Certificates will have a guarantee by Fannie Mae, they are expected to be legal investments for purposes of SMMEA (subject to certain state limitations).

**Optional Termination:** The terms of the transaction allow for a clean-up call by the Master Servicer (the "*Clean-up Call*") which, subject to any restrictions set forth in the transaction documents, may be exercised once the aggregate principal balance of the Mortgage Loans is less than or equal to 10% of the aggregate principal balance of the Mortgage Loans as of the Cut-off Date.

**Pricing Prepayment Speed:** The Certificates were priced based on the following collateral prepayment assumptions:

23% HEP for the Fixed Rate Mortgage Loans (i.e., prepayments start at 2.3% in month one, and increase 2.3% each month to 23% CPR in month ten, and remain at 23% CPR thereafter) and 30% CPR for the Adjustable Rate Mortgage Loans.

**Mortgage Loans:** The collateral tables included in these Computational Materials as Appendix A represent a sample pool of Mortgage Loans as of the Sample Pool Calculation Date (the "*Sample Pool*"). It is expected that (a) additional mortgage loans will be included in the Trust on the Closing Date and (b) certain Mortgage Loans may be prepaid or otherwise deleted from the pool of Mortgage Loans delivered to the Trust on the Closing Date (the "*Closing Date Pool*"). The characteristics of the Closing Date Pool may vary from the characteristics of the Sample Pool described herein, although any such difference is not expected to be material. See the attached collateral descriptions for additional information.

As of the Sample Pool Calculation Date, the aggregate principal balance of the Sample Pool Mortgage Loans was approximately \$1,621,008,227 of which: (i) approximately \$596,716,206 were adjustable rate conforming balance Mortgage Loans made to credit blemished borrowers (the "*Group 1 Mortgage Loans*"), (ii) approximately \$563,170,256 were fixed rate conforming balance Mortgage Loans made to credit blemished borrowers (the "*Group 2 Mortgage Loans*"), (iii) approximately \$284,236,503 and \$73,367,528, respectively, were adjustable and fixed rate Mortgage Loans made to credit blemished borrowers (the "*Group 3 Mortgage Loans*") and (iv) approximately \$103,517,735 were fixed rate Mortgage Loans made to credit blemished borrowers (the "*Group 4 Mortgage Loans*" and, together with the Group 1 Mortgage Loans, Group 2 Mortgage Loans and Group 3 Mortgage Loans, the "*Mortgage Loans*" and the aggregate of the fixed rate mortgage loans or the adjustable rate mortgage loans, respectively, the "*Fixed Rate Mortgage Loans*" and the "*Adjustable Rate Mortgage Loans*").

**Pass-Through Rate:** The Pass-Through Rate for each class of adjustable rate Certificates will be equal to the lesser of (a) one-month LIBOR plus the margin for such Class, and (b) the related Net Rate Cap.

The Pass-Through Rate on each Class of fixed rate Certificates will be equal to the lesser of (a) the fixed rate for such Class and (b) the related Net Rate Cap.

**Adjusted Net Mortgage Rate:** The "*Adjusted Net Mortgage Rate*" for each Mortgage Loan is equal to the gross mortgage rate of the Mortgage Loan less the sum of (a) the servicing fee rate, (b) the trustee fee rate and (c) with respect to only those loans covered under the MI Policy as described below, the MI premium rate (such sum, the "*Expense Fee Rate*").

**Net Rate Cap:** The "*Net Rate Cap*" is generally, subject to certain exceptions described in the prospectus supplement, equal to (i) with respect to the Class 1-A T4 Certificates, the excess of (a) the weighted average Adjusted Net Mortgage Rate of the Loan Group 1 Mortgage Loans over (b) the Group 1 Fannie Mae guaranty fee rate (adjusted to an effective rate reflecting the accrual of interest on an actual/360 basis), (ii) with respect to the 2-A T4 Certificates, the excess of (a) the weighted average Adjusted Net Mortgage Rate of the Group 2 Mortgage Loans (in the case of the Class 2-A-1 T4 Certificates, adjusted to an effective rate reflecting the accrual of interest on an actual/360 basis) over (b) the Group 2 Fannie Mae guaranty fee rate, (iii) with respect to the Group 3-A Certificates, the weighted average Adjusted Net Mortgage Rate of the Group 3 Mortgage Loans (adjusted to an effective rate reflecting the accrual

of interest on an actual/360 basis), (iv) with respect to the Group 4A Certificates, the weighted average Adjusted Net Mortgage Rate of the Group 4 Mortgage Loans and (v) with respect to the Subordinate Certificates, the weighted average of the Net Rate Caps of the Senior Certificates, in each case, weighted on the basis of the excess of the principal balance of the Group 1, Group 2, Group 3 and Group 4 Mortgage Loans over the aggregate principal balance of the related Senior Certificates (adjusted to an effective rate reflecting the accrual of interest on an actual/360 basis).

*Net Rate Carryover:*

For any Class of Offered Certificates, on any Distribution Date on which the Pass-Through Rate for such class is limited by the related Net Rate Cap, the Net Rate Carryover will equal the sum of (a) the excess of (i) the amount of such interest thereon that would have accrued if the Pass-Through Rate had not been so limited (up to the related maximum rate cap, if applicable) over (ii) the amount of interest accrued based on the related Net Rate Cap, and (b) the aggregate of any such shortfalls from previous Distribution Dates together with accrued interest thereon at the related Pass-Through Rate (without giving effect to the related Net Rate Cap, up to the related maximum rate cap, if applicable). Net Rate Carryover will be paid to the extent available from Excess Cashflow relating to the applicable Loan Group (or Loan Groups) as described under "Certificates Priority of Distributions" below and, as it relates to the Class 1-A, Class 3-A and Subordinate Certificates only, from proceeds received on the related Cap Contracts.

*Cap Contracts:*

The Trust will include three one-month LIBOR cap contracts for the benefit of the CWABS 2003-2 Class 1-A, Class 3-A and Subordinate Certificates (the "Class 1-A Cap Contract," "Class 3-A Cap Contract" and "Subordinate Cap Contract," respectively). On the Closing Date, the notional amount of the Class 1-A Cap Contract, Class 3-A Cap Contract and Subordinate Cap Contract will equal approximately \$157,000,000, \$221,737,500 and \$83,160,000, respectively, and will thereafter amortize down pursuant to an amortization schedule. The one-month LIBOR strike on the Class 1-A Cap Contract, Class 3-A Cap Contract and Subordinate Cap Contract will be 5.94%, 5.70% and 5.00% per annum, respectively. Payments received on the Class 1-A Cap Contract and Class 3-A Cap Contract with respect to a Distribution Date will be available to pay the holders of the Class 1-A Certificates and Class 3-A Certificates, respectively. Payments received on the Subordinate Cap Contract with respect to a Distribution Date will be available to pay the holders of the Subordinate Certificates any Net Rate Carryover on such Distribution Date on a pro rata basis (on the basis of the related Net Rate Carryover for each such class). Any amounts received on the Cap Contracts on a Distribution Date that are not used to pay the Net Rate Carryover on the related Certificates will be distributed to the Seller and will not be available for payments on the related Certificates thereafter.

*Credit Enhancement:*

The Trust will include the following credit enhancement mechanisms, each of which is intended to provide credit support for some or all of the Offered Certificates, as the case may be:

- 1) Mortgage Insurance
- 2) Excess Cashflow
- 3) Overcollateralization
- 4) Subordination and
- 5) In the case of the Class 1-A T4 and Class 2-A T4 Certificates only, a Fannie Mae Guaranty

**Computational Materials for  
Countrywide Asset-Backed Certificates, Series 2003-2**

- Mortgage Insurance:** As of the Sample Pool Calculation Date, approximately 85.63% of the Mortgage Loans are covered by a private mortgage insurance policy issued by PMI (the “MI Policy”). For each of these Mortgage Loans, the MI Policy provides insurance coverage, subject to certain carveouts, down to 65% of the value of the related mortgaged property on loans with original loan-to-value ratios above 65%.
- Excess Cashflow:** “*Excess Cashflow*” for any Distribution Date will be equal to the available funds remaining after priorities 1) and 2) under “Certificates Priority of Distributions.”
- Overcollateralization:** The credit enhancement provisions of the trust are, in part, intended to provide for the limited acceleration of the Certificates relative to the amortization of the Mortgage Loans, generally in the early months of the transaction. Accelerated amortization is achieved by applying certain Excess Cashflow collected on the collateral to the payment of principal on the Certificates, resulting in overcollateralization (“O/C”). By paying down the principal balance of the Certificates faster than the principal amortization of the Mortgage Loans, an overcollateralization amount equal to the excess of the aggregate principal balance of the Mortgage Loans over the principal balance of the Certificates is created. Excess Cashflow will be directed to build O/C until the Overcollateralization Target is reached. Upon this event the acceleration feature will generally cease unless necessary to restore the O/C to the required level.
- Overcollateralization Target:** Prior to the Stepdown Date, the initial Overcollateralization will be zero and will remain at zero through the Payment Date occurring in July 2003, after which time the required target Overcollateralization will be equal to 0.50% of the aggregate principal balance of the Mortgage Loans as of the Cut-off Date (the “*Initial Target*”).
- On or after the Stepdown Date, the Overcollateralization target, per Loan Group, will be equal to a floor of 0.50% (the “O/C Floor”) of the aggregate principal balance of the Mortgage Loans for each related Loan Group as of the Cut-off Date.
- Provided, however, that if certain Trigger Events (as described below) have occurred on the related Distribution Date, the O/C target will be equal to the Initial Target.
- Delinquency Trigger Event:** With respect to the Certificates, a “*Delinquency Trigger Event*” will occur if the product of (a) 1.43 and (b) the 60+ day delinquency percentage for the outstanding Mortgage Loans in the related loan group equals or exceeds the current Required Percentage.
- As used above, the “Required Percentage” with respect to any Distribution Date is the quotient of: (a) the excess of (i) the current principal balance of the Mortgage Loans for the preceding Distribution Date, over (ii) the certificate principal balance of the most senior class of Certificates as of the preceding master servicer advance date, and (b) the current principal balance of the Mortgage Loans for the preceding Distribution Date.
- Cumulative Loss Trigger Event:** With respect to the Certificates, a “*Cumulative Loss Trigger Event*” will occur if the aggregate amount of Realized Losses on the Mortgage Loans exceeds the applicable percentage of the Cut-off Date Principal Balance of the Mortgage Loans, as set forth below:

<u>Distribution Date</u>	<u>Percentage</u>
May 2006 – April 2007.....	1.75%
May 2007 – April 2008.....	2.75%
May 2008 – April 2009.....	3.75%
May 2009 – and thereafter.....	4.00%

## Computational Materials for Countrywide Asset-Backed Certificates, Series 2003-2

**Stepdown Date:** The earlier to occur of:

- (i) the Distribution Date on which the aggregate principal balance of the Senior Certificates is reduced to zero; and
- (ii) the later to occur of:
  - a. the Distribution Date in May 2006
  - b. the first Distribution Date on which the aggregate principal balance of the Senior Certificates is less than or equal to 80.00% of the principal balance of the Mortgage Loans for such Distribution Date.

**Allocation of Losses:** Any realized losses from a Loan Group (after collections under the MI Policy) not covered by Excess Interest or O/C will be allocated to the Subordinate Certificates in reverse order of their payment priorities, in each case, until the respective class principal balance of each Class of Subordinate Certificates has been reduced to zero.

**Fannie Mae Guaranty:** Fannie Mae will guarantee that (i) required payments of interest on the Class 1-A T4 and 2-A T4 Certificates are distributed on time, and (ii) the ultimate payment of the principal balance of the Class 1-A T4 and 2-A T4 Certificates. The Fannie Mae guaranty will not cover any Net Rate Cap Carryover or any prepayment interest shortfall amounts for a Distribution Date in excess of compensating interest of up to one-half of the servicing fee payable to the Master Servicer.

**Certificates Priority of Distributions:** Available funds from the Mortgage Loans will be distributed in the following order of priority:

**Principal Paydown:** Prior to the Stepdown Date or if a Trigger Event (which shall be established with the rating agencies and described in the Prospectus Supplement) is in effect on any Distribution Date, 100% of the available principal funds from each Loan Group will be paid to the related Senior Certificates, provided, however, that if the Senior Certificates have been retired, such amounts will be applied sequentially in the following order of priority: from all principal collections, to the Class M-1, Class M-2 Certificates and the Class B Certificates. Trigger Event is in effect, one or more Classes of Senior Certificates are retired prior to the other Senior Certificates, 100% the principal collections on the related Mortgage Loans will be paid to the remaining Senior Certificates until they are retired (as described in the Prospectus Supplement). Generally, the Class 1-A T4 and 2-A T4 Certificates will only receive principal related to the Group 1 and Group 2 Mortgage Loans, respectively, however, under certain delinquency, prepayment and loss scenarios (as more fully described in the prospectus supplement), principal from the Group 3 and Group 4 Mortgage Loans may be used to pay the Class 1-A T4 and 2-A T4 Certificates. To the extent there is a shortfall in Group 3 or Group 4 principal funds, principal remaining from the Group 1 and Group 2 Mortgage Loans, after distributions to the Class 1-A T4 and 2-A T4 Certificates, can be used to pay the Class 3-A and 4-A Certificates.

On any Distribution Date on or after the Stepdown Date, and if a Trigger Event is not in effect on such Distribution Date, all Offered Certificates will be entitled to receive payments of principal in the following order of priority: (i) first, concurrently, to the Senior Certificates from principal collections on the Mortgage Loans in each Loan Group to the related Senior Certificates, such that the sum of the unpaid principal balance of the Class 1-A T4, Class 2-A T4, Class 3-A and Class 4-A Certificates will have 20.00% Subordination, (ii) second, to the Class M-1 Certificates such that the Class M-1 Certificates will have 11.00% Subordination, (iii) third, to the Class M-2 Certificates such that the Class M-2 Certificates will have 3.50% Subordination and (iv) fourth, to the Class B Certificates; each subject to the O/C Floor.

Provided, however, that if the Subordinate Certificates are paid to zero, principal will be paid from each Loan Group to the Senior Certificates as more fully described in the Prospectus Supplement (or other final offering document relating to the Fannie Mae 2003-T4 Certificates).

**2-A T4**

**Principal Distribution:**

Principal will be distributed to the 2-A T4 Certificates in the following order of priority:

1. To the Class 2-A-6 T4 Certificates, the Lockout Percentage of their pro rata share of principal as described below:
