NOTES TO FINANCIAL STATEMENTS

For the Year Ended December 31, 2003

NOTE A – Summary of Significant Accounting Policies

Organizational Structure and Business Activity

Electronic Global Securities, Inc. (the Company), a California corporation, was incorporated in 1999, and is a wholly owned subsidiary of Electronic Global Holdings Limited, a foreign corporation. The Company was registered as a broker-dealer under the Securities and Exchange Act of 1934 in February, 2000, and is also a member of the National Association of Securities Dealers. The Company engages in the brokerage of securities.

Accounting

These financial statements are prepared using the accrual method of accounting.

Statement of Cash Flows

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Furniture and Equipment

Equipment purchases greater than \$500 are recorded at cost. Maintenance and repairs are expensed as incurred. Depreciation is computed using the accelerated method over the estimated useful life (5 to 7 years) of the asset.

Income Taxes

Deferred income taxes are provided for differences in timing or reporting income for financial statement and income tax purposes. The principal differences relate to differences in recognizing revenues and expenses (cash basis for tax purposes) and in depreciation methods.

Due from Affiliate

Due from affiliate represent advances to another wholly-owned subsidiary of Electronic Global Holdings Limited, the parent company.

NOTES TO FINANCIAL STATEMENTS

For the Year Ended December 31, 2003

NOTE A – Summary of Significant Accounting Policies (Continued)

Revenue Recognition

Commissions are related to securities transactions and are recorded on a trade date basis.

Regulatory Requirements

The Company is exempt from the requirements of Rule 15c3-3 pursuant to the rules for broker-dealers who clear all customer transactions through another broker-dealer on a fully disclosed basis.

NOTE B – Concentrations of Credit Risk

The Company's revenues and related receivables are predominantly from securities firms.

NOTE C – Retirement Plan

The Company sponsors a 401(k) Plan so that employees may contribute a portion of their pretax income into a retirement fund. Matching employer contributions to the plan are discretionary. For the year ended December 31, 2003, the Company did not contribute to the 401(k) Plan to supplement employee contributions.

NOTE D – Lease Commitments

Operating Leases

Aggregate annual rentals for the Company's office in New York under a noncancellable operating lease with an original term in excess of one year is as follows:

2005	61,500
2006	<u>30,800</u>
	<u>\$ 153,800</u>

Office rent expense of \$94,388 for the year ended December 31, 2003 is included in occupancy in the statement of operations.

NOTES TO FINANCIAL STATEMENTS

NOTE E – Economic Dependence

The Company incurred a net loss of \$873,431 during the year ended December 31, 2003, and as of that date, has an accumulated deficit of \$3,406,235. These factors, as well as the uncertain conditions that the Company faces relative to the success of its operating plans create an uncertainty as to the Company's ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent upon the success of the plan and the continued contributions of paid-in capital by the parent company. The financial statements do not include any adjustments that might be necessary should the Company be unable to continue as a going concern.

NOTE F – Income Taxes

The Company has incurred significant operating losses since inception. Since the future tax benefit of the net operating loss is dependent upon the Company attaining future profitable operations, no deferred tax benefit has been provided for. The provision for income taxes of \$800 consists of the California minimum tax currently payable.

The Company has net operating loss carryforwards for tax purposes as follows:

Federal	\$ 419,255	Expires 2020
	1,029,349	Expires 2021
	1,054,841	Expires 2022

	<u>\$ 3,345,326</u>	
California	\$ 424,350	Expires 2010

	<u>\$ 3,350,051</u>	

NOTE G – Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of minimum net capital, and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. As of December 31, 2003, the Company's net capital is \$594,623, which is \$494,623, in excess of the minimum amounts required. The Company's ratio of aggregate indebtedness to net capital at December 31, 2003 was .16 to 1.0.

The rule provides that equity capital may not be withdrawn, subordinated debt may not be repaid and cash dividends may not be paid if the resulting net capital would be less than the amounts required under the rule.

February 2, 2004

To the Stockholder
Electronic Global Securities, Inc.
San Francisco, California

We have audited the financial statements of Electronic Global Securities, Inc. (a wholly-owned subsidiary of Electronic Global Holdings Limited), for the year ended December 31, 2003, and have issued our report thereon dated February 2, 2004. As part of our audit, we made a study and evaluation of the Company's system of internal accounting control to the extent we considered necessary to evaluate the system as required by U.S. generally accepted auditing standards. The purpose of our study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary to express an opinion on the financial statements.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by Electronic Global Securities, Inc., that we considered relevant to the objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under rule 17a-5(g)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. Since the Company does not maintain customer accounts and does not handle securities, we have not made a study of the practices and procedures (including tests of compliance with such practices and procedures) relevant to the objectives stated in rule 17a-5(g) for (1) making the quarterly securities examinations, counts verifications and comparisons, and the recordation of differences required by Rule 17a-13; (2) complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (3) obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures as referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with

management's authorization and recorded properly to permit the preparation of financial statements in accordance with U.S. generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any system of internal accounting control of the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projections of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with procedures may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of Electronic Global Securities, Inc., taken as a whole. Our study and evaluation disclosed no condition that we believed to be of material weakness.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2003, to meet the Commission's objectives and nothing came to our attention that would indicate the Company had not complied with the condition of its exception under rule 15c3-3 during the year then ended.

This report is intended solely for the use of management and the Securities and Exchange Commission and other regulatory agencies pursuant to their requirements and should not be used for any other purpose.
