INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Shareholder of
KJM Securities, Inc.

I have audited the accompanying statement of financial condition of KJM Securities, Inc. as of March 31, 2003, and the related statements of operations and retained earnings, cash flows and changes in shareholder's equity for the year then ended. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of KJM Securities, Inc. as of March 31, 2003, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

My audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on pages 6 and 7 is presented for purposes of additional analysis and is not required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements, and in my opinion is fairly stated in all material respects in relation to the basic financial statements taken as a whole and in conformity with the rules of the Securities and Exchange Commission.

To: Mr. Kosta J. Moustakas, President
KJM Securities, Inc.

I have examined the financial statements of KJM Securities, Inc. For the twelve month period April 1, 2002 to March 31, 2003, and have issued my report thereon dated May 26, 2003. As part of my examination, I made a study and evaluation of the Company's system of internal accounting control (which includes the procedures for safeguarding securities) to the extent I considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of my study of the system, was to determine the nature, timing and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, I have made a study of the practices and procedures followed by KJM Securities, Inc. that I considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under Rule 17a -3(a)(11) and the procedures for determining compliance with the exempt provisions of Rule 15c3-3.

The management of KJM Securities, Inc. Is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of control; procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. The objectives of a system and the practices and procedures are to provide management with a reasonable, but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures or the practices referred to above, errors or irregularities my nevertheless occur and not be detected. Also, projections of any evaluation of them to future periods is subject to the risk that may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

My study and evaluation for the limited purpose described in the first paragraph would not necessarily disclose all material weakness in the system. Accordingly, I do not express an opinion on the system of internal accounting control of KJM Securities, Inc. taken as a whole. However, my study and evaluation disclosed no condition that I believed to be a material weakness.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purpose in accordance with the Securities and Exchange Act of 1934 and related regulations, and that the practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and my study, I believe that the Company's practices and procedures were adequate at March 31, 2003 to meet the Commission's objective.

This report is intended solely for the use of management, the New York Stock Exchange, the Securities and Exchange Commission and other regulatory organizations to which the Company is subject and should not be used for any other purposes.
