeting?
If you will attend the Meeting, please let us know either:

- by ringing the Shareholder Information Line on the relevant number below; or
- by using the AMP website at www.ampgroup.com/agm

If you have any questions, you can ring the Shareholder Information Line on:

Australia	1300 654 442
New Zealand	0800 448 062
United Kingdom	0800 783 3315
Rest of World	61 2 8234 5000

Also, you can find out more information at www.ampgroup.com/agm



By train
Wynyard Station is a five minute walk from Angel Place.

By bus
All buses to and from Circular Quay stop nearby on George Street or Pitt Street – near the corner of Martin Place.

By car
You can park in the Secure Parking 180-space car park next door to City Recital Hall, Angel Place. The car park is at 123 Pitt Street, Sydney. There are many other car parks located within walking distance.

By taxi
A taxi drop-off is located at the front entrance. Your taxi can enter Angel Place from George Street when travelling south.

By foot
You can walk in from George and Pitt Streets and from Martin Place.

Supplement to Notice of Annual General Meeting

This document contains important additional information about the candidates who intend to stand for election as Directors of AMP Limited (AMP) at the Annual General Meeting of AMP to be held at 10.00am (Sydney time) on Thursday, 15 May 2003. This document is supplementary to, and should be read in conjunction with, the accompanying "Notice of Annual General Meeting and Explanatory Notes" for the Meeting (Notice).

Please take the time to read this document carefully.

Are there additional candidates for election to the office of Director?

After the Notice was finalised, the Board of AMP announced the appointment of two new Non-Executive Directors:

- Ms Meredith Hellicar, with effect from 25 March 2003; and
- Mr Pat Handley, with effect from 2 April 2003.

The newly appointed Directors were appointed by the Board to fill two of the casual vacancies arising from the restructure of the Board announced on 25 February 2003. If the newly appointed Directors are not elected at the Meeting, they will cease to hold office at the Meeting in accordance with AMP's Constitution.

As contemplated by the Notice, the newly appointed Directors will be standing for election at the Meeting. Accordingly, it is proposed that Item 2 of the business of the Meeting will include separate ordinary resolutions for the election of each of the newly appointed Directors (in addition to the proposed resolutions relating to the six other candidates set out in the Notice).

What is the background and experience of the newly appointed Directors?

Profiles of the newly appointed Directors are set out below.

Roger Patrick (Pat) Handley
Age 58. BA, MBA

Experience Over 30 years' international financial services experience. Former Chief Financial Officer of Westpac Banking Corporation from 1993 to 2001 with line responsibility for all aspects of the financial function including treasury, management information systems, tax and risk management. Former Director of Suncorp Metway Limited.

Other directorships
Chairman of Pacific Brands Limited.

Meredith Hellicar
Age 49. BA, LLM (Hons)

Experience 15-plus years' senior executive experience in the oil, coal, logistics, legal and financial services industries. Former Managing Director TNT Logistics Asia, Chief Executive of Corrs Chambers Westgarth and Managing Director of InTech Financial Services Limited.

Other directorships
Director of James Hardie Industries NV, Southern Cross Airports Group and HIH Claims Support Limited. Chairman of HLA Envirosciences and the Sydney Institute.

Continued ▶

Supplement to Notice of Annual General Meeting

Please note that the information below updates and replaces the information set out on page 8 of the Notice about the number of candidates for Directorships and the number of candidates you should vote for.

How many candidates will be standing for election at the Meeting?

There are eight candidates who are proposing to stand for election to the office of Director at the Meeting including seven current Directors – Mr Peter Willcox, Mr Andrew Mohl, Mr Richard Grellman, Lord Killearn, Mr Roger Yates, Mr Pat Handley and Ms Meredith Hellicar – and Mr Stephen Mayne who has been nominated for election in accordance with the Constitution. Although there are eight candidates for election as Directors, there are only seven vacancies available to be filled at the Meeting.

How many candidates should you vote for?

As only seven of the eight candidates for the office of Director may be elected at the Meeting:

- you should vote in favour of up to only seven candidates in Item 2; and
- you should vote against the remaining candidate(s).

More information?

If you have any questions about the information set out in this document, please call the Shareholder Information Line:

Proxy form

X9999999999 COY

To complete the proxy form, please see the instructions on the back of this form and refer to the accompanying documents for details of each item of business.

1. Registered name and address

☐ **Check that your details are correct**
If you wish to notify us of any changes, mark them on this form as necessary and mark this box with an X.

Daytime contact details
Please write your daytime phone number in case we need to contact you about your proxy form.

( )

2. Appointment of proxy

I/We being a member/s of AMP Limited, hereby appoint;

☐ the Chairman of the Meeting (mark this box with an X); **OR** _____ (write the name of the person you wish to appoint as proxy);

OR, failing the person named, or if no person is named, the Chairman of the Meeting, as my/our proxy to act generally at the Meeting on my behalf and to vote in accordance with the following directions (or, if no directions have been given, as the proxy sees fit) at the Annual General Meeting of AMP Limited to be held at the City Recital Hall, Angel Place, Sydney NSW at 10.00am (Sydney time) on Thursday, 15 May 2003 and at any adjournment of that Meeting.

3. Directions to proxy

Your proxy may decide how to vote on any motion at the Meeting, except where specifically directed below. For each item of business, please mark X in one box only to indicate your voting instruction.

Item 2
Election of Directors

ONLY 7 OUT OF THE 8 CANDIDATES MAY BE ELECTED

	FOR	AGAINST	ABSTAIN
(a) Lord Killearn	☐	☐	☐
(b) PJ Willcox	☐	☐	☐
(c) RP Yates	☐	☐	☐
(d) RJ Grellman	☐	☐	☐
(e) AM Mohl	☐	☐	☐
(f) SD Mayne	☐	☐	☐
(g) RP Handley	☐	☐	☐
(h) M Hellicar	☐	☐	☐

(c) Legislative changes	☐	☐	☐

4. Signature of shareholder(s)

Individual or first shareholder	Shareholder 2	Shareholder 3
Sole director and sole company secretary	Director	Director/company secretary

Instructions for completion of proxy form

1. Name and address
This is the name and address of the shareholder(s) as it appears on the AMP Limited Share Register. If this information is incorrect, please make the correction on the form and cross the box. Shareholders sponsored by a broker should advise their broker of any changes. Please note that you cannot change the ownership of shares using this form.

2. Appointment of proxy
Insert the name of your proxy if your proxy is someone other than the Chairman of the Meeting. If your proxy is the Chairman of the Meeting, cross the box.
If you leave this section blank or your named proxy is unable to attend the Meeting, the Chairman of the Meeting will be your proxy to vote your shares.
Your proxy need not be a shareholder of AMP Limited.

3. Appointment of second proxy (optional)
To appoint a second proxy please copy this form and then:
(a) on the first proxy form, state the number of shares or the percentage of your voting rights applicable to the first proxy;
(b) on the second proxy form, state the number of shares or the percentage of your voting rights applicable to the second proxy; and
(c) return both forms in the same envelope.
If the appointments do not state the number or percentage of votes that each proxy may exercise, each proxy may exercise half your votes.
Fractions of votes will be disregarded.

4. Directions to proxy
You may direct your proxy how to vote on a given item of business by placing an X in one of the three boxes opposite that item. Your proxy may decide whether to vote on any motion, except where your proxy is required by law or the Constitution to vote or abstain in their capacity as proxy. If your proxy votes on an item, all of your shares will be voted in accordance with your direction unless you indicate a proportion of voting rights on any item by inserting the percentage or number of shares you wish to vote in the appropriate box(es). If you do not mark any of the boxes on a given item, your proxy may decide how to vote on that item. If you place an X in more than one box on an item, your vote on that item will be invalid.

Although eight candidates are standing for election to the office of Director only seven candidates may be elected in accordance with AMP's Constitution. For this reason, the Chairman proposes that Item 2 will be determined by a poll at the Meeting (rather than by a show of hands). As there are more candidates than positions available, you should only vote in favour of up to seven candidates in Item 2 and you should vote against the remaining candidate(s). To be elected, candidates must receive more votes in favour of their election than against their election. If more than seven candidates satisfy this criterion, the candidates receiving the most votes in favour will be declared elected.

5. Signature(s)
Each shareholder must sign this form. If your shares are held in joint names, all shareholders must sign in the boxes. If you are signing as an attorney, then the power of attorney must have been noted by the AMP Limited Share Registry or a certified copy of it must accompany this form.

Only duly authorised officer(s) can sign on behalf of a company (refer to the instructions on page 5 of the Notice of Meeting booklet). Please sign in the boxes provided which state the office held by the signatory, ie Director and Director, or Company Secretary and Director, or Sole Director and Sole Company Secretary.

6. Lodgement of proxy
A proxy form (and the original or certified copy of any power of attorney under which it is signed) must be received by AMP Limited by no later than 10.00am (Sydney time) on Tuesday, 13 May 2003. Any proxy form received after that time will be invalid.

Documents may be lodged using the reply-paid envelope:
- by posting, delivery or facsimile to the AMP Securities Registry (see details below); or
- by delivery to the Registered Office of AMP Limited, Level 24, 33 Alfred Street, Sydney NSW 2000, Australia.

Proxies can also be lodged online via AMP's website at **www.ampgroup.com/agm** To use this online facility you will need your holder identifier (SRN or HIN) and postcode. You will be taken to have signed your proxy if you lodge it in accordance with the instructions on the website.

For Information only

AMP Banking announces latest steps in restructuring

AMP has entered into agreements to sell A$2.8 billion in New Zealand residential mortgages and Australian and New Zealand property finance loan assets, in line with the restructuring strategy announced for AMP Banking on 14 November 2002.

HSBC will acquire AMP Banking's A$1.6 billion (NZ$1.7 billion) residential mortgage portfolio in New Zealand and, subject to customer consent, accept AMP Banking's A$355 million (NZ$390 million) New Zealand retail deposit portfolio. In addition AMP Banking will enter into management and funding arrangements with HSBC over a further A$135 million (NZ$149 million) of mortgages with mixed residential and commercial characteristics, where the credit risk is retained by AMP.

GE Commercial Finance will acquire A$1.25 billion ($NZ1.38 billion) in property finance loan assets from AMP Bank and AMP Finance in Australia and New Zealand.

These divestments are the latest steps to significantly restructure the operations of AMP Banking, which is now focusing on providing retail deposits and mortgage products in Australia. This will allow the Bank to leverage its strong brand name and strengths in distribution and packaging to grow a profitable, high-return banking operation.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

In New Zealand, AMP's customers and advisers will continue to have access to banking products through distribution agreements with HSBC and GE Commercial Finance. In Australia, AMP's customers and planners will continue to have access to AMP Banking's suite of retail banking products and will have access to selected GE Commercial Finance products through a distribution agreement.

AMP Chief Executive Officer Andrew Mohl said: "These transactions are the latest step in our restructuring programme and are good news for our shareholders, customers and planners.

"For shareholders, they are part of the disciplined execution of our strategy to restructure our banking operations and free up significant capital.

"The new distribution arrangements also mean that our planners and customers still have access to quality products."

Subject to regulatory approval and contractual obligations, the transfers are expected to complete by the end of the second quarter of 2003. Final purchase prices will be dependent on a number of factors, including account balances at the date of completion.

These transfers follow the sale of the Australian and New Zealand credit card portfolio to American Express, announced on 23 December 2002, and the proposed transfer of AMP's UK banking portfolio to Newcastle Building Society announced on 28 March 2003.

The combined proceeds from today's transactions are broadly in line with book value. When combined with the previously announced transfers, AMP will have achieved a divestment of the majority of its non-core banking activities at a small premium to book value.

Discussions continue in relation to the proposed divestment of approximately A$490 million (NZ$540 million) in rural property and other property finance loans retained by AMP Bank and AMP Finance.

AMP is also reviewing the potential outsourcing of various functions within its core Australian retail banking business. Decisions on AMP Banking's future outsourcing needs are expected in the fourth quarter of this year.

AMP has been advised on the transactions announced today by Caliburn Partnership.

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin: Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002.

Name of entity

AMP Limited

ABN

49 079 354 519

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

1	+Class of +securities issued or to be issued	Ordinary
2	Number of +securities issued or to be issued (if known) or maximum number which may be issued	83
3	Principal terms of the +securities (eg, if options, exercise price and expiry date; if partly paid +securities, the amount outstanding and due dates for payment; if +convertible securities, the conversion price and dates for conversion)	N/A

+ See chapter 19 for defined terms.

4	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	Yes.
5	Issue price or consideration	83 shares @A$7.3118 per share.
6	Purpose of the issue (If issued as consideration for the acquisition of assets, clearly identify those assets)	the shares were issued pursuant to the AMP Employee Share Acquisition Plan.
7	Dates of entering +securities into uncertificated holdings or despatch of certificates	15 April 2003

8	Number and +class of all +securities quoted on ASX (*including* the securities in clause 2 if applicable)	Number	+Class
		1,159,464,663 + 83 ---------- 1,159,464,746	Ordinary

9	Number and +class of all +securities not quoted on ASX (*including* the securities in clause 2 if applicable)	Number	+Class
		Total no. issued as at 15 April 2003: 33,847,913	Various Classes issued on various dates

10	Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests)	As for all quoted ordinary shares.

Part 2 - Bonus issue or pro rata issue

11	Is security holder approval required?	N/A
12	Is the issue renounceable or non-renounceable?	N/A

+ See chapter 19 for defined terms.

13	Ratio in which the +securities will be offered	N/A
14	+Class of +securities to which the offer relates	N/A
15	+Record date to determine entitlements	N/A
16	Will holdings on different registers (or subregisters) be aggregated for calculating entitlements?	N/A
17	Policy for deciding entitlements in relation to fractions	N/A
18	Names of countries in which the entity has +security holders who will not be sent new issue documents Note: Security holders must be told how their entitlements are to be dealt with. Cross reference: rule 7.7.	N/A
19	Closing date for receipt of acceptances or renunciations	N/A
20	Names of any underwriters	N/A
21	Amount of any underwriting fee or commission	N/A
22	Names of any brokers to the issue	N/A
23	Fee or commission payable to the broker to the issue	N/A
24	Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of +security holders	N/A
25	If the issue is contingent on +security holders' approval, the date of the meeting	N/A
26	Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled	N/A

+ See chapter 19 for defined terms.

27	If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders	N/A
28	Date rights trading will begin (if applicable)	N/A
29	Date rights trading will end (if applicable)	N/A
30	How do +security holders sell their entitlements *in full* through a broker?	N/A
31	How do +security holders sell *part* of their entitlements through a broker and accept for the balance?	N/A
32	How do +security holders dispose of their entitlements (except by sale through a broker)?	N/A
33	+Despatch date	N/A

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(*tick one*)

(a) ☑ Securities described in Part 1

(b) ☐ All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 ☐ If the +securities are +equity securities, the names of the 20 largest holders of the additional +securities, and the number and percentage of additional +securities held by those holders

36 ☐ If the +securities are +equity securities, a distribution schedule of the additional +securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000

+ See chapter 19 for defined terms.

5,001 - 10,000
10,001 - 100,000
100,001 and over

37 ☐ A copy of any trust deed for the additional +securities

(now go to 43)

Entities that have ticked box 34(b)

38	Number of securities for which +quotation is sought	N/A
39	Class of +securities for which quotation is sought	N/A
40	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	N/A
41	Reason for request for quotation now Example: In the case of restricted securities, end of restriction period (if issued upon conversion of another security, clearly identify that other security)	N/A

42	Number and +class of all +securities quoted on ASX (*including* the securities in clause 38)	Number	+Class
		N/A	N/A

(now go to 43)

+ See chapter 19 for defined terms.

All entities

Fees

43 Payment method (tick one)

☐ Cheque attached

☐ Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

☑ Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 +Quotation of our additional +securities is in ASX's absolute discretion. ASX may quote the +securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the +securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those +securities should not be granted +quotation.
- An offer of the +securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

  Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any +securities to be quoted and that no-one has any right to return any +securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the +securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the +securities to be quoted, it has been provided at the time that we request that the +securities be quoted.
- If we are a trust, we warrant that no person has the right to return the +securities to be quoted under section 1019B of the Corporations Act at the time that we request that the +securities be quoted.

+ See chapter 19 for defined terms.

3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before +quotation of the +securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(*tick one*)

(a) ☑ Securities described in Part 1

(b) ☐ All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 ☐ If the +securities are +equity securities, the names of the 20 largest holders of the additional +securities, and the number and percentage of additional +securities held by those holders

36 ☐ If the +securities are +equity securities, a distribution schedule of the additional +securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000

+ See chapter 19 for defined terms.

5,001 - 10,000
10,001 - 100,000
100,001 and over

37 ☐ A copy of any trust deed for the additional +securities

(now go to 43)

Entities that have ticked box 34(b)

38	Number of securities for which +quotation is sought	N/A
39	Class of +securities for which quotation is sought	N/A
40	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	N/A
41	Reason for request for quotation now Example: In the case of restricted securities, end of restriction period (if issued upon conversion of another security, clearly identify that other security)	N/A

42	Number and +class of all +securities quoted on ASX (*including* the securities in clause 38)	Number	+Class
		N/A	N/A

(now go to 43)

+ See chapter 19 for defined terms.

All entities

Fees

43 Payment method (tick one)

☐ Cheque attached

☐ Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

☑ Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 +Quotation of our additional +securities is in ASX's absolute discretion. ASX may quote the +securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the +securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those +securities should not be granted +quotation.
- An offer of the +securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

  Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any +securities to be quoted and that no-one has any right to return any +securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the +securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the +securities to be quoted, it has been provided at the time that we request that the +securities be quoted.
- If we are a trust, we warrant that no person has the right to return the +securities to be quoted under section 1019B of the Corporations Act at the time that we request that the +securities be quoted.

3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before +quotation of the +securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

1 May 2003

AMP announces demerger and capital raising

AMP Limited has today announced a major strategic initiative to set the company on a new path to long-term shareholder value through the creation of two separate, regionally-focused listed entities.

The strategic initiative has three elements:

- A demerger of AMP's businesses along geographic lines – Australasia and the United Kingdom;
- Reducing the equity market risks in the UK Life Services (UKLS) business through the sale of equities, protecting policyholder benefits and shareholder equity in the UK; and
- An equity raising to facilitate the demerger combining a A$1 billion institutional placement and a A$500 million share purchase plan for Australian and New Zealand retail shareholders.

As part of the demerger process, and particularly the reduction of risk in UKLS, book writedowns of approximately £1 billion (A$2.6 billion) are expected. These writedowns have no regulatory solvency impact or impact on cashflow (other than £100 million of expenses).

AMP Chairman Peter Willcox said the sweeping changes being announced today were the culmination of the strategic review commenced six months ago by Chief Executive Officer Andrew Mohl.

"These changes address the outstanding issues facing the company and are in the best interests for shareholders, customers, planners and employees," Mr Willcox said.

"These issues were four-fold:

- Establishing solid platforms for growth for Australian Financial Services and Henderson;
- Providing a permanent solution to the equity market risks in our UK life and pensions business;
- Protecting and enhancing our quality businesses in the Australian and UK markets; and
- Optimising the value from AMP's existing portfolio of assets and providing investors with a clear choice about investing in those businesses.

"One of the key findings of the strategic review was that there was no longer a compelling reason to keep AMP's current mix of businesses together, but powerful reasons to separate them.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

"While this represents a major shift in strategic direction, this is the right step at the right time for AMP. The proposal has followed an exhaustive review by management and advisors and has the full support of the Board."

The demerger proposal

The proposed demerger will create two new regionally-focused listed companies.

The Australian-based company will be named AMP and:

- Comprises Australian Financial Services (which includes New Zealand), Henderson's Australian and New Zealand operations and Gordian/Cobalt;
- Will be a regionally focused wealth management company. It will be well capitalised, targeting a strong 'A' financial strength rating, have strong market positions and robust growth potential focused on Australasian markets; and
- The Chairman will be Peter Willcox with Andrew Mohl as CEO.

The UK-based business will be named Henderson and:

- Comprises Henderson's northern hemisphere asset management operations, UK Life Services, UK Contemporary Financial Services, and AMP's 50 per cent stake in Virgin Money;
- It will be a wealth management business, with a disciplined run-off life business focused on cost management and future capital releases. Henderson is a highly regarded brand in the UK, well positioned to participate in the benefits of future industry consolidation. It will have a conservative capital structure and target a 'BBB' financial strength rating, consistent with its run-off business; and
- The Chairman will be current AMP Director Pat Handley and the CEO will be current AMP Director and Henderson Managing Director Roger Yates.

Following the demerger, shareholders will hold shares in both companies. Both companies will be listed on the Australian Stock Exchange, with the possibility of a future listing of Henderson on the London Stock Exchange to broaden its investor base.

The demerger will most likely be effected by way of a distribution of shares to AMP shareholders. Full details of the demerger proposal will be provided to shareholders for their approval in the fourth quarter of 2003. The transaction is also subject to regulatory approval.

"The two companies will have simpler, more transparent corporate structures, with different business strategies, risk profiles, customer bases and growth prospects," AMP CEO Andrew Mohl said.

AMP is being advised on the demerger by Caliburn Partnership and UBS Warburg.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Capital raising

To facilitate the demerger, AMP is undertaking a A$1.5 billion capital raising, comprising a A$1 billion institutional placement and a A$500 million Share Purchase Plan for Australian and New Zealand retail investors. The capital raising has been fully underwritten by UBS Warburg.

The capital raised will be used to:

- Repay internal debt between the de-merged entities and reduce the level of external debt. This will eliminate the financial inter-dependencies between the Australian and UK businesses;
- Establish the UK-based business on a standalone basis, consistent with a BBB rating; and
- Establish the Australian-based business on a standalone basis, consistent with a strong A rating.

No further equity capital raising is required to facilitate the demerger.

AMP has requested a trading halt in its shares, Reset Preferred Securities and Income Securities to enable the capital raising to take place. All securities are expected to re-commence trading on Monday 5 May 2003, following the announcement of the outcome of the institutional capital raising.

A Share Purchase Plan (SPP) will allow AMP's Australian and New Zealand retail shareholders to participate in the capital raising, providing them the opportunity to subscribe for up to A$5,000 of shares in AMP. The SPP will be priced at the lower of:

- the institutional placement price; or
- a 5 per cent discount to the average market price during a 15 day period after the close of the offer.

The offer period is expected to commence 21 May 2003 and will close 13 June 2003. The record date will be Monday 5 May 2003. Further details on the SPP will be sent to shareholders.

In addition, the Board has resolved that shares that were allocated to participants and institutional sub-underwriters under the Dividend Reinvestment Plan (DRP) on 28 April 2003 will be repriced at the lower of the DRP pricing and the institutional bookbuild price. Any adjustment will be made through the issue of additional DRP shares to participating shareholders.

Operational update

On 26 February 2003 AMP said that if global markets, particularly in the UK, weakened further or remained at current levels, the group's profitability would be adversely affected.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

While markets have recovered in recent weeks, equity markets ended the first quarter of 2003 at lower levels than the final quarter of 2002. Market volatility also continues to impact investor sentiment.

These two factors, combined with traditional first quarter seasonal weakness in Australia, have contributed to lower year-to-date results for all business units.

Business Unit operating margins in the 2003 first quarter totalled A$109 million. Results for UK Life Services and UK Contemporary Financial Services were particularly hard hit in the quarter by a combination of factors, including the loss of Service Company fee from with-profits funds (A$147 million in 2002 year), temporary cost overhang from the closure of the Direct Sales Force, lower equity markets and actions to reduce equity exposure.

While tough markets are impacting AMP, both the Australian Financial Services and Henderson businesses remain strong, resilient businesses that will benefit from an improvement in market conditions. AMP continues to manage its business closely to reflect difficult market conditions.

Reducing the equity risk in UK Life Services

Another outcome of the strategic review was to seek a solution to the protection of long-term policyholder benefits and shareholder capital in the UK by reducing the equity market risks in the UK Life Services (UKLS) businesses. While the derivative strategy put in place continues to provide protection from market volatility, this does not provide a long-term solution.

There was a clear decision to be made – either improve the ability of UKLS to manage the equity market risks of its business by increasing its capital base, or reduce the market risk itself by minimising its exposure to equities and more closely matching asset and liability profiles.

A key driver of this decision was the obligation to ensure that the financial health of the life funds and the associated policyholder benefits are protected.

Another driver of the decision was the fact that the risk for shareholders of providing capital so the with-profits fund can stay in equities is unacceptably weighted to the downside. In the absence of a significant policyholder surplus, if equity markets fall, shareholders bear a high proportion of the fall (up to 100 per cent). If equity markets rise, shareholders receive a return that is disproportionately small compared with the risk they are bearing, because a large proportion of the rise goes to policyholders. This makes further investment a high risk, low return use of shareholder capital.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

AMP has been progressively selling equities for some time. A strategic decision has now been made to permanently reduce the size of the equity component of the UK investment portfolios supporting with-profits funds. Funds will be reinvested in lower risk portfolios, with corresponding lower volatility and more security for policyholders and shareholders.

"Overall, this is a prudent move to protect the long-term interests of both policyholders and shareholders. It creates a more stable asset for the new UK-based company, which will release significant amounts of capital over the medium to long term," Mr Mohl said.

Writedowns

As a result of the strategic initiatives and reduction of risk in UKLS, writedowns of approximately £1 billion (A$2.6 billion) are expected, subject to audit and actuarial review.

Mr Mohl said the writedowns were a result of:

- Risk reduction initiatives:
  - reducing equity exposure in with-profits funds, leading to writeoff of contingent loans to London Life and National Provident Life (£300 million/A$800 million); and
  - provisioning for potential future losses arising from a range of operating risks within UKLS (£200 million/A$520 million).
- Strategic initiatives:
  - writing off most of Towry Law and NPI/Service Company goodwill in response to AMP's new strategy (£400 million/A$1,050 million); and
  - provisioning for UK demerger and transaction costs (£100 million/A$260 million).

These writedowns eliminate essentially all of the goodwill/intangibles relating to the UK Life business and provide a robust balance sheet going forward.

The embedded value of the UK Life and Contemporary Financial Services business has been revalued post the strategic initiatives and writedowns at around £1.54 billion. The corresponding figure at the end of 2002 was £1.98 billion.

"While the embedded value of the UK business has been reduced, this is a direct result of the significant reduction in portfolio risk," Mr Mohl said.

"In terms of the writedowns, they will reduce uncertainty and volatility in the future earnings capacity of the UK business."

Shareholder information

The AMP Board will ensure that shareholders are kept fully informed about the proposed demerger as further information is available. All shareholders will receive a letter from the Chairman outlining today's announcements, and advertisements will run in Australian and New Zealand daily newspapers over the next few days to explain the changes.

In the interim, shareholders with questions can contact:

Shareholder information line:	Australia:	1 300 135 859
	New Zealand:	0800 448 062
	United Kingdom:	0800 783 3315

Shareholders can also access information about this initiative via AMP's website at www.ampgroup.com.

Conclusion

Mr Mohl said that until the proposal is put to shareholders and the demerger complete, AMP would continue to be managed as one company. It will be business as usual, with a small, dedicated team working on the demerger proposal and transition issues.

"While the proposed changes are complex, our strategic review has culminated in an initiative that will return AMP in Australasia to its roots, and provide the UK-based company with a more logical set of assets and the ability to focus on its already strong asset management business," Mr Mohl said.

"The last year has been an extremely difficult one but this solution represents a turning point in the fortunes of AMP.

"It is a fresh start for AMP and will create a new, more certain path to delivering better returns.

"The new strategy for AMP will unlock the real value of the company and is the best outcome for our shareholders, our customers, our planners and our employees."

Important information

- The information in this presentation is an overview and does not contain all information necessary for an investment decision. In making an investment decision, investors must rely on their own examination of AMP, including the merits and risks involved and the effects of the proposed de-merger, the new equity capital raising and the other transactions referred to in the presentation. Investors should consult with their own legal, tax, business and/or financial advisors in connection with any acquisition of securities.
- The information contained in this presentation has been prepared in good faith by AMP. No representation or warranty, express or implied, is made as to the accuracy, adequacy or reliability of any statements, estimates or opinions or other information contained in this presentation (any of which may change without notice). To the maximum extent permitted by law, AMP, its directors, officers, employees and agents disclaim all liability and responsibility (including without limitation any liability arising from fault or negligence on the part of AMP, its directors, officers, employees and agents) for any direct or indirect loss or damage which may be suffered by any recipient through use of or reliance on anything contained in or omitted from this presentation.
- This presentation is not a prospectus or an offer of shares for subscription or sale in any jurisdiction. This presentation does not constitute an offer to sell, or a solicitation of an offer to buy, securities in the United States or to any U.S. person (as defined in Regulation S under the U.S. Securities Act of 1933, as amended (the "U.S. Securities Act")). Securities may not be offered or sold in the United States or to, or for the account or benefit of, any U.S. person, unless the securities have been registered under the U.S. Securities Act or an exemption from registration is available.
- This presentation is being supplied to you solely for your information and may not be reproduced or distributed to any other person or published, in whole or in part, for any purpose. This presentation is not for distribution or release in the United States

Agenda

- **Overview** Slide 4-13
- **Operational update** Slide 14-18
- **Reducing equity risk in UKLS** Slide 19-24
- **Creation of two new regional businesses** Slide 25-34
- **Capital raising** Slide 35-38

Overview

Today's announcement

There are three key elements to AMP's proposal

- Reducing equity risk in UK Life Services
- Demerging the Group to create two new regionally focused listed companies
- Raising new equity capital to facilitate the demerger (A$1.0b institutional placement and A$500m share purchase plan)

The background to today's announcement

This is the culmination of a strategic review of AMP's portfolio of businesses initiated six months ago by the new CEO and endorsed by the Board

- Initial stages of review considered individual business units and results announced November/December 2002
- Broader review then focused on AMP Ltd as a whole and optimal configuration and structure for the AMP Group

The proposed changes are significant but separating the businesses along regional lines is in the best interests of our shareholders, customers, planners and employees

Aim of strategic restructuring

AMP's restructuring and risk reduction will:

- establish solid platforms for growth for Australian Financial Services and Henderson
- provide a sustainable solution to the equity market risks in our UK life and pensions business
- protect and enhance our quality businesses in the Australian and UK markets
- optimise the value from AMP's existing portfolio of assets
- provide investors with a clear investment choice

Key strategic decisions

- Take action to resolve equity market risk in UKLS business by reducing equity exposure of its life funds
  - Changed investment approach for investment portfolio supporting with-profits fund protects policyholders and shareholders
- Establish two new companies by demerging the Group
  - Split by geography in line with strategic linkages
  - Split HGI geographically to retain synergies with regional sister wealth management businesses (not complex as HGI already two separate legal entities)
- Facilitate demerger by raising capital to repay debt and eliminate financial inter-dependencies between Australian and UK businesses
  - Establish appropriate standalone capital bases for both businesses

Demerger rationale for AMP Group

There is no compelling benefit in keeping AMP's businesses together, but powerful reasons to separate them

- Demerger creates focused businesses with clear strategic objectives to deliver shareholder value in rapidly transforming markets
- Strongest linkages between the businesses within regional markets, rather than cross-markets
- UK and Australian businesses deriving little benefit from Group structure
- Simpler, more transparent corporate structures will appeal to broader group of investors

Demerger rationale for Henderson

Strategically best value option for shareholders

- Highly regarded brand in UK and well positioned for shareholders to benefit from future industry consolidation
- Greater linkages with sister wealth management companies by regional market than within HGI internationally
  - In Australia, AFS accounts for 64% of AMP Henderson's AUM
  - In the UK, UKLS accounts for 49% of Henderson's UK AUM
- Enables each part of Henderson to pursue separate regional business strategies
- Ensures shareholders retain an interest in both parts of Henderson as long term outlook for asset management remains positive
  - Historically, earnings split has been 40:60 Australia:UK; currently 60:40

Risk reduction in UKLS

Overriding need to protect policyholder benefits and reduce unacceptable risk for shareholders

- Derivative strategy provided protection for policyholders and shareholders but:
  - potentially expensive
  - short term
  - requires extensive ongoing management
- AMP reluctant to invest more capital because highly skewed nature of shareholder exposure*
  - Upside shared 90/10 with policyholders
  - In the absence of significant policyholder surplus (orphan estate), shareholders bear up to 100% of downside
- This makes it a high risk, low return use of shareholder capital
- The orphan estate is now almost entirely earmarked to support with-profits guarantees

* **Note:** In the past, this asymmetrical risk has been balanced by large orphan estate

Financial impacts of changes

- Writedowns associated with risk reduction initiatives:
  - reducing equity exposure in with-profits funds, leading to writeoff of contingent loans to London Life and National Provident Life £300 million (A$800 million)
  - provisioning for potential future losses arising from a range of operating risks within UK Life Services £200 million (A$520 million)
- Writedowns associated with restructuring:
  - writing off most of Towry Law and NPI/Service Company goodwill in response to AMP's new strategy £400 million (A$1,050 million)
  - provisioning for UK restructuring and transaction costs £100 million (A$260 million)
- Reduction in UKLS embedded value to £1.54b (A$4.05b) from £1.98b (A$5.21b)
- No impact on regulatory solvency or cashflow (except for £100m provisioning)

These actions significantly reduce uncertainty and volatility in the future earnings capacity of the UK business and enable capital release to shareholders from 2005/6

Implementing the strategic restructuring

- Established separate project team to manage process while majority of management and staff focus on business as usual
- Team of external advisers working with project team on all key facets of demerger
- Implementing targeted communications plans for customers, shareholders, planners and intermediaries in Australia, New Zealand and UK
- Held discussions with regulators in both Australia and the UK

Operational update – first quarter 2003

First quarter operational update: New business flows

New business

A$m	1Q03	1Q02
AFS(1)	1,687	2,189
UKCFS	733	859
UKLS(2)	299	776
HGI	5,514	7,257
TOTAL	**8,233**	**11,081**

New business flows impacted by weaker equity markets and depressed investor sentiment

1. First quarter historically the weakest in the year for AFS
   - ➢ Value of new business in AFS down 18% on 1Q02
2. UKLS profile consistent with run-off business

First quarter operational update: Costs

Controllable costs

(A$m)	1Q03	1Q02	% change
AFS*(1)	155	185	(16)
UKFS(2)	193	299	(35)
HGI	145	155	(6)

All BUs have maintained stringent cost control in order to preserve their margins in such difficult markets

1. AFS restructuring efficiencies are on track
2. In the UK costs are lower due to lower project spend and closure of the Direct Sales Force

* Includes banking

First quarter operational update: Operating margins

BU operating margins

A$m	1Q03	2002 year
AFS(1)	79	327
UKCFS(2)	(17)	211
UKLS(2)	16	
HGI(3)	31	192
TOTAL	**109**	**730**

1. AFS first quarter margins solid despite seasonally lower volumes, low interest rates and equity markets
2. Reduction in margins in UK businesses driven by loss of Service Company fee from with-profits funds (A$147m in 2002 year), temporary cost overhang from closure of Direct Sales Force, lower equity markets and actions to reduce equity exposure
3. HGI margins reflect depressed markets and lower assets under management generating lower management fees

First quarter operational update: RoIC

RoIC

	1Q03	2002 year
AFS(1)	13.1%	13.8%
UKCFS(2)	-1.8%	6.5%
UKLS(2)	4.2%	
HGI(3)	8.8%	10.7%
Group underlying contribution (A$m)	**146**	**883**
Group NPAT (A$m)(4)	**61**	**(896)**

1. AFS RoIC is solid due to effective capital management initiatives
2. Low operating margins in the UK are impacting RoIC
3. HGI RoIC is below last year due to lower revenues
4. NPAT reflects weak investment markets

Reducing equity risk in UK Life Services

What is involved?

We have made a strategic decision to significantly reduce equities in the UK investment portfolios supporting our with-profits products

- We are reinvesting in lower risk portfolios with an increased exposure to global fixed interest securities
- These portfolios offer lower volatility, more security and greater protection for policyholders and shareholders
  - Key driver is paramount need to protect policyholder benefits
- While lower bonuses reduce shareholder return and EV, the risk adjusted return is more attractive
- It also creates a more stable asset for the new UK-based company to manage

Impact of de-risking on Pearl risk profile

	Expected return	Standard deviation	Probability fund losses > £300m*	Comments
Historic asset mix	7.5%	8.8%	12%	50% equities, 15% property no derivative protection
Example asset mix - 5% equity exposure	6.0%	3.7%	1%	5% equities, 10% property

- Equities either sold or derivative protection in place for residual holdings
- Lower risk profile more appropriate given lower available capital resources
- Final investment policy still to be determined, subject to meeting above criteria

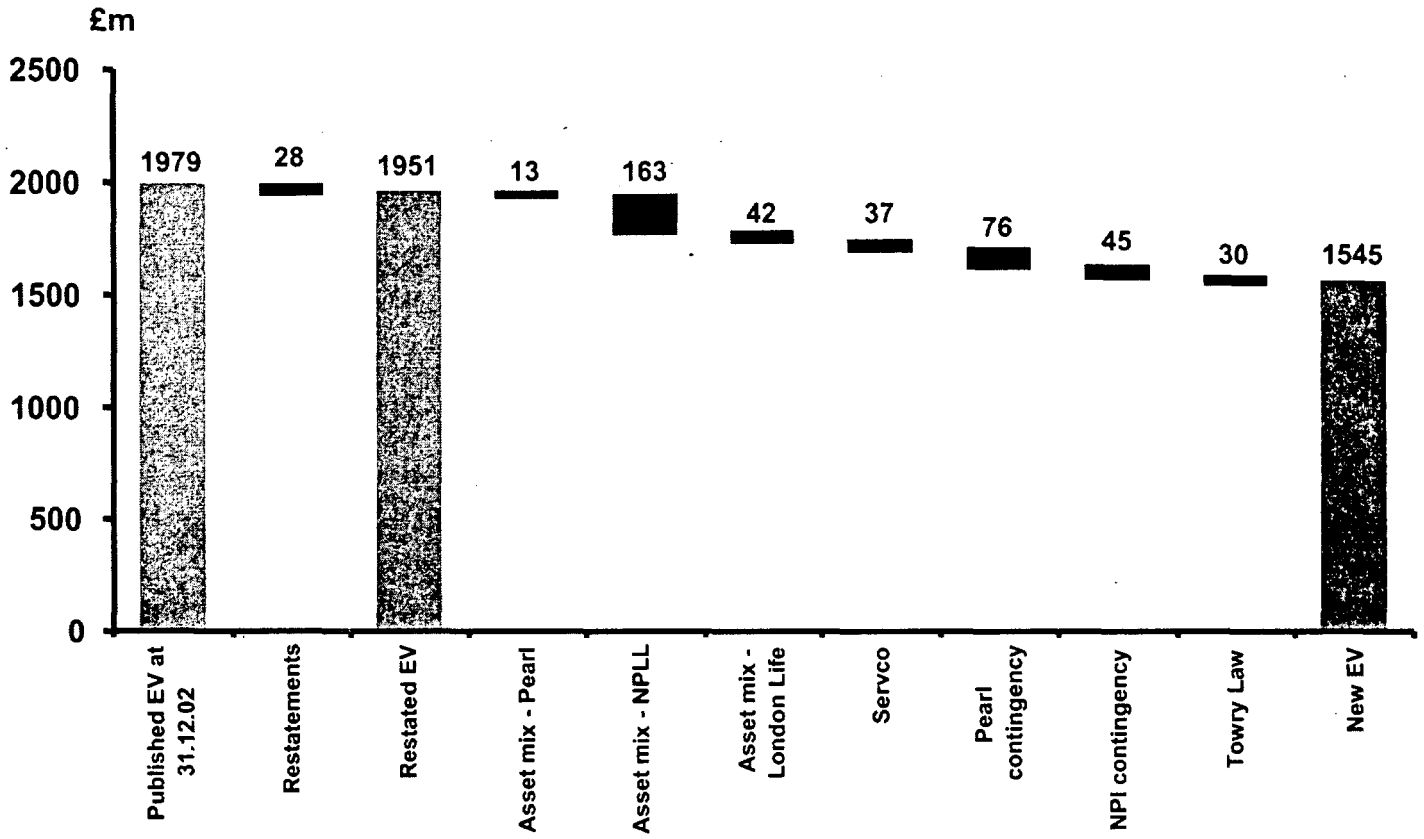
* Free estate value approximately £300m and would absorb losses up to that level

Impact of de-risking on cashflow

De-risking will free up capital over time

- Reduced capital required on a risk based capital basis - less risk will require less capital as general principle
- Capital releases will be proportionate to the business run off - from 2005/6 we expect to release capital plus operating margins and investment income
- This will provide capital release to investors over a 15 year period

Impact of strategic restructuring on UK embedded value



Impact of restructuring on UK embedded value

Creation of two new regionally focused businesses

'New' AMP

Profile

A broad-based, Australasian-focused wealth management company

Businesses:

- Australian Financial Services (Australia, NZ & India)
- HGI Australia and New Zealand
- Gordian and Cobalt (under review)

Chairman Peter Willcox

CEO Andrew Mohl

Listed on ASX

- Strong linkages between its asset gathering and asset management arms
- Ready to capitalise on significant growth opportunities in regional markets
- Well capitalised, targeting a strong A financial strength rating
- Strong market positions and growth potential

'New' Henderson

Profile

A UK wealth management business, with a disciplined run-off Life business focused on cost management and future capital releases

Businesses:

- Henderson UK (incl Nth America)
- UK Life Services
- UKCFS & Virgin Money (under review)

Chairman	Pat Handley
CEO	Roger Yates
Listed on ASX; future listing in UK	

- Appropriate balance sheet, solid earnings base, targeting a BBB financial strength rating consistent with its run-off business
- UK assets under single management control for the first time
- Highly regarded brand in UK and well positioned for shareholders to benefit from future industry consolidation
- Potential new market opportunities for Henderson products to UKLS customers
- Currently testing market interest in key UKCFS assets

Indicative proforma financial and valuation metrics

'New' AMP

	A$m
AUM	71,000
Total shareholder capital resources (1)	4,500
External debt/Hybrids	3,000
AFS embedded value	5,700
Operating margin (2) (4)	470
NPAT (2) (3) (4)	430

RoIC (3)	5%

NOTE:

Information based on 31 March 2003 unaudited management information after impact of writedowns and capital raising

1. Underlying results assuming long term investment assumptions (3.5% net) for both operating margins and investment income
2. Difference between margins and NPAT equals investment income and corporate costs
3. Prior to benefit of capital release from UK Life Services

All numbers based on steady state stucture and current market levels

Demerger benefits for the two companies

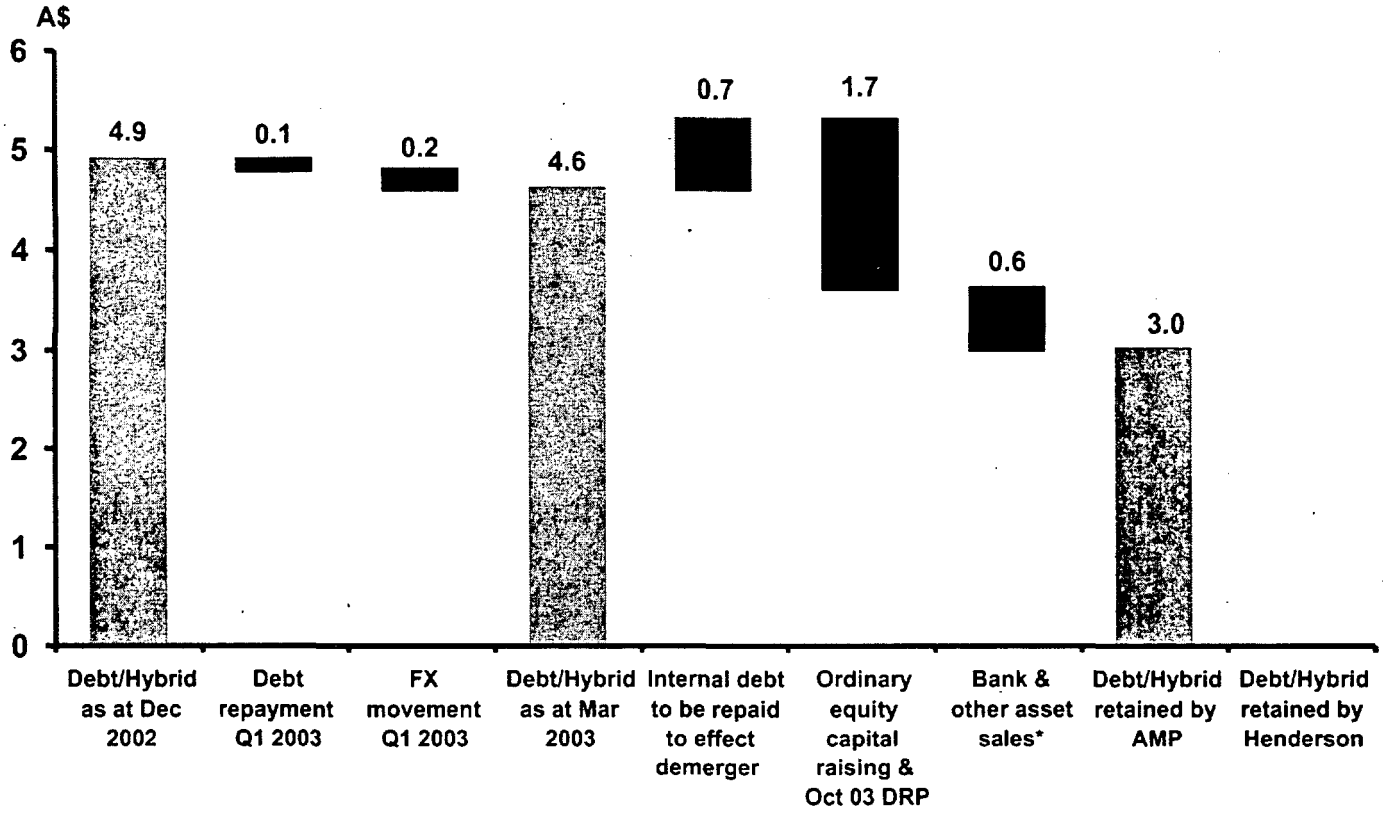
- Simpler, more transparent corporate structures
  - With different business focuses, risk profiles, customer bases and business strategies
- Strong independent Boards and management focused on their regional markets
- Expands investment options available to shareholders
  - AMP shareholders will have shares in both companies at demerger and then will have choice about investment weighting
- Each company will attract interest from their 'natural' investors

Capital implications of strategic initiatives

- Equity from capital raising and asset sales used to retire debt
  - Level of external debt reduced
  - All debt between de-merged entities repaid
- 'New' Henderson will be appropriately capitalised, with minimal external debt
- 'New' AMP strongly capitalised
  - A$1.5b in excess of minimum regulatory requirements
  - Improving quality of capital with internal loans repaid
- The capital raising will increase the Group's financial strength and is positive for all security holders

Debt levels will decrease

This includes new equity capital from raising



* Bank assets are being progressively sold to American Express, Newcastle Building Society, HSBC, GE Commercial

Demerger mechanics

- Substantial analysis and advice undertaken to determine appropriate structure and implementation steps
  - Commercial and strategic rationale
  - Legal, accounting and tax
  - External financings and internal cross-ownership holdings
  - No major roadblocks identified
- Documentation for shareholder meeting to approve demerger likely to be provided during fourth quarter 2003
- Demerger process will result in formation of 'new' AMP and 'new' Henderson as two separately ASX-listed companies
- Discussions with regulators and other key stakeholders progressing
- Demerger most likely to be undertaken by way of distribution in specie to all shareholders

Indicative timetable for demerger

Date	Event
• 1 May 2003	• Initial announcement and capital raising
• September – October 2003	• Announcement of separation details
• November 2003	• Shareholder / court / regulatory approvals
• December 2003	• Separation effected

Capital raising

Additional capital required to facilitate demerger

- The A$1.5b equity raising has been structured to:
  - eliminate the financial inter-dependencies between the Australian and UK businesses and reduce the level of external debt
  - establish the Australian based business on a standalone basis consistent with a strong A rating
  - establish the UK based business on a standalone basis consistent with a BBB rating

No further equity capital raising is required to facilitate the demerger

Capital raising

Size

- A fully underwritten raising comprising:
  - A$1.0 billion institutional placement
  - A$500 million Share Purchase Plan

Institutional pricing

- Bookbuild range of A$4.50–A$6.50 per share

Share Purchase Plan

- Offer to AMP's 960,000 retail shareholders to subscribe for up to a maximum of A$5,000 at lower of institutional placement price or 5% discount to VWAP

Number of placement shares

- 222 million, fixed

Dividend Reinvestment Plan

- Board has resolved that the institutional bookbuild price will apply to shares issued to participants and institutional sub-underwriters under the April DRP

Indicative timetable for capital raising

Date	Event
• 1 May 2003	• Trading halt • Investor presentation • Books open
• 2 May 2003	• Books close • Allocations, communications to institutions
• 9 May 2003	• DVP settlement of institutional offer • DRP settlement at lower of placement price or April DRP price
• 5 May 2003 • 21 May - 13 June	• SPP record date • SPP offer period

Caution regarding forward-looking information

- Certain statements contained in this presentation may constitute "forward-looking statements" or statements about "future matters" for the purposes of section 728(2) of the Corporations Act 2001 (Cth) and/or "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Neither AMP, nor any other person, gives any representation, assurance or guarantee that the occurrence of the events expressed or implied in any forward looking statements in this presentation will actually occur.
- These forward-looking statements speak only as of the date of this presentation. The forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause AMP's actual results, performance or achievements to differ materially from any future results, performance or achievements expressed or implied by these forward-looking statements. These factors include:
  - competition in the financial services industry;
  - risks associated with our proposed de-merger and the other transactions referred to in the presentation, including the risk that the de-merger does not receive shareholder or court approval;
  - general economic and business conditions.

  The foregoing list of factors is not exhaustive. When relying on forward-looking statements to make decisions with respect to investing in AMP, you should carefully consider the foregoing factors and other uncertainties and potential events. AMP does not undertake to update any forward-looking statement, whether written or oral, that may be made from time to time by AMP or on AMP's behalf.
- The demerger and other transactions referred to in the presentation involve certain conditions precedent including shareholder and court approval. These approvals and other conditions may not occur on the proposed schedule or at all. In the event that the de-merger and the other transactions do not occur, any funds raised in the capital raising would be used in other investment opportunities or returned to shareholders or both.

Caution regarding financial information

- The prospective financial information contained in this presentation necessarily is based upon a number of estimates and assumptions that, while presented with numerical specificity and considered reasonable by AMP, are inherently subject to significant business, economic and competitive uncertainties and contingencies many of which are beyond the control of AMP, and upon estimates and assumptions with respect to future business decisions which are subject to change. The inclusion of this information in the presentation should not be regarded as a representation or warranty with respect to its accuracy or the accuracy of the underlying estimates or assumptions or that AMP will achieve or is likely to achieve any particular results. This information also assumes the success of AMP's business strategies. The success of the strategies is subject to uncertainties and contingencies beyond AMP's control, and no assurance can be given that the strategies will be effective or that the anticipated benefits from the strategies will be realized in the period for which forecasts have been prepared or otherwise. Accordingly, there can be no assurance that these results will be realized. The prospective financial information presented in the presentation may vary from actual results, and these variations may be material. Prospective investors in the Shares are cautioned not to place undue reliance on this information.

- The pro forma information contained in this presentation is intended for informational purposes only, and does not purport to be indicative of the results that actually would have been obtained or the financial position that actually would have existed during and for the periods presented, and is not necessarily indicative of AMP's operating results or financial position to be expected in future periods. The pro-forma information does not comply with the requirements of Regulation S-X under the U.S. Securities Act.

Confirmation of briefings

AMP Limited will be holding open briefings to discuss today's announcement, released to the Australian Stock Exchange, regarding its major strategic initiative.

AMP will hold three briefings on 1 May 2003 to discuss the announcement which will be audiocast live via AMP's website (www.ampgroup.com). An institutional investor briefing, hosted by UBS Warburg, will be held at 9.30am. AMP will host a media briefing at 1.30pm and an analysts briefing at 3.30pm.

One-on-one meetings with both investors and analysts in relation to these announcements will be held in the months ahead.

A copy of the presentation materials to be used in all briefings will be posted on the AMP website.

Background Information

This document provides additional background to the major strategic initiative announced by AMP on 1 May 2003. Comprehensive details for the demerger are expected to be available in the fourth quarter of 2003.

Overview

AMP commenced a major strategic review of its operations following the appointment of a new Chief Executive Officer, Andrew Mohl, in October 2002.

The review was initially guided by the five point reform agenda announced by Mr Mohl upon his appointment. That reform agenda involved:

- addressing channels and product lines with inadequate returns on capital, including exits and closures, as well as transformation programs to rejuvenate low return areas based on cost cutting and capital initiatives;
- closely managing growth ambitions;
- increasing the transparency and quality of AMP's disclosure;
- tackling the 'sacred cows' and embedded behaviours that inevitably develop in a longstanding company, particularly one with all but four years of its 153 year history as a mutual society; and
- leading AMP with passion, commitment and integrity.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

The initial stage of the strategic review considered AMP's individual Business Units and the first set of outcomes was announced late last year. These included:

- separation of UK Financial Services into UK Life and Contemporary Financial Services and closure of the direct salesforce;
- substantial changes to AMP Banking to refocus on mortgages and retail deposits in the key Australian market;
- the closure of AMP International;
- structural changes and operational improvements to Australian Financial Services and Henderson Global Investors; and
- substantially reducing the size of Corporate office.

Since these announcements, the focus of the strategic review has broadened to the optimal configuration and structure for the AMP Group. This has resulted in the significant changes announced today which involve three elements:

- a demerger of AMP's businesses along geographic lines – Australasia and the United Kingdom;
- reducing the equity market risks in the UK Life Services (UKLS) business through the sale of equities, protecting policyholder benefits and shareholder equity in the UK; and
- an equity raising to facilitate the demerger combining a A$1 billion institutional placement and a A$500 million share purchase plan for Australian and New Zealand retail shareholders.

As part of the demerger process, and particularly the reduction of risk in UKLS, book writedowns of approximately £1 billion (A$2.6 billion) are expected. These writedowns have no regulatory solvency impact or impact on cashflow (other than £100 million of expenses).

Rationale for new approach

AMP's new strategy addresses key issues facing the company, which were four-fold:

- establishing solid platforms for growth for Australian Financial Services and Henderson;
- providing a permanent solution to the equity market risks in our UK life and pensions business;
- protecting and enhancing our quality businesses in the Australian and UK markets; and
- optimising the value from AMP's existing portfolio of assets and providing investors with a clear choice about investing in those businesses.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Benefits of demerger

One of the key outcomes of the strategic review was that there was no compelling benefit in keeping AMP's current mix of businesses together, but powerful reasons to separate them along strategic lines. These reasons include:

- demerger creates focused businesses with clear strategic objectives to deliver shareholder value in rapidly transforming markets;
- strongest linkages between the businesses within regional markets, rather than cross-markets;UK and Australian businesses deriving little benefit from Group structure; and
- simpler, more transparent corporate structures will appeal to broader group of investors.

Both companies have future growth potential, but not together (although there will be some possible product alliances between the two and possible service agreements – for example, share registry services).

Following the demerger, AMP shareholders will hold shares in both companies and will then be able to choose which business they want to continue to invest in:

- each company is likely to attract interest from their 'natural' investors – those that appreciate the quality of assets in each business and the market conditions in which those businesses are operating; and
- following the demerger, shareholders will hold shares in both companies. Both companies will be listed on the Australian Stock Exchange, with the possibility of a future listing of Henderson on the London Stock Exchange to broaden its investor base.

Today's announcement is about the company's intention to pursue this strategy. While considerable work has already been done, details of the proposal are still being developed and will be put to shareholders and regulators for approval. The aim is to continue to develop this proposal with regulators and put it to shareholders before the end of this year, with the objective of implementing the demerger by December 2003.

Australian-based business

The Australian-based company will be named AMP and:

- will be a regionally focused wealth management company, with very strong linkages between its wealth management and asset management arms – returning AMP to its roots as a regional business;
- will consist of Australian Financial Services – which includes the Australian and New Zealand financial services businesses, as well as the Indian-based joint venture, AMP Sanmar;
- will also include Henderson's Australian and New Zealand operations and Cobalt/Gordian. This proposal does not change intention to explore options for realising value in Cobalt/Gordian; and

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

- will be a regionally focused wealth management company. It will be well capitalised, target a strong 'A' financial rating, have strong market positions and robust growth potential centred in the Australasian markets; and
- Peter Willcox will be the Chairman of this business and Andrew Mohl will be the CEO of this business.

UK-based business

The UK-based business will be named Henderson and:

- will consist of Henderson's UK, European and North American operations.
- will also include UK Life Services, UK Contemporary Services and AMP's 50 per cent stake in Virgin Money. This proposal does not change intention to explore options for realising value in Virgin Money;
- will be a focused asset management business, with a run-off life business that will provide assets under management, a source of retail customers and capital for growth in the medium to long term;
- will have minimal external debt, a solid earnings base, target a BBB financial strength rating consistent with its run-off business, and strong growth potential centred on the UK, European and US asset management markets;
- will enable a single management view, headquartered in the UK;
- has a highly regarded brand in UK, well positioned to benefit from future industry consolidation; and
- existing AMP Director Pat Handley will be the Chairman. UK-based Directors will also be sought. CEO will be current AMP Director and Managing Director of Henderson Global Investors, Roger Yates.

In terms of UK Contemporary Financial Services (UKCFS), this business has attractive assets, including a specialist pensions business in NPI, which is an increasingly successful player in an expanding market segment. It also includes a market leading IFA in Towry Law and a market-leading, award-winning internet-based business in Ample.

However in light of the changed strategy for the UK businesses, it is no longer appropriate to continue pursuing growth in the UK pensions market. AMP will therefore test the market for interest in NPI and Ample.

Rationale for splitting Henderson Global Investors

Structurally, Henderson UK sits within the AMP UK group of entities. While examining options to change this structure, AMP also reviewed the strategic importance to Henderson of its Australian and New Zealand business, and its connections to its sister wealth management companies in the UK and Australasia.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Overall this review found that the linkages were greater between Henderson and its sister AMP wealth management companies by regional market, than within Henderson internationally:

- Henderson's Australian and New Zealand operations are closely linked to the Australian Financial Services business (which represents about 64 per cent of AMP Henderson's current assets under management); and
- in the UK, Henderson has close linkages with UK Life Services (which represents about 49 per cent of Henderson's current UK AUM).

Historically, the earnings split has been 40:60 Australia:UK. This is currently at 60:40.

The split enables each part of Henderson to pursue separate regional growth strategies more aggressively.

This approach enables shareholders to retain an interest in both parts of Henderson as the long term outlook for asset management remains positive.

Therefore strategically, structurally and operationally, separating Henderson's business along geographic lines is considered to be the best outcome for the new entities.

Elements of the split are yet to be determined including where the Singaporean assets and Private Capital businesses will be positioned in the new structure.

Capital raising

To facilitate the demerger, AMP is undertaking a A$1.5 billion capital raising, comprising a A$1 billion institutional placement and a A$500 million Share Purchase Plan for Australian and New Zealand retail investors. The capital raising has been fully underwritten by UBS Warburg.

The capital raised will be used to:

- repay internal debt between the de-merged entities and reduce the level of external debt. This will eliminate the financial inter-dependencies between the Australian and UK businesses;
- establish the UK-based business on a standalone basis, consistent with a BBB rating; and
- establish the Australian-based business on a standalone basis, consistent with a strong A rating.

No further equity capital raising is required to facilitate the demerger.

To facilitate the bookbuild, on Thursday 1 May 2003 AMP requested a voluntary halt in the trading of its shares, Reset Preferred Securities and Income Securities to enable the capital raising to take place. All securities are expected to re-commence trading on Monday 5 May 2003, following the announcement of the outcome of the capital raising.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

This is a normal request for an institutional capital raising of this nature and ensures that there is no uninformed trading in AMP shares.

A Share Purchase Plan (SPP) will allow AMP's Australian and New Zealand retail shareholders to participate in the capital raising, providing them the opportunity to subscribe for up to A$5,000 of shares in AMP. The SPP will be priced at the lower of:

- the institutional placement price; or
- a 5 per cent discount to the average market price during a 15 day period after the close of the offer.

The offer period is expected to commence 21 May and will close 13 June 2003. The record date will be Monday 5 May 2003. Further details on the SPP will be sent to shareholders.

In addition, the Board has resolved that shares that were allocated to participants and institutional sub-underwriters under the Dividend Reinvestment Plan (DRP) on 28 April 2003 will be repriced at the lower of the DRP pricing and the institutional bookbuild price. Any adjustment will be made through the issue of additional DRP shares to participating shareholders.

Operational update

On 26 February 2003 AMP said that if global markets, particularly in the UK, weakened further or remained at current levels, the group's profitability would be adversely affected.

While markets have recovered in recent weeks, equity markets ended the first quarter of 2003 at lower levels than the final quarter of 2002. Market volatility also continues to impact investor sentiment.

These two factors, combined with traditional first quarter seasonal weakness in Australia, have contributed to lower year-to-date results for all business units.

Business Unit operating margins in the 2003 first quarter totalled A$109 million. Results for UK Life and UK Contemporary Financial Services were particularly hard hit in the quarter by a combination of factors, including the loss of Service Company fee from with-profits funds (A$147 million in 2002 year), temporary cost overhang from the closure of the Direct Sales Force, lower equity markets and actions to reduce equity exposure.

While tough markets are impacting AMP, both the AFS and Henderson businesses remain strong, resilient businesses that will benefit from an improvement in market conditions. AMP continues to manage its business closely to reflect difficult market conditions.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Reducing the equity risk in UK Life Services

Another outcome of the strategic review was to seek a solution to the protection of long-term policyholder benefits and shareholder capital in the UK by permanently reducing the equity market risks in the UK Life Services (UKLS) businesses.

While the derivative strategy put in place continues to provide protection from market volatility, this does not provide a long-term solution. Derivative collars could continue to be used, but this could eventually result in forced sales at lower FTSE levels than present. A longer-term solution was required.

There was a clear decision to be made – either improve the ability of UKLS to manage the equity market risks of its business by increasing its capital base, or reduce the market risk itself by minimising its exposure to equities and more closely matching asset and liability profiles.

A key driver of this decision was the obligation to ensure that the financial health of the life funds and the associated policyholder benefits are protected.

Another driver of the decision was the fact that the risk for shareholders of providing capital so the with-profits fund can stay in equities is unacceptably weighted to the downside. In the absence of a significant policyholder surplus, if equity markets fall, shareholders bear a high proportion of the fall (up to 100 per cent). If equity markets rise, shareholders receive a return that is disproportionately small compared with the risk they are bearing, because a large proportion of the rise goes to policyholders. This makes further investment a high risk, low return use of shareholder capital.

AMP has been progressively selling equities for some time. A strategic decision has now been made to permanently reduce the size of the equity component of the UK investment portfolios supporting with-profits funds. Funds will be reinvested in lower risk portfolios, with corresponding lower volatility and more security for policyholders and shareholders.

AMP will review the role of property within the with-profits funds and the alternative ways in which property investment can be structured.

In the past, this asymmetrical risk for shareholders has been balanced by a number of factors. Life funds have had large orphan estate surpluses, and policy guarantees have been low relative to policyholder assets. These factors have immunised the shareholder against the impact of market falls. This buffer has been reduced by market falls over the past three years and the orphan estate is now almost entirely earmarked to support with-profits guarantees.

Overall, this reduction in equity market risks is a prudent move to protect the long-term interests of both policyholders and shareholders.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Importantly, the changes also create a more stable asset for the new UK-based company, which will release significant amounts of capital over the medium to long term.

Writedowns

As a result of the strategic initiatives and reduction of risk in UKLS, writedowns of approximately £1 billion (A$2.6 billion) are expected, subject to audit and actuarial review. The writedowns were a result of two factors:

- risk reduction initiatives:
  - reducing equity exposure in with-profits funds, leading to writeoff of contingent loans to London Life and National Provident Life (£300 million/A$800 million); and
  - provisioning for potential future losses arising from a range of operating risks within UKLS (£200 million/A$520 million).
- strategic initiatives:
  - writing off most of Towry Law and NPI/Service Company goodwill in response to AMP's new strategy (£400 million/A$1,050 million); and
  - provisioning for UK restructuring and transaction costs (£100 million/A$260 million).

These writedowns eliminate essentially all of the goodwill/intangibles relating to the UK Life business and provide a robust balance sheet going forward.

The embedded value of the UK Life and Contemporary Financial Services business has been revalued post the strategic restructuring and writedowns at around £1.54 billion. The corresponding figure at the end of 2002 was £1.97 billion.

Impact on customers

The demerger proposal will have little impact on Australian and New Zealand customers. AFS remains a well-capitalised, strong and successful business.

In the UK, the decision to reduce the equity risk in the UK life funds will impact with-profits policyholders. These impacts will include:

- improved security for policyholder capital and contractual benefits;
- less volatility in underlying investment earnings; and
- a revised bonus philosophy and practice. In general terms, future bonus rates will reflect the returns generated by lower risk investment portfolios. This is likely to mean stable returns that may or may not be higher than equity market returns, depending on the volatility of these markets.

For Henderson clients the proposal will mean the creation of two strong, regionally-focused new companies, which will be able to pursue regional growth in asset management more aggressively. There will be no impact on existing

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

products and Henderson will continue to concentrate on delivering strong investment results and excellent client services.

Impact on employees

As a service company, employees are one of AMP's most valuable assets. Retention of key employees and continuity will be important to the success of both companies in the future.

As details of the demerger proposal are yet to be finalised, it is premature to speculate about possible retrenchments. However in broad terms:

- while a reduction in roles is likely following the demerger, there is also a strong likelihood that new roles will be created.
- in Australia, it is business as usual and there will be no immediate impact on jobs. As the demerger details are finalised towards the end of 2003, some changes will need to be made in key areas of the AMP Group but it is too early to provide details.
- in the UK, Contemporary Financial Services will be impacted by the changes in that business, which are yet to be determined. These changes could also impact UKLS, which provides a number of service functions to its sister business. The relevant union is being briefed and full consultation process will occur as required.

Implementing the demerger

Until the proposal is put to shareholders and the demerger complete, AMP will continue to be managed as one company. It will be business as usual, with a small, dedicated team working on the demerger proposal and transition issues. For the majority of management and staff, the focus will be on business as usual.

Communications plans for key stakeholders including shareholders, customers, planners and intermediaries across all markets will be implemented in the months ahead.

The key steps in 2003 include:

1 May	- Market announcement - Capital raising underway/shares in trading halt
2 May	- Announce allocations for institutional placement
5 May	- Trading in AMP shares re-commences - Dividend Reinvestment Plan settlement at lower of placement prices or April DRP price - Share Purchase Plan record date
15 May	- AMP Annual General Meeting
21 May - 13 June	- Share Purchase Plan offer period
September - October	Announcement of separation details

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

November	Shareholder/court/regulatory approvals
December	Separation effected.

Further Shareholder Information

The AMP Board will ensure that shareholders are kept fully informed about the proposed demerger as further information is available. All shareholders will receive a letter from the Chairman outlining today's announcements, and advertisements will run in Australian and New Zealand daily newspapers over the next few days to explain the changes.

In the interim, shareholders with questions can contact:

Shareholder information line:	Australia:	1 300 135 859
	New Zealand:	0800 448 062
	United Kingdom:	0800 783 3315

Shareholders can also access information about this initiative via AMP's website at www.ampgroup.com.

The shares offered in the placement and the SPP have not been, and will not be, registered under the US Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or an exemption from registration.

This announcement is not an offer of securities for sale in the United States. Securities may not be offered or sold in the United States without registration under the Securities Act of 1933, as amended, or an exemption from registration. This announcement is not for distribution or release in the United States.

&POOR'S

Press Release

AMP Ratings Placed on CreditWatch Negative

Melbourne, May 1, 2003—Standard & Poor's Ratings Services said today that it placed on CreditWatch Negative the 'AA-' insurer financial strength and counterparty credit ratings on AMP Life Ltd., the Australian operating subsidiary of AMP Ltd. AMP Ltd. is a Sydney-based life insurance and funds management group, with operations in Australia and the U.K. At the same time, the 'A-' counterparty credit ratings, and related debt ratings, on AMP Group Holdings Ltd. and AMP Bank Ltd. were also placed on CreditWatch Negative.

The CreditWatch ratings action follows AMP Ltd.'s announcement today that the group will sell its equity investments held in its U.K. operations, and that the group expects a substantial write-down in asset values, a capital raising of A$1.5 billion, and the legal separation of the U.K. and Australian businesses.

"Standard & Poor's will assess the extent to which write-downs will weaken the financial strength of the AMP Ltd. group, and signal lower group earnings going forward," said Kate Thomson, credit analyst, Financial Services Ratings.

"Positive features of the restructuring plan include the influx of fresh capital of up to A$1.5 billion, a reduction in debt improving leverage and interest cover, and reduced equity exposures in the U.K. However, these positive factors are balanced by a reduction in capital resources under the substantial write-downs announced, and some diminution in U.K. operations in a difficult market environment," said Ms. Thomson.

Standard & Poor's believes that should the ratings on AMP Life Ltd., AMP Group Holdings Ltd. and AMP Bank Ltd. be lowered, they would unlikely be lowered below 'A+' for AMP Life and 'BBB+' for AMP Group Holdings Ltd. and AMP Bank Ltd. The ratings for Pearl Assurance PLC (rated 'BBB+'), NPI Ltd. (rated 'A'), and National Provident Life Ltd (rated 'BBB+') will likely be in the 'BBB' range. Standard & Poor's expects to resolve the CreditWatch shortly as more detailed information becomes available.

About Standard & Poor's

Standard & Poor's is a leader in providing widely recognized financial data, analytical research and investment and credit opinions to the global capital markets. With more than 5,000 employees located in 18 countries, Standard & Poor's is an integral part of the world's financial architecture. In Asia, we have been voted the most influential rating agency of 2001and 2002 by FinanceAsia, and Rating Agency of the Year by INSTO, for the third year running. Rating Action:

MOODY'S PLACES RATINGS OF AMP GROUP UNDER REVIEW FOR POSSIBLE DOWNGRADE; IFSR'S OF UK ENTITIES DOWNGRADED TO Baa1 FROM A3

New York, April 30, 2003 – Sydney, May 1, 2003 – Moody's today placed the ratings of the AMP Group's Australian businesses (Aa3 IFSR at AMP Life) and debt guaranteed by the interim Group holding company (AMP Group Holdings Ltd - A3 senior debt and see ratings list) under review for possible downgrade. The ratings of AMP's UK life insurance entities were downgraded to Baa1 from A3 and were placed under review for possible further downgrade. Ratings for AMP Bank (A3 senior debt and see list) and commercial paper of the Group (P-2) are also placed under review for possible downgrade.

The ratings change and review follows the announcement by AMP today of its intention to raise new equity capital (A$1.5 billion). The equity-raising is part of a demerger plan through which the existing AMP Group will, over time, be replaced by two separate and distinct groups. The demerger process will see two new listed groups created to hold the businesses of the current AMP Group – one group containing the majority of the UK businesses (UK plc), and the other retaining the Australasian businesses of the group (new AMP). Following the demerger process, both groups will be operationally and financially independent.

The separation of the UK and Australian businesses will enable an increasing focus in the UK on the efficient capital management of the run-off and contemporary life and asset management businesses. Consequently, and reflecting this change in business strategy, the Group has also announced significant write-offs to UK-related assets. At the same time, to support a relatively stable run-off of UK plc and to ensure separation of the businesses, all intra-Group debt will be repaid, leaving the new UK businesses with no external debt liabilities. All current Group debt obligations will become obligations of 'new AMP'. In addition, some existing external Group debt is planned to be repaid using equity-raising proceeds.

Commenting on the ratings review for the Australian-based businesses (new AMP), Moody's added that the review for possible downgrade will focus on the significant executional transactions necessary to complete the capital raising and demerger process, as well as the considerable change in new AMP's risk and financial profile on the successful completion of the process. Moody's review for possible downgrade is predicated on the full underwriting of the proposed A$1.5bn equity issue. In addition to the success of the underwritten equity-raising, the successful reduction of new AMP's external debt position, using equity proceeds, is regarded as critical, added the rating agency. Negative rating actions could be likely if the proposed equity raising is unsuccessful, if successful legal and regulatory demerger of the businesses is not achieved, or if new AMP's debt position is not successfully materially reduced.

Commenting on the one-notch downgrade and review for further possible downgrade for the ratings of AMP's UK life operations; Moody's added that these ratings had previously benefited from a degree of implicit ratings support which, post-transaction, will no longer be present. Although Moody's recognises the positive benefits of the deleveraging or debt reduction for the UK businesses, Moody's notes that post de-merger the UK entities will be self-reliant for capital. In addition the proposed de-risking of the UK life funds, in particular reduction in equity exposure, could in the long-run lead to lower levels of policyholder returns. Moody's review will therefore focus on the stand-alone capital quality of these entities, as well as the prospects for future policyholder returns.

In terms of the ratings for AMP Bank, (see list below), Moody's commented that AMP Bank's debt and deposit ratings rely heavily on credit enhancement derived from its parent company, AMP Limited. As such, the review for possible downgrade for the Group's debt is reflected in the ratings of the Bank.

The AMP Group, headquartered in Sydney, Australia, had total assets of A$158 billion as at end 2002.

The following ratings were placed under review for possible downgrade

AMP Life Ltd

Aa3 insurance financial strength

AMP Group Holdings Ltd

A3 senior debt

AMP (UK) Finance Services plc

A3 senior debt

Appendix 3B

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin: Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002.

Name of entity

AMP Limited

ABN

49 079 354 519

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

1	+Class of +securities issued or to be issued	Ordinary
2	Number of +securities issued or to be issued (if known) or maximum number which may be issued	1,083
3	Principal terms of the +securities (eg, if options, exercise price and expiry date; if partly paid +securities, the amount outstanding and due dates for payment; if +convertible securities, the conversion price and dates for conversion)	N/A

+ See chapter 19 for defined terms.

4	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	Yes.
5	Issue price or consideration	952 shares @A$17.85 per share; and 131 shares @A8.5394 per share.
6	Purpose of the issue (If issued as consideration for the acquisition of assets, clearly identify those assets)	• 952 shares were issued pursuant to the AMP International Employee Share Ownership Plan; • 71 shares were issued as pro rata bonus shares under the AMP Reward Share Plan; and • 60 shares were issued pursuant to the AMP Employee Share Acquisition Plan.
7	Dates of entering +securities into uncertificated holdings or despatch of certificates	2 May 2003

8	Number and +class of all +securities quoted on ASX (*including* the securities in clause 2 if applicable)	Number	+Class
		1,189,823,979 + 1,083 ---------- 1,189,825,062	Ordinary

9	Number and +class of all +securities not quoted on ASX (*including* the securities in clause 2 if applicable)	Number	+Class
		Total no. issued as at 2 May 2003: 33,847,913	Various Classes issued on various dates

10	Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests)	As for all quoted ordinary shares.

Part 2 - Bonus issue or pro rata issue

11	Is security holder approval required?	N/A

+ See chapter 19 for defined terms.

12	Is the issue renounceable or non-renounceable?	N/A
13	Ratio in which the +securities will be offered	N/A
14	+Class of +securities to which the offer relates	N/A
15	+Record date to determine entitlements	N/A
16	Will holdings on different registers (or subregisters) be aggregated for calculating entitlements?	N/A
17	Policy for deciding entitlements in relation to fractions	N/A
18	Names of countries in which the entity has +security holders who will not be sent new issue documents Note: Security holders must be told how their entitlements are to be dealt with. Cross reference: rule 7.7.	N/A
19	Closing date for receipt of acceptances or renunciations	N/A
20	Names of any underwriters	N/A
21	Amount of any underwriting fee or commission	N/A
22	Names of any brokers to the issue	N/A
23	Fee or commission payable to the broker to the issue	N/A
24	Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of +security holders	N/A
25	If the issue is contingent on +security holders' approval, the date of the meeting	N/A
26	Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled	N/A

+ See chapter 19 for defined terms.

27	If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders	N/A
28	Date rights trading will begin (if applicable)	N/A
29	Date rights trading will end (if applicable)	N/A
30	How do +security holders sell their entitlements *in full* through a broker?	N/A
31	How do +security holders sell *part* of their entitlements through a broker and accept for the balance?	N/A
32	How do +security holders dispose of their entitlements (except by sale through a broker)?	N/A
33	+Despatch date	N/A

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(*tick one*)

(a) ☑ Securities described in Part 1

(b) ☐ All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 ☐ If the +securities are +equity securities, the names of the 20 largest holders of the additional +securities, and the number and percentage of additional +securities held by those holders

36 ☐ If the +securities are +equity securities, a distribution schedule of the additional +securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000

+ See chapter 19 for defined terms.

5,001 - 10,000
10,001 - 100,000
100,001 and over

37 ☐ A copy of any trust deed for the additional +securities

(now go to 43)

Entities that have ticked box 34(b)

38	Number of securities for which +quotation is sought	N/A
39	Class of +securities for which quotation is sought	N/A
40	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	N/A
41	Reason for request for quotation now Example: In the case of restricted securities, end of restriction period (if issued upon conversion of another security, clearly identify that other security)	N/A

42 Number and +class of all +securities quoted on ASX (*including* the securities in clause 38)

Number	+Class
N/A	N/A

(now go to 43)

+ See chapter 19 for defined terms.

All entities

Fees

43 Payment method (tick one)

☐ Cheque attached

☐ Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

☑ Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 +Quotation of our additional +securities is in ASX's absolute discretion. ASX may quote the +securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the +securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those +securities should not be granted +quotation.
- An offer of the +securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

  Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any +securities to be quoted and that no-one has any right to return any +securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the +securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the +securities to be quoted, it has been provided at the time that we request that the +securities be quoted.
- If we are a trust, we warrant that no person has the right to return the +securities to be quoted under section 1019B of the Corporations Act at the time that we request that the +securities be quoted.

+ See chapter 19 for defined terms.

3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before +quotation of the +securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

AMP announces successful completion of institutional component of capital raising

AMP Limited has today announced that it has successfully raised approximately $1.2 billion through an institutional placement of 222,222,222 shares at an issue price of $5.50 per share.

Shares were placed to Australian and international investors with the final price for the placement being set via a global two day bookbuild.

AMP Chief Executive Officer Andrew Mohl said: "We are very pleased with the response from our institutional investors, which we believe underscores support for our recently announced demerger plans."

As previously announced, AMP's shareholders will have the opportunity to participate in the capital raising via a Share Purchase Plan (SPP). This will provide eligible shareholders with the opportunity to subscribe for up to $5,000 of ordinary shares.

The SPP will provide the vast majority of AMP's Australian and New Zealand retail shareholders with the opportunity to subscribe for a higher number of shares than would have been the case under a traditional rights issue.

Shareholders who participate in the SPP will receive the new shares at the lower of the Institutional Placement price of $5.50 or a 5 per cent discount to the average market price during a 15 day period after the close of the offer.

Shareholders will be eligible to participate in the SPP if they are registered holders of fully paid ordinary shares in AMP with addresses in either Australia or New Zealand at the close of business on 5 May 2003.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

The SPP has been underwritten to a level of $500 million. The maximum amount to be raised under the SPP is $750 million, subject to the Australian Stock Exchange approving a variation to an existing waiver. To the extent that subscriptions under the SPP exceed $500 million, AMP will reduce its next Dividend Reinvestment Plan (DRP) underwriting by an equivalent amount.

The SPP offer period is expected to commence 21 May 2003 and close 13 June 2003. Further details will be sent to shareholders shortly.

AMP confirms that shares that were allocated to shareholders who have participated in the DRP and institutional sub-underwriters will be repriced at $5.50. Adjustment will made through the issue of additional DRP shares only to participating shareholders and institutional sub-underwriters.

AMP Limited - notice under paragraph 5 of Category 1 of Schedule C to ASIC Class Order 02/1180

AMP Limited (ABN 49 079 354 519) ("**AMP**") previously announced the issue of ordinary shares under its Dividend Reinvestment Plan ("**Plan**"). The ordinary shares issued under the Plan were quoted on the ASX today.

This announcement is provided for the purpose of confirming with ASX the satisfaction by AMP of all requirements under paragraph 5 of Category 1 of Schedule C to Class Order 02/1180 ("**CO 02/1180**").

For the purpose of paragraph 5 of Category 1 of Schedule C to CO 02/1180, AMP confirms that all information of the kind that would be required to be disclosed under subsection 713(5) if a prospectus were to be issued in reliance on section 713 in relation to an offer of ordinary shares in AMP has been disclosed to ASX.

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin: Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002.

Name of entity

AMP Limited

ABN

49 079 354 519

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

1	+Class of +securities issued or to be issued	Ordinary
2	Number of +securities issued or to be issued (if known) or maximum number which may be issued	222,222,222
3	Principal terms of the +securities (eg, if options, exercise price and expiry date; if partly paid +securities, the amount outstanding and due dates for payment; if +convertible securities, the conversion price and dates for conversion)	N/A

+ See chapter 19 for defined terms.

4	*Do the +securities rank equally in all* respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	Yes -
5	Issue price or consideration	A$5.50 per share
6	Purpose of the issue (If issued as consideration for the acquisition of assets, clearly identify those assets)	The shares are to be issued under an institutional placement advised in a Demerger and Capital Raising Announcement made to ASX on 1 May 2003.
7	Dates of entering +securities into *uncertificated holdings or despatch of* certificates	12 May 2003

8	Number and +class of all +securities quoted on ASX (including the securities in clause 2 if applicable)	Number	+Class
		1,189,833,136 + 222,222,222 ---------- 1,412,055,358	Ordinary

9	Number and +class of all +securities not quoted on ASX (including the securities in clause 2 if applicable)	Number	+Class
		Total no. issued as at 6 May 2003: 33,847,913	Various Classes issued on various dates

10	Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests)	As for all quoted ordinary shares.

Part 2 - Bonus issue or pro rata issue

11	Is security holder approval required?	N/A

+ See chapter 19 for defined terms.

12	Is the issue renounceable or non-renounceable?	N/A
13	Ratio in which the +securities will be offered	N/A
14	+Class of +securities to which the offer relates	N/A
15	+Record date to determine entitlements	N/A
16	Will holdings on different registers (or subregisters) be aggregated for calculating entitlements?	N/A
17	Policy for deciding entitlements in relation to fractions	N/A
18	Names of countries in which the entity has +security holders who will not be sent new issue documents Note: Security holders must be told how their entitlements are to be dealt with. Cross reference: rule 7.7.	N/A
19	Closing date for receipt of acceptances or renunciations	N/A
20	Names of any underwriters	N/A
21	Amount of any underwriting fee or commission	N/A
22	Names of any brokers to the issue	N/A
23	Fee or commission payable to the broker to the issue	N/A
24	Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of +security holders	N/A
25	If the issue is contingent on +security holders' approval, the date of the meeting	N/A
26	Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled	N/A

+ See chapter 19 for defined terms.

27	If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders	N/A
28	Date rights trading will begin (if applicable)	N/A
29	Date rights trading will end (if applicable)	N/A
30	How do +security holders sell their entitlements *in full* through a broker?	N/A
31	How do +security holders sell *part* of their entitlements through a broker and accept for the balance?	N/A
32	How do +security holders dispose of their entitlements (except by sale through a broker)?	N/A
33	+Despatch date	N/A

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) ☑ Securities described in Part 1

(b) ☐ All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 ☐ If the +securities are +equity securities, the names of the 20 largest holders of the additional +securities, and the number and percentage of additional +securities held by those holders

36 ☐ If the +securities are +equity securities, a distribution schedule of the additional +securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000

+ See chapter 19 for defined terms.

5,001 - 10,000
10,001 - 100,000
100,001 and over

37 ☐ A copy of any trust deed for the additional +securities

(now go to 43)

Entities that have ticked box 34(b)

38	Number of securities for which +quotation is sought	N/A
39	Class of +securities for which quotation is sought	N/A
40	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	N/A
41	Reason for request for quotation now Example: In the case of restricted securities, end of restriction period (if issued upon conversion of another security, clearly identify that other security)	N/A

42 Number and +class of all +securities quoted on ASX (*including* the securities in clause 38)	Number	+Class
	N/A	N/A

(now go to 43)

+ See chapter 19 for defined terms.

All entities

Fees

43 Payment method (tick one)

☐ Cheque attached

☐ Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

☑ Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 +Quotation of our additional +securities is in ASX's absolute discretion. ASX may quote the +securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the +securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those +securities should not be granted +quotation.
- An offer of the +securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

  Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any +securities to be quoted and that no-one has any right to return any +securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the +securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the +securities to be quoted, it has been provided at the time that we request that the +securities be quoted.
- If we are a trust, we warrant that no person has the right to return the +securities to be quoted under section 1019B of the Corporations Act at the time that we request that the +securities be quoted.

3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before +quotation of the +securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

AMP to withdraw resolutions from Annual General Meeting

AMP has today announced that it will withdraw the resolutions relating to the equity-based components of the remuneration packages of its two Executive Directors at its Annual General Meeting (AGM) next week.

AMP was seeking approval in relation to the equity-based components of the remuneration of Chief Executive Officer Andrew Mohl and Managing Director of Henderson Global Investors, Roger Yates, at its AGM on 15 May 2003.

AMP Chairman Peter Willcox said that in light of the demerger proposal announced last week, it was no longer appropriate to seek approval for the resolutions. The resolutions related to incentives based on AMP's performance for periods up to 2005–06.

The proposed resolutions were set out in Item 3 of the AGM Notice of Meeting. The resolutions relate only to the share-based components of Mr Mohl's and Mr Yates' packages.

"The company has been reviewing these resolutions this week, in consultation with some of our investors, and has taken the decision to withdraw them," Mr Willcox said.

"There were a number of complex legal and contractual issues to consider. In particular, Mr Mohl and Mr Yates have contractual entitlements and the company will now need to consider alternative short and long-term incentives."

Mr Willcox said that a number of investors had indicated their support for long-term incentives that aligned the interests of management and shareholders.

He said that remuneration packages for executives in a demerged entity would be considered by the Board of Directors as part of the overall proposal.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Any equity-based components of remuneration in the new demerged entities will be subject to necessary shareholder approval at the appropriate time.

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin: Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002.

Name of entity

AMP Limited

ABN

49 079 354 519

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

1	+Class of +securities issued or to be issued	Ordinary
2	Number of +securities issued or to be issued (if known) or maximum number which may be issued	7,560,409
3	Principal terms of the +securities (eg, if options, exercise price and expiry date; if partly paid +securities, the amount outstanding and due dates for payment; if +convertible securities, the conversion price and dates for conversion)	N/A

+ See chapter 19 for defined terms.

4	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	Yes
5	Issue price or consideration	N/A
6	Purpose of the issue (If issued as consideration for the acquisition of assets, clearly identify those assets)	Additional shares were allocated to shareholders who have participated in the Dividend Reinvestment Plan and the institutional sub-underwriter after a repricing of the DRP issue at $5.50 per share pursuant to the completion of the institutional component of the Capital Raising Announcement lodged with ASX on 2 May 2003.
7	Dates of entering +securities into uncertificated holdings or despatch of certificates	12 May 2003

		Number	+Class
8	Number and +class of all +securities quoted on ASX (including the securities in clause 2 if applicable)	1,412,055,358 + 7,560,409 --- 1,419,615,767	

		Number	+Class
9	Number and +class of all +securities not quoted on ASX (including the securities in clause 2 if applicable)	Total no. issued as at 12 May 2003 33,847,913	Various Classes issued on various dates

10	Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests)	As for all quoted ordinary shares.

Part 2 - Bonus issue or pro rata issue

11	Is security holder approval required?	N/A

+ See chapter 19 for defined terms.

12	Is the issue renounceable or non-renounceable?	N/A
13	Ratio in which the +securities will be offered	N/A
14	+Class of +securities to which the offer relates	N/A
15	+Record date to determine entitlements	N/A
16	Will holdings on different registers (or subregisters) be aggregated for calculating entitlements?	N/A
17	Policy for deciding entitlements in relation to fractions	N/A
18	Names of countries in which the entity has +security holders who will not be sent new issue documents Note: Security holders must be told how their entitlements are to be dealt with. Cross reference: rule 7.7.	N/A
19	Closing date for receipt of acceptances or renunciations	N/A
20	Names of any underwriters	N/A
21	Amount of any underwriting fee or commission	N/A
22	Names of any brokers to the issue	N/A
23	Fee or commission payable to the broker to the issue	N/A
24	Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of +security holders	N/A
25	If the issue is contingent on +security holders' approval, the date of the meeting	N/A
26	Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled	N/A

+ See chapter 19 for defined terms.

27	If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders	N/A
28	Date rights trading will begin (if applicable)	N/A
29	Date rights trading will end (if applicable)	N/A
30	How do +security holders sell their entitlements *in full* through a broker?	N/A
31	How do +security holders sell *part* of their entitlements through a broker and accept for the balance?	N/A
32	How do +security holders dispose of their entitlements (except by sale through a broker)?	N/A
33	+Despatch date	N/A

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(*tick one*)

(a) ☑ Securities described in Part 1

(b) ☐ All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 ☐ If the +securities are +equity securities, the names of the 20 largest holders of the additional +securities, and the number and percentage of additional +securities held by those holders

36 ☐ If the +securities are +equity securities, a distribution schedule of the additional +securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000

+ See chapter 19 for defined terms.

5,001 - 10,000

38	Number of securities for which +quotation is sought	N/A
39	Class of +securities for which quotation is sought	N/A
40	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	N/A
41	Reason for request for quotation now Example: In the case of restricted securities, end of restriction period (if issued upon conversion of another security, clearly identify that other security)	N/A

42	Number and +class of all +securities quoted on ASX (*including* the securities in clause 38)	Number	+Class
		N/A	N/A

(now go to 43)

+ See chapter 19 for defined terms.

All entities

Fees

43 Payment method (tick one)

☐ Cheque attached

☐ Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

☑ Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 +Quotation of our additional +securities is in ASX's absolute discretion. ASX may quote the +securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the +securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those +securities should not be granted +quotation.
- An offer of the +securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

  Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any +securities to be quoted and that no-one has any right to return any +securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the +securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the +securities to be quoted, it has been provided at the time that we request that the +securities be quoted.
- If we are a trust, we warrant that no person has the right to return the +securities to be quoted under section 1019B of the Corporations Act at the time that we request that the +securities be quoted.

+ See chapter 19 for defined terms.

3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before +quotation of the +securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

New date for dispatch of Dividend Statements

AMP today advised that it has received approval from the Australian Stock Exchange to delay the mailing of Dividend Statements to shareholders who participated in the Dividend Reinvestment Plan (DRP) for AMP's 2002 final dividend.

The date for mailing has been extended until 19 May 2003 instead of 12 May 2003 as required under the listing rules.

The delay has been caused by the repricing of shares issued under the DRP to $5.50 per share. This represents the price at which shares were issued in the A$1.2 billion institutional placement announced by AMP on 2 May 2003.

Shareholders can contact the AMP shareholder information line on 1300 65 44 42 if they have any questions.

Notice under paragraph 5 of Category 1 of Schedule C to ASIC Class Order 02/1180 relating to Placement

AMP Limited previously announced the successful placement to institutional investors of ordinary shares raising approximately A$1.2 billion. The ordinary shares issued in the placement are expected to be quoted on the Australian Stock Exchange (ASX) today.

This announcement is provided for the purpose of confirming with the ASX the satisfaction by AMP of all requirements under paragraph 5 of Category 1 of Schedule C to Class Order 02/1180 ("CO 02/1180").

For the purpose of paragraph 5 of Category 1 of Schedule C to CO 02/1180, AMP confirms that all information of the kind that would be required to be disclosed under subsection 713(5) if a prospectus were to be issued in reliance on section 713 in relation to an offer of ordinary shares in AMP has been disclosed to the ASX.

AMP response to ratings announcement

AMP notes the ratings actions announced today by Standard & Poor's (S&P).

AMP Life has been lowered to A+ from AA-; AMP Group Holdings and AMP Bank to BBB+ from A-; Pearl Assurance and National Provident Life Ltd (NPLL) to BBB from BBB+; and NPI Ltd to BBB+ from A. The outlook for all entities is negative.

The actions bring AMP into line with the ratings it is targeting for its two separate businesses, as announced on 1 May 2003.

AMP plans to create two regionally-focused entities through a demerger. The 'new AMP' will consist of Australian Financial Services (which includes New Zealand), Henderson's Australian and New Zealand operations and Gordian/Cobalt. The 'new Henderson' will comprise Henderson's northern hemisphere asset management operations, UK Life Services, UK Contemporary Financial Services, and AMP's stake in Virgin Money.

The new AMP is targeting a strong 'A' rating and new Henderson a 'BBB' rating.

Chief Executive Officer Andrew Mohl said AMP was targeting these levels as the most appropriate ratings for the two new entities, given the need to balance the differing requirements of debt and equity holders.

"We remain confident that the demerger will create two strong companies and is the best long term solution for shareholders," Mr Mohl said.

"While we understand that S&P has taken execution risk into account in this ratings action, our focus is now fully on successful implementation.

"When the demerger is completed, we expect the ratings on all entities to stabilise."

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

In the Australian business, AMP has held market share and operating earnings despite adverse conditions, confirming the underlying strength of this business.

In the UK businesses, the ratings impact is minimal given the revised status of the business. Both Pearl and NPLL are in run-off, while AMP is currently seeking expressions of interest in the NPI business.

The more important measure for AMP in its UK life businesses is regulatory solvency. AMP continues to meet all regulatory solvency requirements and the recently announced actions to reduce equity market risk are further improving the resilience of the life funds.

AMP 2003 Annual General Meeting

AMP's Chairman Peter Willcox today told shareholders at the company's Annual General Meeting that the demerger proposal announced on 1 May 2003 was the best solution to the deep-seated structural problems that had developed in the UK over the past ten years.

Mr Willcox said that booming share markets through the 1990s disguised the industry-wide problem, which became apparent when the UK market dropped by almost half over the past two and a half years.

"This was not an AMP-specific problem or a problem of an Australian company going offshore," Mr Willcox told shareholders.

"This was a systemic industry problem that has caught most in the UK life insurance industry off guard. Few people expected the UK share market to go down so far or stay there so long."

Mr Willcox told the meeting that ultimately Boards are accountable for the strategic direction of companies.

"That is why this Board has accepted that accountability and taken action to fix these long-standing structural problems, despite the short-term pain our solution involves. We are taking action to make sure this problem does not re-occur," he said.

Mr Willcox also told shareholders that they had made their frustrations very clear to him.

"You have every right to be disappointed, as I am, about the loss of value that has taken place in this company over the past few years," he said.

Both Mr Willcox and the Chief Executive Officer Andrew Mohl addressed concerns about the disclosure of the demerger proposal and the attendant capital raising and writedowns.

"We know the timing of the disclosure has been the subject of much debate," Mr Mohl said.

"This ranges from those who argue that we should have disclosed our broad thinking a lot earlier to those who argue we should have disclosed much greater detail a lot later.

"We made full disclosure as soon as we had made our decision.

"Both the writedowns and the equity capital raising we have announced are direct consequences of our change in strategy."

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Mr Mohl said that it was important to understand that the writedowns had no impact on AMP's regulatory solvency in either Australia or the UK.

He said that annual insurance returns filed with the Financial Services Authority in the UK confirm that all AMP's UK life companies met regulatory solvency requirements at 31 December 2002, and continue to meet these requirements today. AMP plans to make these returns available on its website.

Mr Mohl told shareholders that sustained harsh market conditions were continuing to impact the company's underlying earnings.

Overall, underlying earnings in the first quarter of 2003 were A$146 million or around A$600 million per annum. This compares with A$883 million in 2002.

He said that this earnings reduction had underpinned the pricing of the institutional part of the capital raising.

Mr Mohl concluded: "When I look back at what has been done in this period, I know we have taken the right action. The situation we are facing was inevitable and had to be resolved, sooner or later.

"I am acutely aware of the impact of our decisions on shareholders, large and small.

"It would have been easy to do nothing and hope for the best. I know some of our investors would have preferred this.

"But doing nothing would have been the worst thing to do - it was likely to lead to a continuing and probably increasing erosion of value and shareholders would have remained exposed to the ongoing and unpredictable volatility in UK markets."

Address by AMP Chairman Peter Willcox to the 2003 Annual General Meeting

Introduction

I have been advised by the Company Secretary that a quorum is present and so I will now formally open the 2003 Annual General Meeting of the shareholders of AMP Limited, and welcome you here today.

The purpose of this meeting is to provide a forum for the shareholders of AMP to ask questions and make comments on the accounts and reports for 2002, to elect Directors and to approve or reject a number of other resolutions as set out in the Notice of Meeting.

I would also like it to be an opportunity for you as owners of the company to express your views to the Board and management and through me to question us.

I would like to conduct the meeting in much the same way as I conduct Board meetings and that is to encourage a free discussion and expression of views as long as it is relevant to the affairs of your company and it respects the views of others

I would like to give as many people as possible and who want to, the opportunity to speak. To do that will take some discipline on my part and on yours, and I ask you for that favour.

I appreciate the time and effort many of you made already to give me your views, through your letters, emails, faxes and phone calls. I do read and listen to all of your concerns and I reflect your views when we are making decisions in the Board.

Our agenda today looks like this. Firstly, there will be a review given by myself and Andrew of how we got to where we are and what we are doing about it. Then we'll come to the items of business. Item 1 is the Financial Statements and Reports. Item 2 will be the election of directors and the last item will be amendments to the constitution.

Let me make some brief remarks about Item 3 of the Notice of Meeting which set out proposed resolutions relating to the equity components of Andrew Mohl's and Roger Yates' remuneration packages.

As we recently announced, the Board is no longer seeking shareholder approval at this meeting for those proposed resolutions as we no longer believe it is appropriate to do so in light of the demerger proposal, which Andrew and I will talk more about later.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Accordingly, when we reach Item 3 of today's agenda, I expect that the meeting will allow those proposed resolutions to lapse. If necessary, formal motions will be moved to proceed to Item 4. Therefore, there will be no discussion on Item 3 at that time.

However, I am aware that some of you may nevertheless wish to make comments on executive remuneration and I will give you that opportunity during today's first item of business. I also plan to use this item for more general discussion of the company's affairs or the conduct of the Board or of management.

I must stress that we are not meeting today to approve or reject the proposal to demerge AMP's businesses. We will hold another meeting of shareholders to do that later this year, after you have all received much more detailed information about the proposal and have had a proper opportunity to consider its merits.

However, again in Item 1, we will answer questions you have at this time about this proposal.

I have been Chairman of AMP for 11 weeks, after joining the Board last September. I have spent much of that time talking to and listening to the owners of this business, large and small. Throughout these discussions, your frustrations have been made very clear to me.

Understandably, you are upset and in many cases angry about

- the substantial fall in the share price over the past 18 months
- about the payouts made to former CEOs and management
- about being held hostage to the UK stock market
- and about the writedown announced in December and followed again last week by our foreshadowing further writedowns and a capital raising.

You have every right to be disappointed, as I am, about the loss of value that has taken place in this company over the past few years.

Background

Before taking you through what we have done and we are proposing to do about it, let me answer the questions I've been asked most often.

Firstly, what went wrong? Secondly, why wasn't it fixed and who's responsible? And, as of last week, why is this restructuring with further writedowns and capital raising needed?

First, what went wrong?

This is possibly the most important thing I have to say today because it helps set up the rationale for the restructuring.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

From your reaction last week, we need to do a better job of explaining that. This is not surprising, as it took the Board many weeks and meetings to understand what was needed and why. Then we had to disclose this decision straight away. It was a lot to digest in one hit.

The issue of what went wrong is very complex and I will try to explain it as plainly as I can. As you will see, put simply, AMP had too much of your money in the wrong business, at the wrong time, in the wrong place.

About 10 years ago AMP entered a market that had hidden structural flaws, with a much higher risk:reward skew than was ever appreciated. What do I mean by that?

Well, all of us have a picture in our mind of AMP – for more than 150 years, an Australian company that could be trusted to take care of the savings of Australians and New Zealanders.

It is still that company but starting with the London Life merger in 1989 and the acquisition of Pearl in the UK in 1990, it started to be another sort of company as well – effectively a British life insurance company.

By the end of the 20th century three years ago, following other acquisitions like National Provident Institution (NPI) in 2000, it was actually more a British life insurance company than an Australian one. Because twice as much of AMP's capital was in the UK compared with Australia.

For many years that was alright because being a UK life insurance company was a very good business. Basically, AMP received money from policyholders and in return guaranteed to make payments to those policyholders over many years into the future.

These capital guaranteed products were not priced to cover the risk of those guarantees. Instead, those risks were covered by the huge surplus capital that had been built up in our UK life funds over the years, particularly in boom share markets.

For many years that was fine – in fact, a great business because the UK stock market boomed through the '90s, tripling in value. As markets were booming, life companies were writing large volumes of business and earnings were looking impressive. This was all contributing to the accumulated surpluses in our funds.

It was a great business because the earnings on that surplus - which was not AMP's capital - went 90% to the policyholders in bonuses and 10% to AMP, the shareholder, in profits.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Underlying this great business however was an unanswered question and a risk – what would happen if stock markets fell dramatically?

Well, even then, as long as adequate surpluses remained, any loss in earnings was also taken 90% by the policyholder and 10% by AMP. A significant fall in the market would temporarily reduce earnings but would not be critical unless the surpluses fell below the required minimum level.

However, there seemed little likelihood of that since the surplus built up over the boom years was so large. It would have taken a 50% fall in the UK stock market to do that.

Unfortunately, that's exactly what the UK stock market did - not all in one go, but over a period of two years.

When markets fell, those surpluses shrunk to the point where shareholders were required to top them up. AMP had to put more shareholder capital in to get back above the required minimum level – £500 million or about A$1.4 billion of shareholder capital.

What made the situation worse was the risk:reward pay off. If the market goes up, shareholders get only 10% of the benefit, while policyholders get 90%. That makes it a high risk, low return use of shareholder capital.

So, to come to the second question, why wasn't something done as the market fell? I believe because through year after year of a booming share market the risks were not obvious and there was no incentive and apparently little need to interfere in a successful business in a competitive industry where this was the norm.

As the market fell, there would have been the temptation to agree with the 'experts' that the market would bounce back as it appeared to do again and again.

Also, as you saw from our announcement last week, changing strategy is very painful and in the short term can make you very unpopular.

Falling markets led to lower profits for UK life insurance companies and falling share prices for UK life insurers. This chart shows the AMP share price behaviour compared with two typical large UK life insurers – Prudential and Aviva (which is the combination of Norwich Union and Commercial Union). We and they saw 60% of our share price disappear over this period.

So this was not an AMP specific problem or a problem of an Australian company going offshore. This was a systemic industry problem that has caught most of the UK life insurance industry off guard. Few people expected the UK share market to go down so far or stay there so long.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Which is why I said AMP had too much money in the wrong business at the wrong time in the wrong place.

So who was responsible?

Ultimately, Boards are accountable for the strategic direction of companies. That is why this Board has accepted that accountability and taken action to fix these long-standing structural problems, despite the short term pain our solution involves. We are taking action to make sure this problem does not re-occur.

Initial actions
So what have we done?

As I mentioned, I joined the Board last September and Andrew become CEO shortly afterwards. At that time, the Board agreed with Andrew that there was an urgent need for him to assess our situation, particularly in the UK and take action as quickly as possible to protect the value of our businesses.

In spite of the complexity of that task, just eight weeks after becoming CEO Andrew delivered his initial report, on December 4, looking at our business units and functional areas.

That initial assessment was extremely serious, particularly as it included writedowns on the goodwill of our UK businesses of about $1.2 billion. This in turn led to the full year loss of $896 million reported in the accounts.

The steps Andrew and his team took then were the right ones.

- To separate our new UK businesses which did not contain guarantees from the old business which did
- To stop taking any new customers into the old guaranteed business
- To put protection in place against further falls in the UK stock market
- To close the international division
- To restructure the Australian business, including the bank
- To reduce the size of the corporate office by about a third.

These actions had to be taken quickly and decisively. And they were.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

New Board
At the end of February this year, after this initial assessment and action, I was asked to take over the Chairmanship of the Board. At the same time it was decided to build a new Board.

We needed new Directors so that we could take a fresh look at our circumstances, and to work with the management team on their strategic review of the Group.

We also needed to balance the injection of fresh thinking with the relevant experience and understanding of AMP that existing Directors held, which is why I asked a number of those Directors to remain and I appreciate their agreement to do so through a very difficult period.

We set new ground rules for the performance and remuneration of the AMP Board. These steps included the abolition of retirement allowances for new directors and seeking approval at today's meeting for an effective nine year time limit on tenure. I will talk a little more about these changes later on.

Payout to former CEO
The Board had some fires to put out as well. In our first weeks, we took action to settle a number of outstanding issues, including the termination payout to the former CEO. We made a decision we believe is in the interests of our shareholders and we are standing firm on that decision.

We have paid Mr Batchelor what we considered to be a fair amount in lieu of notice. Since Mr Batchelor does not agree that the payment was fair, he may initiate court proceedings although he has not done so as yet.

In this, as in all matters, we are determined to defend your interests vigorously.
Some shareholders have questioned the need for any payment at all in the circumstances. We are required to honour our legal obligations to our employees, which we believe we have done in this case.

Demerger proposal
While the Board was tackling these issues, Andrew and his team began a broader and deeper review of the company to position it to avoid a repeat of our problems. They were looking at how our businesses worked together to create value and they were consulting with us along the way.

As we dug deeper into our situation, we began to realise that while the steps taken in December were right, we needed to go further to protect your interests and create a structure that would be more certain to deliver value over the medium to long term.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

We had three fundamental issues to manage. First, we had to find a permanent solution to share market risks in our UK life and pensions business. Second, we had to protect our quality assets and brands in Australia and the UK. Finally, we had to determine how we could create the best value from our businesses and provide investors with a clear choice about investing in those businesses.

First the UK share market risk. Remember, I said that the profits or losses on any surplus of assets over liabilities were split 90% to the policyholder and 10% to the shareholder. Once that surplus had shrunk the risks moved radically against the shareholder – against us.

You must make sure that you don't fall below the required minimum. To do that, you could choose to:

- be largely out of shares or have other protection in place, so that there is no risk of further falls

or

- the shareholder must put in more capital to bring the assets back up to the required minimum.

  The problem with this is that if you put more capital in and the market falls, for every dollar the shareholder has put in, he or she loses the dollar. But if the market rises, the shareholder only gets 10c on the dollar.

In a game with the dice loaded against you in this way, the arithmetic says that you have to have more than a 90% certainty that the market will rise to justify investing that dollar – otherwise you will make a loss.

Even if markets do rise, you have to know they won't fall again and give you the same exposure. Regardless of your views on where markets are going to go, it would be irresponsible for us not to look at fixing this.

That leaves only the other alternative – get out of shares. In practice that actually means holding only a small amount in shares.

That one decision – to get out and stay out of shares - changes all the assumptions used to value our businesses and even it we did nothing else, this decision alone would trigger a writedown. In other words, it will produce a less risky business, but a lower value one.

That addressed the first issue – how to find a permanent solution to UK share market risks. The other issues were how to protect our assets and brands in Australia and the UK and how to get most value out of these businesses.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Our review showed us clearly that our businesses were not benefiting by being part of the same Group. In some cases, they were actually being disadvantaged. Our problems in the UK were hurting our Australian business and our problems in Australia were hurting our UK business.

The solution developed by management and the Board was to separate the Australasian and UK businesses into two listed new companies. Under this proposal, AMP shareholders will have shares in both companies and can choose which to hold.

We decided that to attempt to tough out the situation, to do nothing and, as was done in the past, pin our hopes for recovery on share markets improving and never falling again to the same extent was not an acceptable option.

So we canvassed every sensible option we could think of to fix this problem once and for all.

The Board firmly believed we needed to take action to reduce the risks the company faced and to deliver shareholder value over the medium to long term.

This solution did not come without a necessary amount of pain – we needed to raise capital to do it - but a painless solution did not exist. Not if we really wanted to fix this problem rather than leave it smouldering for you.

I know it came as a shock because, as I said previously, it took us many weeks of work to get to this solution. And it was presented to you in one hit.

Disclosure

There have been many questions about the timing of our announcement on May 1. I can tell you that until the conclusion of the Board meeting late the night before we made our announcement, there was no certainty about the course of action we would be taking because we did not want to close out any option until it had been thoroughly examined.

The option finally chosen, although the one that was clearly the best, required a significant number of things to be achieved at the same time.

We announced our decision as soon as we made it.

It was a complex announcement because a major change in strategy has many implications – for example, on the amount of risk we are prepared to bear in the company, the carrying value of our businesses and the amount of capital needed.

But let me be clear on this very important point: it was the fundamental change in our strategy that precipitated both the writedowns and the need to raise new equity capital.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Capital raising
But on the issue of our capital raising let me say that we have made very strenuous efforts to ensure that the vast majority of our shareholders have or will be given the opportunity to participate in either the institutional placement or share purchase plan. If you do participate, the price you will pay will be at or below the $5.50 paid by institutions.

At the same time as the capital raising, we repriced the Dividend Reinvestment Plan to $5.50 a share. The 340,000 shareholders who participate in the DRP will be receiving additional shares as a result of that repricing.

In summary, the past six months and especially the last six weeks have been very difficult, because we have been confronting deep-seated, structural problems that have been 10 years in the making.

We need to solve those problems and do our best to make sure they never happen again. That's what our restructuring proposal is about.

When you strip away all the noise, the facts about our company today are:

- we have a quality wealth management business in Australian Financial Services, with the largest planner force in Australia, a valuable brand and a strong customer franchise . We deal with about 1 in 5 adults in Australia

- we have a resilient asset management business in Henderson, with about $250 billion in assets under management

- we have a UK wealth management business that has some attractive assets and the ability to release substantial capital over the medium to long term – especially now that we have reduced the share market risks in that business.

This is what we need to protect and build on and this is what our restructuring proposal will do.

Board changes
Before we move on to the formal items of business, let me recap some key points about the Board and the changes we have made.

As I have said, when I became Chairman at the end of February there was a general recognition that we needed to renew the Board, bringing fresh views in while balancing that with the need to retain corporate memory and experience in AMP and to allow an orderly transition.

To facilitate this, the Board gave me as new Chairman the mandate to build a new Board. Five out of seven non-executive directors elected to retire over a period of six months.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Stan Wallis, Tricia Cross and Paul Mazoudier have already retired. Ian Renard and Sir Malcolm Bates will retire in August.

I asked two directors to remain as we built a new Board. I asked Richard Grellman since he chairs the audit committee and as events have shown, experience and expertise in this highly complex area was and still is critical to us.

Richard has been criticised because we've had to write down the value of our businesses. I have demonstrated in my earlier discussion that Richard did not cause the writedowns. He and his committee did the job diligently in assessing and reporting on the balance sheet impact of our decisions. I also asked Lord Killearn to stay because he is UK-based and chairs Henderson.

With the demerger proposal, of course, we will be looking for additional directors who have the qualities needed to serve on the boards of the two new companies.

We will construct the best boards possible for these new companies and details of those boards will be included in the information to be provided to shareholders later in the year as part of the approval process.
In the interim, we have some very important and complex work to do in finalising all the proposal details. In particular, we will need to deconstruct our current balance sheet and develop two new balance sheets for the new companies.

We also have some intricate issues in the UK to resolve to establish the new UK based company. That is why I have asked both Richard Grellman and Lord Killearn to stay on the AMP board through this very challenging period and I am grateful that both agreed.

In choosing new Board members I was concerned to find people who had:

- first, experience in some part of the financial services industry; and
- second, experience of being senior executives of substantial businesses.

I believe we were very fortunate in finding Meredith Hellicar and Pat Handley, both of whom possessed all of those qualities. Equally important, both Meredith and Pat have had experience in the sort of turnaround situations we are working on at AMP.

They were appointed within five weeks of my appointment for two reasons:

- we wanted the benefit of their advice
- and we wanted shareholders to vote on their appointment at this AGM rather than wait a year.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

As I have outlined in the annual report, we have also set new ground rules for the performance and remuneration of the AMP Board.

These steps include:

- abolishing retirement allowances for new non-executive directors. Directors will receive only their fees and they will be required to sacrifice one third of these fees to purchase AMP shares which they must hold until their retirement. We believe this will give directors a strong alignment with the long-term interests of shareholders.

- seeking shareholder approval at today's meeting to amend AMP's Constitution so that no director will be able to serve longer than 9 years unless he or she stands for election each year. A term longer than 9 years would be recommended to you only in extraordinary circumstances.

- designing a rigorous performance appraisal system for individual directors and for the Board as a whole.

- and simplifying the Board structure.

The Board now comprises nine members and will be reduced to seven members in August. All seven of these directors are standing for election by you today and will be dealt with under item 2 of our items of business.

One of those standing for election today, of course, is me. I know there are some concerns about the fact that I chair both this Board and the Board of Mayne.

When I became chairman of AMP, I removed myself from all other Boards except Mayne, so that I now serve on only two boards. I do not intend to go on to any other Boards while I hold these two Chairs.

I would not offer myself for election today if I did not believe I was able to do the job in your best interests.

In addition to the new Directors standing for election and the Directors retiring and standing for re-election, Stephen Mayne has nominated himself for election.

While I enjoy the way Stephen holds Boards to account, I do not believe he has the depth of experience or the qualifications we critically need on this Board. For that reason I do not support his election and have stated clearly in the Notice that I will use the undirected proxies I am holding today to vote against his candidacy. You will have the opportunity of hearing from Stephen himself when we get to item 2.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Before we move to the items of business, let me say a few things about how I propose to handle your questions.

I know you have valid concerns and while, in many instances, there are no simple answers, we will do our best to answer them in a clear and concise way.

So that we have the opportunity to hear from as many shareholders as we can today and to be fair to everyone at the meeting, I encourage you to be as succinct as possible in your questions and comments. I will also try to be concise but complete in my answers.

I am prepared to let the meeting run for as long as necessary while the discussion is meaningful and relevant. However, I am also conscious that if we could finish today, it would be good for those shareholders who have travelled long distances to be here and those who might not be available to attend tomorrow.

Irrespective of the proxy outcome, I encourage you to vote on all issues as this is an important way of letting the Board know your views so that we can take them into account.

CEO's address to AMP shareholders at the 2003 Annual General Meeting

Introduction

I knew when I accepted the Board's offer to take up this role that I had a tough job in front of me. I didn't realise quite how tough it was going to be – but that didn't matter as far as I was concerned.

I wanted to be part of the team that turned this company around and helped it realise its full potential.

I took personal responsibility and accountability for that. And despite everything that has ensued, I don't regret it.

I know my management team feels the same way.

Shortly after I took over as CEO, I made significant changes to the senior executive team. Of the new team of 11, only four were on the team a year ago.

The first priority of this new team was to significantly tighten control of the business. We took quick action to:

- separate the UK business into old and new, so we could clearly understand and manage the risks
- put protection in place for our UK life capital position
- close parts of the business that were unprofitable
- cut costs across the Group
- and restructure the bank to release capital.

As a management team this put us in much better control of the businesses we had inherited.

But we were disappointed in January when we had to announce a UK earnings downgrade for the 2002 year.

We initiated a major review of the Group as a whole and during March and April it started to become clear that we needed to take more radical action.

This led to the development of the strategic pathway that we are recommending to demerge AMP.

It has involved intense strategic planning and interaction with the Board, development of an alternative strategy for UK Life funds, the largest capital raising of its kind, interactions with credit rating agencies and regulators in Australia and UK, all delivered within an extraordinarily tight timetable and without a leak in the process.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

As the Chairman has outlined, AMP's problems have been deep-seated and are essentially about being in the wrong business in the wrong place at the wrong time.

The management team of today that I lead has been doing its utmost to address this on your behalf.

So let me now take you through the details of what we are proposing, tell you how we will manage the business through this process to protect it from disruption and update you on our current business performance.

Demerger

In essence, what we are proposing is the creation of two regionally focused wealth management businesses listed on the Australian Stock Exchange.

The Australian-based company will be the new AMP. In effect we are bringing AMP back home. It will hold all our strong and successful Australian and New Zealand businesses.

If re-elected by you today, the Chairman will be Peter Willcox and I will be CEO.

The UK-based business will be the new Henderson. It will hold the northern hemisphere asset management operations of our highly regarded Henderson business and our various UK life and pensions businesses.

If elected by you today, the Chairman will be current AMP Director Pat Handley and the CEO will be current AMP Director and Henderson Managing Director Roger Yates.

AMP shareholders at the time of the demerger will hold shares in both companies and for the first time you will have a choice about which assets you want to hold.

The decision to demerge was announced as soon as it was made, consistent with our obligations under continuous disclosure law, so we are still working through much of the fine detail of this proposal.

We know the timing of the disclosure has been the subject of much debate. This ranges from those who argue that we should have disclosed our broad thinking a lot earlier to those who argue we should have disclosed much greater detail a lot later.

We made a full disclosure of the Board's decisions on May 1 following a lengthy meeting the night prior.

Even then, the minutes of that Board meeting show the decisions remained conditional on the final terms of the capital raising being resolved, which occurred in the early hours of the following morning.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Full details of the demerger proposal will be provided to all shareholders in an explanatory memorandum later this year, ahead of a meeting of shareholders to consider and we hope to approve the proposal.

Benefits
We have developed this proposal because fundamentally we believe the two companies will be better than one.

Our strategic review found that there was no compelling benefit in keeping AMP's businesses together, but powerful reasons to separate them.

The strongest linkages between our businesses are within regional markets, rather than cross-markets.

By separating our businesses, we will build more stable and stronger frameworks for both companies. We will also be better positioned to unlock the value currently trapped in our UK Life companies over time.

The two new companies will be focused regional businesses with simpler, more transparent structures that we believe will appeal to a broader group of investors.

All our current shareholders will have, for the first time, a choice about which part of the company they want to stay with.

Consequences
As the Chairman said, this is not a painless solution.

Both the writedowns and the equity capital raising we have announced are direct consequences of our change in strategy.

Let me explain.

As part of our initial review of the businesses at the end of last year, we looked at the value of the businesses we were carrying in our books, particularly our UK businesses.

We bought these businesses when markets were buoyant and their valuations reflected that.

By the end of 2002 we believed we needed to take a more pragmatic view of these valuations in light of the much tougher market environment.

This was largely the driver behind the accounting writedowns of $1.2 billion that were first announced in November 2002 and reconfirmed in the final 2002 accounts announced on February 26. These writedowns were directly responsible for the bottom line loss of $896 million for the year.

So what changed between February 26 and May 1 when we announced further writedowns?

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Our strategy.

On February 26, we were valuing our UK businesses on the basis that we were prepared to invest in and grow them. Valuations were carried out by independent external parties on the basis of a willing buyer in an orderly market. This is normal practice.

The change in strategy meant we no longer viewed a number of these businesses on this basis under our ownership. They are now being valued on the basis of fair market value in the current environment. That had to be reflected in their carrying values in our books.

That accounted for an estimated $1.3 billion of the new writedowns – about half the total.

The other half of these writedowns stemmed directly from our decision to reduce the share market risks in our UK life funds.

While crucial for the long term stability of those funds, this action crystallises some losses. In addition, we have made some provisions for potential future losses in this business.

These writedowns are essentially about taking all the pain upfront and clearing the decks for a more stable, sustainable future. It's important to understand that these writedowns have no negative impact on our regulatory solvency in either Australia or the UK.

They also have minimal impact on our cashflow. The exception is the $260 million in provisions we have set aside to cover the costs of the UK restructuring.

These writedowns are estimates. Final numbers will be known after we see where markets end on 30 June and do the audit and actuarial calculations that are part of our half year accounting processes.

Reducing risks in the UK

The Chairman has talked about the highly skewed risk:reward structure of our UK businesses. I want to go through that with you in a little more detail because it makes it easier to understand why we would take this action regardless of how markets are tracking.

The rewards just aren't worth the risks to shareholders' money.

There were also risks to our policyholders – our customers in the UK.

In fact, the boards of our UK life entities initiated the action to reduce the market risks in this business on behalf of policyholders and we supported them, because of our view of the risk to shareholders.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

The reason we did this was simple.

The almost 50% fall that has occurred in the UK sharemarkets since end 1999 has left our UK life funds with a relatively low margin above the minimum regulatory solvency levels set by the UK regulator, the Financial Services Authority or FSA.

This is because the large surpluses that used to be in these funds have shrunk, as the Chairman mentioned.

This has left shareholders with a 90:10 risk reward ratio biased against them.

Further investment of capital whereby the shareholder earnt 10% of the gains and took 100% of the losses was a very unattractive prospect.

The alternative was to significantly reduce the risk profile of the funds to ensure that the funds continue to meet minimum regulatory solvency levels. This was in the best interests of both policyholders and shareholders - and this is what has been done.

AMP has also recently filed annual insurance returns with the UK regulator like all other UK insurance companies.

These FSA annual returns provide detailed historical information on the regulatory solvency position of AMP's four main UK life companies at 31 December 2002.

The returns confirm that all AMP's UK Life Companies met regulatory solvency requirements at 31 December 2002. And we continue to meet these requirements today.

Capital raising

On February 26 when I released our 2002 results, I said that we had no current need for additional equity capital.

As one consolidated group, this was true. We were comfortable with the credit ratings both at a group and operating subsidiary level and there were no plans for any capital raising. This is what we told the market.

Subsequent to this, the conclusions of our review process started to emerge and they made it clear a change in strategy was required.

Changing our strategy meant we also changed our capital needs.

We had to raise new equity capital – both to repay around A$700 million of loans between the Australian and UK businesses so that we could separate them cleanly and to establish both new companies with appropriate capitalisation on a standalone basis.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Without the separation, there is no need to repay those internal loans nor to ensure that the proposed new Henderson entity can be listed with minimal debt.

That's what changed between February and May.

There has been some commentary on the decision to raise capital immediately through an institutional placement and a retail share purchase plan.

The former was completed in 48 hours and raised $1.2 billion. The share purchase plan will commence on May 22 and run until June 13.
The alternative was to raise capital later in the year closer to the time of demerger or to raise capital now through a rights issue.

Both alternatives would have subjected AMP to the mercy of markets and in particular the trading of hedge funds who thrive on uncertainty and fear.

It was our judgement that this could only be damaging to the long term interests of shareholders and create significant doubt over our ability to implement the demerger.

The chosen approach has secured our stability and taken much of the risk and uncertainty out of our demerger proposal.

Despite some comments to the contrary, it has also been fair to retail shareholders, the vast majority of whom will have the right to buy more shares than they would have been entitled to under a rights issue and at the lower of the $5.50 institutional book build price or 5% below the post issue average market price over 15 days.

The pricing of the book build was of course a shock to investors in light of the strong rally in the stock from as low as $5.92 in early March to $8.73 on April 30.

The pricing of the book build had to reflect the lowered earnings outlook for the Group, particularly in the UK, and the dilution associated with the issuing of new shares.

Bear in mind that the wealth management industry is in its fourth year of harsh market conditions.

Selling investments, pensions and superannuation products at a time when share markets are still historically weak and investor confidence is shaky is difficult.

And you are seeing the effect of these difficult conditions in our underlying earnings.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

They impacted our full 2002 results and continue to impact current trading, as our first quarter results indicated.

The first quarter results also show that we have been successful in reducing costs across the board, but new business flows are down in all business units and this is pushing operating margins down lower.

Overall, underlying earnings in the first quarter were $146 million or around $600 million per annum. This compares with $883 million in 2002.

This disclosure of earnings on May 1 has resulted in substantial earnings downgrades for 2003 and later years by analysts and has flowed on to analyst valuations of the Group, which average around $6 currently.

This reduction in earnings underpinned the decision to price the institutional book build in a range of $4.50 to $6.50 a share. The outcome of $5.50 in all the circumstances was a solid result.

Our half-year results, due in August, will show the impacts both of these trading conditions and of the $2.6 billion in writedowns we have announced.

Business as usual

I am very conscious of the need to manage the business tightly through the demerger process. We have to make sure that we do not become distracted from our core business of serving customers.

That's why we have established a relatively small project team to focus on the demerger, while the rest of the management team and staff concentrate on looking after the people that pay the bills – our customers.

We are determined not to take our eye off the main game.

Summary

I was appointed CEO in October last year, just over seven months ago.

I have been addressing the outworking of poor strategic acquisitions and excessive balance sheet risk in our UK operations, against a background of depressed market conditions and intense market scrutiny.

When I look back at what has been done in this period, I know we have taken the right action. The situation we are facing was inevitable and had to be resolved, sooner or later

I am acutely aware of the impact of our decisions on shareholders large and small.

It would have been easy to do nothing and hope for the best. I know some of our investors would have preferred this.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

But doing nothing would have been the worst thing to do - it was likely to lead to a continuing and probably increasing erosion of value and shareholders would have remained exposed to the ongoing and unpredictable volatility in UK markets.

I am convinced that what we are proposing is in the best long term interests of everyone with a stake in this company – our shareholders, our customers, our employees and our planners.

Despite all the pain, AMP remains a valuable company and we have protected that value.

We have taken decisive action to take control of our destiny and secure our future.

We have searched for the best way forward for AMP and have accelerated down that path.

We hope that future historians will say that this was a turning point for AMP which will mark the beginning of a new and prosperous period in the history of this great Australian company.

Change of Director's Interest Notice

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 30/9/2001.

Name of entity: AMP LIMITED
ABN: 49 079 354 519

We (the entity) give ASX the following information under listing rule 3.19A.2 and as agent for the director for the purposes of section 205G of the Corporations Act.

Name of Director	Peter John Willcox
Date of last notice	6 March 2003

Part 1 - Change of director's relevant interests in securities

In the case of a trust, this includes interests in the trust made available by the responsible entity of the trust

Direct or indirect interest	Indirect
Nature of indirect interest (including registered holder) Note: Provide details of the circumstances giving rise to the relevant interest.	Peter John Willcox + Mrs Suzanne Elizabeth Willcox ATF Peter John Willcox Superannuation Fund. The shares were purchased on market pursuant to the AMP Non-Executive Directors' Share Plan. One third of the Director's fees are payable in the form of AMP shares. This notice advises the shares purchased in terms of directors fees for April 2003. Shares will continue to be acquired on a monthly basis as part of the ongoing sacrifice of Directors' fees.
Date of change	Date of purchase: 8 May 2003
No. of securities held prior to change	• 32,000 Ordinary Shares in the name of Peter John Willcox + Mrs Suzanne Elizabeth Willcox ATF Peter John Willcox Superannuation Fund; • 2,500 AMP Income Securities in the name of Peter John Willcox + Mrs Suzanne Elizabeth Willcox ATF Peter John Willcox Superannuation Fund; and • 1,000 AMP Reset Preferred Securities in the name of Peter John Willcox + Mrs Suzanne Elizabeth Willcox ATF Peter John Willcox Superannuation Fund.

+ See chapter 19 for defined terms.

Class	Ordinary
Number acquired	2,201 Ordinary Shares
Number disposed	N/A
Value/Consideration Note: If consideration is non-cash, provide details and estimated valuation	A$5.30 per share.
No. of securities held after change	• 34,201 Ordinary Shares in the name of Peter John Willcox + Mrs Suzanne Elizabeth Willcox ATF Peter John Willcox Superannuation Fund; • 2,500 AMP Income Securities in the name of Peter John Willcox + Mrs Suzanne Elizabeth Willcox ATF Peter John Willcox Superannuation Fund; and • 1,000 AMP Reset Preferred Securities in the name of Peter John Willcox + Mrs Suzanne Elizabeth Willcox ATF Peter John Willcox Superannuation Fund.
Nature of change Example: on-market trade, off-market trade, exercise of options, issue of securities under dividend reinvestment plan, participation in buy-back	On-market trade

Announcement No: 52/03

Results of the AMP Limited Annual General Meeting Held on 15 May 2003.

In accordance with Listing Rule 3.13.2, AMP advises that the resolutions contained in Items 2 and 4 of the Notice of Meeting (dated 21 March 2003 and lodged with the ASX on 4 April 2003) were passed by the requisite majority of security holders, all Directors who stood for election or re-election were elected or re-elected (as applicable) and the proposed resolution for the election of Stephen Mayne was defeated on a poll.

The resolutions in Item 2 and 4(a) were decided on a poll and the resolutions in Items 4(b) and 4(c) were decided on a show of hands. No resolution was withdrawn or amended other than the proposed resolutions in Items 3(a) and 3(b) of the Notice of Meeting which were withdrawn prior to the meeting and lapsed at the meeting.

The information required by section 251AA(2) of the Corporations Act 2001 (Cth) in respect of each resolution passed at the meeting is set out below.

Item 2: Election of Directors

(a) To consider and, if thought fit, to pass the following ordinary resolution:

"That Lord Killearn, a Director retiring in accordance with clause 64.3 of the Constitution of AMP Limited, being eligible, is re-elected as a Director of AMP Limited."

	For	Against	Abstain	Proxy's Discretion	Total (excluding Abstain)
Total number of proxy votes exercisable by all proxies validly appointed:	276,748,063	69,273,218	7,205,656	23,460,915	369,482,196
Total number of votes cast on the poll:	299,495,263	70,496,811	7,205,656	Not applicable	369,992,074

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

(b) To consider and, if thought fit, to pass the following ordinary resolution:

"That Peter John Willcox, a Director appointed since the last Annual General Meeting and ceasing to hold office in accordance with clause 62.3 of the Constitution of AMP Limited, being eligible, is elected as a Director of AMP Limited."

	For	Against	Abstain	Proxy's Discretion	Total (excluding Abstain)
Total number of proxy votes exercisable by all proxies validly appointed:	343,101,678	3,617,603	4,440,658	23,719,274	370,438,555
Total number of votes cast on the poll:	366,874,589	4,080,873	4,440,658	Not applicable	370,955,462

(c) To consider and, if thought fit, to pass the following ordinary resolution:

"That Roger Philip Yates, a Director appointed since the last Annual General Meeting and ceasing to hold office in accordance with clause 62.3 of the Constitution of AMP Limited, being eligible, is elected as a Director of AMP Limited."

	For	Against	Abstain	Proxy's Discretion	Total (excluding Abstain)
Total number of proxy votes exercisable by all proxies validly appointed:	328,267,845	19,398,922	4,549,498	23,782,199	371,448,966
Total number of votes cast on the poll:	352,511,679	19,454,169	4,549,498	Not applicable	371,965,848

(d) To consider and, if thought fit, to pass the following ordinary resolution:

"That Richard John Grellman, a Director retiring in accordance with clause 64.3 of the Constitution of AMP Limited, being eligible, is re-elected as a Director of AMP Limited."

	For	Against	Abstain	Proxy's Discretion	Total (excluding Abstain)
Total number of proxy votes exercisable by all proxies validly appointed:	273,100,911	64,637,361	15,568,608	22,806,803	360,545,075
Total number of votes cast on the poll:	295,303,362	65,779,449	15,568,608	Not applicable	361,082,811

(e) To consider and, if thought fit, to pass the following ordinary resolution:

"That Andrew Max Mohl, a Director appointed since the last Annual General Meeting and ceasing to hold office in accordance with clause 62.3 of the Constitution of AMP Limited, being eligible, is elected as a Director of AMP Limited."

	For	Against	Abstain	Proxy's Discretion	Total (excluding Abstain)
Total number of proxy votes exercisable by all proxies validly appointed:	351,955,145	7,342,554	5,205,615	23,774,925	383,072,624
Total number of votes cast on the poll:	362,843,680	7,353,819	5,205,615	Not applicable	370,197,499

(f) To consider and, if thought fit, to pass the following ordinary resolution:

"That Stephen David Mayne, being eligible to hold office as a Director and having been nominated in accordance with clause 65 of the Constitution of AMP Limited, is elected as a Director of AMP Limited."

	For	Against	Abstain	Proxy's Discretion	Total (excluding Abstain)
Total number of proxy votes exercisable by all proxies validly appointed:	37,780,819	293,242,551	19,352,368	24,945,567	355,968,937
Total number of votes cast on the poll:	38,253,755	318,361,581	19,352,368	Not applicable	356,615,336

(g) To consider and, if thought fit, to pass the following ordinary resolution:

"That Roger Patrick Handley, a Director appointed since the last Annual General Meeting and ceasing to hold office in accordance with clause 62.3 of the Constitution of AMP Limited, being eligible, is elected as a Director of AMP Limited."

	For	Against	Abstain	Proxy's Discretion	Total (excluding Abstain)
Total number of proxy votes exercisable by all proxies validly appointed:	340,631,420	3,735,223	4,737,757	24,290,956	368,657,599
Total number of votes cast on the poll:	364,993,336	3,735,223	5,180,135	Not applicable	368,728,559

(h) To consider and, if thought fit, to pass the following ordinary resolution:

"That Meredith Hellicar, a Director appointed since the last Annual General Meeting and ceasing to hold office in accordance with clause 62.3 of the Constitution of AMP Limited, being eligible, is elected as a Director of AMP Limited."

	For	Against	Abstain	Proxy's Discretion	Total (excluding Abstain)
Total number of proxy votes exercisable by all proxies validly appointed:	339,696,093	4,370,101	4,699,526	24,625,664	368,691,858
Total number of votes cast on the poll:	364,349,722	4,851,302	4,699,526	Not applicable	369,201,024

Item 3(a): Equity Components of Remuneration – Andrew Mohl, Managing Director and Chief Executive Officer

Proposed resolutions lapsed.

Item 3(b): Equity Components of Remuneration – Roger Yates, Managing Director, Henderson Global Investors

Proposed resolutions lapsed.

Item 4(a): Amendments to Constitution to Allow the Issue of Preference Shares

To consider and, if thought fit, to pass the following resolution as a special resolution:

"That the Constitution of AMP Limited is amended in the manner set out in Part 1 of Annexure A to the Explanatory Notes to the Notice convening this Meeting."

	For	Against	Abstain	Proxy's Discretion	Total (excluding Abstain)
Total number of proxy votes exercisable by all proxies validly appointed:	271,166,435	49,858,308	7,257,794	46,065,233	367,089,976
Total number of votes cast on the poll:	317,003,974	50,008,004	7,257,794	Not applicable	367,011,978

Item 4(b): Amendments to Constitution to Require the Annual Re-election of Non-Executive Directors After Nine Years in Office

To consider and, if thought fit, to pass the following resolution as a special resolution:

"That the Constitution of AMP Limited is amended in the manner set out in Part 2 of Annexure A to the Explanatory Notes to the Notice convening this Meeting."

	For	Against	Abstain	Proxy's Discretion	Total

AMP Share Purchase Plan set to open

AMP's Share Purchase Plan (SPP) will open tomorrow, providing eligible retail shareholders with the opportunity to subscribe for up to A$5,000 worth of shares.

The SPP is part of the capital raising announced by AMP on 1 May 2003 to facilitate its proposed demerger. The offer is open only to resident Australian and New Zealand shareholders, opening 22 May 2003 and closing 13 June 2003 (unless extended).

Almost 900,000 shareholders are currently being mailed an application form and letter from the AMP Chairman, Peter Willcox, inviting them to participate in the SPP offer.

In the letter, Mr Willcox explains to shareholders a number of issues including the reasons behind the raising and its timing.

"We wanted certainty. We knew the current market conditions and the likely price we could achieve. We don't know what market conditions will be like later in the year, so we chose to immediately proceed with the capital raising and not let the markets control the process," Mr Willcox says in the letter.

"We have set what we believe is a very tight deadline to complete the separation of AMP's businesses. To start cleanly separating the businesses, we had to immediately begin raising additional capital. By doing this now, we believe we will be better able to meet all our deadlines so we can separate the businesses by December 2003."

Mr Willcox also confirms in the letter that AMP's policy is to pay dividends in line with the Group's sustainable earnings. As AMP has already announced, volatile global investment markets, along with weak investor sentiment, impacted full year 2002 financial results.

"These two factors continue to impact our 2003 earnings and on 1 May 2003 we announced lower first quarter results for the Group," Mr Willcox tells shareholders in the letter.

"AMP's Board will consider the payment of dividends in light of the Group's sustainable earnings following the release of the 2003 half-year results in August."

The SPP has been underwritten by UBS Warburg up to A$500 million. The maximum amount that can be raised through the offer is A$750 million.

Ordinary shares under the SPP will be offered at the lower price of:

- A$5.50 (the price at which institutional investors subscribed for shares under the placement); or

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

- a 5 per cent discount to the average market price of AMP shares calculated over a 15 day trading period after the close of the offer.

A copy of the Chairman's letter and application form, including the terms and conditions, is attached.

AMP Share Purchase Plan

Offer to buy more Shares in AMP Limited

AMP Limited ABN 49 079 354 519

AMP Share Purchase Plan

Letter from the Chairman

Dear Investor,

In my letter to AMP security holders dated 1 May, I recommended a new strategic direction for the company. This proposal will:

- separate AMP's businesses into two new strong, regionally-focused companies (subject to shareholder and regulator approval);
- raise new equity capital to facilitate our restructuring; and
- reduce the equity market risks in our UK Life Services business.

The first step in facilitating the proposed separation of AMP is a A$1.5 billion capital raising. An institutional capital raising was held 1 May to 2 May, which successfully raised approximately A$1.2 billion at an issue price of A$5.50 per share.

Eligible AMP retail shareholders, who are resident Australia and New Zealand shareholders, now have their opportunity to participate in this capital raising through a Share Purchase Plan (which we call the 'SPP'). Eligible shareholders may invest up to A$5,000 in the offer without brokerage or transaction costs.

Ordinary shares under the SPP will be offered at the lower price of:

- A$5.50 (being the price at which institutional investors subscribed for shares under the placement); or
- a 5% discount to the Average Market Price of AMP shares calculated over the 15-day Pricing Period after the close of the offer.

The SPP is designed to raise at least A$500 million, and has been fully underwritten to this amount. The maximum amount that may be raised under the SPP is A$750 million. In the event that applications exceed A$750 million the Directors will scale back applications. The SPP offer closes 13 June 2003 unless extended. Participation in the SPP is voluntary.

The following pages provide further details on the SPP and how you can participate in it.

Continued ▶

AMP Share Purchase Plan

Letter from the Chairman continued

I want to confirm that AMP's policy is to pay dividends in line with the Group's sustainable earnings.

Volatile global investment markets, along with weak investor sentiment, impacted our full year 2002 financial results. These two factors continue to impact our 2003 earnings and on 1 May we announced lower first quarter results for the Group.

AMP's Board will consider the payment of dividends in light of the Group's sustainable earnings following the release of the 2003 half-year results in August.

In the remainder of this letter, I would like to cover some of the key issues that are concerning shareholders.

What is the capital raised being used for?
The overall purpose of the capital raising is to facilitate the demerger of AMP.

To separate our businesses cleanly, we need to repay loans between the Australian and UK businesses. We also need to reduce the level of external debt.

This will enable us to establish two new companies with the appropriate financial strength to operate on a standalone basis.

Why are we doing a capital raising now and not later in the year?
First, we wanted certainty. We knew the current market conditions and the likely price we could achieve. We don't know what market conditions will be like later in the year, so we chose to immediately proceed with the capital raising and not let the markets control the process.

Second, we have set what we believe is a very tight deadline to complete the separation of AMP's businesses. To start cleanly separating the businesses, we had to immediately begin raising additional capital. By doing this now, we believe we will be better able to meet all our deadlines so we can separate the businesses by December 2003.

The institutional capital raising received widespread support, delivering A$1.2 billion. This was more than our initial goal of A$1 billion.

Has the capital raising been fair to retail shareholders?
We extensively reviewed the best way for the majority of our retail shareholders to participate in AMP's capital raising – a rights issue or a Share Purchase Plan (SPP). We found that a SPP would be the simplest and easiest option for the majority of our retail shareholders.

AMP's investor base is unique in that 85% of AMP's retail shareholders own less than 1,000 shares.

The SPP provides an opportunity for the majority of retail shareholders to purchase more shares than they would have had with an equivalent rights issue.

I encourage you to read all the materials in relation to the SPP prior to deciding whether to participate in the SPP offer. If you have any questions you should consult your stockbroker, accountant or professional financial adviser or call the Shareholder Information line on **1300 654 442** (Australia) or **0800 448 062** (New Zealand). Further information is also available on our website www.ampgroup.com

Yours sincerely,

Peter J Willcox
Chairman, AMP

AMP Share Purchase Plan

Key features of the plan

What is the Share Purchase Plan ('SPP')?

The SPP enables eligible shareholders to buy more AMP Limited ordinary shares ('Shares') without brokerage or other transaction costs.

Who is eligible to buy Shares under the SPP?

You are eligible to apply to participate in the SPP ('Eligible Shareholder') if you are a shareholder of AMP and:

- your registered address is in Australia or New Zealand; and
- you were registered as a holder of fully paid ordinary shares in AMP at 5pm (Sydney time) on 5 May 2003; and
- you are not a US Person or acting on behalf of a US Person (within the meaning of the US Securities Act 1933).

Eligible Shareholders who receive more than one offer under the SPP (for example, because they hold Shares in more than one capacity) may not apply for Shares with an aggregate value of more than A$5,000 under this SPP. AMP reserves the right to reject any application for Shares where it believes there has not been compliance with this rule.

The offer is also non-renounceable, so you cannot transfer your right to purchase Shares under the SPP to anyone else.

How much can you invest?

You may apply for a parcel of Shares valued at either A$500, A$1,000, A$2,000, A$3,000, A$4,000, A$5,000, or alternatively, you may do nothing. Special arrangements are available for New Zealand Shareholders – see below.

What are the costs?

If you buy Shares through the SPP, all you pay is the Issue Price of the Shares. There are no additional transaction costs (such as brokerage).

How do we determine the Issue Price?

Shares issued under the SPP will be offered at the *lower* of:

- A$5.50, being the price at which institutional investors subscribed for Shares under the Placement; or
- a 5% discount to the Average Market Price calculated over the 15 day Pricing Period post close of the offer.

You should note that the market price of AMP Shares may rise or fall between the date of this offer and the date when we allot the Shares to you, so the Issue Price you pay under the SPP may exceed the price of AMP Shares trading on ASX. There also can be no certainty that AMP Shares will trade at or above the SPP Issue Price following the issue of Shares under the SPP.

What is the current AMP Share price?

The AMP Share price is quoted on our web site www.ampgroup.com/shareholdercentre and in the financial pages of most major metropolitan newspapers.

How many Shares will you receive?

The number of Shares that you will receive will be equal to the value of the parcel of Shares that you have applied for divided by the Issue Price.

In most circumstances, the parcel you have applied for will not equal a whole number of Shares once the Issue Price is determined. In this case, the value of the Shares allotted to you will be rounded down to the nearest Share and AMP will pay any balance remaining to charities nominated by AMP. You will not receive a refund for this amount, which will always be less than the price of one Share.

For example, if you applied for A$5,000 worth of Shares and the Issue Price was A$5.50, you would receive 909 Shares with the remaining A$0.50 being donated to charity.

Continued ▶

AMP Share Purchase Plan

Key features of the plan continued

In the event that applications exceed A$750 million the Directors will scale back applications. In that case, you will receive fewer Shares than you applied for and AMP will send you a refund cheque for the remaining balance of your application monies.

What rights attach to the Shares?

All Shares issued under the SPP will rank equally with existing fully paid ordinary shares in AMP and will carry the same voting rights, dividend rights and other entitlements at the allotment date.

How do you apply to buy Shares through the SPP?

To apply for a parcel of Shares all you need to do is follow the instructions on the enclosed personalised application form.

You can choose to pay for the Shares by either:

- sending a cheque made payable to 'AMP Share Purchase Plan' to AMP's Securities Registry along with your completed Acceptance Slip in the reply paid envelope; or
- through BPAY® (Australian resident Shareholders only).

If the exact amount of money equivalent to one of the parcels being offered is not tendered, AMP reserves the right to return your application and not allot any Shares to you or to reduce the number of Shares you are allotted.

NZ$ applications

To assist Shareholders who have registered addresses in New Zealand, the approximate NZ$ equivalent of the application amounts have been set at NZ$5,450, NZ$4,500, NZ$3,350, NZ$2,250, NZ$1,100 and NZ$500. A separate application form with these amounts on it will be provided to New Zealand shareholders.

Shareholders may choose either to apply for these amounts with a NZ$ cheque via the NZ$ application form, or may request an A$ application form from the Securities Registry and apply in A$ as outlined above. NZ$ application amounts will be converted into A$ at the prevailing exchange rate at the close of the offer in order to calculate the number of Shares that you will receive at the Issue Price.

When does the offer open and close?

The SPP offer opens on 22 May 2003 and is expected to close at 5.00pm on 13 June 2003, unless extended (Closing Date). Therefore, if you wish to apply for any Shares under the offer, you should complete the enclosed Acceptance Slip and forward it with your cheque, or make a BPAY® payment, so that it is received by AMP Securities Registry on or before 13 June 2003. Applications received after this date may not be accepted.

When do you receive the Shares?

It is anticipated that the Shares will be allotted under the SPP on or around 17 July 2003, and will be quoted on the Australian Stock Exchange and New Zealand Stock Exchange on the following trading day. You should receive your holding statement or confirmation advice shortly after this date.

Need help?

If you have any questions about the Terms and Conditions of the SPP or how to make an application, you can ring the Shareholder Information Line on **1300 654 442** (Australia) or **0800 448 062** (New Zealand). You can find out more information at www.ampgroup.com. We recommend that you consult your stockbroker, accountant or professional financial adviser before investing in the SPP.

How do you apply for Shares under this offer?
To apply for Shares under this offer, you **must**:

1. Carefully read the Terms and Conditions on the back of this page.
2. Pay for the Shares in accordance with the following instructions.
   - To pay for the Shares by BPAY®, go straight to paragraph 7 – paragraphs 3 to 6 don't apply to you.
   - To pay for the Shares by cheque, read paragraphs 3 to 6.
3. On the Acceptance Slip:
   - tick the box beside the investment you want to make. **Only tick one box**.
   - complete the cheque details section and make sure the 'Amount A$' box shows the exact amount of the investment you want to make.
   - write your daytime telephone number – just in case we have any questions.

   You DON'T need to sign the Acceptance Slip.
4. Send one cheque for the exact amount of the investment you want to make (which must match the box ticked below). Make the cheque payable to *AMP Share Purchase Plan*.
5. Tear off the Acceptance Slip, place your cheque **behind** it and put them in the reply paid envelope. **Only use the envelope provided with this offer. DO NOT use old AMP reply paid envelopes**.
6. Make sure you send your Acceptance Slip and cheque (allowing enough time for mail delivery) so that AMP Securities Registry will receive them **in Sydney by 5pm on 13 June 2003. Acceptance Slips and cheques received after the Closing Date may not be processed regardless of when they are postmarked.**
7. **If you are paying for the Shares by BPAY®**:
   You may make your payment from a cheque or savings account by either telephone or internet banking. Simply follow the instructions provided by your financial institution. Credit card payments will not be accepted.

   You **DO NOT** need to return the Acceptance Slip. Please keep a record of your receipt number.

   Your payment must be made by no later than 5pm (Sydney time) on 13 June 2003.

AMP Share Purchase Plan

Additional information

The Terms and Conditions of the SPP are set out in this form together with the accompanying *Letter from the Chairman* and *Key features of the plan*, and form part of the offer made pursuant to this SPP. Please read all of these materials carefully.

Participation
If you apply to participate in the SPP by completing and returning the Acceptance Slip or by making a BPAY® payment:

(a) your application, on these Terms and Conditions, is unconditional and you cannot withdraw it;
(b) you certify to AMP that you are an Eligible Shareholder (the meaning of this term is explained in the accompanying *Key features of the plan);*
(c) you certify to AMP that you have not applied for Shares with an aggregate application price in excess of A$5,000 under the SPP (and any similar arrangement in the 12 months prior to your application), even though you may have received more than one offer under the SPP or received offers in more than one capacity under the SPP. As long as your application is received on or before 5pm on the Closing Date, it is deemed under these Terms and Conditions to have been made as at the last day of the offer;
(d) you authorise AMP (and its officers or agents) to correct any error in, or omission from, your Acceptance Slip and to complete the Acceptance Slip by the insertion of any missing details;
(e) you acknowledge that AMP may at any time irrevocably determine that your Acceptance Slip is valid, in accordance with the Terms and Conditions, even if the Acceptance Slip is incomplete, contains errors or is otherwise defective;
(f) you acknowledge that AMP may disclose any information in relation to your Acceptance Slip and your accompanying cheque, or your BPAY® payment, to the Underwriter in connection with its management and partial underwriting of the SPP;
(g) you irrevocably and unconditionally agree to the Terms and Conditions and agree not to do any act or thing which would be contrary to the spirit, intention or purpose of the SPP.

Payment
You may pay for Shares under the offer only in accordance with the instructions on the front of this page. If your payment is not for the exact amount required to buy one of the parcels of Shares being offered, AMP reserves the right not to accept all or part of your payment. In these circumstances, AMP will return your application and cheque or refund all or part of your payment. If AMP refunds part of your payment, a reduced number of Shares will be allotted to you and if AMP refunds your payment in full no Shares will be allotted to you. You are not entitled to receive any interest on any application monies.

Calculation of the Issue Price
Shares issued under the SPP will be offered at the lower of:

- A$5.50, being the price at which institutional investors subscribed for Shares under the Placement; or
- a 5% discount to the Average Market Price calculated over the Pricing Period (rounded down to the nearest cent).

Average Market Price means the simple average of the daily volume weighted average prices (rounded to four decimal places) of Shares sold on the Australian Stock Exchange (ASX) over the Pricing Period excluding special crossings, crossings prior to commencement of normal trading, crossings during the closing and after hours adjust phase, and overseas trades or trades pursuant to the exercise of options over Shares, any overnight crossings and any other sales which the Underwriter and AMP consider may not be fairly reflective of natural supply and demand.

Pricing Period means:

(a) the 15 trading days commencing on Monday 23 June 2003
(b) in the event that AMP Shares are placed on a trading halt, suspended or are otherwise unable to be traded on the ASX at any time during the Pricing Period specified in paragraph (a), the Pricing Period will be extended by 1 trading day for each day or part thereof for which the Shares are halted, suspended or otherwise unable to be traded.

Participation of nominees
Trustees or nominees expressly named on the register as holder of Shares on account of one or more other named persons (beneficiaries) may apply for one of the amounts specified above up to the maximum amount of A$5,000, for each of the named beneficiaries. Otherwise, trustees or nominees (as the registered holder) may only apply once, up to the maximum of A$5,000. In any event, no beneficiaries outside Australia or New Zealand or US persons may participate in the SPP.

Calculation of NZ$ exchange rates
NZ$ application monies will be converted to A$ on the day of the Closing Date of the offer based on the NZ$/A$ exchange rate as at that day. AMP will determine the exchange rate on this day by referring to the published exchange rates of a major commercial bank of the company's choosing.

If you choose to apply under the SPP and make payment in NZ$, if the NZ$ equivalent of your application money exceeds A$5,000, it will be rounded down to A$5,000 and the balance (rounded to the nearest cent) will be refunded to you.

Amendments to the offer
AMP reserves the right to withdraw the offer. AMP reserves a discretion to change the timetable, including the Closing Date and commencement of the Pricing Period. AMP may issue fewer Shares than an Eligible Shareholder applies for under this offer (or none at all) if AMP believes that issuing those Shares would break any law or rules of any stock exchange on which AMP Shares are quoted. AMP reserves the right to waive compliance with any provision of these Terms and Conditions.

AMP may, in its absolute discretion, modify, suspend or terminate the SPP at any time. If AMP does this, it will notify ASX and the New Zealand Stock Exchange (NZSE).

Dispute resolution
If any dispute arises in connection with the SPP, AMP may settle it in any manner it thinks fit. It can do that generally, or in relation to any particular participant, application or Share. AMP's decision will be final and binding.

Offer Date
This offer is taken to be made at 5pm on 5 May 2003 (the record date).

If you are paying by cheque, please return this Acceptance Slip and your cheque in the reply paid envelope so that AMP Securities Registry receive it in Sydney (Australian resident Shareholders) or Auckland (New Zealand resident Shareholders) on or before 5pm on the Closing Date:

13 June 2003.

How do you apply for Shares under this offer?
To apply for Shares under this offer, you **must**:

1. Carefully read the Terms and Conditions on the back of this page.
2. On the Acceptance Slip:
   - tick the box beside the investment you want to make. **Only tick one box**.
   - complete the cheque details section and make sure the 'Amount NZ$' box shows the exact amount of the investment you want to make.
   - write your daytime telephone number – just in case we have any questions.

   You DON'T need to sign the Acceptance Slip.
3. Send one cheque for the exact amount of the investment you want to make (which must match the box ticked below). Make the cheque payable to *AMP Share Purchase Plan*.
4. Tear off the Acceptance Slip, place your cheque **behind** it and put them in the reply paid envelope. **Only use the envelope provided with this offer. DO NOT use old AMP reply paid envelopes**.
5. Make sure you send your Acceptance Slip and cheque (allowing enough time for mail delivery) so that AMP Securities Registry will receive them **in Auckland by 5pm on 13 June 2003. Acceptance Slips and cheques received after the Closing Date may not be processed regardless of when they are postmarked.**

By accepting this offer, you agree to be bound by the Terms and Conditions and by the Constitution of AMP Limited.

AMP Banking sells rural lending portfolio to Rabobank

AMP has entered into an agreement to sell its A$222 million (NZ$249 million) rural lending portfolio in New Zealand to Rabobank, in line with the restructuring strategy announced for AMP Banking on 14 November 2002.

The sale is expected to complete by 1 July 2003, subject to regulatory approval and contractual obligations. The final purchase price will be dependent on a number of factors, including account balances at the date of completion, and is expected to be in line with book value.

This divestment is the latest step to significantly restructure the operations of AMP Banking, which is now focusing on providing retail deposits and mortgage products in Australia.

This sale follows the sales of:

- the Australian and New Zealand credit card portfolio to American Express, announced on 23 December 2002;
- AMP's UK banking portfolio to Newcastle Building Society announced on 28 March 2003; and
- the New Zealand residential mortgage and retail deposit portfolios to HSBC and the property finance portfolio to GE Commercial Finance, both announced on 14 April 2003.

Together with the rural sale announced today, these divestments will have been made at a small premium to book value.

AMP Limited

Sydney NSW 2000 Australia
ABN 49 079 354 519

Discussions continue in relation to the proposed divestment of construction and other property finance loans retained by AMP Bank and AMP Finance.

AMP is also reviewing the potential outsourcing or restructuring of various functions within its core Australian retail banking business. Decisions on AMP Banking's future outsourcing needs are expected in the fourth quarter of this year.

Announcement No: 56/03

Roger Yates assumes responsibility for UK businesses

AMP has today announced that current head of Henderson Global Investors, Roger Yates, will assume management responsibility for all AMP's UK-based businesses, reporting to Chief Executive Officer, Andrew Mohl.

The UK Life Services business (headed by Ian Laughlin) and the UK Contemporary Financial Services business (headed by John Drabble) will both report to Mr Yates, who will also remain as Managing Director of Henderson Global Investors.

"These reporting changes mean that AMP is now moving to manage the businesses along geographic lines, in line with the demerger announcement on 1 May 2003," Mr Mohl said.

"We have set ourselves an aggressive but achievable timetable to implement the demerger proposal.

"This is a logical first step in starting to manage our businesses geographically as Roger will be CEO of the 'new' Henderson business if the demerger receives necessary approvals from shareholders and regulators."

Mr Yates said his immediate focus is to review the UK operations and to determine the optimal structure and strategy for 'new' Henderson.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

"This is an important move for our UK businesses, allowing us to focus on the issues and opportunities in this market. I am very much looking forward to building 'new' Henderson, and to sharing our plans for the new business in the coming months," Mr Yates said.

The appointment of Mr Yates is subject to regulatory approval.

The Managing Director of AMP Henderson Global Investors, Jack Ritch, who is responsible for the asset management business in the Asian-Pacific region, will now report directly to Mr Mohl.

Sydney NSW 2000 Australia
ABN 49 079 354 519

Rule 2.7, 3.10.3, 3.10.4, 3.10.5

Appendix 3B

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin: Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002.

Name of entity

AMP Limited

ABN

49 079 354 519

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

1	+Class of +securities issued or to be issued	Reset convertible preference shares
2	Number of +securities issued or to be issued (if known) or maximum number which may be issued	11,500,000
3	Principal terms of the +securities (eg, if options, exercise price and expiry date; if partly paid +securities, the amount outstanding and due dates for payment; if +convertible securities, the conversion price and dates for conversion)	The principal terms are set out in section 9.6 of the Reset Preferred Securities Prospectus dated 26 September 2002.

+ See chapter 19 for defined terms.

4	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	No - new class of securities.
5	Issue price or consideration	Nil - issued unpaid.
6	Purpose of the issue (If issued as consideration for the acquisition of assets, clearly identify those assets)	Issued to AMP Henderson Global Investors Limited as responsible entity for the AMP Reset Preferred Securities Trust to be held on trust until such time (if at all) they are exchanged for Reset Preferred Securities ("RPS") in accordance with the RPS terms of issue as set out in Appendix A of the RPS Prospectus dated 26 September 2002.
7	Dates of entering +securities into uncertificated holdings or despatch of certificates	22/05/03

8	Number and +class of all +securities quoted on ASX (*including* the securities in clause 2 if applicable)	Number	+Class
		1,419,615,767	Ordinary

+ See chapter 19 for defined terms.

9	Number and +class of all +securities not quoted on ASX (*including* the securities in clause 2 if applicable)	Number 33,847,913 +11,500,000 45,347,913	+Class Various classes of options issued on various dates. Reset convertible preference shares.
10	Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests)	No entitlement to dividends or other payments until fully paid up.	

Part 2 - Bonus issue or pro rata issue

11	Is security holder approval required?	N/A
12	Is the issue renounceable or non-renounceable?	N/A
13	Ratio in which the +securities will be offered	N/A
14	+Class of +securities to which the offer relates	N/A
15	+Record date to determine entitlements	N/A
16	Will holdings on different registers (or subregisters) be aggregated for calculating entitlements?	N/A
17	Policy for deciding entitlements in relation to fractions	N/A
18	Names of countries in which the entity has +security holders who will not be sent new issue documents Note: Security holders must be told how their entitlements are to be dealt with. Cross reference: rule 7.7.	N/A
19	Closing date for receipt of acceptances or renunciations	N/A

+ See chapter 19 for defined terms.

20	Names of any underwriters	N/A
21	Amount of any underwriting fee or commission	N/A
22	Names of any brokers to the issue	N/A
23	Fee or commission payable to the broker to the issue	N/A
24	Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of +security holders	N/A
25	If the issue is contingent on +security holders' approval, the date of the meeting	N/A
26	Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled	N/A
27	If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders	N/A
28	Date rights trading will begin (if applicable)	N/A
29	Date rights trading will end (if applicable)	N/A
30	How do +security holders sell their entitlements *in full* through a broker?	N/A
31	How do +security holders sell *part* of their entitlements through a broker and accept for the balance?	N/A

+ See chapter 19 for defined terms.

32	How do +security holders dispose of their entitlements (except by sale through a broker)?	N/A
33	+Despatch date	N/A

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) ☐ Securities described in Part 1

(b) ☐ All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 ☐ If the +securities are +equity securities, the names of the 20 largest holders of the additional +securities, and the number and percentage of additional +securities held by those holders

36 ☐ If the +securities are +equity securities, a distribution schedule of the additional +securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 ☐ A copy of any trust deed for the additional +securities

(now go to 43)

+ See chapter 19 for defined terms.

Entities that have ticked box 34(b)

38	Number of securities for which +quotation is sought	
39	Class of +securities for which quotation is sought	
40	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	
41	Reason for request for quotation now Example: In the case of restricted securities, end of restriction period (if issued upon conversion of another security, clearly identify that other security)	

42	Number and +class of all +securities quoted on ASX (*including* the securities in clause 38)	Number	+Class

(now go to 43)

+ See chapter 19 for defined terms.

All entities

Fees

43 Payment method (tick one)

☐ Cheque attached

☐ Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

☐ *Periodic payment as agreed with the home branch has been arranged*

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.
0

Quotation agreement

1 +Quotation of our additional +securities is in ASX's absolute discretion. ASX may quote the +securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the +securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those +securities should not be granted +quotation.
- An offer of the +securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

  Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty
- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any +securities to be quoted and that no-one has any right to return any +securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the +securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the +securities to be quoted, it has been provided at the time that we request that the +securities be quoted.
- If we are a trust, we warrant that no person has the right to return the +securities to be quoted under section 1019B of the Corporations Act at the time that we request that the +securities be quoted.

+ See chapter 19 for defined terms.

3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before +quotation of the +securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

Rule 2.7, 3.10.3, 3.10.4, 3.10.5

Appendix 3B

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin: Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002.

Name of entity

AMP Limited

ABN

49 079 354 519

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

1	+Class of +securities issued or to be issued	Ordinary
2	Number of +securities issued or to be issued (if known) or maximum number which may be issued	3,226
3	Principal terms of the +securities (eg, if options, exercise price and expiry date; if partly paid +securities, the amount outstanding and due dates for payment; if +convertible securities, the conversion price and dates for conversion)	N/A

+ See chapter 19 for defined terms.

4	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	Yes.
5	Issue price or consideration	A$3.00 per share
6	Purpose of the issue (If issued as consideration for the acquisition of assets, clearly identify those assets)	3,226 shares were issued by the Shareholder Relations Committee for the purpose as referred to on page 54 of the AMP Prospectus, copy of which has been provided to the ASX.
7	Dates of entering +securities into uncertificated holdings or despatch of certificates	26 May 2003

8 Number and +class of all +securities quoted on ASX (*including* the securities in clause 2 if applicable)

Number	+Class
1,419,615,767 + 3,226 --- 1,419,618,993	Ordinary

9 Number and +class of all +securities not quoted on ASX (*including* the securities in clause 2 if applicable)

Number	+Class
33,847,913 +11,500,000 45,347,913	Various classes of options issued on various dates. Reset convertible preference shares.

10	Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests)	As for all quoted ordinary shares.

Part 2 - Bonus issue or pro rata issue

11	Is security holder approval required?	N/A

+ See chapter 19 for defined terms.

12	Is the issue renounceable or non-renounceable?	N/A
13	Ratio in which the +securities will be offered	N/A
14	+Class of +securities to which the offer relates	N/A
15	+Record date to determine entitlements	N/A
16	Will holdings on different registers (or subregisters) be aggregated for calculating entitlements?	N/A
17	Policy for deciding entitlements in relation to fractions	N/A
18	Names of countries in which the entity has +security holders who will not be sent new issue documents Note: Security holders must be told how their entitlements are to be dealt with. Cross reference: rule 7.7.	N/A
19	Closing date for receipt of acceptances or renunciations	N/A
20	Names of any underwriters	N/A
21	Amount of any underwriting fee or commission	N/A
22	Names of any brokers to the issue	N/A
23	Fee or commission payable to the broker to the issue	N/A
24	Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of +security holders	N/A
25	If the issue is contingent on +security holders' approval, the date of the meeting	N/A
26	Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled	N/A

+ See chapter 19 for defined terms.

27	If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders	N/A
28	Date rights trading will begin (if applicable)	N/A
29	Date rights trading will end (if applicable)	N/A
30	How do +security holders sell their entitlements *in full* through a broker?	N/A
31	How do +security holders sell *part* of their entitlements through a broker and accept for the balance?	N/A
32	How do +security holders dispose of their entitlements (except by sale through a broker)?	N/A
33	+Despatch date	N/A

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(tick one)

(a) ☑ Securities described in Part 1

(b) ☐ All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

(If the additional securities do not form a new class, go to 43)

Tick to indicate you are providing the information or documents

35 ☐ If the +securities are +equity securities, the names of the 20 largest holders of the additional +securities, and the number and percentage of additional +securities held by those holders

36 ☐ If the +securities are +equity securities, a distribution schedule of the additional +securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000

+ See chapter 19 for defined terms.

5,001 - 10,000
10,001 - 100,000
100,001 and over

37 ☐ A copy of any trust deed for the additional +securities

(now go to 43)

Entities that have ticked box 34(b)

38	Number of securities for which +quotation is sought	N/A
39	Class of +securities for which quotation is sought	N/A
40	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	N/A
41	Reason for request for quotation now Example: In the case of restricted securities, end of restriction period (if issued upon conversion of another security, clearly identify that other security)	N/A

42	Number and +class of all +securities quoted on ASX (*including* the securities in clause 38)	Number	+Class
		N/A	N/A

(now go to 43)

+ See chapter 19 for defined terms.

All entities

Fees

43 Payment method (tick one)

☐ Cheque attached

☐ Electronic payment made

Note: Payment may be made electronically if Appendix 3B is given to ASX electronically at the same time.

☑ Periodic payment as agreed with the home branch has been arranged

Note: Arrangements can be made for employee incentive schemes that involve frequent issues of securities.

Quotation agreement

1 +Quotation of our additional +securities is in ASX's absolute discretion. ASX may quote the +securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the +securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those +securities should not be granted +quotation.
- An offer of the +securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

  Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any +securities to be quoted and that no one has any right to return any +securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the +securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the +securities to be quoted, it has been provided at the time that we request that the +securities be quoted.
- If we are a trust, we warrant that no person has the right to return the +securities to be quoted under section 1019B of the Corporations Act at the time that we request that the +securities be quoted.

+ See chapter 19 for defined terms.

3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before +quotation of the +securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

ABN 49 079 354 519

CORPORATIONS ACT 2001 (Cth)

COMPANY LIMITED BY SHARES

CONSTITUTION

OF

AMP LIMITED
(ACN 079 354 519)

1. PRELIMINARY

1.1 In this Constitution:

'**Act**' means the *Australian Mutual Provident Society (Demutualisation and Reconstruction) Act 1997* (NSW);

'**Alternate Director**' means a person appointed as an alternate director under **clause 74**;

Inserted 15.05.2003

'**ASTC**' has the same meaning as in the *Corporations Regulations*;

Inserted 15.05.2003

'**ASTC-regulated transfer**' has the same meaning as in the *Corporations Regulations*;

'**Auditor**' means the Company's auditor;

'**Board**' means the board of Directors, and includes a committee or a delegate of the board of Directors;

'**Business Day**' has the same meaning as in the Listing Rules;

'**Certificated Holding**' has the same meaning as in the SCH Business Rules;

'**CHESS Holding**' has the same meaning as in the SCH Business Rules;

'**Company**' means AMP Limited ACN 079 354 519;

'**Competitive Entity**' means any firm, person or body corporate (or a Related Body Corporate of that body corporate), other than a Subsidiary of the Company, which carries on the business of life insurance, banking, merchant banking, professional superannuation management for external clients or professional funds management for external clients;

'**Constitution**' means the constitution of the Company as amended from time to time;

Inserted 15.05.2003

'***Corporations Act***' means the *Corporations Act 2001* (Commonwealth);

Inserted 15.05.2003

'***Corporations Regulations***' means the *Corporations Regulations 2001* (Commonwealth);

'**Deferred Shares**' means One Cent Deferred Shares or Twenty Percent Deferred Shares;

'**Director**' means a person appointed to and acting in the position of a director of the Company;

'**Directors**' means all or some of the Directors acting as a board;

'**Dividend**' includes bonus;

'**Exchange**' means Australian Stock Exchange Limited and includes any body corporate succeeding to all or most of the powers, functions and duties of Australian Stock Exchange Limited;

'**Executive Director**' means a person appointed or holding office as an executive director under **clause 81.1**;

'**Issuer Sponsored Holding**' has the same meaning as in the SCH Business Rules;

'**Listing Rules**' means the Listing Rules of the Exchange in force from time to time as they apply to the Company (including any waiver of those Listing Rules and any condition to be complied with in relation to a waiver);

'**Managing Director**' means a Director appointed as managing director under **clause 81.1**;

Amended 15.05.2003

'**Marketable Parcel**' has the same meaning as in the business rules of the Exchange in force from time to time;

'**Member**' means a person whose name is entered for the time being on the Register as the holder of one or more Shares;

'**Non-Executive Director**' means a Director who is not an Executive Director;

'**Non-Marketable Parcel**' means a parcel of securities which is less than a Marketable Parcel;

'**Office**' means the Company's registered office;

'**One Cent Deferred Shares**' means Shares with the rights, privileges and conditions set out in **clause 2A.1;**

Inserted 15.05.2003

'**Operating Rules**', in relation to a Prescribed CS Facility, means the operating rules of that Prescribed CS Facility, within the meaning of Chapter 7 of the *Corporations Act*;

'**paid up**' includes credited as paid up;

Inserted 15.05.2003

'**Prescribed CS Facility**' has the same meaning as in Chapter 7 of the *Corporations Act*;

'**Proceedings**' means any proceedings, whether civil or criminal, being proceedings in which it is alleged that the person has done or omitted to do some act, matter or thing in the person's capacity as such as an officer of the Company or in the course of acting in connection with the affairs of the Company or, in relation to **clauses 67.7** and **68.2** a

related body corporate of the Company, or otherwise arising out of the officer's holding such office (including proceedings alleging that the person was guilty of negligence, default, breach of trust or breach of duty in relation to the Company or a related body corporate of the Company);

Inserted 15.05.2003

'**Proper ASTC transfer**' has the same meaning as in the *Corporations Regulations*;

Deleted 15.05.2003

[Definition of 'Proper SCH transfer' deleted]

'**Quotation Date**' means 15 June 1998, such date being the date that the Shares were first quoted on the stock market of the Exchange;

'**Register**' means the register of Members of the Company;

'**Registered Address**' means the address of a Member as noted in the Register;

Amended 15.05.2003

'**Related Body Corporate**' has the same meaning as in the *Corporations Act*;

Amended 15.05.2003

'**Representative**' means a person authorised by a Member to act as its representative under **clause 58.1** or in accordance with the *Corporations Act*;

'**Restricted securities**' has the same meaning as in the Listing Rules;

'**Restriction agreement**' has the same meaning as in the Listing Rules;

Amended 15.05.2003

'**SCH Business Rules**' means the Operating Rules of ASTC in force from time to time;

Deleted 15.05.2003

[Definition of 'SCH participant' deleted]

Deleted 15.05.2003

[Definition of 'SCH-regulated transfer' deleted]

'**Seal**' means the Company's common seal (if any);

'**Secretary**' means any person appointed by the Directors to perform any of the duties of a secretary of the Company and where appropriate, includes an assistant or deputy secretary;

'**Shares**' means shares in the share capital of the Company;

Amended 15.03.2003

'**Subsidiary**' has the same meaning as in the *Corporations Act*;

'**Twenty Percent Deferred Shares**' means Shares with the rights, privileges and conditions set out in **clause 2A.2**;

Amended 15.05.2003

'**Uncertificated Holding**' means a holding of Shares in uncertificated mode in accordance with the Listing Rules and the Operating Rules of a Prescribed CS Facility (including the SCH Business Rules), if they are applicable, being a holding which is not held on any certificated sub-register maintained by or on behalf of the Company.

1.2 **[No Clause]**

Amended 15.05.2003

1.3 A reference to the *Corporations Act* is a reference to the *Corporations Act* as modified, amended or re-enacted from time to time.

1.4 Unless the context otherwise requires:

(a) headings are for ease of reference only and do not affect the construction of this Constitution; and

(b) words denoting individuals or persons include bodies corporate and vice versa.

Amended 15.05.2003

1.5 Unless the contrary intention appears in this Constitution, an expression in a clause of this Constitution has the same meaning as in the *Corporations Act*. Where the expression has more than one meaning in the *Corporations Act* and a provision of the *Corporations Act* deals with the same matter as a clause of this Constitution, that expression has the same meaning as in that provision.

1.6 Other grammatical forms of defined words or expressions have corresponding meanings.

Amended 15.05.2003

1.7 The provisions of the *Corporations Act* that apply to certain companies as replaceable rules are displaced by this Constitution in their entirety and do not apply to the Company.

Amended 15.05.2003

1.8 For the purposes of this Constitution, if the provisions of:

(a) the *Corporations Act* and the Listing Rules;

(b) the *Corporations Act* and the Operating Rules of a Prescribed CS Facility (including the SCH Business Rules), if they are applicable;

(c) the *Corporations Act* and this Constitution,

conflict on the same matter, the provisions of the *Corporations Act* prevail.

2. RIGHTS ATTACHING TO SUBSCRIBER SHARES

[No Clause]

2A. RIGHTS ATTACHING TO DEFERRED SHARES

2A.1 Each One Cent Deferred Share:

(a) carries the right to attend but not vote at any general meeting of the Company;

(b) carries no Dividend rights; and

(c) in a winding up:

(i) attracts the right to repayment of $0.01 and has no right to the repayment of any further amount paid on the Share; and

(ii) has no right to participate in the distribution of the surplus assets (if any) of the Company.

2A.2 Each Twenty Percent Deferred Share:

(a) carries the right to attend and vote at general meetings of the Company and, on a poll, a vote equal to 20% of the vote of an ordinary Share;

(b) carries the right to receive Dividends equal to 20% of those declared on each ordinary Share; and

(c) in a winding up:

(i) attracts the right to repayment of capital as if each Twenty Percent Deferred Share was 20% of an ordinary Share but has no right to the repayment of any further amount paid on the Share; and

(ii) attracts the right to participate in the distribution of the surplus assets (if any) of the Company as if each Twenty Percent Deferred Share was 20% of an ordinary Share.

2A.3 Neither One Cent Deferred Shares nor Twenty Percent Deferred Shares may be issued or allotted by the Directors. Shares of those classes may, however, be created by conversion under **clauses 3.2** to **3.9**.

2A.4 If there are no One Cent Deferred Shares or Twenty Percent Deferred Shares on issue at the Relevant Date, **clause 2A** (other than this **clause 2A.4**) and **clauses 3.2** to **3.9** shall cease to be of any force or effect.

2A.5 If there are any One Cent Deferred Shares or Twenty Percent Deferred Shares on issue at the Relevant Date, **clauses 3.2** to **3.7** and **clause 3.9** shall cease to be of any force or effect.

2A.6 In this **clause 2A**, 'Relevant Date' means the end of the Verification Period as defined in the Deed dated 19 November 1997 (as amended from time to time) establishing the AMP Foundation and to which the Company is a party.

3. RIGHTS ATTACHING TO ORDINARY SHARES

3.1 Subject to this Constitution and to the terms of issue of Shares, all Shares attract the following rights, privileges and conditions:

(a) the right to receive notice of and to attend and vote at all general meetings of the Company;

(a) the right to receive Dividends;

(b) the right in a winding up to participate equally in the distribution of the assets of the Company (both capital and surplus), subject only to any amounts unpaid on the Share.

3.2 Subject to the Directors being of the opinion referred to in **clause 3.6**, any Member holding ordinary Shares may request the Company to convert some or all of the ordinary Shares held by the Member into Deferred Shares.

3.3 A request under **clause 3.2** must:

(a) be in writing;

(b) identify the ordinary Shares to be converted into Deferred Shares;

(c) specify whether the ordinary Shares are to be converted into One Cent Deferred Shares or Twenty Percent Deferred Shares; and

(d) be executed by or on behalf of the Member holding the Shares to be converted.

3.4 A request may also specify a date and time at which the conversion is to take effect.

3.5 **No Clause]**

3.6 No later than the second meeting of Directors after receipt of a request under **clause 3.2**, but only if the Directors are of the opinion that the conversion will result in a material benefit being received by all the holders of ordinary Shares, the Directors must resolve to convert the ordinary Shares specified in the request into Deferred Shares under this clause. The conversion takes effect at the later of the time of the resolution and any date and time specified in the request under **clause 3.4**.

3.7 A request under **clause 3.2** can only be withdrawn with the consent of the Directors.

3.8 For the avoidance of doubt, once ordinary Shares are converted into Deferred Shares under this clause, the holder of the Shares may not request that the Shares be reconverted into ordinary Shares.

3.9 The Company must notify the Exchange of its intention to convert ordinary Shares into Deferred Shares at least 5 Business Days prior to the Directors resolving to convert any ordinary Shares.

4. ISSUE OF SHARES

Amended 15.05.2003

4.1 Subject to the *Corporations Act*, the Listing Rules and this Constitution, the Directors may issue and allot, or dispose of, Shares to persons:

(a) on terms determined by the Directors;

(b) at such issue price as they think fit; and

(c) at such times as they think fit.

4.2 The Directors' power under **clause 4.1** includes the power to:

(a) grant options over unissued Shares;

(b) issue and allot Shares with:

(i) any preferential, deferred or special rights, privileges or conditions; or

(ii) any restrictions in regard to Dividend, voting, return of capital or otherwise;

(c) issue and allot preference Shares that are, or at the option of the Company are to be, liable to be redeemed; and

(d) issue and allot bonus Shares for whose issue no consideration is payable to the Company.

Inserted 15.05.2003

4.3 The Directors may issue preference Shares under **clause 4.1** if those preference Shares are issued on terms that include the terms and are subject to the conditions set out in **Schedule 1** to this Constitution.

5. ISSUE OF SHARES ON DEMUTUALISATION

[No Clause]

6. COMMISSION AND BROKERAGE IN RESPECT OF SHARES

Amended 15.05.2003

6.1 The Directors may exercise the power conferred by the *Corporations Act* to make payments by way of brokerage or commission in respect of subscriptions for Shares.

6.2 Payments in accordance with this clause may be made in cash, by the issue and allotment of Shares, or the issue of debentures, or by a combination of any of those methods.

7. TRUSTS NOT RECOGNISED

Amended 15.05.2003

7.1 Except as required by law, the Operating Rules of a Prescribed CS Facility (including the SCH Business Rules), if they are applicable, or as otherwise provided by this Constitution, the Company will not recognise any person as holding a Share on trust and the Company will not be bound to recognise any equitable, contingent, future or partial interest or any other right in respect of a Share except the registered holder's absolute right of ownership.

7.2 This **clause 7** applies even if the Company has notice of the relevant trust, interest or right.

8. JOINT HOLDERS OF SHARES

8.1 If two or more persons are registered as the holders of a Share, they are taken to hold the Share as joint tenants with benefit of survivorship and the person whose name appears first on the Register is the only joint holder entitled to receive notices from the Company.

8.2 Any one of the joint holders of a Share may give an effective receipt for any Dividend or return of capital payable to the joint holders.

8.3 Except in the case of shareholdings approved by the Directors, the Company is entitled to:

(a) regard the three joint holders of a shareholding appearing first on the Register as the registered holders of that shareholding to the exclusion of any other holders;

(b) cancel the registration of any holder on the Register of a shareholding which appears after the first three holders for that shareholding; and

(c) disregard the entitlement of any person to be registered on the Register as a holder if the name of the person would appear on the Register after the first three holders for that shareholding.

9. SHARE CERTIFICATES

9.1 **[No Clause]**

Amended 15.05.2003

9.2 Subject to the *Corporations Act*:

(a) the Board may in its absolute discretion decide to issue or not to issue a certificate to a member for all Shares registered in the Member's name; and

(b) no Member is entitled to receive a certificate for Shares.

9.3 **[No Clause]**

Amended 15.05.2003

9.4 Any certificate for Shares must be issued and despatched in accordance with the *Corporations Act*, the Operating Rules of a Prescribed CS Facility (including the SCH Business Rules), if they are applicable, and the Listing Rules.

Amended 15.05.2003

9.5 Subject to the Listing Rules and Operating Rules of a Prescribed CS Facility (including the SCH Business Rules), if they are applicable, the Company may elect not to maintain a certificated subregister and that all Shares or any class of Shares may only be held as Uncertificated Holdings.

9.6 The Directors may order worn out or defaced certificates to be cancelled and, if necessary, replaced by new certificates.

10. VARIATION OF CLASS RIGHTS

10.1 The rights attached to any class of Shares may, unless their terms of issue state otherwise, be varied:

(a) with the written consent of the holders of 75% of the Shares of the class; or

(b) with the sanction of a special resolution passed at a separate meeting of the holders of Shares of the class.

10.2 The provisions of the Constitution relating to general meetings apply, with necessary changes, to separate class meetings as if they were general meetings except that:

(a) a quorum is two persons holding or representing by proxy, attorney or Representative, at least one-third of the issued Shares of the class or, if there is one holder of Shares in a class, that person; and

(b) any holder of Shares of the class present in person or by proxy, attorney or Representative, may demand a poll.

10.3 The rights conferred on the holders of Shares which are not ordinary shares and which have preferential or other special rights will, unless otherwise expressly provided by their respective terms of issue, be taken to be varied or abrogated by:

(a) the issue of Shares; or

(b) the conversion of securities into new Shares,

which rank equally with or in priority to those Shares.

11. NON-MARKETABLE PARCELS OF SHARES

11.1 If at any time the number of Shares registered in the name of a Member is less than a Marketable Parcel (such Member for the purposes of this **clause 11** being referred to as an '**Eligible Member**'), the Directors may invoke the procedure for the sale of those Shares set out in this **clause 11** ('**Procedure**').

11.2 At the time the Procedure is invoked, a notice prepared in accordance with **clauses 11.3** and **11.4** ('**Notice**') must be despatched to each and every Eligible Member.

11.3 The Notice must state that the Shares referred to in the Notice will be liable to be sold unless, by a specified date not less than six weeks after the date of the Notice ('**Relevant Date**'), the Eligible Member advises the Company that the provisions of **clause 11** are not to apply to the Shares.

11.4 Where the Shares referred to in the Notice are held in a CHESS Holding, the Notice shall state that the Company may move these Shares from the CHESS Holding to an Issuer Sponsored Holding or a Certificated Holding at any time after the Relevant Date.

11.5 Within 21 days after the Notice is despatched, notice of the intention of the Directors to sell Non-Marketable Parcels held by Eligible Members in accordance with the provisions of this clause must be published in a newspaper circulating generally throughout Australia and, if Shares are listed on any stock exchange outside Australia, in a newspaper circulating generally in the jurisdiction in which that stock exchange is located.

11.6 Every Eligible Member to whom a Notice has been despatched may by notice in writing addressed to the Secretary and delivered to the Office before the Relevant Date require the Company not to sell that Member's Shares in accordance with this clause in which event no sale of that Member's Shares will take place.

11.7 If the Eligible Member does not advise the Company by the Relevant Date that the provisions of this clause are not to apply to the Shares referred to in the Notice, any of those Shares which are held as at the Relevant Date may be:

(a) if held in a CHESS Holding, converted to an Issuer Sponsored Holding or a Certificated Holding; and

(b) sold by the Company.

11.8 Any Shares to be sold pursuant to this clause may be sold on-market or by private treaty or other means on the terms, in the manner and at the time determined by the Directors and for the purposes of a sale pursuant to this clause the Member:

(a) appoints the Company the Member's agent for sale;

(b) authorises the Company to effect on the Member's behalf a transfer of the Shares so sold;

(c) appoints the Company and its Directors from time to time jointly and severally as the Member's attorneys in the Member's name and on the Member's behalf to execute any instrument or take any other steps as they or any of them may consider appropriate to transfer Shares so sold.

11.9 The transferee will not be bound to see to the regularity of proceedings or to the application of the purchase money and after the transferee's name has been entered in the Register in respect of the Shares acquired pursuant to this clause, the validity of the sale will not be impeached by any person.

11.10 The title of the transferee to Shares acquired pursuant to this clause is not affected by any irregularity or invalidity in connection with the sale of Shares to the transferee.

11.11 The Company will receive the consideration (if any) given on any sale of Shares pursuant to this **clause 11**.

11.12 (a) The proceeds received by the Company in respect of all Shares sold pursuant to this clause ('**Sale Consideration**') will be paid into a bank account opened and maintained by the Company for the purposes of this clause.

(b) The Company will hold the Sale Consideration in trust for the Member whose Shares are sold pursuant to this clause and will forthwith notify the Member in writing that the Sale Consideration in respect of the Member's Shares has been received by the Company and is being held by the Company pending instructions from the Member as to how it is to be dealt with.

(c) After the Company receives any certificate for the Shares sold, the Sale Consideration less any unpaid calls and interest will be paid to the relevant Member or as that Member may direct.

Amended 15.05.2003

11.13 The purchaser or, subject to the *Corporations Act*, the Company will bear all costs, including brokerage and stamp duty, associated with the sale of any Shares pursuant to this clause.

11.14 Subject to **clause 11.15**, the Procedure may only be invoked once in any 12 month period.

11.15 If the Procedure has been invoked and there is an announcement of a takeover offer or takeover announcement for Shares, no more sales of Shares may be made pursuant to this **clause 11** until after the close of the offers made under the takeover offer or takeover announcement. The Procedure may then be invoked again.

12. CALLS

12.1 Subject to the terms on which partly paid Shares are issued, the Directors may make calls on the holders of the Shares for any money unpaid on them.

12.2 A call is made when the resolution of the Directors authorising it is passed. Subject to the Listing Rules, the Directors may require it to be paid by instalments, and may revoke or postpone the call after it has been made.

12.3 The Company must comply with the Listing Rules in relation to the dispatch and content of notices to Members on whom a call is made.

12.4 A Member to whom notice of a call is given in accordance with this **clause 12** must pay to the Company the amount called in accordance with the notice.

12.5 Failure to send a notice of a call to any Member or the non-receipt of a notice by any Member does not invalidate the call.

12.6 Joint holders of Shares are jointly and severally liable to pay all calls in respect of their Shares.

13. INSTALMENTS AND AMOUNTS WHICH BECOME PAYABLE

13.1 This **clause 13** applies where:

(a) the Directors require a call to be payable by instalments; or

(b) an amount becomes payable by the terms of issue of Shares upon allotment or issue, or at a time or in circumstances specified in the terms of issue.

13.2 Where this **clause 13** applies:

(a) the amount is payable as if it were a call made by the Directors and as if they had given notice of it; and

(b) the consequences of late payment or non-payment of the amount are the same as the consequences of late payment or non-payment of a call.

14. INTEREST AND EXPENSES IN RESPECT OF CALLS

If an amount called is not paid on or before the due date, the person liable to pay the amount must also pay:

(a) interest on the amount from the due date to the time of actual payment at a rate determined by the Directors (not exceeding 20% per annum); and

(b) all expenses incurred by the Company as a consequence of the non-payment,

but the Directors may waive payment of the interest and expenses in whole or in part.

15. RECOVERY OF AMOUNTS DUE IN RESPECT OF CALLS

On the hearing of any action for the recovery of money due for any call, proof that:

(a) the name of the person sued was, when the call was made, entered in the Register as a holder or the holder of Shares in respect of which the call was made;

(b) the resolution making the call is duly recorded in the Directors' minute book; and

(c) notice of the call was given to the person sued,

will be conclusive evidence of the debt.

16. DIFFERENTIATION

The Directors may, on the issue of Shares, differentiate between the holders as to the amount of calls to be paid and the times of payment.

17. PAYMENT OF CALLS IN ADVANCE

17.1 The Directors may accept from a Member the whole or part of the amount unpaid on a Share before the amount accepted has been called.

17.2 The Company may:

(a) pay interest on any amount accepted, until the amount is payable under a call, at a rate (not exceeding 20% per annum) agreed between the Member and the Directors; and

(b) subject to any contract between the Company and the Member, repay all or any of the amount accepted in excess of the amount called on the Share.

17.3 Payment of an amount in advance of a call does not entitle the paying Member to any Dividend, benefit or advantage, other than the payment of interest under this **clause 17**, to which the Member would not have been entitled if it had paid the amount when it became due.

18. LIEN

18.1 To the extent permitted by the Listing Rules, the Company has a first and paramount lien on every partly paid Share for all money:

(a) due and unpaid to the Company at a fixed time, in respect of the Share;

(b) presently payable by a holder or the holder of the Share, or the holder's estate, to the Company in respect of the Share; or

(c) which the Company is required by law to pay (and has paid) in respect of the Share.

18.2 If any law for the time being of any country purports to impose an immediate or contingent liability upon the Company to make any payment or authorises a taxing authority or Government official to require the Company to make payment in respect of Shares or Dividends or other moneys accruing due to the Member who holds the Shares:

(a) the Member indemnifies the Company in respect of any such payment or liability; and

(b) subject to the Listing Rules, the Company:

(i) has a lien on the Shares and Dividends and other moneys payable in respect of the Shares, whether the Shares are held by the Member solely or jointly with another person, in respect of any payment made or liability incurred by the Company, together with reasonable interest on any payment made by the Company at a rate to be fixed by the Directors not exceeding 20% per annum from the date of payment by the Company to the date of repayment by the Member;

(ii) may set off amounts so paid by the Company against amounts payable by the Company to the Member as Dividends or otherwise;

(iii) may recover as a debt due from the Member or the Member's legal personal representative the amount of all payments made by the Company together with interest at the rate and for the period previously mentioned.

Amended 15.05.2003

18.3 The Company may do all things which the Directors think is necessary or appropriate to do under the Operating Rules of a Prescribed CS Facility (including the SCH Business Rules), if they are applicable, and the Listing Rules to enforce or protect the Company's lien.

18.4 The Company's lien extends to all Dividends payable in respect of the Share.

18.5 Unless the Directors determine otherwise, the registration of a transfer of a Share operates as a waiver of the Company's lien on the Share.

18.6 The Directors may declare a Share to be wholly or partly exempt from a lien.

19. LIEN SALE

If:

(a) the Company has a lien on a Share for money presently payable; and

(b) the Company has given the Member who holds the Share written notice demanding payment of the money,

then 14 or more days after giving the notice, the Directors may, subject to the Listing Rules, sell the Share in any manner determined by them.

20. FORFEITURE NOTICE

20.1 The Directors may at any time after a call or instalment becomes payable and remains unpaid by a Member, serve a notice on the Member requiring the Member to pay:

(a) the unpaid amount;

(b) any interest that has accrued; and

(c) all expenses incurred by the Company as a consequence of the non-payment.

20.2 The notice under **clause 20.1** must:

(a) specify a day (not earlier than 14 days after the date of the notice) on or before which the payment required by the notice must be made; and

(b) state that if a Member does not comply with the notice, the Shares in respect of which the call was made or instalment is payable will be liable to be forfeited.

21. FORFEITURE

21.1 If a Member does not comply with a notice served under **clause 20**, then any or all of the Shares in respect of which the notice was given may be forfeited pursuant to a resolution of the Directors.

21.2 Unpaid Dividends in respect of forfeited Shares will also be forfeited.

21.3 On forfeiture, Shares become the property of the Company and forfeited Shares must be:

(a) offered by public auction in accordance with any requirements of the Listing Rules;

(b) otherwise sold or disposed of; or

(c) cancelled (subject to the Listing Rules) on terms determined by the Directors.

21.4 The Directors may, at any time before a forfeited Share is sold, disposed of or cancelled, annul the forfeiture of the Share on conditions determined by them.

21.5 Promptly after a Share has been forfeited:

(a) notice of the forfeiture must be given to the Member in whose name the Share was registered immediately before its forfeiture; and

(b) the forfeiture and its date must be noted in the Register.

21.6 Omission or neglect to give notice of or to note the forfeiture as specified in **clause 21.5** will not invalidate a forfeiture.

22. LIABILITY OF FORMER MEMBER

22.1 The interest of a person who held Shares which are forfeited is extinguished but, subject to the Listing Rules, the former Member remains liable to pay:

(a) all money (including interest and expenses) that was payable by the Member to the Company at the date of forfeiture in respect of the forfeited Shares; and

(b) interest from the date of forfeiture until payment at a rate determined by the Directors (not exceeding 20% per annum).

22.2 A former Member's liability to the Company ceases if and when the Company receives payment in full of all money (including interest and expenses) payable by the person in respect of the Shares. Such liability may only be released or waived in accordance with the Listing Rules.

23. DISPOSAL OF FORFEITED SHARES

23.1 The Company may:

(a) receive the consideration (if any) given for a forfeited Share on any sale or disposition of the Share; and

(b) effect a transfer of the Share in favour of a person to whom the Share is sold or disposed of.

23.2 The purchaser of the Share:

(a) is not bound to check the regularity of the sale or the application of the purchase price;

(b) obtains title to the Share despite any irregularity in the sale; and

(c) will not be subject to complaint or remedy by the former holder of the Share in respect of the purchase.

23.3 A statement signed by a Director and the Secretary that the Share has been regularly forfeited and sold or re-allotted or re-issued, or regularly sold without forfeiture to enforce a lien, is conclusive evidence of the matters stated as against all persons claiming to be entitled to the Share.

23.4 The net proceeds of any sale made to enforce a lien or on forfeiture must be applied by the Company in the following order:

(a) in payment of the costs of the sale;

(b) in payment of all amounts secured by the lien or all money that was payable in respect of the forfeited Share;

(c) in payment of any tax liability incurred by the Company on disposal of the forfeited Share; and

(d) in payment of any surplus to the former Member whose Share was sold.

24. TRANSFER OF SHARES

24.1 Subject to this Constitution, a Member may transfer Shares held by that Member.

24.2 Subject to **clause 24.3**, Shares may be transferred by:

(a) a written transfer instrument in any usual or common form; or

(b) any other form approved by the Directors.

Amended 15.05.2003

24.3 (a) The Company may participate in any computerised or electronic system for market settlement, securities transfer and registration conducted in accordance with the *Corporations Act*, the Listing Rules and the Operating Rules of a Prescribed CS Facility (including the SCH Business Rules), if they are applicable, or corresponding laws or securities exchange rules in any other country.

(b) If the Company participates in a system of the kind described in paragraph (a), then despite any other provision of this Constitution:

Amended 15.05.2003

(i) Shares may be transferred, and transfers may be registered, in any manner required or permitted by the Listing Rules or the SCH Business Rules or the Operating Rules of any other Prescribed CS Facility (or the corresponding laws or securities exchange rules in any other country) applying in relation to the system; and

(ii) the Company must comply with and give effect to those rules.

24.4 A written transfer instrument must be:

Amended 15.05.2003

(a) executed by the transferor or (where the *Corporations Act* permits) stamped by the transferor's broker;

Amended 15.05.2003

(b) unless the Directors decide otherwise in the case of a fully paid Share, executed by the transferee or (where the *Corporations Act* permits) stamped by the transferee's broker; and

(c) in the case of a transfer of partly paid Shares, endorsed or accompanied by an instrument executed by the transferee or by the transferee's broker to the effect that the transferee agrees to accept the Shares subject to the terms and conditions on which the transferor held them, to become a Member and to be bound by the Constitution.

Amended 15.05.2003

Subject to the *Corporations Act*, the written transfer instrument may comprise two documents.

Amended 15.05.2003

24.5 Except as required by the Operating Rules of a Prescribed CS Facility (including the SCH Business Rules), if they are applicable:

(a) a transferor of Shares remains the holder of the Shares transferred until the transfer is registered and the name of the transferee is entered in the Register in respect of the Shares;

(b) a transfer of Shares does not pass the right to any Dividends declared or authorised on the Shares until such registration.

25. PROHIBITION ON CERTAIN ENTITLEMENTS TO SHARES

25.1 Definitions and interpretation

(a) For this purposes of this **clause 25**:

'**Acquire**' has the same meaning as in Chapter 6 of the *Corporations Law*;

'**Act Restriction Period**' means the restriction period defined in section 17 of the Act;

'**Default Share**' has the meaning given by **clause 25.2**, and a Share is a Default Share even if the voting rights attached to the Share are suspended;

'**Dispose**' has the same meaning as in Chapter 6 of the *Corporations Law*, and includes disposal of Shares by means of a buy-back by the Company;

'**Entitled**' has the same meaning as in Chapter 6 of the *Corporations Law*;

'**Prescribed Number**', in relation to any person, means 5% of the total number of Shares;

'**Prohibition Period**' means the period starting on 1 January 1998 and ending at the end of the Restriction Period;

'**Relevant Agreement**' has the same meaning as in the *Corporations Law*;

'**Relevant Default Shares**' means:

(a) those Shares which the Directors determine would, in the Directors' opinion, be sufficient to ensure that, if the Default Shares were Disposed of by the Member or Members who hold them, none of the remaining Shares held by that Member or those Members is a Default Share; and

(b) during the Act Restriction Period, all Default Shares the Voting, Dividend and Winding Up Rights of which are suspended under section 22(1) of the Act;

'Required Notice Period', in relation to a notice, means:

(a) during the Act Restriction Period, the minimum period of notice required under section 23(1) of the Act; and

(b) otherwise, 30 days from the date of the notice;

'Restriction Period' means the period beginning on the Quotation Date and ending five years later;

'Voting, Dividend and Winding Up Rights' means the rights of a Member under this Constitution:

(i) to exercise a vote at any meeting of Members;

(ii) to receive Dividends;

(iii) to receive a distribution out of the property of the Company, whether as a result of winding up or otherwise.

(b) In this **clause 25**:

(i) a reference to a determination or opinion of the Directors is a reference to a determination or opinion, as the case may be, made or formed in accordance with this Constitution; and

(ii) the powers of the Directors conferred by this **clause 25** may be exercised by them in their absolute discretion; and

(iii) the Directors are not obliged to provide to any person any reason or grounds for a determination or opinion.

Amended 15.05.2003

(c) This **clause 25** is to be construed as broadly as possible to give effect to the provisions of **clause 25.2** despite the fact that only the persons referred to in section 140(1) of the *Corporations Act* are directly bound by this Constitution.

Inserted 17.05.2001

(d) Notwithstanding **clause 1.3**, a reference to the *Corporations Law* in **clause 25.1(a)** is a reference to the *Corporations Law* as in force on 1 January 1998.

25.2 Prohibition on entitlement to Shares

(a) Except as provided in this **clause 25**, a person must not Acquire or Dispose of Shares during the Prohibition Period if any person who:

(i) is not Entitled to any Shares in the Company; or

(ii) is Entitled to less than the Prescribed Number of Shares,

would immediately after the Acquisition or Disposal, be Entitled to the Prescribed Number or more than the Prescribed Number of Shares.

(b) Except as provided in this **clause 25**, a person who is Entitled at any time during the Prohibition Period to the Prescribed Number or more than the

Prescribed Number of Shares must immediately cause that entitlement to be reduced to less than the Prescribed Number of Shares.

(ba) Subject to the provisions of Part 3 of the Act, **clause 25.2(a)** has no application to an Acquisition of Shares which arises upon and as a result of the issue of Shares on 1 January 1998.

(c) For the purposes of this **clause 25**, while a person is Entitled, at any time during the Prohibition Period, to the Prescribed Number or more than the Prescribed Number of Shares in circumstances to which **clauses 25.2(a)** and **(b)** apply, each Share to which the person is Entitled is a Default Share.

25.3 Exceptions

(a) **Clause 25.2** does not apply to each of the following:

(i) the Company;

(ii) the Directors, in that capacity; and

(iii) subsidiary of the Company.

(b) The Directors may nominate a person for the purposes of this **clause 25.3** without stipulating a maximum number of Shares for that person. **Clause 25.2** does not apply to a person so nominated.

(c) The Directors may nominate a person for the purposes of this **clause 25.3** and stipulate a maximum number of Shares for that person. **Clause 25.2** applies to a person so nominated as if the Prescribed Number of Shares was the maximum number of Shares stipulated by the Directors.

(d) The Directors may at any time cause a notice to be given to a person nominated under **clause 25.3(b)** or **25.3(c)** revoking the nomination on the expiry of a period specified in the notice. Subject to another nomination under **clause 25.3(b)** or **25.3(c)**, **clause 25.2** applies to the person as from the expiry of the notice as if the nomination had not been made.

(e) Any time after the end of the Act Restriction Period, the Company may by special resolution exclude a Member or Members from the operation of **clause 25.2**.

25.4 Allotment and Issue of New Securities

(a) If:

(i) an allotment and issue of Shares arises from the exercise, conversion or paying up of a quoted security or a quoted right; and

(ii) the allotment and issue might result in a contravention of **clause 25.2**,

the Company may allot and issue the Shares to a nominee selected by it, on terms that require the nominee to arrange for the disposal of the Shares for the benefit of the person to whom the Shares would otherwise be issued.

(b) Nothing in this **clause 25.4** affects the validity of an allotment or issue of Shares that arises from the exercise, conversion or paying up of a quoted security or a quoted right.

25.5 Automatic suspension of rights

(a) The Voting, Dividend and Winding Up Rights attaching to each Relevant Default Share are automatically suspended while the Share is a Relevant Default Share.

Amended 17.05.2001 and 15.05.2003

(b) If it appears from:

(i) a notice received by the Company under Part 6C.1 of the *Corporations Act*; or

(ii) a disclosure in response to a direction given in respect of the Company under Part 6C.2 of the *Corporations Act*; or

(iii) information received by the Company from the Australian Securities and Investments Commission, whether under Part 6C.2 of the *Corporations Act* or otherwise; or

(iv) a declaration or finding by any Court or the Corporations and Securities Panel,

that a person is Entitled to the Prescribed Number or more than the Prescribed Number of Shares, the Shares will be taken to be Default Shares unless the contrary is proved or the Directors otherwise determine.

Amended 17.05.2001 and 15.05.2003

(c) If a direction is given in respect of the Company under Part 6C.2 of the *Corporations Act* and the person to whom the notice is given does not adequately respond to it within the time provided by the *Corporations Act*, the Shares to which the notice relates are taken to be Default Shares unless the contrary is proved or the Directors otherwise determine.

(d) Dividends or distributions otherwise payable in respect of a Relevant Default Share may be retained by the Company without any liability to pay interest. When the Shares cease to be Relevant Default Shares, the amounts retained by the Company must be paid to the person to whom they would have been paid had it not been for suspension under this **25.5**.

(e) If the Voting, Dividend and Winding Up Rights attached to Relevant Default Shares have been suspended under this **clause 25.5**, the Directors must promptly cause a notice to be given to the Member holding the Relevant Default Shares (or if there are two or more Members, to each of them) advising that such suspension has occurred.

(f) Failure to give, or delay in giving, a notice under **clause 25.5(e)** does not invalidate the suspension of Voting, Dividend and Winding Up Rights under this section or the powers of disposal of Default Shares conferred by this **clause 25**.

25.6 Disposal of Default Shares

(a) The Directors may, at any time during the Restriction Period, cause a notice to be given to a Member holding Default Shares (or if there are two or more Members, to each of them) requiring, within the period specified in the notice (being a period of not less than the Required Notice Period), the disposal by the Member or Members of such number of Default Shares as, in the Directors' opinion is sufficient to ensure that, after the disposal of those Shares, none of the remaining Shares held by the Member or Members is a Default Share.

(b) If the requirements of a notice under **clause 25.6(a)** are not complied with, the Company may dispose of the Default Shares specified in the notice, or such lesser number of those Shares as the Directors may determine.

(c) The following provisions apply if Default Shares are or are to be disposed of under **clause 25.6(a)** or **25.6(b)**:

(i) the Directors may determine in respect of a Member, how many Default Shares are to be disposed of;

(ii) the Directors may select the method of disposal of the Default Shares, and may dispose of them in a number of parcels, over a period of time, and otherwise in such manner and on such terms as the Directors may determine;

Amended 17.05.2001 and 15.05.2003

(iii) for the purpose of determining the identity of the Members and the number of Shares required at any time to be disposed of, the Directors may have regard to the latest notices given to the Company under Part 6C.1 of the *Corporations Act* and need not have regard to any changes that may have occurred after the latest of such notices;

(iv) each Member holding Default Shares is taken to have appointed the Company and each of the Directors jointly and severally as the Member's attorney in the Member's name and on the Member's behalf to execute any documents and implement any procedures that may be required to procure the disposal of the Shares (by transfer or otherwise) on behalf of the Member;

(v) the title of the transferee of any Shares disposed of under this **clause 25.6** is not affected by any irregularity or invalidity in connection with the disposal of the Shares to the transferee including, without limitation, the absence of any share certificate;

(vi) the Company may receive and give a good discharge for any payment made for or in connection with the disposal of Default Shares, and must pay to the Members or former Members formerly holding the Default Shares the amount received in respect of the Default Shares, after deducting the whole, or such part as the Directors determine, of the costs and expenses of and incidental to the disposal of the Default Shares.

(d) Neither the Company nor the Directors are bound to see to the application of an amount paid to a Member or former Member under this **clause 25.6**, and that

amount may be paid by cheque posted to the Member or former Member at the address appearing in the Register immediately before the disposal.

26. PROPORTIONAL TAKEOVER SCHEME

[No Clause]

27. TRANSFER PROCEDURE

Amended 15.05.2003

27.1 Subject to **clause 27.2(b)**, for a transfer of Shares that is not an ASTC-regulated transfer:

(a) the written transfer instrument must be left at the Office or another place acceptable to the Company;

(b) the instrument must be accompanied by a certificate for the Shares dealt with in the transfer where a certificate has been issued, unless the Directors waive production of the certificate on receiving satisfactory evidence of the loss or destruction of the certificate; and

(c) the Directors may require other evidence of the transferor's right to transfer the Shares.

Amended 15.05.2003

27.2 Subject to **clause 28.4**:

(a) for a transfer of Shares that is an ASTC-regulated transfer, the transfer must be effected in accordance with the Listing Rules and the SCH Business Rules; and

(b) for a transfer of Shares that is regulated by the Operating Rules of any other Prescribed CS Facility (or by the laws or securities exchange rules in any foreign country that apply to a computerised or electronic system of the kind described in **clause 24.3**), the transfer must be effected in accordance with the Listing Rules and the Operating Rules of that Prescribed CS Facility (or the laws or securities exchange rules in any foreign country), as applicable.

27.3 Subject to the Listing Rules, the Company must not charge a fee for any of the following:

Amended 15.05.2003

(a) registering Proper ASTC transfers or any other transfer in accordance with any computerised or electronic system of the kind described in **clause 24.3**;

(b) registering paper-based transfers in registrable form;

(c) splitting certificates, renunciations and transfer forms;

(d) issuing certificates and transmission receipts;

(e) effecting conversions between sub-registers;

(f) noting transfer forms;

(g) issuing a statement showing the opening balance of the holding on the issuer sponsored sub-register;

(h) issuing a routine transaction statement to a security holder on the issuer sponsored sub-register; and

(i) sending a security holder details of a change to the holding which arises from an issue of securities or an acquisition of rights.

except where the issue of a certificate is to replace a lost or destroyed certificate.

28. RIGHT TO REFUSE REGISTRATION

28.1 Subject to **clause 28.4**, the Directors may in their absolute discretion refuse to register any transfer of Shares or other securities in any circumstances permitted by the Listing Rules.

28.2 Subject to **clause 28.4**, the Directors must:

(a) refuse to register any transfer of Shares or other securities, which are Restricted securities, during the escrow period except as permitted by the Listing Rules or the Exchange; and

(b) refuse to register any transfer where the Company is, or the Directors are, required to do so by the Listing Rules.

28.3 Subject to **clause 28.4**, Restricted securities cannot be disposed of during the escrow period except as permitted by the Listing Rules or the Exchange. The Company will refuse to acknowledge a disposal of Restricted securities (including registering a transfer) except as permitted by the Listing Rules or the Exchange.

Amended 15.05.2003

28.4 Despite **clauses 27.2**, **28.1** and **28.2**, the Company must not refuse or fail to register or give effect to, or delay or in any way interfere with, a Proper ASTC transfer (or any other transfer in accordance with any computerised or electronic system of the kind described in **clause 24.3**) of Shares or other securities.

28.5 If a person has lodged a transfer which the Directors have refused to register, the Company must, within five Business Days after the date of lodgment, give to the lodging person written notice of the refusal and the reasons for it.

29. CLOSURE OF REGISTER

Amended 15.05.2003

Subject to the *Corporations Act*, the Listing Rules and the Operating Rules of a Prescribed CS Facility (including the SCH Business Rules), if they are applicable, the Company may close the transfer books or the Register at any time.

30. TITLE ON DEATH

30.1 The legal personal representative of a deceased Member who was the sole holder of Shares is the only person whom the Company will recognise as having any title to the deceased Member's Shares.

30.2 If a deceased Member was a joint holder of Shares, the other joint holder is, or the other joint holders are, the only person or persons whom the Company will recognise as having any title to the deceased Member's Shares.

30.3 The estate of the deceased Member will not be released from any liability to the Company in respect of the Shares.

30.4 The Company may register or give effect to a transfer to a transferee who dies before the transfer is registered.

31. ENTITLEMENT TO TRANSMISSION

31.1 A person who becomes entitled to a Share in consequence of the death, mental illness or bankruptcy of a Member may, subject to **clause 28** and to producing to the Company evidence of that person's entitlement which is satisfactory to the Directors, elect to:

(a) be registered as the holder of the Share; or

(b) transfer the Share to some other person nominated by that person.

31.2 If the person who has become entitled to a Share:

(a) elects to be registered as the holder, then the person must deliver or send to the Company a written notice of election signed by him or her; or

(b) elects to transfer the Share, then the person must effect a transfer of the Share.

31.3 An election to be registered as a holder of a Share under **clause 31.1(a)** or a transfer of a Share from a Member or deceased Member under this **clause 31** is subject to the same limitations, restrictions and provisions of this Constitution as would apply if the election were a transfer or the transfer were made by the Member or deceased Member himself or herself.

31.4 A person who:

(a) has become entitled to a Share by operation of law; and

(b) has produced evidence of that person's entitlement which is satisfactory to the Directors,

is entitled to the Dividends and other rights of the registered holder of the Share.

31.5 Where two or more persons are jointly entitled to any Share in consequence of the death of the registered holder, they will be considered to be joint holders of the Share.

32. CHANGES TO SHARE CAPITAL

32.1 The Company may convert all or any Shares into a larger or smaller number of Shares by resolution at a general meeting.

Amended 15.05.2003

32.2 For the purpose of giving effect to any conversion of its Shares, the Directors may, subject to the Operating Rules of a Prescribed CS Facility (including the SCH Business Rules), if they are applicable:

(a) issue fractional certificates;

(b) vest any fractions of Shares in trustees on such trusts for the persons entitled to the fractions of Shares as may seem expedient to the Directors;

(c) sell or take other steps, as they consider appropriate, to transfer the Shares representing the fractions for the best price reasonably obtainable to any person and distributing the net proceeds of sale (subject to retention by the Company

of small amounts where the cost of distribution would be disproportionate to the amounts involved) in due proportion among those Members and, for such sale, any Director may execute an instrument of transfer of the Shares to the purchaser; or

(d) take such other action as they think expedient.

Amended 15.05.2003

32.3 In any reduction of share capital under the *Corporations Act* that is an equal reduction, the terms of the reduction may comprise or include the transfer or distribution of specific assets (whether held in the name of the Company or in the name of any wholly owned subsidiary of the Company), including fully paid shares in, or debentures of, any other corporation.

32.4 For the purposes of any transfer or distribution of shares in any other corporation under the terms of an equal reduction as referred to in **clause 32.3**, each holder of Shares:

(a) is deemed to have agreed to become a member of that corporation; and

(b) appoints the Company or any of the Directors as its agent to execute any transfer of shares or other document required to effect the transfer or distribution of shares to that holder of Shares.

33. CAPITAL RAISING

[No Clause]

34. LISTING

[No Clause]

35. SALE OF MAIN UNDERTAKING

[No Clause]

36. POWERS OF ATTORNEY

36.1 If a Member executes or proposes to execute any document or do any act by or through an attorney, that Member must deliver the instrument appointing the attorney to the Company for notation.

36.2 The Company may require the Member to lodge a certified copy of the instrument for retention by the Company, and ask for whatever evidence it thinks appropriate that the power of attorney is effective and continues to be in force.

36.3 Any power of attorney granted by a Member will, as between the Company and the Member who granted the power of attorney:

(a) be taken and deemed to continue and will remain in full force and effect; and

(b) may be acted upon,

unless express notice in writing of its revocation or of the death of the Member who granted it is lodged with the Company.

36.4 Where a Member proposes that an attorney represent the Member at a general meeting or adjourned meeting, the Member must deliver the instrument appointing the attorney to the Company for notation (or a certified copy of the instrument) no later than 48 hours before the meeting or adjourned meeting, together with evidence satisfactory to the Company of its non-revocation.

37. CONVENING GENERAL MEETINGS

37.1 A Director may, at any time, call a general meeting.

Amended 15.05.2003

37.2 The Directors must convene annual general meetings in accordance with the *Corporations Act*, to be held at times to be determined by the Directors.

Amended 15.05.2003

37.3 General meetings may also be requested or called by Members in accordance with the procedures for member-initiated meetings set out in the *Corporations Act*. Members have no right to request or join in requesting a general meeting other than as expressly provided in the *Corporations Act*.

37.4 A general meeting may be held at two or more venues simultaneously using any technology that gives the Members as a whole a reasonable opportunity to participate.

38. NOTICE OF GENERAL MEETINGS

Amended 15.05.2003

38.1 Notice of a general meeting must be given in accordance with the *Corporations Act* to the persons referred to in **clause 102.1**.

38.2 A notice convening a general meeting must:

(a) specify the place, date and time of the meeting (and, if the meeting is to be held in two or more places, the technology that will be used to facilitate this);

(b) state the general nature of the business to be transacted at the meeting;

Amended 15.05.2003

(c) specify particulars of any determination made under regulation 7.11.37 of the *Corporations Regulations*;

(d) specify a place and a facsimile number (and may specify an electronic address), for the receipt of proxy appointments; and

Amended 15.05.2003

(e) comply with any other requirements of the *Corporations Act*.

38.3 An accidental omission to send a notice of a general meeting or the postponement of a general meeting to any Member or the non-receipt of a notice by any Member does not invalidate the proceedings at or any resolution passed at the general meeting.

39. BUSINESS OF GENERAL MEETINGS

39.1 **[No Clause]**

39.2 The business of an annual general meeting will be to:

(a) consider the annual financial report and reports of the Directors and Auditor;

(b) elect Directors and determine the amount of the Directors' remuneration;

(c) where relevant, appoint and fix the remuneration of the Auditor; and

(d) transact any other business which under the Constitution may be transacted at a general meeting.

39.3 (a) The Directors may postpone or cancel any general meeting (other than a meeting convened as the result of a request referred to in **clause 37.3**) at any time prior to the day of the meeting.

(b) The Directors must give notice of the postponement or cancellation to all persons entitled to receive notices from the Company.

39.4 **[No Clause]**

40. MEMBER AT GENERAL MEETINGS

In **clauses 41**, **42**, **45** and **49**, unless otherwise stated, '**Member**' includes a Member present in person or by proxy, attorney or Representative.

41. QUORUM FOR GENERAL MEETINGS

41.1 No business may be transacted at a general meeting unless a quorum of Members is present when the meeting proceeds to business.

41.2 **[No Clause]**

41.3 At any general meeting including any annual general meeting, a quorum of Members is 25 Members present in person.

41.4 If a quorum is not present within 15 minutes after the time appointed for a meeting:

(a) if the meeting was convened by or on the requisition of Members, it is automatically dissolved; or

(b) in any other case:

(i) it will stand adjourned to the same time and place seven days after the meeting, or to another day, time and place determined by the Directors; and

(ii) if at the adjourned meeting a quorum is not present within 30 minutes after the time appointed for the meeting, two Members will be a quorum.

42. CHAIRPERSON OF GENERAL MEETINGS

42.1 The chairperson, or in the chairperson's absence the deputy chairperson, of Directors' meetings will be the chairperson at every general meeting.

42.2 If:

(a) there is no chairperson or deputy chairperson; or

(b) neither the chairperson nor deputy chairperson is present within 15 minutes after the time appointed for holding the meeting; or

(c) the chairperson and deputy chairperson are unwilling to act as chairperson of the meeting,

the Directors present may elect a chairperson.

42.3 If no election is made pursuant to **clause 42.2**, then:

(a) the Members may elect one of the Directors present as chairperson; or

(b) if no Director is present or is willing to take the chair, the Members may elect one of the Members present as chairperson.

43. GENERAL CONDUCT AT GENERAL MEETINGS

43.1 The general conduct of each general meeting of the Company and the procedures to be adopted at the meeting will be determined by the chairperson, including the procedure for the conduct of the election of Directors.

43.2 If there is a dispute at a general meeting about a question of procedure, the chairperson may determine the question and no vote may be taken by the Members on any such determination by the chairperson.

43.3 A director (and an Alternate Director when acting as a Director) is entitled to attend and speak at every general meeting.

44. ADJOURNMENT OF GENERAL MEETINGS

44.1 The chairperson of a meeting at which a quorum is present:

(a) in the chairperson's discretion may adjourn a meeting with the meeting's consent; and

(b) must adjourn a meeting if the meeting directs the chairperson to do so.

44.2 An adjourned meeting may take place at a different venue from the initial meeting.

44.3 The only business that can be transacted at an adjourned meeting is the unfinished business of the initial meeting.

44.4 If a general meeting has been adjourned for more than 42 days, notice of the adjourned meeting must be given to Members as if it were an original meeting, but otherwise it is not necessary to give notice of an adjourned meeting or the business of the adjourned meeting.

44.5 No poll may be demanded on the question of adjournment of a meeting except by the chairperson.

45. DECISIONS OF GENERAL MEETINGS

Amended 15.05.2003

45.1 Subject to the *Corporations Act* in relation to special resolutions, a resolution is carried if a majority of the votes cast on the resolution are in favour of the resolution.

Amended 15.05.2003

45.2 A resolution put to the vote of a meeting is to be decided on a show of hands unless a poll is demanded in accordance with the *Corporations Act*.

Amended 15.05.2003

45.3 A poll may be demanded at the times permitted by the *Corporations Act*.

45.4 Unless a poll is demanded:

(a) a declaration by the chairperson that a resolution has been carried, carried by a specified majority, or lost; and

(b) an entry to that effect in the minutes of the meeting,

are conclusive evidence of the fact without proof of the number or proportion of the votes in favour of or against the resolution.

45.5 The demand for a poll may be withdrawn.

45.6 A decision of a general meeting may not be impeached or invalidated on the ground that a person voting at the meeting was not entitled to do so.

46. TAKING A POLL AT GENERAL MEETINGS

46.1 Subject to **clause 46.5**, a poll will be taken when and in the manner that the chairperson directs.

46.2 The result of the poll will determine whether the resolution on which the poll was demanded is carried or lost.

46.3 The chairperson may determine any dispute about the admission or rejection of a vote, and such determination, if made in good faith, will be final and conclusive.

46.4 No poll may be demanded on the election of the chairperson.

46.5 A poll demanded on the adjournment of a meeting must be taken immediately.

46.6 After a poll has been demanded at a meeting, the meeting may continue for the transaction of business other than the question on which the poll was demanded.

47. CASTING VOTE OF CHAIRPERSON

The chairperson has a casting vote on a show of hands and on a poll in addition to the chairperson's votes as a Member, proxy, attorney or Representative.

48. OFFENSIVE MATERIAL AT GENERAL MEETINGS

The chairperson may refuse a person, whether or not they are a Member, admission to, or require the person to leave and not return to, a meeting if the person:

(a) refuses to permit examination of any article in the person's possession;

(b) is in possession of any:

(i) electronic or recording device;

(ii) placard or banner; or

(iii) other article,

which the chairperson considers to be dangerous, offensive or liable to cause disruption; or

(c) causes any disruption to the meeting.

49. MEMBERS ENTITLEMENT TO VOTE

49.1 Subject to this Constitution and to any rights or restrictions attaching to any class of Shares:

(a) every Member may vote;

Amended 15.05.2003

(b) subject to **clause 53.3** and to the *Corporations Act*, on a show of hands every Member has one vote;

(c) on a poll every Member has:

(i) for each fully paid Share held by the Member, one vote; and

(ii) for each partly paid Share held by the Member, a fraction of a vote equivalent to the proportion which the amount paid (not credited) is of the total amounts paid and payable (excluding amounts credited) on the Share.

49.2 An amount paid on a Share in advance of a call is not to be taken as paid for the purposes of **clause 49.1**.

49.3 During a breach of the Listing Rules relating to Shares which are Restricted securities, or a breach of a Restriction agreement, the holder of the relevant Restricted securities is not entitled to any voting rights in respect of those Restricted securities.

50. UNPAID CALLS OF MEMBERS

A Member is entitled to:

(a) vote; or

(b) be counted in a quorum,

only in respect of Shares on which all calls due and payable have been paid.

51. JOINT HOLDERS VOTES

If two or more joint holders purport to vote, the vote of the joint holder whose name appears first in the Register will be accepted, to the exclusion of the other joint holder or holders.

52. OBJECTIONS AND LISTING RULES

52.1 An objection to the qualification of a voter may only be raised at the meeting or adjourned meeting at which the voter cast its vote.

52.2 An objection must be referred to the chairperson of the meeting, whose decision is final.

52.3 Subject to **clause 52.4**, a vote which the chairperson does not disallow pursuant to an objection is valid for all purposes.

52.4 A vote which the Listing Rules require the Company to disregard is not valid.

53. VOTES BY PROXY

53.1 A Member who is entitled to attend and cast a vote at a general meeting of the Company may appoint not more than two other persons as that Member's proxy or proxies to attend and vote at the meeting on that Member's behalf.

53.2 If a Member appoints one proxy, that proxy may vote on a show of hands.

53.3 If a Member appoints two proxies neither proxy may vote on a show of hands.

53.4 A proxy may demand or join in demanding a poll.

53.5 If a Member is present at any general meeting for which it has validly appointed a proxy to attend and vote for the Member:

(a) the proxy's authority to speak for the Member is suspended while the Member is present; and

(b) the proxy's authority to vote for the Member on any resolution is not suspended while the Member is present but is revoked by the Member voting in person on that resolution.

53.6 A proxy may vote or abstain as he or she chooses except to the extent that an appointment of the proxy indicates the manner in which the proxy will vote on any resolution. The proxy must vote or abstain on a poll or show of hands in accordance with any instructions on the appointment.

54. INSTRUMENT APPOINTING PROXY

54.1 A natural person may appoint one proxy or, if the person is entitled to more than one vote, two proxies by a written appointment signed by the appointor or the appointor's attorney. The appointment may specify the proportion or number of votes that the proxy may exercise.

Amended 15.05.2003

54.2 A corporation may appoint one proxy or, if the corporation is entitled to more than one vote, two proxies by a written appointment executed in accordance with the *Corporations Act* or signed by a director, secretary or attorney of the appointor. The appointment may specify the proportion or number of votes that the proxy may exercise.

54.3 A proxy need not be a Member.

54.4 If a Member appoints two proxies and the appointment does not specify the proportion or number of the Member's votes each proxy may exercise, each proxy may exercise half of the Member's votes.

54.5 The Directors may approve a form of appointment of proxy from time to time.

Inserted 18.05.2000

54.6 For the purposes of **clauses 54.1** and **54.2**, a proxy appointment received at an electronic address specified in the notice of meeting for the receipt of proxy appointments will be taken to have been signed if the appointment:

(a) includes or is accompanied by a personal identification code allocated by the Company to the Member making the appointment; or

(b) has been authorised by the Member in another manner approved by the Directors and specified in or with the notice of meeting.

54.7 A proxy's appointment is valid at an adjourned meeting.

55. PROXY IN BLANK

If an instrument of proxy is signed by the member but does not name the proxy or proxies in whose favour it is given, the chairperson may either act as proxy or complete the instrument of proxy by inserting the name or names of one or more Directors or the Secretary.

56. LODGMENT OF PROXY

56.1 Subject to **clause 56.3**, the written appointment of a proxy or attorney must be received by the Company not less than 48 hours (unless otherwise specified in the notice of meeting to which the proxy relates) before:

(a) the time for holding the meeting or adjourned meeting at which the appointee proposes to vote; or

(b) the taking of a poll on which the appointee proposes to vote.

56.2 If the appointment purports to be executed under a power of attorney or other authority, the original document or a certified copy of it must be deposited with the Company.

56.3 A written appointment of a proxy or attorney is taken to have been received by the Company as required by **clause 56.1** if it is received at any of the following:

(a) the Office;

(b) a facsimile number at the Office; or

(c) a place, facsimile number or electronic address specified for the purpose in the notice of meeting.

57. VALIDITY OF VOTES

A vote cast in accordance with an appointment of proxy or power of attorney is valid even if before the vote was cast the appointor:

(a) died;

(b) became mentally incapacitated;

(c) revoked the proxy or power; or

(d) transferred the Shares in respect of which the vote was cast,

unless any written notification of the death, mental incapacity, revocation or transfer was received at the Office before the relevant meeting or adjourned meeting.

58. REPRESENTATIVES OF CORPORATIONS

58.1 Any Member which is a corporation may authorise an individual to act as its representative at any general meeting of the Company or any class of Members.

58.2 The chairperson of a general meeting may permit a person claiming to be a Representative to exercise the powers of a Representative even if the person has not produced satisfactory evidence of the person's appointment, or may allow the Representative to vote on the condition that the person subsequently establishes to the satisfaction of the chairperson of the general meeting the person's status as a Representative within a period prescribed by the chairperson of the general meeting.

59. NUMBER OF DIRECTORS AND INITIAL DIRECTORS

There will be:

(a) a minimum of three Directors; and

(b) a maximum of sixteen Directors.

60. QUALIFICATION OF DIRECTORS

Amended 17.05.2001 60.1 Subject to **clauses 60.2** to **60.5**, any person is eligible to hold the office of Director.

60.2 Except where the Directors otherwise determine, a person is not eligible, or will cease to be eligible, to hold the office of Director if the person is, or becomes, a director, principal, auditor, employee or agent of a Competitive Entity.

60.3 **[No Clause]**

Deleted 17.05.2001 60.4 **[No Clause]**

Amended 17.05.2001 60.5 A Director will cease to be eligible to hold the office of Director if he or she does not have a Qualification Interest in at least 2,000 Shares at all times after the period of 60 days from the date on which the person was elected or appointed a Director.

Deleted 17.05.2001 60.6 **[No Clause]**

Amended 17.05.2001 60.7 **Clauses 60.2** to **60.5** do not apply to Alternate Directors.

60.8 For the purposes of this **clause 60**, a person has a Qualification Interest in Shares if the person has a beneficial interest in the Shares or if the person holds the Shares in the person's own name.

61. POWER TO APPOINT AND REMOVE DIRECTORS

Amended 15.05.2003 61.1 The Company may, subject to the *Corporations Act*, by resolution passed in general meeting:

(a) remove any Director before the end of the Director's term of office; and

(b) appoint another person in the Director's place.

61.2 A person appointed under **clause 61.1(b)** will hold office for the term for which the Director removed would have held office if the Director had not been removed.

62. ADDITIONAL AND CASUAL DIRECTORS

62.1 Subject to **clause 59**, only the Directors may appoint any person as a Director to fill a casual vacancy or as an addition to the existing Directors.

62.2 A Director appointed under **clause 62.1** before the Quotation Date will hold office until the first annual general meeting of the Company held after the Quotation Date when the Director may be re-elected but will not be taken into account in determining the number of Directors who must retire by rotation.

62.3 A Director appointed under **clause 62.1** after the Quotation Date will hold office until the next annual general meeting of the Company when the Director may be re-elected but will not be taken into account in determining the number of Directors who must retire by rotation.

63. FILLING VACATED OFFICE

63.1 If a Director retires at a general meeting, the Company may by ordinary resolution elect a person to fill the vacated office.

63.2 If the vacated office is not filled and the retiring Director is standing for re-election, the retiring Director will be considered to have been re-elected unless, at the meeting at which the Director retires:

(a) it is resolved not to fill the vacated office; or

(b) a resolution for the re-election of the Director is put and lost.

Amended 15.05.2003

64. RETIREMENT

64.1 Subject to the Listing Rules and **clause 81.8**, at each annual general meeting, one-third of the Directors or, if their number is not a multiple of three, then the number nearest to but not more than one-third of the Directors must retire from office.

64.2 (a) The Directors to retire by rotation at an annual general meeting are those Directors who have been longest in office since their last election or appointment.

(b) Directors elected or appointed on the same day may agree among themselves or determine by lot which of them must retire.

64.3 Subject to **clause 81.8**, a Director must retire from office at the conclusion of the third annual general meeting after the Director was last elected or when the Director has held office for 3 years after the Quotation Date without re-election, whichever is longer, even if the Director's retirement results in more than one-third of all Directors retiring from office.

Inserted 15.05.2003

64.4 A Director (other than an Executive Director) must retire from office at the conclusion of each annual general meeting held during or after the calendar year in which will occur the ninth anniversary of the date on which the Director was first elected or first re-elected as a Director (whichever is the earlier), even if the Director's retirement results in more than one-third of all Directors retiring from office.

Renumbered 15.05.2003

64.5 A retiring Director will be eligible for re-election.

65. NOMINATION OF DIRECTOR

65.1 A person other than a Director retiring by rotation is not eligible for election as a Director at a general meeting unless the person is eligible to hold office as Director under **clause 60** and the person, or a Member who intends to nominate the person, has left at the Office a written notice signed by the person:

(a) giving the person's consent to the nomination;

(b) stating either that the person is a candidate for the office of Director or that the Member intends to nominate the person for election; and

(c) signed by not less than 25 Members.

65.2 A notice given in accordance with **clause 65.1** must be left at the Office not less than 30 Business Days, or any greater maximum number of Business Days applicable to the Company under the Listing Rules, before the relevant general meeting.

66. VACATION OF OFFICE

66.1 The office of a Director immediately becomes vacant if the Director:

Amended 15.05.2003

(a) ceases to be a Director by virtue of the *Corporations Act*;

Amended 15.05.2003

(b) is prohibited by the *Corporations Act* from holding office or continuing as a Director;

Amended 15.05.2003

(c) is prohibited from holding or is removed from the office of Director by an order made under the *Corporations Act*;

(d) becomes bankrupt or makes any general arrangement or composition with the Director's creditors;

(e) becomes mentally incapacitated or a person whose estate is liable to be dealt with in any way under the law relating to mental health;

(f) resigns from the office of Director by notice in writing to the Company;

(g) is removed by a resolution of the Company;

(h) not being engaged abroad on the business of the Company, is absent from Directors' meetings for three consecutive months without leave of absence from the Directors; or

Amended 17.05.2001

(i) ceases to be eligible to hold office as Director under **clause 60.2** or **60.5**.

66.2 A Director who holds any executive office in the Company (including the office of Managing Director) ceases to be a Director when the Director ceases to hold the executive office.

66.3 A person ceasing to be a Director by virtue of the provisions of **clause 66.2** will not thereby be rendered ineligible for appointment or election as a Director under any clause other than **clause 81.**

67. REMUNERATION OF NON-EXECUTIVE DIRECTORS

67.1 Subject to the Listing Rules, the Directors as a whole (other than Executive Directors) may be paid or provided remuneration for their services the total amount or value of which must not exceed the aggregate maximum sum from time to time determined by the Company in general meeting.

67.2 The notice convening a general meeting at which it is proposed that members approve an increase of the aggregate maximum sum must state the amount of the increase and the aggregate maximum sum, and any other matters required by the Listing Rules.

67.3 Subject to the Listing Rules, the aggregate maximum sum will be divided among the Non-Executive Directors in such proportion and manner as the Directors agree and, in default of agreement, equally.

67.4 Non-Executive Directors may not be paid a commission on or a percentage of profits or operating revenue.

67.5 If a Non-Executive Director is required to perform services for the Company which in the opinion of the Directors are outside the scope of the ordinary duties of a Director, the Company may pay or provide the Director remuneration determined by the Directors which may be either in addition to or instead of the Director's remuneration under **clause 67.1**. No remuneration may be paid or provided under this **clause 67.5** if the effect would be to exceed the aggregate maximum sum of Directors' remuneration determined by the Company in general meeting.

67.6 The Directors may also be paid all travelling, hotel and other expenses properly incurred by them in attending and returning from meetings of the Directors or any committee of the Directors or general meetings of the Company or otherwise in connection with the Company's business.

67.7 To the extent permitted by law the Company may pay, or agree to pay, a premium in respect of a contract insuring a person who is or has been a Non-Executive Director of the Company or an officer of a Related Body Corporate of the Company against a liability:

Amended 17.05.2001 and 15.05.2003

(a) incurred by the person in the person's capacity as a Director of the Company or an officer of a Related Body Corporate of the Company or in the course of acting in connection with the affairs of the Company or a Related Body Corporate of the Company or otherwise arising out of the Director holding such office provided that the liability does not arise out of conduct involving a wilful breach of duty in relation to the Company or a Related Body Corporate of the Company or a contravention of section 182 or 183 of the *Corporations Act*; and

(b) for costs and expenses incurred by that person in defending Proceedings whatever their outcome.

67.8 Shares may be provided to Non-Executive Directors as part of their remuneration under **clauses 67.3** and **67.5** in accordance with the rules of any share plan for the remuneration of Non-Executive Directors which has been approved by the Company in general meeting. For the purposes of **clause 67.1**, the value of any Shares so provided will be determined in accordance with the rules of the share plan.

68. REMUNERATION OF EXECUTIVE DIRECTORS

68.1 The remuneration of an Executive Director may from time to time be fixed by the Directors. The remuneration may be by way of salary or commission or participation in profits or by all or any of these modes but may not be by commission on, or a percentage of, operating revenue.

68.2 To the extent permitted by law the Company may pay, or agree to pay, a premium in respect of a contract insuring a person who is or has been an Executive Director of the Company or an officer of a Related Body Corporate of the Company against a liability:

Amended 17.05.2001 and 15.05.2003

(a) incurred by the person in the person's capacity as a Director of the Company or an officer of a Related Body Corporate of the Company or in the course of acting in connection with the affairs of the Company or a Related Body Corporate of the Company or otherwise arising out of the Director holding such office provided that the liability does not arise out of conduct involving a wilful breach of duty in relation to the Company or a Related Body Corporate of the Company or a contravention of section 182 or 183 of the *Corporations Act*; and

(b) for costs and expenses incurred by that person in defending Proceedings whatever their outcome.

69. BENEFIT TO RETIRING DIRECTORS

Amended 15.05.2003

69.1 A Director may be paid a retirement benefit, as determined by the Directors, in the circumstances provided in, and subject to the approval of Members if so required by, the *Corporations Act*.

69.2 A retirement benefit includes the giving of any benefit by way of compensation for, or in connection with, the loss by a Director of, or the resignation of a Director from, the office of Director, or the death of a Director.

69.3 A retirement benefit may be paid to, or for the benefit of, a Director, or to the Director's surviving spouse or dependents.

69.4 The Directors may enter into a contract or arrangement with a prospective, present or former Director for the payment of benefits or the making of contributions of the kinds referred to in **clause 69.1**.

69.5 The Directors may establish or support or assist in the establishment or support of funds and trusts to provide pension, retirement, superannuation or similar payments or benefits to the Directors.

70. POWERS AND DUTIES OF DIRECTORS TO MANAGE COMPANY

Amended 15.05.2003

70.1 The business of the Company is managed under the direction of the Directors who may exercise all powers of the Company that this Constitution, the *Corporations Act* or the Listing Rules do not require to be exercised by the Company in general meeting.

70.2 Without limiting the generality of **clause 70.1**, the Directors may exercise all the powers of the Company to:

(a) borrow money;

(b) charge any property or business of the Company or all or any of its uncalled capital; and

(c) issue debentures or give any other security for a debt, liability or obligation of the Company or of any other person.

70.3 The Directors may, by resolution or power of attorney, appoint any person to be the attorney or agent of the Company for such purposes, with such powers, authorities and discretions (being powers, authorities and discretions vested in or exercisable by the Directors), for such period and subject to such conditions as they think fit.

70.4 A power of attorney may contain such provisions for the protection and convenience of persons dealing with the attorney or agent as the Directors think fit. The Directors may also authorise any attorney or agent appointed under **clause 70.3** to delegate all or any of the powers, authorities and discretions vested in the attorney or agent.

71. DIRECTORS' MEETINGS

71.1 The chairperson, the deputy chairperson, or any two Directors may at any time, and the Secretary must on the request of the chairperson, the deputy chairperson, or any two Directors, summon a meeting of the Directors.

71.2 An accidental omission to give a notice of a meeting of Directors to any Director or the non-receipt of such a notice by any Director does not invalidate the proceedings at or any resolution passed at the meeting.

Amended 17.05.2001

71.3 (a) A Directors' meeting may be called or held using any technology consented to by all the Directors. The consent may be a standing one. A Director may only withdraw their consent within a reasonable period before the meeting.

(b) The Directors need not all be physically present in the same place for a Directors' meeting to be held.

(c) A Director who participates in a meeting held in accordance with this **clause 71.3** is taken to be present and entitled to vote at the meeting.

71.4 **Clause 71.3** applies to meetings of Directors' committees as if all committee members were Directors.

71.5 The Directors may meet together, adjourn and regulate their meetings as they think fit.

Amended 15.05.2003

71.6 Subject to the *Corporations Act*, a quorum for meetings of Directors may be fixed by the Directors and unless so fixed, is three Directors present.

72. DECISIONS OF DIRECTORS

72.1 Questions arising at a meeting of Directors are to be decided by a majority of votes of the Directors present and voting.

72.2 The chairperson of a meeting has a casting vote in addition to the chairperson's deliberative vote, except where only two Directors are present and entitled to vote.

72.3 (a) An Alternate Director has one vote for each Director for whom the Alternate Director is an alternate.

(b) If the Alternate Director is a Director, the Alternate Director has a vote as a Director.

73. DIRECTORS' INTERESTS

Amended 15.05.2003

73.1 A Director who has a material personal interest in a matter that is to be considered at a meeting of Directors must not:

(a) vote on the matter or be present while the matter is being considered at the meeting; and

(b) be counted in the quorum in relation to that matter,

if to do so would be contrary to the *Corporations Act*.

Amended 17.05.2001 and 15.05.2003

73.2 (a) Each Director who has a material personal interest in a matter that relates to the affairs of the Company must comply with section 191 of the *Corporations Act*.

Inserted 17.05.2001 and amended 15.05.2003

(b) A Director will be required to declare at a meeting of Directors any:

(i) direct or indirect interest in an existing or proposed contract or arrangement with the Company; or

(ii) potential or actual conflict of interest arising (whether directly or indirectly) from any office held or property possessed by the Director,

only if the Director is required to do so by section 191 of the *Corporations Act*.

73.3 Notwithstanding any rule of law or equity to the contrary, a contract or arrangement in which a Director has an interest is not rendered void or voidable by any of the following:

(a) voting by the Director contrary to this **clause 73**;

Amended 17.05.2001 and 15.05.2003

(b) failure by the Director to comply with section 191 of the *Corporations Act*; or

(c) the fact that the Director has an interest in the contract or arrangement.

Amended 17.05.2001 and 15.05.2003

73.4 A Director and any firm, body or entity in which a Director has a direct or indirect interest may in any capacity:

(a) enter into any contract or arrangement with the Company;

(b) be appointed to and hold any office or place of profit under the Company, other than the office of auditor; and

(c) act in a professional capacity, other than as auditor, for the Company,

and provided that the Director complies with section 191 of the *Corporations Act*, may receive and retain for the Director's own benefit any remuneration, profits or benefits as if the Director was not a Director.

74. ALTERNATE DIRECTORS

74.1 A Director may, with the approval of the Directors, appoint any person as the Director's alternate.

74.2 An Alternate Director is entitled to notice of Directors' meetings while the Alternate Director is acting in that capacity and, if the appointor is not present at a meeting, is entitled to attend, be counted in a quorum and vote as a Director.

74.3 An Alternate Director is an officer of the Company and is not an agent of the appointor.

74.4 The provisions of this Constitution which apply to Directors also apply to Alternate Directors, except that Alternate Directors are not entitled in that capacity to any remuneration from the Company.

74.5 (a) The appointment of an Alternate Director may be revoked at any time by the appointor or by the other Directors.

(b) An Alternate Director's appointment ends automatically when the Alternate Director's appointor ceases to be a Director.

74.6 Any appointment or revocation under this clause must be effected by written notice delivered to the Secretary.

74.7 For the purposes of **clause 73**, an Alternate Director does not have an interest in a contract or arrangement or a material personal interest in a matter by reason only of the fact that the Alternate Director's appointor has such an interest.

75. REMAINING DIRECTORS

75.1 The Directors may act even if there are vacancies on the board.

75.2 If the number of Directors is not sufficient to constitute a quorum at a Directors' meeting, the Director or Directors may act only to:

(a) appoint a Director; or

(b) convene a general meeting.

76. CHAIRPERSON OF DIRECTORS' MEETINGS

76.1 The Directors may elect a Director as chairperson of Directors' meetings and may determine the period for which the chairperson will hold office.

76.2 If no chairperson is elected or if the chairperson is not present at any Directors' meeting within 10 minutes after the time appointed for the meeting to begin, the Directors present must elect a Director to be chairperson of the meeting.

76.3 The Directors may elect a Director as deputy chairperson to act as chairperson in the chairperson's absence.

77. DIRECTORS' COMMITTEES

Amended 17.05.2001

77.1 (a) Without limiting **clause 77.5**, the Directors may delegate any of their powers or discretions, other than those which by law must be dealt with by the Directors

as a board, to a committee or committees whether or not such committee or committees includes a Director.

(b) The Directors may at any time revoke any delegation of power or discretion to a committee.

77.2 A committee must exercise its powers or discretions in accordance with any directions of the Directors and a power or discretion exercised in that way is taken to have been exercised by the Directors.

77.3 A committee may be authorised by the Directors to sub-delegate all or any of the powers or discretions for the time being vested in it.

77.4 Meetings of any committee will be governed by the provisions of this Constitution which deal with Directors' meetings so far as they are applicable and are not inconsistent with any directions of the Directors.

Inserted 17.05.2001 and amended 15.05.2003

77.5 The Directors may delegate any of their powers as permitted by the *Corporations Act*.

78. WRITTEN RESOLUTIONS

78.1 If a majority of the Directors who are eligible to vote on a resolution have signed a document containing a statement that they are in favour of a resolution in terms set out in the document, then a resolution in those terms is taken to have been passed by the Directors without a meeting. The resolution is passed when the document was last signed by the Directors who constitute such majority.

78.2 For the purposes of **clause 78.1**, two or more identical documents, each of which is signed by one or more Directors, together constitute one document signed by those Directors on the days on which they signed the separate documents.

78.3 Any document referred to in this clause may be in the form of a facsimile transmission or electronic notification.

78.4 **[No Clause]**

78.5 This clause applies to resolutions of Directors' committees as if the references to Directors in this **clause 78** were references to committee members.

79. VALIDITY OF ACTS OF DIRECTORS

If it is discovered that:

(a) there was a defect in the appointment of a person as a Director, Alternate Director or member of a Directors' committee; or

(b) a person appointed to one of those positions was disqualified,

all acts of the Directors or the Directors' committee before the discovery was made are as valid as if the person had been duly appointed and was not disqualified.

80. MINUTES OF PROCEEDINGS

80.1 The Directors must cause minutes to be made of:

(a) the names of the Directors present at all general meetings, Directors' meetings and meetings of Directors' committees;

(b) all proceedings and resolutions of general meetings, Directors' meetings and meetings of Directors' committees;

(c) all resolutions passed by Directors in accordance with **clause 78**; and

(d) all disclosures of interests made pursuant to **clause 73**.

80.2 Minutes must be signed within a reasonable time after the meeting by the chairperson of the meeting or by the chairperson of the next meeting of the relevant body, or in the case of a resolution passed under **clause 78**, by a Director, and if so signed will as between the Members and as between the Company and the Members be conclusive evidence of the matters stated in such minutes.

81. APPOINTMENT OF EXECUTIVE DIRECTORS

81.1 (a) The Directors may appoint a person to the office of Managing Director on such terms, and with such title, as they think fit.

(b) The Directors may appoint a Director to any other full-time or substantially full-time executive position in the Company on such terms as they think fit.

(c) A Director appointed under **clause 81.1(a)** or **81.1(b)**, and a Director (however appointed) occupying for the time being a full-time or substantially full-time executive position in the Company or a Related Body Corporate, is referred to in this Constitution as an Executive Director.

81.2 The position of chairperson of Directors may be a full-time executive position if the Directors so resolve.

81.3 If the appointment of an Executive Director is for a fixed term, the term must not exceed five years.

81.4 The Directors may, subject to the terms of the Executive Director's employment contract, suspend, remove or dismiss the Executive Director from executive office and appoint another Director in that place.

81.5 If the Managing Director or the chairperson (if appointed to a full-time executive position) ceases to be a Director, the Managing Director's or the chairperson's executive office terminates automatically.

81.6 Except in the case of the Managing Director and the chairperson, the executive office of an Executive Director may be independent of the Executive Director's office as Director or may be dependent on its continuance.

81.7 If an Executive Director is suspended from executive office, the Executive Director will not be entitled to attend or vote at any meeting of Directors.

81.8 A sole Managing Director is not subject to retirement by rotation and is not to be taken into account in determining the rotation of retirement of Directors.

82. POWERS OF EXECUTIVE DIRECTOR

82.1 The Directors may confer on an Executive Director any powers exercisable by the Directors, subject to any terms and restrictions determined by the Directors.

82.2 The Directors may authorise an Executive Director to sub-delegate all or any of the powers vested in the Executive Director.

82.3 Any power conferred pursuant to this clause may be concurrent with but not to the exclusion of the Directors' powers.

82.4 The Directors may at any time withdraw or vary any of the powers conferred on an Executive Director.

82.5 The provisions of **clauses 66.2**, **81.5** and **81.6** regarding the automatic termination of the position of an Executive Director, and the powers of the Directors set out in this **clause 82**, apply notwithstanding anything in any contract between the Company and any Director, but if the termination of a position or the exercise of a power amounts to a breach of contract by the Company, the Director may have a right to damages for breach of contract.

83. SECRETARY

83.1 There must be at least one secretary of the Company appointed by the Directors on conditions determined by them.

83.2 The Directors may, subject to the terms of the Secretary's employment contract, suspend, remove or dismiss the Secretary.

84. COMMON SEAL

84.1 If the Company has a Seal, the Directors must provide for the safe custody of the Seal.

84.2 If the Company has a Seal, the Seal must not be used except with the general or specific authority of the Directors or a Directors' committee authorised to permit use of the Seal.

84.3 If the Company has a Seal, every document to which the Seal is affixed must be signed by a Director and be countersigned by another Director, the Secretary or another person appointed by the Directors to countersign the document.

84.4 If the Company has a Seal, the Directors may determine by resolution either generally or in any particular case that the signature of any Director or the Secretary to a document to which the Seal or an official seal or share seal is affixed may be a facsimile applied to the document by specified mechanical means.

85. OFFICIAL SEAL

85.1 If the Company has a Seal, the Company may have one or more official seals for use outside the State or Territory where the Seal is kept.

85.2 Each official seal must be a facsimile of the Seal with the addition on its face of the name of every place where it may be used.

85.3 An official seal must not be used except with the authority of the Directors or a Directors' committee.

86. CERTIFICATE SEAL

86.1 If the Company has a Seal, the Company may have ~~a~~ certificate seal which may be affixed to Share, option or other certificates.

86.2 The certificate seal must be a facsimile of the Seal with the addition of the words 'Certificate Seal' on its face.

86.3 A certificate seal must not be used except with the general or specific authority of the Directors or a Directors' committee.

87. INSPECTION OF RECORDS

Amended 15.05.2003

87.1 Except as otherwise required by the *Corporations Act*, the Directors may determine whether and to what extent, and at what times and places and under what conditions, the financial records and other documents of the Company or any of them will be open for inspection by Members other than Directors.

Amended 15.05.2003

87.2 Subject to the *Corporations Act*, a Member other than a Director does not have the right to inspect any financial records or other documents of the Company unless the Member is authorised to do so by a court order or a resolution of the Directors.

88. DECLARATION OR DETERMINATION OF DIVIDEND

88.1 The Directors may by resolution either:

(a) declare a Dividend to be paid to Members and may fix the amount, the time for payment and the method of payment; or

(b) determine that a Dividend is payable and fix the amount, the time for payment and the method of payment.

88.2 The Directors may amend or revoke a resolution made under **clause 88.1(b)** to pay a Dividend before the date which is seven Business Days before the record date which has been notified to the Exchange for determining entitlements to that Dividend.

89. INTERIM DIVIDEND

The Directors may authorise the Company to pay an interim Dividend which is payable on the date fixed by the Directors.

90. NO INTEREST

The Company must not pay interest on any Dividend.

91. RESERVES

91.1 The Directors may set aside out of profits such amounts by way of reserves as they think appropriate before declaring a Dividend or determining to pay a Dividend.

91.2 The Directors may apply the reserves for any purpose for which profits may be properly applied.

91.3 Pending any application of the reserves, the Directors may invest or use the reserves in the business of the Company or in other investments as they think fit.

91.4 The Directors may carry forward any undistributed profits without transferring them to a reserve.

92. DIVIDEND ENTITLEMENT

92.1 Subject to the rights of persons (if any) entitled to Shares with special rights as to Dividend:

(a) all fully paid Shares on which any Dividend is to be paid are entitled to participate in the Dividend equally; and

(b) the Dividend to be paid to the holder of a partly paid Share must not exceed that proportion of the Dividend to be paid to the holder of a fully paid Share that the amount paid up on the Share (not credited as paid up) bears to the total issue price of the Share (excluding amounts credited as paid up).

92.2 An amount paid on a share in advance of a call is not to be taken as paid for the purposes of **clause 92.1**.

92.3 Unless otherwise determined by the Directors, Shares will rank for Dividends from their date of allotment.

Amended 15.05.2003

92.4 Subject to the *Corporations Act* and the Operating Rules of a Prescribed CS Facility (including the SCH Business Rules), if they are applicable, a transfer of Shares registered after the record date notified to the Exchange for determining entitlements to a Dividend or interim Dividend paid or payable in respect of the transferred Shares does not pass the right to that Dividend or interim Dividend.

93. RESTRICTED SECURITIES

During a breach of the Listing Rules relating to Shares which are Restricted securities, or a breach of a Restriction agreement, the holder of the relevant Restricted securities is not entitled to any Dividend in respect of those Restricted securities.

94. DEDUCTIONS FROM DIVIDENDS

The Directors may deduct from a Dividend payable to a Member all sums presently payable by the Member to the Company on account of calls or otherwise in relation to Shares in the Company.

95. DISTRIBUTION OF ASSETS

95.1 The Directors may resolve that a Dividend will be paid wholly or partly by the distribution of specific assets, including fully paid shares in, or debentures of, any other corporation.

95.2 The Directors, when authorising the payment of an interim Dividend, may direct payment wholly or partly by the distribution of specific assets, including fully paid shares in, or debentures of, any other corporation.

95.3 If a difficulty arises in making a distribution of specific assets, the Directors may:

(a) deal with the difficulty as they consider expedient;

(b) fix the value of all or any part of the specific assets for the purposes of the distribution;

(c) determine that cash will be paid to any Members on the basis of the fixed value in order to adjust the rights of all the Members; and

(d) vest any such specific assets in trustees as the Directors consider expedient.

95.4 If a distribution of specific assets to a particular Member or Members is illegal or, in the Directors' opinion, impracticable, the Directors may make a cash payment to the Member or Members on the basis of the cash amount of the Dividend instead of the distribution of specific assets.

96. PAYMENT OF DIVIDENDS

96.1 Any Dividend or other money payable in respect of Shares may be paid by cheque sent through the mail directed to:

(a) the address of the Member shown in the Register or to the address of the joint holder of Shares shown first in the Register; or

(b) an address which the Member or joint holders has in writing notified the Company as the address to which Dividends should be sent.

96.2 Any joint holder may give an effectual receipt for any Dividend or other money paid in respect of Shares held by holders jointly.

96.3 The Directors may, in their absolute discretion, elect to pay in the local currency of the country, any Dividend or other money payable to Members whose address shown in the Register is in a foreign country.

96.4 The Directors may determine the exchange rate to be used to convert a Dividend or other money into a foreign currency under **clause 96.3**.

97. ELECTION TO REINVEST DIVIDEND

97.1 If and to the extent authorised by resolution of the Company in general meeting, the Directors may:

(a) establish a plan whereby Members or any class of Members may elect to reinvest cash Dividends paid by the Company by subscribing for Shares;

(b) vary, suspend or terminate the arrangements established under **clause 97.1(a)**.

98. ELECTION TO ACCEPT SHARES IN LIEU OF DIVIDEND

98.1 The Directors may resolve, in respect of any Dividend which it is proposed to pay on any Shares, that holders of those Shares may elect to:

(a) forego their right to share in the proposed Dividend or part of the proposed Dividend; and

(b) instead receive an issue of Shares credited as fully paid.

98.2 If the Directors resolve to allow the election provided for in **clause 98.1**, each holder of Shares conferring a right to share in the proposed Dividend may, by notice in writing to the Company given in such form and within such period as the Directors may from time to time decide, elect to:

(a) forego the Dividend which otherwise would have been paid to the holder on such of the holder's Shares conferring a right to share in the proposed Dividend as the holder specifies in the notice of election; and

(b) receive instead Shares to be allotted and issued to the holder credited as fully paid, on and subject to such terms and conditions as the Directors may determine.

98.3 Following the receipt of duly completed notices of election under **clause 98.2**, the Directors may:

(a) appropriate from any reserve account or the profit and loss account or any other account or reserve available otherwise available for distribution to Members an amount equal to the aggregate issue price of the Shares to be allotted, credited as fully paid, to those holders of Shares who have given such notices of election; and

(b) apply the amount in paying up in full the number of Shares required to be so allotted.

98.4 **[No Clause]**

98.5 The powers given to the Directors by this **clause 98** are additional to the provisions for capitalisation of profits provided for by this Constitution. If the Directors exercise their power to capitalise profits under **clause 100** then any Member who has elected to participate in arrangements established under this **clause 98** is deemed, for the purpose of determining the Member's entitlement to share in the capitalised sum, not to have so elected.

99. UNCLAIMED DIVIDENDS

All Dividends unclaimed for one year after the time for payment has passed may be invested by the Directors as they think fit for the benefit of the Company until claimed or until required to be dealt with in accordance with any law relating to unclaimed money.

100. CAPITALISATION OF PROFITS

100.1 The Directors may resolve:

(a) to capitalise any sum, being the whole or part of the amount for the time being standing to the credit of any reserve account or the profit and loss account or otherwise available for distribution to Members; and

(b) that:

(i) no Shares be issued and no amounts unpaid on Shares be paid up on capitalisation of the sum;

(ii) the sum be applied, in any of the ways mentioned in **clause 100.2**, for the benefit of Members in the proportions in which the Members would have been entitled if the sum had been distributed by way of Dividend;

(iii) in connection with an Employee Share Scheme, the sum be applied by paying up in part or in full unissued Shares and issuing them in accordance with the rules or provisions of the Scheme; or

(iv) in connection with the proper operation of the committee established by the Board and known as the 'Shareholder Relations Committee', the sum be applied by paying up in part or in full unissued shares and issuing them in accordance with any delegation to that committee of the Directors' power under **clause 4.1**.

100.2 The ways in which a sum may be applied for the benefit of Members under **clause 100.1(b)(ii)** are:

(a) in paying up any amounts unpaid on Shares held or to be held by Members;

(b) in paying up in full unissued Shares or debentures to be issued to Members as fully paid; or

(c) partly as mentioned in paragraph (a) and partly as mentioned in paragraph (b).

100.3 To the extent necessary to adjust the rights of the Members among themselves, the Directors may:

(a) subject to **clause 24.3**, issue fractional certificates or make cash payments in cases where Shares or debentures become issuable in fractions; and

(b) authorise any person to make, on behalf of all the Members entitled to a benefit on the capitalisation, an agreement with the Company providing for:

(i) the issue to them, credited as fully paid up, of any such further Shares or debentures; or

(ii) the payment by the Company on their behalf of the amount or any part of the amount remaining unpaid on their existing Shares by the application of their respective proportions of the sum resolved to be capitalised,

and any agreement made under the authority of paragraph (b) is effective and binding on all the Members concerned.

Amended 15.05.2003

100.4 In this **clause 100**, 'Employee Share Scheme' includes an employee share scheme (as defined in the *Corporations Act*), an employee option scheme, an executive option scheme, a share plan for the remuneration of Non-Executive Directors, an employee incentive scheme (as defined in the Listing Rules), or a contract:

(a) to which a Director is a party or under which a Director is entitled to a benefit; and

(b) that confers a right to call for or deliver shares in, or debentures of, or interests in a registered scheme made available by, the Company or a related body corporate.

100.5 This **clause 100** does not apply to the Company's reserve known as the 'Capital Reserve' as referred to in the statement made in accordance with section 7(2)(g) of the Act.

100A. CAPITAL RESERVE

The Company's reserve known as the 'Capital Reserve' as referred to in the statement made in accordance with section 7(2)(g) of the Act must not be applied other than:

(a) for purposes which, in the reasonable opinion of the Directors, are for the benefit of ordinary shareholders at the time;

(b) in a manner which, in the reasonable opinion of the Directors, provides an equal opportunity of participation for ordinary shareholders at the time; or

(c) as otherwise permitted by law.

101. SERVICE OF NOTICES

101.1 Subject to **clause 96.1**, a notice of meeting or other document may be given or delivered by the Company to any person who is entitled to receive the notice or other document under this Constitution by:

(a) serving it on the person; or

(b) sending it by post, facsimile transmission or electronic notification to the person at the person's address shown in the Register or the address supplied by the person to the Company for sending notices to the person.

101.2 A notice sent by post is taken to be served:

(a) by properly addressing, prepaying and posting a letter containing the notice; and

(b) two days after the day on which it was posted.

101.3 A notice sent by facsimile transmission or electronic notification is taken to be served:

(a) by properly addressing the facsimile transmission or electronic notification and transmitting it; and

(b) on the day of its transmission.

101.4 A notice may be served by the Company on joint holders under **clause 101.1(a)** or **101.1(b)** by giving the notice to the joint holder whose name appears first in the Register.

101.5 Every person who is entitled to a Share by operation of law and who is not registered as the holder of the Share is taken to receive any notice served in accordance with this clause on the person from whom the first-mentioned person derives title.

101.6 A Member whose Registered Address is not in Australia may specify in writing an address in Australia as the Member's Registered Address within the meaning of this clause.

101.7 A certificate in writing signed by a Director, Secretary or other officer of the Company, or by any person that the Company has engaged to maintain the Register, that a document or its envelope or wrapper was addressed and stamped and was posted is conclusive evidence of posting.

Amended 15.05.2003

101.8 Subject to the *Corporations Act* the signature to a written notice given by the Company may be written or printed.

101.9 All notices sent by post outside Australia must be sent by prepaid airmail post.

102. PERSONS ENTITLED TO NOTICE

102.1 Notice of every general meeting must be given to:

(a) every Member;

(b) every Director and Alternate Director;

(c) the Exchange; and

(d) the Auditor.

Amended 15.05.2003

102.2 Subject to the *Corporations Act* no other person is entitled to receive notice of a general meeting.

103. COMPANY TO KEEP FINANCIAL RECORDS

Amended 15.05.2003

103.1 The Directors must cause the Company to keep written financial records and to prepare financial documents and reports in accordance with the requirements of the *Corporations Act* and the Listing Rules.

Amended 15.05.2003

103.2 The Directors must cause the financial records and financial documents of the Company to be audited in accordance with the requirements of the *Corporations Act* and the Listing Rules.

104. WINDING UP

104.1 Nothing in this clause prejudices the rights of the holders of Shares issued on special terms and conditions.

104.2 If the Company is wound up, the liquidator may, with the sanction of a special resolution of the Company:

(a) divide among the Members in kind all or any of the Company's assets;

(b) for that purpose, determine how the liquidator will carry out the division between the different classes of Members,

but may not require a Member to accept any Shares or other securities in respect of which there is any liability.

104.3 The liquidator may, with the sanction of a special resolution of the Company, vest all or any of the Company's assets in a trustee on trusts determined by the liquidator for the benefit of the contributories.

105. INDEMNITY

Amended 17.05.2001 and 15.05.2003

105.1 To the extent permitted by law and subject to **clause 105.2**:

(a) the Company indemnifies every person who is or has been an officer of the Company against any liability for costs and expenses incurred by that person in defending an action for an actual or alleged liability incurred or allegedly incurred by that person as an officer or former officer of the Company; and

(b) the Company indemnifies every person who is or has been an officer of the Company against any liability (other than for legal costs) incurred by the person as an officer of the Company,

except in the circumstances prohibited by section 199A of the *Corporations Act*.

105.2 No indemnity is given by the Company pursuant to **clause 105.1** to any person who is or has been an employee of the Company or of any of its subsidiaries against any liability incurred by that person in that person's capacity as an employee of the Company or of any of its subsidiaries unless the giving of that indemnity has been approved by the Board.

Inserted 17.05.2001

105.3 The amount of any indemnity payable under **clause 105.1** will include an additional amount ('**GST Amount**') equal to any GST payable by the officer being indemnified ('**Indemnified Officer**') in connection with the indemnity (less the amount of any input tax credit claimable by the Indemnified Officer in connection with the indemnity). Payment of any indemnity which includes a GST Amount is conditional upon the Indemnified Officer providing the Company with a GST tax invoice for the GST Amount.

Inserted 15.05.2003

SCHEDULE 1 - RIGHTS ATTACHING TO PREFERENCE SHARES

1. **Terms of preference Shares**

For the purposes of **clause 4.3**, the Directors may issue preference Shares under **clause 4.1** on the following terms:

(a) each preference Share confers on the holder a right to receive a preferential dividend at the rate and on the basis decided by the Directors under the terms of issue;

(b) in addition to the preferential dividend, each preference Share may participate with the ordinary Shares in profits if, and to the extent that, the Directors decide under the terms of issue;

(c) the preferential dividend is cumulative unless, and to the extent that, the Directors decide otherwise under the terms of issue;

(d) each preference Share confers on its holder:

(i) the right to the preferential dividend in priority to the payment of any dividend on any other class of Shares; and

(ii) the right in a winding up or on redemption to payment in cash in priority to any other class of Shares of:

(A) the amount of any dividend accrued but unpaid on the Share at the date of winding up or the date of redemption; and

(B) any amount paid on the Share;

(e) unless otherwise decided by the Directors under the terms of issue, a preference Share does not confer on its holder any right to participate in the profits or property of the Company except as set out in this Schedule;

(f) to the extent that the Directors decide under the terms of issue, a preference Share may confer a right to a bonus issue or capitalisation of profits in favour of holders of those Shares only;

(g) a preference Share does not entitle its holder to vote at any general meeting of the Company except:

(i) on a proposal:

(A) to reduce the share capital of the Company;

(B) that affects rights attached to the Share;

(C) to wind up the Company; or

(D) for the disposal of the whole of the property, business and undertaking of the Company;

(ii) on a resolution to approve the terms of a buy back agreement;

(iii) during a period in which a dividend or part of a dividend on the Share is in arrears;

(iv) during the winding up of the Company; and

(v) in any other circumstance the Directors determine at the time of issue and which is permitted by the Listing Rules; and

(h) each preference Share confers on its holder the same rights as those conferred by the Constitution upon the holders of ordinary Shares in relation to receiving notices of general meetings, reports, balance sheets and accounts and of attending and being heard at all general meetings of the Company.

2. Foreign Currency

Where any amount is payable by the Company to the holder of a preference Share in a currency other than Australian dollars, and the amount is not paid when due or the Company has commenced winding up, the holder may give notice to the Company requiring payment of an amount in Australian dollars equal to the foreign currency amount calculated by applying the reference rate on the date of payment for the sale of the currency in which the payment is to be made for Australian dollars. Reference rate means the rate applicable in the market and at the time determined by the Directors before allotment of those preference Shares and specified in the terms of issue for those preference Shares.

3. Conversion to ordinary Shares

A preference Share which, in accordance with its terms of issue, may be converted into an ordinary Share will, at the time of conversion and without any further act, have the same rights as a fully paid ordinary Share and rank equally with other fully paid ordinary Shares on issue. This is subject to the terms of issue of the preference Share in relation to entitlement to ordinary dividends paid after conversion. In addition, the terms of issue of the preference Share may provide for the issue of additional ordinary Shares on conversion as determined by the Directors.

AMP Henderson Property Trusts

AMP Limited today outlined the impact of potential changes to its listed property trust business, managed by its Australian asset management company, AMP Henderson Global Investors.

AMP Shopping Centre Trust (ART) and the AMP Diversified Property Trust (ADP), part of AMP Henderson's Listed Property Trust (LPT) portfolio, are both subject to takeover offers. If these offers succeed, the impact on AMP is not material. Changes include:

ART

- Removal of AMP Henderson as Responsible Entity. This will result in a reduction in assets under management of approximately A$1.6 billion.
- Management rights to around 60 per cent of the current value of the shopping centres in the ART portfolio will be retained by AMP Henderson. This reflects an agreement reached today between Westfield Trust and AMP Life. These centres include Pacific Fair, Garden City Booragoon, Warringah Mall and Macquarie Centre. This means AMP Shopping Centres Pty Ltd (a subsidiary of AMP Henderson) will continue to manage these centres.
- The annualised net profit after tax impact on AMP Henderson will be a reduction of around A$7.3 million. This takes into account the ongoing management of some shopping centres.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

ADP

- Removal of AMP Henderson as Responsible Entity. This will result in a reduction in assets under management of approximately A$1.8 billion.
- As part of its offer, Stockland has entered into a number of arrangements with AMP Henderson and AMP Shopping Centres Pty Ltd[1]. These arrangements will result in a one-off payment of A$39.3 million[2] to AMP Henderson, a figure which represents 2.1 per cent of assets under management. The book value of these rights is around A$67 million.
- In addition, Stockland and AMP Henderson in New Zealand will enter into a joint venture under which the groups will joint asset manage ADP's three New Zealand shopping centres and potentially pursue other opportunities in New Zealand.
- The annualised net profit after tax impact on AMP Henderson will be a reduction of around A$4.2 million.

AMP Chief Executive Officer Andrew Mohl said AMP Henderson was not immune to the consolidation currently occurring in the LPT sector.

"Given the shakeup taking place in the property trust sector, the AMP Group has achieved a number of favourable outcomes for shareholders. These include a payment from Stockland as well as the ongoing management of a number of key assets in the ART portfolio," he said.

"Most importantly for AMP, AMP Henderson remains one of the largest property asset managers in Australia. AMP continues to manage around A$10 billion worth of Australian property assets."

AMP Henderson has a diversified suite of property assets across the listed, unlisted and pooled sectors. Two-thirds of its business is in the direct unlisted property sector.

Dear Sir/Madam

Notice of change of interests of substantial holder

We enclose a notice of change of interests of substantial holder (Form 604) in relation to AMP Shopping Centre Trust (**"ART"**).

On 20 May 2003, Westfield Trust (**"WT"**) announced that it would make an all-cash takeover offer for the outstanding units in ART at $1.80 per unit. In its announcement, WT indicated that its bid would be subject to a condition that the AMP Life co-owners waive any pre-emptive rights they may have to acquire any properties of ART as a result of Westfield Management Limited (**"WML"**) becoming the responsible entity of ART or the acquisition of ART units by WT. WT has a 19.9% relevant interest in ART.

On 28 May 2003, AMP Life Limited, AMP Pacific Fair Pty Limited and AMP Macquarie Pty Limited (**"AMP Life Co-owners"**) and AMP Henderson Global Investors Limited (**"AMPH"**) entered into or acceded to an agreement with WT and WML in order to satisfy this condition, as stated in AMP Life's media release of the same date. The agreement also clarifies arrangements in relation to aspects of the future relationship between co-owners, should WML become the responsible entity of ART.

As a consequence of this agreement, the AMP Life Co-owners, AMPH, WT and WML **technically** become "associates" under the Corporations Act giving rise to the requirement for AMP Limited to file the attached substantial holder notification. **However, nothing in the agreement requires AMP Life, AMPH, WT or any other party to the agreement to:**

(i) **exercise, or restrains or restricts any such party from exercising, the votes attaching to any ART units they may hold from time to time; or**

(ii) **dispose of, or restrains or restricts any such party from disposing of, any ART units they may hold from time to time.**

We also note that the association does not extend to any member of the AMP group other than the AMP Life Co-owners and AMPH.

The agreement and deeds of accession are annexed to the enclosed Form 604.

Yours faithfully

Prue Milne

T:\AMP Limited\ASX\Correspondence\Substantial holder notice-ART.DOC

Form 604

Corporations Act 2001
Section 671B

Notice of change of interests of substantial holder

To Company Name/Scheme: AMP Shopping Centre Trust ("ART")

ACN/ARSN: ARSN 087 393 397

1. Details of substantial holder (1)

Name: AMP Limited and its related bodies corporate, including the persons listed in Annexure A ("Substantial Shareholders")

ACN/ARSN (if applicable): ACN 079 354 519

There was a change in the interests of the substantial holder on: 28/ 05 / 2003

The previous notice was given to the company on: 10 / 04 / 2003

The previous notice was dated: 10 / 04 / 2003

2. Previous and present voting power

The total number of votes attached to all the voting shares in the company or voting interests in the scheme that the substantial holder or an associate (2) had a relevant interest (3) in when last required, and when now required, to give a substantial holding notice to the company or scheme, are as follows:

Class of securities (4)	Previous notice		Present notice	
	Person's votes	Voting power (5)	Person's votes	Voting power (5)
Ordinary units fully paid	*165,815,467*	*20.45%*	*328,049,298*	*40.46**

***Note: The voting power disclosed arises because of the provisions of the Corporations Act requiring substantial holders to disclose the voting power of their associates. As a consequence of entering into the agreement referred to in Annexures D and E, certain of the Substantial Holders referred to in this notice are deemed to be associates of Westfield Management Limited (as responsible entity of the Westfield Trust) ("WT"). However, in relation to any units in ART of which WT (or any of its related bodies corporate) is or may have a relevant interest, none of the Substantial Holders referred to in this notice have any power to exercise, or control the exercise, of a right to vote attached to such units, nor have the power to dispose of, or control the exercise of a power to dispose of, such units.**

3. Changes in relevant interests

Particulars of each change in, or change in the nature of, a relevant interest of the substantial holder or an associate in voting securities of the company or scheme, since the substantial holder was last required to give a substantial holding notice to the company or scheme are as follows:

Date of change	Person whose relevant interest changed	Nature of change (6)	Consideration given in relation to change (7)	Class and number of securities affected	Person's votes affected
	See Annexure B				

4. Present relevant interests

Particulars of each relevant interest of the substantial holder in voting securities after the change are as follows:

Holder of relevant interest	Registered holder of securities	Person entitled to be registered as holder (8)	Nature of relevant interest (6)	Class and number of securities	Person's votes
	See Annexure C				

5. Changes in association

The persons who have become associates (2) of, ceased to be associates of, or have changed the nature of their association (9) with, the substantial holder in relation to voting interests in the company or scheme are as follows:

Name and ACN/ARSN (if applicable)	Nature of association
	See Annexure D and Annexure E

6. Addresses

The addresses of persons named in this form are as follows:

Name	Address
AMP Limited	33 Alfred Street, Sydney, NSW 2000
Each of the persons listed in **Annexure A**	

Signature

print name PRUE MILNE capacity COMPANY SECRETARY

sign here date 28/5/03

DIRECTIONS

(1) If there are a number of substantial holders with similar or related relevant interests (eg. a corporation and its related corporations, or the manager and trustee of an equity trust), the names could be included in an annexure to the form. If the relevant interests of a group of persons are essentially similar, they may be referred to throughout the form as a specifically named group if the membership of each group, with the names and addresses of members is clearly set out in paragraph 7 of the form.

(2) See the definition of "associate" in section 9 of the Corporations Act 2001.

(3) See the definition of "relevant interest" in sections 608 and 671B(7) of the Corporations Act 2001.

(4) The voting shares of a company constitute one class unless divided into separate classes.

(5) The person's votes divided by the total votes in the body corporate or scheme multiplied by 100.

(6) Include details of:

(a) any relevant agreement or other circumstances by which the relevant interest was acquired. If subsection 671B(4) applies, a copy of any document setting out the terms of any relevant agreement, and a statement by the person giving full and accurate details of any contract, scheme or arrangement, must accompany this form, together with a written statement certifying this contract, scheme or arrangement; and

(b) any qualification of the power of a person to exercise, control the exercise of, or influence the exercise of, the voting powers or disposal of the securities to which the relevant interest relates (indicating clearly the particular securities to which the qualification applies).

See the definition of "relevant agreement" in section 9 of the Corporations Act 2001.

(7) Details of the consideration must include any and all benefits, money and other, that any person from whom a relevant interest was acquired has, or may, become entitled to receive in relation to that acquisition. Details must be included even if the benefit is conditional on the happening or not of a contingency. Details must be included of any benefit paid on behalf of the substantial holder or its associate in relation to the acquisitions, even if they are not paid directly to the person from whom the relevant interest was acquired.

(8) If the substantial holder is unable to determine the identity of the person (eg. if the relevant interest arises because of an option) write "unknown".

(9) Give details, if appropriate, of the present association and any change in that association since the last substantial holding notice.

Changes in Association

On 28 May 2003:

1. Westfield Management Limited ACN 001 670 579 ("**WML**") as responsible entity of the Westfield Trust ARSN 090 849 746 ("**Westfield Trust**") and AMP Life Limited ACN 079 300 379 ("**AMP Life**") entered into an agreement ("**Agreement**") in which, subject to WML becoming the responsible entity of ART, AMP Life consented under certain co-owners' agreements to WML (or a related body corporate) becoming the responsible entity of ART without triggering, and undertook to Westfield and WML not to exercise, any pre-emptive rights or other rights that they may have (as the case may be) to acquire any of the shopping centres, or interests in the shopping centres, the subject of those co-owners' agreements as a result of:

   (a) WML, or a related body corporate of WML, becoming the responsible entity of ART; and/or

   (b) a person who replaces WML becoming the responsible entity of ART subject to meeting certain conditions; and/or

   (c) the acquisition of any units in ART as contemplated by Westfield Trust's takeover bid for ART.

   The Agreement also contemplates the entry into of certain arrangements relating to ART's co-owned properties should WML become the responsible entity of ART.

2. AMP Pacific Fair Pty Limited in its capacity as trustee for the AMP Pacific Fair Trust ("**AMPPF**") and AMP Macquarie Pty Limited in its capacity as trustee for the AMP Macquarie Trust ("**AMPM**") (being entities controlled by AMP Wholesale Shopping Centre Trust No. 2) executed an Accession Deed in favour of each of WML, Westfield Trust and AMP Life agreeing to be bound by all obligations of those entities as a co-owner under the Agreement.

3. AMP Henderson Global Investors Limited ("**AMPH**") executed in favour of each of WML, Westfield Trust and AMP Life an Accession Deed agreeing to be bound by all of the obligations on AMPH under the Agreement;

Copies of the Agreement and the Accession Deeds are annexed at **Annexure E**.

WML and Westfield Trust became an associate of AMP Life, AMPPF and AMPM ("**AMP Life Co-owners**") and AMPH on 28 May 2003 pursuant to section 12 and section 53 of the Corporations Act 2001.

Nothing in the Agreement requires AMP Life, WT or any other party to the agreement to:

(i) exercise, or restrains or restricts any such party from exercising, the votes attaching to any ART units they may hold from time to time; or

(ii) dispose of, or restrains or restricts any such party from disposing of, any ART units they may hold from time to time.

Westfield Trust lodged its latest notice of change of interest of substantial holder (Form 604) in respect of units in ART with the Australian Stock Exchange Limited on 26 March 2003.

Annexure E

This is Annexure "E" of 89 pages mentioned in Form 604 (Notice of Change of Interests of Substantial Holder).

SCHEDULES 17

Agreement made at Sydney on 28 May 2003

Parties

AMP Life Limited ACN 079 300 379 of Level 14, 33 Alfred Street, Sydney NSW 2001 ("**AMP Life**")

Westfield Management Limited ACN 001 670 579 of Level 24, Westfield Tower, 100 William Street, Sydney, NSW 2011 ("**WML**")

Westfield Management Limited as RE of the Westfield Trust ARSN 090 849 746 of Level 24, Westfield Tower, 100 William Street, Sydney, NSW 2011 ("**WT**")

Recitals

A. The RE of the AMP Shopping Centre Trust ("**ART**") is a tenant in common of the shopping centres known as Warringah Mall (Brookvale, NSW), Pacific Fair (Broadbeach, Qld), Macquarie Centre (North Ryde, NSW), Garden City (Mt Gravatt, Qld), Garden City (Booragoon, WA) and Knox City (Melbourne, Vic) (the "**Shopping Centres**").

B. The other tenants in common of the Shopping Centres ("**Co-Owners**") are AMP Life, Warringah Mall Pty Ltd, AMP Pacific Fair Pty Ltd as trustee for the AMP Pacific Fair Trust, AMP Macquarie Pty Ltd as trustee for the AMP Macquarie Trust, Knox Shopping Centre Investments (No. 2) Pty Limited and Kent Street Pty Limited.

C. Warringah Mall Pty Limited, Knox Shopping Centre Investments (No. 2) Pty Limited and Kent Street Pty Limited are wholly owned subsidiaries of AMP Life. AMP Life owns 90% and the RE of ART owns 10% of the units in the AMP Wholesale Shopping Centre Trust 2. AMP Henderson Global Investors Limited ("**AMPH**") is the RE of the AMP Wholesale Shopping Centre Trust 2 and in that capacity owns all of the shares in AMP Pacific Fair Pty Limited, AMP Macquarie Holdings Pty Limited and AMP Macquarie Pty Limited and all of the units in the AMP Pacific Fair Trust, the AMP Macquarie Holdings Trust of which AMP Pacific Fair Pty Limited and AMP Macquarie Holdings Pty Limited are respectively the trustee. AMP Macquarie Holdings Pty Limited owns all the units in AMP Macquarie Trust of which AMP Macquarie Pty Limited is the trustee.

D. On 20 May 2003 WT announced its intention to make a takeover bid pursuant to Chapter 6 of the *Corporations Act* for all of the units in ART subject to conditions including a condition ("**Pre-Emptive Rights Condition**") that:

> *"Prior to 5pm on 27 May 2003, the AMP Life Co-Owners irrevocably and unconditionally consenting under the Co-Owners' Agreements to Westfield Management (or a related body corporate) becoming the Responsible Entity of ART without triggering, and the AMP Co-Owners irrevocably and unconditionally undertaking in writing to Westfield Trust, Westfield Management and each related body corporate of Westfield Management in a legally binding form not to exercise, any Pre-emptive Rights or other rights that they may have (as the case may be) to acquire any ART Properties or interest in ART Properties as a result of either:*
>
> - *Westfield Management or a related body corporate of Westfield Management, replacing AMP Henderson as Responsible Entity of ART; or*
> - *the acquisition of ART Units by Bidder"*

E. AMP Life, being an AMP Life Co-Owner referred to in Recital D in respect of the Shopping Centres known as Warringah Mall, Garden City (Mt Gravatt, QLD), Garden City (Booragoon, WA) and Knox City (Melbourne, Vic) is prepared to give and to procure Warringah Mall Pty

Limited, Knox Shopping Centre Investments (No.2) Pty Limited and Kent Street Pty Limited to give to WT the undertaking referred to in Recital D above on the terms of this Agreement (but not otherwise).

The parties agree

1. Definitions and interpretation

1.1 Definitions

"**Accession (IA) Deed**" means the Accession (IA) Deed set out in Schedule 1.

"**Accession (COA) Deed**" means the Accession (COA) Deed set out in Schedule 2.

"**AMPH**" means AMP Henderson Global Investors Limited.

"**ASIC**" means the Australian Securities and Investments Commission.

"**ART Units**" means issued units in the capital of ART and all rights and entitlements attaching to them.

"**ASX**" means Australian Stock Exchange Limited.

"**Business Day**" means a weekday when banks are generally open for business in Sydney.

"**Conditions**" means the conditions precedent set out in clause 2.1.

"**Co-Owners**" means AMP Life, Warringah Mall Pty Limited, AMP Pacific Fair Pty Limited, AMP Macquarie Pty Limited, Knox Shopping Centre Investments (No. 2) Pty Limited and Kent Street Pty Limited.

"**Co-Owners' Agreements**" means the agreements made between, inter alia, a Co-Owner and the RE of ART relating to each of the Shopping Centres as described in Schedule 3.

"**Co-Owned Property**" means a Shopping Centre which is owned by a Co-Owner and the RE of ART as tenants-in-common.

"**Current Projects**" means the development projects currently underway at Mt Gravatt, being:

(a) the redevelopment of the Coles supermarket and additional specialty shops anticipated to be completed in April 2004; and

(b) the Harvey Norman project in the Big W mall area, anticipated to be completed in mid 2004.

"**Development Framework Agreement**" means the Development Framework Agreement (or DFA) prepared in accordance with paragraph 1.1(f) of the Development Principles negotiated and agreed in accordance with clause 4(a) to be the Development Framework Agreement.

"**Development Principles**" means the principles set out in Schedule 4.

"**Majority Decision**" means, in respect of a Co-Owned Property, a decision made by co-owners in relation to a Shopping Centre owned by those co-owners as tenants-in-common, representing a majority of the interests in the relevant Shopping Centre.

"**Management Agreement**" means the form of Management Agreement set out in Schedule 5.

"**Manager**" means, in respect of a Shopping Centre, the person performing the services of manager under the relevant Management Agreement (or the analogous services if the Management Agreement has not been signed).

"**Party**" means a party to this Agreement or a person who becomes a party to this Agreement by executing and delivering an Accession (IA) Deed required under clause 2.1 to satisfy a Condition.

"**Pre-Emptive Rights**" means all rights which any party to a Co-Owners' Agreement has under that Co-Owners' Agreement to acquire the interest (or any part thereof) of any other party to that Co-Owners' Agreement in the Shopping Centre the subject of that Co-Owners' Agreement.

"**RE**" means, in respect of a managed investment scheme, the person recorded in ASIC's records as the responsible entity of that managed investment scheme.

"**Replacement Date**" means the date on which WML becomes the RE of ART (if ever).

"**WML Obligations**" means all obligations and liabilities of whatsoever kind, undertaken or incurred by, or devolving upon WML under or in respect of this Agreement or any deed, agreement or other instrument collateral herewith or given or entered into pursuant hereto whether express or implied by statute or other legal requirements or arising otherwise howsoever in WML's capacity as RE of ART, in the event that WML becomes the RE of ART.

"**WT Obligations**" means all obligations and liabilities of whatsoever kind, undertaken or incurred by, or devolving upon WML under or in respect of this Agreement or any deed, agreement or other instrument collateral herewith or given or entered into pursuant hereto whether express or implied by statute or other legal requirements or arising otherwise howsoever in WML's capacity as RE of WT.

1.2 Interpretation

In this Agreement:

(a) headings are for convenience only and do not affect interpretation;

and unless the context indicates a contrary intention:

(b) an obligation or a liability assumed by, or a right conferred on, 2 or more persons binds or benefits them jointly and severally;

(c) "**person**" includes an individual, the estate of an individual, a corporation, an authority, an association or a joint venture (whether incorporated or unincorporated), a partnership and a trust;

(d) a reference to a party includes that party's executors, administrators, successors and permitted assigns, including persons taking by way of novation and, in the case of a trustee or responsible entity, includes a substituted or an additional trustee or responsible entity;

(e) a reference to a document (including this Agreement) is to that document as varied, novated, ratified or replaced from time to time;

(f) a reference to a statute or statutory provision includes a statutory modification or re-enactment of it or a statutory provision substituted for it, and each ordinance, by-law, regulation, rule and statutory instrument (however described) issued under it;

(g) a word importing the singular includes the plural (and vice versa), and a word indicating a gender includes every other gender;

(h) a reference to a party, clause, schedule, exhibit, attachment or annexure is a reference to a party, clause, schedule, exhibit, attachment or annexure to or of this Agreement, and a reference to this Agreement includes all schedules, exhibits, attachments and annexures to it;

(i) if a word or phrase is given a defined meaning, any other part of speech or grammatical form of that word or phrase has a corresponding meaning;

(j) **"includes"** in any form is not a word of limitation; and

(k) a reference to **"$"** or **"dollar"** is to Australian currency.

1.3 Co-Owners

AMP Life will procure that Warringah Mall Pty Limited, Knox Shopping Centre Investments (No. 2) Pty Limited and Kent Street Pty Limited give effect to the terms of this Agreement as Co-Owners.

1.4 WML

Notwithstanding any other provision of this Agreement:

(a) on and from the date of this Agreement until the Replacement Date (if it occurs), Westfield Management Limited shall be taken to be a Party to this Agreement only in its capacity as RE of the Westfield Trust and in its personal capacity in respect of clauses 6.6. and 6.7; and

(b) on and from the Replacement Date (if it occurs) and without the need for any other action or notice, Westfield Management Limited shall be taken to be a Party to this Agreement only in its capacities as RE of ART and RE of the Westfield Trust.

1.5 Parties

Where a person becomes a Party by executing and delivering an Accession (IA) Deed in satisfaction of a Condition under clause 2.1, then that person will be bound by all of the obligations and entitled to all of the benefits under this Agreement of a Party in the capacity in which it becomes a Party on and from that date.

2. Conditional Agreement

2.1 Conditions precedent

This Agreement (other than clauses 1, 2, 3, 4(a), 6.4(c), 6.6, 6.7, 13, 14 and 16) will be of no force and effect unless and until:

(a) **(Takeover Bid)**: takeover offers:

(i) are made by WT on terms no less favourable to ART unitholders than those described in WT's announcement of its takeover bid for ART dated 20 May 2003 (**"Takeover Bid"**) (except that the takeover offers must not be subject to the Pre-Emptive Rights Condition or any defeating conditions to similar effect); and

(ii) are despatched by WT to the holders of ART Units within 45 days after the announcement referred to in paragraph (a)(i); and

those takeover offers are not withdrawn and become unconditional during the offer period under the Takeover Bid;

(b) (**Pacific Fair and Macquarie Accession**): on or prior to 11:59pm on 28 May 2003, each of AMP Pacific Fair Pty Limited in its capacity as trustee for the AMP Pacific Fair Trust and AMP Macquarie Pty Limited in its capacity as trustee for the AMP Macquarie Trust (being entities controlled by AMP Wholesale Shopping Centre Trust No. 2) duly execute and deliver an Accession (IA) Deed to each of the Parties agreeing to be bound by all obligations of those entities as a Co-Owner under this Agreement;

(c) (**AMPH Accession**): on or prior to 11:59pm on 28 May 2003, AMPH duly executes and delivers to each of the Parties an Accession (IA) Deed agreeing to be bound by all of the obligations of AMPH under this Agreement;

(d) (**RE Appointment**): WML is appointed RE of ART within 6 months after the offers under the Takeover Bid become unconditional

2.2 No commitment regarding ART units

Notwithstanding clause 2.1, AMP Life confirms that it is not making any commitment (nor has there been any commitment made by AMP Life) to WT for AMP Life to accept any offer pursuant to the Takeover Bid or to otherwise dispose of or vote in respect of any ART Units held by or on behalf of AMP Life in any way.

2.3 Benefit of Conditions

(a) AMP Life is entitled to the benefit of the Conditions set out in clauses 2.1(a) and AMP Life alone may waive in writing that Condition.

(b) All Parties are entitled to the benefit of the Conditions set out in clauses 2.1(b), (c) and (d) and all the Parties acting together may waive in writing that Condition.

2.4 Operation of this Agreement

(a) The provisions of this Agreement which are subject to satisfaction or waiver of all of the Conditions will become effective at the time the Conditions are satisfied or waived.

(b) If any Condition is not satisfied or waived by the time for its satisfaction in accordance with clause 2.1, this Agreement may be rescinded by a Party entitled to the benefit of that Condition giving a written notice to the Parties and upon such rescission this Agreement will cease to have any force or effect.

3. Takeover Bid

If the minimum acceptance condition contained in WT's offers under its Takeover Bid has been:

(a) satisfied, then within two business days thereafter; or

(b) waived, then immediately thereafter,

WT must declare the offers under the Takeover Bid free of all remaining defeating conditions, unless prior to that time there has been a breach of any defeating condition under the offers and WT has publicly declared to the market that it intends to rely on a breach of that defeating condition.

4. Development Principles

(a) Each Party agrees to negotiate in utmost good faith and use its best endeavours to agree upon and settle the terms of the Development Framework Agreement necessary to give effect to the Development Principles.

(b) Notwithstanding paragraph (a) in relation to each Shopping Centre, each Party which is also a party under the relevant Co-Owners' Agreement agrees that the Development Principles will be legally binding on and from the Replacement Date and will be used to determine, among other things, the basis upon which the development, design documentation and construction procurement and project leasing services are performed in relation to that Shopping Centre until those Development Principles in relation to that Shopping Centre are replaced by a Development Framework Agreement (negotiated and agreed pursuant to paragraph (a)).

5. Pre-Emptive Rights

Each Co-Owner which is a Party irrevocably and unconditionally consents under the Co-Owners' Agreements to WML (or a related body corporate) becoming the RE of ART without triggering, and irrevocably and unconditionally undertake to WT and WML not to exercise, any Pre-Emptive Rights or other rights that they may have (as the case may be) to acquire any of the Shopping Centres or interests in any of the Shopping Centres as a result of:

(a) WML, or a related body corporate of WML, becoming the RE of ART; and/or

(b) a person who replaces WML becoming the RE of ART, provided that WML shall have complied with the terms of clauses 6, 7, 8, 9 and 10 of this Agreement and shall have caused any such person to covenant in favour of the Co-Owners that it will also give effect to the terms of clauses 6, 7, 8, 9 and 10 of this Agreement; and/or

(c) the acquisition of any units in ART as contemplated by the Takeover Bid.

6. Co-Owners' Agreement

6.1 Future Acknowledgement and Agreement

On the Replacement Date, WML and each relevant Co-Owner which is a Party will be taken to have acknowledged and agreed with each other to be bound by the terms of such Co-Owners' Agreements and acknowledge and agree:

(a) that the Co-Owners' Agreements in respect of the Shopping Centres known as Warringah Mall (Brookvale, NSW), Pacific Fair (Broadbeach, Qld), Macquarie Centre (North Ryde, NSW), Garden City (Mt Gravatt, Qld), Garden City (Booragoon, WA) and Knox City (Melbourne, Vic) are valid and enforceable. (WML is only providing this acknowledgement and agreement to the best of its knowledge as at the date of this Agreement and subject to any required future compliance with the Corporations Act and the ASX Listing Rules); and

(b) to waive any rights of termination of the Co-Owners' Agreements existing as at the date of this Agreement (for the avoidance of doubt, there being no admission that any such rights of termination exist).

6.2 Accession (COA) Deed

On the Replacement Date, WML must enter into the form of Accession (COA) Deed with AMPH (as the retiring RE of ART) and applicable co-owners for each Shopping Centre referred to in clause 6.1 in each case with:

(a) the necessary changes being made for each Shopping Centre; and

(b) such further changes as WML and AMP Life may reasonably agree upon.

6.3 Variations to Co-Owners' Agreements

Following the Replacement Date, the Parties which are co-owners of the Shopping Centres will seek to negotiate in utmost good faith and must use their best endeavours to agree upon and settle any necessary changes to Co-Owners' Agreements necessary to give effect to this Agreement including the replacement of the requirement of a person who subsequently becomes a party to a Co-Owners' Agreement following a "dealing" to enter into an asset management agreement with AMPH with a requirement of such a person to enter into such of:

(a) the Management Agreement;

(b) the Development Framework Agreement;

as are in place (and in accordance with their terms continue to be in place) at that time with the service provider or providers providing the services under those agreements at that time.

6.4 Listing Rules

(a) Without any Party acknowledging any requirement for any ASX Listing Rule waiver or no action letter, WML agrees that AMP Life may apply for a waiver or no action letter in respect of the application of Listing Rules 10 and 11 to ART in relation to the entry into the Co-Owners' Agreements (including the terms of the Pre-Emptive Rights) and the exercise of the Pre-Emptive Rights to the extent that:

(i) the Co-Owners' Agreement was disclosed in the prospectus of ART in 1997; or

(ii) the Co-Owners' Agreement was substantially derived from a Co-Owners' Agreement disclosed in the prospectus of ART in 1997 (including the Co-Owners' Agreements executed in 2003).

For the avoidance of doubt but without acknowledging any requirement for any ASX Listing Rule waiver or no action letter, this will not extend to AMP Life applying for a waiver or no action letter in respect of the application of Listing Rules 10 or 11 to ART in relation to the exercise of any Pre-Emptive Rights consequent on a change of the RE of ART. AMP Life undertakes to provide copies of all correspondence with the ASX to WML in relation to any such application upon despatch or receipt of that correspondence (as the case may be).

(b) WML agrees that it will consent to AMP Life making the application referred to in paragraph (a) directly and will not:

(i) in relation to an application based on paragraph (a)(i), object to any

such application; or

(ii) in relation to an application based on paragraph (a)(ii), object to any such application based on any fact or circumstance known to it as at the date of this Agreement.

(c) Whilst there is no requirement for WML's or WT's consent or non-objection, WML and WT will not object, if prior to the Replacement Date, AMPH as RE of ART applies for any waiver or no action letter of the type described in paragraph (a) provided that AMPH as RE of ART prior to the making of that application undertakes to WT to provide copies of all correspondence with the ASX to WT in relation to any such application upon despatch or receipt of that correspondence (as the case may be).

6.5 Good faith

WML, WT and AMP Life must at all times act reasonably and in good faith in all dealings with the manager and development manager of each Shopping Centre and in relation to any dealings concerning management rights and development activities in respect of each Shopping Centre.

6.6 Act reasonably

WML, WT and each Co-Owner which is a Party must at all times act reasonably and in good faith in relation to the Pre-Emptive Rights including not engaging in any activity designed or intended to circumvent the effectiveness and intent of those rights.

6.7 Consent to act as RE

WML must consent to act as the RE of ART if WT acquires a relevant interest in 50.1% or more of the ART Units.

7. Mt Gravatt

WML and the relevant Co-Owner must enter into within 2 Business Days after the Replacement Date:

(a) the Management Agreement with Westfield Shopping Centre Management Co. (Qld) Pty Limited and Westfield Limited;

(b) the Development Framework Agreement (if it has been negotiated and agreed in accordance with clause 4(a)) (but which will exclude from its operation the completion of the Current Projects at Mt Gravatt which are part complete as at the date of this Agreement and will be part complete as at the Replacement Date);

for the Shopping Centre known as Mt Gravatt in each case with:

(c) the necessary changes being made to include the relevant parties and any other required consequential changes; and

(d) such further changes as WML and AMP Life may reasonably agree upon.

8. AMP Life Majority Owned Shopping Centres

WML and each relevant Co-Owner must enter into within 2 Business Days after the Replacement Date in respect of the Shopping Centres known as Warringah Mall (Brookvale,

NSW), Pacific Fair (Broadbeach, QLD) and Garden City (Booragoon, WA):

(a) the Management Agreement with AMPH (and if AMPH has executed and delivered an Accession (IA) Deed, AMPH must execute the Management Agreement at the same time);

(b) the Development Framework Agreement (if it has been negotiated and agreed in accordance with clause 4(a)) (and if AMPH:

(i) is selected by the relevant co-owners to be the development manager in accordance with the Development Principles; and

(ii) has executed and delivered an Accession (IA) Deed to the Parties,

AMPH must execute the Development Framework Agreement at the same time),

in each case with:

(c) the necessary changes being made to include the relevant parties and any other required consequential changes; and

(d) such further changes as WML and AMP Life may reasonably agree upon.

9. Macquarie Centre

WML and the relevant Co-Owners must enter into within 2 Business Days after the Replacement Date:

(a) the Management Agreement with AMPH (and if AMPH has executed and delivered an Accession (IA) Deed, AMPH must execute the Management Agreement at the same time); and

(b) the Development Framework Agreement (if it has been negotiated and agreed in accordance with clause 4(a)) (and if AMPH has executed and delivered an Accession (IA) Deed, AMPH must execute the Development Framework Agreement at the same time); and

in respect of the Macquarie Centre with:

(c) the necessary changes being made to include the relevant parties and any other required consequential changes; and

(d) such further changes as WML and AMP Life may reasonably agree upon.

10. Property management

10.1 Majority Owned Shopping Centres

The Parties agree that following the Replacement Date, subject to the terms of the Management Agreement, the identity of the Manager in respect of any Shopping Centre (other than the Macquarie Centre) will be determined by a Majority Decision.

10.2 Macquarie Centre

The Parties agree that following the Replacement Date until:

(a) any disposal by ART of its entire legal and beneficial interest in the Shopping

Centre known as the Macquarie Centre;

(b) any disposal by the Co-Owners of their entire legal and beneficial interest in the Shopping Centre known as the Macquarie Centre (other than to AMP Limited or any entity controlled by AMP Limited); or

(c) the manager ceases to be a member of the AMP Limited group of companies,

no change may be made to the Manager of the Macquarie Centre (currently AMPH) except by a Majority Decision.

10.3 Assistance to Manager

Where the Manager of a Shopping Centre is a member of:

(a) the AMP Limited group of companies; or

(b) the Westfield Holdings Limited group of companies,

the Manager may appoint or subcontract to a related body corporate to assist the Manager to provide management services (without consent) in accordance with the terms of the Management Agreement and any other person approved in writing by all Co-Owners, who must act reasonably in determining whether to approve that appointment.

10.4 Transition of Manager

If AMPH (or any related body corporate) is replaced as property manager or asset manager of any of the 9 shopping centres currently managed by AMPH on or after the Replacement Date:

(a) AMPH must promptly:

(i) surrender and deliver to the relevant co-owners any space in the relevant shopping centre occupied by the Manager or its delegates;

(ii) pay to the relevant co-owners all money due to the co-owners under any property management or asset management arrangements relating to that shopping centre, including any money received after termination;

(iii) deliver to the co-owners all contracts, documents, papers, leases, licences, keys, access cards, books of account, invoices, receipts, files and records in relation to this Agreement or to the relevant shopping centre and any property owned, leased or otherwise held by or on behalf of the co-owners or third parties in relation to the relevant shopping centre; and

(iv) provide all information and take all action to effect an orderly and systematic termination of the property manager or asset manager 's appointment; and

(b) the relevant property manager or asset manager will be entitled to all accrued fees payable under the property management or asset management arrangements up to the date of termination; and

(c) the Parties will co-operate in good faith to ensure that the transition costs (including redundancy costs) for each Party and the relevant property manager or asset manager will be minimized.

11. Knox City

Within 2 Business Days after the Replacement Date, WML agrees to seek an amendment to the existing Co-Owners' Agreement for the property known as Knox City (Melbourne, Vic) to allow AMP Life to become a member of co-owners' committee and special committee under the Co-Owners' Agreement in respect of Knox City (Melbourne, Vic), subject to the proviso that AMP Life will not obtain any voting rights that are disproportionate to its interest in Knox City (Melbourne, Vic).

12. Arm's length terms

(a) The arrangements the subject of this Agreement have been negotiated on arm's length terms with AMP Life, WT and WML having the benefit of external legal advice.

(b) Each Party considers the terms of the arrangements to be fair and reasonable.

(c) To the extent that the entry into this Agreement or any agreements to be entered by AMPH following the Replacement Date in accordance with this Agreement would increase the overall fees, charges or expenses payable to AMPH in relation to those Shopping Centres those agreements will be taken to be varied so that the overall fees, charges or expenses do not exceed those payable to AMPH by ART at the date of this Agreement.

13. Status warranties

13.1 Mutual

Each Party represents and warrants to each other Party that:

(a) it is not an externally administered body corporate under the *Corporations Act* or in the case of a managed investment scheme subject to similar events;

(b) it has the power to enter into and perform this Agreement and has obtained all necessary consents and authorisations to enable it to do so;

(c) the entry into and performance of this Agreement by it does not constitute a breach of any obligation (including any statutory, contractual or fiduciary obligation or obligation under the *Corporations Act* or Listing Rules) or default under any agreement or undertaking by which it is bound; and

(d) this Agreement constitutes valid and binding obligations upon it enforceable in accordance with its terms by appropriate legal remedy,

provided that WML makes no representations nor any warranties as to whether unitholder approval is required under the Listing Rules in relation to the existence or exercise of the Pre-Emptive Rights under each relevant Co-Owners' Agreement. This proviso does not in any way remove the obligations of WML under clauses 6.4 and 6.6.

13.2 AMP Life

AMP Life represents and warrants to WML and WT that no other person is a party to the Co-Owners' Agreements (including by accession) other than the Co-Owners and ART (and other persons identified in Schedule 3).

14. WT Limitation of Liability

14.1 Performance

WML shall (and shall be entitled to) perform the WT Obligations.

14.2 Limitation of Liability

(a) A liability arising under or in connection with this Agreement is limited to and can be enforced against WML only to the extent to which it can be satisfied out of property of WT out of which WML is actually indemnified for the liability. This limitation of liability applies despite any other provision of this Agreement and extends to all WT Obligations of WML in any way connected with any representation, warranty, conduct, omission, agreement or transaction related to this Agreement.

(b) The Parties other than WML may not sue WML in any capacity other than as RE of WT, including seeking the appointment of a receiver (except in relation to property of WT), a liquidator, an administrator or any similar person to WML or prove in any liquidation, administration or arrangement of or affecting WML (except in relation to property of WT).

(c) WML is not obliged to do or refrain from doing anything under this Agreement (including, without limitation, incur any liability) unless WML's liability is limited in the same manner as set out in paragraphs (a), (b) and (c).

(d) No attorney, agent, receiver or receiver and manager appointed has authority to act on behalf of WML in a way which exposes WML to any liability.

(e) The provisions of this clause shall not apply to any WT Obligation of WML to the extent that it is not satisfied because, under the constitution for WT or by operation of law, there is a reduction in the extent of WML 's indemnification out of the assets of WT, as a result of WML 's fraud, negligence or breach of trust.

15. WML Limitation of Liability

15.1 Performance

WML shall (and shall be entitled to) perform the WML Obligations.

15.2 Limitation of Liability

(a) A liability arising under or in connection with this Agreement is limited to and can be enforced against WML only to the extent to which it can be satisfied out of property of ART out of which WML is actually indemnified for the liability. This limitation of liability applies despite any other provision of this Agreement and extends to all WML Obligations of WML in any way connected with any representation, warranty, conduct, omission, agreement or transaction related to this Agreement.

(b) The Parties other than WML may not sue WML in any capacity other than as RE of ART, including seeking the appointment of a receiver (except in relation to property of ART), a liquidator, an administrator or any similar person to WML or prove in any liquidation, administration or arrangement of or affecting WML (except in relation to property of ART).

(c) WML is not obliged to do or refrain from doing anything under this Agreement (including, without limitation, incur any liability) unless WML's liability is limited in the same manner as set out in paragraphs (a), (b) and (c).

(d) No attorney, agent, receiver or receiver and manager appointed has authority to act on behalf of WML in a way which exposes WML to any liability.

(e) The provisions of this clause shall not apply to any WML Obligation of WML to the extent that it is not satisfied because, under the constitution for ART or by operation of law, there is a reduction in the extent of WML 's indemnification out of the assets of ART, as a result of WML 's fraud, negligence or breach of trust.

16. General

16.1 Notices

All communications (including notices, consents, approvals, requests and demands) under or in connection with this Agreement:

(a) must be in writing;

(b) must be addressed as follows (or as otherwise notified by that Party to each other Party from time to time):

AMP Life

Name:	AMP Life Limited
Address:	Level 14, 33 Alfred Street, Circular Quay, Sydney
Fax:	02 9257 7178
For the attention of:	The Company Secretary

WML

Name:	Westfield Management Limited
Address:	Level 24, Westfield Tower, 100 William Street, Sydney
Fax:	02 9358 7077
For the attention of:	Company Secretary

WT

Name:	Westfield Trust
Address:	Level 24, Westfield Tower, 100 William Street, Sydney
Fax:	02 9358 7077
For the attention of:	Company Secretary

(c) must be signed by the Party making the communication or (on its behalf) by the solicitor for, or any attorney, director, secretary or authorised agent of, that Party;

(d) must be delivered or posted by prepaid post to the address, or sent by fax to the number, of the addressee, in accordance with clause 16.1(b); and

(e) are taken to be received by the addressee:

(i) (in the case of prepaid post) on the working day (which, in this clause 16.1(e), means a day, not being a Saturday, Sunday or public holiday, on which banks are generally open for business in the place of receipt of the communication) that is the third working day after the date of posting to an address within Australia, and on the fifth working day after the date of posting by airmail to an address outside Australia;

(ii) (in the case of fax) at the local time (in the place of receipt of that fax) which then equates to the time at which that fax is sent as shown on the transmission report which is produced by the machine from which that fax is sent and which confirms transmission of that fax in its entirety, unless that local time is not on a working day, or is after 5.00 pm on a working day, when that communication is taken to be received at 9.00 am on the next working day; and

(iii) (in the case of delivery by hand) on delivery at the address of the addressee as provided in clause 16.1(b), unless that delivery is made on a day that is not a working day, or after 5.00 pm on a working day, when that communication is taken to be received at 9.00 am on the next working day.

16.2 Governing law

This Agreement is governed by and must be construed according to the laws of New South Wales.

16.3 Jurisdiction

Each Party irrevocably:

(a) submits to the non-exclusive jurisdiction of the courts of New South Wales, and the courts competent to determine appeals from those courts, with respect to any proceedings which may be brought at any time relating to this Agreement; and

(b) waives any objection it may now or in the future have to the venue of any proceedings, and any claim it may now or in the future have that any proceedings have been brought in an inconvenient forum, if that venue falls within clause 16.3(a).

16.4 Confidentiality

This Agreement must remain confidential until any of the Parties lodge any substantial holding notification they are required to lodge under the *Corporations Act*.

16.5 Amendments

This Agreement may only be varied by a document signed by or on behalf of each Party.

16.6 Waiver

(a) Failure to exercise or enforce, or a delay in exercising or enforcing, or the partial exercise or enforcement of, a right, power or remedy provided by law or under this Agreement by a Party does not preclude, or operate as a waiver of, the exercise or enforcement, or further exercise or enforcement, of that or any other right, power or

remedy provided by law or under this Agreement.

(b) A waiver or consent given by a Party under this Agreement is only effective and binding on that Party if it is given or confirmed in writing by that Party.

(c) No waiver of a breach of a term of this Agreement operates as a waiver of another breach of that term or of a breach of any other term of this Agreement.

16.7 Further acts and documents

Each Party must promptly do all further acts and execute and deliver all further documents (in form and content reasonably satisfactory to that Party) required by law or reasonably requested by another Party to give effect to this Agreement, including agreeing to any necessary amendments to the Co-Owners' Agreements.

16.8 No Relevant Interests

(a) Nothing in this Agreement:

(i) shall require WT to exercise, or shall restrain or restrict WT in exercising, the vote attaching to any ART Units; or

(ii) shall require WT to dispose of, or shall restrain or restrict WT in disposing of, any ART Units,

that it may hold from time to time.

(b) Nothing in this Agreement:

(i) shall require AMP Life to exercise, or shall restrain or restrict AMP Life in exercising, the vote attaching to any ART Units; or

(ii) shall require AMP Life to dispose of, or shall restrain or restrict AMP Life in disposing of, any ART Units,

that it may hold from time to time.

16.9 Consents

A consent required under this Agreement from a Party may be given or withheld, or may be given subject to any conditions, as that Party (in its absolute discretion) thinks fit, unless this Agreement expressly provides otherwise.

16.10 Assignment

A Party cannot assign, novate or otherwise transfer any of its rights or obligations under this Agreement without the prior consent of each other Party.

16.11 Counterparts

This Agreement may be executed in any number of counterparts and by the Parties on separate counterparts. Each counterpart constitutes an original of this Agreement, all of which together constitute one Agreement.

16.12 No representation or reliance

(a) Each Party acknowledges that no Party (nor any person acting on a Party's behalf) has made any representation or other inducement to it to enter into this Agreement,

except for representations or inducements expressly set out in this Agreement.

(b) Each Party acknowledges and confirms that it does not enter into this Agreement in reliance on any representation or other inducement by or on behalf of any other Party, except for representations or inducements expressly set out in this Agreement.

16.13 Expenses

Except as otherwise provided in this Agreement, each Party must pay its own costs and expenses in connection with negotiating, preparing, executing and performing this Agreement.

16.14 Stamp duties

To the extent that stamp duty is payable in respect of this agreement the Party primarily responsible for that duty under the relevant Stamp Duty Act will pay that duty.

16.15 Entire Agreement

To the extent permitted by law, in relation to its subject matter, this Agreement:

(a) embodies the entire understanding of the Parties, and constitutes the entire terms agreed by the Parties; and

(b) supersedes any prior written or other agreement of the Parties.

16.16 GST

If GST is imposed or levied in respect of any Supply made under or in accordance with this document then despite any other provision of this document the Consideration in respect of that Supply shall be increased by the GST Amount and the Party making such Supply shall provide such invoices to the other Party as are required pursuant to the GST Legislation.

In this clause 16.16:

(a) **"Consideration"** means any amount or consideration payable or to be provided pursuant to any provision of this document other than this clause.

(b) **"GST"** means any form of goods and services tax or similar value added tax.

(c) **"GST Amount"** mean the Consideration multiplied by the Rate.

(d) **"GST Legislation"** means A New Tax System (Goods and Services Tax) Act 1999 and any other legislation which imposes, implements or varies a GST or any applicable rulings issued by the Commissioner of Taxation.

(e) **"Rate"** means the rate at which GST Legislation from time to time imposes or levies GST on the relevant supply under this document.

(f) **"Supply"** means supply as defined under GST Legislation.

16.17 Co-Owners

Any right or benefit, covenants or obligation given in favour of any Co-Owner is made in favour of AMP Life on behalf of the relevant Co-Owner. AMP Life may enforce such provisions on behalf of the Co-Owners.

Deed Poll made at Sydney on May 2003

By **[Name] [ACN] [Capacity] [Address] ("Grantor")**

In favour of **Each Party to the Implementation Agreement**

Recitals

A. On or around 27 May 2003 the Implementation Agreement was executed.

B. Pursuant to clause 2.1, the Implementation Agreement is conditional upon certain persons executing and delivering an Accession (IA) Deed.

C. The Grantor wishes to execute and deliver this Accession (IA) Deed in order to become a Party.

This documents provides

1. Definitions and interpretation

1.1 Implementation Agreement

(a) Unless otherwise defined in this document and clause 1.2, capitalised terms used in this document have the meanings given to them in the Implementation Agreement.

(b) Clause 16 of the Implementation Agreement applies to this document as if set out in full.

1.2 Definitions

In this document:

"**Accession (ID) Deed**" has the meaning given to it in the Implementation Deed.

"**Implementation Agreement**" means the agreement between AMP Life, Westfield Management Limited as responsible entity of Westfield Trust, Westfield Management Limited and any other person who becomes a party under that Agreement dated on or around 27 May 2003.

"**Party**" has the meaning given to in the Implementation Deed.

2. Covenants by Grantor

Grantor:

(a) confirms that it has received a copy of the Implementation Agreement; and

(b) agrees that as and from the date that a duly executed copy of this Deed has been delivered to each of the Parties (other than the Grantor) it will be bound by all of the obligations of it as [[a Co-Owner] [AMPH]] under the Implementation Agreement.

3. Notices

For the purposes of clause 16.1 of the Implementation Agreement the Grantor advises that all

communications (including notices, consents, approvals, requests and demands) under or in connection with the Implementation Agreement must be addressed as follows (or as otherwise notified by Grantor to each other Party from time to time):

[Name]

Name:

Address:

Fax:

For the attention of:

4. Warranties

The Grantor the represents and warrants to each Party the statements set out in clause 13 of the Implementation Agreement.

Deed made at Sydney on 2003

Parties **AMP Henderson Global Investors Limited ACN 001 777 591** of Level 13, 50 Bridge Street, Sydney, New South Wales ("**AMPH**")

Westfield Management Limited ACN 001 670 579 in its capacity as responsible entity of the AMP Shopping Centre Trust ARSN 087 393 397 of Level 24, Westfield Tower, 100 William Street, Sydney, NSW 2011("**ART**")

[Name, ACN of Co-owner] of *[address]* ("**Co-Owner**")[1]

Recitals

A *[Co-owner]* owns *[ ]*% of the Property as a tenant-in-common.

B AMPH as responsible entity for ART is recorded as the current registered proprietor of *[ ]* % of the Property as tenant in common with *[Co-owner]*.

C *[Co-owner]*, AMPH as responsible entity for ART and *[other parties to Co-Owners' Agreement]* are parties to the Co-Owners' Agreement.

D. As part of a broader transaction as and from the Replacement Date:

(a) AMPH will cease to be the responsible entity of ART;

(b) Westfield Management Limited ("**WML**") will become the responsible entity of ART;

(c) WML will be entitled to become the registered proprietor of the remaining *[ ]*% of the Property as tenant-in-common with the *[Co-owner]*; and

(d) WML will be a party to, and have the rights, obligations and liabilities of AMPH under the Co-Owners' Agreement in the place of AMPH.

E. Clause *[ ]* of the Co-Owners' Agreement provides that prior to and as a condition of any Dealing, the party Dealing with the whole or any part of its interest must procure that the Permitted Transferee (among other things) executes all necessary documents in favour of the relevant parties and in forms reasonably acceptable to such parties, agreeing to be bound by the terms of the Co-Owners' Agreement.

F. The parties wish to vary the Co-Owners' Agreement and acknowledge the accession by WML as responsible entity for ART as a Co-Owner under the Co-Owners' Agreement on the terms set out in this document.

This document provides

1. Definitions and interpretation

1.1 The Co-Owners' Agreement

(a) Unless otherwise defined in this document and clause 1.2, capitalised terms used in this document have the meanings given in the Co-Owners' Agreement.

---

[1] Note that other Co-owners will also need to be included as parties.

(b) Clauses *[insert cross reference to interpretation provisions]* (inclusive) of the Co-Owners' Agreement apply to this document as if set out in full in this document.

1.2 Definitions

In this document:

"Co-Owners' Agreement" means the agreement entitled "Co-Owners' Agreement - *[Name of Centre]*" dated *[date]*[2] between AMPH as responsible entity for ART, *[Co-Owner]* and *[other parties to Co-owners' Agreement]*(as amended).

"Obligations" means all obligations and liabilities of whatsoever kind, undertaken or incurred by, or devolving upon the Responsible Entity under or in respect of this document or any deed, agreement or other instrument collateral herewith or given or entered into pursuant hereto whether express or implied by statute or other legal requirements or arising otherwise howsoever.

"Replacement Date" means the date and time that the record of registration of ART maintained by the Australian Securities and Investments Commission is altered to record WML as the responsible entity of ART.

"Responsible Entity" means WML or such other party as is the responsible entity for the time being of ART as the term "responsible entity" is defined in the *Corporations Act*.

2. Accession

2.1 Covenants by WML

WML:

(a) confirms that it has received a copy of the Co-Owners' Agreement; and

(b) agrees that as and from the Replacement Date it is substituted for AMPH as a Co-Owner under the Co-Owners' Agreement and is bound by the obligations and liabilities applicable to AMPH as responsible entity under the Co-Owners' Agreement subject to any future compliance with the Corporations Act and the ASX Listing Rules (other than as a result of AMPH's fraud, negligence or breach of trust prior to the Replacement Date).

2.2 Acknowledgements by other parties

Each of the *[Co-owner]* and *[other parties to Co-Owners' Agreement]* acknowledge and agree that as and from the Replacement Date it is entitled to the rights of AMPH as a Co-Owner under the Co-Owners' Agreement.

2.3 Release of AMPH

Each of WML, *[Co-owner]* and *[other parties to Co-Owners' Agreement]* acknowledge and agree that upon execution of this document, AMPH shall be released with respect to obligations and liabilities arising under the Co-Owners' Agreement on and from the Replacement Date other than as a result of AMPH's fraud, negligence or breach of trust prior to the Replacement Date.

---

[2] Include any variations or confirmations.

3. Variation of Co-Owners' Agreement

The parties agree that the Co-Owners' Agreement is varied with effect from the date of this document by the deletion of the existing **clause 25 Limitation of Liability - ART** and the inclusion of the following as clause 25:

"25 **Limitation of Liability - ART"**

25.1 **Responsible Entity**

The Responsible Entity shall (and shall be entitled to) perform the Obligations.

25.2 **Limitation of Liability**

(a) The Responsible Entity enters into this document only in its capacity as Responsible Entity of ART and in no other capacity. A liability arising under or in connection with this document is limited to and can be enforced against the Responsible Entity only to the extent to which it can be satisfied out of property of ART out of which the Responsible Entity is actually indemnified for the liability. This limitation of liability applies despite any other provision of this document and extends to all Obligations of the Responsible Entity in any way connected with any representation, warranty, conduct, omission, agreement or transaction related to this document.

(b) The parties other than the Responsible Entity may not sue the Responsible Entity in any capacity other than as Responsible Entity of ART, including seeking the appointment of a receiver (except in relation to property of ART), a liquidator, an administrator or any similar person to the Responsible Entity or prove in any liquidation, administration or arrangement of or affecting the Responsible Entity (except in relation to property of the ART).

(c) The Responsible Entity is not obliged to do or refrain from doing anything under this document (including, without limitation, incur any liability) unless the Responsible Entity's liability is limited in the same manner as set out in paragraphs (a), (b) and (c).

(d) No attorney, agent, receiver or receiver and manager appointed has authority to act on behalf of the Responsible Entity in a way which exposes the Responsible Entity to any liability.

The provisions of this clause shall not apply to any Obligation of the Responsible Entity to the extent that it is not satisfied because, under the trust deed for ART or by operation of law, there is a reduction in the extent of the Responsible Entity's indemnification out of the assets of ART, as a result of the Responsible Entity's fraud, negligence or breach of trust."

4. Co-Owners' Agreement

4.1 Affirmation

Subject to this document the Co-Owners' Agreement is ratified and confirmed and will continue in full force and effect.

4.2 Waiver

The Responsible Entity waives any existing rights of termination that under the Co-Owners' Agreement.

5. General

Clauses *[insert references to relevant boilerplate provisions]*[3] of the Co-Owners' Agreement apply to this document as if set out in full in this document.

[3] In relation to the Co-Owners' Agreements for Warringah Mall and Garden City Booragoon the references should be to clauses 11 to 25 (inclusive) and clause 26. In relation to the Co-Owners' Agreement for Knox City the references should be to clauses 12 to 26 (inclusive) and clause 27. In relation to the Co-Owners' Agreement for Macquarie Centre the reference should be to clauses 10 to 24 (inclusive), clause 26 and clause 28. In relation to the Co-Owners' Agreement for Pacific Fair the reference should be to clauses 10 to 24 (inclusive), clause 26 and clause 29. In relation to the Co-Owners' Agreement for Mount Gravatt the reference should be to clauses 10 to 24 (inclusive).

4. Development Principles

SCHEDULE 4

PRINCIPLES IN RELATION TO DEVELOPMENT PROCESS

Development Principles

The principles proposed for the ART - Westfield/AMP joint venture relationships for the delivery of development, construction and project leasing services for the Centres are as follows:

- The Co-owners will co-operate constructively and in good faith in considering the development needs of the Centres.
- The principles set out in this paper apply to all development works in relation to the Centres regardless of the value of such works.

1. **Development Process**

1.1 *Appointment of Development Manager*

(a) The Co-owners agree to discuss in good faith the appointment of the development manager to manage the works (**"Development Manager"**). The Majority Co-owner will consult in good faith with the other members of the Development Committee regarding the appointment of the Development Manager.

(b) The Majority Co-owner for each Centre, acting reasonably and in good faith, will be entitled to appoint a Development Manager in relation to each Centre for the term set out in paragraph 1.1(c).

(c) The appointment of the Development Manager will be taken to have commenced on the date that the Majority Co-owner advises the other Co-owner or Co-owners in writing of its decision and will continue for a period of five (5) years (the **"Term"**) unless during the Term the Majority Co-owner:

(i) subject to paragraph 1.9, ceases to hold in excess of 50% of the direct property interests in the Centre; or

(ii) terminates the appointment of the Development Manager following reasonable notice in writing to the Development Manager.

At any time during the Term the Majority Co-owner is entitled to replace the Development Manager.

(d) One month prior to the expiry of the Term, the Majority Co-owner will consult in good faith with the other members of the Development Committee in relation to the appointment of a Development Manager for a further term (**"Further Term"**) on terms consistent with these principles (including as set out in paragraph 1.1(c). In considering the appointment of a Development Manager for the Further Term, the Majority Co-owner must first give bona fide consideration to any submission by any Co-owner in relation to the appointment of a Development Manager for the Further Term, but the Majority Co-owner for each Centre, acting reasonably and in good faith will be entitled to appoint the Development Manager in relation to each Centre for the Further Term.

(e) Any Co-owner will be entitled to put proposals to other Co-owners or the Development Manager for a project for the redevelopment or refurbishment of a Centre or any part of it, which proposals will be considered and evaluated by the Development Manager and the Co-owners acting reasonably and in good faith.

(f) Following the appointment of a Development Manager, the Development Manager will be responsible for performing the Development Management Services in accordance with Annexure A.

(g) The DFA to be used as the base document (amended to give effect to and reflect the matters set out in this paper), but:

(i) subject to 1.6, the Liverpool Design and Construction Agreement and Liverpool Leasing Agreement will be removed (and all references to them in the DFA and matters specific to those documents or the Liverpool project will be deleted and clause 8 of the DFA will be deleted in its entirety);

(ii) all references throughout the document to "Westfield" as "Development Manager" will be replaced with the person selected as the Development Manager under this paragraph 1.1;

(iii) the DFA will be expanded to incorporate the "Development Management Services" to be provided by the Development Manager in accordance with Annexure A in lieu of the "Services" set out in the DFA;

(iv) if the Development Manager is a member of the AMP Group, the other parties will accept a covenant by AMP Limited in relation to the capitalisation of the Development Manager in terms consistent with the deed poll attached as the second schedule to the Management Agreement;

(v) where a Co-owner is the trustee of a trust, an appropriate limitation of liability clause will be included;

(vi) will be terminable on reasonable notice by the Majority Co-owner without penalty or cost to the Co-owners; and

(vii) the form of DFA will include any consequential changes reasonably required to give effect to the matters set out in this paper, including:

A. references to the different parties;

B. details relevant to the Centre; and

C. such other amendments as the parties agree

1.2 *Design*

(a) The Co-owners require the flexibility to engage appropriate concept architects and urban planners (**"Design Consultants"**).

(b) Prior to the approval of a Preliminary Development Proposal, the Co-owners preparing such a proposal may appoint a planning architect to prepare plans required for a Preliminary Development Proposal.

(c) If a Preliminary Development Proposal is approved by the Majority Co-owner, a panel of not less than two Design Consultants will be agreed unanimously between the Co-owners to be pre-selected to be a panel. Each of the pre-selected panel members will be entitled to make a presentation to the Co-Owners' Committee

prior to a decision being made in relation to the appointment of the Design Consultants.

(d) The decision as to who will be appointed as the Design Consultants will be made by the Majority Co-owner acting reasonably.

1.3 *Design documentation and construction procurement*

(a) The Development Manager will recommend a Final Development Proposal including a proposed form of design documentation and construction procurement for the approval of the Majority Co-owner.

(b) The approved design documentation and construction process and the engagement of the construction contractor (**"Builder"**) will be procured by select tender albeit that the Co-owners may unanimously agree to waive the tender process and appoint a Builder.

(c) The tenders may incorporate the following, with such other project delivery process selected by the Majority Co-owner acting reasonably:

(i) the form of contract, as agreed by the Co-owners;

(ii) construction price (including provisional sums, preliminaries, margin and profit);

(iii) design fees;

(iv) time/programme; and

(v) team/capacity to complete.

(d) The decision as to who will be appointed as the Builder will be made by the Majority Co-owner acting reasonably.

1.4 *Project Leasing*

(a) The Co-owners require the flexibility to engage the appropriate person to undertake the project leasing services (**"Development Leasing Manager"**).

(b) A panel of not less than two potential Development Leasing Managers will be agreed unanimously between the Co-owners to be pre-selected to be a panel. Each of the pre-selected panel members will be entitled to make a presentation to the Co-Owners' Committee prior to a decision being made in relation to the appointment of the Development Leasing Manager.

(c) The decision as to who will be appointed as the Development Leasing Manager will be made by the Majority Co-owner acting reasonably.

(d) Nothing in this paragraph 1.4 affects the rights and obligations of the manager appointed under the Management Agreement (**"Manager"**). The Manager must consult with the Development Leasing Manager in order to co-ordinate Centre leasing with project leasing. If the Manager and the Development Leasing Manager fail to agree, the matter will be referred to and determined by the Majority Co-owner of the relevant Centre.

1.5 *Appointments of associates of Co-owners*

If an entity associated with a Co-owner or the Development Manager wishes to be appointed any of the following:

(a) the Design Consultants under paragraph 1.2; or

(b) the Builder under paragraph 1.3; or

(c) the Development Leasing Manager under paragraph 1.4,

(collectively the **"Contractors"** and each individually a **"Contractor"**),

the engagement of any Contractor will be determined by the Majority Co-owner. No entity tendering will be entitled to access to any information or presentation submitted by any other person who tenders to be appointed the Design Consultants, Builder or the Development Leasing Manager.

The Co-owners acknowledge that there is a potential conflict of interest if an entity associated with a Co-owner or the Development Manager wishes to be appointed a Contractor. The Co-owners agree (and will procure that the Development Manager agrees) to put into effect an appropriate corporate governance programme to address matters including the performance of the functions of the Development Manager, conflicts of interest and disclosure of information, in particular in relation to access to tenderers' information and other matters in circumstances where an entity associated with a Co-owner (**"Associated Tenderer"**) has tendered to become a Contractor. As part of the corporate governance programme the Co-owners agree that if an Associated Tenderer is not appointed as a Contractor, the relevant associated Co-owner will only be entitled to the decision making criteria in relation to the appointment of the relevant Contractor and in relation to the appointment of the Builder, the Associated Tenderer will be entitled to receive a copy of the tender schedule to the building contract.

The Co-owners also agree that any transactions between Related Parties must be on arm's length terms.

1.6 *Form of Design and Construction Agreement and Leasing Agreement*

If a Westfield entity is appointed as Builder or as Development Leasing Manager, the form of the Design and Construction Agreement and the Leasing Agreements respectively attached to the Liverpool Design and Construction Agreement will form the base document (with such changes as are relevant to reflect the Centre details and the scope of services to be provided by the Westfield entity and agreed between the Co-owners and the Development Manager).

1.7 *Consultants*

(a) The Development Manager must have the ability to engage all other consultants in relation to a Proposal other than principal consultants (who include a quantity surveyor and/or a project manager) whose appointment will require the approval of the Majority Co-owner acting reasonably.

(b) The Co-owners acknowledge that, subject to 1.8, costs properly incurred in relation to consultants form part of the overall development cost.

1.8 *Unanimous Approvals*

Capital expenditure required in connection with any works of any nature including pursuant to any Approval (including Minor Development Works or Routine Works) will be included in a

Business Plan or variation to a Business Plan and will require unanimous approval of the Co-owners in accordance with the requirements of the relevant Co-Owners' Agreement.

1.9 *Macquarie Centre*

In applying these principles in relation to the Macquarie Centre, the Co-owners agree that AMP Macquarie Pty Limited as trustee for the AMP Macquarie Trust will be taken to be the Majority Co-owner and therefore entitled to determine the appointment of the Development Manager, the Design Consultants, the Builder, the Development Leasing Manager and other consultants (as set out in paragraph 1.7 above) pursuant to these principles, unless a person other than a member of the AMP Group comes to hold a majority beneficial interest in the AMP Wholesale Shopping Centre Trust 2, AMP Macquarie Holdings Pty Limited (as bare trustee) or AMP Macquarie Pty Limited as trustee for the AMP Macquarie Trust or the AMP Group disposes of the whole or part of its interest in the Macquarie Centre (in which case the terms of any development arrangements will be determined by the majority of the Co-owners at the time) or unless the Westfield Group disposes of the whole of its interest in the Macquarie Centre (in which case the terms of any development arrangements will be the same as the development arrangements in place prior to the date of the Implementation Agreement).

For the avoidance of doubt without limiting and subject to the paragraph above, the parties acknowledge that any change of the responsible entity of the AMP Wholesale Shopping Centre Trust 2, any change of any trustee holding an interest in the Macquarie Centre or any disposal of units in the AMP Wholesale Shopping Centre Trust 2 by either AMP Life Limited or the responsible entity of the AMP Shopping Centre Trust will not be a disposal of any interest of either the AMP Group or the Westfield Group in the Macquarie Centre.

2 **Fees**

2.1 The development management fees will be those under the DFA, that is the Development Manager will be entitled to receive 3%, the other Co-owner will be entitled to 1%, other than in circumstances where the value of the works is less than $15 million (to be increased annually by reference to the Consumer Price Index (All Groups) Sydney) (**"Minor Works"**). The development management fee that is payable to the Development Manager in relation to the Minor Works is 3% as calculated in accordance with the DFA. No development management fee is payable to any Co-owner in relation to any Minor Works.

2.2 The fees payable to the Development Leasing Manager will be those under clause 3.1 of the Leasing Agreement.

3 **Interpretation and Definitions**

3.1 To the extent of any inconsistency between this paper and the terms of the DFA, the principles set out in this paper will prevail.

3.2 Capitalised terms used in this paper but not defined have the meaning given to them in the DFA or the Co-Owners' Agreement (as the case may be). To the extent of any inconsistency, the term defined in the Co-Owners' Agreement will prevail.

3.3 In this paper:

(a) **"AMP Group"** has the meaning given to it in the Management Agreement.

(b) **"Centres"** means:

(i) the "Macquarie Centre", North Ryde, New South Wales;

(ii) "Pacific Fair", Broadbeach, Queensland;

(iii) "Garden City" Mount Gravatt, Queensland;

(iv) "Warringah Mall", Brookvale, New South Wales; and

(v) "Garden City", Booragoon, Western Australia,

and **"Centre"** means each of them individually.

(c) **"Co-owner"** means a co-owner of the relevant Centre whose interest is held as a tenant in common.

(d) **"Co-owner's Group"** means the "AMP Group" or the "Westfield Group" as applicable.

(e) **"Co-Owners' Agreement"** has the meaning given to it in the Implementation Agreement.

(f) **"Co-Owners' Committee"** has the meaning given to it in the Co-Owners' Agreement for each Centre.

(g) **"Development Management Services"** means the services listed in Annexure A.

(h) **"DFA"** means the document entitled "Liverpool Development Framework Agreement" dated 7 December 2001 between Kent Street Pty Limited, Westfield Management Limited, Westfield Design and Construction Pty Limited, Westfield Holdings Limited and AMP Henderson Global Investors Limited.

(i) **"Final Development Proposal"** has the meaning given to it in Annexure A.

(j) **"Implementation Agreement"** means the agreement between AMP Life Limited, Westfield Management Limited in its personal capacity and Westfield Management Limited as responsible entity for the Westfield Trust to which this paper is annexed as Schedule 4.

(k) **"Majority Co-owner"** means as at the Replacement Date and for so long as a Co-owner's interest as a tenant in common in each Centre is not less than the proportionate interest held at the Replacement Date, in relation to each Centre, the relevant Co-owner or Co-owners who has or have a majority interest in the Centre calculated by reference to the proportionate interest in the Centre held by the Co-owner as a tenant in common, who is or are members of the Co-owner's Group referred to in Annexure B.

(l) **"Management Agreement"** means the form of the management agreement attached to the Implementation Agreement as Schedule 5.

(m) **"Minor Development Works"** has the meaning given to it in Annexure A.

(n) **"Preliminary Development Proposal"** has the meaning given to it in Annexure A.

(o) **"Related Parties"** has the meaning given to the term "related party" in the *Corporations Act 2001* (Commonwealth).

(p) **"Replacement Date"** has the meaning given to it in the Implementation Agreement.

(q) **"Routine Works"** has the meaning given to it in Annexure A.

(t) **"Westfield Group"** has the meaning given to it in the form of the Management Agreement attached to the Implementation Agreement as Schedule 5.

Annexure A Development Management Services

Preliminary Development Proposal

1 From time to time the Co-owners may request the Development Manager to undertake a feasibility review process to meet the Co-owners' requirements for a Preliminary Development Proposal. To commence this process, the Co-owners will request the Development Manager to prepare a funds request to undertake the Preliminary Development Proposal process. The Preliminary Development Proposal must include:

(a) a broad description of the scope of works and the quality of the development to be achieved;

(b) a preliminary program for the development;

(c) an outline concept design;

(d) a preliminary feasibility analysis;

(e) a list of the main statutory approvals required;

(f) an estimated project cost based on outline concepts and scope of work;

(g) a cost plan estimate for the working up of a Development Proposal; and

(h) a list of proposed consultants to be engaged by or on behalf of the Co-owners and the estimated costs of those consultants.

2 The Co-owners may impose such limits on the Preliminary Development Proposal to be put forward by the Development Manager as are reasonable to ensure that it complies with its obligations to the Co-owners under this agreement.

3 The Co-Owners' Committee may, in relation to any Preliminary Development Proposal (acting reasonably):

(a) refuse to grant Preliminary Development Approval;

(b) require the Development Manager to provide it with further details in relation to the proposal;

(c) require the Development Manager to modify the proposal and resubmit an amended Preliminary Development Proposal pursuant to paragraph 2; or

(d) grant Preliminary Development Approval.

4 If the Co-Owners' Committee gives Preliminary Development Approval to the Preliminary Development Proposal, the Development Manager must comply with paragraphs 5 to 14.

Approval Process

5 If the Co-Owners' Committee grants Preliminary Development Approval, the Co-owners may request the Development Manager:

(a) to prepare a Development Proposal; and

(b) to appoint such consultants and advisers as are necessary to assist with the preparation of the Development Proposal.

Development Proposal

6. The Development Proposal prepared by the Development Manager pursuant to paragraph 5 must contain such detailed information as to enable the Co-Owners' Committee to make a decision as to whether to grant Final Development Approval. In particular, the Development Proposal must include:

(a) a concept design;

(b) a feasibility study meeting Co-owners' benchmark returns;

(c) a development program;

(d) details of necessary consultants, if any, and the work to be done by them to assist the Development Manager in carrying out the Development Works the subject of the Development Proposal;

(e) Total Development Cost and Fee Estimates, including all relevant costs of development, the Co-owners' costs (quantity surveyors, project management, project marketing and interest costs), any impact on the existing Centres net income and total estimated construction price;

(f) details of all approvals required to be obtained; and

(g) any other relevant details that would reasonably be required to allow the Co-Owners' Committee to make a decision.

Such Final Development Approval would be subject to the Development Manager achieving the following to the satisfaction of the Co-owners:

- statutory approvals including development approvals;
- executed agreements to lease with major retailers; and
- a satisfactory construction contract and price.

7 The Development Manager must submit the Development Proposal with its formal recommendation to the Co-Owners' Committee for its decision.

Final Development Proposal

8. Upon receipt of the Development Proposal from the Development Manager the Co-Owners' Committee must review the Development Proposal and may (acting reasonably):

(a) refuse to grant Final Development Approval;

(b) require the Development Manager to provide it with further details in relation to the Development Proposal;

(c) require the Development Manager, to make such alterations and amendments to the Development Proposal as the Co-Owners' Committee reasonably considers appropriate and resubmit the amended Development Proposal as soon as is reasonably practicable having regard to the nature of the amendments required; or

(d) grant Final Development Approval subject to the conditions contained in paragraph 6 above.

The Co-Owners' Committee may approve any part of the Development Proposal at any time prior to granting Final Development Approval.

9. The Co-Owners' Committee must advise the Development Manager by notice in writing of its decision pursuant to paragraph 8. Where the Development Manager has not received such a notice within three months after a Development Proposal or Amended Development Proposal has been submitted to the Co-Owners' Committee by the Development Manager, the Co-Owners' Committee will be taken not to have given Final Development Approval and the relevant proposal will be taken to be abandoned.

10 Once a Final Development Approval has been obtained, the Development Manager must proceed to implement the Approved Development Works.

11 In implementing Approved Development Works, the Development Manager may appoint third parties to carry out all or part of the Development Works and associated works comprised in the Approved Development Works.

Reporting Obligations

12. From the time of obtaining Preliminary Development Approval through to completion of any Development Works, the Development Manager must provide the Co-owners with monthly progress reports, including:

(a) a summary of the progress of any application for development consent or building approval and a copy of any such consent or approval; and

(b) a statement whether the costs of carrying out all or any part of the Development Works will vary from the Total Development Costs and Fee Estimates and, if so, by how much.

The Development Manager, if satisfied that the costs as varied are reasonable in the circumstances, may approve the variation of the estimated costs or otherwise refer the matter for determination to the Co-Owners' Committee. In any case, if the Development Manager advises the Co-Owners' Committee of a variation of any third party contract in excess of 5% of the contract sum, the Development Manager must refer that variation to the Co-Owners' Committee for approval.

13 The Co-Owners' Committee must determine any matter referred to it under paragraph 12 by approving or disapproving the variation. Before making any such determination, the Co-Owners' Committee may request the Development Manager to make a submission justifying the variation.

14. At the end of each quarter, the Development Manager must provide the Co-Owners' Committee (if so required by the Co-Owners' Committee) with a revised budget incorporating actual figures for all costs incurred and any approved revisions to the Approved Development Budget.

Obligation of Co-owners to act promptly and in good faith

15. The Co-owners must, at all times before and after the granting of a Final Development Approval:

(a) use reasonable endeavours to ensure that the Co-Owners' Committee responds promptly to all matters referred to it by the Development Manager for decision;

(b) take all steps reasonably necessary and within their control to ensure that the Development Manager can comply with the development program in connection with the Development Works and submitted under paragraph 6.

Tenant Arrangements

16. The Co-owners authorise the Development Leasing Manager to negotiate on their behalf with the Tenants of the Centre to procure from those Tenants such consents to any Development Proposal as may be necessary or required in order for the Development Proposal to be implemented.

Access to Centre

17 The Co-owners agree that the Development Manager and any person engaged by it may enter upon the Centre for the purpose of preparing any Preliminary Development Proposal or Development Proposal or for the purpose of undertaking any Development Works or Minor Development Works. The Development Manager must use its best endeavours to minimise the disruption and inconvenience caused to the Co-owners and the Tenants of the Centre as a result of preparing any Preliminary Development Proposal or Development Proposal or the undertaking of the Development Works or the Minor Development Works.

Definitions

18 In this Annexure A:

(a) **"Approved Development Budget"** means the budget for a Development Proposal approved by the Co-Owners' Committee as may be amended from time to time.

(b) **"Amended Development Proposal"** means any Development Proposal amended by the Development Manager in accordance with this agreement.

(c) **"Approved Development Works"** means any Development Works in respect of which Final Development Approval has been granted by the Co-Owners' Committee.

(d) **"Development Proposal"** means the detailed proposal for Development Works prepared by the Development Manager after obtaining Preliminary Development Approval.

(e) **"Development Works"** means any works related to the development, refurbishment of, redevelopment of or addition to the Centre, including all necessary design, architectural, engineering and construction services but excluding any works done by a Tenant in relation to its premises and Routine Works.

(f) **"Final Development Approval"** means the approval of the Co-Owners' Committee granted pursuant to paragraph 9 of this Annexure.

(g) **"Minor Development Works"** means any Development Works involving an estimated expenditure not exceeding $15,000,000 and which are not Routine Works.

(h) **"Preliminary Development Approval"** means the approval of the Co-Owners' Committee to the working up of a Development Proposal in accordance with a submitted Preliminary Development Proposal.

(i) **"Preliminary Development Proposal"** means a general outline of proposed Development Works and activities and costs involved in preparing a Development

Proposal prepared by the Development Manager pursuant to paragraph 1 of this Annexure.

j) **"Routine Works"** means any works (including repairs and maintenance works and tenancy restoration works but excluding works done by a Tenant in relation to its premises) of a type routinely carried out by or on behalf of a property manager as part of the ongoing maintenance of a property such as the Centre and which involve an estimated expenditure not exceeding $15,000,000 or such other amount as may be agreed by the Co-owners.

k) **"Tenants"** means all persons in or having rights of possession or occupation of the Centre from time to time.

l) **"Total Development Costs and Fee Estimates"** means a fully detailed estimate of all costs and fees to be incurred by the Co-owners, the Property Manager or the Development Manager, as the case may be, in connection with the Development Works the subject of a Development Proposal which have been submitted to the Co-Owners' Committee prior to the granting of Final Development Approval including construction cost, consultants (including legal) fees and insurance.

Annexure B Majority Co-owner of each Centre

Centre	Majority Co-owner
"Macquarie Centre" North Ryde, New South Wales	AMP Group
"Pacific Fair" Broadbeach, Queensland	AMP Group
"Garden City" Mount Gravatt, Queensland	Westfield Group
"Warringah Mall" Brookvale, New South Wales	AMP Group
"Garden City" Booragoon, Western Australia	AMP Group

MANAGEMENT AGREEMENT

THIS AGREEMENT is made on 2003.

BETWEEN: **[AMP LIFE LIMITED (ABN 84 079 300 379)]** of # Street, Sydney, New South Wales (**"AMP"**) and **WESTFIELD MANAGEMENT LIMITED (ACN 001 670 579)** of Level 24, 100 William Street, Sydney, New South Wales (**"WML"**) **("CoOwners")**

[Note: The relevant AMP Life entities/representatives who are the Co-Owners of each of the shopping centres will be parties to this document.]

AND: **[Name of applicable manager as appointed by Majority CoOwners] PTY LIMITED (**) of Street, Sydney, New South Wales **("Manager")**

[Note: Manager of the Macquarie Centre will be AMP Henderson Global Investors Limited]

AND: **WESTFIELD HOLDINGS LIMITED (ACN 001 671 496)** of Level 24, 100 William Street, Sydney, New South Wales **"Westfield" [Note: as applicable to Westfield managed centres]**

AND: **WESTFIELD LIMITED (ACN 000 317 279)** of Level 24, 100 William Street, Sydney, New South Wales (**"Westfield Limited"**) **[Note: as applicable to Westfield managed centres]**.

RECITALS

A. The CoOwners have entered into this agreement to appoint the Manager to manage the Centre and to manage the distribution of funds derived from the operations of the Centre upon the terms and conditions set out in this agreement.

B. **[In the case of Centres managed by Westfield,** Westfield] has agreed to guarantee the performance by the Manager of its obligations contained in this agreement.

OPERATIVE PROVISIONS:

1. DEFINITIONS AND INTERPRETATION

1.1 Definitions

In this agreement, unless the context otherwise requires:

Act means **[Note: the relevant real estate agents legislation applicable to the centre, e.g. for NSW the Property Stock and Business Agents Act 1941.]**

Agent means an agent within the meaning of the Act.

AMP Fund means any trust having an approved deed or registered management investment scheme having a manager or responsible entity which is an AMP Related Company.

AMP Group means:

(i) the trustee, custodian or responsible entity of an AMP Fund in its capacity as such trustee, custodian or responsible entity;

(ii) any company the whole of the issued capital of which is beneficially owned directly or indirectly by a person referred to in paragraph (i) or by an AMP Related company;

(iii) any trustee, custodian or responsible entity of any trust or managed investment scheme, as applicable, which is managed by or the whole of the beneficial interest in which is held directly or indirectly by or for the benefit of a person referred to in paragraph (i) or by an AMP Related Company;

(iv) Any AMP Related Company.

AMP Related Company means AMP and/or any body corporate related to AMP within the meaning of s.50 of the Law.

AMP Shopping Centre Trust means the trust established under the ART Constitution.

ART Constitution means the trust deed governing the AMP Shopping Centre Trust dated 27 August 1997 as amended.

Bank means the National Australia Bank or such other bank being a bank as defined in the Commonwealth Banks Act, 1959 or a bank established by an Act of the Parliament of New South Wales as is from time to time agreed in writing by the parties hereto.

Business Days means any day other than a Saturday, Sunday or Public Holiday in New South Wales.

Business Name means the business name [as applicable to each AMP majority owned Centre. **[Note: All naming rights to be determined by Majority CoOwners.]**

Business Plan means a plan outlining in detail the performance objectives and management, leasing, development and marketing strategy for the Centre for the applicable [Calendar/Financial] Year to include all items of projected capital expenditure for major or minor development works or capital works (not otherwise provided for in the Capital Budget for such [Calendar/Financial Year]) and an analysis of the state of the retail market in the trade area of the Centre and likely developments in or changes to that retail market and to describe planned leasing, marketing and income initiatives for the enhancement of the income and profitability of the Centre.

Calendar Year means 1 January to 31 December or, in the case of the period commencing on the date of this agreement and expiring on 31 December next following such date, that period.

Capital Budget means the annual capital budget to be prepared by the Manager under clause 9.3(2) and approved by the Management Committee.

Capital Trust Account means an interest bearing trust account in the name of the Manager in trust for the CoOwners to be established by the Manager at a Bank under clause 4.3

[Note: references to "Capital Trust Account" and other Westfield trust account provisions where they appear in this document to be deleted for AMP managed centres]

[Note: references to "Capital Trust Account" and other Westfield trust account provisions to remain for Westfield managed centres]

Centre means the Estate together with the improvements, fixtures, fittings, services, plant and equipment belonging to the CoOwners located in or on the Estate from time to time.

Centre Employees means all servants, agents and employees employed by the Manager for the Centre, including, without limitation, the Centre Manager.

Centre Manager means an employee of the Manager or the Property Manager appointed from time to time as its representative at the Centre under clause 2.3 to supervise the carrying out of the Manager's obligations under this agreement at, on or in the Centre.

[Note: All references to "Property Manager" to be removed from Westfield managed centres].

Centre Manager's Office means that part of the Centre set aside from time to time under clause 10.3 for use by the Manager, the Property Manager and the Centre Manager in connection with carrying out the Manager's obligations under this agreement.

Centre Trust Account means an interest bearing trust account meeting the requirements of the Act and any other applicable laws to be established by the Manager under clause 4.1.

[Note: references to "Centre Trust Account" and other Westfield trust account provisions where they appear in this document to be deleted for AMP managed centres]

[Note: references to "Centre Trust Account" and other Westfield trust account provisions to remain for Westfield managed centres]

Commissioner has the same meaning as is given to that term in the Act.

[Note: Appropriate amendments to be incorporated in context of Queensland and Western Australian legislation.]

Common Areas means all those parts of the Centre which are not used or intended to be used exclusively by any Occupant.

Consultants means all auditors, architects, accountants, solicitors, quantity surveyors, valuers and other professional consultants appointed by the Manager from time to time for the Centre under this agreement.

CoOwners means collectively AMP and WML and (where appropriate) every other person who holds an interest from time to time as a tenant-in-common in the Centre.

CoOwners' Accounts means the accounts in the name of each of the CoOwners maintained at institutions of each of the CoOwner's choice of which the Manager is notified in writing from time to time for the purposes of clause 4.

Contractors means persons employed by the Manager or the Property Manager from time to time under contracts for the provision of maintenance, security, cleaning, protection and other services for the Centre under this agreement.

Estate means the land described in the First Schedule known as **[insert name of centre]** including any land owned or subsequently acquired by the CoOwners and consolidated with the Estate from time to time.

Event of Default means an event of default described in clause 12.1.

Financial Year means 1 July to 30 June or, in the case of the period commencing on the date of this agreement and expiring on 30 June next following such date, that period.

Gross Income means:

(i) all income received or receivable by the CoOwners from all sources in respect of the Centre (including, without limitation, rents, (including casual mall leasing) percentage or turnover rents, premiums, licence or other fees, contributions towards or reimbursements of outgoings, money collected from pay telephones and coin operated machines); and

(ii) any amount received under loss of revenue insurance for the Centre,

but excludes interest earned on money held in the Capital Trust Account, Operating Trust Account or any other bank account opened by the Manager from time to time solely for the purposes of this agreement and any amount received under any other insurance for the Centre and amounts received from Occupants for goods and services tax levied or imposed on supplies made by the CoOwners.

Implementation Agreement means the agreement entered into in May 2003 between AMP Life Limited, Westfield Management Limited as responsible entity of the Westfield Trust and Westfield Management Limited.

Law means the Corporations Act 2001 (Commonwealth) as amended from time to time.

Leases means all leases, agreements to lease, offers to lease, sub-leases, assignments of lease and other forms of agreement granting an interest in the Estate to Occupants whether oral or written as they may be granted, varied, assigned, terminated, renewed, surrendered or otherwise dealt with from time to time.

Licences means all licences and other forms of permission given to Occupants by the CoOwners or their predecessors in title to occupy or use the Centre whether oral or written as they may be granted, varied, terminated, renewed, surrendered or otherwise dealt with from time to time.

[Name] CoOwners Agreement means the agreement of that name made of even date between [# and #] **[insert names of parties]**.

Majority CoOwners means CoOwners who hold Property Interests representing the majority by value of all Property Interests.

Management Committee means the Management Committee established pursuant to this agreement.

Manager means **[insert name of applicable company appointed by the Majority CoOwner/s in relation to the Centre subject to the terms of this Management Agreement]** and includes the Manager's successors, permitted transferees, executors, administrators and permitted assigns.

[Note: Manager appointed in relation to the Macquarie Centre will be determined by AMP CoOwner subject to the terms of this Management Agreement.]

Manager's Fee means the fee payable under clause 10.1 in respect of the leasing, management, operation, promotion, maintenance and administration of the Centre by the Manager under this agreement and includes the Manager's Fee as adjusted from time to time under clause 10.2.

Net Income means Gross Income less Operating Expenses for each relevant period.

Occupants means all persons in or having rights of possession or occupation of the Centre from time to time.

Operating Budget means the annual operating budget prepared by the Manager under clause 9.3(1) and approved by the Management Committee.

Operating Expenses means the total for each relevant period of the outgoings, costs and expenses reasonably and properly incurred by or on behalf of the CoOwners in respect of the Centre and which form part of the Operating Budget including, without limitation:

(i) all rates, taxes, assessments, outgoings and impositions assessed charged or imposed by federal, state, local or other competent authorities whether on a capital, revenue or other basis and even though of a novel character assessed, charged or imposed in respect of the Estate, the Centre, or the CoOwners (excluding income, capital gains or fringe benefits taxes (other than fringe benefits tax payable in respect of the Centre Employees) and any other tax imposed upon the CoOwners in respect of gains made from the ownership of the Centre);

(ii) charges for supply of water, gas and electricity, disposal of sewerage and all other services supplied to or consumed in the Centre other than those charges payable directly by the Occupants under the Leases or Licences;

(iii) the costs of insuring the Centre and the plant, equipment or other property therein and risks arising out of the operation, use or occupation thereof under this agreement (excluding the costs of contributions made to any guarantee or similar fund under the Estate Agents Act and any other laws applicable to estate agents or property managers or the costs of indemnity insurance effected by the Manager);

(iv) the costs of operating, testing, maintaining and repairing the Centre including, without limitation, the sanitary, security, sprinklers or other fire protection equipment, lighting, heating, cooling, air conditioning or ventilation equipment, lifts, escalators, travelators, signs, public address and sound systems or any other plant, equipment, system, service, facility or installation installed, furnished or supplied on, in or to the Centre from time to time and the costs of Contractors and Consultants;

(v) the costs of cleaning the Centre (including, without limitation, exterior surfaces), the disposal of garbage, sullage and refuse from the Centre and the control of pests within the Centre, including preventative procedures;

(vi) the costs of advertising and promoting the Centre;

(vii) the costs of fees, salaries, wages, benefits, superannuation, pension payments, worker's compensation and other insurance premiums, payroll tax, fringe benefits tax and all other costs incurred in the employment of the Centre Employees, Contractors and Consultants for the Centre;

(viii) the costs of maintaining the structure of the Centre and parks and gardens forming part of the Centre;

(ix) the costs of maintaining the financial accounts and preparing the financial statements under clause 9.4 where not recoverable under any other item of Operating Expense;

(x) the Manager's Fee;

(xi) the costs of supplying toilet and kitchen requisites for the Centre;

(xii) all stamp and financial institutions duties, bank charges and other taxes, duties or levies imposed on money or cheques received or paid by or on behalf of the CoOwners including without limitation bank and government charges in respect of the Centre Trust Account, Operating Trust Account, and Capital Trust Account, and any other account required to be opened by the Manager from time to time;

(xiii) the costs of complying with the requirements of and recommendations made from time to time by any competent authority in relation to the Centre;

(xiv) the costs of stationery and other supplies for use by the Manager, the Property Manager and the Centre Manager in connection with or for the purposes of carrying out its obligations under this agreement;

(xv) the costs of equipping, servicing and furnishing the Centre Manager's Office;

(xvi) the costs of providing computer or similar links to the Centre;

(xvii) the costs of employing Consultants which are incurred to approve plans, drawings and specifications provided by Occupants for their fit-out works which are not recoverable from the Occupants under Leases or Licences;

(xviii) the legal costs and disbursements associated with the preparation, negotiation and execution of Leases and Licences but not including any such costs which are recovered from Occupants;

(xix) the appropriate proportion of those overhead costs incurred by or on behalf of the Manager in performing services under this agreement which are:

(A) not included in the Manager's Fee;

(B) for the sole and direct benefit of the Centre; and

(C) approved by the CoOwners in the Operating Budget or Capital Budget for the then current Calendar Year, including, without limitation, an appropriate proportion of actual (that is, without the inclusion of any profit margin) employment and employment related costs incurred in connection with the provision of such services (for example, but without limitation, the applicable portion of the salary of an accountant, whether or not on-site, providing accounting services on behalf of the Manager for the benefit of the CoOwners with respect to the Centre). The proportion of such costs to be charged in respect of such services shall be equal to that proportion of the service which has been undertaken for the sole and direct benefit of the Centre in order to enhance the performance of the Centre, the effective administration of the Centre or the efficiency and effectiveness of the financial information and the accounting services provided in respect of the Centre. The appropriate proportion of such overhead costs shall not include any profit element unless such profit element is disclosed to and approved by the CoOwners (separately or in the Operating Budget or the Capital Budget);

(xx) extra ordinary items of expense associated with signage promotional activities and establishment costs, other than any costs of re-branding or signage as a result of any change in the management of the Centre;

(xxi) the costs of administration collection and remission of goods and services tax;

(xxi) all other costs reasonably and properly incurred for the direct benefit of the Centre which form part of the Operating Budget; and

(xxii) customer services,

excluding any interest payable on any overdue Operating Expense.

Operating Trust Account means the interest bearing trust account in the name of the Manager established by the Manager at a Bank under clause 4 **[Note: for AMP managed centres]**.

Operating Trust Account means an interest bearing trust account in the name of the Manager in trust for CoOwners to be established by the Manager at a Bank under clause 4.2 **[Note: for Westfield managed centres]**.

Promotion Fund means the fund (of a nature ordinarily established by the Manager) established to administer the marketing and promotion of the Centre within the tiered structure of national state and Centre allocation of responsibilities.

Property Interest means the interest in the Centre held by a CoOwner.

Property Manager means [applicable company nominated by the AMP CoOwner] or such other person or company from time to time as may be appointed as property manager by the Manager or, if no such person or company has been appointed, the Manager[**Note: all references to Property Manager to be deleted for Westfield managed centres**].

Special Committee means a special committee established pursuant to the **[name]** CoOwners Agreement.

Westfield means Westfield Holdings Limited (ACN 001 671 496), a duly incorporated company in the State of New South Wales and having its registered office at Level 24, 100 William Street, Sydney.

Westfield Fund means the Westfield Trust and any trust having an approved deed or registered managed investment scheme having a manager or responsible entity which is a Westfield Related Company.

Westfield Related Company means Westfield and/or any body corporate related to Westfield within the meaning of section 50 of the Law;

Westfield Trust means the public listed trust constituted by a Constitution dated 1 April 1982 as subsequently varied from time to time made between Westfield Management Limited (formerly known as Westfield PTM Limited), Perpetual Trustee Company Limited and PT Limited.

Westfield Group *means*:

(i) the trustee, custodian or responsible entity of a Westfield Fund in its capacity as such trustee, custodian or responsible entity;

(ii) any company the whole of the issued capital of which is beneficially owned directly or indirectly by a person referred to in paragraph (i) or by a Westfield Related Company;

(iii) any trustee, custodian or responsible entity of any trust or managed investment scheme as applicable which is managed by or the whole of the beneficial interest in which is held directly or indirectly by or for the benefit of a person referred to in paragraph (i) or by a Westfield Related Company;

(iv) any Westfield Related Company.

1.2 Interpretation

In this agreement unless the contrary intention appears:

(a) a reference to this agreement or another instrument includes any variation or replacement of this agreement or that instrument;

(b) a reference to a statute, ordinance, code or other law includes regulations and other instruments made under it and consolidations, amendments, re-enactments or replacements of any of them;

(c) the singular includes the plural and vice versa and words including one gender include other genders;

(d) a reference to a person includes a reference to the person's executors, administrators, successors, permitted substitutes (including, without limitation, persons taking by novation) transferees and permitted assigns;

(e) headings and marginal notes have been inserted for guidance only and do not form part of the context;

(f) terms used in this agreement have the meanings given to them in the **[name]** CoOwners Agreement. If there is any inconsistency between the **[name]**CoOwners Agreement and this agreement, the same shall be referred to the Special Committee for resolution. Nothing in this agreement will prejudice the rights of the CoOwners under the **[name]**CoOwners Agreement;

(g) a reference to a thing (including, without limitation, any amount) is a reference to the whole or any part of that thing and a reference to a group of persons is a reference to any two or more of them collectively and to each of them individually;

(h) a reference to a direction, decision, recommendation, approval, consent or request of the Management Committee means a direction, decision, recommendation, approval, consent or request given or made unanimously in a Management Committee meeting constituted in accordance with the requirements of this agreement or otherwise given or made in accordance with this agreement;

(i) "person" includes a firm, a person, an unincorporated association or an authority;

(j) a reference to a body or authority which has ceased to exist includes the body or authority which now serves substantially the same objects as the body or authority referred to;

(k) an agreement, representation or warranty in favour of 2 or more persons is for the benefit of them jointly and severally;

(l) a reference to the president of a body or authority, if there is not such person, is a reference to the senior officer of or to the person who fulfils the duties of president in the body or authority; and

(m) if a period of time is specified to:

(i) start from a given day or the day of an act or event, it must be calculated including that day; or

(ii) be after a given day or the day of an act or event, it must be calculated excluding that day; or

(iii) be to or until a given day or the day of an act or event, it ends on the day before that day.

1.3 This agreement does not constitute a partnership between the parties nor does it constitute one party the agent of another party save as otherwise expressly provided in this agreement.

2. APPOINTMENT OF THE MANAGER

2.1 Appointment of the Manager

The CoOwners appoint the Manager to be the sole manager and agent for the purposes of leasing, managing, operating, promoting, maintaining and administering the Centre in accordance with this agreement.

2.2 Duration of Appointment

The appointment of the Manager will be taken to have commenced on the date of this agreement and will continue unless terminated under clause 12 until # **[Note: for all Management Agreements except Macquarie and Mt. Gravatt]**.

(a) A CoOwner has disposed of the whole or part of its Property Interest unless the Majority CoOwners have given notice in writing to the Manager within seven (7) days after completion of such disposal requesting that the Manager's appointment continue;

(b) The Manager ceases to be a member of the [AMP/Westfield Group]; or

(c) Such other date as may be agreed by the majority of the CoOwners and notified in writing to the Manager.

[Note: for the Macquarie Management Agreement]

(a) The AMP Group has disposed of the entire legal and beneficial interest in the Centre unless the Majority CoOwners have given notice in writing to the Manager within seven (7) days after completion of such disposal requesting that the Manager's appointment continue;

(b) The Westfield Group has disposed of the entire legal and beneficial interest in the Centre unless the Majority CoOwners determine otherwise the management arrangements for the Centre shall be the same as the management arrangements that were in place prior to the date of the Implementation Agreement.

(c) The Manager ceases to be a member of the [AMP/Westfield Group]; or

(d) Such other date as may be agreed by the majority of the CoOwners and notified in writing to the Manager.

[Note: for Mt Gravatt Management Agreement]

the Westfield Group hold less than a 25% direct or indirect interest in the Centre.

2.3 Centre Manager

(a) The Manager must appoint a qualified and responsible person to be the Centre Manager, it being the intention of the parties that at all times there will be a skilled and competent person supervising the operation and management of the Centre in accordance with this agreement.

(b) If it becomes necessary to temporarily or permanently replace the Centre Manager, for the purposes of paragraph (c) the Manager must inform the Management Committee of the vacancy and of the identity of the proposed appointee as soon as possible.

(c) The Manager must take into account representations made by any member of the Management Committee in relation to the appointment, employment or termination of the appointment or employment of the Centre Manager, it being acknowledged that representations made by the Management Committee members will not fetter the Manager's absolute discretion to appoint and employ the Centre Manager under this clause.

(d) The Manager must ensure that the Centre Manager has adequate clerical assistance.

[Note: In the case of AMP managed Centres, the Manager will appoint the Property Manager who will appoint the Centre Manager. This agreement should reflect these arrangements.]

2.4 Management Committee

AMP and WML hereby establish a Management Committee which shall consist of four(4) members and four (4) alternates in the case of their nominated members being unable to attend) appointed by AMP and appointed by WML. The first nominated members of the Management Committee shall be:

(a) for AMP (members)
and

(b) for WML (members):
and

[Note: Where the AMP Group and Westfield Group hold the Centre as tenants in common in equal shares they will have equal numbers of representatives on the Management Committee. In the case of Pacific Fair, where Kent Street Pty Limited holds a 20% interest, it is entitled to be on the Co-Owners' Committee and consequently entitled to be on the *Management Committee and any development committee in relation to the Centre.*]

Where the AMP Group and the Westfield Group do not hold the Centre as tenants in common in equal shares, the Management Committee shall consist of such members being representatives of each of the Co-owners as the Co-owners agree provided that any Co-owner shall unless it agrees otherwise be entitled to appoint by notice in writing to the other Co-owners at least one representative to the Management Committee for each Property Interest equal to a one-quarter interest in the Centre held by that Co-owner.

2.5 Chairman

[AMP/WML] shall be entitled to appoint by notice in writing to [AMP/WML] one of its nominated members of the Management Committee as the Chairman thereof in each Calendar Year which has an odd number and the Chairman in the other Calendar Year shall be one of the members on the Management Committee nominated by [AMP/WML] by notice in writing to [AMP/WML].

The Chairman shall not be entitled to a casting or deciding vote in addition to his vote as a member of the Management Committee.

2.6 Replacement

Either AMP or WML may from time to time remove or replace any one or more of its respective nominated members and may appoint remove or replace any one or more alternate for each of its respective nominated members on the Management Committee by notice in writing to the other and such before mentioned notice shall indicate the replacement nominated member and/or alternate.

2.7 Invitees

In addition to their respective representatives appointed pursuant to clause 2.4, each of WML and AMP shall be entitled to invite other persons to a meeting of the Management Committee but any such invitee shall have no voting rights and shall only be present during the consideration of business in which that invitee has an interest.

2.8 Calling of Meetings

Unless AMP and WML otherwise agree, meetings of the Management Committee shall occur not less than four (4) times (or as frequently as the Management Committee may agree from time to time) in every Calendar Year at such intervals as the members of the Management Committee shall from time to time agree. Notwithstanding the foregoing, any member of the Management Committee (or in his absence his alternate) may at any time call a meeting of the Management Committee upon giving seven (7) days written notice to the other members but such notice may be waived if at least one (1) nominated member or alternate of each of AMP and WML is present at such meeting and agrees to waive such notice.

2.9 Quorum

The quorum for any meeting of the Management Committee shall consist of at least one nominated member of each CoOwner or his alternate. In the event that a quorum is not present at any such meeting, the meeting shall be adjourned to the same time and place five Business Days later. Each CoOwner shall use its best endeavours to ensure that at least one of their respective nominated members or alternates attend all meetings and adjourned meetings of the Management Committee except in unavoidable circumstances which prevent their attendance.

2.10 Venue

The Management Committee shall meet at such place as the Management Committee shall agree and failing agreement at such place as the Chairman for the time being shall determine such determination to be notified in writing to each CoOwner. The Management Committee shall regulate the conduct of the proceedings of its meetings in such manner as it sees fit and shall ensure that minutes of such meetings are taken and that copies of such minutes are made available to each of the Manager (only if it attends such meeting pursuant to clause 2.13), WML and AMP within fourteen (14) days of each such meeting.

2.11 Resolutions

To be valid resolutions of the Management Committee shall require:

(a) In the case of a resolution to approve a Business Plan an Operating Budget or a Capital Budget, any variation to either of them, or subject to this agreement, any expenditure to be incurred or action to be taken by the Manager which would be inconsistent with either of them, a unanimous resolution of the members appointed by all CoOwners entitled to be represented on the Management Committee; and

(b) In the case of any other resolution, a simple majority of those members present appointed by CoOwners holding aggregate Property Interests which exceed 50% of the total aggregate Property Interests.

A resolution in writing signed by one of the nominated members of each of CoOwner or its alternate shall be as valid and effectual as if it had been passed at a meeting of the Management Committee duly convened and held. Notwithstanding anything herein contained to the contrary a valid resolution of the Management Committee shall:

(a) not be required for a party to take any action permitted under paragraphs (a), (b), (c) or (d) of clause 3.3 hereof; and

(b) subject to clause 10.7 be binding upon each of WML and AMP.

2.12 Relevant Matters

The Management Committee shall consider all matters pertaining to the management of the Centre including recommendations from the Manager to the Management Committee and any other duty and function as may be assumed and undertaken by the Management Committee shall consult with the CoOwners Committee in respect of any proposal or suggestion of the Manager or any other person as to the effecting of any works which fall outside those works usually undertaken in the annual maintenance program for the Centre and must defer to the CoOwners Committee in respect of all matters within the province of the CoOwners Committee. Without limiting the generality of the foregoing the Management Committee will in respect of the Centre, subject to the terms of this agreement:

(a) Review and approve budgets submitted pursuant to the provisions of this agreement and consider applications for additional expenditure;

(b) Review and approve standard form documents;

(c) Give directions to the Manager with respect to the effecting of insurances;

(d) Review and approve new tenancies which are materially different from the nature of any tenancies contemplated in an approved budget or otherwise any leasing guidelines approved by the CoOwners from time to time and non-standard form leases where material variations have been made provided that in so doing the Management Committee shall give due consideration to the recommendations of the Manager made in respect of such variations;

(e) Procure the execution of all leases in accordance with the procedure for execution of leases contained in this agreement;

(f) Authorise and direct the Manager in relation to:

(i) litigation concerning the Centre;

(ii) claims made under insurance policies arranged by the Manager pursuant to this agreement; and

(iii) delegation of any of the decision making powers of the Management Committee to any person approved by the CoOwners but not to avoid the joint decision making purpose of the Management Committee.

2.13 Manager's Attendance

Unless the Management Committee otherwise directs, the Manager must attend:

(a) each scheduled and re-scheduled Management Committee meeting;

(b) each extraordinary Management Committee meeting called by any member of the Management Committee of which the Manager receives at least 3 Business Days' notice; and

(c) each extraordinary Management Committee meeting called by the Manager.

3. MANAGER'S POWERS AND OBLIGATIONS

[Note: In the case of Centres managed by an AMP company, these obligations will be delegated to a sub-contracted company in accordance with clause 13.4.1.]

3.1 Obligations

(a) Subject to this agreement, (in particular, to the expenditure limits contained in the Operating Budget and the Capital Budget), the Manager must do all acts and things necessary for the proper and efficient leasing, management, operation, promotion, maintenance and administration of the Centre in a manner and to a standard of a high class major regional shopping centre including, without limitation:

(i) use its best endeavours to collect Gross Income on the dates upon which items of Gross Income become due including arrears of Gross Income and interest under the relevant Lease, Licence, contract or arrangement;

(ii) pay all Operating Expenses on or before the due dates for payment (except where commercial terms otherwise allow);

(iii) enforce all Leases and Licences and all contracts or other arrangements entered into by the Manager or the CoOwners for the Centre within the time provided for enforcement including, without limitation carrying out rent and licence fee reviews as soon as such reviews are permitted under the Leases and Licences);

(iv) engage, employ and supervise all Contractors, Consultants and Centre Employees necessary for the performance by the Manager of its obligations under this agreement and perform all obligations under the engagements and contracts;

(v) administer all engagements and employment contracts and arrangements including, without limitation, the deduction of income tax instalments on the group certificate method for and the payment of entitlements in respect of holiday pay, sick pay and long service leave under the provisions of any relevant industrial award and any other benefits to the Centre Employees;

(vi) regularly inspect, maintain, service, clean and repair the Centre including, without limitation, all plant, equipment, machinery, services, parks and gardens from time to time provided for the Centre;

(vii) process any applications for consent by any local or other authority relating to the granting of any Lease or Licence;

(viii) deal promptly and reasonably with all complaints and correspondence relating to the Centre;

(ix) effect and maintain insurance for the Centre under clause 11, report to the CoOwners any matters which may warrant a claim on any insurance policy and submit and pursue claims;

(x) establish, maintain and administer any accounts required under this agreement or by the Management Committee from time to time and transfer credit balances under clause 4.1;

(xi) manage and administer the merchants' association, promotions fund or other like fund or organisation established for the Centre from time to time, guide and liaise with Occupants in relation to the advertising, merchandising and promotion of their respective businesses and advertise and promote the Centre;

(xii) provide the information, reports, statements, budgets and recommendations required under this agreement;

(xiii) to the extent that it is within the Manager's capacity to do so, perform all of the CoOwners' obligations under all Leases and Licences within the time provided for performance;

(xiv) instruct solicitors in the preparation and negotiation of Leases, Licences and other documents for the Centre and arrange for their execution by all parties, stamping, registration (where necessary or desirable), distribution and safe-keeping;

(xv) establish and maintain the records required under this agreement;

(xvi) use its reasonable endeavours to secure suitable Occupants to fill vacancies appearing from time to time in the Centre having regard to the status of the leasing market at the time the Lease or Licence is negotiated;

(xvii) comply with all laws affecting the Centre (including, without limitation, the requirements of all public statutory authorities), the CoOwners or the Manager and any accounts established solely for the purposes of this agreement (including the Operating Trust Account);

(xviii) require Occupants in accordance with their respective Leases and Licences to meet their obligations with respect to fitout, presentation and maintenance including, without limitation, obtaining plans, specifications and drawings, where it is necessary to do so retaining Consultants to peruse and approve the plans, specifications and drawings, supervising fit-out works, inspecting completed fit-out works and obtaining any consents from the CoOwners required by any competent authority;

(xix) liaise between Occupants and any Consultants, Contractors, builders, developers and other parties to ensure that a minimum of inconvenience is caused to all persons in the operation, occupation, refurbishment or redevelopment of the Centre; and

(xx) draft and deliver all notices to the Occupants, Centre Employees, Contractors or Consultants whether required under the Leases, Licences, contracts, arrangements, by the Management Committee or by law from time to time.

(b) The Manager must maintain a business and an after hours telephone number where an appropriate senior executive of the Manager nominated by the Manager from time to time by notice in writing to the Management Committee may be contacted by any member of the Management Committee or any Occupant during or outside normal business hours in the case of an emergency.

(c) The Manager must make recommendations to the Management Committee supported by such information as the Management Committee or any member of the Management Committee may require and seek the approval of the Management Committee before it may act outside this agreement.

(d) In the event of an inconsistency between the Manager's powers and obligations under this agreement and directions, decisions and recommendations given by the Management Committee from time to time, this agreement will prevail unless the Manager otherwise agrees in writing.

(e) If the Management Committee or a member of the Management Committee wishes an obligation to be performed in relation to the Centre which is not expressly covered in this agreement, the Management Committee or the member must first request the Manager to perform that obligation for a consideration to be agreed before otherwise causing that obligation to be performed.

(f) Without limiting any other provision of this agreement, any member of the Management Committee may at any time in good faith make reasonable submissions to the Manager (and must inform the other members of the Management Committee of the submission as soon as reasonably practicable after making such submission) concerning the leasing, management, marketing and/or operation of the Centre. The Manager and the Management Committee must each consider such submissions in good faith and acting reasonably.

3.2 Powers

[Note: In the case of Centres managed by an AMP company, these powers will be enjoyed by the delegate of the AMP company.]

(a) For the purposes of carrying out its obligations under this agreement and subject to this agreement, the CoOwners authorise the Manager on their behalf from time to time to:

(i) enter upon the Centre;

(ii) negotiate rent and fee reviews under Leases and Licences to obtain the recommended projected rent expressed in the Operating Budget or, where this cannot be achieved, to obtain the best rent or fee having regard to the current market conditions, the terms of the relevant Lease or Licence and any other relevant circumstances;

(iii) negotiate Leases and Licences provided that the terms of the document are materially consistent with the standard form document approved by the Management Committee from time to time. If the proposed Lease or Licence is materially inconsistent with the standard form document, the Manager must inform the Management Committee of the potential cost to the CoOwners and the increase in liability imposed upon the CoOwners by the proposed document and obtain the approval of the Management Committee;

(iv) as agent for the CoOwners or on its own account, commence legal proceedings for any amount less than $250,000 in any court or take other action for the enforcement of any Lease, Licence, contract or arrangement in relation to the Centre including, without limitation, actions for recovery of money or possession of any part of the Centre. The Manager must inform the Management Committee of the progress of all such actions and legal proceedings under clause 9;

(v) as agent for the CoOwners, lodge applications or objections in relation to decisions pending or made by any competent authority in relation to the Centre;

(vi) as agent for the CoOwners, make and prosecute claims under the insurance policies effected for the Centre where the amount claimed in relation to any one event does not exceed $250,000 (or such greater amount nominated in writing by the Management Committee from time to time);

(vii) instruct or retain the Property Manager, Consultants and engage and employ the Contractors and Centre Employees necessary to carry out the Manager's obligations under this agreement, provided that the Manager shall take into account representations made by any member of the Management Committee in relation to the Consultants, Contractors and Centre Employees instructed, retained, engaged or employed or to be instructed, retained, engaged or employed for the Centre, it being acknowledged that representations made by the Management Committee members will not fetter the Manager's absolute discretion to instruct, retain, engage and employ the Consultants, Contractors and Centre Employees; and

(viii) to do all other things necessary and proper on the part of the Manager to comply with its obligations under this agreement.

(b) The Manager may discharge its obligations under this agreement in compliance with the Operating Budget and the Capital Budget for the previous [Calendar Year/Financial Year] until the Capital and the Operating Budgets for the current [Calendar Year/Financial Year] are approved by the Management Committee provided that any amounts in the Operating Budget and Capital Budget for the previous [Calendar Year/Financial Year] shall be deemed to have been increased by the same percentage as the percentage increase in the Consumer Price Index (All Groups) Sydney last published for the quarter ending immediately prior to the current [Calendar Year/Financial Year] from the index published for the quarter ending immediately prior to the commencement of the immediately preceding [Calendar Year/Financial Year].

(c) The Manager will not be liable for failing to perform an obligation under this agreement if, on receipt of request to do so from the Manager, the Management Committee has not made a decision or recommendation or provided the Manager with a direction, approval or consent necessary for the performance of that obligation within a reasonable period of time.

3.3 Dealings with the Manager

Subject as herein provided, approvals, recommendations and directions to the Manager will only be given and the rights of the CoOwners thereunder will only be exercised pursuant to a valid resolution of the Management Committee failing which such approvals, recommendations or directions to the Manager or the rights of the CoOwners under this Management agreement shall not be given or exercised by that Management Committee. This limitation shall not however apply to:

(a) directions by the CoOwners to the Manager regarding the investment or payment of the income of the Centre to which the CoOwners are entitled under this agreement;

(b) a request by the CoOwners to the Manager to provide information in respect of the Centre in accordance with the provisions of this agreement;

(c) rights or remedies exercisable by the CoOwners as referred to in clause 12 hereof or otherwise by law; or

(d) minor matters requiring decisions by the CoOwners to permit the day to day running of the Centre without undue delay or disruption.

4. TRUST ACCOUNTS
[Note: for AMP managed centre]

4.1 Operating Trust Account

The CoOwners authorise and direct the Manager to establish a trust account which account may be used only for the purposes of paying into it:

(a) the Gross Income collected by the Manager or the Property Manager, as the case may be;

(b) all other sums of money which the Manager would receive in the proper and lawful exercise of its duties pursuant to this agreement; and

(c) any advances made by the CoOwners to permit the Manager to meet Operating Expenses in excess of Gross Income,

and for paying from it the Operating Expenses and any other sums or fees which are authorised by the Co-Owners to be deducted from Gross Income.

4.2 Operation of Operating Trust Account

The Manager is authorised:

(a) to accept funds due to the CoOwners under this agreement, together with any additional funds provided by the CoOwners;

(b) to apply any of those funds for any purpose in accordance with this agreement provided the Manager does so in accordance with the then current Business Plan, Operating Budget or Capital Budget approved by the CoOwners in accordance with this agreement,

including payments in accordance with the annual operating budget approved in the Business Plan whether such expenditure relates to a capital item or otherwise but excluding the purchase of additional property;

(c) to make determinations as to whether the funds in hand will be sufficient to meet future Expenses and, if necessary, to retain funds to meet those future Expenses; and

(d) at least twice monthly, to remit all or part of the balance of the funds to the CoOwners in shares equal to their proportional interests in the Centre, having regard to the determinations made by the Manager under clause 4.2(e) and clause 4.3.

4.3 Expenses

If the Manager determines at any time that the funds in hand are unlikely to be sufficient to meet future Expenses, it must notify the CoOwners and unless the CoOwners determine that the Manager is in breach of its obligations under this agreement the CoOwners must provide to the Manager funds (calculated in accordance with their respective interests in the Centre) sufficient to meet the shortfall identified by the Manager. In this clause, **"Expenses"** means all expenses reasonably and properly incurred by the CoOwners or the Manager in connection with the ownership, management or development of the Centre and which are provided for in the then current Business Plan, Operating Budget and/or Capital Budget which have been approved by the CoOwners.

4. TRUST ACCOUNTS
[Note: for Westfield managed centres]

4.1 Centre Trust Account

(a) The Manager must establish, maintain and administer the Centre Trust Account which must be used only for the purpose of depositing all:

(i) Gross Income collected by the Manager under this agreement; and

(ii) contributions of a capital nature payable by Occupants under the Leases and Licences; and

(iii) all other money received or held by the Manager on behalf of the CoOwners concerning any transaction carried out for the CoOwners under this agreement in its capacity as an Agent; and

(iv) all money received by the Manager in its capacity as an Agent and held as a stakeholder or in trust for the CoOwners pending completion of any transaction under or contemplated by this agreement.

(b) The Manager must, by trust account cheque or such other means as permitted under the Act:

(i) withdraw a sum equivalent to all Gross Income and all other amounts of an income nature collected by the Manager under this agreement deposited in the Centre Trust Account less interest (if any) credited in respect of that sum, (being interest which must be paid by the Bank to the Commissioner under the Act); and

(ii) promptly pay that sum to Westfield Limited and Westfield Limited must deposit that sum into the Operating Trust Account on or before the end of the next Business Day after the day on which the sum is deposited in the Centre Trust Account.

(c) The Manager must, by trust account cheque or such other means as permitted under the Act:

(i) withdraw a sum equivalent to all contributions of a capital nature paid by Occupants under the Leases and Licences and all other amounts of a capital nature collected by the Manager under this agreement deposited in the Centre Trust Account less interest (if any) credited in respect of that sum, (being interest which must be paid by the Bank to the Commissioner under the Act); and

(ii) promptly pay that sum to Westfield Limited and Westfield Limited must deposit that sum into the Capital Trust Account on or before the end of the next Business Day after the day on which the sum is deposited in the Centre Trust Account.

4.2 Operating Trust Account

Westfield Limited must establish at the appropriate time and thereafter maintain and administer Operating Trust Accounts which accounts must be used by the Manager and Westfield Limited only for the purpose of depositing all Gross Income withdrawn from the Centre Trust Account on

or before the end of the next business day after the day on which the sum is deposited in the Centre Trust Account together with any advances made by the CoOwners to permit Westfield Limited (at the Manager's discretion) to meet Operating Expenses in excess of Gross Income by:

(a) Westfield Limited (at the Manager's direction) withdrawing and paying the Operating Expenses where the payment -

(i) is in accordance with the Operating Budget as approved or revised from time to time by the Management Committee;

(ii) if not in accordance with the Operating Budget, is properly incurred on account of an Operating Expense, does not exceed 10% of the amount allocated for that class of Operating Expense in the Operating Budget and when aggregated with all other Operating Expenses paid under this paragraph during the relevant Financial Year does not exceed 5% of the total amount allocated for all Operating Expenses in the Operating Budget;

(iii) relates to other Operating Expenses which have been specifically authorised by the Management Committee;

(iv) relates to a debt of an income nature properly incurred by the Manager acting in accordance with its obligations under this agreement on behalf of the CoOwners and which the CoOwners are legally obliged to pay; or

(v) is made to pay instalments of the Manager's Fee under clause 10.

(b) withdrawing and investing credit balances or a proportion thereof held in the Operating Trust Account from time to time under clause 4.9.

4.3 Capital Trust Account

Westfield Limited must establish maintain and administer the Capital Trust Account which must be used by the Manager and Westfield Limited only for the purpose of depositing the contributions (if any) of a capital nature paid by Occupants under the Leases and Licences and all other money of a capital nature withdrawn from the Centre Trust Account on or before the end of the next Business Day after the day on which the sum is deposited in the Centre Trust Account together with advances made by the CoOwners to permit the Manager to meet capital expenses in relation to the Centre by:

(a) withdrawing and paying all capital expenses where the payment:

(i) is in accordance with the Capital Budget as approved or revised from time to time by the Management Committee;

(ii) if not in accordance with the Capital Budget, is properly incurred on account of a capital expense, does not exceed 10% of the amount allocated for that class of capital expense in the Capital Budget and when aggregated with all other capital expenditure under this paragraph during the relevant Financial Year does not exceed 5% of the total amount allocated for all capital expenses in the Capital Budget;

(iii) relates to capital expenditure which has been specifically authorised by the Management Committee;

(iv) relates to a debt of a capital nature properly incurred by the Manager acting in accordance with its obligations under this agreement on behalf of the CoOwners and which the CoOwners are legally obliged to pay; or

(b) withdrawing and investing credit balances or a proportion thereof held in the Capital Trust Account from time to time under clause 4.9.

4.4 There is no clause 4.4

4.5 Accounts to be Kept Separate

(a) The Manager must not pay:

(i) amounts of an income nature into the Capital Trust Account; or

(ii) amounts of a capital nature into the Operating Trust Accounts.

(b) Westfield Limited may not transfer money between the Operating Trust Accounts and the Capital Trust Account.

4.6 Withdrawals

(a) The Manager may direct Westfield Limited to withdraw sums from the Operating Trust Account for the Capital Trust Account if the withdrawal is required to make a payment described in clause 4.2(a) or 4.3(a).

(b) Westfield Limited must comply with a direction received from the Manager as soon as possible and in any event within 24 hours after the Operating Trust Account or the Capital Trust Account has been credited with sufficient funds to comply with a direction.

(c) The Manager is primarily liable to the CoOwners for withdrawals made from both the Operating Trust Account and the Capital Trust Account and, subject to the provisions of this agreement, Westfield Limited need not enquire concerning the validity of a direction given by the Manager or on its behalf.

4.7 Credit Balances and Interest

(a) All interest accruing on the credit balances of the Operating Trust Accounts and the Capital Trust Account (including credit balances invested by the Manager under clause 4.9) belong to the CoOwners in proportion to their respective Property Interests. The Net Income shall be distributed to the CoOwners.

(b) On the last Business Day of each month or as frequently as the Management Committee otherwise determines Westfield Limited must withdraw the amount standing to the credit of each of the Operating Trust Accounts (less any amount that the Manager in the Manager's reasonable opinion, directs is necessary to retain in order to ensure that Operating Expenses falling due for payment from time to time can be paid as and when they fall due

and the amount (if any) which the Management Committee requires retained as a reserve) and place those amounts in the CoOwners' Accounts.

(c) On the last day of each month, Westfield Limited must withdraw all interest accrued in the Capital Trust Account (if any). That amount shall be placed in the CoOwners' Accounts.

(d) The credit balance in and the interest accrued on the CoOwners' Accounts belong to the relevant CoOwner.

(e) Any CoOwner may at any time withdraw the authority given to Westfield Limited under paragraph (b) or (c) to place money in that CoOwner's Account by notice in writing to Westfield Limited and may in like manner issue a new direction to the Manager as to the manner in which its proportion of the balances held in the Operating Trust Account and the interest accrued on the Capital Trust Account must be dealt with.

(f) Westfield Limited must provide to each of the CoOwners on a monthly basis a written statement of the sums credited to that CoOwner's Account under this clause.

4.8 Temporary Deficiencies

If at any time the Capital Trust Account or the Operating Trust Account contain insufficient funds for Westfield Limited to comply with a direction received from the Manager to comply with its obligations hereunder the CoOwners must, at the request of Westfield Limited advance the funds required for Westfield Limited to comply with a direction received from the Manager to comply with its obligations thereunder to the Capital Trust Account or the Operating Trust Account, as applicable.

4.9 Short Term Investments

Westfield Limited must place surplus credit balances or a proportion thereof held in the Operating Trust Accounts or the Capital Trust Account from time to time on short term investments on behalf of the CoOwners PROVIDED THAT:

(a) the investment is made in the form approved by the CoOwners in writing from time to time;

(b) the investment is made with a Bank or with another person approved by the CoOwners in writing from time to time; and

(c) the CoOwners' approvals given under sub-paragraphs (a) or (b) of this paragraph have not been withdrawn at the time the investment is made.

4.10 CoOwners' Directions

Any money withdrawn from the Centre Trust Account in accordance with the provisions of this agreement shall be deemed to have been withdrawn at the direction of the CoOwners for the purposes of the Act.

5. EMERGENCIES

5.1 Action to be Taken

Notwithstanding clauses 3.1 and 3.2, the Manager may in the case of an emergency affecting the Centre do and perform any act or thing which is reasonably necessary, proper or desirable to remedy the situation.

5.2 Cost Exceeding Specified Maximum

If the cost of doing or performing the act or thing referred to in clause 5.1 exceeds or is likely to exceed $50,000 (or such amount as may be nominated in writing by the Management Committee from time to time), the Manager must use its best endeavours in all the circumstances to contact:

(a) at least one member of the Management Committee representing AMP and obtain that representative's approval; or

(b) if the above representatives cannot be contacted prior to further damage occurring, the Manager may take such temporary action to abate or prevent damage as is reasonable in the circumstances.

5.3 Report

Written details of a decision made and implemented by the Manager under this clause must be provided to the members of the Management Committee as soon as practicably possible thereafter and in any event no later than the next Management Committee meeting.

6. NAMING RIGHTS

[Note: applicable only where a member of the Westfield Group is Manager. Westfield is not entitled to any naming rights otherwise. Naming rights in relation to all AMP managed Centres will be retained by the relevant AMP company.]

For so long as a member of the Westfield Trust Group is the Manager of the Centre, the Centre will be named Westfield Shoppingtown #. If a member of the Westfield Trust Group ceases to be the Manager the CoOwners may not retain or use any name which includes the words "Westfield", "Westfield Shoppingtown" or "Shoppingtown".

7. LICENCES

The Manager must apply for, obtain and thereafter maintain all licences consents and authorities required to carry on the business of an estate agent and to comply with its obligations under this agreement under the Act during the currency of this agreement.

8. There is no clause 8

9. REPORTS, BUDGETS AND RECORDS

9.1 Manager's Monthly Reports

The Manager must deliver the following statements to the members of the Management Committee within 25 days after the end of each calendar month (or within 25 days after the end of such other period as may be agreed between the parties) ("period") and in any event at least 2 Business Days before any scheduled Management Committee meeting at which the statements will be considered:

(a) an itemised statement of Gross Income for the period;

(b) an itemised statement of Operating Expenses for the period;

(c) a list of debtors, ageing such debtors as at the end of the period and specifying the source of the debt;

(d) a bank reconciliation statement for the period of any account opened by the Manager solely for the purposes of this agreement (including the Operating Trust Account);

(e) a statement of Net Income for the period;

(f) a statement of variations between the Operating Budget and the Net Income for the period and appropriate explanations of any variances;

(g) an itemised statement of capital expenditure for the period;

(h) a statement of variations between the Capital Budget and capital expenditure for the period and appropriate explanations of variances;

(i) a statement of vacancies in the Centre at the end of the period showing the rental value of the premises and the status of any negotiations with potential occupants;

(j) details of rent reviews negotiated during the period;

(k) a statement of turnover figures or audited turnover figures to the extent that Occupants are required to deliver audited figures achieved by each Occupant during the period and during the current [Calendar Year/Financial Year] to date including comparisons with the same period in the previous [Calendar Year/Financial Year] and appropriate itemisation and analysis of the turnover figures including occupancy cost percentages;

(l) a statement containing full details of any emergency occurring during the period, including details of the action taken by the Manager under clause 5 and an itemised schedule of costs incurred by the Manager in respect of the emergency;

(m) any event of an extraordinary nature in relation to the Centre which occurred during the period or which is likely to occur in subsequent months including, without limitation, any event involving a risk insured by the CoOwners, the Manager, an Occupant, Contractor or Consultant;

(n) a statement of anticipated capital expenditure and Operating Expenses which do not form part of the Capital Budget or the Operating Budget (as applicable) together with such information regarding the expense to enable the Management Committee to make a decision as to whether the expense should be incurred and, if so, what amount should be spent;

(o) a list of Occupants or Contractors which to the Manager's knowledge are in material default of their obligations under their respective Leases, Licences, contracts or arrangements, showing the nature of the default, the steps taken by the Manager to enforce each Lease, Licence, contract or arrangement and the status of each matter;

(p) a list of all legal proceedings pending, current or contemplated in relation to the Centre, whether undertaken by the Manager on behalf of the CoOwners under clause 3.2(a)(iv) or by any person against the CoOwners or the Manager showing the status of each matter and the recommendations of the Manager for resolution of the dispute;[and]

(q) such other information which must be disclosed to the Management Committee by the Manager in the proper performance of its obligations under this agreement as any member of the Management Committee may request; and

(r) **[In relation to Westfield managed centres only]** a statement of advances required for the following period to top up deficiencies in the Capital Trust Account of the Operating Trust Account under clause 4.8.

9.2 The Manager must deliver to the members of the Management Committee within 25 days after the end of each quarter ending March, June, September and December quarterly forecasts of Gross Income, Operating Expenses, Net Income to the end of the then current [Calendar/Financial Year].

9.3 Business Plan and Budgets

The Manager must not less than 30 days prior to the beginning of each [Calendar Year/Financial Yea (or, in the case of the [Calendar Year/Financial Year] commencing on the date of this agreement, that date being not less than 30 days after the date of this agreement) deliver to the members of the Management Committee for its consideration and approval in accordance with clause 10.7 a Business Plan together with:

(1) an Operating Budget for that [Calendar Year/Financial Year] (including details of anticipated Gross Income and Operating Expenses for each six month period);

(2) a Capital Budget for that [Calendar Year/Financial Year] (including details of anticipated capital receipts and recommended capital expenditure for each month); and

each subdivided into such categories as the Management Committee may require together with a report containing recommendations for the subsequent [Calendar Year/Financial Year] in relation to:

(i) insurance for the Centre and any claims which may be made or paid;

(ii) vacancies in the Centre and the Leases and Licences due to expire;

(iii) the Leases and Licences which will be the subject of a rent or fee review or the exercise of an option together with the rent or fee proposed under those Leases and Licences;

(iv) any projected variations in the occupancy mix;

(v) projected turnover figures for each Occupant who is expected to pay turnover rent during that [Calendar Year/Financial Year] together with any other details which may impact on the Gross Income to be received from Occupants;

(vi) the gross costs of employing the Centre Employees divided into the following categories:

(1) wages;
(2) wages' overheads; and
(3) staff recruitment costs.

(vii) the gross costs of employing or engaging the Contractors and retaining or instructing the Consultants;

(viii) details of any pending, threatened or likely legal proceedings against the CoOwners or the Manager or in any way likely to affect the Centre or any of the Occupants or Contractors;

(ix) a detailed marketing and promotions presentation; and

(x) any other matters which must be disclosed to the Management Committee by the Manager in the proper performance of its obligations under this agreement requested by any member of the Management Committee,

and an oral report and recommendations in relation to the projected market conditions and trends likely to affect the Centre. At the same time as the Manager delivers the Business Plan, Operating Budget and Capital Budget to the members of the Management Committee the Manager will also provide a forecast of Gross Income and Operating Expenses for the six month period after the expiration of the relevant [Calendar Year/Financial Year].

9.4 Financial Statements

(a) The Manager must procure proper and sufficient financial accounts (including the appropriate ledgers and journals) and supporting documents (including invoices and receipts) to be maintained for the Centre to enable the financial statements referred to in paragraph (b) to be properly and efficiently prepared and must keep such financial accounts and supporting documents for at least 7 years.

(b) The Manager must within 60 days after the expiration of the first 6 months of each [Calendar Year/Financial Year] and within 60 days after the expiration of each [Calendar Year/Financial Year], deliver to the members of the Management Committee audited financial statements for the Centre (including, without limitation, a profit and loss statement, a balance sheet and a reconciliation for any account operated by the Manager solely for the purposes of this agreement, including the Operating Trust Account) for such 6 month period and [Calendar Year/Financial Year] respectively at the CoOwners' expense.

9.5 Records

(a) The Manager must maintain proper and sufficient management accounts and records for the Centre to enable the Manager to efficiently, properly and professionally perform its obligations under this agreement and to enable any member of the Management Committee to quickly and easily obtain any information concerning the Centre required by that member and must keep such management accounts and records for at least 7 years.

(b) Without limiting paragraph (a), the Manager must keep:

(i) a register of Occupants containing all relevant information in relation to each Occupant including, without limitation

(1) names and business names;
(2) location of premises;
(3) area of premises;
(4) nature of occupancy;
(5) status of the document recording nature of occupancy;
(6) commencement date;
(7) term;
(8) options;
(9) current rent or fee;
(10) turnover rent or fee; and
(11) outgoings liability;

(ii) a record of all contracts or arrangements made with Contractors or Consultants containing details of the essential terms of such contracts or arrangements;

(iii) a register showing depreciable plant and equipment showing the cost, date of acquisition, and the current written down value of each item;

(iv) the accounts required under the Act and any other applicable laws; and

(v) a record of all insurance claims pending, current or contemplated in respect of any insured risk incurred as a consequence of the ownership, use, operation or occupation of the Centre made by the Manager on behalf of the CoOwners under clause 3.2(a)(vi) showing the status of each claim.

9.6 Production of Records and Information

(a) The Manager must:

(i) if requested by any member of the Management Committee, produce such books of account, records or information in relation to the Centre or this agreement to that member or that member's authorised representative as that member may require and take or permit that member or that member's representative to take photocopies of the books of account, records or information at the reasonable expense of the Manager; and

(ii) if requested by any member of the Management Committee, permit that member or that member's representative to carry out an independent audit or inspection of its books of account and records for the Centre or under this agreement at that member's cost, (unless the audit reveals any matters materially inconsistent with compliance by the Manager with its obligations under this agreement or at law, in which case the costs of the independent audit must be paid by the Manager).

(b) The Manager must from time to time provide information and recommendations to the members of the Management Committee as to -

(i) market conditions and trends affecting the Centre (which may be given in an oral presentation);

(ii) complaints, notices and correspondence received and the steps taken to resolve them;

(iii) changes or proposed changes to legal requirements affecting the Centre (including, without limitation, revaluations carried out by any responsible authority);

(iv) any proposed or recommended amendments to the standard form documents for the Centre, the rules for the Centre or the memorandum or articles of association of any promotions committee, merchants association or similar body;

(v) any improvements which may be made to the Centre, this agreement, the procedures employed by the Manager for carrying out its obligations under is agreement, the Operating Budget, the Capital Budget or any other matter to improve the economical operation and efficiency of the Centre;

(vi) the occupancy mix within the Centre;

(vii) alterations to the terms of any insurance policy held by or on behalf of the CoOwners for the Centre; and

(viii) any other matters which must be disclosed to the Management Committee by the Manager in the proper performance of its obligations under this agreement which may be requested by a member of the Management Committee.

10. OWNER'S OBLIGATIONS

10.1 Payment of the Manager's Fee

(a) In consideration of and subject to the Manager's performance of its obligations under this agreement, the CoOwners will pay to the Manager the Manager's Fee calculated and paid by equal monthly instalments in arrears.

(b) The Manager's Fee is an amount equal to

A. a management fee of 5% of the Gross Income for each [Calendar Year/Financial Year] (or an amount calculated pro rata for any lesser period); and

B. a management fee equal to that percentage payable under clause 10.1(b)A on "rent free periods" as if rent was paid at the leased rental rate for the whole of the leased term..

(c) The Manager may on or after the day on which the Manager despatches to the members of the Management Committee the last of the reports, budgets and records required under clause 9 in respect of such month withdraw from the Operating Trust Account and pay the monthly instalment of the Manager's Fee.

10.2 Adjustment of the Manager's Fee

(a) The Manager's Fee will be adjusted:

(i) on an interim basis as soon as practicable after the audited financial statements are available for the first 6 months of each [Calendar Year/Financial Year]; and

(ii) on a final basis as soon as practicable after the audited financial statements are available for each [Calendar Year/Financial Year].

(b) If an adjustment indicates a shortfall in the Manager's Fee, the Manager may debit the Operating Trust Account and pay an amount equivalent to the shortfall.

(c) If an adjustment indicates an excess payment of the Manager's Fee has been made, the Manager must within 7 days of the adjustment being made deposit an amount equivalent to the excess in the CoOwners' Accounts.

10.3 Centre Manager's Office

The area used as a Centre Manager's Office at the date of this agreement or such other area as the Management Committee from time to time agree will be the Centre Manager's Office to be used by the Manager, the Property Manager and the Centre Manager for the purposes of complying with this agreement.

10.4 No Reimbursements

The CoOwners are not obliged to make any payment to the Manager (whether by way of reimbursement or otherwise) except:

(a) the Manager's Fee referred to in clause 10.1;

(b) any other payment or fee previously approved in writing by the Management Committee; or

(c) any other amount properly payable by the CoOwners under this agreement.

10.5 Standard Form Documents

(a) The Management Committee will be responsible for reviewing and approving from time to time the standard form documents to be used by the Manager for the Centre.

(b) The Management Committee must not amend the standard form documents for the Centre without first notifying the Manager and giving favourable consideration to any recommendations made by the Manager in relation to the contents of the standard form documents.

(c) The standard form Lease, Licence and other documents used for the Centre at the date of this agreement must be used by the Manager for the purposes of complying with its obligations under this agreement until the Management Committee otherwise informs the Manager in writing.

10.6 Procedure for Execution of Documents

(a) The Manager must submit Leases, Licences and other documents to be executed by the CoOwners in relation to the Centre executed by the Occupant or other contracting party in the appropriate number of parts to the CoOwners for execution. The CoOwners must execute and return the documents to the Manager within 5 Business Days from their receipt from the Manager.

(b) All documents submitted to the CoOwners for execution under this clause must:

(i) have been carefully checked by the Manager;

(ii) be either:

(1) entirely consistent with the standard form document currently in use under this agreement for the Centre;

(2) consistent with the standard form document in every material respect; or

(3) inconsistent with the standard form document in the material respects previously made known to and approved by the Management Committee under this agreement;

and, accordingly, be appropriate for execution by the CoOwners.

(d) The Manager must stamp the documents with the appropriate amount of stamp duty at the Occupant's or the appropriate contractor's expense, lodge the documents for registration where required under law or where desirable to do so, and forward one part of the executed, stamped (and, where applicable, registered) document to the Occupant or the other contracting party and retain the CoOwners' part in safe-keeping on behalf of the CoOwners.

10.7 Approval of Business Plan/Budgets

Subject to clause 2.11, the Management Committee will give reasonable and bona fide consideration to the Business Plan, Operating Budget and the Capital Budget submitted by the Manager in conformity with the requirements of this agreement. The Management Committee must raise any objections to the Business Plan, Operating Budget and the Capital Budget with the Manager. A CoOwner may refer any Business Plan, Operating Budget and/or Capital Budget approved by the Management Committee for review and approval by the CoOwners Committee provided that where no such referral has been made within seven (7) days of the Management

Committee's approval of same, the Business Plan, Operating Budget and/or Capital Budget (as applicable) shall be deemed approved by the CoOwners.

11. INSURANCE

11.1 Manager to Effect Insurance

The Manager must, throughout the term of its appointment, cause the Centre and such other risks (including public liability and loss of rent) as are nominated by the Management Committee from time to time or required by law to be insured, to be insured and kept insured in the manner and with the insurers prescribed by the Management Committee from time to time.

11.2 Recommendations

In determining the types and amounts of insurance cover required from time to time and the insurers with whom such cover will be effected, the Management Committee will consider the recommendations of the Manager and of any insurance broker or adviser engaged or retained by the Manager for the Centre.

11.3 Quotations

In complying with this clause, the Manager at the request of the CoOwners will give any insurer of which the Manager is previously notified by the CoOwners an opportunity to submit a quotation of insurance cover available and premiums payable for the insurance under this clause.

11.4 Master Policy

Insurances under this clause may be effected under a master group policy effected by the Manager or a member of the Westfield Trust Group/AMP Group.

11.5 Manager Not to Void Insurance

(a) The Manager and the Centre Manager must not without the written consent of the Management Committee prejudice any insurance for the Centre or bring or keep any thing or do anything in, or to the Centre which may increase the premium payable by the CoOwners under any policy of insurance concerning the Centre. If by reason of a default under this paragraph, any premium is increased, the Manager must pay the increased premium to the CoOwners on demand PROVIDED THAT the Manager shall not be liable for any prejudice to insurance occasioned by action taken by the Manager in good faith and consistently with its obligations in this agreement.

(b) The Manager must at all times (on its own account or on behalf of the CoOwners), comply with the requirements of all competent authorities and all applicable laws to preserve the validity of any policy of insurance or any claim made under a policy of insurance effected for the Centre.

12. TERMINATION

12.1 Events of Default

If:

(a) the Manager fails to maintain the licences required under clause 7.1;

(b) a distress or execution for an amount exceeding $250,000 is levied upon or enforced against the Manager or [Westfield] and the distress or execution is not withdrawn or satisfied within 30 days (provided that if a distress or execution is stayed by Court order, the period of such stay will be disregarded);

(c) the Manager ceases or threatens to cease to carry on the business of professional retail *shopping centre management*;

(d) the Manager or [Westfield] stops payment to its creditors;

(e) except to reconstruct or amalgamate while solvent on terms approved by the CoOwners (such consent not to be unreasonably withheld), the Manager or [Westfield] enters into, or resolves to enter into, a scheme of arrangement or composition with, or an assignment for the benefit of, all of its creditors generally or any class thereof, or it proposes a reorganisation, moratorium or other administration involving any of them;

(f) an inspector is appointed under the Law to investigate the affairs of the Manager or [Westfield] or a mortgagee goes into possession of the whole or any part of the property or the Manager or [Westfield] is placed in liquidation or administration or a deed of company arrangement is entered into in respect of either of the Manager or [Westfield];

(g) the Manager or [Westfield] fails to perform any obligation under this agreement, and the Manager or [Westfield], as applicable, fails to remedy the Event of Default within 21 days from receipt of written notice thereof signed by any member of the Management Committee;

the CoOwners may terminate the Manager's appointment under this agreement at any time by further written notice signed by at least one member of the Management Committee.

12.2 Termination for Breach of an Obligation

Without prejudice to the CoOwners' other rights and remedies, the Manager's appointment may not be terminated in reliance upon:

(a) clause 12.1(g) unless the failure to perform the obligation amounts to a material breach of this agreement and the material breach has caused or is likely to cause a material loss to the CoOwners;

(b) clause 12.1(a) unless the Management Committee first gives reasonable consideration to any application by the Manager for an extension of time and to any other representations which the Manager may reasonably wish to make.

12.3 Effect of Termination

Termination of the Manager's appointment under this agreement or [Westfield] duties under this agreement or at law will not prejudice any right of action or remedy which the CoOwners has or but for the termination might have had against the Manager or [Westfield] for breach of this agreement.

12.4 *Manager's Obligations on Termination*

Upon termination of its appointment the Manager must immediately:

(a) surrender and deliver to the CoOwners any space in the Centre occupied by the Manager or the Centre Manager;

(b) pay to the CoOwners all money due to the CoOwners under this agreement, including any money received or to be received after termination;

(c) deliver to the CoOwners all contracts, documents, papers, Leases, Licences, keys, access cards, books of account, invoices, receipts, files and records in relation to this agreement or to the Centre and any property owned, leased or otherwise held by or on behalf of the CoOwners or third parties; and

(d) thereafter for as long as the CoOwners may require, provide all information and take all action to effect an orderly and systematic termination of the Manager's appointment and the appointment of a substitute manager under this agreement.

12.5 Power of Attorney

(a) The Manager for itself and its successors, transferees and assigns irrevocably appoints the members of the Management Committee jointly and each of them severally to be its attorney to execute any document or do any act in its name and as its act and deed if an event of default occurs concerning the Manager and it fails to remedy the default within 21 days from receipt of written notice under clause 12.1, for the purpose of giving full effect to the rights and remedies of the CoOwners under this agreement and at law.

(b) The acts lawfully done by the attorney under this appointment are by this agreement ratified and confirmed by the Manager.

12.6 *Right to Perform*

Without prejudice to any other right or remedy available to the CoOwners if the Manager or [Westfield] fails to perform an obligation under this agreement within 21 days after receipt of written notice signed by a member of the Management Committee, the Management Committee, or any member of the Management Committee may perform the obligation or cause the obligation to be performed and deduct the reasonable costs incurred in doing so from the Manager's Fee each month until the reasonable costs have been fully reimbursed or, in the case of [Westfield], recover the reasonable costs incurred as a debt due.

13. GENERAL MATTERS

13.1 Notices

(a) If any notice or other communication is required or permitted to be given under this agreement, the notice or communication must be in writing and:

(i) *personally delivered;*

(ii) sent by security mail (in which case it is deemed to be received 3 days after the date of posting);

(iii) transmitted by facsimile (in which case it is deemed to be received upon production of a transmission report by the machine from which the facsimile was sent in its entirety to the facsimile number of the recipient specified in this clause, if produced during normal business hours, but otherwise upon the next Business Day following such production).

(b) Notices must be addressed to the parties as follows:

(i) If to AMP -

Level #, # Street
Sydney NSW 2000
Tel: #
Fax:#

(ii) If to the Manager -

[insert details]

(iii) If to WML -

The Company Secretary
Westfield Management Limited
Level 24, Westfield Towers
100 William Street
Sydney NSW 2010
Tel: (02) 9358 7000
Fax: (02) 9358 7077

(iv) If to Westfield-

Tel: #
Fax:#

(v) If to any member of the Management Committee, to the address of that member notified in writing to the Manager from time to time.

(c) Any person referred to in paragraph (b) may at any time and from time to time change its address for notice purposes by giving written notice to the other persons specifying its change of address and a notice given under this clause will be effective 3 days after dispatch to the other persons.

(d) Any person who accedes to this agreement after the date of this agreement must nominate an address for service for the purposes of this clause.

13.2 Dealings Within the Westfield Trust Group/AMP Group

The Manager must act in the utmost good faith in performing its obligations under this agreement and in its dealings with the CoOwners including, without limitation:

(a) obtaining the approval of the Management Committee (such approval not to be unreasonably withheld) of any contract or arrangement involving expenditure of more than $20,000 in which, to its knowledge it or any member of the [Westfield Trust Group/AMP Group] or any director or officer of it or any such member or any family member of any such director or officer is interested directly or indirectly (including as an object or beneficiary of a trust); and

(b) ensuring that any contract or arrangement falling under paragraph (a) is on terms which are not less favourable to the CoOwners or any of them as the contract or arrangement would have been if made with an unrelated third party at arm's length.

13.3 Governing Law

(a) This agreement is governed by the law in force in#.

(b) The parties irrevocably and unconditionally submit to the non-exclusive jurisdiction of the courts of # and courts of appeal from them. The parties waive any rights they may have to object to an action being brought in those courts or to claim that the action has been brought in an inconvenient forum or that those courts do not have jurisdiction.

13.4 Assignments, Transfers and Subcontracts
[Note: for Westfield managed centres]

13.4.1 The Manager shall be entitled to assign and novate all or any of its obligations, powers or rights under this agreement to a wholly owned subsidiary of Westfield where Westfield provides a guarantee in respect of the performance by such assignee of its obligations hereunder and such subsidiary and Westfield enter into an agreement with the CoOwners in such form as is required by the CoOwners (acting reasonably) whereby the subsidiary accedes to and becomes bound by the obligations of the Manager under this agreement and the Guarantee is confirmed.

[Note: Instead of providing a guarantee in respect of the performance of the assignee, Westfield Holdings Limited may elect to provide a Deed Poll similar to the Deed Poll contained in the Second Schedule]

[**Note: for AMP managed centres**]

13.4.1 The Manager shall be entitled to assign or sub contract all or any of its obligations ("the Delegated Obligations") under this agreement to a wholly owned subsidiary of AMP Limited ("AMP Services Provider") provided that:

a. the Manager remains liable to the CoOwners for the performance by AMP Services Provider of the Delegated Obligations;

b. if required by the CoOwners acting reasonably, the Manager will cause AMP Services Provider to enter into an agreement with the CoOwners in such form as is required by the CoOwners (acting reasonably) whereby AMP Services Provider accedes to and becomes bound by the obligations of the Manager under this agreement; and

c. The CoOwners will only be obliged to pay the relevant fee in respect of the provision of the Delegated Obligation once, to the Manager or to the AMP Services Provider.

13.4.2 Subject to clause 2.2, if the CoOwners or any one of them sell transfer or otherwise dispose of any part or all of their Estate or their Property Interest and this agreement has not been terminated then the CoOwners or the relevant CoOwner as the case may be must procure that the proposed recipient of the Property Interest executes an agreement with the other parties to this agreement which other parties agree to execute such agreement, in such form as is reasonably necessary whereby the proposed recipient of the Property Interest accedes to and becomes bound by the obligations of the CoOwners or the relevant CoOwner as the case may be and becomes entitled to the rights of the CoOwners or the relevant CoOwner as the case may be under this agreement and the Manager and Westfield remain entitled to the rights and are bound by their respective obligations under this agreement and the CoOwners or relevant CoOwner are released from all further obligations arising under this agreement from and after the effective date that such person ceased to be a CoOwner.

13.5 Waiver and Variation

A provision or a right created under this agreement may not be:

(a) waived except in writing signed on behalf of the party granting the waiver; or

(b) varied except in writing signed by the parties.

14. MANAGER'S INDEMNITY AND WARRANTY

14.1 Indemnity

The Manager indemnifies the CoOwners and must keep them indemnified against all actions, suits, proceedings, claims, demands, costs, losses, damage, expenses and payments which may be made against or incurred or suffered by the CoOwners by reason of:

(a) the fact that the Manager does not hold the licences referred to in clause 7 on the date of this agreement or subsequently;

(b) any default by the Manager under this agreement; or

(c) any negligence on the part of the Manager.

14.2 Warranties

The Manager represents and warrants that:

(a) its principal business is the professional management of retail shopping centres;

(b) it has the necessary expertise, experience and facilities to properly and efficiently carry out its obligations under this agreement; and

(c) it will carry out its obligations under this agreement in a manner consistent with a high class, major regional shopping centre.

15. GUARANTEE

[Not applicable in case of AMP managed Centres. In the case of Westfield managed centres the Manager must either:

(a) provide a Westfield Holdings Limited guarantee or
(b) provide a Deed Poll Westfield Holdings Limited similar to the Deed Poll contained in the Second Schedule and a condition precedent similar to clause 20 of this agreement in which case clause 15 and all references to "Westfield" as a guarantor (e.g. throughout clauses 12 and 13.4.1), will be deleted]

15.1 The CoOwners have at the request of Westfield and in reliance upon the agreement of Westfield to give the guarantee hereinafter contained (as testified by the execution by Westfield hereof) agreed to the appointment of the Manager as the Manager of the Centre and in consideration thereof and as separate severable covenants, guarantees or indemnities:

(a) Westfield unconditionally and irrevocably guarantees the due and punctual payment by the Manager at the times and in the manner set forth in this agreement or as and when the same shall become due and payable of all moneys now payable or which may hereafter at any time become payable by the Manager under or pursuant to this agreement (hereinafter called "the moneys hereby secured") to the intent that Westfield will from time to time pay such moneys, interest and other moneys (whether or not demand therefor shall be made) whenever and so often as the Manager shall fail to pay the same or any part or parts thereof at the time or times when such moneys shall be or become payable in accordance with the provisions of this agreement.

(b) Westfield unconditionally and irrevocably guarantees the observance and performance by the Manager of the covenants obligations and conditions in this agreement expressed or

implied and by the Manager to be performed or observed and will upon demand pay to the CoOwners the amount of any losses damages costs charges or expenses of whatsoever kind which the CoOwners may suffer or incur by reason of the non-performance or non-observance of such covenants obligations or conditions or any of them or any Insolvency Event in respect of the Manager and will otherwise at all times indemnify the CoOwners and keep it indemnified against all or any such losses damages costs charges or expenses.

(c) The liability of Westfield under this agreement shall not be determined abrogated prejudiced or affected in any way:

(i) By the giving of time credit or any forbearance indulgence consideration or other concession to the Manager by the CoOwners or by any compounding compromise release abandonment waiver variation relinquishment or renewal of any rights of the CoOwners against the Manager or by any neglect or omission to enforce any such rights;

(ii) By anything done or omitted or neglected to be done by the CoOwners in exercise or the rights powers or discretions vested in the CoOwners by this agreement or by any other dealing or thing which but for this provision might operate to determine abrogate prejudice or affect this guarantee;

(iii) By reason of any security at any time held or taken by the CoOwners from the Manager being void inoperable unenforceable defective or informal.

(d) That the guarantee herein contained shall be a continuing guarantee and accordingly shall be irrevocable and shall remain in force until the whole of the moneys hereby secured shall have been paid in full or satisfied.

(e) That all moneys from time to time received by the CoOwners in payment of the moneys hereby secured from or on account of the Manager from the realisation of any security capable of being applied in the reduction of the moneys hereby secured shall be regarded and taken and applied as payments in gross without any right on the part of Westfield or the Manager in respect of the money so received in reduction of the moneys hereby secured to stand in place of the CoOwners in respect of or to claim the benefit of any money so received as against the Manager or Westfield until the whole of the moneys hereby secured has or have been paid or satisfied and Westfield hereby authorises the CoOwners to prove for all moneys paid by Westfield and not repaid to it by the Manager and to retain and carry to a suspense account and at the discretion of the CoOwners appropriate amounts received in respect thereof until the CoOwners shall have received payment of an amount equal to the moneys hereby secured and Westfield hereby waives in favour of the CoOwners all rights whatsoever against the CoOwners and the Manager and any other person estate and assets so far as necessary to give effect to anything in this clause contained.

(f) That this guarantee is and is intended to be a principal obligation which shall be absolute and unconditional in all circumstances and shall not be treated as ancillary or collateral to or with any other obligation howsoever created or arising and in particular shall be independent of and in no way affected by any other security which the CoOwners now hold contemporaneously herewith or may obtain or hold for any indebtedness or liability (whether present or future direct or contingent matured or unmatured joint or several) of

the Manager to the intent that this guarantee shall be enforceable (unless the same shall have been satisfied according to the terms hereof) notwithstanding that any other obligation whatsoever arising under any other security shall be in whole or in part unenforceable whether by reason of any statute or for any other reason whatsoever.

15.2 Westfield acknowledges that Westfield has examined this agreement and that Westfield has entered into the covenants herein contained with full knowledge of the rights powers and benefits of the CoOwners and of the covenants and obligations of the Manager contained in this agreement.

15.3 The guarantees indemnities and covenants given by Westfield under this agreement shall be deemed to be given by Westfield on behalf of itself its respective successors executors or administrators and assigns and shall be deemed to have been given for the benefit of the CoOwners and their successors and assigns.

15.4 For purposes of this guarantee and indemnity "the Manager" includes any member of the Westfield Trust Group to whom the benefit of this agreement has been assigned.

16. There is no clause 16

17. LIMITATION ON LIABILITY – WESTFIELD MANAGEMENT LIMITED

[Note: Limitation clauses should be consistent with Implementation Agreement. In this context there is no custodian.]

17.1 The Responsible Entity shall (and shall be entitled to) perform the Obligations.

17.2 All provisions of this agreement will have effect and be applied subject to this clause. For the purpose of this clause:

(i) **Obligations** means all obligations and liabilities of whatsoever kind, undertaken or incurred by, or devolving upon the Responsible Entity under or in respect of this agreement or any deed, agreement or other instrument collateral herewith or given or entered into pursuant hereto whether express or implied by statute or other legal requirements or arising otherwise howsoever;

(iii) **Responsible Entity** means Westfield Management Limited (ACN 001 670 579) or such other party as is the responsible entity for the time being of the AMP Shopping Centre Trust as the term "responsible entity" is defined in the Law;

17.3 Limitation of Liability

17.3.1 The Responsible Entity enters into this agreement only in its capacity as Responsible Entity of the AMP Shopping Centre Trust.

17.3.2 A liability arising under or in connection with this agreement is limited to and can be enforced against the Responsible Entity only to the extent to which it can be satisfied out of property of the AMP Shopping Centre Trust out of which the Responsible Entity is actually

indemnified for the liability. This limitation of liability applies despite any other provision of this agreement and extends to all Obligations of the Responsible Entity in any way connected with any representation, warranty, conduct, omission, agreement or transaction related to this agreement.

17.3.3 Where the Responsible Entity enters into this agreement in its capacity as Responsible Entity, the parties other than the Responsible Entity may not sue the Responsible Entity in any capacity other than as Responsible Entity of the AMP Shopping Centre Trust, including seeking the appointment of a receiver (except in relation to property of the AMP Shopping Centre Trust), a liquidator, an administrator or any similar person to the Responsible Entity or prove in any liquidation, administration or arrangement of or affecting the Responsible Entity (except in relation to property of the AMP Shopping Centre Trust).

17.3.4 The provisions of this clause 17.3.1 to 17.3.3 shall not apply to any Obligation of the Responsible Entity to the extent that it is not satisfied because, under the Constitution or by operation of law, there is a reduction in the extent of the Responsible Entity's indemnification out of the assets of the AMP Shopping Centre Trust, as a result of the Responsible Entity's fraud, negligence or breach of trust.

18. LIMITATION ON LIABILITY – AMP

[Applicable in relation to Management Agreements for the Macquarie Centre and Pacific Fair.]

18.1 Capacity

The [AMP Company CoOwner] enters into this agreement solely in its capacity as trustee of the [].

18.2 Limitation

Any liability of the [ ]Trustee arising in connection with this agreement is limited to the extent that the [ ] Trustee is able to be indemnified for that liability out of the assets of the [ ] under the [ ] Constitution.

Each other party acknowledges and agrees that it may enforce its rights against the [ ] Trustee with respect to the non-observance of the [ ] Trustee's obligations under this agreement only to the extent necessary to enforce the other party's rights, powers and remedies against the [ ] Trustee in respect of the assets of the [ ] Trust by subrogation or otherwise.

18.3 Exception

However, despite anything in clause 18.2, the [ ] Trustee is liable to the extent that a liability under this agreement arises out of the [ ] Trustee's own fraud, negligence, breach of trust or breach of duty which disentitles it from an indemnity out of the assets of the [ ] Trust in relation to the relevant liability.

19. GST

19.1 If GST is imposed or levied in respect of any Supply made under or in accordance with this agreement then despite any other provision of this agreement the Consideration in respect of that Supply shall be increased by the GST Amount and the party making such Supply shall provide such invoices to the recipient of the Supply as are required pursuant to the GST Legislation.

19.2 In the above sub-clause:

"**Consideration**" means any amount or consideration payable or to be provided pursuant to any provision of this agreement other than this clause.

"**GST**" means any form of goods and services tax or similar value added tax.

"**GST Amount**" means the Consideration multiplied by the Rate to the extent the Consideration is not in relation to a GST free or input-taxed supply (as defined in the GST Legislation).

"**GST Legislation**" means A New Tax System (Goods and Services Tax) Act 1999 and any other legislation which imposes, levies, implements or varies a GST.

"**Rate**" means the rate at which GST Legislation from time to time imposes or levies GST on the relevant supply under this agreement.

"**Supply**" means supply as defined under GST Legislation.

19.3 If under another provision of this agreement, a party (the "Supplier") is entitled to be reimbursed by another party to this agreement (the "Recipient") for an amount paid by the Supplier to a third party, the amount to be reimbursed shall be the amount paid by the Supplier less the amount of an input tax credit (as defined in the GST Legislation) to which the Supplier, or the representative member of the group of which the Supplier is a member, is entitled in respect of an acquisition from the third party.

20. CONDITION PRECEDENT - DEED POLL

[For AMP managed centres and if, Westfield Holdings Limited does not provide a guarantee under clause 15, a *reciprocal clause for Westfield managed centres*]

This agreement will be of no force and effect unless and until the Manager procures AMP Limited to execute a Deed Poll in the form contained in the Second Schedule in respect of the Centre.

FIRST SCHEDULE

THE ESTATE

The land known as being:

[here insert title details]

SECOND SCHEDULE

DEED POLL

THIS DEED POLL is entered the day of 2003

WHEREAS:

A. AMP Limited ("AMP") has at the request of the Co-owners entered into Management Agreement/s relating to the following shopping centre/s **[here describe relevant shopping centres]** with AMP Henderson Global Investors Limited ("the Manager").

B The Co-owners have requested AMP and AMP has agreed to provide an undertaking with respect to the Shareholders Funds of the Manager upon the terms of this Deed.

NOW THIS DEED WITNESSETH:

1 AMP undertakes in favour of the Co-owners that for so long as the Manager is the Manager of the Centres (or any of them), the Shareholders Funds of the Manager shall be no less than adequate to ensure that the Manager is able to perform its obligations under the Management Agreement/s.

2. At the request of any Co-owner, AMP will provide such evidence in respect of the Shareholders Funds of the Manager as the Co-owner reasonably requires (including the Audited Statement of the Manager) to enable the Co-owner making the request to verify that AMP is in compliance with its obligations under this Deed.

3. For the purposes of this Deed:

(a) Terms used in this Deed have the meanings given to them in the Co-owners' Agreements save where the context otherwise requires.

(b) **Audited Statement of the Manager** means the most recently audited statement of financial position of the Manager prepared in accordance with the requirements of the Corporations Act 2001, and any other applicable laws and generally accepted accounting standards and principles in Australia

(c) **Shareholders Funds** means at any time ("Relevant Time") the amount by which the total assets of the Manager exceed its total liabilities as determined in accordance with generally accepted accounting standards and principles in Australia adopted for the purposes of the last Audited Statement of the Manager that were prepared prior to the Relevant Time.

The Company Secretary
AMP Henderson Global Investors Limited
33 Alfred Street
Sydney NSW 2000

Company Announcements Office
Australian Stock Exchange Limited
Exchange Centre
Level 4, 20 Bridge Street
Sydney NSW 2000

Dear Sir/Madam

Notice of change of interests of substantial holder

We enclose a notice of change of interests of a substantial holder (Form 604) in relation to AMP Diversified Property Trust (ARSN 090 606 732) (***ADP***).

On 28 May 2003, Stockland Trust Management Limited (ACN 001 900 741) (***Stockland***) announced a takeover bid for ADP. The consideration is 1 Stockland Stapled Security plus $0.80 in cash for every 1.9 units in ADP. The Stockland takeover bid is unconditional.

Prior to this announcement Stockland and AMP Henderson Global Investors Limited (ACN 001 777 591) as responsible entity for ADP (***AMP Henderson***) entered into a Co-Operation Agreement dated 28 May 2003. As a consequence of this agreement, Stockland and AMP Henderson *technically* become "associates" under the Corporations Act giving rise to the requirement for AMP Limited to file the attached substantial holder notification. *However, nothing in the Co-Operation Agreement requires AMP Henderson, Stockland or any other party to:*

(a). exercise, or restrains or restricts any such party from exercising, the votes attaching to any ADP units they may hold from time to time; or

(b) dispose of, or restrains or restricts any such party from disposing of, any ADP units they may hold from time to time.

The Co-Operation Agreement is annexed to the enclosed Form 604.

Yours faithfully

Prue Milne

Form 604

Corporations Law
Section 671B

Notice of change of interests of substantial shareholder

To: Company name/Scheme AMP Diversified Property Trust

ACN/ARSN 090 606 732

1. Details of substantial holder

Name AMP Limited ACN 079 354 519
and its related bodies corporate (the ***Substantial Holders***)

There was a change in the interests of the substantial holder on 28/05/03
The previous notice was given to the company on 04/04/03
The previous notice was dated 04/04/03

2. Previous and present voting power

The total number of votes attached to all the voting shares in the company or voting interests in the scheme that the substantial holder or an associate had a relevant interest in when last required, and when now required, to give a substantial holding notice to the company or scheme, are as follows:

Class of securities	Previous notice		Present notice	
	Person's votes	Voting power	Person's votes	Voting power
Units Fully Paid	60,417,047	11.54%	146,326,468	27.94%*

***Note: The voting power disclosed arises because of the provisions of the Corporations Act requiring substantial holders to disclose the voting power of their associates. As a consequence of entering into the agreement referred to in Annexure A and set out as Annexure B, AMP Henderson is deemed to be an associate of Stockland Trust Management Limited (as responsible entity of Stockland Trust) (*Stockland*).**

However, AMP Henderson does not have any power to exercise or control the exercise, of a right to vote attached to any of the ADP units which are deemed to be part of its voting power by virtue of the association with Stockland, nor does AMP Henderson have the power to dispose of, or control the exercise of a power to dispose of such units. If the effect of the association with Stockland was excluded the Substantial Holders have a voting power of 10.69% in respect of ADP as at the date of this notice.

AMP Life has entered into to an Option Agreement between AMP Life and Stockland under which AMP Life grants Stockland a call option to purchase ADP units (in an amount equal to 2.65% of all ADP Units on issue).

3. Changes in relevant interests

Particulars of each change in, or change in the nature of, relevant interests of the substantial holder or an associate in voting securities of the company since the substantial holder was last required to give a substantial holding notice to the company or scheme are as follows:

Date of change	Person whose relevant interest changed	Nature of change	Consideration given in relation to change	Class and number of shares affected	Person's votes affected
8-Apr-2003 to 10-Apr-2003	AMP Life Limited	Share acquisition	$160,168.12	Ordinary 53,392	53,392
2-Apr-2003 to 9-May-2003		Share disposal	$4,087,016.64	Ordinary 1,380,476	1,380,476
3-Apr-2003 to 9-May-2003	Cogent Nominees Pty Limited	Share acquisition	$2,012,030.37	Ordinary 678,993	678,993
2-Apr-2003 to 11-Apr-2003		Share disposal	$12,105,364.50	Ordinary 4,089,571	4,089,571
10-Apr-2003 to 23-Apr-2003	Henderson Global Investors Limited	Share acquisition	N/A	Ordinary 390,000	390,000
4-Apr-03	MN Services - LPT	Share acquisition	$149,402.30	Ordinary 50,000	50,000
2-Apr-2003 to 3-Apr-2003	Sun Superannuation Fund	Share disposal	$62,321.18	Ordinary 21,133	21,133
2-Apr-2003 to 3-Apr-2003	Telstra Listed Property Trust	Share disposal	$336,273.33	Ordinary 114,024	114,024

4. Present relevant interests

Particulars of each relevant interest of the substantial holder in voting securities after the change are as follows:

Holder of relevant interest	Registered holder of securities	Person entitled to be registered as holder	Nature of relevant interest	Class and number of securities	Person's votes
AMP Life Limited	AMP Life Limited	AMP Life Limited	AMP Life is entitled to be the registered holder of the class and number of securities listed beside its name AMP Life Limited is a controlled body corporate of AMP Limited within the meaning of Section 608(3) of the Corporations Law	Ordinary 33,370,793	33,370,793
Henderson Global Investors Limited	JP Morgan Nominees Australia Limited	Henderson Global Investors Limited	Henderson Global Investors Limited is a controlled body corporate of AMP Limited within the meaning of Section 608(3) of the Corporations Law	Ordinary 390,000	390,000
AMP Henderson Global Investors Limited ('AMP-HGI')	Cogent Nominees Pty Ltd	Cogent Nominees Pty Ltd	AMP-HGI, in its capacity as the investment manager for the persons or trusts listed besides its name, has the power to control voting and/or the disposal of securities. AMP-HGI is a controlled body corporate of	Ordinary 20,591,059	20,591,059
	National Custodian Services Limited	MN Services - LPT		Ordinary 350,000	350,000
	National Custodian Services Limited	Sun Superannuation Fund		Ordinary 195,598	195,598

	National Custodian Services Limited	Telstra Listed Property Trust	controlled body corporate of AMP Limited within the meaning of Section 608(3) of the Corporations Law	Ordinary 1,086,778	1,086,778

5. Change in association

The persons who have become associates of, ceased to be associates of, or have changed the nature of their association with, the substantial shareholder in relation to voting interests in the company or scheme are as follows:

Name and ACN	Nature of association

Sun Superannuation Fund	271 Collins Street, Melbourne 3000
Telstra Listed Property Trust	Level 3, 215 Spring Street, Melbourne 3000

Signature

Name: _____ Capacity : Company Secretary

date 29/05/03

Signature: PRUE MILNE

This is Annexure "A" of 1 page mentioned in Form 604 (Notice of Change of Interests of Substantial Holder)

Signed: [signature]

Name: PRUE MICHE

Date: 29 MAY 2003

Changes in Association

The following factors gives rise to the association:

1. On 28 May 2003, Stockland Trust Management Limited (ACN 001 900 741) (***Stockland***) announced a takeover bid for AMP Diversified Property Trust (ARSN 090 606 732) (***ADP***).

2. Before Stockland's bid was announced, Stockland and AMP Henderson Global Investors Limited (ACN 001 777 591) as responsible entity for ADP (***AMP Henderson***) entered into a Co-Operation Agreement dated 28 May 2003 (the ***Co-Operation Agreement***).

3. Under the Co-Operation Agreement AMP Henderson agrees, amongst other things, to dispatch a notice of meeting to ADP unitholders upon Stockland receiving acceptances for not less than 22.75% of the ADP units that contains a recommendation that ADP Unitholders vote in favour of a resolution effecting the retirement of AMP Henderson and appointment of Stockland as responsible entity for ADP.

A copy of the Co-Operation Agreement is set out in Annexure B.

Stockland and AMP Henderson become associates on 28 May 2003 pursuant to section 12 and section 53 of the Corporations Act 2001.

Nothing in the Co-Operation Agreement requires Stockland or AMP Henderson or any other party to:

(a) exercise, or restrains or restricts any such party from exercising, the votes attaching to any ADP units they may hold from time to time; or

(b) dispose of, or restrains or restricts any such party from disposing of, any ADP units they may hold from time to time.

This is Annexure "B" of 19 Pages mentioned in Form 604 (Notice of Change of Interests of Substantial Holder)

THIS AGREEMENT is made on 28 May, 2003

BETWEEN **Stockland Trust Management Limited** ACN 001 900 741 of Level 16, Parkview, 157 Liverpool Street, Sydney, New South Wales ("**Stockland**")

AND **AMP Henderson Global Investors Limited** ACN 001 777 591 of Level 16, AMP Centre, 50 Bridge Street, Sydney, New South Wales ("**AMP Henderson**")

RECITALS

A The **AMP Diversified Property Trust** (ARSN 090 606 732) ("**ADP**") was established by Trust Deed dated 23 February 1972 which, as amended from time to time, now operates as ADP's constitution ("**Constitution**").

B AMP Henderson is the responsible entity of ADP.

C AMP Henderson and Stockland have agreed to facilitate certain transactions contemplated by this document and the Asset Transfer and Facilitation Agreement.

IT IS AGREED

1 INTERPRETATION

1.1 Definitions

In this document:

"ADP Portfolio" means the portfolio of properties currently held by ADP.

"ADP Unitholders" means the holders of units in ADP.

"**Announcement**" means an announcement substantially in the form of **Annexure A** or which is no less favourable to ADP Unitholders.

"**ASIC**" means the Australian Securities and Investments Commission.

"Asset Transfer and Facilitation Agreement" means the agreement between AMP Henderson, AMP Shopping Centres Pty Ltd, Stockland and Stockland Trust Property Management Pty Limited relating to the transfer of assets and the performance of facilitation obligations dated on or around the date of this Agreement.

"**Associate**" has the meaning given in sections 11, 12 and 15 of the Corporations Act.

"**Business Day**" means a day that is not a Saturday, Sunday or bank or public holiday in Sydney.

"**Competing Takeover Bid**" means a higher offer or proposal with respect to any transaction (by purchase, merger, amalgamation, business combination, liquidation, dissolution, recapitalisation, takeover bid or otherwise) that would, if substantially completed in accordance with its terms, result in any person (or group of persons)

other than Stockland or a related body corporate of Stockland acquiring a relevant interest in 20% or more of the units in ADP for a consideration that is higher than the consideration offered by Stockland.

"Confidentiality Agreement" means the agreement between AMP Henderson and Stockland relating to the mutual exchange of confidential information and other matters dated 16 May 2003.

"Meeting" means a meeting of ADP unitholders, to be convened by AMP Henderson in accordance with section 252A of the Corporations Act, for the purposes of considering, and if thought fit, passing Resolution in accordance with section 601FL of the Corporations Act.

"Notice of Meeting" means a notice of meeting in respect of the Meeting prepared by AMP Henderson in consultation with Stockland and sent to all unitholders in ADP by AMP Henderson in accordance with the Constitution and section 252G of the Corporations Act.

"Offer" means the offer by Stockland in its capacity as the responsible entity of the Stockland Trust to acquire all of the units on issue in ADP under an off-market bid in substantial conformity with the Announcement.

"Quit Date" means 1 August 2003 or such other date as the parties agree.

"Resolution" means a resolution passed at the Meeting effecting the retirement of AMP Henderson and appointing Stockland as the new responsible entity of ADP.

"Timetable" means the indicative Meeting and Offer timetable set out in **Schedule 1**.

1.2 Construction

Unless expressed to the contrary, in this document:

(a) words in the singular include the plural and vice versa;

(b) if a word or phrase is defined its other grammatical forms have corresponding meanings;

(c) "includes" means includes without limitation;

(d) no rule of construction will apply to a clause to the disadvantage of a party merely because that party put forward the clause or would otherwise benefit from it; and

(e) if the date on or by which any act must be done under this document is not a Business Day, the act must be done on or by the next Business Day.

2 CONDITION PRECEDENT

(a) The rights and obligations of the parties under this Agreement, other than under **clause 4**, are subject to and have no force or effect until Stockland has issued the Announcement to the Australian Stock Exchange Limited.

(b) AMP Henderson may immediately terminate this Agreement by notice to Stockland if Stockland has not issued the Announcement to the Australian Stock Exchange Limited by midnight on 29 May, 2003 or such later date as determined by AMP Henderson.

3 IMPLEMENTATION

3.1 Best endeavours

Stockland and AMP Henderson must use their respective best endeavours to (including their respective employees, officers, advisers) procure:

(a) that each of the conditions precedent in this document are satisfied as soon as practicable; and

(b) to give effect to the Timetable.

Nothing in this document is intended to affect AMP Henderson's (including its employees, officers, advisers and its Associates and/or its related bodies corporate) rights to dispose of, or exercising voting rights in respect of units in ADP.

3.2 AMP Henderson's obligations

AMP Henderson must execute all documents and do all acts and things reasonably necessary for the implementation and performance of the following in accordance with the Timetable and in any event as expeditiously as practicable:

(a) **expert report**: engage an independent expert of the type contemplated by section 640(1) of the Corporations Act for the purpose of preparing a report to accompany the target's statement as to whether the Offer is fair and reasonable in the expert's opinion;

(b) **recommendation**: support the Offer and recommend to ADP Unitholders acceptance of the Offer subject to:

(i) the independent expert (above) confirming the Offer fair and reasonable in the expert's opinion; and

(ii) the directors of AMP Henderson properly forming the view that there has not been a materially better offer for all of the issued units in ADP than that contained in the Offer;

in language substantially similar to "In the absence of a higher bid and no other relevant change in circumstances, ADP Unitholders should accept the Offer.";

(c) **ADP unitholders**: assist Stockland to obtain in an electronic format up to date details of the ADP Unitholders so as to enable Stockland to:

(i) mail the Offers to ADP Unitholders in accordance with the Timetable; and

(ii) contact ADP unitholders to discuss the Offer; and

(d) **unit registry**: instruct the ADP unit registry to provide all assistance reasonably requested by Stockland to facilitate Stockland's Offer.

(e) **registry**: instruct the ADP unit registry to (subject to the terms of the Constitution and applicable laws) provide all reasonable and usual assistance to Stockland to facilitate the expeditious dispatch and prosecution of the Offer in accordance with the Timetable; and

(f) **management**: subject to AMP Henderson's duties to ADP Unitholders, not do any of the following in its capacity as responsible entity for ADP without first consulting with Stockland:

(i) acquire or agree to acquire any real property;

(ii) commence or agree to commence any new material development proposal;

(iii) enter into any lease or agreement for lease over any:

(A) shopping centre property or part of such property owned by ADP with an area of 1,000 sqm or more;

(B) industrial property or part of such property owned by ADP with an area of 1,500 sqm or more; or

(C) two whole floors of any office property owned by ADP

(iv) appoint a development manager or sales & acquisition manager for any of the shopping centres the subject of the Joint Venture Agreement (as that term is defined in the Asset Transfer and Facilitation Agreement).

3.3 Suspension/cessation of co-operation

(a) AMP Henderson's obligations under **clauses 3.1** and **3.2** are to be suspended in circumstances where:

(i) a third party announces a *bona fide* Competing Takeover Bid; or

(ii) a third party increases the consideration payable under an announced *bona fide* offer or proposal such that the offer or proposal becomes a Competing Takeover Bid.

(b) AMP Henderson's obligations under **clauses 3.1** and **3.2** cease if Stockland has not increased the consideration payable under its Offer within 5 Business Days of the occurrence of the circumstances in **clause 3.3(a)(i)** or **(ii)**.

(c) AMP Henderson's obligations under **clauses 3.1** and **3.2** revive if Stockland increases the consideration payable under its Offer.

3.4 Conditional obligations regarding a change of responsible entity

(a) The obligations of AMP Henderson under **clause 3.4(b)** are subject to Stockland, in its capacity as responsible entity of the Stockland Trust, receiving acceptances to the Offer for not less than 22.75% of the ADP Units on issue at the date of the Offer.

(b) Subject to satisfaction of the condition referred to in **clause 3.4(a)** AMP Henderson must execute all documents and do all acts and things reasonably necessary for the implementation and performance of the following in accordance with the Timetable:

(i) **Notice of Meeting**: the preparation (in consultation with Stockland) and the dispatch of the Notice of Meeting (which notice is to include a recommendation by AMP Henderson to vote in favour of the Resolution);

(ii) **Meeting**: hold the Meeting; and

(iii) **Lodge with ASIC**: lodge the notice required under section 601FL(2) of the Corporations Act within 2 Business Days after the Resolution is passed.

3.5 Consultation on failure of condition precedent

(a) **Consultation**: if the condition precedent contained in **clause 3.4(a)** is not satisfied or there is an occurrence of an event that is likely to prevent the condition precedent being satisfied by the Quit Date, AMP Henderson and Stockland must consult in good faith to facilitate the satisfaction of the condition precedent and/or to extend the Quit Date.

(b) **Failure to agree**: if the parties are unable to reach agreement under **clause 3.5(a)** within two Business Days after the Quit Date then unless the condition is waived by AMP Henderson, either party may terminate this document without any liability to the other party by reason of that termination unless the failure of the condition precedent to be satisfied arises out of any antecedent breach by a party of this document.

3.6 Stockland's obligations

Stockland must execute all documents and do all acts and things necessary for the implementation and performance of the transactions contemplated by this document in accordance with the Timetable and in any event as expeditiously as practicable.

3.7 Abridgement of time for dispatch of bidder's statement

For the purposes of item 6 in section 633(1) of the Corporations Act subject to:

(a) Stockland providing AMP Henderson with a final draft of its bidders statement for review not less than one Business Day before it is lodged with ASIC under item 2 of section 633(1) of the Corporations Act;

(b) Stockland, in its absolute discretion, taking account of all reasonable and timely comments provided to it by AMP Henderson prior to finalising its bidders statement; and

(c) any requirements imposed on Stockland by ASIC,

the directors of AMP Henderson agree that the Offer may be sent to ADP Unitholders within two Business Days of the date on which the bidder's statement relating to the Offer is sent to AMP Henderson and in any event within 5 Business Days after that day.

3.8 Target's statement

AMP Henderson must use its best endeavours to distribute a target's statement in relation to the Offer to ADP Unitholders as soon as practicable after the day on which the Offer is sent to ADP Unitholders.

4 CONFIDENTIALITY AGREEMENT

4.1 Confidentiality Agreement

The parties continue to be bound by the Confidentiality Agreement.

4.2 Survival of obligations

The rights and obligations of the parties under the Confidentiality Agreement survive termination of this Agreement.

5 NOTICES

Any notice given under this document:

(a) must be in writing addressed to the intended recipient at the address shown below:

AMP Henderson Global Investors Limited
Level 16, 50 Bridge Street
Sydney NSW 2000

Stockland Trust Management Limited
Level 16, 157 Liverpool Street
Sydney NSW 2000
Attention: General Counsel
Fax: (02) 9321 1596

or the address last notified by the intended recipient to the sender;

(b) must be signed by a person duly authorised by the sender,

(c) will be taken to have been given when delivered, received or left at the above address. If delivery or receipt occurs on a day when business is not generally carried on in the place to which the notice is sent, or is later than 4pm (local time), it will be taken to have been duly given at the commencement of business on the next day when business is generally carried on in that place.

6 GENERAL

6.1 Amendment

This document may only be varied or replaced by a document executed by the parties.

6.2 Further steps

Each party must promptly do whatever any other party reasonably requires of it to give effect to this document and to perform its obligations under it.

6.3 Governing law and jurisdiction

(a) This document is governed by and is to be construed in accordance with the laws applicable in New South Wales.

(b) Each party irrevocably and unconditionally submits to the non-exclusive jurisdiction of the courts of New South Wales and any courts which have jurisdiction to hear appeals from any of those courts and waives any right to object to any proceedings being brought in those courts.

6.4 Counterparts

This document may consist of a number of counterparts and, if so, the counterparts taken together constitute one document.

6.5 Entire understanding

(a) This document, the Asset Transfer and Facilitation Agreement and the Confidentiality Deed contain the entire understanding between the parties as to the subject matter of this document.

(b) All previous negotiations, understandings, representations, warranties, memoranda or commitments concerning the subject matter of this document are merged in and superseded by this document and are of no effect. No party is liable to any other party in respect of those matters.

(c) No oral explanation or information provided by any party to another:

(i) affects the meaning or interpretation of this document; or

(ii) constitutes any collateral agreement, warranty or understanding between any of the parties.

6.6 Relationship of parties

This document is not intended to create a partnership, joint venture or agency relationship between the parties.

STOCKLAND ANNOUNCES RECOMMENDED UNCONDITIONAL OFFER FOR AMP DIVERSIFIED PROPERTY TRUST

OFFER DETAILS

The Directors of Stockland Trust Management Limited, as Responsible Entity for Stockland Trust ("Stockland"), today announced a recommended unconditional offer for all the units in AMP Diversified Property Trust ("ADP") of:

One (1) Stockland Stapled Security plus $0.80 in cash

For

Every 1.9 units in ADP

Stockland securities are currently trading cum an entitlement to the next distribution of approximately 16.5 cents per security with an ex distribution date of 24 June. The securities issued pursuant to this offer will be ex that distribution. The volume weighted average sale price ("VWAP") of Stockland securities on the Australian Stock Exchange ("ASX") over the 5 trading days ended 27 May 2003 [$], adjusted for the next distribution was [VWAP - 16.5 cents].

Based on the above, the offer equates to $[ ] per ADP unit on an ex adjusted basis.

The Offer represents:

- A [ ] % premium to ADP's 3 month VWAP on the ASX to [18 March 2003] (the date that Centro announced an offer for AMP Shopping Centre Trust and bid speculation impacted the ASX trading price of ADP)
- A [ ] % premium to ADP's 3 month VWAP on the ASX to [28 March 2003] (the date that Stockland announced it had acquired a [ ]% stake in ADP on the ASX)
- A [ ]% premium to ADP's Net Tangible Asset Backing ("NTA") per unit as at 31 March 2003

Stockland Corporation Limited
ACN 000 181 733
Stockland Trust Management Limited
ACN 001 900 741
As Responsible Entity for Stockland Trust
ARSN 092 897 348

Stockland

Stockland currently owns 17.3% of the issued units in ADP and has entered into an option agreement with AMP Life to acquire a further 2.65% of ADP units from AMP Life on the Offer terms referred to above.

CONDITIONS AND PAYMENT TERMS

The Offer is totally unconditional and ADP Unitholders accepting the Offer will be paid the consideration of Stockland securities and cash 5 days after accepting the Offer.

It is anticipated that Stockland securities issued pursuant to the offer will trade as a separate class until 24 June 2003 and will be eligible to participate in distributions on a pari passu basis from 1 July 2003.

STOCKLAND OFFER RECOMMENDED

The Stockland offer is recommended by AMP Henderson in its capacity as the Responsible Entity of ADP, in the absence of a higher bid or other relevant change in circumstances.

BENEFITS FOR ADP UNITHOLDERS

Stockland's Managing Director, Matthew Quinn, said "The offer provides compelling benefits for both ADP unitholders and Stockland security holders. In particular, our offer gives ADP unitholders the opportunity to convert their ADP units into Stockland securities at a substantial premium to ADP's historical price and participate in a group with a strong growth and returns profile."

"ADP's property portfolio will be an excellent fit in terms of size, geographical and sector diversification. We are confident that we can enhance the returns from the assets to the benefit of our existing security holders and accepting ADP unitholders" added Mr Quinn.

Other benefits for ADP Unitholders, include:

- Improved diversification incorporating property ownership, management and development across a range of property sectors
- Capital markets benefits – including becoming a unitholder in one of the largest listed property entities in Australia by market capitalisation, with enhanced index scale and liquidity
- Participation in Stockland's internal management and stapled security structure which minimises value leakage and ensures an alignment of management and security holder interests

PARTICIPATION IN STOCKLAND'S SUPERIOR RETURNS AND GROWTH PROSPECTS

Since 1993 Stockland securities have shown consistently strong growth in price and distributions. Over periods of 1, 2, 5 and 10 years Stockland securities have significantly outperformed the S&P 200 Property Index. Further, over the 3 years to 30 June 2002 Stockland delivered compound annual growth in earnings per security of 7.0% and distributions per security of 6.7%.

Stockland Corporation Limited
ACN 000 181 733
Stockland Trust Management Limited
ACN 001 900 741
As Responsible Entity for Stockland Trust
ARSN 092 897 348

Stockland

Mr Quinn added "We have also announced today our profit forecasts for the 2003 and 2004 financial years. The figures show that Stockland's existing business is performing very strongly and has excellent growth prospects. Combined with ADP, we are confident that we can achieve further growth."

Mr Quinn also said "The transaction will be immediately accretive in terms of earnings per Stockland security."

Following the transaction and allowing for $300 million of additional property acquisitions in the period to 30 June 2004, Stockland's gearing (net debt as a percentage of total assets) would be approximately 26% as at 30 June 2004, which is well within Stockland's targeted range of 20% to 30%.

JOINT VENTURE ARRANGEMENT WITH AMP HENDERSON

Stockland and AMP Henderson have agreed to jointly manage and seek to add value to ADP's New Zealand retail assets in addition to considering other opportunities suitable for joint venture in New Zealand.

Further, AMP Life has agreed not to exercise its pre-emptive rights in respect of three shopping centres in New Zealand currently held jointly by AMP Life and ADP.

Mr Quinn said "A further benefit of the wide-ranging discussions with AMP has been the opportunity for both parties to agree a broader alliance covering property acquisition, development and asset management in Australia and New Zealand. In particular, the joint venture with AMP Henderson has the potential to accelerate materially the growth of our new business in New Zealand."

ACQUISITION OF MANAGEMENT RIGHTS FROM AMP HENDERSON

Stockland has also entered into an agreement to acquire the property management rights currently held by AMP Henderson in relation to ADP's property portfolio for $14.3 million and the trust management rights for $25 million. The consideration for the property management rights reflects the contractual terms that currently exist between ADP and AMP Henderson. The consideration for trust management rights equates to 1.3% of assets under management which is significantly less than historical comparable transactions.

This agreement to acquire AMP Henderson's rights is subject to several conditions including the acquisition by Stockland of more than 40% of the units in ADP and Stockland becoming Responsible Entity of ADP, subject to the approval of the unitholders of ADP.

Stockland and AMP Henderson have also agreed to a range of measures and actions to facilitate a smooth transition of management of the ADP portfolio including the transfer of personnel, data and systems.

BIDDER'S STATEMENT

Stockland's Bidder's Statement will shortly be served on AMP Henderson and lodged with ASX and the Australian Securities and Investments Commission. A copy of the Bidder's Statement will be made available on Stockland's website at www.stockland.com.au. AMP Henderson has consented to the early dispatch of the Bidder's Statement and intends to dispatch the Target Statement (and accompanying Independent Expert's Report) shortly thereafter.

Stockland is being advised by Gresham Partners and KPMG.

AMP discussions with ASIC

AMP today held discussions with the Australian Securities & Investment Commission (ASIC) regarding the progress of its proposed demerger and its current Share Purchase Plan (SPP).

Chairman Peter Willcox said that at a meeting today with ASIC Chairman David Knott, which included AMP CEO Andrew Mohl, confirmation had been provided that all material information in relation to the SPP had been disclosed to the market.

"We recognise ASIC's responsibility to ensure a fully informed market, particularly given the SPP currently underway," Mr Willcox said.

"ASIC has acknowledged that important issues of detail about the demerger remain to be resolved and that AMP has provided as much information as it can to shareholders at this stage.

"Our discussions with ASIC have been constructive and we expect further discussions with all regulators to take place as details become available."

The SPP offers eligible shareholders the opportunity to subscribe for up to A$5,000 worth of shares. Ordinary shares under the SPP will be offered at the lower price of:

- A$5.50 (the price at which institutional investors subscribed for shares under a recent institutional placement); or
- a 5 per cent discount to the average market price of AMP shares calculated over a 15 day trading period after the close of the offer.

The offer closes on Friday 13 June 2003.

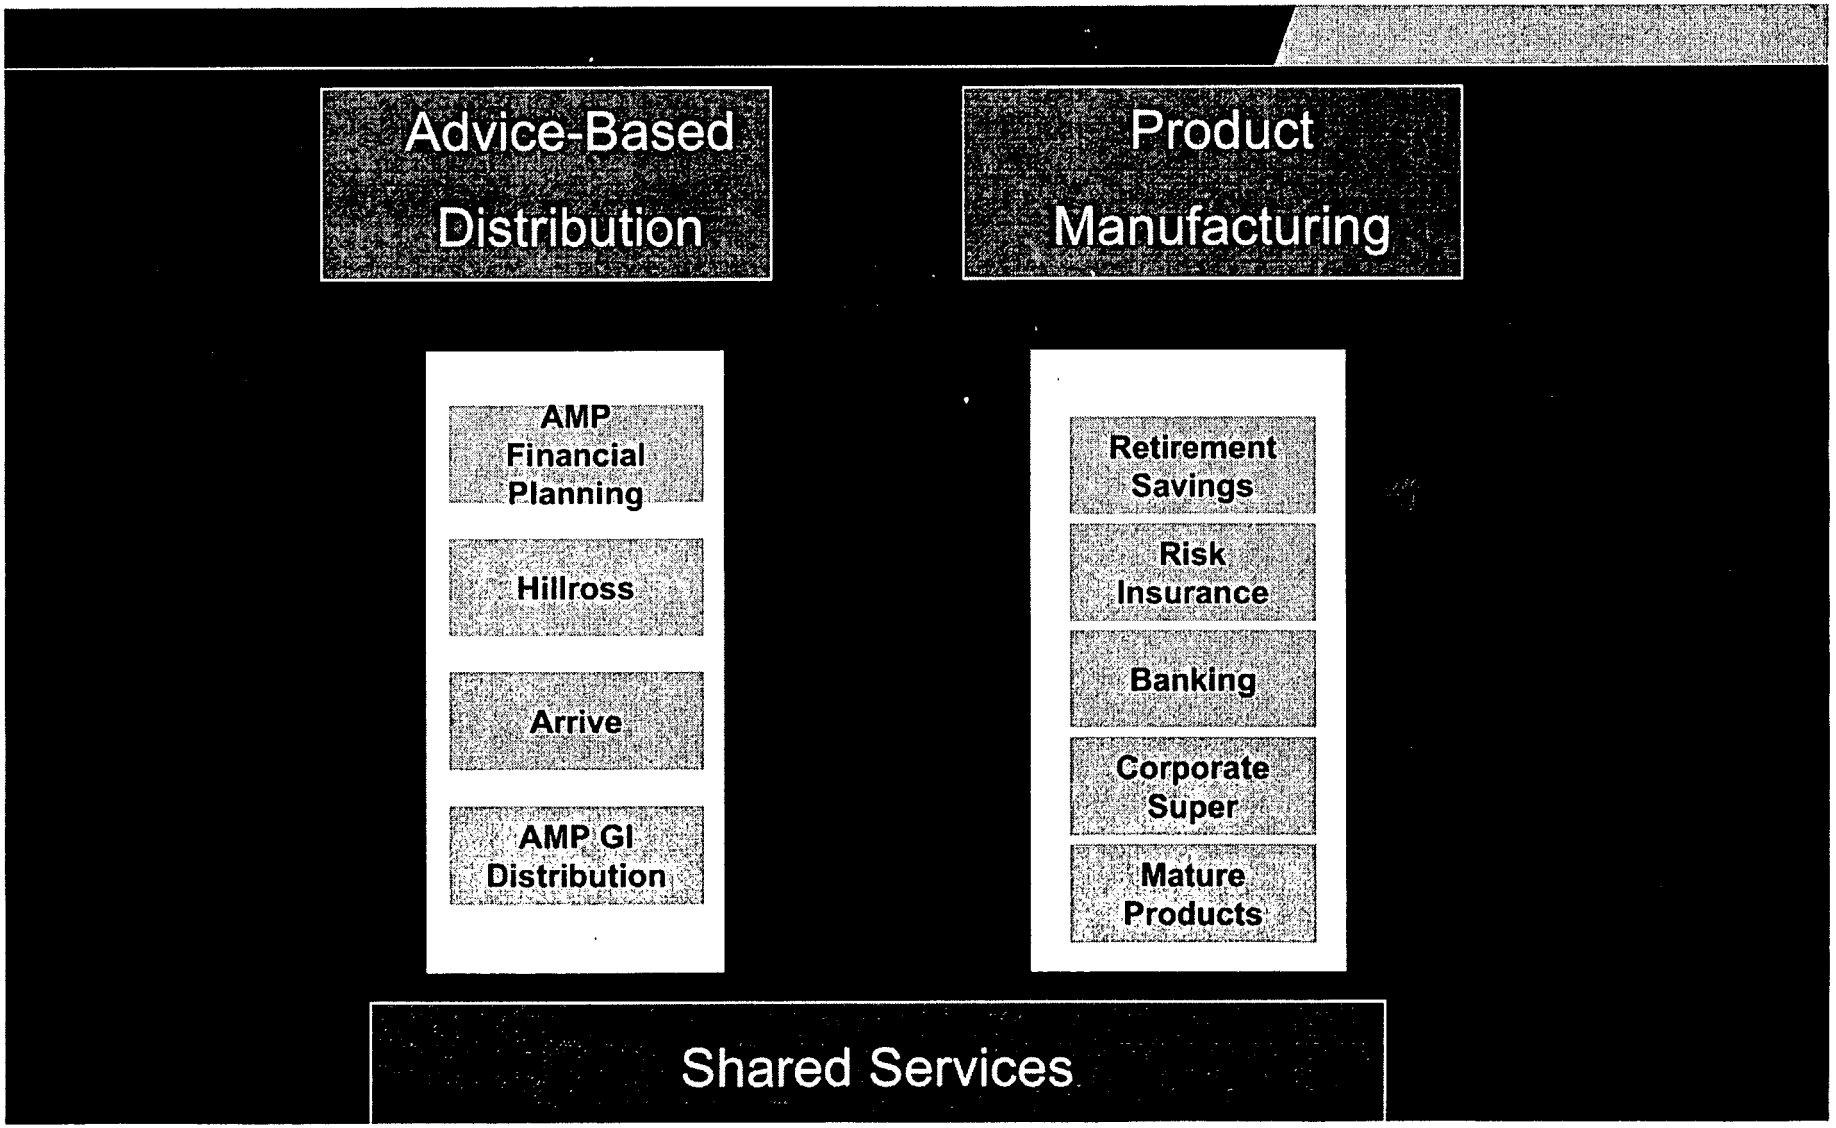
Craig Dunn, Managing Director

AMP Australian Financial Services (AFS)

Agenda

- Positioning AFS for success
- Impact of the proposed demerger
- The five fundamentals of my business
- Looking forward

A more competitive AMP



Simple, commonsense strategy

Advice-Based Distribution

to position AMP as the partner of choice for financial planners

Product Manufacturing

to deliver market competitive products at the lowest unit cost

Drawing a line in the sand

For AFS, AMP's proposed demerger will:

- Provide a simpler, more transparent corporate structure to appeal to a broader group of investors
- Ensure greater Board, management and market focus
- Protect and enhance the Australian brand

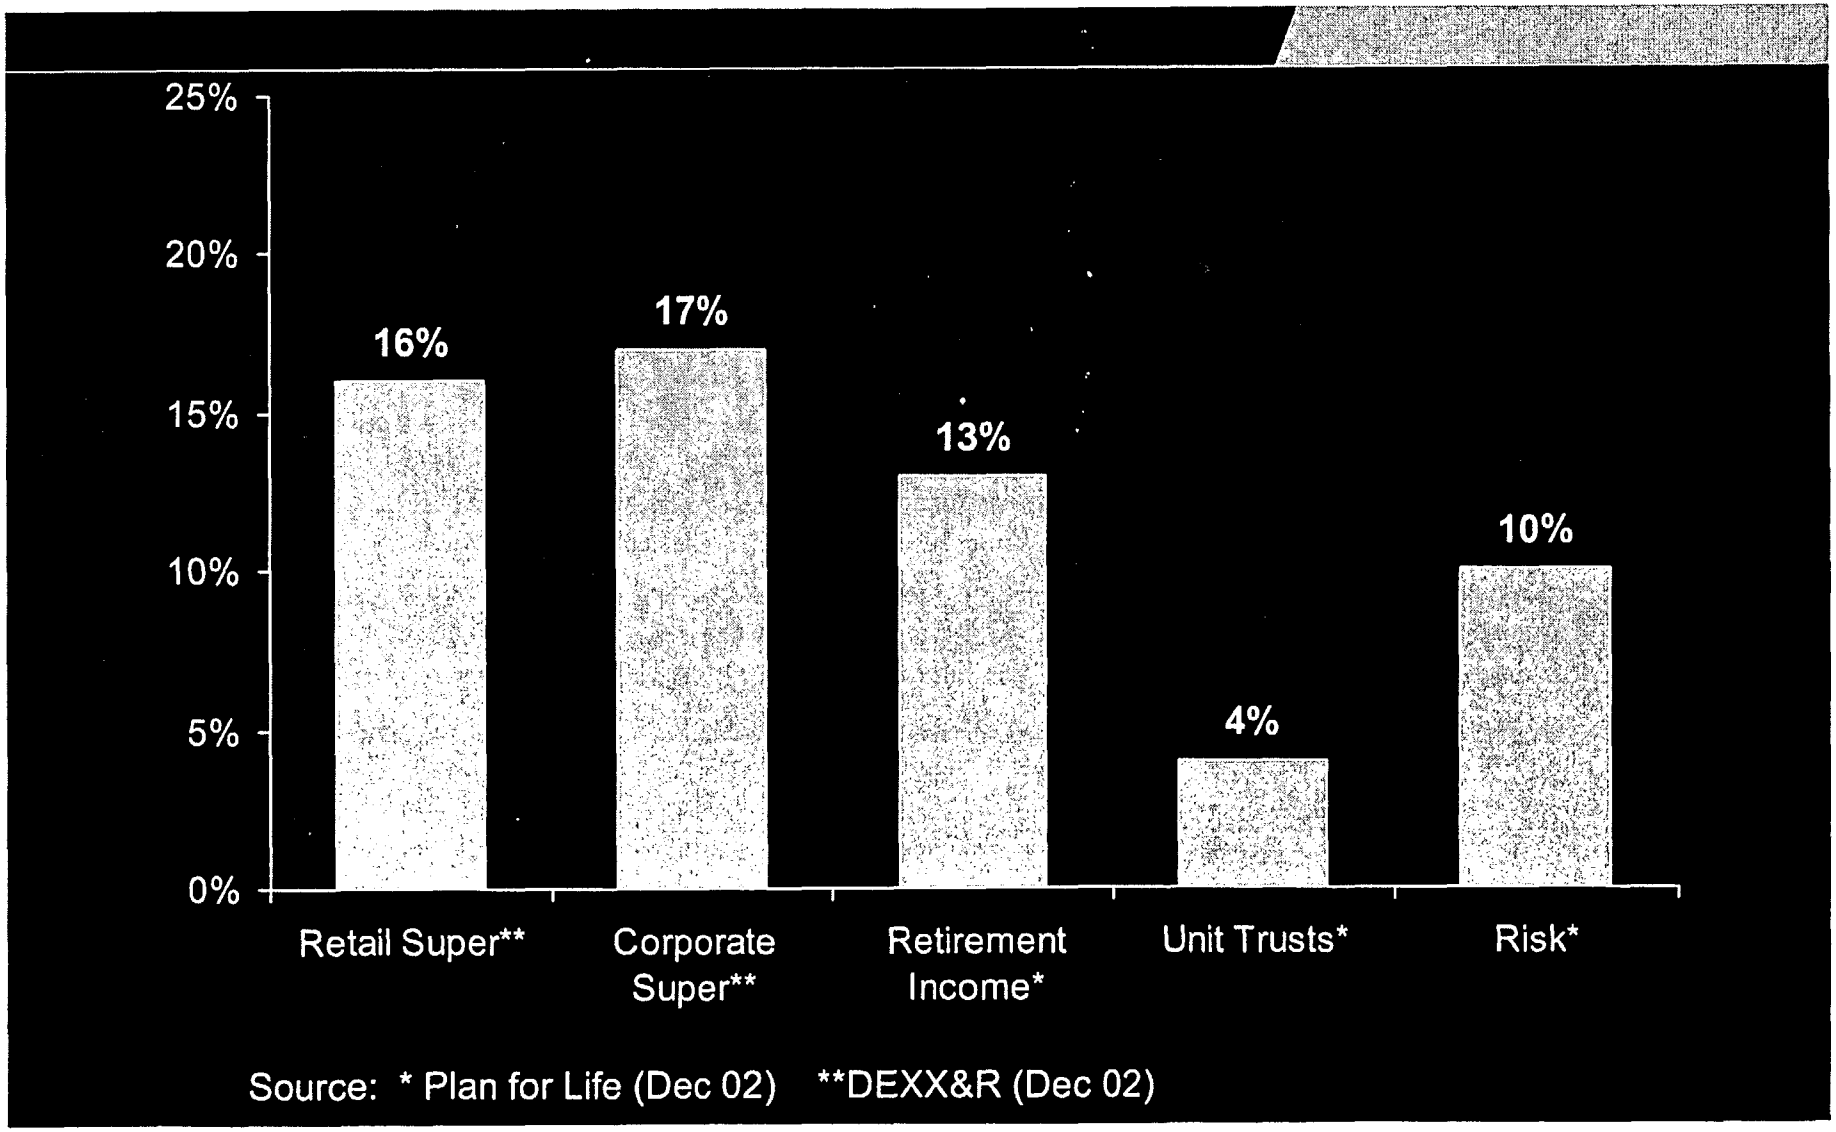
The five fundamentals that make AFS an attractive business

- Proven **distribution** capabilities
- Substantial **market share** in key markets
- Proven capacity at lowering unit **costs** and effective **capital** management
- Real prospects for **growth**
- **Resilient business**, despite dented brand

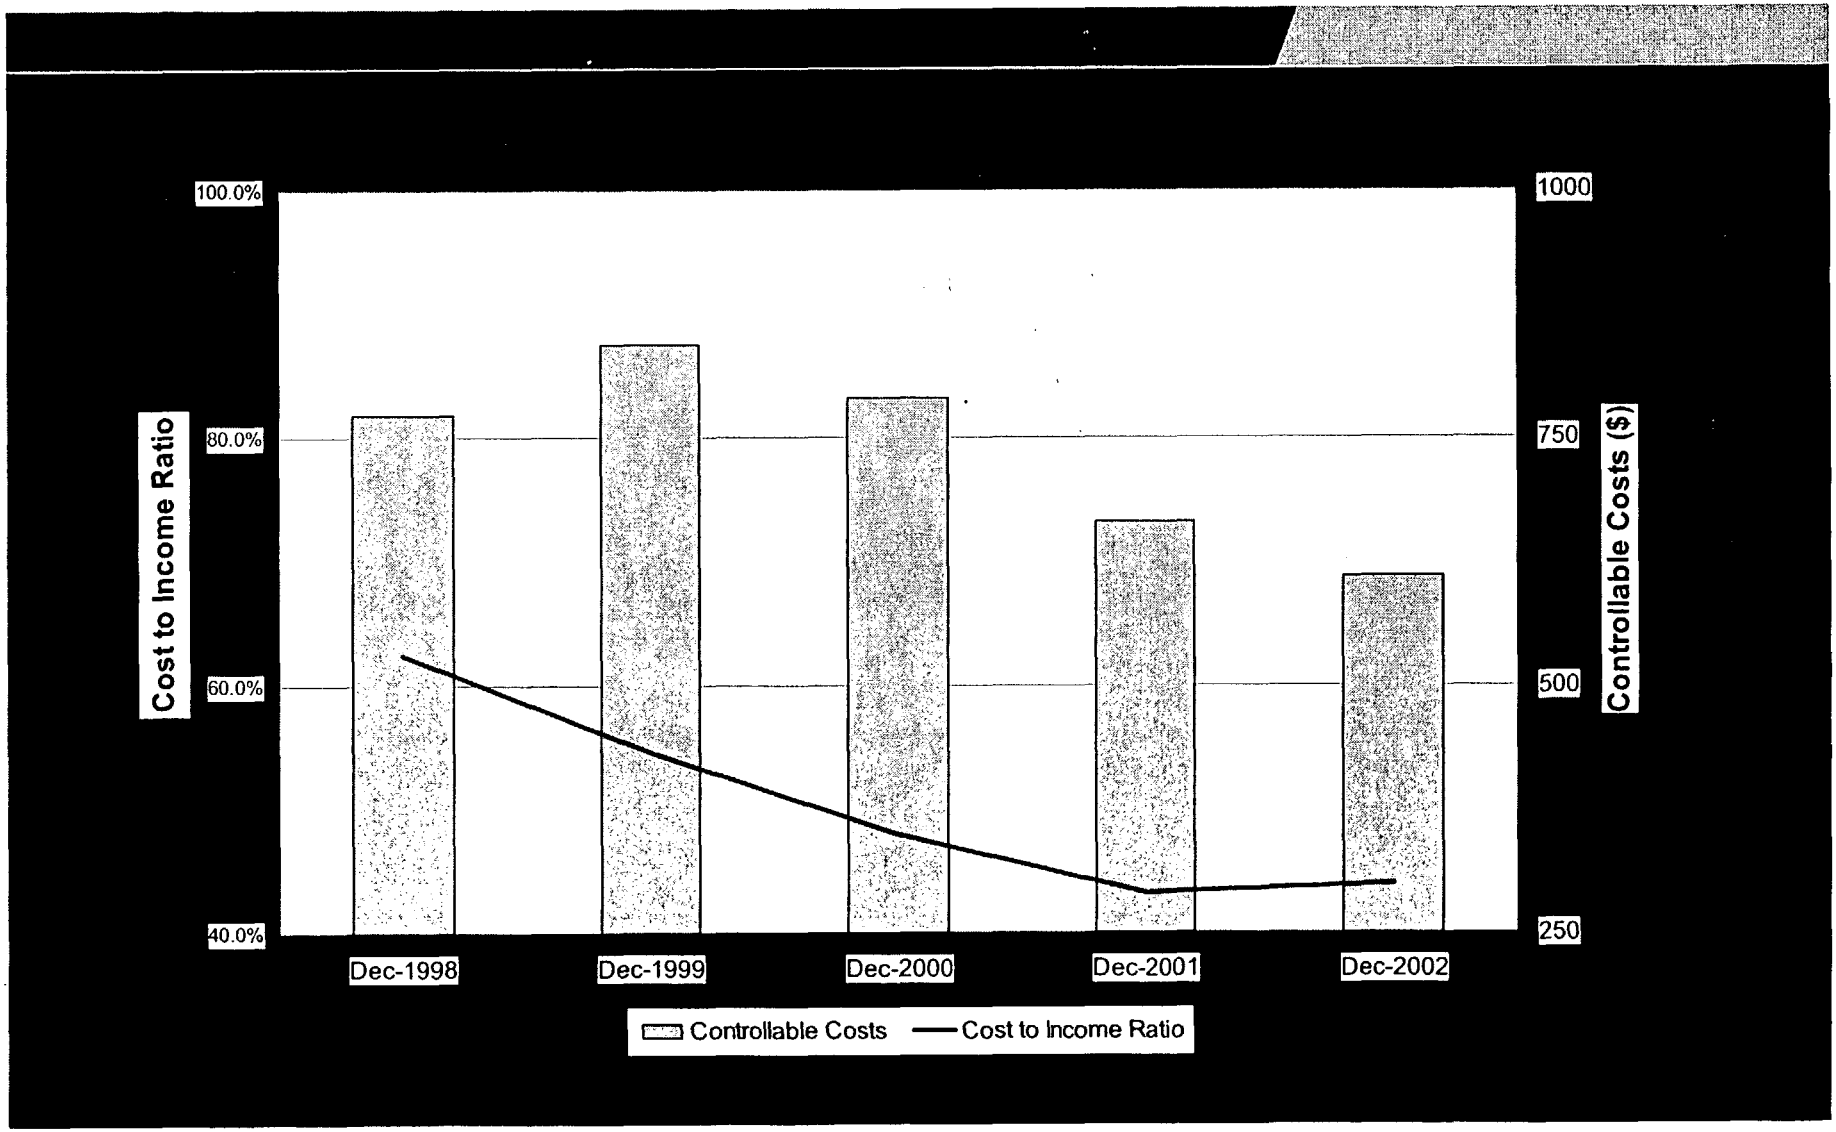
Proven distribution capabilities

- Significant share of advice market
- Multi-channel
  - With three dealer groups
- Growth options
  - New dealer groups (organic/inorganic)
  - Organic growth in planner numbers
  - Improvement in planner productivity
- Quality of advice – an ongoing priority

Substantial market share in key markets



Good record on cost and capital management



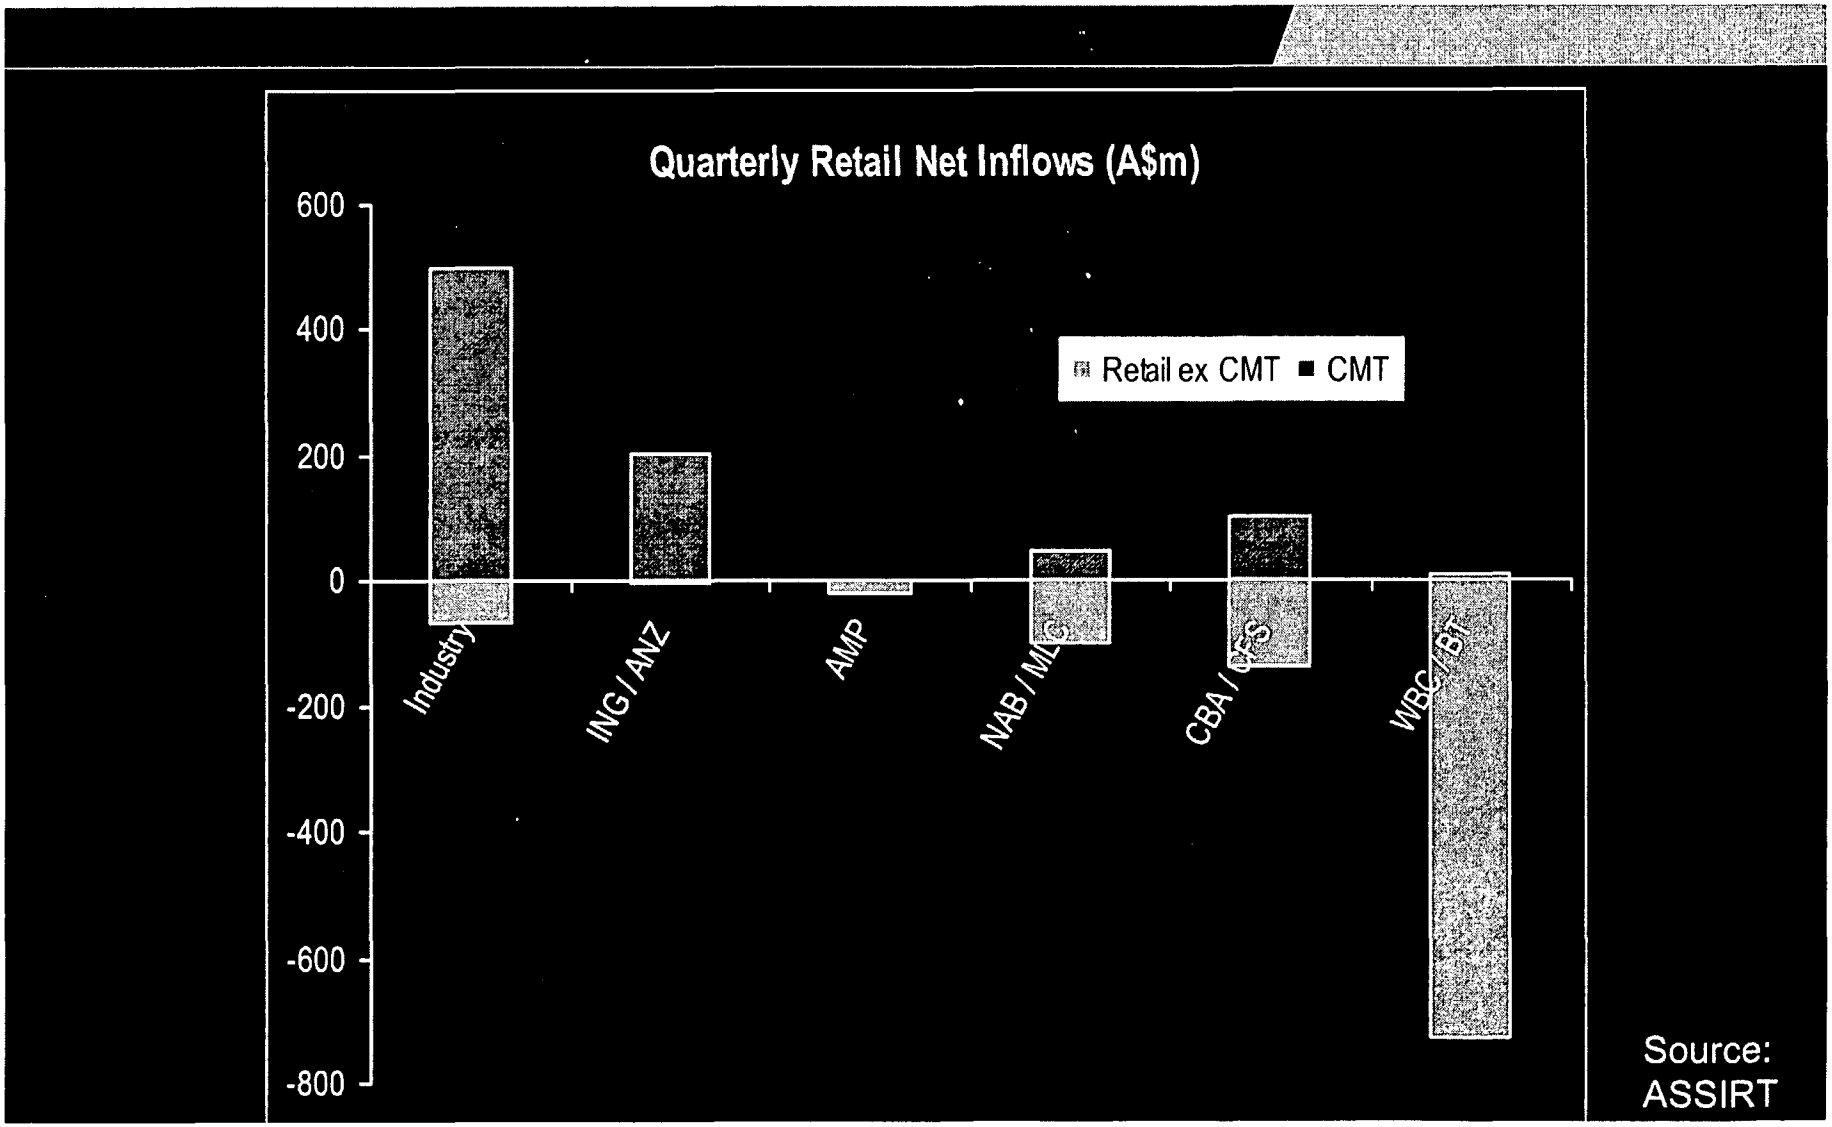
Real prospects for growth

- Look through cycle – strong systemic growth
- Effective management of margins
- Contemporary product capabilities
- Platform strategy
- Distribution power is key

Resilient business, despite dented brand

- Planner numbers largely stable
- Brand research shows resilience
- Retrenchments - but service levels have improved
- Management team believes in the future of AFS
- Outflows are up on 2002 by around 10%
  - Need to consider in industry context

Relatively stable quarterly net inflows to March 2003



AFS is well and truly fit for business

- Tough right now, but longer term trends good
- AFS is a resilient business
- A simple, commonsense strategy
- Sound business fundamentals
- A more competitive business

Notice of change of interests of substantial shareholder

03 NOV 13 AM 7:21

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Form 604
Corporations Law
Section 671B
Notice of change of interests of substantial shareholder

To: Company name/Scheme AMP Shopping Centre Trust
ACN/ARSN ARSN 087 393 397

1. Details of substantial holder

Name AMP Limited ACN 079 354 519
and its related bodies corporate

There was a change in the interests of the substantial holder on 10/06/03
The previous notice was given to the company on 29/05/03
The previous notice was dated 29/05/03

2. Previous and present voting power

The total number of votes attached to all the voting shares in the company or voting interests in the scheme that the substantial holder or an associate had a relevant interest in when last required, and when now required, to give a substantial holding notice to the company or scheme, are as follows:

Class of securities	Previous notice		Present notice	
	Person's votes	Voting power	Person's votes	Voting power
Ordinary Units Fully Paid	328,049,298	40.46%	439,689,348	54.23%*

*Note: The voting power disclosed arises because of the provisions of the Corporations Act requiring substantial holders to disclose the voting power of their associates. As a consequence of entering into the agreement referred to in the Form 604 lodged by AMP Limited on 29 May 2003, certain of the Substantial Holders referred to in this notice are deemed to be associates of Westfield Management Limited (as responsible entity of the Westfield Trust) ("WT"). However, in relation to any units in ART of which WT (or any of its related bodies corporate) is or may have a relevant interest, none of the Substantial Holders referred to in this notice have any power to exercise, or control the exercise, of a right to vote attached to such units, nor have the power to dispose of, or control the exercise of a power to dispose of, such units.

3. Changes in relevant interests

Particulars of each change in, or change in the nature of, relevant interests of the substantial holder or an associate in voting securities of the company since the substantial holder was last required to give a substantial holding notice to the company or scheme are as follows:

Date of change	Person whose relevant interest changed	Nature of change	Consideration given in relation to change	Class and number of shares affected	Person's votes affected
30-May-03 10-Jun-03	AMP Life Limited	Share acquisition Share disposal	$356,000.00 $2,835,000.00	Ordinary 200,000 Ordinary 1,575,000	200,000 1,575,000
30-May-2003 to 10-Jun-2003	Cogent Nominees Pty Limited	Share disposal	$7,571,236.88	Ordinary 4,225,000	4,225,000

Update on demerger proposal

The AMP Board has provided an update on the progress of the demerger proposal ahead of the closure of the fully underwritten Share Purchase Plan on Friday 13 June 2003.

The Board continues to believe the demerger, announced on 1 May 2003, is in the best long term interests of shareholders. The Group is on target to achieve the demerger by the end of 2003, subject to shareholder and necessary regulatory approvals.

The Board believes that the separation of the Australian and UK businesses will allow their fundamental value to be better reflected in the market, given the focus of the demerged companies on specific geographic markets. This has already been evidenced by the expressions of interest received in respect of various components of the business, as AMP's Chairman Peter Willcox indicated at the Annual General Meeting on 15 May 2003.

While this continuing interest remains informal and general, it confirms the Board's view that the demerger will enhance shareholder value. If any formal offers are received, they will be given proper consideration and, if appropriate, brought to shareholders.

ASIC noted earlier this week that a number of details regarding the demerger remain outstanding. While the Board understands the market's desire for more information, substantial work remains to be completed before that information is available for release. All relevant information will be contained in the Explanatory Memorandum, which will be lodged with ASIC in the fourth quarter of this year.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

An Independent Expert's Report is being commissioned for inclusion in the Explanatory Memorandum. Details about this appointment will be available shortly.

Advisers already appointed include investment banks Caliburn Partnership and UBS, as principal advisers, Ernst & Young as investigating accountants and Tillinghurst as consulting actuary. Legal advisers include Mallesons and Minter Ellison in Australia and Freshfields and Lovells in the UK.

In preparation for the demerger, the company is now being run on geographic lines, with Andrew Mohl, AMP's CEO, responsible for the Australasian-based businesses and Roger Yates, Managing Director of Henderson Global Investors, running the UK-based businesses, reporting to Mr Mohl.

An Extraordinary General Meeting of shareholders to approve the demerger proposal will be held at the end of the year.

Share Purchase Plan timetable

AMP today confirmed the timetable for release of information about its Share Purchase Plan (SPP), which closed Friday 13 June 2003.

Following processing of application forms, details of subscription levels will be released to the market on 18 June 2003.

The pricing period for the SPP will commence on Monday 23 June 2003 and close on 11 July 2003. The final price that shareholders will pay for shares will be announced on 14 July 2003. Ordinary shares under the SPP will be offered at the lower price of:

- A$5.50 (the price at which institutional investors subscribed for shares under a recent institutional placement); or
- a 5 per cent discount to the average market price of AMP shares calculated during the pricing period.

Shares will be allotted on 18 July 2003 and commence trading on the same day. Statements detailing the allocation of shares will be sent to participating shareholders by 7 August 2003.

Share Purchase Plan update

AMP today announced details of its Share Purchase Plan (SPP), which formed part of the capital raising for the proposed demerger of the company.

Under the SPP, approximately 29,000 eligible shareholders subscribed for around A$96 million worth of shares out of a total underwritten issue size of A$500 million.

AMP will raise the full A$500 million as the SPP is underwritten by UBS. In terms of the underwritten shortfall, AMP has been advised by UBS that it has received quality demand, in excess of the shortfall, from a broad range of domestic and international institutional investors.

AMP Chief Executive Officer Andrew Mohl said AMP had raised a total of A$1.72 billion to facilitate the proposed demerger of the company, announced on 1 May 2003.

He said AMP had included the SPP as part of its capital raising to ensure equity for retail shareholders.

"We have a large retail shareholder base, reflecting AMP's demutualisation five years ago, and we felt it was important that these holders were provided with the opportunity to participate in the capital raising following the institutional placement," Mr Mohl said.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

The pricing period for the SPP will commence on 23 June 2003 and close on 11 July. The final price that shareholders will pay for shares will be announced on 14 July 2003. Ordinary shares under the SPP will be offered at the lower price of:

- A$5.50 (the price at which institutional investors subscribed for shares under the recent institutional placement); or
- a 5 per cent discount to the average market price of AMP shares calculated during the pricing period.

Announcement No: 72/03

NPI to be closed to new business

AMP today announced the decision to close its UK pension business, NPI Limited, to new business and manage it as part of its UK Life Services (UKLS) business.

As part of the announcement of the demerger proposal on 1 May 2003, AMP said that it planned to test the market for interest in NPI, reflecting the changed strategic direction of the UK business. NPI is the specialist pensions provider within AMP's UK Contemporary Financial Services business unit.

AMP Chief Executive Officer, Andrew Mohl, said that as part of this process the company had reviewed a number of options for NPI including sale, rationalisation and restructure.

The review has now determined that the best outcome is to maintain ownership of the existing book and run it on a closed-book basis.

"After thorough consideration of all the options, we have decided that retaining the NPI book and closing it to new sales is in the best interests of both shareholders and customers," Mr Mohl said.

"This solution maintains service to existing customers, secures assets under management for Henderson, provides scale to the Life Services business and minimises the cost of managing the NPI book."

The closure of the NPI book to new business means that all AMP's UK-based life companies are closed to new business, although they continue to accept contractual increments from existing customers.

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

AMP expects a reduction of approximately 900 roles as a result of the changes to NPI and the realisation of further operational improvements. These reductions are in addition to those previously announced in June and December 2002.

AMP is commencing the minimum 90 day consultation period with the recognised union.

"The decision to restructure has been a very difficult one to make, given the impact it will have on our people. We are working to mitigate this impact wherever possible," Mr Mohl said.

"However it is a necessary step to ensure the new UK-based business has a solid foundation for future success, particularly given the difficult UK environment and our changed UK strategy."

Costs related to these changes have already been provided for in the estimated provision of £100 million (A$260 million) for demerger expenses, included in the 1 May 2003 announcement.

Independent financial advisory business Towry Law is not impacted by these changes and will remain part of the new UK business.

In addition, the NPI announcement will have no impact on the proposal to demerge, which remains on track.

Announcement No: **75/03**

AMP announces Share Purchase Plan pricing

AMP today announced that shareholders who participated in its recent Share Purchase Plan (SPP) would pay A$4.82 per share, following the close of the pricing period.

This price represents a 5 per cent discount to the volume weighted average price over the 15 trading days from 23 June 2003 to 11 July 2003.

The share price at the open of the pricing period on 23 June 2003 was A$5.15 and closed the period on 11 July 2003 at A$5.17. During the pricing period, the shares hit an intra-day high of A$5.30 (8 July 2003) and an intra-day low of A$4.90 (2 July 2003).

Shares will be allotted on 18 July 2003 and commence trading on the same day. Statements detailing the allocation of shares will be sent to participating shareholders by 7 August 2003.

AMP Chief Executive Officer Andrew Mohl said the allocation of SPP shares was the final step in the capital raising announced on 1 May 2003, which has raised A$1.72 billion.

New issue announcement, application for quotation of additional securities and agreement

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

Introduced 1/7/96. Origin: Appendix 5. Amended 1/7/98, 1/9/99, 1/7/2000, 30/9/2001, 11/3/2002, 1/1/2003.

Name of entity

AMP Limited

ABN

49 079 354 519

We (the entity) give ASX the following information.

Part 1 - All issues

You must complete the relevant sections (attach sheets if there is not enough space).

1	+Class of +securities issued or to be issued	Ordinary
2	Number of +securities issued or to be issued (if known) or maximum number which may be issued	103,721,441
3	Principal terms of the +securities (eg, if options, exercise price and expiry date; if partly paid +securities, the amount outstanding and due dates for payment; if +convertible securities, the conversion price and dates for conversion)	N/A

+ See chapter 19 for defined terms.

4	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? If the additional securities do not rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	Yes
5	Issue price or consideration	A$4.82 per share
6	Purpose of the issue (If issued as consideration for the acquisition of assets, clearly identify those assets)	• 19,867,482 shares issued to shareholders who have participated in the AMP Share Purchase Plan; • 83,853,959 shares issued pursuant to an Underwriting Agreement with UBS Warburg Australia Limited in relation to the AMP Share Purchase Plan.
7	Dates of entering +securities into uncertificated holdings or despatch of certificates	18 July 2003

	Number	+Class
8	Number and +class of all +securities quoted on ASX (*including* the securities in clause 2 if applicable)	1,419,618,993 + 103,721,441 ---------- 1,523,340,434	Ordinary

+ See chapter 19 for defined terms.

		Number	+Class
9	Number and +class of all +securities not quoted on ASX (*including* the securities in clause 2 if applicable)	Total no. issued as at 14 July 2003: • 23,015,212 • 11,500,000	• Various Classes issued on various dates • Reset convertible preference shares
10	Dividend policy (in the case of a trust, distribution policy) on the increased capital (interests)	As for all quoted ordinary shares	

Part 2 - Bonus issue or pro rata issue

11	Is security holder approval required?	N/A
12	Is the issue renounceable or non-renounceable?	N/A
13	Ratio in which the +securities will be offered	N/A
14	+Class of +securities to which the offer relates	N/A
15	+Record date to determine entitlements	N/A
16	Will holdings on different registers (or subregisters) be aggregated for calculating entitlements?	N/A
17	Policy for deciding entitlements in relation to fractions	N/A
18	Names of countries in which the entity has +security holders who will not be sent new issue documents Note: Security holders must be told how their entitlements are to be dealt with. Cross reference: rule 7.7.	N/A
19	Closing date for receipt of acceptances or renunciations	N/A

+ See chapter 19 for defined terms.

20	Names of any underwriters	N/A
21	Amount of any underwriting fee or commission	N/A
22	Names of any brokers to the issue	N/A
23	Fee or commission payable to the broker to the issue	N/A
24	Amount of any handling fee payable to brokers who lodge acceptances or renunciations on behalf of +security holders	N/A
25	If the issue is contingent on +security holders' approval, the date of the meeting	N/A
26	Date entitlement and acceptance form and prospectus or Product Disclosure Statement will be sent to persons entitled	N/A
27	If the entity has issued options, and the terms entitle option holders to participate on exercise, the date on which notices will be sent to option holders	N/A
28	Date rights trading will begin (if applicable)	N/A
29	Date rights trading will end (if applicable)	N/A
30	How do +security holders sell their entitlements *in full* through a broker?	N/A
31	How do +security holders sell *part* of their entitlements through a broker and accept for the balance?	N/A

+ See chapter 19 for defined terms.

32	How do +security holders dispose of their entitlements (except by sale through a broker)?	N/A
33	+Despatch date	N/A

Part 3 - Quotation of securities

You need only complete this section if you are applying for quotation of securities

34 Type of securities
(*tick one*)

(a) ☑ Securities described in Part 1

(b) ☐ All other securities

Example: restricted securities at the end of the escrowed period, partly paid securities that become fully paid, employee incentive share securities when restriction ends, securities issued on expiry or conversion of convertible securities

Entities that have ticked box 34(a)

Additional securities forming a new class of securities

Tick to indicate you are providing the information or documents

35 ☐ If the +securities are +equity securities, the names of the 20 largest holders of the additional +securities, and the number and percentage of additional +securities held by those holders

36 ☐ If the +securities are +equity securities, a distribution schedule of the additional +securities setting out the number of holders in the categories
1 - 1,000
1,001 - 5,000
5,001 - 10,000
10,001 - 100,000
100,001 and over

37 ☐ A copy of any trust deed for the additional +securities

+ See chapter 19 for defined terms.

Entities that have ticked box 34(b)

38	Number of securities for which +quotation is sought	N/A
39	Class of +securities for which quotation is sought	N/A
40	Do the +securities rank equally in all respects from the date of allotment with an existing +class of quoted +securities? *If the additional securities do not* rank equally, please state: • the date from which they do • the extent to which they participate for the next dividend, (in the case of a trust, distribution) or interest payment • the extent to which they do not rank equally, other than in relation to the next dividend, distribution or interest payment	N/A
41	Reason for request for quotation now Example: In the case of restricted securities, end of restriction period (if issued upon conversion of another security, clearly identify that other security)	N/A

42	Number and +class of all +securities quoted on ASX (*including* the securities in clause 38)	Number	+Class
		N/A	N/A

+ See chapter 19 for defined terms.

Quotation agreement

1 +Quotation of our additional +securities is in ASX's absolute discretion. ASX may quote the +securities on any conditions it decides.

2 We warrant the following to ASX.

- The issue of the +securities to be quoted complies with the law and is not for an illegal purpose.
- There is no reason why those +securities should not be granted +quotation.
- An offer of the +securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.

  Note: An entity may need to obtain appropriate warranties from subscribers for the securities in order to be able to give this warranty

- Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any +securities to be quoted and that no-one has any right to return any +securities to be quoted under sections 737, 738 or 1016F of the Corporations Act at the time that we request that the +securities be quoted.
- We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the +securities to be quoted, it has been provided at the time that we request that the +securities be quoted.
- If we are a trust, we warrant that no person has the right to return the +securities to be quoted under section 1019B of the Corporations Act at the time that we request that the +securities be quoted.

3 We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.

4 We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before +quotation of the +securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.

Form 604 – Notice of change of interests of substantial holder

AMP Limited
Level 24, 33 Alfred Street
Sydney NSW 2000 Australia
ABN 49 079 354 519

Form 604

Corporations Act 2001
Section 671B

Notice of change of interests of substantial holder

To Company Name/Scheme: **United Energy Limited**

ACN/ARSN: **064 651 029**

1. Details of substantial holder (1)

Name: **AMP Limited (ACN 079 354 519) and its related bodies corporate**

ACN/ARSN (if applicable): **079 354 519**

There was a change in the interests of the substantial holder on: 15 / 07 / 2003

The previous notice was given to the company on: 05 / 09 / 2000

The previous notice was dated: 05 / 09 / 2000

2. Previous and present voting power

The total number of votes attached to all the voting shares in the company or voting interests in the scheme that the substantial holder or an associate (2) had a relevant interest (3) in when last required, and when now required, to give a substantial holding notice to the company or scheme, are as follows:

Class of securities (4)	Previous notice		Present notice	
	Person's votes	Voting power (5)	Person's votes	Voting power (5)
Ordinary Shares	245,130,038	58.53%	421,770,972	100%

3. Changes in relevant interests

Particulars of each change in, or change in the nature of, a relevant interest of the substantial holder or an associate in voting securities of the company or scheme, since the substantial holder was last required to give a substantial holding notice to the company or scheme are as follows:

Date of change	Person whose relevant interest changed	Nature of change (6)	Consideration given in relation to change (7)	Class and number of securities affected	Person's votes affected
15/07/03	Power Partnership Pty Limited (ACN 070 061 282) ("PPL")	PPL holds 57.05% of ordinary shares in United Energy Limited ("UEL"). Under a scheme of arrangement ("Scheme"), PPL is to acquire the remaining 42.95% of UEL issued capital. The Scheme is now binding pursuant to sections 411(4) and 411(10) of the Corporations Act. As a result, PPL now has a relevant interest in 100% of the ordinary shares in UEL ("Shares") by virtue of section 608(1) of the Corporations Act. We refer to the scheme booklet lodged with ASIC in relation to the Scheme on 30 May 2003 ("Scheme Booklet"). A copy of the Court Order approving the Scheme is attached as Annexure A.	$570,688,530.30 (cash)	181,170,962 Ordinary Shares	181,170,962 Ordinary Shares
15/07/03	AMP Limited and its related bodies corporate ("AMP Group")	AMP Life Limited (ACN 079 300 379) ("AMP Life") and AMP Investment Services Pty Limited (ACN 063 986 989) ("AMPIS") (as trustee of certain trusts) together hold 40.87% of the shares in PPL in respect of which AMP Henderson Global Investors Limited (ACN 001 777 591) ("AMPHGI") acts as investment manager (for details see Annexure B). Accordingly, members of the		176,640,934 Ordinary Shares	176,640,934 Ordinary Shares

		AMP Group is deemed to have a relevant interest in 100% of the Shares by virtue of section 608(3)(b) of the Corporations Act. *Pursuant to the Scheme becoming effective* and following the "Power Partnership Reorganisation" (as described in section 4.3 of the Scheme Booklet), AMPHGI and AMPIS will collectively hold 66% of the shares in United Energy Distribution Holdings Pty Limited (ACN 104 381 660) (see below) through the Diversified Utility and Energy Trust No. 1 ("DUET1") (of which AMPHGI is the trustee) and the Diversified Utility and Energy Trust No. 2 ("DUET2") (of which AMPIS is the trustee) (collectively "DUET") which will be managed by AMPHGI. Accordingly, the AMP Group's relevant interest in 100% of the Shares will remain unchanged following the "Power Partnership Reorganisation" (by virtue of section 608(3) of the Corporations Act). As described in section 1.11 of the Scheme Booklet, prior to the Scheme becoming effective, AMPHGI and AMP Life Limited are the registered holders (as the manager and trustee respectively of certain trusts) of 3,739,708 and 4,587,447 UEL Shares respectively. Pursuant to the Scheme becoming effective, PPL shall acquire these Shares and accordingly, such Shares shall no longer be held by AMPHGI and AMP Life Limited.			
15/07/03	United Energy Distribution Holdings Pty Limited ACN (104 381 660) ("UED Holdings")	As described in section 4.3 of the Scheme Booklet, pursuant to the Scheme becoming effective and following the "Power *Partnership Reorganisation" (as described* in section 4.3 of the Scheme Booklet), UED Holdings will become the registered holder and beneficial owner of 100% of the issued capital in PPL. On that basis, UED Holdings is deemed to have a relevant interest in 100% of the Shares by virtue of *section 608(3)(b) of the Corporations Act.*		421,770,972 Ordinary Shares	421,770,972 Ordinary Shares

4. Present relevant interests

Particulars of each relevant interest of the substantial holder in voting securities after the change are as follows:

Holder of relevant interest	Registered holder of securities	Person entitled to be registered as holder (8)	Nature of relevant interest (6)	Class and number of securities	Person's votes
Power Partnership Pty Limited (ACN 070 061 282) ("PPL")	PPL	PPL	PPL previously held 57.05% of issued capital in United Energy Limited ("UEL"). Under a scheme of arrangement ("Scheme"), PPL is to acquire the remaining 42.95% of *UEL issued capital. The Scheme is now binding pursuant to* sections 411(4) and 411(10) of the Corporations Act. As a result, PPL now has a relevant interest in 100% of the Shares by virtue of section 608(1) of the Corporations Act. We refer to the Scheme Booklet and Annexure A.	421,770,972 Ordinary Shares	421,770,972 Ordinary Shares
AMP Limited and its related bodies corporate ("AMP Group")	-		AMP Life Limited (ACN 079 300 379) ("AMP Life") and AMPIS (as trustee of certain trusts) together hold 40.87% of the shares in PPL in respect of which AMPHGI acts as investment manager (for details see Annexure B). Pursuant to the Scheme becoming effective and following the "Power Partnership Reorganisation" (as described in section 4.3 of the Scheme Booklet), AMP Group entities will collectively hold 66% of the shares in UED Holdings through DUET, which will be managed by AMPHGI. Accordingly, the AMP Group is deemed to have a relevant interest in 100% of the Shares by virtue of section 608(3) of the Corporations Act.	421,770,972 Ordinary Shares	421,770,972 Ordinary Shares
United Energy Distribution Holdings	-		As described in the Scheme Booklet, pursuant to the Scheme becoming effective and following the "Power	421,770,972 Ordinary	421,770,972 Ordinary

Pty Limited ACN (104 381 660) ("UED Holdings")			Partnership Reorganisation" (as described in section 4.3 of the Scheme Booklet), UED Holdings will become the registered holder and beneficial owner of 100% of the issued capital in PPL. On that basis, UED Holdings is deemed to have a relevant interest in 100% of the Shares by virtue of section 608(3)(b) of the Corporations Act.	Shares	Shares

5. Changes in association

The persons who have become associates (2) of, ceased to be associates of, or have changed the nature of their association (9) with, the substantial holder in relation to voting interests in the company or scheme are as follows:

Name and ACN/ARSN (if applicable)	Nature of association
United Energy Distribution Holdings Pty Limited ("UED Holdings")	Pursuant to the Scheme becoming effective and following the "Power Partnership Reorganisation" (as described in section 4.3 of the Scheme Booklet).

6. Addresses

The addresses of persons named in this form are as follows:

Name	Address
United Energy Limited	Level 13, 101 Collins Street, Melbourne Vic 3000
Power Partnership Pty Limited	Level 13, 101 Collins Street, Melbourne VIC 3000
United Energy Distribution Holdings Pty Limited	c/- AMP Henderson Global Investors Limited, Level 12, 50 Bridge Street, Sydney NSW 2000
AMP Limited and its related bodies corporate	Level 24, AMP Building, 33 Alfred Street, Sydney NSW 2000

Signature

print name PRUE MILNE capacity COMPANY SECRETARY

sign here [signature] date 17 / 7 / 2003

DIRECTIONS

(1) If there are a number of substantial holders with similar or related relevant interests (eg a corporation and its related corporations, or the manager and trustee of an equity trust), the names could be included in an annexure to the form. If the relevant interests of a group of persons are essentially similar, they may be referred to throughout the form as a specifically named group if the membership of each group, with the names and addresses of members is clearly set out in paragraph 6 of the form.

(2) See the definition of "associate" in section 9 of the Corporations Act 2001.

(3) See the definition of "relevant interest" in sections 608 and 671B(7) of the Corporations Act 2001.

(4) The voting shares of a company constitute one class unless divided into separate classes.

(5) The person's votes divided by the total votes in the body corporate or scheme multiplied by 100.

(6) Include details of:

(a) any relevant agreement or other circumstances because of which the change in relevant interest occurred. If subsection 671B(4) applies, a copy of any document setting out the terms of any relevant agreement, and a statement by the person giving full and accurate details of any contract, scheme or arrangement, must accompany this form, together with a written statement certifying this contract, scheme or arrangement; and

(b) any qualification of the power of a person to exercise, control the exercise of, or influence the exercise of, the voting powers or disposal of the securities to which the relevant interest relates (indicating clearly the particular securities to which the qualification applies).

See the definition of "relevant agreement" in section 9 of the Corporations Act 2001.

(7) Details of the consideration must include any and all benefits, money and other, that any person from whom a relevant interest was acquired has, or may, become entitled to receive in relation to that acquisition. Details must be included even if the benefit is conditional on the happening or not of a contingency. Details must be included of any benefit paid on behalf of the substantial holder or its associate in relation to the acquisitions, even if they are not paid directly to the person from whom the relevant interest was acquired.

(8) If the substantial holder is unable to determine the identity of the person (eg if the relevant interest arises because of an option) write "unknown".

(9) Give details, if appropriate, of the present association and any change in that association since the last substantial holding notice.

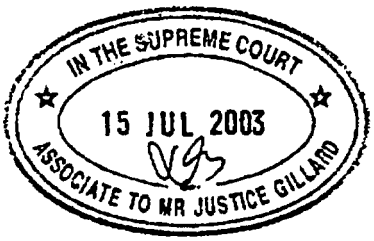
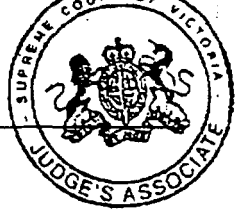
SUPREME COURT OF VICTORIA
JUDGE'S ASSOCIATE

SCHEDULE A TO THE GENERAL FORM OF ORDER

DATED 15 JULY 2003

This is Schedule A of 8 pages to the General Form of Order signed by the Honourable Justice Gillard and dated 15 July 2003.





Scheme of Arrangement

Pursuant to section 411 of the Corporations Act 2001 (Cth)

Between	
	United Energy Limited (ABN 70 064 651 029) of Level 13, 101 Collins Street, Melbourne, Victoria, Australia
And	
	The holders of fully paid ordinary shares in United Energy Limited (other than PPL)

1. Definitions and interpretation

1.1 Definitions

In this document, the following definitions apply unless the context requires otherwise.

Alinta means AlintaGas Limited (ABN 40 087 857 001).

AMPIS means AMP Investment Services Pty Ltd (ABN 71 063 986 987).

AMP Henderson means AMP Henderson Global Investors Limited (ABN 59 001 777 591).

AMP Life means AMP Life Limited (ABN 84 079 300 379).

ASIC means the Australian Securities and Investments Commission.

ASX means Australian Stock Exchange Limited (ABN 98 008 624 691).

Business Day means a day that is not a Saturday, Sunday or public holiday in Melbourne, Sydney or Perth.

CHESS means the Clearing House Electronic Subregister System for the electronic transfer of securities, operated by ASX Settlement and Transfer Corporation Pty Ltd (ABN 49 008 504 532).

Corporations Act means the *Corporations Act 2001* (Cth).

Court means the Supreme Court of Victoria.

Court Order Time means 8.00am (Melbourne time) on the first day on which the Court hears the application for an order pursuant to section 411(4)(b) of the Corporations Act approving the Scheme or, if the application is adjourned or subject to appeal for any reason, the day on which the adjourned or appealed application is heard.

Deed Poll means the Deed Poll dated 22 April 2003 executed by PPL, pursuant to which PPL covenants to perform the obligations contemplated of it under the Scheme.

Excluded Shares means any UEL Shares held at the Record Date by PPL.

Implementation means implementation of the Scheme (if it becomes effective pursuant to section 411(10) of the Corporations Act) in accordance with its terms.

Implementation Agreement means the Implementation Agreement dated 22 April 2003 between UEL, AlintaGas, AMP Henderson, AMPIS, AMP Life and PPL, relating to the implementation of the proposed merger of PPL and UEL.

Implementation Date means the first Business Day after the Record Date.

Listing Rule means a Listing Rule of ASX.

PPL means Power Partnership Pty Ltd (ABN 48 070 061 282).

Record Date means 5.00pm (Melbourne time) on the day which is the fifth Business Day after the Scheme Effective Date, or any other date agreed with ASX to be the record date to determine entitlements to receive Scheme Consideration pursuant to the Scheme.

Registered Address means, in relation to a UEL Shareholder, the address shown in the UEL Register.

SCH Business Rules means the operating rules of ASX Settlement and Transfer Corporation Pty Ltd (ABN 49 008 504 532).

Scheme means this scheme of arrangement, subject to any alterations or conditions made or required by the Court pursuant to section 411(6) of the Corporations Act.

Scheme Consideration means the amount of $3.15 for each Scheme Share.

Scheme Effective Date means the date on which an office copy of the order of the Court approving the Scheme is lodged with ASIC.

Scheme Shareholder means any UEL Shareholder at the Record Date, after the registration of all transfers and transmission applications in accordance with Clause 5.1(b).

Scheme Shares means all UEL Shares on issue at the Record Date other than the Excluded Shares.

UEL means United Energy Limited (ABN 70 064 651 029).

UEL Loan Share Plans means:

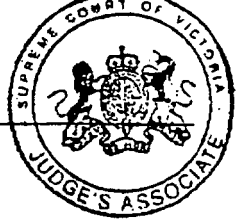
(a) the United Energy Share Acquisition Loan Plan (the rules of which were summarised in section 7.7 of the prospectus issued by UEL dated 16 March 1998); and

(b) the United Energy Loan Share Plan (the rules of which were approved by the directors of UEL on 19 June 2001).

UEL Register means the register of UEL members maintained pursuant to sections 168 and 169 of the Corporations Act.

UEL Share Registry means Computershare Investor Services Pty Ltd (ABN 48 078 279 277) of Level 12, 565 Bourke Street, Melbourne, Victoria, Australia.

UEL Shareholder means a person registered in the UEL Register as the holder of UEL Shares.



UEL Share means a fully paid ordinary share in UEL.

1.2 Interpretation

Headings are for convenience only and do not affect interpretation. The following rules apply unless the context requires otherwise.

(a) The singular includes the plural and conversely.

(b) A gender includes all genders.

(c) A reference to a Clause is a reference to a clause of this document.

(d) Where a word or phrase is defined, its other grammatical forms have a corresponding meaning.

(e) A reference to a person, corporation, trust, partnership, unincorporated body, government agency or other entity includes any of them.

(f) A reference to a person includes a reference to the person's executors, administrators, successors, substitutes (including, without limitation, persons taking by novation) and assigns.

(g) A reference to an agreement or document (including, without limitation, a reference to this document) is to the agreement or document as amended, varied, supplemented, novated or replaced, except to the extent prohibited by this document or that other agreement or document.

(h) A reference to any legislation or to a provision of any legislation includes a modification or re-enactment of it, any legislative provision substituted for it and all regulations and statutory instruments issued under it.

(i) Words and phrases not specifically defined in this document have the same meanings (if any) given to them in the Corporations Act.

(j) A reference to $ is to the lawful currency of Australia.

2. Preliminary

UEL

2.1 UEL is a public company incorporated in Australia and registered in Victoria and is a company limited by shares. Its registered office is at Level 13, 101 Collins Street, Melbourne, Victoria, Australia.

2.2 UEL has been admitted to the official list of ASX and UEL Shares have been granted official quotation on the stock market conducted by ASX.

2.3 As at 14 April 2003, 421,100,972 UEL Shares were on issue.

PPL

2.4 PPL is a proprietary company incorporated in Australia and registered in Victoria and is a company limited by shares. Its registered office is at Level 13, 101 Collins Street, Melbourne, Victoria, Australia.

Summary of the Scheme

2.5 If the Scheme becomes effective then:

(a) all the Scheme Shares will be transferred to PPL, and PPL will provide the Scheme Consideration to Scheme Shareholders in accordance with the provisions of the Scheme; and

(b) UEL will enter the name of PPL in the UEL Register in respect of the Scheme Shares.

2.6 UEL, Alinta, AMP Henderson, AMPIS, AMP Life and PPL have agreed, by executing the Implementation Agreement, to implement the terms of the Scheme and perform their respective obligations under the Scheme and the Implementation Agreement.

2.7 PPL has executed a Deed Poll in favour of the Scheme Shareholders pursuant to which it has covenanted to carry out the obligations contemplated of it under the Scheme.

3. Conditions precedent

3.1 The Scheme is conditional on:

(a) all of the conditions set out in clause 2.1 of the Implementation Agreement, other than the conditions contained in clauses 2.1(d), 2.1(n)(iv) and (q) of the Implementation Agreement, having been satisfied or waived in accordance with the terms of the Implementation Agreement, as at the Court Order Time;

(b) the conditions in clauses 2.1(d), 2.1(n)(iv) and (q) of the Implementation Agreement having been satisfied or waived in accordance with the terms of the Implementation Agreement, as at the time immediately prior to Implementation;

(c) as at the Court Order Time and the time immediately prior to Implementation, the Implementation Agreement having not been terminated; and

(d) such other conditions imposed by the Court under section 411(6) of the Corporations Act as are acceptable to PPL, Alinta, AMP Henderson, AMPIS, AMP Life and UEL.

3.2 The fulfilment of each condition in Clause 3.1 is a condition precedent to the binding effect of the Scheme.

3.3 The Scheme will lapse and be of no further force or effect if the Scheme Effective Date has not occurred on or before 31 August 2003 or such later date as the Court, with the consent of UEL, Alinta, AMP Henderson, AMPIS, AMP Life and PPL, may order.

4. The Scheme

4.1 UEL will lodge with ASIC office copies of the Court order approving the Scheme under section 411(4)(b) of the Corporations Act as soon as practicable and by no later than 5.00pm on the first Business Day after the date on which the Court makes those orders.

4.2 The Scheme will come into effect on the Scheme Effective Date.

4.3 On or before 12.00pm (Melbourne time) on the Implementation Date:

(a) PPL must provide evidence to UEL that the Scheme Consideration is or will be available for distribution to Scheme Shareholders in accordance with the Scheme;

(b) all of the Scheme Shares will be transferred to PPL without the need for any further act by any Scheme Shareholder (other than acts performed by UEL as attorney and agent of the Scheme Shareholders under Clause 7.5);

(c) UEL will deliver to PPL duly completed and executed share transfer forms to transfer all of the Scheme Shares to PPL;

(d) the Scheme Shares together with all rights and entitlements attaching to the Scheme Shares as at that time will be transferred to PPL; and

(e) in consideration for the transfer of the Scheme Shares, PPL will provide the Scheme Consideration to each Scheme Shareholder in respect of each Scheme Share registered in the name of that Scheme Shareholder in the UEL Register on the Record Date.

4.4 PPL will immediately execute the share transfer forms referred to in Clause 4.3(c) as transferee and deliver the share transfer forms to UEL for registration.

4.5 UEL will, immediately following receipt of the transfer forms in respect of the Scheme Shares, enter the name and address of PPL in the UEL Register in respect of the Scheme Shares.

5. Dealings in Shares

5.1 For the purpose of establishing the persons who are Scheme Shareholders, dealings in UEL Shares will only be recognised if:

(a) in the case of dealings of the type to be effected using CHESS, the transferee is registered in the UEL Register as the holder of the relevant UEL Shares by the Record Date; and

(b) in all other cases, registrable transfers or transmission applications in respect of those dealings are received at the UEL Share Registry by the Record Date.

5.2 UEL will register registrable transfers or transmission applications of the kind referred to in Clause 5.1(b) by, or as soon as practicable after, the Record Date.

5.3 UEL will not accept for registration, nor recognise for any purpose, any transfer or transmission application in respect of Scheme Shares received after the Record Date.

5.4 For the purpose of determining entitlements to the Scheme Consideration, UEL will, until the Scheme Consideration has been provided, maintain or procure the maintenance of the UEL Register in accordance with this Clause 5, and the UEL Register in this form will solely determine entitlements to the Scheme Consideration.

5.5 From the Record Date, all holding statements for UEL Shares will cease to have effect as documents of title, and each entry on the UEL Register at the Record Date will cease to have any effect other than as evidence of the entitlements of Scheme Shareholders to the Scheme Consideration.

5.6 On or before 9.00am on the Implementation Date, UEL will give to PPL details of the names and addresses shown in the UEL Register of all Scheme Shareholders and of the number of Scheme Shares held by each of them on the Record Date.

6. Quotation of UEL Shares

6.1 It is expected that the suspension of trading in UEL Shares on the stock market conducted by ASX will occur from the close of trading on the day on which UEL notifies ASX that the Court has approved the Scheme under section 411(4)(b) of the Corporations Act.

6.2 At a time after Implementation to be determined by PPL, UEL will apply for termination of the official quotation on the stock market conducted by ASX of UEL Shares and will apply to have itself removed from the official list of ASX.

7. General Scheme Provisions

Scheme consideration

7.1 The obligations of PPL to pay the Scheme Consideration will be satisfied by PPL performing its obligations under Clause 4.3(a) and by PPL then dispatching or procuring the dispatch within five Business Days of the Implementation Date to each Scheme Shareholder by pre-paid post to their registered address a pre-printed cheque in the name of that Scheme Shareholder for the amount equal to:

(a) the number of Scheme Shares held by that Scheme Shareholder multiplied by the Scheme Consideration, less

(b) any amount owed by that Scheme Shareholder to UEL on the Implementation Date under the terms of a loan advanced to that Scheme Shareholder by UEL pursuant to a UEL Loan Share Plan.

In the case of joint holders of Scheme Shares, a cheque shall be payable and forwarded to the holder whose name appears first in the UEL Register at the Record Date.

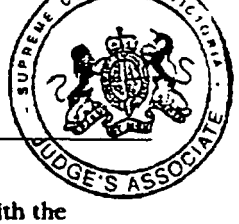
7.2 PPL must pay the aggregate of all amounts deducted under Clause 7.1(b) to UEL within five Business Days of the Implementation Date, by electronic funds transfer in Australian currency, and such payment will constitute a full and final discharge of each relevant Scheme Shareholder's obligations under the loans referred to in Clause 7.1(b).

Scheme alterations and conditions

7.3 If the Court proposes to approve the Scheme subject to any alterations or conditions, UEL may, by its counsel or solicitors but subject to the prior approval of PPL, Alinta, AMP Henderson, AMP Life and AMPIS consent on behalf of all persons concerned to those alterations or conditions.

Covenants by Scheme Shareholders

7.4 Each Scheme Shareholder:



(a) agrees to the transfer of their Scheme Shares to PPL, in accordance with the Scheme;

(b) without the need for any further act, irrevocably appoints UEL and each of its directors and officers, jointly and severally, as that Scheme Shareholder's attorney and agent for the purpose of executing any document or doing any other act necessary to give full effect to the Scheme and the transactions contemplated by it, including without limitation, the provision of a proper instrument of transfer of that Scheme Shareholder's Scheme Shares for the purposes of section 1071B of the Corporations Act (which may be a master transfer of all or part of the Scheme Shares); and

(c) consents to UEL doing all things and executing all deeds, instruments, transfers or other documents as may be necessary or desirable to give full effect to the Scheme and the transactions contemplated by it.
