To the Board of Directors
Aura Financial Services
600 Beacon Parkway West
Suite 950
Birmingham, AL 35209

I have audited the accompanying statement of financial condition of Aura Financial Services, Inc., as of December 31, 2003, and the related statements of income, changes in stockholders' equity and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion the financial statements referred to above present fairly in all material respects the financial position of Aura Financial Services, Inc., at December 31, 2003 and the results of their operations and their cash flows for the year then ended in conformity with generally accepted accounting principles.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Computation of Net Capital is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and in my opinion is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

Aura Financial Services, Inc.
Birmingham, Alabama

For the Year Ended December 31, 2003

NOTE 1: Organization and Nature of Business

The company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of various exchanges and the National Association of Securities Dealers (NASD). The Company is an Alabama Corporation.

NOTE 2: Significant Accounting Policies

Securities Transactions

Proprietary securities transactions in regular-way trades are recorded on the trade date, as if they had settled. Profit and loss arising from all securities and commodities transactions entered into for the account and risk of the Company are recorded on a trade date basis. Customers' securities and commodities transactions are reported on a settlement date basis with related commission income and expenses reported on a trade date basis.

Marketable securities are valued at market value.

Commissions

Commissions and related clearing expenses are recorded on a monthly basis as the securities transactions occur.

Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments with original maturities of less than ninety days that are not held for sale in the ordinary course of business.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Aura Financial Services, Inc.
Birmingham, Alabama

For the Year Ended December 31, 2003

NOTE 2: Significant Accounting Policies (continued)

Income and Cost Recognition

The company operates on the accrual basis of accounting, recognizing income as earned and expenses as incurred.

The company expenses advertising cost as they are incurred.

Management uses estimates and assumption in preparing financial statements. Those estimates and assumptions affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

NOTE 3: Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1) which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital both as defined shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn of cash dividends paid if the resulting net capital ration would exceed 10 to 1). At December 31, 2003 the Company had net capital of \$201,711.68 which was \$151,711.68 in excess of its required net capital of \$50,000.00. The Company's ratio of aggregate indebtedness to net capital was 1.65 to 1.00.

NOTE 4: Contingent Liabilities

The Company settled the three lawsuits from the previous year with no damages being paid. The cost of the lawsuits was reflected in professional fees.

NOTE 5: The Company acquired 30183 shares during the course of the year at a purchase price of \$83,184.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Aura Financial Services, Inc.
Birmingham, Alabama

For the Year Ended December 31, 2003

NOTE 6: Related Party Transactions

The Company contracted with Gautney King Inc. to perform administrative and accounting services during the year. The president of the company is a major stockholder in Gautney King Inc. The amount paid for these services was \$57,887.63.

To the Board of Directors
Aura Financial Services, Inc.
600 Beacon Parkway West
Suite 950
Birmingham, AL 35209

In planning and performing my audit of the financial statements and supplemental schedules of Aura Financial Services, Inc. (the Company) for the year ended December 31, 2003, I considered its internal control structure including procedures for safeguarding securities in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control structure.

Also as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), I have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that I considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities I did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives.

Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) list additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above errors or irregularities may occur and not be detected. Also projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving the internal control structure including procedures for safeguarding securities that we consider to be material weaknesses as defined above.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, we believe that the Company's practices and procedures were adequate at December 31, 2003 to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the SEC and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers and should not be used for any other purpose.

February 20, 2004
