INDEPENDENT AUDITORS' REPORT

Board of Directors
FINANCIAL WEST INVESTMENT GROUP, INC.
Westlake Village, California

We have audited the accompanying statement of financial condition of Financial West Investment Group, Inc., as of September 30, 2004 and the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Financial West Investment Group, Inc., as of September 30, 2004 and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

FINANCIAL WEST INVESTMENT GROUP, INC.
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2004

1. Summary of significant accounting policies

Nature of business - The Company is a non-clearing fully disclosed broker-dealer engaged in the sale of general securities to investors. The Company does not hold securities for customers. All funds belonging to customers are held in cash accounts earmarked for holding customer funds. The Company is a 100%-owned subsidiary of Paradox Holdings, Inc.

Cash - For purposes of reporting cash flows, cash and cash equivalents include cash in banks and cash held at the Company's clearinghouses.

Marketable securities - Management determines the appropriate classification of securities at the date individual investment securities are acquired. Trading securities are reported at fair values with unrealized gains and losses included in operations. The Company's marketable securities consist of bonds, stocks, stock mutual fund investments and options and are classified as trading securities.

Depreciation - Equipment is stated at cost. Depreciation and amortization is computed using the straight-line method over 5 to 39 years, the estimated useful lives of the assets or the lease term if less than the estimated useful life. Expenditures for all maintenance and repairs are charged against income. Additions, major renewals and replacements that increase the useful lives are capitalized.

Estimates and assumptions - In preparing financial statements in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. The estimates include useful lives of property and equipment for depreciation purposes and fair value of financial instruments.

Fair value of financial instruments - The carrying value is a reasonable estimation of the fair value for cash, marketable securities and other investments, and receivables and payables.

FINANCIAL WEST INVESTMENT GROUP, INC.
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2004

2. Foreign currency translation

Included in cash, in the amount of \$307,035 U.S. dollars, are foreign currencies that have been translated into U.S. dollars using the exchange rate in effect at September 30, 2004. The foreign currency amount, the exchange rate, and the translated amount in U.S. dollars is shown below:

<u>Foreign Currency</u>	<u>Foreign Currency Amount</u>	<u>Exchange Rate</u>	<u>Translated Amount in U.S. Dollars</u>
Chinese Renminbi	2,541,183	.120823	\$ 307,033
Australian Dollars	3	.7242	<u>2</u>
			<u>\$ 307,035</u>

Currency transaction gains or losses are recognized in current operations.

3. Related party transactions

The Company acquired "errors and omissions" insurance during the current year from a newly formed insurance company that was 100% owned by Paradox Holdings, Inc. (parent company of Financial West Investment Group, Inc.). Subsequent to its formation, an unrelated third party acquired a 51% ownership interest in the insurance company.

Paradox Holdings, Inc., the 100% shareholder of the Company, received management fees from the Company in the amount of \$198,290 during the current year.

The Company leases its office space and other real property under operating leases from the principal stockholder of Paradox Holdings, Inc. Rental payments for the current year were \$178,107.

The following is a schedule of future minimum rental payments, exclusive of property taxes and insurance:

October 1, 2003 - September 30, 2005	\$ 173,129
October 1, 2004 - September 30, 2006	178,183
October 1, 2005 - September 30, 2007	136,638
October 1, 2006 - September 30, 2008	142,104
October 1, 2007 - September 30, 2009	149,209
Thereafter	<u>1,789,454</u>
	<u>\$ 2,568,717</u>

FINANCIAL WEST INVESTMENT GROUP, INC.
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2004

4. Commitments

The Company is obligated under the terms of certain non-cancelable operating leases for automotive, office and other equipment, and office space. Expense for the period ended September 30, 2004 was \$136,271. The following is a schedule of future minimum rental payments:

<u>Year ending</u>	
September 30, 2005	\$ 92,465
September 30, 2006	81,433
September 30, 2007	41,718
September 30, 2008	<u>5,913</u>
	\$ <u>221,529</u>

5. Receivable from related parties

Receivable from officer, due on demand with interest at 7%	\$ <u>36,865</u>
--	------------------

6. Equipment and leasehold improvements

Equipment consists of the following:

		<u>Estimated Useful Lives</u>
Artwork	\$ 47,651	7 years
Leasehold improvements	60,402	39 years
Computer equipment	349,776	5 years
Office furniture and equipment	<u>160,852</u>	5 years
	618,681	
Less: accumulated depreciation and amortization	(<u>471,253</u>)	
	\$ <u>147,428</u>	

FINANCIAL WEST INVESTMENT GROUP, INC.
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2004

7. Net capital requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At September 30, 2004, the Company had net capital of \$424,171, which was \$324,171 in excess of its required net capital of \$100,000. The Company's ratio of aggregate indebtedness to net capital, as defined, was 2.64 to 1.

8. Litigation

The Company has been the subject of various legal disputes incurred in the normal course of business. The Company incurred settlement expenses to resolve various investor and business disputes in the amount of \$232,947 during the year. The Company has not accrued any expense for pending legal disputes because the outcome cannot be determined at this time. The Company maintains "errors and omissions" insurance to cover actions brought by customers against the Company. Management believes that the pending disputes are covered by insurance and the policy limits are in excess of any potential liability from pending disputes. Under a policy initiated in the current year, the policy limits are \$250,000 per occurrence, \$1,000,000 per licensed representative, with a policy aggregate limit of \$2,000,000 and a \$15,000 deductible per occurrence. A prior policy that still covers claims currently outstanding has policy limits of \$1,000,000 per occurrence, and a \$10,000,000 overall limit with a \$50,000 deductible per occurrence. Each claim is covered by only one of the policies and coverage is determined based on when the claim is made.

Various claims have been submitted under the Company's fidelity bond policy. The Company has investigated the claims and has provided restitution in settlement of some of the claims and has set aside funds in a separate account in anticipation of the settlement of a claim. Management is in the process of settling the remaining claims currently outstanding. Management has not accrued potential settlement claims in excess of the policy limit of \$500,000 per occurrence, as they are unable to assess the outcome of these claims.

9. Financial instruments with off-balance sheet risk

The Company has cash deposits in excess of federal insured limits.

FINANCIAL WEST INVESTMENT GROUP, INC.
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2004

10. Retirement plan

The Company maintains a retirement plan in accordance with Section 401(k) of the Internal Revenue Code. Under the terms of this plan, eligible employees make voluntary contributions to the extent allowable by law. The Company makes matching contributions of up to 6% of the employee's salary, and the Company may make discretionary contributions during the year. The Company paid in contributions of \$40,559 on behalf of employees to this plan for the year ended September 30, 2004.

11. Payable to brokerage account

The Company clears certain of its proprietary transactions through another broker-dealer on a fully disclosed basis. The amount payable to the clearing broker relates to these transactions and the "mark-to-market" requirement for trading securities.

12. Income taxes

The Company accounts for income taxes in accordance with the provisions of Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes."

The income tax provision for the year does not differ from the income tax provision that would result from applying statutory tax rates to pre-tax income because there are no material timing or permanent differences for expenses deductible for book purposes as compared to tax purposes. The tax provision is calculated using tax rates for federal and state of 15% and 8.84% respectively. The Company files a consolidated tax return with its parent company.

FINANCIAL WEST INVESTMENT GROUP, INC.
SCHEDULE I
COMPUTATION OF NET CAPITAL UNDER RULE 15c3-1

**INDEPENDENT AUDITORS' REPORT ON INTERNAL
CONTROL STRUCTURE REQUIRED BY SEC RULE 17a-5**

Board of Directors
FINANCIAL WEST INVESTMENT GROUP, INC.
Westlake Village, California

In planning and performing our audit of the financial statements of Financial West Investment Group, Inc., for the year ended September 30, 2004, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by Financial West Investment Group, Inc., that we considered relevant to the objectives stated in rule 17a-5(g)(1) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of rule 15c3-3. We did not review the practices and the procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13 or in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, which we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at September 30, 2004 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the New York Stock Exchange and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
