March 23, 2004

To the Shareholders of
SPL WorldGroup B.V.

Dear Shareholder:

I am writing to you to update you on an important development at SPL WorldGroup.

On February 25, 2004 we signed a definitive agreement to sell the SSA (Search Software America) business to Intellisync (NASDAQ – SYNC) for \$20m in cash. On March 15, 2004 that deal was closed. SSA has a sophisticated name matching software product that was used by various commercial accounts and government agencies around the world to identify, match, screen and discover persons in large databases. The business had revenue of approximately \$12m and profits of \$2.5- \$3.0m. It was growing at the rate of 3% per year. It was a well run but it had absolutely nothing to do with SPL's focus on the customer care and billing market. SPL had been looking for the right opportunity to sell SSA and after almost a year of negotiation, we finally concluded a very favorable transaction for SPL shareholders.

We currently have \$ 58 million in cash on hand and no debt. In the coming months we intend to use some of that cash to acquire complementary products, which will enhance our position in the utility market and at the same time, increase our revenue and profitability. We have carefully selected possible acquisition targets and are now closing in on two such opportunities. Over the next 2 years we plan to become the first truly integrated solution provider in the utility market – placed squarely between those suppliers who read meters and the ERP vendors.

During that time, we will continue to consider the appropriate time to have a liquidity event for our shareholders. We understand that this is an important consideration for many long-time investors in SPL and we are preparing the company to maximize shareholder value for just such an event.

Yours sincerely,

/s/

Harry Debes
President and CEO
