Report of Independent Auditors

To Shareholder and Board of Directors
United Brokerage Services, Inc.

We have audited the accompanying statement of financial condition of United Brokerage Services, Inc. (the Company), a wholly owned subsidiary of United Bank, Inc., as of December 31, 2003, and the related statements of income, changes in shareholder's equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Brokerage Services, Inc. at December 31, 2003, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by Rule 17a-5 under the Securities and Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

Year ended December 31, 2003

1. Nature of Operations

Organization

United Brokerage Services, Inc. (the Company) is a licensed broker/dealer approved by the National Association of Security Dealers, Inc. (NASD). The Company is a wholly owned subsidiary of United Bank, Inc. (United), which is a wholly owned subsidiary of United Bankshares, Inc. (UBSI) and operates principally in the West Virginia, Virginia, and Washington, D.C. markets. The company offers retail brokerage services relating to securities and related products on a fully disclosed basis.

The Company clears its security transactions on a fully disclosed basis through First Clearing, LLC.

Capital and Reserve Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1). Such Rule prohibits a broker/dealer from engaging in securities transactions when its "aggregate indebtedness" to all other persons exceeds 15 times its "net capital," as those terms are defined, subject to a \$250,000 minimum net capital requirement. At December 31, 2003, the Company had net capital of \$1,797,239, which is \$1,547,239 in excess of its required net capital of \$250,000 at December 31, 2003. The Company is exempt from Rule 15c3-3 of the Securities and Exchange Act of 1934 under Section (k)(2)(ii) of that Rule as all transactions are cleared through another broker/dealer on a fully disclosed basis.

2. Significant Accounting Policies

The accounting and reporting policies of the Company conform with accounting principles generally accepted in the United States (GAAP). A description of the significant accounting policies is presented below.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Management believes that the estimates utilized in preparing its financial statements are reasonable and prudent. Actual amounts could differ from those estimates.

Substantially all of the Company's financial assets and liabilities are carried at market value or at amounts that, because of their short-term nature, approximate fair value.

United Brokerage Services, Inc.

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Cash

Cash consists of a checking account maintained at United and cash on deposit with the clearing broker.

Securities Owned

Securities transactions are recorded on a trade date basis. Securities owned are stated at market with changes in the market value recorded in the Statement of Income. Market value is based on listed market prices. Securities consist primarily of units of ownership in a money market fund managed by Evergreen, the underlying assets of which are principally U.S. government obligations.

Revenues

Revenues are recorded as the income is earned and the related service is performed.

Advertising Costs

All advertising costs are expensed as incurred.

Income Taxes

The Company is included in the consolidated federal income tax return filed by its ultimate parent, UBSI. Accordingly, the Company provides for income taxes based on its taxable income or loss multiplied by UBSI's approximate effective tax rate and remits to or receives from United amounts payable or receivable. The Company's results of operations are included in the consolidated income tax return of UBSI. The primary component of income tax expense is current income tax due to UBSI. During 2003, the Company paid \$285,719 of income taxes to UBSI, representing a portion of income taxes owed for 2003 and amounts related to prior periods.

United Brokerage Services, Inc.

Notes to Financial Statements (continued)

3. Related Party Transactions

United provides certain management services to the Company, including accounting and administrative functions, at no cost to the Company. In addition, United is providing rental space to the Company for a nominal annual cost of \$1.

4. Contingencies

The Company applies the provisions of the Financial Accounting Standards Board Interpretation No. 45, *Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others*, which provides accounting and disclosure requirements for certain guarantees. The Company has agreed to indemnify the clearing broker for losses that it may sustain from customer accounts introduced by the Company. As of December 31, 2003, there were no amounts to be indemnified related to such agreement.

United Brokerage Services, Inc.

Statement Regarding Rule 15c3-3

December 31, 2003

The Company is exempt from Rule 15c3-3 of the Securities and Exchange Commission under Section (k)(2)(ii) of that Rule.

Supplementary Report

Supplementary Report of Independent Auditors on Internal Control

Board of Directors
United Brokerage Services, Inc.

In planning and performing our audit of the financial statements of United Brokerage Services, Inc. (the Company) for the year ended December 31, 2003, we considered its internal control, including control activities for safeguarding securities, to determine our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures that we considered relevant to the criteria stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned criteria. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of internal control to future periods is subject to the risk that internal control may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control and its operation that we consider to be material weaknesses as defined above.

We understand that practices and procedures that meet the criteria referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations and that practices and procedures that do not meet such criteria in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2003, to meet the SEC's criteria.

This report is intended solely for the information and use of the Board of Directors, management, and the SEC and other regulatory agencies that rely on Rule 17a-5(g) under the Securities and Exchange Act of 1934 in their regulation of registered brokers and dealers and is not intended to be used by anyone other than these specified parties.
