- Warren RECC
- TVA West Kentucky RECC

Electric Service Areas in Kentucky

The electric service areas are compiled from certified territory maps on file with the Commission. These are legal documents which define the retail service area of electric suppliers regulated by the Commission (Kentucky Statute 278.017). Kentucky has 30 municipal systems which the PSC does not regulate. Their boundaries were derived from the PSC's certified territory maps, or from boundaries submitted for informational purposes by the municipal utility. If the municipal service area's boundaries were unknown, a circle was placed around the urbanized area.
