Statement of Financial Condition

As of December 31, 2003

(With Independent Auditors' Report Thereon)

KPMG LLP
345 Park Avenue
New York, NY 10154

Independent Auditors' Report

The Board of Directors and Stockholder of
Citigroup Global Markets (Puerto Rico) Inc.:

We have audited the accompanying statement of financial condition of Citigroup Global Markets (Puerto Rico) Inc., formerly Salomon Smith Barney (Puerto Rico) Inc. (the "Company") (a wholly-owned subsidiary of Citigroup Global Markets Inc., formerly Salomon Smith Barney Inc.) as of December 31, 2003, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. This statement of financial condition is the responsibility of the Company's management. Our responsibility is to express an opinion on this statement of financial condition based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Citigroup Global Markets (Puerto Rico) Inc. at December 31, 2003, in conformity with accounting principles generally accepted in the United States of America.

The accompanying notes are an integral part
of this statement of financial condition.

CITIGROUP GLOBAL MARKETS (PUERTO RICO) INC.
NOTES TO STATEMENT OF FINANCIAL CONDITION
(In thousands)

1. Summary of Significant Accounting Policies

Basis of presentation

The accompanying statement of financial condition includes the accounts of Citigroup Global Markets (Puerto Rico) Inc., formerly Salomon Smith Barney (Puerto Rico) Inc. (the "Company"), a wholly-owned subsidiary of Citigroup Global Markets Inc., (formerly Salomon Smith Barney Inc.) (the "Parent"). The Company's ultimate parent is Citigroup Inc.

The Company is organized under the laws of the Commonwealth of Puerto Rico and is a broker-dealer under the Securities Exchange Act of 1934 and under the Uniform Securities Act of Puerto Rico, and a member of the National Association of Securities Dealers, Inc. The Company operates a securities business in U.S. Government and agency securities, mortgage and asset backed securities, money market instruments, and repurchase and reverse repurchase agreements.

The statement of financial condition is prepared in accordance with accounting principles generally accepted in the United States of America, which require the use of management's best judgement and estimates. Estimates may vary from actual results.

Collateralized financing agreements

Securities purchased under agreements to resell ("reverse repurchase agreements") and securities sold under agreements to repurchase ("repurchase agreements") are collateralized principally by government and government agency securities and are carried at their contractual amounts, including accrued interest as specified in the respective agreements. It is the Company's policy to take possession of the underlying collateral, monitor its market value relative to the amounts due under the agreements, and, when necessary, require prompt transfer of additional collateral or reduction in the loan balance in order to maintain contractual margin protection. In the event of counterparty default, the financing agreement provides the Company with the right to liquidate the collateral held.

Financial instruments owned, at market value

Financial instruments owned consist of U.S. Government Agency securities recorded at market value.

2. Fair Value Information

At December 31, 2003, substantially all of the Company's assets and liabilities were carried at either market or fair value or at amounts which approximate such values. Assets recorded at market or fair value include cash and financial instruments owned. Assets and liabilities recorded at contractual amounts that approximate market or fair value include securities purchased under agreements to resell, securities sold under agreements to repurchase, payable to Parent, and payables and accrued liabilities. The market values of such items are not materially sensitive to shifts in market interest rates because of the limited term to maturity of many of these instruments and/or their variable interest rates.

3. Concentrations of Credit Risk

The Company has three counterparty concentrations with various financial institutions, all transacting business in the Commonwealth of Puerto Rico. This concentration arises in the normal course of the Company's business.

CITIGROUP GLOBAL MARKETS (PUERTO RICO) INC.
NOTES TO STATEMENT OF FINANCIAL CONDITION
(In thousands)

4. Pledged Assets

At December 31, 2003, the approximate market value of collateral received that can be sold or repledged by the Company was \$49,935. At December 31, 2003, the approximate market value of this portion of collateral that was sold or repledged by the Company was \$49,881.

5. Income Taxes

The Company is generally subject to taxation in the Commonwealth of Puerto Rico at the 39% statutory rate.

6. Capital Requirements

The Company, as a broker-dealer, is subject to the Uniform Net Capital Rule of the Securities and Exchange Commission (Rule 15c3-1). Under the alternative method permitted by this rule, the Company is required to maintain net capital, as defined, equal to the greater of \$250 or 2% of aggregate debit items arising from customer transactions, as defined. At December 31, 2003, net capital of \$10,571 exceeded the minimum requirement by \$10,317.

7. Related Party Transactions

The Company has a service agreement with its Parent in which the Parent provides office space, equipment, and other administrative support. At December 31, 2003, the Company has a payable to the Parent of \$564 relating to these activities.

8. Obligations Under Guarantees

Some contracts that the Company enters into in the normal course of business include indemnification provisions that obligate the Company to make payments to the counterparty or others in the event certain events occur. The contingencies generally relate to the changes in the value of underlying assets, liabilities, or equity securities or upon the occurrence of events, such as an adverse litigation judgment or an often standard contractual terms and were entered into in the normal course business based on an assessment that the risk of loss would be remote. In many cases, there are no stated or notional amounts included in the indemnification clauses and the contingencies triggering the obligation to indemnify have not occurred and are not expected to occur. There are no amounts reflected on the statement of financial condition as of December 31, 2003 related to these indemnifications.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2003, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers Inc. and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
