INDEPENDENT AUDITORS' REPORT

Board of Directors
World Trade Financial Corporation
San Diego, California

We have audited the accompanying statements of financial condition of World Trade Financial Corporation (a Nevada corporation) (the "Company") as of June 30, 2004 and 2003, and the related statements of operations, comprehensive gain, changes in shareholders' equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of World Trade Financial Corporation as of June 30, 2004 and 2003 and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the schedules on pages 13 through 18 are presented for purposes of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The accompanying notes are an integral part of these financial statements

WORLD TRADE FINANCIAL CORPORATION
NOTES TO FINANCIAL STATEMENTS
June 30, 2004 and 2003

NOTE 1 - ORGANIZATION

Organization and Business

World Trade Financial Corporation (formerly known as "Amber Securities Corporation") (incorporated in Nevada on July 18, 1996), obtained a California Certificate of Qualification on September 15, 1997, and began using its current name on April 27, 1999. The Company began doing business on January 6, 1998 as a broker-dealer registered with the Securities and Exchange Commission (SEC). The Company operates as a fully disclosed broker-dealer pursuant to the exemptive provisions of the SEC Rule 15c3-3 subparagraph (k)(2)(ii). To maintain this exemption, the Company does not hold customer funds and/or securities. If any customer funds and/or securities are received, they are to be promptly forwarded. The Company's client base is in both domestic and foreign markets, and the Company utilizes the Internet to facilitate its trading activity.

NOTE 2 - ACCOUNTING POLICIES

Estimates

The financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all cash accounts, which are not subject to withdrawal restrictions or penalties, certificates of deposit and money market funds purchased with an original maturity of three months or less to be cash equivalents.

The Company maintains its bank accounts at one financial institution located in California. The accounts at this bank are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$100,000. At June 30, 2004, the Company's uninsured cash balances totaled \$533,910. The Company has not experienced any losses in such accounts and management believes it places its cash on deposit with financial institutions which are financially stable.

Receivables

All receivables are related to activity with clearing brokers. Due to these daily and recurring trade transactions, which give rise to the receivables, and the general nature of receivables, these amounts are collected usually within ten days of the closing of the transaction throughout the year. At June 30, 2004 and 2003, management believes that no allowance for doubtful accounts is necessary.

WORLD TRADE FINANCIAL CORPORATION
 NOTES TO FINANCIAL STATEMENTS
 June 30, 2004 and 2003

NOTE 2 - ACCOUNTING POLICIES (Continued)

Recognition of Revenue

Commission revenue and related sales commissions which result from the trading of securities are recorded as they are earned.

Nature of Business

Changes in the national and regional economic climates, changes in business relationships with its primary source of revenues, other laws and regulations, the costs of compliance with current and future laws, unusual occurrences and other factors beyond the control of the Company may adversely affect its future revenues.

NOTE 3 - FURNITURE AND EQUIPMENT

Furniture and equipment is recorded at cost and is depreciated on a straight-line basis over the estimated useful lives of the depreciable assets which range from three to five years. Furniture and equipment consists of the following:

	2004	2003
Furniture and fixtures	\$ 24,359	\$ 24,359
Computers and equipment	21,125	20,576
	45,484	44,935
Less:		
Accumulated depreciation	(33,241)	(34,545)
Total furniture and equipment, net	\$ 12,243	\$ 10,390

During the year ended June 30, 2004, the Company disposed of fully depreciated furniture and equipment valued at \$10,864.

NOTE 4 - INCOME TAXES

The Company accounts for its income taxes under the asset and liability method. The objective of the asset and liability method is to establish deferred tax assets and liabilities for the temporary differences between the financial reporting basis and the tax basis of the Company's assets and liabilities at enacted tax rates expected to be in effect when such amounts are realized or settled. The principal temporary differences in the recognition of income and expense for tax and financial reporting purposes arise from the use of accelerated depreciation for tax purposes and the timing of the payment of State Franchise taxes which are not currently deductible for federal income tax purposes.

WORLD TRADE FINANCIAL CORPORATION
NOTES TO FINANCIAL STATEMENTS
June 30, 2004 and 2003

NOTE 4 - INCOME TAXES (Continued)

The Company's provision (benefit) for income taxes for the years ended June 30, 2004 and 2003 is as follows:

	2004	2003
Current taxes provision:		
Federal	\$ 100,000	\$ -
State	52,000	-
Total current portion	152,000	-
Deferred taxes (benefit):		
Federal	200	-
State	400	-
Total deferred portion	600	-
Provision for income taxes	\$ 152,600	\$ -

At June 30, 2004 and 2003, the Company's Deferred Tax Asset account is as follows:

	2004	2003
Net operating losses	\$ 283,600	\$ 375,000
Less: valuation allowance	(283,600)	(375,000)
Net Deferred Tax Asset	\$ -	\$ -

At June 30, 2004, the Company has federal and California net operating loss carryovers of approximately \$647,000 and \$938,000, respectively, which are subject to a limitation of the amount that may be utilized each year of approximately \$1,900. The federal and California net operating loss carryforwards begin to expire in 2012 and 2007, respectively.

The effective tax rate varied from the federal statutory rate of 34% for the year ended June 30, 2004 primarily as a result of the Company utilizing a portion of the net operating loss carryforward for which a valuation allowance has been made in prior years and for the California income tax. The benefit of this net operating loss carryforward utilized approximates \$117,000. The valuation allowance decreased approximately \$91,400 from 2003.

NOTE 5 - SHAREHOLDERS' EQUITY

On May 14, 2001, the Company's Board of Directors increased the number of shares of common stock authorized to 20,000,000 shares. The Board of Directors also established a preferred class of shares for which 5,000,000 shares were authorized. Currently there are no issued and outstanding shares of preferred stock.

WORLD TRADE FINANCIAL CORPORATION
NOTES TO FINANCIAL STATEMENTS
June 30, 2004 and 2003

NOTE 6 - ACCUMULATED OTHER COMPREHENSIVE LOSS

Effective July 1, 1999, the Company adopted the provisions of Statement of Financial Accounting Standards (SFAS) No. 130, "Reporting Comprehensive Income." Under SFAS No. 130, the Company is required to report all changes in equity during a period, except those resulting from investments and distributions by owners, in a financial statement for the period in which they are recognized. The Company has chosen to disclose Comprehensive Income, which encompasses Net Income and Net Unrealized Gains on Securities, in the Statements of Operations and Comprehensive Income. The income tax effects allocated to and the cumulative balance of unrealized losses on securities are as follows:

	2004	2003
Balance, beginning of year	\$ (3,936)	\$ (7,398)
Add:		
Unrealized loss on securities	(16)	(191)
Unrealized gain on securities	1,547	3,075
Income tax effect	-	-
Net unrealized loss	(2,405)	(4,514)
Deduct:		
Realized loss on sales of securities	-	578
Income tax expense	-	-
Net realized loss included in net income	-	578
Balance, end of year	\$ (2,405)	\$ (3,936)

NOTE 7 - NET CAPITAL REQUIREMENTS

The Company is subject to Rule 15c3-1 of the Securities Exchange Act of 1934, as amended, which requires that the ratio of aggregate indebtedness to net capital, as defined, not exceed 15 to 1, and that the Company maintain minimum net capital of \$100,000. At June 30, 2004 and 2003, the Company had net capital of \$485,801 and \$48,960, respectively, in excess of the required minimum net capital and the ratios of aggregate indebtedness to net capital were 0.84 to 1 and 0.31 to 1, respectively.

The Company does not carry customer accounts, nor does it hold customer securities or cash. It is exempt from Rules 15c3-3 and 17a-13 under the Securities Exchange Act of 1934.

WORLD TRADE FINANCIAL CORPORATION
NOTES TO FINANCIAL STATEMENTS
June 30, 2004 and 2003

NOTE 8 - PENSION PLAN

Effective July 1, 2003, the Company adopted a defined benefit pension plan. As of June 30, 2004, the Company accrued its contribution to the plan of \$236,023.

The accumulated plan benefits and net assets for the plan year ended June 30, 2004 are presented below:

Actuarial present value of accumulated plan benefits (assuming a 5.0% rate of return for pre-retirement purposes and 5.0% for post retirement purposes.)	
Vested	<u>\$ -</u>
Net assets available for benefits	<u>\$ 236,023</u>

At January 31, 2004, the net assets available for benefits exceeded the actuarial present value of accumulated benefits by \$236,023. The Company's contributions are determined by the actuary to ensure that the plan is in compliance with funding requirements.

NOTE 9 - COMMITMENTS AND CONTINGENCIES

The Company is involved in legal action and insurance claims arising in the normal course of business. Management does not believe these claims will have a material effect on the financial statements of the Company.

The Company's offices are currently located in a building owned by two shareholders of the Company. The Company pays each shareholder \$2,000 in rent on a month-to-month basis. Rent expense for the years ended June 30, 2004 and 2003 amounted to \$48,700 and \$39,811, respectively.

INDEPENDENT AUDITORS' REPORT ON
INTERNAL ACCOUNTING CONTROL REQUIRED BY
RULE 17A-5 OF THE SECURITIES AND EXCHANGE COMMISSION

Board of Directors
World Trade Financial Corporation
San Diego, California

In planning and performing our audit of the financial statements and supplemental schedules of World Trade Financial Corporation as of and for the year ended June 30, 2004, we considered its internal control, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

We also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of internal controls and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control elements does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted the following matter involving the control environment and its operation that we considered to be a material weakness as defined above. This condition was considered in determining the nature, timing and extent of the procedures to be performed in our audit of the financial statements of World Trade Financial Corporation for the year ended June 30, 2004, and this report does not affect our report thereon dated August 10, 2004.

As a result of the Company's small size, the assignment of job responsibilities does not provide an adequate segregation of duties. Effective internal control contemplates a segregation of duties so that no one individual processes a transaction from its inception to its completion. While we recognize that the Company is not large enough to permit an adequate segregation of duties for an effective system of internal accounting control, it is important that you be aware of this condition.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at June 30, 2004 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the New York Stock Exchange and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
