Report of Independent Auditors

The Board of Directors
Spectrum Asset Management, Inc.

We have audited the accompanying statements of financial condition of Spectrum Asset Management, Inc. (the Company), wholly-owned by Principal Global Investors, which is a wholly-owned subsidiary of Principal Life Insurance Company, as of December 31, 2003 and 2002, and the related statements of operations, changes in stockholders' equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Spectrum Asset Management, Inc. at December 31, 2003 and 2002, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplemental information required by Rule 17a-5 of the Securities and Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Spectrum Asset Management, Inc.

Notes to Financial Statements

December 31, 2003

1. Organization

Organization and Nature of Business

Spectrum Asset Management, Inc. (the Company), is a registered investment advisor, broker-dealer and commodity introducing broker. The Company is a member of the National Association of Securities Dealers, Inc. (NASD), providing investment management and security investment brokerage for institutional clients. The Company is also a manager of domestic investment portfolios for corporate, government, and mutual fund clients. The Company primarily specializes in the management of fixed rate preferred stock and cash. To minimize principal fluctuations the Company uses its proprietary hedging strategy to establish a cross-hedge with U.S. Treasury futures. The derivative instruments are entered into by the Company's clients and are not reported in the financial statements of the Company. The Company clears its securities transactions on a fully disclosed basis through Bear Stearns & Co. Inc.

The Company was a wholly-owned subsidiary of United Asset Management Corporation (UAM) until Principal Capital Management LLC (Principal Capital), a wholly-owned subsidiary of Principal Life Insurance Company, acquired 80 percent of the Company on September 30, 2001, with the remaining 20 percent acquired by two officers of the Company. On October 1, 2002, Principal Capital changed its name to Principal Global Investors LLC (Principal Global). On October 31, 2002, Principal Global acquired the 20 percent ownership from the two officers of the Company.

The accompanying financial statements have been prepared using the Company's historical basis of accounting. The fair value adjustments related to the Principal Global purchase have not been pushed down to these financial statements.

2. Summary of Significant Accounting Policies

Cash and Cash Equivalents

The Company's cash equivalents include money market funds. The Company considers all highly liquid debt instruments with maturities of three months or less at the date of purchase.

Spectrum Asset Management, Inc.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. It is possible that actual experience could differ from the estimates and assumptions utilized.

Fixed Assets

Fixed assets are comprised of furniture and equipment and leasehold improvements. Furniture and equipment are recorded at cost and are depreciated using the straight-line method over their estimated useful lives which range from three to ten years. Additions and major renewals are capitalized. Maintenance, repairs and minor renewals are expensed as incurred. Leasehold improvements are amortized over the shorter of their estimated useful lives or the term of the lease.

Revenue Recognition

The majority of the Company's revenues are derived from fees for investment management services provided to institutional and other clients. During 2003 and 2002, 74% and 41%, respectively, of the Company's revenues were derived from two customers. Investment management fees are generally a function of the overall fee rate charged to each account and the level of assets under management by the Company. Assets under management can be affected by the addition of new client accounts or client contributions to existing accounts, withdrawals of assets from or terminations of client accounts, and investment performance, which may depend on general market conditions. Investment management fees and brokerage commissions are accrued over the period in which services are performed.

For certain accounts, additional fees may be based upon the performance of those accounts relative to market benchmarks. The Company recognizes these performance-based fee revenues when all contractual obligations have been satisfied.

Reclassifications

Reclassifications have been made to the 2002 financial statements to conform to the 2003 presentation.

Spectrum Asset Management, Inc.

Notes to Financial Statements (continued)

3. Fixed Assets

Fixed assets consisted of the following:

	December 31	
	2003	2002
Furniture and equipment and leasehold improvements	\$159,878	\$249,830
Less accumulated depreciation	(52,832)	(199,691)
	<u>\$107,046</u>	<u>\$ 50,139</u>

4. Leases

As of December 31, 2003, future minimum rentals under operating leases for office space and certain equipment that have initial or non-cancelable lease terms in excess of one year are as follows:

2004	\$ 188,795
2005	216,435
2006	216,435
2007	221,402
2008	226,340
Thereafter	<u>1,239,245</u>
	<u>\$2,308,652</u>

Rent expense for 2003 and 2002 totaled \$125,235 and \$120,669, respectively.

5. Income Taxes

As a wholly-owned subsidiary of Principal Global, the Company's taxable income or loss is included in the consolidated income tax return filed by Principal Financial Group, Inc., (PFG) which is the parent of Principal Life Insurance Company, Principal Global's parent.

PFG has adopted the policy of allocating income tax expense and benefits to members of its consolidated group based upon their pro-rata contribution of taxable income or loss. The Company's tax expense (benefit) is reimbursed by (paid to) its parent company as additional paid in capital or a dividend distribution.

Spectrum Asset Management, Inc.

Notes to Financial Statements (continued)

5. Income Taxes (continued)

Income tax benefit for the years ended December 31, 2003 and 2002, differs from the "expected" income tax amount computed by applying the statutory federal income tax rates to loss before income tax benefits primarily due to amortization of goodwill recorded for income tax purposes.

6. Related Party Transactions

Under the terms of an agreement between the Company and Principal Global, the Company pays a management fee to Principal Global based on specified percentages of the Company's management fees and commissions revenues. In connection with the agreement with Principal Global, the Company expensed \$12,861,069 and \$3,367,180 in 2003 and 2002, respectively. Remaining operating margins after the Company's accrual of the management fee to Principal Global represent variable compensation to be disbursed at the discretion of the Company's officers.

The Company reimburses Principal Global for employees' services and certain other operating costs, which are provided or initially paid by Principal Global and totaled \$9,035,193 and \$3,813,416 in 2003 and 2002, respectively.

7. Regulatory Requirements

The Company is subject to the Securities and Exchange Commission uniform net capital rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined therein, shall not exceed 15 to 1. At December 31, 2003, the Company had defined net capital of \$1,368,585, which was \$898,989 in excess of its required minimum net capital of \$469,596. At December 31, 2003, the Company's ratio of aggregate indebtedness to net capital was 5.1 to 1. Various other regulatory agencies may impose additional capital requirements.

The Company is exempt from maintaining a special reserve bank account under Rule 15c3-3(k)(1).

Supplemental Information

Spectrum Asset Management, Inc.

Computation of Net Capital – Part IIA

December 31, 2003

Computation of Net Capital

1. Total ownership equity from Statement of Financial Condition		\$ 922,667

Spectrum Asset Management, Inc.

Statement Pursuant to Rule 17a-5(d)(4)

December 31, 2003

There are no differences between the computation of net capital under Rule 15c3-1 included in this audited report and the computation included in the Company's corresponding unaudited Form X-17A-5 Part IIA filing as of December 31, 2003.

Independent Auditors' Supplementary Report on Internal Control

The Board of Directors
Spectrum Asset Management, Inc.

In planning and performing our audit of the financial statements and supplemental schedules of Spectrum Asset Management, Inc. (the Company) for the year ended December 31, 2003, we considered its internal control, including control activities for safeguarding securities, to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the SEC), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the criteria stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following: (1) making quarterly securities examinations, counts, verifications, and comparisons; (2) recordation of differences required by Rule 17a-13; and (3) complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned criteria. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's

authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States. Rule 17a-5(g) lists additional criteria of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projections of any evaluation of internal control to future periods are subject to the risk that internal control may become inadequate because of changes in conditions, or that the effectiveness of its design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, and its operation that we consider to be material weaknesses as defined above.

We understand that practices and procedures that meet the criteria referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not meet such criteria in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2003, to meet the SEC's criteria.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and it is not intended to be and should not be used by anyone other than these specified parties.
