INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS' REPORT

To the Board of Directors
Advance Capital Group, Inc.
Southfield, Michigan

We have audited the accompanying consolidated statement of financial condition of Advance Capital Group, Inc. and Subsidiaries as of September 30, 2003, and the related consolidated statements of operations and retained earnings and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities and Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Advance Capital Group, Inc. and Subsidiaries as of September 30, 2003, and the consolidated results of their operations and cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Advance Capital Group, Inc.
and Subsidiaries
Notes to Consolidated Financial Statements

1. Significant Accounting Policies

The consolidated financial statements include the accounts of Advance Capital Group, Inc., (the Company), a transfer agent and its wholly owned subsidiaries, Advance Capital Management, Inc. (MANAGEMENT), a registered investment adviser, and Advance Capital Services, Inc. (SERVICES), a broker/dealer. All material intercompany balances and transactions are eliminated in consolidation. These entities provide investment management and administrative services for individual investment accounts and an affiliated regulated investment company (which accounts for approximately 75% of the total revenue). The Company primarily transacts business in the midwestern United States.

Advisory fee revenue is accrued based on contractual percentages of market values of the investment portfolios for which advisory services are rendered. The amounts of expense for profit sharing and officers' compensation vary periodically, principally because their determination takes into consideration the receipt of certain revenue.

For purposes of the statement of cash flows, the Company considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents. Cash equivalents primarily consist of money market funds.

Management determines an appropriate classification of securities at the time of purchase. If management has the intent and the Company has the ability at the time of purchase to hold debt securities until maturity or on a long-term basis, they are classified as investments and carried at amortized historical cost. Securities to be held for indefinite periods of time and not intended to be held to maturity or on a long-term basis are classified as available for sale and carried at fair value. Securities held for indefinite periods of time include securities that management intends to use as part of its asset and liability management strategy.

Furniture and equipment are being depreciated using the straight-line method over estimated useful lives of five to ten years. Software is being amortized using the straight-line method over estimated useful lives of three years.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Such estimates relate to useful lives of property and equipment, fair value of financial instruments and allowance for doubtful accounts among others. Actual results could differ from the estimated amounts.

**Advance Capital Group, Inc.
and Subsidiaries**
Notes to Consolidated Financial Statements

2. Financial Instruments

The Company's accounts receivable and accounts payable are financial instruments which have fair values at September 30, 2003 that approximate their stated carrying amounts at that date.

The Company and its subsidiaries have a concentrated credit risk for cash and cash equivalents because they maintain deposits in a bank that sometimes exceed amounts insured by the Federal Deposit Insurance Corporation. The maximum loss that would have resulted from that risk totaled approximately \$396,000 at September 30, 2003 for the excess of the deposit liabilities reported by the bank over the amounts that would have been covered by federal insurance.

Credit risk for trade accounts is concentrated as well because a significant portion of the Company's customers comprising receivables at September 30, 2003 are broker/dealers and related investment companies primarily located in Michigan.

3. Marketable Securities Available for Sale

The marketable securities portfolio was comprised of equity securities classified as available for sale. The Company has adopted SFAS 115, resulting in investment securities being carried at market value.

Following are the market values and original cost of marketable securities available for sale as of September 30, 2003:

	<u>Market Value</u>	<u>Cost</u>	<u>Unrealized Gains</u>	<u>Unrealized Losses</u>
Equity securities	<u>\$ 3,300</u>	<u>\$ 3,300</u>	<u>\$ 0</u>	<u>\$ 0</u>

4. Consolidated Subsidiaries

The following is a summary of certain financial information of the Company's consolidated subsidiaries.

	<u>Advance Capital Management, Inc.</u>	<u>Advance Capital Services, Inc.</u>	<u>Total</u>
Total assets	\$ 805,238	\$ 464,932	\$ 1,270,170
Stockholder's equity	71,087	238,778	309,865

For purposes of computing the net capital under rule 15c3-1 of the Securities and Exchange Commission, only the allowable stockholder's equity of the broker-dealer subsidiary, SERVICES, is utilized in the calculation.

**Advance Capital Group, Inc.
and Subsidiaries**
Notes to Consolidated Financial Statements

5. Furniture, Equipment and Software

Furniture, equipment and software consist of:

Furniture and equipment	\$ 471,816
Software	<u>76,360</u>
	<u>\$ 548,176</u>

6. Common Stock

The authorized, issued and outstanding shares of capital stock at September 30, 2003 were as follows:

Common stock, \$.01 par value; authorized 1,000,000 shares; issued and outstanding 300 shares.

7. Lease Commitments

The Company leases its principal office space under an operating lease expiring August 2004 and also leases office space in Illinois expiring September 2005. Additional office space in Michigan and Ohio is leased under various short-term lease arrangements.

The aggregate minimum annual rental commitments at September 30, 2003 under noncancelable operating lease agreements are as follows:

	<u>Year Ending September 30</u>
2004	\$ 162,693
2005	<u>49,068</u>
Total	<u>\$ 211,761</u>

8. Federal Income Taxes

The stockholders have elected, under the applicable provisions of the Internal Revenue Code, to be taxed as an S corporation effective April 1, 2000. Under such provisions, the company does not generally incur a Federal income tax liability; instead, net income or loss is includable in computing the taxable income of the individual stockholders.

Advance Capital Group, Inc.
and Subsidiaries
Notes to Consolidated Financial Statements

In some cases, S corporations incur Federal income taxes on the sale of assets, and additionally, could be liable for Federal income taxes should the election to be taxed as an S corporation be voluntarily or involuntarily terminated.

9. Net Capital Requirements

SERVICES is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At September 30, 2003, SERVICES had net capital of \$ 92,595 which was \$77,519 in excess of its required net capital (based on aggregate indebtedness) of \$15,076. SERVICES' net capital ratio was 2.44 to 1.

10. Transactions With Affiliate

The Company and its subsidiaries have agreements with Advance Capital I, Inc. (a regulated investment company with which certain officers and stockholders of the Company are affiliated) to serve as its investment adviser, distributor, transfer agent and dividend disbursing agent. Under terms of the agreement with Advance Capital I, Inc., a fee is paid monthly to MANAGEMENT, based on .70% of the average daily net assets up to \$200 million and .55% of the average daily net assets above \$200 million of the Advance Capital I, Inc. Equity Growth and Balanced Funds, .40% of the average daily net assets of the Bond and Cornerstone Stock Funds and .50% of the average daily net assets up to \$200 million and .40% of the average daily net assets above \$200 million of the Retirement Income Fund, on an annual basis. The Company is reimbursed by Advance Capital I, Inc. for the costs of providing the administrative, transfer agent and dividend disbursing agent services. Advance Capital I, Inc. also pays SERVICES, the distributor, for the distribution of fund shares, at a rate not to exceed .25% of the average daily net assets of the Equity Growth, Balanced, Bond, Cornerstone Stock and Retirement Income Funds.

MANAGEMENT operations reflect \$4,165,264 of gross revenue charged Advance Capital I, Inc. for investment advisory fees for the year ended September 30, 2003.

SERVICES operations reflect \$1,864,179 of gross revenue in connection with amounts paid by Advance Capital I, Inc. for the distribution of its shares.

11. Employee Benefit Plans

SERVICES maintains a profit sharing plan under Section 401(k) of the Internal Revenue Code. Employees covered by the plan are permitted to save for retirement up to 80 percent of their gross compensation, not to exceed the Internal Revenue Code annual limitations. Under the provisions of the profit sharing plan, for every dollar an employee contributes, SERVICES, at its discretion, may match a percentage of the contribution up to 3 percent of the employee's gross compensation.

**Advance Capital Group, Inc.
and Subsidiaries**
Notes to Consolidated Financial Statements

During 1997, SERVICES formed a money purchase plan covering substantially all full time employees. During 2002, the company terminated the plan and it was combined with the profit sharing plan.

SERVICES may make additional contributions to the plan at the discretion of the board of directors. Contributions for the plan charged to operations for 2003 aggregated \$ 291,163.

12. Stock Repurchase Agreement

In 1995, the Company and its stockholders entered into an agreement (revised in 1998 and 2001) which stipulates the terms under which the Company's shares can be sold. Among other things, the agreement gives the Company the first option to acquire the shares of any stockholder wishing to sell his common stock after December 31, 1997. If the Company does not elect to purchase the shares, the agreement requires mandatory redemption by the remaining stockholders. The purchase price is established by formula under the agreement and is materially in excess of the Company's book value.

INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS' REPORT ON SUPPLEMENTARY INFORMATION

To the Board of Directors
Advance Capital Group, Inc.
Southfield, Michigan

Our report on our audit of the basic consolidated financial statements of Advance Capital Group, Inc. and Subsidiaries is presented in the preceding section. Our audit was conducted for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The accompanying supplementary information, identified in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The information contained in Schedule I is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. The supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Board of Directors
Advance Capital Services, Inc.
Southfield, Michigan

In planning and performing our audit of the consolidated financial statements and supplemental information of Advance Capital Group, Inc. and Subsidiaries (Advance Capital Services, Inc. and Advance Capital Management, Inc.) for the year ended September 30, 2003, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements and not to provide assurance on the internal control.

Also as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by Advance Capital Services, Inc. (Services) including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because Services does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by Services in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of Advance Capital Group, Inc. and its subsidiaries are responsible for establishing and maintaining an internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and, with respect to Services, of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which Advance Capital Group, Inc. and its subsidiaries have responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles

generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that Service's practices and procedures were adequate at September 30, 2003, to meet the Commission's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities and Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used for anyone other than these specified parties.
