ADDENDUM TO FORM TA-2
OF WILMINGTON TRUST COMPANY
FOR REPORTING PERIOD ENDING DECEMBER 31, 2003

FILE NO. 85-59

Note A: This figure reflects a change in calculating the total number of security holders for reporting purposes. For an issue involving a series of securities, the calculation includes as one holder an individual holder that holds positions in one or more of the series rather than counting each individual holder of each series as a separate holder. Under the methodology used in the prior year (*i.e.*, the calculation included each individual holder of each series as a separate holder), the number of security holders at December 31, 2003 would have been reported as 14,390.

Note B: These figures represent certain entries associated with processing of payments to third parties, such as guarantors and other credit enhancement providers, that were not removed from the master security holder files prior to 12/31/03 and resulted in the outstanding principal balances of these issues being overstated on Wilmington Trust's master security holder files. Other similar entries were removed from Wilmington Trust's master security holder files prior to 12/31/03. None of these record differences reflect any actual payment error or any financial loss to any issuers or security holders or to Wilmington Trust, and as of the date of this amendment, all such aged record differences have been corrected. In addition, Wilmington Trust may not have closed its master security holder files timely as of December 31, 2003, with respect to certain issues for which all required payments had been made.
