Report and Financial Statements

October 31, 2003

Report of Independent Certified Public Accountants

Participants and Plan Administrator
Longview Fibre Company Salaried 401(k) Savings Plan

We have audited the accompanying statement of net assets available for benefits of the Longview Fibre Company Salaried 401(k) Savings Plan (the Plan) as of October 31, 2003, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan Administrator. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Plan as of October 31, 2002 were audited by other auditors. Those auditors expressed an unqualified opinion on those financial statements in their report dated April 4, 2003.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the 2003 financial statements referred to above, present fairly, in all material respects, the net assets of the Longview Fibre Company Salaried 401(k) Savings Plan as of October 31, 2003, and the changes in its net assets for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets Held (At End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

1. Plan Description

The following description of the Longview Fibre Company Salaried 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all salaried and non-union hourly employees of Longview Fibre Company (the "Company") who have completed one year of service (except for Waltham Plant non-union hourly employees). For purposes of eligibility, one year of service is each consecutive twelve-month period ending on the day preceding the anniversary of an employee's date of hire during which the employee has rendered at least 870 hours of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Investment of Plan Assets

Upon enrollment in the Plan, a participant may direct contributions in whole percentage increments into the following funds:

- American Century Income and Growth Fund seeks long-term growth of capital by investing in larger-sized companies with stocks that have a higher expected dividend yield and higher overall return potential than the Standard & Poor's Stock Index.
- American Century Value Fund seeks long-term capital growth by investing primarily in common stocks that are considered to be undervalued and have better than average prospects for appreciation. Income is a secondary objective.
- Columbia Real Estate Equity Fund seeks a high level of dividend income and long-term growth of capital by investing in equity securities of companies in the real estate industry.
- Franklin Small-Mid Cap Growth Fund seeks long-term capital growth by investing primarily in stocks of U.S. small cap companies with a market capitalization of less than \$1 billion U.S.

Contributions

Each year, participants may contribute up to 19 percent of their annual compensation as a pre-tax contribution, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The plan currently offers 31 mutual funds, 1 common and collective trust and 1 Company stock fund as investment options for participants. The Company contributes 75 percent of the first 6 percent of base compensation that a participant contributes to the Plan. The matching Company contribution is invested in various investment options, as directed by the participants. Contributions are subject to limitations established in the Internal Revenue Code (IRC) Section 415 (c). Additionally, the Tax Reform Act of 1986 limits annual amounts deferred by participants under all deferral arrangements to \$12,000 for taxable year 2003.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contributions and (b) any applicable fund earnings or losses. Allocations are based on participant earnings on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. As of October 31, 2003, the Plan had allocated \$107,756 to the accounts of certain participants who had elected to withdraw from the Plan at October 31, 2003 but had not yet been paid.

Vesting

Participants are fully vested in their pre-tax and after-tax contributions, including earnings thereon.

The Company's matching contributions become vested as follows:

<u>Years of Service</u>	
Fewer than 5	0%
5 or more	100%

The Company's matching contributions, made after October 31, 2002, will become vested as follows (see Note 7):

<u>Years of Service</u>	
Fewer than 3	0%
3 or more	100%

In addition, the Plan provides for full vesting of the Company's contributions, including earnings thereon, upon retirement, death or permanent and total disability. Normal retirement age is 65.

If a participant who is not fully vested terminates employment and returns to service after a break of five years or more, the value of the Company's contributions credited to the participant's account prior to termination of employment is permanently forfeited. If a participant terminates employment but returns to service after a break in service of less than five years, the current value of the Company's contributions credited to the participant's

Longview Fibre Company
Salaried 401(k) Savings Plan
Notes to Financial Statements

account prior to termination of service is credited to the participant's account upon the participant's return to service.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.00 percent to 9.97 percent, which are commensurate with the prime rate as announced the last business day of each calendar quarter. Principal and interest is paid ratably through at least monthly payroll deductions.

Payment of Benefits

If a participant's account balance exceeds \$5,000 upon termination due to retirement, death or disability, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a partial payment (up to four per year), or quarterly installments over a period not to exceed the life expectancy of the participant and his beneficiary. If upon termination, a participant's account balance does not exceed \$5,000, it will be distributed in the form of a single lump sum distribution. A lump-sum withdrawal may also be made upon attainment of age 59-1/2 or in the event of hardship. Withdrawal requests for financial hardship must be approved by the administrative committee and are limited to the amount of a participant's fully vested account balance.

Forfeited Accounts

As of October 31, 2003, and October 31, 2002, the Plan had amounts totaling \$87,930 and \$241,758, respectively, representing forfeited, nonvested amounts resulting from employee terminations. These amounts were allocated back into the Plan subsequent to employee termination, and will be used to restore accounts of rehired former participants, pay Plan fees and expenses, and to reduce future matching contributions.

Fees and Expenses

The Plan provides that the Company will pay administrative costs and expenses of the Plan, including trustee and management fees. Such costs not paid by the Company are paid from the Plan's assets. Fees for participant loans are paid by the respective participants.

2. Summary of Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding principal balances, which approximates fair value.

Longview Fibre Company
Salaried 401(k) Savings Plan
Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

	<u>\$ 9,808,969</u>	<u>\$ (9,346,832)</u>

4. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Vanguard Fiduciary Trust Company (the "Trustee"). Vanguard Fiduciary Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid to the Trustee by the Plan amounted to \$6,855 for the year ended October 31, 2003.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

6. Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated August 14, 2002 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirement of the IRC.

7. Plan Amendments

Effective November 1, 2000, the Company amended and restated the Plan to comply with changes in the laws contained in the Uruguay Round Agreements Act of 1994, the Uniformed Services Employment and Reemployment Rights Act of 1994, the Small Business Job Protection Act of 1996, the Taxpayer Relief Act of 1997 and the Internal Revenue Service Restructuring and Reform Act of 1998, collectively referred to as "GUST". The restated Plan also provides for full vesting of the Company's matching contributions made after October 31, 2002 upon the completion of three or more years of service.

Effective November 1, 2000, Amendment No. 1 revises the eligibility date from the month following an initial 12-month eligibility period to the first day of the payroll period following the initial 12-month eligibility period.

Effective for years beginning after December 31, 2001, Amendment No. 2 complies with the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA").

Effective January 1, 2003, Amendment No. 3 complies with required minimum distributions in accordance with Treasury regulations.
