Basis of Accounting:

The Company's policy is to use the accrual method of accounting and to prepare and present financial statements which conform to generally accepted accounting principles in the United States. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The Company accounts for income taxes under the provisions of Statement of Financial Accounting Standards No 109, "accounting for Income Taxes" (SFAS No. 109). SFAS No. 109 requires the recognition of deferred tax assets and liabilities for both the expected impact of differences between the financial statements and tax basis of assets and liabilities, and for the expected future tax benefit to be derived from tax loss and tax credit carry forwards. SFAS No. 109 additionally requires the establishment of a valuation allowance to reflect the likelihood of realization of deferred tax assets.

INDEPENDENT AUDITORS' REPORT

ON INTERNAL CONTROL

INDEPENDENT AUDITORS' REPORT
ON INTERNAL CONTROL

As part of our examination, we made a study and evaluation of the Company's system of internal accounting control (which included the procedures for safeguarding securities) to the extent we considered necessary to evaluate the system as required by auditing standards generally accepted in the United States. The purpose of our study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

Also, as required by Rule 17a-5 (g) (1) of the Securities and Exchange Commission, we have made a study of the practices and procedures followed by Network 1 Financial Securities, Inc., in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3 (a) (11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3 (the Company was in compliance with the conditions of the exemption, and no facts came to our attention to indicate that the exemption had not been complied with during the period). We did not review the practices and procedures followed by the Company (i) in making the quarterly securities examination, counts, verifications, and comparison and the recordation of differences required by Rule 17a-13 or (ii) in complying with requirements for prompt payment for securities in Section 8 of Regulation T of the board of Governors of the Federal Reserve System, because the Company does not carry security for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that

transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5 (g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures or practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of Network 1 Financial Securities, Inc. taken as a whole. However, our study and evaluation discloses no condition that we believed to be a material weakness.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulation, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Corporation's practices and procedures were adequate at June 30, 2003, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, and other regulatory agencies which rely on rule 17a-5(g) under the Securities and Exchange act of 1934 and should not be used for any other purpose.
