Independent Auditor's Report

Board of Directors
ExPrss Securities, Inc.

I have audited the accompanying statement of financial condition of ExPrss Securities, Inc. as of December 31, 2003, and the related statements of operations, changes in stockholders' equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of ExPrss Securities, Inc. as of December 31, 2003, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

My examination was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on schedules I-III are presented for purposes of additional analysis and is not required as part of the basic financial statements, but as supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subject to the auditing procedures applied in the examination of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole and in conformity with the rules of the Securities and Exchange Commission.

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

ExPrss Securities, Inc. (the "Company") was formed on April 28, 2000 in the state of New Hampshire and commenced operations on May 3, 2001 in the business of securities brokerage and investment counseling. The Company operates as a registered broker/dealer in securities under the provisions of the Securities Exchange Act of 1934. The Company is a member of the National Association of Securities Dealers ("NASD") and the Securities Investor Protection Corporation ("SIPC").

The Company conducts business on a fully disclosed basis whereby the execution and clearance of trades are handled by another Broker/Dealer. The Company does not hold customer funds and/or securities.

Based upon the income reported, the commissions earned from the sales of stocks, mutual funds and investment company shares represent the major portion of the business.

Summary of Significant Accounting Principles

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Commission income and expenses are recorded on trade date basis.

For the purpose of the statement of cash flows, cash and cash equivalents are defined as demand deposits at banks and cash deposits in money market funds.

Advertising cost are expensed as incurred.

The Company has elected to amortize its organization costs over a five (5) year period. The amortization expense for the year ended December 31, 2003 was \$714.

Note 2: INCOME TAXES

The current tax provision consists of the following:

Federal	\$	-
California		800
New Hampshire		<u>114</u>
		<u>\$ 914</u>

The Company will carry forward the losses to be applied against future taxable income.

A deferred tax asset of \$1,995 could be recorded, but a 100% valuation allowance has been established against this asset since management cannot determine if it is more likely than not that the asset will be realized.

Note 3: RENT EXPENSE

Current year rent expense consists of the following:

Office rent	\$	<u>3,903</u>
-------------	----	--------------

Note 4: RECENTLY ISSUED ACCOUNTING STANDARDS

In January 2003, the FASB issued Interpretation 46, *Consolidation of Variable Interest Entities*. In general, a variable interest entity is a corporation, partnership, trust, or any legal structure used for business purposes that either (a) does not have interest entity investors with voting rights or (b) has equity investors that do not provide sufficient financial resources for the entity to support its activities. Interpretation 46 requires a variable interest entity to be consolidated by a company if that company is subject to a majority of the risk of loss from the variable interest entity's activities or entitled to receive a majority of the entity's residual returns or both. The consolidation requirements of Interpretation 46 apply immediately to variable interest entities created after January 31, 2003. The consolidation requirements apply to transactions entered into prior to February 1, 2003 in the first fiscal year or interim period beginning after June 15, 2003. Certain of the disclosure requirements apply in all financial statements issued after January 31, 2003, regardless of when the variable interest entity was established. The adoption of the Interpretation on July 1, 2003 did not have a material impact on the Company's financial statements.

Note 4: RECENTLY ISSUED ACCOUNTING STANDARDS
(Continued)

In April 2003, the FASB issued SFAS 149, *Amendment of Statement 133 on Derivative Instruments and Hedging Activities*, which amends and clarifies accounting for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities under SFAS 133. The Statement is effective for contracts entered into or modified after June 30, 2003. The adoption of this Statement did not have a material impact on the Company's financial statements.

In May 2003, The FASB issued SFAS 150, *Accounting for Certain Financial Instruments with Characteristic of both Liabilities and Equity*. The Statement establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. It requires that an issuer clarify a financial instrument that is within its scope as a liability (or an asset in some circumstances). It is effective for financial instruments entered into or modified after May 31, 2003, and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003. The adoption of this Statement did not have a material impact on the Company's financial statements.

Note 5: COMPUTATION OF NET CAPITAL

The Company is subject to the uniform net capital rule (Rule 15c3-1) of the Securities and Exchange Commission, which requires both the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Net capital and aggregate indebtedness change day to day, but on December 31, 2003, the Company's net capital of \$17,884 exceeded the minimum net capital requirement by \$12,884; and the Company's ratio of aggregate indebtedness (\$2,486) to net capital was 0.14 to 1, which is less than the 15 to 1 maximum ratio required of a Broker/Dealer.

Supplementary Accountant's Report
on Internal Accounting Control
Report Pursuant to 17a-5
For the Year Ended December 31, 2003

KEVIN G. BREARD, C.P.A.
AN ACCOUNTANCY CORPORATION

Board of Directors
ExPrss Securities, Inc.

In planning and performing my audit of the financial statements and supplemental schedules of ExPrss Securities, Inc. for the year ended December 31, 2003, I considered its internal control structure, for the purpose for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission, I have made a study of the practices and procedures followed by ExPrss Securities, Inc. including tests of such practices and procedures that I considered relevant to objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control structure and the practice and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving the internal control structure, including procedures for safeguarding securities, that I considered to be material weakness as defined above.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate material inadequacy for such purposes. Based on this understanding on my study, I believe that the Company's practices and procedures were adequate at December 31, 2003 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, and other regulatory agencies which rely on rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
