This statement of financial condition is the responsibility of the Company's management. Our responsibility is to express an opinion on this statement of financial condition based on our audit.

Notes to Statement of Financial Condition

December 31, 2003

1. Organization

Montgomery & Co., LLC, formerly Digital Coast Partners, LLC, (the Company) is a limited liability company organized pursuant to the Delaware Limited Liability Company Law. The Company was formed on December 1, 1999.

The Company is a boutique investment bank focused on merger and acquisition and private placement advisory services for middle market companies in the communications, technology, and media industries.

The Company is a registered broker-dealer under the Securities Exchange Act of 1934 and is a member of the National Association of Securities Dealers, Inc. (NASD) and various state regulatory agencies.

2. Significant Accounting Policies

The Company uses the accrual basis of accounting. Accordingly, income and expense are recorded as earned and incurred, respectively.

Cash and Cash Equivalents

Cash and cash equivalents consist of amounts on deposit with major financial institutions and highly liquid investments with a maturity of three months or less.

Fixed Assets

Fixed assets are stated at cost. Depreciation and amortization is provided on the straight-line method over the estimated useful lives of the assets, ranging from three to five years, or the lease term, whichever is shorter. Expenditures for repairs and maintenance are charged to expense as incurred while renewals and improvements are capitalized. Useful lives by asset category are as follows:

Computers and equipment	3-5 years
Furniture and fixtures	3-5 years
Leasehold improvements	Estimated useful life, or remaining lease term, whichever is less

2. Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the statement of financial condition. Actual results could differ from those estimates.

Valuation of Investments

Investments are stated at market or estimated fair value at December 31, 2003. In making the valuation of its long-term investments, the Company took into account the cost of the investment to the Company, developments since the acquisition of the investment, the quoted prices of similar securities that are publicly traded, and other factors pertinent to the valuation of the investment. For those investments held by the Company at December 31, 2003, for which there is no public market, the Company has relied on financial data and representations of the investee, on its own estimates and on projections made by the investee as to the effect of future developments. Because of the uncertainty of valuation, the estimated value may differ significantly from the value that would have been used had a ready market for the investment existed and the difference could be material.

3. Income Taxes

The Company is generally not subject to federal or state taxes and, accordingly, no provision for income taxes has been made in the accompanying statement of financial condition. The members are required to report their proportionate share of income on their individual tax returns.

4. Fixed Assets

Fixed assets consist of the following at December 31, 2003:

Computers and equipment	\$ 164,746
Furniture and fixtures	61,930
Leasehold improvements	369,392
Less accumulated depreciation	<u>(204,886)</u>
	<u>\$ 391,182</u>
