## INDEPENDENT AUDITOR'S REPORT

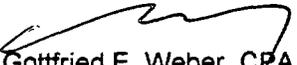

### Board of Directors

Harvest Capital Investments, LLC

I have audited the accompanying balance sheet of Harvest Capital Investments, LLC as of December 31, 2002, and the related statements of income, retained earnings, and cash flows for the year ended. Those financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

I conducted the audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An Audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principle uses and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

My examination was made for the purpose of forming an opinion on the basic financial statements, taken as a whole. The information contained in Schedules I, II, III, IV, and V is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements. In my opinion, the financial statements referred to above present fairly, in all material respects, financial position of Harvest Capital Investments, LLC as of December 31, 2003, and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

Compliance Examiner  
National Association of Securities Dealers

After examination of Harvest Capital Investments, LLC as of the date of this letter, I find no evidence that Harvest Capital Investments, LLC conducts any practices that would cause it to lose its exemption to regulation 15c3-3 under rule K(2)(iii).

Harvest Capital Investments, LLC is an introducing broker, which clears all transactions on a fully disclosed basis with a clearing broker, HSBC. Harvest Capital Investments, LLC does not handle customer funds or securities. All customers are instructed to send funds or securities directly to HSBC.

No material difference exists between company's calculations and above calculation; except for a draw of 14889 which had been treated as an expense on the previous report.

## INDEPENDENT AUDITOR'S REPORT

Board of Directors:  
Harvest Capital Investments, LLC

I have examined the financial statements of Harvest Capital Investments, LLC for the year ended December 31, 2003 and have issued my report thereon dated March 28, 2004. As part of my examination, I made a study and evaluation of the Company's system on internal accounting control (which included the procedures for safeguarding securities) to the extent I considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of my study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, extent of the auditing procedures necessary for expressing an opinion on the financial statements.

Also, as required by Rule 17a-5(g) (1) of the Securities and Exchange Commission, I have made a study of the practices and procedures (including tests of compliance with such practice and procedures) followed by Consolidated Capital Management, Inc. that I considered relevant to the objectives stated in Rule 17a-5(g). I also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(ii) and the procedures for determining compliance with exemptive provisions of Rule 15c3-3. I did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System because the Company does not carry security accounts for customers nor perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining a system of internal accounting controls and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitation in any internal accounting control procedures or the practice and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

My study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, I do not express an opinion on the system of internal accounting control of Consolidated Capital Management, Inc. taken as a whole. However, my study and evaluation disclosed no conditions that I believe to be a material weakness.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at December 31, 2003 to meet the Commission's objectives.

This report is intended solely for the use of management and the Securities and Exchange Commission and should not be used for any other purpose.

Gottfried E. Weber, CPA
