Independent Auditor's Report

To the Board of Directors
Sochet & Company, Inc.

I have audited the accompanying statement of financial condition of Sochet & Company, Inc. As of December 31, 2003, and the related statements of income, changes in stockholder's equity and cash flows for the year then ended. These financial statements are the responsibility of the company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan the audit to obtain reasonable assurance about whether the financial statements are free of material mis-statements. An audit also included assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of Sochet & Company, Inc. As of December 31, 2003, and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

I have examined the supplementary schedules, and, in my opinion, they present fairly the information included therein, in conformity with the rules of the Securities and Exchange Commission.

Note 1- Summary of Significant Accounting Policies:

The accounting policies that affect the more significant elements of the Company's financial statements are summarized below. These policies have been applied on a consistent basis.

The Company operated as a broker-dealer in securities and is so registered with the United States Securities and Exchange Commission, the Florida Division of Securities and the National Association of Securities Dealers, Inc. Consequently, its record keeping is in accordance with the rules and regulations prescribed by these agencies.

Pursuant to an agreement between the Company and its clearing broker, customer securities transactions are introduced and cleared on a fully-disclosed basis. The Company is exempt from provisions of Rule 15c-3-3 under section (K) (2) (B) and is not responsible for compliance with Section 4(c) of Regulation T of the Board of Governors of the Federal Reserve System, as all customer's accounts, as defined by such rules, are carried by the clearing broker.

The Company is subject to the "Net Capital Rule" of the Securities and Exchange Commission which requires that the Company's aggregate indebtedness as defined, shall not exceed 1500% of "Net Capital", as defined. At December 31, 2003, the Company's "Net Capital" was \$66,823 and the "Required Net Capital", as defined, was \$50,000. The ratio of "Aggregate Indebtedness" to "Net Capital" was 4.3%

Fixed assets are stated at cost. Depreciation is computed on the declining balance and straight line methods over the estimated useful lives of the assets. Expenditures for maintenance and repairs are charged to expense as incurred; expenditures for renewals and betterment's are capitalized. The cost of assets sold, as well as the related accumulated depreciation, are removed from the accounts, with any gain or loss on disposition included in income.

The Company has elected to be taxed under the Internal Revenue Code as an "S" corporation. Therefore, any income tax liability or benefit is that of the stockholders.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL
ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5

TO THE BOARD OF DIRECTORS
OF SOCHET & COMPANY, INC.

We have examined the financial statements of Sochet & Company, Inc. For the period ended December 31, 2003 and have issued our report thereon dated February 11, 2004. As part of our examination, we made a study and evaluation of the Company's system of internal accounting control (which includes the procedures for safeguarding securities) to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

We also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 or Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for the customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph.

In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weakness in the system. Accordingly, we do not express an opinion on the system of internal accounting control of Sochet & Company, Inc. taken as a whole. However, our study and evaluation disclosed no condition that we believe to be a material weakness.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the commission to be adequate for its purposes in accordance with Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2003 to meet the Commission's objectives.

This report is intended solely for the use of management's and the Securities and Exchange commission and should not be used for any other purpose.
