Notes to Statements of Financial Condition

December 31, 2003 and 2002

(1) General Information and Summary of Significant Accounting Policies

General

AMCORE Investment Services, Inc. (the Company) is a wholly owned subsidiary of AMCORE Investment Group, N.A. (AIG), which is a wholly owned subsidiary of AMCORE Financial, Inc. (AFI). The Company conducts business as a broker/dealer in securities. Additionally, the Company sells annuity products. These services are primarily offered to individual and institutional customers in Northern Illinois and South Central Wisconsin.

The Company operates under the provisions of Paragraph (k)(2)(ii) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that Rule. Essentially, the requirements of Paragraph (k)(2)(ii) provide that the Company clear all transactions on behalf of customers on a fully disclosed basis with a clearing broker/dealer, and promptly transmit all customer funds and securities to the clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer.

The following is a summary of the Company's significant accounting policies:

Accounting Estimates

The preparation of the statements of financial condition in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Securities Transactions

Proprietary securities transactions (securities owned), commission revenue, and related expense are recorded on the trade date basis.

Cash and Cash Equivalents

For purposes of reporting cash flows, cash equivalents include cash in a bank checking deposit account and shares of money market mutual funds.

Commissions Receivable

Commissions receivable represent amounts due to the Company from its clearing broker/dealer relating to customer securities transactions introduced by the Company as well as amounts due from insurance agencies related to the sale of annuity products.

Equipment

Equipment is stated at cost, net of accumulated depreciation. Depreciation is computed by the straight-line method over the number of years of useful life of the applicable equipment.

AMCORE INVESTMENT SERVICES, INC.

Notes to Statements of Financial Condition

December 31, 2003 and 2002

Income Taxes

Deferred income taxes result from temporary differences in the basis of assets and liabilities for income tax and financial statement purposes. These differences relate primarily to different deferred compensation bases for income tax and financial statement purposes and the use of accelerated depreciation methods for income tax purposes.

Management believes that it is more likely than not that the deferred tax assets will be fully realized; therefore, no valuation allowance has been recorded at December 31, 2003 and 2002.

(2) Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of a minimum amount of net capital and requires that the ratio of aggregate indebtedness to net capital shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1.

At December 31, 2003, the Company had net capital and a net capital requirement of \$531,231 and \$250,000, respectively. The Company's ratio of aggregate indebtedness to net capital at December 31, 2003 was .48.

(3) Related-party Transactions

By arrangement, the Company remits all excess revenues, after deducting all expenses of the Company, to a wholly owned bank subsidiary of AFI (bank). Amounts owed to the bank at December 31, 2003 and 2002 were \$63,873 and \$279,031, respectively.

At December 31, 2003 and 2002, the Company had cash of \$42,843 and \$47,221 respectively, on deposit with the bank. In addition, the Company held 645,241 and 574,007 units of the Vintage Liquid Assets Fund, which is a money market mutual fund at December 31, 2003 and 2002. The investment advisor of the Vintage Liquid Assets Fund is an affiliate of AIG.

(4) Off-balance Sheet and Concentration of Credit Risk

As discussed in note 1, the Company's customers securities transactions are introduced on a fully-disclosed basis with its clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers of the company and is responsible for execution, collection, and payment of funds, and receipt and delivery of securities relative to customer transactions. Off-balance sheet risk exists with respect to these transactions due to the possibility that customers may be unable to fulfill their contractual commitments wherein the clearing broker/dealer may charge any losses it incurs to the Company. The Company seeks to minimize this risk through procedures designed to monitor the credit worthiness of its customers and that customer transactions are executed properly by the clearing broker/dealer.

(5) Employee Benefit Plans

The Company participates in the Amcore Financial Security Plan (Security Plan), a qualified profit sharing plan under Section 401(a) of the Internal Revenue Code. The Security Plan offers participants a personal retirement account, profit sharing payment, and personal savings account (401(k)).
